HEARST LEVELS LANCE AT TOM TAGGART NEXT; UTAH TO HEAR ATTACK

Independence League Promoter Will Speak at Salt Lake.

Gambling at French Lick Part of His Next Speech.

Ex-Democratic National Chairman is in for a Drubbing.

Chicago, Sept. 30.—The next Hearst explosion is looked for at Salt Lake City, Utah, tomorrow night.

According to the best information available Thomas Taggart, ex-chairman of the Democratic national committee and member of the executive committee of the present body, is to be the target at which the Hearst guns will be aimed. The founder of the Independence party has made casual references to Mr. Taggart in former speeches, but this time the Indiana statesman is to be the text.

It is also stated that, while Mr. Taggart's connection with the French Lick Springs, at which a gambling house was maintained until Governor Hanly interfered, will be mentioned, it will by no means form the major or more serious part of the Hearst remarks.

BEGINS HIS NEW DUTIES NOVEMBER 1

Washington, Sept. 30.—Wade H. Ellis, the attorney general of Ohio, who some time ago was appointed assistant to Attorney General Bonaparte, to succeed Milton D. Purdy, in charge of viola-

WADE H. ELLIS.

tions of the Sherman anti-trust act, has had a long conference with the attorney general, at which it was decided Ellis should take charge of his new office Nov. 1.

Japan to Reduce Force.

Tokio, Sept. 30.—Japan will reduce the large force of troops held in Northern China to only two companies. By making this reduction in the Chinese force Japan will be able to make a saving of $375,000 annually.

BRIDAL ROSES FROM ROOSEVELT

Farmington, Conn., Sept. 30.—The marriage of Herbert Knox Smith, commissioner of corporations, and Miss Gertrude Dietrich, daughter of ex-Senator Charles S. Dietrich of Nebraska, was solemnized in the Congre-

HERBERT KNOX SMITH.

gational church here. The bride was given away by her father. Among those in attendance were Miss Ethel Roosevelt, Mrs. W. S. Cowles and Gifford Pinchot. President and Mrs. Roosevelt sent a great cluster of beautiful roses to the bridal couple.

CANAL TO JOIN TWO GREAT LAKES

Grand Rapids, Mich., Sept. 30.—To project a canal to connect Lakes Michigan and Huron at Grand Haven and Saginaw, the Grand-Saginaw valley Deep Water association was organized here by delegates from six cities along the route of the proposed waterway. Delegates were appointed to attend the convention of the National Deep Waterways association in Chicago next week, and plans were discussed as to how best to further the plan of a deep canal across the state, making use of the valleys of the Grand and Saginaw rivers.

PEACE MAY END PAPER STRIKE

Companies Send Men to Confer With Pulp Workers.

Albany, N. Y., Sept. 30.—After a session lasting the greater part of the night, representatives of a number of local unions of the National Brotherhood of Pulp Sulphite Workers and Paper-makers from New York and New England states who are meeting here to discuss the strike against the International & Great Northern Paper company, adjourned early today without having come to any definite understanding. They will hold another session.

Representatives of the paper companies are here for conference with the paper-makers and an effort will be made to reach an agreement.

MISSING ONE IS FOUND IN ASYLUM

St. Cloud, Minn., Sept. 30.—(Special to The Herald.)—The mystery surrounding the whereabouts of William Holst, who had resided here many years, being employed by N. P. Clarke, who dropped out of sight three months ago, when he departed for Portland, Or., to make his home with his daughter, has been cleared up by his being located in the state asylum for the insane at Warm Springs, Montana.

Holst rode as far as Kalispell, Mont., in company with a young girl who was going to the coast. At that place he got off the passenger and the train left without him. No more trace could be found of him and advertisements were inserted in all of the western papers offering a reward for any information about him.

The superintendent of the insane asylum saw the notice and immediately notified the relatives.

DIVORCEES MUST WAIT YEAR, IN WISCONSIN.

Madison, Wis., Sept. 30.—By a decision of the supreme court yesterday devorced persons in Wisconsin are prohibited from marrying again within one year and any such marriage during such period after divorce, is null and void. The decision was in connection with a divorcee, who went to Michigan before the expiration of a year, married again and returned to Wisconsin. The court rules that such marriages must not be recognized by the courts of Wisconsin.

WARSHIPS AT GIBRALTAR.

Gibraltar, Sept. 30.—The American battleships Alabama and Maine arrived this afternoon, from Naples. As they entered the harbor they saluted the garrison and the flag of Rear Admiral Goodrich, commander of the British naval establishment at Gibraltar. These salutes were returned. The American warships will coal here preparatory to sailing for Horta, Azore Islands.

Kern in Michigan.

Battle Creek, Mich., Sept. 30.—John W. Kern, Democratic nominee for vice president, spent an hour in this city today, en route to Saginaw, where he will speak tonight at a meeting preliminary to the Democratic state convention, to be held there tomorrow.

SAME HALL, BUT OH! A DIFFERENT CROWD

Denver, Sept. 30.—Today, the regular business sessions of the American Bankers' association opened in the city auditorium and the vast hall, which echoed with the cheers of the Democrats, when in national convention, they adopted a platform favoring guarantee of bank deposits by national law, or if this is impossible, the establishment of postal savings banks, witnessed a scene of a body of men, representing the wealth of the nation, repudiating these ideas as dangerous to the prosperity of the country. Already the savings bank section, the clearing house section and the trust company section, had gone on record against guaranteeing bank deposits, and had either voted against or shown by their attitude that they were unalterably opposed to the establishment of postal savings banks.

STRIKE ENDS; CANADIAN PACIFIC MEN NUMBERING 20,000, RETURN TO WORK

No Terms Announced as Yet, But Trouble is Ended.

Winnipeg, Man., Sept. 30.—At midnight the residents of Winnipeg were startled by the furious blowing of locomotive whistles, which was the signal announcing that the Canadian Pacific mechanics' strike, which started Aug. 4, had been declared off.

The strike involved 20,000 men.

The terms of settlement have not yet been announced.

It was decided to declare the strike off in the West first and this will be followed by a similar declaration in the East.

FIRE BLAME UPON STATES

Washington, Sept. 30.—An aggregate loss of $1,000,000 a day during the months when forest fires have been prevailing in various parts of the United States, is estimated by W. J. McGee, the erosion expert of the department of agriculture.

The forestry bureau, in a statement today, says that probably in every instance, the devastating forest fires might have been prevented if the various states had provided an adequate number of men to patrol the woods and arrest the fires in their infancy, and if lumbermen and other users of the forests had been careful to dispose of brush, after logging, so as to prevent the spread of fires.

The statement says the loss from timber destroyed in 1908 will be larger than last year, but that it is doubtful if the exact losses will ever be known.

GOVERNOR AGAIN ON THE STUMP

Winona, Minn., Sept. 30.—(Special to The Herald.)—Governor John A. Johnson, who has recovered from an attack of illness, supposed to have been caused by ptomaine poisoning, is now on a week of campaigning through Southern Minnesota. Because he is still in a weak condition, Mrs. Johnson is accompanying him.

On Monday evening the governor spoke for an hour and a half to an audience of 1,600 people, which taxed the seating capacity of the huge Philharmonic hall, last evening. He was met at the depot by a committee of prominent local Democrats and a band, at 7:55 p. m., and escorted to the hall, where the crowd was in waiting. His speech was along the lines of the one with which he opened the campaign at Montevideo. He said he had fulfilled every promise he made four years ago, and not even the opposition papers have charged that he has not.

The audience was very enthusiastic, and the indications are that the governor will get a large majority in Winona county in November.

ROOSEVELT WILL MAKE NO REPLY

Washington, Sept. 30.—President Roosevelt will not reply to the latest letter of William J. Bryan, given out by him last night at Rock Island, Illinois.

Secretary Loeb stated today that the president felt that inasmuch as Mr. Bryan's letter was simply an attack upon him personally, there was no reason why he should answer it.

CORPSES BY HUNDREDS

India Fears Pestilence Will Follow the Great Floods.

Hyderabad, India, Sept. 30.—It is feared pestilence will follow the floods that have occurred in the Hyderabad and Deccan districts, as a result of the unprecedented rainfall of the past few weeks.

The waters subsided yesterday, and the country is strewn with unburied bodies, estimated to number not less than 1,000. Most of the corpses are those of women and children. They are decomposing already, and as it will be impossible to get them under ground promptly, an outbreak of illness is feared. Many elephants are at present employed in removing the dead.

SHORT, PLUMP BACILLI IN CONSUMPTION PROBE

Washington, Sept. 30.—Johannes Libiger, M. D., professor of pathology and anatomy, University of Copenhagen, addressing the international congress on tuberculosis today, said: "Studying the forms of the bacilli when cultivated, we have examined fifteen human and thirteen bovine cultures on glycerin bouillon. Undoubtedly as pointed out by Theobald Smith, the most cultures isolated from man contain long and slender bacilli, while the membranes in cultures isolated from cattle most frequently are composed of short, plump, straight rods. But this difference is not constant. Among seven cultures isolated from human sputum we have, as an example, found one containing short and plump bacilli, and two cultures from cattle contained when twenty days old bacilli of the type usually found in human cultures.

LEPER CURED THEY ASSERT

Doctors Report Complete Recovery of Pest-Ridden Man.

THE REAL FIRST CURE.

"And it came to pass when He was in a certain city behold a man full of leprosy who, seeing Jesus, fell on his face and besought him, saying: 'Lord, if Thou wilt, Thou canst make me clean.' And He straightway put forth His hand and touched him saying: 'I will be thou clean.' And immediately the leprosy departed from him. Luke 5, xii-xiii.

Honolulu, Sept. 30.—Doctors W. P. Brinckerhoff and J. T. Wayson have notified the board of health of this city that they believe that they have succeeded in curing a leper patient by using the Nastin treatment for the disease.

The man is entirely well.

POLITICAL ADDRESS IN BASEBALL LANGUAGE

Champaign, Ill., Sept. 30.—A large crowd of students of the University of Illinois at Urbana, 'rah 'rahed themselves hoarse when "Nick" Longworth, as they delighted to call him, spoke to them on campaign issues, using baseball smiles to score his striking points. In their eagerness to show their appreciation of the congressman from Ohio, however, they did not neglect their guest of honor, Republican vice presidential nominee James S. Sherman, whom they greeted as "Sunny Jim."

Mr. Longworth, who is a baseball fan, was right at home in likening Bryan to the celebrated Casey, famous in song. He declared that while the Casey had struck but once, Mr. Bryan had already been struck out twice and now, as the result of a third ball pitched from the White House, he thought it would be three strikes and out.

SHERIFF CHAINS ENGINE TO TREE

Altus, Okla., Sept. 30.—Sheriff Hensley of Jackson county, attached a St. Louis & San Francisco freight engine, chaining it to a tree, in an attempt to force the payment of $2,280 in taxes said to be due the county from the railroad.

The train crew was forced to abandon their train and the railroad and the county are threatening suits.

ANTI-SALOONIST CUTS LIQUOR MAN

Gallipolis, Ohio, Sept. 30.—After Gallipolis and Gallia county had voted "dry" yesterday by 1,700 majority, Dr. Charles Harker, president of the County Anti-saloon league, had a fight with John North, a saloonkeeper, over the election. Harker stabbed North several times and North may die. Harker was arrested.

ALFRED AUSTIN HAS A NEW POEM.

New York, Sept. 30.—Alfred Austin, poet laureate of England, has broken forth into verse. His latest effort entitled "Until the Last," will be published tomorrow. Here are some of the lines:

When the plover flaps
O'er the idle plow
And the woodpecker taps
On the rotting bough;
When the starred rook rocks
At the tight-stacked grain
And the tattered nest
Flicks the leafless lane;
Then, then will you love
Me, and still no less
When the grass waves above
My dreamlessness?

Evers, Cubs' Second Basemen, Is Knocked Unconscious.

Bresnahan Out --- Detroit and Cleveland Victors.

NATIONAL LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
NEW YORK	2	0	0	0	0	0	0	0	x	2	7	2
PHILADELPHIA	0	0	0	0	0	0	0	1	0	1	6	2

	1	2	3	4	5	6	7	8	9	R	H	E
CHICAGO	0	0	0	4	0	0	1	0	0	5	6	1
CINCINNATI	1	0	0	0	1	0	1	0	3	6	10	1

AMERICAN LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
DETROIT	2	0	4	0	0	1	0	0	x	7	9	3
WASHINGTON	0	2	0	0	0	3	0	0	0	5	7	3

	1	2	3	4	5	6	7	8	9	R	H	E
CLEVELAND	3	0	2	0	0	1	0	0	x	6	9	3
PHILADELPHIA	0	1	0	0	0	0	0	0	0	1	6	2

With Chicago leading the National league by a single point over New York and only four points over Pittsburg and only seven points separating Detroit and Chicago, respectively first and third in the American league race, the closing days of the baseball season are fraught with ever increasing interest. By forcing its way to the head of the National league column yesterday, through winning its game with Cincinnati, while New York split a double header with Philadelphia, Chicago dislodged New York from a position it has held more than a month. With the turn over of yesterday, and with Pittsburg pressing so closely that a single day's play may bring about a complete change in the position of the three leading teams, it is expected that from now until the end of the season, interest will be maintained at even a higher pitch than it has been in the recent past. Supporters of the New York team are much disheartened by the injuries which befell Bresnahan and Donlin yesterday. The games in the National league scheduled for today are: Chicago at Cincinnati; Philadelphia at New York; St. Louis at Pittsburg, and Brooklyn at Boston. The standing of the three leading National league teams before today's games was:

	Won.	Lost.	Pct.
Chicago	94	54	.635
New York	92	53	.634
Pittsburg	94	55	.631

While there was no change in the relative positions of the leading teams in the American league yesterday, the race for supremacy there is almost as close as in the National league, Detroit maintaining its lead by only four points over Cleveland, while Cleveland has only three points advantage over Chicago for second place. Only two of the leading teams in the American league are to play today. Detroit will meet Washington in Detroit, and Philadelphia and Cleveland will play at Cleveland. The standing of the leaders before play began today was:

	Won.	Lost.	Pct.
Detroit	86	61	.585
Cleveland	86	62	.581
Chicago	85	62	.578

New York, Sept. 30.—(Special to The Herald.)—New York crossed bats with the Philadelphia National leaguers again this afternoon in a desperate attempt to wring out a victory and in the hope that Chicago, which won yesterday while New York was losing, would lose at Cleveland. Catcher Roger Bresnahan was unable to play today. The batteries were Moore and Doolin for Philadelphia; Ames and Needham for New York. Umpires—Johnstone and Klem.

The Philadelphians were retired in quick order at the outset, but New York found Moore for hits which, bunched, netted two runs. Score, 2 to 0.

Neither side scored in the second inning. Score 2 to 0.

Goose eggs were the order again in the third, and the big crowd believed it would be another few-run contest. Score, 2 to 0.

Ames and Moore pitched ideal ball in the fourth and nobody got into second base territory but the fielders and the umpire. Score, 2 to 0.

Only six men came to bat in the fifth. Score, 2 to 0.

The batsmen could do absolutely nothing with the pitchers in the sixth. Score, 2 to 0.

When the seventh inning had passed and no more runs had been made the big crowd which overflowed into the outfield looked confidently for a 2 to 0 game. Score, 2 to 0.

The Quakers came to in the eighth inning and, amid wild excitement, landed a run. Score, 2 to 1.

Neither side tallied in the final round and the game ended 2 to 1 in New York's favor. The enthusiastic fans rushed onto the diamond and carried the Giants away to the clubhouse on their shoulders.

FOOTBALL TODAY.

At New Haven—Yale, 16; Wesleyan, 0.
At Cambridge—Final score: Harvard, 5; Bowdoin, 0.

HOW THEY STAND NOW:

NATIONAL LEAGUE.

	Won.	Lost.	Pct.
New York	93	53	.637
Pittsburg	95	55	.633
Chicago	94	55	.630

AMERICAN LEAGUE.

	Won.	Lost.	Pct.
Detroit	87	61	.587
Cleveland	87	62	.583
Chicago	85	62	.578

PITTSBURG WINS.

Pittsburg, Pa., Sept. 30.—(Special to The Herald.)—National league:

	R.	H.	E.
St. Louis	5	8	2
Pittsburg	7	10	3

DETROIT MIXED IT WITH SENATORS AGAIN.

Detroit, Mich., Sept. 30.—(Special to The Herald.)—The Detroit American league pennant aspirants mixed it again with the bedraggled senators from Washington this afternoon. Batteries: Donovan and Schmidt for Detroit; Tannehill and Street for Washington.

Mullin went in to pitch for Detroit in the seventh inning.

Detroit won by a score of 7 to 5.

CLEVELAND BATTLES WITH PHILADELPHIA.

Cleveland, Ohio, Sept. 30.—(Special to The Herald.)—Cleveland's American league team had a battle royal with Philadelphia here this afternoon, the locals taxing every effort to win in the neck-and-neck race for the pennant. Batteries: Chech and Clark for Cleveland; Schlitzer and Lapp for Philadelphia.

Flater went in to pitch for Philadelphia in the fourth inning.

Cleveland ran up five runs in the first three innings and won out, 6 to 1.

Cincinnati, Ohio, Sept. 30.—(Special to The Herald.)—Chicago went on the field this afternoon determined to win again from the Reds, and the local crowd, being mighty anxious that the National league pennant shall stay West, and knowing Cincinnati has no chance at it, was disposed to see the locals beaten in order to boost the Cubs. Batteries: Overall and Kling for Chicago; Dubec and McLean for Cincinnati. Umpires: Owens and Rigler.

In the first inning Evers was knocked down by a pitched ball, being rendered insensible, but recovered, although put out of the game by the accident. Score, Chicago, 0; Cincinnati, 1.

Both sides drew blanks in the second inning. Score, 1 to 0.

Inning No. 3 found the batters up and out as fast as they stepped to the plate. Evers returned to the game amid cheers in this inning. Score, 1 to 0.

Chicago had a swatting streak in the next inning and earned four healthy runs. The big contingent of rooters here to see the game from the Windy City threatened to tear down the grandstand in their jubilation. Score, 1 to 4.

Things quieted down on the Cubs' side in the fifth, but the Reds came across with one score. Score, 2 to 4.

Nothing doing in the sixth inning.

The excitement was intensified in the seventh when each side scored once. Score, 5 to 3.

No tallies in the eighth inning. Score, 5 to 3.

The game was rudely snatched from Chicago in the last inning, when, after the Cubs had been retired, Cincinnati came to bat and knocked in three runs. Score, 6 to 5 in Cincinnati's favor. This puts Chicago in third place, below Pittsburg.

Famous Race Horse Dies.

St. Louis, Sept. 30.—Balgowan, aged 21, famous two decades ago as a race horse and since then as a sire, is dead at the breeding farm owned by Barney Schreiber, near Woodlands, St. Louis county.

WEATHER—Partly cloudy tonight and Thursday; freezing temperature tonight; warmer Thursday.

MONTANANS SEE TAIL OF A COMET.

Butte, Mont., Sept. 30.—What apparently was the tail of the comet, very distant, was witnessed here from 9 to 10:30 last night, when clouds obscured further observation. The phenomena was viewed by hundreds. It first appeared as a slender white streak, gradually widening and lengthening, extending across the zenith like a silvery rainbow. The streak showed no vibrations. The phenomena was also observed in Missoula.

BEGIN WORK NEXT WEEK

Soo Road Will Begin Filling for Its Terminals.

Passenger Depot Will be Constructed at Tenth Avenue.

The Soo road will begin work next week preparing for its water front terminals at the Head of the Lakes. Four or five dredges will be employed in filling operations, and it is expected the preparations preliminary to the erection of buildings, will be completed by the time the bay freezes over.

Dredges will be put at work at the end of Connor's point in Superior installing cribs to make place for two warehouses, 80x1,600 feet each. At Tenth avenue west in Duluth, where the passenger depot will be located, there is considerable filling to be done also.

The yards of the company will be located on Rice's point and the shore line will be extended considerably on that account. A large force of men will be employed and the work rushed.

Birthday Party.
Mrs. E. J. Meagher, of 216 East Fourth street, entertained yesterday, between the hours of 2 and 5 o'clock, in honor of her little daughter's third birthday. The tea table was tastefully arranged with smilax and carnations. A number of the little folk were invited.

Gamblers Are Fined.
Five men, arrested for gambling in a St. Croix avenue house, Sunday, were fined $5 each, and costs, in municipal court, this morning. They gave their names as Vaino Helin, Emil Johnson, Nestor Alto, Hugo Selvonen and John Erickson. They were playing for very small stakes.

Wants A Divorce.
Minnie L. Leary yesterday afternoon filed a suit for divorce from her husband, George L. Leary. She is 35 years of age and he is 42, and they were married in November, 1889. She charges that her husband is an habitual drunkard, has abused her frequently, and spends all his money for liquor, forcing her to work to support her five children. A motion for temporary alimony will be heard by the court Saturday.

Ice Wagon Collapses.
One of the Duluth Ice company's vans collapsed at Superior street and First avenue east at 5 o'clock yesterday afternoon. A wheel came off and the heavy load made it a hard job to jack up the wrecked vehicle, to replace the wheel. None of the bystanders expressed any desire to be the ice man.

Prindal on Trial.
Robert Prindal is on trial today in district court, on a charge of kidnaping William Peterson, at the village of Fall Lake, in July. The case of the state had not been completed at the noon adjournment. Prindal is being defended by Harvey Clapp, and Assistant County Attorney Warren E. Greene is conducting the prosecution.

COPPER STOCKS HAVE ADVANCE

Close at Top Prices After a Strong Upward Movement.

Copper stocks advanced all along the line today and closed at the best prices of the week. North Butte opened at $80, declined to $79.50, reacted to $82 and closed at $81.62½ bid and $81.75 asked. Amalgamated opened at $73.60, advanced to $74 and closed at $74 bid.

Greene-Cananea opened at $10, advanced to $10.75 and closed at $10.50 bid and $10.75 asked. Butte Coalition opened at $24.25, advanced to $24.50 and closed at $24.25 bid and $24.75 asked. Calumet & Arizona opened at $114 bid and $115 asked, advanced to $116 and closed at $115 bid and $115.75 asked. Anaconda opened at $43.50, went to $44.50 and closed at $44.50 bid.

Superior & Pittsburg sold at $13.25, advanced to $13.62½ and closed at $13.37½ bid and $13,62½ asked. Globe sold at $4.75, advanced to $5.62½ and closed at $5.50 bid and $5.75 asked. Globe was by all odds the feature of the local curb and the strength was on a strike of six per cent copper in the workings, where the strike of two weeks ago was made.

Butte & Superior sold at 98 and 97 cents and closed at 95 cents bid and 98 cents asked, Carman at $4.37½ and closed at $4.25 bid and $4.50 asked.

Denn-Arizona was inactive and closed at $3.62½ bid and $3.75 asked, Calumet & Sonora at $9.75 bid and $10 asked, Copper Gulf at $7 bid and $7.25 asked, Savanna at $3.75 bid and $4 asked and Butte-Ballaklava at $8 bid and $8.50 asked.

Black Mountain sold at $3.25 and closed at $3.12½ bid and $3.25 asked.

TO HEAT CAR.

Additional Comfort for Patrons of the Aerial Bridge.

A proposition for heating the aerial bridge car will be before the council Monday night for action. Up to the present time the car has not been properly heated.

Some of the city officials and others interested are wondering why the board of public works, in its search for an expert to see what is the matter with the structure, does not consult with City Engineer McGilvray, who built the bridge, and probably knows more about it than any other man. His services would be free to the city, while an outside expert would command a high salary.

"I have not been asked anything concerning the bridge, so far as the city is concerned, since I turned the structure over to Duluth in good condition more than two years ago," said Mr. McGilvray this morning, when asked regarding the trouble. "I have absolutely nothing to do with the bridge."

The tug Pacific is now ferrying people from the point to Lake avenue.

MAHONEY IS DEAD.

Man Who Committed Brutal Crime, Dies in the Asylum.

Dan Mahoney, who was charged with having brutally and revoltingly murdered a little boy named Mitchell near Burnett, Minn., early in 1907, and who was adjudged insane by the district court and committed to the asylum at Fergus Falls, died at that place Sept. 18 of tuberculosis. Mahoney was committed June 27, 1907. The case will be remembered as one of the most sensational in recent years.

THUGGED AND ROBBED.

Grand Forks Bartender Has Tough Time With Highwayman.

Grand Forks, N. D., Sept. 30.—(Special to The Herald.)—Oxen Larson, employed as a bartender in East Grand Forks, was held up and robbed of $12 and a gold watch on South Third street, shortly before midnight, Monday. Larson was coming from Minnesota avenue and at a point near the Hall hotel two men, both of whom wore masks, sprang out and one of them covered him with a revolver. He grasped the revolver and in the struggle it was discharged and the bullet went between Larson's arm and side. The man with the gun then struck Larson on the jaw with the revolver and forced him to give up his valuables. Larson hurried to police headquarters and told his story. He claims to know the men who robbed him.

$476,542 FROM MINNESOTA.

General Land Office Gives Out Receipts From Government Sales.

Washington, Sept. 30.—The statement given out at the general land office shows that the total receipts from the sales of government land in the last fiscal year were $11,492,453. Of this amount, Minnesota contributed $476,542, an area covered by entries of all kinds aggregating 429,351 acres. North Dakota led all other states last year with receipts of $2,025,883, the agreage disposed of being 1,383,987. Receipts from South Dakota lands were $810,390, and the acreage covered by entries was 2,086,151.

After deducting 5 per cent of the receipts in North Dakota and South Dakota, to be paid to the state, the remainder will go into the federal reclamation fund.

TELLS ROOSEVELT TO STAND ASIDE

Muscatine, Iowa, Sept. 30.—Traveling toward Lincoln on the last day of his present tour of more than three weeks, William J. Bryan today got an ovation here as the train pulled into the outskirts of the city. He was greeted by the tooting of whistles, the waving of hands from factory windows and a national salute fired by the Muscatine battery. He said:

"I insist that the American people have a right to elect their officials without dictation from Washington, and I ask the president after he has nominated Mr. Taft to stand aside and let us fight it out before the American people on our platforms."

Big Insurance Receipts.
Madison, Wis., Sept. 30.—State Insurance Commissioner George E. Beedle said that the total receipts of his department so far for the current year exceeded those of any entire year prior to the present year. The total receipts for the current year up to Monday night aggregated $664,284.61, as against $663,723.98 for 1907, $620,438.68 for 1906, $572,778.95 for 1905, and $239,774.43 for 1898.

Outfitters to Women and Children.

CABLEMAN KILLED.

Moorhead, Minn., Sept. 30.—(Special to The Herald.)—James Hunt, a cable man employed on one of the Northern Pacific work trains between Glyndon and Stockwood, fell between the moving cars Monday afternoon and was fatally injured, dying soon after he reached the hospital here. His left foot was mangled up to the ankle, being practically amputated, and in addition to this he received several bad wounds upon the head.

Hunt's home is at St. Louis, Mo.

HUMAN PIN CUSHION DIES; HEART RUPTURE.

Kansas City, Sept. 30.—With his body full of holes and scars, the result of many years of feats, such as sticking pins, needless and sharp instruments through his face, neck and arms, and the swallowing of tacks, broken glass, rough-on-rats and other deadly poisons, Henry J. Johnson, "human freak," and strong man, was found dead in bed in a rooming house here. Physicians attribute his death to rupture of the heart.

FIFTY WRIGHT AIR MACHINES ORDERED.

Lemans, Sept. 30.—Lazare Weiller, the French aeroplane promoter announced today that he had given an order to Wilbur Wright for the construction of fifty Wright aeroplanes. The amount of this contract is $100,000, and M. Weiller is convinced, that Mr. Wright can carry it out.

CHANLER THE FAVORITE.

Wager Made in New York With Hughes the Short End.

New York, Sept. 30.—The first big bet on Chanler as the favorite over Hughes for the coming election was made at the Waldorf Astoria yesterday. A. B. Hudson, a broker, who is a close friend of John W. Gates, met Richard C. Doggett, former clubhouse commissioner and horseman, at the hotel, and in the course of an argument, Doggett disclosed the fact that he had a commission of $20,000 to wager on Hughes, if suitable odds could be secured. After some argument a bet of $24,000 to $20,000 was made, with Doggett on the short end.

Wilbur Wright's Time Extended.
Washington, Sept. 30.—War Secretary Wright has approved the recommendation of the acting chief signal officer of the army, that Aeronaut Orville Wright's contract time for delivering his aeroplane to the government be extended to June 28, 1909. This is to allow Wright ample time to recover from the injuries he received in the accident to his aeroplane at Fort Meyer., Va.

Special Fittings—Every Lady is Cordially Invited

Miss Fitzpatrick

We wish to announce to the ladies of Duluth and vicinity, that we are now prepared to show a complete line of Ladies', Misses' and Children's Fall Millinery.

We now occupy the two buildings located at 502-504 East Fourth street, and can boast of having the largest exclusive millinery house in the city.

In presenting this invitation to the ladies especially, we do not wish to exclude your husbands; we often find that men have much better taste than women when selecting real fashionable millinery.

Come in and see us at any time, and we assure you that you will be pleased with our showing. It is a pleasure for us to show you our goods, whether you purchase or not.

Miss Fitzpatrick

THE HEATER YOU SHOULD BUY

Is the one that gives you the **most heat** from a **ton of coal**—we have that heater. No other heater is made like it—no other heater has the heat radiating surface that our heater has. We can prove it.

Gives Twice as Much Heat as Any Two Flue Construction.

Radiates One-Third More Heat Than a Three Flue Construction.

With the ordinary two-flue construction the smoke flues cover only two-thirds of the back—**therefore only two-thirds of the back radiates heat.**

In the ordinary three-flue construction, one-third of the back radiates no heat. This system takes a stronger draught—it consumes more fuel.

Our Heater is the Most Powerful Heater Ever Built.

Every square inch of the back radi-ates heat.

The Ordinary Heater Is Good. This Heater is the BEST.

The cost is not as much as other stores ask. Every heater is **fully guaranteed.** It is the heater for you to buy. It saves fuel, gives more heat than the others. **Why isn't it the heater for you to buy?**

The Majestic Malleable Range

Is the leader. There are other Malleable iron ranges—**none** of them are practical as **hard coal burners**—none of them are made of **charcoal iron**—none of them are as well made as the Majestic—yet you have to pay just as much for the inferior kind. A Majestic costs you no more—it is **not** high-priced.

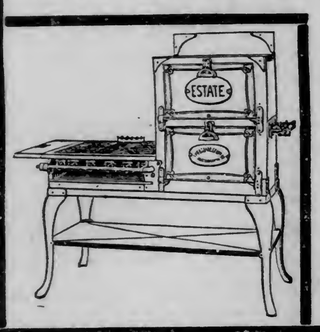

The **body** is lined with heavy asbestos board—not paper. The body is made of **charcoal iron**—it won't rust, corrode or leak at the joints—because it is one **entire piece** of metal—with **no** joints. Charcoal iron adds 300 per cent to the life of a range.

The **oven** is riveted to a heavy angle iron frame, making it absolutely air tight. Other range ovens are riveted or bolted to the range body. You can pass a knife blade through the joint—it will leak air.

Come in and see the Majestic—we'll show you many more good points than other ranges don't have.

A Splendid Gas Range

A Fuel Saver-Perfect Action-Good Baker-Economical to Buy.

This range has a fine oven, good broiler, excellent burners, self-adjusting gas attachment—it is a perfect gas range—one of the largest—finest values on the market. If you are thinking of a gas range for your kitchen—come in and see this one.

It Will Cost You $25.00

DULUTH, MINN.

MILK BEST DIET FOR CONSUMPTION

Tuberculosis Congress is Told of Different Food Opinions.

Washington, Sept. 30.—Dr. Richard Cole Newton of Monclair, N. J., speaking on "Diet in Pulmonary Tuberculosis," at the international congress on tuberculosis, said in part:

"The aggregate number of inmates in certain institutions was 4,880. The largest had 1,515 patients and the smallest 10; twenty-nine establishments provide three meals a day, two furnish five, one furnishes four, one furnishes two, and one furnishes only one full meal daily. All but three furnish one or more lunches, varying in number from one to four. Fourteen forbid eating between meals and seventeen forbid eating at night.

"Twenty prescribe no regulations as to the manner of eating, proper mastication of food, etc. Nearly all use artificial aids to digestion. Fourteen forbid all forms of alcoholic liquors, including wine and beer. Three permit their use very rarely. Most of the remainder allow alcoholics only on prescription and in moderate quantities. Only one establishment forbids tea and coffee, although most of them limit their use.

"Milk is the most valued article of diet, both as a flesh producer and an easily digested viand. In some establishments it is prescribed up to three or four quarts per patient per day. Twenty-three establishments do not prescribe sugar or syrup as part of the regular dietary, and eleven do. Seven institutions absolutely prohibit the use of tobacco. Nearly all restrict it very greatly, especially in laryngeal cases. Only three prescribe regular water drinking as a therapeutic measure. Eleven do not examine their patients' teeth. Five do, but cannot state the percentage having defective teeth. Others report that from 75 to 90 per cent of the consumptives have bad teeth. One superintendent says all of them. Twenty-eight establishments do not prescribe food requiring much mastication, and three do. Nearly all of them are strongly opposed to so-called "forced feeding," which, they aver, has been greatly overdone in the past.

"From the survey of the field, it is easy to see that there is a great deal yet to be learned in the routine treatment of consumption."

SUFFOCATED BY SMOKE.

Body of Missing Man Found in Northern Wisconsin.

Ashland, Wis., Sept. 30.—(Special to The Herald.)—While several men were going through the woods near Drummond Monday morning, they made a ghastly discovery. Lying face downward in the mud was the body of a man which evidently had been lying in the same position for quite a while. Later it was found that he was an employe of the Rust Owen Lumber company of Drummond, who has been missing ever since the 15th of this month, thirteen days in all. It is presumed that he was suffocated by the smoke of the forest fires which were raging madly in that region last month.

FIRE CAUSES DEATH AND $200,000 LOSS.

Dallas, Tex., Sept. 30.—Fire caused the death of Fireman J. H. Partin, the serious injury of five other firemen and a property loss estimated at $200,000, in the heart of the business district here. Shortly after the fire was discovered on the second floor of the building occupied by H. J. Blakeney to the west of the establishment of L. Craddock & Co., wholesale liquor dealers, on Elm street, an explosion occurred in the liquor house which sent a shower of glass to the street below and shook the walls of the burning structure. The fire then spread to the furniture establishment of William Kelley and the Egan-Farry Electrical company's storerooms.

When the firemen had crowded into the Craddock building in order to reach the blaze in the heart of the block, the entire second floor fell upon them bearing with it its enormous weight of barrel goods.

The Craddock, the Peacock, the Egan-Farry Electrical company and the Blakeney Furniture company buildings are completely gutted.

DISORDERLY CONDUCT.

John Budyski and Joseph Adams, arrested in a saloon at 2024 West Superior street last night, pleaded guilty to the charge of disorderly conduct in municipal court this morning, and were each fined $10 and costs. It developed in court that the dispute did not arise out of a discussion of religious matters, and that church affairs were not mentioned at all.

John Budzinski, one of the proprietors of the saloon, was not arrested at all, as was stated in the first report. He was not in the building at the time the fight occurred, and knew nothing of it until it was all over with. Neither was the battle so fierce as was pictured in the morning paper. One police officer had no difficulty in stopping the fight and arresting both men, instead of it taking three officers to do the job, as first reported.

William Mallory Discharged.

Ashland, Wis., Sept. 30.—(Special to The Herald.)—The provision of the law of Wisconsin against admitting deathbed statements in trials resulted in the dismissal of the case against William Mallory, who was being held on the charge preferred by Miss Olive Avery's father that he ruined the girl, resulting in her taking her life by poison. The funeral of the unfortunate victim of the tragedy was held yesterday and was largely attended.

Mayors Meet in Omaha.

Omaha, Neb., Sept. 30.—The annual convention of the League of American Municipalities began its sessions here today. The attendance gives promise of being the largest in the history of the organization. Many cities have sent their mayors and other city officials, who head delegations of from ten to fifty persons, many of whom are accompanied by their families.

BIG DAMAGE SUIT BEGINS

Frank Gospeter Sues D. M. & N. Railroad Co. for $50,000.

Was Fireman on Engine Which Ran Through Wrong Switch.

One of the heaviest damage suits on the calendar at the present term of district court was begun this morning, before Judge Dibell. The action is brought by Frank Gospeter against the Duluth, Missabe & Northern railroad company, to recover $50,000 damages, claimed as a result of injuries sustained while in the employ of the road.

The suit is the result of an accident on the tracks of the railroad, just west of the ore docks, Oct. 13, of last year, when an ore train ran through an open switch and collided with a train of cars standing on the track, overturning the engine and sending several cars down the bank. The accident occasioned considerable comment at the time.

Gospeter was a fireman on the engine, which ran into the standing train. He claims he was crushed between the tender and the cab, was badly scalded by escaping steam, and was injured internally and visibly, so badly that he has been under medical care since, and has been unabe to work.

The complaint charges negligence on the part of the company, in not having the ore dock switches in charge of proper persons, and in not employing a sufficient force to allow men to guard the switches at all times and prevent such accidents. Gospeter asks damages in the sum of $50,000 for his injuries. W. H. Frawley and T. F. Frawley, of Eau Claire, Wis., and Morton Barrows, of Duluth, appear for the plaintiff, and Baldwin, Baldwin & Dancer for the railroad company.

ASKS BONAPARTE AS TO TRUSTS

Democratic Press Committee Seeks to Put Him on Record.

Chicago, Sept. 30.—Josephus Daniels, chairman of the Democratic press committee, today made public a letter written to Attorney General Bonaparte at the instance of the Democratic national committee, asking the attorney general how many of the 257 trusts of the country have been proceeded against in the courts by the Federal government, and how many more cases he expects to file.

MOTHER OF BIG FAMILY CALLED TO REWARD.

Fergus Falls, Minn., Sept. 30.—Mrs. Annie Schmidt, who was the mother of twenty children, died at her home in the town of Carlisle at the age of 60 years. Sixteen of the children survive her. Mr. Schmidt died less than a month ago.

EAU CLAIRE EDITOR DIES.

Eau Claire, Wis., Sept. 30.—(Special to The Herald.—Harry M. Atkinson, managing editor of the Daily Leader, died here yesterday. He was born at Ailsa Craig, Province of Ontario, Canada, on Sunday, October 17, 1869, and consequently would have been 39 years of age on Oct. 17, next.

Convicted of Burglary.

John O'Toole was convicted of burglary in the first degree in district court yesterday afternoon, after the jury had deliberated but a short time. He was charged with entering the store of A. W. Eller at Proctor with the intent of burglarizing. The defense was that O'Toole was drurk and did not realize what he was doing.

A COUNTY TREASURER RECOMMENDS CAS-KA

This Weather will Prove If Cas-ka is Good for Rheumatism.

The following is a sample of some of the mail orders we receive for Cas-Ka from people living outside of Duluth:

Langdon, N. D., Nov. 19, 1907.—Office of County Treasurer, Cavalier county, F. J. McMillan—Dear Sir: Enclosed find $1.25 for which send me 3 more bottles of Cas-Ka. It has been a great help to me for rheumatism. Respectfully,

Thomas Sheehan,
County Treasurer.

This is the kind of weather that will prove to the people whether or not Cas-Ka is good for rheumatism, as it is the changeable weather that brings on the rheumatic pains.

If you know any person that has been taking Cas-Ka for a week or ten days, ask them if their rheumatic pains are the same this kind of weather as formerly.

Another good test for Cas-Ka to show how Cas-Ka takes the impurities out of the blood. If people who are troubled with pimples on their face will come and try Cas-Ka a few days they will see the great difference it makes in their appearance in a few days' treatment. And when Cas-Ka cures those pimples on the face why should it not cure those catarrhal sores in the head that cause that dropping in the throat?

Now if it only takes a week or ten days to show you the above is true, start today and take Cas-Ka for ten days, it costs you nothing. Get one of the hand bills and see the names of Duluth people helped by Cas-Ka. Two more weeks of the free treatments and sale of $1.00 bottle for 35c; 3 for $1.00; you can use part or the entire bottle and if it does not help you we refund the money.

Boyce's Drug store, 329 West Superior street, sole agents for Duluth. F. J. McMillan, Manager for Cas-Ka company.

RAILROADS

EXTENSION TO DULUTH

Another Link in Rainy Lake Road to be Built.

Money Said to be Available for Building Line.

The Duluth, Rainy Lake & Winnipeg road will begin construction work on its lines from Virginia to this city in the near future, probably within two weeks.

This is the story that is rumored today upon very good authority. It is stated the money to finance the work has been secured, and as the road is already surveyed, the only thing that remains is, to begin the actual construction work upon the grading of the roadbed.

It is said that the deal was consummated last week. At that time Vice President and General Manager Pennington of the Soo road, President W. F. Fitch of the Duluth, South Shore & Atlantic, Mr. Cook and others interested in the construction of the link between this city and Virginia, inspected the Rainy Lake road and the possibilities for the link to this city.

It is rumored that the construction of the new link will be financed by the Soo. It is further stated that all financial arrangements have been completed and that everything is clear for the construction work to begin.

The route of the new link has been surveyed for some time. The road will come through the ravine, back of the old Merrih homestead, in Oneota, will pass under the bridge at Forty-ninth avenue west, on Superior street, and will come into the city over the tracks of the Wisconsin Central.

It has been known for some time that the officials of the Duluth, Rainy Lake & Winnipeg contemplated building their own line from Virginia to this city. It was not thought, however, that the line would be built here until some time in the remote future. The officials of the Rainy Lake have long wished to own a line from Fort Frances, their northern terminus, to this city.

At the preesnt time they are running over the tracks of the Duluth, Missabe & Northern from this city to Virginia. The road taps a fertile country, and it was only a matter of time until the officials of the Rainy Lake would consummate arrangements whereby they would secure a line of their own from their northern terminus to this city.

In connection with the story of the speedy beginning of the construction of the Duluth-Virginia link, it is stated that there is no truth in the oft-repeated rumors that the Hines Lumber company had secured control of the Cook and O'Brien interests. These interests, of course, include the Duluth, Rainy Lake & Winnipeg road.

RATES INCREASED.

Additional Charge is Made for Southern California Points.

The round trip rates to Los Angeles and San Francisco, that will go into effect Nov. 1, will be higher than the round trip, all winter tourists rates that were in effect last year.

The increase is due to the charging of full rates by the Southern Pacific road from Portland on to Southern California points. Formerly the Southern Pacific granted a pro rata discount. This will be done away with this year, which accounts for the additional charge.

The rates that will become effective the first of November, will be $109.50 round trip rate, by way of the Missouri river. One way by the northern route and one way by the Missouri river route, will $119.75. Last year these rates were $105 and $116 respectively.

Rates to north Pocific coast points will remain unchanged by the action of the Southern Pacific. The round trip rate to Seattle and north coast points will be $90.

SUPERIOR NEWS

POPKIN VS. COHN.

This Case Will Follow Case of Cohn vs. Popkin.

When the case of John Cohen against Sam Popkin, is finished, the case of Popkin against Cohen, will be tried before the court. Each principal is suing the other for $1,000 for injuries alleged to have been sustained in a fight. Each claim the other started the fight.

Needs More Money.

Secretary Morrison, of the board of the city health department, yesterday, announced that it would take $15,000 to run the city's health department for the ensuing year. Last year the board was allowed $12,000, but it will exceed that amount by several hundred dollars. The estimates from this department, and of the various city departments as to the cost of the year, will be handed over to the city comptroller, Oct. 1, and by him submitted to the council next Tuesday eveing.

Cruelty is Charged.

Humane Agent Kellogg has sworn to a complaint, charging Ole Larson, who lives about nine miles from Solon Springs, with over-drivinz and beating his horse. Deputy Sheriff Hughes yesterday went to Larson's house and arrested him on the charge and brought him to Superior for trial.

Delegate to Convention.

Superior will be represented at the thirty-fifth annual convention of the Women's Christian Temperance union of Wisconsin, to be held at Wausau, starting Oct. 2, by Mrs. J. F. Tostevin.

Covered with glory, members of Company I of the Superior militia will return this afternoon from Fort Harrison, Ind., where they took part with the regular army in maneuvers and sham battles. The local company was prominent in all the maneuvers, and won much praise. They have been in camp nearly ten days, having left Superior a week ago last Sunday.

Elevators Very Busy.

According to the monthly report of the weighing department of the Wisconsin grain commission, 9,200,000 bushels of grain have been shipped out of the Superior port during the month of September, and 12,000,000 bushels have been received by the local elevators. This report is only complete up to today, but it shows that the elevators of Superior have done this month about four times as much business as they did a year ago this time.

LABORERS BEING FOOLED.

Victimized by St. Paul and Minneapolis Labor Agents.

St. Paul, Minn., Sept. 30.—(Special to The Herald.)—Laboring men in search of employment are being victimized by some Minneapolis and St. Paul employment agencies and as a result, Montana and other western states are being flooded with workers for whom there is no work. W. H. Williams, state labor commissioner, is authority for this statement and he believes that the state legislature should pass a law which will adequately protect laboring men from the dishonest employment agent.

NOTICE OF MEETING OF PLAT COMMISSION.

A meeting of the Plat Commission of St. Louis county will be held at the office of the County Surveyor, 614 Palladio building, Duluth, Oct. 3rd, 1908, at 10 a. m., to consider the Plat of Alborn, St. Louis county, Minn., in Sec. 28-12-18. LYONEL AYRES, Secretary.

Silberstein & Bondy Company.
QUALITY PIONEERS.

For Thursday

Study the Columbia's corner window tonight.

Today's new display shows what's what in 1908 overcoat fashions.

To obtain a proper idea of values and prices ask your wife or mother to compare the quality and work in a Columbia $25 coat with what she can get for that price in a woman's store. It's a most remarkable difference in man's favor.

Hanan Shoes for Men and Women.

Care of The Refrigerator.

Too great care can scarcely be used in keeping the refrigerator perfectly clean. All crumbs should be removed and if liquids are spilled they should be wiped up at once. In summer especially frequent and thorough cleanings are required. Empty the water pan and remove all food, covering it from the dust. Remove shelves; scrub them with brush in hot suds made by dissolving a tablespoonful of Gold Dust washing powder in warm water. Dry with a cloth or in the sunshine, if possible. Scrub all parts of the food chamber, even the inside of the door with the hot suds; rinse in clear water, wipe dry and leave open to air. Scrub ice chamber thoroughly; scald waste pipe with boiling suds made from Gold Dust washing powder. Scrub water pan and replace the parts. It is necessary to clean food chamber more frequently than ice compartment.

MARRIAGE DID NOT COME OFF

Michigan City Girl Meets With Disappointment in Duluth.

In a bout between Cupid and poverty yesterday, the latter won hands down, and Miss Ada Jones of Michigan City, Ind., who arrived in the morning to become the bride of Fred Monroe of the Star theater, returned home on the night train, and her name was still Miss Jones. Her intended husband said he was to poor to marry, and when he showed her his empty pockets, and told her what he was earning, she quite agreed with him.

The girl arrived at 8:40 a. m., and was disappointed when her lover did not appear to meet her. He says this was a mistake, and that he did show up at the 9:50 train, thinking she was due to arrive on that. Miss Jones went to the Star theater immediately, but no one was around at that hour in the morning, and fearing that she had been forsaken, the girl went to the police station and told her troubles to Chief Troyer. He soon rounded Munroe up, and the three held a conference, which resulted in all agreeing that Miss Jones had better return home, which she did, after sufficient money to pay her expenses had been wired.

PETER HOLMAN BURIED.

Hancock, Mich., Sept. 30.—(Special to The Herald.)—The funeral of Peter Holman, the Hancock pioneer who died Sunday, was held this afternoon at 2 o'clock from the house and later from the Congregational church with the Masons in charge. A representative from the Mystic lodge, Odd Fellows, of which deceased was a member for a number of years, being one of the first members of the order in this city, also participated. Interment was made at Forest Hill cemetery.

ADAMS NOW IN THE LEAD

Gains Eleven Votes in the Morning Recount of Ballots.

These Place Him Five Ahead of John H. Norton.

At 2:30 o'clock this afternoon C. E. Adams' lead in the county attorneyship recount was five votes. The original official returns gave John H. Norton a lead of five over Adams. Conditions are now just reversed.

This morning's recount of primary election ballots placed C. E. Adams two votes ahead of John H. Norton in the race for the Republican nomination for county attorney. Mr. Adams showed a gain of eight votes this morning, placing him two in the lead.

In the recount of the Fourth precinct of the Fourth ward Adams showed a gain of four votes. In the Fifth precinct of the same ward there was another gain for him of three votes, and in the First precinct of the Fifth ward still another vote was credited to Mr. Adams, making a total gain of eight for the morning. As Mr. Norton was only six to the good at the close of yesterday's count, he is now behind his opponent.

C. E. ADAMS,
Who Is Now in the Lead for County Attorney.

In yesterday afternoon's count Norton gained one vote in the first precinct of the Third ward. This was offset by Adams gaining five votes in the second precinct of the same ward. The fourth precinct of the Third gave Norton the advantage of one vote. In the First precinct of the Fourth ward Adams gained one and then lost it in the Third precinct.

Three disputed votes, two for Adams and one for Norton, were sealed and the board will have the court make a decision on them.

Character and Food.

Eaten to excess or constantly, mutton will cause melancholia; veal causes loss of appetite and energy. Too much mustard causes loss of memory and salt causes indigestion. Eggs, grains, ripe fruit and golden grain belt beer are good for vivacity and health. This delicious beverage is produced with scientific care and epicurean judgment and should have a place on your home table. Order of your nearest dealer or be supplied by Duluth branch, Minneapolis Brewing company.

Y. M. C. A. BOYS WILL BE ACTIVE

This is Organization Week in the Junior Department.

This is organization week at the boys' department of the Y. M. C. A. and the boys who are to have charge of the various activities of the club are getting together to plan the work for the year.

The social committee was in session yesterday afternoon and the Bible study committee will meet in the evening. The Sunday club met yesterday afternoon at 2:30 and the membership at 7 o'clock. The athletic committee will meet Thursday afternoon at 4:15; the camp and outing committee Friday at 7 o'clock and the music committee next Monday.

All the committees are preparing plans for the year's work and the plans will show progress in every department.

Friday, Oct. 9, will mark the opening of the year's work. All the committees will meet for dinner then, after which each committee will report its plans for the year, the officers and committeemen will be installed in office and the boys' department will start off on its sixth year.

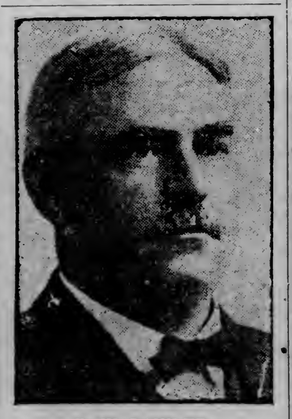

The clubrooms are now open and present a handsome appearance. The gymnasium floor is nearly completed and regular classes will resume a week from Monday. Sunday will mark the opening of the Sunday afternoon meetings. J. B. Batchelor will be the speaker, and Paul Gilbert the soloist.

CORNERSTONE LAYING SOON

Elks Plan Big Time for Exercises at New Home.

The cornerstone of the new Elks' building will be laid Oct. 14, and the event will be an important one among the local members of the B. P. O. E. fraternity.

Plans for the ceremonies attending the laying of the stone are being completed by the committee in charge of the arrangements. John T. Armstead, M. B. Cullum, J. U. Sebenius, John G. Williams and John Panton, the committee having the arrangements in charge, have about finished their work.

D. W. LAWLER,
Who Will Be the Orator at the Laying of the Corner Stone of the New Elks Home.

It is planned to have Mayor Daniel Lawler of St. Paul here as the orator of the day. An effort is also being made to have R. L. Holland of Colorado Springs, grand exalted ruler of the order, here to lay the stone. Elks from all over the state will be here and it is planned to make the occasion one long to be remembered in the history of local Elkdom.

DIRECTORS STRAW MEN

Held But 175 Shares of Butte & Superior Stock.

But They Closed Deals for Options and Privileges for Company.

With a ruthless probe, J. B. Richards, attorney for John McAlpine, in the suit of the Butte & Superior Copper company against McAlpine, for $2,000 claimed to be due on a promissory note, for part payment of a subscription to 1,000 shares of the stock of the company, made Feb. 1, 1907, brought to the surface the inner workings of the Butte & Superior Copper company in district court this morning. With due record of the proceeedings of the board of directors, the subscription record and other books for reference, he continued his cross-examination of D. T. Jenkins, secretary of the company.

The testimony covered the period of organization and flotation of the company and tended to show that on Nov. 9, 1906, when the board of directors authorized the then president, William H. Lamson, to close a deal with A. B. Wolvin, J. F. Killorin and T. J. Davis for the options held by these men on mining claims in Silver Bow county, Mont., but three members of the board, which was composed, as Mr. Richards expressed it, "of clerks and stenographers," held any stock in the company. He brought out that of the 1,00,000 shares of stock with which the company was organized, the board of directors at the time of that meeting, held but 175 shares. By reference to the books and questioning of Mr. Jenkins, Mr. Richards showed that M. Douglas, W. G. Bonham, C. S. Tremelling, S. B. Irvine, E. M. Kimball and Arthur Howell had no stock at that time, M. E. Reilley was the holder of twenty-five shares, William Elder of fifty shares and William H. Lamson of 100 shares.

Mr. Richards read to the jury the minutes of the early meetings of the board of directors and from Mr. Jenkins obtained other facts relative to the organization of the company, the methods and terms of obtaining the mining leases and options on the properties desired, and the disposition of the stock voted in exchange for some of the leases.

The board of directors, which was originally composed of the incorporators of the company, was considerably changed at the first annual meeting of the company Jan. 8, 1907, when a new board was elected, composed of A. B. Wolvin, W. L. Brown, J. F. Killorin, A. M. Chisholm, H. Wethey, C. S. Tremelling, W. H. Lamson, E. M. Kimball, and S. B. Irvine, the last four named having been members of the original board. Mr. Richards sought to prove that nine shares of stock allotted to the nine men elected at that meeting just previous to it, were allotted so that they might qualify to act as directors, but he failed to establish the fact.

Mr. Richards offered the record of the proceedings of the board of directors in evidence and after reading the minutes of several preliminary meetings, at which the authorization was given to Mr. Lamson to close the deal with Messrs. Wolvin, Killorin and Davis. The resolution passed at that meeting authorized the purchase from Messrs. Wolvin, Killorin and Davis of all right, title and interest held by them in the Four Johns, Ramon, Constitution, Black Rock, 26-36 interest in the Niagara and the interests in eight other claims, all in Silver Bow county, Mont., and also any options or rights those men might have to acquire the Jersey Blue claim, owned by the Helena & Butte Mining company. The company was also to have the right to any money held in the First National bank of Butte in the name of A. B. Wolvin, subject to the orders of Oscar Rohn, superintendent of the Four Johns, who was to pay the debts incurred in the operations on that property.

In consideration, the president was authorized to pay Messrs. Wolvin, Killorin and Davis $67,500 in cash, which had already been advanced subject to the ratification of the board, and 307,180 shares of the capital stock of the company. The company also agreed to assume several minor obligations of the three men.

Of the 307,180 shares, 106,180 shares, included in numerous certificates specified by Messrs. Wolvin, Killorin and Davis, were to be placed in the First National bank of Butte to be held in escrow until Sept. 1, 1907, and the remaining 200,000 shares was to be issued in one or more certificates to such persons as might be designated by Messrs. Wolvin, Killorin and Davis and all to be deposited in the First National Bank of Duluth to be held in escrow until the company had sold a sufficient number of shares of stock at not less than $4 a share to pay the remainder of the money due on all properties and complete the options. The president and secretary were also authorized to issue stock authorized previously to be applied on the purchase price of different properties and given to fee owners, the total being 225,000 shares.

Mr. Richards dwelt at some length with the witness on the fact that although only three members of the board of directors held stock at the time of that meeting and they only had 175 shares between them, they voted the disposal of over one-fourth of the total number of shares at which the company was capitalized. He also sought to secure a statement from the witness as to whether or not a sufficient number of shares of stock had ever been sold to complete the options held by the company, but failed to do so. He also failed to determine whether a clause of the resolution passed Nov. 9, 1906, giving the president power to conduct the business of the company for the board of directors such employes as he might see fit, had ever been rescinded.

Mr. Jenkins was still on the stand when court adjourned at noon.

GOSPEL FROM RAILROAD CAR

The chapel car "St. Anthony" will arrive in Duluth Thursday evening from Minneapolis on its way to North Dakota, where it will spend this winter, going from one station to another holding gospel services at every stop.

The car is in charge of Rev. W. D. O'Brien, and is being run under the auspices of the Catholic Church Extension society. It was the gift of Ambrose Petry of New York, president of the Commercial Securities company.

Its purpose is to make possible more mission work in the sparsely settled districts of the West. The car has been in commission for the past two years, and has been in nearly every state in the Union.

The chapel on wheels will remain in Duluth only one day, and will then go to the mission districts of North and South Dakota.

RECEPTION AT SPOONER

Given Monday Evening in Honor of School Teachers.

Spooner, Wis., Sept. 30.—(Special to The Herald.)—A reception was given in honor of the public school teachers of Spooner at the I. O. O. F. hall, Monday evening. The reception room was tastefully decorated in autumn colors. Hon. Albert Berg gave an address of welcome, after which a short musical program was given, as follows: Duet, violin and piano, Mr. Stein and W. Steffles; piano solo, Miss Sitz; duet, mandolin and guitar, M. Robertson and M. Weeks.

The first snowfall, accompanied by a cold wind from the northwest, came Monday. This was a change from the exceedingly warm weather of the last few days. The pussy willows and violets were out for their second peep this season.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver and purifies the blood.

Young People

Who wish to succeed in the business world should take a course at the Duluth Business University, the modern, progressive business training school of the Northwest. School open throughout the entire year. Day and night sessions.

THERE MAY BE OTHER "DRUG SALES," BUT ONLY IN NAME IS COMPARISON POSSIBLE

Thursday morning will see the opening of our Semi-Annual Sale of Proprietary Medicines, Druggists' Sundries, etc., but in name only, is there any comparison possible between this and any other event of a similar character—**past or present!**

For months we have labored towards making this an event that would eclipse all competition, that would even put to shame any of our previous efforts—and how well we have succeeded, may be seen here tomorrow!

And remember! The articles on sale are **not** remnants of goods sold during the past six months, but are **new, fresh stock.** Tons of it yet unpacked, because the excess stock rooms are crowded to the doors!

PRICES? Lower than ever before, in comparison to the cost. Lower than anywhere else, of that you can convince yourself by comparing the list below:

AND MANY OTHERS TOO NUMEROUS TO MENTION

RELIEF FUND FOR FIRE SUFFERERS TOO LARGE

Fire Sufferers Need Only Half of Money Subscribed.

The Relief Work is Progressing in Fine Shape.

So liberal have been the contributions to the Northern Minnesota fire relief fund that there is about twice as much cash on hand now as it needed, and the surplus may be returned to the donors. This fact was brought out at a meeting of the relief commission, appointed by Governor Johnson, which was held late yesterday afternoon in Mayor Haven's office.

Members of the local relief committee of Chisholm, and others assisting in the relief work there, were on hand at the committee meeting, and their reports showed that a splendid system of distribution of supplies had been put into effect, guaranteeing help to all who actually needed it, and preventing aid being given where people were trying to take advantage of conditions and get money which they did not deserve.

The total necessary cash expenditure in relief work will not exceed $60,000, and the sum remaining at the disposal of the committee from the fire fund will be almost equally as large. This may be returned, or it may be decided to make it the nucleus of a permanent state relief fund, to be used in emergencies, such as forest fires, cyclones, etc.

200 Families Cared For.

Almost 200 families will have been cared for when the plans of relief, which were adopted yesterday, have been carried out in detail. The condition of having too much money was never before known in relief work in the West, and it is something of a problem to decide what to do with the surplus money. The advisability of retaining an emergency relief fund for distribution to poor families in case of possible need during the coming winter was considered by the committee, and as soon as the present relief plans have been carried out, this may be done.

The committee remembered the fire sufferers along the north shore in its calculations, and those whose household effects have been destroyed, or who otherwise have been placed in destitute circumstances because of the fire, will be rendered the needed financial assistance.

Members of the committee who have not been actively engaged on the scene of relief at Chisholm yesterday expressed their entire satisfaction and gratification at the manner in which the work had been conducted. Those present included Mayor Haven, A. L. Ordean, Mille Bunnell, A. C. Weiss, Hamilton M. Peyton and Martin Hughes of the relief commission appointed by the governor; Judge Edward Freeman and C. A. Munro of the local relief committee of Chisholm, and Eugene T. Lies, general secretary of the Associated Charities of Minneapolis, who has been doing great work in the stricken district. His assistance in managing the relief work has been of the utmost value to the committee, for he has had much experience in matters of this kind, and is entirely capable.

Mr. Lies, in telling of local conditions about Chisholm, said that 370 records of fire sufferers had been taken under his direction by the Chisholm committee, and each one of these had been revised at least once by the local advisory committee, headed by Judge Freeman. One hundred and sixty-one records were revised a second time, to make sure that no mistake had been made.

On recommendation of the men from Chisholm, who have been looking after the relief work on the ground, the general committee authorized the distribution of 293 beds, springs and mattresses, 144 good, serviceable kitchen stoves, 777 chairs, 169 tables, 204 dressers and 800 double blankets. The blankets were shipped today. In the 147 instances new furniture was ordered distributed to families, according to their size and needs, and this will be shipped to Chisholm before the end of the week. In eight cases cut lumber will be given to families for the building of small houses by the men in the families. There will be twenty-eight two-room houses and twenty-five three-room houses.

It was reported that only in three instances had cash relief been given out, and the entire sum thus distributed amounts to only $500. One hundred and thirteen families will be given furniture to the value of from $35 to $100, according to the size of the house and the needs of the family. This does not include 100 sewing machines, which will be given to as many housewives.

Seventy-five baby carriages, or go-carts, were ordered by the committee.

Mr. Lies furnished the committee with the following figures, showing the total cost of the different items needed: Material for building, sewing machines and furniture, $24,000; construction of the houses and clerk hire at the warehouse, $6,000; drayage and miscellaneous expenses, $1,000, and $4,000 for covering future recommendations by the local advisory committee. This brings the total of the expenditures authorized at the meeting yesterday to $39,000. In addition to this there has been about $5,000 distributed for provisions and other immediate necessities since the relief work was started. That brings the entire proposed expenditures up to $44,000, and it is calculated that the relief to be given the north shore and other fire sufferers in Northern Minnesota will bring the disbursements up to $50,000. He suggested, however, that provision be made for emergency cases during the winter. No attempt will be made to cover business losses in the burned districts.

But Little Illness.

Reports showed sanitary conditions at Chisholm to be fairly good. A few cases of diphtheria have been discovered, but these are being carefully watched, and there is believed to be no danger of the contagion spreading. Trained nurses are on the ground, and there are also plenty of doctors to look after the needs of the people in this direction.

Since the removal of the militia last Sunday the police force at Chisholm has been increased to three times its normal size. The saloons are open again, and some of them are doing a good business.

Martin Hughes of Hibbing favors taking the surplus money and making it a nucleus of a state relief fund to be kept for emergencies, and to be controlled by a commission appointed by the governor with a member from each congressional district.

The Duluth fund yesterday was swelled by two contributions amounting to $1,500. One check for $1,000 was sent by John M. Longyear of Marquette, Mich., and another for $500 came from Hiram W. Sibley of Rochester, N. Y.

BEVERIDGE IN LABOR PLEDGE

Says Injunction Abuses Would End, With Taft Elected.

Terre Haute, Ind., Sept. 30.—Senator Albert J. Beveridge opening the Republican national campaign in Indiana last night, said in part:

"Before President Taft's administration is one year old we shall end the abuse of the injunction in labor disputes. On this great question there are extremists on both sides—both wrong, as extremists always are. There are those who declare that the power to enjoin has never been abused—but the American bench and bar know that it has been abused; workingmen know it, the whole people know it. Injunctions have been issued without notice, hearings not given until the trouble had passed; men punished for disobedience without their day in court. These abuses are not many; but there have been enough of them to prove the evil, to arouse a sense of injustice in the breast of labor, to create unrest throughout the nation.

"The possibility of these abuses must be stopped. Every man should have his day in court—this is the first great maxim of law-made liberty and liberty-made law. This is the foundation of the people's respect for and obedience to the courts. When the meanest man beneath our flag is denied that right, the Republic ceases to be free. As a general rule, no injunction should issue without notice; and once issued it should speedily be heard."

IRISH LEADERS IN VISIT TO CHICAGO.

Chicago, Sept. 30.—John E. Redmond, leader of the Irish Nationalists, accompanied by Mrs. Redmond, Joseph Devlin, M. P., and John Fitzgibbons, chairman of the Roscommon council, arrived in Chicago this morning and were greeted by officials of the United Irish societies and delegations from other organizations in sympathy with the efforts of the Irish leader.

After the luncheon at the Chicago club, given by Medill McCormick, Mr. Redmond was taken on a sight-seeing tour through the stockyards and other sections of the city, while Mrs. Redmond made a tour of the Catholic Woman's league and other women's clubs. Later, she was given a reception in the auditorium.

WARNER-BRADLEY WAR KEPT FROM CONVENTION.

Detroit, Sept. 30.—No manifestation developed in the state Republican convention of the bitter fight between Governor Fred M. Warner and Dr. James B. Bradley for the Republican nomination for governor at the recent primary election. The feature of the session was an address by Governor Charles F. Hughes of New York. The convention nominated:

For justice of the supreme court to fill a vacancy, Flavius L. Brooke, Detroit; secretary of state, F. C. Martindale, Detroit; attorney general, J. F. Bird; state treasurer, Alex F. Sleeper, Lexington; auditor general, Ormael R. Fuller, Delta countp; state land commissioner, Huntley Russell, Grand Rapids; superintendent of public instruction, Luther L. Wright, Ironwood; member of state board of education, William J. McKone, Albion.

Republican College League.

New York, Sept. 30.—Eastern headquarters of the National Republican College league were opened in the office of the Republican national committee here today. Herbert M. Myers of Columbus, Ohio, for several years president of the Ohio Republican College league, is in charge. The league claims a membership of 100,000.

ON THE IRON RANGES

VIRGINIA HAS ADOPTED CHANGE

Municipal Court Under Act of 1905—Council Fixes Levy.

Virginia, Minn., Sept. 30.—(Special to The Herald.)—All the members of the bar in Virginia again petitioned the council last evening to place the municipal court under the act of 1905, and the council granted the request by passing a resolution prepared by the city attorney. This places the judge on a salary of $200 per month and he is to pay the special judge whenever the latter is called upon to occupy the bench.

Chief of Police Walsh sent a communication to the council recommending that a system of watchman's time detectors be established in different parts of the city and that patrolmen be required to make regular visits to these stations; also that three gongs be placed on Chestnut street which can be rung by telephone operators whenever anybody calls for the police by telephone, when the patrolmen can go to a telephone and learn where his services are required, also that there be a system of promotion established. The matter was referred to the police committee.

The city clerk was instructed to advertise for bids for a six-ton wagon scale to be placed at the rear of the city hall.

The clerk was instructed to draw an order for the sum of $1,545 in payment of sewer warrants numbers 1, 2 and 3 drawn in 1905 in payment for construction of sanitary sewers in district No. 1 A.

A list of delinquent sewer assessments was recently prepared by the city clerk and a resolution was passed demanding the payment of these within specified time or the city will take steps to obtain judgments against the properties.

The street commissioner was instructed to grade and gravel the alleys on either side of Chestnut street and use the dirt removed in grading for filling in Wyoming avenue.

Alderman Elmquist of the committee on health reported that at a meeting of the committee it was decided to recommend the discontinuance of building of garbage stands and instead to provide galvanized iron receptacles with covers, to be placed in the rear of all houses; also that the garbage be collected at the expense of the general fund. The recommendations of the committee were adopted and it is the understanding that the hauling of the garbage will be let by contract. The health committee was instructed to inquire into the matter of connecting livery stables with the sanitary sewers and report at the next meeting.

The amount of taxes to be raised next year as fixed by the board of tax levy was approved, as follows: General fund, $64,810; permanent improvement fund, $25,000; park fund, $10,000; library fund, $4,000; total, $103,810.

MANY BUILDINGS MAY BE ERECTED

It is Expected Next Year Will be a Prosperous One in Aurora.

Aurora, Minn., Sept. 30.—(Special to The Herald.)—If, as reported, the mines in the vicinity of Aurora reach anywhere near their activity of a year ago, several new brick and otherwise substantial buildings will be erected here next spring. To be prepared the village authorities have authorized the village engineer to establish grades on all the streets and avenues in the village.

Outside parties have signified their intention of building a three-story brick structure, the first floor to be used for store purposes and the second and third stories for lodge and office purposes. It is reported that Dr. Lenont will erect a new hospital on his lots at the corner of Jackson street and Fourth avenue west. The Aurora State bank is figuring on putting up a new building on the corner they now occupy, making the second story suitable for the K. P. lodge. The second addition of the village is owned by parties who intend to erect residences if all goes well next spring and the Episcopalians and Finnish Methodists will in all probability erect church edifices.

EVELETH HIGH SCHOOL BIDS OPENED FRIDAY.

Eveleth, Minn., Sept. 30.—(Special to The Herald.)—The school board will open the bids for the new high school building Friday. The board wants to award the contract to the lowest bidder as soon as possible so that the work can be commenced without delay. The plans as they now are call for the completion of the building within ten months so as to be ready by the next fall term. The furnishings for the school and all the other inside decorations will be secured during the spring. A feature of the new building will be a complete laboratory for chemistry, a subject that is not being taught this year in the high school. In the new buildings a complete laboratory will be installed, a thing that was impossible to secure within the short space of time the school board had for arranging for books and places for the pupils for this term.

WHITE PLAGUE CLAIMS FAMILY

Wife, Two Children and Husband in Turn Pass Away.

Eveleth, Minn., Sept. 30.—(Special to The Herald.)—The funeral of Charles Johnson, aged 40 years, who died of tuberculosis a few days ago on his homestead, near Corbin, was held here today. Mr. Johnson was postmaster at Corbin for some time. A few days before last Christmas his wife died from the disease and during the past year two small children passed away also from the same disease. The death of Mr. Johnson takes away the last member of the family, all dying from the same cause.

Mrs. Ryan, mother of Mrs. James Corbett, whose husband is a captain at the Adams mine, died yesterday afternoon at the home of her daughter, near the Adams location, of old age. Mrs. Ryan came here some months ago from Iron River, Mich. She is the mother of County Commissioner Ryan of Hibbing.

LIVELY WINTER AROUND EVELETH

Indications Point to Considerable Doing in a Mining Way.

Eveleth, Minn., Sept. 30.—(Special to The Herald.)—At the Fayal mine night and day crews are being worked. The number of tons sent out from the Fayal group this season has surpassed the million mark, according to reliable sources. It appears from the mining operations in this vicinity at present that the coming winter will be a good one for the mining companies and the surrounding towns.

GRAND RAPIDS MYSTIFIED.

Strange Disappearance of Justin Taft is Puzzler.

Grand Rapids, Minn., Sept. 30.—(Special to The Herald.)—The strange case of Justin W. Taft, a well known logging man, who has been missing for two months, is still puzzling his wife and his friends. Mr. Taft left here about two months ago for Crookston and some North Dakota points, on a horse deal, the understanding being he intended to purchase some horses, and was never heard from again. His wife is nearly distracted over the affair as she is unable to know just what caused him to act so strangely. So far as known, he was not involved financially and he had no family troubles.

Several years ago he is said to have disappeared under similar circumstances and then returned, and his friends are hoping that this time he will also come back, or at least write that worry about him may cease.

He is about 50, but has no children. His wife is a very estimable woman and she has the sympathy of the community.

PROMISING CAREER CUT SHORT BY DEATH.

Virginia, Minn., Sept. 30.—(Special to The Herald.)—Pearl Fuller, died Sunday morning after a brief illness from pneumonia. He was 27 years of age and leaves a widow and infant child. The body was shipped yesterday to his former home at Alma, Mich., for burial.

The deceased had been employed as chemist and mining engineer at the Commodore mine, and gave promise of attaining eminence is his chosen profession.

VIRGINIA IN BRIEF.

Virginia, Minn., Sept. 30.—(Special to The Herald.)—John F. Coggswell, publisher of the Two Harbors News, was in the city yesterday on business.

M. T. Savage, formerly superintendent of the Virginia Lumber company, who is now engaged as superintendent for a lumber concern in Montana, is in the city for a visit with his family.

Mr. and Mrs. B. Silofsk and daughter of Brainerd arrived Saturday to celebrate the Jewish new year as guests of Mr. and Mrs. I. Milavetz. Mr. Silofsky returned home Monday, but Mrs. Silofsky and daughter will remain several weeks.

Mrs. E. G. Bush and children have returned from a visit in Duluth.

Miss Minnie Cohen, who is attending the normal school in Duluth, spent Sunday with her parents.

J. D. Frasa of the First National bank is visiting relatives in the Copper country.

OVER MILLION TONS SHIPPED

Estimate for This Month at Two Harbors is Made.

Two Harbors, Minn., Sept. 30.—(Special to The Herald.)—Ore shipments were light yesterday and today, owing to the rainy weather and a shortage of boats.

Ore shipments to date for September have been near 1,100,000 tons, and the month's total will be near 1,150,000 tons.

The Corsica mine at McKinley will finish loading their stockpile today, being one of the first to complete loading stock ore.

Tom West, a timber cruiser, is at the Budd hospital suffering from a stroke of paralysis.

HEITI LOST ONE LEG.

Victim of Two Harbors Accident May Survive.

Two Harbors, Minn., Sept. 30.—(Special to The Herald.)—Nick Heiti, who was run down by engine No. 87 near the No. 6 ore dock Monday evening, is still alive, although because of his long unconscious condition it was first reported he had died.

The outcome of his injury is yet in doubt, but he may live. It was found necessary to amputate one leg above the knee and the other leg below.

Eveleth Woodmen Flourish.

Eveleth, Minn., Sept. 30.—(Special to The Herald.)—At a very enthusiastic meeting of the local Modern Woodmen lodge Monday evening in Monitor hall a class of over twenty was initiated before a very large gathering of the members. The class had been secured by Deputies Evans and Strand, who have been working in this vicinity in behalf of the order.

ENCOUNTER WITH BEAR.

Adriatic Man Kills Bruin After Being Clawed on Shoulder.

Aurora, Minn., Sept. 30.—(Special to The Herald.)—Anton Darsvich, an Austrian, is a hero in the eyes of his comrades at the Adriatic mine, eight miles east of Aurora, Monday, while on his way back to the mine. Darsvich was confronted by a black bear that had struck the road a few feet ahead of him. Having a rifle with him, Darsvisch began to shoot, but he only wounded the animal, who rushed upon him. Darsvich luckily dispatched the bear with the next shot, but not before he had received an ugly scratch on the left shoulder. The bear was taken to the mine, where it will go to replenish the miner's larder. Numerous bears are being seen around Aurora, but only two have been shot so far, a Finnish baker getting the other.

SUPT. OWENS' BIRTHDAY.

Occasion for Pleasant Affair at Two Harbors.

Two Harbors, Minn., Sept. 30.—(Special to The Herald.)— Supt. Thomas Owens of the Duluth & Iron Range, celebrated his fifty-second birthday yesterday, and last night gave his annual birthday party to the local general office employes. Including their host, thirty-one gathered around the table, at 6:30 p. m. For nearly two hours the energy displayed in disposing of the good things set before the guests would have won any endurance contest in recent years.

After the spread the boys adjourned to the parlor and completed an evening by telling stories and reminiscences of their railroad life. Those present besides their host and hostess were: Evan Owens, Sr., E. M. Owens, G. O. Rock, J. E. St. George, Thomas Trevena, H. J. Laner, B. M. Bergerson, Ernest Nelson, William Agnew, L. Bender, A. D. Holliday, F. E. Evans, F. T. McIlroy, P. J. Welch, W. W. Scott, James Cunningham, C. D. Pogelow, R. B. Elliott, C. H. Wise, Ed Conliff, W. L. Fowler, Willard Doerr, G. J. O'Connor, Henry Duby, Gerald Duby, O. H. Evans, M. H. Brickley, J. Shea, R. J. Olson, B. T. McIver.

Mr. and Mrs. Owens were presented with a beautiful silver platter as a token of the high esteem in which they are held by their guests.

Mr. and Mrs. R. B. Elliott are the happy porents of a baby boy, born James CSunningham, C. D. Pegelow, R.

Little Snow Fell.

Grand Rapids, Minn., Sept. 30.—(Special to The Herald.)—The snow fall here Monday night was considerably less than reported. Barely an inch fell and it soon disappeared so that there are few evidences today excepting the resulting mud and slush.

Injured in Cane Rush.

Hartford, Conn., Sept. 30.—David Arnold, a Trinity college freshman, is in the hospital in a serious condition as a result of injuries suffered by him in the annual cane rush on the college campus last night. It is thought he may have concussion of the brain.

ONE DOZEN OHIO COUNTIES GO DRY

Columbus, Ohio, Sept. 30.—Twelve Ohio counties voted yes under the Rose law, and all went "dry" by majorities ranging from a few hundred to more than 2,000. The number of saloons affected is 289. Most of the counties which voted yesterday are largely agricultural, but Scioto and Lawrence counties have a large urban population in Portsmouth and Ironton, respectively. Altogether sixteen of the eighty-eight counties in the state have held local option elections and all have gone "dry." The total number of saloons voted out is 390.

JOE CANNON IS LAUDED

Danville, Ill., Sept. 30.—This place was the scene of an unusual demonstration last night, when four members of congress, one of whom is the Republican vice presidential nominee, James S. Sherman, delivered addresses pleading with the voters of this section of the Eighteenth congressional district to re-elect to congress Speaker Joseph G. Cannon. While ostensibly the meeting was a Republican rally in character on behalf of the national ticket and special trains brought hundreds of people here to hear the speechmaking and see the huge torch light procession, the event resolved itself into a genuine boom for "Uncle Joe" Cannon. Some time ago the bishops of the Methodist Episcopal church in this district united in an appeal to the voters in Mr. Cannon's congressional district to defeat him for re-election, charging that he refused to let the Littlefield bill, relating to interstate commerce in liquor, be reported from the committee. While it is declared in political circles here that there is no actual danger of defeating Cannon at the polls, it is feared that the national ticket may suffer as a result of the fight directed against him, and it was deemed wise at this time to reply to the attack by a demonstration. Congressman Nicholas Longworth of Ohio, Congressman W. B. McKinney of Champaign, Ill., and Congressman William Warfield Wilson of Chicago, spoke.

JOE CANNON IS DENOUNCED

Chicago, Sept. 30.—"Everywhere from ocean to ocean, it is being declared that Speaker Joseph G. Cannon is the greatest obstacle to moral advancement in the country," was the declaration of Rev. P. A. Baker of Columbus, Ohio, general superintendent of the American Anti-saloon league, at the opening of the sixty-ninth session of the Rock River conference of the Methodist Episcopal church in the Woodlawn Methodist church yesterday. He added: "For eight years the wheels of reform legislation were blocked on the temperance question. We prayed and appealed for some measure that would amend the interstate commerce in liquor. This one man, your speaker from Illinois, has kept the judiciary committee bowed down like whipped spaniels. Last winter we got off our knees and concluded to help answer our own prayers. We have already defeated two of the four members of that committee for re-election and are after the other two." Dr. Baker was cheered when he announced that he would start for Speaker Cannon's district today to aid in the effort to defeat the re-election of Cannon.

98c $2.00 Shoes 98c

NATIONAL BISCUIT COMPANY

DEMOCRATS ARE ACTIVE

Rousing Meeting of the County Committee Held at St. Louis Hotel.

County Will be Thoroughly Organized for Coming Campaign.

A meeting of the county Democratic committee was held last evening at the St. Louis hotel. It was the largest committee meeting ever held in this county, according to men who have attended many, and the enthusiasm was in keeping with the large representation.

There were more than forty in attendance when Chairman Andrew Nelson called the meeting to order. In asking for reports of progress over the county, the chairman started something that even he, optimist that he is, did not anticipate. The reports from every side were of the brightest nature. The candidates for office, most of whom were present at the meeting, were all confident of being elected.

Martin Hughes of Hibbing, stated that there was no question of the strong Democratic sentiment in the county. Speaking for the range, Mr. Hughes stated that it was stronger than ever before. Mr. Hughes stated that there was an overwhelming sentiment for Johnson, a steadily growing sentiment for Bryan, and the best chance the local Democrats have had for years to elect candidates to county offices.

Joseph Ward Reynolds, candidate for the legislature in the Fiftieth district, told of the promising indications he had seen for the success of the party candidates, and predicted that this was the year for the Democrats to break into the courthouse. Mr. Reynolds stated to the committee that he was making a strong campaign and was meeting with flattering assurances.

Dr. O. A. Oredson, candidate for legislature in the Fiftieth district; John Cashin, candidate for register of deeds; P. H. Nelson of Hibbing, candidate for state treasurer; Dr. Jern, candidate for coroner; John Lowe, candidate for county commissioner in the Fifth district; Emil A. Tessman, candidate for county commissioner in the First district; Charles Jessmore, candidate for sheriff, and Mr. Thompson, candidate for clerk of the district court, were present at the meeting. Each candidate said a few words expressing the belief that with the proper work on the part of the committee, he could be elected.

Each candidate stated that there was a decided trend toward Democracy in the district; that Democracy was in the air, and that this was the best opportunity that the party has had for years to select its ticket to office.

The committee will go into the campaign in earnest this week. A headquarters will be secured, with Austin Connolly, assistant secretary of the committee, in charge. The campaign in the county will be placed upon a systematic basis, speakers secured, and a thorough canvass of the county by precincts made.

A Young Men's Democratic club will be organized in Duluth. A motion to that effect was carried. Steps in this direction will be taken very soon. A Democratic club will also be organized in West Duluth. In that part of the city there is, according to the information brought to the chairman of the committee last night, a very decided sentiment for the entire Democratic ticket.

Governor Johnson will be brought to Duluth. Chairman Nelson will get into communication with the state central committee and will make every effort to bring the governor here at an early date. Other speakers will also be brought to Duluth and the ranges. An attempt will be made to bring some speakers of national prominence here. If the committee is successful in this effort, part of the speaker's time will be divided with the range.

Martin Hughes, Hibbing; Frank Durant, Hibbing; George Mulligan, Eveleth; Charles d'Autremont, James Walsh, Joseph Shartell, John Jenswold, F. L. Ryan, Louis Levine, Alfred Jaques, B. W. Getchel and T. T. Hudson were appointed an executive committee, which will at once assume active work in the campaign. The officers of the county committee, Andrew Nelson, chairman; Emil A. Tessman, secretary, and Frank Crassweller, treasurer, will also be members of the executive committee.

From now on the Democratic county campaign will be a lively affair.

* * *

Some of the members of the Republican county committee also held a meeting in the auditor's room at the courthouse last night. No organization was effected and no definite date was set for the next meeting. Plans for the campaign were discussed, however, and several impromptu speeches of an optimistic nature, were made.

HELD FOR RUSTIN MURDER.

Charles Davis Bound Over; Mrs. Rice is Released.

Omaha, Neb., Sept. 30.—Charles Edward Davis has been bound over to the district court to answer the charge of murder in the first degree for the killing of Dr. Frederick Rustin. Bail was fixed at $10,000 and furnished by brothers of the defendant. Mrs. Abbie Rice, who has been detained since the shooting, will be released on nominal bond for her appearance as a witness.

GOMPERS SCORES THE TRUST LAW DECISION.

Indianapolis, Ind., Sept. 30.—Before an audience which filled Tomlinson hall, Samuel Gompers, president of the American Federation of Labor, attacked the Sherman anti-trust law and the recent decision of the United States supreme court that declares that labor unions came within the definition of organizations in restraint of trade. Among other things he said:

"Why, do you know that you people here who toil and who are members of unions that you are members of a trust? And you officers, you men who direct the unions, do you know you are trust magnates?"

AGAIN WE SAY
YOUR CREDIT-IT IS GOOD

Good for anything and everything you may desire in the Furniture and Home-furnishing line, and this store can supply those wants in a most satisfactory way.

Our splendidly complete and exceptionally well assorted stocks, coupled with prices that are lower by a good big margin than articles of equal value are priced elsewhere, makes buying at the Bayha store most satisfactory.

The advantages of our easy payment plan, whereby we arrange terms of payment to suit your convenience (a little down and the balance a little each week or month), are yours for the asking—the accommodation costs you nothing at the Bayha store. Bigger and better assortments—prices that save you money—the most liberal credit accommodations are the inducements this great store offers all intending house-furnishing purchasers.

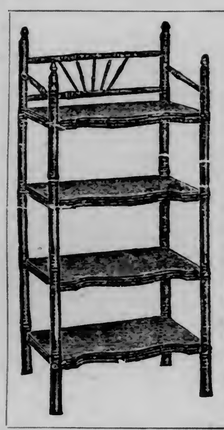

We Give Absolutely Free

With every purchase of $100 and over, a beautiful silver tea set, consisting of **Tea Pot, Cream Pitcher, Sugar Bowl, Spoon Holder**—a beautiful set and fully warranted for good lasting service.

COMPLETE HOUSEFURNISHERS
BAYHA & CO
Second Ave. W. and First St.

We Give Absolutely Free

With every purchase of $50 and up to $100, a beautiful silver dinner service, consisting of 26 pieces—knives, forks, tea and table spoons, sugar shell and butter knife—warranted to last a lifetime.

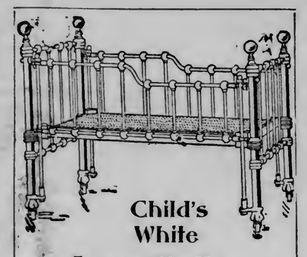

Bamboo Music Racks
$1.39

Our regular $2.50 value Rack is 40 inches high, shelves 16x12, bamboo pillars and trimmings, maple shelves, good strong rack, suitable for music, magazines or papers—the best value of its kind offered in Duluth.

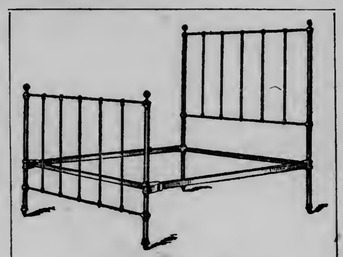

This Massive Dining Table
$4.98

A massive square table, with plain turned legs; top is 48 inches square, extends 6 feet; a solid hardwood table and finished a beautiful quartered oak finish; a table that couldn't be duplicated elsewhere for less than $11.00.

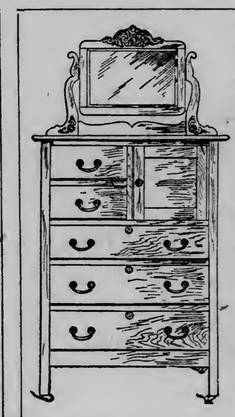

Child's White Iron Cribs
$3.98

Cut just about represents this little crib, it's a very neat little one, white enamel, with brass knobs on corners, adjustable sides, national iron fabric spring; it's a big value at this price.

The very best cabinet on the market for the money. We cordially invite you to call and inspect the line at any time.

Sold on easy payments if so desired.

The Universal Stoves and Ranges

Demand Your Very Careful Consideration

$1 A Week

Your Old Stove as Part Payment On Any Universal You May Wish to Buy

The balance can be paid in small weekly or monthly sums, arranged to suit your convenience.

A stove is something that is purchased but once in a lifetime, if care is exercised in the choosing of it. So when making your selection of a HEATER this fall, choose with care, examine and compare the different stoves, point for point, and when making this comparison do not fail to take the **Imperial Universal Base Burner** into consideration. Compare it carefully, study it closely—and point for point you'll find it superior in every way to any other make of base burner on the market.

GUARANTEED UNIVERSAL STOVES AND RANGES BEST IN THE UNIVERSE

The Imperial Universal has more square inches of radiating surface than any other base burner. It will give you more heat with less consumption of fuel than any other base burner.

Read what Mr. J. A. Calien of No. 417 Twenty-seventh avenue west, Duluth, says regarding his heater:

My Imperial Universal is a perfect heater. It heated a large six-room flat (ground floor) during the winter of 1906 and 1907, from Nov. 1st until May 1st, using only three tons of mixed pea and nut coal. During this last winter (1907-8), from Oct. 1st till April 15th, it only burned 2½ tons of nut coal. This was sufficient in keeping all rooms warm at 70 degs., which I think will give your patrons an idea of the good heating qualities of the Imperial Universal. Signed, J. A. CALIEN.

Pretty convincing proof, don't you think?

WE HAVE BASE BURNERS, ROUND OAKS, AIR TIGHTS, RANGES, COOK STOVES, in all styles and at all prices. Let us show you this splendid line.

A Seasonable Opportunity
An Extraordinary Sale of Blankets
20% DISCOUNT
On Every Blanket in the House

This sale, coming right when you are going to need just such things, is an opportunity no one can afford to miss. We have blankets ranging in price from

85c to $15.00 a Pair

And the discount applies to each and every pair. Our regular prices are lower, by a good deal, than others ask for goods of equal value. An additional saving of 20 per cent means simply finding money—the savings are so pronounced.

"His Master's Voice" REG. U.S. PAT. OFF.

JACOBSON DISTRUSTS THE PEOPLE.

Candidate Jacobson evidently has little respect for the judgment of the voters, and little confidence in their ability to decide public policies themselves without the help of party bosses.

In one of his recent speeches he said: "If there are any who feel that they cannot vote for the head of the ticket, let them go over and vote the whole Democratic ticket. Some people have got to the point where they feel that they are not exercising their full rights as independent voters unless they scratch their ticket at some place; and they usually scratch it at the wrong place."

It is from such illuminating sentiments as these that the voters who are not already acquainted with Jacobson will become so intimately acquainted with him before the campaign is over that they will decide with practical unanimity that he is not a fit man for the place of high responsibility he seeks. In his campaign speeches Jacobson is saying that he stands just where he did fifteen years ago. The most conclusive evidence he has yet given of that is to be found in the above quotation from his speech. The man who confesses that he stands where he stood fifteen years ago confesses that humanity and progress have gone far beyond him. In that time the people have made progress, and one of their chief means of getting ahead has been the exercise of their right to choose for themselves without the dictation of selfish and corrupt party bosses.

Mr. Jacobson's statement can mean but one thing. The people are not fit to judge for themselves, but must take the dictation of the party bosses, and swallow whole the ticket placed before them. "Don't venture to scratch your ticket," says Candidate Jacobson; "you are sure to make a mistake; you don't know enough to choose for yourself. You must accept what the bosses give you, for they know what is best for you. If you can't vote for every candidate on a ticket, don't vote for anybody on it." That may have been good logic fifteen years ago, but it is very poor logic now. The people have ceased taking the advice of the bosses; they have ceased voting tickets straight no matter how many rascals and incompetents there might be upon them: and the result, in Minnesota and in every other state of the Union, has been better and cleaner and fairer government of, by and for the people.

The spectacle of Jacobson cracking the party lash supplied him by the Dunns, the Reeses and the Shevlins of the party machine, knowing that only by an appeal to the senseless partisanship that swallows the ticket blindly and without discrimination can he hope to win, is a strange one in Minnesota. The people have learned that they know quite as much about their own interests as the bosses do, and they have been voting their own convictions for several years. By doing so they have brought about the best state administration in the history of the commonwealth, and the appeal to blind partisanship upon which Jacobson hopes to win will stir them to laughter and not to a reactionary revolution that would place the state a dozen years back in its progress.

Jacobson says the people usually scratch their tickets in the wrong place. We believe that they usually scratch their tickets in the right place, and that they are going to do it again in about a month.

MODERNISM AND PROGRESS.

If the resignation of Cardinal Merry Del Val, the papal secretary of state, means what the cables say it does, the world has occasion for applause. It is said that his departure from the Vatican means that the Catholic world of today objects to his stern and unrelenting opposition to modernism. In bringing about his retirement the most influential factors were the American and British prelates, but particularly Cardinal Gibbons and Archbishop Ireland. This is as it should be.

Modernism, we take it, is susceptibility to the influences of progress. Anti-modernism, on the other hand, is opposition to progress and to new ideas of almost any sort. Now no great force can stand still; if it tries, it ceases to be a force. If a political party tries to stay progress and to make the world stand still, it stagnates and presently succumbs to decay. The same thing is true of a church. The success of the fight against modernism would be very dangerous to the future of the Catholic church. It would put that vast and forceful organization in the attitude of opposing progress and of trying to cling to the past in fear of the changes of the future. It would establish its hostility to new ideas which could not be defeated by its opposition, and whose triumph in spite of its opposition would bring discredit to the church.

The Catholic church is too mighty, too vast and too useful a factor in civilization to be allowed to succumb to the paralyzing influences of stagnation and decay. It cannot stand still, and those of its councils who seek to make it stand still can only condemn it to retrogression if they succeed.

NOTHING TO WORRY ABOUT.

The legislature, at its last session, passed a law raising the pay of legislators.

The state constitution says that "no senator or representative shall hold an office under the state which has been created or the emoluments of which have been increased during the session of the legislature of which he was a member, until one year after the expiration of his term of office in the legislature."

Some of the members of the last legislature are candidates for re-election. The senators are all enlisted for another session, as their terms last four years while those of house members last only two years.

In several parts of the state candidates and others appear to be worrying over the possibility that the above provision of the constitution renders members of the last house ineligible for re-election, and in several instances it is said that opponents of such members are preparing to use this point against them.

None of them needs to worry, however. That matter was gone over very carefully during the session at which the pay of members was increased from $5 a day to $500 a year. If the provision quoted above did apply, it would make a great stir. For one thing, it would certainly apply to the senators, and as no senators are being elected this year, there would be no senate at the next session of the legislature.

But it doesn't apply. There is another provision of the constitution which governs this very matter, and it reads as follows: "No increase of compensation (for legislators) shall be prescribed which shall take effect during the period for which the members of the existing house of representatives may have been elected." This means that the legislature could not vote itself an increase of pay for the session then in progress, but there is nothing in the constitution to prevent its increasing the pay for the next session, or to prevent the members of that legislature from being re-elected to enjoy the increase in the next session.

Besides, there is still another provision of the constitution that makes all the talk about this point ineffective, even though there might be some face value to it. Article 4 of Section 3 of the state constitution says: "Each house shall be the judge of the election returns and eligibility of its own members." And if the seat of any member of the house were contested on the ground that he was a member of the last legislature, and that that legislature raised the pay of lawmakers, it isn't at all probable that the house would sustain the contest.

EFFECTIVE RELIEF MEASURES.

With ample funds assured with which to repair, so far as generous human impulses can repair, the havoc created by the recent forest fires, the forest fire relief committees are doing effective work, and as soon as may be the more glaring traces of disaster will be removed. Already the more urgent needs of the afflicted have been met, and those who have contributed to the relief fund have the assurance that the money will be well bestowed and carefully handled.

And that brings to mind the fact that seldom has an appeal in behalf of stricken humanity been met more promptly and more generously than in this case. Contributions poured in from all over Minnesota. Duluth and the iron range communities were naturally first with their relief measures, but the Twin Cities and many smaller communities of the state were not far behind. The response from outside St. Louis county has been larger than the most sanguine expected, and it is better even than the knowledge that need has been recognized and want supplied to know that there are so many warm hearts ready to welcome the chance to give for the relief of brothers in distress. Minnesota has done itself proud in this matter, and Duluth and St. Louis county have witnessed with full hearts the ready outpouring of sympathy and help that has flowed from all parts of the commonwealth.

There was need of better understanding and closer relations between this section and the rest of the state, and the forest fires seem to have brought these things about.

THE CANADIAN ELECTIONS.

In the coming Canadian elections the Liberals, after a long lease of power, appear to be confronted by much the same dangers that confront the Republican party in this country. Too long and too secure possession of political power does not seem to be altogether good for any party. Abuses are likely to creep in. Arrogance is likely to grow from undisturbed possession of the reins of government. Special interests that naturally seek affiliation with the more powerful party are likely to make their friendliness too evident, and their greed is likely to breed demands that go beyond discretion.

That is what has happened to the Republicans in the United States, and in a lesser degree it has also happened to the Liberals in Canada.

The general election has been called for Oct. 26, and the Liberals are asking the people for their approval, which involves restoring them to power. The Conservatives, like the "out" party in all popular governments, wish to become the "in" party, so they are making the most of the charges that have been made against the Liberal government.

The Liberals went into power as a low tariff party, ousting the Conservatives, who favor protection. Once in power, the Liberals proved themselves very far from free traders, and many of their more radical followers were disaffected by the failure of the Liberal government to demolish the tariff. Of late years there has been little of the tariff issue in Canadian politics, and the fight now is largely upon administrative issues. At the foundation of it all, of course, as the case is always, there is the desire of the "in" party to stay in, and the anxiety of the "out" party to get in.

The Liberals are charged with forgetting pledges, with gross extravagance in the conduct of public business, and with corrupt administration, particularly of the public lands. These charges are denied, of course, by the Liberals; who respond with claims that the unexampled prosperity of the Dominion has been due to the wise and forehanded Liberal government, and that it would wreck that prosperity to change the government. If they had quoted Lincoln in regard to "changing horses while crossing the stream" this would all have a still more familiar sound, and it sounds very like something we have heard before as it is.

On the whole, the Laurier government is clearly upon the defensive. The good times that the Liberals brought—to hear them tell it, like the good times that the Republicans brought this country—to hear them tell it, have been a little dimmed by the general effects of last fall's panicky disturbances, and this complicates the Liberal campaign somewhat. The present parliament has nearly a year yet to run its statutory length, but recent events have gone so strongly against the Liberals that dissolution and an appeal to the country was the only outcome. Last session the Liberals had 140 votes in parliament as against 74 Conservatives, but since then the Liberals have lost ground. This necessitated getting down among the people and talking it over; hence the Canadian campaign that is paralleling our own.

Moral—If you ever robbed a watermelon patch in your boyhood days, don't get into politics.

After election, the country will get back to business, whether it is under Bryan or under Taft. It wouldn't cease business even if the successful candidate were Chafin, Watson or Debs.

The unfeeling wretches, young and old, who are slaughtering the swarms of robins that are visiting Duluth, should be brought to a realization of the viciousness of their offense by the tightening halter of the law.

HOTEL GOSSIP.

The discussion was of politics. The place was the Lenox hotel. The men who were holding the impromptu debate were some traveling men, a professional man and a practical politician.

"I don't think that I shall take the trouble to vote," announced one of the traveling men. "You see, the difference in the two parties, to my way of thinking, is not very great. The difference in the two candidates is likewise not very great. I don't think it will make very much difference to the country, and certainly not to me, which of the two parties is most successful.

"Now, if the parties stood for something radically different, it would make it worth my while to go to the trouble of casting a vote. For instance, if one of the parties stood for the broader human principles; for the benefiting of mankind; for the prevention of child labor—for many measures that would greatly help this country, in a broad, American way—why, then, surely it would be worth while coming to a decision as to which of the tow parties would be the greater benefit to the country.

"Under the present conditions I can't see that it is going to make any material difference."

Then the politician woke up.

"There is all the difference in the world," he stated. "Even if there wasn't any great difference in the two parties, it is time that there was a change. The Republican party has held power too long. It is time that there was a change of officeholders. It is time that some of the fellows who have got out and worked for the party should have the opportunity of enjoying some of the fruits that go with victory. Some of those fellows have been holding office for the past twelve years; now it is time that they were made to get out and work like the rest of us.

"A change of party is a good thing for the country. It is a good thing for the men who work for the success of their party. If one party continues to hold power, what will be the use of politics? The Republican party has ruled the country long enough; it is time that the Democratic party was given a turn in the voice of the government. Even if there wasn't so much difference in the two parties, it is time that the party in power was given a time to rest and reflect. The change of air, as it were, will be good for the party and the country. We wouldn't have any political history to speak of, if there hadn't been changes of administrations. Elections stir up the country, but if the elections are all going one way, why, the country will become slow, will suffer from a torpid liver. Anyway, it is time that there was a change."

"You are both wrong," said the professional man. "The man who said that it wasn't worth while to vote was very wrong, and you who have stated that there should be a change on general principles are also very much mistaken.

"You said it wasn't worth while to vote because neither of the parties stood for anything that would affect you, or more remotely, in your opinion, the country. It is just such indifference as you are displaying that will result in no progress in government. Not that I mean to say that we, here in this country, haven't achieved progress, for we have. But it hasn't been the fault of men who didn't take the trouble to vote.

"You say that you believe in more broad human principles. How are you going to get your wish? Not by staying away from the polls on election day. The political changes in this country have come because the people wanted them. They have been expressed through the vote of the people. We are approaching broader and more progressive lines of government; more on the great human principle, that considers the welfare of the people and the morals of the nation. But we haven't come to this progress because people stayed away from the polls. It is because people have had convictions and have gone to the polls and voted for what they believed was right. If you lifted your voice for the principles of government that you believed were right, and voted for the party that you thought was right, you would be only doing your duty as a citizen. When you refuse to vote you are neglecting a plain, American duty, and you are delaying the progress of the very principles you profess to believe in.

"As to you who desire a change so that the victors may enjoy the spoils, as it were, you are on the wrong track, too. You are more than a decade behind the progress of the country. People in the old days voted the straight party ticket, because they believed more or less as you did. People are not voting that way today. The change has been more manifest in state government than in national government, but even in national elections it is the principles and the man that the right thinking voters are casting their votes for, officeholding, the spoils of office, the reward of the workers—these are the principles that animate only those who are blocking the progress of government, who are aiding in the corruption of political office. You are both wrong. Your principles are out of date, are growing more obsolete every day, and it is because of this fact that we are progressing. It is in spite of such principles that the forward movement is taking place."

Some one changed the subject.

• • •

Miss Pearl Petz, cashier of the Spalding hotel, was out fishing this week. It wasn't a case of the size of the fish that wasn't caught, either, for the lady returned with a fish, whose described dimensions have been the wonder of the week in Spalding circles, the political repartee and baseball excitement notwithstanding.

Miss Petz says that the trout she angled weighed over fifteen pounds. "It was this long"—and the lady held her hands at arms length apart.

"My, what a big fish," said the youthful clerk, and winked. Miss Petz noted the wink and gave the offender a reproving glance. He got busy with the forwarding directory.

No one doubts that the fish was a large one. Miss Petz was in a maze of stubborn figures at the time she was asked to indicate the length of the fish, or else maybe she wouldn't have stretched her hands a generous three feet, eight inches apart.

THE WEATHER.

A little warmer last night and today, but not much. Last night's lowest temperature was 34 degs., and yesterday's highest was 44 degs. This morning it was partly cloudy, after last night's rain preceded yesterday afternoon by blinding and big-flaked snow, and crisply cool. The weather man says it will freeze tonight and be warmer tomorrow. A year ago today it was clear and fine. There was frost on the walks in the morning, and the night before the thermometer got down to 30 degs.

The sun rose this morning at 6:06 and sets tonight at 5:50, making 11 hours and 44 minutes of sunlight.

Says Mr. Richardson of conditions: "The Saskatchewan storm has advanced its center to Lake Michigan, its easterly movement being attended by rain or snow in the lake region, the Upper Mississippi and Red River valleys and Western Canada, and higher temperatures in the western lake region and Central states. Areas of high pressure overlie the North Atlantic states, the Rocky mountains and plateau region attended by colder weather in New England and from Western Montana, Idaho and Eastern Washington northward to an including Alberta. Freezing and windy weather may be expected at the Head of the Lakes during tonight."

Following were last night's lowest temperatures:

Abilene	50	Memphis	50
Asheville	36	Miles City	48
Atlanta	50	Milwaukee	46
Battleford	28	Minnedosa	32
Bismarck	42	Modena	46
Boston	48	Montgomery	48
Buffalo	44	Moorhead	36
Cairo	46	New Orleans	58
Calgary	30	New York	52
Charleston	64	Norfolk	58
Chicago	48	Northfield	36
Cincinnati	38	North Platte	40
Concordia	52	Oklahoma	54
Davenport	48	Omaha	54
Denver	48	Phoenix	68
Denver	48	Pierre	48
Detroit	42	Pittsburg	40

Medicine Hat	38		

Department of Agriculture, Weather Bureau, Duluth, Sept. 30.—Local forecast for twenty-four hours ending at 7 p. m. Thursday: Duluth, Superior and vicinity, including the Mesaba and Vermilion iron ranges—Partly cloudy weather tonight and Thursday; freezing temperature tonight; warmer Thursday; brisk and moderately high northwest winds, decreasing in force Thursday morning.

H. W. RICHARDSON, Local Forecaster.

Chicago, Sept. 30.—Forecasts until 7 p. m., Thursday: Upper Michigan—Rain and colder tonight; Thursday fair with frost in morning.

Wisconsin—Fair tonight and Thursday; cooler tonight with probably frost.

Minnesota—Fair tonight and Thursday; frost tonight with cooler in south portion; warmer Thursday.

Upper Lakes—Brisk and high northwest winds, diminishing by Thursday morning. Fair Thursday, preceded by rain tonight on Huron, Superior and Northern Michigan.

"Statesmen" and "Politicians."

New York World: A New York society leader, seeking to explain the absence in America of the "political hostess"—who is one of the pests of English politics—declares that the ideal of such a hostess could not be realized here because we have only politicians, while England has statesmen.

No doubt most of Fifth avenue fondly believes this. A certain class of Americans who, to save their lives, could not tell which wing of the Capitol the Senate chamber is in, will discourse almost eloquently about the general inferiority of American public men to their English contemporaries.

Yet there is no English "statesman" today who commands the international reputation and personal influence of either Mr. Roosevelt or Mr. Bryan. There is no member of the English cabinet who is the intellectual superior of Mr. Taft, Secretary Root or Senator Knox. There is more actual government ability in the United States senate than in the house of commons, which has seven times as any members. As for prudent statesmanship, measures have been solemnly discussed by British cabinets in the last two years which could hardly command serious consideration from an Oklahoma legislature.

Fifth avenue may be confident of the general inferiority of American public men. Englishmen like James Bryce and John Morley are not so sure of it.

The Baseball Reporter.

I know they say Bill Shakespeare was a bird
At handing out the stuff in plays and things
And spieling off the stuff in fancy lingo or text
That set you up like drinking tony wines
But when it comes to really truly zip
That thrills your solar plexus till you're lame.
Why, William isn't in it for the fraction of a minute
With the man who dopes the story of the game.

C. Dickens, too, could sling the English some;
His mixing picture scenes of life are great.
And when it comes to pulling laugh or tear
He put it away slick across the plate;
But when you talk of stuff that's got the zip
That thrills your solar plexus 'till you're lame.
And thrills your solar plexus 'till you're lame.
Why, Dickens isn't in it for the fraction of a minute
With the man who dopes the story of the game.

Old Sophocles and Edgar Allan Poe
Could score a run 'most any time they tried—
Though they would surely starve along Park row;
But when it comes to really truly zip
That thrills your solar plexus 'till you're lame.
These spielers are not in it for the fraction of a minute
With the man who dopes the story of the game.

Our Emerson was something with the quill;
Subsisting on the brainy Boston beans.
His thinkery produced some mighty thought—
Though few can tell exactly what it means;
But when you brag of stuff that's got the zip
That thrills your solar plexus 'till you're lame.
Ralph Waldo isn't in it for the fraction of a minute
With the man who dopes the story of the game.

Old Chaucer, Milton, Pope and Moliere.
Old Sophocles and Edgar Allan Poe
Could score a run 'most any time they tried—
Though they would surely starve along Park row;
But when it comes to really truly zip
That thrills your solar plexus 'till you're lame.
That thrills your solar plexus 'till you're lame.
These spielers are not in it for the fraction of a minute
With the man who dopes the story of the game.
—EDWARD BRANCH LYMAN in New York Sun.

Tipsy.

Some men can kiss a girl, we're heard,
When out in a canoe
And not upset and not get wet.
And make her like it, too.
But it when aeroplanes come in
He tries it, then, you bet, she will
Have to sit still, you bet she will.
Or they will get a spill.
—Houston Post.

Bromides.

To platitudes mossgrown and gray
The campaign speaker clings.
And hands us out in solemn way
The undisputed things.
—Louisville Courier-Journal.

The Elephant.

The large and awkward elephant
Is not a beast of prey;
At least he never goes to church
On Sundays, anyway.

He never is a household pet,
And never sweetly sings;
The ladies cannot trim their hats
With feathers from his wings.

The milkman cannot milk him, and
He never lays an egg;
To keep him in his place you have
To hitch him to a peg.

He is of little use to man,
His charms are very few;
But if he was unknown what would
The poor cartoonists do?
—Chicago Record-Herald.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

•••Had any doubt existed in the minds of vesselmen or Duluthians as to the perfect success of Capt. McDougall's daring invention, the steel boat 101, that doubt must be dissipated now. The testimony of her own captain and crew and of the master of the Hiawatha which pulled her into Duluth yesterday is convincing. When she was launched the cranks and wiseacres both on sea and on shore prophesied that she would not steer and that she would tow hard. Both opinions were soon proved totally false, and now the last prop is knocked from under the pessimists by her splendid action in as severe a storm as has swept Lake Superior for many years. That the 101 type is destined to become the leading style of vessel on the Great Lakes and perhaps on the ocean is amply demonstrated.

•••M. M. Gasser has brought suit for $1,155 damages against the city for groceries destroyed during the recent floods.

•••The Hercules Power company will erect a depository and storehouse a mile north of the city limits near Glen Avon farm.

•••John Brown of Kilmarnock, Scotland, the gardener of the new cemetery association, arrived a short time ago from his old home with his family and is already laying out and arranging the cemetery grounds.

•••F. C. Jones of the firm of Merriam & Jones, real estate dealers, started for Detroit, Minn., a few days ago, on a hunting trip. On the way his satchel containing ammunition, etc., was stolen, and he is now visiting in Minneapolis with friends and relatives.

•••Roderick McKenzie will excavate for the buildings of the car company at West Duluth.

•••Mike Chalk is authority for the statement that nearly 100,000 people have traveled on the tugs and small boats to pleasure resorts in and about Duluth this season.

•••J. C. Eckert and wife left today for their home in Fort Wayne, Ind.

•••Maj. Wells looks happy since his return and says he will sojourn in Duluth this winter and get fat. Mrs. Wells accompanied him home.

•••Postmaster John Flynn returned last night from Chicago, accompanied by his wife, who has been visiting relatives in Pennsylvania.

•••Charles C. Brown gives notice that on or before Dec. 1, 1888, he will leave Duluth permanently and he desires to leave a straight record behind him. He therefore requests all persons to whom he is indebted to send him statements, as he will be able in a short time to pay them and will take pleasure in doing so.

•••J. F. Baars, Jr., the pine land man, has returned from an extended Michigan trip.

GOVERNOR JOHNSON.

Fergus Falls Wheelock's Weekly: The cry of "No third term for governor," which was raised immediately following Johnson's nomination has died out since it has become generally recalled that John S. Pillsbury was elected governor for three successive terms by Republican votes. The rule is a good one, and it will ever be enforced against unworthy men, but there is absolutely no reason why exceptions should not be made occasionally when voters of all parties unite in favor of a man of exceptional qualifications; as was the case when Pillsbury was chosen the third time and as will be the case this year.

Waverly Star: The popularity of Governor Johnson seems to be increasing with leaps and bounds notwithstanding the fact that he is already standing the fact that he is already the most popular man in the state and received the greatest majority ever secured by a Minnesota governor. Many Republican papers are supporting Johnson this year because they know he is the right man for the place, having been tried and found not wanting. They realize that he is big enough for the position and are not quite sure whether the Republican candidate can measure up to the standard or not. The very fact that he attempted to throw the blame for the extravagance of the Republican legislature onto the governor's shoulders in his keynote speech at Duluth shows his poor judgment and short-sightedness. He pointed out the extravagance all right, but to his own sorrow the people know where to place the blame.

Anoka Free Press: Next time some one objects to Johnson on the ground that it would make him a third termer, ask him why he works and votes in each succeeding campaign for the re-election of men who have held office not only two and three terms, but ten, twelve or more terms in succession. The third term objection should find no foothold where the voters support the same men for the same offices for a generation or more.

Perham Enterprise: The Pioneer Press now says it wants a governor who does things. The files of the Pioneer Press will show that we have that kind of a governor now. But the Pioneer Press, and that time it has been "doing things" to the special interests which are back of the Pioneer Press, and that's where the shoe pinches. Here is what the Pioneer Press said of Governor Johnson on April 4th last:

"He is, as his record shows, as progressive and as stern a believer in reform as any political leader now in public view, but at the same time he is careful and conservative in his methods. He is just like Roosevelt, only a little tamer."

Middle River Pioneer: The Republican papers of the state as a rule are not making any fight against Governor Johnson. It would have no effect if they did, for all that would be necessary for Johnson and his friends to do would be to resurrect their files of a few short months ago wherein they frankly commended him in words of fulsome praise.

Anoka Free Press: It isn't a question of Johnson's election. That is as certain as is tomorrow's rising sun. It is a question of majority. Can he get a majority commensurate with the demand put forth for him to run, and one that will recompense him for the sacrifice he made in accepting the nomination? That is the question which his friends should bear in mind.

Thief River Falls Press (Rep.): Admittedly John A. Johnson could never have been elected governor of Minnesota without the aid of thousands of votes gathered from a party opposed to his election. Having supported him twice, should these independent voters help to elect him a third time? In no particular has Governor Johnson failed to "make good" in his second term the promise of brilliance and stability set forth in his two first years in office. Not only is his record as a competent state official unimpeached, but he has expanded beyond the limits of Minnesota and has acquired a national reputation as a speaker of brilliance, an official of strong executive ability and a man of clear views and sterling honesty.

Pointed Paragraphs.

Chicago News: His Sanatic majesty finds flirting for idle girls to do.

Beware of a suspicious man; he's apt to judge others by himself.

Take with a grain of salt what a man says about his side of the case.

Many an operation is due to the fact that the doctor needs the money.

The greatness that is thrust upon a man is apt to annoy his neighbors.

And a married woman is always harping on the fact that she earns more than she gets.

We all make mistakes, but there is no excuse for making the same mistake repeatedly.

You can believe every word an honest gambler tells you—but the difficulty lies in finding one.

How a man does hate to be called down by a woman when he is repeating a choice bit of gossip!

Ever notice how much easier it is to get up early in the morning when you do not have to go to work?

It sometimes happens that a liar tells the truth because he is unable to think of an appropriate substitute on the spur of the moment.

Reflections of a Bachelor.

New York Press: A man who will admit he's a liar generally isn't as big a one as the fellow who won't.

No matter how smart a man's wife thinks he is he knows he is a great deal more.

The thing that inspires a man to want a public office is how he hates to work for his living.

If a woman had to choose between a good figure and a good complexion, she would decide for the curly hair.

There would be no objection to people thinking how smart they are if they would keep it to themselves.

A Wrong Idea Corrected.

Milwaukee Sentinel: One troupe of chorus girls has been provided with chaperons. And we always thought it was the men needed protection.

MEANT TO BE FUNNY.

Kansas City Times: "Rockefeller is said to be very shy."

"Who wouldn't be, after being fined $29,000,000?"

Philadelphia Telegraph: Hamlet—What is your favorite role?

Horatio—One with a hot sausage between.

Judge: Banks—That scare a birthmark?

Tanks—Yep, Pullman upper.

Philadelphia Inquirer: Visitor—What made you a thief?

Prisoner—Circumstances; the same thing that made you a gentleman.

Chicago Daily News: Dorothy, aged 5, who had been very ill, was much impressed with the wisdom of the family physician. "Why, mamma," she said one day, "if I wanted to die, I couldn't, 'cause Dr. Blank wouldn't let me."

Exchange: "Mrs. Jenks, if you were a kind lady with 5 cents she didn't need, an' I was a little hungry that didn't know any better an' asked her for it, do you think she could maybe afford to lend it to him if I promised her faithfully that he'd pay you back?"

Washington Star: "Nature makes nothing in vain," said the philosopher.

"Perhaps," answered Col. Stillwell. "Though I can't quite explain the presence of a great big beautiful mint bed in a local option county."

Judge: Son—Father, what's a music critic?

Father—He's a fellow that all music seems to irritate.

Washington Herald: "Mister, I don't know where my next meal's coming from.."

"You're in no great trouble," retorted the press humorist, "if you don't know where my next joke's coming from, and that's a fact."

Washington Star: "What we want," said the campaign manager, "is your assistance in making the ticket popular."

"I understand," answered the vice presidential candidate. "I have spent years in building up this little popularity enterprise, and now I've got to be absorbed by the big interests."

Philadelphia Press: "Whew! Isn't this weather the worst you ever saw?"

"No, sir. No weather is the worst I ever saw."

Chicago Record-Herald: "I understand, sir, that you are possessor of a swollen fortune."

"Well," gruffly answered the beautiful girl's father, "what is that to you."

"I merely thought that I would give you due notice of my intention to help take the swelling out of it. Myrtle and I are going to be married."

"Struggling Along."

New York World: Few things in the recent newspapers can have more keenly interested women readers than the pathetic plea made by the tearful counsel of a lady who seeks a legal separation from her husband, and who in the meantime is "struggling along" on a separate maintenance of "only $25,000 a year." The opposing counsel in effect admitted that $25,000 is grossly inadequate when they said that the plaintiff had pledged her husband's credit for $160,000. Of course, only dire need could have driven her to a step so distasteful!

A correspondent of the World yesterday described in terms that riveted attention how he saw a starving man in a park pick up and furtively gnaw a bit of dirty bread. The woman who has only a million and moves or wishes to move in the society of multi-millionaires does possibly have more unhappy time "struggling along" on what to her is a pittance than the busy housewife with a few hundreds a year to spend and no time to be unhappy about society conquests, and the poor fellow gnawing his crust in the park her sorrows must seem fantastic.

How much happier would average mortality be if all the "strugglers" among the near-rich and honest work to occupy their minds and hands, and if the man who gnaws his crust in the park had food, a home and a job!

Why Debs Runs to Lose.

Lincoln Steffens in Everybody's: The trouble with Debs is that he puts the happiness of the race above everything else; business, prosperity, property. Remarking this to him, I said lightly that he was therefore unfit to be president.

"Yes," he answered seriously, "I am not fitted either by temperament or by taste for the office, and if there were any chance of my election I wouldn't run. The party wouldn't let me. We Socialists don't consider individuals, you know; only the good of all. But we aren't playing to win; not yet. We want a majority of Socialists, not of votes.

"I am running for president to serve a very humble purpose; to teach social consciousness and to ask men to sacrifice the present for the future, to throw away their votes' to mark the rising tide of protest and build up a party that will represent them. When Socialism is on the verge of success the party will nominate an able executive and a clear-headed administrator; not —not Debs."

AMUSEMENTS.

SULTAN NEED NOT DISAVOW HOLY WAR.

Paris, Sept. 30.—Having received replies from all the powers to their joint note on the Moroccan situation, France and Spain are engaged in preparing a reply in which, it is expected, the reservations made by Germany, Austria-Hungary and Italy will be met satisfactorily. The notification of Mulai Hafid of his recognition as sultan of Morocco by the dean of the diplomatic corps in Tangier will be conceded, and no formal disavowal of the holy war will be exacted of him. The negotiations regarding the reimbursement of the expenses incurred by France and Spain at Casa Blanca are proceeding amicably.

Passengers Are Safe.

Seattle, Wash., Sept. 30.—No attempt was made during the night to float the steamer Humboldt, which went ashore yesterday off the Vancouver Island coast. It will be necessary to lighten the vessel before she can be pulled off the rocks. The passengers, numbering thirty-eight, were transferred to the fishing steamship Edith and returned to Seattle.

CHILD IN PLAY FALLS ON KNIFE

Blade Inflicts Wound in Breast; No Serious Results Feared.

While playing with an open pocketknife late yesterday afternoon, John Mathewson, the little son of D. Mathewson of 122 South Fifty-seventh avenue west, accidentally tripped and fell upon it, the blade piercing the lad's breast between the fifth and sixth ribs on the left side, and making what appeared to be a very dangerous wound.

Medical assistance was immediately called and the cut, which was about an inch and a half long, dressed. The doctor told the worried parents that they need have no great anxiety, as the child was in no danger, though he had narrowly escaped wounding himself very seriously.

MEETING WELL ATTENDED.

West Duluth Division of Sunday School Association Formed.

The Duluth Sunday School association met last evening at the Westminster Presbyterian church, and the subject of training Sunday school teachers was discussed. Rev. J. A. McGaughey of the Y. M. C. A. and W. L. Smithies of the First Methodist church made addresses. This was the first meeting of its kind ever held in West Duluth, and it was very well attended, representatives from many of the different Sunday schools of the city being present.

For being the best represented Sunday school at the gathering, the Westminster Presbyterian school was awarded the banner offered by the state association. To secure this banner they must have the largest representation at two consecutive meetings. The following officers of the West Duluth division were elected for the coming year: I. G. Wallan of the Asbury M. E. church, president; Charles Towner of the Westminster Presbyterian church, secretary.

Repairs Are Made.

The much needed repairs on North Central avenue have been made and for the present at least the street is in fair shape, though there is still room for improvement. There were two very dangerous places on the avenue, one at Elinor and Central and the other in front of the Irving school. These have been fixed, so that they are no longer a menace to drivers and the children at the Ely school.

West Duluth Briefs.

Miss Anna Brown leaves for Virginia today, for a short visit.

N. E. Jesmer of Seattle, Wash., formerly of Princeton, Minn., was in West Duluth today on business.

In honor of Rev. and Mrs. Roderick J. Mooney's silver wedding anniversary, the ladies of the St. Andrew's Guild, will give a reception on Friday evening at the Holy Apostles' Episcopal church. No written invitations will be issued, but a general invitation is given to all to attend, and it is hoped there will be a large attendance.

The ladies of the W. C. T. U. of West Duluth, will meet tomorrow afternoon at the home of Mrss. Swangie, South Fifty-eighth avenue west.

Miss Laurette Mason is spending a week at Virginia.

The funeral of Elias Berger of Fond du Lac, was held this morning from the St. James Catholic church. The interment was at Calvary cemetery.

Mr. and Mrs. S. J. Nygren are expected home tomorrow, after a tour of the southern part of the state in their automobile. They left Fergus Falls yesterday.

William J. Ire of Seventy-first avenue west, has returned from a trip in the West. While away he visited Bitter Root valley in Oregon and was very much pleased with it as a fruit country.

The funeral of William Marvin, the 10-months-old son of Mr. and Mrs. Frank Kuchenbecker of 521 Central avenue, who died this morning, will take place Friday afternoon, with interment at Oneota cemetery.

For ren—a number of three and four room flats; all new, hardwood location; low rent. Inquire of L. A. Barnes, Woodward Building, West Duluth.

Watch repairing. Hurst, West Duluth.

WOULD RETIRE THE GREENBACKS

President Powers Addresses Bankers' Association; Topic, Panic.

Denver, Colo., Sept. 30.—President J. D. Powers, in his annual address today before the American Bankers' association, devoted practically his entire time to the recent panic and his opposition to the propositio nto guarantee bank deposits, which he said would not have been heard of in the present political campaign had there been no financial panic.

Of the panic he said that few financial storms occur without attending benefits, frequently—greater than the disaster wrought. The unhealthy conditions that surrounded many banking institutions in New York required just such heroic treatment to allay the money-mad fever which had possessed them. The banks suffered by allowing the borrower rather than the lender to fix the price of collaterals pledged for loans.

"Now that the panic is behind us," he said, "let us look to the needs of the present. Let us do this by a calm and dispassionate examination into our general banking and financial policy and especially our currenc system."

He did not believe this could be done through the ordinary channels of mere legislation. It must be the work of experts and not of theoretical financiers. "They should be," he declared, "men who understand the necessity for and importance of ridding the government of the dangerous legal tender greenbacks by their final redemption and retirement; by a sane and safe means of gradual change from our bond secured currency to a system that proved sound by the experience of other countries."

ROOSEVELT MAY TAKE THE STUMP

But Loeb Says He Does Not Now Intend to.

Washington, Sept. 30. — Secretary Loeb today said President Roosevelt has no intention at present of making a speaking tour in behalf of Taft. Many invitations have been received by the president, but he has never stated that he will take the stump.

When asked whether, if the situation took such a turn that the president might consider that making a speaking tour would materially aid the Republican cause, Mr. Loeb said the president in that event might take the stump.

SCORES PROGRAM OF SOCIALISTS

But Woodrow Wilson Admires Basic Principles of Socialism.

Denver, Colo., Sept. 30.—President Woodrow Wilson of Princeton, addressing the American Bankers' association Friday said:

The abstract principles of Socialism it is not difficult to admire. They are, indeed, hardly distinguishable from the abstract principles of Democracy. The object of the thoughtful Socialist is to effect such an organization of society as will give the individual his best protection and his best opportunity, and yet serve the interest of all rather than the interest of any one in particular: an organization of mutual benefit, based upon the principle of the solidarity of all interests.

But the program of Socialism is another matter. It is not unfair to say that the programs of Socialism so far put forth are either utterly vague or entirely impracticable. That they are now being taken very seriously and espoused very ardently is evidence, not of their excellence or practicability, but only of the fact to which no observant man can any longer shut his eyes, that the contesting forces in our modern society have broken its unity and destroyed its organic harmony—not because that was inevitable, but because men have used their power thoughtlessly and selfishly, and legitimate undertakings have been pushed to illegitimate lengths.

There has been an actual process of selfish segregation, and society has so reacted from it that almost any thorough-going program of reintegration looks hopeful and attractive. Such programs cannot be thrust aside or defeated by mere opposition and denial; they can be overcome only by wiser and better programs, and these it is our duty as patriotic citizens to find. The only forces that can save us from the one extreme or the other are those forces of social reunion and social reintegration which every man of station and character and influence in the country can in some degree and within the scope of his own life set afoot. We must open our minds wide to the new circumstances of our time, must bring about a new common understanding and effect a new co-ordination in the affairs which most concern us. Capital must give over its too great preoccupation with the business of making those who control it individually rich and must study to serve the interests of the people as a whole.

Taft In Bryan's State.

Wayne, Neb., Sept. 30.—William H. Taft began the second week of his campaign through the North and West, by an advent into the home state of his chief opponent, William J. Bryan. This afternoon and evening will be devoted by the Ohioan to the Nebraskan's home town, Lincoln, where Mr. Taft will make five speeches.

There Are No Better Clothes Made

Than Cohn, Frank & Co., Buffalo, N. Y.

Produce—the honesty of all materials used, the thorough, careful tailoring, and the correct accuracy of style, have made them the acknowledged first among all clothing makers of the country, and we have the pick of the line.

409-411 West Superior Street.

BEDE CALLS TAFT "UPHOLSTERED"

The Republican Nominee Makes Ten Speeches in One Day.

Sioux City, Iowa, Sept. 30.—Tariff revision mostly downward, but in some instances upward, and notably on pottery, was the keynote of Candidate Taft's ten speeches yesterday. His voice permitted him to be heard fairly well.

His speaking assistant during the day was Representative J. Adam Bede of Minnesota, who jokingly referred to the candidate as the "upholstered statesman." He said the great distinction between Taft and Bryan was that you could see Taft much farther than you could hear him, and you could hear Bryan farther than you could see him, or ought to follow him.

Hearst Settles Bill.

Milwaukee, Wis., Sept. 30.—William R. Hearst has settled the suit of William Kirschheim, of the town of Granville, for a bill of $48, incurred by a representative of Mr. Hearst when he was a candidate for the Democratic nomination of president, in 1904, by sending a check for $20 and paying the costs of the suit.

STATE HOSPITAL IN DANGER ZONE

Upper Michigan Institution Saved From Fire by Welcome Rain.

Newberry, Mich., Sept. 30.—(Special to The Herald.)—This section was visited by fine rains Sunday and Monday, which broke a long and severe drought. The country was parched and there were many local fires, reaching within one and a half miles of Newberry.

One forest fire had been burning for several hours, near the state hospital building, which caused no little anxiety. The rain is a great boon to the celery growers, as it will make sure the late fall crops and ensure fine quality. There are about ten acres of the fall variety, averaging 2,000 stalks per acre. This is grown by local gardeners.

They Take the Kinks Out.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown of Pittsfield, Vt. Guaranteed satisfactory at all drug stores, 25 cents.

BOSTON FERNS!

We have too many ferns and need room. We also "need the money." For a short time we offer as fine a lot of SWORD FERNS as we have ever grown at about half price. See the plants in our window at 50c, 75c and $1.00 each.

W. W. SEEKINS, Florist,

302 East Superior Street.

NEWS OF THE NORTHWEST

THIS TAFT IS MISSING

Not Candidate, But Well Known Grand Rapids Logging Man.

Started for Crookston Two Months Ago, Dropping From Sight.

Crookston, Minn., Sept. 30.—(Special to The Herald.)—Where is Taft; not "Bill" Taft of presidential candidate fame, but just plain J. W. Taft of Grand Rapids, Minn., a well known logger who started for Crookston two months ago, then dropped out of sight?

When he left Grand Rapids he said he was coming to Polk county to the old Buffington farm, northeast of this city to see E. H. Barnes, the present owner of the place, in an endeavor to secure work for his horses till cold weather.

Mr. Barnes had sent his horses to work in the woods to work for Mr. Taft for many years, and nothing was thought of the non-appearance of Taft for some time. Finally Mr. Barnes was communicated with and it was learned that Mr. Taft had never put in an appearance at the Buffington farm at all.

A brother, who worked for a farmer named Armstrong, near Buffington, was written to, but knew nothing of Taft's whereabouts. C. A. Tullar, a prominent resident of Grand Rapids took the matter up and he has been unable to find anything of Taft, though he has searched high and low.

Charles Forest, a brother-in-law of the missing man, has instituted a search for Taft and has received absolutely no word of him.

Taft has a wife and one child who want to hear of his whereabouts. He is described as short, thick-set, about 50 and smooth faced.

About thirteen years ago Taft disappeared and is said to have been absent for six years when he suddenly reappeared. He gave no explanation, but took up his business where he had left it and has been attending to it ever since till his disappearance two months ago. So far as known there was nothing in connection with his affairs that would lead to his disappearance, and opinions is divided as to whether he has made away with himself, has been the victim of foul play, or has strayed off in a state of mental abberation.

CAMPAIGN CLUB FORMED.

Cass Lake Republicans Organize for Party Work.

Cass Lake, Minn., Sept. 30.—(Special to The Herald.)—The Republicans of Cass Lake held a largely attended meeting Monday night and organized a Republican club to promote the success of the Republican party at the polls: The following officers were elected: President, N. N. Hardings; first vice president, George Lydick; second vice president, Charles Tedford; secretary, P. M. Larsen; treasurer, Charles Grahanm; executive committee, S. C. Close, W. E. Dexter, V. W. Duffy, E. L. Warren.

DYNAMITE USED TO HALT BLAZE

Drastic Measures Are Invoked in Fighting Fire at Stillwater.

Stillwater, Minn., Sept. 30.—One of a group of a score of large warehouses and factory buildings of the Northwest Thrasher company was destroyed by fire Tuesday noon, entailing a loss of $5,000, with $1,500 insurance. The building was directly across the street from the state prison. A strong gale was blowing, but fortunately toward the St. Croix. Great piles of edging in the yard became ignited. The departments of the city and prison, with hundreds of men, made a hard fight, and fortunately other buildings were saved. Dynamite was used to prevent the flames from spreading.

NORTH DAKOTA LOANS.

Winona Banker Says They Are Giltedged.

Bismarck, N. D., Sept. 30.—F. A. Rising of Winona, Minn., treasurer of the Winona Savings bank, is in the city. He has been in the habit of visiting the state for the last twenty-five years in the interest of the bank he represents. It has loaned in the past thousands of dollars in the Red river valley and then in the central part of the state, and now he is looking at the western section as an outlet for its accumulating funds. The business in North Dakota has been very profitable. The loans in North Dakota are now well up toward a million, and there is not a mortgage in process of foreclosure, nor does the bank own an acre of land in the state.

THE RHODES SCHOLARSHIP EXAMINATION DATES CHANGED

Fargo, N. D., Sept. 30.—President Webster Merrifield, of the North Dakota University, chairman of the Rhodes scholarship trust for North Dakota, announces that there has been a change made in the date for the examination for Rhodes scholarships. President Merrifield's announcement is as follows:

"A recent communication from Mr. George R. Parkin, trustee of the Rhodes Scholarship Trust for America, announces that the qualifying examination for the Rhodes scholars to be elected for 1910 will be held in October, 1909, instead of January, 1910, as previously announced."

GEORGE BRUNELLE BURIED.

For Many Years Red Lake Falls Chief of Police.

Red Lake Falls, Minn., Sept. 30.—(Special to The Herald.)—The funeral of George Brunelle, for twenty-five years chief of police here, who died Sunday night, in a Crookston hospital, from the illness resulting from a carbuncle on his neck, was held this morning from St. Joseph's church, Rev. Father Fayolle officiating. Mr. Brunelle was 50 years of age, had been a resident of Red Lake Falls for thirty years. He had a very wide acquaintance and was of a genial, charitable disposition, making him popular with all who knew him.

Deceased leaves a wife and five children, a daughter, Mrs. Joo Bray, and four sons, Cash, Clem, Paul and Morris.

DEANERY AT BRAINERD.

Convocation of Duluth Diocese is Being Held.

Brainerd, Minn., Sept. 30.—(Special to The Herald.)—The convocation of the Mississippi Valley Deanery of the Duluth Diocese of the Protestant Episcopal church began here last evening with evening prayer and a sermon by Rev. H. L. Burleson.

This morning there will be holy communion, morning prayer, conference of the clergy and meditation by the bishop and prayers for missions.

The session will close this afternoon with the following program:

"The Value of a Definite Creed"... Rev. Erik Forsberg.

"The Place of the Eucharist in Our Worship" ..... Rev. George E. Platt.

"How to Build Up a Parish?".....

(a) "The Parish—Its Purpose and Its Organization" ..... Rev. J. R. Atwill.

(b) "Duties, Responsibilities and Privileges of the Rector"..... Rev. Charles O. Wright.

(c) "Duties, Responsibilities and Privileges of the Vestry" ..... Rev. S. L. Mitchell.

(d) "Rights and Responsibilities of the Laity" ..... Rev. E. M. Davis.

(e) "Cordian and Sympathetic Understanding and Co-operation by all" ..... Rev. H. F. Parshall.

5:00 p. m. Recreation.

7:30 p. m. Missionary meeting.

Two addresses by clergy present.

WORLD'S GREAT STATESMAN.

President of Wisconsin University Lands President.

Madison, Wis., Sept. 30.—In an address before the Farmers' National congress, President Charles R. Van Hise of the State university warmly commended President Roosevelt for the stand he has taken on the conservation of national resources, and predicted that the president would be heralded as one of the greatest statesmen in the history of the world.

"There may be great differences of opinion among men concerning the political acts of President Roosevelt, but there can be only one view of him in the matter of forest conservation. He will be placed as not only one of the great statesmen of this nation, but as one of the greatest of all times."

ONE CANDIDATE WHO DID NOT SPEND CENT.

Madison, Wis., Sept. 30.—Jacob Rummel, Social Democratic candidate for United States senator, has filed his expense account with the secretary of state. He says he had no expense. Avery T. Hanson, Republican candidate for congress in the Fourth district, spent $562.52.

PUTS STRYCHNINE INTO BEER.

Rochester Man Chooses Novel and Successful Suicide Route.

Rochester, Minn., Sept. 30.—Robert E. Lemmens, about 26 years of age, committed suicide here in a novel way. He went into a drug store and secured a dram of strychnine, informing the druggist he wanted it for rats. Then he entered a saloon and bought a glass of beer. He then poured the poison into the beer.

An attempt was made to prevent him from drinking, but, grasping the glass, he rushed into the street, where he swallowed the contents and threw the glass into the gutter. He at once rushed to a nearby doctor's office, but could not be saved.

Lemmens came to this city about two months ago and for six weeks has been chauffeur for C. F. Fisher. His mother is reported to be in San Francisco, his father in Chicago, and he has a brother in Minneapolis.

FARMER BREAKS NECK.

Menominee, Wis., Sept. 30.—Frank Smith, a young farmer living at Downeville, fell off his wagon while loading logs yesterday and broke his neck. Death was instantaneous. He leaves a wife and three children.

SOO MUST PAY BIG FILING FEE FIRST.

Madison, Wis., Sept. 30.—In the case of the state ex rel the Soo line, respondent against the railway commission of Wisconsin, the supreme court ruled yesterday that before the road can obtain an order from the rate commission permitting it to increase its capital stock from $21,000,000 to $42,000,000 it must amend its articles of incorporation and pay a niling fee of $21,000.

Veteran Auctioneer Dead.

Minneapolis, Minn., Sept. 30.—(Special to The Herald.)—Lindley H. Wiggin, for many years an auctioneer, and conspicuous figure in the early history of Minneapolis, died Monday at the home of his daughter, Mrs. Charles A. Allen, 4018 Lyndale avenue south. He came to Minneapolis in 1860 and has resided here ever since. Up to two years ago, when he was taken sick, he followed his vocation as auctioneer. He was 72.

Strenuous Cripple.

Chippewa Falls, Wis., Sept. 30.—Because he was ejected from an interurban car at Lake Hallie, George Wells, a cripple, took his crutch and broke five windows, causing the passengers to become almost panic stricken. When Wells was arrested he tried to take a revolver from an officer.

DAKOTA BRIEFS

Fargo, N. D. — John Loukis, who made a sensational attempt to abduct Sophia Severson from the John E. Anson farm southwest of Fargo, was arrested Monday morning by Sergeant Coleman of the Fargo police force and is now in the city jail awaiting trial.

New Rockford, N. D.—The annual meeting of the North Dakota Congregational association was held here last week. About the most important matter acted upon was an indorsement of the proposed amendment for the intiiative and referendum according to the Ueland bill.

Devils Lake, N. D.—Fisheries Car No. 3 of the bureau of commerce and labor, which arrived in Devils Lake, Sept. 23, has discharged its cargo of fish—1,500 black bass, 500 catfish, 250 croppie, and 800 yellow perch being placed in Mission bay and Court lake.

Jamestown, N. D.—A. J. Voight, wife and son came in from Leeds and left Sunday for Portland, Or., where they will spend the winter. Mr. Voight recently sold his Leeds newspaper property, and will not go to the Isle of Pines until next spring as reported.

Fargo, N. D.—C. B. Kelley, proprietor of the Fargo dye house, broke a finger of his right hand in attempting to save himself from a bad fall last week.

Grand Forks, N. D.—The fox that has been held in captivity at the International avenue fire department headquarters managed to secure its freedom some time Sunday evening and had the whole night for an outing. Chickens are said to have suffered as a result of his short excursion into the world.

Dickinson, N. D.—The case of Joe Le Clair, who was the victim of a serious accident at the depot a little over three weeks ago, when his skull was badly crushed, is one which will become famous in medical circles. Le Clair's recovery is very remarkable and unusual, and on this account of much general interest.

Jamestown, N. D.—Several days ago Prof. Berger jumped from the veranda of the second story to the ground and sustained a fractured leg as the result. Dr. Baldwin expresses grave doubts as to his recovery, but says everything is being done that is possible to make him comfortable.

Grand Forks, N. D.—Joe Carroll was arrested Sunday afternoon at Fargo and brought to Grand Forks to face a charge of rape. Lucile Pierce is named in the compiaint as the state's main witness.

WISCONSIN BRIEFS

Oshkosh—A loss of about $5,000 was sustained by the Hollister, Amos & Co., by fire in its lumber yard on Saturday night. IFre destroyed four piles of pine and hemlock lumber and four piles of hemlock timber.

Milwaukee—William H. Perrigo, a pioneer resident of the city, for many years a leading grain dealer and owner, with a brother, of the property now known as Perrigo park on the South side, died suddenly Sunday morning at his residence, 440 Reed street, after an illness of several days, at the age of 83 years.

Oconomowoc—While out hunting with a party of friends Monday A. A. Eastman was accidentally shot and as a result will lose his right eye.

Bayfield—While cleaning away underbrush on his land near his summer home at Salome, Charles Leihy found two flintlock guns, relics of the last famous battle fought by Indians in this section, which took place between Salmo and Sioux river.

Chippewa Falls—While working in a sugar beet field on his farm near Turtle Lake, Jacob Kasper became ill and a few minutes later fell dead from heart disease.

Hudson—Jacob Martinson, aged 35, who assaulted Mrs. Torger Halvorson, aged 70, at Deer Park Sept. 3, from the effects of which she died, was sentenced to twenty-five years imprisonment by Judge Helms Monday. He pleaded guilty.

Beloit—Andrew Hoaglund, for the past twenty years a resident of Mason and Beloit, died Saturday after a lingering illness, leaving a wife and seven children. He was a member of the I. O. O. F. and of the M. W. A. The funeral was held Tuesday at Beloit, Rev. M. Johnson officiating.

Ashland—Miss Lynn Puffer of this city, who has accepted a position as a teacher of vocal in the large Topeka, Kan., college, has been appointed solist for the Topeka cathedral.

PENINSULA BRIEFS

Calumet—The marriage of Miss Gertrude Sincock, daughter of William Sincock of Blue Jacket, and Dr. Charles E. Rowe of Lake Linden was solemnized Tuesday noon at the home of the bride. The young people are both well known in Calumet.

South Range—John Laffia was bound over by Justice Jarvis of South Range to the circuit court in bonds of $1,000, the charge being assault with intent to do great bodily harm less than murder. The complainant in the case is Isaac Martikkala, who states that Laffila slashed him severely across the cheek with a knife.

Houghton—There were confined in the Houghton county jail during the six months from Feb. 29 to Sept. 1, no less than 487 prisoners, or nearly twice as many as for the first six months of the fiscal year, the total being 759. The county board of jail inspectors Saturday inspected the county institution, and the figures are the result.

Hancock—Miss Ella Powers left Monday for her home in Duluth, after a week's visit with friends in Hancock. J. H. Pearce, accompanied by Misses Alice and Catherine Foley, left Friday for an extended trip through the Northwest.

Calumet — Owing to recent water troubles in the village of Red Jacket, the Calumet & Hecla Mining company has installed a temporary main water meter at the rear of the Union building, which will do until a new meter arrives.

Laurium—The Prohibition party of this district will hold its first big rally next Saturday night in the Laurium town hall. Rev. W. E. Marvin of the Hancock M. E. church will be the principal speaker of the evening. All of the Prohibitionists on the county ticket will be present.

Germfask—Ed Menerie and family are making arrangements to leave Germfask to locate in the far away golden West. They have resided in Germiask for many years and have many friends who will regret to learn of their intended departure.

Hancock—Gus Kehl of Houghton left Sunday for Chicago, and from there will join friends now visiting in the East. He will be absent for some time, and rumor has it that his trip is significant in that he will return with one of Hancock's fair daughters now in the East, as his bride.

Negaunee—Sam Dozi, one of the three Italians recently acquitted of the charge of murder in the circuit court, has gone to Dillonsvale, Ohio, where he expects to locate permanently. Several of the witnesses at the trial have also left the Swanzey range, some of them going to their old homes in Italy.

Ishpeming—The Ishpeming lodge of the United Workmen has given up its lease on the Heineman hall and is selling its furniture. Another meeting place will be secured. The lodge has about seventy-five members, who make their insurance payments direct to the supreme lodge officers.

Marquette—Miss Alice Goulette of Sidnaw stopped over here Monday to visit with friends on her way home from Duluth. Mrs. Standish and son left Monday for their home at San Pedro, Cal., after an extended summer stay in Marquette vicinity.

Hancock—Miss Ella Powers, who has been visiting friends in Hancock for the past several days, has returned to Duluth.

MINNESOTA BRIEFS

St. Paul—John Lane, 28 years old, dropped dead from heart failure in a saloon at 221 East Seventh street Monday. He was a railroad cook, and so far as known had no relatives in this part of the country. The coroner has telegraphed to Tekon, Wash., where Lane is believed to have had relatives.

Minneapolis—While Frank Tiernay lay asleep in Central police station Monday night on a charge of drunkenness, his ticket which was to take him to Omaha, Neb., expired and he was left stranded. To make matters worse, he hadn't enough money to pay a fine of $5 which was imposed by Judge E. F. Waite.

Red Lake Falls—Several farmers from Iowa and Illinois will arrive here this week with their families, stock and household effects to move on the farms recently purchased in this vicinity.

Jackson—Samuel Johnson, a stonemason, was found dead yesterday in a stairway leading to a basement in the Boston block. It is supposed that in going home at night he accidentally slipped off the walk and fell head first down the steps. He was about 40 years old, and leaves a wife and five small children.

East Grand Forks—The case against Robert Plant on the charge of larceny was brought into municipal court before Judge Sullivan and dismissed, there being no evidence against him. Plant, it is claimed, stole $10 from James Jarvis some months ago, left the city and upon his return two days ago, was arrested.

Crookston—Dr. J. F. Boles has returned from a two weeks' trip to the old home in Ontario. A very sad feature of the trip was the death and burial of a sister which robbed the trip East of other pleasant features.

Sauk Rapids—A. T. Johnson, 79, one of the pioneer settlers of Sauk Rapids, died Sunday night of complications caused by old age. The funeral was held from the residence at 2 o'clock Tuesday afternoon under the auspices of the Masons. Rev. E. V. Campbell conducted the services.

St. Cloud—Mrs. Elizabeth Horsch, 81, one of the oldest settlers of Stearns county, died at her home at St. Joseph Sunday evening following an illness of several weeks. Death was caused by infirmities by old age. The funeral was held from the St. Joseph's Catholic church Tuesday morning.

Stillwater—Mayor J. G. Armson has received official notice from Thomas Wilkinson, president of the Upper Mississippi River Improvement association of his appointment as a delegate from that body to the waterways convention, which meets in Chicago Oct. 7 and 9.

Anoka—Mrs. L. H. Burns, wife of Dr. L. H. Bruns, died here Saturday morning after an illness of several months. She suffered a nervous collapse while in Minneapolis in July, but partially recovered. She had been in bed about two weeks, however, at the time of her death. The funeral took place here Tuesday.

Brainerd—The funeral of August Hildebrandt, which was held Sunday, was one of the largest in many years, over forty teams accompanying the remains fro mthe home south of town. There were also many handsome floral offerings.

Little Falls—The weight of fifteen head of cattle crossing the bridge spanning Skunk brook near the B. Rathbun place in Agram town Saturday was too great for the structure and it gave way letting all the cattle into the brook fifteen feet below.

Albert Lea—A. E. Olson the traveling salesman for the International Harvester company, is sick at Sulphur Spring, Minn., with an attack of rheumatism.

Rochester—Sherman Cole, about 12, son of Mr. and Mrs. W. H. Cole, was shot through the leg by a careless hunter Monday morning. The boy was on his father's farm in Rochester township when suddenly he felt the sting of a bullet shot through his right leg above the knee.

Owatonna—After being confined to her bed for ten months, and enduring great sufferings, Mrs. Deborah Austin Roberts, wife of Dr. D. H. Roberts, formerly of this city, passed away Sept. 19, at their present home in Escondido, Cal.

EXPLAINS TO THIN LADIES

A Simple But Sure Method of Developing a Well-Rounded Bust and Figure.

A RARE PRESCRIPTION

Which Transforms Plainness Into Rarest Beauty.

It is a simple but sure method of developing the bust, arms, neck, hips and shoulders of women, who through some defect of nutrition and circulation are forever being humiliated by their more fortunate sisters. First, it must be understood that the human skin is an enormous gland, richly endowed with nerves, secreting and excreting organs, and a network of minute blood vessels which contain at one time over one-third of all the blood in the body—that is, if nature is perfect.

The relation of the skin to the vital organs through the nervous system, in controlling the blood supply, is such as to put them as a team working together. Being in such close relation to the nervous system, it follows that a powerful, rich, nervine stimulant applied to the skin to be absorbed as nourishment, will result in immediate blood supply and flesh growth at the parts treated, thus bringing about the most beautiful changes and development.

Get separately two ounces glycerine, three ounces of rosewater, one ounce tincture cadomene compound and five cents' worth of borax. Mix the glycerine with tincture cadomene, shake and let stand two hours; then add a teaspoonful of borax and the rosewater. Apply to the parts needing development morning and night, rubbing until thoroughly absorbed; then wash off with hot water and soap, and dry.

It is believed by expert dermatologists to be the most effective prescription ever conceived for the purpose.

CONCERNING WOMAN.

It is expected that a large gathering will be present Saturday afternoon at the laying of the corner stone of the new building for the Young Women's Christian association. Interest in the work has been keen from the time of the first plans for raising the funds for the building through each step in the actual erection of the edifice, and the laying of the stone will be marked by simple ceremonies.

Mrs. W. C. Agnew, president of the association, will preside. The invocation will be pronounced by Rev. M. S. Rice of the First Methodist church, a reading from the scriptures by Rev. Alexander Milne of the Pilgrim Congregational church, and singing by a quartet under the direction of Mrs. J. L. Murphy will follow. The address

REV. CAMPBELL C. COYLE, Who Will Be the Speaker at the Laying of the Corner Stone of the Y. W. C. A.

will be by Rev. Campbell C. Coyle of the First Presbyterian church, followed by the laying of the stone and prayer. The singing of the doxology will close the ceremonies.

In the box, which will be placed in the center of the stone, will be enclosed a history of the association in Duluth, a copy of the local constitution, a copy of the Bible, and the names of the members of the board of directors and of the finance and building committees.

The exercises will be promptly at 3 o'clock.

STATE MEETING.

D. A. R. Chapters to Meet at St. Paul, Oct. 30.

Mrs. Edgar H. Loyhead of Faribault was at St. Paul yesterday to meet a committee of the D. A. R., of which she is state regent, to make arrangements for the annual state meeting of the organization. It was decided this morning to hold the convention at the United Commercial Travelers' clubrooms on Fourth street, on Friday, Oct. 30, and all the chapters of the state will be represented that day and be guests of the Commercial club of St. Paul, which will entertain them at luncheon at the U. C. T. rooms after the business session, which convenes at 10:30 in the morning. Mrs. Bigelow, Mrs. R. C. Jefferson and Mrs. Loyhead are planning the affairs in conjunction with the Commercial club, which has extended the invitation to the women of the D. A. R.

The representatives from the Greysolon duLhut chapter at the annual state meeting will be the regent, Mrs. W. H. Burris and Mrs. Julia M. Barnes. The delegates from the Daughters of Liberty chapter will be named at the first meeting of the year, which will be held the third Wednesday of October. The meeting will be the annual picnic and the hostess will be Mrs. Edgar Markell at her home at Witchwood.

The first meeting of the Greysolon chapter will be Oct. 12, being the annual banquet.

RECEPTION.

Club Members to Honor Dr. N. I. Rubinkann.

The most important social event of the week will be the reception, tomorrow afternoon, at the home of Mrs. Z. D. Scott of 2125 East First street, in honor of the founder of the Twentieth Century club, Miss Mary B. Statham, the club president; Mrs. F. L. Barrows, and of Dr. N. I. Rubinkan of Chicago, who will deliver a course of twelve lectures before the club during the month of October.

The members of the club and their friends are invited to call during the afternoon. The receiving hours will be from 3 to 6 o'clock, and the assisting hostesses will be: Mrs. C. H. Merritt, Mrs. J. L. Washburn, Mrs. C. J. Lesure, Mrs. G. A. Elder, Mrs. M. R. Baldwin, Mrs. S. E. Matter, Mrs. Marvin McLaren, Mrs. E. A. Silberstein, Mrs. A. M. Gow, Mrs. L. H. Corcoran, Mrs. A. L. Agatin, Mrs. J. F. Killorin, Mrs. N. F. Hugo and Mrs. J. I. Van Vleit.

In the dining room Mrs. J. D. Morrison, Mrs. J. H. Crowley, Mrs. R. E. Denfeld and Mrs. Page Morris will preside, and assisting will be Misses Alice Scott, Wilhelmina Fitger, Margaret Anneke, Katherine Burris, Ethel McLean and Irene Whiting. In the hall, Misses Margaret Barrows, Margaret Barrows, Margaret Elder and Marie Agatin will assist.

A large number of the membership tickets have already been issued, and tomorrow afternoon members of the membership committee will be at the reception enabled to write the cards. It is desired to dispose of as much as possible of the routine business of the opening of the club year before the beginning of the lectures. The first lecture will be given Friday afternoon, at 5:30 o'clock, by Dr. Rubinkam, with "Brand" as his subject.

ANNUAL MEETING.

Children's Home Society in Session Friday.

The annual meeting of the Children's Home society of Duluth will be held Friday morning at 9:30 o'clock at the home. The reports of the officers for the year will be given and the annual election will take place. It is desired that a large attendance of the members of the society be present to hear the reports and to get in close touch with the work.

Bridge Party.

Mrs. S. G. Knox and Mrs. W. C. Winton entertained yesterday afternoon at the second of two bridge parties at their home, 1511 East First street. The card favors were won by Mrs. W. J. Olcott, Mrs. G. L. Douglas, Jr., and Mrs. C. H. Bagley.

DULUTH SOCIETY

Represented in Caste of "Town Talk."

Duluth society took a prominent part in "The Talk of the Town," an amateur theatrical entertainment given at the Grand in Superior last night, representatives from this side's social set appearing to advantage both on the stage and in the audience. The proceeds of the entertainment go to the Superior Children's home.

Some of the most pleasing numbers of the evening were given by Duluthians. The singing of Mrs. Lucia Judd McAuliffe, the winsome stage presence of Miss Clara Collier and the dancing of Miss Marie Agatin were hits of the piece, and a number of Duluth young men were in the chorus.

Some of the numbers—the show was made up entirely of duets, feature numbers and ensembles—were exclusively Duluthian. In one number Miss Collier, singing "I'm a Pickle Maid," was seen driving Allan House, James McLennan, Gilbert Cutler, Grover Fitzgerald, Charles Fitzgerald, Walter Kennedy and William White, Jr., around the stage, with blue ribbons for reins.

Mrs. McAuliffe and chorus sang "The Song of the Wood Witch," from "The Merry Widow," and a duet with Frank King, "Because You're You."

Little Miss Harle Agatin had a dainty "quarrel song" and dance with Donald McDonald, director of the entertainment, and several other numbers.

Other selections which made hits were "Put a Bet Down for Me," "Smoke" and "At the Stage Door."

The chorus, composed of Superior young ladies and (mostly) Duluth young men, was very good to look upon and stunningly costumed.

Among the Duluth people seen in the audience were Mr. and Mrs. Harry W. Fisher, Mr. and Mrs. Frank Leach and party, Mr. and Mrs. J. H. Ball and party, Mr. and Mrs. Charles A. Thornton and party, Frank Fee, the Misses Fee and party, A. L. Agatin, Rose MacDonald and many others.

DANISH EVENING.

Enjoyable Social Given at Jensen Home.

The Danish evening, the first of a series of national socials, which will be held during the winter by the congregation of St. John's English Lutheran church, took place last evening at the home of Mr. and Mrs. George M. Jensen, of 213 Eleventh avenue west, and was a thoroughly delightful affair. A large number of the church members and their friends enjoyed the carefully panned evening.

The hosts at the various socials will be natives of the land to be represented, or descendants of those who lived under the flag of the foreign countries, thus making the details true to the customs and conditions of the country. Last evening the hosts had decorated the rooms in the Danish national colors, red and white, and the flag of Denmark occupied a prominent place in the decorations. Folk songs of the country, "Little Karen," "Brave Soldiers,' and "Fano" were sung, and a piano number, "Island Airs of Denmark,' was played by Miss Alice Jensen. Niels Nissen read a paper on "The Customs and nIdustries of Denmark."

The refreshments were dishes especially favored in the country and the waitresses were gowned in the national costumes. Those who assisted were Misses Gertrude Hansen, Hanna Miller and three young daughters of the hosts, Misses Alice, Olga and Louise Jensen.

The evening was a great success and it is expected that the socials to come will be instructive and enjoyable affairs.

Matinee Musicale.

The first meeting of the Matinee Musicale will be held Monday afternoon of next week at Steinway hall. President's day will be observed and the program presented at 3 o'clock. The membership tickets will be issued from 2 o'clock on. During the year the club will study modern musical centers, and three visiting artists will be presented, Janet Spencer, contralto; the Olive mead String quartet, and Katharine Goodson, pianist.

Personal Mention.

Mr. and Mrs. S. A. Atkins and little son have returned from Michigan, where they spent the summer.

• • •

Miss Florence Winchester of Chester Terrace has returned from Minneapolis, where she was the guest of Miss Grace Fertig.

• • •

Miss Emelyn McDougall left yesterday for Minneapolis, where she joined several girls, and the party left for Washington to enter the National Park seminary.

• • •

Mrs. N. C. Clark and Miss Marie Clark have gone to Madison and will later go to Chicago, where Miss Clark will study music during the winter.

• • •

Miss Florence Peeler has gone to Chicago to resume her studies at the Chicago Art Institute.

• • •

Mrs. J. D. Titcomb of 1731 East Fourth street has as her guest Mrs. G. C. Steele of Boston, formerly of this city.

• • •

Miss Florence Clark has returned from Baltimore.

• • •

Mrs. Lee, field secretary of the Presbyterian Mission board, is the guest of Rev. and Mrs. J. C. Farles of Hunter's park.

• • •

Mrs. Hyatt, who was the guest of Mrs. A. Z. Hanford of Lakeside, has returned to her home at Minneapolis.

THE EVENING STORY

A Question of Caste

By Belle Maniates.

(Copyrighted. All rights reserved.)

There was no reason, apparently, why these two people, Carter Johns and Cleo Rivers, should not have pursued their friendship openly and freely, but they had met in a most unconventional way, and there seemed to be a tacit, though unspoken, agreement between them that their meetings should be clandestine.

Cleo was naturally interested and excited when she found the house next to theirs, which had been vacant for so long, had been sold and was to be occupied.

Her first surreptitious inspection of one member of the new family was from a window overlooking their back yard.

Johns, tall and straight, was critically examining and testing a stupendous touring car. He looked very picturesque in a dark flannel shirt, his wrists and throat in a dead white contrast to his bronzed face and hands. He wore corduroy trousers and hunting boots. His hat, back-tilted, showed a dark, Byronic waving lock across his brow.

Cleo's hetrt beat pleasurably. She was a born coquette, and presently, attired in the most delectable of white-embroidered linen gowns, white shoes and chiffon hat, she sauntered into the back garden. He looked up, and his glance lingered longingly. She feigned to be unconscious of his presence and began picking some flowers. Eventually she gave a sidelong glance. Blushing furiously at being detected in his observation, he redoubled his attentions to the automobile.

Cleo was not conventional.

"Won't you have a rose?" she asked.

With eager haste and thanks he crossed the boundary line to the two gardens.

"I think we should be neighborly," she said, with a little laugh.

"I quite agree with you," he replied, decorously, "and since there is no one present to introduce me, I will do myself the honor of presenting myself, Carter Johns."

"My name is Cleo Rivers," she said, with naivete. "Did you just move in last night? We heard the place had been sold."

"We are only partly moved," he said, smiling. "'I was anxious to see if my new car came through safely. I think it is in good shape."

"It certainly looks so to me," she answered, surveying the motor admiringly.

"Do you like to ride?"

"Indeed I do," she cried, enthusiastically. "There is no sweeter music than the chugging of a machine."

He couldn't tell afterwards how it really happened, or which one of them first made the suggestion, but, anyway, he had an engagement to take her out in the automobile that night. He was afraid she would think him presumptuous, but she had seemed pleased, and blushed as she told him she would have to meet him at the stable—that "they" would never consent. He reassured her that he understood the situation, and that he would meet her anywhere and bring her safely home.

She looked very elegant in her dark attire, as she met him that night back of the stable, and she thought him even handsomer in conventional attire than in his semi-hunting garb.

They quickly sped away from the crowded streets, and when they came to a road that was free, Carter "let her out," in a way that was intoxicating to Cleo.

Then he slackened up, and they talked on a great many subjects. She said, truly, and he believed her, that she had never stolen out to meet anyone like this before.

"She is young and unsophisticated," he thought, "and she came out with me for the mere love of a lark, but I wish she could come to care for me as I do for her. I can't expect that."

"He is simply grand!" she thought, with a little thrill of recollection when she was safely back in her own room, "but he's so much older than I and has seen so much of the world. Oh, I love him now, but of course, he—oh, no!" she concluded with a sad little sigh.

The next afternoon as she was walking through the park, he passed her in his bluish-white car. She bowed, and he lifted his hat courteously and passed on. She was disappointed that he did not stop and ask her to ride, since he was alone. Before he had gone very far his car stopped, and he got out to investigate the cause. She came on up to him.

"Something wrong?" she asked, shyly.

He turned with a pleased, surprised air.

"Not much out of gear. I will adjust it in a moment. May I take you home?"

"Certainly," she replied, joyously.

"Can't we ride out into the country?" he asked, entreatingly.

She thought they could, and when near the close of the afternoon, they came to a little country hotel, she accepted his invitation to stop for supper.

"They think at home I am spending the afternoon and dining with friends, so I won't be missed," she explained.

"And we can have the evening, too?" he asked, eagerly.

She assented and they rode on out into the open country, where speed limit laws were not enforced. They came home more slowly and sentimentally.

"I wish," he said, as they were parting in the garden that night.

"What?" she whispered, expectantly.

"I don't dare to tell you yet, but I will some day."

And Cleo in her little white bed that night lay awake to live over and over again the joys of this beautiful and secreted time.

They met chance-directed in many places, and the evening flights in the big car were uninterrupted until fate in the shape of a settled rain precluded the carrying out of the usual program.

"There is a little summer house in our garden," he said, wistfully, as she came to the rear of the stable that night to tell him how disappointed she was. "Can't we have a little visit there?"

In the cozy little arbored house, listening to the soft music of the summer rain, Carter's feelings reached a climax. Cleo felt and half dreaded the coming revelation. Nervously she rose to go. In the doorway he slipped his arm about her.

"Cleo!" he murmured, "I love you!"

But she had slipped from him and sped across the lawn.

He did not dare call after her, and he spent a wretched, wakeful night, dreading lest he had offended beyond redress.

And she?

She spent the night crying over the inditing of a letter which she handed to him over the hedge the next morning, darting away again, as swiftly as she had left him the night before. With beating heart he opened the missive and read:

"I shouldn't have let you said that last night. It's all a mistake (he grew strangely white, but read on). The first time I met you I guessed what you thought—that I was one of the family. I let you think so. I am maid to Miss Lorraine. She is away in the mountain with a party of girls who are roughing it, and left their maids at home. It was wrong to deceive you, but I knew you would drop me when you found out my station, and I enjoyed being with you. It didn't harm your reputation, as no one saw us on the one time we were out together in the daytime. I didn't know you cared so much till last night. Forgive me.

"CLEO."

When he finished reading the letter he went into the house.

Presently a district messenger brought a note to Miss Cleo Rivers. With trembling hands she opened and read:

"Dearest Cleo: I am the chauffeur! Only the servants have moved in here as yet. I, too, deceived you. I saw at once you thought I was the owner of the house, and I knew only as such could I meet you, not guessing your position. Meet me usual place tonight, please, and let me say again what I did last night. Your letter brought me great joy. Yours always,

"CARTER."

After a heavy meal take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

What Retail Markets Offer.

Silver skinned boiling onions, 50 cents a peck.

Alexander apples, 5 cents each or $2 a box.

Ripe cucumbers, 30 cents a peck.

Cauliflower, 20 and 25 cents each.

Sauerkraut, 10 cents a quart.

Spare ribs, 10 cents a pound.

Pork tenderloin, 30 cents a pound.

With the first fall of snow comes the appetite for sauerkraut, if one has been raised with such tastes as part of the national instinct. The butcher is wheeling the barrel of sauerkraut into a prominent place, and the huge three-tined fork is placed in readiness to dish up great helpings of the cut-up cabbage.

Any day is the day for the kraut now on, and the sooner it is made the piece de resistance of the meal, the sooner will many folks be pleased.

Aristocratic apples from Washington, called Alexander, are sold at 5 cents each. Other large green apples, not quite so expensive, are fine for baking, and the market has many pears at the present time that are quite delicious baked.

For the Man Who Walks

one mile or ten a day—it's all the same if your feet are ready for business in STETSON Corndodgers

Foot-freedom, comfort, ease, that's what this model is built for. The

"Corndodger"

ROBE BLANKETS — New ombre stripes, blue, brown, cardinal, gray and Gens de Arme imitation brochi borders. Regular price $1.25, tomorrow **82½c**

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—Robert Mantell, in "Hamlet."

"MACBETH."

Famous Shakespearean Tragedy Presented by Mantell Company.

Duluth people are rapidly awakening to the fact that they have an opportunity such as is seldom offered for witnessing Shakespeare's plays as they should be presented.

"King Lear,' on Monday evening, showed the possibilities of the Mantell company, and in "Macbeth," last evening, the company added to the good impression made.

Miss Marie Booth Russell carried off the honors last evening, together with Mr. Mantell. Miss Russell's commanding presence well fits her for the part of Lady Macbeth, and those who saw her work in the role of Generll the previous evening, looked forward to seeing her version of the ambitious wife of Macbeth.

They were not disappointed. Miss Russell has a Junoesque figure, a rich, voice, a commanding stage presence and the artistic ability to portray this striking character.

Mr. Mantell's handling of the character of Macbeth, with its weaknesses, easily led by the ambitions of his wife, and yet containing many human traits, was most satisfactory.

The famous soliloquy, beginning "If it were done when 'tis done," was faultlessly given, both in word and action, and the banquet scene where the ghost of Banquo, unseats Macbeth's mind, has evidently been given a most careful study by the actor. He transmits successfully his horror at the sight of his murdered victim, to the audience, in a way that cannot easily be forgotten, even on leaving the playhouse.

Ethelbert Hales, whose splendid reading in the role of Edmund, in "King Lear," was noted by Monday evening's audience, was seen to good advantage as Banquo, and once again his work stood out, prominenty. Fritz Lieber also gave a very meritorious interpretation of the role of Macduff.

The scenic part of the production is of a very superior character, and the many difficult scenes are well handled. The scene of the three witches on the heath conveys the grewsome effect that the author intended, instead of being merely, ridiculous, as it is too often made in second rate productions of the play.

Tonight "Hamlet" will be presented, and this afternoon "The Merchant of Venice" will be the bill.

Art School

Opens Thursday, Oct. 1. Register at school Wednesday from 9 to 12, and 2 to 4. Washington school.

How to Reduce Fat

The Simplest and Surest Way to Get Rid of Fat Said a Noted Physician, is Rengo.

How to Prove It to Yourself. Get a Free 50-cent Package.

The Above Illustration Plainly Shows What Rengo Has Done For Others. It Will Do The Same For You. Try It.

NEW TRADE-MARK. Rengo Is Guaranteed. You Eat It Like Fruit or Candy.

The Above Pictures Prove There Is No Longer Any Excuse To Be Fat and Sloppy. Rengo Will Do It.

There has become known a remedy for fat, the use of which has already resulted in enormous benefit, and most probably in the saving of many lives.

This remedy is commonly called Rengo. The rate at which this remedy will reduce fat, and do it harmlessly and surely is truly remarkable. A pound a day is ordinarily the loss recorded, being done by compelling perfect assimilation of the food, and sending the nutriment where it belongs.

The most remarkable feature of Rengo is that you can take all you want of it without running the slightest risk of harm. It can be chewed like candy and is pleasant to the taste.

Many physicians, who before were at a loss to know how to cure obesity, are now prescribing Rengo with remarkable success. It is a great nerve-strength producer, affecting digestion primarily, and inducing a general exhilaration of mind and body. Wrinkles which appear in nearly every case of reduction of fat where injurious drugs and starvation process is tried, do not occur where Rengo is used.

There is nothing "just as good" as Rengo. For sale by all druggists at $1.00 per full-sized box, or by mail prepaid, by the Rengo Co., 3325 Rengo Bldg., Detroit, Mich. The company will gladly send you a 50c package free by mail, if you write them direct to Detroit and enclose 10c as an evidence of good faith and to help cover postage and packing; no free packages at drug stores.

For sale and recommended in Duluth by all druggists. L. W. Leithhead Drug Co., wholesale distributors.

BRYAN TWITS ROOSEVELT WITH THE WHITEWASHING OF PAUL MORTON'S CASE

Replying to President, He Says Laws Against Offenders Will Not be Suspended Even for Cabinet Officers.

Washington, Sept. 30.—President Roosevelt, this morning, read William J. Bryan's letter, issued from Rock Island, Ill., last night, in reply to the president's reply to him. The Bryan letter says:

A brief reply to your last letter is all that is necessary to call attention to your attempt to shift the issues raised. In your letter attacking Mr. Fowler, you inserted an attack upon Governor Haskell, and attempted to use the charges against him to connect the Democratic party, and me as its candidate, with the trusts. I asked you to name a tribunal before which the charges could be investigated, or, if you would not do that, offer to leave you to say whether, in your judgment, the charges justified Mr. Haskell's withdrawal from the organization. You did not deign to suggest a tribunal, but proceeded to pass judgment upon him. He immediately resigned his position, that he might be more free to prosecute those who brought accusations against him. Thus, his connections with the organization ended. I had no authority to submit, and did not submit, to you the question of his guilt or innocence for final decision.

Even the president cannot deny to the humblest citizen of the land the right to protect his reputation and vindicate his name in courts established for the purpose, where witnesses can be examined and evidence submitted, according to the rules of law. In my first letter to you I resented the imputation that any charges made against Governor Haskell could be justly construed as connecting the Democratic party, or me, as its candidate, with any trust or law defying corporation. You replied that the charges were a matter of general notoriety, and I asked you why Mr. Taft did not mention them when he made speeches against Mr. Haskell in Oklahoma. You at once endeavored to connect me with new matters which arose after the Denver convention, and conscious that those charges were insufficient, you have since given wings to accusations that no disinterested party would make against another without investigation. I am willing that all your charges against me shall be submitted to the voters of the country, and with your charges I submit my denial of any knowledge or information that could, in the remotest way, connect me with any trust monopoly or law defying corporation.

Points to His Record.

My record is sufficient answer to your insinuations. I have lived in vain if your accusations lose me a single friend. I challenge you to name a trust official who is supporting me, and, after searching the country, you produce the name of one man, not a trust official, but the local attorney of a trust. Without inquiring whether he votes for me because of his connecion with a trust, or in spite of it, or because of his "fear of business adversity," under Mr. Taft, you accept his statement that he will vote for me as conclusive proof that I am in league with the trusts, although you admit that trust officials are supporting the Republican ticket.

You compliment me when you measure me by a higher standard than you do your political associates, for you insist that Mr. Rockefeller's contribution to Governor Hughes' campaign fund was no reflection upon him, and I take it for granted that you do not criticise Judge Taft's recommendation of a Standard Oil attorney to the federal bench, a place where the judge might have to pass upon charges against the very trust for which he had been attorney. While the trust attorney to whom you refer to is not an official of a trust, I will warn him and through him his clients, that if I am elected, I will not only vigorously enforce against all offenders, the laws which we hope to have enacted in compliance with the Democratic platform, but that I will also vigorously enforce existing laws against any and all who violate them, and that I will enforce them, not spasmodically and intermittently, but persistently and consistently; they will not be suspended, even for the protection of cabinet officers.

Ingenious, Not Sound.

You say the "attitude of many men of large financial interests" warrants you "in expressing the belief that those trust magnates whose fear of being prosecuted under the law by Mr. Taft is greater than their fear of general depression" under me, will support me rather than Mr. Taft. You have attempted to word that statement in such a way as to claim the support of all the trust magnates, and yet put it on the ground that they are supporting your party for patriotic reasons, rather than for the promotion of a selfish interest.

That is ingenious, but it is not sound. The trust magnates are supporting the Republican party and the ible offers an explanation: "The ox knoweth his owner and the ass his master's crib." You admit that you gave permission to the steel trust to absorb a rival, and thus increase its control of the output of steel and iron production. I will leave the American people to pass judgment upon that act and compare your position on the trust question with mine.

You refer to our campaign fund in 1896 and accuse us of allowing two men to contribute largely to the small fund with which the committee conducted the campaign. I am not sure about the figures because I have not seen an authentic statement of the contributions, but I was informed that the largest of the two sums which you mention was not all contributed by the man to whom it was credited, but included contributions from others as well as that which he gave himself. But if you want to be fair, why do you not give the amount of the Republican campaign fund that year and the sources of it. I am willing to have both funds published, are you?

You certainly pay more attention to the mote than to the beam when you find fault with our campaign fund in 1896 and ignore the significance of a fund almost as large, which at your request, was collected from a few persons in 1904 and was used in one state and was only a small item in the fund collected that year.

Opposition to Publicity.

But your letter presents a defense of your party's position and an accusation against the voters which emphasize an issue already prominent. You are the first conspicuous member of your party to attempt an explanation of the party's opposition to publicity before the election, and the admission which you make will embarrass your party associates.

You charge in effect, that the people are so lacking in intelligence that they might condemn as improper, contributions which you declare to be proper. If the voters differ from you on this question are they necessarily ignorant and wrong? Is this your explanation of the action of the Republican leaders in the national convention in voting down a publicity plank? You attempt to make a personal question out of it and ask whether any one will accuse such men as you, Governor Hughes ad Mr. Taft of being influenced by contributions. That is not the question. If it is found that a party to a suit has given a sum of money to one of the jurors, the court does not stop to inquire whether the juror is incorruptible or whether in accepting the money he explicitly stated that it was accepted with the understanding that he was under no obligation to consider it in making up his verdict. The court would hold that the giving of money by an interested party or the receiving of money was a contempt of court and an interference with the administration of justice.

Public officials occupy much the same position as jurors. They are constantly called upon to decide questions between the favor-seeking corporations on the one hand and the people on the other and there is a very general impression that officials of those favor-seeking corporations do not put up large sums of money from purely patriotic motives. I do not mean to say that Mr. Hughes was influenced by the contributions made to him by the trust magnates whose names were given in the after-election report. I do not mean to say that you were influenced by the contributions collected from Mr. Harriman, neither do I mean to say that Mr. Taft will be influenced by contributions that are being made to his fund by the trust magnates; but I do mean to say that the American people have a right to know what contributions are being made, that they may judge for themselves the motive of the giver and the obligation imposed upon the receiver. The reflection upon the people involved in your charge that they would misuse the knowledge which publicity would give, is unworthy of one who has been elevated to so high an office by the votes of the people, and I venture for the assertion that you cannot procure from Mr. Taft an indorsement of your defense.

Would Prevent Publication.

"You fear that we would misrepresent the motives of those who are contributing to the Republican fund, or cast an unjust suspicion upon Republican candidates if the names and amounts were made known before the election.

Your argument, if sound, would prevent publication after the election, for why should an unjust suspicion be cast upon officials after the election any less than before? Does not the secrecy before the election increase this suspicion?

We are going to give you an opportunity to misrepresent the motives of those who give to our campaign fund, and to arouse all the suspicion you can; we are going to prove to the people that we are making a fight for the whole people and not for those who have been enjoying privileges and favors at the hands of the Government, and we expect that the honest sentiment of the country will rebuke the party whose convention refused to endorse any kind of publicity and whose candidates are not willing that the people should know until after the polls are closed what predatory interests have been active in support of the Republican party.

Everybody's friend—Dr. Thomas' Eclectric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

Torturing Animals To Assist Science

In A Cruel Method to Follow, But It Has Saved Many Human Lives.

Prof. Pawlow, of Russia, was engaged for many years in experimental work, trying to learn the workings of digestion, especially the digestive glands.

He, with able assistants, operated upon dogs, cats, guinea pigs and other animals.

His methods were seemingly painful, but he gave to science a work which won the Nobel prize and made for him an undying fame.

Science penetrated the secrets of nature. Prof. Pawlow saw animals digest food. He analyzed juices from every part of the digestive canal and stomach under all conditions of digestion. He spent years of ceaseless study amid the howling and dying beasts, but he won, and science today looks upon him as a great man.

"To do a great right do a little wrong" Shakespeare said, and Prof. Pawlow obeyed this trite saying.

Stuart's Dyspepsia Tablets are prepared by the most scientific process. They are produced by modern appliances, and meet the demand of 20th century chemistry.

They give man the means to correct his infirmities of stomach and digestive organs.

They enrich the blood, give nature the juices and fluids she lacks, stop the formation of noxious gases and the fermentation of food. They neutralize powerful acids and alkalies, which irritate and devour the stomach. They prevent and relieve bowel and intestinal trouble and soothe the nerves.

They should be used after every meal whether one has dyspepsia and stomach trouble or the stomach be naturally healthy. By their use one may eat at all hours and whatever one desires and they help the system digest or throw off such food. They are thoroughly meritorious as their tremendous sale and popularity illustrate.

Every drug store has them for sale, price 50c per package. If you would like to test their merits free, send us your name and address and we will send you a trial package by mail without cost. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

'LETTERS HEARST READ WERE STOLEN'--ARCHBOLD --McLAURIN IS DEFIANT

Standard Oil Vice President Says Theft Was Admitted.

Declares Authenticity is Not to be Lightly Accepted.

South Carolina Senator Says "No Apologies to Make."

He Scores Those Who Accept Trust-Produced Money.

New York, Sept. 30.—That the Standard Oil letters affecting Vice President John D. Archbold, Senator Foraker of Ohio and others, and recently read by William Randolph Hearst, were stolen from the Oil trust's offices at 26 Broadway, is the direct charge made by Mr. Archbold. His statement follows:

"In response to my inquiries as to the theft of letters from my files, the following may be made:

"Over three years ago a report reached me that certain of my letters had been offered for sale to newspapers of this city, avowedly as stolen letters. Examination showed that some letters were missing and that they could only have been taken by some one, not only familiar with the office details, but highly trusted. The party upon whom suspicion fell stoutly denied all guilt. A little later, however, a man, who represented himself as acting between the thief and those to whom the letters had been sold, proposed to return immediately the letters for a consideration. His story was that the idea of the theft had been conceived by his brother, who had at one time been in the company's employ, and that his brother had induced the employe already suspected, to accomplish the theft.

"According to the go-between's story, he had disposed of the letters, or some of them, to two men, who purchased them on behalf of Mr. Hearst's newspaper, the Journal. Not only had the stolen letters been thus traded for, but the thief was induced to carry off one or more letter copying books, many of whose pages, he claims, were photographed, other pages being removed altogether. The books, the go-between said, were returned after forty-eight hours. It is impossible to say how many were stolen and sold in this way. The thieves worked with leisure. It is not thought necessary to say more at present, or to mention names. Corroboration of the go-between's story of three years ago, lay in his return of some of the correspondence at the time, and the production of the stolen letters by Mr. Hearst is further corroboration now.

"Obviously among such a coterie, authenticity of their output is not to be lightly accepted. The opportunities for falsification, suppressing of context, distortion of passages are many."

New York, Sept. 30—Ex-United States Senator John McLaurin, of South Carolina, has arrived in New York and gives out the following statement, regarding the correspondence between himself and Mr. Archbold, as recently made public by Hearst:

"An effort has been made to create a political sensation by the publication of certain correspondence between J. D. Archbold and myself. For that correspondence, I have no apologies to make.

"At the time the letters were written, I had the honor to enjoy, and am proud still, to possess the friendship of Mr. Archbold, for whom I have the highest regard. At the time the letters were written I was engaged in a bitter struggle in which was involved not only my own political future, but the political principles for which I stood, and which, stated briefly, meant the emancipation of the South from the ignorance of the prejudice of bourbonism and the 'bloody shirt' into the freedom of an enlightened self-interest and the progress of an intelligent industrialism.

"In the support of the principes, and the hope of this progress, I saw then no impropriety in enlisting, if practicable, the assistance of the most progressively administered and the most intelligently officered corporation that human intelligence has yet produced. Nor has the enormous body of statutory crime since created or the hypocritical affection of morality assumed by some of our legislatures and congress, in any wise changed my views or quickened my conscious, as seems to have been the case with some of my former colleagues and assistants.

"The constituents that they represent do not hesitate to take Mr. Carnegie's trust-produced and tariff-protected money for their churches and libraries, or to accept Mr. Rockefeller's large donations for the education of the negro whom they have disfranchised.

"If political campaigns are to be run without money and political progress is to be achieved without financial expenditure, it is high time that both parties should be apprised of the arrival of that utopian era, but until that period has arrived, I can see no reason which I, when battling for what I conceived to be the right, should refuse to seek or decline to accept the support, whether financial or personal, of which I stood in need. Men may die, but right principles persist and in the end they will triumph.

"It is the fashion of the present day political hypocrites to decry the corporation, to abhor the trust and to pretend in public life to prescribe the influence of wealth; but as in this country and in this age, wealth is, and must be, the reward of intelligence, I am not willing to be considered among those cowardly enough to deny it the influence which intelligence has always exercised under every form of government thus far devised. Of a government of intelligence, I have had enough in my native state. I hope for and shall continue to work for a government of intelligence."

GOVERNOR HASKELL'S SUIT TO BE FILED IN KANSAS CITY

Kansas City, Mo., Sept. 30.—A special from Guthrie, says: "Governor C. N. Haskell is preparing to bring suit in the next few days against William R. Hearst because of the latter's charges concerning Governor Haskell's alleged connection with an attempt to bribe Frank S. Monnett for the Standard Oil company. The suit will be brought in Kansas City. E. C. Simrall of Mexico, Mo., is here as attorney for Governor Haskell, preparing the petition.

WEAVE WEB ABOUT HAMILTON

Houghton County Sheriff Thinks He Has Case Against Accused.

Houghton, Mich., Sept. 30.—(Special to The Herald.)—The preliminary examination of Geo. Hamilton, who is charged with assault with intent to kill, the specific charge being the sending to Sheriff August Beck last July of an infernal machine, will take place in Justice Caspar Brand's court next Friday morning.

Sheriff August Beck returned Monday morning from a trip to Minnesota and Wisconsin points, where he went to subpoena witnesses to appear in court and testify against the accused, who was brought here from Duluth, and is confident that the witnesses secured will be of sufficient number and strength to insure Hamilton being held for trial in the circuit court at the November term.

Witnesses from Michigan, Wisconsin, and Minnesota have been subpoenaed, said the sheriff, and it is not improbable there will be at least one witness from Canada. The officers claim they are slowly but surely weaving a web around Hamilton, which will send him to the state penitentiary for his alleged attempt upon the sheriff's life.

"Sales Increase Under New Name."

IT STOPPED IMITATORS.

Blackburn's CascaRoyal-Pills Winning Out Great.

My sales continue to increase under the new name adopted for my sweet little pills.

The increase is due to the fact that imitators cannot label their pills CascaRoyal Pills.

The coined name is taken from Cascarin-Casca- and the word "Royal," which means the "King."

And my sweet little pills is "The King of Physics."

Those who have used them will never again use common, castor oil, salts, and drastic purgatives—no, indeed.

Blackburn's CascaRoyal-Pills always "give the effect without any taste," and physic old and young pleasurably.

All druggists can supply 10c, 25c and 50c packages.

GIRL FAMINE IN DULUTH

Many Positions for Women Offered; Nearly All Go Begging.

Wages Are Good; Still the Girl Question is Unsolved.

Women workers are at a premium in Duluth just now, judging from the numerous places that are open daily to girls and are never accepted.

While men crowd the employment agencies in search of work and are often turned away, jobs for women go begging. At the Minnesota State Free Employment agency, yesterday, in the women's department, there were eighteen calls for female help, and only two of the orders were filled. Nearly every day from eighteen to twenty orders are received by Miss Pearle Ettinger, who is in charge of that department. Yesterday was but an average day in that respect, though sometimes, more women call and take positions. It is seldom that the supply meets the demand.

It is not so hard to fill hotel orders as it is for private homes. Dishwashers, waitresses, chambermaids, and even hotel cooks are easier to find than girls for general housework and cooks in private residences. Except in the case of hotel cooks the wages are about the same at the hotel as they are where there are only the wants of one family to take care of. A hotel cook draws from $35 to $50 a month, according to her ability. A cook for a private family gets from $20 to $30. For general housework the wages range from $12 to $25 a month.

There seems to be a girl famine in Duluth just now. There seems to be no reason for it, at least no one knows of any. During the summer when the girls were scarce, it was thought that it was because many of the working class had left the city for their homes on farms, or to work at summer cottages or resorts. But the season for summer outings is over and still the girl question is growing daily more serious.

James Walsh, manager of the Duluth branch of the Minnesota Free State Labor bureau, says the business in the men's department is good and that the bureau is filling more jobs now than it has for some time.

RESINOL SOAP

Will give you a pleasant surprise the first time you try it. A bath with it is so unusually pleasant and refreshing that the virtue of cleanliness becomes a positive delight. It makes the skin so soft and clean and alive—and withal so extra clean—that you'll declare it's worth its weight in gold. It is the favorite soap of those who appreciate the importance of taking care of the complexion. It promotes skin health. It frees you of the danger of skin infection and wards off pimples and other skin troubles. Try it and you will be convinced of the superiority of Resinol Soap.

Buy a cake of Resinol Soap today, and ask your druggist for a copy of our booklet on how to care for the skin and complexion, and also ask for a Resinol souvenir pin tray, which he will give you free.

RESINOL CHEMICAL CO., Baltimore, Md.

PRISONER FOR SEVENTY YEARS

Turtle is Released From Beneath Lock in a Canal.

Findlay, Ohio, Sept. 30.—After being a prisoner for seventy years, a turtle at Grand Rapids, Ohio, has just emerged from its long confinement, showing that it is good for that many years more. The prisoner was released from beneath a lock in the Miami and Erie canal. The workmen who liberated the turtle believe it was imprisoned in a box of heavy oak timbers in 1838, at the time the lock was constructed. When it again saw the light of day it was covered with moss, but was as fat as though it had enjoyed three square meals a day ever since it suffered imprisonment. It is supposed that crawfish and other animal life came in to the turtle through crevices which were too small to permit the turtle to escape. The timbers were under the water and perfectly preserved.

How to Get Strong.

P. J. Daly of 1247 West Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitter, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at all drug stores. 50 cents.

What's in a name? There is assurance of quality in Hunt's Perfect Extracts and Baking Powder that means purity and satisfaction always.

MANY YEARS A SPECIALIST

CURING HUNDREDS OF THE WORST CHRONIC DISEASES.

DR. REA

At Duluth, St. Louis Hotel, Saturday Oct. 3rd, from 9 a. m. to 8 p. m.

Dr. Rea has been educated in the best hospitals of Europe and America.

Consultation in German and English.

All curable medical and surgical diseases, Eye, Ear, Nose and Throat, Lung Diseases, Early Consumption, Bronchitis, Bronchial Catarrh, Constitutional Catarrh, Nasal Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, **Appendicitis, Rheumatism, Neuralgia,** Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder Troubles, Prostatic and Female Diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in Children, and all wasting diseases in adults. Many cases of Deafness, **Ringing in the Ears, Loss of Eyesight,** Cataract, Cross Eyes, etc., that have been improperly treated can be easily restored. Deformities, Club Feet, Curvature of the Spine, Disease of the Brain, Paralysis, **Epilepsy, Heart Disease,** Dropsy, Swelling of the Limbs, Stricture, Open Sores, Pain in the Bones, Granular Enlargements and all long standing diseases properly treated. **Young, middle-aged and old,** single or married men, and all who suffer from lost manhood, nervous debility, spermatorrhoea, seminal losses, sexual decay, failing memory, weak eyes, stunted development, lack of energy, **impoverished blood,** pimples, impediments to marriage, blood and skin diseases, Syphilis, Eruptions, Hair Falling, Swellings, Sore Throat, Ulcers, Weak Back, Burning Urine, Passing Urine too often, Gonorrhoea, Gleet, Stricture, receive searching treatment, prompt relief and cure for life.

TUMORS, GOITRE, FISTULA, PILES,

Varicocele, Rupture and enlarged glands treated and cured without pain and without loss of blood. This is one of his own discoveries, and is really the most scientific and certainly sure cures of the nineteenth century. Consultation to those interested. $1.00.

Dr. Rea & Co.,

202 Nicollet Ave., Minneapolis, Minn.

HIBBING WILL PLAY DULUTH

Range Boys Will Lineup Against Central Saturday Afternoon.

Final arrangements to bring Hibbing to Duluth were completed Tuesday evening by Manager Chadwick, and the game between the locals and the range team is now assured.

This will be the first game ever played between the teams and so, of course, the strength of the Hibbing team is unknown.

In the blinding snowstorm that raged in Duluth for more than two hours yesterday, the Centrals were put through their paces the same as though the weather had been fine. Coach Colton spent a good deal of the time with the backs, and Assistant Coach Furni worked with the line, filling up the gaps that were found by Two Harbors Saturday.

There was no second team out yesterday, but they will be out in force today, and the first scrimmage since the game Saturday will be indulged in.

SPORTING NEWS OF THE DAY

ORGANIZE NEW FOOTBALL TEAM

Court House Squad Will Soon be Looking for Games.

The Irving Tigers, Duluth Heights Marvels, the Spaldings and the made over Stugger football teams will have all they can do this year. The Courthouse football team is fairly on its way toward organization.

The lineup, including as it does some of the fastest players in the city, will be strong. Fred Mallett, one of the fastest halves that ever donned the moleskins in these parts, will play at his old position, and his brother, "Art," who won fame and glory for the Central team some years ago, will be in the lineup, holding down a guard position.

Then there is Donovan, the lad who was this year barred from the high school eleven; Bob Forsythe, another old-time Central player; Ed Hilliard, the auburn haired lad, who played some years ago on the old Chestnut professionals; "Dude" Abraham, who made his first public appearance with the Superior team, and Dave Fredlin, the whirlwind quarter back, who will do the coaching.

The rest of the team will be picked from among the following: Arthur Ryan, Paul Sturm, William Gordon, Falconer, A. Grimmer, Fred Clark and Caila Johnson.

For a few days their admirers will be allowed to watch out the practice workout, but within a week they will begin secret practice in the jail.

At a meeting to be held Saturday morning, a manager, captain and trainer will be elected, and as soon as possible after that formality, the players will get down to work.

No admission will be charged to the games, as the team is being organized solely for the furthernent of football in Duluth.

BASEBALL

CUBS ARE NOW AT TOP OF LEAGUE

Chicago Wins From Cincinnati and Leads by One Point.

National League.

Standing.

	Won.	Lost.	Pct.
Chicago	94	54	.635
New York	92	53	.634
Pittsburg	94	55	.631

Cincinnati	0	0	0	0	0	0	0	0	0	0—0
Chicago	0	2	0	3	0	0	1	0	0	6—6

Summary: Two-base hits—Gansel. Home run—Tinker. Sacrifice hits—Chance, Hofman. Brown. Stolen bases—Lobert, Evans, Chance. Double play—Egan and Hoblitzell. Bases on balls—Off Ewing, 3; off Brown, 5. Hits—Off Ewing, 1; off Brown, 1. Struck out—By Ewing, 1; by Savidge, 1; b yBrown, 5. Hits—Off Ewing, 7 in seven innings; off Savidge, 1 in two innings. Time—1:40. Umpires—Owens and Rigler.

Pittsburg Takes Two.

Pittsburg, Sept. 30.—Pittsburg won both games of a double header with St. Louis, here yesterday, by scores of 7 to 0 and 6 to 5. The visitors had little chance to score in the first game, Camnitz allowing but one hit and that in the ninth inning, with one out. The home team bunched ther hits and weer helped in scoring by the errors of St. Louis.

The second game was one of the most exciting seen this season. Neither side scored until the seventh inning, when Pittsburg made three runs on three hits and an error. St. Louis came back in the eighth inning, with four runs, made on two hits and a base on balls, coupled with two errors. Pittsburg made two runs in the eighth and St. Louis tied the score in their half of the ninth, but the locals got another run in the last half of the ninth. Score:

First Game—									R.	H.	E.
Pittsburg	4	0	0	0	1	0	2	x	7	10	0
St. Louis	0	0	0	0	0	0	0	0	0	1	5

Batteries—Camnitz and Gibson; Higginbotham and Bliss. Umpire—O'Day.

Second Game—										R.	H.	E.
Pittsburg	0	0	0	0	0	3	2	1	—6	7	3	
St. Louis	0	0	0	0	0	0	4	1	—5	9	2	

Batteries—Maddox, Willis and Gibson; Fromme, Sallee, Rhoades and Bliss. Umpire—O'Day.

Giants Lose One.

New York, Sept. 30.—By splitting a double header with Philadelphia yesterday, while Chicago and Pittsburg were winning in the west, New York relinquished first place in the pennant race and Chicago now leads by a single point with Pittsburg a close third.

In the first game the locals had Mathewson in the box and as they batted McQuillen to good effect, McGraw's men won handily by six to two.

Bresnahan and Dooin collided at the plate in the fifth inning and both had to retire from the game, Bresnahan suffering a sprained ankle and Dooin being painfully but not seriously spiked.

In the second game Dooin was back behind the hat and played all through the contest, but Bresnahan had to give up in the opening inning after reaching first base on a fumble. Wilson ran for him and Needham took his place behind the plate. Donlin, who injured his leg Monday, was unable to play, and the absence of these two men crippled the home team badly.

The visitors found Crandall very easily in the sixth inning and added five runs to their score before the side was retired. Then Taylor went in to pitch for New York and held Murray's men to three hits and one run during the remainder of the game. Score:

First game.									R.	H.	E.
Philadelphia	0	0	0	0	0	1	0	1	—2	8	3
New York	2	0	0	0	2	0	0	2	x—6	7	1

Batteries—McQuillen, Dooin and Jacklitsch; Mathewson, Bresnahan and Needham. Umpires—Johnstone and Klem.

Second game.									R.	H.	E.
Philadelphia	0	1	0	0	0	5	0	0	1—7	10	1
New York	0	0	0	0	0	0	0	0	0—0	6	3

Batteries—Covaleski and Dooin; Crandall, Taylor and Bresnahan and Needham. Umpires—Klem and Johnstone.

Boston, 5; Brooklyn, 2.

Boston, Sept. 30.—Boston won the second game of the series from Brooklyn yesterday 5 to 2. Lindaman was hit hard, but was effective with men on bases. Th ebatting of the locals was timely and the baeo runners were aided by Farmer's poor throwing to second. Score: R. H. E.

Boston	2	0	0	0	0	0	1	2	x—5	8	0	
Brooklyn	0	0	0	0	1	0	1	0	0—2	9	3	

Batteries—Lindaman and Graham; Bell and Farmer. Umpire Emslie.

CHICAGO TAKES DOUBLE HEADER

Walsh Pitches Both Games and Has No Trouble in Winning.

American League.

STANDING.

	Won.	Lost.	Pct.
Detroit	86	61	.585
Cleveland	86	62	.581
Chicago	85	63	.574
St. Louis	82	65	.558
Boston	70	76	.479
Philadelphia	67	77	.465
Washington	61	81	.430
New York	48	97	.331

Chicago, Sept. 30.—Chicago won both games of a double header here yesterday with Boston by scores of 5 to 1 and 2 to 0 respectively. Walsh had the visitors well in hand at all stages and did not have to extend himself in the two games which he pitched. Manager Jones argued with Umpire Conolly over a decision at the plate and was ordered to the bench White going to center field.

Detroit Wins Two.

Detroit, Sept. 30.—In wintry weather Detroit and Washington played a double header yesterday, the home team taking both games. Both Willett and Summers pitched good ball for Detroit. Johnson delieved Witherup in the first game, and was found for two runs in his one inning. He started the second game and was knocked out of the box in the second innig. The hittig of Rossman and Crawford and the fielding of Bush featured the two contests. Scores:

First game—									R.	H.	E.
Detroit	2	0	0	0	0	0	0	2	x—4	10	1
Washington	0	0	0	0	0	0	1	0	—1	3	0

Batteries—Willett and Schmidt; Witherup, Johnson, Street and Kahoe. Umpires—Sheridan and Egan.

Second game—										R.	H.	E.
Detroit	3	1	0	2	0	1	0	0	x—7	10	3	
Washington	0	0	0	1	1	0	0	1	0—3	14	3	

Batteries—Summers and Schmidt; Johnson, Cates and Street. Umpires—Sheridan and Egan.

Philadelphia Drops Two

Cleveland, Sept. 30.—Cleveland won the first from Philadelphia 5 to 4. In consequence of the cold there were many muffs by the players of both teams and every run but one, was the result of an error, the one earned run going to Cleveland in the first inning. Philadelphia was easy for Cleveland in the second, the latter winning 9 to 0. Scores:

First game—										R.	H.	E.
Cleveland	1	0	0	0	2	0	1	1	—5	10	3	
Philadelphia	0	0	0	1	0	3	0	0	—4	4	4	

Batteries—Berger and Bemis; Flater and Egan. Umpires—Evans and Hurst.

Second game—										R.	H.	E.
Cleveland	3	0	2	0	0	4	0	0	x—9	10	1	
Philadelphia	0	0	0	0	0	0	0	0	—0	8	4	

Batteries—Rhoades and Bemis and Land; Kellogg and Egan. Umpires—Hurst and Evans.

Two for St. Louis.

St. Louis, Sept. 30.—St. Louis won both games of a double-header from New York, 6 to 0 and 2 to 1, respectively. New York gave Lake poor support in the first game, six errors, coupled with four hits netting six runs. In the second game St. Louis scored two runs in the first inning on four successive hits in which T. Jones and Yeager doubled. Scores:

First game—									R.	H.	E.
St. Louis	0	0	2	0	3	1	0	0	x—6	4	2
New York	0	0	0	0	0	0	0	0	—0	5	6

Batteries—Howell and Spencer; Lake and Sweeney. Umpire—O'Loughlin.

Second game—										R.	H.	E.
St. Louis	2	0	0	0	0	0	0	0	x—2	6	0	
New York	0	0	0	1	0	0	0	0	0—1	6	1	

Batteries—Dineen and Smith; Manning and Blair. Umpire—O'Loughlin.

They are naming babies after Frank Chance down in Chicago.

Frank Gotch is back on the farm at Humboit, Iowa.

Battling Nelson is drawing $1,800 a week as a star performer in "Why Girls Leave Home."

Packey McFarland, who was to have fought Billy Mayhew in San Francisco the other night, refused to go on because earlier in the day he stubbed his toe.

Hughey Jennings is still on the job. Did you notice that his bunch won again Tuesday?

It is said that Billy Papke won over $50,000 lighting last year.

Kid McCoy is, "he thinks," better than he ever was. Both he and Bob Fitzsimmons are going to get back into the light game.

Papke can't tight at the Jeffries fight club any more. There was a disagreement over money. Both men are sorry it happened.

Our old friend Bat Nelson, like many other great men, cannot stand prosperity, and he has fallen in the trap set for the unwary. Bat is to write a book. And the sad part of it is that Bat will probably hire some cheap chap to write it for him. The only thing that would make a book by Bat really an epoch-making operation would be that it was written by Bat himself.

Bat is like the man mentioned by Bill Nye, "No man can spell like that without the aid of stimulants."

Bat's mastery of orthography would speedily fill up our insane asylums with proof readers.

We are not fully informed upon what subjects the distinguished citizen of Hogewisch will enlighten and enliven the public. No doubt he has in mind some paramount issue which will put Messrs. Bryan and Taft into the down-and-out club.

The world would make a desperate dash to get first-hand information from Mr. Nelson touching the race problem, and this is a question on which Bat should be able to speak with no little authority, for he has fought a negro and he has also refused to ever again fight a negro.

A chapter might be devoted to offering a remedy whereby prosperous pugilists would be protected against the wiles of the rapacious mine promoter.

"Society As I Have Fount It," "Why Fame Is Like Chop Suey," "Uneasy Lies the Head that Wears a Title," these and kindred topics might be discussed by the prodigious pounder in his proposed volume.

The spectacle of the pugilist turning literary gent may make the judicious grieve, but Battling Nelson is no doubt as thoroughly equipped for a literary career as Laura Jean Libbey ever was, or Nick Carter.

We trust that Bat will write quietly and sedately, and make it unnecessary for the printer to heavily load it with dashes.

Give it a high moral tone, Bat, like an upright piano.

GOOD RACING CARD ARRANGED

Tri-State Association Will Pull Off Some Fast Ones Friday.

Beginning Friday afternoon and continuing Saturday afternoon, harness racing will be featured at the Driving park under the auspices of the Tri-State Racing association.

More than thirty horses from Wisconsin, Michigan, Minnesota and Canada have already arrived at the track, and the program arranged promises to be an interesting affair.

One more meet will be held this year by the association at Hilling next week. Some of the fastest horses in the Northwest are entered, and the management promises those who love good horse racing their money's worth.

Among the fast horses entered is Odanonna, the $7,000 horse bought in Chicago last year by Elliott & Runquist. This is the first chance afforded Duluth people to see what kind of an exhibition this animal puts up, and as he will start in the free-for-all, a pretty contest is promised. Among the others in this race are Miss Hartford, Prince Hal, Bessie Barolite and many others.

Horsemen from all over the country are taking an active interest in these races and many noted owners will be in town to see the exhibition. Women in particular are invited to be present by the management.

DIARRHOEA

There is no need of anyone suffering long with this disease, for to effect a quick cure it is only necessary to take a few doses of

Chamberlain's Colic, Cholera and Diarrhoea Remedy

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year. In the world's history no medicine has ever met with greater success. **Price 25 cents. Large size 50 cents.**

DULUTH FANS ARE INTERESTED

Cubs Take Lead in National and That Pleases Them.

Followers of the pennant race in the National league are happy—the Cubs are at the top of the list.

"What a scrappy fight those fellows are putting up," is the exclamation on every side, and it must be on this account that Duluth people are glad to see them win, for glad they are and more than one has expressed the wish that both Chicago teams would win out.

The Giants are behind one point, and by winnng two games yesterday the Pirates brought their standing up to 631, which gives them an excellent chance for the flag.

The greatest fight in the history of baseball is on. Duluth fans have forgotten all other sports, and the whirlwind finishes in both leagues is the talk of the town.

In the American, Detroit is still at the top, with Cleveland only a game and a half behind, and Chicago still within striking distance. The games played yesterday did not affect the standings to any extent.

HISTORY OF B. & S. DEAL

Attorney Says He Will Prove Company Owned No Property.

Claims Mine Was Simply $6,000,000 Hole in Ground.

J. B. Richards' rather lengthy opening talk to the jury, which should be, according to the court's definition, "a brief, dispassionate statement of the facts intended to be proven," together with several passages at arms between Mr. Davis on one side and Mr. Richards on the other, furnished the interesting features in the trial of the suit of the Butte & Superior Copper company against John McAlpine for recovery of $2,000 on a promissory note in district court yesterday afternoon. The arguments between the attorneys became heated at times, but Judge Ensign poured oil on the troubled waters and held rising passions down.

The jury was secured without particular incident, the ownership of stock in the Butte & Superior company being an effectual bar to service on the jury. Judge Ensign held that stockholders are integral parts of a corporation and it would be improper for stockholders to try their own case. Mr. Richards challenges were all honored by the court.

The case of the plaintiff was presented by the calling of Mr. McAlpine for the identification of his note, which was introduced as evidence, and by the testimony of J. B. Becher, second vice president and assistant treasurer of the company. Mr. Becher testified to calling on Mr. McAlpine several times after the maturity of the note and being met with evasive answers, when he requested the payment of it. After six or seven calls, he said, he was asked to bring the note by Mr. McAlpine. He did so, he said, and Mr. McAlpine asked to see it. Mr. Becher said Mr. McAlpine took the note and put it in his inside pocket, refusing to give it up. Mr. Becher said that as he was leaving Mr. McAlpine's office, he (Becher) said that if he were big enough, he would take the note by force, and Mr. McAlpine said he would fight if Becher tried to collect it.

The plaintiff rested with Mr. Becher's testimony, and Mr. Richards made his opening talk to the jury, in which he laid out a case, which he said, would show that the Butte & Superior company had nothing but options without prospects when it sold stock and that the stock was not worth the price at which it was sold. He took up the answer in the case and elaborated on it to lay out the testimony proposes to introduce.

He said that when Mr. McAlpine subscribed for the stock, the company represented to him that it was the owner in fee of the properties described, whereas "when the representations were made, the company didn't own one foot of land in fee." He said he proposed to show by the testimony that the company had nothing but mine options, dependent on the future, and if the payments were not kept up, the company would lose everything.

"This company had nothing but a mere privilege and if it defaulted, its assets, excepting the cash in its hands received from subscribers, would have been wiped out," he said.

He said the plaintiff represented that the lands were fully paid for and the plaintiff out of debt, that the ore body showed prospects of being greater and richer than that of North Butte, that L. W. Hill and W. A. Clark were financially interested as stockholders and would assist in the development, and that it had money available for the sinking of a shaft 1,200 feet deep and expected to produce copper and begin paying dividends in ninety days. Reading from the answer, Mr. Richards said the claims were not true, nothing of value was represented and the shares were not worth more than 50 cents. He said he proposed to show that the company had absolutely nothing.

He said the Butte & Superior company was organized as a copper proposition, but he proposed to show by the evidence that its actions were as bad as if somebody had gone up on the hill above Duluth and organized a copper company with a capitalization of $6,000,000 to sink a hole in the ground. He said he proposed to show that the lands secured for the operations of the company were in a territory from which there never was in all the history of Butte one ton of copper produced and shipped. He said the copper production of Butte is confined to one district and none had been discovered in any direction outside of the bounds of that district.

The Butte & Superior property, he said, was on Feb. 11, 1907, when the note was drawn, located in a barren region over half a mile north of the copper-producing district in Butte. To the west of Butte, he said, where there never was a prospect of copper, eight claims, comprising over half of the property claimed to have been held by the company, were located. He said the copper bearing soil of Butte is granite formation, with the veins running east and west and that the Butte & Superior company had located half a mile north of that district and could have no connection with those veins.

He took up the claims forming the Butte & Superior holdings and discussed them in detail. He said the Four Johns and the Black Rock were both silver propositions when they were patented, and Senator Clark worked the Black Rock up to 1894, when he quit. After fourteen years, he said, the Butte & Superior began to retimber the old shaft. He said the Four Johns was a silver proposition and never produced a hatful of ore; the Niagara had paid small royalties on silver, but that no claim in those comprised in the Butte & Superior had ever produced anything but silver.

Numerous objections were made by Mr. Hollister and Mr. Davis to Mr. Richards' method of opening, and the court was compelled to caution him against argument at that stage of the proceedings.

Mr. Richards called D. T. Jenkins, secretary of the Butte & Superior company, to the stand for cross-examination under the statute in opening his case. He introduced the articles of incorporation of the company in evidence, and asked numerous questions regarding the titles, claims and the property in general, which had been visited by Mr. Jenkins in January prior to the making of the note which caused the suit. The fact that some of the books wanted by the defense had not been brought to court caused a tiff between the attorneys, and another argument arose over the introduction of Mr. McAlpine's subscriptions for stock. Mr. Davis suggested that the subscriptions might be stolen if put in the files, and he and Mr. Richards engaged in an argument that had to be cut short by the court. The subscriptions were finally introduced and later replaced by substitutes, the originals being returned to Mr. Davis.

Mr. Jenkins was still on the stand under Mr. Richards' cross-examination when court adjourned for the day.

A Paying Investment.

Mr. John White of 38 Highland avenue, Houlton, Me., says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at all drug stores, 50c and $1.00. Trial bottle free.

WHO FINANCED WATSON?

Former Senator Pettigrew Declares Republicans Furnished Money.

Salem, S. D., Sept. 30.—While traveling with William J. Bryan from Sioux Falls to Mitchell, former Senator R. F. Pettigrew publicly announced that four years ago he had been approached by the Republican national committee through a former United States senator with an offer of $10,000 if he would deliver ten speeches at such places as the committee would dictate in support of the candidacy of Thomas Watson of Georgia, the People's party candidate for president. Mr. Pettigrew said that with the view to ascertaining what was behind the offer he wrote his senator friend and asked him if the amount could not be increased to $20,000, but the reply was that they were not inclined to give one man that much. Senator Pettigrew declared that he declined the offer and conducted an investigation with the result that he satisfied himself that the Republican party financed in a large measure Mr. Watson's campaign.

GIRL BOXER,

Aged Twelve Years, Easily Bests Four Pennsylvania Boys.

Bethlehem, Pa., Sept. 30.—The young women of Bethlehem are taking up boxing. Miss Frances Moyer, aged 12 years, is the champion girl boxer so far.

On a vacant lot a series of open-air bouts was held yesterday. Miss Elsie Harris, aged 13 years, was Miss Moyer's first victim. Then in turn she bested on points Harold Sharpner, Lawrence and Leroy Housner and Mathew Donahue.

Clarence Moser was the only one to last six rounds, this bout being declared a draw by Referee Richard Heffelfinger.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acrid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

WHEAT HAS FIRM CLOSE

Higher Prices Prevail in All the American Markets.

Flax is Up at End of Session in Duluth.

Duluth Board of Trade, Sept. 30.—Wheat was higher at the close of a somewhat erratic session today. Cables were weak and receipts in the Northwest were heavy, but the general impression seemed to prevail that the market had been over-sold, and offerings were, consequently, not so free, permitting the bulls to keep prices up until the close.

The early strength was on the firmness in Minneapolis, but Chicago was weak and prices went off here after the first hour, to rally again when offerings became scarce and with the other markets.

There was no export demand.

Liverpool closed ½d to ⅝d lower, Antwerp unchanged to 1¼c lower and Budapest ½c lower.

The September option closed ½c higher in Duluth and St. Louis, ¼-⅜c higher in Chicago, 1½c higher in Minneapolis (new wheat) and ⅝c higher in Kansas City. The closing price of New York September was not received. The October option closed ½c higher in Winnipeg. The December option closed ⅜c higher in Duluth and Minneapolis, ⅜c higher in Chicago, ½c higher in New York, ½c higher in St. Louis and Winnipeg and ½-⅝c higher in Kansas City.

December corn closed ¼c higher in Chicago and December oats a shade lower.

Broomhall cabled from Liverpool: "Wheat—The break in American markets yesterday was an incentive for liberal offerings here and as a result opening values were ⅜d lower, and during the morning the market was continually under pressure with an additional decline of ¼d. Selling was further encouraged by the favorable crop outlook in Russia, liberal offerings of Australian cargoes and Manitoba parcels and the bearish American statistics. At midday the market was dull and from ⅜d to ⅝d lower than Tuesday, with the near by month entirely neglected.

"Corn was extremely dull and unchanged. The market was wholly neglected."

Car receipts at Duluth were 602, against 465 last year, and at Minneapolis 457 against 206 last year, making a total for the Northwest of 1,059 against 971 last year. Chicago received 24 against 85 last year. Winnipeg received 238 against 121 last year.

Primary receipts of wheat were 1,-693,000 bus, last year 963,000 bus. Shipments 690,000 bus, last year 663,000 bus.

Primary receipts of corn were 535,000 bus, last year 1,297,000 bus. Shipments 194,000 bus, last year 854,000 bus.

Wheat was active during the session. September wheat, of which option this was the last day, opened ¼c higher at $1.01¼, advanced to $1.02, declined to $1.01¾ and closed there, a gain of ½c over yesterday. December wheat opened ¾c higher at $1.00⅝, advanced to $1.01⅜, declined to $1.00¾, reacted to $1.01⅛ and closed there, a gain of ¼c over yesterday. May wheat opened ¼c higher at $1.04⅝, advanced to $1.05½, declined to $1.05 and closed at $1.05⅛, a gain of ¾c over yesterday.

Durum wheat closed ¼c higher and cash spring wheat was selling on a basis of ⅝c over September for No. 1 northern.

Flax was actively traded in and closed fractionally higher. September flax opened unchanged at $1.21½, advanced to $1.22, declined to $1.21½, rallied to $1.21¾ and closed at $1.21⅝, a gain of ⅛c over yesterday. October flax opened unchanged at $1.21½, advanced to $1.22¼; declined to $1.21¾ and closed there, a gain of ⅛c over yesterday. December flax opened ¼c higher at $1.20⅜, advanced to $1.21 and closed at $1.20½, a gain of ¼c over yesterday.

Coarse grains were unchanged.

Following were the closing prices:

Wheat—No. 1 hard on track, $1.02⅝. To arrive: No. 1 Northern, $1.02⅝; No. 2 Northern, 99⅝c; September, $1.01½; December, $1.01⅛; May, $1.05⅛; October, $1.01½; Durum on track No. 1, 91⅝c; No. 2, 89⅝c. September, Durum, 91c; October durum, 91⅛c; November durum, 91⅜c. Flax to arrive: $1.21¾. Flax on track: $1.21¾. September, $1.21⅝; October, $1.21¾; November, $1.22; December, $1.20½; May, $1.25⅜. Oats to arrive, 47¼c; oats on track, 47¼c; rye, 72@74c; barley, 51@55c.

Cars inspected: Wheat, 602; last year, 465. Oats, 42; rye, 4; barley, 57; flax, 127, last year, 20.

Receipts: Wheat, 644,112; oats, 40,-707; barley, 214,998; rye, 5,247; flax, 142,582.

Shipments: Wheat, 150,650; oats, 1,852, barley, 643,529; flax, 3,439.

THE CHICAGO MARKET.

Scattering Selling is Brought Out by Weak Cables.

Chicago, Sept. 30.—The wheat market opened easy owing to scattered selling brought out by weak cables and continued liberal receipts in the Northwest, but a firmer tone soon developed on fair demand by several leading commission houses. Offerings after opening spurt were rather limited. A feeling that a rally was due after a two days' decline seemed to be prevalent in the minds of many traders. Initial quotations were a shade higher to ¼@⅜c lower, with December at 99¼c to 99½c. Later December sold up to 99⅝c. Minneapolis, Duluth and Chicago reported receipts of 1,083 cars against 1,231 cars last week and 756 cars a year ago.

The market developed moderate firmness late in the session, owing to the strength of Northwestern markets, and December advanced to $1. The close was firm, with prices ¼c to ⅜c higher, with December at 99¾@⅞c.

Buying by shorts caused an advance of 1c in September corn, but future deliveries were barely steady, owing to renewed selling by local longs. December opened a shade lower to a shade higher at 65⅝c to 65½c and sold off to 65⅛c. Local receipts were 106 cars, with 32 of contract grade.

A slump of 3c occurred in the September delivery during the last half of the session on heavy realizing sales. The price dropped from 79c to 76c. The future deliveries in the meantime were firm, December selling up to 65¾@⅞c. The close was irregular, September being weak and 1¾c to 2c lower at 76c to 76¼c, and the future deliveries firm, with December up ⅛c at 65⅝@¾c.

Oats were irregular, the September delivery being strong and the options easy. Shorts were active bidders for the current month, but offerings were light. December opened unchanged at 49¼c and sold off to 48¾@⅞c. Local receipts were 48 cars.

Renewed liquidation of October pork was the feature of trade in provisions, and this selling caused an easier tone throughout the entire list. Prices at the opening were 2½c to 20c lower.

Close: Wheat—September, 99c; July, 96⅝c. Corn—September, 76@76¼c; December, 65⅝@¾c; May, 64⅞c; July, 64¼c. Oats—September, 49½c; December 49@⅛c; May, 51@⅛c. REMARKS.

Rain or snow fell over the Dakotas, Minnesota, Wisconsin, Northern Illinois and Michigan; cool weather continued with freezinf temperatures in the Northwest and Ohio; frosts occurred this morning in Kentucky. This will be the last bulletin for the season of 1908.

H. W. RICHARDSON, Local Forecaster.

T indicates inappreciable rainfall. * For yesterday. ** For twenty-four hours ending at 8 a. m. 75th meridian time.

NOTE—The average maximum and minimum temperatures and the average rainfall are made up at each center from the actual number of reports received.

Grain Gossip.

Forecast for the grain belt:

Illinois—Fair tonight and Thursday; cooler, possibly frost Thursday morning.

Indiana—Generally fair tonight with probable frost; Thursday fair and cooler.

Missouri, Iowa, Kansas, Nebraska and Wisconsin—Fair tonight and Thursday; cooler tonight with probable frost.

Lower Michigan—Showers this afternoon and in East and North; cooler tonight with possibly frost in West; Thursday fair and cooler in East.

Upper Michigan—Rain and colder tonight; Thursday fair with frost in morning.

Minnesota and North Dakota—Fair tonight and Thursday; frost tonight with cooler in South; warmer Thursday.

South Dakota—Fair and cooler tonight with frost; Thursday fair and warmer.

Montana—Fair tonight and Thursday; warmer in North tonight.

THE MINNEAPOLIS MARKET.

Lower Cables' Effect is Offset by Lighter Receipts.

Minneapolis, Sept. 30.—Following the big decline of yesterday the Liverpool cables were again lower today, being a ½d to ⅝d off in second advices. This was offset by lighter receipts than of late. Minneapolis had 457 cars against 206, Duluth 602 compared with 465, and Winnipeg 238 against 121. Local elevator stocks increased 1,650,000 bushels for four days, which makes the present total exceed 5,000,000. The market turned up on the smaller receipts and gained over a cent from yesterday's low mark, but it was reactionary again on free selling. Near the close the market was firm again. December opened at $1.01⅜; high, $1.02; low, $1.01¼@1.01⅜; close, $1.01⅜. Old December closed at $1.01⅞. May opened at $1.05⅜@1.05½; high, $1.06; low, $1.05⅜; close, $1.06. September closed at $1.01¾, old and new.

Cash demand was good at 1½@2c over for No. 1 northern and December price to ¼c under for No. 2. Millers continue good buyers, and elevators take whatever they leave. Close: No. 1 northern spot $1.03⅜@⅞, to arrive $1.01⅜; No. 3 wheat, 98⅜c to $1.00⅞; No. 3 yellow corn, 74¾c; No. 3 white oats, 46⅛@⅜c; No. 2 rye, 71¾@72¼c.

Barley—Receipts, 87 cars against 145 last year; shipments, 114 cars. The market was just about even with yesterday, demand moderate and maltsters not doing much. Close, 51@57c.

Flax receipts, 69 cars; shipments, 21.

Prices firmed up to one cent under Duluth October, but eased back later to 1½c under. Close, $1.20½c.

Mill stuffs quiet at $18@$18.50 for grain in bulk, millers' quotations.

Firmness in wheat stimulated flour demand and a good day's business was entered, including a little patent flour for Europe. There is continued good domestic inquiry and a generally favorable situation. Shipments, 59,866 barrels. First patents, $5.75@$5.90; second patents, $5.60@$5.75; first clears, $4.45@$4.55; second clears, $3.50@$3.60.

New York Grain.

New York, Sept. 30.—Close: Wheat, December, $1.08⅝; May, $1.09½@⅝. Corn. December, 76¾c; May, 73⅛c.

BANK SCANDAL CHARGED.

Affairs of Cosmopolitan National of Pittsburg to be Aired.

Washington, Sept. 30.—Information concerning the nature and extent of the insolvency of the Cosmopolitan National bank of Pittsburg, which indicates criminal liability on the part of officials of the bank and certain of its directors and stockholders has been received in Washington. It is reported that no less than $100,000 of the funds of the defunct bank had been diverted to the use of persons intimately connected with the bank's affairs, without customary lawful securities and safeguards being observed.

STOCKS ARE IRREGULAR

Tone Was Inconsistent and the Trading Professional

Upward Swing in Final Hour and Closing Was Firm.

New York, Sept. 30.—The opening demand for stocks today was light and the upward movement of prices although distinct, was sluggish. Only a few stocks rose more than a small fraction. Missouri Pacific gained 1¼ and Union Pacific, Reading and Baltimore & Ohio 1.

Prices fell gack immediately on realizing. Reading, Union Pacific and Consolidated Gas lost their gains, and some of the other active stocks declined to below yesterday's closing. The market subsequently rose to about the highest again, in sympathy with a varied demand and for a number of specialties.

The market showed its narrow professional character by its failure to maintain any consistent tone. Prices yielded to below last night, by noon. International Paper preferred lost 5¾. Canadian Pacific had risen 1¾, and Chicago and Alton preferred 1½. Bonds were steady.

Offerings of receipts decreased after midday and prices accordingly. Union Pacific rallied to 158 and Rock Island preferred to 41, but the demand for the rest of the list was not sufficient to change prices much.

MKT

Weakness in the local traction group was ignored, but the stability of the market rested more on the absence of offerings than on any sustaining demand. Metropolitan Street railway broke 4 points, Long Island 3, and Third Avenue 2½.

The market closed firm. Another upward swing in the final hour benefited mainly railroad stocks, although Amalgamated Copper gained 1⅝ and United States Steel, American Smelting, Anaconda and National Lead 1.

New York stock quotations furnished by Fred H. Merritt, 328 West Superior street. Closing prices are bid.

The Cotton Market.

New York, Sept. 30.—The cotton market opened steady at an advance of one point to a decline of 2 points. There was covering at the decline, however, with buyers of October finding very little cotton for sale. Prices ruled about five to seven points net higher.

The market was quiet late in the forenoon with prices ruling about unchanged to two points lower under scattered southern selling. It is reported that the National Ginners' association estimates the amount of cotton ginned to September 25, at 3,000,000 bales.

Cotton—Spot closed quiet; middling uplands, 9.30; middling gulf, 9.55; sales, 300 bales. Cotton futures closed steady. Closing bids: October, 8.92; November, 8.59; December, 8.67; January, 8.53; February, 8.63; March, 8.54; May, 8.55.

New York Money.

New York, Sept. 30.—Close: Prime mercantile paper, 4¼@4½ per cent; sterling exchange weaker with actual business in bankers' bills at $4.85 for 60-day bills and $4.86.30 for demand. Commercial bills, $4.83⅛@4.84¼. Silver, 51¾c; Mexican dollars, 45c; government bonds irregular; railroad bonds firm.

Money on call steady at 1½@2 per cent; ruling rate 1½ per cent; closing bid, 1½; offered at 1⅝. Time loans steady and more active; sixty days, 2¼ per cent; 90 days, 3 per cent; six months, 3½ per cent.

Midway Horse Market.

Minnesota Transfer, St. Paul, Minn., Sept. 30.—Barrett & Zimmerman report: Market continues quiet with movement light in all classes. Logging trade continues backward with no visible demand. All heavy teaming interests are getting along with their present equipment until after election.

New Postage Rate Oct. 1.

The new 2-cent letter rate between England and the United States goes into effect Thursday, Oct. 1. On and after that date ordinary letters may be sent at the same rate that letters are sent to the different parts of this country.

It is easier to ride bareback than it is to keep one's balance on the right side when trade is dropping off. Advertising in The Herald will give the merchant a firmer and more comfortable seat.

SEPTEMBER 30, 1908.

In a few weeks election will be a thing of the past, and Mr. Taft will be the President. Those who do not take advantage of this little political scare are certainly going to lose a lot of easy money. Copper stocks are as good as wheat, and the red metal should sell at 16 cents after election.

Ballaklava should soon open up some of the richest deposits of high-grade ore ever opened up in Butte. Buy this one right along.

Butte-Montana is the best low-priced stock ever brought to this city. You are certainly getting a whole lot for your money. Remember this company owns in fee, both mines, the Alec Scott and Little Annie. No proposition on the board has a greater future ahead of it. The company will have plenty of money, the best of management and also plenty of high-grade ore on all levels.

We know this one will be a great success and can safely advise the purchase of shares.

Butte & Superior tightened up today and sold again at $1.00 a share.

Calumet & Sonora is also holding fine and will sell away up by Xmas.

It is generally about the time that things begin to move that when many think that things are going the other way.

THE COPPER STOCKS.

The following are the closing quotations of copper stocks at Boston today reported by Paine, Webber & Co. Room A, Torrey building:

ORDER FOR HEARING ON PETITION FOR ADJUSTMENT OF FINAL ACCOUNT AND FOR FINAL DECREE OF DISTRIBUTION.—

State of Minnesota, County of St. Louis. In Probate Court.

In the Matter of the Estate of Susan E. Benesch, Deceased:

The petition of John Benesch, as representative of the above named decedent, together with his final account of the administration of said estate, having been filed in this court, representing, among other things, that he has fully administered said estate, and praying that said final account of said administration be examined, adjusted and allowed by the court, and that the court make and enter its final decree of distribution of the residue of the estate of said decedent to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond.

IT IS ORDERED, That said petition be heard, and said final account examined, adjusted and allowed, by the court, at the Probate Court Rooms, in the Court House, in the City of Duluth, in said County, on Monday, the 26th day of October, 1908, at ten o'clock A. M. and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted.

ORDERED FURTHER, That this order be served by publication in The Duluth Evening Herald, according to law.

Dated at Duluth, Minn., September 29th, 1908.

By the Court,

J. B. MIDDLECOFF,

Judge of Probate.

(Seal Probate Court, St. Louis Co., Minn.)

BALDWIN, BALDWIN & DANCER, Attorneys.

Duluth Evening Herald, Sept. 30; Oct-7-14-1908.

STATE OF MINNESOTA, COUNTY OF ST. LOUIS—SS.

NOTICE IS HEREBY GIVEN, That application has been made in writing to the Board of County Commissioners of St. Louis County, Minnesota, and filed in my office, praying for license to sell intoxicating liquors for a period of one year from the 8th day of October, 1908, by the following person and at the following place, as stated in said application, to-wit:

Lemoine Brothers, in the front room, ground floor of that certain one-story frame building situated on Lot 2, Block 10, Ashawa, Section 18, Township 62, Range, 18, Town of Field.

Said application will be heard and determined by said Board of County Commissioners of the County of St. Louis, Minnesota, at the Court House in the City of Duluth, Minn., on Tuesday, the 6th day of October, 1908, at 9:30 in the forenoon of said day.

Witness my hand and seal of office this the 22nd day of September, 1908.

O. HALDEN,

County Auditor.

By J. O. WALKER,

Deputy.

(Seal, County Auditor, St. Louis County, Minn.)

WEST END
ARE AFTER THE BIG MEN

West End Republicans Will Have Prominent Speakers at Rally.

Plan to be Active During the Coming Campaign.

Either Jacob F. Jacobson or Frank M. Eddy will be secured by the West End Republican club for the rally it is planning to hold in the course of a week or two.

At the last meeting, a committee was appointed to make arrangements for a big rally in the West end, but that body is holding off a little on the plans, pending the organization of the Republican county committee.

"Mr. Jacobson will undoubtedly speak at a meeting under the auspices of the West End Republican club, when he comes to town during the present campaign," said George M. Jensen, president of the organization, "but we have not found out as yet, whether he will be able to be present at the rally we are planning for the immediate future.

"However, we will have some prominent Republicans to talk. Frank M. Eddy may be secured for the next rally and there will be a number of local speakers."

The next meeting of the club will be held Tuesday evening in Sloan's hall, when plans for the rally will be perfected. By that time, it is expected that the county committee will be down to work.

"We intend to be very active during this campaign," said President Jensen, speaking of the West End club.

LIVELY SALOON FIGHT.

Religious Discussion Leads to Fight and Several Arrests.

Differences of opinion in the matter of religion led to a bloody free-for-all fight in Mantaj & Co., saloon, 2024 West Superior street last evening. Knives seem to have been the popular weapon.

When the police arrived on the scene, they placed under arrest John Budzinski, Joe Meszynski and Jo Adamick. Budzinski, although bleeding from several ugly cuts, resented the interference of the police in so determined a fashion that it took several men to get him under control. Meszynski was also cut. All the wounds were attended to at headquarters.

Joe Mantaj, one of the proprietors of the saloon, was very angry at the participants. He said he was pelted with rocks when he tried to bring about peace negotiations.

Return From Meeting.

Rev. J. A. Anderson, pastor of the First Swedish M. E. church, who is to be superintendent of the Lake Superior district of the M. E. conference, returned yesterday from St. Paul, where he has been attending the conference. Rev. K. Selin of Calumet, Rev. John Sodergren of Ashland, Rev. Theodore Livingston of Hibbing and Rev. Olaf Hildergren of Superior also returned and attended the concert in the First Swedish M. E. church, on Sunday.

Altar Guild to Meet.

An important meeting of the Altar Guild of St. Luke's Episcopal church will be held this evening in the vestry rooms. Plans for the coming winter's work will be thoroughly discussed and the organization of the guild perfected.

Miss Westell will preside at the session and she is anxious to have every member on hand.

AMERICAN-SCANDINAVIAN STEAMSHIP LINE A GO

Christiania, Sept. 30.—The scheme, which has been under advisement for a long time for the establishment of a direct steamship line between Norway-Sweden-Denmark, and the United States, has been successfully concluded. The proposal for independent lines from each of those three countries to the United States has been abandoned, but under the plan adopted, all three will contribute an equal share of the sum for the consolidated line. For the present, six steamers will be engaged in the service, sailing under the Norwegian flag, and Bergen will be the headquarters of the company. It is understood the company has already entered into an agreement with the German steamship companies whereby rate cutting will be avoided.

West End Shortrails.

Arthur Sundeen has gone to Evanston, Ill., where he will take up a law course at Northwestern university.

Henry Turnblad has returned from St. Paul, where he went to have his eyes treated.

Miss Hannah Olson of Nineteenth avenue west entertained her Sunday school class in the First Norwegian-Danish M. E. church last evening, in honor of Miss Mabel Munson, one of the members, who leaves very soon for Racine, Wis.

Miss Gertrude Eppe of Crookston is visiting friends in the West end for a few days. She will visit at Red Wing and Minneapolis before returning to her home.

Charles Sutherland has returned from Minneapolis, where he has been for several months, and is staying with his parents at Twenty-third avenue west and Sixth street.

Rev. K. A. Lundin of Spokane was tendered a farewell reception at the First Swedish Baptist church last evening. Mr. Lundin is a former pastor of the church and has been visiting in the West end for two weeks.

Dr. J. W. Ekblad has returned from Scandia, Kan., where he was called by the illness of his wife's mother.

MARINE NEWS

Vessel May Have Sunk.

Grand Rapids, Mich., Sept. 30.—Thousands of bales of rye straw have been washed ashore on the Lake Michigan coast from Pentwater to Little Point Sauble, and it is believed a boat has been lost in the heavy storm that has been prevailing for the past three days.

VERDICT FOR COMPANY.

Martin Panion Fails to Collect for His Injuries.

In the personal injury suit brought by Martin Panion against the Oliver Ifon Mining company in district court for $25,000, the jury yesterday brought in a verdict in favor of the company.

The injuries alleged to have been sustained by the plaintiff were received while working in the Adams mine, at Eveleth, in 1904.

RECORD IS BROKEN.

First Snowfall in September for Thirty-Eight Years.

"Stick to your overcoats until tomorrow morning at least," is what H. W. Richardson of the weather office said this morning, when asked if it were going to get warmer. It will freeze tonight, but by tomorrow noon normal fall weather will prevail.

Storm signals are out at every port on the Great Lakes except Duluth and Chicago. This afternoon high winds from the northwest are expected.

The snowfall Tuesday afternoon broke another weather record in Duluth. October 3, 1876, was the earliest up to yesterday. That record was beaten out by four days.

The storm was general all over the Head of the Lakes district and was much heavier in the suburbs than in the city. In some places more than half an inch fell, and the cars from Woodland and Lester Park were covered about 6 o'clock last night with the beautiful.

Itching, torturing skin eruptions disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

AUSTRIA "KNOCKS" PENNSYLVANIA

Vienna, Sept. 30.—The Austrian government is issuing repeated warnings against the emigration of its subjects to America, and particularly to Pennsylvania. It describes conditions in Pennsylvania as still bad, and says that further dismissals of laborers may be expected.

MINING INVESTMENTS.

The Ancient Gold Mining & Milling Company of the District of Arizpe, state of Sonora, republic of Mexico, has opened an office at 304 Pioneer Press building, St. Paul, and is now prepared to show those interested in the location of the property, samples of ore taken from these wonderful mines and the assay and milling tests of same, as made by A. L. Pellegrin, United States assayer, and Charles Taylor, ex-United States assayer; D. S. Caraway, Ph. D., late of Sonora, Mex.; N. Lehnen, Ph. D., of St. Paul, and many others of noted reputation, whose reports state that these mines show from $30 to over $400 per ton in gold, and from $3 to $40 in silver.

The company owns and has perfect title from the Mexican government of two groups of gold mines (both of which are free milling), covering over 180 acres, situated on the main traveled road, with abundance of wood and water adjoining the property for the operation of the mines; it has also purchased a mill and other machinery with a daily capacity of 200 tons, which will be erected on the property at once.

The stock is non-assessable, and will be put on the market at a comparatively low price considering the richness of the mines and the wonderful showing already made. A limited number of shares will be sold, as the company wishes to raise only a sufficient amount of money which, with the machinery and work already done on the property, will put it in shape to pay large dividends at an early date.

The locator and general manager of these famous mines, Mr. Santiago R. Norton of Sonora, Mex., who was the former owner, and sold the great Belen group of mines to a syndicate of Minneapolis business men eight years ago, and who is now here concluding the sale of another group of gold mines in Sonora, Mex., to Minnesota capitalists, will be at the office to satisfy the most skeptical that this is the greatest opportunity for a safe and profitable investment that was ever offered to the public.

For further particulars call at office or address S. R. Norton, 304 Pioneer Press building, St. Paul.

Duluth Evening Herald—Sept. 30, Oct. 1-2-3, 1908.

OIL TRUST IN DENIAL

Standard Lawyers Refute Charge of Preferential Rates.

Say Combine Has Paid Same as Other Companies.

Government Renews Effort to Have the Monopoly Dissolved.

Chicago, Oct., 1.—Standard Oil company attorneys presented evidence today before Judge Franklin Ferris in support of the contension that the oil company has not been the recipient of preferential rates from the railroads in different sections of the country.

The hearing was in the Federal building in Judge Bethea' court room, adjoining the court room in which Judge Landis pronounced his judgment that the Standard Oil Company of Indiana should pay a fine of $29,240,000, and is a phase of the attempt of the government in a suit in chancery to have the Standard Oil company dissolved and cease to exist as a corporate entity. Special Government Attorneys Frank B. Kellogg and Charles B. Morrison, former United States district attorney in Chicago, represented the government, and Attorneys John S. Miller and Moritz Rosenthal both of whom appeared for the oil company in the spectacular fine case represented the company before Judge Ferris.

Henry E. Felton, general traffic manager of the Standard Oil company was the first witness called to the stand and will be the principal witness to be examined in the Chicago hearing.

(Continued on page 5, fifth column.)

HASKELL IN CASH APPEAL

Governor Asks for Money to Overcome His Enemies.

Salary Barely Enough for His Family, He Says.

Guthrie, Ok., Oct. 1.—Governor Haskell yesterday made a public appeal to the people of Oklahoma for money to aid him in overcoming his enemies, whom he declares are the enemies of the people. Governor Haskell's appeal says:

"As for myself, I am not possessed of wealth and receive a salary but barely enough for the expense of my family and myself. I am giving my entire time to the welfare of Oklahoma. I can make the fight against all these interests and win with the support of the people.

"I not only want the moral, but also some small financial assistance of the people of Oklahoma. Postage, paper, labor and other items of expense can only be incurred when I have the means to meet them. I am standing firmly for honest government and against graft, greed and corporate oppression. I ask assistance, not in large amount, because a few thousand dollars will be a start for the fight, but I ask that the multitude weigh this matter and render such financial assistance as they deem proper."

HIS INVENTION FINDS MICROBES

Lawrence, Kan., Oct. 1.—Prof. Marshall Barber, head of the department of bacteriology at the University hospital in Rosedale, is summoned by the tuberculosis congress in Washington, to demonstrate an invention he has for finding microbes. Barber left for Washington today.

Washington, Oct. 1.—With only two more days for section work in a minute study of every phase of the tuberculosis problem, the seven sections of the International Tuberculosis congress convened today in the National museum, and addresses were made by scientists from all parts of

(Continued on page 5, 4th column.)

WAIT HOURS FOR TICKETS

Three Hundred Chicagoans Stand in Line All Night.

Chicago, Oct. 1.—Three hundred men and boys shivered in the chill wind from the lake as they stood in line at daylight today, at the Great Northern theater, waiting for an opportunity to exchange credentials issued to members of the Chicago Association of Commerce for tickets to the banquet, Oct. 7, when William Howard Taft, Republican candidate for the presidency, and William J. Bryan, his Democratic opponent, will sit down at the same table, and later address the guests and members of the association.

All in the line had kept their places through the night, and looked weary and haggard. Because of the demand for seats at the banquet, the association issued credential cards to each member which, in the order of their receipt when the doors were opened today, were exchanged for numbered tickets, entitling the holders to his choice of a seat at the banquet. A huge chart, showing the arrangement of the tables, facilitated the selection.

Through the night the line was composed of office boys, under clerks and porters, each of whom was provided with a check covering the cost of the ticket.

Long before the hour of opening the line was augmented until it stretched to State street, a block distant, and before that hour holders of tickets replaced their weary representatives.

DEFENDS BANKERS FOR PANIC ACT

Alexander Gilbert Says They Could Not Honor All Demands.

Denver, Colo., Oct. 1.—Aleander Gilbert, president of the New York clearing house, addressing the American Bankers' association, said in part:

"New York bankers have been severely criticised because they did not more fully respond to the demands of country correspondents by shipping currency against balances, in the recent panic. To have fully honored the demands that were pouring in from all sections of the country would have dissipated our banking reserve in a fortnight. How could it be replenished? Were the interior bankers sending currency to New York? What would have been the effect upon the country if the New York banking reserve had been entirely depelted? It would have so intensified the panicky feeling that widespread commercial disaster would have resulted. It was of the highest importance that New York in its cash resources, should keep reasonably strong. To sustain public confidence—to provide the pay rolls for its own industrial organizations and those numerous large corporations scattered throughout the country whose headquarters are in New York—to provide the cash for payments to the government for duties and interests.

"The $53,000,000 deficit in our banking reserve occurred in less than ten days after the failure of the Knickerbocker Trust company, and was caused by the shipment to interior institutions of the larger portion of that amount in that short time. We kept the door of our treasure house wide open until for the good of the whole country, it became necessary to partially close it. It never has fully closed. Currency shipments continued in a restricted way throughout the panic and a large number of our banks kept up their counter payments as usual."

McGRAW OF NEW YORK.

PANIC CRY BY SHERMAN

Nominee Says Beware Disasters of Wilson-Gorman Enormity.

Clinton, Ill., Oct. 1.—The speech-making campaign via trolley to this city that is being conducted by the Republican vice presidential candidate, James S. Sherman, reached this place early today from Decatur. A rousing reception was tendered to the party by the Young Men's Taft club. Mr. Sherman, who was vociferously greeted by banner and voice, as "Sunny Jim" was much delighted as was also Congressman Longworth, who was hailed as "Nick" and "Teddy's boy." Mr. Sherman in his speech discussed the tariff.

"One of the things certain," declared the speaker, "is that a revision of the tariff will be entered upon next March. Mr. Taft declares that if elected he will call a special session of congress at once for the purpose. Let there be no risks that the foes of protection shall get power to destroy that policy. Beware of the ruin of the Walker tariff; avoid the disasters of the Wilson-Gorman enormity. Stand for the system which has made this the foremost manufacturing nation in all history. Choose a congress as well as a president, to prove a sure defense." Mr. Sherman sharply denounced the policy of free trade, closing his address by saying:

"Mr. Bryan's oratory cannot destroy the force of the facts. He would, at our seaports, set our home products handicapped by city, town and state taxes, to compete with foreign wares that comes scot free of such charges. If he were guilty of no other offense, this single crime calls for his condigen punishment at the polls."

From Clinton, the party went to Bloomington, where Mr. Sherman talked again on the tariff. Tonight a big demonstration has been arranged for Peoria, which place the party will reach at 8 o'clock.

REYNOLDS WILL HEAD BANKERS

Choice of National Association for President is Made.

Denver, Oct. 1.—At the closing sessions of the American Bankers' association today officers were elected and resolutions that may have far-reaching effects were considered. In the election of officers, George M. Reynolds, vice president, is scheduled for president, and Louis E. Pierson, present chairman of the executive council, will be elected vice president.

The report of the currency commission explained what has been done during the last year towards securing a national currency law satisfactory to the bankers. The committee explained the passage by congress of recent financial legislation, and to give, in the rough at least a draft of a bill that will be submitted to congress.

BABY BORN TO AON'S CASTAWAYS

Suva, Fiji Islands, Oct. 1.—The castaways from the British steamer Aon, who spent nearly two months on Christmas island, an almost barren coral formation in the Pacific ocean, arrived here on the steamer Manuka of the Canadian Pacific-Australian line, all well and increased by one in number. A daughter was born to the wife of Chaplain B. R. Patrick, U. S. N., twenty-four hours before the Manuka was sighted, and this event, with the arrival of the rescuers, was made the occasion of much rejoicing.

G. O. P. ROW IS WELL ON

Roosevelt Takes Hand in New York State Campaign.

Washington, Oct. 1.—It was learned here today that President Roosevelt had sent a confidential friend to New York to look into the workings of the Republican national committee headquarters there.

Dissatisfaction has arisen regarding the conduct of the campaign, and reports have reached the president to the effect that the national committee has not been working in harmony with the Republican congressional committee.

Chairman Hitchcock is expected in Washington tomorrow for a conference with the president. It is believed the president sent for Hitchcock for the purpose of having him explain why the two committees are not working well together.

In some circles it is said that the older men of the party rather resent the way in which the younger men at national headquarters are running the campaign, and claim that considerable disorganization exists.

"TAFT PACT? NO"--HEARST

Denver, Oct., 1.—In a speech consuming less than thirty minutes W. R. Hearst, chairman of the Independent party national committee in Denver, renewed his charges against Senator Foraker and Governor C. N. Haskell, and read additional letters and affidavits. Mr. Hearst paid his respects to President Roosevelt and Mr. Bryan and compared the action of the president in repudiating Senator Foraker with that of Mr. Bryan, who he said, was willing to take the responsibility for Governor Haskell's connection with the Democratic national committee.

Resuming his comments on President Roosevelt, Mr. Hearst said it was not true that he and the president "have altered our opinions of each other and are now working hand-in-hand," as the Democrats charged.

FAMINE FACES BESIEGED CITY

Constantinople, Oct. 1.—A telegram received here from the Turkish consul at Tabriz, Persia, says the indiscriminate bombarding of that town continues. Two shells fell close to the American consulate. Roads in the vicinity are unsafe, and Tabriz is threatened with famine.

PURCHASE OF SILVER RESUMED

Washington, Oct. 1.—Director of the Mint Leach announced today that he would this week resume the purchase of fine silver for subsidiary coinage. He states that he expects to purchase about 126,000 ounces each week for an indefinite period.

JENKINS MEETS WITH BIG LOSS

Pine River, Minn., Oct. 1.—(Special to The Herald.)—Fire about 3:30 this morning totally destroyed the postoffice and store of W. P. Locue & Co. and Burchett & Benish's saloon at Jenkins, six miles south of here. The postoffice records and equipment were saved, but the store and saloon and stock and household goods are a complete loss. Locue's loss of $5,000, $8,000 insurance. The total fire loss is about $8,000.

ICE AT BRAINERD

Brainerd, Minn., Oct. 1.—(Special to The Herald.)—Ice formed here over a quarter of an inch thick last night. The thermometer stood at 25 degs. above zero at 7 this morning.

SECOND GAME.

	1	2	3	4	5	6	7	8	9	R	H	E
NEW YORK	0	0	0	0	0	2	0	0	0	2	4	2
PHILADELPHIA	0	0	3	0	1	0	1	1	x	6	10	0

New York's National league team, after regaining top place in the league standing yesterday, when Pittsburg took second place and Chicago dropped to third, played two games today with Philadelphia, at Philadelphia. These two clubs had four games to play in three days, and it was agreed that the double header necessary should be played on the first day of the series. Although the Quakers have been out of the running for first honors for some time, interest in the pennant race is intense and a huge crowd turned out to see the Philadelphias give battle to the Giants. The teams have played eighteen games together before today, New York winning fourteen. With two games to play, New York today had an opportunity either to strengthen her lead or to again drop back among the followers at a stage of the play when every point in the percentage column won or lost has a material bearing on the race for the season's prize. The race in the American league continues almost as excitingly close as in the National. There was no change in position among the three leading clubs yesterday, Detroit maintaining its lead by a margin of only four points. As on yesterday, there were only two games in the American league today, the three leading teams and St. Louis laying off. Washington played New York at New York, and Boston and Philadelphia met at Philadelphia. The relative position of the leading American league teams before play began today was as follows:

	Won.	Lost.	Pct.
Detroit	87	61	.588
Cleveland	87	62	.584
Chicago	85	62	.578

In the National league, Chicago again tried conclusions with Cincinnati at Cincinnati. Pittsburg and St. Louis rested today, but will play a double header tomorrow. The position of the three leading National league teams before today's game was:

	Won.	Lost.	Pct.
New York	93	52	.637
Pittsburg	95	55	.633
Chicago	94	55	.631

Philadelphia, Pa., Oct. 1.—(Special to The Herald.)—There was plenty of heart disease in the New York Giant-Philadelphia Quaker double-header at National League park today. The first game was anybody's until the last man went out, and what with a tremendous crowd, a good deal of "sass" on the part of Catcher Dooin of Philadelphia, which finally resulted in his being expelled from the game, and a change of pitchers to shut off a batting streak on the part of the Giants, there was much doing.

New York had Matthewson and Needham at the points, and Christy was in good form although weak at times. The locals put Corridon in the box and Dooin behind the bat. Later, Jasklitsch took his place. Klem and Johnstone umpired.

The eponing inning was a hitting carnival out of which New York, which went to bat first, netted three runs and the locals two. This aroused the crowd to intense enthusiasm, and many fans wickedly deserted their own team to root for the Giants on the principle "Pennant East, no matter who gets it." Score, 3 to 2.

Matthewson settled down in the next inning and pitched pretty ball, but the local management was afraid to trust Corridon farther, so put in Richey, who did better and held the visitors down so that none tallied. Scort, 3 to 2.

Neither side scored in the third, but in the foruth, after New York had drawn a blank, Philadelphia tied the score with one run. It was in this play that Dooin talked too much to the umpire and was sent to the bench. Jackolitsch took his place. Score, 3 to 3.

Neither side scored in the fifth, due to superb fielding at critical times, but in the sixth New York again went ahead by one run. In the seventh quick work cut off runs and nobody on either side reached home. Score, 4 to 3.

With errors evenly distributed at one apiece the game ended in the ninth as registered in the seventh, 4 to 3 for New York, no more runs being made. The Phillies made a desperate try for the plate in the wind-up, but to no purpose.

Second Game.

For the second game, which was played before an even greater attendance, New York had Wiltse and Needham at the points and Philadelphia put Dooin back behind the bat, Covaleski going into the box.

The first inning brought forth blanks for both sides.

In the second inning, which was a brief affair, no one got beyond the initial sack. Score, 0 to 0.

Philadelphia started the ball rolling in the third. After retiring the Giants in one-two-three order, they fell on Mr. Wiltse and, by a lucky bunching of hits, scored three runs. Score, 3 to 0.

Both sides drew blanks in the next inning, the fourth. Score, 3 to 0.

After being whitewashed in the fifth, New York substituted McGinnity in the box, but this did not prevent the Philadelphia batters from getting one run. Score, 4 to 0.

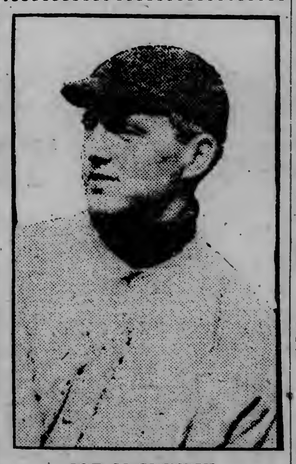

New York had a batting rally in the sixth. Net result, two runs. Score, 4 to 2.

Tse seventh was Philadelphia's inning again, and she increased her lead by one. Score, 5 to 2.

The New Yorks' chance of winning the second game seemed to be going glimmering in the eighth, when they again failed to score, and when another Quaker stole across the plate. Score, 6 to 2.

The Giants went out one-two-three in the last inning, and Philadelphia did not have to bat. Score, 6 to 2 for Philadelphia.

FAILS TO SAVE SECOND GAME

JOE McGINNITY.
New York put him in to pitch against Philadelphia in the fifth inning of the second game this afternoon, but the Quakers won, nevertheless.

Cincinnati, Ohio, Oct. 1.—(Special to The Herald.—Chicago and Cincinnati played the second game of their last 1908 series this afternoon before a crowd that filled every seat in the grandstand and bleachers, and so continually swarmed over onto the grounds that it kept the police busy driving them back. The victory of the Reds over Chicago yesterday served to augment the attendance. For Chicago, Reulbach, who pitched two successive games the other day, was put in the twirlers' box, with Kling receiving his delivery. For the home team, the battery was Spade and Schlei. Owens and Rigler umpired.

The opening inning passed off without a score, amid strenuous efforts by the police to keep the crowd within bounds. Score, 0 to 0.

The Cubs, in their half of the second, led off with a hit which later developed into the first run of the game. The Reds were unable to deliver. Score, 1 to 0.

No runs in the third. Score, 1 to 0.

The fourth was a sad story for Mr. Schlei. The Cubs spit on their hands and went after his curves. The horsehide was knocked hither and yon, and when it was all over there were four more runs in Chicago's camp. Score, 5 to 0.

Ciphers were the order in the fifth. Score, 5 to 0.

The sixth was featureless save for sharp playing. Score, 5 to 0.

It looked like a shut-out for Cincinnati when the seventh inning passed without a run. Score, 5 to 0.

Nothing doing in the eighth inning. Score, 5 to 0.

In the final round the Cubs made one more and completed the whitewash for the locals. Score, 6 to 0 in Chicago's favor.

HOW THEY STAND NOW:

Oak Hall Clothing Co.

Superior Street at Fourth Avenue West.

MORE CARS ARE TRACKED

Business at Duluth Terminals Shows Increase for September.

Figures given out this morning by the Lake Superior Car Service association show that the month, which closed yesterday, was a big one in freight business at the Head of the Lakes.

The tremendous wheat movement was a big factor. Last month there were 46,271 cars tracked at the terminals of Duluth and Superior. September of 1907 showed 33,368 cars. This was one of the last big months before the falling off in traffic receipts, due to the general slump in business, came. That the month just closed should show an increase over the same month last year. When general traffic was heavy all over the country, indicates the heavy movement of wheat to the Duluth and Superior terminals.

The present wheat movement is the greatest for the past ten years.

While this movement of wheat has been the chief cause in the great impetus to the local traffic, other railroad business has shown a very fair increase. The building material that has been shipped to this city for the courthouse, the dock improvements and other building projects, has materially swelled the receipts. The coal movement has really just begun, but the shipments for the past two days indicate that the westward movement of coal will be heavy from now on.

With a general improvement in business and a tremendous wheat movement on, the car situation throughout the country will present a decided change from that of last winter. At that time there were three or four thousand idle cars upon the side tracks of the country. At the present time there is use for nearly every car, and the prospects are for a still heavier traffic.

25c Carter's Liver Pills 14c.

Doan's Kidney Pills, 38c; Syrup of Figs, 34c. Gray-Tallant Co.'s drug sale.

Students will now be enrolled in educational and gymnasium classes.

PICTURE FAKERS AGAIN IN DULUTH

Agents selling crayon pictures are again looking for easy money in Duluth. About once a year, in spite of all that has been said in the newspapers exposing them, they show up in this city in search of the annual crop of suckers, and they generally succeed in finding what they are looking for.

Just now they are getting $4.50 for a picture that is worth about 30 cents. They are smooth talkers, and on the face of it their proposition looks good to many women. They offer a crayon enlargement of any photograph for $1 cash, and the remainder of $3.50 upon delivery of the picture. The work turned out is of a very inferior grade, and the crayon is applied in such a manner that a finger rubbed across the picture will spoil it entirely. A cheap baking powder company would hardly dare put the enlargements out as a premium for buying their product.

There seems to be no way to get at this class of men by means of the law, for their cleverness enables them to keep within the law in disposing of the pictures. The good sense of the general public should be a sufficient bar to the operations of the picture fakers, but apparently it is not. There is always someone ready to buy, and disappointment without redress invariably follows the purchase. In most cases a contract is signed so the prospective purchaser has to buy the picture whether he wants to or not, after the first dollar is paid. Needless to say, it is signed before the picture is seen.

25c Eversweet 19c..

It kills embarrassing odors; harmless. Gray-Tallant Co.'s drug sale.

CITY BRIEFS

Have Your Magazines Bound.
Thwing-Stewart Co. 'Phone 114.

Temple Emanuel.
Regular Sabbath services will be held at the Temple Emanuel Friday evening at 8 o'clock. Sunday school will meet Sunday morning at 10 o'clock. Day of Atonement services will be held Sunday night at 7:30 and Monday morning at 10 o'clock.

7c Drug Sale Specials.
"3 in 1" Oil, Diamond Dyes, Household Ammonia, or 10c Corn Cure, choice 7c. Gray-Tallant company's drug sale.

Miller Will Speak.
Clarence B. Miller will address the members of the Adams' School Alumni association at the regular meeting to be held Tuesday evening of next week at the school. The address will be preceded by a short business meeting and later in the evening a musical program will be given. The members of the association are planning to have a series of addresses by prominent Duluth men at the meetings during the year. The one next Tuesday evening will be the first.

50c Dressing Combs, 63c.
The kind professional hair dressers use and sell at $1. Also 29c combs, 19c. Gray-Tallant company.

Pockets Picked.
John Skibby, 26 years old, complained to the police last night that he had been robbed in the U. & I. saloon on Michigan street. He claims to have been put to sleep by "dope" in his whisky, and said that while he was dead to the world his pockets were picked. He was given lodging at the police station last night. Skibby is a sailor.

Doan's Kidney Pills, 38c.
Gray-Tallant company's drug sale. Also Coke, 50c Dandruff Cure, 30c.

Expert Employed.
G. A. Rakowsky has been employed to try to find out what is the matter with the aerial bridge. He is an expert mechanic, and is familiar with the structure, for he helped build it. It probably will be out of commission for several days yet.

$1.69 Water Bottles, $1.19.
Best red rubber, 2 quart size, Gray-Tallant company.

Struck by Beer Glass.
Fred Willicksen was cut about the face early yesterday afternoon as the result of being struck by a beer glass thrown at him by Erick Stevenson. The fight occurred in the U. & I. saloon on Michigan street, near the Union depot. Willicksen made disrespectful remarks about Stevenson's nationality, and the latter responded by hitting him in the face with a glass. In police court Stevenson pleaded guilty and was fined $10 or ten days.

Pinkham's Compound, 69c.
Pierce's Favorite Prescription, 69c. Gray-Tallant's drug sale.

John Foley Dies.
John Foley, a well known bowery character, died at Ely yesterday at the age of 40 years. Chief of Police Troyer received a message from Ely, asking him to try to locate Foley's relatives. Search was instituted here, but no relatives were found.

Wonderful Showing of Fine Furs

The selection of Furs is possibly the most important purchase of milady's wardrobe—an incontestable guarantee is absolutely necessary. A guarantee from a reliable house that insures the goodness of your furs. The buying and selling of dependable grades has created for the Gidding Co., the reputation of headquarters for "the best." We have been unusually successful in the selection of skins for this season's manufacture. Every piece has been made up specially for us. We call particular attention to our showing of Imperial Russian and Hudson Bay Sables, Ermine, Eastern Mink, Lynx, Pointed Fox, White and Natural Fox, Caracul, Alaska Seal, Persian Lamb, etc. In the popular-price furs, our showing is excellent—but look through at your pleasure.

"Little" Things—Gloves, Neckwear, Ruching, Belts, Hat Pins, all manner of Jeweled Trinkets. The Gidding assortments in these lines are quite without rival as to conservative style and individuality of design.

PERSONAL

Mrs. Frank E. Fleischman of Lakeside will leave here today for Calumet, Mich., called there by the death of her brother, John Currie.

Williams G. King has returned to his home at Chicago after a visit with friends in the city.

Joseph Simons, a Chicago grain dealer, was in Duluth on business today, and spent the morning on the board of trade.

SHARE MARKET IS VERY DULL

Extreme dullness characterized the copper stock market during the session today and prices were sightly lower than yesterday's at the close. North Butte opened at $81.75, declined to $81.50 and closed at $81.37½ bid and $81.50 asked. Amalgamated opened at $74.37½, went to $74.62½, declined to $74.12½ and closed at $72.37½ bid and $74.50 asked.

Greene-Cananea opened at $10.62½, declined to $10.25 and closed at $10.26 bid and $10.50 asked. Butte Coalition opened at $24.50, declined to $24, rallied to $24.37½ and closed at $24.12½ bid and $24.50 asked. Calumet & Arizona opened at $116.50, declined to $116 and closed at $114 bid and $116 asked. Anaconda opened at ex-dividend at $44.25 and closed at that price.

Globe was the feature of the curbs, on the news of the further strike in the Gem shaft, heard yesterday. It was strong around $5.75, $5.87½ and $6 at the opening, but closed a little easier than that, at $5.25 bid and $5.75 asked.

Calumet & Sonora sold at $9.75 and closed at $9.50 bid and $9.75 asked. Butte & Superior at 98 and 97 cents and closed at 95 cents bid and 98 cents asked.

Denn-Arizona was inactive and closed at $3.62½ bid and $3.75 asked. Mowitza at $3 bid and $3.25 asked. Red Warrior $5 bid and $5.25 asked. Copper Gulf $6.50 bid and $7 asked. Savanna $3.50 bid and $4 asked. Carman $4 bid and $4.25 asked and Butte-Ballakiava $8 bid and $8.25 asked.

Black Mountain sold at $3.25 and closed at $3.12½ bid and $3.24 asked.

* * *

A dispatch from Calumet said:

"W. J. McDonald of Calumet has left for New York to represent as attorney for Lake Superior shareholders of the Greene Consolidated company. He will attend a meeting of the committee representing the minority in the company. Action against present officers and promoters of Greene-Cananea is contemplated. This action which has been in formative condition for some months has been delayed by the absence of Samuel Untermeyer of New York. Mr. Untermeyer will probably take charge of the case of the minority interests. Funds have been raised to push this litigation to a conclusion, the assessment being a voluntary one. There are about 12,000 shares of Greene stock held in the Lake Superior district. The shareholders want a detailed account of the disposition made of the $4,000,000 paid for 200,000 shares of Cananea Central stock sold when the merger was completed."

* * *

At a meeting of the directors of the Savanna Copper company, in the Lonsdale building, yesterday, David E. Fairchild, of Duluth, was elected president of the company.

Other officers elected were: vice president, H. B. Hovland; treasurer, Lucien Merritt; secretary, Harvey P. Smith. The officers, with Walter A. Barrows, of Sharpesville, Pa.; Hoval A. Smith, of Bisbee, Ariz.; George J. Lonstorf and Carl Landsee, of Milwaukee, and Thomas A. Merritt, of Duluth, comprise the board of directors.

BANK CASHIER KILLS HIMSELF

Grand Forks, N. D., Oct. 1.—(Special to The Herald.)—After writing a note explaining that he wished to die in the place where he had first learned to know Christ and asking that death reported as caused by heart failure, John Hemstead, cashier of the Emerado State bank at Emerado, N. D., committed suicide in a room of the Masonic temple here some time Wednesday night, his body beisg discovered this morning. Hempstead was one of the prominent citizens of Grand Forks county, being closely identified with banking in the last few years. The inquest is being held this afternoon.

GEORGE GILBERT DIES.

George D. Gilbert died last evening of heart failure and kidney trouble, at his home, 1205 West Fourth street.

Mr. Gilbert was born at Prairie du Chien, Wis., July 26, 1848, where his father and grandfather owned and operated a sawmill.

Some thirteen years later the family moved to Cedar Falls, Wis., where Mr. Gilbert's father built the first sawmill in that section. Mr. Gilbert was the first white child into the Chippewa valley in Wisconsin. He moved to Eau Claire in 1861, where he learned the printer's trade and subsequently followed the lumber business until he moved to Duluth in 1894. At the time of his death he was rural mail carrier on Route No. 2 out of Duluth. His father, Oliver Gilbert of Madison, Wis., his wife and two children, B. F. Gilbert and Mrs. T. E. Considine, both of Duluth, survive him. His funeral will take place from the home of his daughter at 714 West Third street, Saturday at 2:30 p. m.

Poor Board Sidesteps It.

The county poor board, which held a meeting at the poor farm Wednesday afternoon, refused to mix in the debate between Rev. J. T. Moody of the Bethel and the Salvation Army. Ward Ames brought the matter to the attention of the board, but the members refused to discuss it. The debate was opened by the statement in the Bethel Record, written by Mr. Moody, stating that the Salvation Army gets all the old clothes of the city, and instead of giving them away, sells them at a profit.

S. T. WELSH VERY LOW.

Stephen T. Welsh is very ill at his home, 1620 East Third street. Mr. Welsh has been suffering from an attack of Bright's disease for several weeks, and he was reported to be very low this afternoon.

Mr. Welsh has been a resident of Duluth for about twenty years, has long been identified with the local grain trade. He is very well known in the city.

Sixteen New Citizens.

Sixteen new citizens were made this morning in Judge Morris' court room.

Today was naturalization day in the Federal court, and there was a rush of applicants for their second papers. Sixteen were examined and given full rights as citizens.

LATER MARINE.

The Sault Passages.

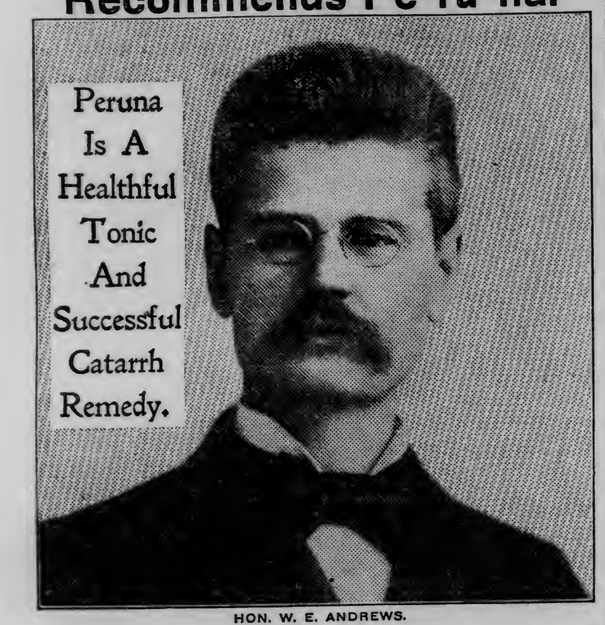

Sault Ste. Marie, Mich., Oct. 1.—(Special to The Herald.)—Up: Sheldon Parks, 1 a. m.; Codorus, Hart, 4; Mills, Arthur Hawgood, 5; Peshtigo, Peter White, Robert Fryer, Steamer, 9; McIntosh, 10; Saunders, Louisiana, Cadillac, Sylvania, 11; Maton, noon. Down: Corey, Berwind, 1; Murphy, Dorio, 4; Sill, 7.

Save one-third to one-half on your fuel bills. We can **prove** that you actually save it if you buy one of our Horse-Shoe Radiators — the only heater made that burns less fuel than the old style base burners.

Built on new principles that are right. The heater you want.

French & Bassett DULUTH, MINN.

MEMBER 54TH CONGRESS U. S.
Recommends Pe-ru-na.

HON. W. E. ANDREWS.

Nebraska has furnished to our National Congress some of the brightest minds that have ever adorned that great national legislature. Men of push and fire, men of great oratorical and intellectual resources, men who have done much to shape the destinies of the great western section of our country.

Among these modern statesmen of that versatile American type, is Hon. W. E. Andrews of Hastings, Nebraska. Hon. Andrews was formerly Vice President of Hastings College, and established an excellent record as a promulgator of public education before he became a member of congress. Speaking of Peruna, he says:

"I cheerfully recommend the preparation, Peruna as a healthful tonic and a successful remedy for catarrh in its various forms."—Hon. W. E. Andrews.

Hon Thomas Cale, who was elected to Congress from Alaska, is well known on the Pacific slope, where he has resided. His Washington address is 1312 Ninth street, N. W. Washington, D. C. Congressman Cale writes of Peruna:

"I can cheerfully recommend Peruna as a very efficient remedy for coughs and colds."

Some people prefer to take tablets rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one average dose of Peruna.

Hon. C. Slemp, Congressman from Virginia, whose home address is Big Stone Gap, Va., writes:

"I can cheerfully say that I have used your valuable remedy, Peruna, with beneficial results, and can unhesitatingly recommend your remedy to my friends as an invigorating tonic and an effective and permanent cure for catarrh."

Mr. Boss Craig, Fork Vale, Tenn., had catarrh of the head for two years and had abandoned all hope of being cured, but to his surprise Peruna cured him sound and well.

Ladies who wish something superior in the way of flavoring extracts, should purchase

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—Robert Mantell in "Othello."

"HAMLET."

Robert Mantell and Company Score Another Success—The Matinee.

Robert Mantell was great as Macbeth, impressive in the role of "King Lear," but it remained for him to score the biggest success in this city, as Hamlet, the half crazed, revengeful son of the murdered king of Denmark, in the play of that name presented before a fair audience at the Lyceum, Wednesday evening.

His Hamlet was a cool, thoughtful, resourceful, cunning man scheming to avenge his father's death, and in doing it, he made sure before he got his revenge, that the ghost had spoken the truth.

The climax in the play when he employed a band of strolling players, and has them perform a murder act before the new king, finds him with his eyes glued on the face of the King as the latter watched the tragic proceedings. Hamlet worms his way across the stage, until he is directly in front of the king, and then the court officers, bodyguards and servants, were thrown into the utmost confusion as Hamlet broke into yells, when he discovers that the spirit had indeed spoken the truth.

The climax is splendidly worked out.

In fact, the play as put on by Mr. Mantell, with beautiful settings, fresh looking costumes and a capable company leaves little to be desired.

Ethelbert Hales, as Claudius, king of Denmark, is very satisfactory.

George Stilwell, as the ghost, has a tendency to recite his lines in a sing song voice, but otherwise looks and acts the part.

Miss Marie Booth Russell scored strongly again in the role of Ophelia. Lillian Kingsbury was strong as Gertrude and Edith Campbell as the player-queen looked as wicked as she was.

The performance of "The Merchant of Venice" which was presented yesterday afternoon at the matinee was delightful. The settings of the play were charming in all the appointments, and Mr. Mantell's presentation of Shylock was a refined and most sympathetic piece of acting. He made poignantly real the desolate loneliness of the hated Jew, and his desire for revenge "taught by Christian example" was made a consistent and very human thing, not at all hard to understand.

The support was good and the settings were looked after with a nice attention to detail. Guy Lindsley as Gratiano has a slight tendency to overact, especially in the court scene before the climax. Subtilty of expression may be used to splendid advantage, as clearly depicting surprise, grief, despair or chagrin, without making any one of these emotions a reason for too violent gymnastics.

The audience was keenly appreciative of the splendid presentation of the Shakespeare comedy.

"In Wyoming."

An announcement that should be of considerable interest to local theatergoers is to the effect that Harry Pierce & Co. will bring in their most worthy offering, "In Wyoming," for one performance next Monday evening, Oct. 5, en route to the coast. The supporting company is one of considerable strength, and the success which the company has met with during the past five weeks is remarkable.

Cake Baking Easy

Cake-baking a problem? Not necessarily—depends on how you proceed. Sometimes the cake crumbles; maybe it's "doughy;" or perhaps the icing runs off. All these may be avoided with the help of Kingsford's Oswego Corn Starch, the many wonderful uses of which are revealed in our free book of

"Original Recipes and Cooking Helps"

KINGSFORD'S OSWEGO CORN STARCH

opens up new possibilities in cooking improvement, imparting to everyday dishes a delicacy and goodness that is new to you. Unexcelled in purity—sixty-six years of superiority.

Grocers—pound packages—10c.

CONCERNING WOMAN.

"Well," said the matinee girl, "I see that Katherine Elkins has things all fixed up at last."

"Mm-hm," said the man who had taken her to the theater, in an interested tone.

"They've had their own troubles," said the matinee girl, "what with the king and the whole court simply raising hob because she didn't happen to have been born in Italy, the daughter of a prince or something. I should think they'd be glad it was all settled at last, wouldn't you?"

"Mm-hm," said the man who had taken her to the theater, in a responsive way.

"I shouldn't think she'd like it very well. Everybody talking about how the folks of the duke didn't want her, and the queen saying she simply wouldn't speak to her if she did get married to the duke and come and live right next door. I shouldn't think she'd like that, would you?"

"Mm-hm," said the garrulous man who had taken her to the theater.

"But I think this duke of the Abrooseye seems a little better than the ordinary run of dukes and princes and counts and things. He's gone on a trip to the North Pole. And then there's no use saying but he's simply stuck to his idea of marrying Katherine. Maybe it's for her money, of course, and it is fierce, when you come to think of it, how those European fellows have a money bag handed over with the girl they marry, isn't it?

"Mm-hm," said the man who had taken her to the theater, in a tone of conviction.

"Now, what in the world," asked the matinee girl, "would they live on if they should lose all their money? It has happened. And I don't suppose that this duke of the Abrutesee can do a mortal thing. Do you?" said the matinee girl.

"Mm-hm," said the man who had taken her to the theater.

"It seems to me that the American way is much better. A man over here is so much surer what a girl is marrying him for. It isn't a title, and, dear knows, often enough it isn't his looks. I suppose love ought to have some part, don't you?" asked the matinee girl.

"Mm-hm," said the man who had taken her to the theater, in a bashful tone.

"In America things are so much nicer and easier. Now, it isn't likely that most families on either side would object very much to a marriage, if the girl and the fellow were satisfied, is it?" said the matinee girl.

"Mm-hm," said the man who had taken her to the theater, in a cautious, careful way.

"And a girl knows pretty well about what she wants, and there are plenty of girls who, even if they had slathers of money, would never in a hundred years marry any foreigner, unless, of course, he'd been naturalized. Marriage is funny, anyway," said the matinee girl. "Now, there are plenty of people wondering why you don't get married. Don't you suppose you ever will?"

"Mm—" began the man who took her to the theater, in a kind of cornered tone.

And then providentially the velvet curtains were pulled aside and the play went on.

Wasn't it too annoying for the person in the seat in front?

Could he have escaped by his unaided efforts?

Or did they leave the theater engaged?

HONOR PASTOR.

Baptist Congregation Hosts at Reception.

The Rev. J. S. Kirtley and Mrs. Kirtley were the guests of honor at a delightful welcoming reception last evening, which was given at the parlors of the First Baptist church. Mr. Kirtley has recently come to the city from Elgin, Ill., to become pastor of the First Baptist church in this city, and the affair last evening was planned by the congregation to honor their new leader.

The parlors of the church were beautifully decorated. The pillars were wound with branches of mountain ash and in the window ledges were piled branches of the same effective leaves and berries. On the refreshment tables large low baskets of scarlet sage were effectively used. Receiving with the guests of honor were representatives from the various organizations of the church. Mrs. Robert Hay received for the Ladies' Aid society; H. F. Salyards, the trustees; Dr. John Weston, the deacons, and Mr. Townsend, the Young People's society.

A series of welcoming speeches was given. The Rev. Young, pastor of the Superior Baptist church, and Rev. Arthur J. Hoag, pastor of the West Duluth Baptist church, spoke words of welcome. Rev. James L. McBride of the Second Presbyterian church pronounced the welcome for the Ministerial association of the city, and W. B. Patton welcomed Dr. Kirtley for the church members.

At the refreshment tables, Mrs. John Weston, Mrs. William J. Sloan and Mrs. H. F. Salyards presided, assisted by Miss Addlee Mallett, Gertrude Schiller, Ella Mayhew and Louise Prosser. Assisting about the parlors were Mrs. Z. D. Scott, Mrs. W. W. Billson, Mrs. Nichols and Mrs. Alwin Bousfield. An informal program of readings and musical numbers was given. Miss Florence Williams sang, there were piano numbers by Miss Louise Prosser and Miss Zora Stout, and a reading by Miss Agnes Johnson.

During the evening a large number of guests called.

HOME WEDDING.

Miss George Becomes Bride of Laverne Olney.

The wedding of Miss Winnifred George and Laverne Olney of Mendon, Mich., took place yesterday at the home of the bride's parents, 1007 East Fifth street. In the parlor where the ceremony took place, decorations of greens and ferns and sweet peas were used, and in the dining room rose colored asters and ferns were the decorations.

The bride had as her only attendant, Miss Ruth Mann, and the groomsman was M. W. George. The services was read by Rev. Alexander Milne of the Pilgrim Congregational church. The bride wore a pretty gown of white crepe de chene and carried a shower bouquet of roses and lillies of the valley. Miss Mann wore a gown of delicato blue, and carried white roses. Mr. and Mrs. Olney left for a wedding trip, and after Dec. 1 they will be at home at Mendon.

AT STATE MEETING.

Mrs. Washburn to Appear on Annual Program.

Mrs. J. L. Washburn of this city, general federation secretary of the Minnesota Federation of Women's clubs, will appear on the program of the annual state meeting to be held next week at St. Cloud. Mrs. Washburn will appear before the meeting at the Thursday afternoon session, when she will present her report on the biennial, with "Comments on the Significance of the Biennial to the Federation."

Union Meeting.

"The Religious Training of the Child," was the subject of discussion yesterday afternoon at the meeting of the Ladies' Union of Pilgrim Congregational church. The leader was Mrs. A. E. Shores of Tacoma, who is visiting in the city, and who was formerly a member of Pilgrim church.

At the business meeting, which preceded the discussion the date for the annual harvest home-supper was decided upon. The affair will be given at the church Friday of next week. The former presidents of the society act as hostesses at this occasion, which is always one of the important events of the social life of the year.

Thimble Bee.

The members of Zenith Chapter, No. 5 of the Order of the Eastern Star will be entertained at a thimble bee tomorrow afternoon at the Masonic Temple. The visiting members in the city are invited to be present.

Personal Mention.

Mrs. George S. Munsey and daughter, Miss Edna Munsey, have gone to Washington, D. C., where the latter will attend school during the winter.

• • •

Mr. and Mrs. Charles Mitchell of 218 Fourteenth avenue east are entertaining Mr. Mitchell's sister, Mrs. Mary C. Burbank of St. Cloud.

• • •

Miss Belle Bennett of Excelsior, Minn., is visiting Mr. and Mrs. R. D. Handy.

• • •

Mrs. M. H. Stanford of 1415 East Superior street and her sister, Mrs. Prudden of St. Paul left last evening for Buffalo, N. Y., where they will visit friends.

• • •

Mrs. S. F. Boyce of 5921 London road has returned from a month's visit at Minneapolis and Elk River.

• • •

Miss Beulah Denham of 219 East Third street has returned from St. Paul, where she studied china decorating for a month with Mrs. Henrietta Paist.

• • •

Mrs. A. L. Miles, of 1520 East Fourth street, has returned from a six weeks' visit at Detroit, Buffalo and Toronto.

Bridge Party.

Mrs. C. J. Lesure entertained at bridge yesterday afternoon at her home, 1712 East First street, in honor of Miss Hancock, of Dubuque, Iowa. The game was played at six tables and the favors were won by Mrs. W. J. Allen and Mrs. Scott, of Hartford. The decorations were of red roses and asters.

Anniversary Party.

Mr. and Mrs. H. D. Bailey were hosts at cards last evening, at their home, 1512 East Second street, in honor of the fifth anniversary of their wedding. Cards were played at three tables and the favors were won by Mrs. W. J. Allen and Mrs. Scott, of Hartford. The decorations were of red roses and asters.

Y. W. C. A. Classes.

The first classes in the educational and gymnasium work at the Young Women's Christian association, are being organized and the prospects are encouraging for the most successful year in the history of the association. The English classes and the study of the domestic arts will be the feature, as usual, and the gymnasium classes for matrons, young business women, and children, are of course always largely attended.

REDDISH BROWN.

Beautiful Copper Colors in Fall Stuffs.

We have been wearing red rather extensively on ultra-smart occasions for wraps this season. Coppery satin and gold has been another well-worn combination, and it might be advisable to consider various rubicund shades for thicker wraps for traveling and motoring. The browner red shades are always excellent in really thick stuffs, especially when faced with coppery velvet or suede and leather.

For tea gowns the beautiful reddish brown of the horse chestnut is exquisite in satin, while a dull red corded silk of the faille order looks very stunning.

There is a lovely rose hue in crepe de chine, and a currant-red minon applied with big chine damask roses cut out of shadow taffetas makes the loveliest little evening frock.

Lovable Woman.

Very lovable is the woman w ho has cultivated a disposition angelic enough to see the good and not the evil side of human nature; who can be severe with her own failings and excuse the faults of others.

We are told that she is a dull uninteresting creature, and if we take the trouble to look into the matter we find that she does not laugh at her neighbor's pet weakness; she does not enjoy hitting out right and left at the world at large, and is always ready with a plea for unseen reasons, which, if they could be revealed, would go a long way toward modifying harsh judgment.

Our lovable woman may not be witty, she may be a little prosy, but she it is to whom we go for sympathy when in trouble, and confide with a feeling that our secret will not be torn to shreds as soon as our back is turned.

ON TEMPER.

Man Often Better Tempered Than Woman.

The narrower life that a woman leads renders her necessarily more liable to bad temper than a man. If she finds herself a square peg in a round hole, she has less opportunity of extricating herself than a man, and, often condemned to inaction by her circumstances she will brood and grizzle, to the discomfort of those with whom she is brought in contact. A man will find a dozen outlets for his energy and keep cheerful, says McCall's Magazine.

Again, a woman is far more nervous and excitable in temperament than a man. Sheer nerves wil often produce the result of bad temper. Just as a shy person is often mistaken for proud, so the extremely sensitive woman will pass for touchy and prone to take offense. In course of time she will probably answer to both descriptions.

A man, on the contrary, who goes out into the world learns to give and take with a facility which no woman but the adventuress ever acquires. He is accustomed almost from boyhood to setbacks in life which would render a woman in like position almost heartbroken, but which he early earns to accept as all in the day's work.

Orders Vessel Confiscated.

Vancouver, B. C., Oct. 1.—Justice Martin, sitting in the admiralty court at Victoria, yesterday handed down judgment in the Frances Cutting case, and ordered the confiscation of the vessel. The Frances Cutting is a steam schooner which was seized by the fisheries cruiser Kestrel some months ago for fishing inside of the three-mile limit. The steamer will probably be sold at auction.

A Skin of Beauty is a Joy Forever.

DR. T. FELIX GOURAUD'S Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every blemish on beauty, and defies detection. It has stood the test of 60 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the haut on (a patient) "As you ladies will use them, I recommend 'GOURAUD'S CREAM' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Ferd. T. Hopkins, Prop., 37 Great Jones St., New York

THE EVENING STORY

THE NIHILIST OF KIKAMSK

By L. B. Kinder.

(Copyrighted. All rights reserved.)

While anarchy raged openly in the chief cities of the Russian empire, which threatened to collapse beneath the assaults of the revolutionists, the death of Prince Droboken, governor of an obscure province on the eastern border, attracted so little attention at St. Petersburg that for months no successor was appointed. Nevertheless, affairs went on as smoothly as before under guidance of Princess Sonia, who had in fact ruled in her father's name since the latter had been stricken with paralysis ten years prior to his death.

Rumors of distant strife produced but little effect upon the inhabitants of this province, who had never had occasion to protest, against oppression by the governor. Thus it was that while the "Little Father" hid in bomb-proof chambers, the princess continued to hold her Thursday afternoon levees with perfect safety. The only danger to be feared was from outsiders, but even here the good will of her people protected her as no guard could have done. A dozen times revolutionary instigators were driven from the province or delivered into her hands by indignant peasants, who henceforward regarded all strangers with suspicion.

Hostile eyes therefore greeted the unfamiliar garb of the petitioner Lupinski, who came from the mountain region, a long day's journey ortheast of Kikamsk. Sonia, however, received him kindly and, although compelled to deny his suit, gave her reasons in detail and placed in his hands a purse of silver. The good-looking young peasant failed to grasp the meaning of her words, until bestowing the purse, she gently dismissed him. Then, realizing that his petition had failed, his dull eyes flared into a blaze and his voice filled the room with passionate outcry.

The palace guards precipitously surrounded him and at Sonia's command led him without injury to the city gate, where he was set free with a warning not to return.

With that limitless dignity for which her family had long been noted, the princess resumed her audience and continued to receive the petitioners until the last had been heard.

Yet, when the day's business was over and she reclined in a massive leather chair before her boudoir's open fire, she trembled at thought of the peasant's firey eyes and menacing words.

Soothed by the warmth of the fire and the quieting after-dinner coffee, she at length forgot her fears. She yawned and left the chair for a low, wide couch, where she lay gazing into the fire. Her large, white angora cat stealing in from the outer room, sat composed upon the hearth and washed her face, then crouched and purred.

Gradually objects about Sonia seemed absorbed in the flickering fire light. Her head sank deeply into the fluffy pillow and her eyes closed.

The blazing wood fell and a feathery coating of ashes gathered upon the coals. The glow faded from the walls and shadows crept up to the hearth, where the angora still crouched, her green eyes intently staring, as if fastened upon some prey. The princess slept, her sweet face turned towards the fire, her bosom rising slightly, the pulse in her white throat throbbing with the even pulsation of good health.

• • •

The horror of that awakening Sonia will ever remember. A heavy body struck her shoulder and sharp-nailed fingers clutched her throat. With a shriek she writhed back from her assailant, and, losing her balance, fell upon the floor.

Fortunately, her outcry had been heard. Attendants rushed to her aid and guards secured the palace doors. The doctor declared the princess uninjured, save for several deep scratches on her throat.

Meanwhile the palace was thoroughly searched for the assailant, and the guards soon returned from the outer hall, dragging a struggling, cursing man. It was the peasant, Lupinski, who had threatened vengeance.

Passionately he protested his innocence, asserting that he had returned to beg forgiveness for his rude conduct of that afternoon and declaring that he was most loyal to her and to the Russian government.

The princess, however, gazed with horror upon the hands raised in frantic appeal. The fingers were long and sinewy, and the long nails were curved and sharp like claws. Again she shuddered and waived the guards to remove the prisoner.

Lupinski was given a formal trial in which evidence of the accused's threats against the Princess Sonia, his forcible ejection from the city, his presence in the corridor of the governor's palace, his attempts at concealment and desperate efforts to escape, coupled with the dastardly assault in the dark upon the princess, outweighed his dogged denial of guilt. Without leaving their seats, the jury convicted him and the judge passed the sentence of death.

During the week's stay of execution granted the prisoner in order that he might settle his affairs, Sonia scarcely gave him a thought. As a woman she might shrink at thought of his death on the gallows, but as acting governor of Kikamsk, she regarded him dispassionately.

The evening of the sixth day, as she sat alone in her boudoir, she had completely forgotten that Lupinski was to be hanged at sunrise, when a serving woman entered to say that a young woman craved audience on a matter of life and death.

The slender figure that followed the servant let fall a heavy shawl and advanced. She was still in her teens and pretty with a wholesome country beauty, although her usually red cheeks were pale and tear-stained. Her brown eyes told as plainly of a hard day's journey as her mud-stained skirt and muddy shoes.

"What is it, my child?" demanded Sonia, dismissing the attendant with a nod.

"They are going to hang Ivan, my sweetheart," cried the girl. "He is innocent. Nobie princess, save him!"

"His name?"

"Ivan Lupinski. He—"

"He assaulted the governor of his province with intent to kill," said Sonia, sternly.

"There is some mistake. He could not—"

"He received a fair trial. There is no doubt of his guilt."

"Mercy, gentle princess, and spare his life!"

"As a woman I forgive him his cowardly attack upon my life. But as the czar's representative at Kikamsk I must enforce his laws."

"Tomorrow at sunrise," muttered the girl, turning away; "he will—"

She stumbled and fell half-fainting towards the princess, who supported her to the couch.

"You poor thing! You are all worn out," she said, sympathetically.

"I have been walking since midnight," the other answered, attempting to rise.

"There, there," said Sonia. "Lie still and rest for a few minutes."

• • •

She rang for her woman, who brought a glass of wine, which she made her patient sip. Then, ordering more wood thrown on the fire, Sonia dismissed the servant and from her favorite chair watched the girl, who vainly struggled to keep awake.

As the wood caught and blazed up the princess turned out the lamp, for she loved the glow of an open fire. The pet angora cat, which had vanished at the girl's entrance, reappeared and rubbed itself against Sonia's chair; and at length sought her favorite place on the hearth, where she crouched, blinking at her mistress.

The latter's heart was filled with pity for the sleeper. In vain she tried to think of some way of alleviating the other's grief. Pardon Lupinski, she conscientiously could not. Moreover, had not Providence saved this young woman from an unhappy marriage with a desperado! Nevertheless Sonia was certain that the girl would be heartbroken. Again she looked with pity at the figure on the couch, motionless save for her breathing and the even throbbing of the artery at her throat.

The wood was consumed and the light grew dim. The dropping of a half-burned chunk with its accompanying flare aroused Sonia. Looking up, she was startled by the greenish radiance of two orbs that blazed with the intensity of lamps. Sonia smiltd ace, his attempts at concealment and at her fright and looked curiously at the cat, whose eyes did not waver for a second. Instinctively thinking of a mouse, she drew her skirts closely about her. Following the direction of her pet's gaze she discovered to her amazement that the green eyes were intently fixed upon the pulse in the sleeping girl's throat. As Sonia looked the cat balanced and sprang.

Screaming, the girl started from the couch and supporting herself on her elbow, stared wildly about, as if awakened from a nightmare.

"Your lover is saved!' cried the princess, joyously. "I have found the guilty one."

Then sounding the bell for the captain of the guard, she gave the order:

"Set free the prisoner, Lupinski, and bring him here. He is innocent."

Editors Are Organizing.

Fargo, N. D., Oct. 1.—(Special to The Herald.)—The Third Judicial District Editorial association has been organized. It includes Cass, Traill and Steele counties. Editor Safford of the Hillsboro Blade is president, Brown of the Page Record vice president, and Monteith of the Finley Beacon secretary and treasurer. Editorial associations have been organized in every district in the state during the fall. In addition Fargo has organized a Press club.

Miss Fitzpatrick

We wish to announce to the ladies of Duluth and vicinity that we are now prepared to show a complete line of Ladies', Misses' and Children's Fall Millinery.

We now occupy the two buildings located at 502-504 East Fourth street, and can boast of having the largest exclusive millinery house in the city.

In presenting this invitation to the ladies especially, we do not wish to exclude your husbands; we often find that men have much better taste than women when selecting real fashionable millinery.

Come in and see us at any time, and we assure you that you will be pleased with our showing. It is a pleasure for us to show you our goods, whether you purchase or not.

Miss Fitzpatrick

COMING NEXT WEEK
FREE EXHIBITION
Products and Premiums of
Larkin Co. Buffalo, N. Y.

AT

DULUTH, MINN.

NEWS FROM THE FRONT, AS BATTLE FOR VOTES GOES ON

TAFT IN HOME TOWN OF BRYAN

Lincoln, Neb., Oct. 1.—Only the poor condition of his voice marred Taft's visit in Bryan's home town.

When the Taft special reached Lincoln it was greeted by an immense crowd. Without alighting however, the candidate was switched out to Havelock, where are located the repair shops of the Burlington system, and here he delivered to the workingmen employed there his address on labor.

He was brought back to Lincoln before 5 o'clock and escorted at once to the state university, where at a meeting of the students presided over by Senator Burkett, he gave a short talk and met the student body. A concert and general jubilation on the capitol grounds was the next feature and then the candidate was taken to the auditorium which was crowded with women, presided over by Mrs. Sheldon, wife of the governor. Here Mr. Taft made one of his characteristic talks which was received most enthusiastically. After a dinner at the home of Governor Sheldon he returned to head a parade, which escorted him again to the auditorium, where the speech of the day was delivered. At the capitol grounds demonstration, Governor Cummins of Iowa made the principal speech and was heartily cheered for his position regarding Republican policies.

* * *

What Taft said on publicity follows:

"Mr. Bryan challenges me to take the same position that President Roosevelt takes with reference to the time when publicity should be made of campaign contributions and I accept the challenge.

"I take exactly the same position that the president takes.

"I have always been in favor of a law which will require publicity of both contributions and expenditures immediately after election. Mr. Bryan seems to favor the publication of contributions before the election, but postpones the publication of expenditures until after that time. I confess I see no reason why, if contributions are to be published before election, expenditures should not also be published. I think that the the character of expenditures is quite as important as the character and source of the contributions. I don't know of any election law, either in this country or abroad, which requires the publication of contributions or expenditures before the election. The law of Nebraska on this subject only requires the publication of contributions and expenditures after the election. This was the law which the Democratic managers in 1904 in Nebraska so flagrantly violated by failing to return the receipt of $15,000 from Mr. Thomas F. Ryan. The most drastic law in this country on the subject is that of New York, which also makes the time of publication after election.

* * *

"The proper object of a publicity law is to prevent the use of money for bribery and other improper purposes in elections and to enable the law officers of the government and the public to determine whether the contributions made were properly expended for legitimate purposes. The requirement that the names and amounts of the persons contributing should also be shown is for the purpose of enabling the public and the prosecuting officers of the government to judge whether subsequent official action has been improperly affected in favor of the contributors by the successful candidate. This can all be accomplished by publication after the election. The chief objection to the publication before election is that it makes certain that in the heat of the controversy the motives of those who contribute to pay the legitimate expenses of the campaign will be misconstrued, perverted and misrepresented. The candidates in whose behalf the contributions are made will be changed in a most unfair way as being completely under the control of those who make the contributions.

"A rigid law requiring the publication in detail of contributions and expenditures within ten days after the election, so that the public may know where the money came from, how much came, how much was expended and for what it was expended, is all that public policy requires."

BRYAN IN FRESH ATTACK ON TAFT

Knoxville, Iowa, Oct. 1.—Speaking to a big crowd at Oskaloosa today W. J. Bryan after discussing publicity of campaign contributions and election of senators by direct vote, took up a recent statement by Mr. Taft regarding the amount of the Republican campaign fund. He quoted the following from Taft:

"'Mr. Bryan says that we may not expect anything from the Republican party because it is governed by the protected interests and that they contributed to the campaign fund. If they did do so I am glad to advise you that the campaign is not flattering and that no campaign has been carried on more economically than this campaign.'"

Bryan invited his hearers to notice the fact that Taft did not deny that they accept contributions from the protected interests.

"He does not deny my indictment," said Bryan. "He simply says that if the protected interests do govern that the fund is not flattering this year. But what does Taft call a flattering fund? He and the public might differ as to how much it will take to make a flattering fund. He is not willing that the public shall know how much of a fund his party has or from whom it is received. Why doesn't he tell you? Is he afraid that you will not vote the Republican ticket if you know where the campaign funds come from? If so, he means that you will be sorry you voted the Republican ticket when you find out how much of a fund they have and where it comes from.

* * *

"Is this political honesty? What do the rank and file of the Republican party think of the Republican leaders who conceal the amount and sources of their campaign fund and refuses to allow their campaign methods to be known?"

Upon his arrival here Bryan received a rousing reception. It being homecoming week, a large crowd was on hand to greet him. He was provided with a special cow-boy escort. His speech, delivered from the courthouse steps was devoted mainly to a castigation of Taft. In part, Bryan said:

"Mr. Taft says that I have not done anything but talk, while he has been putting his ideas into practice in an administration way. While it is true that he has held office more than I have and before he has had more opportunity to put ideas into practice, I have had more opportunity to see my ideas borrowed than he has had to see his ideas borrowed. What idea of his own has he put into practice with success? He was a judge on the bench. Was the injunction idea his? Or did he get it from somebody else? He put it into practice, but he put it into practice in such a way that he has alienated the wage earners of the country. He has put Colonialism into practice. Was this his idea? No, he got it from Europe and imitated it in the Philippines as Great Britain did in this country before the war for independence. What idea of his own has he practically applied to the government. Now let me show what ideas he has borrowed. He has abandoned the idea of a permanent Colonial system and advocated the ultimate independence of the Filipinos. Where did he get that idea? It is not original with him. He did not get it from the Republicans, for they have not put it in their platforms. Where did he get it? He got it from the Democratic platform, and I have had as much to do with the presentation of the ideas as any one else. He says he is in favor of an income tax. Where did he get the idea? It is not his own. It was in the Democratic platform of 1896; it is in our platform this year. It is not in his platform. He cannot claim originality in the promulgation of this idea. I have spoken on the subject earlier than he has and oftener than he has and more earnestly than he has. He says that he is personally inclined to favor the election of senators by the direct vote of the people. That is not an original idea with him. It is not with his party.

* * *

"It was the Democratic party which first secured an indorsement of that idea by the house of representatives in Washington. It is in three Democratic platforms, and I helped to put it there. It was in my first congressional platform eighteen years ago, and I wrote the platform myself. Publicity as to campaign contributions is another idea that he has borrowed, and if he has not borrowed it from me, he has borrowed it from the Democrats, and not from his Republican associates, for his own party repudiated the idea by a vote of nine to one. He comes half way toward our platform, but he does not come far enough, for we want publicity before the election, and he wants it after the election. But what is his reason for postponing publication until after the election? Is it the reason that President Roosevelt gives, that publication before the election would lead to unjust suspicions? He now claims to be in favor of prosecuting the trusts. Where does he get that idea? He cannot get it from former Republican platforms, but he can get it from Democratic platforms and from Democratic schceches.

"Let him tell of his first utterance against the trusts and I will promise to find an earlier Democratic utterance. He is in favor of tariff revision, and he says the revision will probably be downward. If he is in favor of reducing the tariff, where did he get the idea? not from Republicans, for they have raised the tariff and oppose reduction. I will give him credit for being entirely Republican on the labor question, for he has not only refused to borrow Democratic ideas on that subject, but has shown himself hostile to nearly every request that the laboring men have made."

Haul Freight Under Earth.

New York, Oct. 1.—A proposition for a belt line freight subway for New York city, extending around practically the entire shore frontage of Manhattan Island's business section, and including provisions for handling freight on a scale probably of greater magnitude than any yet provided in any of the world's great cities, was filed with the public service commission.

SAYS WIFE IS A DRUNKARD

S. G. Byerly Makes Grave Charges in Petition for Divorce.

Sanford G. Byerly, through his attorney, Alexander Marshall, yesterday filed an action for a divorce against his wife, Ada Byerly. The complaint in the case contains some sensational allegations.

Mr. Byerly is traveling auditor for the Duluth Brewing & Malting company and his home is at 927 East Third street. According to the complaint, he is 39 years old and his wife is 35. They were married July 15, 1905, and have no children.

Mr. Byerly charges his wife with being an habitual drunkard, with having associated with people known to be immoral, with using profanity and being addicted to the cigarette habit. He alleges that she has neglected her household duties and has been found in wine rooms and restaurants drinking. He also alleges immoral conduct on the part of the defendant, citing instances in hotels of Duluth and Superior this year.

EVELYN NOT ALLOWED TO SEE HARRY THAW.

White Plains, N. Y., Oct. 1.—Mrs. Evelyn Nesbit Thaw, wife of Harry K. Thaw, slayer of Stanford White, was refused admission to the White Plains jail when she called there to visit her husband. Mrs. Thaw, who drove to White Plains from New York in an automobile, was met at the jail entrance by Keeper John Hill.

"I am sorry, but you cannot be admitted to the jail," he informed her. "Sheriff Lane has issued strict orders that Harry Thaw is to receive no visitors, and he will not be permitted to give out any statements while he is a prisoner here."

OCTOBER IS A COOL MONTH

The Average Temperature in Duluth is 45 Degrees.

The average temperature in Duluth during the last thirty-seven years, according to records in the weather bureau, has been 45 degrees. The warmest month on record was in 1900, with an average of 54 degrees, and the coldest was in 1905 with an average of 41 degrees. The highest temperature locally in October was 80 degrees on Oct. 21, 1901, and the lowest was 8 degrees on the 25 in 1887.

The average date upon which the first killing frost occurs in autumn is Oct. 4, so this year is a little ahead of schedule, as the first killing frost came during the latter part of September. The average precipitation for the month has been 2.63 inches. The average number of clear days is 10, partly cloudy, 9, and cloudy, 12. The prevailing winds are from the northeast.

A SNAP

6-ROOM HOUSE FOR SALE

Nearly new; concrete foundation; hardwood floors throughout; electric light; hardwood finish first floor. Price $2,650. Address B. 600, Herald.

ROADS WOULD ENJOIN INTERSTATE BOARD.

St. Louis, Mo., Oct. 1.—The Missouri, Kansas & Texas, and fifty-five other Western and Southwestern railroads, filed a suit in the United States circuit court here, asking that the interstate commerce commission be temporarily restrained from enforcing an order, effective Oct. 15, lowering the rates on cattle shipments from Texas, New Mexico, Oklahoma and Kansas to Chicago, St. Louis, Kansas City, Omaha, St. Joseph and New Orleans. The railroads also ask that the rates on range cattle from the Southwestern states named to Colorado, Utah, Wybming and Montana, be enjoined. The roads alleged that the new rates are confiscatory and that under them they will lose more than $1,000,000 a year.

Well-Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins of Glasgow, Ky. This remedy is for sale by all druggists.

SOCIETY TO COMBAT RAIL LEGISLATION.

New York, Oct. 1.—Manufacturers of railroad material, representing hundreds of millions of dollars in capital, met at the Waldorf-Astoria hotel to form an organization to combat the attacks on railroads from legislative and other sources. As a direct consequence of the general attacks which have been made of railroads, it was stated that some of the firms manufacturing railroad material have suffered losses amounting to 75 per cent.

The steel rail interests have been especially hard hit during the last year, it was brought out, and the general railroad supply business has been injured.

For sale at Drug Stores and first-class Steamers, or Mothersill Remedy Co., Ltd., 219 State Street, Detroit.

WEST END

LIBRARY IS ATTRACTIVE.

Reading Room at St. Luke's Church is Proving Popular.

Now that the shorter days and the chilly evenings have come, the reading room and library in the basement of St. Luke's Episcopal church, is proving a very popular place.

More than a hundred people are now borrowing books from the library, and the plan of lending is the same as that in use at the city's public library up town. The collection of books is said to be very good.

The reading room is open Tuesday and Friday evenings, at present. Librarians are in charge there, to lend books, and there are also in the room, the latest magazines and periodicals, for the public to read. The room is well-lighted and cozy.

"The reading room is free for the use of everybody in the West end, and we especially desire the young men to take advantage of it," said Rev. R. J. Mooney, rector of St. Luke's today. "The room affords a warm, attractive place to spend an evening and there is a great variety of literature on file there, so that everyone can find something to interest them."

OFFICERS ARE ELECTED.

Hazel Zimmerman Heads Altar Guild of St. Luke's Church.

Miss Hazel Zimmerman was elected president of the Altar Guild of St. Luke's Episcopal church, at a meeting held last evening i nthe vestry rooms.

MissThera Peterson was elected vice president and Miss Lily Whittle was named as secretary and treasurer. Miss Inga Westell, the parish visitor, will be matron of the society.

Plans for the coming winter were discussed. During the year, the guild will give some unique and attractive entertainments, to raise money for the parish.

SUNDAY SCHOOL MEETING.

West End Branch of Duluth Association Will Assemble.

The West End district of the Duluth Sunday School association will hold a meeting tomorrow evening in the Central Baptist church, where a Sunday school teachers' institute, such as have been formed in other parts of the city, will be organized.

Among the speakers tomorrow evening will be Rev. J. A. McGaughey of the Y. M. C. A., W. L. Smithies of the First Methodist church and R. R. Forward, district president of the association.

West End Shortrails.

After spending several weeks in the West end, Henry O'Brien will leave tomorrow for New Orleans, where he has been making his home for the past year.

Miss Mary Swanson of Twenty-fifth avenue west has gone to Detroit for a visit with relatives.

C. F. Bardwell, the Minneapolis furniture manufacturer, spent yesterday in the West end.

Miss Gertrude Eppe of Crookston, who has been visiting friends in the West end for several days, left today for Minneapolis.

The Swedish Christian Sick Benefit society will hold its regular monthly meeting tomorrow evening, in Sloan's hal.

J. L. Larson has returned to his home at Minneapolis, after a visit here with his brother, A. R. Larson.

The Young Ladies' society of Zion Norwegian Lutheran church will meet this evening at the home of Miss Chrisine Grenner, 2110 Piedmont avenue.

The Ladies' Aid society of the First Swedish M. E. church met this afternoon in the church parlors.

The choir of St. Luke's Episcopal church will have practice this evening, instead of tomorrow night, to enable the members to attend the celebration of the twenty-fifth anniversary o. Rev. and Mrs. Roderick J. Mooney, at the rectory in West Duluth, Friday evening.

Rev. J. A. Anderson has gone to Marinette, Wis., to make arrangements for the removal there of his family. As superintendent of the Lake Superior district of the Swedish M. E. conference, Mr. Anderson will make his headquarters in the Wisconsin town.

Rev. A. Edstam and Mrs. Edstam, entertained at dinner last evening, in honor of the third birthday of their daughter, Elvira. Covers were laid for twelve.

GRAND RAPIDS, WIS., MAN DIES IN SOUTH DAKOTA.

Huron, S. D., Oct. 1.—Patrick Case of Grand Rapids, Wis., died here a few days ago at the home of his daughter, Mrs. T. C. Young, with whom he was visiting. Mr. Case formerly resided on a farm in the northwest part of this county, but with his wife returned to their Wisconsin home some years ago. They were visiting old friends here when Mr. Case was taken ill, resulting in his death Saturday at the age of 69 years. The body was taken to Grand Rapids for burial.

Cox Assistant Treasurer.

New York, Oct. 1.—National Chairman Mack appointed Dr. John W. Cox, of this city, assistant treasurer of the Democratic committee, with headquarters in New York. A. J. Doolin will continue to act in a similar capacity in the treasurer's office, in Chicago.

DULUTH, MINN.

ON THE IRON RANGES

NEW BUILDING WILL BE FINE

Eveleth's High School to be Fire Proof and Up to Date.

Eveleth, Minn., Oct. 1.—(Special to The Herald.)—The plans for the new school building, the contract for which will be let by the school board tomorrow, call for a modern and up to date structure. The architects are Bray & Nystrom, of Duluth. The building will be in the form of an "H," and two stories high. It will face on Jones street, the wings being at the east and west ends of the building proper. The total length of the building, including the wings, will be 170 feet ten inches, the main part being 100 feet long. The sides facing east and west will be ninety-one feet eight inches long.

In the base ment will be separate rooms for domestic science and sewing. The manual training department will have increased quarters, there being a machine shop and a wood working room. A fresh air room will also be placed in the basement. Shower and tub baths will also be placed in the basement.

On the first floor there will be six class rooms, two laboratories, the superintendent's office and the library, which will be larger than the one in the old building. The main part of the second floor will be taken up by an auditorium, very similar to the one in the old building. In the wings will be class rooms, four in number.

The exterior of the building will be of a grayish brick, while everything that will be put into the building will be as near fire proof as possible. The remains of the burned building have been cleared away, so that work on the new building is expected to commence within two weeks, or as soon as possible after the contract is let.

VICTIM OF ALCOHOLISM.

John Nelson Having Relatives Near Hibbing, Drank Too Much.

Crookston, Minn., Oct. 1.—(Special to The Herald.)—The coroner's jury which locked into the sudden and rather suspicious death of John Nelson, a transient, Monday night, found that he had come to his death through the excessive use of alcohol, and did not attach any blame whatever to Peter Peterson, the restaurant proprietor, or to Nelson's companion, Streater. After the verdict had been returned, the police released both Peterson and Streater. Efforts are now being made to locate relatives or friends of the dead man, to whom his remains may be turned over. It is thought that he has relatives living at Hibbing, but as yet Coroner Chesterman has been unable to locate them.

HIBBING NEEDS LARGER PUMPS

Village Councilmen Start for Indianapolis to Make Purchase.

Hibbing, Minn., Oct. 1.—(Special to The Herald.)—Messrs. Hayes, Roddy and Jansky, members of the village council today left for Indianapolis to inspect pumps. The supply of water at present is so great that the original pumps are no longer able to handle it. The pumps to be inspected are a new style and are said to be able to handle the flow easily. Owing to personal business, Trustee Rogalsky will be unable to make the trip. President Dr. Weirich will meet the members of the council in Indianapolis.

S. R. Sullivan of Ironwood, Mich., was in town Wednesday.

Newt Randall, who has been playing outfield during the past ten days for the locals returned to his home in Duluth yesterday.

George King has been in Duluth on business.

Joseph J. Cox was in Duluth the past few days on business. He returnd last evening.

Mrs. and Miss Josie Bardesson returned home yesterday from Duluth, where they have been visiting the past few days.

Charles Pritchard, who has been making an extended tour of Eastern cities and points in Canada, has returned home. Mr. Pritchard says he saw Walsh pitch a double header the other day in Chicago.

Judge Freeman of Chisholm has been in town the past couple of days.

John Mick, postmaster in the new town at Calumet, spent yesterday in Hibbing.

Geo. Wood returned from Duluth yesterday, where he has been on business.

Ed LaChance and wife left today for their future home in Mansfield, Oregon. Mr. La Chance has purchased a large new hotel there which he intends to have open to the public by December 1. Mr. L Chance's many good friends in Hibbing regret his leaving and wish him all success.

Dr. Hacking, secretary of the Handy Gold Mining company of Alaska, in which a great many people in Hibbing are deeply interested arrived in town last night. He reports the prospects are favorable toward developing one of the richest mines in Alaska.

Eveleth Class Colors.

Eveleth, Minn., Oct. 1.—(Special to The Herald.)—The junior class of the high school has selected scarlet and gold as the class colors.

CHARGED WITH DESERTION.

Former Chisholm Chief of Police is Arrested.

Chisholm, Minn., Oct. 1.—(Special to The Herald.)—Martin Connors, former chief of police of Chisholm, was arrested here yesterday, charged with wife desertion and non-support.

He was in the town to collect $1,500 insurance which he carried on a building destroyed by the fire. The warrant was sworn to by Mrs. Connors before Assistant City Attorney Kenney. The man and his wife have not been living together for some time past.

GRAND RAPIDS EVENTS.

Items of Interest Gathered in Itasca County Seat.

Grand Rapids, Minn., Oct. 1.—(Special to The Herald.)—Albert Liberman has just received notice of his appointment as postmaster, and the establishment of an office at Marble.

Messrs. Russell, Hoolihan and Jordan have leased their iron land to the Fayall Iron Mining company on a nice fat royalty.

Mrs. Bessie Meagher has gone to Detroit, Mich., as delegate from this place to the convention of the Women's Catholic Order of Foresters.

There will be English Lutheran services at the Swedish church next Sunday afternoon. Rev. Theo Buenger of Cass Lake will preach.

Word was received this week that Will Marr, who is attending school at Morgan Park, Chicago, is sick with diphtheria.

Mrs. O. J. Niles has returned from Los Angeles, Cal. She was accompanied by her father, Mr. Nardall, who will make his home here.

K. W. Macomber and wife, who have been spending the past month at Voigt's Deer lake resort, returned to their home in Minneapolis Tuesday.

Grand Rapids high school football team will play Bemidji next Saturday at South side park.

Miss Jennie Doran, who is teaching school at Hibbing, spent Sunday at the parental home.

Frank Green, cruiser for F. A. Smith, has been in the city the past week nursing a cut knee.

Leo Mountcalm, the 3-year-old son of Mr. and Mrs. David Mountcalm, died last Saturday of diphtheria.

HAS SEVENTY-TWO MEN.

Eveleth Militia Company in Flourishing Condition.

Eveleth, Minn., Oct. 1.—(Special to The Herald.)—After settling all bills that were incurred by the giving of the first military ball last Friday evening, the committee find that they cleared a nice sum. Couples from Virginia, Sparta, Gilbert and other surrounding towns attended.

Beginning at the last drill last Thursday night, attendance at all drills possible will be required of all militia members. The only excuse that will be allowed will be for work or sickness. The company has progressed greatly since its organization, but with the added experience at the coming drills it is expected that the company will stand well with the others in the regiment. At the present there are seventy-two men in the company.

HIBBING SCHOOL MEETING.

Special Affair to Select Six Members of Board.

Hibbing, Minn., Oct. 1.—(Special to The Herald.)—For the purpose of electing a full membership on the newly created independent school district board here a special meeting will be held today.

It is expected that the three members of the old board will be chosen together with three other citizens. Several persons have been mentioned as good timber for the board, among them T. S. Silliman, F. A. Wildes, E. M. Pearce and R. W. Hitchcock. Messrs. Silliman and Pearce have declined to become candidates. Mr. Hitchcock, who is out of the city is an old school man, having been superintendent of the Fosston and Crookston schools.

HIBBING DID NOBLY.

Including Eveleth Contribution, It Raised Over $12,000.

Hibbing, Minn., Oct. 1.—(Special to The Herald.)—Including $1,190.40 raised in Eveleth, Hibbing collected $12,-684.45 for the Chisholm fire sufferers, of which $1,851.32 was disbursed leaving a balance of $9,833.34 that will be forwarded to H. M. Peyton of Duluth, the treasurer of the state committee.

The people of this locality feel that they have done their duty in helping their afflicted neighbors in Chisholm. The Relief association has completed its duties. Bills were received, audited and paid and the treasurer was directed to turn all remaining moneys over to the treasurer of the state committee.

EVELETH MINISTER TO STUDY IN CALIFORNIA.

Eveleth, Minn., Oct. 1. —(Special to The Herald.)—Rev. R. J. Taylor of the Methodist Episcopal church will leave with his family Friday to study in some college, not definitely decided on yet. Rev. Mr. Taylor's first intention was to go East and take a years' study at Columbia university, but since then his plans have been slightly changed and it is possible that he will go West and attend the University of Southern California. His wife and child will stay with his wife's parents, who are already in California, and the plans have been changed so that Rev. Mr. Taylor may be near his family during the time he is studying.

It is not known who will be his successor in the local church, as the appointment will be made by the bishop, who has charge of the local church.

KILLED WHILE WALKING TRACK.

Grand Rapids, Minn., Oct. 1.—(Special to The Herald.)—William Church, who was employed at the Longyear drill camp, west of Pokegama lake, was hit by a freight at Cohassett, few days ago, as he was walking on the track and horribly mangled. Death was instantaneous. Church was about 35 years of age, and so far no trace of his home has been found.

SMALL HIBBING FIRE.

Hibbing, Minn., Oct. 1.—(Special to The Herald.)—About 9 o'clock last evening fire was discovered in the basement of the Brose Mercantile company's store, Third avenue. The damage, which was slight, was caused for the most part by smoke and water.

HIBBING BEETHOVEN CLUB.

Hibbing, Minn., Oct. 1.—(Special to The Herald.)—The Beethoven club, composed of advanced pupils of Mrs. Louis McPike has been organized with Miss Ruth Bates as president. Meetings will be held monthly, the next meeting to be held Oct. 24. Musical programs will be rendered each month by members of the club.

Y. M. C. A. Night School.

Two Harbors, Minn., Oct. 1.—(Special to The Herald.)—W. H. Day, international secretary of the Y. M. C. A.'s railroad department, who has been here, left yesterday for home, accompanied by Mrs. Day. The Y. M. C. A. will open a night school Oct. 5. Several classes will be started with branches suitable to laborers.

LUNG WORK BARS PLAGUE

(Continued from page 1.)

the world on many of the new questions which have arisen in the universal campaign.

The problem of immunity in tuberculosis, was a theme for section work. Dr. A. Chalmette, director of the Pasteur institute at Lille, France; Dr. Julius Bartel, Vienna; Dr. E. R. Baldwin, of Saranac Lake, N. Y., and other distinguished physicians, participated.

Section two was engaged in considering the value of treatment in sanitariums, and the ultimate results. Dr. A. Kayserling of Berlin, discussed the significance of dispensary examinations in the systematic combat against tuberculosis, while Dr. A. Chalmette, of Lille, France, and Dr. R. W. Philip, of Edinburgh, and other scientists, advocated the necessity for sanitarium treatment.

Section three was addressed by many eminent American surgeons, on subjects relating to surgical treatment of tuberculosis in cases involving the kidneys, intestines, bladder and other organs.

Methods for the dectection of tuberculosis among school children and also the problem of better lung development in children, was discussed by many speakers before section four. The different parts played by the nurse in stamping out tuberculosis, was a subject around which interest centered at the meeting of section five.

Prof. Irving Fisher, of Yale university, took a notable part in the proceedings of section seven, in an address, advocating a federal organization of health.

YOUNG WOMAN WAS HELD UP

Highwaymen Make Unsuccessful Attempt to Rob Girl.

Delia Moorhead, cashier of the St. Louis hotel, was held up near the corner of Second avenue west and Second street, about midnight.

Miss Moorhead lives at 113 West Second street. She was going home last evening shortly before 12 o'clock, when she was accosted by two men, who demanded her purse. Miss Moorhead broke away from them and ran east to Stewart's livery. The livery was still open and two of the men employed there escorted Miss Moorhead to her home. They searched for the highwaymen, but the latter had disappeared.

Crookston Woman Dies.

Crookston, Minn., Oct. 1.—(Special to The Herald.) Mrs. J. C. Cable died Wednesday at the family residence, 506 West Seventh street, after a short illness. The deceased was well known in the city and was the mother of Mrs. M. L. Griffiths of Crookston and Guy Cable of Fort Walhalla, Wash.

OIL TRUST IN DENIAL

(Continued from page 1.)

The main contents of the government on the angles of the hearing, which are to be considered in the examination of the railroad witnesses are that the Standard Oil company was given rebates by railroad companies; that secret concessions were made to it; that preferential rates were established for its advantage and that in addition in many cases the railroads so manipulated the open rates that the big oil company had a decided advantage over its competitors.

High and Low Rates.

On the last point, the government contention is that high rates were made by railroads from points where independent companies had oil refineries in proximity to the Standard Oil company refineries, and that low rates were made from points where the big oil companies had no competition. The defendant company seeks to prove by Mr. Felton and other witnesses, that the allegations of preferential rates and favors are not true, and that the oil company has uniformly paid the same rates asked of other companies.

Frequent cross-examination of the witnesses at the conclusion of different parts of their testimony is expected to enliven the hearing before Judge Ferriss, who is appointed as a special commissioner by the federal judges of the St. Louis district, to take testimony in the suit.

Continue Three Weeks.

Evidence on other points in the case has been taken in a number of cities, and the government presented its direct evidence in the "preferential rate" and railroad phases of the case in Washington. The suit was begun last fall and all the testimony must be presented by January 1, 1909.

The present hearing of testimony is expected to continue three weeks.

It is the tea grown on the hillsides of the world-famous Nuwara Eliya district in Coylon, used in "Salada" Tea, that gives it that rich, uniform delicious flavor.

NORTON GAINS SIXTY VOTES IN ONE PRECINCT

Glaring Error of the Election Judges is Discovered.

Is Now Fifty-Three Votes Ahead of C. E. Adams.

Fifty-three votes in the lead.

That was John H. Norton's position in the county attorneyship recount of ballots, at noon today.

At the close of the recount last evening, C. E. Adams was seven votes in the lead. The gain of sixty votes for Mr. Norton in this morning's recount was in one precinct, the Third of the Seventh ward.

In this precinct Mr. Norton made a clear gain of thirty-five votes, and Mr. Adams lost twenty-five, as compared with the official returns at the recent primary election. Thus, the precinct judges made a mistake in the original count of sixty ballots.

John Haugen, T. B. Perry and R. E. Cavanaugh comprised the board of election judges in the Third precinct of the Seventh ward. The clerks were J. S. Simmons and W. Bernard. A total of 431 votes were cast in the precinct.

All day yesterday the outlook was very bright for Mr. Adams. Almost every change brought forth by the recount registered a gain in his favor. From five votes behind, he was placed in a position where he was seven votes in the lead. He made a total gain of fourteen votes during the day, while Norton gained but two.

But this morning brought forth a different state of affairs. The first hour's work brought no change in the situation, but when the commission which has in charge the recount of votes came to the ballots cast in the third precinct of the Seventh ward they opened their eyes in amazement as the count proceeded.

Error after error was encountered, until, after all the ballots had been gone over, Mr. Norton showed a clear gain of sixty.

This seemed so very improbable that members of the commission could hardly believe their eyes. To make the thing a certainty, they went over the ballots again, and still the result was the same. Mr. Adams showed a loss of twenty-five and Mr. Norton a gain of thirty-five.

Attorney Warner E. Whipple, representing Mr. Norton in the contest for the Republican nomination for county attorney, announced this morning that with this lead, there was no doubt that Mr. Norton would receive the nomination. He claims it will be practically impossible for enough more errors to be found to place Mr. Adams again within reaching position of first place.

The "Horse-Shoe" Flue radiates from a half to a third more heat than any other type of base burner. We sell this kind of a heater—the only one made. If you want to save from a third to a half on your fuel bills —buy this heater.

DEADLY SNAKE IN BANANAS

Employes of Fruit Firm Find a Live Moccasin.

While employes of the Fitzsimmons-Palmer company were peacefully engaged in unloading a car of bananas yesterday afternoon, a moccasin snake slid from one of the bunches and caused some alarm among the workers.

The snake was a little stiff after its long ride from Central America and its movements after coming out into the light were not as active as this species of reptile is reputed to be capable of.

However, the snake showed unmistakable signs of reviving rapidly, so it was scooped into an empty crate and later consigned to a glass bottle, where it now reposes, in the window of a local hardware store.

BIG CONTRACTS STIR IRON MART

September Was Month of Slow Progress in Market.

Cleveland, Oct. 1.—The Iron Trade Review today says:

September has been a month of slow progress. While the advance made during the preceding three months has been maintained, little more has been accomplished. The belief in the trade is general that there will be no important developments until after the election.

Sales of pig iron made by a few interests in the East have aggregated about 75,000 tons but the buying is not general. The market in the Central West has been extremely quiet, but it is understood that a large Pittsburg interest which has just bought 2,000 tons, is figuring on making a contract to cover its requirements for basic for a long period. Southern prices are firm and in competition with the Northern production are higher for many delivery pints.

An important contract, involving about 25,000 tons of steel, chiefly in the form of billets, suitable for the manufacture of railway springs, has been made with the Inland Steel company, Chicago. The order for 5,000 cars for the Milwaukee railway will bring forth 50,000 tons of steel. Bids for the building of the Chicago & Northwestern terminal at Chicago, involving about 42,000 tons instead of 12,000 tons as originally estimated, will be opened this week. There is a fair demand for light rails, but very few orders for standard sections are being received.

The steel plate situation is somewhat improved as to prices. The demand for wire products, although unfavorably affected by weather conditions, continues fair. The contract for 3,000 tons of cast iron pipe for the city of Cleveland was awarded to the United States Cast Iron Pipe & Foundry company. Business in merchant pipe is good. The sheet situation shhows less irregularity as to prices.

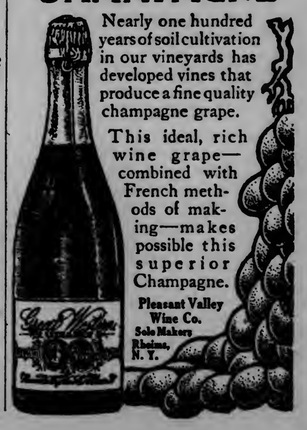

The cold weather has a tendency to hasten building operations and there have been made calls for delivery on contracts, but few new orders have developed. Specifications against steel bar contracts have been coming in freely, especially from large consumers. It is estimated that steel bar mills are no woperating at about 60 per cent of normal capacity.

Rain during the past week was not heavy enough to be of much benefit to the coke regions and many plants are facing the probability of being compelled to cease operations.

Want Crookston Franchise.

Crookston, Minn., Oct. 1.—(Special to The Herald.)—The Tri-State Telegraph & Telephone company is going to ask the city council of Crookston to grant it a franchise to use the streets and alleys and public places of the city for a long distance and toll telephone line. The franchise will come up at the regular meeting of the city council held on Oct. 13 next.

Great Western EXTRA DRY CHAMPAGNE

Nearly one hundred years of soil cultivation in our vineyards has developed vines that produce a fine quality champagne grape. This ideal, rich wine grape—combined with French methods of making—makes possible this superior Champagne.

Pleasant Valley Wine Co. Sole Makers Rheims, N. Y.

A Dangerous Trust.

The only trust having the impudence to openly assert that it is going to elect its own trust representatives to public office is the Labor Trust.

The election therefore will determine whether the Common Citizens retain control of public affairs, or allow the Labor Trust magnate to govern.

The common man loses his liberty when he and his fellow citizens allow any organization or trust to get control, for each trust whether of labor or capital is in business to gather every dollar possible and divide up among the members (if the managers leave any).

And where do they gather all this extra money?

The Meat, Steel, Oil, and other Capital trusts raise the price of their products.

The Labor Trust does the same thing by boosting the price of the plumber, meat-chopper, ironworker, shoemaker, baker, etc., etc., and by fining them for breaking rules and also fining employers.

The particular shoemakers, bakers, etc., etc., who happen to be members of the Labor Trust may not get much extra money out of it, but the Trust Managers seem to handle heavy sums.

Now to get back to the question, where does all this money come from, this extra money both labor and capital trusts are striving for. There is only one place for them to get it, my friends, and that is from the pocket of the common citizen not a member of any trust. He is the long suffering workman who pays to add extra dollars to the earnings of both Labor and Capital Trusts.

We all admit that both trusts are right enough in trying to earn all they can, but the citizens they are feeding on, absolutely must keep awake and protect themselves at the polls and before the courts, or the trust members get fatter and the common citizen thinner. The non-trust citizens are heavily in the majority and protect themselves easily when roused, but they often allow designing men to manipulate politicians and laws until the common people are helpless.

"Why do you speak of the Labor Trust?" some one asks.

It has been clearly defined as a trust in the fullest sense of the word by the best lawyers in America including Clarence Darrow, the Attorney for the American Federation of Labor and by the United States Supreme Court itself.

You see all trusts are formed to accomplish certain things.

Control production. Control prices.

Control members of the trust.

Get the highest price the public will stand.

The Meat trust controls and sells meat, the Labor Trust controls and sells labor, both feed off the public, and it is perfectly safe to assume that the managers of either or any trust will "soak" the citizens for every dollar they can get, only limited by the amount of power the people will give them.

Everyone agrees that combinations of capital or labor in the formation of trusts are legal and produce an uncertain amount of good.

The Oil trust greatly improved the quality of oil and sells it at about one-half the price it was when the trust was formed. Members of this trust have given several million dollars for Colleges, Churches and other public works.

But what would this trust do to the people if given unlimited power?

The Labor Trust has supplied good paying positions for several hundred officials of the trust and has paid out a good many thousand dollars to support a Union Printers' home in Colorado; it has also spent over a million dollars in defending criminal members brought before the courts and it has at times tied up industries and squeezed extra money out of the public, but it can never permanently raise wages beyond what the industry can stand.

In fact, the highest scale of wages is paid in factories independent of the Labor Trust. It is universally admitted that the individual quality of the working members of the unions has declined and it persistently endeavors to keep our youth from learning trades except in the restricted number set by the trust and entirely under its control.

Its warfare and criminal record is something fearful to contemplate.

The homes of workmen burned or blown up and other property destroyed has run into millions of dollars, while the citizens who have been beaten, maimed or murdered aggregate in the past ten years several hundred thousands.

There were over 5,000 men assaulted or murdered in one strike, (the teamsters) in Chicago a few years ago. All of this violence has been done to establish the fact that if the common man asserts his right to freedom and declines to bow down to the orders of the Labor Trust, he must be punished and forced into submission.

It has cost the common citizens millions of dollars to support police and soldiers to preserve property and protect themselves from the attacks of this trust.

Next Move.

Discovering that the people object to being attacked and having their property destroyed, the Labor Trust members conclude their next step should be to elect members of the Legislatures and Congress who will change old laws and make new ones, so that the Labor Trust may safely carry on the work and not be punished. Hence the demand that they be exempt from the trust laws and that the hands of our courts be tied so no injunction can be issued to prevent them from picketing, boycotting, slugging or blowing up property.

We were treated to a good illustration of how trusts work together when some chiefs of the Steel Trust, joined the chiefs of the Labor Trusts at the Republican Convention in Chicago and agreed among themselves that the Steel trust would work for the Anti-injunction-tie-the-hands-of-the-courts platform demanded by the Labor Trust, if in turn the Labor members would work for a repeal of the Sherman anti-trust law demanded by the Steel trust. Both working to be free of laws which were obstacles to their further control of the people, and what would be the condition of the common man if the National Citizens' Industrial Association and its allies with their lawyers headed by James A. Emery had not fought them to a finish and insisted that these trust planks should not be included in the Republican platform?

We have an Association now made up of citizens through which the rights of the common man can be asserted and defended to an extent, at least.

Thus by organization, the trust organizations can be met and checked.

The common citizens who read the papers, vote and attend to the affairs of life are far and away in the majority over the members of any trust, labor or capital, and when they understand the hidden attacks made on their liberties they act and win.

Who Shall Rule?

Now the Labor Trust openly asserts that its members are in politics to defeat public men who have been brave enough to stand fearlessly for the rights of the great masses of workers and doers who are not trust members.

Just so sure as tools of the Labor Trust (or any other trust) are elected to public office, just so sure the common man will suffer. That applies even down to petty officers. If an ordinary policeman secures his position from the Labor Trust he is slow to protect the citizens in time of trouble. Many such an officer has been blind to the slugging of innocent citizens and only too willing to allow violence if done by a labor union slugger.

Probably no more glaring falsehood and impudent appeal for sympathy was ever sent broadcast than the last assertion by the leader of the Labor Trust when he announced that the American Federation of Labor was one of the strongest elements known for the preservation of peace.

Their violent methods are so well known and established that whenever the trust orders a strike, the public authorities immediately set about to provide some sort of protection for the citizens and their property. A single clipping from a late paper illustrates the feeling:

"The Corn Products Company has announced that its new $4,000,000 plant, a few miles south of Chicago, will be under 'open shop' rule, and that union men, if they want work there, will have to leave their union affiliations outside the protected land. "A stockade eight feet high and bullet proof has been built around the site."

Citizens' Protection.

Citizens have been careless in considering the insidious moves made by the Labor Trust seeking control over affairs. It is time that each free man questioned carefully into the the intent and purpose of each candidate for public office, without regard to his politics.

It's a question of protection against trust growth now. If a candidate openly or hiddenly stands for Labor Union domination, hoping thereby to be elected by the Labor Trust members together with the votes of the citizens who don't realize the danger, vote for him if you think best to put your affairs and liberty in the hands of the leaders of this great trust. But it will be a black day for Americans when any trust gains power enough to enact their own laws and to dictate when a freeman shall work, when quit and how much he shall pay to support the managers. Also what articles shall be bought. What cars used. What stoves, hats, shoes, clothing and even the hearse used to bury the dead.

The foundation of our free Republic is based on the principle that "every man must be equal before the law and every man protected under the law."

The Labor Trust openly asserts it must have special immunity from the law and special new laws to give its members advantage and control over the common people.

With a knowledge of the facts, citizens can vote as their ideas of patriotism and individual safety direct.

"There's a Reason."

C. W. POST, Battle Creek, Mich.

N. B.—Let the reader remember that I am in favor of Trade Unions and these plain statements are printed with the hope that the impudent lawless "men of violent tendencies" will be replaced by careful, honest, law respecting managers who will rescue the sacred name of Labor from the odium the present managers have too often put upon it. Until that time citizens must be alert to protect themselves and their affairs.

COUNTRY AGAINST CITY.

"I do not want to encourage the feeling between the city and country which ought never to exist," said Candidate Jacobson to an audience in Minneapolis the other day.

That is a splendid sentiment, too. The city cannot exist without the country to buy its manufactures and to feed it, and the country cannot exist without the city to consume its products and to supply its needs. When the country prospers the city prospers, and when the city grows poor the farmer's lot grows heavier. So there ought to be no bitter rivalry between city and country, or between sections. It is harmful to both and helpful to neither.

Yet there is not a man in the state who has done more to embitter the senseless contest between the city and country districts than this same Jacobson; and every detail of his legislative record, upon which he asks the people to judge him in spite of his recent affiliations with interests which he fought as a legislator, proves it.

Not only did he fight to increase the bitterness which the country sometimes feels for the city, but he fought in behalf of the older and densely settled sections of the state against the newer, more sparsely settled and more needy sections of Northern Minnesota. He opposed drainage, though state expenditure in draining its public lands was not only a duty imposed by the federal government as a consideration for the gift of the lands, but an investment promising rich returns. He opposed activity in opening up and bringing settlers upon the idle lands of the North. He never in all his legislative career said a word for the development of the latent riches of Northern Minnesota, and he did say many better and caustic words against every proposal looking toward that development, if it involved the expenditure of a penny of money to be raised by taxing the rich and thickly settled portion of the country districts in which he lived.

Says the St. Cloud Times, whose memories of the Jacobson of the legislature are clear: "The only occasion for rivalry between the country and the city was kindled and kept by the demagogic appeals of this same Jacobson during his strenuous days in the legislature. There was a time when Jacobson was a power with Minnesota law-makers. He didn't earn his leadership by merit or ability, but by sheer force of threats. Whenever a bill was pending that did not meet his approval, and when he could not succeed by argument, his penetrating voice and ever-protruding finger were hurled at the rural members of the legislature. He constantly appealed to their passions and prejudices, and told them that the cities were avaricious and corrupt. For ten long years he pursued these tactics. During these terms he created an environment of prejudice against the cities until finally there was scarcely a bill before the legislature which did not find the country members arrayed against the city representatives."

In a large measure that wall of senseless prejudice has been broken down since Jacobson left the legislature. Yet during every year of his legislative career it was growing stronger and more obstructive to the progress of the state. He hated the cities—particularly Duluth—and he forced his country associates to hate them, too.

AN OBJECT LESSON IN ADVERTISING.

Dealers in ready-to-wear men's clothing advertise. Merchant tailors, as a rule, do not, and when they do they do it spasmodically and timidly, not systematically and aggressively.

So, in recent years, the traffic in ready-to-wear clothing has increased tremendously. This has involved a large reduction in the business of merchant tailors. Dealers in ready-made clothing publish attractive advertisements, handsomely illustrated with pictures of splendid-looking young princes attired in the product of this or that maker of men's clothing. Everybody wants to look like the men in the pictures, so more and more men are turning from the tailor's shop to the clothing store. As great progress has really been made in the construction of ready-to-wear garments, the loss of trade from the tailors to the clothing dealers has been permanent, to a large degree.

Advertising was the magic power that brought about this change.

The merchant tailors of Chicago have taken a card from the experience of the dealers in ready-made clothing, and have begun an elaborate advertising campaign. They have joined hands in this work, since the cause of one is the cause of all, and have made up a fund that amounts to $50,000, all to be spent in Chicago newspapers to explain why it is better and cheaper in the long run to get your clothes from a tailor.

The tailors lost their trade through advertising. They are acting wisely in seeking to regain it by advertising.

QUALITIES THAT COUNT.

Many years ago Giovanni Morosini, a runaway Italian lad without a penny to his name, landed at New York.

The other day Giovanni Morosini, a rich Italian banker and business man whose possessions ran up into the millions, died in New York, greatly to the regret of those who had learned to admire and to love him for his sterling qualities and staunchness of character during many years of acquaintance.

Much went between these two incidents in the career of this boy and man, and something went before the first one. Morosini was born in Venice, and lived there as a boy. He became a soldier, and, quarreling with his father, adopted the name of a friend and came to the United States. For a time he had an adventurous and unpromising career as a sailor. One day he found a number of tough urchins assaulting a boy somewhat younger than himself, and he sailed into the crowd, sent the tough ones reeling in all directions, and took the beset boy to his home.

The father of that boy was Nathaniel Marsh, treasurer of the Erie railroad, and in gratitude he gave the young Italian a place as office boy at $30 a month.

Thus far, Morosini's good fortune was largely a matter of good luck, not to lose sight of the grit and the spirit of fair play involved in his rescue of young Marsh. Henceforth there was nothing adventitious about his advance. Given a start, he paved his way by his own efforts. Natural qualities fitting him for business operations, together with grim determination and vaulting ambition, carried him the rest of the way. Four years after he entered the Erie office, he was made auditor-general of the road at a salary of $1,000 a month. He had befitted himself for the place by faithful service and by hard work in a business night school. That upward step he never retraced. He met Jay Gould, then the master financier of his age, and won his confidence and profited by his counsel. Opportunities continued to open to him and he continued to seize them. Fidelity, business shrewdness, application to business and irresistible energy—these were the qualities that made him. He died a multi-millionaire, and that represents, or used to represent, the summit of ambition in this country. The same purposeful energy, if his ambitions had led him otherwhere, might have made him great in other lines of endeavor besides money making.

This is one of the lessons of thrift and faithful service and application to business that used to be more frequent than they are now, when, it is to be hoped, there are other ambitions as worthy of attention as that of achieving great wealth. The point is that wealth was this man's aim, and that he achieved it by the qualities named above. By the same qualities, had he so willed, he might have climbed heights more sublime.

ALFRED AUSTIN'S POESY.

Alfred Austin, poet laureate of England, has given birth to a new poem, and the event was deemed of sufficient importance to warrant the Associated Press in bringing a few samples of the new-born lines across the ocean to tempt the tastes of American readers.

Last night The Herald gave a passage from the new poem, which is entitled "To the Last." The stanza takes the form of an earnest, anxious inquiry: "When the plover flaps o'er the idle plow and the woodpecker taps on the rotting bough; when the starved rook pecks at the tight-stacked grain and the tattered nest flecks the leafless lane; then, then will you love me, and still no less when the grass waves above my dreamlessness?" The last part of the stanza is real poetry. Some of the crisp, condensed phrases of the first part have that magic touch of poetry which flashes a sudden light, thrown by a concentrated and expressive phrase, upon a complete picture which pages could not describe so well.

But granting all this, what is it all about? Why should one inquire of another whether her love would last through the fall? Why not ask whether it would outlast the springtime? And, in describing fall, why not as well speak of when the coal bin cries to be filled, when the snow shovel succeeds the lawn mower, when the crisp-curled fallen leaves bring the garden rake into play, when the bills for fall clothes oppress humanity? A love that can survive these things is vastly greater than a love that would be altered by a plover flapping o'er an idle plow or by the woodpecker's taps at a rotting bough.

SIBLEY, TRAITOR AND SYCOPHANT.

Before the incident growing out of Hearst's publication of the letters to and from Archbold of Standard Oil sinks into oblivion, the public should become better acquanted with a minor figure in that correspondence which rather escaped notice because of the prominence of the others involved.

This figure is that of Joseph C. Sibley, formerly a member of congress from Pennsylvania, first as a Democrat and then, at the time of his letter-writing, as a Republican. In the Democratic convention of 1896, which gave Bryan his first nomination for president, Sibley was a leading candidate for vice president, and he received 163 votes on the first ballot, the largest number cast for any candidate. An Illinois man, in seconding his nomination, said that Sibley had ever been "in sympathy with the democracy of the world, and believed that the stars on the national flag should, like the stars in heaven, send forth a message of liberty to the downtrodden of all the world." This man did not know so much of Sibley as we know now.

On Nov. 26, 1906, when Sibley was a member of congress, he wrote from the house of representatives at Washington a "personal and confidential" letter to John D. Archbold, vice president of the Standard Oil company. That letter, thanks to an unpleasant theft of private letters which does not tend to redeem the whole mess from its putridity, has been given to the world by Mr. Hearst. In part it is as follows: "A (Rep.) United States senator came to me today to make a loan of $1,000. I told him I did not have it, but would try to get it for him and would let him know in a day or two. DO YOU WANT TO MAKE THE INVESTMENT? He is one who will do anything in the world that is right for his friends if ever needed. Please telegraph me yes or no."

Whether the Standard Oil company "made the investment" we do not know. But we do know that there was a Republican United States senator who was willing to be "invested" in, and who would thereafter "do anything in the world that was right for his friends if needed." We know, too, that in Sibley there was a statesman who was willing to be the go-between in an investment of Standard Oil money in the purchase of a senator for $1,000. We know, too, that both Sibley and his thousand-dollar senator were employed by the people to serve their interests, and paid a satisfactory salary therefor.

Further illumination of the sycophancy of Sibley is provided in another letter to Archbold, wherein he licks the boots of the Standard Oil magnate and tells him in a spirit of boastfulness how he had "called down" the president for his friendship for the "rabble" and his desertion of the "conservative men of affairs" who prey upon the restless "rabble." Said Sibley to Archbold: "For the first time in my life I told the president some plain if unpalatable truths as to the situation politically, and that no man should win who depended upon the rabble rather than upon the conservative man of affairs." It is statesmen of the Sibley type that desert the "rabble" and kiss the heels of "conservative men of affairs" like Archbold. It is men like Roosevelt who recognize the people in the "rabble," and the rascal in the Archbold kind of conservative.

Seemingly this brief glimpse of inner circles of big business and politics points the need of a thorough housecleaning.

HOTEL GOSSIP.

A. V. Ward, a theatrical man, who was at the Spalding hotel the other day, is of the opinion that conditions in the amusement world have improved somewhat since last fall, when hundreds of actors were walking Broadway, unable to find employment.

Mr. Ward bases his belief upon the record that productions have made so far this year. It will be remembered that many of the shows that went out last year failed, some of them before they had got very far from the starting place. The reason for this, in the main, was the money stringency that overtook the country just as the theatrical season was starting. The financial crash came in October. Many of the shows had just fairly started at that time, in fact, many of them had not fairly started when they were disbanded.

Companies went broke right and left. Some of the unfortunate thesplans had extreme difficulty in getting back to dear old Broadway. Some of them walked part of the distance. But when they did strike the Great White Way, they found but cold solace. They found conditions that have seldom existed before in the history of the American theatrical enterprise.

The theatrical employment agencies were crowded to the doors with actors seeking work, any kind of work that would keep the wolf from the door. This condition prevailed all winter. Many of the actors who were out of work found employment in the summer parks and in summer stock companies. This fall the condition has shown some improvement, but the situation is yet far from normal.

In speaking of these conditions, Mr. Ward said:

"The theatrical situation is not what it was two years ago. At that time it was extremely good. But I am glad to say that it is very much better than it was a year ago. At that time, or rather, to be more exact, after the October panic, many of the road companies were forced to disband. The managers found it impossible to run companies at a loss. There were over 300 companies of all descriptions that were forced to disband. The people found that they hadn't the money to attend the theater, so the theatrical profession was forced to stand decreased patronage until times became better.

"They are very much better this fall, but hardly up to the normal. There have not been many failures this year. Few companies have been forced to disband. Last year many good shows were forced to discontinue. This year the only failures that have been recorded have been the very poor shows. We are encouraged over the outlook and believe that after the election the conditions in our profession will show an even greater improvement. Election year is invariably a bad one in the theatrical profession. It is an off year, as it is in many other lines of business. But even at that the season seems prosperous in comparison with last year, and with the prospects bright for a very decided improvement, I can't say that we have a very big kick coming."

• • •

George R. Chase, at the St. Louis, yesterday declared that the feeling for Bryan is gaining strength by wonderful strides. Mr. Chase travels through the Western states.

Mr. Chase says that the Western sentiment that manifested itself for Roosevelt four years ago will be lined up on the Democratic side of the fence this year. He says, further, that the Westerners, though they are strong for "Teddy" today, refuse to accept his dictation as to the man whom the voters of the country are to vote for.

Mr. Chase doesn't think that the "butting in" of Roosevelt has helped the Republican cause any. He believes that the longer the present controversy continues, just so much brighter will be the Democratic chances for victory. He states that the people are in favor of deciding issues and choosing between candidates by their own free will, and that the practice of telling the American people whom they shall vote for is a political move that will work hazardous results to the Republican party.

Mr. Chase is of the opinion that the sturdy independence of the West will resent the part Mr. Roosevelt has played in the campaign. He believes that states that are listed safely in the Taft support will go for Bryan. He is speaking only of the West.

Not Long!

In politics you've won a fight:
The other fellow's cake is dough.
He's now completely out of sight
Beneath the heavy fall of snow.
Your followers their trumpets blow,
They clash the cymbals, beat the gong,
You're IT, but once you fall, I trow
You won't be missed so very long.
—Chicago News.

Business Note.

Buffalo News: In Japan a woman wears gold pins till she is 30, white pins till she is 40 and shell combs at 50. If this custom ever becomes universal, how would you like to be in the shell comb business in this country?

THE WEATHER.

Last night was the coldest yet, the thermometer getting down to 22 degs. Yesterday's highest was 48 degs. This morning it was cold and cloudy, and frost covered the walks and gripped the tender vegetation out of doors. But the weather man says it is going to be warmer. It will be partly cloudy tonight and tomorrow, and it will probably rain tomorrow, when the wind may shift to easterly. A year ago today a northeaster was in progress.

The sun rose this morning at 6:07 and sets tonight at 5:48, making 11 hours and 41 minutes of sunlight.

Says Mr. Richardso nof Conditions: "Rain or snow fell throughout the lake region Wednesday or last night, due to the disturbance which has passed from that district to the St. Lawrence valley in the meantime. An area of high pressure has advanced from the Rocky Mountain states to the Upper Mississippi valley, attended by colder and freezing weather in the Western lake region, Upper Mississippi valley states and the Dakotas. Another storm is developing over Alberta, attended by warmer weather in that province and British Columbia and rain in the North Pacific districts. The Easterly movement of this disturbance will cause warmer weather at the Head of the Lakes tonight and Friday and probably rain during Friday."

Following were last night's lowest temperatures:

Abilene	50	Medicine Hat	50
Asheville	42	Memphis	56
Atlanta	54	Miles City	44
Battleford	36	Milwaukee	36
Bismarck	32	Modena	38
Boston	46	Montgomery	50
Buffalo	48	Moorhead	34
Cairo	53	New Orleans	62
Calgary	44	New York	56
Charleston	64	Norfolk	58
Chicago	40	Northfield	38
Cincinnati	40	North Platte	30
Concordia	40	Oklahoma	50
Davenport	34	Omaha	40
Denver	42	Phoenix	62

Department of Agriculture, Weather Bureau, Duluth, Oct. 1.—Local forecast for twenty-four hours ending at 7 p. m. Friday: Duluth, Superior and vicinity, including the Mesaba and Vermilion iron ranges—Partly cloudy weather tonight; Friday probably rain; warmer; fresh to brisk southerly to easterly winds.

H. W. RICHARDSON,
Local Forecaster.

Chicago, Oct. 1.—Forecasts until 7 p. m. Friday: Upper Michigan—Fair tonight with frost; Friday increasing cloudiness and warmer.

Wisconsin—Fair tonight and probably Friday, with rising temperature; frost tonight.

Minnesota—Fair and warmer tonight; Friday increasing cloudiness and warmer.

Upper lakes—Light variable winds tonight, shifting to southerly Friday and increasing Friday night; generally fair weather.

Roosevelt in the Campaign.

Chicago News (Ind.): The student of American history probably would have to go back to the time of Andrew Jackson to find a parallel to the attitude assumed by President Roosevelt in the present national campaign. In the closing months of Old Hickory's second administration that strenuous president of the United States was determined that his devoted lieutenant, Martin Van Buren, should succeed him and continue to carry out his policies. Jackson secured the nomination and assisted materially in bringing about the election of Van Buren. With equal determination, President Roosevelt is working to convince the voters that Taft should be his successor.

The Daily News believes that Taft, in point of intellect and courage, is entirely capable of fighting his own battles. It believes that President Roosevelt does Taft a distinct injustice in making such a clamor in the candidate's behalf. The people of the United States know their way about when it comes to making a choice for president. They do not choose one chief executive with the intention of delegating to him the task of telling them who of all possible and impossible men must succeed him in office. Doubtless he has been greatly exasperated by the lethargy which marked the Republican campaign until the other day. Still, he ought to remember that he is president of all the people of this nation and he ought to leave to them the task of choosing his successor.

Taft is showing ability to speak for himself. His praises at this time do not have to be sung continually or even intermittently by his admiring friend in the White House. The people learned to admire and trust that admiring friend without having his good qualities pointed out by an enthusiastic advance agent. Let the president give Taft the same chance with the people. He should ask himself how four years hence he would like to see Bryan as president using the prominence coming to him from that high position to influence voters in favor of some candidate committed to the Bryan policies.

Bryan asks a square deal. Taft should have a square deal also. The people want the same. Mr. Roosevelt should stay out of partisan politics until after the first Tuesday in November.

Standard Oil.

New York World: While everybody is shrieking about the Standard Oil company and the politicians are making a campaign football of it John D. Rockefeller serenely steps to the front of the stage with his memoirs and explains that if anything wrong has been it was due to overzealous employes.

Why should not Mr. Rockefeller and the Standard Oil be serene?

From the executive chamber of the White House to the plains of Oklahoma everybody who wants to hold the public ear execrates the Standard and blackens his enemies' reputations by calling them Standard Oil tools. But what of it?

For all the outcry, what harm has the Standard Oil suffered? What damage has been done to it? It has not paid the $29,000,000, and there are grave reasons for doubting whether the courts will ever compel it to pay the fine. While the Roosevelt panic was at its height the Standard Oil crowd were busy acquiring more railroads at bottom prices. While Mr. Roosevelt has been swinging the Big Stick over the corporations and the whole country has been plunged in industrial depression, Standard Oil stock has been regaining its stock-market values, Standard Oil has been paying undiminished dividends, Standard Oil has been selling as much of its products as ever at its own prices to the people of the United States, Standard Oil's power in the world of finance has not decreased.

As a trust, as a power in Wall street, as a manipulator of the stock market and of railroad properties through its personal representatives the Standard Oil is more formidable than ever.

Mr. Rockefeller has a right to be serene.

Reflections of a Bachelor.

New York Press: Undoubtedly the devil invented picnics.

A useful things in an argument is to have a voice that can yell the loudest.

The only satisfactory excuse a man can make to his wife for coming home late at night is not to do it.

Even if there is a vacuum in his head, a person can get a fair reputation for being a thinker by holding his tongue.

A girl can nearly always get a man to marry her by making him think she's pretty near ready to marry somebody else.

Will They Never Learn?

St. Louis Post Dispatch: It is strange after all the instruction the courts have received from the president they persist in deciding against him. Will they never learn what's what and who's who?

Safe Wager.

Cleveland Plain Dealer: It's a safe wager that Bryan's trick mule would lose his playfulness if Taft got into the saddle for about a minute.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

•••Work will be begun this fall on the foundation of the Lester Park hotel. This structure will be 80x142 feet in size and will be a model in architecture and convenience.

•••James Reney, who was found guilty of murder in the second degree at Fond du Lac recently, was sentenced by Judge Stearns to life imprisonment.

•••Rev. Dr. McAdoo of Grace Methodist church left yesterday for the Winona conference. He has been here three years and will probably be transferred. Rev. Mr. Frizzell of Cloquet, it is expected, will come to Grace church.

•••The long planned excursion from the Tower mining district to Indianapolis, the home of Gen. Harrison, is now a fact, the party having started yesterday from Tower. They will assure the next president that Minnesota is for "Harrison, Morton, Merriam and Protection." A number of Duluthians are with the party, including H. C. Kendall, Frank Burke, Jr., Judge White, C. R. Haines and Alex Michaud.

•••David Hood, who has had charge of the construction of the new St. Louis hotel, is now superintending the building of the new West end school.

•••J. C. Brown of the lumber firm of Huntress & Brown says that the lumber business is dull just now. He does not believe the cut this winter will be as large as last year, owing to the demand by Western farmers being limited.

•••Miss Margaret Owens of St. Paul is in the city visiting Miss Mary Anderson on Second street.

•••Maj. R. W. Latton of Lewiston, Pa., has connected himself with Andrew Jackson, the jeweler.

•••William Langdon returned last night from St. Paul with his wife and daughter and they will make their home in Duluth.

•••R. C. Brophy of Dakota is visiting relatives in Duluth. Mrs. Brophy is also here visiting her parents, Mr. and Mrs. T. A. Olmsted.

•••The West End Variety store opened for business this morning in the Colbertson building, 2101 West Superior street. The proprietor is S. Morterud, lately of Whitehall, Wis.

•••At an election held at Oneota and West Duluth on the question of consolidation, it was decided by a vote of 101 to 3 to combine forces with the name of the village of West Duluth. Consequently Oneota will disappear from the map. West Duluth now extends from the city limits of Duluth proper to the farther end of Grassy Point and is nearly all platted.

•••Luther Mendenhall has gone to the bankers' national convention at Cincinnati.

MINNESOTA OPINIONS.

Long Prairie Argus: The Argus has contended all along that the men who have so bitterly opposed the Roosevelt policies were tools of the corporations, and the uncovering of the rotten record of Foraker proves it. If Aldrich and the others could be reached it would probably reveal a similar condition.

Deer River News: Now if C. B. Miller will make the record in his first term in congress as high as his one term in the legislature we will reconsider.

Little Falls Transcript: The official returns of the Eighth congressional district of Minnesota show that in the primary election for the Republican nomination for congress Clarence B. Miller received 18,874 votes and J. Adam Bede 10,345. Joe Cannon should anodnce that result in his next speech. He promptly heard from Tawney and announced the result, and Tawney's result was less than 2,000. The national committee should study the election returns, and see that Cannon is of no benefit to the Republican cause. Spike that Cannon.

Mankato Free Press: The primary election law is responsible for the increased membership in the Ananias club.

Winona Independent: The present campaign would afford Speaker Cannon an excellent opportunity to learn a thing or two were it not for the fact that men like Cannon never learn anything.

Hutchinson Leader (Dem.): If there is any proposed reform that is fairer, more feasible, more meritorious than guaranteed bank deposits what is it? It instantly appealed to the American people, and they won't let up until they get it. And who will they have to thank for it? William J. Bryan. You can't get around that.

Winona Independent: Senator La Follette has arranged to make speeches for Taft, but it is suspected that he reserves the right to restrain his enthusiasm about the Chicago platform.

New Ulm Review: Men who vote with some certain political party simply because their fathers did are growing less in number each year.—Hutchinson Leader.

Sure. They have the welfare of their own children to consider.

Hawley Herald: There is at least one trait of character possessed by old Joe Cannon, which is worthy of admiration. He comes out flat-footed and publicly denounces his opponents whomsoever they may be. He drives his poniard into bishops and laity alike and does not sneak behind their backs to make the thrusts.—Princeton Union.

Cannonism is receiving a hard frost all through the country on account of this trait of character. Joey will learn later that it does not pay to drive poniards into bishops and the laity.

Biwabik Times: When a couple of thousand citizens pay to hear Debs make a political speech there is a reason. And it is the duty of the Americans to amputate the said reason.

Proctor Journal: "And Ananias stood forth." This is said to have been so that some modern liars could stand first, second and third.

A Boston View of Hobson.

Boston Traveler: Capt. Richmond Pearson Hobson, member of congress and Japanese nightmare rider, is in Boston on eruption bent. He is here to disturb the pence of the Hub and add to his notoriety as a national joker by breaking into ward politics under the distinguished patronage of Martin Lomasney; and we trust the great ossulator will escape to Alabama before the allenists pounce on him as a subject for observation.

Some historic characters like Judas kissed themselves into imperishable infamy; others like Hobson kissed themselves into obscurity amid the inextinguishable laughter of their age; but only Hobson is fatuous enough to imagine he can vociferate himself back into the niche from which he so ingloriously pitched himself.

If the exaggerated ego of Hobson could be reduced so that he could wear his halo in comfort; if he could learn the beauty of silence and the value of gag; if he could only efface himself for a decade and let the age forget the noisy clatter of his activties for the past ten years, he might find his way back to a modest niche in the temple of Fame.

Hobson's personal bravery in the Merrimac episode made him a national hero. His lack of balance, personal vanity and obsession for notoriety at whatever cost has change the laurel to the motley and made the popular idol of a political clown.

Comment on Candidates.

Kansas City Times: There seems to be no denying that Bryan is gaining—he now weighs 227.

Springfield Republican: There are some people who think it isn't necessary for Tom Watson to make such a fuss merely because he is a candidate for president.

New York World: Just as a campaign surprise, why couldn't Taft be permitted to go it alone for a week?

Boston Transcript: Mr. W. J. Bryan presents his compliments, including the ile courteous, inferential and slantindicular.

Dayton Herald: Into whose whiskers will the bleak winds of adversity blow November 4?

Milwaukee Sentinel: But did Hearst ever detect 'Gene Chafin with a flask in his pocket?

St. Joseph News-Press: By the way, where did Hisgen get off?

Shocking.

Puck: Another of the advantages of being good is the pleasure derived from being shocked.

A Tale With a Moral.

Philadelphia North American: The campaign was about as lively as a funeral until somebody began to lambaste the Standard Oil. Then the people woke up. Need we, dear reader, point out the moral of this tale?

MEANT TO BE FUNNY.

Somerville Journal: Wallie—Next to a woman, what is the most nervous thing you know?

Willie (ungramatically)—Me—next to a woman.

Yonkers Statesman: Bill—I see in a favorable wind a fox can scent a man at a distance of one-quarter of a mile.

Jill—Of course, he could scent him farther if the man happened to be in an automobile.

Tit-Bits: "The corporation has resolved at last to lay out a park for the benefit of the poor."

"Have the preparations begun?"

"Rather! All the 'Keep Off the Grass' boards have arrived already."

Life: "Bilger eloped with his cook, the unfeeling wretch!"

"Well, I don't know. Why shouldn't he if he wanted to?"

"But his wife was just going to give a dinner party."

Chicago Daily News: Wink—He didn't use to dodge his rich relatives, but he does now.

Bink—Does, eh? And as poor as he is?

Wink—Sure! All his rich relatives have bought automobiles.

Puck: Boston Bill—I'm getting weary of this blase, nomadic, peripatetic existence, aren't you, pal?

Omaha Red (after recovering)—Why—e-r, yer see, Bill, it never struck me in dat light before. Is it really as bad as all dat?

Harper's Weekly: "Mamma, is the old black hen going to be sent away for the summer?"

"No, Tommy; but why do you ask?"

"Well, I heard papa tell the new governess he would take her out riding when he sent the old hen away for the summer."

Cleveland Plain Dealer: "Confound it," cried the angry husband, "any old thing appeals to you if it's only cheap!" His bargain-hunting wife grimly smiled. "Don't forget,' she sarcastically remarked, "that you yourself are one of my characteristic investments."

Tit-Bits: "What brought you here, my poor man?" inquired the prison visitor.

"Well, lady," replied the prisoner, "I guess my trouble started in attendin' too many weddin's."

"Ah! You learned to drink there, or steal, perhaps?"

"No, lady; I was always the bridegroom."

Philadelphia Ledger: "But, Mr. President," protested his adviser, "the Constitution in its very inception specifically provided that certain prerogatives should lie with the legislative arm."

"Did, eh?" answered the executive with an air of doubt. "But you must remember," he added, brightening up, "that the Constitution was young and inexperienced then."

Atlanta Constitution: "What does yer reckon yer'll like ter do w'en you gits ter glory?"

"Well," said Brother Dickey, "since you put de question ter me. I'll make answer ter it: Ef dey lets me have my way, I'll des lay back on a white cloud, an' let de heavenly winds blow me fum star to star."

Life: The Bridegroom (on the return from the honeymoon)—Hello! What's this? All the bills for your trousseau! Why, I thought your father paid these.

Bride—It is customary, dear. But he ahought you would rather do it than give him the humiliation of borrowing the money from you.

Pointed Paragraphs.

Chicago News: If you have a shadow of suspicion keep it dark.

Actions of the bass drummer speak louder than his words.

Some politicians are like circus posters—always on the fence.

There are times when the scales of justice look suspiciously like fish scales.

The esteem and regret most people have for you is both tedious and tasteless.

And if the average woman gave voice only to her thoughts she would talk less.

Only a very rich man is in a position to appreciate the advantages of poverty.

The average man would rather admit that he is wrong than to admit the other fellow is right.

The man who figures on doing a little of everything never cuts much of a figure at anything.

It makes a girl boil with indignation if she sees another girl being kissed by one of her admirers.

We don't blame a man very much for taking things easy—provided the things do not belong to other people.

Of course, a bachelor has no one to sew buttons on for him—but many a married man has nothing to sew buttons on.

It is a waste of time to worry about the future. Things will be all right a hundred years from now—as far as you are concerned.

Of Course.

St. Louis Post-Dispatch: President Roosevelt appeals to the country for a Republican congress, so that Mr. Taft's hands may not be tied. But wasn't it a Republican congress that tied Mr. Roosevelt's hands?

AMUSEMENTS.

JOE PEACOCK FINED HEAVILY

Assailant of William Murray Must Pay $100 and Costs.

Joseph Peacock, who nearly killed William Murray by striking him over the head with a marlin spike, on board one of the big ore carriers in the local harbor two weeks ago, was fined $100 and costs, with an alternative of ninety days in jail, by Judge Windom, in municipal court this morning. The charge against him was assault in the third degree.

Peacock and Murray were both employed on the same boat. They visited Duluth on shore leave and had a good time up town. Before they returned to their vessel, however, they had a hot argument, which resulted in a fight. Peacock was badly worsted in the encounter, and the following day he came up behind Murray when the latter was not looking, and struck him over the head with a marlin spike. Murray fell senseless to the deck, and it was thought for a time that he was dead. He was removed to St. Mary's hospital, where he is yet. He will recover.

HOSPITAL PLANS BEING PREPARED

Work on the Contagious Ward Will Soon be Begun.

Plans for Duluth's proposed contagious disease hospital are now being drawn up, and work on the structure will be begun shortly. It is hoped to have the foundation completed before winter sets in in earnest, although the building itself will not be completed until next year, because of lack of funds.

There is now $8,600 cash on hand for hospital purposes, and the council has provided $6,500 more, which will be available from the tax receipts next year, being taken out of the permanent improvement fund. The contagious ward will be completed early in the summer, it is expected.

NEW N. D. RAILROAD RUNS ITS FIRST TRAIN.

Grand Forks, N. D., Oct. 1.—A locomotive and day coach for the Northern Dakota railway was delivered at Larimore yesterday, and the company today will run its own train over the line constructed this summer from Edinburgh to Concrete, twenty-one miles. Daily-except-Sunday service is to be maintained. The surfacing gang is putting the finishing touches on the roadbed. At Edinburgh shipments will be made over the Great Northern.

Fatal Fall from Hay Loft.

Devils Lake, N. D., Oct. 1.—John Christianson of Edmore, 35 years of age, fell from a hay loft in a livery barn there and was so badly injured that he died at a local hospital a short time after being brought to the city.

DO YOU SKATE?

AN UNPAID BALANCE

Butte & Superior Company Owed $836,933.31 on Feb. 11, 1907.

Contract Prices of Options Brought Out in Detail in Court.

An avalanche of figures descended this morning on the heads of the unsuspecting jurors hearing the case of the Butte & Superior Copper company against John McAlpine in Judge Ensign's court. The court room was turned into an accounting room for the time. The Butte & Superior officials had supplied an additional lot of books, a dray-load or so, and they were scattered about while witnesses and attorneys figured. The computations were numerous and varied and little actual progress was made in the trial of the case on account of the time consumed in figuring.

Through D. T. Jenkins, secretary of the company, and J. B. Becher, assistant treasurer, Attorney Richards for the defense established the amounts paid out for current expenses by the company up to Feb. 11, 1907, the amount paid on properties up to that date and cash on hand on that date. He also brought out the contract price of each property and the amount remaining unpaid on the total of Feb. 11, 1907.

On that date, on which Mr. McAlpine claims representatives of the company claimed that all properties were owned in fee by the company and thus induced him to subscribe for stock, Mr. Becher stated that $836,933.31 was still due on the properties of the total amount of $3,993,893.53. In cash and stock on the basis of $5 a share, which was the contract price of the different options and leases.

Mr. Jenkins resumed the stand on the opening of court this morning and in answer to questions of Mr. Richards stated that 225,000 shares of the stock of the Butte & Superior company had been issued to fee owners of purchased property up to Feb. 11, 1907, and the certificates had been mailed to the First National Bank of Butte to be held in escrow. He said the company had expended $28,082.79 prior to Feb. 11, 1907, exclusive of cash paid on options and that there was a cash balance on hand on Feb. 11, 1907, of $93,511.72. With the $352,666.69 paid on options, the company had thus handled $474,261.20 from its organization up to that time. Subscriptions for 173,568 shares of stock had been received up to that time, but the money had not all been paid in.

The details of the different contracts between the company and the fee owners and holders of options were gone into by Mr. Richards, with the witness and the books of the company. According to the testimony and the exhibits, the company had agreed to pay for the properties as follows: the stock valuation being on the basis of $5 a share: Niagara, $288,000 in cash, and $57,500 in stock; Constitution, $24,500 in cash; Black Rock, $165,000 in cash and $80,000 in stock; Ramon, $165,000 in cash and $105,000 in stock; Four Johns, $140,00 in cash; Jersey Blue, $165,000 in cash and $150,00 in stock; Laura, $5, in cash; Enterprise, two-thirds interest, $120,000 'a cash; Admiral Dewey, $5,000 in cash; Black Rock Mining company, buildings and machinery, $10,000 in cash; syndicate of Wolvin, Killorin and Davis, $47,392.53 in cash and $1,698,400 in stock, making a total of $1,189,492.53 in cash, $2,812,400 in stock, or a grand total of $3,923,893.53.

Mr. Becher was called to the stand for a few minutes to compute from his own memoranda the amount remaining unpaid on the options on Feb. 11, 1907. His figures were $836,933.31. Mr. Jenkins was recalled to identify some papers and he was still on the stand when court adjourned at noon.

Yesterday afternoon was given over to the introduction of documentary evidence. Attorney J. B. Richards, for the defense introduced twenty-five exhibits in all, including books of the company, agreements between the several parties interested in the deals for property, options and leases.

D. T. Jenkins, secretary of the company, was on the stand all afternoon, producing the papers for which Mr. Richards asked and identifying them. Mr. Jenkins has nearly all of the books and papers of the company in court, and was able to hand over nearly everything requested.

Mr. Richards sought to establish George H. Crosby's connection with the company, but failed to do so by the witness. Mr. Crosby had accepted Mr. McAlpine's note, which is the cause of the suit, and the books showed a list of subscriptions made by different people and charged to Mr. Crosby, but nothing else could be found by Mr. Richards.

Mr. Richards went into the amount of money paid by the company on its properties prior to Feb. 11, 1907, and established that $352,666.69 had been paid in cash on the different options, but the witness did not know how much stock had been given to either the fee owners or the previous holders of the options.

INCREASE THE NUMBER

More Building Permits Issued in September Than Year Ago.

One hundred and twenty-nine building permits were issued during September, as compared with ninety permits the same month in 1907. The total cost of building, however, as represented by the permits, was lower this year than last by $13,480.

During the first nine months of the present year permits representing $2,192,706 were issued, as compared with $2,941,466 last year.

The 129 permits last month were for buildings, to cost in the aggregate $294,922, and the ninety permits a year ago represented an expenditure of $203,408.

The monthly report of the building inspector shows that 199 electric meters were tested last month; five elevator licenses were issued; four electric sign permits granted and eight permits for moving houses were given out.

CATHOLIC CHURCH ON WHEELS IS COMING

INTERIOR OF THE CHAPEL CAR.

The much-talked of chapel car, St. Anthony, the property of the Catholic Church Extension Society of America and used by the organization in its home missionary work, will be in Duluth Sunday and Monday.

The car will be located at some convenient place in the local yards and will be open to the inspection of the public. The car has just finished a trip through Wisconsin and Minnesota, stops being made at the principal cities.

This car is the only Catholic church on wheels in theUnited States. It was presented to the society by Ambrose Petry, a New York millionaire. People of all denominations visit the car wherever it goes.

FRANS STUDIO

Announces to holders of coupons, that they are of value for sixty days only.

TAFT IS WORSE, MUST GO TO BED

Plans for Omaha Reception Undergo a Rapid Change.

Omaha, Neb., Oct. 1.—Arrangements for the reception of Judge Taft, on his arrival in Omaha this afternoon, underwent a complete revision today, when notice was received that the condition of the candidate is such that he must conserve his strength.

Instead of, as planned, a reception, an automobile ride, a banquet, a conference with Republican leaders and two set speechgs during the evening, the new arrangements are that after a short reception at the depot, on his arrival, Judge Taft will retire to his room until time for the speeches.

These have both been cut to fifteen minutes each, and after their delivery, Mr. Taft will immediately retire to his bed.

SUPERIOR NEWS

YOUNG GIRL IN ROAD HOUSE

Former Superior Saloonkeeper Being Held on Serious Charge.

Clyde Sawyer, aged 28, formerly engaged in the saloon business on lower Tower avenue, Superior, and lately manager of a candy store and pool room on Third street, is being held at the police station on the serious charge of having induced Mamie Reed, 14 years old, a clerk in his store, to leave her home and enter a resort at Eveleth. The girl is also held at the station pending investigation.

It is alleged that Sawyer introduced the girl to a woman, who took her to the place at Eveleth. That was more than a week ago. The parents of the child became worried over her long and unexplained absence from home, and two days ago notified the police. Early yesterday morning a telegram was received by the police that the girl had been located in a roadhouse ten miles from Eveleth. Lieut. Scoon of the Superior police force yesterday brought the girl to Superior. It is alleged that she broke down when she was arrested, telling the story of her betrayal and what part Sawyer had taken in it. District Attorney Foley is investigating the details of the case.

Superior Tax Roll.

According to the tax rolls compiled by City Assessor Tiedeman and turned over to the board of review yesterday, Superior's real estate and personal property for the year 1908 is assessed at $19,140,862. This is an increase over the rolls submitted for the preceding year of $906,565. A large amount of property that was taxed last year has since been destroyed by fire, and a great deal of property formerly assessable has been taken up by the railroads. The increase in the assessment is therefore small, although a general raise in all kinds of real estate and personal property valuations was made this year.

There's Satisfaction
in having a steady hand.
If coffee makes you
wobble, stop and use
POSTUM
"There's a Reason"

Verdict of $1.

The jury in the case of Sam Popkin against John Cohen yesterday returned a verdict of $1. The case was one in which Popkin was suing for $1,000 for the alleged assault made upon him by Cohen. The case was a record-breaker for time. All the evidence was received and the arguments of the attorneys listened to and the verdict returned by th jury in less than an hour.

City Needs $400,000.

All the estimate of the different boards of the city were turned over to City Comptroller Erickson yesterday, and he will submit them to the city Council. The sum total of the estimates of the expenses of running the city for the ensuing year is about $400,000.

JOHNSON AT ROCHESTER

Big Crowd Assembles to Listen to the Governor.

Rochester, Minn., Oct. 1.—Governor John A. Johnson and Andrew C. French, candidate for representative in congress to succeed James A. Tawney, opened the campaign in this city Tuesday night.

The meeting was held in the Metropolitan theater, which was crowded to its utmost capacity half an hour before the time announced for the meeting to open. Leading Democrats of the city and county occupied seats on the stage, and the evening trains brought in large crowds.

The Junior band was engaged, and entertained the crowd while waiting for the curtain to rise. John E. McGovern, chairman of the Olmsted county Democratic committee, introduced the speakers. Mr. McGovern's mention of the name of J. J. Reiter, candidate for lieutenant governor, was received with great applause.

Governor Johnson was greeted with prolonged applause when he was introduced. The principal sensation of the evening was when the governor read a clipping from the Post and Record, of this city, asking if Governor Johnson would give up his lecture contracts if he should be elected. The governor's reply was prefaced by a stinging reference to the article in the same paper two years ago, referring to the state railroad and warehouse commission, which cost the party thousands of votes. In direct answer to the question the governor said that he had no contracts to give up. He had had an offer from the management of a lyceum bureau to deliver 200 lectures at $200 apiece, but had made it conditioned upon his retirement to private life. When his nomination came he accepted the latter, thus giving up a sure $40,000 for an uncertain $5,000. He had delivered a few lectures before the universities and others, but was under no contract. Would the editor of the paper give up $33,000 for the state of Minnesota? the governor asked. Governor Johnson's voice, which had been threatening to give out for some days past, seemed in good condition, and he spoke easily and without any seeming fatigue.

NO ANSWER TO STANDARD OIL

Chicago, Oct. 1.—The answer of the Standard Oil Company of Indiana to the government's petition for a rehearing by the United States circuit court of appeals on that court's reversal of Judge Landis' decision, fining the company $29,240,000, will not be answered by District Attorney Sims. The district attorney considers the company's answer does not require argument supplementary to those in the petition. The court of appeals, it is stated, will begin in the fall term, Oct. 6. It is optional with the court whether it shall rule on the petition on that day or later. In the event that the petition is denied, a writ of certeroriri, carrying the case to the supreme court of the United States will be obtained.

Alfonso in Budapest.

Budapest, Oct. 1.—The king and queen of Spain arrived at 3 o'clock this afternoon from Munich. They were welcomed at the railroad station by Emperor Francis Joseph and several of the Austrian archdukes. A large crowd gave them an enthusiastic ovation.

Bankers Select Chicago.

Denver, Col., Oct. 1.—The American Bankers' association today voted to meet next year in Chicago.

Friday and Saturday BARGAINS

SUDDEN END TO HEARING

Suit for $50,000 Against D. M. & N. Railroad Company Settled.

Damage Suit Against Oliver Mining Company Called for Trial.

The suit of Frank Gospeter against the Duluth, Missabe & Northern railroad for $50,000 damages, for injuries sustained Oct. 13, of last year, when the engine on which he was fireman, ran through a switch at the ore docks in West Duluth and collided with a train of cars standing on the track, was brought to a sudden termination this morning, when the attorneys announced that a settlement had been reached and stipulations of dismissal were filed.

There were rumors of a disposition to settle yesterday, and after the jury had been secured, an adjournment was taken to this morning, ostensibly to allow physicians to examine the plaintiff. During the interim, the attorneys got together and this morning, they asked for the dismissal of the case. The terms of the settlement were not made public. W. H. and T. F. Frawley of Eau Claire, Wis., and Morton Barrows, of Duluth, appeared for Gospeter and Baldwin, Baldwin & Dancer for the railroad company.

The case of Nick Papliovich against the Oliver Iron Mining company, was then called before Judge Dibell. Papliovich sues for $15,000 for injuries sustained while in the employ of the mining company, at the Canisteo mine, at Coleraine, June 20, 1908. He was dumping cars and had the middle finger of his right hand pinched off entirely and the first and third fingers were badly crushed. Negligence is charged in failing to provide proper means of dumping the cars, it being claimed that the use of a six-foot crowbar was made necessary by the conditions and the method was unsafe.

LA FOLLETTE FOR BRYAN,

Says Brother of Senator—Should be a Democrat.

Chicago, Oct. 1.—The Democratic national committee is making capital of the attitude of William T. La Follette, brother of Senator Robert M. La Follette, of Wisconsin, and the publicity bureau yesterday was jubilant when it learned that Mr. La Follette had declared in favor of Bryan for president. The following interview from the senator's brother was made public:

"Bob is simply supporting Taft for the sake of party regularity, in much the same way that Mr. Bryan supported Parker four years ago. His heart, however, is with Bryan and the principles for which he stands. Bob ought to be a Democrat. He stands for things Democratic. I know the feelings of the men who are the supporters of my brother in Wisconsin, and I know they are going to vote for the Commoner."

"That shows which way the wind is blowing," said Josephus Daniels, director of the Democratic publicity bureau.

How to Cure a Cold.

Be as careful as you can, you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world-wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. FLAGMAN FALLS ASLEEP AND FORFEITS HIS LIFE.

Spooner, Wis., Oct. 1.—Oscar Gibbons, an Omaha brakeman, was instanly killed about thirty miles north of here Tuesday by being struck by the Chicago Limited bound north. He was braking on a work train and was sent to flag. The supposition is that he fell asleep on the track. He had a wife and two small children.

St. Paul Dirt Is High.

St. Paul, Minn., Oct. 1.—(Special to The Herald.)—The property situated at the southwest corner of Sixth and Wabasha streets has changed hands as the result of a deal just closed. The price of the corner, which is 50 by 100 feet, was $95,000.

The property was bought of the heirs of the late John Dorn by F. J. Lambrecht.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

NEWS OF THE NORTHWEST

SMALL BOY AND MATCH

Probably Caused Fire That Destroyed International Falls Cafe.

Fire Chief Riley Falls During Fire, Being Seriously Hurt.

International Falls, Minn., Oct. 1.—(Special to The Herald.)—One of the worst fires that has raged in International Falls in a long time broke out in the Capital cafe yesterday and for a time threatened adjoining property.

Efficient work on the part of the department headed by Chief Riley, who led his men into the thick of the fire, saved adjoining buildings and perhaps prevented a widespread conflagration.

The brave chief was seriously indisposed during the fire and his condition is cause for considerable worry. While attempting to reach the roof of the building, Chief Riley, who is a heavy man, fell twenty feet, his weight breaking the ladder. He was picked up in an unconscious condition and is reported in bad shape. The contents of the building were destroyed and the structure badly gutted.

It is believed that a small boy and a match are responsible for the fire.

TREATING IS BAD PRACTICE

Declare Affiliated German Catholic Aid Socities of Minnesota.

"One of the great evils and tendencies toward intemperance is the practice of treating, and it is urged that anti-treating societies be founded."

St. Cloud, Minn., Oct. 1.—(Special to The Herald.)—Thus declared the affiliated German Catholic Aid societies of Minnesota, in their resolutions dealing with the liquor question, before adjourning their sesion her, yesterday.

Continuing on the liquor question, the resolution declared: "In regard to the temperance and prohibition questions, the Catholics adhere to the teachings of the church in that they advocate moderation in all things, and likewise in the use of liquors.

The resolutions also pledge loyalty to the apostolic see. Higher education is strongly indorsed and the establishment of parochial schools where they do not exist is urged. Catholics are also urged to guard the treasure of their mother tongue and to preserve them in their families. Catholics are admonished not to join non-Catholic secret societies, but to support the societies connected with the church.

The following officers were electd for the Drkug: President, George Gerlach; secretary, J. P. Juenneman; treasurer, Frank Erling; members of finance committee, J. Leonard, St. Paul, and George Stelzle, Minneapolis. The next meeting of th affiliated societies will be held in Winona.

The Staats Verband elected the following officers: John S. Grode, St. Paul, president; Willibald Elbner, New Ulm, secretary; A. Canfang, St. Paul, corresponding secretary; Paul Mempf, St. Paul, treasurer; Rev. Mr. Paulin, George Gerlach, George Stelzle and J. Q. Juenneman, executive committeemen.

The reports of officers showed the societies to be in a very flourishing condition. The Drkug is now organized in Minnesota, North Dakota and Wisconsin and has 141 men's societies and 83 women's societies. There is a membership of 7,578 men and 2,853 women. During the year $83,000 was paid in the men's societies for insurance and $6,000 in the women's. The society has total cash on hand of $283,177.

WENT NORTH WITH PEARY.

Now He is Doing Time in St. Paul Workhouse.

St. Paul, Minn., Oct. 1.—(Special to The Herald.)—Three years ago a member of the Peary expedition, which, leaving the United States in 1905 in the Roosevelt, reached a latitude of 87 degrees 6 minutes, or 200.36 statute miles from the pole, the furthest point north ever reached by an American explorer, Joe Fulford is today serving a fifteen day sentence at the St. Paul workhouse for vagrancy, pondering over this thing called fate.

Fulford left with the expedition and remained with the intrepid commodore all through the long and perilous trip during which the party, sledging over ice until the summer of 1906, was subjected to great exposure and privations. Twice he was dangerously ill, recovered and returned to the states.

But his health was shattered and he found himself unable to stand the strain of the railroad work which he took up. He began to drift around the country and last Saturday night was arrested in a box car in the Milwaukee yards at Midway by the Prior avenue police.

He told Judge Hanfit he was looking for work in the Soo shops in Minneapolis, but had lost his way and wandered to St. Paul.

NINE MILES BURNED OVER.

Prairie Fire Does Damage North of Fargo.

Fargo, N. D., Oct. 1.—(Special to The Herald.)—The high wind scattered fire from a straw pile that had been fired the evening before on the J. W. Harris farm north of town, and before it could be gotten under control it spread over a territory some nine miles square, destroying 2,900 bushels of oats in shock on the W. W. Woodward farm and burning the greater portion of the wheat shocks on 100 acres belonging to Ed Burke. Help gathered from all directions and with the aid of plows the fire was cornered by evening.

WOLVES KILLING SHEEP.

Beasts Getting Troublesome in Aitkin County.

Aitkin, Minn., Oct. 1.—(Special to The Herald.)—Wolves are killing sheep in Waukenabo and Logan townships, and are getting to be so bold that farmers are selling their flocks to save them from the predatory animals. James E. Ryan, of Waukenabon, was in town recently, to dispose of a load of sheep. Wolves got two of his sheep last week, making fourteen in all that he has lost.

On Sunday night, last, Howard Ladd lost one, and C. E. Rhodes lost a blooded ram. Jack Welch's pens were levied upon for three on Tuesday night, and Iver Hanson reports a majority of his flock has been taken by wolves this season. Mr. Hanson lives in Logan township, and tells of a wolf killing a sheep on the road in broad daylight between Waldeck's house and the saw mill site, in plain view of the house, Mrs. Waldeck being an unwilling witness to the slaughter, and she sent a man to drive the wolf away. People in that section are talking of organizing a wolf hunt.

TO FIGHT NOMINATION.

Many Illegal Votes Said to Have Been Cast for Commissioner.

St. Cloud, Minn., Oct. 1.—(Special to The Herald.)—It is reported that the nomination of Valentine Herman for county commissioner in the Second district will be contested by the friends of N. B. Rassier, the defeated candidate for the office.

The friends of Rassier, it is understood, claim that about seventy-five Soo employes, who have no residence at Holding, voted at the election and all cast their ballots for Herman. They claim that they have proof of this fact. The friends of Herman deny these charges and state that as far as they know there was no illegal voting at the primaries.

CHAFIN AT OWATONNA.

Prohibition Candidate Will Speak There Friday.

Owatonna, Minn., Oct. 1.—(Special to The Herald.)—Next Friday the citizens of this city will have an opportunity to see and hear another aspirant for the presidency. E. W. Chafin, of Chicago, the Prohibition candidate, will make an address on the north side of Park square, at about 10:30 a. m. Mr. Chafin will leave on the noon train for Clark's Grove, Aden and Albert Lea, speaking at all three places.

KILLED BY FALLING TREE.

Henry Hendrickson Loses His Life Near Blackduck.

Blackduck, Minn., Oct. 1.—(Special to The Herald.)—Henry Hendrickson lost his life a few days ago near here while felling a tree. He was unable to get out of the way of a falling tree and was caught and crushed under its trunk.

He was 35 and is survived by his wife and five children. The funeral was held here Sunday. He has relatives at Long Prairie.

Brainerd House All Taken.

Brainerd, Minn., Oct. 1.—(Special to The Herald.)—There are very few empty houses in Brainerd according to the directory man. Mr. Ley has finished the canvas of the First, Fourth and Fifth wards and states that he has found but six vacant houses in the three wards, and that they were not very good ones. He expects to complete the canvas in about three or four weeks. The books will be ready for delivery about Christmas.

Form Athletic Association.

Hancock, Mich., Oct. 1.—(Special to The Herald.)—At a meeting of the Hancock division of the naval reserves Monday steps were taken towards forming an athletic association from the members of the division, and organizing basket ball, indoor baseball and hockey teams. Officers of the Association were elected as follows: President, Leigh Swift; vice president, Tim Doyle; secretary, C. W. Macdougall; treasurer, Lester Dodson.

Strengthen Your Lungs

A cough or a hanging-on cold weakens your lungs, and the strain put upon them often bears serious results later on. If you are suffering from a cough, congested cold or pain in the chest, relieve the strain on your lungs *to-day*—get a bottle of

DR. D. JAYNE'S EXPECTORANT

This old and well-known remedy relieves Coughs, Colds and Congestions, and tones and strengthens the lungs. Jayne's Expectorant has been the recognized remedy for Coughs, Colds, Croup, Whooping Cough, Bronchitis and similar diseases for 77 years. Sold by all druggists in three size bottles, $1.00, 50c., 25c.

Jayne's Tonic Vermifuge is a gentle and effective tonic. Particularly good for children—a safe Worm Cure.

SEE COMET'S TAIL.

Residents of Prohibition State Seeing Things.

Grand Forks, N. D., Oct. 1.—(Special to The Herald.)—What apparently was the tail of a comet, very distant, was witnessed here about 8:30 to 9:30 Tuesday night. The phenomenon was viewed by hundreds of persons. It first appeared as a slender streak, gradually widening and lengthening, finally extending across the zenith like a silvery raibow. The streak showed no vibrations.

The northern lights were also considerable in evidence here during the early part of the evening, being very brilliant and beautiful.

"LOOK OUT, I'LL SHOOT."

Lad Says This and Accidentally Kills His Brother.

Maddock, N. D., Oct. 1.—While playing with a 22 rifle, the 13-year-old son of John H. Johnson, who lives northeast of Maddock, was accidentally shot by a younger brother, a lad of about 10 years of age. The little fellow, who had the gun, exclaimed, "Look out or I will shoot you," and pointed the gun at his brother and pulled the trigger. The bullet entered the older boy's heart and he died almost instantly.

McGOVERN SPENT MUCH.

Over Eleven Thousand Trying to be Senator in Wisconsin.

Milwaukee, Wis., Oct. 1.—The campaign of District Attorney Francis E. McGovern for the Republican nomination for United States senator cost $11,063.88, according to his own sworn statement filed with the secretary of the state, and with Register of Deeds Charles H. Maas.

Mr. McGovern says that all of this amount, except $1,038.15, which he says was contributed in small amounts by friends unknown, was borne by himself. He says that all but $300.10, his personal expenses, was spent by his manager, W. L. Essmann.

BEAT AGRICULTURAL SCHOOL.

Voters of Red Lake County Vote Down Proposition.

Red Lake Falls, Minn., Oct. 1.—(Special to The Herald.)—By an overwhelming vote, the voters of Red Lake county, Tuesday, defeated the proposition to spread upon the tax rolls a special levy of not less than $15,000 nor more than $20,00 to establish a county agricultural school at St. Hilaire.

Every paper in the county, excepting the Plummer Pioneer, favored the scheme.

MIXED WHEAT DRAWBACK.

Ruling by Treasury Department of Interest to Millers.

Minneapolis, Minn., Oct. 1.—(Special to The Herald.)—The treasury department has rendered a decision covering drawback allowances to the Hecker-Jones-Jewell Milling company of New York, which is of prime interest to Minneapolis millers. According to advices received from Washington, it has been ruled that when flour is blended before exportation, part of the flour being the product of Canadian wheat, drawback allowances such as would ordinarily apply to grinding of Canadian wheat entirely may be allowed on the proportion contained in the flour exported. This is a widening of the drawback privilege to a degree not reached at the time some four years ago, when the Minneapolis mills, grinding Canadian wheat in bond and under drawback regulation, were badly handicapped by governmental red tape.

There seems to be likelihood that the Minneapolis mills will turn to Canadian wheat this season, as there is a plentiful supply south of the line, but what the supply situation will be next May or July it is difficult to forsee.

GREAT IS MINNESOTA COW.

Dairy Production of State Quite Marvelous.

St. Paul, Minn., Oct. 1.—(Special to The Herald.)—Just 546,595 cows, owned by 71,769 farmers, contributed toward the 87,044,817 pounds of butter which were in the creameries of Minnesota in the year 1907. Interesting tables showing the growth of the butter-making industry in Minnesota, and its magnitude have been compiled by the state dairy and food commission for submission to the state legislature. Included in the tables are the figures which show the magnitude of the butter-making industry in 1907.

For the butter fat which was supplied by 546,595 cows last year, the 71,769 farmers received $18,912,042. It cost the owners of the creameries $2,187,373 to make the butter, once the butter fat had been supplied.

Eighty-six million pounds of butter was produced by the creameries in 1906, and in 1905 they turned out 70,455,459 pounds. In 1904 only 461,466 cows contributed to the supply and only 55,798 farmers profited from the sale of butter fat to the creameries.

EAST GRAND FORKS TO HAVE WATER SYSTEM.

East Grand Forks, Minn., Oct. 1.—(Special to The Herald.)—The council has called for bids to put in a complete waterworks system, work to begin this fall. The bids call for 6,500 feet of pipe for the waterworks mains, laying the same for gate valves and hydrants, for a tower holding 100,000 gallons of water, and for the pump pit.

Houghton Fair Attendance.

Houghton, Mich., Oct. 1.—(Special to The Herald.)—The attendance at the Copper country fair last week, despite the large crowds, fell 723 behind that of last year. The paid admissions this year numbered 15,868 adults, and 5,176 children, a total of 21,044, as compared with 16,587 adults and 5,320 children last year.

East Grand Forks Robbery.

East Grand Forks, Minn., Oct. 1.—(Special to The Herald.)—Burglars Tuesday night broke into the canvas-inclosed establishment of Wood & Sandie, who operate a knife-on-thering establishment and shooting gallery, and got away with about $175 in goods.

A grip, containing 140 knives, was taken out, valued at $125. In the lot were twelve bone handled knives valued at $1.25 each. Besides this a bicycle, valued at $50, was also taken.

Mr. Wood stated this morning that he had a good idea who one of the thieves was, and there may not be more than one in the deal.

Dies At Honolulu.

St. Paul, Minn., Oct. 1.—(Special to The Herald.)—William Smith, son of William Smith, county assessor, is dead in Honolulu. Word to this effect was received by the assessor.

Mr. Smith, who was about 48 years of age, had been ailing for some time and was a physical wreck when he last visited here a month or so ago. He was the owner of a big sugar plantation in Honolulu, and had resided there for several years past.

BANKERS SHOULD NOT SHOW THEIR HANDS.

Minneapolis, Minn., Oct. 1.—(Special to The Herald.)—"Too much talk," said a prominent banker in referring to the fight that is being made by the bankers of the country against the plank in the Democratic platform which advocates a guaranty deposit law.

"I fear the continued discussion in regard to the law providing for the guaranty of bank deposits will result in defeat for the bankers. It is a serious thing, and the bankers should use the right kind of tactics to win out. As it is, the outcome is becoming gloomier all the time," he said.

College of Mines Opens.

Houghton, Mich., Oct. 1.—(Special to The Herald.)—About 400 students were enrolled yesterday at the opening day of the twenty-third year of the Michigan College of Mines. There are about 100 new names on the entries. The class "rush" will be pulled off Saturday night.

PENINSULA BRIEFS

Hancock—W. H. Cutcheon, manager of the Houghton County Coke & Gas company, is confined to his apartments at the Scott, suffering from an attack of heart failure, to which he is subject. He was taken ill Monday.

Houghton—Mr. and Mrs. W. E. Shaw, Jr., returned Monday from a wedding trip through Wisconsin and the lower peninsula, and Mr. Shaw has resumed his duties as head bookkeeper for the Houghton County Traction company.

Calumet—The convention of the thirty-second senatorial district, in the Prohibition ranks, will be held Saturday evening. A candidate for the state senate will be named.

Hancock—Charles Dover, who slipped away quietly Sunday evening, after purchasing a ticket for Chicago, will return a benedict. Mr. Dover and Miss Myrtle Jacobs, of Chicago, were married at the bride's home in that city, Wednesday evening.

Houghton—Mr. and Mrs. F. R. Bolles have returned from Toronto, Ont., where Mr. Bolles attended the annual meeting of the American Association of General Passengers and Ticket Agents, as the representative of the Copper Range railroad.

Calumet—Justice Prince and a party of Lake Lindenites encountered a large doe in Torch lake recently while running in a gasoline launch to the county fair. The doe was secured and towed a considerable distance and then released.

Houghton—Word has been received here of the marriage at Gloster, Miss., on Wednesday, Sept. 23, of Martin R. Hoar, formerly of Houghton, to Miss Ann Giarrette. They will be at home at Tombstone, Ariz., after Oct. 1.

Hancock—The marriage of Miss Margaret Lowney to George H. Mullen took place Tuesday morning at St. Patrick's church, Rev. T. J. Atfield officiating. The bride was attended by Miss Nellie Sheehan as bridesmaid, and the groomsman was Thomas Lowney, brother of the bride.

Iron Mountain—Rev. John M. Shank, for several years pastor of the Central M. E. church here, has removed from this state to Booth Bay Harbor, Me., where he has accepted a pastorate.

Calumet—The funeral of the 1-year-old child of Mr. and Mrs. Louis Smith of Iroquois street, Laurium, took place Monday afternoon. The child died Saturday evening.

More proof that Lydia E. Pinkham's Vegetable Compound saves woman from surgical operations.

Mrs. S. A. Williams, of Gardiner, Maine, writes:

"I was a great sufferer from female troubles, and Lydia E. Pinkham's Vegetable Compound restored me to health in three months, after my physician declared that an operation was absolutely necessary."

Mrs. Alvina Sperling, of 154 Cleybourne Ave., Chicago, Ill., writes:

"I suffered from female troubles, a tumor and much inflammation. Two of the best doctors in Chicago decided that an operation was necessary to save my life. Lydia E. Pinkham's Vegetable Compound entirely cured me without an operation."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

MINNESOTA BRIEFS

Foley—Harmon Becker of Minden, 68 years of age, one of Benton county's most honored and respected residents, died at his home at 5:30 Monday afternoon. Death was caused by heart disease. The funeral was held from the residence at 1 o'clock Thursday afternoon.

Royalton—The new generating station being put up by the Royalton Light & Power company is about completed. Royalton's new lighting plant will be ready for operations this fall.

Crookston—Governor John A. Johnson has appointed Louis A. Gossman special municipal judge at Crookston. The office was created by council ordinance and the appointment was made at the recommendation of the Crookston bar.

Aitkin—Three bears were killed by Fred Giesdorf near his home in the town of Hebron a few days ago, there were five animals in the bunch feeding on acorns, but two succeeded in making their escape.

Rochester—The Elks of Rochester will not be a year old until Oct. 24, but before that date they will have the plans ready for an Elks home to be built in Rochester. And they will be in possession of a lot upon which to erect the building.

Brainerd—Maj. A. B. Foster, in command of a battalion of Philippine scouts and governor of the district of Catabato, which is a part of the island of Mindanao, P. I., has been visiting his sister, Mrs. W. A. Fleming for some days past. Maj. Foster is a captain in the Nineteenth United States infantry, detailed for service with the scouts.

Owatonna—The annual convention of the Steele County Sunday School association will be held at the Congregational church in this city on Oct. 17 and 18. State Supt. A. M. Locker will be present and papers will be presented by local workers for discussion.

Little Falls—John Lentz, a section foreman, was taken to the Northern Pacific railroad sanitarium Tuesday noon.

Minneapolis—The directors of the North Star Malting company held their annual meeting Tuesday and reported one of the best years in the history of the company. A 7 per cent dividend was declared. The officers of the past year were re-elected. They are A. C. Loring, president; Jacob Kunz, vice president, and Titus Marcek, secretary. Paul G. Sukey will continue as superintendent of the company.

WISCONSIN BRIEFS

Ashland—The marriage of Harry Deiman and Katherine Jeffers took place at New Florence, Missouri, last Wednesday. The groom was an instructor at Northland college last year, but has taken up his residence at Chicago, where, it is understood, he is taking a course in theology.

Eau Claire—The eighty students in the Wisconsin School of Undertaking, which has been in session here for several weeks, have perfected a class organization, the first of the kind in the state, with the following officers: President, J. Mark Hanson, Kenosha; vice president, Mr. Goodrich; secretary, Mrs. George Shriner, Monroe; treasurer, M. Budhan, Waupah; sergeant at arms, A. E. Smith.

Madison—Tracked by his wife, who is securing evidence in a suit for divorce, William H. Reynolds, former mayor of Tomah, Wis., was arrested in a room in a State street house in company with Helen Barnes, an Elkhorn, Wis., woman. Both were charged with a statutory offense and pleaded not guilty.

Oconomowoc—While out hunting with a party of friends, A. A. Eastman was accidentally shot and as a result will lose his right eye.

Eau Claire—Before United States Commissioner Henry McBain, the hearing in United States against Barber and Moon, usually known as the Idaho land case, was taken up Tuesday. United States District Attorney Wheeler and Payton Gordon appeared for the Government, Bundy & Wilcox for the defendants.

Milwaukee—John W. Miller, age 56 years, veteran train messenger and employe of the United States Express company, died on Monday at his residence, 588 Fourth street, after an illness of four months, of dropsy. He is survived by his wife, two sons and one daughter. The funeral was held at 2 o'clock Wednesday afternoon at the residence.

Chippewa Falls—Miss Lou D. Cosgriff of this city is believed to be the world's champion microscopic writer. She has just completed the feat of writing 8,679 words on the back of a United States postal card, 3¼x5½ inches. The writing is hardly readable with the naked eye, but is distinct under a microscope.

Manitowoc—Anex Zewalski of Berlin, held here on a charge of burglary at Reedsville, was ordered released on a habeas corpus writ by Court Commissioner J. S. Anderson, the court holding that the evidence was insufficient to hold the prisoner, who was committed by municipal court two weeks ago.

Kodol

For Dyspepsia and Indigestion

If you suffer from Indigestion or Dyspepsia; if you are annoyed with gas on the stomach, fulness after eating, belching, sour stomach, heartburn, etc., a few doses of Kodol will relieve you.

If you knew as well as we do how good a preparation Kodol is for indigestion and dyspepsia, it would be unnecessary for us to guarantee a single bottle.

But to get you to know how good it is as well as we know, we practically will purchase the first bottle for you.

You wonder, perhaps, how we can afford to make such an offer—It is because we have absolute confidence in the honesty and fairness of the public.

We know there are thousands of persons who suffer from indigestion and dyspepsia, who would be grateful to us for putting them in touch with Kodol.

That is why.

Furthermore, we know that after you have used Kodol your faith in the preparation will be equal to ours.

This proposition we make is not altogether unselfish, but it is actuated by the knowledge that the use of Kodol by you will benefit you as well as ourselves.

How could we afford to make such an offer to the public, and how could we afford to spend thousands of dollars to tell you about it unless we positively knew and were sure of the merits of Kodol?

We couldn't—it would bankrupt us.

But we know the merits of Kodol and we want you to know.

Use Kodol as directed and it cannot fail to help you.

A small dose is effective and quickly, because Kodol is liquid.

Nature administers her perfect digester in liquid form.

And that is why Kodol is liquid.

The point we make is this:

Kodol is a scientific combination of elements, the loss of which is the cause of indigestion. Kodol makes up the loss.

Please try it to-day at our risk.

It means more than relief. It means that the stomach will do its own work far sooner than you'll expect.

Kodol digests all the food you eat.

Eat what you want and let Kodol digest it.

You don't have to take Kodol all the time.

You take it only when you need it.

Our Guarantee

Get a dollar bottle of Kodol, and do it today. Don't delay. And if you can honestly say that you did not receive any benefits from it after you have used the entire bottle, the druggist will refund your money to you without question or delay. We will pay the druggist the price of the bottle purchased by you.

Don't hesitate.

Any druggist will give you Kodol on these terms, because he knows our guarantee is good.

The $1.00 bottle contains 2½ times as much as the 50c bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

DAKOTA BRIEFS

Grand Forks, N. D.—The Overly Tribune will be among the new papers in North Dakota, the first issue to be printed very soon according to Peter Scott of that city, who was in Grand Forks Monday to attend the Taft celebration.

Bottineau, N. D.—The two propositions voted on at the special election held in the three wards of the city failed to carry and other improvements will not be available.

Sioux Falls, S. D.—After having at a special election last year defeated the Galveston plan of city government, the voters of Sioux Falls, at another special election held Tuesday reversed themselves and by a good majority voted in favor of governing Sioux Falls by the Galveston method.

Grand Forks, N. D.—Trace has been secured of the men who are supposed to have been implicated in the robbery of the Palmer jewelry store. It is believed that there were three men in the gang, one fellow purchasing three tickets for Fargo at the local Great Northern depot, yesterday morning shortly before the departure of the Oriental Limited, No. 2.

Bismarck, N. D.—J. G. Casper of Washburn, accompanied by his four sisters, arrived in Bismarck Monday night from New Rockford with the body of their mother who died at New Rockford, where she has been living during late years. The body was interred Tuesday morning at 10 o'clock in the Catholic cemetery.

Fargo, N. D.—Elvin Wick, aged 22 years, was brought in from Minot Tuesday to answer to a charge of burglary. Wick, who was formerly employed as a delivery man for Stewart Bros., is charged with breaking into their place of business through the back door and robbing the place.

Grand Forks, N. D.—W. S. Sykes, traveling auditor of the Great Northern, with headquarters in this city, has just returned from England, having spent most of his two months' stay in London.

Fargo, N. D.—A painful accident occurred at the site of the concrete machine, part of the paving plant near Fifth street and Second street north, Sunday evening, when Fernann Kennedy, 9 years of age, had one of his arms broken in three places and badly mangled besides.

Minot, N. D.—There will be a term of Federal court held at Minot by Judge Amidon on Oct. 13. The list of jurors to serve at this term of court are placed in the hands of United States Marshal James Shea, and they are being notified as fast as possible.

Grand Forks, N. D.—Transcript for judgment against the Press Publishing company, formerly in existence in Grand Forks, was filed in Cass county by the Wright, Barrett & Stilwell Paper Company of St. Paul. The amount of the judgment is $502.82.

PILES CURED QUICK

Read What a Sufferer of Forty-Five Years' Says of Pyramid Pile Cure.

Trial Package Sent By Mail, Free.

"I have had the piles since 1863, have tried different ointments and went so far as to have an operation and yet they came back again. After using your remedy I feel better than I have for twenty years." Richard Worthington, Galesburg, Ill.

Think of the joy he must feel after a lifetime of suffering. This same style of letter comes to us every day. At druggists sell Pyramid Pile Cure, fifty cents per box, or send us fifty cents and we will send you a package in plain wrapper by mail, or if you want to prove its value and will send us your name and address, we wil send you a trial package by mail free in plain, unmarked wrapper. Address Pyramid Drug Co., 161 Pyramid Bldg. Marshall, Mich.

Danderine

GROWS HAIR
and we can
PROVE IT!

A lady from Minnesota writes:
"As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, **the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.**

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and $1.00 per bottle.

Cut This Out

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

Old Testament Studies

SUNDAY SCHOOL LESSON: OCT. 4. 2 Samuel, 6:1-12: David Brings the Ark to Jerusalem.

By Rev. J. S. Kirtley, D. D.

THE CONNECTION.

All the tribes of Israel were vassals to the Philistines, till now. But now that David is strong enough to unite his own people under him, he alarms the Philistines, who try to retain their sway, but are defeated in two fierce fights and driven out of the country. Then David moved his capital to a point nearer the center of his country, almost impregnable to enemies—the mountain top which afterward became the center of the city of Jerusalem. This was the "Salem" where Melchisedek lived in the time of Abraham. Here the Jebusites had had a fortress for years and still defied Israel. David captured the citadel, established his residence there, and soon made it the civil, social and religious center of the nation.

Then he resolved to bring the ark there. The ark used to be kept in the rear room of the tabernacle, but the latter was at Nob and the ark had been at Kirjath-Jearim for seventy years. Eli's sons, after suffering defeat by the Philistines, had, in desperation sent the ark out in the front of the battle, thinking that God would protect it, and on that account give the people victory. But it was captured and soon left in the house of Abinadab, where it remained for seventy years.

The ark was a little chest of chittim wood, containing the two tables of the law, the golden pot of memorial manna and Aaron's rod that budded. It was overlaid with gold, which constituted the mercy seat on which the blood of sacrifice was to be sprinkled by the high priest once every year, while over it stood the cherubim, symbols of God's presence. David felt the need of religious culture and wanted all the aid possible.

THE LESSON.

How the Ark was Recovered—1-5.

"And David gathered together all the chosen men of Israel, 30,000. And David arose, and went with all the people that were with him, from Baale-Judah, to bring up from thence the ark of God, which is called by the name even the name of Jehovah of hosts that sitteth above the cherubim. And they set the ark of God upon a new cart and brought it out of the house of Abinadab, which was in the hill, with the ark of God; and Ahio went before the ark. And David and all the house of Israel played before Jehovah with all manner of instruments made of firwood and with harps, and with psalteries, and with timbrels, and with castanets, and with cymbals."

We note the greatness of the event. It was a national, not a tribal or local, event. Therefore David gathered together the chosen men of all Israel. All the tribes were represented. It was an event of a high moral character, for they had the "chosen men." It was great in the size of the crowds—"thirty thousand." It was a religious event, and was designed to unify the nation. Worship of God draws men together. So does work at a common task. David was gratifying his deep religious nature, and at the same time was showing far-sighted statesmanship. David was one of the people of that day, as he joined in all the abounding joy and good will of the occasion. King and peasant mingled in informal fellowship, to the credit and the benefit of both.

The place is mentioned—Baale-Judah, indicating Kirjath-Jearim, a town about eleven miles west of Jerusalem, where Abinadab lived. It had been lost sight of for years, and David learned its whereabouts only after diligent search. In mentioning the ark, our writer says it was called by the name of Jehovah. The most important things were the cherubims, for they were supposed to represent God. Being most important, they gave their name to the whole ark, the name of God. God was supposed to sit between the cherubim as an abiding presence, and they pronounced His sacred name in speaking of the ark. David first did this. Then others did. They were engaged in a task fraught with great moment, bringing up this chest of wood containing such treasures and supporting such symbols. In Psalm 132 we are told "he found it in the field of the wood," neglected and hidden.

2. Notice their method of handling it. In Numbers 4 there were instructions that the priests shall cover it, and the "sons of Kohath" shall carry it, but not touch it "lest they die." Somebody blundered in not knowing or in not being particular about it. God was merciful to their heedlessness or ignorance and saw that David and the people had a good spirit, even if Ahio and Uzzah had grown so used to seeing it lying about like old rubbish, that they handled it without reverence.

Instead of bringing it on a cart, the "sons of Kohath" should have carried it. But they probably remembered that it had come from the Philistines on a cart, and it might have seemed a sacred way. And they showed some reverence by using a new cart, and God seems to have accepted the will for the deed. If they are careful, all may be well; if not, there is danger ahead. Ahio went before and Uzzah behind. They were descendants of Abinadab, and were entirely secular in spirit. To them the ark was a wooden chest, and it was nothing more.

3. The procession was a joyful one. All these words mean that they had musicians with their instruments, as a procession with us would have a band of music. Probably they massed them and had them at the head. They had all the kinds of instruments, and they all sang. But suddenly something happens.

II

The Tragedy on the Way. 6-10.

"And when they came up to the threshing-floor of Nacon, Uzzah put forth his hand to the ark of God, and took hold of it; for the oxen stumbled. And the anger of Jehovah was kindled against Uzzah; and God smote him there for his error; and there he died by the ark of God. And David was displeased, because Jehovah had broken forth upon Uzzah; and he called that place Perez-Uzzah, unto this day. And David was afraid of Jehovah that day, and he said, 'How shall the ark of Jehovah come unto me?' So David would not remove the ark of Jehovah unto him into the city of David; but David carried it aside into the house of Obed-edom, the Gittite."

The man walking behind the ark suddenly dropped dead. God took his life. It might have been by a lightning stroke or by a sudden freezing of the blood in the veins—we know not now. But he died at the hand of God as a punishment for sin. The deed in which he showed that sin was in touching the ark. The oxen stepped up the bank of earth on which Nacon had made a level threshing-floor, and the ark turned, so that the ark seemed about to fall off, and Uzzah touched it to steady it. That brought forth God's anger. Had others, touched it? Yes, but they were reverent, and God had forgiven, though not commended them. Had not Uzzah touched it before? Almost certainly. But then, only as a servant of those who had it in charge. Now he touches it on his own account, and it was voluntary, willful sacrilege. For that he was punished. He was made an example. Such just punishment was of more value than any amount of mercy.

The effect of this on all was salutary. It had a good effect on David. He was displeased at the spoiling of his plans, and fearful of its effect on the people. He was also displeased with himself, no doubt. He was soon filled with a wholesome fear of God. At first he might have been vexed with God, and on the impulse stigmatized the whole occasion by calling the place Perez-Uzzah, "breach of Uzzah." Then as fear came into his heart, he felt that the ark could never come to him. It appears he would have dropped it there, for the procession had halted, the music had ceased, and their faces were blanched with fear. But he thought it would be wrong to leave it there, and he carried it to the home of a foreigner, a Gittite, who had become a member of Israel. Perhaps he thought God would deal gently with an ignorant heathen.

III.

Finally Brought to the City. 11,12.

"And the ark of Jehovah remained in the house of Obed-edom, the Gittite, three months; and Jehovah blessed Obed-edom and all his house.

"And it was told King David, saying, 'Jehovah hath blessed the house of Obed-edom, and all that pertaineth unto him, because of the ark of God.' And David went and brought up the ark of God from the house of Obed-edom into the city of David with joy."

It was borne according to the law this time. David was encouraged to do so by the blessing it had brought to the home of Obed-edom, as he reverently cherished the symbolic mechanism. Their joy this time was soberer and purer, and it had no interruption. The music was accompanied by dancing about in high delight. David had prepared a tent for it on Mount Zion, and when it was put in its place, the people went to their homes with his benediction and with a conviction that they were a united, strong nation at last.

WHAT THE MASTER SAY.

David had the sense of something missing. A capital, a house, and a united people were not sufficient. God must be in the center of all to consecrate and to bless. What was missing had been really lost for three generations. The ark had to be found. A beautiful home with all that refinement can give is not sufficient unless there is a prayer-room somewhere in the house.—J. R. Brown.

A rose will fill a room with perfume, and a canary will fill it with song, whether the inmates smell and listen or not; but you may lay a Bible on a sitting room table, or hang the motto "God bless our home" on the walls, and leave them there for a generation, and they will affect you as little as the figures of the carpet, unless you put forth some effort to get the good out of them. And so, if God blessed Obed-edom and his household, it was because they appreciated the ark, and reverenced it, and made use of it.—Goss.

POINTS TO IMPRESS.

1. That the deepest need of men and nations is religion.
2. That the most profitable investments are the religions.
3. That exact obedience to God is our safety.
4. That punishment for sins is best for all.
5. That a renaissance of reverence is needed.
6. That a man's worth is shown in his worship.
7. That God's presence in the home is its preservation.

GOVERNOR HASKELL SAYS ROOSEVELT TOOK BRIBE; $260,000 FOR CAMPAIGN

Oklahoman Challenges President to Have Him Tried in Court---Attacks Secretary Cortelyou.

Guthrie, Ok., Oct. 1.—Renewing his attack upon President Roosevelt, Governor Haskell gives out another statement of which the following is part:

"You have clearly demonstrated by hearsay document, and vacillating from one charge to another, by admitting that various of your charges were without information, and therefore abandoned and yet without displaying the manhood to apologize for the former untruthful statement, you seek another issue. It leads me to assert that I shall seek justice against you not subject to your domination. Frankly speaking, I could have arrived at no other conclusion than that you in your recklessness and partisanship, and disregarding the rights of others, would pick a court or fix a jury.

"Your attack upon me finally rested upon my conduct on the Prairie Oil & Gas company, in this state. I have said that you were responsible for granting a franchise before statehood, thereby creating vested rights. You seek to evade the issue and create wrong impressions. You said the interior department had no power except crossing an Indian reservation. You would have your readers believe that Indian Territory was then conducting its own government and that only parts of the same were Indian reservations. Mr. Roosevelt, you know it is not true, you know all the land was Indian land without county, township or territorial government. What a halo of integrity surrounded you last week, which like the mist, has faded away, and the interior department holds the record which convicts you.

Franchise; $260,000.

"You granted the franchise at the solicitation of Senator Depew and a few days thereafter received $260,000 in cash for your campaign fund.

"You charged me with having attempted to bribe the attorney general of Ohio. That was presumably nine years ago. Charles P. Taft says through his paper that no evidence was ever produced that would convict me of the charge.

"In touching on the State university question, you pretended to quote from the Outlook magazine, but how dishonestly you enlarged on the magazine article. That article charged me with substituting Democratic for Republican professors for political purposes. I have shown that statement to be false, but I charge you with trying to enlarge on that magazine article and give the world the impression that we were improperly using the money of the state.

"Your charge that I vetoed a child labor law you have not apologized for, notwithstanding that you knew that I did it with the approval of union labor, and that our state constitution, which you said was 'so bad your opinion of it would not look well in print,' contains more detail and child labor legislation than all you have recommended to the New York legislature as governor, to the congress of the United States as president, and that I had approved fourteen acts of our legislature passed at the solicitation of union labor.

Without Apology.

"You said in your first statement that I had suits brought against me to recover title to Creek Indian lands. I overwhelmed you on that statement. Adopting your usual policy, you flee from that statement without just apology and adopt the statement now that it was government townsite lots that you charged me with being sued for.

"Yes, I believe I am a defendant as to certain government townsite lots in one of nearly 11,000 sites that you have had brought against as many defendants, honorable and high-minded citizens of this state during the presidential campaign year, and you will not undertake to deny that petty politics for the purpose of Republicanizing about 20,000 Indian voters, was your sole motive for having those suits brought; and I charge you with knowing that there has been no delay in these cases, except that occasioned by the court by its deliberations taken by himself, as time he deemed necessary to consider whether or not there is any merit in the petition filed by your attorney.

"You say that on that land question you will see that I get a hearing in court. Yes, sir, I will come to your hearing. Call to your assistance all the power that your high office commands, present your case in any form you like. I am ready to meet it and before its conclusion the people of America will be disgusted that they ever elected you president of the United States.

Part of the Trace.

"Your reference to the case of the Illinois Steel company in the name of their office boy, Charles Loder, is a contemptible effort on your part to tell part of the facts only, where the whole truth would spoil the story. You come down to a trifling matter at Muskogee and say that a firm of lawyers have sued me for $500 fee and obtained judgement.

"It is possible, Mr. Roosevelt, that there is nothing too trifling for you to refer to, when driven from your untruthful position on matters of real consequence, and even here you show the impossibility of your telling the truth. There is no such judgment, and I am convinced you knew you were repeating a false statement when you said so.

"Morally, you challenge, Mr. Roosevelt. I should not undertake to make a comparison between you and me. I do not get drunk on any occasion, and never did in my life, but I still have your letter of last winter, which I shall be glad to publish with your permission, advocating your idea of interstate commerce in whisky into prohibition territory. It was your answer to my appeal for assistance and would freeze the heart of any honest public official seeking to administer the laws of his state as the people by their votes had made the law.

The Morton Scandal.

"You criticise my directing the dismissal of the suit against the Prairie Oil & Gas company, which could not have been successfully maintained by the state. Tell me, please what your reason was for directing the dismissal of the suit against the Atchison, Topeka & Santa Fe railroad being prosecuted by Judson Harmon, special counsel, when the facts disclose that a member of your cabinet (Paul Morton) was being uncovered as the prime offender.

"Answer this, will you?

"Tell me, Mr. Roosevelt, if you were a friend of the Delaware Indians, why you approved the leases for an immense area of Indian lands after Secretary Hitchcock had refused to do so, and what explanation have you to make of this oil lease proposition and its relation to the Standard Oil company?

"Mr. Roosevelt, you cry out for purity. You say you did not four years ago know that the corporations were contributing to your election until the testimony of two years ago disclosed the bargains between Mr. Cortelyou and the corrupt interests of Wall street. You have known that fact for two years and Mr. Cortelyou is still a member of your cabinet.

"Now, Mr. Roosevelt, while you are reflecting on this question, will you justify yourself in giving faith or credit to any statement that has come to you from your political associate, Mr. Hearst, whom two years ago you branded as the man chiefly responsible for the assassination of our late president.

OF UNTOLD VALUE.

The Information Contained in This Citizen's Statement Is Priceless.

The hale, the hearty, the strong can afford to toss this paper to one side impatiently when they read the following, but any sufferer in Duluth, who has suffered hours of torture caused by kidney complaint, will stand in his own light if he does not follow the valuable advice offered here.

Mrs. M. McGillivray of 1328 Superior street, Duluth, Minn., says: "As I told in my former statement, I was troubled with my kidneys a good deal for a year or two, and had heavy, dull pains through my loins. My back tired easily, especially if I reclined or sat long in one position. In the morning I felt tired and worn out. The kidney secretions were unnatural, and I was troubled with persistent headaches. I was advised to try Doan's Kidney Pills, procured at the Duluth Drug Company's store, and began to use the preparation. I received wonderful benefit from this remedy. It imparted strength to different organs, and banished the backaches and headaches. I am glad to reindorse such a valuable remedy for backache and kidney trouble."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Gotzian Shoe

"Fits like your footprint"

"Oh yes, it's quite true that she left him. What else could you think she would do?
You remember before she was married no woman dressed better than Sue.
Well---She couldn't stand his blind folly---(And no one could blame her, would you?)
He tried to insist that she must exist without THE GOTZIAN SHOE."

MADE IN ST. PAUL, MINN. BY C. GOTZIAN & CO. SINCE 1855

NATURE AS CURE FOR CONSUMPTION

Woman Tells Tuberculosis Congress Home Gardens Are Helpful.

Washington, Oct. 1.—Speaking before the tuberculosis congress, Mrs. Henry Parsons of New York, in an address on "The Value of Children's Gardens, in Congested Districts, to Children With a Tendency Toward Tuberculosis," thus summarized the values of such gardens:

Value of such an attractive open-air space near the home.

Value of its gentle activities.

Value of the watching of living green things and insect life in keeping little sufferers' minds off of their pain.

Value of a beautiful picture left in their mind to be thought of in the dismal hours of pain at home.

Such gardens, conveniently located throughout the city, would accommodate thousands of such children for six or eight months in the year, year after year—in comparison with the few that can be sent to the seashore, mountain or sanitoriums for short stays.

The possibility of teaching hygiene, within the children's comprehension, by simple experiments with plants in their own plots which will lead them to see why fresh air, cleanliness and sunshine are absolutely neecssary to life and vigor and which will lead them to demand such surroundings in their own homes.

WILL GET DIPLOMAS.

Fifty-Seven Boys Showed Proficiency in Bible Study.

In the recent Bible study examinations conducted by the international committee of the Young Mens' Christian association, the Duluth Boys' department won the seventh place in the roll of honor for the North American association, having won fifty-seven diplomas. The diplomas have arrived, have been framed and will be presented Sunday afternoon. The Bible classes for this season will open Monday, Oct. 12. The following are the successful students:

Course in the Life of Christ—Charne-Harold Tufty, Bert Whiteside, Harry Anderson, Otta Olson, Chester Wright, Walter Wilander, Harry Weston, Ralph Waldron, Russell McLean, Nat. McConaughy, Bertch Moye, George MaCaskill, Dwight McConaughy, A. Guthrie, Douglas Coe, Clarence Gilbert, Frank T. Downing, Everett Butchart, Mortimer Bondy, Wellington Cook, Clifford Broad, John Batey, Edwin Johnson, Raymond Larson, Thornton McLean, Theodore Broman.

Travels of Paul course—Archie Glass, George Hutchings, Roy Johnson, John Hurdon, Norman Johnson, Edward Nolte, Laurence Jaques, Dwight Larrowe, Frank Whipple, Kenneth Harris, Rex St. Clair, Lyman Taylor, Ledru Bevis, Ed. Quigley, N. D. McLeod, Dean Davis, William Eklund, John Clark, Gilbert Bates.

Men of the Bible course—Morrison Harris, Palmer, Bevis, David Wanless, Alf Teppen, Griffith McConaughy, Ludwig Melander, Harvard Rockwell.

The Age of Progress.

We live in an age of progress. "Former things" have literally "passed away," and instead of meekly submitting to calamities, as messengers sent from above to chasten us, we have learned to look about for a reasonable cause of the trouble, and stamp it out. For instance, people who are troubled with indigestion take a glass of golden grain belt beer before each meal, which enables them to eat the things they like and eventually effects a cure. Order of your nearest dealer, or be supplied by Duluth branch Minneapolis Brewing Company.

COMMITTEE COMPLIES.

Commercial Club Will Investigate Street Paving With Council.

The public affairs committee of the Commercial club will comply with the request of the city council, that a joint investigation be made of the pavements of the city by a council committee and a committee from the Commercial club, and suggests that the public affairs committee will be ready for the investigation at the pleasure of the council committee.

The request for the investigation came as a result of the charges of the public affairs sub-committee against the condition of the city streets. The two committees, according to the present plans, will make a thorough inspection of the streets, in an endeavor to suggest some improvements that can be made.

HEADQUARTERS SELECTED.

Republican and Democratic County Committees Secure Rooms.

Headquarters for both the Republican and the Democratic county organizations have been selected. The Republican county committee has selected rooms at 214 Manhattan building, and the Democratic committee will hold forth during the campaign at Rooms 109 and 110 Lenox hotel.

W. E. Culkin, chairman of the Republican county committee, left for St. Paul today to arrange for speakers and other matters pertaining to the campaign in St. Louis county.

Both committees will plunge actively into the campaign.

CHIPPEWAS CELEBRATE.

Fifty-Fourth Anniversary of Treaty With United States.

Odonah, Wis., Oct. 1.—(Special to The Herald.)—The fifty-fourth anniversary of the signing of the treaty with the United States government was celebrated by the Indians on the Bad River reservation yesetrday. The exercises began with a parade here at 10 a. m., in which the braves paraded in full Indian costume.

Speeches were made by James Blackbird and Moses White, and these were followed by a feast gotten up in the old, original Indian way. After the feast a pow wow of the tribe took place and the younger braves indulged in a game of la crosse, the Indians of Red Cliff and Odanah being pitted against each other. A squaw dance was another feature of the celebration. A number of Chippewas form the different reservations in Northern Wisconsin attended the celebration.

"BABY MINE"

Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread. **Mother's Friend** is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold," says many who have used it. $1.00 per bottle at drug stores. Book of value to all expectant mothers mailed free.

READY FOR THE WINTER

Y. M. C. A. Getting Very Active in All Departments.

Now that the weather is growing colder great activity is manifested in all branches of the Y. M. C. A. work.

The regular Sunday afternoon meetings for men will begin again next Sunday, and will be continued throughout the winter. The metings held in the Lyceum two years ago, and which proved so popular among men at that time may be started again this year. The association regretted very much that last winter they were unable to get the Lyceum on account of its being used by the Mack-Leone people.

When the Sunday performances were tabooed by the owner, it was too late to begin the meetings. For the present however, the services will be held in the assembly room in the new building, and later they may be transferred to the theater.

Rev. M. S. Rice of the First Methodist church will speak Sunday, and an effort will be made to have a different speaker at each meeting. If the Lyceum is secured, outside men prominent in public life will be brought here. Paul Gilbert will sing and the services will be more than up to the old time standard.

The work being done by Rev. J. A. McGaughey in the shops of the Clyde Iron Works, car barns, ore docks, and Scott-Graff mill, is meeting with much success and the men look forward to the short services at the noon hour with a good deal of pleasure.

The gymnasium classes are being formed as fast as the men can be examined, students are enrolling for the night school work, religious meetings are being planned, the membership committee is at work filling new applications, and in fact the whole building is buzzing with activity.

The coming winter will be by far the most successful season in the history of the educational department. Monday and Tuesday night the opening of the winter classes occurred, and more than 100 pupils enrolled. This number will be greatly augumented a little later on. It is still rather early in the season for many who desire to take up work in the night study classes.

The Duluth institution has one of the most complete educational departments of the kind in the entire West. A great variety of work is taken up, and the student many choose almost any subject and find competent teachers to guide him at the Y. M. C. A. Night school is conducted every day in the week, with the exception of Sunday.

A popular department is that of shorthand and typewriting, and bookkeeping and penmanship. Other things taught are business law, business arithmetic, business English, architectural and mechanical drawing, free hand drawing and designing, English for foreign speaking men and boys, cartooning, telegraphy, special classes in sheet metal drafting, electric wiring, etc. Almost every conceivable subject is covered. Public speaking, debates and mechanics also come in for attention.

There are twenty-four teachers in the faculty, and the educational department takes up the entire second floor of the new building at the corner of Third avenue west and Second street. University chairs are provided for the students, and there are blackboards, teacher's desks, and everything in the line of equipment that usually is found in a first class school room.

FORTY-EIGHT BAD TRUSTS PUNISHED

Washington, Oct. 1.—Replying to yesterday's request of Chairman Daniels of the national Democratic press committee for information as to how many anti-trust cases have been commenced and how many more he intended bringing, the president directed that the compilation be made at once, and it was given out by Attorney General Bonaparte as follows:

Under President Roosevelt's administration to date it is shown that there were 157 indictments, forty-eight convictions, two acquittals, nine nol-prossed, five demurrers sustained, four dismissed, one quashed and thirty-eight pending; the amount of fines imposed was $1,113,325. Following are the details of the results of the 157 criminal indictments:

Fifty-seven indictments for giving rebates; twenty convictions, fines imposed aggregating $314,675; one nol-prossed, one acquittal, one dismissed, one quashed, two demurrers sustained, thirty-one pending.

Sixty-eight indictments for granting rebates:

Eighteen convictions, fines imposed aggregating $743,000; two dismissed, seven nol-prossed; one demurrer sustained; forty pending.

Six indictments for conspiring to obtain rebates:

Four convictions; one case, two defendants fined $1,025 each; one case, defendants fined $25,000; one case, one defendant fined $7,000, the other $4,000; one case, two defendants fined $1,000 each; total fines imposed $40,500; one nol-prossed; one acquittal.

One indictment for conspiring to grant rebates:

Demurrer filed and sustained. Two indictments for failure to file schedules:

Conviction, fined $15,000; one pending.

Twelve indictments for charging less than filed rates:

Twelve pending.

One indictment for discriminating in distribution of cars:

Demurrer filed and sustained.

One indictment charging conspiracy to violate interstate commerce laws:

Dismissed.

Four indictments for false billing:

Three convictions, fines aggregating $400, one pending.

Three indictments for misuse of free pass:

Two convictions, fines imposed aggregating $200, one pending.

One indictment for departure from published tariff:

One pending.

One indictment for conspiring to procure transportation:

One pending.

SPORTING NEWS OF THE DAY

BASEBALL

CHICAGO DROPS TO THIRD PLACE

Giants Take Firm Grip on First Place in Race.

National League.

Standing.

	Won.	Lost.	Pct.
New York	93	53	.637
Pittsburg	95	55	.633
Chicago	94	55	.631
Philadelphia	78	58	.573
Cincinnati	72	78	.480
Boston	63	85	.426
Brooklyn	49	98	.333
St. Louis	49	101	.328

New York won from Philadelphia, Chicago lost to Cincinnati, Pittsubrg won from St. Louis, and everything in the percentage column looks different this morning. New York leads with a percentage of .637, Pittsburg is next with .633, and the Cubs are in third place with .631.

It begins to look as though Chance's men were out of it. There are only a few more games to play, and in order to win the flag the Cubs would have to win every remaining game. The Giants have more games to play, and they could afford to lose two games and still have a firm hold on the race.

The faith of the ball fans down in Chicago is not shaken in the least over the defeat of their team at the hands of Cincinnati yesterday, however, and they still have all the hope in the world of the Cubs pulling out of their tight hole and landing in first place.

Lobert Wins for Reds.

Cincinnati, Oct. 1.—A ninth-inning rally won Wednesday's game for Cincinnati, Lobert driving in two runs that decided the game after two men were out and the basses full. Dubuc's wildness gave Chicago the lead early in the game. Score:

Struck out—By Dubuc, 3; by Overall, 12. Hit by pitcher—by Dubuc, 1. Passed ball—McLean. Time of game—1:45. Umpires—Rigler and Owens.

New York Fans Jubilant.

New York, Oct. 1.—With the local Nationals back in first place, the New York fans are jubilant. Wednesday's game, the last of the home series with Philadelphia, was won by McGraw's men, but once the visitors appeared dangerously near winning. A fast double play robbed them of a run in the seventh, when Ames interrupted Donlin's throw to the plate and sent it to second, where Bridwell caught Shearn going to second, and shot the ball to the plate in time to head off Magee. Doolin's double, Moore's single and McCormick's fumble gave Philadelphia a tally in the eighth.

The home team got both runs in the opening inning on a base on balls, bad throws by Moore and Shean and a timely single by Devlin. The teams left last night for Philadelphia, where they will play a double headed today. Score:

Pittsburg 7; St. Louis 5.

Pittsburg, Oct. 1.—The Pittsburgs yesterday won an uphill game from St. Louis, the score at one time being 5 to 0 against them. At the finish the score was 7 to 5 in favor of Pittsburg. Darling base running and opportune hitting won for the locals. Each team used two pitchers. Arrangements were made yesterday for Pittsburg and St. Louis to play a doubel header on Friday in St. Louis.

UMPIRE'S ASSAILANT TO BE ARRESTED.

Chicago, Sept. 30.—John Kerin, an umpire of the American league, today swore out a warrant charging assault for the arrest of Robert Cantwell, a lawyer who has gained local prominence in the defense of murder cases.

Kerin aroused the wrath of Cantwell by a decision adverse to Chicago in the Boston-Chicago game last Monday. As the umpire was leaving the grounds it is charged that Cantwell, who mingled with the crowd, struck Kering a blow which fractured his nose and rendered him unconscious for a few minutes. He was unable to umpire yesterday's game.

A TEMPERANCE BEER

The Commendable Achievement of a Duluth Brewery.

FOR centuries, beer has been a standard beverage with the best classes of all civilized nations. In this country particularly it has been favored by many of our greatest men including William Penn, Samuel Adams, George Washington, Thomas Jefferson, James Madison and thousands who in later years have distinguished themselves. For more than twenty-five years it has been the aim of the Fitger Brewing Co. to create a beer containing all the virtues of the old time brew, and at the same time decrease the percentage of alcohol contained. The fact that Fitger's Beer contains only 3½ per cent alcohol, a smaller quantity than is contained in most patent medicines and just enough to aid digestion, is proof of this company's successful efforts. Thousands drink it in their homes and find in its tonic and food qualities a really beneficial beverage—a food and medicine combined. To the nervous and weak or to those whose tissues have been wasted through sickness it affords the proper elements to build up and strengthen the system as well as give delicious refreshment.

Try it in your home.

JOHN QUINCY ADAMS said:—

"Forget not the rights of personal freedom Seek not to enforce upon your brother, by legislative enactment, that virtue which he can possess only by the energy of his own will."

Boston	70	76	.479
Philadelphia	67	78	.462
Washington	61	82	.429
New York	48	97	.331

Detroit and Cleveland are still winning in the American, and the team from Chicago is pushing both leaders hard. Detroit leads the bunch with a percentage of .588, Cleveland is next with .584, and Chicago is coming along in third place with a noise like .574.

Wednesday Detroit made it four straight over the Washington club, and Cleveland made it three straight from Philadelphia.

With only a game and a half between the leaders, and both teams playing the best kind of ball, the contest gets warmer as the days for the close of 1908 baseball draw near.

Detroit 7; Washington 5.

Detroit, Mich., Oct. 1.—Detroit made it four straight from Washington by mixing hits with passes and errors in the early innings of the game. Donovan was hit so hard in the sixth that he was retired in favor of Mullin. Score:

Struck out—By Chech, 6; by Schlitzer, 1; by Plater, 2. Passed ball—Lapp. Time of game—1:28. Umpires—Evans and Hurst.

BOAT CLUB IS STILL OPEN

Members Making Most of Last Few Days of Season.

Boat club members are hanging fast to the remaining days of the boating season like grim death, and the season's activities are far from over yet.

The Pike Lake and Oatka branches of the club are closed, although dinner may still be secured at the Kennedy farm at Pike Lake, by the members, but the dances are being continued at the main house, and will be held as long as the weather is at all favorable. The main club house will also be kept open as long as anybody wants to use it.

As announced recently, the Spirit Lake branch will be kept open all winter, and sleighing and snow shoe parties will use it when the boating season ends. The Spirit Lake devotees claim this is the best season of the year at the branch, and its popularity has certainly not dwindled. Week end parties are still numerous. The tennis courts are in first-class condition, and war canoe parties on the river are a popular form of amusement. Arrangements have been made for the launch Minneopa to leave the Fifth avenue dock at 10 o'clock Sunday, for the convenience of members. It is not definitely known whether the river steamers will make a trip Sunday or not, and the launch will run in any event. If the weather is fine, either the Newsboy or the Mascotte will probably make a trip.

HANLON LOSES TO OWEN MORAN

Lightweights Fight 20 Fast Rounds in San Francisco.

San Francisco, Oct. 1.—Owen Moran, the English featherweight, was given the decision over Eddie Hanlon, a lightweight, after twenty rounds of fighting. Despite a parity of eight pounds in favor of the Californian, Moran had the better of the fight from start to finish, and only in one round did Hanlon give the advantage.

Moran started in to make his fight from the tap of the initial gong and kept steadfastly after his opponent until after the contest had terminated. In the very first round he dazed Hanlon with a rapid fusillade of left punches to the face, which he varied with solid rights to the body. Hanlon was no match in cleverness for the shifty Briton and soon realized that his only hope of ultimate victory lay in close range fighting.

Moran, however, kept up a merciless peppering of Hanlon's face. In the seventh round he had the blood flowing in streams from Hanlon's nose.

In the thirteenth round, the only one in which Hanlon had any advantage, the Englishman was caught while in a neutral corner. Hanlon shot a wicked right to the stomach that sent Moran reeling into the middle of the ring. Hanlon followed this advantage with a couple of face smashes. That was as far as he got, for Moran covered up and when the round ended he went smilingly to his corner.

Moran in the succeeding rounds hit Hanlon almost at will. Hanlon's nose was badly cut, his lips spilt and both eyes were all but closed.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial, and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by all druggists.

Steel Trust Buys Stone.

Chicago, Oct. 1.—Stone for the million-dollar breakwater for the United States Steel corporation at Gary, Ind., will be taken from the canal of the sanitary district of Chicago. The steel trust has purchased 350,000 tons of stone at fifteen cents per cubic yard, or at a total cost of $30,000. It is to be transported within two days, on barges, by the way of the canal and Chicago river and Lake Michigan.

TO PROTECT MILL HANDS

John Holmwood Has Patented a New Lath Saw Guard.

He Claims It Will Prevent Operators From Being Injured.

John Holmwood of 5815 Wadena street, has invented and patented a device to protect persons working in a saw mill, from being injured by the circular saws of a lath cutting machine. The papers of patent have recently been received from Washington, through Harry W. Lamers of West Duluth.

Mr. Holmwood has had the idea of such a device in his mind for sometime, but did not decide to work it out and patent it until the personal injury case of Victor L. Jacobson against the Merrill & Ring Lumber company made him realize that there was a pressing call for such a contrivance as he had in mind. The case was on in which Jacobson sued the lumber company for $10,000 for injuries sustained by one of his arms coming in contact with the saw of a lath machine.

The device is in the form of a guard which protects the saw when not cutting laths. When in the act of cutting the teeth of the saw protrude through a narrow slit in the guard which is lowered over it. A machine, which is used to cut off the ends of laths, making them of regulation length, consists of a buck on which the laths to be cut are laid and two saws. This buck is held wit ha lock which is released by the foot, when it is wished to have the laths to come in contact with the saws. It was on this lock or catch that Jacobson is alleged to have tripped failing against the unprotected saw. By Mr. Holmwood's patent, the catch by which the buck is released is at the top of the machine instead of the bottom, and the saws are guarded on either side as described, so that it is impossible for the saw to be reached when the lock is released. These guards in no way interfere with the cutting of the laths. To operate the machine only one movement is required. It also requires only one man to operate it.

REPUBLICANS OPEN CAMPAIGN

Big Rallies Will be Held by West Duluth Club.

The West Duluth Republican club will open its campaign for county officers Saturday evening at the West Duluth Commercial club rooms. Following that meeting there will be big rallies every Saturday night given under the auspices of the club, and at which the candidates will be asked to speak.

At tomorrow night's meeting, W. E. Culkin, chairman of the club, will speak on Governor Johnson's opening address delivered last week. There will also be an address by Mayor R. D. Haven. After the speeches there will be a smoker.

A committee composed of L. A. Sulcove, George J. Mallory and Otto Garvert, has been appointed to secure speakers for the different rallies. Many of the candidates have already been invited and have accepted.

West Duluth Briefs.

The choir of the Westminister Presbyterian church of West Duluth will meet this evesing at the home of Miss Mabel Johnson, 907 Fifty-sixth avenue west.

Hazel Stevens returned from Saginaw, Minn., today.

Otto Galvert of 101 North Fifty-sixth avenue west returned yesterday from a trip on the ranges.

George LeSeur of Chicago, was in West Duluth yesterday.

H. H. Hill of Dennisfield, N. D., is visiting in West Duluth.

The funeral of William Marvin, the 10-months-old son of Mr. and Mrs. William Kuchesbecker of 521 North Central avenue, will take place tomorrow afternoon from the residence. Interment will be at Oneota cemetery.

GAME IS UP IN THE AIR

Minneapolis Central Has Called Off the Duluth Football Contest.

Duluth Management Having Hard Time to Arrange Schedule.

And now the Minneapolis Central refuses to play the Duluth high school team at football. They say they cannot give the locals a date because their schedule is all framed up, and to try to pry open a date would mean that the entire list would have to be gone over. They say they are sorry, that they would like to play Duluth this season, but that at this time it seems impossible.

This, and more, was what the letter said, that was received this morning by Manager Phillips of the Centrals from the manager of the Minneapolis team.

In the first place, a game was arranged with the Minneapolis team some weeks in advance of the opening of the football practice season. Minneapolis a few weeks later wrote that the date was impossible and asked for the twenty-fourth of October. The Duluth schedule was changed about, and Manager Phillips wrote that the date was perfectly satisfactory to the Duluth boys.

Now Central comes back with the statement that they cannot play at all this season. It does seem queer that every other year or so the Minneapolis boys sidestep when they hear that Duluth has a good team. Two years ago when Central had the best team in her history, and defeated everything in the Northwest that would play; Minneapolis Central true to her old tactics, refused to meet the locals. Last year when Duluth had a green bunch, she was willing to play again.

Duluth has offered to play each year with Minneapolis whether she had a good team or not, and it seems as though the Flour City boys would appreciate their sportsmanship enough to give them a game even though their prospects are not what they might be. Duluth has nearly every year given them a trip to this city, and has offered to do so again this year even in view of the fact that Minneapolis owes Duluth several trips.

Manager Phillips of the Duluth team has written them to reconsider the matter and give Duluth a chance if possible, and he has still hope that the management of the Minneapolis school will come around and play fair.

Hay's Hair Health

Never Fails to Restore Gray Hair to its Natural Color and Beauty.

No matter how long it has been gray or faded. Promotes a luxuriant growth of healthy hair. Stops its falling out, **and positively removes Dandruff.** Keeps hair soft and glossy. Refuse all substitutes. 2½ times as much in $1.00 as 50c. size. **Is Not a Dye.**

MANY SHOOT PARTRIDGE.

Opening of Bird Season Finds Many Duluthians in the Woods.

Today the season for partridge, quail, ruffed grouse, pheasant and the smaller birds opens in Minnesota.

The game this year is supposed to be very plentiful, and a large number of hunters left last evening and this morning to be early on the ground.

The lines of the Great Northern and Northern Pacific roads seem to be the objective points of most of the hunters, and for the most part they are keeping away from the burned-over districts of the range, where this branch of sport thrived in other years.

A party in charge of John Higgelson, an old-time hunter and guide, consisting of about a dozen men from West Duluth, left on the Great Northern this morning for the vicinity of Nickerson, Minn. Ray Higgins of the Kelly-How-Thompson company, with a party of friends, will leave this evening for Brimstone, Minn., where shooting is said to be exceptionally good.

The hardware stores say that the rush for guns, bird shot and so on has been the best this fall in many years.

CONVICTED OF LIGHT OFFENSE

Robert Prindal was convicted by a jury in district court, yesterday afternoon, of assault in the third degree, to which a maximum penalty of ninety days in the county jail is attached. He was charged with kidnaping, but the charge failed to hold, the assault verdict being the result.

Prindal, who is a big, good-natured looking woodsman, claimed that he didn't have any intention of kidnaping the child, whom he was charged with spiriting away. He said he hardly remembered the circumstances, as he was under the influence of liquor at the time. He said he was walking along on the road near the village of Fall Lake, stopped to play with some children, lifted one up on a pile of wood and sat down beside him. He denied all intention of kidnaping or injuring the boy, William Peterson.

Harvey Clapp conducted the defense and Assistant County Attorney W. E. Greene appeared for the state.

This morning Ray Nichols was put on trial on a joint indictment, charging him and Bert Moore with swindling. There is also a separate indictment against Nichols on the same charge. James A Wharton is defending the two young men.

Hydrogen Peroxide 9c.

50c Listerine, 34c; 1 pound 20-Mule Borax, 15c; a 19c bottle witch hazel, 9c, and other toilet necessities cheapest at Gray-Tallant's drug sale.

CANDIDATE FOR PROBATE JUDGE

George F. Davis Will Run as Independent Against Middlecoff.

Judge J. B. Middlecoff, Republican nominee for the office of judge of probate at the county primaries, will likely have an opponent at the November election, though the Democrats placed no candidate in the field at the primary election.

It was announced this morning that George F. Davis, a local attorney, would become an independent candidate for the office. Friends of Mr. Davis has requested him to file as an independent candidate, and he has about made up his mind to make the race.

If Mr. Davis should decide to become an opponent of Judge Middlecoff it would be necessary for him to secure a petition of voters. It is believed that this can be done, since the Democrats have no candidate in the field. Many of the friends of A. E. Pfremmer, the candidate, who was defeated at the primaries will, also, get out and work in the interest of Mr. Davis.

Mr. Davis was a member of the legislature from the Forty-ninth district in 1899. He lives in West Duluth and is well known in local political affairs.

Pinkham's Compound 69c.

Dr. Pierce's Prescription, 69c; Rocky Mountain Tea, 25c; 50c Scott's Emulsion Codliver Oil, 34c; also everything else for less. Gray-Tallant Co.

WILL NOT SUPPORT CANNON.

Younger Man Needed in Speaker's Chair, Says Montana Congressman.

Helena, Mont., Oct. 1.—Congressman Charles N. Pray, who is a candidate for re-election, yesterday announced his opposition to the re-election of Speaker Cannon. He said:

"During the two years I have been in the house I have learned that Mr. Cannon is a good friend of Montana. While I appreciate this, I nevertheless feel it would be better, if the Republicans control the next house, as I believe they will, that a younger man be elected speaker.

"Mr. Cannon has held the office so long, and his age is such that he gives the impression he is not inclined to heed the wishes of the country as a younger, more progressive and a man less set in his ways would."

GREAT TEAM SAYS SHEVLIN

Thomas Shevlin, Jr., ex-captain of the Yale football team, all-American end for three out of his four years at college, all round athlete and present lake country on business. He left for "Tommy" has been up in the Rainy Minneapolis on the afternoon train.

Shevlin, Jr., never forgets football, business man, is at the Spalding today. He has the fever again this fall and will take a jaunt down to New Haven about the first of next month to assist in turning out a championship team at the Elf institution. That's one reason why Yale has so many championship teams, the stars invariably come down every year and help pound football sense into the heads of the young candidates.

"Yale's prospects are great," said the ex-Yale captain. "You know that the prospects at Yale are always good. No matter how many men we lose, there is the old Yale spirit, and it is pretty hard to beat that. It is the system, my boy; it is the system." and here young Mr. Shevlin gave a vigorous thump upon the chest of the interviewer to drive his point home.

"We have the greatest system in the world at Yale. We have Walter Camp, for one thing. You know he is some. Then we have the most enthusiastic alumni in the country. Whenever they are needed, they all flock down to New Haven and help show the boys how it is done. We have a system of coaching that is the result of years of systematic work. It is all system at Yale, and with the Yale pluck and bulldog spirit it is awfully hard to beat the Yale teams.

"I haven't heard much about the candidates, not any more than you have, but I am willing to believe that Yale will win the championship. We've lost lots of good men, but we will get others, and then there is the system.

"So long. I'm a busy guy. You know I am in the lumber business now." And the broad shoulders of the former pride of Yale disappeared through the doors of the hotel.

Irrigation Congress.

Albuquerque, N. M., Oct. 1.—A movement gained headway today among the delegates to the national irrigation congress to put forward Senator Francis G. Newlands of Nevada for president of the next congress. Senator Newland's connection with the reclamation act, and his interest in reclamation work, are put forward as arguments in his behalf.

The old "Three-Flue" system in base burners wastes about a third of the radiating surface. A third of the coal you burn don't give you any heat—it's wasted. Why not buy a heater that radiates heat for every ounce of fuel. We have it.

French & Bassett DULUTH, MINN.

WHEAT IS STRONGER

Light Offerings and Firm Cables Cause Higher Prices.

Flax Goes Up During Fairly Active Session Here.

Duluth Board of Trade, Oct. 1.—Firm cables and light offerings combined to make better prices in the American wheat markets during the session today.

Offerings were particularly light in the Duluth market. Receipts have been lightening during the past few days, the grain diverting to Minneapolis, which market is paying somewhat better prices.

Argentine shipments of wheat this week are estimated at 1,200,000 bushels.

Liverpool closed ⅝d to ¾d higher.

The December option closed ⅞c higher in Duluth, ½c to ⅝c higher in Chicago and Minneapolis, ¾c higher in New York, ⅝c to ½c higher in St. Louis and Kansas City and 1c higher in Winnipeg. The May option closed ⅞c higher in Duluth, ⅝c higher in Chicago and Minneapolis, ¾c to ⅞c higher in New York.

December corn closed ⅞c higher in Chicago, and ½d to ½d higher in Liverpool. December oats closed ½c higher in Chicago.

Bromwhall cabled from Liverpool:

"Wheat—As a result of the steadiness in America yesterday and the firmness of Manitoba offerings, shorts here were nervous and covered, which caused advance of ⅝@¾d at the opening. Later, the market developed some selling pressure, as offerings became large and support quiet, and a ¼ to ⅝d of this advance was lost. Toward midday, support again developed and prices rallied on a better cash demand and continued light cargo arrivals, and at this time the market was steady and from ⅜d to ⅝d higher than Wednesday.

"Corn—Steady at the start and unchanged. Large shorts in October started covering on light arrivals, and the firmness of La Plata cargoes and this option was advanced ¼d. The distant month held unchanged."

Car receipts at Duluth were 546 against 484 last year, and at Minneapolis 809 against 177 last year, making a total for the Northwest of 1355 against 661 last year. Chicago received 56 against 58 last year. Winnipeg received 300 against 141 last year.

Primary receipts of wheat were 2,046,000 bushels, last year, 1,062,000 bushels. Shipments, 895,000 bushels. Clearances last year, 1,075,000 bushels. Clearances of wheat and flour were 1,489,000 bushels.

Primary receipts of corn were 257,000 bushels, last year 971,000 bushels. Shipments, 190,000 bushels, last year, 877,000 bushels. Clearances of corn were 7,400 bushels.

Wheat was only fairly active during the session here. Light offerings were rather quiet. December wheat opened unchanged at $1.01⅛, advanced to $1.01⅝, declined to $1.01½, rallied to $1.02¼, went off to $1.02 and closed at $1.02 bid, a gain of ⅞c over yesterday. May wheat opened ¼c higher at $1.05⅝, advanced to $1.06¼ and closed at $1.06, a gain of ⅞ over yesterday.

Durum wheat closed ⅝c higher and cash spring wheat was selling on a basis of 1c over December for No. 1 Northern.

Flax was fairly active and firm during the session, closing stronger. October flax opened ¼c higher at $1.22, advanced to $1.22½, declined to $1.22¼ and rallied by the close to $1.22½, a gain of ⅜c over yesterday. November flax opened unchanged at $1.22, went to $1.22⅝ and closed there, a gain of ⅜c over yesterday. December flax opened unchanged at $1.20½, advanced to $1.21, declined to $1.20⅜, reacted to $1.21½ and closed at $1.21¼, a gain of ¾c over yesterday.

Oats closed ¼c higher and other grains unchanged.

Following were the closing prices:

Wheat—No. 1 hard on track: $1.03⅛. To arrive: No. 1 Northern, $1.03; No. 2 Northern, $1.00½; December, $1.02; May, $1.06; October, $1.02½; November, $1.02½. Durum on track: No. 1, 92¼c; No. 2, 90¼c; October durum, 91⅜c; November durum, 92c; December durum, 88½c. Flax to arrive, $1.23; flax on track, $1.23; October, $1.22½; November, $1.22⅝; December, $1.21¼; May, $1.26½. Oats to arrive, 47½c; oats on track, 47½c. Rye, 72@73c. Barley, 51@55c.

THE CHICAGO MARKET.

Prices Advanced on Moderate Buying by Commision Houses.

Chicago, Oct. 1.—The wheat market opened dull, with prices a shade lower to a shade higher. Early in the afternoon prices advanced about ⅜c on moderate buying by commission houses. Firm markets at Minneapolis and Duluth and at European grain centers, were the principal bullish factors. The advance at Minneapolis caused considerable comment among local traders, owing to the fact that stocks there have increased 2,000,000 bushels in the last five days. December, after opening at 99¾ to 99⅞c, sold up to $1.00¼. Minneapolis, Duluth and Chicago reported receipts of 1,403 cars, compared with 1,115 cars last week, and 739 cars a year ago.

The market gained additional strength in the last half of the day, December advancing to $1.00⅝. Trade was dull the last hour. The close was firm with prices up ½@⅝c, with December at $1.00⅝.

Commission houses were active bidders for corn, but offerings were light and in consequence the market was firm. Decemher opened a shade lower at 65⅝c and advanced to 66c, the firmness of wheat figuring in the upturn. Local receipts were 143 cars, with 44 of contract grade.

An active shipping demand for cash corn caused a still further advance later in the day, December selling up to 66⅝@⅔c. The October delivery, which opened at 74½c sold up to 77c and retained a greater part of the gain. The close was strong with prices up ¼@⅜c to 1⅜c. October closing at 76⅝c and December at 66½@⅝c.

There was a fairly active trade in oats and the market was firm. Elevator interests, which had been free sellers for the past week, were not taking any apparent part in the trade. December opened ⅛ to ¼@⅜c higher, at 49@49¼c to 49⅜c, and for the time, held within that range. Local receipts were 231 cars.

Provisions were easy on fresh selling of the October products, prices at the opening being 2½c higher to 10c lower. The volume of trading, however, was rather small.

Close—Wheat, October, 99⅜c; December, $1.00⅜; May, $1.03⅜@½; July, 57⅜c. Corn: October, 76⅝c; December, 66½@⅝c; May, 65⅛@¼c; July, 64⅜c. Oats: October, 48¾c; December, 49½@49⅝c; May, 51⅝c; July, 48⅝c. Pork: October, $14.75; December, $14.80; January, $16.75; May, $16.60½. Lard: October, $10.27½; January, $9.77½; May, $9.70; November, $10.32½. Ribs: October, $9.80; January, $8.72½@8.75; May, $8.32½@8.85. Rye: cash, 76½; December, 77¾c; May, 81@¼c. Barley: cash, 56@61½c. Timothy, October, $3.40. Clover: October, $9.25.

Cash wheat, No. 2 red, 99¾@$1.00⅝; No. 3 red, 98¾@$1.00; No. 2 hard, 99¾@$1.00⅞; No. 3 hard, 98¾@$1.00½; No. 1 northern, $10.6@1.07; No. 2 northern, $1.05@1.06; No. 3 spring, 98⅝@$1.05. Corn: No. 2, 78¾c; No. 3, 78@½c. Oats, nothing doing.

THE MINNEAPOLIS MARKET.

Receipt of 809 Cars Bears Heavily Upon Market.

Minneapolis, Oct. 1.—Receipts of 809 cars against 197 last year and an increase of 2,000,000 bushels in local stocks for five days, bore heavily upon the market. But cables weer higher, export inquiry was reported, and cash demand good in all markets. Prices hardened and the market advanced a cent from the opening. Duluth got 546 cars against 484. Winnipeg got 300, compared with 141, and is expected to show big receipts now that the Canadian Pacific is no longer an important effect. Clearances of 1,489,000 bushels for the day held the market up against selling near the end and the close was near the high points. December opened $1.01⅛@⅜; high, $1.02⅝; low, $1.01¼; close, $1.02⅝@½; old December closed $1.02¼. May wheat opened $1.05⅞; high, $1.06⅞; low, $1.05⅞; close, $1.06⅝.

Millers bought wheat at differences about the same as yesterday. No. 1 northern 1⅜c over December; No. 3 December price to ¼c under, and selections fractionally higher. Elevators took what was left. Close: No. 1 northern, spot, $1.04@¼; to arrive, $1.04; No. 2 northern, spot, $1.02@¼; to arrive, $1.02; No. 3 wheat, 99@1.01. No. 3 yelow corn, 74¾c. No. 3 white oats, 46⅞@47⅛c. No. 2 rye, 71⅜@72⅛c.

Barley receipts 99 cars, against 138 last year; shipments 92. Strength in corn and oats made feed barley firmer and ½@1c higher, malting barley sharing the advance in part. Close: 51@57c.

Flax, receipts 68 cars. Buyers were willing to pay 1½c under Duluth October, but would not bid more. Close: $1.20¾.

Millstuff steady, $18@$18.50 for bulk bran.

Flour prices are strong as quoted. The mills are operating on a larger scale and the week's production promises to be the largest for several years. Demand is good, both domestic and foreign. Shipments, 63,514 barrels. First patents, $5.75@$5.90; second patents, $5.60@$5.75; first clears, $4.45@$4.55; second clears, $3.50@$3.60.

DULUTH. GRAIN COMMISSION MINNEAPOLIS.

SEPTEMBER BIG MONTH

Grain Receipts for the Thirty Days Very Large.

The month of September, just passed, was one of the biggest in the history of the Duluth board of trade.

The total of 19,317 cars of all grains for last month is the biggest for any single month in the records of the board of trade, from 1899 up to date, with one exception. That exception was October, 1902, when the total receipts of all cars for the month was 20,202.

Last month's total beats any records for the month of September since the board was organized.

The total car receipts of all grains during the last thirty days, ending yesterday, were 19,317, of which number, 13,961 cars were wheat. Of flax, there were 1,405 cars, 975 cars of oats, 2,721 cars of barley, 249 cars of rye and 6 cars of corn.

The total car receipts, all grains, during September last year were 8,372. October was the biggest month last year, but the total did not come up to September, 1908.

Grain Gossip.

Chicago Record-Herald: Barley men say that the unprecedented rush of grain to market that has been on for the last three weeks, is near an end. Yesterday's arrivals were a little more moderate, but farmers deliveries at stations were very much smaller. In explanation of the firmness shown in barley despite the big run it is claimed by the barley men that their grain is relatively cheaper than at any other feeding grain on the list.

Weather forecast for the grain belt: Illinois—Fair tonight and Friday; warmer Friday and in west and central portion; frost tonight.

Indiana, and Lower Michigan—Fair tonight with frost; Friday fair with rising temperatures.

Missouri—Fair and warmer tonight and Friday.

Upper Michigan—Fair tonight with frost; Friday increasing cloudiness and warmer.

Wisconsin—Fair tonight and probably Friday, with rising temperatures; frost tonight.

Minnesota—Fair and warmer Friday; increasing cloudiness and warmer.

Iowa and Kansas—Fair and warmer tonight and Friday.

North Dakota and South Dakota—Fair and warmer tonight; Friday increasing cloudiness.

Nebraska—Fair and warmer tonight; Friday, increasing cloudiness and warmer.

Liverpool Grain.

Liverpool, Oct. 1.—Close: Wheat—Spot strong; No. 2 red western winter, 7s 10d; futures steady; December, 7s 8½d; March, 7s 6¾d; May, 7s 5¾d. Corn—Spot quiet; American mixed, 7s 3d; futures firm; October, 5s 10¼d; December, 5s 8¾d.

Gains Three More.

John H. Norton made a further gain of three votes in the recount, late this afternoon, through the discovery of an error in the totals in the Fifth precinct of the Seventh ward.

BEVERIDGE WILL SPEAK AT FARGO FRIDAY NIGHT.

Chicago, Oct. 1.—Senator Dlon, at the Republican national headquarters, announces that Senator Beveridge, instead of speaking at Minneapolis tonight, will speak at Fargo, N. D., the Minneapolis speech being eliminated altogether.

DULLNESS IN STOCKS

Market Was Weak Early, But the Tone Grew Stronger.

No Important Change in Final Hour and Close Firm.

New York, Oct. 1.—The scanty opening demand for stocks made the light selling today effective in depressing prices. Central Railroad of New Jersey declined 1¾, Reading and American Smelting 1 and Union Pacific, Canadian Pacific and Amalgamated Copper large fractions. The few scattering gains were shown by minor stocks. Delaware & Hudson and International Pump rose large fractions.

Efforts to recover stocks sold resulted in restoring prices to yesterday's level. Union Pacific was in good demand and established an overnight gain of a large fraction. Business shrunk to normal proportions when the demand waned and there were some recessions. Baltimore & Ohio gained 1 and Distilleries Securities 1¼. International Paper sagged 3 and Norfolk & Western 1.

The market was sluggish and almost dormant. There were advances of a point or more in a few minor stocks. International Paper Preferred sold off 4¾ Consolidated Gas 1½ and National Lead 1¼. Bonds were steady.

There was no inquiry for stocks at prevailing prices, and efforts to sell small amounts depressed the leaders to the lowest. Reading, Union Pacific, St. Paul and Amalgamated Copper were the weakest features. Cleveland, C. C. & St. Louis preferred improved 4¼ and Hide & Leather preferred 2.

The undertone of the market grew firmer. Consolidated Gas made a full recovery and the rest of the list ruled fractionally above the lowest. Colorado & Southern first preferred rose 1½.

The market closed firm and quiet. There was no change of importance in the final hour. Brooklyn Transit advanced 1⅛, Virginia-Carolina Chemical 2 and American Car preferred 4⅜.

New York stock quotations furnished by Fred H. Merritt, 328 West Superior street.

Closing prices are bid.

The Cotton Market.

New York, Oct. 1.—The cotton market opened steady at a decline of 2@5 points in response to easy cables, but steadied on covering promoted by reports that storm warnings had been posted at points on the Florida coast. Buying was by no means aggressive, however, and the market during the middle of the morning was quiet with the active months about 1 to 3 points net lower.

The market was quiet late in the forenoon with prices a shade easier under scattered southern selling and about 3 to 4 points net lower at midday.

Spot quiet; middling uplands, 9.30; middling gulf, 9.55.

Spot closed quiet; middling uplands, $9.30; middling gulf, $9.55; sales, 2,500 bales. Futures closed barely steady. Closing bids: October, $8.89; November, $8.64; December, $8.65; January, $8.51; February, $8.51; March, $8.51; May, $8.52.

Treasury Statement.

Washington, Oct. 1.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve, shows: Available cash balance, $179,052,573; gold coin and bullion, $35,638,399; gold certificates, $36,378,105.

New York Money.

New York, Oct. 1.—Money on call steady, 1½@1¾ per cent; ruling rate, 1¾; closing bid 16; offered at 1½. Time loans very dull and easy; 60 days 2½ and 90 days 3½ six months, 3½. Prime mercantile paper, 4¼@4½ per cent. Sterling exchange steady with actual business in bankers bills at $4.85@$4.85.10 for 60 day bills and at $4.86.30 for demand. Commercial bills, $4.84½@¾. Bar silver, 51⅝. Mexican dollars, 45c. Government bonds steady; railroad bonds steady.

Copper Stock Brokers.

414 WEST SUPERIOR STREET.
102-103 MANHATTAN BLDG.

My own wires to the Copper country. Also connections to Eastern Markets.

SEPTEMBER 30, 1908.

OCTOBER 1, 1908.

Ballaklava firm as a rock at $8.12. All we have to do is to wait until the 1,000- foot level is opened up and you will find out how big a mine the Ballaklava really is. Buy it now, for inside of thirty days, this stock should have doubled in price. This seems a little strong, but we believe the showing on the 1,000 will cause this big advance.

Now then in regard to Butte & Superior. This mine is one of big possibilities. No man on this great earth of ours can say whether or not big deposits of copper ore do or do not exist on the lower levels of this big property. We believe they do and therefore advise the purchase of the shares at this low level. If they open up copper on the big Black Rock vein it should be one of the greatest copper mines in the country. Stock closed $1.00 bid, and is getting stronger every minute.

Mr. A. B. Wolvin will carry this big property through successfully, but it is a big proposition and therefore takes time.

Butte-Montana is fast getting a grip so strong with the investors that the price of shares must steadily advance. We have brought many stocks to your attention, but none that so much money should be made on from so low a level. Butte-Montana owns two mines in fee and does not owe a dollar on either property. Soon Mr. R. H. Kerr will put his own men to work and remember this mine is in shape to ship ore tomorrow. It is without question the best buy on the board for a safe and sure money maker. Ballaklava should sell at $16.00 when the 1,000-foot level is opened and Butte-Montana should sell at $1.50 inside of the next sixty days. Remember on the Butte Hill, outside of Amalgamated, North Butte, Butte Coalition and Clark mines, there are three others, namely the Butte-Ballaklava, Tuolumne and the Alex Scott of the Butte-Montana and every one of them big rich properties. You could not make a mistake on any mine located on Butte Hill. Ballaklava will be a bonanza mine.

Butte-Montana is being taken fast in Pittsburg and Butte, and sales were made in big blocks at 58 cents a share.

We carry stocks on margin. Give us your business.

$7,000 AUTO FOR ACTRESS

New York, Oct. 1.—It developed at the bankruptcy hearing on the affairs of the brokerage firm of A. O. Brown & Co. that A. O. Brown, one of the partners, gave a $7,000 automobile, last March, to a Miss Hopper. The identity of Miss Hopper was not brought out in the questioning of Mr. Brown by Receiver Littlefield, but Edna Wallace Hopper, the actress, later admitted she was the recipient of the machine.

NAME BALANCE OF THE TICKET

Saginaw, Mich., Oct. 1.—The Democratic state convention met here today to nominate a state ticket, below the office of governor, and name fourteen presidential electors, one from each congressional district and two from the state at large. Lawton T. Hemans of Mason was nominated at the recent primary as the party's candidate for governor, but none of the men voted for as lieutenant governor received the necessary 40 per cent of the votes cast for that office, so this nomination remained to be made by the convention. A large attendance of delegates was present, many of whom came to the city last night for the Kern meeting.

Previous to the assembling of the convention, district caucuses were held, at which district presidential electors were selected and a new state central committee was chosen.

State Chairman John T. Winship of this city called the convention to order, and ex-Congressman Alfred Lucking of Detroit was temporary chairman.

NEGRO SHOOTS FUGITIVE.

Man Charged With Robbing Woman Expected to Recover.

St. Paul, Minn., Oct. 1.—(Special to The Herald.)—Michael Crotty, 28, until recently a teamster in the employ of the J. B. Covington Express company, was shot through the chest at 7:30 last evening by Harry Hicks, colored, who, in company with Lester de Roe, also colored, gave chase after Crotty, who snatched a handbag from Mrs. Christina Benson.

It is thought Crotty will recover.

According to the story told the police by witnesses and Hicks, who admits the shooting, Crotty deliberately wrested the handbag from Mrs. Benson and dashed down the street. Hicks, with his wife and de Boe, were en route to the union station and heard Mrs. Benson's cries for help. Both negroes immediately ran after Crotty.

Crotty admitted snatching the woman's handbag and said he was driven to the theft by poverty.

CRUSHED BENEATH CARS.

Ripon, Wis., Oct. 1.—Mrs. Charles Schattschnider, aged 21 years, was killed Tuesday in attempting to pass between the cars of a freight train standing across the street. Her neck was broken and breast crushed. It is said that she was on her way to the court room to attend the trial of a suit in which she was the plaintiff when the accident occurred.

CERTIFICATE OF AMENDMENTS TO ARTICLES OF INCORPORATION OF F. D. DAY AND COMPANY.

State of Minnesota, County of St. Louis —ss.

We, Cassius H. Bagley as President and George Spalding as Secretary of "F. D. Day and Company," hereby certify that, at a special meeting of the stockholders of F. D. Day and Company, at 10 o'clock A. M., September 19th, 1908, and at 315 West Superior Street, Duluth, Minnesota, and which said special meeting had been duly called to meet at said place and time by notice duly given for the expressly stated purpose of amending articles one (1) and four (4) of the Articles of Incorporation of the Company, as follows, to-wit: Amend article one (1) by changing the name of the company from "F. D. Day and Company" to "Bagley and Company." Amend article four (4) of the Articles of Incorporation of the company by making the highest amount of indebtedness or liability to which said corporation shall at any time be subject Thirty Thousand ($30,000) Dollars. The following resolutions were duly adopted, to-wit:

Be it resolved by the stockholders of F. D. Day and Company that Article one (1) of the Articles of Incorporation of this company be and the same is hereby amended so as to read as follows, to-wit:

"ARTICLE I.

"The name of this corporation shall be 'Bagley and Company.' The general nature of its business shall be dealing in jewelry and maintaining a retail store or stores for the conducting and prosecution of said business. The principal place of transacting its business shall be the City of Duluth, in the State of Minnesota."

Be it further resolved by said stockholders, that Article four (4) of said Articles of Incorporation be and the same is hereby amended so as to read as follows, to-wit:

"ARTICLE IV.

"The highest amount of indebtedness or liability to which said corporation shall at any time be subject shall be Thirty Thousand Dollars ($30,000)."

We further certify that all of the stockholders of said company were present in person at said meeting, and said resolutions were adopted by unanimous vote of all the stockholders.

IN TESTIMONY WHEREOF, We have hereunto set our hands and seals respectively as President and Secretary, and caused the Corporate Seal of said Company to be attached hereto this 28th day of September, 1908.

CASSIUS H. BAGLEY, President.
GEORGE SPALDING, Secretary.
(Corporate Seal)

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 29th day of September, A. D. 1908, at 9 o'clock A. M., and was duly recorded in Book Q-3 of Incorporations, page 464.

JULIUS A. SCHMAHL, Secretary of State.

OFFICE OF REGISTER OF DEEDS.
State of Minnesota, County of St. Louis —ss.

I hereby certify that the within instrument was filed in this office for record Sept. 30, 1908, at 12:10 P. M., and was duly recorded in Book 9 of Misc., page 189.

M. C. PALMER, Register of Deeds.
By THOS. CLARK, Deputy.

Duluth Evening Herald—Oct. 1-2, 1908.

SUMMONS IN APPLICATION FOR REGISTRATION OF LAND—
State of Minnesota, County of St. Louis —ss.
District Court, Eleventh Judicial District.
In the matter of the application of Frederick L. Gilbert and Elizabeth B. Gilbert to register the title to the following described real estate situated in St. Louis County, Minnesota, namely:
Lots One (1) and Two (2) in Block Three (3), and all that part or parcel of Jefferson street delineated on the map or plat of Banning & Ray's subdivision of Duluth, now duly vacated, lying within, between and bounded by the center line of said Jefferson street and the Northerly line of Lots One (1) and Two (2) in said Block Three (3), as delineated on said map or plat, and the Westerly side line of Lot Two (2), Block Three (3), and the Easterly side line of Lot Two (2), Block Three (3), both produced to the center line of said Jefferson street;
Also, Lots One (1) and Two (2) in Block Eight (8), and that part or parcel of Jefferson street delineated on the map or plat of Banning & Ray's subdivision of Duluth, now duly vacated, lying within, between and bounded by the center line of said Jefferson street and the Southerly line of Lots One (1) and Two (2) in Block Eight (8), as delineated on said map or plat, and the Westerly side line of Lot One (1), Block Eight (8), and the Easterly side line of Lot Two (2), Block Eight (8), both produced to the center line of said Jefferson street;
Also, that tract of land described as follows: All that part or parcel of Jefferson street delineated on the map or plat of Banning & Ray's subdivision of Duluth, now duly vacated, lying within, between and bounded by the center line of said Jefferson street and the Northerly line of Lot 3, Block 3, as delineated on said map or plat, and the Easterly and Westerly side lines of said Lot Three (3) in Block Three (3), both produced to the center line of said Jefferson street, all of said premises lying and being in Banning & Ray's subdivision of Duluth, according to the plat thereof of record in the office of the Register of Deeds of St. Louis County, Minnesota.
Applicants,
vs.
City of Duluth, Watson B. Millard, Frederick W. Paine, and all other persons or parties unknown, claiming any right, title, estate, lien or interest in the real estate described in the application herein.
Defendants.
The State of Minnesota to the above-named defendants:
You are hereby summoned and required to answer the application of the applicants in the above entitled proceeding, and to file your answer to the said application in the office of the Clerk of said court, in said county, within twenty (20) days after the service of this summons upon you, exclusive of the day of such service, and if you fail to answer the said application within the time aforesaid, the applicants in this proceeding will apply to the court for the relief demanded therein.
Witness, J. P. Johnson, clerk of said court, and the seal thereof, at Duluth, in said county, this 22nd day of September, A. D. 1908.
J. P. JOHNSON, Clerk.
By J. S. MOODY, Deputy.
(Seal of Dist. Ct., St. Louis Co., Minn.)
FRANCIS H. DE GROAT,
Attorney for Applicants,
606 Torrey building, Duluth, Minn.
Duluth Evening Herald—Sept. 24, Oct. 1-8, 1908.

SECOND DEGREE MURDER.

Thomas Williams Convicted of Killing His Wife.

Houghton, Mich., Oct. 1.—(Special to The Herald.)—The jury in the district court here, that heard the evidence in the case against Thomas Williams, of Calumet, who killed his wife last July, returned a verdict of guilty of murder in the second degree. Insanity was the defense.

The criminal calendar for this term has been ended.

MARINE NEWS

WRECKING COMPLETED.

Everything of Value Taken From Hulk of Monarch.

Capt. James Reid of the Reid Wrecking company of Sarnia has finished the wrecking of the steamer Monarch, which was lost two years ago on Isle Royale.

All the wreckage will be taken to Sarnia, including the machinery.

At the time of the disaster to the old boat which had made the port of Duluth for many years, and was in fact one of the oldest on the lakes, she was running at half speed, and putting back to the harbor at Port Arthur for shelter. In raising her engines Capt. Reid discovered that they indicated half speed.

Fleet Overdue.

The Northwester which has been blowing on the lakes for the past few days is holding many boats at the other end of the lakes. There is a large fleet of boats now overdue at Duluth, and many of them are in shelter under Whitefish Point.

Late Tourists.

Capt. and Mrs. F. T. Brown and Mr. and Mrs. F. T. Morford of Buffalo are making the round trip on the Steamer J. J. H. Brown. Capt. Brown is a well known marine man and Mr. Morford is a partner in the Union Steamship company, and prominently identified with the Erie road.

To Lighter the Smith.

Sault Ste. Marie, Mich., Oct. 1.—The lighter Reliance has arrived here to lighter the Lyman C. Smith. She has been at work on the steamer Arthur H. Orr. Capt. Joseph Kidd of Duluth arrived here to inspect the vessel in the interest of the Marine Insurance company. The Smith has been swung to one side of the channel to allow freer passage.

Big Dredge Burned.

Detroit, Mich. Oct. 1.—Twelve men, including two United States government inspectors, had a narrow escape from death when the Dunbar dredge Gladiator, employed on the new Livingstone channel work, caught fire from an overturned lantern and burned at her moorings near the mouth of the Detroit river. The dredge was valued at $100,000.

Another Dunbar dredge was put out of commission in a collision with the big freighter Amazonas, of the Davidson fleet, the vessel itself being somewhat injured.

The Neshoto's Crew.

Sault Ste Marie, Mich., Oct. 1.—The steamer Mayham returned here yesterday afternoon with the crew of the ill-fater steamer Neshoto. They will remain here until taken by the first down bound Gilchrist Transportation boat for Cleveland. The Mayham resumed her trip to Ashland. All speak highly of the courteous treatment of the life saving crew at Crisp Point station, where they were forced to stay until assistance arrived. The loss on the vessel and her cargo of 2,000 tons of iron ore will reach nearly $200,000. The Neshoto was 254 feet long with 42 feet beam.

Two Steamers Aground.

Detroit, Mich., Oct. 1.—The 420-foot steel freighter Calumet of the Lackawanna fleet of Buffalo was driven hard aground on the upper end of Stag Island. Capt. Simpson of the steamer City of Mackinac reported the vessel very far out of water and listed. It is likely to be a total loss.

The steamer Arthur Orr is aground and in bad shape on Bois Blanc Island. The ship has been temporarily abandoned by its officers and crew. The Orr is a 234-foot steel freighter of the Canadian-Atlantic fleet of Duluth.

Wrecking Work Delayed.

Detroit, Mich., Oct. 1.—Wrecking operations on the steamer Frontenac, aground at Parisian Island have been hampered by weather conditions. The wrecking outfit was put on board the Frontenac late yesterday afternoon, but a strong northwest wind rising again compelled the Favorite to leave the boat for shelter. The weather may cause considerable delay in releasing her, but it is not thought she will be exposed to much damage.

The Sault Passages.

Up—Yesterday: Aurania, Osler, Jones, 3:30 p. m.; Cuddy, George Gould, 4; Montreal, 7:30. Down: Shaw, midnight; Choctaw, 9; Jay Gould, 9:30; Alcona, 10:30; Barth, Norris, Helvetia, 1; Stephenson, (small), 5:30; Shaughnessy, Strathcona, 7.

Port of Duluth.

Arrivals: Ionia, Brower, William A. Paine, light for grain; J. J. H. Brown, Russell, H. M. Hanna, Durston, J. C. Morse, T. F. Cole, Morgan Elbs, F. C. Ball, Norton, Australia, coal; Northern King, merchandise; J. J. Sullivan, Ream, F. C. Ball, Cowle, light for ore.

Departures: Wilpen, J. J. Sullivan, Kennedy, Gary, Bessemer, Elwood, Perkins, Edenborn, Hoover and Mason, Collingwood, Townsend, Alex Thompson, ore; Midland Prince, A. Stearn, City of London, Ionia, grain; Tionesta, merchandise.

Steamship Movements.

New York, Oct. 1.—Arrived: steamer Adriatic, from Southampton.

GET RICH QUICK PLAN IS ALLEGED

Minneapolis, Oct. 1.—(Special to The Herald.)—To overbid the buying market and then leave the selling market bills unpaid, is the alleged get-rich-quick plan that caused the arrest of E. V. McConkey, purchasing agent for Siegmund Bros., Chicago commission merchants, and James Muhill, Felix Nathanson and Charles B. Gregg.

The men were arrigned before United States Commissioner Foote and held for trial next month. McConkey claims he is not implicated in the deal and furnished $20,000 in bonds for release.

Besides giving you all the heat you can possibly get out of your fuel—our heaters takes the cold air off the floors. The air in the room circulates—it is not dead air.
We sell the only heater made that radiates all the heat.

MINING INVESTMENTS.

The Ancient Gold Mining & Milling Company of the District of Arizpe, state of Sonora, republic of Mexico, has opened an office at 304 Pioneer Press building, St. Paul, and is now prepared to show those interested in the location of the property, samples of ore taken from these wonderful mines and the assay and milling tests of same, as made by A. L. Pellegrin, United States assayer, and Charles Taylor, ex-United States assayer; D. S. Caraway, Ph. D., late of Sonora, Mex.; N. Lehnen, Ph. D., of St. Paul, and many others of noted reputation, whose reports state that these mines show from $30 to over $400 per ton in gold, and from $3 to $40 in silver.

The company owns and has perfect title from the Mexican government of two groups of gold mines (both of which are free milling), covering over 180 acres, situated on the main traveled road; with abundance of wood and water adjoining the property for the operation of the mines; it has also purchased a mill and other machinery with a daily capacity of 200 tons, which will be erected on the property at once.

The stock is non-assessable, and will be put on the market at a comparatively low price considering the richness of the mines and the wonderful showing already made. A limited number of shares will be sold, as the company wishes to raise only a sufficient amount of money which, with the machinery and work already done on the property, will put it in shape to pay large dividends at an early date.

The locator and general manager of these famous mines, Mr. Santiago R. Norton of Sonora, Mex., who was the former owner, and sold the great Belen group of mines to a syndicate of Minneapolis business men eight years ago, and who is now here concluding the sale of another group of gold mines in Sonora, Mex., to Minnesota capitalists, will be at the office to satisfy the most skeptical that this is the greatest opportunity for a safe and profitable investment that was ever offered to the public.

For further particulars call at office or address S. R. Norton, 304 Pioneer Press building, St. Paul.

Duluth Evening Herald—Sept. 30, Oct. 1-2-3, 1908.

FLEET NEAR THE PLAGUE

Warships on Globe Girdling Tour Anchor at Manila.

Greetings by Wireless Exchanged Between Shore and Fleet.

Manila, Oct. 2.—Four cases of cholera are reported in Manila today, including that of G. D. Mitchell, an American dentist, whose wife died of the disease a fortnight ago.

Manila, Oct. 2.—The American battleship fleet reached here this afternoon, from its globe-girdling tour.

With the brilliant tropical sunlight pouring down on their polished guns and gleaming paint, and a swift land breeze whipping their many flags out straight from the staffs and stirring the bunting that covered the half-hundred launches and excursion steamers that, crowded with cheering thousands, escorted the big ships up the bay, the ships steamed into Manila bay, sailing majestically across the battlefield where Dewey and his men fought their historic fight with the Spanish fleet, ten years ago, dropped anchor.

The fleet cleared the south channel shortly after noon and steamed up the center of the bay, while dozens of launches and steamers sailing proudly along beside the monsters of the navy, sounded a discordant welcome with whistles, cheers and every other noise-making device that could be contrived. As the Connecticut led the line past Corregidor, the garrison there fired the admiral's salute.

As the ships anchored, Gen. Weston, military commander here sent a wireless message conveying the greetings of himself, his officers, and the men of the army to Admiral Sperry and his men. Admiral Sperry replied, thanking him.

Scare By Seizure Tale.

Amoy, Oct. 2.—Local agitators have been circulating a report to the effect that the American battleship fleet, which will visit this port the end of October, purposes to seize Amoy as a base of operations in a forthcoming war against Japan. The people, alarmed, began leaving the city, and to prevent a general exodus the municipal authorities issued a proclamation forbidding people going to the interior to take heavy baggage with them. Two of the agitators have been arrested and punished with 1,500 blows each.

SOME ROAD SURE TO BREAK FAITH

Chicago, Oct. 2.—Henry E. Felton, president of the Union Tank Line company, and ex-general freight agent of the Chicago & Eastern Illinois, testifying in the government suit to dissolve the Standard Oil company, said that prior to the enactment of the interstate commerce law, in 1887, the railroads made few tariffs. They underbid each other ruthlessly by means of rebates, to secure large shipments, or to retain as customers, important shippers already on their lists.

From time to time "gentlemen's agreements" were entered into to maintain rates, but there was always some road which, tempted by a heavy shipment, would violate it, and presently all the roads would be rebating again.

ROAD EXTENSION OPEN BY JULY 1.

San Francisco, Oct. 2.—A. J. Earling, president of the Chicago, Milwaukee & St. Paul, accompanied by Mrs. Earling and Mr. and Mrs. William Rockefeller, after a flying sightseeing trip, left for the East in their special train by way of Ogden.

President Earling talked much of the extension of the Chicago, Milwaukee & St. Paul to Seattle and Tacoma, saying the road would be open for traffic by July 1 next, but he would make no statement regarding the rumored extension of the line to tap California points. He said that freight and passenger agreements had been entered into for the new line, giving it an Oriental outlet by way of the Osaka Shosen Kaisha, the Japanese Steamship company operating between Seattle and the Orient.

Earling declared that the railroad company was not worrying over the Interstate commerce commission ruling regarding Asiatic freight and the published rates of transcontinental railways.

BOILS ALIVE IN A TANK

Faribault, Minn., Man Meets Horrible Death, Killing Hogs.

Loses Balance and Falls Into the Scalding Water.

Faribault, Minn., Oct. 2.—(Special to The Herald.)—Scalded alive in a large tank of boiling water was the fate of Henry Kuehl, 21 years old, Friday. Kuehl was employed at the packing plant in the north end and was assisting in killing hogs. He tried to pull one of the killed animals into the vat by his ears, when he lost his hold, slipped, and fell into the tank of boiling water.

It was several minutes before he could be rescued. Large pieces of skin and flesh fell from the body after he was taken from the tank.

Kuehl was hurried to the hospital, but too late.

BEER CITY MAYOR IN LIQUOR TALK

Omaha, Neb., Oct. 2.—The theme before the League of American Municipalities today was the liquor problem as it affected metropolitan cities. It was an interesting subject and was led by Mayor Rose of Milwaukee.

Among the cities represented in the discussion were Milwaukee, Atlantic, Dubuque, New Orleans and St. Louis. No topic yet brought before the city officials has received closer attention, and many of them did not hesitate and question the speakers.

The afternoon was given over to a visit to Fort Omaha.

HEART SOOTHES BY $50 WEEKLY?

New York, Oct. 2.—It is reported that $100,000 for breach of promise, brought last week by Louise Lonsdale, the actress, against Blaine Elkins, son of Senator Elkins of West Virginia, has been settled. Miss Lonsdale is now on the high seas with Miss Margaret Carroll of Brooklyn, her traveling companion, bound for Paris. The terms of settlement are that Miss Lonsdale will be paid $50 a week as long as she lives.

CANDIDATES FOR CONGRESS NAMED

New York, Oct. 2.—Democratic conventions for the selection of congressional candidates were held last night in the eleven congressional districts comprising Manhattan and the Bronx. In every case where nominations were made the present incumbents were chosen to run again. Interest in the conventions centered chiefly in the Twelfth district, at present represented by W. Bourke Cockran. The convention in his district was adjourned until Oct. 8. The nominations made include William Sulzer, in the Tenth, and Francis Burton Harrison in the Sixteenth district.

STEEL CARS FOR HARRIMAN SYSTEM

Chicago, Oct. 2.—The Harriman lines, have decided to adopt steel constructed passenger cars over their entire systems, and have given to the Pullman company an order for 220 steel cars of miscellaneous types. The order is the largest ever given, it is stated, with the exception of the one placed by the Pennsylvania company last year. The cars are to be steel shells and are to have as little wood in their construction as possible. It is said they will be almost indestructible. The Pullman company is to begin delivering within sixty days, and it is to hurry the completion of the work.

SUICIDE IS A MYSTERY

No Reason Assigned for Banker Killing Himself at Forks.

Affairs of Bank All Right; Had No Family Troubles.

Grand Forks, N. D., Oct. 2.—(Special to The Herald.)—After investigating the death of John Hempstead, the Emerado banker, who committed suicide in the Masonic temple here, the coroner's jury returned a verdict of death by suicide, but failed to fix any case. Although the suicide left several notes, he failed to give any reason for his self-destruction, but in each he begged forgiveness for the disgrace he was bringing down on the heads of those near to him.

The suicide is one of the most mystifying that has ever come to the attention of local officials. According to evidence introduced at the inquest, Mr. Hempstead came to this city on Monday, leaving his home at noon of that day, ostensibly for the purpose of hearing W. H. Taft speak at Grand Forks and to take care of several matters of business. He was seen by only a few Grand Forks people during the day, but none of them had any conversation with him. It is the belief of the coroner that the suicide took place on Monday afternoon or evening. His

(Continued on page 15, third column.)

PLOT FOUND; CHINESE IN

San Francisco, Oct. 2.—The Chronicle today publishes a statement to the effect that changes in the administration department of this state were the result of a development disclosing widespread corruption along the Mexican border, where hundreds of Chinese have gained illegal entrance to the United States in the past two years.

Details of the plot which involved Chinese and Mexican residents of Mexico and Southern California, as well as Americans holding official positions, are said to have been communicated by one of the government agents, who discovered the existence of the smuggling ring. It is said that the prices were $275 for delivering a Chinaman at Los Angeles or $500 for landing him unmolested in New York.

During these two years, it is affirmed, small bands of Chinese, in box cars and on country roads were being arrested and deported. It is now asserted that many of these were laborers from Mexico, who were desirous of being returned to China without expense to themselves.

The Chronicle's informant has disclosed the names of Chinese, Mexicans and Americans alleged to have composed the ring. It is said that the government, after securing sufficient evidence to warrant summary action, chose to dismiss for incompetency a number of the immigration officers on the border rather than bring criminal prosecutions.

TAFT WARD LAGS IN REGISTRATION

Cincinnati, Oct. 2.—The registration here is below that of 1904 for the first day by more than 5,000.

The total is 35,884 compared with 41,032 in 1904.

The Eighth ward, in which W. H. Taft lives, is 230 behind the registration of 1904.

GEMS STOLEN TO VALUE OF $5,000

New York, Oct. 2.—An investigation which followed the discovery that a diamond sunburst was missing from the warerooms of Oliver M. Ferrand, a Malden Lane diamond importer, has disclosed what may prove to be a huge robbery.

Already jewels valued at $5,000 have disappeared and the inventory of stock has not yet been completed. It is disclosed that the robberies probably have been going on for years and it seems possible that when the inquiry has been completed the total will be far in excess of the amount now known to be involved.

While the investigation has been in progress, Mr. Ferrand has been endeavoring to find one of his oldest and most trusted employes who has been away from the city for several months. This man should have returned from his vacation Sept. 1, but he did not come, nore was any word received from him.

Hughes Speaks Many Times

New York, Oct. 2.—Governor Charles E. Hughes made a rapid campaign trip through Manhattan and Bronx boroughs upon his return from Baltimore. His first meeting was in Earl hall, Columbus university campus. Yesterday evening the real hard work of the day was begun, beginning at McKinley square, in the Bronx, the governor, in an auto, traversed the length of Manhattan island, speaking at five widely separated points, and finishing at a meeting on the lower East side.

40 TONS OF SAUERKRAUT ROASTED

New York, Oct. 2.—The big pickle factory of Alert & Maguire at Hicksville, L. I., burned last night. Forty tons of sauerkraut was roasted to black cinders. Thirty tons of pickles, averaging 1,000,000 pickles to the ton, or 30,000,000 pickles in all, were destroyed. Loss $60,000.

SPORTS HELD PLAGUE FOE

Outdoor Exercises Urged in Consumption Congress Against Disease.

Delegates Draw Convention to Close—Playgrounds Advocated.

Washington, Oct. 2.—The final sessions of the seven sections of the international tuberculosis congress were held today in the National museum. Section 1 was occupied by discussions relative to pathological anatomy and histology. The treatment of tuberculosis patients in their homes and places other than sanitariums was a topic which held the attention of the delegates in Section 2. Section 3 was devoted to consideration of questions as to the prevention, diagnosis and surgical treatment of tuberculosis sinuses and abscess cavities, and the treatment of tuberculosis of some of the vital organs, including the stomach, bladder, liver, etc. Section 4 devoted most of the day to such subjects as the prognosis of pulmonary tuberculosis in children under 15 years of age, sea air treatment of tuberculosis of bones and glands in children, and the necessity for hygiene of the mouth, pharynx, skin, etc., in the course of prevention against the disease.

Measures for increasing resistance to tuberculosis by parks and playgrounds, outdoor sports, special education, individual immunity and social conditions, were subjects that engrossed the attention of delegates attending the meeting of Section 5.

ONE MORE LEPER CURE

Wellington, New Zealand, Oct. 2.—Interest not unmixed with apprehension has been aroused by the discharge here of a Maori patient from the leper station with a clean bill of health. The man was at the station for only eleven months.

The chief health officer, Dr. Mason, declares that the patient was cured by the injection of cultures of the leprosy bacillus.

This treatment is the discovery of Prof. Deycke Pasha, director of the Imperial Medical school of Constantinople, and Reschad Bey, senior physician of the same institution. Dr. Mason says that other patients treated by this system have shown great improvement.

The treatment for leprosy referred to in the Wellington dispatch is known as the Nastin system. A dispatch from Honolulu yesetrday said, Doctors W. P. Brinckerhoff and J. T. Wayson had notified the board of health of that city that they believed they had succeeded in curing a leper patient by means of this treatment.

"CHIMMIE FADDEN" FOR CONGRESS

New York, Oct. 2.—Edward W. Townsend of "Chimmie Fadden" fame has received the Democratic nomination for congress from the Seventh district of New Jersey.

MOTHER KILLS SELF AND BABE

Minneapolis, Minn., Oct. 2.—(Special to The Herald.)—With her right arm tightly clasped about the body of her year-old boy, whose life she ended with her own, a well-dressed, unidentified young woman was found in shallow water in Powderhorn lake at Minneapolis last night.

No clue to her identity has been found, with the exception of a gold ring bearing the initials "E. S. to L. E." The bodies are at the county morgue.

TAFT CROWD YELLS "BRYAN"

North Platte, Neb., Oct. 2.—This is the tenth day of Candidate Taft's campaign of the West. The Taft special will be in Kansas City tomorrow morning. Five minute stops have been arranged for at Julesburg, Kimbal, Neb., and Greeley, Colo.

Taft left behind a much disappointed Nebraska village early this morning. The people of Gothenberg were at the station knowing that the Taft special would have to stop there for water. They had with them a band and were prepared to cheer. But Mr. Taft was not up. Col. Ransdell explained that the nominee had been working very hard at his task of campaigning and had been compelled to devote the wee sma' hours to his correspondence, and as Gothenberg was not on his schedule, he had not prepared to make an appearance.

The people of Gothenberg evidence their displeasure by making a few demands for Bryan.

BELMONT'S HORSE WINS IN ENGLAND.

New Market, Oct. 2.—August Belmont's Norman III, who has proved so disappointing since he captured the 2,000 guinea stakes here May 6, won the St. Leger stakes today. He defeated the favorite, St. Wolf, by two and one-half lenghts.

CLEVELAND	0	0	1	0	0	0	0	0	0	1	4	0

Interest in the stirring fight for the National league baseball championship is more acute than ever today, in Duluth and all over the country, following the developments of yesterday, which reduced New York's lead to two points over Chicago and Pittsburg. The New Yorks have five more games to play, two with Philadelphia and three with Boston, and must win them all, unless Pittsburg and Chicago meet with unexpected reverses, to win the pennant outright. St. Louis and Pittsburg played today, while the New Yorks played with Philadelphia. Chicago had three games to play, two with Cincinnati and one with Pittsburg Sunday, at home. Pittsburg had four games to play, three with St. Louis and one with Chicago.

After a day of idleness, the leading team in the closely contested American league resumed play today. Detroit, the leader, played on her home grounds with St. Louis, while Cleveland and Chicago, respectively, second and third, played at Cleveland. The three leaders in this league were separated by only ten points when play began today, their standing in the per centage table being:

	Won.	Lost.	Pct.
Detroit	87	61	.588
Cleveland	87	62	.584
Chicago	85	62	.578

Philadelphia, Pa., Oct. 2.—(Special to The Herald.)—The Quakers played the New York Giants again today, and the Giants did their mightiest to increase their lead of two points in the pennant race over Chicago and Pittsburg. New York put Ames in to pitch with Bresnahan catching, and the locals had Dooin behind the bat to receive McQuillen. Umpires, Klem and Johnstone.

McQuillen was succeeded by Foxen in the first inning, after two were out. Foxen was replaced by Moren after forcing home two runs on bases on balls. New York got seven runs at the outset to none for the locals.

The last Quaker twirler tried managed to hold down the visitors in the second, but the locals could not score. Score, 7 to 0.

Goose eggs in the third inning. Score, 7 to 0.

No runs were made in the fourth inning. Score, 7 to 0.

After the Giants had been retired, Philadelphia scored once.

Nothing doing in the sixth inning.

Only six men came to bat, all told, in the next inning. No runs. Score, 7 to 1.

Philadelphia earned a run in the eighth, when the game was already delivered over to New York. Score, 7 to 2.

Two more zeros ended the agony in the ninth. Score, 7 to 2 for New York.

PITTSBURG VIES WITH ST. LOUIS.

St. Louis, Mo., Oct. 2.—(Special to The Herald.)—The Pittsburg Nationals, tied with Chicago for second place in the league standing, did battle on the diamond today with the St. Louis team, and there was plenty of diamond dust flying.

Batteries: Pittsburg, Liefield and Gibson; St. Louis, Beebe and Ludwig.

In the second game the batteries were: Pittsburg, Camnitz and Gibson; St. Louis, Rhodes and Bliss.

Scores: First game, Pittsburg, 7; St. Louis, 4. Second game, Pittsburg, 2; St. Louis, 1.

Brooklyn Wins.

Brooklyn, N. Y., Oct. 2.—(Special to The Herald.)—National league. Score:

	R.	H.	E.
Boston	2	8	0
Brooklyn	3	7	1

HOW THEY STAND NOW:

NATIONAL LEAGUE.

	Won.	Lost.	Pct.
New York	95	52	.641
Pittsburg	97	55	.638
Chicago	96	55	.636

AMERICAN LEAGUE.

	Won.	Lost.	Pct.
Detroit	88	61	.590
Cleveland	88	62	.586
Chicago	85	64	.570

HAS TO DECIDE CONTESTED GAME

HARRY C. PULLIAM,

Who Is Taking Time to Decide on the Contested New York-Chicago Game, Which Both Sides Claim. He Is Conferring With the National League Directors, so That They Will Not Reverse His Decision.

Cincinnati, Ohio, Oct. 2.—(Special to The Herald.)—The Chicago Cubs went hard after another game with Cincinnati today, and made a good start at the outset. With only two points keeping them from the New York leaders, every Cub was on the alert to miss nothing that was going. Batteries: Rowen and McLean; Brown and Kling. Umpires, Owens and Rigler.

Chicago made three in the first inning by long hitting. Score, 3 to 0.

Neither side scored in the second. Sabidge went into the box for Cincinnati. Score, 3 to 0.

Blanks were drawn by each club in the third. Score, 3 to 0.

Ciphers were chalked up again, in the fourth inning. Score, 3 to 0.

A-1 pitching kept the bases empty in the fifth. No runs.

No runs were made in the sixth inning. Score, 3 to 0.

Additional ciphers in the seventh made things look very whitewashy for the Reds. Score, 3 to 0.

Chicago cinched the game in her half of the eighth inning by two more runs. Score, 5 to 0.

The finish of the game came without an error having been made by Chicago. Score, 5 to 0 for the Cubs.

CLEVELAND WINS.

Cleveland, Ohio, Oct. 2.—(Special to The Herald.)—Cleveland and Chicago, second and third in the American league race, tried conclusions here today in a spirited game. Batteries: Joss and Clarke; Walsh and Schreck.

Cleveland won, the final score being 1 to 0.

Boston Wins.

Philadelphia, Pa., Oct. 2.—(Special to The Herald.)—American league:

	R.	H.	E.
Boston	8	8	1
Philadelphia	1	7	4

SHERMAN RAISES SWEETHEART ISSUE.

Rock Island, Ill., Oct. 2.—"When you get a sweetheart, girls, make him vote the Republican ticket," said James S. Sherman to a crowd of public school pupils at Princeville, where the train made a two-minute stop today.

Murder at Mineral Point.

Mineral Point, Wis., Oct. 2.—Henry Rankin's body was found south of the city with a gunshot wound in the head. A jury held that the death wound was inflicted by some person or persons unknown to the jury. Rankin was 21 years of age and was a son of Mr. and Mrs. William Rankin.

GASOLINE EXPLODES ON FARM OF JOHN D. ROCKEFELLER; BURNS HOUSE

Tarrytown, N. Y., Oct. 2.—The gasoline tank on one of John D. Rockefeller's lawn mowers exploded and completely destroyed it, set fire to a house on the place and burned it to the ground.

John D. Rockefeller, Jr., and his wife, rushed to the scene and directed the firemen in their work of preventing the fire spreading to the large Rockefeller stables.

RAILROAD MAGNATE'S DAUGHTER TO LABOR AMONG GLASS BLOWERS

Chicago, Oct. 2.—Miss Marie McKenna, only daughter of E. W. McKenna, second vice president of the Chicago, Milwaukee & St. Paul railroad, has volunteered her services for relief work among the glass workers of Alton, Ill.

She applied to the Provident society of Alton for a list of families made needy by casualties in the glass works of the town, and expressed a determination of devoting the next few years to relief work.

The officers of the Provident society gladly accepted the offer of assistance and the list she asked for was quickly given, after which she hurried away to make her first call.

Miss McKenna has attended many lectures dealing with economic and sociological conditions and her act yesterday was no surprise to her friends in Alton.

The money Miss McKenna will expend on the families she will visit will come from the alowance she receives from her father.

WEATHER—Probably rain tonight and Saturday; warmer tonight; brisk easterly winds

There's No Mistaking

The High Quality of the Oak Hall Clothing

THE style correctness and accuracy of tailoring of each and every garment is as easily discerned by the man with a limited knowledge of tailoring details as by the man who is well up on the subject.

Our makers have mastered all the principles known to the art of tailoring; that is why these garments are so vastly different, so much better than others.

An inspection will disclose this difference and will convince you why it is that men of means take to our clothes without any feeling of doubt.

Oak Hall Clothes are fashioned after the styles recognized as the correct world standard and are garments a man can wear with that feeling of rightness in New York, Chicago or Frisco just as he can in Duluth.

This is one of our $20.00 "SOCIETY BRAND" Suits you've seen advertised in the Saturday Evening Post and elsewhere. We are the sole Duluth agents and we are selling them like hot cakes, too.

None Finer Than Our Suits, Topcoats and Overcoats at $25, $28 $30, $35 and $38

The Best $15, $18 and $20 Suits in the world for the money—and the garments back up this claim.

The Best in Hats for Men

Correct styles—values which will surpass your expectations. You'll enjoy choosing here—our large variety makes it easy and newness is an absolute certainty. The hats that excel these we are now showing will not be found this season.

Sole Duluth agents for Knox N. Y. hats—the peer of all hats and has been for years.

Exclusive agents for Roswelle hats at **$3.00.**

Duluth headquarters for John B. Stetson **$5.00** hats.

The store for silk and opera hats—**$7.50** and **$12.50.**

More New Furnishings

In Half-Dollar Neckwear—
Four-in-hands and ties of richly patterned and beautiful plain silks—attractive browns, greens, blues, reds—the very latest shades—largest variety in Duluth. **50 cents.**

In $1.50 and $2 Shirts—
Uncommon patterns, just what you'd least expect in custom mades. See our showing.

Fall Underwear—
Just what a fellow needs when he lays aside those athletic cut garments. Unusual values at **50c and $1.**

Holeproof Sox—
Six pairs guaranteed for six months.
35c the pair—one-half dozen in box, $2.00.

WE FIT THE HARD TO FIT.

SUPERIOR STREET AT FOURTH AVENUE WEST.

BEVERIDGE FLAYS STANDPATTERS IN HIS OWN PARTY, AT FARGO, N. D.

Fargo, N. D., Oct. 2.—United States Senator Beveridge of Indiana addressed a Republican meeting here last night. In his speech he took a fall out of the standpatters, as follows:

"The tariff is the most intricate, delicate, far-reaching of fiscal problems. The building of a tariff means the expert knowledge of every industry in the country and its relation to every other industry—a knowledge of the tariff systems of every other nation and of their relation to our own. It is impossible that a committee of congress, working for three or four months, can find out these necessary facts; more impossible and absurd that they can make the required classifications. And tariff classifications are as important as tariff duties themselves. America is the only modern nation in the world having no scientific classifications. A straight-out revenue tariff would not classify any article; the tariff we have does little better.

"For example, we now classify buttons and stoves together; bullets and buggies; lanterns and automobiles; farm implements and gold boxes, carriages and dress trimmings, enameled portraits and railway cars. Because of this classification all must pay the same duty. Yet the standpatters in our own party insisted on keeping them merely because they did not and will not study. And the opposition insists on doing worse. It is because they do not study. Both are intolerable; both should be rejected. And that is what the Republican party asks you to do. Those who have fought this battle and who have won, ask for a modern tariff that gives no man advantage and all men justice; and that is all the average American asks or has a right to ask."

BUTTER IS STRONGER

In Price Only, However; Eggs Have an Advance.

Hogs Are Received in Greater Numbers, Declare the Packers.

The rise in butter has been the principa feature of the local produce market this weeek.

There is no denying that butter is strong. This refers to its relative position in the market, and not to any of its inherent qualities.

Butter invariably rises at this time of the year. The advance is as inevitable as the falling of the leaves, after the first frost.

With the advent of colder weather, the process of making butter is more expensive and the prices are bound to advance to enable the dairyman and the cimmission men to make some profit. It seems that the cow gives less milk, that the cost of maintaining her increases, and that there are other considerations which make it necessary for the butter-maker to increase his prices.

Creamery prints are now wholesaling at 27 to 28 cents a pound, whereas a few days ago, they were on the 25 to 26 cent basis.

Tubs have advanced to 26 and 27 cents a pound.

* * *

There is also a stronger tone to the egg market and the price has gone up a cent during the last day. They are quoted now at 21 cents a dozen. The colder weather is responsible, in a large measure, for the higher egg prices.

* * *

Cheese is unchanged in price from a week ago.

* * *

There has been both a rise and fall in the grape market this week. Concord grapes are higher. Their season is nearing a finish, the colder weather hastening the end. This week, Concords have gone up from 18 to 21 cents a basket.

On the other hand, Tokay grapes are lower, whereas, last week they were to be had only at $1.75, they may be purchased on commission row today for $1.60.

* * *

California peaches are cheaper than they were. Last week they could not be had for less than $1.20 a box, but now they are marked down to $1.

* * *

Cranberries have undergone a bulge. Receipts have been lighter than they were and prices have advanced a dollar, the berries being quoted today at $8.50 a barrel. The berries are still coming from a considerable distance, some of them hailing from Cape Cod and New Jersey.

Otherwise, the fruit market is steady and unchanged.

In fact, there have been very few startling fluctuations in the market this week, despite the fact that it has turned cold, after a long spell of warm weather. The advance in butter provided practically the only fireworks of the week.

* * *

In the vegetable market, cabbages are cheaper. They have been on rather a high level and this week they settled back on a normal basis. They are quoted at $2 a crate.

* * *

Potatoes are steady and unchanged. The ordinary white tubers are selling at 70 to 75 cents a bushel. Sweet potatoes are quoted at $1.50 a bushel.

* * *

The market is well supplied with other staple vegetables and prices remain the same as last week.

* * *

The strength in the poultry market continues, a decline in the price of spring ducks being the only indication of an easing off, which has come to the notice of the trade. Spring ducks have been marked off from 18 and 20 cents a pound, to 16 cents. Other fouls are still perching high up.

* * *

The calm of the fish market has not been disturbed during the week. The demand has been fairly good but the supply has been ample to care for it without despoiling quotations.

In the meat market, pork loins are off half a point. This decline is due to the fact that more hogs are coming into the killing centers. During the rush of harvst days, the farmers neglected to ship the porkers to market—so engrossed were they in caring for the grain—but the packers declare they are now coming in greater numbers, which warrants the marking off off half a cent in prices. Veal is somewhat easier and the other meats are unchanged.

Saved His Boy's Life.

"My 3-year-old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative, and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. Sold by all druggists.

IRRIGATION MEN CHOOSE HIM CHIEF

GEORGE E. BARSTOW.

Albuquerque, N. M., Oct. 2.—The National Irrigation congress today elected: President, George E. Barstow of Texas; vice president, H. D. Loveland of San Francisco; second vice president, I. D. O'Donald of Montana; secretary, B. A. Foulerm of Arizona.

RAISE FREIGHT RATES TO AVOID BANKRUPTCY.

St. Louis, Oct. 3.—C. C. Halle, vice president and traffic manager of the Missouri, Kansas & Texas railway, testified before the interstate commerce commission here, that freight rates will be advanced on all lines in the territory of the Western trunk lines committee, and on all roads in the territory of the trans-Missouri committee. The former embraces Chicago and the section of the country between the Mississippi and Missouri rivers, and the latter embraces the country west of the Missouri river, as far as Utah.

An increase in freight rates, said Halle, is imperative if the railroads are to escape bankruptcy. The amount of the approaching advance has not been settled, though the general understanding seems to be that it will not exceed 10 per cent. When the advance is to become effective was not brought out.

Misses', Women's and Children's sizes.
The Lulu Glaser Glove, Kassan strap and slip-wrist styles, at from $2.50 to **$3.75.**

A WARM MONTH.

Average Temperature During September Was Higher Than Usual.

September was warmer than the average, according to the monthly report of Forecaster Richardson of the local weather bureau. The mean temperature for the month was 60 degs. above zero, where the average for the past thirty-eight years has been 56.7 degs.

The sudden weather changes Duluth is sometimes subjected to, were demonstrated on the twentieth of the month, when there was a change of 32 degrees in the temperatupre between daylight and dark.

The precipitation during September amounted to 3.55, while the average for September in the past has been 3.75 inches. The prevailing direction of the wind was from the northeast, and the maximum velocity was forty-nine miles an hour on Sept. 3.

There were seven clear days during the month; seventeen partly cloudy and six cloudy.

Notice to Fat Women.

Presumably you know, ladies, that the proper caper nowadays is lines. Curves are passe. You have got to take off your fat. This must be done in one of three ways. By dieting, by exercise or by means of Marmola Prescription Tablets. The two former will keep you busy for months and punish you pretty severely; the latter will cost you 75 cents at the druggist's. The tablets will not make any alteration in your diet necessary, and yet, in all probability, before you have used up one case, you will be losing from 12 to 16 ounces of fat a day. Which method do you like the best?

If you fancy this pleasant method of getting off the fat, see your druggist instantly, or else write the Marmola company, Detroit, Mich., to send you a case by mail. These cases contain so generous a quantity of tablets that the treatment is very economical. It is also quite harmless, for the tablets are made exactly in accordance with the famous Marmola Prescription.

He Waited Too Long.

St. Cloud, Minn., Oct. 2.—(Special to The Herald.)—Although he claims he has absolute proof that several illegal votes were cast at Holding and Avon during the recent primary election, N. B. Rassier of St. Wendel, the defeated candidate for county commissioner in the Second district, is unable to secure any redress. It appears that the defeated candidate waited too long before he made complaint.

MORE PASSENGERS, BUT LESS REVENUE

St. Paul, Minn., Oct. 2.—The twenty-seventh annual report of the Chicago, St. Paul, Minneapolis & Omaha railroad shows a decrease in the total operating revenue for the fiscal year, ending June 30, 1908, of $1,062,492.72, as compared with the previous year. The freight revenue decreased $1,107,920.06, and the passenger revenue decreased $52,244.27, while all the other revenue for transportation showed an increase of $76,745.40. The report shows an increase of 18.19 per cent in the number of passengers carried, while the passenger revenue decreased 1.40 per cent.

The superior quality of materials used, render

Dr. Price's Delicious Flavoring Extracts

the finest made

BUYS CHEAP FIBER.

One Reason State Can Make Twine So Cheaply.

Stillwater, Minn., Oct. 2.—(Special to The Herald.)—One reason the state prison is able to make the best binder twine in the country and supply it to farmers of Minnesota at lower rates than other manufacturers, is because Warden Wolfer buys fiber in the markets of the world at the lowest possible prices, affording the assurance that the bills will be paid promptly and at discount rates on account of short time. This fact was illustrated by an incident at the prison yesterday.

J. C. Burns, senior member of the big fieber establishment of Aukland, New Zealand, and residing in that city, was a caller upon the warden. He came to make a personal effort to sell fiber and incidentally to learn why he had not sold more fiber to the prison the past season as his firm had in former years.

Warden Wolfer convinced him that price as well as quality cuts a figure. For the past season fiber has been secured for the prison at prices lower than the Burns firm had offered and that, too, with a saving in freight, as the materials could be secured cheaper in this country than abroad. For the ensuing season the warden stated that prices are an important consideration.

Scientific scalp treatment. Knauf Sisters.

"Correct Dress for Women."

ISSUES DEFY TO BE TRIED

Foraker, in Fresh Outburst, Reminds Accusers Courts Are Open.

"Let Somebody Proceed Against Me," the Senator Says.

Cincinnati, Ohio, Oct. 2.—In a fresh public statement, United States Senator Foraker, says, in part: "The questions in this whole matter (the Hearst charges), in which the public is concerned, are:

"Whether I was employed, which was never concealed or denied, and,

"The character of that employment—whether it had any relation to my duties as senator, or influenced me in any manner in regard therto.

"These points I have answered fully in my former published statements. I have not until now spoken of the compensation I received, because if the employment was improper, it would be no defense to show that it was a small sum, but if on the other hand, the employment was proper, the compensation concerned only the company and myself—nobody else. If my former statements are true, as I know them to be, the employment was entirely proper and legitimate, and therefore, the question of compensation is one I do not feel called upon to discuss with Mr. Hearst.

"All lawyers understand that when professional services have been rendered and have been paid for, all obligation cases on both sides, and no lawyer is bound by reason of a previous employment to show any favor at any subsequent time as attorney, as pubic official or otherwise, to any one who may have been his client.

"If I committed any offense against the law, let somebody specifically point it out and proceed against me. The courts are open, and, although they have been criticised, yet the people have confidence in them and will accept and be satisfied with their judgments. If there be any just basis for this reckless, wholesale defamation and attempted assassination of character, let it take some tangible, open and fair form of procedure, where all interested can appear and be fully heard."

Where Bullets Flew.

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitter have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c at all drug stores.

"EINE ECHTE DEUTSCHE ZEIT"

That is What Duluth Germans Are Promised in Superior.

"Eine Echte Deutsche Zeit" is promised all Duluth Germans, who attend the German day celebration in Superior Sunday.

Great preparations are being made by the Germania society there for the affair.

The program will begin at 2 o'clock in the Grand Opera house. The music will be furnished by a ten piece orchestra. Following this there will be supper served in the Saratoga hall at 6:30 p. m. and then comes the "Echte Deutsche Zeit." Following is the program, for the afternoon concert:

Governor Warner Loses Votes.

Lansing, Mich., Oct. 2.—With twenty-one precincts passed on out of over 300 contested, the recount on the Republican nomination for governor shows a loss of 101 votes from the 1,500 plurality of Governor Warner over Jr. J. B. Bradley. By the rejection of the vote in two entire townships Governor Warner lost seventy votes.

This is the trade-mark which is on every genuine bottle of

Scott's Emulsion

sold in nearly all the countries of the world. Nothing equals it to build up the weak and wasted bodies of young and old.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World" SCOTT & BOWNE, 409 Pearl St., N. Y.

YOUNG "PIRATES" COME TO GRIEF

Run Into Port for Supplies and Are at Once Arrested.

Munising, Mich., Oct. 2.—(Special to The Herald.)—Because they ventured into the harbor at Michipicoten, Ont., after sailing across Lake Superior in a small boat, Fred Paine and Dennis Masse, the boy "pirates' of Grand Marais, have come to grief.

Their heads turned as a result of reading dime novels, it is said, the youths are credited with a series of exploits of such boldness as to create a considerable furor in the region which was the scene of their reputed operations. Looting a general store of some hundreds of dollars' worth of goods and sailing away with their plunder in a stolen launch, only to return the following night and make an exchange of boats, while the lake was being scoured by pursuing craft, and then to set out for the Canadian shore and reach it without detection or mishap, is a summary of the deeds charged to the boys, and which have caused a great sensation in the Alger county town.

Had the youthful "pirates" not been too bold and run into Michipicoten, they would doubtless have escaped arrest for a long time to come. Their supplies of provisions, munitions and clothing, along with a paraphernalia of varied character, were sufficient for the maintenance of the boys for a year or more. One youth is aged 16 and his companion is only 14 years old. What is to be done with them has not yet been ascertained.

Woman Interrupts Political Speaker.

A well-dressed woman interrupted a political speaker recently by continually coughing. If she had taken Foley's Honey and Tar it would have cured her cough quickly and expelled her cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes. Sold by all druggists.

IS LURED AWAY BY A PREACHER

In Midst of Revival, Husband Calls Evangelist to Account.

Pana, Ill., Oct. 2.—"Come unto me all you who are weary and heavy laden, and I will give you rest."

The Rev. Albert Carl Atherton of St. Louis stopped in the midst of his dramatic exhortation at the revival tent last night with his familiar Biblical quotation.

A man in a back seat had arisen and started down the aisle.

"I have something to say," he said. "I am weary and I want to rid myself of a burden that is weighing me down."

He turned again to regard the pastor steadily before continuing in a voice choked with emotion.

"My name is Frank Lemon and my home is in St. Louis. I have a wife whom I love dearly. She is there" (pointing to the platform) "and her place is in St. Louis."

"This man, this evangelist, with his cant and his talk of saving souls, has fired her with religious zeal. She has left home and husband to assist this man in what she calls his 'holy mission.'

"I have asked her to return and she has refused.

"I ask her again before all you people to return to me."

The woman designated as Mrs. Lemon, visibly embarrassed, slowly shook her head.

"You wrong me," she said. "My place is here."

"Then I wish to say," shouted Lemon, "that this man is an impostor, that he has lured my wife from home."

"Sir, you are going too far," declared the Rev. Mr. Morton. "You are doing both myself and your wife wrong by putting us in a false light."

A policeman interfered at this point and led Lemon from the tent.

Lemon left for St. Louis. Mrs. Lemon remained here to continue in the revival work.

CONDUCTOR PENSIONED.

Paine Had Charge of Train Which Kate Shelley Saved.

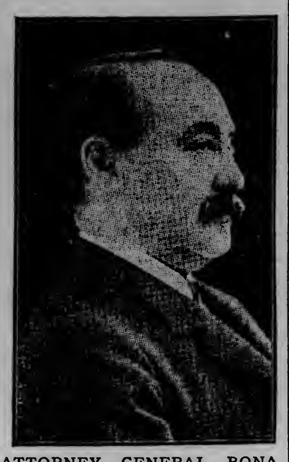

Marshalltown, Iowa, Oct. 2.—Conductor "Free" L. Paine, for fifty years a Chicago & Northwestern conductor, has been pensioned by the company. Paine began railroading in 1860, and was in charge of the train which, in 1883, was saved from going into a creek near Moingona by Kate Shelley, known as the Iowa heroine. Miss Shelley, who is now agent of the company at Moingona, knew that the bridge had been washed away. Crawling on her hands and knees in the dark for over a mile, she reached the station just as Paine was giving the signal to start his train.

Quits Canal Zone Job.

Lincoln, Neb., Oct. 2.—Advices received here yesterday say D. C. O'Connor, superintendent of education of the Panama canal zone, has tendered his resignation, taking effect yesterday. He will return to Nebraska to live.

HURRIES CASE AGAINST MERGER

ATTORNEY GENERAL BONAPARTE.

Boston, Oct. 2.—Attorney General Bonaparte has caused a motion to be filed in the nUited States circuit court here in the case of the United States against the New York, New Haven & Hartford railroad and others, otherwise known as the proposed merger case, seeking an assignment of the action for a hearing at the earliest practical day, on the ground that the case is of general public importance.

BIG SHAKE-UP IN LAND OFFICES

President Appoints Bartlett of Buffalo Register at Cass Lake.

Washington, Oct. 2.—The president has appointed Lester Bartlett of Buffalo, Minn., as register of the land office at Cass Lake, to succeed Egbert S. Oakley, who resigned to become assistant United States attorney in place of Paul Ewert, late candidate for congress in the Second district.

Mr. Bartlett will begin his duties as soon as his bond is filed.

It has developed that the administration is rigidly applying its rule of requiring men in government service to resign their positions if they want to run for elective offices.

Within the past few weeks resignations of not only Messers. McCleary and Ewert in Minnesota have been called for, but several officers in the land service have been given a "hunch" to resign as a result of their nomination for national and state offices.

These include M. R. Wilson, register at Bozeman, Mont., who is running for a state judgeship; Elmer E. Essyltein, receiver at Billings, Mont., who is running for another state office; Thomas R. Hammer, register at Blackfoot, Ida., nominated for congress, and Harry H. Meyers, register at Little Rock, Ark., also nominated for congress.

The successor of none of these men has been selected and Secretary Garfield has announced a new policy in making his selections.

He will insist that men appointed registers of land offices shall have legal qualifications and receivers shall have knowledge of accounts. The former pass on legal questions relating to land entries and the latter keep accounts in their respective offices, and the secretary believes both should be technically qualified for these positions.

WOULD RE-ELECT MACKENZIE

Success of Beltrami County Fair Prompts That Desire.

Bemidji, Minn., Oct. 2.—(Special to The Herald.)—Owing to the fact that the recent fair of the Beltrami County Agricultural association was a splendid success, there is a unanimous demand for the re-election of W. R. Mackenzie to the office of secretary for next year. Mr. Mackenzie financed the fair and arranged the program for a farmers' fair, and despite the fact that the weather, on two of the days was very disagreeable, he pulled the association through in fine shape. The board of directors will hold a meeting in a few days, when Mr. Mackenzie will be asked to again serve as secretary.

ASKS TO BE COMMITTED.

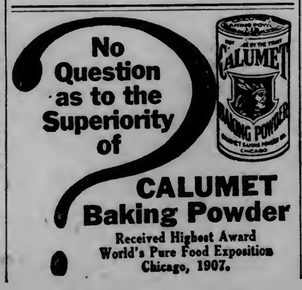

Fearing He Might Hurt Himself, Unfortunate Appeals to Court.

Thief River Falls, Minn., Oct. 2.—(Special to The Herald.)—Erick Nelson of Nelson Park went voluntarily before Judge of Probate Hoim Monday, and asked to be committed to the insane hospital at Fergus Falls.

The unfortunate man is 33 years of age and single. Although he appears to be very rational, yet he said he has felt mental trouble coming on him for years and that he has spells when his mind gives way. At such times he is afraid that he may do himself bodily harm and he thought it the safest thing that the authorities take him in hand before any trouble is accomplished.

MANY MEN WORKING ON GREENBUSH EXTENSION.

Thief River Falls, Minn., Oct. 2.—(Special to The Herald).—A large number of railway laborers are at work on the extensio nof the Greenbush line of the Great Northern railway north to Lake of the Woods. Great quantities of rails and ties are passing through this city daily for this line. That the road will be one of the best branch lines on the Great Northern system there is no doubt, for it passes through one of the richest and best settled portions of the Red River valley.

Silberstein & Bondy Company

QUALITY PIONEERS.

SATURDAY
CHILDREN'S DAY

Tomorrow, we feature specially for the young folks with a splendid showing of Fall and Winter Clothes for the child, the girl and the grown miss. The display will practically constitute an opening for the juniors particularly. We have waited until these lines were thoroly complete, so that for Saturday, we will be prepared with a stock of smart, new Fall Styles in juvenile wear, unexcelled in the Northwest. Every department devoted to the showing of junior styles has made preparations to care for the needs of the young folks.

"Peter Thompson" Dresses, all sizes, from **$5.00** upwards.
Jumper Dresses, tailored styles all-wool, from **$7.50** up.
Tailored Coats for girls, new Fall and Winter styles, from **$5.00** up.

Children's Fall Hats

Special displays of School and Dress Hats for girls and misses, on our third floor.

Caps and Tams from **50¢** up. School Hats from **$1.50** up.

Tailored Suits for Women

$25, $29.50, $35.00, $39.50, $45.00

Just now, it is a question of "how soon can I get my suit." The past few days has witnessed an inpouring of suit buyers that has kept us on the jump. Women are talking about the superiority of the S. & B. Suits, in a way that demonstrates where the satisfactory styles are to be found. It is not because of cheap prices or worthless styles, but the ever-prevailing opinion among women who know—if you want the correct fashions, the dependable qualities, go to "Silberstein's."

Take, for instance, the Suits we are offering at **$25.00,** we mention but one convincing feature which has decided many women, and that is the quality of the materials—leaving out the other advantages of the best tailoring, the fit and finish, etc., this one fact stands pre-eminent when comparisons are made. At **$29.50** and **$35.00,** there is a greater variety of the better class of Suits gathered here than you'll find in any other city in this section of the Northwest.

Is it a plainly tailored suit of serge, chevron, diagonal or broadcloth? the showing is ample—or a richly trimmed suit in some handsome imported novelty weave?—you'll find it here. At **$39.50** and **$45.00** there are exclusive lines that are unsurpassed in style, originality and perfection of fabric and materials. By all means, be satisfied with nothing short of the perfection combined with the S. & B. label.

Beautiful Fall Coats

$15.00, $19.50, $25.00, $29.50, $35

We have just received a large number of advanced styles in Winter Coats, garments designed specially for the rigorous climate of Duluth. We've never shown such becoming styles, such perfectly tailored creations—custom tailored garments, every one. Coats that adjust themselves to your figure when the proper size is tried on. Another strong feature with particular women is the lining. Our Coats are lined with guaranteed materials, good for two seasons of wear. There's no disappointment after a few months' wear. But, have a look at these new arrivals tomorrow. We have a right good Tailored Coat at **$15.00**, a still better one at **$19.50,** and at **$25.00** the lines are such as will please the most exacting woman. At **$29.50** and **$35.00,** we have the more elaborate creations, Coats that will overmatch the output of those who charge twice the price to make them. See for yourself, comparison best tells the story.

Fall Hats of Character

Larger hats are growing in popularity, and the S. & B. Co. are following closely in the lead of fashion creators. Have you lookt thru our splendid showing of Large Hats very recently? If not, make it a point to do so tomorrow, whether you intend buying or no. That we're proud of the display goes without saying, we desire your opinion, your approval. And the prices are reasonably low, quality and style considered. **$7.50, $10.00** and **$12.50** will purchase a hat that will meet your requirement in style and appearance.

DIDN'T KNOW IT WAS LOADED

Farmer Takes Gun From Son and is Wounded in Hand.

St. Cloud, Minn., Oct. 2.—(Special to The Herald.)—John Barthelemy, a Luxemberg farmer, accidentally shot himself through the hand with a 44 Colt revolver Tuesday. The bullet tore a large hole in his hand. Mr. Barthelemy took the cartridges out of the gun a few days ago and laid them on a shelf. A young son secured the weapon, and after filling it with cartridges, began playing with the firearm. The father came in and took the gun away from the lad. Not knowing that it was loaded, he began working the trigger. As a result he was shot through the hand.

ALCOHOLISM KILLED NELSON.

Farmer Not Poisoned by Strychnine as Reported.

Moorhead, Minn., Oct. 2.—(Special to The Herald.)—Coroner Vincent and Dr. Alexander, after looking into the death of Henry Nelson, a farmer, living in Tansem township, near Barnersville, who expired suddenly under circumstances leading to the report he had been poisoned by strychnine, examined thoroughly into the case and decided he died of alcoholism. An inquest was deemed unnecessary. Nelson fell in a convulsion as he was entering the door of his house, and died shortly after. It also developed that Nelson was a very heavy drinker, and a constant drinker, and Dr. Alexander explains that the symptoms of chronic alcoholism sometimes resemble those caused by strychnine poisoning, but after talking with the members of the family and with the neighbors thereabouts, there was but one conclusion to be arrived at, namely, that Mr. Nelson had died of chronic alcoholism. This was Dr. Alexander's opinion, and Coroner Vincent could find nothing which would cause him to belief that an inquest and autopsy were necessary.

Are You Only Half Alive?

People with kidney trouble are so weak and exhausted that they are only half alive. Foley's Kidney Remedy makes healthy kidneys, restores lost vitality, and weak, delicate people are restored to health. Refuse any but Foley's. Sold by all druggists.

Fair Opens at Pillager.

Pillager, Minn., Oct. 2.—(Special to The Herald.)—Pillager's Cass county fair opened here today. There are many exhibits in place, and a large attendance is expected. The rivalry between the Pine River and the Pillager editions of the Cass county fair is very sharp, and Pillager is trying hard to outdo Pine River, which held its fair some weeks ago.

Low Water Retards Drive.

Thief River Falls, Minn., Oct. 2.—The rear of the East Grand Forks log drive is now passing through this city. On account of the low water all this season the logs have been greatly retarded in their passage to the mills along this river.

SIX DIE, HOTBOX CAUSES WRECK

Necessitates Stoppage of Excursion Train, Which is Telescoped.

Cleveland, Ohio, Oct. 2.—Six lives were lost and a number of persons injured when a Toledo & Ohio Central passenger train carrying an excursion crowd from Bowling Green to Toledo was run into from the rear at Sugar Ridge by a freight train.

The dead: Richard Readecut, Sugar Ridge; Joe Gasler, Sugar Ridge; J. F. McCroy, Toledo; J. G. Boyd, East Toledo; ——— Stonebridge of Bunbridge; one unidentified man.

The rear car of the excursion train was telescoped and two others were jammed together. The excursion train stopped, because of a hot box. Whether a flagman was sent back to warn the approaching freight, has not been ascertained.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

SAYS NO TO PRAIRIE OIL AND GAS COMPANY.

Guthrie, Okla., Oct. 2.—In reply to the inquiry, the members of the board of commissioners of Rogers county have been notified by the state attorney general that they have no authority to give permission to the Prairie Oil & Gas company to build pipe lines in public highways. The oil company asked the commissioners for their permission. It was Governor Haskell's consent that the board of commissioners should grant this permission that brought on the controversy between Governor Haskell and State Attorney General West.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. No harmful drugs. 25c. blower free; all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N.Y.

PEACE DOVE HOVERS OVER TWO STATE DEMOCRATIC CONVENTIONS

Boston, Oct. 2.—With not a jar in its proceedings the Democratic state convention nominated a ticket for the November election, chose sixteen presidential electors and adopted a set of resolutions, the main planks of which advocate tariff, labor and state administration reforms. The ticket follows:

Governor, James H. Valley, a Watertown labor leader; lieutenant governor, Charle J. Barton, Melrose; secretary of state, James F. Aylward, Cambridge; treasurer and receiver, Earl W. Kennedy, Pittsfield; auditor, Simeon Vizer, Lawrence; attorney general, John A. Thayer, Worcester.

Saginaw, Mich., Oct. 2.—The state Democratic convention chose the following state ticket:

Lawton T. Hemans of Mason nominated for governor at the primary election in September; lieutenant governor, S. D. Williams, Detroit; secretary of state, Frank T. McDonald, Sault Ste. Marie; state treasurer, Robert J. Whaley, Flint; auditor general, William F. Montague, Kalamazoo; attorney general, James G. Tucker, Coleman; superintendent public instruction, W. S. Sherman Tister, Ionia; land commissioner, J. W. Tierney, Roscommon; members state board of education, Justin R. Whiting, Jackson; justice of supreme court to fill vacancy, Mark Morris, Grand Rapids; presidential electors at large, John C. Mershon, Saginaw; John E. Bibleof, Ionia. John T. Winship of Saginaw was re-elected chairman of the state central committee.

WEST END

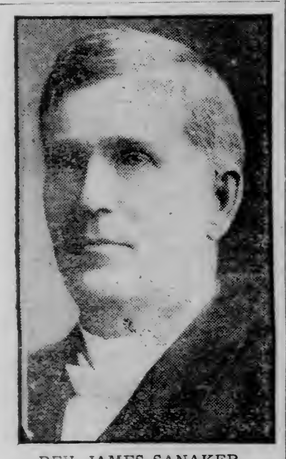

NEW SUPERINTENDENT.

Rev. James Sanaker Will Make His Headquarters in Duluth.

Rev. James Sanaker, the new district superintendent of the Red River Valley district of the Norwegian-Danish Methodist Episcopal church, will arrive in Duluth this evening and will make his headquarters here during his superintendency. He will reside at 125 Twenty-Eighth avenue west.

Rev. Sanaker is an able speaker, an excellent administrator and is well adapted for his work in the district, which is a very broad one, taking in parts of North and South Dakota, Minnesota, and part of Wisconsin.

He came to this country when a boy with his parents. He taught school for

REV. JAMES SANAKER.

several years in Illinois, and later when he had graduated from Northwestern university, he went to Norway, where he served as pastor in a Methodist church. For six years he was superintendent of the theological seminary at Christiana. In 1889, he returned to America and was appointed pastor of the First Norwegian church in Chicago. He was appointed district superintendent of the Minneapolis district in 1902, which office he held until this year, when his term expired. He then was offered the superintendency of this district, which had been offered to and declined by Rev. H. K. Madsen of Duluth. Rev. Sanaker accepted the position and will arrive here this evening to take up his new duties. He will preach at the First Norwegian-Danish M. E. church, corner of Twenty-Fourth avenue west and Third street, on Sunday Oct. 4, at 10 o'clock in the morning and at 7:45 o'clock in the evening.

Farewell Reception.

Rev. H. C. Monsen, who retires as superintendent of this district of the Norwegian-Danish conference, was tendered a farewell reception at the First Norwegian-Danish M. E. church last evening.

Rev. H. K. Madsen and a number of others gave talks and Mr. Munsen expressed his regret at leaving Duluth. He goes to Racine.

West End Shortrails.

W. N. Berg is at Foreston, Minn., where he was called by the death of his brother, Peter Berg. The funeral was held in that place yesterday.

Rev. H. K. Madsen is planning to have a number of prominent Duluthians deliver lectures on different subjects at the midweek meetings in the First Norwegian-Danish M. E. church.

C. E. Bardwell has returned to his home in Minneapolis, after spending several days in the West end, on business.

A meeting of the West end district of the Duluth Sunday school association was held last evening in the Central Baptist church. Plans were made to hold classes for the teachers, who are to brush up on their knowledge of the Bible and its teachings and on methods for training the young mind.

Alfred Matteson has gone to Virginia, where he has a position in a new barber shop which is being opened there.

Mrs. Magnusen of West Fifth street will entertain the Busy Bee society of Bethany Swedish Lutheran church, tomorrow afternoon.

Rev. Carl G. Olson and several members of the choir of Bethany Swedish Lutheran church will go to St. Paul Monday to attend the jubilee conference of the Lutheran denomination. The members of the choir will sing in a chorus of 350 voices, which is being organized for the occasion.

A meeting of the Adams School Alumni will be held Monday evening at the school. Clarence B. Miller will be the principal speaker.

The funeral of Axel, the 5-year-old son of Mr. and Mrs. Fred Anderson of Exeter street, was held at the residence yesterday afternoon. Rev. H. K. Madsen had charge of the services.

STATE TAX LEVY LESS THIS YEAR

Reduction Announced by State Auditor That Taxpayers Will Welcome.

St. Paul, Minn., Oct. 2.—(Special to The Herald.)—The state tax levy this year will be 3.33 mills, as compared with 3.48 mills last year, a reduction that will be welcomed by taxpayers.

State Auditor Iverson has announced the levy and is sending instructions to the various county auditors of the state to extend the levy without delay

The detailed levy follows:

Soldiers' relief fund	.0001
Funding tax	.0002
State revenue	.0016
Roads and bridges	.00005
University campus	.00015
State school tax	.00123

The total assessed valuation of the state for the year 1907, after deducting the $190 exemption for each person assessed was $1,048,000,000. For the year 1908, as returned by the county boards of equalization, the total assessment is:

Personal property	$189,650,436
Real property	903,980,029
Total	$1,093,630,465

The total number of persons assessed in 1908 is nearly 300,000. This makes a total exemption for this year of about $30,000,000, which leaves a net taxable valuation this year of $1,063,630,465. This will be probably increased by the state board of equalization, now in session.

The legislature of 1907 made a tax levy of $1,700,000 for state revenue purposes for each of the years 1907 and 1908, and fixed the maximum rate of 1.7 mills for each year.

In 1907 the maximum rate was levied. For this year, owing to the increased assessment, it is possible to reduce the rate to 1.6 mills, which will produce the amount levied b the legislature.

The legislature of 1907 also made a levy of $175,000 for each of four ears for university campus purposes.

In 1907 two-tenths of a mill was levied for that purpose, and this produced more than the amount of the levy. This year the levy for university campus purposes of fifteen-hundredths of a mill, which will produce somewhat less than the $175,000, but taking the two years together, it will produce about the required sum for the two years.

WOMAN ALLEGES MAN ROBBED HER

Claims He Overpowered Her, Taking Her Watch and Valuables.

Grand Forks, N. D., Oct. 2.—(Special to The Herald.)—Accused of robbing Florence Sanborn of gold watch and jewelry, Ed. Hardy was arrested in East Grand Forks Wednesday night. The roberry is alleged to have been committed at an early hour Tuesday morning in the northern part of Grand Forks. Mrs. Sanborn had been out late and had been drinking. She started to return to her room in a DeMers avenue lodging house. She met a stranger and asked him the way to the Great Northern depot. He told her he would show her the way and took her in a different direction. In the vicinity of a woodpile he chocked her and took her watch and valuables. She staggered to a house nearby and gave the alarm, but some time had elapsed and the robber escaped. In robbing her he missed taking about $700 worth of diamonds she had on.

In Hardy's possession is the watch belonging to Mrs. Sanborn, it is asserted. An effort will be made to get him to cross the Red River early. In case he does he will be give nd preliminary hearing today.

Depot Agent Robbed.

Northwood, N. D., Oct. 2.—The Great Northern station agent was held up at the point of a gun at night by two men and robbed of $100. He was just leaving the station.

CHANLER SERVES NOTICE THAT NO BOSSES SHALL RULE HIM

Poughkeepsie, N. Y., Oct. 2.—In accepting, at Rokeby, the ancestral Chanler estate, twenty miles from here, the nomination of the Democratic party for governor, Lewis Stuyvesant Chanler, present lieutenant governor of the state, caused a stir among his hearers by premising his set speech with a statement to the effect that State Chairman William J. Connors "betrayed a confidence," if he attempted in an interview Wednesday, to dictate what the policy of the Democratic party in the coming campaign in New York should be, and he emphasized further along in his speech the statement that "free from all hampering obligations of every kind, I shall know no master but the people's will and the people's interest."

Chairman Connors sat just behind Mr. Chanler during the speech. With Charles F. Murphy, leader of Tammany Hall, and other representatives of the New York city and Brooklyn Democratic organizations, he arrived just before the exercises of notifying all the nominees of the Rochester convention's action. With the others, he left immediately after their conclusion. There was no consultation of these leaders with Mr. Chanler.

CAUGHT WITH POKER CHIPS.

Sensational Raid Made by Officers in Larimore.

Larimore, N. D., Oct. 2.—(Special to The Herald.)—J. J. Farley and J. H. Spain were arrested here in a raid made by Deputy Sheriff Kelly and Chief R. Fadden. They are charged with running gambling resorts. A number of poker chips, cards and other evidences of crime were secured. The raid was made by order of State's Attorney Wineman, who had secured evidence that games were being conducted.

Big Barge Called Taft.

Grand Forks, N. D., Oct. 2.—The barge Taft will be launched tomorrow by the Red River Transportation company. It will be used in the river traffic. It is one of the largest tinit has been built by the company. The company is building another barge and will construct still another one this season. The two steamers, the Fram and Grand Forks, will be kept busy until the annual freeze up.

BANKERS VOTE NO ON GUARANTY PLAN.

Denver, Colo., Oct. 2.—The American Bankers' association has placed itself squarely on record against the proposition to guarantee bank deposits and the plan to establish postal savings banks. A lively discussion took place.

In the report of the currency committee, the chairman used these words:

"In the Aldrich-Vreeland measure, however, open to severe criticism, congress, by law, has recognized the normal and legitimate assets of a bank as the natural and proper basis of credit extended to the bank in the form of circulating notes. The principle for which we have so long contended has thus received legislative sanction."

After a heavy meal take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

Women's Fall Suits---Captivating Styles That Will Attract Immediate Attention

During the Opening Week, we have shown scores of elaborate tailored suits and gowns as ornate and beautiful as the art of the modiste ever created. The new styles are dashing in the extreme—even the severe treatment of the tailored suit gains elegance by the addition of the Directoire or Empire effect. And the great variety assures a satisfactory becomingness to individual requirements.

But we took great pride in our remarkable display of moderate-price suits, we purchased especially. All the conspicuous details of a conspicuous mode have been modified to meet the idea of that vast majority—the women of refined taste and limited means.

Handsome New Fall Tailored Suits at $25.00

Perhaps no better illustration or more convincing demonstration can be given of the attractive values in popular priced suits than our showing at $25. The continued activity in these suits brings in new arrivals daily—hardly a day passes but what some new style is introduced.

For tomorrow's selling in suits at $25.00 we are showing several very attractive models in 36 and 40-inch coats in tight and half-fitted styles, with gored and flare skirts. The materials are broadcloths, serges, worsteds and fancy cloths. All are beautifully tailored and are much in common with high class models. Suits worth up to $32.50. Choose tomorrow at..... $25.00

Representative Display of Stylish Suits at..... $33.75

At this popular price for Saturday's selling we are offering many new fall styles that are dashing in the extreme in long fitted and half fitted coats, some are severely tailored, others elaborately trimmed in braids and satins in all the fashionable fabrics and the new fall shades.

Suits of Refined Elegance Special for Saturday at.... $39.50

We feel sure that we can interest every woman with this showing. Never have we introduced the new features in so many different variations. The coats are featured by the extreme length. The material is of fine soft clinging broadcloth in all the new fall shades. Some very tastily braid and button trimmed.

Stunning New Fall Suits at $17.50

Very attractive long Coat models in fitted and half fitted styles, made of fine cheviot, worsteds and striped fabrics in all the new fall shades.

These suits are worth up to $22.50, but for a special leader for Saturday selling we have selected about 25 suits that have become broken in size from various lines and marked for quick selling Saturday at $17.50.

Silk Petticoats to Wear With Your New Gowns $4.95

In every conceivable color, made from a specially prepared taffeta silk, warranted for three months' actual wear or garment replaced with new one.

Made in tailored effect, very full with deep tailored flounce, specially priced for Saturday at $4.95.

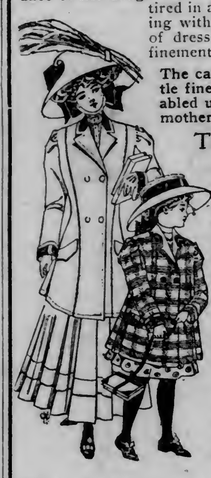

Saturday Sale of Stylish Voile Skirts at.... $5

From a style point of view and the high-class tailoring in these skirts you would think that $10 was a fair price for a voile skirt like these.

THE VOILE IS A FINE WIRY QUALITY that will give all kinds of service, beautifully man tailored, trimmed with silk bands in black, blue and brown. Regular price $8.75. Special for Saturday at $5.00.

Children's and Misses' Coats at Moderate Prices

Every mother's pride centers in the personal appearance of her daughters. She delights in seeing them attired in apparel that is strictly in keeping with correct form, as the manner of dress to some extent denotes refinement.

The care we have given all the little fine points of propriety has enabled us to correctly anticipate the mother's most exacting demands.

EXPOSURES MAY RESULT

Trial of Superior Man May Show Up White Slave Traffic.

Claimed That Duluth and Superior Are Recruiting Grounds.

There is a likelihood that some of the methods employed by the traders in young women at the Head of the Lakes will be exposed in the coming trial of Clyde Sawyer of Superior, who is charged with inducing Mamie Reid, 14 years old, by misrepresentations, to leave her home in Superior for an evil resort at Mountain Iron. It is claimed that Duluth and Superior are recruiting stations for the resorts on the ranges.

Sawyer is held under bonds of $2,000 for the present term of court, having waived examination.

M. J. Reid, the father of the girl, has sworn to the complaint against Sawyer, and Mamie Adams, proprietress of an alleged resort at Mountain Iron, who is charged with the same offense. The Adams woman, at the request of the Superior police, has been arrested by the police of Eveleth, and will be brought to Superior for trial, should she waive requisition papers.

The Reid girl, who is detained at the Central police station, tells a story of how she was misled by Sawyer and the Adams woman, though she professes to be sorry for the former. She says that he introduced her to Mamie Adams, who claimed to be looking for girls to work at good wages for her, in a hotel. The girl went with the woman, and spent the night in a hotel at Duluth, where they met two other girls, who were to go Mountain Iron with them to work. At the hotel, she claims that the Adams woman took her watch from her so that she would not change her mind and return home. On the train in the morning, on the way to the range town, the woman explained to the three girls that she conducted a boarding house, and that she paid good wages to her employes.

It was not long after their arrival at Mountain Iron that the girls discovered what kind of a boarding house they had been taken to. The other two girls stayed but two days, and ran away at the first opportunity they had. Mamie Reed was not able to go with them, having no money. Later she claims she raised $5 on her watch and was about to make her escape when the police came and took her away. She had been an inmate of the place less than a week.

Sawyer denies that he knew of the whereabouts of the girl after she left Superior, but the police claim they have information that he visited her after she had been placed in the resort at Mountain Iron. He appeared in court yesterday without counsel and did not have anything to say, other than to ask to be bound over to higher court. Afterwards he sent for Attorney Cooper, and they held a short conference.

It is alleged by the police that the Adams woman and Sawyer are old acquaintances and that Sawyer knew for what purpose she was hiring girls when she came to Superior.

Married Man in Trouble.

A married man who permits any member of the family to take anything except Foley's Honey and Tar, for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Sold by all druggists.

NEIGHBORS SAY RUSDAHL IS SANE

Claim He is the Victim of a Piece of Spite Work.

Charging that Ole Rusdahl, who has been committed to St. Luke's hospital to await examination as to his sanity, is the victim of a designing relative, the town board of the Township of Normanna has submitted a lengthy and vigorous protest to Judge J. B. Middlecoff of the probate court. The members of the board deny the charge that Rusdahl has attempted to kill himself and his six children and ask that he be returned to his home at Nea, as he is harmless.

The communication gives what are purported to be the true facts in regard to Rusdahl's troubles. According to the statements made Rusdahl worked at getting out pulpwood and ties last winter and on account of an early spring was subjected to considerable worry and financial loss. Then his wife took sick and died in the spring and that added to the mental strain on him. He had prepared for the funeral, the members of the board say, when Andrew L. Hoverson of Duluth, a relative of the dead woman, went to Nea, took the body and brought it to Duluth, forcing Rusdahl to ride on top of the "dead wagon," which happened to be a sleigh at that time. Rusdahl was nearly frozen on account of the ride, they say. Hoverson attended to all of the funeral arrangements and the people of Nea thought he would also stand the expense, but some time afterwards, Rusdahl is said to have received a bill for the entire amount, thus adding to his worries by the necessity of raising the money.

Hoverson has made the complaint against Rusdahl and the people of Nea claim it is merely a piece of spite work. They say that Rusdahl is merely sick and when he recovers, three of his six children, who are unable to care for themselves, need his care.

Dr. Eklund, who is attending Rusdahl at the St. Luke's hospital, says the man will be well in a few days, when he will be given another examination. If he proves rational and harmless, he will probably be returned to his home.

Claimed By Appendicitis.

Little Falls, Minn., Oct. 2.—(Special to The Herald.)—John Lentz, a section foreman on the Northern Pacific at this point for a great many years, died at the railroad hospital at Brainerd Wednesday morning. He was taken ill with appendicitis Monday night, while at work, at the depot, and was taken to the hospital Tuesday. Mr. Lentz was about 40 years old and leaves a wife and four children, living on Fifth street southeast.

Boys' Clothing

A steady stream of cash and compliments flows into this department from our thousands of happy satisfied customers. No lagging or dull times here.

Boys' Norfolk Knickerbocker Suits $2.95 to $4.95.

Don't those prices sound all right for every day, knockabout school clothes? The quality and appearance of the goods will surprise you. All sizes from 8 to 16 years.

Boys' Fine Norfolk Suits $5.95 to $15.00.

As fine as anything can be, but not as high priced. In this line are all the latest English and American models —all the new colorings and patterns. Absolutely different and distinct from anything shown in previous seasons. Even the buttons have their own distinctivensss. If you want a really fine suit, here they are.

Russian Overcoats $2.50 to $12

Quite a range of prices, but the little chap will look cute in any of the nobby new styles. Get him a navy blue, flannel lined. A swell chinchilla or the new Auto with close collar. Sizes 2½ to 10 years.

Boys' and Youths' Overcoats $3.50 to $18.00

It doesn't matter if you pay $3.50 or $18.00, you can rest assured that the same money will not get you more at any other store. We can please your tastes, too, whether you want long or short, single or double breasted, or the swagger Auto style, and the coats fit and suit from 10 to 18 years.

Sweater Coats and turtle neck sweaters, special at.. $1.25

FLANNEL BLOUSES—A new line in navy blue, brown and cardinal, with attached collars, at 50c

In the Ladies' Suit Department.

We have specialized for Saturday's selling three lots of ladies' Tailored Suits—at **$17.50, $25.00** and **$29.50**—the suits in each lot will be found to be better values than are shown anywhere else in Duluth. Of course, there's a reason! We don't get our business in doubled prices at the season's commencement, and depend on ½ or ¼ prices to clean up the balance of the stock at the season's end. Our goods are marked **RIGHT**—right from the start. Come in and look at these tomorrow. They are convincing arguments.

At $17.50 Our assortment of ladies' new Fall style Suits is especially large. The jackets are mostly of the popular semi-fitted model 36-inch length—trimmed neatly with buttons and lined throughout with satin. Skirts are in the new circular gored style—trimmed with a deep fold of self cloth—well tailored and finished—materials are serges and broadcloths, and they come in shades of brown, blue, black and fancy stripes.

At $25.00 We take particular pride in our suits at this price, and have endeavored to make this line so much superior to suits shown elsewhere at the same price that competition would be impossible. You can see for yourself how well we have succeeded. There are suits in the fitted and semi-fitted styles; coats in 34 and 36-inch lengths, lined with silks and satins—materials are Broadcloths, Serges, Herringbones, Chevrons and Worsteds, in either solid colors or pretty striped Worsteds—both plain tailored styles and the braid and satin edged and trimmed models. They are absolutely unmatchable at the price asked—**$25.00.**

At $29.50 Our Suits will more than compare favorably with suits shown elsewhere up to $35.00. Many of these garments show the Directoire tendencies—large lapels, slashed coats, satin and silk braid bindings and trimmings, etc.—others again are plainly and perfectly tailored. The materials used are fine Broadcloths, Serges and imported Worsted Suitings, in all the season's new popular shades, as well as the staple colors —in a word, suits of quality, at **$29.50.**

A Skirt Special at $4.98

For Saturday we are specializing fine Skirts of all-wool Panama. They are of the new full pleated model—trimmed with buttons and three bands of silk—perfect fitting garments—well tailored and finished. They are really $6.00 values, for **$4.98.**

Children's Coats and Suits

Three specials—don't overlook them! If you have children to outfit for school, secure one of these suits and coats—the money saving is **REAL,** not imaginary!

Children's Coats for $10.00

For girls from 6 to 14 years of age—coats of genuine Chinchilla cloth, lined throughout with Venetian cloth, edged with good silk braid, has Velvet Notch collars—cuffs and pockets braid trimmed. Genuine $14.00 values. Special for Saturday **$10** each. Colors, blues, reds and gray.

Another Coat Special for $5.75

If the first is a little above what you intended paying, then here's another—a "Crackerjack," too—**all-wool Cheviot Coats,** lined throughout with flannel, with broadcloth storm collars, double breasted, trimmed with braid—good, warm, serviceable coats for school—worth every cent of $7.50; special for Saturday **$5.75.**

Girls' Sailor Suits $3.98

For girls from 6 to 14 years of age—Suits of all-wool Cheviot, trimmed with several rows of soutache braid, with shield emblem, large sailor collars, with silk tie. Skirts are full pleated models, well made—colors are blues and reds. These suits are $5.00 values. Specially priced for Saturday at **$3.98.**

Munsing Underwear

Munsing garments are perfect in every detail of manufacture. They are shaped to conform to the wearer's figure, and are made in such a way that every part of the body is properly covered.

Ladies' Vests—Munsing medium weight and fleece lined cotton, 50c

Ladies' Vests—Munsing fine wool plate, white or natural gray, $1.00

Ladies' Union Suits—Munsing fine Sea Island cotton and heavy fleeced cotton $1.00

Ladies' Union Suits—Munsing fine merino and natural wool, natural grey and white—$1.50, $2.50 and $3

Children's Vests—Munsing wool plate, in white and natural gray 50c

Children's Union Suits—Munsing winter weight merino or fine wool, white or natural gray, for boys or girls—$1 and $1.50

SHOE DEPARTMENT---IN THE ANNEX

HAS PLURALITY OF FIFTY-FIVE

Norton Made Net Gain of Fifty Votes in City.

The commissioners who are recounting the ballots in the Norton-Adams contest completed their work in Duluth last evening and left for the range this morning.

Norton's net gain in the city was fifty votes and he therefore has a plurality of fifty-five votes. It is not thought possible that this margin can be wiped out by any mistakes that are discovered on the range.

Piles We are so certain that Itching, Bleeding and Protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

50 cents a box at all dealers or Dr. A.W. Chase Medicine Co., Buffalo, N.Y. **Dr. A.W. Chase's Ointment**

FIRED AT STRANGER.

Special Police Officer Takes Five Shots at Would-be Thief.

Special Agent Worthington of the Duluth, Missabe & Northern road, fired five shots at an unknown man, near Missabe Junction, about 10 o'clock last evening.

The man was trying to break into a freight car, either in an effort to steal, or find a place to sleep, and was sighted by the agent.

At the first shot he started to run, but either stumbled in his haste to get away or was shot down, as Mr. Worthington distinctly saw him fall.

Search was immediately made for him but he could not be found. The agent then telephoned to Sergeant Kenna, of the West end, to be on the lookout for a wounded man, but no trace was found of him, and he doubtless escaped.

Died In Alberta.

Foley, Minn., Oct. 2.—(Special to The Herald.)—John Bartchinski passed away last Thursday, Sept. 24. He had lived in Benton county thirty-two years and was well known. He leaves a widow and five grown-up children, two sons and three daughters. He was ill but a short time and died at the ripe age of 81 years.

Many Cucumbers Pickled.

Foley, Minn., Oct. 2.—(Special to The Herald.)—The local pickle factory is not getting any more pickles, as a result of the killing frost of Sunday night. During the season just closed over 8,000 bushels of cucumbers have been brought into town and the farmers have realized a tidy sum therefrom. While it is too early to make any predictions as to the acreage for next year, it will doubtless be somewhat larger than that of the year just closed.

THIEVES TOOK $300 FROM ROOM

Gust Jackson Arrested at Request of the Superior Police.

Charged with stealing $300 from one of the boarders at Ole Caledon's boarding house in Superior, Gust Jackson was this morning arrested by the Duluth police.

It is claimed that Jackson and a pal, who has not yet been arrested, gained access to the house through a window, and secured the $300 which was hidden in a valise. The thieves evidently knew that the money was there.

The theft took place last night. The Duluth police were requested to watch for Jackson, and they succeeded in locating him this morning.

NORTHEASTER IS BREWING

Wind is Due to Blow From the Lake Saturday.

Stick to your overcoat.

If you have been bluffing the weather man so far, don't try to do it any more.

It may get warmer tonight, but tomorrow morning a northeaster is due, and it may bring rain or snow.

It got down to the freezing point again last night, but is gradually getting warmer today, and will, according to H. W. Richardson of the weather bureau, get up to 45 degs. before the day is over.

With the coming of the storm a fall is also expected in the temperature.

WILL TRY TO KEEP BOOTH FIRM GOING.

Chicago, Ill., Oct. 2.—Two hundred minority stockholders in A. Booth & Co., which recently went into the hands of a receiver, have appointed a committee of five to protect their interests. They will exert every effort to keep the fish concern going and to prevent bankruptcy proceedings.

CUBS SCORE A SHUT OUT

Chicago Team Now Tied With Pittsburg for Second Place.

New York Still Ahead by Less Than One Game.

National League.

Standing.

	Won.	Lost.	Pct.
New York	94	53	.639
Chicago	95	55	.633
Pittsburg	95	55	.633
Philadelphia	79	69	.572
Cincinnati	72	79	.477
Boston	63	86	.423
Brooklyn	50	98	.338
St. Louis	49	101	.327

The Giants still lead the National league. By winning and losing a game yesterday with Philadelphia, their standing in the percentage column dropped from 637 to 635.

The Cubs won from Cincinnati, raising their percentage from 631 to 633. This leaves Chicago and Pittsburg tied for second honors.

With the close of the season only a few days distant, and two teams tied for second place, and the leaders not quite a game ahead, enthusiasm over baseball runs high, and the attendance at every city in the league is large. Many are forsaking their home team to root for their favorite between Pittsburg, Chicago and New York.

In the American, only two games were played yesterday, and these between teams at the other end of the percentage list, so that thr was no material changes in the standing of the clubs.

Cincinnati Shut Out.

Cincinnati, Oct. 2.—Chicago had no trouble defeating Cincinnati yesterday, the ragged fielding of the locals assisting the visitors materially in their scoring. Reulbach held the locals to two hits, both of which were made by Egan. Score:

CINCINNATI	AB.	H.	P.O.	A.	E.	CHICAGO.	AB.	H.	P.O.	A.	E.

Cincinnati	0	0	0	0	0	0	0	0	0	0
Chicago	0	1	0	4	0	0	0	1	—	6

Summary: Two-base hits—Egan, Sheckard. Three-base hits—Egan. Stolen base—Chance. Sacrifice hits—Tinker, Kling, Reulbach. 2. Bases on balls—Off Spade 2; off Reulbach, 1. Hit by pitcher—By Reulbach, 1. Passed ball—Schlei. Time—1:27. Umpires—Owens and Rigler.

Giants Win and Lose.

Philadelphia, Oct. 2. — New York broke even with Philadelphia here yesterday and thereby retained the lead in the National league race. The visitors knocked Corridon off the rubber in the first inning of the opening contest, but the home team bunched hits off Mathewson and tied the score in the fourth, making the winning run in the sixth inning, when Philadelphia could get only two hits off Mathewson, while Ritchie held his opponents down to three hits during these sessions. New York scored the winning run in the sixth inning, when, with Devlin on first and two out, Magee muffed a drive by Needham, the former scoring. Covaleski held New York to four hits in the second game, and the home team won easily. They knocked Wiltse off the rubber in three innings and also touched up McGinnity's curves. New York's runs were scored in the sixth inning on two bases on balls and Doolin's double. The scores:

First Game.

FAILS TO SAVE SECOND GAME

JOE McGINNITY.

New York put him in to pitch against Philadelphia in the fifth inning of the second game yesterday afternoon, but the Quakers won, nevertheless.

Wild pitch—Wiltse. Time—1:38. Umpires—Johnstone and Klem.

Brooklyn 2; Boston 1.

Brooklyn, Oct. 2.—In a brilliant fielding game Brooklyn defeated Boston here Thursday in the ninth inning by a batting rally. The score was 2 to 1. The winning run came in the ninth on Burch's single, a sacrifice by Hummell, an infield out and Sheehan's timely single. Score:

	R.	H.	E.
Boston	000010000—1	5	0
Brooklyn	100000001—2	8	3

Batteries—McCarthy and Graham; McIntyre and Dunn. Umpire—Emslie.

Bowlers to Organize.

For making the highest bowling score on the alleys of the Y. M. C. A., Carl Berent has been awarded the gold watch donated by Arthur Begealin. His score was 257. For the second prize, a pair of bowling shoes donated by the Northern Hardware company went to W. N. Staudt. His score was 225.

Monday evening a meeting of the Y. M. C. A. bowlers will be held at which a bowling league for the coming winter will be organized.

ALMOST A LYNCHING.

Crowd Fooled by Promise of a "Hoochie-Coochie" Dance.

Evansville, Ind., Oct. 2.—William Minton and his partner were employed by Frank B. Hopper of this city, who is touring the country fairs, to look after his show tent at the Providence, Ky., fair. They quietly announced among the "boys" that they would give a "hoochie-coochie" dance in the tent at night, and they sold tickets to the amount of $167.

The big tent was filled with city, county and fair officials, but no dancing girls appeared, and Minton and his friend "ducked" though a cornfield back of the tent and have not been seen since.

When Hooper appeared on the scene the angry citizens attacked and threw a rope around his neck in order to lynch him. His protest that he had nothing to do with the matter was finally believed, but he had a narrow escape.

TELEGRAPH TOLLS CUT IN NOVEL OKLAHOMA.

Guthrie, Okla., Oct. 2.—Telegraph tolls in Oklahoma are cut to a flat rate of 25 cents for ten words, with 2 cents each for additional word, day rate, and 1 cent, night rate, to all points within the state, by a proposed order signed by the corporation commission. The order also requires every telegram to show the time of filing and receipt, so that the recipient can tell for himself whether there has been any delay in delivery.

HIBBING TO PLAY D. C. H. S.

Heavy Range Men to Lineup Against Locals Saturday.

The Duluth Team Has Put in a Strenuous Week.

With ideal football weather mapped out for Saturday, the Central high school football team will line up against the Hibbing eleven at Athletic park in the afternoon.

Stevens will take the place of Cummings at right halfback, as that young man is out of the game with a badly bruised shoulder. His loss, even in the game tomorrow, is keenly felt, but Stevens is a promising substitute, and has been showing up well in practice.

The strength of the Hibbing team is unknown to the locals, as this is the first time the two schools have met in any kind of an athletic contest. They are touted as being heavy, fast and coached by a professional coach.

Football practice this past week has been the hardest of the season for the Duluth boys. Coach Chauncey Colton has put them through their paces each night as though their lives depended on getting up and down the field in the least possible time. The line has been strengthened, the backs made to move faster, new plays have been learned, and as a result Colton expects his men to show up in the game tomorrow in an altogether different manner than the way they played with Two Harbors last week.

Kicking has been another department that has not escaped the watchful ele of the coach, and the way all of the men are showing up at this branch of the sport pleases the students immensely. It seems as though every man on the team has suddenly developed into a drop kicker, and the way the ball is drop-kicked through the goal posts at regular intervals bears out the statement.

Crawford, Cook, Bowen and Boyle are punters, and they can any of them be depended on for good safe kicks when the occasion requires. Altogether it is quite a different team that will line up against the boys from the range metropolis next Saturday.

The game with the Minneapolis team is still the talk of the school. A game with one of the Minneapolis schools will be arranged, however, so that the team will not be without some way of figuring its strength as compared with the rest of the schools that figure in the championship of the state.

Look Right from your head up Gordon Hats $3

Gordon De Luxe $4

FAST RACES PULLED OFF

Racing Events Will be Held at the Driving Park.

Duluth Horsemen Much Interested in the Tri-State Meet.

This afternoon and continuing Saturday afternoon at the Driving park there will be pulled off, under the direction of the Tri-State Racing association, the fastest racing card ever attempted in this city.

This afternoon the 2:30 pace, with eight entries, and the 2:17 pace with the same number of entries are being run off. These races are proving very interesting, and as the horses entered are of the fastest in the Northwest considerable interest is being taken among the local followers of this branch of sport. The horses are all well known in Duluth, as many of them have raced at the state fair, and at the different racing points in Wisconsin, but never before have they appeared hitched to sulkies in Duluth.

This is the last race of the year to be held under the auspices of the racing society.

The entrants in today's races follow:

2:30 pace; 2:25 trot; purse $300—Alice C., 2:29¼; Co. Co., 2:40; Wilston, 2:1½; Raffles, 2:2¼; The Joke, The Kid, Elizure, Audubon.

2:17 pace; 2:12 trot; purse $400—Dan D., 2:17¼; Gypsy Queen, 2:16¼; Bessie Barollte, 2:22¼; Miss Hartford, 2:18½; Bumble Bee, 2:21¼; Adrian, The Kid, 2:19¼; Kittie D., 2:21½; Ray Onward, 2:17¼.

Saturday the great free-for-all containing five of the fastest pacers in the country will take place.

The Saturday program follows:

2:24 pace; 2:19 trot; purse $300—Brownie Mac, 2:24¼; Hans M., 2:24¼; Adrian Ha Ha, 2:25; Simon Pure, 2:28¼; Gay Americas.

Free-for-all; purse $400—Afrite C., 2:11½; Pat Ford, 2:10; Prince Hal, 2:06¾; O. F., 2:09½; Onadonna.

MILLING PLANT MAKING MONEY

Receivers of Pillsbury-Washburn Mills Make a Statement.

Minneapolis, Minn., Octo. 2—Marwick, Mitchell & Co., chartered accountants, who have been examining the books in Minneapolis, of the Pillsbury-Washburn Flour Mills company, limited, and of the Northern Elevator company, in behalf of the receivers of the two companies, have submitted their report. This was the subject of the examination of the creditor's committee, in session at the Northwestern National bank, and has been mailed out to the creditors and stockholders, with a letter of explanation.

After reviewing the statement as given by the auditors, the receivers refused to offer any direct cause for the Pillsbury-Washburn failure.

'It was said that the receivers and creditors were discussing a plan to divide the English and American interests, under separate divisions and distinct companies.

Albert C. Loring, Albert C. Cobb and Charles S. Pillsbury, the receivers, are sending out letters to the creditors, in which they say:

"The attention of creditors and shareholders is called to the fact that the valuation of the physical plant of the Pillsbury-Washburn company is the present value of the properties as determined by the manufacturers' appraisal company, after a full appraisal, addressed to the receivers under date of Sept. 16.

"In addition to what is shown by the statement of assets and liabilities, the receivers deem it proper to say that when the receivership was established, the mills were shut down, that the "A" mill was started on the 11th of August, the "B" mill on the 24th of August, and that during the period from August 8 to August 31, there was an average daily output of 10,456 barrels. During this period the sales of flour and other products amounted to $30,356.20, upon which there was a gross profit of $46,820.29, and after deducting fixed charges, a net profit of $23,778.98, it may be stated that practically all of said fixed charges would have been chargeable against the property, even if the mills had not been operated, and the figures submitted show, therefore, that the continuance of the business is manifestly in the interest of all concerned. Since the 1st ultimato the other three mills have been put in operation and the average daily output of flour increased to over 200,000 barrels."

DULUTH SAW WORKS

1525 West Superior Street.

DEMAND FOR ABSINTHE.

Bill Prohibiting It Goes Into Effect in July, 1910.

Geneva, Oct. 2.—The referendum in July last by which the Swiss prohibited the manufacture and sale of absinthe throughout Switzerland has resulted in an unprecedented "boom" in the beverage. The prohibitive law does not come into effect till July, 1910, and in the meantime absinthe manufacturers in the canton of Neuchatel are working day and night with doubled staffs in order to meet the demand.

The referendum, curiously enough, was a great advertisement for absinthe. Orders from France have increased 35 per cent since July. In spite of the fact that within two years absinthe factories will be closed, several manufacturers are enlarging their premises and accepting long contracts.

STAGE DOG-PANTHER FIGHT.

Native Sports in India Include Battle Before Thakur Saheb.

Calcutta, Oct. 2.—An unusual sight was witnessed in Rhavnagar in the course of some native sports. Specially-trained dogs of his highness the Thawur Saheb were let losse on two full-grown panthers. About 8,000 people assembled to see the event. The arrival of his highness, with the Maharani Saheba, was the signal to commence the fight. When the cages were opened the panthers slowly crept out, but, finding themselves hemmed in by such a large mass of people, they slunk back again and lay apparently watching for a chance to pounce upon the nearest bystanders. The dogs, however, on being let loose, at once attacked the panthers in a body, speedily overwhelming and killing them.

Woman Killed in Auto Crash.

Detroit, Mich., Oct. 2.—Mrs. Hattie Demer of Kalamazoo, Mich., was instantly killed; Louis J. Feis of Detroit was probably fatally injured, and several of their companions were injured when the automobile in which they were riding was struck by a street car. Mr. Feis has a fractured skull and a broken arm. Mrs. Demer's neck was broken.

BAR PRIESTS FROM WOMAN'S CONVENTION.

Detroit, Mich., Oct. 2.—The temporary exclusion of two priests from a session of the biennial convention of the Women's Catholic Order of Foresters, though it was later explained as a mistake of the doorkeepers, created a great deal of discussion. Father O'Callahan of Chicago Paulists, took the incident seriously.

"If you bar the priests from your convention," he said, addressing the delegates, "strike the word Catholic from the name you bear."

The opposition to the admission of the clergy is attributed to the keen rivalry between the administration and the anti-administration factions.

A Favorite Sundae.

A college favorite sunda efor evening gatherings is merely plain vanilla ice cream served in glass cups with chocolate sauce, into which chopped nuts have been stirred, turned over it. A favorite beverage for the evening refreshment is golden grain belt beer. The pure, wholesome qualities of this beverage have made it the one most popular among particular people. Order of your nearest dealer or be supplied by Duluth branch, Minneapolis Brewing company.

SMALLPOX WIPED OUT

No Cases of the Disease Now Exist in City.

Other Contagious Diseases Are Now Well in Hand.

For the first time in nearly two years, Duluth is entirely free from smallpox. There is not a single patient at the pest house, and there are no cases under quarantine in the city proper.

The disease has been slowly losing ground for several weeks and during the month of September there were only three cases reported to the health department. These were taken care of, and the afflicted ones have been discharged as cured.

Other contagious diseases are also pretty well in hand in Duluth. There were more diphtheria cases than any other contagious disease during the month of September. In all 101 cases of this disease were reported and taken care of by the health department. There were only five scarlet fever cases during the month, according to the monthly report of Health Commissioner Patton.

EXPELLED BECAUSE SHE WENT RIDING

Lincoln, Neb., Oct. 2.—It being the twenty-fourth anniversary of his marriage, W. J. Bryan yesterday gave over much of his time to a celebration of the event. It is not generally known, and the fact has never been published before, that Mrs. William Jennings Bryan—before she became Mrs. Bryan—was once expelled from school on account of taking a carriage ride with Mr. Bryan.

Rev. Julian S. Wadsworth, pastor of the Central Methodist Episcopal church

MRS. W. J. BRYAN.

at Brockton, Mass., accompanied them on that memorable ride. The future Mrs. Bryan was then attending Jacksonville Presbyterian academy in Illinois. Bryan and Wadsworth were students at Illinois college in Jacksonville.

The academy was a very strict institution, and the girls were not allowed to associate with the college boys. A meeting was arranged, however, and the drive was taken, and she who afterward became Mrs. Bryan was expelled from school. She was later reinstated and became valedictorian of her class as Mr. Bryan did of his. They later became engaged.

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—Robert Mantell in "Richelieu."

"OTHELLO."

Larger Audience Hears Mantell in Shakespeare's Famous Tragedy.

With a substantial increase in patronage to encourage his art, Robert Mantell gave a splendid interpretation of Othello at the Lyceum last night. His Moor was a literal reproduction of Shakespeare's lines. Othello was as black in body as the Bard of Avon painted him, as black and as white in soul as the lines and the necessity for changing passions called for. To a modern audience the possibility of beautiful, young Desdemona loving the Moor is incredulous, yet there is nothing offensive in that love as portrayed by Mr. Mantell and his company. Shakespeare's ideas are carried out with absolute fidelity to every detail, yet with a delicacy that makes the audience forget the incongruity of the love in interest in the action of the play.

Mr. Mantell and his company, as in every play they have produced this week, showed a proper conception of the lines. There were few slips in the lines; none in the action, and the play was made to move more smoothly than any the company had previously done. The dragging scenes, with which Shakespeare's plays are replete, were few in Othello, which is a relief to a modern audience, accustomed to celerity of action on the stage.

Fritz Lieber's Iago was also a conscientious effort. His playing upon Othello's jealousy was well done and, though he stumbled over his lines at one or two points, the better passages were perfect and received proper appreciation from the audience.

Miss Marie Booth Russell as Desdemona did not have opportunities to display her talent in some of the other plays of the Mantell repertoire, but she was sufficiently captivating as the young wife of the Moor. Miss Lillian Kingsbury did not win favor as Emilia, the wife of Iago, until the last act, when the mediocrity of the part in the early acts is lost and Miss Kingsbury made the most of the scene.

The settings, as usual, were beautiful and true in detail and the staging almost perfect. The strangling scene was delicately handled and the duels, while realistic, were not melodramatic.

Mr. Mantell and his company will appear in Bulwer Lytton's "Richelieu" tonight, a departure from the Shakespearean repertoire, but a piece, which has qualities worthy of Mr. Mantell's efforts to portray.

File Election Expenses.

Madison, Wis., Oct. 2.—Attorney General Gilbert has ruled, in answer to an inquiry by Senator Isaac Stephenson, that candidates for the nomination or election as United States senator are not required to file statements of campaign expenses until after the election by the legislature in January. It is expected that some of the candidates for the nomination for United States senator at the recent primary election will not file their statements until after election by the legislature in January.

Here's Luck for You!

Another big purchase, New York maker's surplus suits. Good conservative styles, choice cloths, on sale at $18.50, tomorrow, at Gray-Tallant Co.

Gauntlet Gloves

We have them—they're the thing—let's show them to you if you want swagger gloves. Women's Black or Tan Gauntlets $1.50 to $2.25 pair. Children's Gauntlets,50c pair. Come tomorrow.

Warm Fleeced Gloves 75c the pair.

59c Cashmere Hose 39c

All sizes in Women's Cashmere Stockings—the best half dollar wool hose we ever offered you. They are not the shaggy soft wool which wears out so easily.

Special Saturday 39c a Pair.

108 FINE NEW SUITS at $18.50!

These Are Fine, Practical, Conservative Styles. A New York Maker's Surplus of $25.00 and $30.00 Suits!

Careful dressers have this altogether unexpected good fortune awaiting them—and we are proud to be able to offer such an opportunity at the very dawn of the season. Now don't skip this, even though you yourself may not be interested—perhaps some one will thank you for telling them the facts!

$18.50 *The lot is a maker's surplus—unseasonably warm weather has checked trade down East—to keep his organization together, this maker made up his small lots of cloths into good, practical suits—styles which the trade would call "safe"—not extreme in any way* **$18.50**

—yet bright with all the little style touches that mark them as distinctly new, and in good taste! See them in the window!

The Materials and The Colorings Are Very Fine.

There are plain Venetians, cheviots, Serges, and Invisible Stripes and Fancy Suitings, in the best shades of blue, brown, smoke, red, black and green! They are variously trimmed with bands, braids and buttons.

The Regular Selling Prices Would Be $25 to $30.

Not a Suit in the lot would be regularly less than $25.00—and many of them would be $30.00 Suits. After examining them, you will realize that we have been careful to name the real prices at which such suits are selling right now!

The Sizes Range All the Way From 34 to 44.

Of course, there are not all sizes in each color of a style—for there are many different styles and colorings—nevertheless those who come at once will have fine choosing in all sizes from 34 to 44.

The New "Sheath" Models in W. B. Corsets!

The present styles in dress require entirely "different" corsets—and if you are careful in selecting just the right model—you'll find your figure easily conforms to the long, almost curveless lines, which fashion demands from her fair devotees.

New models in the famously good W. B. Corsets are ready. Prices range $1.00 to $3.00.

Our corset experts will assist in the selection of the very model you'd find best suited to you.

Try On Some of Our Pretty Hats Tomorrow!

What a wonderful growth we've made in our Millinery Department in the past two years. A few years ago our Millinery business was nothing to what is now is—and we ask no higher honor than that you judge our Millinery by the superb showing of hats on sale tomorrow, at—

$5.00 **$20.00**

$5.00, $6.00, $7.50, $10.00, $12.00, $15.00, $16.50, $20.00

And the showing of Pattern Hats at higher prices is elegant and exclusive! You'll appreciate the Hats if you see them. We'll not urge you to buy! We'll gladly show them to you just for the satisfaction that will come from having you advertise us to your friends!

OPTIONS ARE IN EVIDENCE

Little Progress Made in Trial of Butte & Superior Case.

A. M. Chisholm Bought Heavily of the Stock at $4 a Share.

There was little to enliven the proceedings this morning in Judge Ensign's court, where the suit of the Butte & Superior Copper company against John McAlpine for $2,000 on a promissory note is being heard. Mr. Richards, for the defense, occupied the entire session in introducing options covering the properties acquired by the Butte & Superior company, each option being read in its entirety to the jury. D. T. Jenkins, secretary of the company, continued on the stand, identifying the different papers introduced.

The attorneys had a rather impassioned argument over the question of introducing in evidence a copy of a memorandum of agreement between Amasa Peake and John F. Tracey, as trustee, the original of which could not be produced by the plaintiff. Mr. Richards contended that since the original could not be produced, he had a right to introduce a copy, but the plaintiff fought the motion on the contention that there was no evidence to show that an original had ever been signed by the parties purporting to have made the agreement. Judge Ensign took the matter under advisement.

The trial is expected to drag out the greater part of next week. Witnesses for the defense have been brought from Butte, Mont., and will testify in regard to conditions on the property. The rebuttal of the plaintiff is expected to be long drawn out, also, as the case of the plaintiff was presented with but one witness, and an effort will doubtless be made to disprove the claims of misrepresentation made by the defendant.

A. M. Chisholm, one of the men who originally conceived the idea of forming the Butte & Superior Copper company, and one of the directors elected Jan. 8, 1907, was called to the stand, yesterday afternoon. He gave some facts in regard to the early history of the organization, but his memory was rather hazy.

He said he visited Butte in September of 1906, prior to the organization of the company, and put up some money, which he supposed went to fee owners of the properties the company desired to secure. He said he later subscribed for 15,000 shares in the company, at $4 a share, and has now paid in about $40,000. He was elected a director in January, 1907, but attended few meetings of the board.

Mr. Chisholm said he didn't know anything about the nine shares which the books showed were received by the nine directors elected Jan. 8, 1907, just prior to that meeting. The books showed that the stock was charged at the rate of $5 a share, but he did not know whether he paid the money for his share or not.

Mr. Chisholm's tendency to defend his own part in the organization of the company and the judgment of those who considered the property valuable, caused several passages between the attorneys, on Mr. Richards' motion to strike out parts of the testimony.

HUGHES SPEAKS IN ST. PAUL OCT. 5.

Governor's Two South Dakota Dates Are Next Tuesday.

Chicago, Oct. 2.—The itinerary of Governor Hughes through the West and Northwest was made public in detail, at republican national headquarters today.

Leaving Chicago on Sunday, Oct. 4, Governor Hughes will make an address at La Crosse, Wis., Monday, and Monday night he will speak in St. Paul. On the 6th the schedule calls for speeches in Watertown and Sioux Falls, S. D., and in Sioux City and Omaha. Leaving Omaha at 7:30 a. m. Wednesday Governor Hughes will make a flying trip through Nebraska. His principal speechs on Oct. 8 will be made at St. Joseph, Mo., and Wichita, Kas. On the following day, the principal address will be made at Kansas City, Mo.

On Saturday, leaving St. Louis, he will return to Chicago, making addresses at various points on the way.

WATTS HEADS THE BANKERS' COUNCIL.

Denver, Colo., Oct. 2.—The executive council of the American Bankers' association met last night and elected the following: Chairman, F. O. Watts, Nashville, Tenn.; secretary, Fred E. Farnsworth, New York; treasurer, P. C. Kaufmann, Tacoma, Wash.

Obaldia Is Inaugurated.

Panama, Oct. 2.—The most remarkable political demonstration ever witnessed here marked the inauguration to the presidency of Don Jose Domingo de Obaldia yesterday. Thousands of Panamans thronged the streets, cheering the new president, and the popular enthusiasm was reflected in the warmth of his reception when, on entering the auditorium to take the oath of office, the entire audience rose and cheered him vociferously.

RHEUMATISM DRIVEN FROM THE BLOOD

A Remedy Which Assists Nature Produces a Cure Which is Permanent as This Case Proves.

Every sufferer from rheumatism wants to be cured and to stay cured.

The prospect of the return of the same old rheumatism every year is not attractive to anybody who has gone through one siege. Most treatments aim simply to "keep down" the rheumatic poisons in the blood. The tonic treatment with Dr. Williams' Pink Pills has proved by hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done the rheumatism is permanently cured and as long as the blood is kept pure and rich the patient will be immune from attacks of rheumatism.

Mrs. W. H. Amburg is the wife of a prosperous farmer living on R. F. D. No. 3, Lancaster, N. H., and about four miles from that city. She owes her recovery from rheumatism to this treatment and her statement should interest every sufferer.

"I have no idea what brought on the rheumatism," she says, "but I suffered agonies from it for about two years and for five months of that time my condition was very serious. I had severe pains through my hips, in my limbs and in the small of my back so that I was unable to stand up straight. I felt weak and despondent and lost in weight.

"Two Lancaster doctors treated me but I didn't get any better and as I had seen Dr. Williams' Pink Pills mentioned in our home newspaper, I stopped using all other medicines and began taking them. After I had taken the first box I felt that they were benefiting me and after a few more boxes had been used I was entirely free from the rheumatism. This was two years ago and I have had no return of the trouble. I have recommended Dr. Williams' Pink Pills to my friends and know of one case in which they brought great benefit."

With the fact in mind that the rheumatism is in the blood, it will readily be seen how useless it is to try to cure it by rubbing liniments on the skin. External applications may give temporary relief from pain, but to cure rheumatism you must treat it through the blood. Dr. Williams' Pink Pills have cured more cases of rheumatism than any other prescription and no sufferer should allow any prejudice to stand in the way of giving these pills a thorough trial.

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

"IN WYOMING" BIG SUCCESS.

Duluth's Own Show is Greeted by Full Houses.

"In Wyoming," the western play put on the road by H. E. Pierce & Co. of Duluth, is meeting with even better success than its promoters expected. It will be back in its home town, at the Lyceum, next Monday evening, with a record of full houses all along the line, and local theatergoers are preparing to give it the reception it deserves.

Duluthians take a friendly interest in the production, for not only is it backed by Duluth capital, but it was written by Willard Mack of the Mack-Leone company, who has attained such wide popularity at the Head of the Lakes.

Frank Patton is the only member of the Mack-Leone company in the cast of "In Wyoming," as staged under the present management. All the other actors were brought here from the East, and were picked because of particular qualifications for the parts they are now playing. So very encouraging is the reception accorded the play, that the management is contemplating sending it east next season.

Had a Close Call.

Mrs. Addie L. Croom, the widely known proprietor of the Croom Hotel, Vaughn, Miss., says: "For several months I suffered with a severe cough, and consumption seemed to have its grip on me, when a friend recommended Dr. King's New Discovery. I began taking it, and three bottles effected a complete cure." The fame of this life saving cough and cold remedy, and lung and throat healer is world wide. Sold at all drug stores. 50c and $1.00. Trial bottle free.

Mann Elected Bishop.

Washington, Oct. 2.—Dr. Alexander Mann of Trinity Episcopal church, Boston, Mass., was elected bishop of the Protestant Episcopal diocese of Washington on the seventh ballot. Bishop Breck of the Philippines, has twice declined the honor, after being elected at previous conventions. The vacancy was caused by the death of Bishop Henry Y. Satterlee. Dr. Mann is 50.

A HARD CASE

Imagine a man so low with kidney disease that he had to sit up night and day. He even had to sleep sitting up, being unable to lay in his bed or stand on his feet. Yet such was the final condition of W. R. Marquis, the well-known business man of Bartow, Fla.

He went to a sanitarium in Memphis, where he was attended by three physicians. They gave up the case and advised that he go home.

On his return he heard of and sent for the new emollient treatment.

The fourth week the heart and dropsy began to mend, and the fourth month he was walking all over the town without cane or crutches, and he permits this reference.

No matter what kidney disease is called—whether kidney trouble, Nephritis or Bright's disease—it is inflammation of the kidneys, and as the old-time futile kidney medicines are kidney excitants, you can see why they failed in his case as they have in yours.

Fulton's Renal Compound is the first successful Renal emollient thus reducing Renal inflammation, and kidney disease is now curable for the first time. Even serious supposed incurable forms yield as above.

IN DEFENSE OF HASKELL

Oklahoma Man Tells Facts About the Standard Oil Case.

Says Attorney General West Was Playing to the Galleries.

The following letter is from M. C. French, formerly of Superior, who is now secretary of the chamber of commerce at Okmulgee, Ok., and is a member of the Mid-Continent Oil Producers' association:

To the Editor of The Herald:

Governor Haskell would have been mobbed by a justly irate people if he had not acted as he did in the Standard Oil case in Oklahoma, and every commercial organization of the north half of Eastern Oklahoma petitioned and prayed him to do just what he finally accomplished, and that was to allow the Standard to proceed under its charter granted by the secretary of the interior, to build pipe lines in Oklahoma, to take care of the oil production which had grown to such colossal proportions that more pipe lines were needed to take care of it. Attorney General West was playing to the galleries when he attempted to stop the Standard from building additional pipe lines, and the supreme court of the state sustained Governor Haskell in his contention, and the president, who has done many things to commend him, either grossly and knowingly misrepresented the facts in his letter, charging Haskell with being a tool of the Standard, or he used the dignity and prestige of his position in a very careless manner. If the charges made by Hearst and the president are all on a par with the one charging Haskell with being a tool of the Standard in Oklahoma, the influence of either gentleman in the campaign from now on ought not to be very great with fair-minded people.

Only Did His Duty.

It is not my intention to point out in this letter any violations of ethics or the prostitution of the high office of president, but to say to you that Governor Haskell only did his duty for which he is entitttled to neither praise nor censure. The Mid-Continent Oil Producers' association, of which I am a member, sent delgations to him and held meetings requesting him to give us relief, so that the necessary pipe lines could be built and our oil could find a market, and this association represents upward of $130,000,000 expended in developing this great industry, and a valuation of nearly one billion dollars' worth of oil properties in the Southwest. The oil men were suffering losses every day the matter was held up in the courts, and it meant bankruptcy, for hundreds of them and it affected every wage earner, every farmer in this section, and every business man, to greater or less degree. Every commercial organization of this section of Oklahoma was aroused at the time, and every means was employed to bring relief to the oil situation. It was a fight-or-die proposition with us, and Governor Haskell stood by us, and the attack on him is a cowardly one and is condemned by every fair-minded and right-thinking man in the oil sections of Oklahoma, which cover better than one-third of the new state. The day after the decision of the supreme court, which sustained the governor, the Standard started building the pipe lines and will expend over $10,000,000 to build extensions to all parts of the field, and also to build two lines to New Orleans, and the oil men of Oklahoma will get a market for their oil.

Attitude Fair and Just.

The attitude of Governor Haskell toward the oil men has been pre eminently fair and just, no more or no less, and quite unlike the attitude of the interior department in its handling of oil matters in that part of Oklahoma which was known as the Indian Territory and over which they had control. A senatorial committee sent to Oklahoma in 1906 to hear complaints and look into the conduct of Indian affairs and the leasing of oil lands for the wards of the government expressed a surprise that capital should ever come into the country to develop the oil industry so damnable were the oppressions put on oil operators by the rulings of the interior department and sustained by the president. Their policy was one of now-you-see-it and now-you-don't-see-it and the result was at all times tending in the direction of confiscation.

If anyone ever played into the hands of the big capitalist in the oil business it has been the interior department. Ask any small oil operator what show he had here in leasing oil lands, except those which had been sold after restrictions had been removed to white men, and the small oil operator suffered and the Indian suffered by taking away that much competition for his lands. A white man's land would always bring twice as much in bonuses as the Indians' and the interior department was responsible for this condition.

Incensed at President.

We are as law-abiding as any people, but I would not care to say what would happen if the president came into this section and made the statements he made through the newspapers with reference to Governor Haskell's action in the Standard matter, in allowing them to build us pipe lines. It is sure that neither Hitchcock nor Garfield would come here after they made some of their odious rulings and from which they were forced to back water. When Garfield was appointed just prior to statehood, and when the campaign was on for statehood, he visited us and was very profuse in his promises of what he would do, and after election he outdid Hitchcock in the most outrageous rulings ever promulgated in any republic and on a par with some of those issued in Russia.

Bear in mind they are not sending Garfield or Hitchcock to Oklahoma to campaign, and I believe it wise if they want to maintain the semblance of Republican organization in Eastern Oklahoma they had better not send the president, and it would be wiser if he said less about the oil situation in Oklahoma and about Governor's Haskell's connection with the Standard. People here are mighty sensitive and it is like shaking a red rag in front of a male bovine to bring up anything about the oil business. The president's interior department is not a very agreeable subject to discuss in this neck-o'-the-woods.

Although a Democrat, President Roosevelt has been somewhat of a popular idol with me, and it is not an easy thing to have one's idols shattered.

Yours truly,
M. C. FRENCH.

THE FIRE RELIEF FUND.

Suggestion That Permanent State Association be Formed.

To the Editor of The Herald:

I note that the sum contributed for the relief of the fire sufferers is nearly double the amount required and that it has been deemed advisable to return the sum pro rata to the ones contributing. It occurred to me that it might be advisable instead of doing this to form a permanent State Relief Fund association. The amount remaining in the hands of the relief committee for the fire sufferers to be placed out on good security which could be realized on within a few days if need be, and the balance placed in some bank ready for instant use.

This fund could be made available for the relief of any city, town or village in our state that should suffer a calamity either by fire, water or wind, for we may be called upon at any time by an emergency of this sort. Those contributing could be made honorary members of the association and the mayors of the different cities that have contributed to this fund could be made active members and they could elect the necessary officers, who, no doubt, would be willing to serve without compensation with the probable exception of the secretary.

Any funds that have been contributed by cities outside of our state should be returned to them pro rata or in full, as they should not be expected to contribute to this permanent relief fund.

I do not believe that any one who has contributed to this present fund would have any objection to the plan outlined for the reason that they gave willingly and did not expect the money to be returned. Each one contributed what he could afford according to his financial condition and it would not be a burden on them in any way if the money was not returned. This would probably work to good advantage in a number of ways, for there are no doubt many times when there are cities that need aid and their wants are not brought as forcibly to our attention as when they are in our own locality and they are not taken care of as they should be, as for example the place of Clinton, Minn., where only a small amount was sent from this end of the state. It would be rather difficult to return pro rata to every person for the reason that a number contributed without giving their names and it would probably be a difficult matter to locate them, and if the money was distributed pro rata all should receive their share, but as I stated before, I am certain that no one wants his money back and that all would be more than pleased if the funds were used as I have suggested, at least that is my personal opinion.

I only make this as a suggestion and I may be wrong in my theory, but I think no one would object to this plan and I would ask the relief committee to at least consider this suggestion.

We Give Absolutely Free

With every purchase of $50 and up to $100, a beautiful Silver Dinner Service, consisting of 26 pieces—knives, forks, tea and table spoons, sugar shell and butter knife—warranted to last a lifetime.

The Imperial Universal Base Burner

GUARANTEED UNIVERSAL STOVES AND RANGES BEST IN THE UNIVERSE

The Finest Hard Coal Base Burner Made—It Has Over 300 More Square Inches of Radiating Surface Than Any Other Base Burner

And the greater the source of radiation the greater the heating power of the stove. In the Universal, as in no other three-flue stove, the flues that remove the cold air from the floor are entirely surrounded by hot air flues—no outside cold air to work against the stove.

The cut illustrates the advantages and increased heating capacity of the flue construction in the Imperial Universal. The heat travels down the two descending flues around both sides of the bottom to the extreme front of same, there uniting and returning through the center bottom flue and up the ascending back flue, thus being equally distributed over the entire back and bottom and giving it more direct radiating surface than **any other Base Burner.**

The hot air circulating flues are between the descending and ascending back flues, and the heat passes over all four sides of same, which is a feature found **only on the Imperial Universal,** and greatly increases the hot air circulation, making it the best floor heater ever made.

Read what Mr. A. Asher of Proctor says regarding his **Imperial Universal:**

I have used the Imperial Universal Base Burner in my home now two seasons and I can highly recommend it to others. It is a fuel saver and a good heater and always looks nice. As for the nickel, I think it has no equal. It is easy to clean and never tarnishes. The Universal heater will pay for itself in a short time in fuel. Yours truly,

A. ASHER, Proctor, Minn.

Our guarantee back of every stove—You run absolutely no risk in buying a Universal.

Easy Terms of Payment on Any Universal You May Wish to Buy.

We will take back your old stove as part payment on any Universal you may wish to buy. The balance can be paid in small weekly or monthly sums, arranged to suit your convenience.

TAFT SAYS MINNESOTA IS HIS; BRYAN PUSHES PUBLICITY ISSUE

Omaha, Oct. 2.—"I am going to be elected." This statement by William H. Taft sums up in a word what the candidate thinks of the effect of his speech-making tour this far. The belief is based, Mr. Taft explained, on the manner of his reception in states thus far traversed, in which there was reported to be defections among the Republican ranks.

As to the national ticket, Taft now believes there is no reason to doubt but that the Republican party will hold its own, and should this prove the case, Taft says, there is no doubt that he will get the electoral vote of Wisconsin, Minnesota, the Dakotas, Iowa and Nebraska—the states as to which the disaffection was supposed to exist.

Lincoln, Neb., Oct. 2.—W. J. Bryan has issued a statement, criticising the adoption, by William H. Taft, of President Roosevelt's views on publicity of campaign contributions.

"Mr. Taft," says Mr. Bryan, "makes the same charge the president does—astounding charge that the voters are so liable to be misled that the knowledge as to the amounts and sources of campaign contributions must be kept from them." He then adds:

"I insist that this is an insult to the intelligence of the voters, and it does little credit to Mr. Taft's judgment of the men to whom he is making his appeal"

PROSPECT NOT BRIGHT

Light Demand for Railroad Ties Means Fewer Camps.

The Season Will be Active With Pulpwood Dealers.

There will be a big falling off in tie-cutting operations the coming winter, as compared with the season of 1907-1908. So many railroad ties were left over at the end of last season, and there was such a slump in prices towards the close of the winter, owing to the fact that railroad building and improvements came to a practical standstill, that the men in the tie business suffered losses, and will hardly feel like getting into the game again this winter.

Thousands of ties were piled along the tracks last spring, for which there was no demand. Those that were taken by the railroads went at greatly reduced prices, and the hoped for profits of the season went glimmering. Early in the fall of 1907 the prospects for a heavy demand for ties, with good prices prevailing, was so very bright, that more than the usual number of camps became engaged in the industry of cutting them. This would not have been so bad if there had not been such a big falling off in demand, following the tightness of the money market, and the stoppage of railroad building.

The tie industry annually gives employment to hundreds of men in the Duluth territory, and opens a field for the small dealer in timber. Often an individual who owns a small patch of timber will employ only three or four men to help him. The settlers get out a good many ties. They do the work in their odd moments, and manage in this manner to net a tidy little sum during the winter. With the dull outlook at present, not many men will venture their money in ties this winter. There is still enough of last year's supply left over to supply a good part of the demand.

Pulpwood camps are already being established, and there will be no falling off in the number of men employed in this industry in the Duluth district. Be the times good or bad, the demand for pulpwood is always heavy, and high prices prevail. Paper is a necessity, and the mills must turn out a certain amount every year, no matter what the price of the raw product may be. Often pulpwood and ties are secured by the same camps, but this winter the attention of men in these camps will be confined almost entirely to pulpwood.

COMMENDS THE RELIEF WORK

No Room for Criticism at Chisholm, Says Mayor Haven.

Mayor Haven yesterday stated very emphatically that relief work in the Chisholm district had been carried on in a most commendable manner, and that there was no ground for criticism.

"The local advisory committee has the work directly in hand, and has investigated the needs of the people who were burned out, and none of those who lost homes or furniture have been overlooked in the plans for relief," said the mayor.

"The committee has made provision for the necessities of the sufferers in such a thorough manner that many ow the families whose homes were destroyed will be more comfortably situated in the new buildings than they were in the old homes. The fact that some of the new houses which are to be built by the relief committee will not contain a large number of rooms shows excellent judgment on the part of the committee. There will be plenty of opportunity for persons desiring to do so, to enlarge the buildings later on."

Young Roosevelt at Work.

Thompsonville, Conn., Oct. 2.—Theodore Roosevelt, Jr., has reached town and began work as office clerk in the plant of the Hartford Carpet corporation. Later he will go into the wool sorting department.

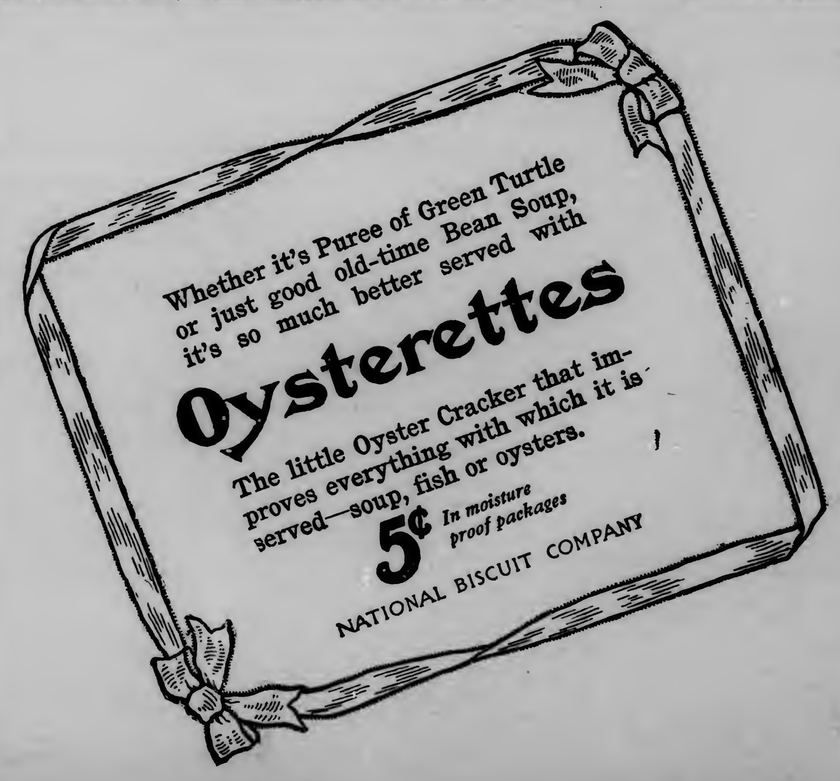

MOTHER SUES SON; LIEUTENANT GOVERNOR.

Victoria, B. C., Oct. 2.—A statement of claim has been filed in a case brought against Lieutenant Governor Dunsmuir by his mother, Mrs. K. O. Dunsmuir, claiming that the lieutenant governor since 1899 has acted as manager and agent of the family estate, including all the interests, coal mines and railways on Vancouver Island, and Vancouver Island and San Francisco business, involving about $15,000,000.

The statement holds that an account is due from the lieutenant governor. Mrs. Dunsmuir received the estate by her late husband's will, James and Alexandor afterward purchasing it for $400,000. Mrs. Dunsmuir's allegation is to the effect that the deal was put through on false representation. The defendant will enter a denial and will hold that there are no grounds upon which an accounting can be claimed.

Hundreds in Sympathy Strike.

Lynn, Mass., Oct. 2.—A general strike of the lasters at lasting machine operators in forty-four shoe factories in this city, began today as a sympathetic move in support of the lasters of the Joseph Caunt company's factory. About 800 men are out.

The Stomach Does Not Cause Dyspepsia

Neither Will It Cure It Because The Lack of Gastric Juices Prohibit Relief.

The stomach is a strong, powerful organ, which is composed of muscles of great strength. It is filled during digestion with gastric juices which, when the stomach, extending and compressing the food, dissolve it and separate the nourishment from the waste matter. If, however, these gastric juices are lacking, the stomach is not capable of digesting its food because it has not the tools with which to work successfully.

The gastric juices when in a perfect state do away with all foul odors, fermentation and decay, reduce the food to a disintegrated mass and the stomach then presses it into the intestines where another form of digestion takes place. Then the intestines take from this mass of food all that is nourishing and give it to the blood. The waste matter is thrown from the system.

If instead of nourishment the intestines receive impure deposits combined with a poisonous and imperfect gastric juice, it can be readily seen that they must turn such imperfect nourishment into the blood. The blood then being unable to give each part of the body that which it requires, becomes impoverished and disease is spread broadcast.

Stuart's Dyspepsia Tablets corrects such a condition at once. If the gastric juices are lacking and imperfect, these tablets do their work just the same. They build up the elements in the juice which are lacking and remove those elements which cause disturbance.

Meat, grains, fluids, vegetables and delicacies, in fact each portion of a large meal have been placed in a glass vial and Stuart's Dyspepsia Tablets have digested them to a perfect fluid just as a healthy stomach would do.

A large complex, hearty meal holds no terrors for a dyspeptic if Stuart's Dyspepsia Tablets are used. Abnormal eating, late dinners, rich foods cause ill effects to the stomach, but when Stuart's Dyspepsia Tablets are used one may eat when and what one will without danger of dyspepsia or discomfort.

Forty thousand physicians endorse and prescribe Stuart's Dyspepsia Tablets and every druggist carries them in stock, price 50c. Send us your name and address and we will send you at once by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

HUBBARD REPUBLICANS SELECT THEIR COMMITTEES.

Akeley, Minn., Oct. 2.—(Special to The Herald.)—The Republican nominees of Hubbard county met at the Akeley town hall on Monday with County Chairman J. H. Nixon and secretary M. M. Nygaard of Park Rapids and selected the precinct committeemen. Bert Rodman was selected for Akeley. Arrangements were made for several public meetings and on Wednesday afternoon Jacob C. Jacobson will speak in the opera house.

Is "Loaded" For Bear.

Negaunee, Mich., Oct. 2.—(Special to The Herald.)—In case another bear visits the business district, Louis Villeneuve is well prepared for all emergencies. He has fifteen guns, with bayonets attached, stacked up in the window of his place of business at the corner of Iron and Pioneer streets.

Meet After Half Century.

North Branch, Minn., Oct. 2.—(Special to The Herald.)—Mrs. Emma Carlin and her son of Boston, Mass., arrived here last week to spend a week or more visiting S. L. Runyan and family. Mrs. Carlin is Mr. Runyan's cousin, and they had not met for fifty-one years. Before coming here Mrs. Carlin had made a short visit in St. Paul.

HOW I TOOK MY WRINKLES OUT

After Facial Massage, Creams and Beauty Doctors Had Failed.

BY HARRIET META.

Trouble, worry and ill-health brought me deep lines and wrinkles; I realized that they not only greatly marred my appearance and made me look much older, but that they would greatly interfere with my success, because a woman's success, either socially or financially, depends very largely on her appearance. The homely woman, with deep lines and furrows in her face, must fight an unequal battle with her younger and better-looking sister.

I therefore bought various brands of cold cream and skin foods and massaged my face with most constant regularity, hoping to regain my former appearance. But the wrinkles simply would not go. On the contrary, they seemed to get deeper. Next I went to a beauty specialist, who told me she could easily rid me of my wrinkles. I paid my money and took the treatment. Sometimes I thought they got less, but after spending all the money I could afford for such treatment, I found I still had my wrinkles. So I gave up in despair and concluded I must carry them to my grave. One day a friend of mine who was versed in chemistry made a suggestion, and this gave me an idea. I immediately went to work making experiments and studying everything I could get hold of on the subject. After several long months of almost numberless trials and discouragements, I finally discovered a process which produced most astounding results on my wrinkles in a single night. I was delighted beyond expression. I tried my treatment again, and to behold! my wrinkles were practically gone. A third treatment—three nights in all—and I had no wrinkles and my face was as smooth as ever. I next offered my treatment to some of my immediate friends, who used it with surprising results, and I have now decided to offer it to the public. Miss Gladys Desmond of Pittsburg, Pa., writes that it made her wrinkles disappear in one night.

Mrs. M. W. Graves of Bridgeport, Conn., states: "There is not a wrinkle left, my friends say I look twenty years younger. I consider your treatment a godsend to womankind." Mrs. James Barss of Central City, S. D., writes: "The change is so great that it seems more a work of magic."

I will send further particulars to any one who is interested, absolutely free of charge. I use no cream, facial massage, face steamings or so-called skin foods; there is nothing to inject and nothing to injure the skin. It is an entirely new discovery of my own and so simple that you can use it without the knowledge of your most intimate friends. You apply the treatment at night and go to bed. In the morning, lo! the wonderful transformation. People often write me: "It sounds too good to be true." Well, the test will tell. If interested in my discovery please address Harriett Meta, Suite 813E, Syracuse, N. Y., and I will send you full particulars.

NEWS OF THE NORTHWEST

OLDEST OF SHOWMEN

P. A. Older, Nearly 100, Veteran in Sawdust Ring, Dead.

Once With Barnum, and Rich, He Lost About All.

Anoka, Minn., Oct. 2.—(Special to The Herald.)—After years of traveling through the country under canvas, journeying in a wagon long before the railroads had reached the towns in which they were exhibited, P. A. Older, nearly 99 years old, helpless and infirm, the oldest living showman in the United States, died Wednesday night at the home of his daughter, six miles from here.

Mr. Older once owned his own show and traveled through the Middle West in the '40s with the first circuses to visit this section of the country. He joined the old Mable aggregation at Delevan, Wis., in 1849, when performances were given in the evening by the light of candles stuck in wooden frames and hung around the centerpole. The John Robinson shows were forced to use negroes standing around the ring with pine torches, and the smoke was so bad that it nearly drove the audience away.

In the early days billposting was unknown and printed announcements of the coming of the circuses were pasted up with tacks by the pioneer advance agents. The first lithographs were used in 1851.

Before Minneapolis Was Named.

Older showed in Minneapolis in 1857, when the town was called St. Anthony, and later he allied himself with Yankee Robinson in enterprises in the East. In 1872 he rented a lot from Potter Palmer, about two blocks from where the Palmer house now stands, and started the Yankee Robinson Zoological garden.

In the latter part of 1876 he joined his show to P. T. Barnum's before that enterprising showman's name was worth millions in the advertising line. Later he went to his home in Independence, Iowa, and took a lot of horses and cages and started a twenty-six car show from New Orleans.

He had made $150,000 when the show struck Shreveport, La., where it was quarantined for yellow fever. The 250 head of stock and all the performers were forced to stay there three months and Older lost his entire fortune and was forced to go through bankruptcy.

He tried several ventures after that but none succeeded, and, after taking out a show in 1881, he retired from the business to live with his daughter and her husband.

MAKES FATAL MISSTEP.

North Dakotan Falls From Hayloft and is Killed.

Devils Lake, N. D., Oct. 2.—At Edmore, John Christianson, who slept in the loft of a livery barn, made a misstep and fell to the ground floor, breaking his back. Although the man was fatally injured and his limbs paralyzed as a result of the fall, he was brought to Devils Lake in a dying condition, living but an hour after he was carried into Mercy hospital.

The unfortunate man was 45 years of age and single. He has relatives living in the vicinity of Edmore.

MAY COMBINE TWO ROADS.

Latest Scheme on Fargo-Dilworth Electric Road.

Fargo, N. D., Oct. 2.—(Special to The Herald.)—While there has been nothing definitely decided in the matter, it is possible that the proposed electric railway to Dilworth, Minn., may be combined with the Northwestern Interurban line, which it is proposed to build from Fargo to Detroit, Minn., and it is also likely that committees from the two proposed lines will get together and see if an understanding can be arrived at.

The committee from the joint committee of the Fargo and Moorhead Commercial clubs which was appointed at a meeting of the joint committee to go to St. Paul to confer with the officials of the Northern Pacific railroad for the purpose of finding out if that road will assist in the construction of the line, will probably make the trip next week. The trip of the committee has been held off for the purpose of seeing what the Northwestern Interurban line proposed doing.

SEEKS RECREANT SPOUSE.

Bismarck, N. D., Oct. 2.—(Special to The Herald.)—Mrs. Fred Scherer of Manitowoc, Wis., writes to North Dakota officers to have her husband located. She says Fred Scherer and Lucy Le Claire eloped from that place and are thought to be somewhere in North Dakota. She describes her missing husband as "wearing a black suit, stiff hat, fair complexion, light hair, shows his teeth when he laughs and wears one gold crown, tries to act smart and talks a lot."

"The girl," she says, "is dark, little turn-up nose, not good looking and slim."

The description is so meager that the lady is unlikely to locate her runaway spouse.

CHEAPER MINNEAPOLIS GAS.

Company Formed to Furnish It at Eighty Cents.

Minneapolis, Minn., Oct. 2.—(Special to The Herald.)—Manufacturers of Minneapolis have organized a company known as the Peoples Gas Light & Fuel company that will build a $1,000,000 plant to give this city gas at the rate of 80 cents or less a thousand feet. The preliminary plans have been already drawn by Jager & Strays, and will be presented to the executive committee of the new organization.

The proposed plant of the new company will have a capacity of 500,000,000 cubic feet and it is planned to have it equipped and manufacturing gas within two years.

The manufacturers of Minneapolis who are at the head of the organization believe that the people of the city have been paying too much for gas and it is their intention to build a plant that will be able to furnish fuel for not to exceed 80 cents a thousand.

PRES. NORTHRUP HONORED.

His Seventy-Fourth Birthday Fittingly Observed.

Minneapolis, Minn., Oct. 2.—Two thousand students of the University of Minnesota assembled Wednesday morning at 10:30 in the university chapel, for the purpose of paying their respects to their president. Wednesday marked the 74th anniversary of President Northrop's birthday, and also the 47th anniversary of his marriage. Mr. Northrop was presented with an imported Italian bronze ink well.

At the end of the ceremony, President Northrop advanced to the edge of the platform, and in a voice trembling with love and emotion expressed his gratitude for the tribute.

APPEAL TO HIGHEST COURT.

Northern Pacific to Carry Case to Supreme Court.

St. Cloud, Minn., Oct. 2.—(Special to The Herald.)—The Northern Pacific Railway company has served a notice of appeal to the United States supreme court in the famous Fred Waas case. This is the case which involves several thousand acres of land, located in Todd and Morrison counties. The company claims ownership to a large number of valuable farms on an old land grant. The farmers who had spent thousands of dollars in making improvements on their property, put up a fight on the case and retained P. B. Gorman of this city to look after their interests.

In the answer filed by the defendant settlers, they deny all of the claims made by the Northern Pacific. The company then filed a demurrer to these claims.

The case came up before Judge Taylor, at Long Prairie last fall, and the demurrer was then overruled. An appeal was taken to the supreme court, and the settlies again won.

WOULD BEHEAD ENEMY.

Sensational Charge Against Copper Country Man.

Houghton, Mich., Oct. 2.—(Special to The Herald.)—John Lassila of South Range has been held to the grand jury on the charge of assault with intent to kill, the specific allegation being that he attempted to cut off the head of Issa Martikkala at the Copper Range station in South Range during a personal encounter.

Martikkala escaped before he lost his head, but he sustained serious wounds.

JAMES J. HILL'S GIFT TO MINNESOTA COLLEGE.

Minneapolis, Minn., Oct. 2.—(Special to The Herald.)—A gift of $6,000 has been made by James J. Hill to Minnesota college for a new building, to be erected on the grounds at Harvard and Delaware streets.

The present quarters of the college have long been inadequate for the needs of the institution and subscription work will be started at once to procure sufficient funds with which to erect a large first-class building with auditorium and class rooms. It is hoped to have the structure completed in time for the opening of the 1909 term.

ESCAPED LUNATIC IS CAUGHT IN ST. PAUL.

St. Paul, Minn., Oct. 2.—(Special to The Herald.)—Miss Anna Newman, who escaped from the Rochester insane asylum three weeks ago, was taken in custody Thursday while entering a jewelry store, at 387 Robert street. The police had been notified of the escape, and today she was seen on the street. She called at the jewelry store in the morning and promised to return in the afternoon. When she arrived Patrolman Costello was there to secure her. The woman put up a violent resistance, but was finally overpowered and taken to the county jail.

CONGREGATIONALISTS TO MEET AT FARIBAULT.

Faribault, Minn., Oct. 2.—The General Congregational Association of Minnesota will hold its fifty-third annual meeting in Faribault on Tuesday, Wednesday and Thursday of next week. The thirty-sixth annual meeting of the Minnesota Congregational Women's Home Mission society will also be held on the same date. The general association meets in the Congregational church, while the ladies meet in the Methodist church.

FULL BLOODED INDIAN ADDRESSED THE DEANERY.

Brainerd, Minn., Oct. 2.—(Special to The Herald.)—A very profitable and pleasant meeting of the Mississippi Valley deanery was closed Wednesday evening at St. Paul's Episcopal church. Bishop Morrison of Duluth was present, together with twelve of the clergymen of the deanery, which includes nearly twenty counties in Central and Western Minnesota. Among the delegates was Rev. Fred W. Smith, a full-blooded Chippewa Indian, who spoke on the work done by the Episcopal church among the native American race, and especially the Chippewas.

Mail Carrier Takes Life.

St. Paul, Minn., Oct. 2.—(Special to The Herald.)—Charles B. Jacobson, 40 years of age, 1935 St. Anthony avenue, for the past eight years a mail carrier, committed suicide at his home by drinking the contents of a vial of carbolic acid early yesterday. Ill health prompted the deed. A wife and one child survive.

Blames Railroad For Fire.

Iron Mountain, Mich., Oct. 2.—Alleging that an engine spark was responsible for fire which destroyed his home and barns, Antoino Ozello, a farmer living four miles north of Iron Mountain, has brought suit against the Chicago, Milwaukee & St. Paul Railroad company. He asks damages in the sum of $5,600.

Two 2 grain Quinine Capsules a Cup of Hot Water and one

Blackburn's CascaRoyal-Pills

TRADE MARK

Will Check a Cold in a Few Hours.

PENINSULA BRIEFS

Negaunee—Alderman Charles Johnson has purchased Dr. H. S. Smith's residence property, and will occupy it with his family as soon as the doctor's family moves to Ishpeming.

Ishpeming—There were thirty-six deaths in September, or six more than had occurred in any previous month this year. Fifteen of the deaths last month were infants under 1 year of age, two were 1 year and two were 2 years.

Marquette—Dr. O. G. Youngquist was operated on Wednesday at St. Luke's hospital for inflammation of the gall bladder by Dr. S. M. Janes. The operation was rather a serious one, but Dr. Youngquist came out of it in a very satisfactory manner.

Calumet—Calumet council, No. 1492, Knights of Columbus, will celebrate the anniversary of the discovery of America by Columbus with a promenade at the Light guard armory on the evening of Oct. 12. The Calumet & Hecla orchestra will furnish music for the occasion.

Houghton—Archie McLeod, for some time bookkeeper for the Trimountain Mining company at the mine office, has left for Ann Arbor to take a course in dentistry. He is succeeded by Wilfred Holman.

Iron Mountain—John Anderson, a Homestead farmer, is dead here from the injuries he received in a runaway accident several weeks ago. He was about 50 years old, and is survived by a wife and three children.

Hancock—On Sunday, Oct. 26, will occur the thirtieth anniversary of the organizing of the St. Joseph's society in the city of Hancock, and a committee of members is now arranging for the observance of the occasion.

Houghton—The new cooking school started recently in Houghton is now in running order, and the classes have had their first lesson. This department is in the basement of the high school building.

Hancock—Contractor Fred Kinville has recently completed the erection of fifteen new dwelling houses at the Quincy and Franklin locations, on which which he has been at work during the past summer. All are good-sized structures and modern in every respect.

Calumet—Announcement is made of the coming marriage of Miss Mary Alberta Lull and Rutherford Birchard Seligman, both of North Tamarack. The wedding will take place Oct. 17 at North Tamarack.

Houghton—A reunion of the Epworth league societies of Trimountain, Painesdale, Atlantic and Baltic will be held Saturday evening in the Baltic M. E. church, several hundred members being expected to attend. A social and instructive evening is being arranged.

Laurium—In the windows of the Laurium Hardware company may be seen an old flint-lock gun, which was manufactured in 1765 in Germany, the property of Peter Brown, in whose family it has been for over six generations.

Negaunee—John Larson, a Finnish laborer, who has been employed as a section hand in the local yards of the Chicago & Northwestern Railway company, died Monday evening, after a brief illness. He was about 50 years of age and had not been a resident of Negaunee very long. The funeral was held Wednesday afternoon.

DAKOTA BRIEFS

Minot, N. D.—The city council Monday passed a resolution declaring the graveling of Main and First streets necessary, and the work will be started as soon as the contract is let.

Fargo, N. D.—General Secretary Charles Allen of the Y. M. C. A. received a letter Wednesday from N. B. McAllister of Yellow Grass, Sask., saying that his brother, Lachlan McAllister, 26, formerly of Fargo, had died at Harrison, Ida., on Sept. 24.

Minot, N. D.—James Kennedy of Fargo was awarded the contract for the construction of about a mile of sewer in the Magic City, having made the lowest bid by more than $1,000.

Jamestown, N. D.—Lieut. Henry C. Pratt, Fourth U. S. cavalry, has left his station, Fort Snelling, for Jamestown, where he will be engaged for the next sixty days in the preparation of a progressive military map of the country around Jamestown.

Fargo, N. D.—The first issue of the Weekly Spectrum, the official student organ of the agricultural college, for the fall term of school was off the press Wednesday morning and compares favorably with the sheet last year.

Bismarck, N. D.—Judge W. H. Winchester is in Carrington, where he is holding a term of court for Judge Burke.

Grand Forks, N. D.—Rev. J. K. Burleson of this city is scheduled to read a paper before the meeting of the Red River Valley deanery, diocese of Duluth, which will meet at Detroit, Minn., next Wednesday and Thursday. He has been assigned the topic, "The Priestly Soul."

Bismarck, N. D.—Ed Higby left for Huron, S. D., Tuesday, being transferred to the United States survey general's office at that place. Mr. Higby has been in this section long before Bismarck was started. He was chief clerk on one of the boats of the Colston line that used to ply on the waters of the Missouri river.

WISCONSIN BRIEFS

Janesville—Fire Thursday originating from candles on the chapel altar at Mercy hospital caused a scare among the patients. The chapel was almost destroyed.

Madison—Probably 4,800 students, an increase of 500 over last year, will be enrolled by the state university, according to figures at the registrar's office.

Sheboygan — Katherine Bennenberg, aged 80 years, was frightfully burned when a lamp exploded while she was reading. She will die.

Neenah—Another important commercial and refuge harbor has been completed on Lake Winnebago at Brothertown, on the east shore. The work cost nearly $10,000.

Ladysmith—The bank robbers who Tuesday looted the State bank here, have safely effected an escaped, though the sheriff and his posse, who were in pursuit, have not given up the chase.

Chippewa Falls—A movement has been launched to ask the coming state legislature to take over the Northern Wisconsin state fair by the state and run after the manner of the state fair in Milwaukee.

Eau Claire—About 250 persons attended the convention of the Wisconsin Funeral Directors' association Wednesday. Prof. Eckels demonstrated with a cadaver. The choice for the next place of meeting is between Milwaukee and Oshkosh.

Manitowoc—Burglars robbed the safe of the Cato postoffice in the store of W. N. Killen Tuesday night, securing a valuable registered letter.

MINNESOTA BRIEFS

St. Cloud—Frank Baldwin, a farm hand employed near Marty, was seriously injured as a result of a fall from a barn. The man had gone on to the barn to repair a weather vane. As he was getting down he slipped off the roof and fell thirty feet to the ground, breaking a leg and being bruised.

Stillwater—One hundred and twenty-five new spinners and other machinery for the state's new twine factory have arrived The new machinery will increase the capacity for the prison twine plant to 19,000,000 pounds annually.

Perham—The price of clover seed has dropped, the large seed houses now paying $5 per bushel. There seems to be a big crop this season, notwithstanding earlier reports that large clover fields had been killed out last winter.

New York Mills—The work of raising a relief fund for the iron range fire sufferers has been going right along, and up to date the fund from New York Mills totals up to $106.30.

Moorhead—District court will open in Clay county on Oct. 12. There will be the usual number of cases upon the calendar.

St. Cloud—Joseph Seibert, superintendent of the city waterworks, is laid up at his home from the effects of an accident which badly burned his face while handling molten lead, and which nearly resulted in the loss of his eyesight.

Cambridge—Engineer C. A. Forbes was in Cambridge Sunday, and gave to Auditor Grift the final estimates on ditches 6 and 7, the former being the Stanford ditch, the latter the Lake Elizabeth ditch.

Brainerd—The fire department was called out Monday night by a fire in the wood shed of Jacob Kaupp on South Ninth street. While that was burning, a fire was discovered in a vacant barn a block or so distant. According to the members of the department, there is a suspicion of incendiarism in both cases.

North Branch—Charles O. Boswell left Tuesday for Deer River, Minn., where he has secured a position with J. M. Baker & Co.'s department store. Mrs. Boswell will join him there within a few days.

Stillwater—Frank Stricker has been committed to the county jail for sixty days by a justice of the peace of Forest Lake for repeated intoxication. He is known to the police of St. Paul, and is said to have been implicated in a saloon disturbance in Forest Lake.

Albert Lea—James J. Hill was the attraction at the Freeborn county fair Tuesday, and there was an immense crowd present to greet him. He spoke for nearly an hour and held the closest attention of all.

Fergus Falls—The barn on the Plinitz farm, in the town of Western, was burned during the night, together with 800 bushels of oats and large quantities of hay. Six of the horses perished in the flames. The origin of the fire is unknown.

Minneapolis—The public inauguration of Dr. Frank Nelson as president of Minnesota college, Harvard and Delaware streets southeast, will take place the evening of Oct. 10 at St. Paul's Lutheran church, Fifteenth avenue south and Twenty-eighth street.

The assortment includes plain black mercerized brilliantines, navy blue and brown mercerized cloths; plain white batiste, laundered collars; light colored plaids, laundered collars; dainty pink and light blue Waists. Not a waist in the lot worth less than $1.50, and many striking values at $2.00; choice..... 98c

MAGNIFICIENT SUIT VALUES

This is the Suit season of the century. And this is the Suit store of Duluth!

Imagine Suits selling at the rate of 10 to 25 a day! Can any other store boast of such magnitude volume of suit business? Where lies the secret of this? Here it is:

BUY $20.00 SUITS FOR $12.50

AND $20 SUITS they really are! All-wool cloth, strictly man-tailored, latest trimming effects, silk lined and all popular colors, including black.

Here is a second stunner:

BUY $25.00 SUITS FOR $19.50, $18 and $15

Beautiful creations, splendid materials, excellent tailoring, perfect fit; Skinner's satin linings, not cheap garments by any means, but the price is cheap. Navy, brown, green, gray, fancy striped and mixtures.

$35.00 SUITS FOR $22.50

Just look at the $35 Suits in the high priced shops, then you will buy ours at $22.50 without a murmur. Such handsome materials, such styles, yes full of style and the fit is perfect. You are simply wasting your money if you still persist in buying at the high priced establishments.

Do you still wonder why we sell so many suits? We hope not.

FURS have made their formal appearance. A goodly selection of Japanese minks, blended squirrels, opossums and coneys

BROWN CONEY FUR SET, muff and 60-inch scarf, per set $3.98

GENUINE BROWN OPOSSUM SET, large muff with two heads, long scarf, per set $8.50

SALE OF SKIRTS

THAT ATTRACTED MANY—Last Saturday was the busiest Skirt day we have had since the store was established. Although very little advertising space was used in announcing this skirt sale scores of women kept the saleladies busy throughout the day buying skirts.

People have learned to know that

WE DO AS WE ADVERTISE

There is still a good assortment of skirts which are being sold rapidly, at the following scale of prices:

$5.00 Skirts at $2.98

SERGES, PANAMAS, etc., brown, black, gray and others, taffeta trimmed or plain, all sizes. Choice..... $2.98

$6.00 Skirts at $3.50

BROADCLOTHS AND PANAMAS, trimmed with 3 bands of wide silk taffeta on the sides, circular flare or pleated, button trimmings; also plain tailored. Choice. $3.50

$8.50 Skirts at $4.95

A fine assortment of either Voiles or Panamas, black, navy and brown, two wide and six narrow taffeta bands, very handsome skirts; regular value $8.50, for... $4.95

A MODERN ROMANCE OF THE SEA.

If there are folks that believe that all the sea romances have ended, and that they are to be found only in the pages of more or less impossible nautical novels, the recent parlous incidents that beset the British steamship Acon and her passengers and crew in the pathless seas should reassure them.

The Acon sailed from San Francisco for Sydney, Australia, July 6. Until the other day the vessel had been given up for lost, reinsurance having advanced to a prohibitive figure. Well, she was lost, and this is what happened to her crew:

July 18, at 10 o'clock in the evening, Capt. Downie of the Acon found that he was out of his course. He was then a thousand miles south of Honolulu and close to the equator. He knew that he should be within a hundred miles of Christmas island, a tiny atoll. He did not know, however, that the outer reef of the island was at that moment under his keel, and that he would strike within ten minutes. It was all over with the vessel when she grounded on the sharp coral reef. She had seventy-five people aboard, including passengers, and a big cargo of canned salmon.

It was a night of pocket blackness, but fairly calm, and the captain managed to get every soul to dry land in the ship's boats. There were Chinamen in the crew, and they immediately set up a mutiny, so that the white men, and even the women, had to work in preparing shelter and in saving enough of the ship's cargo to forestall hunger.

There are no people on Christmas island, and it is out of the course of ships. The food problem soon became acute—probably even those most fond of canned salmon got enough of it—and besides there were the mutinous Orientals to be watched. A hundred miles away was Fanning island, a coral reef that ships visit and that has a cable station. Capt. Downie and his shipwrecked companions decided upon a course of action. They couldn't stay on Christmas island, and nobody would come to take them off. So they rigged up one of the ship's boats with an engine which one of the mechanics got together out of pieces from the Acon's cargo. Five men got into this boat and headed out to sea. The boat promptly hit a rock and went to pieces. Nothing daunted, the plucky community at once built another, which got over the bar and after a few days of hard going reached Fanning island. There the cable informed San Francisco and the world about it.

Yesterday came the news that the Acon's passengers and crew had been rescued by the steamer Manuka of the Australian line of the Canadian Pacific, and taken to the Fiji islands on their way to their homes. Also, a story published in The Herald last night showed that among the passengers of the wrecked vessel was Rev. Bower Reynolds Patrick, formerly of Duluth and now a chaplain in the navy, with his wife, and that only twenty-four hours before rescue appeared, Mrs. Patrick gave birth to a fine baby girl. Everybody is well and happy, so you see it has all come out happily in the end; and it is a safe bet that few of the marooned people will order canned salmon for awhile.

INEXCUSABLE CARELESSNESS.

At the recent primary election in Duluth the ballot box in the Third precinct of the Seventh ward received 143 votes for C. E. Adams for county attorney and 225 votes for John H. Norton for the same office.

The election board, in counting these ballots, credited Adams with 168 votes and Norton with 190 votes. The actual vote cast gave Norton a majority of 82 votes, and the official returns gave him a majority of only 22, a difference of 60 votes.

Upon the official returns of the county the canvassing board declared Norton nominated by five votes. This being an infinitesimal margin in a total of more than 14,000 votes, Mr. Adams contested the nomination and secured a recount. That recount revealed the amazing error made by the election board in the Third precinct of the Seventh ward, besides minor errors in many other precincts.

The expense to which the county and the two candidates for county attorney have been put is due entirely to the negligence of this one election board. If it had not made this inexplicable mistake there would have been no recount.

The authorities that select election boards must see the need of making that selection more carefully in the future. Too much depends upon this work to trust it to careless and incompetent men.

BALLOON LAW IN 1822.

Recently an aeronaut, by misfortune, landed unexpectedly and precipitately in a stranger's garden. He did no damage himself, but a curious crowd poured in to witness the affair, and did much injury by trampling down the plants and vegetables growing there.

Out of this has grown an interesting legal speculation. The gardener has suffered damages. Who shall pay them? The aeronaut did not do the damage, though his presence in the garden drew the crowd that worked the harm. The crowd, as crowds will, dissolved into its component particles and has vanished beyond the reach of the law. The judge before whom this problem has come is puzzling over it mightily, and he scans the horizon in vain for help.

If the Wrights and others keep up their present pace, and are not all killed before complete success in aviation is attained, presently the sky will be full of navigators of the air, and, as some of them are sure to tumble and do damage to property as well as to themselves, it may not be long before there is a whole library of law on the subject, so that no judge need worry about the scarcity of precedents. However, it seems that there is a precedent for the very case mentioned. A correspondent of the Chicago Journal cites the case of Guille vs. Swan, reported in volume 19 of Johnson's New York reports, page 381. As related in the decision, the facts are very similar to the modern case that is puzzling the justice referred to. Guille, in 1822, ascended in a balloon, and dropped into Swan's garden. As he descended his body was hanging out of the car of the balloon in a perilous manner, and he called for help. A crowd swarmed into Swan's garden, and in helping the aeronaut did damage to vegetables and flowers. The balloon dragged a considerable distance, and Guille himself did damage amounting to $15. The crowd did more, however, and the total damage was $90. The jury gave Swan a verdict for that amount against Guille, and the aeronaut appealed.

Chief Justice Spencer of the supreme court, in handing down the decision, said: "I will not say that ascending in a balloon is an unlawful act, for it is not so; but it is certain that the aeronaut has no control over its motion horizintally; he is at the sport of the winds, and is to descend when and how he can; his reaching the earth is a matter of hazard. He did descend on the premises of the plaintiff below, at a short distance from the place where he ascended. Now his descent, under such circumstances, would ordinarily and naturally draw a crowd of people about him, either from curiosity or for the purpose of rescuing him from a perilous situation; all this he ought to have foreseen, and must be responsible for. Whether the crowd heard him call for help or not is immaterial; he had put himself in a position to invite help, and they rushed forward, impelled, perhaps, by the double motive of rendering aid and gratifying a curiosity which he had excited." The supreme court held the aeronaut liable for all damages, including those done by the crowd, and thus a precedent was established for modern courts to reflect upon when aviation becomes so popular that gardens will be in greater danger than they are now.

DANGEROUS ALLIANCES.

While the president is laboring so valiantly to rescue his heir-apparent Judge Taft from the political dangers that beset him, he would do well if he gave some attention to redeeming the organization of the Republican party from the stigma of its responsibility for Cannon and Cannonism.

Since no single man did so much to delay and defeat the Roosevelt policies, the public would probably be disposed to give anything the president had to say on that subject due weight. The people recognize that Roosevelt and Cannon are at two far-separated poles of political thought. They have stood with Roosevelt and against Cannon, and now they would like to have Roosevelt stand with them and against Cannon.

Yet while there is reproach for Foraker, who has been convicted, for Haskell, who has been accused, and for Bryan, who has given Roosevelt far more support than Cannon ever did, there is not a word of reproach for the vice regent of plutocratic greed, not a hint of repudiation of the man or his policies.

Far from that, the country has witnessed the spectacle, within a day or two, of the president's son-in-law, Congressman Longworth, accompanied by the Republican candidate for vice president, participating in a rousing rally in Cannon's congressional district, at which they joined in asking the voters of the Danville section to return to congress that grand old Roman, Jo-uncle Cannon. This was to be expected, perhaps, of Sherman, for he is a mere echo of Cannon; but it was hardly to be expected of the son-in-law and supporter of the president, and it does not tend to help the Republican cause in the least.

A GHOULISH FRAUD.

It is now conclusively proved and even admitted that the letter alleged to have been written before his death by the late Grover Cleveland, in which he compared Taft and Bryan and predicted the election of the former, is a rank forgery. This was suspected by many from the first, and Henry Watterson of the Louisville Courier Journal is now justified in the philippics he published against the use of such contemptible trickery.

The letter was hawked about Newspaper Row in New York by one Broughton Brandenburg, a magazine writer. This is the man whom Samuel Gompers accuses of approaching him with offers of bribes in behalf of an organization opposed to union labor. All of the New York newspapers to which it was offered refused it except the Times, which published it and vouched for its authenticity.

Now, after the letter had been spread broadcast, and after the Republican national committee had issued it as a campaign pamphlet, the Times admits that the letter is a forgery. Mr. Hastings, the executor of Cleveland's estate, has pronounced it a fraud, and John G. Carlisle, a lifelong friend of the late president, supports this verdict so strongly that the incident may be said to be closed, so far as any doubt about the fraudulence of the letter is concerned. The New York World, to which Brandenberg offered it, quotes Brandenburg himself as now admitting that it is a forgery. There is still much mystery about it; there are stories of eminent men being involved in the fraud, and perhaps the whole story will never come out. The Republican national committee has withdrawn the pamphlets that it sent out containing the letter.

There seems to be a disposition to drop the matter, but it will be a wretched failure of retributive justice if it is not pushed to its logical conclusion, which is the discovery and punishment of the forger. By all odds, this is the most contemptible and disgusting political fraud ever perpetrated in this country. To rifle the grave of a dead statesman before the grass has grown freshly over the mound that covers him, and to saddle upon him an utterance which he never would have made, after he has passed from the world of the living and when he can no longer defend himself, is vile and shameful beyond expression. Somewhere back of the incident is a pitiful literary ghoul, who couched the letter in phrases strongly reminiscent of Cleveland's rather turgid style. This man should be exposed to the contempt of the naton, and then whipped beyond the pale of decent associations. Perhaps, too, there is somebody of greater eminence who has abetted the fraud in the hope of turning a political trick. If there is, he too should be exposed and made to suffer the scorn he deserves. Mr. Hastings, the executor of Cleveland's estate, refuses to say more than that the letter is a forgery, and adds: "I am not at liberty to say anything. There are too many persons involved."

Somebody should be made to tell the whole story, no matter how many persons are involved, or how eminent they may be. If nobody else will take it up, the newspapers that were deceived into its publication should have self-respect enough to probe the trick to its rotten depths.

HOTEL GOSSIP.

A. H. Powers of the Smith-Powers company, one of the large logging companies of the West, was at the St. Louis hotel yesterday. It is the company in which Mr. Powers is interested that is supplying logs to the C. A. Smith sawmill, the largest mill on the coast.

The contract upon which the Smith-Powers company is working at the present time is one of the biggest contracts ever made on the coast, and requires the cutting of an immense tract of timber.

In speaking of conditions upon the coast, Mr. Powers stated that there has been some improvement in the lumber situation. The lumbermen are shipping more lumber, although at the present tariff on lumber Mr. Powers says it is not profitable to ship the lower grads stuff.

For instance, Mr. Powers says that the lumber dealers can ship the higher grade of lumber to the Northwest, such as the best pine, spruce and clear lumber, at a profit. The price upon this class of lumber is much higher in the Northwest than it is on the Pacific coast. The lumber dealers of the coast can bid under the price of lumber here, pay the heavy freight charge on the lumber and then make a profit on the transaction. However, Mr. Powers states that this only applies to the higher grade lumber.

He states that at the present time the Pacific coast dealers find it impossible to ship low grade lumber here and realize a profit, because of the high freight tariff upon that commodity.

However, according to Mr. Powers, many of the mills that were closed down during the panic of last October have resumed operations, and the cutting of timber has become quite general. Where many mills continued operations despite the business depression, but on a curtailed scale, they have enlarged their operations, have increased their output, and are employing more labor.

Mr. Powers says that there is an increased demand for lumber, due to the increase of general business, railroad building, etc., and that when the election has been settled the lumbermen look for a still greater increase in the demand for lumber. He says that until the election is settled there will be no heavy buying. In other words, the trade will buy just enough to satisfy its immediate needs. There will be no stocking ahead. This hand to mouth buying has resulted in poor business, but the lumbermen are inclined to the belief that the passing of election will see a decided change for the better in the lumber situation.

* * *

The scarcity of farm labor, down in Iowa, according to J. A. Coleman, a land dealer from that state, who is at the Lenox, has resulted in much of the farm land being offered for sale.

"Until farm labor became so scarce," says Mr. Coleman, "the farmers of Iowa had no trouble in working every acre of their farms. Now the case is different. When the scarcity of farm labor began to have its effect, many of the farmers, who had larger farms, split up their farms and rented part of them. Then when the scarcity of labor became even greater they found it harder to rent the land.

"The scarcity of farm labor has resulted in more stock raising in Iowa. Of course, Iowa was a great stock state, even before the scarcity of labor, but the inability to secure men has resulted in an increased cattle raising on the part of the farmers. Iowa is considered the greatest cattle state in the Union. There will be even more cattle raised in Iowa in the future.

Land is worth $100 an acre, but the farmers can't sell just now. There is quite a bit of idle land down there, good land that the farmers cannot realize a fair price upon. This condition will not last forever, we hope, but just now the scarcity of labor is hurting the sale of land in Iowa."

* * *

A citizen, who hails from Northfield, the town where Joel Heatwole is still firmly entrenched in the admiration and affection of his fellow townsmen, stated yesterday at the St. Louis that the cause of the Republicans had not been materially boosted among the voters of Northfield by the visit of Dar Reese.

Striking one of his dramatic poses, reaching the climax of his oration, Mr. Reese pointed in the direction of the sanctum where Joel labors and exclaimed:

"You want to put that old anarchist out of business."

Dar said some more things, according to the citizen at the St. Louis, but that one brief sentence gives the tenor of his remarks. As the good people of Northfield are rather fond of Joel Heatwole, it can be seen that the votes of the Republican party have not been increased by the visit of Dar Reese, the man with the sunbeam smile.

Providence Journal: It will be a stroke at the very vitals of monopoly if there are to be fewer kerosene parades this campaign.

THE WEATHER.

Having had our touch of winter, the weather man thinks we will now have a touch of typical Duluth fall. It was much warmer today, and thoroughly delightful, but he expects brisk easterly winds and rain tonight and tomorrow, accompanied by still warmer weather. Last night's lowest was 32 degs., and yesterday's highest was 44 degs. A year ago today it was clear, bright and warm. The sun rose this morning at 6:08 and sets tonight at 5:46, making 11 hours and 38 minutes of sunlight.

Says Mr. Richardson of conditions: "Low pressure areas that were central Thursday morning over Alberta and Western Mexico have apparently united forces, forming a disturbance of considerable energy over Utah. Halts have developed in the plateau region, Montana and Alberta, as a result of this depression and it has also caused warmer weather in the Rocky mountains, the eastern slopes and extreme Northwest. The easterly movement of the Utah storm will probably be attended by rains at the Head of the Lakes tonight and Saturday."

Following were last night's lowest temperatures:

Abilene	56	Medicine Hat	42
Asheville	38	Memphis	46
Atlanta	44	Miles City	50
Battleford	44	Milwaukee	36
Bismarck	50	Modena	52
Boston	50	Montgomery	48
Buffalo	38	Moorhead	42
Cairo	44	New Orleans	60
Calgary	36	New York	50

Department of Agriculture, Weather Bureau, Duluth, Oct. 2.—Local forecast for twenty-four hours ending at 7 p. m. Saturday: Duluth, Superior and vicinity, including the Mesaba and Vermilion iron ranges—Probably rain tonight and Saturday; warmer tonight; brisk easterly winds.

H. W. RICHARDSON,
Local Forecaster.

Chicago, Oct. 2.—Forecasts until 7 p. m., Saturday: Upper Michigan—Fair and warmer tonight; Saturday increasing cloudiness and warmer with probably showers in west portion.

Minnesota—Increasing cloudiness tonight and Saturday with probably showers in north portion; warmer tonight and in south portion Saturday.

Wisconsin—Fair tonight and probably Saturday; rising temperature.

Upper Lakes—Southeasterly winds on Michigan and Huron, an easterly on Superior, probably becoming brisk Saturday; generally fair, except possibly showers on Superior.

Speaks Up For Mr. Foraker.

New York Sun: Every man supposed to My Policies is to be presumed guilty until his innocence be proved; and his innocence cannot be proved, for opposition to My Policies is guilt and lots of it. That is a fair statement of Mr. Roosevelt's way of looking at men and corporations not in his good graces.

When the reputation of a great lawyer, a great senator, is at stake, Mr. Roosevelt has not time to wait for a defense. He convicts and sentences and thunders the condemnation over the country. It is a kind of lynch law, a tumultary injustice, dear to his rash and sudden temperament.

Still, there must be a considerable number of Americans who prefer the law to Mr. Roosevelt, who will not convict even a senator of the United States upon ex parte evidence and without a hearing, who will insist that fair play should be practiced even by the president.

Mr. Foraker's defense may be sufficient or insufficient. Until it is presented and pondered in full he cannot be judged.

To Counteract the Cannon Blight.

Congressman J. Adam Bede of Minnesota, lately defeated for renomination by direct vote of the Republicans of his district, has a grievance. He says in an interview:

"When next I see Speaker Cannon I shall have to demand that he reimburse the filing fee that I have paid to run for renomination to congress in this district. I paid the filing fee and he ran. That was not fair. Besides, he had no right to try to run for congress outside of his own state. It is unconstitutional."

Speaker Cannon has troubles of his own, within his own Danville district. However, he is running, quite involuntarily, in a great many other congressional districts of the nation. The result is that some of his chief lieutenants have been defeated at the primaries. More of them are likely to be defeated at the November election. The speaker himself is worried by the outlook in his hertofore reliable home district.

In view of this situation, Congressman McKinley of Illinois, Cannon's neighbor and chairman of the Republican congressional committee, has appealed for help to President Roosevelt. That distinguished and amiable partisan has responded with an open letter, urging that a Republican house be chosen in November to co-operate with Mr. Taft, in the event of that candidate's election as the next occupant of the White House.

A careful reading of the president's letter fails to disclose any mention of the special needs of the national house of representatives. There is given in it, however, a long list of progressive laws passed in the last seven years. Being pressed for time and desiring to make his letter reasonably brief, as one may assume, Mr. Roosevelt does not stop to say just how much assistance was given these measures by Democratic members of congress and how much opposition was encountered from Republican members of the familiar reactionary stripe. Besides, it would not have been politically expedient for him to go into these particulars.

The Cannon Menace.

Philadelphia North American (Rep.): Let Cannon be attacked, by all means. But let the attack be made along proper lines. We recognize fully that Cannon and his congressional career constitute a Democratic asset and the heaviest handicap which the Republican party has to bear.

The North American is no blind partisan. We can see in Cannon a peril to the election of Taft. Yet whenever Mr. Bryan assails Cannon or any of Cannon's clique in the right and not in the wrong way we shall approve his censure and uphold his hands to the best of our ability. Because whenever Bryan does such work he is serving real Republicanism and strengthening the hands of Taft, Hughes and all the other real Republicans who believe in Rooseveltism.

There is no use to blind ourselves to a danger before our eyes. There is a sentiment that is not healthy among the masses of Republican voters. It is not apathy. It is disgust. It is the always vicious "what is the use" feeling. It is confined to no state or section. It is as strong on the Pacific coast as in Illinois; as strong in New York as in the bailiwick of La Follette. It is wrong. But none the less it is strong.

Song.

Above the edge of dark appear the lances of the sun;
Along the mountain ridges clear his rosy heralds run;
Like vapors down the valley go
Like broken armies, dark and low,
Look up, my heart, from every hill
In folds of rose and daffodil
The sunrise banners flow.

O fly away on silent wing, ye boding owls of night!
O welcome little birds that sing the coming in of light
For new, and new, and ever new.
The golden bud within the blue;
And every morning seems to say:
"There's something happy on the way.
And God sends love to you."
—HENRY VAN DYKE in Scribner's.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

•••The schooner Brandon from Montreal, in tow of the tug Walker, went down in Lake Superior yesterday's terrible gale. She is at the bottom of the lake near the Apostle Islands. The schooner Jennie is probably floating around in the same locality, the tug being unable to get hold of her. Her crew was left on board and, if she sank, all undoubtedly perished. The Brandon was valued at about $18,000 and was loaded with 1,054 tons of rails for the Red River Valley road. The Jennie had 828 tons for the same road. The tug Walker also broke her steering gear, and while her engineer, John Dodd was fitting a tiller on the rudder port, a sea suddenly caught the rudder and swerving it around, causing the oaken tiller to strike Dodds on the side of the head. His left eye is gone and his head badly bruised, but he will probably recover.

•••Manas Vigaas and wife left last night for Washington territory for the winter.

•••Mrs. S. A. Damuth of Duluth is visiting her sister, Mrs. George W. Marshall, at Ashland.

•••Steps are being taken to start up the old Duluth Roller mill, which has been idle so long.

•••At a meeting of the chamber of commerce this morning, a resolution was adopted inviting the secretary of the state board of health to visit Duluth and inspect the city sewage system and the water supply, as well as the city's general sanitary condition and give the citizens the benefit of his judgment on the situation.

•••The first annual ball of the Duluth Trades and Labor assembly will be held in O'Brien & Knowlton's hall tomorrow evening.

•••J. N. Castle of Stillwater will address the Democrats in Duluth on Oct. 4.

•••Miss Belle Hendricks has returned from a visit to friends in the Twin Cities.

•••J. C. Hunter and Harry Chandler left last night for Grand Portage, where they will take a canoe and go along the international boundary line about 100 miles.

•••Jim Fall and J. F. Downer are to fight tonight at the People's theatre, with Jim Murnane as referee. Fell will try to knock out Downer in six rounds.

•••Pierce Maher, one of the letter carriers, is ill at St. Mary's hospital with typhoid fever.

•••The West end banks have decided to close Saturday and Monday evenings, at the request of business men in that section of the city.

•••An encampment of the Odd Fellows will soon be instituted in Duluth.

MINNESOTA OPINIONS.

St. Cloud Times: The Times deeply regrets the fall of Joseph B. Foraker. That a senator of the United States should be guilty of such a betrayal of trust must be a source of keenest sorrow to good men of every party. And he is a veteran soldier of the Civil war! It is too bad!

Detroit Journal: As an originator of new fire works, Willie Hearst has them all beat a block. The "devil chasers" which he sent after Senator Foraker of Ohio and Governor Haskell of Oklahoma, were as effective as they were novel. Both gentlemen have been entirely eliminated from the national campaign and the battle goes merrily on. Foraker has been a troublemaker for the Roosevelt administration, and his retirement into obscurity is warmly welcomed by the followers of the "big stick."

Brookston Herald: "I must refuse to discuss subjects and issues of which I know nothing," says John Mitchell, the great labor leader. It would help a good deal if politicians would follow Mr. Mitchell's example in that respect.

St. Peter Free Press: County option has not proven a successful issue. From the returns at hand it seems that a great majority of the candidates in favor of that proposition were defeated by its opponents, when running against them on the same ticket, and had clear sailing only when running on the prohibition ticket. Of course, a number of county option candidates got nominated and in all probability will be elected at the coming election, but they are in a hopeless minority and not likely to affect temperance legislation to any great extent, unless they are willing to modify their views and assist in shaping needed reforms along more rational lines. There is a broad field for good work and it is to be hoped that something will be done of practical and lasting benefit to the commonwealth.

Little Falls Transcript: Now if Joe Cannon could only be caught with the goods, as were Foraker and Haskell, the national campaign would be a good deal cleaner. Cannon is worth more money than either Foraker or Haskell, and he has certainly earned it. He has done much more official work for the vested interests than any other man in the United States.

Madison Independent Press: Every man has an unquestioned right to engage in politics and espouse the cause of any candidate or any measure he may see fit, but it is unbecoming in the president of the United States to engage in an active letter writing campaign for any man for any office. He may be elected to the presidency by the Republican or the Democratic party, but just as soon as he is inaugurated he should cease to exist as a party man and so continue until his term of office expires. Any attempt to name or influence the naming of his successor is unbecoming and brings his high office down to the level of the political junk shop. If it has been the custom in the past, then the practice ought to be frowned out of the politics of today.

Morris Sun: So large a percentage of the Democrats in this county voted the Republican ticket at the primaries last week that the question arises, would it not be just as well to abolish party lines in the primary election, and let everybody join in selecting the Democratic, Prohibition, Republican, Socialist and any other old candidates? It would at least save the poor Democrats the trouble of swearing that they voted the Republican ticket at the last general election. Everybody knows they did not, and that on the other hand a good many of the Republicans voted for a portion of the Democratic ticket.

Verndale Sun: If you don't just like everything you see in your home paper, go around the streets and howl. The editor is never supposed to make a mistake and of course cannot do so. If you can't see a good point, don't fail to see a bad one. If a thousand pleasant things are said of people, hunt for something unpleasant. If you don't find it, howl some more; if you do, howl anyway. Never mind your own business; watch for something to find fault with in some other man's business: this will make you great.

The War on the Bosses.

Wall Street Journal: A conspicuous development of the times is the revolt against bosses. Everywhere the people have arisen against the bosses in politics and the bosses in businesss and apparently will be satisfied with nothing less than their complete subjection.

The bosses themselves have been largely responsible for this revolt. In both politics and in business the bosses have not been content with leadership, but have striven for mastery. They have resorted to secret methods and have attempted by arts of manipulation to gain power and wealth at the expense of the public interests. This has resulted in many instances of misrule in municipalities, in states, in corporations, in banks and in markets.

The cry is "down with the machine" in politics and "down with the system" in finance. The cry keeps up, although for several years we have had a period of house cleaning, and the bosses in politics and business, terrified at the revolt, are trying to save themselves by a show of good behavior.

Let us be careful that we do not go so far as to carry destruction to the organization as well as defeat to the bosses. It is important that we preserve the principle of efficient organization, and there is nothing we need so much as able leaders. In fighting the bosses, let us not discourage leadership and produce chaos worse than even tyranny.

Perils of the Air.

New York Herald: Every great step in human progress is marked by danger, even peril of death, but no reasoning of that sort will make less keen the regret of the nation over the death of a prominent officer of the army and the crippling of the foremost pioneer in human flight.

MEANT TO BE FUNNY.

Punch: Shepherd (concluding tale of bereavement)—Sae a gied her some o' that wee bottle that ye left yest'r-e'en an' she jist slippit awa' at fower o'clock the morn.

Doctor—Dear, dear! I'm very sorry to hear that.

Shepherd (thoughtfully)—Eh, mon, doctor, isna it a maircy a didna' tak ony o' the wee bottle masel'!"

Louisville Courier-Journal: "What's the matter, Batch? You seem ill at ease. I thought you'd enjoy a home dinner."

"I'd enjoy it thoroughly, Newedd, if I could keep my eye on my hat and coat. Force of habit, you know."

Cleveland Leader: "Ma!"

"Well, dear?"

"Does the Bible honestly say that we gotta love our enemies?"

"Yes."

"Gee!"

"What's the matter?"

"I—I wish I'd 'a picked some different enemies!"

Philadelphia Press: "The learned counsel for the defense," said the plaintiff's attorney, "appears to be afraid of losing his case. Otherwise, why isn't he ready to go on?"

"I've got a good excuse," replied counsel tor the defense.

"Nonsense! Ignorance of the law excuses no one."

The Tatler: Young Minister (searching for mirror)—Have you a glass here?

Beadle—Na, na, sir. We dinna need a glass; we jist tak' a sook oot o' th' bottle.

Punch: Father—Got a fall, did you? Well, I hope you didn't cry like a baby?

Son—No, dad, I didn't cry. I just said one word—the same as you'd have said!

Illustrated Bits: He—A girl made a fool of me two years ago.

She—I felt sure something had happened in your past life that you never got over.

Puck: When we see a man strike an attitude, there is always a strong temptation to hit him in return.

Judge: Son—Father, what's a music critic?

Father—He's a fellow that all music seems to irritate.

Yonkers Statesman: Bacon—And does your son show any signs of his college training?

Egbert—Oh, yes; he's quite lame from an injury he received on the football team.

Chicago Daily News: Reggy—Bah Jove, I told my tailor I'd like to marry some rich girl and become interested in settlement work.

Percy—What did he say?

Reggy—He said I'd better get to work and make a settlement on that suit I bought two years ago.

Punch: Rector (to workman going through churchyard)—Now, my good man, you mustn't bring your wheelbarrow through here. You must go round the other way. Aren't you aware that this is consecrated ground?

"Well, zur, I didn't know but what the barry warn't consecrated too. I borry'd it o' the sexton."

Pointed Paragraphs.

Chicago News: Money is the sugar that sweetens matrimony.

Most lazy men blame it on a lack of opportunities.

After acquiring a business of your own learn to attend to it.

A mirror, unlike some people, never forces its reflections upon us.

It's the unexpected that happens when a man makes a fool of himself.

What puzzles some people is how some of their acquaintances make a living.

Few people are capable of appreciating a great work of art or a great man.

If a man doesn't flatter a woman she imagines that it is because he doesn't understand her.

How a man does dislike to meet people who persist in recalling incidents that he is anxious to forget!

Once in a great while a woman can succeed in reforming a man, provided she doesn't let him know she is trying.

At last we have discovered the difference. The clothes of a stylish man are shaped to him, while a stylish woman is shaped to her clothes.

Reflections of a Bachelor.

New York Press: Good advice is generally bad luck if you follow it.

A woman never gets old enough to be charitable to another about her age.

People don't seem a millionth part as crazy to break into heaven as society.

There is no way of making a thing harder to do than for it to be your duty.

There's nothing can surprise a girl as much as to find a man loves her when she knew he did.

In Better Days.

Springfield Union: The complaint of a correspondent of the New York World that no New York hotel supplies a hook from which a sojourner can suspend his razor strop reminds us that the metropolitan hotels also neglect to provide bootjacks and roller towels.

OUTCOME IN DOUBT

Result of Presidential Election Cannot be Clearly Predicted.

Odds in Taft's Favor Still Slumping in New York.

Cincinnati, Ohio, Oct. 2.—Fred Stark says in a New York special to the Enquirer: Any man who can foretell to a certainty the result of the national election, and is able to demonstrate with mathematical precision that his forecast is correct, should come to New York and make a fortune.

There is at least $1,000,000 in it for him, and he can find it all in this town, where splendid opulence brushes elbows with abject poverty, and general delirium reigns supreme over all.

Six weeks ago, even more recently than that, in fact, it was the opinion of the average man whose judgment was worthy of respect, that Mr. Taft's election was assured. Two weeks ago the odds in his favor took a slump, for reasons which have been cited from time to time in the Enquirer's dispatches, although he seemed to be safely in the lead.

Since then Mr. Bryan has been making steady advances, and if the two candidates are not running neck and neck—to borrow from the sporting man's vernacular—it looks very much like it.

It is easy to find Democrats who will loudly proclaim that Bryan is now as good as elected, but they would not bet their homes on it, which shows their lungs are stronger than their faith or convictions. Likewise there are Republicans who are absolutely sure Taft will win, but won't take a chance of losing their bank accounts on the proposition.

There are Democrats who conservatively assert that Bryan's prospects of reaching the White House are better than ever before during his long pursuit of the presidency, and this is true. On the other hand, there are truthful Republicans who admit that there is ground for apprehension lest Taft may not reach the goal, after all, and this, too, is a fact.

Cinch for Neither.

But neither candidate has a cinch regardless of what his enthusiastic, though cautious, partisans may say. In other words, the outcome of the campaign is in doubt now. By the middle of October there may be a clarification of the political atmosphere sufficient to enable one to form a definite conclusion—one worth betting on rationally—but that condition does not exist today. No doubt some Democrats would prefer to have it said that Bryan is certain to win, as Republicans would like to hear it concerning their nominee. But both sides are better off if they understand the exact situation.

In summarizing the national situation early in the month I pointed out that one of the important problems confronting the Republicans was the determination of the precise attitude which labor would take in this campaign. This problem is yet unsolved, but Chairman Hitchcock and his aids are busily engaged upon it.

Trustworthy agents of the national committee are in the field and their preliminary reports are just beginning to come in. They are finding that the business and industrial depression, which forced many men into involuntary idleness, is a factor which must be reckoned with by the Republican managers.

Bryan has made an impression upon the minds of some of these men with his arguments that the Republicans party is responsible for their non-employment, and that if President Roosevelt could not prevent a panic Taft would be unable to do so. This impression, however, is not ineradicable, according to the canvassers, and henceforth much heroic work will be done to offset the plausible contention of the Democratic nominee.

The Negro a Troubler.

Another important problem mentioned previously concerned the attitude of the negro voters. This, too, is receiving close attention, although the extent of their defection cannot be accurately gauged at this stage of the campaign. But enough information has been received to indicate that the vast majority of Northern negroes will vote for the party that gave them greedom and the ballot.

Scores of influential members of the race—preachers, lawyers and journalists—have volunteered their services to the Republican committee, and the Democracy is going to be scourged by them during the month of October for seeking by wile and seduction to alienate the colored man from his once beloved wet nurse.

While the Republicans are fretting about empty dinner pails and Ethiopian faithlessness, the Democratic managers are still cudgeling their nimble intellects over the attitude of business men who have been apprehensive lest the election of Bryan would unnecessarily delay the general resumption of industrial and commercial activity.

In spite of Bryan's repeated assurances that such a result need not be feared, doubt exists in the minds of many men who have a directing hand in keeping the wheels of industry moving. Nathan Straus, a New York dry goods merchant and philanthropist, whose brother, Oscar Straus, is a member of the president's cabinet, is proselyting energetically among his associates and issuing pronunciamentos designed to mollofy interests which heretofore have been unfriendly to and suspicious of the Nebraskan.

"New" Bryan Worries Radicals.

One of the amusing features of the situation—and there are many of them—is the alarm shown by some of Bryan's radical followers over his ingenius attempts to lure into his camp these very interests. They fear he has weakened his hold upon the radical elements of the West, and a troop of stump speakers are starting out to tell the faithful in the Mississippi valley that this "new Bryan" is a counterfeit, coined in the vicious imagination of unscrupulous Republicans.

Augustus Thomas, well known as a writer of plays, will make heavy drafts upon his dramatic powers in exposing it. He is going into Ohio, Indiana, Illinois, Iowa and other places where the old Bryanism once had a firm rootage, and preach the doctrine of radicalism if somebody authorized to act for the Democratic chieftain does not lassoo him. Thomas, by the way, was one of the few men who urged Bryan to suggest government ownership of railways when he returned to New York from his globe-trotting expedition of a couple of years ago.

It is the reluctance of certain business interests to rally to the support of Bryan and the Republican uncertainty in regard to the extent of labor disaffection and the negro revolt that contribute to the doubt now prevailing as to the result of the election.

There are other causes, to be sure, such as internal dissension in the Republican ranks in several important states and the revelation of too intimate association of prominent men of both parties with corporations that for the time being do not bear the brand of rectitude and righteousness.

While the lull in the exchange of crimination is refreshing to many people who have deprecated its injection into the campaign, there is every indication that the spasm is not over. Bryan's spiteful allusion to the White House conference which led to E. H. Harriman raising $160,000 in October, 1904, and his haughty differentiation of his and the president's conception of political morality, doubtless will be followed by the uncorking of more vials of poison.

Parker First On Van.

Republicans evidently are preparing to sec if a few drops on Judge Alton B. Parker, Mr. Roosevelt's opponent four years ago, will make him squirm. The judge continues to inject galvanizing volts into the charge he made near the close of his campaign, that the Republicans had levied tribute against law-defying corporations, and as he stands upon the stage the picture of shocked virtue and repeats the horrifying story his audience sits entranced.

Now, the Republicans, who cannot help being iconoclastic and irreverent under certain circumstances, are going to call upon him to explain how his campaign was financed. They are just mean enough to demand that he prove the money did not come from the coffers of Thomas Fortune Ryan, master merger of trusts; August Belmont, owner of such piles of cash one cannot see the top, and proprietor of race tracks, and other alleged malefactors of great wealth.

And if it didn't, why is he one of the attorneys of such plutocratic personages, etc.

The Republican party collected $1,900,000 in 1894, and spent all but $100,000 of it. It will be recalled that the Enquirer printed a recapitulation of the expenditures three years ago, and the writer is violating no confidence when he says he got his data from men who were officers of the committee at the time.

The Democrats, it is known, disbursed no less sum in the interest of Judge Parker, but those who handled it have always declined to produce any figures. It is but fair to state that, according to the present ultra-religious view of the matter, there was taint in some of the contributions to each party.

A philosopher once said that corporations have no souls. Perhaps he was right, for in the good old days preceding the hilarious moral awakening in the throes of which the country now finds itself, they were non-partisan in their political amours. The party that possessed the greatest charms from a business standpoint was fed on the hot birds and cold bottles.

HERE'S THE BEST FALL and WINTER CLOTHES FOR YOU TO GET!

FALL SUITS, CRAVENETTES and OVERCOATS

Couch, Mabel "The Carroll Girls."

Curwood, J. O., "Wolf Hunters."

De la Pasture, "Mrs. Adam Grigson."

Gates, J. S., "Live Dolls' Play Days."

Hichens, R. S., "Spirit in Prison."

Hornblow, Arthur, "The Prodigate."

Kingsley, F. M., "And So They Were Married."

Lamartine, Alphonse de., "Raphael."

McCarthy, J. H., "Duke's Motto."

A Jeweler's Experience.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trougle that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. Sold by all druggists.

REPUDIATES McCLEARY.

Republican Paper at St. James Supporting Congressman Hammond.

St. Paul, Minn., Oct. 1.—The Journal-Gazette, a Republican paper published at St. James, Watonwan county, has come out for W. S. Hammond, the Democratic candidate for congress in the Second district. St. James is Mr. Hammond's home.

The Gazette assigns as its reason that it considers J. T. McCleary, the Republican nominee, an unsafe man to represent an agricultural district. In a lengthy article the Gazette makes a bitter attack on the former second assistant postmaster general.

Paralysis Strikes Two.

Barnesville, Minn., Oct. 1.—Walrus Straight, an aged man of this city, was stricken with paralysis early Wednesday, being found lying beside one of his horses. Another man, whose name is thought to be Morgan and who lives at Pelican Rapids, was stricken with paralysis on Main street Tuesday night.

Mrs. Green, wife of Fireman Green of this city, died yesterday from cancer of the stomach.

STATE FIRE LAWS URGED.

Cotton Men Want Legislation Against Unscientific Lumbering.

Saratoga, N. Y., Oct. 1.—Resolutions indorsing the work on the national commission for the conservation of natural resources were adopted at the final meeting of the National Association of Cotton Manufacturers, which has been holding its semi-annual meeting here.

The resolutions pledge the association to co-operate with the commission and recommended the passage of laws by the states that will "apply in connection of loss through fire, waste and unscientific lumbering, and encourage the planting of new trees necessary to accomplish an increase in our wooded area."

No experimenting with Hunt's Perfect Extracts and Baking Powder. Always the same and will give the same perfect results. You can depend upon them.

TWINS THE REGULAR THING IN THIS FAMILY.

New York, Oct. 2.—Proud grandparents of Alvin, Jr., Mary, Richard and Robert Tuck do not regard the arrival of these four little folks in the family, up in Fort Washington Park, within eighteen months, as such a wonderful event, in light of the family history of both father's and mother's side.

But twins in succession, all four of them strong and healthy, caused a stir in this country of "race suicide." When the parents are native American stock it sets one wondering.

N. Coe Stewart, father of Mrs. Alvin J. Tuck, says twins "run in the family," not only on her side of the house, but on that of the father. There has been,however, a generation on both sides that has not exhibited the trait.

Alvin J. Tuck, Jr., and his twin sister, Mary Stewart, are just eighteen months old. The second set of twins came three weeks ago, and were christened Richard and Robert. The mother, a handsome and perfectly proportioned woman, is the picture of health and gives all four babies her personal attention.

Mr. and Mrs. Tuck have been married about three years. Mr. Tuck is engaged in the real estate business.

30 E. Superior St., 2nd Floor
Store open Saturday and Monday Evenings.

ASKIN & MARINE CO. Duluth, Minn.

You are cordially invited to attend our Fall Opening. We will take pleasure in showing you the very latest styles in Men's, Women's and Children's garments, and in explaining to you the many advantages of our little-payment plan.

The Season's Formal Opening

Do you know what a formal opening means? It is another word for readiness. It means that after weeks of preparation, searching the markets over and over again for the newest and best that can be found, we have at last brought the season's representative fashions—both in Men's and Women's garments—and opened them for your inspection and approval.

No store in this vicinity will invite you to a more complete display than this. No store will open its doors with a greater welcome, and appreciate your attendance with more sincerity. Let us simply add one word in capital letters—COME.

More clothes are rubbed out than worn out. GOLD DUST saves rubbing and saves your clothes

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with GOLD DUST.

GOLD DUST has all desirable cleansing qualities in a perfectly harmless and *lasting* form.

The GOLD DUST TWINS need no outside help.

GOLD DUST lathers instantly in hot or cold, hard or soft water—converts itself instantly into thick, vigorous suds that remove grease, grime and settled stains and clear out germs and impurities. It leaves only cleanliness and wholesomeness in their wake.

GOLD DUST spares you and protects your clothes from washboard wear.

Save yourself long hours of weary, dreary toil, and double the life of your clothes by buying and trying a package of GOLD DUST next wash-day.

Let the GOLD DUST Twins do your work

Made by THE N. K. FAIRBANK COMPANY
Makers of FAIRY SOAP, the oval cake.

LITTLE CHURCH AROUND CORNER

New York's Famous Edifice Will Have Celebration Sunday.

New York, Oct. 2.—Impressive services next Sunday will mark the sixtieth observation of the foundation of the church of the Transfiguration, popularly known as "The Little Church Around the Corner."

Eminent Prostestant Episcopal clergymen will offer their congratulations and the sermon will be preached by the Very Rev. Dr. Wilfred L. Robbins, dean of the General Theological seminary, with the faculty of which the Rev. Dr. George H. Houghton, the founder, was long connected.

Every communicant will be there and a host of visitors besides, for this is the house of worship which Bishop Greser described as "the homebody's church." It includes in its membership the wealthiest and the poorest, and all walks in life.

It was in the seventies that a distinguished actor, George Holland, died, and Joseph Jefferson went to the pastor of a church then at Madison avenue and Twenty-eighth street, to see if he could make arrangements for the funeral there. The minister declined to read the service, and remarked that there was a little church "around the corner" that did that kind of thing.

"God bless the little church around the corner," said Mr. Jefferson, and that phrase gave the church its world-famous name.

Theatrical people have regarded it as their home ever since, and in the old days, Booth, the elder Wallack, Joseph Jefferson and other distinguished members of the theatrical profession attended. With its quiet plot of greensward, trees and shrubs, its gate and its fountain, it is one of the most picturesque spots in the city and is visited daily by travelers.

ABOUT TO ROB ROTHSCHILD?

London, Oct. 2.—A well dressed crowd filled Aylesbury petty sessions house the other day to see William Schombert, a short, smartly attired German of 54, with iron gray hair and mustache who was charged with carrying burglars' tools under circumstance which led to the suspicion that he was engaged in an attempt on Halton house, Alfred de Rothschild's residence. Halton house is filled with a priceless collection of art treasures, including masterpieces by Gainsborough, Sir Joshua Reynolds, Lawrence, Boucher, Turner, valuable antique examples of the goldsmith's art, enamels, tapestries, books and silver plate.

Police Constable Frederick Walker said that about midnight, while patrolling the grounds of Halton house, he noticed a movement of the shrubs at the luggage entrance of the mansion. Groping among the bushes in the dark, he grasped Schombert and pulled him out onto the drive. At the same time another man dashed away in the darkness and escaped.

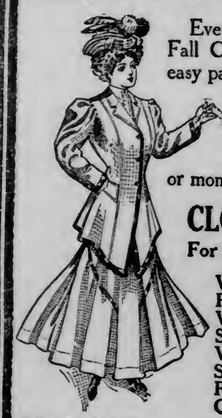

On his captive the officer found a bag containing a stock, an expansion bit to cut a three-inch hole, several center bits, screwdriver, gouge, pliers, file, pallet knife, brown paper for deadening the sound of breaking glass, and a pair of gloves used to prevent finger prints. He had also the return half of a railway ticket—Tring to Euston—and a bunch of skeleton keys. Later silent shoes were noticed sown to his stockings.

In reply to the charge the prisoner said: "The tools did not belong to me, but to the other one, who has been a servant at the house." He was committed for trial.

NEW YORK IN DOUBT

Walter Wellman Analyzes Situation in the Empire State.

Is Probably for Taft, But Hughes May be Defeated.

Chicago, Oct. 2.—Walter Wellman says in a New York special to the Record-Herald: With the election only five weeks away, no man can say with confidence what the Empire state is going to do, either as to the presidency or the governorship. The best that can be said at this writing is that the chances favor Taft carrying the state by a relatively small plurality and the defeat of Governor Hughes by a slender margin. But there are so many elements of uncertainty that he would, indeed, be a rash man, who at this time ventures any positive prediction one way or the other.

It is easy for the politicians to make claims. For insance, Chairman Connors of the Democratic state committee declares Bryan will carry the state by 100,000. The simple truth is that both men are guessing. They do not know. The campaign in this state has only just begun.

There is a common belief throughout the country that New York is quite surely Republican. Probably most Republicans will be shocked to hear that there is any real doubt about the state. They, of course, realize that if New York should happen to go Bryan the the meaning of it is that Bryan wins the presidency. This dispatch is not intended to alarm such Republicans. It is not intended to be sensational. I am not predicting that Bryan is going to carry New York. In fact I think his chances are not so good as those of Taft. But having made extensive inquiries as to the state of public feeling here, I deem it my duty to point out that there is nothing sure about the verdict of New York. Doubt does exist. The well-nigh decisive thirty-nine electorial votes of this state are yet to be fought for. The odds are against Bryan, but there are elements which threaten unpleasant surprises for those who have settled down into the comfortable belief that the state is safe and sure.

* * *

If we compare the Bryan of 1896 and 1900 with the Bryan of today, in the opinions of the people of New York, he has gained tremendously. Evidence of this is found in the well-known indifference of banking and commercial men to the outcome of the present election. Those who are Republicans, are, as a rule, against Bryan, but not savagely. They no longer look upon his possible election as a forerunner of national disaster. They are not spending money to defeat him. Many business men who in the Bryan campaigns of the past have worked energetically for the Republican ticket, will this year stay at home on election day or vote for Bryan himself. In this feature of the situation the certainty that the United States senate to be Republican for at laest four years to come plays an important part.

* * *

Delving deeper into the state of mind of the people of New York state, we find there a sort of general protest. It is a protest against certain tendencies of the government, both federal and state. It is a protest which may or may not lead to revolution, but it must be admitted that it is at least of the chemical composition from which revolutions usually evolve. The protest as to national affairs involves, in greater or less degree, most of the elements of society.

Business men complain because the policy of the Federal government has led to too much interference with business. All sorts of men complain because the policy of Governor Hughes has led to too much interference with private habits, or at least to a threat of such interference. Labor men complain that the party in power is the party of trusts and of banking and of high finance; that it is responsible for the panic of last year; that it is responsible for the high cost of living and the shortage of employment.

* * *

These generalizations are based upon wellnigh innumerable specific instances —upon conversations with all classes of men, which have brought forth the voice of complaint and protest. The sum total of this attitutde of the public mind—I am speaking of New York and the surrounding community, not of the West or any other part of the country —may be summed up in this one terse sentence—the desire for a change. Nothing else could express that, which to me, seems the dominant note of the public mind in this region. It is a contagious and perhaps, unreasoning and yet very marked and possibly decisive, discontent with that which is, that is going to find expression at the ballot box. All through this section the complaint is general that there is too much Roosevet and not enough Taft in the Republican leadership of the hour. There is a common opinion that Mr. Taft should say more and Mr. Roosevelt less.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. Sold by all druggists.

MICHIGAN TIMBER LOSS LESS THAN REPORTED.

Ishpeming, Mich., Oct. 2.—(Special to The Herald.)—While thousands of acres of pine lands were swept by the forest fires recently prevalent in Upper Michigan, and while estimates of the loss of timber run well into the millions of feet, it is the claim of woodsmen that the stories of the damage wrought have been greatly exaggerated. A case in point is the reported destruction of 8,000,000 feet of pine on lands of Hebard & Sons, in the Point Abbaye district of Baraga county. The actual loss here, it is said, will not exceed 4,000,000 feet. The chief sufferers from the fires were the smaller owners of timber, who sustained heavier losses proportionately than did the big lumber concerns, for the reason that the latter in were in position to successfully to make a stand against the flames. Much of the burned timber can be saved, if cut within a year, before the grubs and other tree pests attack it, and because of this it is expected that logging operations will be conducted on an extensive scale the coming winter.

ADMIRED BY BISMARCK

Iron Chancellor Was a Great Lover of Shakespeare's Works.

Movement Started to Establish an International Colonizing Agency.

Berlin, Oct. 2.—A work of great interest has appeared here under the title, "Bismarck and Shakespeare," and reveals a perhaps hitherto unsuspected admiration on the part of the Man of Blood and Iron for the most poetic of all poets. The author's name is Arthur Bothling. Even as a student at Gottingen Bismarck is found writing enthusiastically of "old Shakespeare" and "my Shakespeare" and requesting an English friend to send him without delay the English version of "Hamlet" and "Richard III."

Later on, as a country gentleman in Pomerania, Bismarck and his young wife got up Sharkespeare parties, in the discussion at which both took an active and intelligent part.

Often in the course of his political career he referred in his dispatches to his intimates for purposes of secrecy to well known contemporaries by such names as "Falstaff," "Romeo," "Trinculo" and "Forinbras." In one of his public speeches he compared Napoleon III to Hamlet—no inapt comparison, as some, at least, may think; and since Bismarck's time no quotation is commoner in German books and addresses and conversation than "To be or not to be."

Liked Shakespearean Scenes.

He was fond, too, of constructing a Shakespearean scene. After the treaty of Gastein had brought Lauenburg and Kiel and Schleswig into Prussian possession, he suggested to Gen. Manteufel as they went to meet King Wilhelm that they should greet him as the witches did Macbeth, somewhat as follows: "Hail! Thane of Lauenburg! Hail! Thane of Kiel! Hail! Thane of Schleswig!" History omits to say if the suggestion was carried out.

As he grew old and his poltical star was declining, he often had the names of Lear and Coriolanus on his lips, until at the last his spirit, turning its forward eye on the "The story of my life and the particular incidents gone by," took on the wise toleration of a Prospero. Bismarck was well aware that imagination plays an important part in statesmanship. He once said, "It is less a science than an art. It is not to be learned; one must have a talent for it."

Branch of Aerial League.

A Berlin branch of the "Aerial" Navy league, which was founded at Mannheim in July in order to commemorate Count Zeppelin's achievements, has now been formed. The movement for providing Germany with an aerial navy onjoys the patronage of the imperial chancellor, Prince Bulow, the president and the vice president of the reichstag and the president of the Imperial bank.

In view of the close family resemblance between the new organization and the Navy league, the promoters of the "Aerial" Navy league are careful to protest that they can claim to possess the good will of the imperial government and that they are inspired by no Chauvinistic motives. They declare that the new league will promote purely pacific and scientific ends, although its business will be to maintain patriotic enthusiasm and to retain for Germany the "advantage" which she has gained in the sphere of aerial navigation.

To Study Settlement Area.

The under secretary for teh colonies, Dr. Von Lindequist, has started upon his journey to German East Africa. The tour which will occupy from four to six months, is being undertaken chiefly for the purpose of studying the possibilities of the eGrman East African highlands as a settlement area. The colonial secretary, Herr Dernburg, will resume the conduct of affairs at the colonian office upon his forthcoming return from his South African journey.

A movement is on foot to establish a new Jewish colonizing agency on an international basis. The heads of the leading bodies in each country have been invited to a conference in Berlin, and the scheme will be discussed, presumably, behing closed doors. Briefly, the proposal is to establish "a sort of syndicate for financing from Berlin desirable colonization schemes in Northeast Egypt and Mesopotamia," although it is uncertain as yet whether the syndicate will merely lend assistance to existing colonization schemes or will itself blossom forth into a colonizing agency. The latter scheme is said to be well within the bounds of probability.

Oppose New Agency.

There is opposition to the project, as it is observed that already an extensive supply of Jewish emigration and colonization societies exist in the Jewish Colonization association, the Zionist organization, and the Jewish territorial organization, and the activity of these three institutions, actual or potential, covers the entire the entire globe. It is, therefore, difficult to understand why a fourth organization should be established. If the new body is to be merely a financial instrument, it will merely intensify the jealousy existing between rival Jewish organizations by assisting one at the expense of the others.

Bug Under the Chip?

Another objection to the scheme lies in the fact that the proposal is to establish industrial, not agricultural colonies. It is reasonably urged that it is undesirable to encourage the industrial bias of tht Jew, and it is further pointed out that industrial colonies must first of all be built up on an agricultural foundation. Especial exception, however, is taken to the fact that the scheme has been hatched in a "hole-and-corner" fashion, and that no opportunity has been given to the various representative bodies, whose officials are attending the conference without receiving the shadow of a mandate from their institutions to discuss the matter.

The fact that the region to which the new organization proposes to direct its energies is one in which German political activity is very strong leads one to believe that the whole scheme originated in Germany, and that its object is to aggrandize German-Jewish institutions at the expense of the others. The fact, too, that Herr Wolffsohn, the president of the Zionist organization, is not inclined to look unfavorably on the new movement, although it has colonization outside Palestine as its object, suggests that its object may possibly be to "dish" the Territorialists.

Ailments of Men Happily Overcome

Successfully Tried by Many.

Undoubtedly the following prescription will work wonders for that great class of men who, through dissipation of their natural strength, find themselves in their "second childhood" long before the three score and ten allotted to life's pleasures and enjoyments are reached;

It is presumed to be infallible, and highly efficient in quickly restoring in "nervous exhaustion," weak vitality, melancholia and the functions.

First get fifty cents' worth of compound fluid balmwort in a one-ounce package, and three ounces syrup sarsaparilla compound; take home, mix and let stand two hours; then get one ounce compound essence cardiol and one ounce tincture cadomene. Mix all in a six or eight ounce bottle, shake well, and take one teaspoonful after each meal and one when retiring, followed by a drink of water.

By mixing it at home no man need be the wiser as to another's shortcomings, and expensive fees are avoided.

Lack of poise and equilibrium in men is a constant source of embarrassment even when the public least suspects it. For the benefit of those who want a restoration to full bounding health, and all the happiness accompanying it, the above home treatment is given. It contains no opiates or habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

COLONIZATION IN SIBERIA.

Railway Overtaxed Carrying Emigrants to New Territory.

St. Petersburg, Oct. 2.—A recent traveler through Western Siberia, who has thrice visited that region within the space of ten years, writes that he has been much impressed by the improvement he noted this summer. The colonization of the fertile territory has only recently begun, but its effects are rapidly making themselves felt in economic developments. The tide of emigration is assuming vast proportions, and the foreign investor will doubtless find enterprise highly remunerative in a country which is devoid of native capital. The Siberian is a very keen business man, and is ready to welcome the foreign investor or purchaser.

The only articles of foreign make which find a ready sale are agricultural machinery and implements of husbandry, and these are already in the hands of the largest British, American and Continental firms. The conditions of traveling are improving every day, and the expresses from Irkutsk to Moscow are filled with British, American and Japanese passengers from the Far East. At present the single-track Siberian trunk railway runs four express trains weekly, and three passenger trains daily, besides the emigrant and goods trains, which proceed very slowly, being frequently switched to let other trains pass. Thus the emigrants are over a month on their way. The railway, as it now exists, is totally insufficient to cope with the accumulation of traffic caused by the emigration. The construction of a double track has been sanctioned by the duma, but even that will not answer the purpose satisfactorily. Three more routes have been projected, and are about to be submitted to the duma.

HIS IDENTITY HIDDEN.

Riverside's Man in Iron Mask, Dies as an Unknown.

Pittsburg Pa., Oct. 2.—A-4838, the mystery of Riverside penitentiary, is dead and with his death probably ends all chance of unraveling one of the most unusual cases ever under the observation of the prison authorities.

In the gloomy stone building at Woods Run, A-4838 was known to many of the keepers as the Man in the Iron Mask, because of the mystery which surrounded his identity. On the records his name appeared as John B. Hall and he was committed to the pen two years ago from Fayette county to serve five years for burglary. Hall is said to have been an assumed name. The records give his residence as Ligonier.

Well past middle age, tall, dignified and with a high degree of intelligence, the mysterious prisoner was an object of interest to the other prisoners and the guards from the day the iron doors clanged behind him. Many were the efforts made to have A-4838 tell something about himself, but he gave his confidence to no one.

When A-4838 was first admitted to the prison he told the physician that he was suffering from consumption. Confinement soon showed its effects on the silent man and he began to decline. Months ago he was placed in the hospital.

A few days ago the prison officials told A-4838 he had only a few hours to live and if he had only a few hours to live and he had any relatives or friends he wanted to see he had better speak.

"No, I prefer to die as I have lived for the last two years," he replied. A-4838 is all the name anyone needs to know me by. When I die you will have to dispose of my body. No one that I care for will be annoyed or disgraced."

Itching, torturing skin eruptions disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

ROBBED WRONG SAFE.

Manitowoc, Wis., Oct. 2.—The store and postoffice of W. M. Killen at Cato, this county, was visited by robbers last night, but the thieves robbed the wrong safe. They used dynamite on the postoffice safe, which was empty, and left the Killen store safe, which contained a large sum of money.

S.S.S. DRIVES OUT BLOOD HUMORS

The skin is not simply an outer covering of the body, but through its thousands of pores and glands it performs the great and necessary work of regulating our temperatures, and also assists in disposing of the refuse and waste matters of the system by the constant evaporation that goes on through these little tubes. To perform these duties the tissues and fibres which connect and surround the pores and glands must be continually nourished by pure blood. When from any cause the circulation becomes infected with impurities and humors, it loses its strengthening powers and begins to disease and irritate the delicate tissues, and produces Eczema, Acne, Tetter, or some other itching, disfiguring skin trouble. S. S. S. cures skin diseases of every kind by going down into the circulation and neutralizing and removing the impurities and humors. It changes the quality of the blood to a cooling, health-producing stream, which, instead of irritating and inflaming the skin, cures and nourishes it by its soothing, healthful qualities. Salves, washes, lotions, etc., may be used for any temporary comfort they afford, but skin diseases cannot be cured until S. S. S. has purified the blood. Book on Skin Diseases and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Radiant Home HEATERS

The broadest stove for its height on the market. Has greater radiation—gives more heat and burns less fuel. Can be made air tight and hold fire for thirty-six hours. WOLVES ARE IN EVIDENCE

Settlers Buy Ammunition to Kill Animals Prowling About Farms.

Believe Early Appearance in Packs is Due to Forest Fires.

Farmers living up the St. Louis river and back of West Duluth, who have come to West Duluth during the past few days to do their shopping, report that the wolves are very numerous about their farms this fall. They also report that the animals are traveling in packs, which is unusual so early in the season.

Andrew Olson, who lives on a farm about seven miles from West Duluth, was in West Duluth this morning and reports that the wolves—not the large nimble wolves, but the smaller brush wolves are very much in evidence in the woods about his place. He bought a supply of ten gauge shells loaded with buckshot, and a supply of poison, and says he is out after bounty.

Yesterday there were ten or more demands made at West Duluth hardware stores for buckshot loaded cartridges, and in every case the buyer stated that he was preparing for the wolves that are becoming troublesome but a few miles from the city.

It is claimed that the beasts are very bold, and fearlessly appear in the open. At night their cries are incessant and sound as if they are running in packs. In explanation of their early appearance this year, settlers say the forests fires have driven them in. It is thought that the fires rounded them into packs and forced them to leave the more remote forest regions and seek safety in the clearings.

* * *

Two or three fair sized flocks of ducks have been seen flying southward over West Duluth since the cold snap started a few days ago. This in no way indicates that the fall flight is on, but it shows that a few ducks, perhaps disturbed from their summer homes by hunters, are seeking new grounds, a little nearer to their Southern destinations. They are but advance agents of the flights to come.

Duck hunters have industriously hunted the St. Louis river ever since the first day of September, but have had but small success, from one to three birds being an average day's shoot. The biggest bag so far reported this season was brought to West Duluth a few days ago by Thomas Murphy. He shot thirteen ducks on the marshes of the St. Louis river.

* * *

Now that partridge season is on, West Duluth sportsmen are traveling the nearby wooded roads industriously. But little success has rewarded their efforts.

MANY YEARS A SPECIALIST

CURING HUNDREDS OF THE WORST CHRONIC DISEASES.

DR. REA

At Duluth, St. Louis Hotel, Saturday Oct. 3rd, from 9 a. m. to 8 p. m.

Dr. Rea has been educated in the best hospitals of Europe and America.

Consultation in German and English.

All curable medical and surgical diseases, Eye, Ear, Nose and Throat, Lung Diseases, Early Consumption, Bronchitis, Bronchial Catarrh, Constitutional Catarrh, Nasal Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, **Appendicitis, Rheumatism, Neuralgia,** Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder Troubles, Prostatic and Female Diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in Children, and all wasting diseases in adults. Many cases of Deafness, **Ringing in the Ears, Loss of Eyesight,** Cataract, Cross Eyes, etc., that have been improperly treated can be easily restored. TUMORS, GOITRE, FISTULA, PILES,

Varicocele, Rupture and enlarged glands treated and cured without pain and without loss of blood. This is one of his own discoveries, and is really the most scientific and certainly sure cures of the nineteenth century. Consultation to those interested. $1.00.

Dr. Rea & Co.,

202 Nicollet Ave., Minneapolis, Minn.

Farewell Reception.

The congregation of the Westminster Presbyterian church will give a farewell reception to Rev. and Mrs. W. J. Lowrie at the church next Thursday evening. The ladies of the church have charge of the arrangements. Rev. and Mrs. Lowrie will leave for Brainerd about the middle of the month, Rev. Lowry having accepted a call to the First Presbyterian church there.

Season's First Meeting.

For the first time this season the West Duluth Commercial club will meet this evening in its rooms over the Western State bank. During the warm months of the summer the meetings were discontinued, but a few of the members met last Friday evening and decided to begin holding the regular meetings. In the absence of President L. A. Barnes, Vice President W. B. Getchell will take the chair. The question of paving Oneota and West Superior streets from Twenty-fifth to Forty-Sixth avenues west, will probably be the business of the evening. Petitions asking that the board of public works make the repairs needed on these streets, are being circulated, and it is expected that the club will appoint a committee to assist in securing names.

Wedding Anniversary.

A grand reception will be given at the Holy Apostle's Episcopal church, by the ladies of the St. Andrew's guild, in honor of Rev. and Mrs. Roderick J. Mooney's silver wedding anniversary. No invitations have been sent out, but a general invitation is extended to all. Rev. and Mrs. Mooney will receive from 10 o'clock. There will be a program of speeches and music. Refreshments will also be served.

West Duluth Briefs.

Archibald Bruley of West Duluth left for Sutherland, Tenn., last evening. He will have charge of the illing in a mill there.

William A. Mowrie of Minneapolis, state agent for the German-American Insurance company, was in West Duluth this morning on business.

The Irving Tigers are actively engaged in making preparations for their barn dance to be given at Wade's hall next Tuesday evening.

For rent—A number of three and four-room flats; all new, hardwood floors; central location; low rent. Inquire of L. A. Barnes, Woodward building, West Duluth.

Lost—Gold pin from Fifty-first avenue to Wadena street. Return to 220 Fifty-first avenue.

Charles Herman of St. Paul is visiting his brother at 606 North Fifty-seventh avenue west.

The funeral of Sydney Arthur, 5-months-old son of Bert E. Lachner, was held this afternoon from the residence, 5315 Wadena street. Interment at Oneota cemetery.

John McClure of St. Paul was in West Duluth yesterday to adjust a fire loss.

The funeral of William Marvin, 10-months-old son of Mr. and Mrs. William Kuchenbecker, was held this afternoon from the residence, with interment at Oneota cemetery.

Mathew West and family of Solon Springs have moved to West Duluth, where they will reside.

Aaron West has returned from North Dakota, where he has been working for several months in the harvest fields.

Watch repairing. Hurst, West Duluth.

Everybody's friend—Dr. Thomas' Eclectric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

D. E. H., 10-2-'08.

CASE GOES TO THE JURY

Attorney for Ray Nichols Claims Swindling is Wrong Charge.

The case of Ray Nichols, charged with swindling, on a joint indictment with Bert Moore, will go to the jury this afternoon. The arguments in the case were made this morning and the judge's charge was given at the opening of court this afternoon.

Nichols and Moore are alleged to have swindled Wallace Lapp out of $20 in a pool game in the pool room in the Sellwood building. According to Lapp's evidence, he started to play pool with Nichols. Moore coming in later, introducing himself to Nichols and asking to get in the game. According to Lapp, he refused to play for the stakes prevailing, but when the games were over, the two young men claimed that he had lost $20 to Moore. He pulled the money from his pocket, to show them he had it he said, and Nichols took it from him and gave it to Moore.

The defense was based on the assumption that it was either a straight gambling game or a case of larceny, not of swindling. Assistant County Attorney Greene in making his plea to the jury, referred to it as "the old fashioned game, worked thousands of times, in which the victim never had a show." He said he was glad Lapp "squealed," as it is American nature for a man to take his medicine and say nothing, letting the swindlers get away.

Attorney James A. Wharton for the defense dwelt on Lapp's "squealing." He said Lapp had lost his money in a gambling game and sought to have it returned by claiming that he had been swindled. He said there was no attempt to deceive. Lapp played for money in a straight game and was beaten and his only object in charging deception was to recover his money, which he did.

Nichols and Moore are well groomed young men, who have been all over the country. Nichols formerly sang in a moving picture show in Detroit, Mich. Moore was affected by his attorney's plea and brought a handkerchief into play when reference was made to his early life of orphanage.

After Nichols' case is disposed of, Moore will be tried. There is another indictment against Nichols singly on the same charge.

TROUBLE IS IN THE AIR

"Report About Relief Committee is Fake," Declares Haven.

Biff! Bang! Bing!

This isn't the beginning of a 5-cent, yellow-back novel. The explanation points and what precedes them are merely indicative of the turbulent mess and noise stirred up the published reports that the Chisholm fire relief committee has more money that it knows what to do with. The report is said to have been given out by representatives of Twin City charitable organizations.

"The reports are false," says Mayor Haven. "As a matter of fact, we haven't enough money on hand now, actually available, to take care of present needs. No man in the state is in a position to say how much cash we are going to need, for the work of investigation is still incomplete. The report was made without authority from the commission. It is without foundation in fact."

The report in question stirred up a hornets' nest. Mayor Haven is getting most of the stings. He has been at the head of the relief movement, and everybody knows where to find him. Residents of Chisholm are standing on their hind legs and pawing the air, and the mayor says he doesn't blame them a bit. Minneapolis, St. Paul and other towns through the state are holding back relief money subscribed, and are sending in letters and messages of inquiry.

The whole range is "sore," to be slangy, and Duluth gets the blame. If all the money subscribed is not used for relief work, Chisholm and her sister towns will set up load cries of "Graft," and if all the money is used, and none of it returned to the donors, after the reports that have gone abroad, the rest of the state will howl "Graft." So the mayor and other members of the relief commission are between the devil and the deep, blue sea.

Another disagreeable side of the whole affair is that it has resulted in discord, which promises to become very pronounced, between the different committees, men and towns working in the relief movement.

"The unfortunate affair has opened up a wide field for criticism which is entirely unjustified," said Mayor Haven this morning. "The report was given out without authority. We do not know yet just how much money will be needed in the relief work, and will not know until all investigations are complete. They will not be complete for some little time yet. Many contingencies are sure to arise, which probably will result in a much greater demand for money than is at present anticipated by some of those who have taken pains to spread the erroneous report that we would not need more than half the money subscribed.

May Hold Back Money.

"I admit we may not need it all, if reports of amounts subscribed are true. As a matter of fact, we have received no official notification that we can draw on certain funds said to have been raised in Minneapolis and St. Paul. It has been reported to us that about $70,000 is available in the two towns for the relief fund, but we have not been officially notified of that fact. In view of the reported surplus, it probably will now be impossible for us to draw more than 50 per cent of the Twin City fund, if we get any at all.

"There is less than $45,000 actually available for relief work in the fund now in Duluth. It was a serious mistake to allow any such statements to be made as got into the papers. These statements were entirely unauthorized. No one can as yet say what amount of money will be needed. The estimate of the local committee, for example, did not provide for any dishes, cooking utensils, pillows, etc., for the houses to be built for the fire sufferers. There are many other little things in this connection that might be named. The estimate did not include $6,000 that probably will be needed for the north shore fire sufferers.

"Our investigations are not complete, by any means. Many settlers burned out haven't had an opportunity to put in applications for relief. The estimate given out was not based on any careful or complete investigation. The list is far from being complete. Many items must be added by the committee, and they will be needed.

"The commission will handle this relief matter, and nobody else. That is what we were appointed for. It is in our hands entirely. We are glad of outside assistance, but when it comes to have somebody else run the situation, it is going too far, altogether. More or less relief will be needed all winter. The commission has been placed in a bad light, and without any reason. If there is any money left over it will naturally be returned, but there is no way of telling how much will be left until the relief work is complete.

"The committee will see to it that the relief of these people is carried on in a thorough manner. Every case is to be investigated. The list of applicants handed in there was no question about, but there are many, many cases, where there was some question, that remain to be investigated more thoroughly. Some of them undoubtedly will be found to be honest and just, and in need of relief. We shall require a great deal more money than any superficial estimate can show at this time."

Women's pure Linen Handkerchiefs, hemstitched—at 5c each.

Cut Down Your Coal Bill

A cheap heating stove with its leaky joints, loose doors and poor construction not only wastes fuel, but it is a menace to your health. The Stewart Heater is no novelty, no experiment. For over seventy-five years it has been recognized as the best heater made. The Stewart heater has long been the most popular and widely used heater in the Northwest, where the rigorous climate demands quality, heat efficiency and long service. For simplicity of construction, beauty, quality and durability, no other heater is its equal.

If you have suffered the annoyance and discomforts caused by heaters with special freak construction (designed to overcome the deficiencies of cheapness), you'll better appreciate the simple, common sense construction of the Stewart Heater. The cold air is taken in at the *center* of the bottom of the stove and is heated so intensely that a match can be lighted by holding it twenty-four inches above the top. Remember we have Stewart Base Burners as low as $25.00, and the terms are $1.00 per week.

Quality - Value - Art. H. J. Co. Henricksen Jewelry Co. Duluth, Minn.

WE'LL MAKE IT NEW AGAIN

Quite likely there is somewhere among your belongings a piece of jewelry—a bent ring, a tongueless pin, or maybe a battered brooch—that you intended to have mended, but perhaps have forgotten. In our repair department there's a man who is expert in repairing such things, and who will, at very small cost, mend, clean and polish—make a new ring, pin or brooch of it. We have other men who are equally expert in cleaning and repairing watches and clocks. We don't hesitate to say that there is no better equipped watch and jewelry repair shop in the state.

OFFICERS ELECTED

The Children's Home Society Holds Its Annual Meeting.

The annual meeting of the Children's Home society of Duluth was held this morning at the home, with an attendance of fourteen members and the reports of the committees for the year were presented.

During the year 844 children have been cared for, an average of 70 a month, being 122 more than in the year 1907. Of this number twenty-eight children have been placed in homes, one has been permanently adopted, and the other children have been given good homes and care.

The matron, Miss Jean Hulburt, reported that forty-two children had been received from the Humane society, twenty-six have been sent to the state school, and fourteen children died durling the year. Twenty-nine children under one year of age have been cared for at the home during the year.

In the report of the supply committee, presented by Mrs. M. R. Baldwin, chairman, it was reported that the expenditure for the year for groceries, meat, ice, milk and fuel was $3,983.44, with a per capita cost for the children of $4.74. The cost last year was $2,746.54, or a per capita cost of $3.81. The increase was explained by the greater number of children under one year of age who have been cared for, always at a higher expense than the older children, and the increased cost of milk and meat.

The treasurer, Mrs. A. D. Goodman, reported $14,783.32 as the total receipts and $13,559.83 the expenditures for the year, leaving a balance of $1,223.83.

The report of the house committee was prasented by Mrs. J. H. Crowley; the clothing committee by Miss Hoatson; the finance committee by Mrs. T. J. Davis.

Votes of thanks were given to Drs. T. L. Chapman, Frank Linneman, C. E. Lum, E. B. Daugherty, E. N. McGiffert and Frank Grawn, who have given their services during the year; to Mrs. T. L. Chapman, who has conducted a kindergarten at the home for the little children with great benefit; to the chairman of the finance committee; to the Rev. R. S. Read, who has held weekly meetings at the home to interest the children and to the press of the city.

At the executive session which followed the general meeting officers for the year were elected as follows: President, Mrs. T. J. Davis; vice president, Mrs. C. E. Lum; secretary, Mrs. J. N. McKindley; assistant secretary, Mrs. Van Loo; treasurer, Mrs. A. D. Goodman; chairman of finance, Mrs. J. G. Williams; chairman of house, Mrs. A. C. Hubbell; chairman of supplies, Mrs. T. W. Hoopes; admission and dismissal, Mrs. J. P. Gordon; clothing, Miss Hoatson; adoption, Mrs. J. B. Richards.

The advisory board is as follows: Messrs. C. A. Congdon, A. L. Ordean, Ward Ames, S. G. Knox and J. D. Ensign.

The board members elected in addition to those mentioned as officers or chairmen are Mrs. F. H. White, Mrs. S. R. Holden, Mrs. J. H. Crowley, Mrs. M. R. Baldwin, Mrs. John Knox, Mrs. John Panton, Mrs. T. F. Cole, Mrs. H. H. Myers and Mrs. George H. Crosby.

Black Mountain was $3.12½ bid and $3.25 asked.

Clear out the garret. Sell the not needed things by a want ad in The Herald.

DEAD WOMAN LIVED IN CAMBRIDGE, MINN.

Minneapolis, Minn., Oct. 2.—(Special to The Herald.)—The woman found dead today, with her dead baby, in a pool, was identified later as Mrs. Erlo Sutherland, of Cambridge, Minn.

Her husband is a stone mason, and lives in Colorado.

Her parents are well-to-do and have sent word they will care for the remains.

ON THE IRON RANGES

EVELETH GETTING LESS IN REVENUE

No More Money From Slot Machines Lessens City Income.

Eveleth, Minn., Oct. 2.—(Special to The Herald.)—The conference committee composed of the mayor, city clerk and president of the council, have been in almost daily conference to settle upon the tax levy for the coming year. They will submit their report to the council at the meeting next Tuesday evening. The figures have almost been decided on, but as yet have not been made public.

It is thought that the levy this year will not be as large as last year, but that the levy will be close to $65,000. The revenues from various sources, such as water, licenses, fines, etc., will be about $30,000. This is placed at a figure lower than usual, as there are not so many saloons now as before and there is not as much revenue coming in to the municipal court, as it does not receive any fines for slot machines that were in the saloons before. The $100,000 that will be thus raised by levy and the resources will be enough for any needed improvements and for the maintenance of the city departments.

The water tank question is also being considered and it is believed that $35,000 will be needed for the building of the 300,000-gallon tank on the baseball hill and for the mains that will have to be connected with it.

The running expenses of the water works department will be about $12,000, including the cost of the intake, the bills for which have already been opened. As the department earns altogether about $10,000 only $2,500 will be needed for that department.

TRIAL LASTED ALL DAY.

Matt Pribonich is Alleged to Have Threatened With Knife.

Eveleth, Minn., Oct. 2.—(Special to The Herald.)—One of the longest trials on record in the municipal court was tried yesterday before Judge Prince. From 9:30 o'clock in the morning until 6:30 o'clock in the evening the case was on, the attorneys being Arnold for the city and McGilvery for the defendant, Matt Pribonich, who was charged with creating a general disturbance in a boarding house where he was living with his wife and child.

A long knife which was in evidence, it is alleged, was in the possession of Pribonich and that he threatened to kill three of his countrymen with the knife. Pribonich came home late in the evening and was not given any supper by his wife and after he entered his room some man came in with whom he started to fight. Judge Prince reserved giving his decision until Monday.

Three blind pig cases will be tried before the municipal judge today. The local authorities are keeping a close watch to see that no blind pigging is going on.

PAID FIRE DEPARTMENT.

Eveleth Will Make Change in System Next Year.

Eveleth, Minn., Oct. 2.—(Special to The Herald.)—The coming year it is intended to change the fire department to a wholly paid department with seven men, only depending on volunteers in time of emergency. When the contracted hook and ladder is received the local department will have a regular city fire department with two teams of horses, the hook and ladder truck and the hose truck. It is believed that $10,000 will cover the expenses of the department for the coming year.

EVELETH MERCHANT SELLS BUSINESS TO BROTHER.

Eveleth, Minn., Oct. 2.—(Special to The Herald.)—John Siegel of the firm of Siegel Bros., who have a furniture store here and a general store in Gilbert, sold out his share in the business yesterday to his brother, Mike Seigel. John Seigel has been with the firm for the past eight years and is a trustee in the village of Gilbert. He is undecided about his plans for the future, but intends to open up in some range town in the spring.

TWO HARBORS CREAMERY.

First Steps Taken Toward Establishment of New Industry.

Two Harbors, Minn., Oct. 2.—(Special to The Herald.)—The success of the creameries in various parts of Minnesota has attracted so much attention here that it has been decided to start a creamery in Two Harbors. An enthusiastic meeting was held last night, at which Thomas Owens was chairman and George Munford secretary, and the first steps towards the enterprise were taken.

Committees were appointed to consult with farmers of Lake county, as follows. Thomas Owens will visit farmers in the vicinity of Embarrass, Breda, Tower, Ely, Knife River and Palmer; Iver Amundson and G. H. Spurbeck will visit farmers east of the Spain road, and J. H. Lunz and H. B. Puent will visit farmers in the vicinity of Waldo and in the Knife River valley. The committees will report at a meeting to be held Friday evening, Oct. 9, the sentiment of the farmers on the proposition to establish a creamery in this city.

TWO HARBORS GIRL LEAVES HER HOME

Miss Carlson Starts on Visit and Drops Out of Sight.

Two Harbors, Minn., Oct. 2.—(Special to The Herald.)—Miss Borghild Carlson, aged 16 years, and niece of Frank Lundquist, left home Wednesday, the 23rd ult., saying she was going to spend the day with friends at the farm of John Cable near the city, and has not since been seen. She did not go to the Cable home and her whereabouts is a mystery, though every effort has been made to find her.

METCALFE BUYS PAPER.

Virginia Editor Acquires Property He Started.

Two Harbors, Minn., Oct. 2.—(Special to The Herald.)—John F. Coggswell has disposed of his publishing plant and the Two Harbors Iron News to Ransom Metcalfe of Virginia, who was the founder of the Two Harbors Iron Trade Journal. Mr. Metcalfe expects to move here and assume charge soon.

VIRGINIA CHARTER WORK.

Committees Appointed to Work Out City Constitution.

Virginia, Minn., Oct. 2.—(Special to The Herald.)—The commission appointed by the district court to frame a home rule charter for Virginia is getting down to business. At a meeting of the commission last night the following committees were appointed for special work in drafting the charter:

Fire, Costin, McDonald and Moore; streets and alleys, Butler, Gus Johnson and Ed Johnson; judiciary, Gill, Poirier and Britts; health, Lenont, Eaton and George; fire and police, Ed Johnson, Fanning and Hannaford; light and water, Cuppernull More and Gill; parks, Costin, Poirier and Eaton; library, Fanning, McDonald and Butler; public property, George, Cuppernull and Britts; franchises, Britts, Lenont and Costin; licenses, Eaton, Gus Johnson and Cuppernull; officers, Hannaford, Poirier and Fanning; duties and powers of mayor, McDonald Lenont and Eaton; duties and powers of council, Moore, eGorge and Costin; duties and powers of other officers, Butler, Hannaford and Ed Johnson; civil service, Gus John, Gill and Cuppernull; initiative and referendum, Costin, Britts and Lenont; form of government, Lenont, Eaton and Britts.

The form of government committee will report at the committee's next meeting, Friday, Oct. 9.

TWO HARBORS MINISTER ASSIGNED ANOTHER FIELD.

Two Harbors, Minn., Oct. 3.—(Special to The Herald.)—Rev. A. F. Peterson, for the past three years pastor of the Swedish M. E. church, was at the recent conference assigned to the Swedish M. E. pastorate at Stillwater, Minn., a much larger charge, and will preach his farewell sermon tomorrow evening. Rev. E. A. Wallquist of Lindstrom, Minn., will succeed Mr. Peterson here.

CALLED TO IOWA BY RELATIVE BEING KILLED.

Two Harbors, Minn., Oct. 2.—(Special to The Herald.)—J. R. Shea and Mrs. Shea left last night for Des Moines, Iowa, where they were called by a telegram stating that Mrs. Shea's brother, Thomas Callahan, a conductor on the Rock Island road, running out of Des Moines, had been killed.

START WORK BUILDING BIG ORE SORTING YARDS.

Two Harbors, Minn., Oct. 2.—(Special to The Herald.)—Contractor John Runquist this week started work grading for the big ore sorting yards, to be built on the flats, just west of the shop grounds. Seventeen tracks are to be laid, and when completed will greatly facilitate the handling of ore for the local docks.

ELECTRIC LIGHTING PLANT FOR AURORA.

Aurora, Minn., Oct. 2.—(Special to The Herald.)—Last night the council passed on first reading, an ordinance granting Clarence E. Moore, of Virginia, a twenty-year franchise to construct and operate an electric lighting system here. The second reading will be next week, and if the franchise is granted, Mr. Moore pledges he will have the system in operation before the first of the year. It will represent an outlay of about $20,000.

John Kostelitz, representing the Iron Range Brewing company of Tower, was refused a license to open a saloon here, because he would not sign an agreement not to sell to unlicensed places, or "blind pigs."

Three hundred feet of additional water mains were ordered constructed on Second avenue, and bids will be advertised for.

Eveleth In Brief.

Eveleth, Minn., Oct. 2.—(Special to The Herald.)—It is very probable that a new lawyer will come to this city in the near future in the person of James Boyle of the firm of Boyle & Dacey of Duluth.

Albert Lieberman has been informed of his appointment to the office of postmaster of Marble, a recently established postoffice.

A number of local people interested in the presentation of Shakespeare's plays have gone to Duluth to witness the performances given by Robert Mantell and company.

Preparing For Church Fair.

Eveleth, Minn., Oct. 2.—(Special to The Herald.)—The members of the Finnish Lutheran church are beginning to prepare for their annual church fair, which will take place next month in the Whalon Lande hall. This will be the fourth annual fair to be given by the church, and as the others have been very successful, this will follow in the steps of the others.

Put Over Petition.

Grand Rapids, Minn., Oct. 2.—(Special to The Herald.)—The county commissioners have put over hearing the petition of E. P. Price, asking for the incorporation of the new village of Calumet, on request of C. C. McCarthy, representing the Oliver Iron Mining company, who desired to be heard on the matter. It will be taken up Oct. 8.

LIFE'S ROAD

Smoothed by Change of Food.

Worry is a big load to carry and an unnecessary one. When accompanied by indigestion it certainly is cause for the blues.

But the whole trouble may be easily thrown off and life's road be made easy and comfortable by proper eating and the cultivation of good cheer. Hear what a Troy woman says:

"Two years ago I made the acquaintance of Grape-Nuts and have used the food once a day and sometimes twice, ever since.

"At the time I began to use it life was a burden. I was for years afflicted with bilious sick headache, caused by indigestion, and nothing seemed to relieve me.

"The trouble became so severe I had to leave my work for days at a time.

"My nerves were in such a state I could not sleep and the doctor said I was on the verge of nervous prostration. I saw an adv. concerning Grape-Nuts and bought a package for trial.

"What Grape-Nuts has done for me is certainly marvelous. I can sleep like a child, am entirely free from the old trouble and have not had a headache in over a year. I feel like a new person. I have recommended it to others. One man I know ate nothing but Grape-Nuts, while working on the ice all winter, and said he never felt better in his life."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

COULD NOT CURE WEEPING ECZEMA

Disease Began over Ear and Spread till Face and Neck were Raw—Itching, Inflammation and Soreness were Terrible—Lasted Over a Year and All Treatments Failed

UNTIL CUTICURA AGAIN PROVED GREAT SUCCESS

"Eczema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good. At last one side of my face and my neck clear up to my hair were raw. The water ran out of it so that I had to wear medicated cotton, and it was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The eczema itched so that it seemed as though I could tear my face all to pieces. The disease began in the fall and I did everything for it until the next winter. Then I began to use the Cuticura Soap and Ointment, and it was not more than three months before it was all healed up. I still use the Cuticura Resolvent Pills once in a while to cleanse the blood. I am very thankful that I tried Cuticura, and I can recommend it to any one. Miss Ann Pearsons, Northfield, Vt., Dec. 19, '07."

GROWS HAIR

Cuticura Removes Dandruff and Soothes Itching Scalps.

Warm shampoos with Cuticura Soap, and light dressings with Cuticura, prevent dry, thin, and falling hair, remove crusts, scales, and dandruff, destroy hair parasites, soothe irritated, itching surfaces, stimulate the hair follicles, loosen the scalp skin, supply the roots with energy and nourishment, and make the hair grow upon a sweet, wholesome, healthy scalp when all other treatment fails.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), or in the form of Chocolate Coated Pills, 25c. per vial of (60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases.

SUICIDE IS A MYSTERY

(Continued from page 1.)

continued absence from home had alarmed the members of the family, but no investigation had been commenced.

In a note addressed to the finder of his body, the suicide wrote as follows:

> Dear brother or brothers, who may find me, if in the love of God you can find it in your hearts and conscience to do so, please for the sake of saving the ones who are dear to me from the terrible disgrace, report having found me dead from heart failure. Dear brother, you can do this with perfect truth.
>
> In this room I learned the meaning of Christ to us through the Masonic teachings of Dean Burleson. Forgive me brothers, as Christ forgives me.
>
> JOHN HEMPSTEAD.

Pinned to his suit case, standing near the body, he had a note asking that it be delivered to his uncle, J. M. Smith, of Grand Forks. Inside the case he had placed a long letter covering a number of matters of business, telling what action should be taken in them. The only reference to his suicide were made in the opening and closing of the note. He said that he would make no excuses for the act, in opening the latter and in closing asked forgiveness as he knew God would forgive, as he was pleading with Him then, while writing the letter. A letter was also found addressed to his wife, sealed and stamped. The contents of this have not been given out.

Th caffairs of the bank were in good condition, and the testimony of his friends at the inquest showed his home relations to be very pleasant. The suicide was 40 years of age, and leaves a wife and four small children.

THREE INJURED; GAS EXPLOSION.

St. Paul, Oct. 2.—(Special to The Herald.)—H. P. Gardner was badly burned and his wife and mother-in-law, Mrs. Charles Ackerman, narrowly escaped serious injuries in an explosion of gas in Mrs. Ackerman's home.

Mr. Gardner and his wife endeavored to find a leak in a gas pipe in the bath room with a lighted match. Suddenly there was an explosion that caused a sheet of flame to sweep throughout the entire lower floor of the home, badly burning Mr. Gardner about the hands and face, and deaufding Mrs. Gardner of much of the hair on her head.

The force of the explosion partly wrecked the back of the home and blew a bay window with its draperies far into the street.

Michigan Paper Sold.

Manistique, Mich., Oct. 2.—The Courier-Record printing plant was sold yesterday to Benjamin Gero and four other members of the Schoolcraft County Publishing company, and the paper will be published by them.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver and purifies the blood.

THE NATIVE SPARROWS

America Will Be Taught the Virtues of Its Birds.

National University of Ornithology May Right the Wrong.

New York, Oct. 2.—Because not one American in a hundred has been found who knows the difference between the pestiferous European house sparrow, commonly known as the English sparrow, and the intensely valuable sparrows native to this country, an educational campaign is being launched in this city today with the object of making every citizen of the United States acquainted with his feathered compatriots. Taking as a text the sins of the foreign bird which are visited upon the head of his innocent American cousins, the National Association of Audubon societies is planning to establish what may prove a university of ornithology for the nation. When an adequate endowment for such an institution is provided it is intended to carry the simple facts of bird habits and economic value to every mind in the land.

That ignorance of the distinction between the native sparrows and the injurious species from across the ocean is causing the wholesale slaughter of America's most valuable bird race has been proven by recent investigations of the projectors of this scheme. Great numbers of the little Yankee birds, who it has been shown clear 90 per cent of the weeds from every garden and field, are found to be falling before the uninformed revenger of the ravages of their cockney cousins. That "a sparrow is a sparrow" has been discovered to be the unhappy belief of the great majority of the people of this country, where the pest of the English house sparrow is being is being more and more resented.

Are of Great Value.

With a score of such species as the Tree, Chipping, Field, Swamp, Lark, Grasshopper, Vesper and Song Sparrow, the Junco and Grosbeak, enlisted t okill weeds and harmful insects for the farmer and orchardist in every section of this country, the government authorities have declared the American sparrow to be "of greater value to agriculture than any other species and well worthy of protection and encouragement." Exhaustive scientific investigations by these experts have proven that the native sparrows are practically innocent of consuming any cultivated fruits, while the English sparrow is a notorious destroyer of buds and blossoms, grain, fruit and garden seeds. This imported house sparrow, utterly unlike ours, is also guilty of driving away native birds from their fields of usefulness and in addition is noisy and filthy, befouling vines and buildings.

Ever since 1850, when mistaken zealots brought the English sparrow to this country to exterminate caterpillars, the American people have failed to differentiate the virtues of their own little birds from the vices of the European species, the Audubon workers declare. The failure of the foreign sparrows to do anything but drive away birds who could consume caterpillars, as well as the subsequent revulsion against the spreading pest from Europe, has been visited unjustly upon the native species by their own people, they assert. In this one instance it is believed the project for a national educational movement is warranted.

Lack of Information.

"The case of the maligned American sparrow is a straw showing the sad economic loss and injury due primarily to general lack of information of our national bird resources," said William Dutcher, president of the Nation Association of Audubon Societies at its headquarters, 141 Broadway, today. "We have labored to offset this by sending a million educational leaflets, reports and colored plates throughout the country this year. Our greatest field is in the schools where the teachers and children of the nation are already picking up this seed we are sowing. We want to reach every farmer, orchardist, ranchman and forester in the land, as well, with the facts about his bird helpers; these great industries would be practically impossible without the help of birds. But this should only be a beginning. I hope soon to see a national university of ornithology made possible by some great philanthropist through which this educational work of ours may be brought to every inhabitant in North America."

PENN'S TREATY WITH INDIANS

The Buckskin Document Owned by Sitting Bull May be Original.

Philadelphia, Pa., Oct. 2.—What is represented to be the Indian copy of the Treaty of Friendship between William Penn and the Indians, made under the Elm Tree, has been offered to William Jordan, curator of Independence Hall, for inspection, and he is daily expecting its arrival from Frederick M. Hans, Lone Star, Indian scout of Kansas.

Whether it can stand the fire of historical criticism to which it will be submitted from Curator Jordan remains to be seen, but he said yesterday that he would feel chargeable with inexcusable neglect as a city official if he had not met the offer with a warm interest and axiety to give the owner every fair opportunity to prove the genuineness of the relic. Incidentally, it raises the question, "Where is the white man's original copy of the Penn Treaty," if there was one, if it was not left of record only in the recording angel's books? The Founders' Week program has stirred up a great amount of historical research.

Mr. Jordan yesterday said there was no reason to doubt the good faith of the man who offers the Indians' copy of the treaty at any rate, whether it turns out to be a copy or only the Indians' original chronicle of the event or a reproduction of that chronicle after the original wore out.

The possessor is Frederick M. Hans, or Lone Star, a Kansas plainsman and Indian scout. His own account of the matter sent to Philadelphia is as follows:

"It is a little piece of buckskin, 8x12 inches, old, soiled with long handling, the figures half effaced. It was given to Frederick M. Hans by one of the squaws of Sitting Bull. It contains a leafless tree, which is said to record the fall as the time of the making of the treaty. Every dot among the feet of the figures represents a year since the treaty was made. In 1878, when Hans obtained possession of it, it contained 196 dots. Sitting Bull was the chief medicine man of the Sioux and keeper of the records of the nation. The Sioux tribe was largely recruited from the Lenni Lenape Indians, with whom Penn made the famous treaty. Other Indian chronicles in Hans' possession give the account of the rise of the Sioux. They say a mighty warrior arose and cut the throats of 100 Miamis. Sioux, meaning, according to this interpretation cut-throat warriors, deserted the Lenni Lenape, and they carried with them the Penn treaty chronicled on buckskin, which was handed down to Sitting Bull.

"We will see what it is, at any rate," said Curator Jordan, "and if it is what it purpots to be, Philadelphia is the place for it. Mr. Hans has had some negotiations at Washington, but whether they have ever had it under careful examination or not we do not know."

NORTH SHORE IS GIVEN AID

The Relief Committee Sending Supplies to Twenty Families.

Activity at the fire relief headquarters today consisted of the preparation of clothing and household articles for shipment to sufferers from the fire in Cook county, on the north shore.

Word was received from a committee at Grand Marais, appointed to investigate conditions, that twenty families in Cook county were in need of assistance, and clothing and such other articles as are needed, will be sent to them at once.

Underwear, outer garments of all kinds and shoes are being packed for shipment.

Additional funds have been received by the relief committee in spite of the fact that no more money is needed. The fund now is as follows:

Amount previously acknowledged	$30,834.29
City of Red Lake Falls, Minn	50.00
Citizens of Red Lake Falls, Minn	50.00
Dr. H. M. Watson, Red Lake Falls, Minn	2.00
Rev. Larngard, Milaca, Minn	5.00
Mrs. Susan Mitchell, Denver, Colo	25.00
Citizens of Fulda, Minn	40.00
Citizens of Stewart, Minn	55.00
Ladies' Aid of Grove Lake Minn	3.00
Total	$40,064.29

CONCERNING WOMAN.

At the regular meeting of the Women's Council, which was held this morning at the Y. M. C. A. building, the matter of an associated charities was discussed at some length and the opinion was general that the need of such an organization was evident in Duluth. It was decided to have a committee appointed by the president, Mrs. W. S. Woodbridge, to investigate the matter and present at the next meeting of the Council a feasible plan for the beginning of such work in the city. It is felt that even if a movement as large and comprehensive as many of the old-established societies can not be possible this year, that it would be well to start a clearing house and bureau of information in Duluth for the charities now organized.

It was also decided at the meeting that Mrs. M. R. Baldwin, in connection with her work on the health board, be asked to investigate and do what is possible to mitigate the smoke nuisance in the city.

Fine reports of the domestic science and the manual training schools were given by the chairmen of the committees, Mrs. William White and Mrs. J. F. Killorin. The schools have been maintained during the summer by the Council and have been most successful. Reports of both schools have appeared in The Herald during the season.

Miss Jean Poirier reported for the playgrounds maintained during the summer. At the Lincoln park playground the attendance during the season was 1,100. A vote of thanks was given to Mr. Frey, who gave valuable assistance during the summer in connection with the playgrounds.

The report of the treasurer was presented by Mrs. Michael Kelley. The expense for the schools maintained by the Council durign the summer amounted to $679.31, and a balance is in the bank to the credit of the Council of $141.38.

The next meeting of the Council will take place the second Thursday of November, when the anual reports and election of officers will take place.

ANNUAL RECEPTION.

Twentieth Century Club Receives at Mrs. Scott's Home.

For a month the women of Duluth in large part are to be deeply interested in lectures and the opening affair for the series, which is to be given under the auspices of the Twentieth Century club, was held yesterday afternoon at the home of Mrs. Z. D. Scott of 2125 East First street, when the officers of the club received in honor of the lecturer, Dr. N. I. Rubinkam of Chicago. Receiving with the hostess and guest of honor were Mrs. F. L. Burrows, president of the club, and Miss Statham, founder of this progressive organization.

During the afternoon a large number of Duluth women and a few men called to greet Dr. Rubinkam and the club officers, and as the reception is the first of the formal club affairs for the year, it was an especially delightful one.

In the dining room the decorations were in yellow, Marguerites were the flowers used with yellow candles. Presiding were Mrs. R. E. Denfeld and Mrs. J. H. Crowley, assisted by Misses Fitger, Miss Ethel McLean, Miss Hazel Britts, Miss Katherine Burris, Miss Whiting and Miss Anneke.

Assisting about the rooms were a large number of the club members.

During the receiving hours, between 3 and 6 o'clock, 300 guests called.

Dr. Rubinkam is delivering the first in the series of afternoon lectures this afternoon at the parlors of the First Baptist church, his subject being Ibsen's "Brand."

ELECT OFFICERS.

Annual Missionary Meeting at Methodist Church.

Interesting sessions of the twenty-second annual meeting of the Women's Home Missionary society of the Northern Minnesota conference are being held at the First Methodist church in this city.

At this morning's meeting the officers for the year were elected and the women who will serve are as follows: President, Mrs. S. M. Dick of Minneapolis; first vice president, Mrs. F. B. Lewis of Excelsior; second vice president, Mrs. J. W. Evans of Montivedio; third vice president, Mrs. L. A. Larsen of Duluth; fourth vice president, Mrs. D. C. Geggie of Minneapolis; fifth vice president, Mrs. E. K. Copper of Brainerd; recording secretary, Mrs. A. Gillies of Minneapolis; corresponding secretary, Mrs. S. J. Weeks of Minneapolis; treasurer, Mrs. F. F. Safford of Minneapolis; secretary of Young People's work, Mrs. J. E. Goodman of Duluth; secretary of Home Guards and Mothers' Jewels, Miss Ione Geggie; supplies, Mrs. M. E. Eddy of Minneapolis; secretary of mite boxes, Miss Ada Gorman, Duluth, and secretary of literature, Mrs. L. A. Cobb of Minneapolis; conference president of auxilliaries, Mrs. C. A. Van Anda.

At this morning's sessions an interesting paper on "Children of Toil" was read by Mrs. S. B. Eddy of Minneapolis. Mrs. Martin, wife of the Indian missionary at Sawyer, told of the work being done at that place and made so touching an appeal for papers for the Sunday school there that proceedings were stopped long enough to take up a collection for this purpose. The most important feature of the afternoon session was an address by Miss Carrie Barge, field secretary of the Young People's work. Miss Barge will address the meeting which will be held this evening at 7:30 o'clock and the young people are especially invited to be present.

The first session of the conference was held last evening at the church with an address by Dr. M. S. Rice as the event of the evening. Dr. Rice spoke of the splendid work which is being carried on in the Women's Missionary societies. The words of welcome to the city and church were spoken by Mrs. L. A. Larsen and the response made by the president, Mrs. S. M. Dick.

Saturday Club.

The first study program of the year of the Saturday club will be held tomorrow afternoon at the ladies' parlor of the Y. M. C. A. building. Mrs. C. E. Spring will be the leader and the topics have not been assigned, the class method to be adopted at this meeting.

For current events "Vacation Reminiscences" will be the subject. Mrs. Robert Smith will talk informally of her visit in New England and Mrs. Ward Ames will describe her recent trip through the British Isles.

Devotional Service.

The speaker at the Sunday afternoon devotional service at the Young Women's Christian association will be Mrs. E. A. Gooth. The soloist for the afternoon will be Miss Ella Mason.

Personal Mention.

Miss Kathrina Richardson left yesterday for a month's visit with friends at Jackson.

• • •

Mrs. Leroy Salsich has returned to her home at Coleraine after a few days' visit with her parents, Mr. and Mrs. S. L. Fraser. She has as her guest for a time Miss Berenice Crowley of this city.

• • •

Miss Amelia Ware, who was the guest of Miss Mary Paine, left yesterday for Boston to join her parents, who spent the summer in Duluth.

• • •

Miss Hancock, who has spent several weeks in the city, will leave tomorrow for Dubuque, Iowa.

• • •

Mr. and Mrs. F. J. Cusson and neice, Miss Ethel Grace, left yesterday for a visit at Chicago.

• • •

Mrs. W. D. Edson and little son have returned from the East, where they spent the summer.

• • •

Miss Edna Harris of Lakeside returned yesterday from a month's visit at Virginia.

• • •

Mrs. M. M. Matheson of 1831 East Superior street has returned from Scotland, where she spent the summer. She was accompanied by her two sons, who have attended school in Scotland for two years.

• • •

Mrs. E. P. Alexander, Jr., and Mrs. Howard Johnston returned yesterday from Minneapolis.

• • •

Mr. and Mrs. C. H Keller have returned to their home at Dubuque, Iowa, after a week's visit with George W. Gibeau of 318 West Second street.

• • •

Miss Carrie Barge, field secretary of the Young People's work of the Methodist church, who is in attendance at the annual meeting being held in Duluth, is the house guest of Mrs. George Martin of 1415 East First street.

• • •

Mrs. E. H. Pugh and little son left yesterday for a month's visit at St. Joseph, Mo.

• • •

Mrs. Walter C. Poehler and children of East Fifth street have gone to St. Peter, Minn., for a month's visit with Mrs. Pochler's mother, Mrs. C. R. Davis.

• • •

Mrs. G. M. Murray and daughter, Madeline, have returned from a two-months' visit at Chippewa Falls, Madison, Milwaukee and St. Paul.

Home Helps.

You only have to take one peep at the shops to see that old-fashioned ottoman silk has come back to its own again. Ottoman silk is woven with a cross rib, massive, yet pliable and soft. Faille has the same weave, but is much more sheer. The long loose coats and evening wraps of the day admit of the use of ottoman silk, just as in our grandmother's days.

• • •

With the revival of rep effects, there is an attempt to popularize the use of bedford cord.

• • •

Suitings for tailormades show borders this season—checked cheviots with fringed edges. Another cheviot is finished with an ottoman weave in the border. A serge in navy blue has set the seal of its favor of navy blue serge, heavy and fine.

• • •

Spangled nets seem to be much favored for rich party gowns. Paris is designing these robe patterns to display an overskirt in front; in many such gowns the border design appears on a bias line across, or diagonally up, the front.

• • •

Apricot satin is much in favor for gowns of semi-dress.

• • •

When the Directoire gown is brought down to the simplicity of a tailored suit it is wonderfully attractive. This is done in those plain one-piece gowns which are finished with the Empire line in the back, and the buttoned clear down the side. It requires great art to make such a gown a success.

• • •

The lingerie ruffle must be regarded as an indispensible article of dress, so long as styles are as they are. These smart ruffs may be easily made at home, if one is clever at handling Swiss or net. In some the net is dougled and carefully plaited, and then set on a silk band just as in making a jabot.

• • •

Old rose is one of the most popular shades of the esason.

• • •

This is not a difficult shade to dye successfully. A practical girl was telling recently of making a beautiful blouse out of an old party frock. The material was crepe de chine, which she first washed and ironed. Then she purchased a ten-cent package of dye, crimson, and diluted until she got the desired color, which was an exquisite old rose. Crepe de chine or any soft crepe material is easily dyed, and keeps its beautiful lustre; the practical girl tucked her blouse all over; made it plain with long sleeves, and finished it with tiny gilt buttons, and a gilt cord at the neck.

BUSINESS CARES

May Be Confided to Right Kind of Wife.

Whether a man confides his business to his wife depends entirely upon the wife, says Mabel Potter Daggett, in the Delineator.

There are women who are capable of sharing responsibilities and wise in discharging them. There are other women—dear doll women—who need to have all the difficulties of existence simplified, all the little problems of life smoothed out and solved for them by another. When they are made that kind, they are only delightfully decorative bits in the scheme of life. So it sometimes happens that when a man has married a girl because of the sunshine glint in her hair, or the shadowy depths in her eyes, he has not always acquired therewith the clear brain and the steady hand that may help at the helm of his business affairs, and he cannot now expect his wife to share very much the burden of his responsibilities.

But there are other marriages more than beauty deep. Sometimes they are even those rare ideal unions that are soul deep. They happen semi-occasionally when love comes to a man and a woman who are mentally and socially and every way equals. Then it is the woman's right to know and the man's right to share with her every phase of existence—even to the annoying details of his daily business perplexities. Always she can halp him endure them. Sometimes she may help him to solve them. Wherever there is a man's achievement there is always in the background feminine inspiration and feminine sympathy that is the complement of his strength. Somewhere there must always be a woman to whom he can go and say, "I'm tired, dear;" and when she has answered, "Tell me all about it," difficulties that have been as mountains begin to fade away like mist. For every man who succeeds, this woman exists. Think about it, oh, little wife, as you turn the new gold-band on your finger. Hadn't this woman better be you? Inevitably, when she is not, she must be the other woman.

Stripes Popular.

Stripes so popular this fall, lend themselves particularly to the new style gored sirt. One might think that the person who cuts the skirts tries to combine the lines of the stripe in every conceivable way.

A skirt recently seen was of blue, with a tiny black line through it. The skirt was an eleven-gored one, its sole trimming being a fold cut on the bias and topped with some stunning flat braid. But those gores! The front panel was, perforce, cut with the black line running from waist to hem, but only a few of the others were similarly cut. Two were cut distinctly on the bias.

Just how this is managed only the creator of the costume knows, but he was willing to stake his reputation on the fact that that skirt would not sag. Surely those seams must have been most wonderfully stayed to bring about such results. The skirt was an utter departure from the ordinary, and decidedly chic.

What Retail Markets Offer.

Twenty ounce pippin apples, 50 cents a peck.
Pears for preserving and Baking, 60 cents a peck.
Squash, 15 cents each.
Peaches, $1 a crate.
Shrimps, 70 cents a pound.
Lobsters, 40 cents a pound.
Frogs' legs, 20 cents a dozen.
Roasts and things.
Shrimps are the most beautiful colored thing which is offered in the market, and those now to be had are of a brilliantly beautiful pink. They are also quite expensive. Oysters are just beginning to taste as they should, the cold air of the autumn bringing with it the appetite for oysters and shrimps and frogs' legs and such.

The fall fruits are also very desirable and numerous, and either in their natural state or baked or stewed or preserved or made into jam, they find much favor.

The Modern House Base Burner

The cold days are about here and shortly they will be clamoring for a good heater with which to keep the home comfortable.

AFTER THE DARKNESS---DAWN

By Eleanor G. Reese.

(Copyrighted. All rights reserved.)

Brighton Casino, Atlantic City, March 8, 19—. Dearest Dad: What an everlasting age it seems since I left you and Ted standing on the platform, waving goodbye to me! I cannot believe that this place is going to do me much good when I think how long the weeks will be before I will be back in dear old Gretna, but I shall try hard to grow strong for your sake.

"Aunt Helen is very st—' very plain, and very much a "Quaker lady" but I like her immensely, for she leaves me so much alone.

"Today I am curled up in one of the big wicker chairs at the Casino, tramping along, or being pushed in those queer chairs—for all the world like a colony of ants moving to a new hill.

"And then, dad, there's the sea—not blue like the books always have it, but an angry, foaming, grey-green sea, rolling its great waves up on the beach where they break and thunder at our feet. Tomorrow it may be calm enough, but today it suits my mood, and I love it. I saw some one pass just now who reminded me of—you know whom I mean. He looked so like him that my heart beat wildly for a moment. Of course it was only an hallucination, he is gone and I should not care, but oh, dad, I do! Sometimes I think I must write to him and then I remember it was I who sent him away to marry the little girl in Italy who had loved him for so long—I wonder was her love any stronger, any truer than mine? Oh, dad, you've sent me away from you and I'm longing to be comforted this minute. If I could not tell you about it, dear, I'd break my heart, but you're always so ready to help me.

"The orchestra is playing the "Trumerei"—oh, dad, those days in Florence come back and I dream such dear idle dreams!

"You will come to me soon, dad dear, for I'm desperately lonely without you. Ted can manage the ranch for a little while.

"Give my love to Ted, and to everybody, but keep for yourself the dearest love of your girl, Jean."

"Brighton Casino, Atlantic City, March 11, 19—. My Own Dad: Thank you for your good, breezy, loving letter; I could almost imagine myself home again. The days have gone by somehow and I shall look for you before long—don't disappoint me!

"If only the old sorrow would bury itself deep down in the sand I might promise to come home happy and carefree again, but it won't leave me, dad. If you knew how I've tried to be glad that I sent him away!

"I sit here morning after morning and watch the ships far out on the horizon-line, and long to be on one of them sailing away to Italy—and Ralph. What if he is doing his duty, what if I did send him away, he is as truly mine—no, no, dad, he isn't, I'm all wrong! It is seeing so many happy people that makes my loneliness unbearable. By now he is married to that little girl in Italy—I hope she'll love him lots.

"Aunt Helen thinks me wild, because I do not care for the shops or the elegant leisure of those palatial rolling chairs. I like to sit here and think what a happy time this "might have been." Oh, why did you take me abroad, dad, why didn't you let me live my narrow little life? I would have been riding 'Bee' on the prairie now, with the hot wind blowing in my face, and the glory of the sunset buried deep in my heart, instead of sitting here in the fast-gathering twilight surrounded by myriad shattered air-castles.

"There dear, forgive me, I would not pain you, you, who, are so patient with me! Soon I will be home and I will try harder to be brave. Heaven knows you need all the sunshine I can give you! Don't think me ungrateful, but love me, dad, for you're all the world to your own girl, Jean."

"P. S.—Kiss Ted for me, he's the dearest sort of a brother!"

"Hotel Brighton, Atlantic City, March 15, 19—.—Dad Dear: Something has happened! After all the dark days I am to be happy, dad, do you hear me? Happy! I was sitting in the Casino yesterday morning with my back turned to the crowd, when I heard a woman's voice say: 'There he is, now; isn't he interesting looking?' I did not turn around, but some one drew a chair near mine and sat down to read. I read a long while, until the place was quite deserted except for this stranger who had his back to me. Suddenly he threw down his book, walked over to the window and began to speak, evidently supposing himself quite alone. At the first sound of his voice I kept very still in my chair. 'What will it all come to?' I heard him say. 'I have done all I could, but even for her dear sake, I cannot marry another woman. In Heaven's name, why should I? It would all be a damnable lie from beginning to end; there would be no peace here nor hereafter. Ah, Jean, Jean, if I had never looked into your great, soulful eyes; if my arms had never held you close, it might have been, but now—never! You said you would not marry a man who had idly won another woman's heart. You meant to do right, little girl, but you did not know the cheer you did not know how despicably deceitful she was, and I can never tell you.'

"It was then that my purse dropped loudly to the floor. With an angry exclamation he stooped to pick it up for me, not looking at my face, but as he handed it to me, I held his hand fast, and oh, dad, if you'd seen his eyes when he looked and saw it was I! He started to take me in his arms but, remembering our parting, he straightened himself up and begged my pardon, said he supposed I knew he had not done what I sent him to do, and then said he would leave. I couldn't stand that, dad, so I just asked him if he hadn't been away long enough—you can guess what his answer was!

"We are waiting for you to take the next train East, for Ralph says unless I marry him right away he will be afraid of my sending him off on another matrimonial venture. He need not worry, I never will, but I don't tell him that—it wouldn't do.

"The sea is such a dancing, gay sea today, all blue and sparkling, and the waves frolic along in the merriest possible manner. Come quickly, dearest dad, for I'm so happy—happier than I ever believed one could be! Your loving girl, Jean."

"P. S.—You should see Aunt Helen! She does not yet believe Ralph is anything more than a board-walk acquaintance, and we have such fun with her. Won't it be glorious when you come and tell her all? Jean."

Wide-Awake Club Meets

At 8 a. m., sharp, at the $18.50 Suit Sale at Gray-Tallant's, tomorrow.

BULGARIA TO YIELD DISPUTED SECTION.

Berlin, Oct. 2.—Telegrams received here from the various capitals of Southeastern Europe setting forth that the Turkish army is moving toward the Bulgarian frontiers and that the Bulgarian army is engaged in hurried efforts to secure remounts are not taken seriously in Berlin.

The official view is that Bulgaria is certain to give up peacefully that section of the Oriental railroad in Rumelia, which she now holds, and that she will not choose the present moment to declare her independence.

SHERIFF SUMMONED IN HARRY THAW CASE.

White Plains, N. Y., Oct. 2.—Sheriff Lane of Westchester county who yesterday refused to comply with an order from Judge Archibald of the United States district court in Pittsburg to produce Harry K. Thaw for examination in that court, where bankruptcy proceedings are pending against Thaw, has been directed himself to appear before that court.

The sheriff says he will respect the latest order and with his personal counsel will appear before Judge Archibald tomorrow. It is expected that he will be questioned concerning his refusal to comply with the order directing him to take Thaw to Pennsylvania.

SOUVENIR SAMPLES TO LADIES

Copyright 1908 by Hart Schaffner & Marx

YOU notice how dressy, stylish, distinguished in clothes, some men always look. Do you know how they do it? We'll tell you. They buy here

Hart Schaffner & Marx

Clothes; that means all-wool, perfect tailoring, and correct style to begin with. They buy, in addition to a fancy weave suit, a black thibet or cheviot, or a blue serge; and occasionally change off for a week, get the suit they're not wearing pressed, give it a little rest in the closet; and then put it on fresh, and new looking.

You can do that; and you ought to; it's clothes-economy.

We'll see that you're dressed right all the time if you say so.

This store is the home of Hart Schaffner & Marx clothes.

THE REAL DULUTH BOYS

KENNY & ANKER

409-411 West Superior Street.

VALUES LEG AT $18,000

Father of Julia McKay Sues Street Railway Company.

Mary Carlson Wants $5,000 for Shock in Derailment.

Two suits aggregating $23,000 were filed against the Duluth Street Railway company in district court this morning. William McKay sues for $18,000 for injuries sustained by his daughter, Julia, and Mary Carlson sues for $5,000 for injuries she received while a passenger on one of the cars of the company.

The little McKay girl, who is 4 years of age, suffered the loss of her right leg by being struck by a car at the corner of Buchanan street and Lake avenue south, June 23, 1905. She, with other children, was playing in the street, and ran in front of a moving car. Her right leg was so badly crushed that amputation was necessary. Negligence is charged in failure to watch for the children, who were known to be likely to get in the way of the cars.

Mary Carlson sues for injuries sustained by being shaken up when a car jumped the track on the Woodland avenue line, at the intersection of Anoka street, on Aug. 2 of this year. She claims that the car was crowded and she was unable to find a seat. The roadbed was rough, the complaint alleges, and the car was run at a high rate of speed, causing it to jump the track.

She claims that she was badly shaken up and on account of the physical injuries and mental shock, has been under the care of a physician since, and has been unable to attend to her regular duties. She asks for $5,000 general damages and $125 special damages.

John Jenswold is the attorney for the plaintiff in both cases.

LOCAL FIRM CHANGES NAME

"Peyton Paper Company" Assumes Business of Zenith Paper Co.

An important change in local business circles is noted by the publication in today's Herald of amended articles of incorporation of the Zenith Paper company, changing the name of the concern to the "Peyton Paper company."

The change is a result of a meeting of the stockholders held Sept. 29, at which the stockholders voted unanimously.

Under the new regime B. M. Peyton, who is well-known in banking circles at the Head of the Lakes, comes into a controlling interest, and he will, it is understood, give the business his entire attention from now on. The infusion of new blood into the paper company, which is already so widely known throughout the Northwest, will, it is believed, mean an era of added prosperity to the concern. Mr. Peyton's experience with business and financial affairs has admirably fitted him for the management that he has now assumed. During the many years that the paper concern has been in business it has gradually widened its territory until its representatives are now found throughout all the district considered tributary to Duluth jobbers. Mr. Peyton, it is understood, will continue the business with the same aggressive policy that has marked his administration of other business affairs at the Head of the Lakes.

Men's Underwear.

A splendid assortment of winter underwear, sure to please you, prices $1, $1.50 upwards. It will pay you to visit C. W. Ericson, the Clothier, 219 West Superior street.

WANTED

TEAMS, PITTSBURG COAL CO.

Apply 326 East Superior St.

Old 'phone, 23.

OFFICER RELIEVED.

Captain O. H. Dockery Leaves Duluth After Three Years' Work.

Capt. Oliver H. Dockery, Jr., for the past three years in charge of the local United States recruiting office, left yesterday for Ohio, where he will visit friends. Capt. Dockery has been granted six months' leave of absence, because of illness, and, until the time he joins his new command in the Philippines, will spend his time in Ohio and at his home in North Carolina.

Capt. Dockery was taken seriously ill last August. He was confined in St. Mary's hospital for the greater part of two months. Upon his being able to leave the hospital he applied for four months' sick leave. The war department did an almost unprecedented thing, and informed the captain that an additional two months' leave had been added to his request.

During his stay in Duluth Capt. Dockery has made many friends. He took an examination for promotion while detailed here, going to Fort Leavenworth, Kan., for the test. He was successful in the examination, being promoted from the rank of first lieutenant to that of captain. He was relieved from recruiting duty here upon Aug. 1, but because of his severe illness was obliged to postpone joining his regiment.

Capt. Dockery received a letter from the adjutant general of the war department thanking him for the efficient work he accomplished while detailed at the Duluth recruiting station. He is complimented upon the excellent results he obtained at a time when men were very hard to secure, and advised that a note of his work has been made on his efficiency record.

First Lieut. Arthur P. Watts of the Eighteenth Infantry succeeds Capt. Dockery at the local office. He has seen service in the Philippines and is a practical army man.

Seasickness Quickly Cured

"Mothersill's" quickly cures Sea and Train sickness. Guaranteed perfectly harmless to the most delicate. Money refunded if not satisfactory.

For sale at Drug Stores and first-class Steamers, or Mothersill Remedy Co., Ltd., 219 State Street, Detroit.

REPORT ON THE DAIRIES

City Milkmen Are Making Much Better Showing.

Many of Those Outside Are in Bad Condition.

Dairies inside the city limits still continue to show an improvement in cleanliness and methods, but the outside dairies sending milk and cream to Duluth are in rather bad condition, according to the monthly report of Health Commissioner Patton.

In twenty outside establishments inspected, not a single one was in excellent condition. Two were reported good, six fair and twelve poor.

In the city the record was better, thanks to the campaign for cleanliness which has been waged by the department during the past two or three months. Out of a total of forty-six of these places inspected, four weer reported excellent, twenty-five good, ten fair and only six poor.

The two extra inspectors employed by the city during August and September to assist in investigating dairy conditions, both inside and outside the city, completed their work Wednesday. They were hired for only two months.

Mayor Haven is of the opinion that a man should be employed all the time to look after the outside dairies, for he believes it just as important that they be given constant attention, as that the local dairies should be inspected. Probably the matter will be brought to the attention of the council, and it is quite likely that provision will be made for the steady employment of such an inspector.

Out of sixty-one samples of milk tested during September, only three fell below the butter fat test of 3.5 per cent.

The report states that 240 pounds of meat was destroyed by the meat inspector during the month, and that the city incinerator burned 1,522 yards of material.

RAILROADS

NEW LADING BILL.

Draft Has Been Approved by Chairman Knapp.

Chicago, Oct. 2.—The Traffic Bulletin tomorrow will print a letter from Chairman Martin A. Knapp of the interstate commerce commission, to C. C. McCain, chairman of the uniform bill of lading committee, approving the draft of the new uniform bill of lading which is to go into effect Nov. 1, in his letter Chairman Knapp says:

"It will be a disappointment to me and my associates if the carriers in the official classification territory do not unitedly and without exception insist upon the use of these bills of lading, so far as they were intended to be used on or after the first of November, and I sincerely hope that the carriers outside that territory, will so far as practicable take the same course at the same time."

Cars Getting Scarce.

Advices received from Chicago this morning state that heavy orders for new cars have been placed by the Alton and other Western lines. The orders are the result of the increased traffic. The telegram from Chicago states that the car situation is getting to a point where cars are becoming very scarce. It is stated that there are fewer surplus cars than is generally supposed in railway circles, because of the immense movement of wheat, and that if traffic continues to increase there will be an actual shortage of cars.

PASSENGER TRAFFIC HEAVY.

September Receipts Show Heavy Travel for Duluth Lines.

Passenger officials of this city state that the passenger business is holding up very well. The Northwestern officials report that the Chicago travel has been very heavy during the month just closed, while the Great Northern and Northern Pacific agents state that the Twin City passenger business is very good. The Duluth, South Shore & Atlantic passenger department reports a heavy travel. Passenger travel on the Duluth, Missabe & Northern and Duluth, Rainy Lake & Winnipeg, via the Canadian Northern to Winnipeg, has shown a steady gain. There is no complaint regarding the passenger business, and with a gradual increase in freight traffic the railroad men are of the opinion that business is showing a steady improvement.

Official Visits Winnipeg.

C. W. Kieswetter, general agent of the Duluth, Missabe & Northern, is in Winnipeg on business connected with the passenger department of his line.

Special Rates Offered.

Special round-trip rates will be offered by roads at the Head of the Lakes for the convention of the Deep Waterways association, which will meet at Chicago Oct. 7 to 9. The rate will be $13.95 to Chicago and return, which amounts to a fare and a third for the round trip. The tickets will be on sale Oct. 5, 6 and 7, and are good for a stopover until the 12th of the month.

Fred Parker Here.

Fred Parker, one of the oldest conductors, in point of service, employed by the Northwestern line, is visiting friends in the city. Mr. Parker has been in ill health for some time past and is en route to Sioux Falls, S. D., where his wife is at the present time. Mr. and Mrs. Parker will reside in Sioux Falls until Mr. Parker's health shows an improvement.

WANTED TO DIE IN JAIL

William Hutton Makes Pitiful Plea in Police Court.

"Send me to jail judge; I want to go there and die."

With a catch in his voice and sad, hopelessness in his eyes, William Hutton, an Englishman, 60 years of age, made this pitiful plea to Judge Windom in municipal court this morning. He came into court voluntarily. He was not drunk or disorderly, and was not booked as a vagrant. He simply was a member of the down and out club.

The court was powerless to send the poor old man to jail, but he took it upon himself to call up the poor commission, and turn the stranger in a strange land over to it. The man was taken to the poor farm this afternoon. He is sick and unable to work. It is believed his affliction is only temporary and that he will recover.

Hutton told a sad story to the court. Dressed in rags, with face deeply seamed by trouble and care, he presented a sad spectacle. He claims to have people of prominence as relatives in England. He did not explain why, but said they had turned their backs to him and would have nothing further to do with him.

"I have been in this country eighteen months, Your Honor," he said brokenly. "I thought it was a land of promise. Maybe it is to a young man. But I am too old. Nobody wants me. I haven't a friend in the world. My people have turned me out. I have no place to go. There is nothing left for me but to die. Please send me to jail. That is better than starving to death in the streets.

"I am not afraid of work. I have been trying to find work for months. There are no jobs for men like me. Employers look me over. They don't say it, but I can read their minds, when they say to themselves: 'He is old and decrepit and no good on earth. It would be folly to hire him.' I have tried, judge, oh, so hard, to find some honest employment. There is nothing, nothing. I am sick. I am afraid it is my last illness. I mean I hope it is. There is nothing left for me in life."

TO COAST ON CYCLES

Three Duluth Men Will Motor to Los Angeles.

Expect That the Journey Will Last About Six Weeks.

Half way across the continent on motor cycles is the task that Fred, Harry and Victor Webster have set for themselves.

They left today on their long trip to Los Angeles, Cal., where they will make their home. From Duluth to the Southern city is a matter of more than 2,000 miles, and the boys expect to be in their new home by the second week in November.

They appreciate what the journey means, and are enthusiastic concerning it. While in Duluth they have worked as chauffeurs for prominent Duluth people, and they will have the advantage of being able to fix any temporary break that occurs on their machines on the course of the journey.

The walking around the world gag is getting old, automobile journeys are common, but this long motor cycle ride is new, at least in this neck-of-the-woods.

Wide-Awake Club Meets

CARS DARK WHEN SIX WERE KILLED

Seventh Death Likely in Wreck on Ohio Central.

Bowling Green, Ohio, Oct. 2.—Developments today confirm a report that the rear cars on the special train on the Ohio Central train, were not lighted and that they were filled with passengers. Here was where six persons were killed. The corrected list of the killed follows:

LESTER FULLER, Dunbridge, Ohio.
VICTOR STONEBRIDGE, Dunbridge, Ohio.
J. D. BOYD, Toledo, Ohio.
RICHARD RIDECUT, Sugar Ridge, Ohio.
J. F. McCREY, Toledo, Ohio.

Eight were injured more or less seriously, and Brakeman John Brake of Columbus, will probably die. The conductor was but slightly hurt.

KILLS HERSELF TO KEEP MAN ALIVE

Osaka, B. C., Oct. 2.—Sacraficing herself in the belief that by giving up her young life, that of Marquis Inouye, lying at Okitsum might be prolonged, Fukumora Takeho, a 17-year-old orphan girl at Osaka, stabbed herself to death. Before taking her life the girl sent a post card marked with her blood to Marquis Inoye, in which she declared her intention of offering up her life. The message reads:

"I am going to the eternal sleep in the place of the genero. I am an orphan and there is none to mourn for me. By the time this is received I will be on my way to Heaven."

LARGEST AND BEST SHOWING OF

LADIES' TAILORED-MADE SUITS

For Fall We Have Ever Made

Our showing is not only comprehensive, but our prices are even lower than in past seasons. Broadcloths, Cheviots, Serges and Imported Tweeds are materials mostly in demand. The favored colors are Blues, Grays, Browns, Greens, Blacks and rich stripes and mixtures. Early preferences of the best dressers indicate that the Suit Coats 36 to 40 inches long will be the favorites.

The Directoire models with their straight coat lines and hipless effects are also here in a large variety. Heavy trimmings of buttons and braid are among the most pronounced departures from last season's styles.

We show unusually good values at **$17.50, $25.00** and **$29.50**, and more dressy models at from **$35.00** to **$50.00.**

Charming Millinery for Fall

A Showing of the Season's Most Beautiful Hats

A display that is creating much interest among lovers of the new and beautiful, and no woman who desires the best at a moderate price can afford to overlook it.

Elegant Hats for Dress and Evening Wear— **$4.50, $5, $6.50, $8.50, $10** and up to **$25**

New Veilings

We have just received the largest and finest line of all the wanted meshes and dots. On sale tomorrow.

The Best Gloves Are Here

Our up-to-date Glove section is fully prepared to meet all your needs for Fall. You can be properly suited here and at the right price. **Street Gloves** in mannish style, long or short **Kid Gloves** or **Gauntlets.** Everything you want in **Skin or Fabric Gloves,** from the best makers in the world for your choosing.

Fall Underwear and Hosiery

The finest assortment in Duluth to select from. We've always had a splendid reputation for keeping good Underwear. This year the stock is better than ever. Specially strong lines in Union Suits, beginning at 50c and running up gradually to $8.50. Separate garments in great variety at from 25c to $2.50 a garment.

New Neckwear

The daintiest line of pretty Jabots, Stocks, Ties and Ruchings you can imagine. Also the new Phoenix Mufflers, 50c each, all colors.

New Belts, Belt Buckles, Beltings, (by the yd.) **Jewelry Leather Goods.**

Knit Top Petticoats

We are the only store in Duluth selling them. They're light, healthful and comfortable. The only petticoat for the new tight-fitting skirts—**$1.75 to $8.00.**

Now for the Last Day of the Great

DRUG SALE!

Tomorrow marks the wind-up of a drug and toilet goods sale that never shall be forgotten by us. It shall be remembered as the record-break event of all events. By the people of Duluth it shall probably be spoken of as the greatest money-saving sale of drugs and toilet articles ever known.

Read these items carefully. Every one is a big money saver. Supply your needs for the next six months to come. You'll not have another chance within that time to buy them at such low prices.

GETS GOOD REPORT.

The Mazatzal Copper Mine is Improving With Depth.

A. H. W. Eckstein of this city has received word from Joseph J. Shaw, the mining engineer and president of the Mazatzal Copper company, which has caused great satisfaction among the local stockholders in the Arizona mine. Mr. Shaw writes that at fifty-three feet they are getting goo sulphides with native copper and red oxide of copper. He says the stratification is pronounced and he believes the ore body is now forty feet wide. The new pump is handling the water in a few minutes, but the flow is light. The ground, Mr. Shaw says, is somewhat "ravelly," as the miners term it.

Mr. Shaw claims that the mine is improving with every foot of depth. He has been working in quartz, carrying a good deal of peacock copper. An assay of the poorest samples, cutting out rock showing copper to the eye, is said to have shown 3½ per cent copper, 60 cents gold and 65 cents silver, and Mr. Shaw believes that an assay of all would easily hit an 8 per cent average.

POOR WORK ON BRIDGE

Repairs on Aerial Structure Were Not Properly Made.

Very Poor Results From the $1,700 Expenditure.

Recent repairs to the aerial bridge, completed only last week at an expense to the city of $1,700 cash, were not made along the proper lines, and the structure is still sadly out of gear. It will take a good deal more of expensive work to put it in proper condition.

This is the report, in brief, of G. A. Rakowsky, expert engineer, who was hired to make an inspection of the bridge and ascertain where the trouble lies. He says the big pile of steel, with its delicate machinery, has not been given the proper care, and that it is in poor condition as a result, despite the repairs, just finished.

A crew of men, supposed to be experts, worked for two weeks on the bridge, and then turned it over to the city, promising that it would run without interruption for at least three years. Incidentally, the repairs which were to mean so much, cost just $1,700.

Two or three days later the bridge again went out of commission, and a ferry boat has been in service since, carrying people to and fro across the canal. It is not known when the structure will be ready for use again.

According to Mr. Rakowsky, the "experts" did their work wrong in repairing the bridge. He says it is still in need of a thorough cleaning, in finishing up their work, the men in question, he charges, did not line up the bridge properly. Some of the nuts were screwed too tight, and others not tight enough. If the work had been properly performed, Mr. Rakowsky says, there would have been no further trouble with the ferry.

He states that the bridge is safe, and that the machinery and structural work are in good condition, but that a general cleaning and more repairs are needed. He suggests that the services of a man better acquainted with machinery of this kind, with a practical working knowledge of the bridge, should be employed to run it, so that he might anticipate trouble, and make current repairs as they are needed, on the principal that a stitch in time saves nine.

It is also said the bridge is badly in need of repainting. In its exposed position it is said its life will be materially shortened if it is not kept properly painted.

CITY BRIEFS

Have Your Magazines Bound.
Thwing-Stewart Co. 'Phone 114.

Syrup of Figs 34c.
Scott's Emulsion of Cod Liver Oil 34c. Everything cheapest at Gray-Tallant company's drug sale.

Removal Sale.
Miss Smart's dressmaking parlors from Burrows block to No. 18 Columbus block, over Gidding's.

50c—Grave's—25c.
Grave's 50c tooth powder, treble the usual size, tomorrow 25c at Gray-Tallant's drug sale.

Rode on Sidewalk.
Joseph Marion was fined $5 and costs in municipal court yesterday for riding his bicycle on the sidewalk along Garfield avenue. He collided with August Heming while riding on the walk, knocking the latter down. The bad condition of the avenue made it impossible for him to ride the wheel any place but the sidewalk.

Peroxide 9c, Listerine 34c.
One pound borax 10c, witch hazel 9c, Castoria 24c and everything else cheapest at Gray-Tallant's.

Is Big Success.
Harry Pierce, business manager of the Lyceum Theater, is all smiles today. He has just received word that "In Wyoming," which is owned and managed by him and J. L. Morrissey, is playing to capacity houses through the southern part of the state, where they are playing some fair dates. At Albert Lea on Tuesday and Wednesday nights the "Standing Room Only" sign was put out and hundreds of people turned away. The same was the case in Mankato, where they played last night. Messrs. Pierce and Morrissey are bringing their company to Duluth for one night, Monday, Oct. 5, entour to the Pacific coast, where they are to play for twenty weeks, a week at Seattle, Portland, Frisco, Los Angeles, Salt Lake City, Denver and Kansas City.

Pinkham's Compound 69c.
Pierce's prescription 69c, Rocky Mountain tea 25c.

Sailors Dance.
The second division of the Minnesota naval militia gave the first of a series of winter dancing parties at the Armory last evening. There were more than 200 couples on the floor. Flaaten played an excellent program of dance music. The hall was prettily decorated with the signal flags from the gopher, and the affair was thoroughly enjoyed by those present.

Here's Luck for You!
Another big purchase—New York maker's surplus suits, good conservative styles. Choice cloths. On sale at $18.50 tomorrow at Gray-Tallant company's.

Arguments Are Made.
Arguments in the case of Nick Papkovich against the Oliver Iron Mining company were made in Judge Dibell's court this mornign and a verdict will probably be reached before the end of the session of court this evening. Papkovich sues for $15,000 for injuries claimed to have been received while in the employ of the company at the Canisteo mine at Coleraine.

Deserted Ten Years Ago.
A complaint was filed this morning in the divorce suit of Anna Anderson against August Anderson, in district court. Mrs. Anderson is now 32 years of age, and her husband, whose whereabouts are unknown, is 40 years old. They were married at Cadillac, Mich., June 8, 1898, had a few short months of married life, and Anderson is charged with deserting his wife on Oct. 1, 1898. After ten years, Mrs. Anderson has decided she wants a divorce and the restoration of her maiden name of Anna Gustafson. There are no children.

Given Thirty Days.
Otto Eklund was brought to the county jail this morning on a commitment from the municipal court of Virginia. He was given thirty days for disorderly conduct.

Wide Awake Club Meets.
At 8 a. m. sharp at the $18.50 suit sale at Gray-Tallant's tomorrow.

Cleanup Campaign.
A general fall cleaning campaign will be instituted by the board of public works, Oct. 15. Crews of men, including the chain gang, will be employed to go over practically all the the streets and alleys of the city, and everything will be cleaned up in good shape. This was decided at a meeting of the board of public works this morning.

S. T. Welch Better.
Stephen T. Welch, the well-known board of trade man, who has been dangerously ill for the past few days, was much improved this afternoon.

Business Doubled.
The report of the United States land office for the quarter ending Sept. 30, shows the total receipts to be $108,115.24, which was divided as follows: Fees and commissions, $6,819.20; sales of public lands, $98,195.16; sales of Indian lands, $3,100.88. This is considered a very fair report, as the amounts given are twice what they were on the occasion of the same report two years ago.

PERSONAL

Mr. and Mrs. A. C. Weiss left today for a visit at New York.

W. A. Eden will leave Tuesday for his ranch in the Bitter Root valley.

F. A. Brown returned yesterday from a ten day's trip to Southern Michigan.

Mr. and Mrs. William R. Webb will leave today for Houghton, where they will make their home. Mr. Webb has severed his connection with C. H. Graves & Co., and will take a partnership in the James T. Healy agency of Houghton.

Isaac Baker of Chicago, president of the Edward Hines Lumber company, is at the Spalding today.

P. A. Smith of International Falls, representative of the Rat Portage Lumber company, is at the St. Louis hotel.

J. W. Osborne of Ely is at the McKay.

L. M. Osborne of Virginia is at the Lenox.

A. B. Arnold of Eveleth is at the Lenox.

A. B. Coates of Virginia is at the St. Louis.

Mrs. Goldsworthy and Mrs. J. A. Graves of Ely are at the St. Louis.

H. W. Whittman of Virginia is at the St. Louis.

F. H. Gilmore and wife of Virginia are at the St. Louis.

John A. Blackwell of Grand Marais is at the St. Louis.

GOMPERS IN LIAR CLASS

—Taft.

Julesburg, Colo., Oct. 2.—The labor speech which Mr. Taft made at North Platte was well received by an audience largely composed of workingmen. Mr. Taft went after Mr. Gompers in rough shape, saying that the labor leader was responsible for the circulation of lies about himself. At Ogallalla Mr. Taft was presented with a watermelon by a man who declared himself to be a Democrat. "I thank you," said the candidate, "particularly that it is a melon and not a lemon."

SIX LIVES ARE LOST AT SEA IN HURRICANE.

Nassau, New Providence, Bahamas, Oct. 2.—A hurricane swept over New Providence yesterday. There was no serious damage ashore, but several vessels were blown out to sea and six lives were lost.

JOHNSON MAY TOUR COUNTRY

Minnesota Democrats Plan to Have Him Offset Hughes.

St. Paul, Minn., Oct. 2.—(Special to The Herald.)—At a meeting of the Minnesota Democratic leaders last night the question of Governor Johnson taking the stump for the national ticket was discussed, and a majority favored it.

If their advice is acted upon, Governor Johnson within the next two weeks will be stumping the Dakotas, Nebraska, Montana and possibly New York in the interests of Bryan.

A special train has been promised him by the national leaders the moment he is ready to start, and an endeavor will be made to make the trip a spectacular one.

Governor Hughes' entrance into Minnesota is responsible, the governor's advisers holding that if the New York Republican candidate can leave his state at this time, Governor Johnson, who they hold is as good as elected, can drop his local campaign for a time.

SHOOTS BEAR FROM PORCH

Bear hunting from the back porches in Lakeside is good.

H. M. Thomas bagged a 150-pound Bruin from his back porch last evening about 6 o'clock. The animal was seen there Wednesday night. Mr. Thomas waited for him last night, and when he returned shot him.

"I am laying for another one tonight," said Mr. Thomas this afternoon. "There has been another one seen in the neighborhood, and I hope to be able to get him tonight."

MAYOR TELLS MAYORS PROHIBITION PAYS.

Omaha, Neb., Oct. 2.—At the mayors' convention, one of the interesting addresses today was that of Mayor W. B. Joynor of Atlanta, Ga., who gave figures from the police and court records in his city. They show a falling off of more than 50 per cent in the arrests for drunkenness and misdemeanors primarily attributed to drink, since the establishment of prohibition.

Montreal was selected as the convention city for 1909.

Resigns Railway Office.
Winnipeg, Man., Oct. 2.—General Supt. Jamieson of the Central division of the Canadian Pacific railway resigned this morning. J. T. Arundall, now at Vancouver, has been appointed to succeed him.

STANDS ALL TESTS

Bridgeman-Russell company's milk is real milk in its natural state, cleansed, cooled and sealed in bottles to prevent contamination, just as you seal up your canned fruit in summer. If not properly cared for our milk will sour, as all good milk should do. But if you will keep it cool and leave the cap on until you are ready to use, you will find it always sweet and palatable with nice rich cream at the top—the ideal food.

Order a bottle or two and try it. That's the true test. Our wagons pass your house every day.

Use Our Primus Butter.

The word "Primus" is the synonym of quality.

Accidents at Mandan Fair.

Mandan, N. D., Oct. 2.—At the Mandan fair Wednesday Jockey Conlin of Cooperstown was thrown and seriously injured in a trotting race, through a collision with a sulky. A wild steer escaped from a roping contest and dashed into the Indian village, badly injuring a squaw, who was hurt internally and was unconscious for over an hour. An immense crowd attended the fair from the western part of the state, and a good program was enjoyed.

SECOND HAND BARBER CHAIRS.

The dealer in barber's furniture when he refits an old shop and puts in the new modern pedestal revolving barber chairs in place of the old style chairs that stood on legs will take the old chairs at a price in exchange, says the New York Sun.

And what becomes of the old fashioned chairs thus taken? If this barber didn't want them, who will? But there is a sale for them all, as there is for anything and everything second hand.

Some of them may be sold in the city, but not many. The barber who opened a new shop here, in whatever part of town the shop might be, would be likely to buy the modern pedestal chairs, which he could do even if he didn't have the cash on hand, for he can buy a shop outfit and pay for it in installments. So not many of the second hand barber chairs are sold in the city, the bulk of them go back somewhere.

Some are sold for use in small summer resort places, where the patronage is limited and a city outfit is not expected. And some of the old fashioned second hand chairs go to the country barber shops.

THE MONEY WILL LAST

Monthly Report of City Treasurer Voss Now Ready.

Total Amount of Cash Now on Hand is $238,695.

The monthly report of City Treasurer Voss shows that the city funds for the year are getting rather low, but he says there will be sufficient left in all the funds to carry the city through the remainder of the year. The water fund is paid ahead, so it is not so badly off as the figures in the report would indicate.

The total amount of cash now on hand in the city funds is $238,695.23. Following is a summary of the report:

Hold Mass Meeting.

The committee in charge of the work of organizing a local branch of the Minnesota Street Railway Employes' association, has called a mass meeting to be held in the Elks' hall, Sunday afternoon. At that meeting the object of the formation of the local association will be placed before the men, and their assistance in the carrying out of the plans asked for.

WHEAT HAS A DECLINE

Poor Demand Causes Prices to Sag in American Markets.

Flax is Easier at the Close in Duluth.

Duluth Board of Trade, Oct. 2.—The demand for wheat was light during the session today, causing prices to fall off in the American markets. The close showed a loss from yesterday everywhere. Minneapolis was firmest at the close. Chicago bears were very active.

Argentine shipments of wheat were 1,320,000 bus, against 1,024,000 bus last week and 1,128,000 a year ago.

Broomhall estimates the world's shipments of wheat this week, exclusive of North America, at 5,600,000 bus.

The Modern Miller says:

"The crop outlook is bullish. Seeding of winter wheat started immediately after the recent rain, and a large percentage of the seeding will be finished this week, as farmers are anxious to complete the work. A decrease in the areas seeded is probable, as some of the land where plowing was delayed by the drought will not be put in wheat."

Liverpool closed ¼d to ⅜d higher, Antwerp unchanged, Berlin ⅜c higher, Budapest ⅞c higher, and Paris unchanged to ⅛c higher.

The December option closed ¾c lower in Duluth 1 to 1⅛c lower in Chicago and Kansas City, ½c to ⅝c lower for new wheat in Minneapolis, ⅞c lower in New York, 1c lower in St. Louis and 1¼c lower in Winnipeg. The May option closed ¾c lower in Duluth and Minneapolis, ⅝c lower in Chicago, New York and Kansas City, and 1c lower in St. Louis and Winnipeg.

December corn closed ⅞c to 1c lower in Chicago and ⅛d to ¼d higher in Liverpool. December oats closed a shade lower in Chicago.

Broomhall cabled from Liverpool:

"Wheat—As a result of the firmness in the American markets yesterday and the strength in Winnipeg, shorts here were nervous and covered some and values were advanced 3d at the opening and larter gained an additional ⅛c. During the morning selling pressure developed and this advance was lost. Selling was attributed to the pressure of Manitoba offers and larger offerings of both Australian and Indian wheat at lower prices. At midday the market was easier and unchanged to ⅛d higher than Thursday.

"Corn—This market was unchanged and entirely featureless."

Car receipts at Duluth were 495 against 416 last year, and at Minneapolis 616 against 151 last year, making a total for the Northwest of 1,111 against 567 last year. Chicago received 42 against 96 last year. Winnipeg received 545 against 308 last year.

Primary receipts of wheat were 1,723,000 bus, last year 953,000 bus. Shipments 1,518,000 bus, last year 964,000 bus. Clearances of wheat and flour were 828,000 bus.

Primary receipts of corn were 259,000 bus, last year 825,000 bus. Shipments 280,000 bus, last year 968,000 bus. Clearances of corn were 1,330 bus.

Wheat was fairly active in the Duluth market. December wheat opened unchanged at $1.02, declined to $1.01⅞-1, reacted to $1.01½ and closed at $1.01¼, a loss of ⅜c from yesterday. May wheat opened unchanged at $1.06, declined to $1.05⅛, rallied to $1.05½ and closed at $1.05¼, a loss of ⅜c from yesterday.

Durum wheat closed ⅜c lower and each spring wheat on a basis of 1½c over December for No. 1 northern.

Flax was firm at the opening, suffered a decline and then rallied but the closing prices were slightly easier than yesterday's. October flax opened unchanged at $1.22½, advanced to $1.22⅝, declined to $1.21⅜ and closed at $1.22¼, a loss of ¼c from yesterday. November flax opened unchanged at $1.22⅞, advanced to $1.23, declined to $1.22 and closed at $1.22¾, a loss of ⅛c from yesterday. December flax opened unchanged at $1.21¼, declined to $1.20¾, rallied to $1.21⅝ and closed ½c lower than yesterday at $1.21¼. May flax opened unchanged at $1.26½, advanced to $1.26⅝, declined to $1.26 and closed at $1.26¼, a loss of ¼c from yesterday.

Oats closed ¼c higher, barley 1c higher and rye unchanged.

Following were the closing prices:

Wheat—No. 1 hard on track, $1.03¼. To arrive: No. 1 northern, $1.02¾; No. 2 northern, $1.00¼; December, $1.01¼; May, $1.05¼; October, $1.01⅜; November, $1.02; durum on track, No. 1, 91½c; No. 2, 89½c; October durum, 91c; November durum, 91¼c; December durum, 87¼c; May durum, 91½c). Flax to arrive, $1.22⅜; flax on track, $1.22⅜; October, $1.22¼; November, $1.22⅝; December, $1.21¼; May, $1.26¼. Oats to arrive, 47¾c; oats on track, 47¾c; rye, 75-74c; barley, 52-56c.

THE CHICAGO MARKET.

Liberal Argentine Shipments Cause Weakness in the Pit.

Chicago, Oct. 2.—Liberal shipments from Argentina, and a continued heavy movement in the Northwest, caused slight weakness in the wheat market today, prices at the opening being a shade to ⅛@¼c lower. There was scattered selling by commission houses early in the day and prices declined about ¼c from the opening high point. Talk of a falling off in export business at New York had some effect. December, after opening at $1.00⅛ to $1.00¼, sold at $1.00¼@⅜, and then declined to $1.00. Minneapolis, Duluth and Chicago reported receipts of 1,153 cars, compared with 1,263 cars last week and 163 cars a year ago.

The close was weak at almost the lowest point and at net losses of ⅞c to 1@1⅛c. Final quotations on December were 99⅛@99⅜c to 99⅝c.

Trade in corn was quiet, owing to a scarcity of offerings, which held the markets steady despite the easier tone of wheat. December opened unchanged to ⅛@¼c higher, at 66⅝c to 66¾c, and sold at 66⅜@½c. Local receipts were 151 cars, with 51 of contract grade.

The market became weak in the last half of the day, owing chiefly to the slump in wheat. The low point for December was 65½c. The close was weak with December ⅞@1c lower at 65⅝c.

Oats were steady on buying by a leading house. Offerings were limited. December opened unchanged at 49½@⅝c, sold at 49¾c and reacted to 49½c. Local receipts, 115 cars.

Commission houses were fair buyers of provisions and the market was firm. Light stocks of provisions here, as shown by the monthly statement issued yesterday and a liberal decrease in the world's stocks of lard last month, were the strengthening influences. Prices at the opening were unchanged to 10c higher.

Close: Wheat—December, 99¼@⅜c to 99⅜c; May, $1.02⅛@⅜; July, 96⅛½c. Corn—October, 75½c; December, 65⅝c; May, 64⅝c; July, 63⅞c. Oats—December, 49½c; May, 51@⅝c; July, 48c. Pork—October, $14.65; December, $14.87½@14.90; January, $16.50; May, $16.72½@c. Lard—October, $10.32½@10.35; November, $10.37½@10.40; January, $9.85; May, $.77½. Ribs—October, $8.58; January, $8.75@8.77½; May, $8.87½. Rye—Cash, 76½c; December, 78½c; May, 81c. Barley—Cash, 57@61c. Timothy—October, $3.40. Clover—October, $9.25. Cash wheat—No. 2 red, 99½c@$1.00½; No. 3 red, 98½c@$1; No. 2 hard, 99½c to $1.00½; No. 3 hard, 98c@99½c; No. 1 northern, $1.05@1.07; No. 2 northern, $1.04@1.06; No. 3 spring, 98c@$1.05. Corn—No. 2, 78½c; No. 3, 78@⅞c. Oats—No. 3, 48½c.

THE MINNEAPOLIS MARKET.

Minneapolis, Oct. 2.—Indifferent cables threw the market off a cent. It rallied partly on good cash demand and an unconfirmed rumor that the Great Northern had laid off some train crews on the Breckenridge division because of a shortage in movement of grain in the country. Duluth shipments posted today were 1,000,000 bushels but stock there will increase 450,000 this week. Minneapolis stocks will increase about 2,150,000 bushels. Receipts here today, 616 cars against 151, Duluth 495 and 416; Winnipeg, 545 and 202. Clearances of 828,000 bushels steadied the market. The close was lower but with the market apparently stable at the decline. December opened $1.02¼@⅜; high, $1.02½; low, $1.01⅝; close, $1.01⅞. December old closed $1.01⅞. May opened, $1.06⅜; high, $1.06⅝; low, $1.05⅝@¾; close, $1.05⅞.

No. 1 northern, to arrive, sold at 1⅜@2c over December and was firm to a fraction higher relatively than yesterday. There was good general demand for all grades, millers and elevators buying. Close: No. 1 northern, spot, $1.03⅜@1.04⅜; to arrive, $1.03⅜; No. 2 northern, $1.01⅜; to arrive, $1.01⅜. No. 3 white, 97⅜c@$1.00⅝. No. 3 yellow corn, 74¾c. No. 3 white oats, 46½c. No. 2 rye, 71¾@72¼c.

Barley—Receipts, 108 against 163 last year; shipments, 91c. Feed barley was in better demand and ½c higher. There was also firmness in malting barley and prices were steady to ½c up. Close, 61½@67½c.

Flax receipts, 46 cars. One cent under Duluth October was paid and the market was strong at the advance. Close, $1.21.

Mill stuffs, $18.00@18.50 for bulk bran. Flour steady, prices with a firm undertone and continued satisfactory demand is the report from the flour market. Millers say they are not finding foreign demand quite so good, but conditions remain favorable for European sales all along although there may be intervals of quiet. Shipments, 55,362 barrels; first patents $5.50@5.90; second patents, $5.60@5.75; first clears, $4.45@4.55; second clears, $3.50@3.60.

ADVANCES IN STOCKS

The Market Started Unchanged, But Soon Developed Strong Tone.

Close Was Animated at Near Best Prices of Session.

New York, Oct. 2.—Opening prices of the active speculative stocks were little changed today from last night. A number of the minor industrials rose sharply. American Car preferred jumped 3¾ and the common 1, and International Paper preferred and Virginia-Carolina Chemical gained ¾. United States Steel preferred was conspicuous with a decline of ¾.

The active stocks were bought sparingly, which imparted a more uniform movement to prices, but the demand ceased before it had benefited the list much. A half dozen obscure specialties fluctuated widely and furnished the only features of interest. United States Leath preferred was lifted 5, International Paper preferred and National Biscuit 2, Chicago & Alton 1¼ and Rock Island preferred and North American 1.

Union Pacific rose 1¼ and Reading a point, and the general list was lifted rm, in sympathy. United States Leather second preferred, 4, Delaware & Hudson and Minneapolis & St. Louis 1½, and Chicago & Alton preferred and National Lead, 1. Bonds were firm.

Trifling additions were made to the morning's rise in representative stocks, but considerable interest continued to converge on the usually neglected stocks, Northern Pacific, Lake Erie & Western, Wheeling & Lake Erie first preferred, Western Maryland and American Car gained one.

The publication of the favorable August net earnings of Union Pacific advanced it materially and acted as a tonic on the general railroad list. That stock jumped 2⅞; Westinghouse Electric, 2½; American Sugar and North American, 2; Reading, 1⅜; St. Paul, 1¼, and Southern Pacific, Great Northern preferred, Illinois Central and Central Railroad of New Jersey, 1.

The market closed strong and animated. The buoyancy of Union Pacific spread with increasing effect to other portions of the list, but with the largest influence on St. Paul and Reading. There were heavy dealings also in Rock Island stocks. Union Pacific's rise extended to 4½. Reading and Rock Island preferred 3⅜, St. Paul 2⅝, Chicago & Alton 3, Northern Pacific 2 and Southern Pacific and Great Northern preferred 1¾. Central Railroad of New Jersey sold at an advance of 5½. Prices fell back a fraction when realizing of profits was sought.

New York stock quotations furnished by Fred H. Merritt, 328 West Superior street.
Closing prices are bid.

New York Money.

New York, Oct. 2.—Money on call, steady, 1¼@1¾ per cent.; ruling rates, 1½; closing bids, 1¼; offered 1½. Time loans very dull and steady; sixty days, 2½@2¾ per cent. and 90 days, 3 per cent.; six months, 3½ per cent. Prime mercantile paper, 4½@4½ per cent. Sterling exchange weaker with actual business in bankers' bills at $4.84.85@$4.84.95 for sixty day bills and at $4.86.20 for demand. Commercial bills, $4.84¾@$4.84⅝. Bar silver, 51½. Mexican dollars, 45. Government bonds steady; railroad bonds firm.

St. Paul Livestock.

St. Paul, Oct. 2.—Cattle—Receipts, 1,000; market 10@15c higher; quotations unchanged. Hogs—Receipts, 2,500; market 5c lower; range, $6.15@6.50; bulk, $6.35@6.50. Sheep—Receipts, 1,200; market steady and unchanged; lambs, 10@15c higher at $4.50@5.40.

The Cotton Market.

New York, Oct. 2.—The cotton market opened steady at a decline of one point to an advance of one point, and during the first few minutes sold five to six points net higher, on the report of the census bureau showing only 2,582,688 bales ginned to September 25, where as th trade had been expecting a considerably larger figure. But the buying was not agressive. Indications were that the West Indian storm was not likely to reach the interior, and prices sagged off slightly before the end of the first hour, after the publication of condition figures.

Futures, closed very steady; closing bids: October, 8.84; November, 8.64; December, 8.65; January, 8.49; February, 8.48; March, 8.48; May, 8.49; July, 8.51. Spot market closed quiet, five points decline; middling uplands, 9.25; middling gulf, 9.50. Sales, 2,450 bales.

Treasury Balances.

Washington, Oct. 2.—Today's statement of the treasury: Available cash balance, $179,628,618; gold coin and bullion, $35,808,121; gold certificates, $37,025,625.

MINING INVESTMENTS.

The Ancient Gold Mining & Milling Company of the District of Arizpe, state of Sonora, republic of Mexico, has opened an office at 304 Pioneer Press building, St. Paul, and is now prepared to show those interested in the location of the property, samples of ore taken from these wonderful mines and the assay and milling tests of same, as made by A. L. Pellegrin, United States assayer, and Charles Taylor, ex-United States assayer; D. S. Caraway, Ph. D., late of Sonora, Mex.; N. Lönnen, Ph. D., of St. Paul, and many others of noted reputation, whose reports state that these mines show from $30 to over $400 per ton in gold, and from $3 to $40 in silver.
The company owns and has perfect title from the Mexican government of two groups of gold mines (both of which are free milling), covering over 180 acres, situated on the main traveled road, with abundance of wood and water adjoining the property for the operation of the mines; it has also purchased a mill and other machinery with a daily capacity of 200 tons, which will be erected on the property at once.
The stock is non-assessable, and will be put on the market at a comparatively low price considering the richness of the mines and the wonderful showing already made. A limited number of shares will be sold, as the company wishes to raise only a sufficient amount of money which, with the machinery and work already done on the property, will put it in shape to pay large dividends at an early date.
The locator and general manager of these famous mines, Mr. Santiago R. Norton of Sonora, Mex., who was the former owner, and sold the great Belen group of mines to a syndicate of Minneapolis business men eight years ago, and who is now here concluding the sale of another group of gold mines in Sonora, Mex., to Minnesota capitalists, will be at the office to satisfy the most skeptical that this is the greatest opportunity for a safe and profitable investment that was ever offered to the public.
For further particulars call at office or address S. R. Norton, 304 Pioneer Press building, St. Paul.
Duluth Evening Herald—Sept. 30, Oct. 1-2-3, 1908.

MARINE NEWS

DECREASE IN SHIPMENTS

Ore Tonnage Is About Two-Thirds That of 1907.

Greater Activity Is Expected During the Fall Months.

Ore shipments for the season to date show a falling off from the shipments up to the 1st of October, a year ago.
During the month of September, 1908, 1,617,134 tons of ore were hauled to the Missabe docks. In September last year 2,203,638 tons were hauled to the docks. During the season to date 6,201,121 tons of ore have been transported over the rails of the Missabe road. Last year the season up to the first of October showed a record of 9,406,283 tons. The difference in favor of last year, up to the first of October, is 3,205,162 tons.
While it is not probable that the record of tonnage hauled over the Missabe will equal the number of tons hauled over that road last season, it is believed that because of the depletion of the stock piles at the lower lake ports, the tonnage record until the close of navigation will show some improvement.
The season began with a very large amount of ore at the lower lake docks. It was the ore that was not needed last year. The business depression resulted in the cancellation of many orders and a lessened demand for ore. Railroad construction fell off, which resulted in a decrease in the deman dfor steel and iron.
This surplus of ore was not exhausted until late this season. Reports from the lower lakes state that the ore piles have now been depleted and that the trade is demanding more iron. Judging from these reports, the demand for ore should show some increase during the remainder of the season.

BARGE MATANZAS REPORTED SAFE

Crew Is All Right and Vessel But Little Damaged.

Marquette, Mich., Oct. 2.—Special to The Herald.)—The barge Matanzas, supposed to have been lost, is reported at anchor off Deer Park, at the eastern end of Lake Superior. The crew is safe and the vessel little damaged. The Matanzas broke away from her steamer three days ago.

KOCH DISPUTED BY MINNESOTAN

H. Reno Reynolds of State University Opposes Bacilli Expert.

Washington, Oct. 2.—Pronounced opposition to the theory advanced by Dr. Robert Koch, the eminent German scientist, who minimizes the danger of human infection from bovine tuberculosis, and who declares that the tubercle bacilli of bovine tuberculosis are different from those of human tuberculosis, developed at today's session of the international congress on tuberculosis.
The controversy was in the section on "The Prevalence and Economics on Tuberculosis of Animals," and the German scientist's theories were combatted by some of the most prominent veterinary physicians in the United States.
Leaders in the opposition of the Koch theory were Dr. Otto Noack of Reading, Pa.; Dr. Arthur Hughes of Cornell university; C. J. Marshall of Philadelphia; H. Reno Reynolds of the University of Minnesota, and Veranus A. Moore of Ithaca, N. Y.

CITY IS TURNED INTO BIG GRAVE

Funeral Pyres Burning Continually, in Flooded Indian Region.

Bombay, Oct. 2.—The correspondent of a local newspaper, who has reached Hyderabad, the capital of the flooded district, describes that city as a vast grave.
The streets and bazars have been transformed into a grewsome mass of stone and mud and decomposed flesh. It is impossible accurately to estimate the death roll in the stricken region, the correspondent declare, but some natives put is as high as 50,000.
Six hundred corpses were taken out of them. The funeral pyres are burning day and night. The damage is estimated at 200,000,000 rupees.

PAIR OF STORMS LIKELY TO MEET

Big Demonstration of Elements Inland; Gale at Sea.

Washington, Oct. 2.—A severe tropical storm is raging today in the neighborhood of the Bermuda Islands. All along the Atlantic coast from Wilmington, N. C., to Eastport, Maine, the government is displaying signals warning vessels of the danger of going to sea until the storm has passed. Forecaster Garriott of the weather bureau says today that while the hurricane endangers the safety of craft at sea it is not likely, on account of the direction it is taking, to touch the coast with any great force. By tomorrow night the storm is expected to be off Newfoundland. Already there are strong northerly winds along the middle-Atlantic coast and steamers leaving today for Europe will encounter northeasterly gales and fair weather followed by rain to the grand banks.
There is another storm developing in the interior of the country, appearing over the plateou region, whence it will advance east, reaching the Atlantic coast states Tuesday.

Would Mortgage the Farm.

A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw; one on my hand and one on my leg. It is worth more than its weigh in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at all drug stores.

O'MARA WINS THE MARATHON RACE.

Brockton, Mass., Oct. 2.—J. W. O'Mara of North Cambridge, today won the Marathon race from Boston to this city. Time, 2 hours 31 minutes 20 seconds. E. G. Ryer of Jamaica Plains, Mass., was second; Charles Henry of Lynn, third, and Samuel A. Mellor of Yonkers, N. Y., fourth.

REPUBLICAN TREASURER SHELDON MAY BE OUSTED

New York, Oct. 3.—(Special to The Herald.)—It begins to look as though National Republican Treasurer George R. Sheldon will be the next trust-tainted political official to be dethroned this campaign.

National Democratic Chairman Norman E. Mack has come out in a bold attack on Sheldon, charging the latter with close affiliation with the wicked trusts, and President Roosevelt has received a report from Secretary Root, whom he sent to investigate New York conditions, that Sheldon is not doing his work satisfactorily and is putting over onto National Republican Chairman Hitchcock much of the work that he (Sheldon) should be doing.

That the Republican campaign in New York state is lagging despite the apparent enthusiasm for Governor Hughes is admitted by the Republicans themselves, and Roosevelt in his statement, made through Secretary Loeb, said he would not take the stump unless the New York situation should demand it. It now appears the president will have to go to New York himself to boost things.

Root's visit was made unostentatiously. But his report to Roosevelt was convincing. He blames Sheldon in unstinted terms, and there will presently be something doing in the Empire state G. O. P. camp. The workings of the various departments of the Republican national committee were investigated, and a detailed report made to the White House.

Sheldon says he will not reply to Mack, who says:

"The trust and corporation affiliations of George R. Sheldon for the past ten years make interesting reading, in view of the recent developments in the campaign.

"I wish to recall in this connection that, because of these associations of his, Governor Odell in 1902 refused to permit the party leaders to put Mr. Sheldon in nomination for lieutenant governor.

"This cannot be denied. Most of the corporations with which Mr. Sheldon is identified are capitalized at millions. How much of their stock is of the liquid variety can be easily ascertained. Yet Mr. Roosevelt has defended him, and his resignation was not demanded when Mr. Dupont was invited to step down and out. Mr. Dupont was only identified with one trust, while Mr. Sheldon is at the present time intimately identified with no less than seventeen prominent financial concerns.

"One of these, the Bethlehem Steel company, does not employ union labor and has opposed the organization of its employes for the past sixteen years.

"Mr. Sheldon is a director of that company. He is also treasurer and director of the North American company, capitalized for $30,000,000, a concern known as the 'Mystery of Wall Street.' It is but a few years back since he was prominently identified with the 'whisky trust.' A glance at his connections with various companies for the past ten years will explain tersely the reason for his present position."

Following the attack of National Chairman Mack today on the corporation affiliations of George R. Sheldon, treasurer of the Republican national committee, the Democratic national committee is preparing to assail the corporation connections of Wm. Nelson Cromwell, member of the advisory committee of the Republican national committee.

ST. LOUIS STILL BAD

Grand Jury Indicts by Wholesale for Primary Frauds.

Men Who Persuaded "Repeaters" Will Now be Sought.

St. Louis, Mo., Oct. 3.—The September grand jury, which has been investigating primary and registration frauds in this city for several weeks, today returned its final report and brought the total number of indictments to ninety-three.

For the first time the names of all of the indicted men are made public.

In its previous returns the identity of the individuals charged feloniously was suppressed, except in a few cases in which the men were already under arrest.

Three of these latter have already pleaded guilty and two have been sentenced to the penitentiary.

For the most part the victims of the grand jury findings were obscure "repeaters" from the lodging house districts.

The authorities promise, however, that the October grand jury, which was summoned today, will seek information as to the identity of the men who persuaded the "floaters" and "repeaters" to commit their wrongful acts.

MORE CHOLERA, JACKIES BARRED

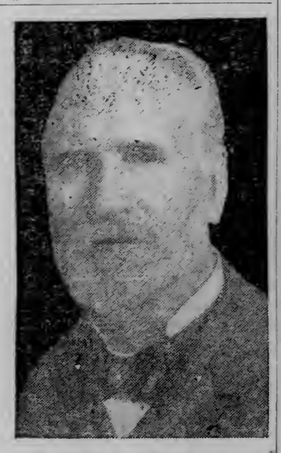

Sperry Decides They Shall Not Land at Manila.

Manila, Oct. 3.—Two new cases of cholera were reported in Manila Friday. Mrs. C. A. Carter, who was stricken several days ago, is dead and N. F. Breman, an American bookkeeper, is among the new patients.

Rear Admiral Sperry has finally decided not to land any men here and to maintain a quarantine of the ships during their stay.

CABINET OFFICER WILL TAKE STUMP

Washington, Oct. 3.—Secretary Wilson left Washington last night for the West, where he will engage in the campaign until election day. His first

SECRETARY WILSON.

speech will be in the congressional district of Representative Pollard at Nebraska City, Oct. 10.

WOMEN GET NO GLIMPSE

Rise Early But Fail to See Nicholas Longworth.

Crowd Cries in Vain for the President's Son-in-Law.

Toledo, Ill., Oct. 3.—Between Canteloupe and omelette at breakfast today James S. Sherman made a 15-minute speech at Mattoon. This was the first stop out of Chicago in a wide sweep that the Republican vice presidential candidate will make through Illinois and into Indiana and a baker's dozen of speeches will be today made from the rear platform of his car Olivette as he swiftly swings along the route to Evansville, Ind., where the day will end in a big rally in the Hoosier state.

Among the towns through which the speechmaking party will pass are Toledo, Newton, Olney, Mount Vernon and Salem, William J. Bryan's birthplace.

When Mr. Sherman finished his talk at Mattoon the crowd set up an insistent demand to see Alice's husband, but Mr. Longworth had not arisen and the curious were disappointed, among whom were a number of women, called out at the early hour by their desire to catch a glimpse of the president's son-in-law.

ROME GETS THE NEXT CONSUMPTION CONGRESS.

Washington, Oct. 3.—The announcement was made today that the next tuberculosis congress will be held in Rome, in 1911.

Taft Invades Kansas.

Garden City, Kan., Oct. 3.—With all factions of Kansas Republicans aboard his special train, Taft today invaded the sunflower state and before reaching Topeka tonight will have made fourteen speeches.

CONTEMPT PROBE ON CONVENTION

Washington, Oct. 3.—The hearing in the contempt proceedings against Samuel Gompers, president of the American Federation of Labor and Messrs. Mitchell and Morrissey will be resumed at Indianapolis, Tuesday next. After examining a few witnesses in St. Louis, the attorney will proceed to other points in the West. It is understood that the testimony taken at Indianapolis will deal particularly with the United Mine Workers' convention over which John Mitchell presided,

JOHN MITCHELL.

when the resolutions criticising the decision in the Buck Stove & Range company case were adopted.

FILIPINOS IN FIGHT AGAIN

Outlaw Natives Attack Company of American Scouts.

Manila, Oct. 3.—A report received today from the Island of Mindanao tells of a battle between scouts and outlaw Moors in which more than a dozen casualties occurred.

An outpost company of scouts was attacked on Keithley road by a band of fifty Moros

In the first sudden onslaught one of the scouts was killed and two were wounded.

The company rallied, however, driving off the superior force with a loss of nine natives killed and several wounded.

POQUET BANK IS ROBBED

Brainerd, Minn., Oct. 3.—(Special to The Herald.)—The bank of Pequot, at Pequot, a small town twenty miles north of here, was burglarized at 2:30 this morning.

The safe was dynamited and the outer door blown off. The noise aroused the citizens and the robbers were compelled to leave before getting into the steel chest. They got about $100 in silver.

The robbers, evidently professionals, had cut both telephone and telegraph wires both sides of town and had erected a barricade of ties near the bank to fight from behind if necessary. They left town on a hand car going south and were heard to pass Merrifield.

It is thought they may have reached Brainerd in time to take the early train to the Twin Cities. The safe and building were damaged to the extent of about $500.

Wisconsin Bank Loses $2,200.

Warren, Wis., Oct. 3.—The private bank of the George Warren company, was robbed at an early hour today of $2,200.

HELD FOR 111 DEATHS

San Francisco, Oct. 3.—In the official inquiry into the wreck of the ship Star of Bengal, charges of cowardice and desertion are made against F. Farrar and F. Hamilton, masters of the cannery tugs Hallie Gage and Kyak, which were towing the vessel when the wreck occurred.

Capt. Nicholas Wagner, Mate Victor Johansen and several members of the crew testified before a federal inspector that the blame for the loss of the vessel and 111 lives rests upon the tow boat captains.

Capt. Wagner has been directed to swear to his charges before the surving inspector in Washington. The accused tow boat captains will then be prosecuted for manslaughter.

CHICAGO VOTERS ARE REGISTERING

Chicago, Oct. 3.—Registration of voters in the city, made necessary by the law which compels a new registry list of electors every two years, kept the election officials busy today in the 1,256 precincts in Chicago.

Republican and Democratic chiefs declare an unusually heavy registration to be on and it is estimated that 270,000 voters will file their names with the precinct judges. A second day for belated citizens to register has been fixed for Oct. 13 and the total registration is expected to reach the 410,000 mark.

Four years ago, the first day's registration totalled 263,271 voters, which was augmented by 143,149 additional names on the second day of registration, giving a revised list of 404,130 qualified electors.

HANSBROUGH CANDIDATE

For Election to United States Senate Two Years Hence.

Will Enter Field Against Senator Porter J. McCumber.

Grand Forks, N. D., Oct., 3.—(Special to The Herald.)—A political announcement of more than ordinary interest was made this afternoon in Grand Forks when United States Senator Henry C. Hansbrough made public the fact that he would be a candidate

(Continued on page 5, 7th column.)

AUTOS KILL AFTER REVEL

Man and Woman, Returning in Early Morn, Victims.

New York, Oct. 3.—One man was killed and a woman probably fatally injured in an automobile collision today. The dead man was Edward Ryan of Brooklyn and the woman most severely hurt is Miss Josephine Wagner. They were struck by a big touring car which tore through Livingston street, Brooklyn, early today. While Mr. Ryan and Miss Wagner were on their way home from an entertainment.

Ryan was instantly killed and Miss Wagner sustained a fractured skull and other serious injuries.

The driver of the big car, which was occupied by several men and women, turned on power and sped away.

A few minutes later a big car occupied by several men was held up at Brooklyn bridge and the occupants arrested. Later, the men were given into the custody of the Brooklyn officers who have charge of the investigation into the Livingston street accident. The car stopped by the police had both lamps intact while the car which struck Ryan and Miss Wagner lost one of its lamps in the collision. The men under arrest are residents of East Orange and Newark, N. J.

KITCHEN FIRE RAZES COTTAGES

Boston, Oct. 3.—Cresthall and Ocean View hotels, with three large summer cottages occupying one of the most beautiful spots on "The Crest" at Winthrop Beach, were destroyed by fire today with a loss of $175,000.

Fifty guests at Cresthall and thirty at the Ocean View escaped and some from the Ocean View were able to save a part of their effects.

The fire started in the kitchen of Cresthall. A strong northeast wind swept the flames directly down the beach and only the timely arrival of aid from Boston, Chelsea and Revere, it is believed, saved a large part of the valuable ocean front from destruction.

RHEUMATIC, SHE PERISHES BY GAS

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—Mrs. Mary McKnight of Clare, Iowa, was found dead in her room at the Kendall hotel, due to asphyxiation.

She was on her way to some point in Montana, where she had a son who was recently injured. When she came to the hotel, she was unable to write her name on the register, owing to the crippled condition of her hands caused by rheumatism. Coroner Miller pronounced it a case of death by accident.

STRIKES OUT 15 IN EIGHT INNINGS

PITCHER ED WALSH.

Chicago American league twirler, who yesterday retired fifteen batsmen in eight innings by strikeouts, in the game at Cleveland. Lajoie, the Great, was among his victims; fanning out twice.

BASEBALL EXTRA!

PITTSBURG IS STILL IN LEAD

Chicago Has Pie at Cincinnati--- Game a Fiasco.

New York Mowed Down in the Game at Philadelphia.

NATIONAL LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
PITTTBURG	0	1	2	0	0	0	0	0	0	3	9	1

CINCINNATI	0	0	0	0	0	1	0	0	1	2	7	4

AMERICAN LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
ST. LOUIS	0	0	0	0	0	0	0	0	0	0	7	2
DETROIT	3	0	0	0	0	3	0	x		6	6	1

	1	2	3	4	5	6	7	8	9	R	H	E
CHICAGO	0	2	0	0	0	1	0	0	0	3	8	2
CLEVELAND	0	1	0	0	0	0	0	1	0	2	8	0

Greater uncertainty than ever in the ultimate outcome of the almost unprecedentedly close race for the National league pennant came as a result of yesterday's games. Through a double-header victory, Pittsburg squeezed into first place with a lead of less than a full point over New York, and Chicago in third place is only a single point lower in the percentage table. This loss than two full points separate the three leaders in the race. Even though in second place, New York still has a slight advantage, as she still has four games to play before the close of the season, while Pittsburg and Chicago have only two each. Should New York win all four games, the pennant would fly at the Polo grounds, even if the other two teams play ruinless ball. But if either Pittsburg or Chicago wins all their games, New York must win all of hers, too, in order to capture the coveted flag. Pittsburg today again played St. Louis, while New York played at Philadelphia, and Chicago at Cincinnati. Boston and Brooklyn, in the second division, will play at Brooklyn. The standing of the three leaders before the beginning of play today was:

	Won.	Lost.	Pct.
Pittsburg	97	55	.638
New York	97	54	.637
Chicago	96	55	.636
Detroit	88	61	.591
Cleveland	88	62	.587
Chicago	85	63	.574

Detroit still holds the leading place in the American league, with Cleveland second and Chicago third. The leading team was on its home field today, where it met St. Louis, while Chicago played at Cleveland. Washington played at New York, and Boston at Philadelphia. The standing:

Philadelphia, Pa., Oct. 3.—(Special to The Herald.)—Everybody who could possibly get out to see the now world-famous New York Giants was at National League park this afternoon when play was called for another set-to between the aforesaid Giants and Philadelphia. The Quakers got a severe drubbing yesterday, and were in a wicked frame of mind when they took the field for the first inning. Batteries: For New York, Mathewson and Bresnahan; for Philadelphia, Covaleski and Dooin. Umpires—Johnstone and Klem. New York started the ball rolling in the first inning with a run. Score, 1 to 0.

After that there was a series of goose eggs, and the second, third and fourth innings passed without a man crossing the plate.

Philadelphia scored 2 in the fifth and only 1 in the sixth, amid the wildest demonstration at a ball game here this year. Neither side scored in the next two innings. Score, 3 to 1.

New York scored one more in the ninth, but could not win. Final score, 3 to 2 for Philadelphia.

FOOTBALL TODAY.

Cleveland	88	63	.582
Chicago	86	63	.577

PITTSBURG STRUGGLES WITH THE CARDINALS.

St. Louis, Mo., Oct. 3.—(Special to The Herald.)—In a nerve-racking effort to pass into the first place in the exciting National league fight for the 1908 flag, the huskies from Stogietown clashed with the Cardinals at National League park this afternoon before thousands of spectators. Batteries—Pittsburg, Maddox and Gibson; St. Louis, Fromme and Ludwig. Umpire—O'Day. Score, 3 to 2, in Pittsburg's favor.

DETROIT CROSSES BATS WITH ST. LOUIS.

Detroit, Mich., Oct. 3.—(Special to The Herald.)—The Detroit Tigers today crossed bats with the St. Louis American leaguers, before a huge turnout of fans. The city made this afternoon well-nigh a half holiday, so great is the excitement over the race for the pennant. Batteries: For Detroit, Donovan and Schmidt; for St. Louis, Powell and Stephens. Score: 6 to 0, for Detroit.

CHICAGO SOX MIX IT WITH CLEVELAND.

Cleveland, Ohio, Oct. 3.—(Special to The Herald.)—Many places of business which are usually open Saturday afternoons were closed at dinner time today, in order that employes might witness the game between the Clevelands and the White Sox, in the American league. Cleveland's interest in the pennant contest is intense. Batteries this afternoon. For Chicago, Smith and Sullivan; for Cleveland, Liebhardt and Bemis. Score: Chicago, 3; Cleveland 2.

Cincinnati, Ohio, Oct. 3.—(Special to The Herald.)—With the memory of yesterday's whitewash bitterly fresh in their minds, the Reds went on the field for this afternoon's game with the Chicago Nationals, grim in their determination to win. They practiced at the park awhile this morning in preparation. A record breaking crowd witnessed the contest. Batteries:

Batteries: Cincinnati, Dubec and McLean; Chicago, Reulbach and Kling. Umpires—Owen and Rigler.

The first two innings were a nightmare that the Reds will probably never forget. Ten runs were worked out of Dubec after which he was taken out of the box and Campbell substituted. It was Chicago's game, then and there. Score at end of second inning, 10 to 0.

The game developed into a fiasco when Chicago slammed out four more in the third. Score, 14 to 0.

After the Cubs had gotten another run in the fourth, making the score 15 to 0, O'Toole went in to pitch for Cincinnati. The fifth was the first inning in which Chicago did not get a run.

It became a "16 to 1" affair in the sixth, when both sides tallied once. Frazer began pitching for Chicago, at this juncture.

Neither side scored in the seventh inning. Score still, 16 to 1.

Nothing doing in the eighth inning.

Cincinnati scored one in the last inning. Score, 16 to 2, in favor of Chicago.

OTHER GAMES TODAY

Brooklyn Wins.

Brooklyn, N. Y., Oct. 3.—National league:

	R.	H.	E.
Boston	0	3	1
Brooklyn	2	7	0

SCHOOL TAX LEVY IS CUT

Fixed at More Than Three Mills Under That of 1907.

Resignation of J. L. Washburn Accepted; W. G. Crosby Director.

The public school tax levy will be cut more than three mills this year. To be exact, the rate is exactly 3.38 mills less than last year. At the meeting of the school board, held last evening at the high school, the directors decided to notify the county auditor that they will need $379,000 for the maintenance of the public school system in the year 1909. This will mean a rate of 10.15 mills compared with 13.53 mills the rate of last year.

At this rate the board will not only be able to provide for bonds that will fall due, but also for the construction of the Salter school, the additions to the sinking and building fund, and all the expenses of the school system of the year.

The levy $379,000 will be divided as follows: General fund, $211,700; sinking fund, $97,000; building fund, $69,400. The levy will call for $30,000 worth of bonds maturing next year.

• • •

The resignation of Director J. L. Washburn was accepted with regret, and Wilson G. Crosby, a former member of the board was chosen to serve out Mr. Washburn's term.

Mr. Washburn's resignation, which was read by the clerk at the last meeting of the school board, and which was laid over until the meeting of last night for consideration, read as follows:

"To the honorable, the president and members of the board of education of the city of Duluth:

"I herewith tender my resignation as a member of the board, to take effect at the end of the current month. For the past two years I have not been able to discharge in full the duties of the office, and business and professional obligations, some of which have arisen recently, will cause such absences and will make such demands on my time and strength that I am convinced it is my duty to resign.

"I am loth to sever my relations with this board, whose members have shown me more kindness and deference than I have been entitled to, and with whom it has been a pleasure to work in the common effort to discharge faithfully an assumed duty. I am still more loth to do so, if by retiring from the board I shall make it any more difficult or burdensome for other members to do their work, which seems ever to increase in volume as the city grows larger. The work of the committee on the maintenance of buildings and grounds at times seems almost overwhelming and the work of the committee on schools is always as great as its members are willing to make it.

"I am convinced that there are no schools in the state superior to ours, but there must always be defects to cure. Public school methods are of necessity so universal that individual failures must always occur. I believe, however, that important changes and improvements should be made in the public school system, and Duluth has begun, and with a degree of progress led the way for some of these. The superintendent is in accord with the sentiment of the board and there is no reason why continued progress should not be made.

"This cannot be done effectively, however, without the sustaining force of public sentiment.

"I did not feel that I could accept re-election in July, 1907, but as there was no other nominee east of the point of rocks, there seemed to be no alternative. You will now have nearly a month to fill the vacancy, in which time some good citizen should show a willingness to assume the duty which for more than seven years I have tried to discharge.

"With assurances of greateful memory, I am,

"Sincerely yours,
"J. L. WASHBURN."

Mr. Washburn was not in attendance at the meeting of last night. He has left the city on business and will probably be absent some little time.

• • •

The directors purchased twelve historic charts for use in the grade schools.

• • •

Director Stevens moved that a new well be dug at Colbyville, as the way things are arranged now, the water has to be carried some distance. There was no second to this motion.

• • •

The supplies for the repairing of the high school chimes were received Thursday, and workmen are busy putting them back into working order. It is expected that by Monday morning they will again be striking the time.

• • •

Director L. A. Barnes reported that a patron of the Fairmont school had complained to him of the school being a fire trap. It was explained by the superintendent that the pupils of this school had been known to leave the school in less than one minute on the occasion of a fire drill, and that under the circumstances he considered the building safe.

The board authorzed the purchase of six new typewriters, at a cost of $70 each.

Current Events At the Central

REMARKABLE PROGRESS of students taking the CHARTIER Shorthand at the Central Business College. Those who entered Sept. 1st will begin TAKING DICTATION next week, thus finishing the shorthand text book in about five weeks. (At other colleges, where they teach the complicated, old style systems, they are still struggling with the mass of rules and exceptions, and will be until about Christmas).

NEW CLASSES will be formed Monday, Oct. 5th, in both SHORTHAND and COMMERCIAL courses.

ENROLL NOW.—Intending students are advised to enroll as early as possible. The office will be open every day until 9 o'clock.

THESE FILL POSITIONS.—During the past week students left the college to fill positions as follows:

ROY MURNIAN, stenographer for the Northern Cold Storage Co.

J. C. HEIDENBERG, bookkeeper for Nelson, Morris Co.

AXEL EILER, stenographer for M. B. Campbell, real estate.

ELVERA HORNGREN, stenographer for Marshall-Wells Hardware Co.

WILBUR MAGNUSSEN, stenographer for Gibson-Barber Supply Co.

NIGHT SCHOOL.

The night school is highly popular, this being the only college where shorthand can be learned during the WINTER. It takes a whole year to accomplish the same result at other colleges. Reason—CHARTIER Shorthand learned in half the time and with less labor.

CENTRAL Business College 30 E. Sup. Street

General Debility

Day in and out there is that feeling of weakness that makes a burden of itself.

Food does not strengthen.

Sleep does not refresh.

It is hard to do, hard to bear, what should be easy,—vitality is on the ebb, and the whole system suffers.

For this condition take

Hood's Sarsaparilla

It vitalizes the blood, gives vigor and tone to all the organs and functions, and is positively unequalled for all run-down or debilitated conditions.

HOOD'S PILLS cure constipation. 25 cents.

Well-Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins of Glasgow, Ky. This remedy is for sale by all druggists.

BARBER SHOPS LOSE THEIR CARDS

Are Now Being Conducted on Open Shop Basis.

The war, which has been silently waged between the Barbers' union and certain boss barbers of the city, has recently culminated in most of the big barber shops of the city willingly giving up their union cards, and conducting their affairs on an open shop basis.

This trouble has been on for the past three months. It is claimed to have started with the unions showing a marked favoritism towards certain shops and their bosses. Before that time, there was an organized Boss Barbers' association, but when some of the shops cut their prices, this association gradually disbanded, no action having been taken against the bosses who cut their prices. The warfare then became an individual fight between the union and certain of the bosses. On Labor day these barbers did not observe the holiday, claiming that they received no protection from the union, and therefore, would not observe its orders. They were then threatened with the loss of their cards unless a $10 fine was paid. The fine went unpaid and now the big shops are without cards, which does not seem to worry them much.

This revolutionary step on the part of the bosses, is not expected to bring about any strike, at least for the present, as all the journeymen barbers are anxious to keep their jobs. No regular boycott is expected either, though it is understood that printed cards stating what barber shops are on the unfair list, will be distributed at the next meeting of the Trades assembly.

The main attack of the union is said to be against the St. Louis and McKay barber shops, though the Spalding and Palladio shops have been conducted for some time under partial open shop conditions, and have not had their cards removed. This revolution will not in any way change the price of a hair cut or shave in the big shops.

LONGWORTH SAYS ROOSEVELT AGAIN

Son-in-Law Proposes That the President Shall Succeed Taft.

Rock Island, Oct. 3.—Thedore Roosevelt for president again eight years from now, was the declaration of the president's son-in-law. Congressman Longworth, in a speech here yesterday on the grounds of the Tri-state Exposition, to an audience of several thousand persons, who cheered the sentiment again and again.

Mr. Longworth's statement was made during the course of an eulogy and defense of the president's administration. He first proposed that the Republican leader for the next eight years be William Howard Taft, the nominee for president, who if elected, as the speaker declared he was confident he would be, should be returned to that office for a second term.

Following Mr. Taft as president, seriously declared Mr. Longworth, Theodore Roosevelt should be returned to the chair for the next eight years.

FIRST CONVENTION OF WINONA DEANERY HELD.

Winona, Minn., Oct. 3.—The first convocation of the newly created Winona deanery opened here Thursday evening. A feature is the presence of Bishop Morrison of Des Moines, whose son, Rev. Camern Morrison, is rector of the Episcopal church at Wabasha. The principal business matter to come before the session is the proposed setting off of the St. Paul diocese from the Minnesota diocese. Dr. John Wright of St. Paul will lead the debate in favor of division. It seems likely that resolutions opposing the plan will be adopted.

Norman County Committee.

Ada, Minn., Oct. 3.—(Special to The Herald.)—The Republican county committee held its organization meeting in the city hall recently and organized for the campaign by electing Peter Sharpe, of Ada, as county chairman; Martin Widsten, of Hendrum, as secretary, and Andrew Rogen of Flom, as treasurer.

The above, together with D. C. Jones of Gary, J. D. Mason of Twin Valley, A. H. Betcher of Green Meadow, J. W. G. Anderson of Shelly, and G. E. Erickson of Perley, will be the executive committee.

SOME GOOD FROM FIRE

Much Wild Land Has Been Cleared of Underbrush.

Fire Damaged Soil, Burning to Rocks, in Some Districts.

Though the loss in buildings and property to the settler, whose home was in the path of the forest fires, which swept over Northern Minnesota this fall cannot be offset by the fact, the fires were nevertheless a benefit in one respect, according to Duluth dealers in farm lands, who keep in touch with the situation. The benefit comes through the fact that cutover land, thickly covered with underbrush, cut branches and vegetation, which would cost hundreds of dollars to clear, has been cleared almost entirely by the flames.

"Land, which would cost from $15 to $20 an acre to clear, has been almost entirely cleared by the forest fires," said George H. Ebert yesterday. "I have been up in the vicinity of the Sucker river recently and the result of the fires is marvelous. A territory, which was formerly covered with thick underbrush, is almost entirely clear and one may drive a wagon over it easily. With very little work, it will be fit for cultivation.

"There has always been some difficulty in dealing with settlers from other parts of the country, who object to clearing land under such circumstances. When land is cut over, the cut branches, leaves and growing vegetation cover it, sometimes to a depth of several feet. The settler coming from other parts of the country is appalled by the condition and sometimes is discouraged entirely, so there is satisfaction now in pointing out land, which has been burned over, all superfluous matter removed by the flames and the land clear and almost ready for cultivation as it is."

A. W. Kuchnow, who also keeps in touch with the situation, concurs with Mr. Ebert in the view.

There is one class of land, to which forest fires are by no means beneficial. In peat beds, or districts of black loam, considerable of the fertility is burned out of the soil. Very fortunately, the area of black loam in the fire zone is very small, so the land affected by the fires is consequently not great in area. Some of the settlers coming from the north shore complain that the fires have burned the soil through to the rocks, despoiling it of its fertility and necessitating new fertilizing operations in order to render it fit for cultivation.

There is one redeeming feature, even in the black loam districts and peat beds. The soil is usually so thick that though the fire does burn it for a certain depth on top, it does not entirely despoil it, and beneath the burned depth, there is still ample depth of rich black loam to make cultivation easy and productive.

BANKERS NAMED TO WORK FOR BRYAN.

Chicago, Oct. 3.—The appointment is announced at Democratic national headquarters here of a bankers' committee composed of one prominent banker in each state, who are to work for the election of Mr. Bryan. Most of the members are presidents of banks. A statement from National headquarters announcing the appointment says:

"It is the intention of the national committee to give special attention to the bankers of this country. The committee feels that the bankers are much interested in the conditions, which confront them and it is required of them to choose between the postal savings banks proposition of the Republican party and the guarantee plan promulgated by the Democratic party."

Will Be at Parlor K.
Spalding Hotel, Duluth
Fri. and Sat., Oct. 9-10

Dr. Bugbee relieves all eye strain that causes cataract, blindness, red, sore and inflamed eyes, headaches, dizzyness, black and floating spots, nervousness, etc., without drugs or pain. Unexcelled by Ocular or Medical Science. All cases thoroughly examined under Dr. Bugbee's Skiascopy, revealing the slightest errors of refraction as well as any diseased or abnormal condition of the eyes. Glasses made that WILL FIT. New lenses put in old frames, if desired. Replaces lenses from prescription, or from pieces sent by mail. A complete record kept of every case, and a guarantee and prescription number given with every pair of glasses fitted.

Artificial Eyes.

Special attention to relief of nervous troubles, which come from irritation of the vital nerve and brain centers, caused from uncorrected eye strain and the wearing of properly fitted glasses will relieve the conditions.

Superior Hotel, Superior
Oct. 7-8.

MINNESOTA UNIVERSITY

Football Team is Having Its First Game With Lawrence.

Girls Taking a Great Interest in Tennis, Baseball and Basketball.

Minneapolis, Oct. 3.—(Special to The Herald.)—The varsity football squad has been put through the most strenuous practice preparatory to the first game of the season, with Lawrence university. Every afternoon, between 4 and 5, Coach Williams has been directing them in straight signal practice and new plays, and at 5 o'clock they are lined up against "Sig" Harris' bunch of aspirants, whom they push about the field until 6 o'clock, when they all take a short run and are turned over to the rubbers.

This most strenuous work has rapidly worn off the soft spots acquired during the summer months, fitting the men in every respect, and making them hard as nails.

The team, which was at first a bunch of raw recruits gamboling on the green, has settled down to serious work, and the game with Lawrence this afternoon is an assured victory for Minnesota.

• • •

The "Aggies" turned out for their first practice last Monday afternoon. Coach Machettanz will not return to college until next week, but the college men, who are eager to make good, have ben putting in some preliminary practice this week. The prospects for a good team are very promising. Several of last year's regulars are back, and a wealth of good material awaits the arrival of the coach. Games will be arranged with Macalaster, Pillsbury, Shattuck, Mamline and Carlton colleges, and possibly with the "U."

• • •

Members of the rooter club held their first meeting Tuesday afternoon and elected Fred Buck of Duluth president.

A committee was appointed to complete the arrangements for the Lawrence game.

Practice was held Friday afternoon, when members of the club tried out for position of Rooter King. The members are to have a pin with the words, "Rooters' club," and the letter "M," to appear in the center, to be won by every member of the organization on the days of games. A special section will be reserved for the club at each game. Uniform megaphones will be secured. Uniform megahpones will be more noise than all the other spectators combined.

Membership in the club is limited to fifty juniors and seniors, who will stick together the whole year and support the team in every way.

• • •

Trials for the freshman-sophomore debate will be held soon. The question for freshman preliminaries is:

"Resolved that the Federal government should subsidize the southerl states for the education of the southern negroes, granted that it would be constitutional and tat the southern whites would not object."

The proposition before the sophomores is:

"Resolved that the United States should annex Cuba."

Prof. Frank M. Rarig has posted the debate schedule for this year. The preliminary Pillsbury oratorical contest will be held Feb. 26 and the final March 19. This contest is open to academic juniors and seniors, middle and senior laws.

The preliminary for the Dunnwoody prize and the intra-sophomore debate will be held Jan. 8 and the final, March 9. This debate is open to academic sophomores.

The Y. M. C. A. for the second time has undertaken the coaching of people with conditions in subjects so that these may be removed by examination. The success of last year has caused an enlargement in the facilities. The Y. M. C. A. policy is to secure instructors, especially recommended by the deans of the departments in which the conditions are registered, and to charge the uniform tuition of $5 per course with $1 off for association members. The courses this year include higher algebra, solid geometry, latin I, latin II, physics and chemistry.

A petition has circulated among the students this week requesting the use of the armory for a great temperance debate. Practically every name upon the college rolls was obtained and if the armory is secured, John G. Lennon and W. G. Calderwood will meet and discuss the prohibition question. Mr. Lennon is representative from the Forty-First district, southwest of the campus and W. C. Calderwood is a candidate from the Thirty-Ninth district, east of the campus. Mr. Calderwood is also national secretary of the Prohibition party.

Last year in a debate at the Metropolitan opera house between Mr. Calderwood and Mr. Maddock, a thousand were turned from the doors, so an attempt has been made this year to secure the armory with its large seating capacity.

The Chess club held an enthusiastic meeting Thursday noon at the Y. M. C. A. The club opens the third year of its existence under especially auspicious circumstances. Most of the best players of last year have returned to college and the coming season promises to be extremely prosperous. Officers for the year were elected.

A movement is under way to secure games with other universities, and R. W. Muir and George G. Chapin were appointed a committee to select an intercollegiate team. Arrangements for the annual chess tournament for members was made. All who are interested in chess are eligible for the club.

"Three of a Kind" is the title of Richard Burton's new book, just out. Dr. Burton has reached out into new fields to claim fresh laurels to add to his fame as a poet, and dramatist, for this latest work is a novel.

It is the story of the joys and sorrows of three unprosperous friends, an old musician, a street waif, and a littlecockereal spaniel—a story that seizes the interest and touches the heart. It is a simple but appealing tale, with a character study beautifully done. The book has been attractively gotten up, with very delicate and suitable illustrations by Frank T. Merrill.

• • •

Notices of the annual Y. M. and Y. W. C. A. receptions for freshmen has been posted for tonight, to be held in the Armory. Governor Johnson has promised to attend and Mayor Haynes and ex-Mayor Jones are to be in the receiving line.

The object of the reception is to acquaint the entire student body and faculty. Arrangements have been made to accommodate 2,000 people.

• • •

Interest in the tennis tournament seems to be growing daily. Already twenty-five men have entered for the singles and nine teams have lined up for the doubles. An exceedingly valuable list of prizes has been offered. They are as follows: first prize in the singles, a $5 sweater vest, donated by A. G. Spalding & Bros.; second prize, singles, a $5 pair of Florsheim shoes, donated by the College toggery. First prize, doubles, two $5 sweater vests; second prize, doubles, a $5 pair of U. of M. blankets.

Bob Muir says the tournament will be the best ever, and the competition will be very strong, not only among the student body, but among faculty members.

• • •

There is much interest in girls' athletics this year. Prospects are fine for a good basketball and indoor baseball team.

Elsa Neland has been appointed captain of the basketball team. Formerly this position was filled by election by the girls themselves, but this year Miss Butner made the appointment. Helen Cummings will coach the team. Before the big games, several assistants will be chosen. The position of manager has not been filled as yet.

The interclass tournament will be played later this year than usual, giving the girls a chance for more practice.

For indoor baseball a diamond has been laid out in the girls' gymnasium, where the girls may show their skill at home runs. Any girl may try for a position on the team this year; last year only girls in the department were allowed the privilege.

Minot Pastor Resigns.

Minot, N. D., Oct. 3.—Rev. G. L. Powell, for several years pastor of the Methodist church in this city, has accepted the pastorate of the Clinton Avenue Methodist church at St. Paul. The local church board refused to release him, placing the responsibility of his leaving with the pastor.

BUY YOUR PIANO NOW

BUY IT HERE

You notice, every piano in the list is one of merit, a high-grade, fully guaranteed piano—one you would be glad to welcome into your home as a lift-time companion. These are the pianos to buy. Put your money into a high-grade instrument.

Knabe,
Everett,
Blasius & Son,
Conover,
Vose & Sons,
Crown,
Kingsbury,
Regent,
Wellington,
Kohler & Campbell.

You don't need to spend years taking lessons if you own a player piano. One of the newest and latest is the Knabe Angelus—the Autopiano, Emerson Angelus and Angelus Piano are all inside players as the cut shows. Difficult musical passages are easily executed with a player piano. They are a help to even a professional musician. We will be glad to demonstrate them to you.

The One Price System of Piano Selling

Insures the price being the same to you as to your neighbor. There is no dickering, no adding of a hundred or a hundred and seventy-five dollars to the legitimate price of a piano, so a big cash discount can be given or so a big allowance can be made for your old piano.

These are methods unknown in buying a piano on the one price system. The prices are all plainly marked no each piano. They are the very lowest cash prices—if you want a piano at these prices, buy it here.

Director L. A. Barnes reported that a patron of the Fairmont school had complained to him of the school being a fire trap. It was explained by the superintendent that the pupils of this school had been known to leave the school in less than one minute on the occasion of a fire drill, and that under the circumstances he considered the building safe.

The board authorzed the purchase of six new typewriters, at a cost of $70 each

Current Events At the Central

REMARKABLE PROGRESS of students taking the CHARTIER Shorthand at the Central Business College. Those who entered Sept. 1st will begin TAKING DICTATION next week, thus finishing the shorthand text book in about five weeks. (At other colleges, where they teach the complicated, old style systems, they are still struggling with the mass of rules and exceptions, and will be until about Christmas).

NEW CLASSES will be formed Monday, Oct. 5th, in both SHORTHAND and COMMERCIAL courses.

ENROLL NOW—Intending students are advised to enroll as early as possible. The office will be open every day until 9 o'clock.

THESE FILL POSITIONS—During the past week students left the college to fill positions as follows:

ROY MURNIAN, stenographer for the Northern Cold Storage Co.

J. C. HEIDENBERG, bookkeeper for Nelson, Morris Co.

AXEL EILER, stenographer for M. B. Campbell, real estate.

ELVERA HORNGREN, stenographer for Marshall-Wells Hardware Co.

WILBUR MAGNUSSEN, stenographer for Gibson-Barber Supply Co.

NIGHT SCHOOL.

The night school is highly popular, this being the only college where shorthand can be learned during the WINTER. It takes a whole year to accomplish the same result at other colleges. Reason—CHARTIER Shorthand learned in half the time and with less labor.

CENTRAL Business College 30 E. Sup. Street

General Debility

Day in and out there is that feeling of weakness that makes a burden of itself.

Food does not strengthen.

Sleep does not refresh.

It is hard to do, hard to bear, what should be easy,—vitality is on the ebb, and the whole system suffers.

For this condition take

Hood's Sarsaparilla

It vitalizes the blood, gives vigor and tone to all the organs and functions, and is positively unequalled for all run-down or debilitated conditions.

HOOD'S PILLS cure constipation, 25 cents.

Well-Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins of Glasgow, Ky. This remedy is for sale by all druggists.

6-ROOM HOUSE FOR SALE

Nearly new; concrete foundation; hardwood floors throughout; electric light; hardwood finish first floor. Price $2,650. Address B. 600, Herald.

BARBER SHOPS LOSE THEIR CARDS

Are Now Being Conducted on Open Shop Basis.

The war, which has been silently waged between the Barbers' union and certain boss barbers of the city, has recently culminated in most of the big barber shops of the city willingly giving up their union cards, and conducting their affairs on an open shop basis.

This trouble has been on for the past three months. It is claimed to have started with the unions showing a marked favoritism towards certain shops and their bosses. Before that time, there was an organized Boss Barbers' association, but when some of the shops cut their prices, this association gradually disbanded, no action having been taken against the bosses who cut their prices. The warfare then became an individual fight between the union and certain of the bosses. On Labor day these barbers did not observe the holiday, claiming that they received no protection from the union, and therefore, would not observe its orders. They were then threatened with the loss of their cards unless a $10 fine was paid. The fine went unpaid and now the big shops are without cards, which does not seem to worry them much.

This revolutionary step on the part of the bosses, is not expected to bring about any strike, at least for the present, as all the journeymen barbers are anxious to keep their jobs. No regular boycott is expected either, though it is understood that printed cards stating what barber shops are on the unfair list, will be distributed at the next meeting of the Trades assembly.

The main attack of the union is said to be against the St. Louis and McKay barber shops, though the Spalding and Palladio shops have been conducted for some time under partial open shop conditions, and have not had their cards removed. This revolution will not in any way change the price of a hair cut or shave in the big shops.

LONGWORTH SAYS ROOSEVELT AGAIN

Son-in-Law Proposes That the President Shall Succeed Taft.

Rock Island, Oct. 3.—Theodore Roosevelt for president again eight years from now, was the declaration of the president's son-in-law. Congressman Longworth, in a speech here yesterday on the grounds of the Tri-state Exposition, to an audience of several thousand persons, who cheered the sentiment again and again.

Mr. Longworth's statement was made during the course of an eulogy and defense of the president's administration. He first proposed that the Republican leader for the next eight years be William Howard Taft, the nominee for president, who if elected, as the speaker declared he was confident he would be, should be returned to that office for a second term.

Following Mr. Taft as president, seriously declared Mr. Longworth, Theodore Roosevelt should be returned to the chair for the next eight years.

FIRST CONVENTION OF WINONA DEANERY HELD.

Winona, Minn., Oct. 3.—The first convocation of the newly created Winona deanery opened here Thursday evening. A feature is the presence of Bishop Morrison of Des Moines, whose son, Rev. Camern Morrison, is rector of the Episcopal church at Wabasha. The principal business matter to come before the session is the proposed setting off of the St. Paul diocese from the Minnesota diocese. Dr. John Wright of St. Paul will lead the debate in favor of division. It seems likely that resolutions opposing the plan will be adopted.

Norman County Committee.

Ada, Minn., Oct. 3.—(Special to The Herald.)—The Republican county committee held its organization meeting in the city hall recently and organized for the campaign by electing Peter Sharpe, of Ada, as county chairman; Martin Widsten, of Hendrum, as secretary, and Andrew Rogen of Flom, as treasurer.

The above, together with D. C. Jones of Gary, J. D. Mason of Twin Valley, A. H. Betcher of Green Meadow, J. W. G. Anderson of Shelly, and G. E. Erickson of Perley, will be the executive committee.

SOME GOOD FROM FIRE

Much Wild Land Has Been Cleared of Underbrush.

Fire Damaged Soil, Burning to Rocks, in Some Districts.

Though the loss in buildings and property to the settler, whose home was in the path of the forest fires, which swept over Northern Minnesota this fall cannot be offset by the fact, the fires were nevertheless a benefit in one respect, according to Duluth dealers in farm lands, who keep in touch with the situation. The benefit comes through the fact that cutover land, thickly covered with underbrush, cut-branches and vegetation, which would cost hundreds of dollars to clear, has been cleared almost entirely by the flames.

"Land, which would cost from $15 to $20 an acre to clear, has been almost entirely cleared by the forest fires," said George H. Ebert yesterday. "I have been up in the vicinity of the Sucker river recently and the result of the fires is marvelous. A territory, which was formerly covered with thick underbrush, is almost entirely clear and one may drive a wagon over it easily. With very little work, it will be fit for cultivation.

"There has always been some difficulty in dealing with settlers from other parts of the country, who object to clearing land under such circumstances. When land is cut over, the cut branches, leaves and growing vegetation cover it, sometimes to a depth of several feet. The settler coming from other parts of the country is appalled by the condition and sometimes is discouraged entirely, so there is satisfaction now in pointing out land, which has been burned over, all superfluous matter removed by the flames and the land clear and almost ready for cultivation as it is."

A. W. Kuehnow, who also keeps in touch with the situation, concurs with Mr. Ebert in the view.

There is one class of land, to which forest fires are by no means beneficial. In peat beds, or districts of black loam, considerable of the fertility is burned out of the soil. Very fortunately, the area of black loam in the fire zone is very small, so the land affected by the fires is consequently not great in area. Some of the settlers coming from the north shore complain that the fires have burned the soil through to the rocks, despoiling it of its fertility and necessitating new fertilizing operations in order to render it fit for cultivation.

There is one redeeming feature, even in the black loam districts and peat beds. The soil is usually so thick that though the fire does burn it for a certain depth on top, it does not entirely despoil it, and beneath the burned depth, there is still ample depth of rich black loam to make cultivation easy and productive.

C. D. TROTT
THE OPTICIAN
HAS REMOVED TO 20 E. SUP. ST.

BANKERS NAMED TO WORK FOR BRYAN.

Chicago, Oct. 3.—The appointment is announced at Democratic national headquarters here of a bankers' committee composed of one prominent banker in each state, who are to work for the election of Mr. Bryan. Most of the members are presidents of banks. A statement from National headquarters announcing the appointment says:

"It is the intention of the national committee to give special attention to the bankers of this country. The committee feels that the bankers are much interested in the conditions which confront them and it is required of them to choose between the postal savings banks proposition of the Republican party and the guarantee plan promulgated by the Democratic party."

Will Be at Parlor K.
Spalding Hotel, Duluth
Fri. and Sat., Oct. 9-10

Dr. Bugbee relieves all eye strain that causes cataract, blindness, red, sore and inflamed eyes, headaches, dizzyness, black and floating spots, nervousness, etc., without drugs or pain. Unexcelled by Ocular or Medical Science. All cases thoroughly examined under Dr. Bugbee's Skiascopy, revealing the slightest errors of refraction as well as any diseased or abnormal condition of the eyes. Glasses made that WILL FIT. New lenses put in old frames, if desired. Replaces lenses from prescription, or from pieces sent by mail. A complete record kept of every case, and a guarantee and prescription number given with every pair of glasses fitted.

Artificial Eyes.

Special attention to relief of nervous troubles, which come from irritation of the vital nerve and brain centers, caused from uncorrected eye strain and the wearing of properly fitted glasses will relieve the conditions.

Superior Hotel, Superior
Oct. 7-8.

MINNESOTA UNIVERSITY

Football Team is Having Its First Game With Lawrence.

Girls Taking a Great Interest in Tennis, Baseball and Basketball.

Minneapolis, Oct. 3.—(Special to The Herald.)—The varsity football squad has been put through the most strenuous practice preparatory to the first game of the season, with Lawrence university. Every afternoon, between 4 and 5, Coach Williams has been directing them in straight signal practice and new plays, and at 5 o'clock they are lined up against "Sig" Harris' bunch of aspirants, whom they push about the field until 6 o'clock, when they all take a short run and are turned over to the rubbers.

This most strenuous work has rapidly worn off the soft spots acquired during the summer months, fitting the men in every respect, and making them hard as nails.

The team, which was at first a bunch of raw recruits gamboling on the green, has settled down to serious work, and the game with Lawrence this afternoon is an assured victory for Minnesota.

• • •

The "Aggies" turned out for their first practice last Monday afternoon. Coach Machettanz will not return to college until next week, but the college men, who are eager to make good, have been putting in some preliminary practice this week. The prospects for a good team are very promising. Several of last year's regulars are back, and a wealth of good material awaits the arrival of the coach. Games will be arranged with Macalaster, Pillsbury, Shattuck, Mamline and Carlton colleges, and possibly with the "U."

• • •

Members of the rooter club held their first meeting Tuesday afternoon and elected Fred Buck of Duluth president.

A committee was appointed to complete the arrangements for the Lawrence game.

Practice was held Friday afternoon, when members of the club tried out for position of Rooter King. The members are to have a pin with the words, "Rooters' club," and the letter "M," to appear in the center, to be won by every member of the organization on the days of games. A special section will be reserved for the club at each game. Uniform megaphones will be secured. Uniform megahpones will be more noise than all the other spectators combined.

Membership in the club is limited to fifty juniors and seniors, who will stick together the whole year and support the team in every way.

• • •

Trials for the freshman-sophomore debate will be held soon. The question for freshman preliminaries is:

"Resolved that the Federal government should subsidize the southeri states for the education of the southern negroes, granted that it would be constitutional and that the southern whites would not object."

The proposition before the sophomores is:

"Resolved that the United States should annex Cuba."

Prof. Frank M. Rarig has posted the debate schedule for this year. The preliminary Pillsbury oratorical contest will be held Feb. 25 and the final March 19. This contest is open to academic juniors and seniors, middle and senior laws.

The preliminary for the Dunnwoody prize and the intra-sophomore debate will be held Jan. 5 and the final, March 5. This debate is open to academic sophomores.

The Y. M. C. A. for the second time has undertaken the coaching of people with cons in subjects so that these may be removed by examination. The success of last year has caused an enlargement in the facilities. The Y. M. C. A. policy is to secure instructors, especially recommended by the deans of the departments in which the conditions are registered, and to charge the uniform tuition of $5 per course with $1 off for association members. The courses this year include higher algebra, solid geometry, latin I, latin II, physics and chemistry.

A petition has circulated among the students this week requesting the use of the armory for a great temperance debate. Practically every name upon the college rolls was obtained and if the armory is secured, John G. Lennon and W. G. Calderwood will meet and discuss the prohibition question. Mr. Lennon is representative from the Forty-First district, southwest of the campus and W. G. Cerwood is a candidate from the Thirty-Ninth district, east of the campus. Mr. Calderwood is also national secretary of the Prohibition party.

Last year in a debate at the Metropolitan opera house between Mr. Calderwood and Mr. Maddock, a thousand were turned from the doors, so an attempt has been made this year to secure the armory with its large seating capacity.

The Chess club held an enthusiastic meeting Thursday noon at the Y. M. C. A. The club opens the third year of its existence under especially auspicious circumstances. Most of the best players of last year have returned to college and the coming season promises to be extremely prosperous. Officers for the year were elected.

A movement is under way to secure games with other universities, and R. W. Muir and George G. Chapin were appointed a committee to select an intercollegiate team. Arrangements for the annual chess tournament for members was made. All who are interested in chess are eligible for the club.

"Three of a Kind" is the title of Richard Burton's new book, just out. Dr. Burton has reached out into new fields to claim fresh laurels to add to his fame as a poet, and dramatist, for this latest work is a novel.

It is the story of the joys and sorrows of three unprosperous friends, an old musician, a street waif, and a little cockeral spaniel—a story that seizes the interest and touches the heart. It is a simple but appealing tale, with a character study beautifully done. The book has been attractively gotten up, with very delicate and suitable illustrations by Frank T. Merrill.

• • •

Notices of the annual Y. M. and Y. W. C. A. receptions for freshmen has been posted for tonight, to be held in the Armory. Governor Johnson has promised to attend and Mayor Haynes and ex-Mayor Jones are to be in the receiving line.

The object of the reception is to acquaint the entire student body and faculty. Arrangements have been made to accommodate 2,000 people.

• • •

Interest in the tennis tournament seems to be growing daily. Already twenty-five men have entered for the singles and nine teams have lined up for the doubles. An exceedingly valuable list of prizes has been offered. They are as follows: first prize in the singles, a $5 sweater vest, donated by A. G. Spalding & Bros.; second prize, singles, a $5 pair of Florsheim shoes, donated by the College toggery. First prize, doubles, two $5 sweater vests; second prize, doubles, a $5 pair of U. of M. blankets.

Bob Muir says the tournament will be the best ever, and the competition will be very strong, not only among the student body, but among faculty members.

• • •

There is much interest in girls' athletics this year. Prospects are fine for a good basketball and indoor baseball team.

Elsa Neland has been appointed captain of the basketball team. Formerly this position was filled by election by the girls themselves, but this year Miss Butner made the appointment. Helen Cummings will coach the team. Before the big games, several assistants will be chosen. The position of manager has not been filled as yet.

The interclass tournament will be played later this year than usual, giving the girls a chance for more practice.

For indoor baseball a diamond has been laid out in the girls' gymnasium, where the girls may show their skill at home runs. Any girl may try for a position on the team this year; last year only girls in the department were allowed the privilege.

Minot Pastor Resigns.

Minot, N. D., Oct. 3.—Rev. G. L. Powell, for several years pastor of the Methodist church in this city, has accepted the pastorate of the Clinton Avenue Methodist church at St. Paul. The local church board refused to release him, placing the responsibility of his leaving with the pastor.

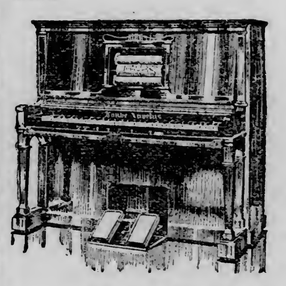

BUY YOUR PIANO NOW

BUY IT HERE

You notice, every piano in the list is one of merit, a high-grade, fully guaranteed piano—one you would be glad to welcome into your home as a lift-time companion. These are the pianos to buy. Put your money into a high-grade instrument.

Knabe, Everett, Blasius & Son, Conover, Vose & Sons, Crown, Kingsbury, Regent, Wellington, Kohler & Campbell.

You don't need to spend years taking lessons if you own a player piano. One of the newest and latest is the Knabe Angelus—the Autopiano, Emerson Angelus and Angelus Piano are all inside players as the cut shows. Difficult musical passages are easily executed with a player piano. They are a help to even a professional musician. We will be glad to demonstrate them to you.

The One Price System of Piano Selling

Insures the price being the same to you as to your neighbor. There is no dickering, no adding of a hundred or a hundred and seventy-five dollars to the legitimate price of a piano, so a big cash discount can be given or so a big allowance can be made for your old piano.

These are methods unknown in buying a piano on the one price system. The prices are all plainly marked no each piano. They are the very lowest cash prices—if you want a piano at these prices, buy it here.

TWO PROCTORITES INJURED IN SHOPS

Joe Cusky and Levi Credit Are Hurt—Other Events.

Proctor, Minn., Oct. 3.—(Special to The Herald.)—Joe Cusky, a machinist in the local shops, met with a painful accident Tuesday morning. While working on a planer a piece of casting flew up and struck him on the left eye. He was immediately sent to Duluth, where his wound was dressed.

Levi Credit, a boilermaker helper, is at present under the doctor's care, suffering from an ugly cut under his left eye. While cutting some boiler plate with a chisel and sledge, the chisel broke and rebounded and struck him in the fact, inflicting a painful though not serious wound.

Frank Trombley returned Tuesday from Ishpeming, Mich., where he has been attending to business for the past two weeks.

Mrs. William Call, spent a few days with friends at Eveleth this week.

Mrs. Burrows of Duluth, spent a few days last week with her sister, Mrs. F. Sanier.

Mr. and Mrs. C. S. Stevens, moved Tuesday to Emil Zackowitz's house on First street, east side.

John St. Cyr of Two Harbors, spent last Saturday with his parents, Mr. and Mrs. St. Cyr.

Charles Sutter, formerly of Proctor, returned Sunday from a three months' trip in the Dakotas.

Guy Granger returned Sunday from Virginia, where he has been working for the past two months.

Roy Bird has returned to Taconite after spending a few days with his parents, Mr. and Mrs. F. S. Bird.

The annual election of officers of the Proctor Gun club took place last Sunday afternoon at the club's grounds. The report of the secretary-treasurer showed the club to be in fine financial standing, with a healthy growth in membership. Thomas Guines was elected president, Milo Briggs vice president, F. W. Lange secretary-treasurer, John Wilman field captain, and C. W. Bouschor lieutenant field captain.

John Butner left last Tuesday for St. Cloud, Minn., where he has a position as a deputy in the reformatory at that place.

Dr. Corson is still very ill, but he is resting easily at the latest report.

Rev. C. W. Ramshaw will leave next Monday for Litchfield Minn., to attend the Northern Minnesota annual conference.

Mrs. C. W. Seddon is reported to be getting along nicely at St. Mary's hospital.

Mrs. A. J. Young came home Thursday from St. Mary's where she has been for some time.

H. G. Gildeman, who as been suffering from an abcess of the stomach for the past month or six weeks, is able to be around again, but is still very weak.

Dan Campbell is laid up with a sprained ankle. He sustained the injury last Monday night, when he jumped off a caboose.

Mr. and Mrs. Louis Schultz left Thursday for their home in Fall Creek, Wis., after a short visit here with friends and relatives.

Earl Murray was taken to St. Mary's last Sunday suffering with appendicitis. He was getting along as well as could be expected at the last report.

F. J. Collins returned Thursday from a few days' visit in Minneapolis.

Mrs. John Otterson and Mrs. Dailey, who have been visiting Mrs. Charles Rossitor, left yesterday for their home in Marquette, Mich.

Agate council No. 14, Modern Samaritans will give a social dance on Thursday evening, Oct. 15. This event promises to make the hit of the season.

PROCTOR AGAINST FAIRMONT.

Football Game to be Pulled Off Sunday Afternoon.

Proctor, Minn., Oct. 3.—(Special to The Herald.)—The football game last Sunday between the Proctor boys and the Longfellows, resulted in a victory for the latter by a score of 10 to 0. Tomorrow afternoon, Proctor will meet Fairmont on the grounds at Bay View Heights.

Lofty Tibet.

Think of an uninhabited land covering between 700,000 to 800,000 square miles, and having a mean elevation exceeding 16,400 feet, which is considerably higher than Mont Blanc! The loftiest peaks reach a naltitude of about 29,000 feet. Think of the benefits to be derived from the daily use of a good malt tonic such as golden grain belt beer and order a case for your home table. Taken at meal time it will build up the system and revitalize the nerves. Order of your nearest dealer or be supplied by Duluth branch Minneapolis Brewing company.

FAST TRAIN KILLS TWO.

Portage, Wis., Oct. 3.—Fast mail No. 56 struck and killed Operators Roas and Kordisch one mile west of Tomah, Thursday. The men were riding to Raymore on a railroad velocipede when struck.

We Can Save You a Portion of Your Paint Money

By the above statement, we do not mean that we can decorate your house "cheaper" than any one else in town. That would, indeed, be a poor boast. For paint and painters' art, like gold and silver, are worth their sum, and it's only by lessening their value, that the price is lowered.

But please remember that there are firms who cheapen the material without lessening the price to you, and there are firms who use cheap material, cheap workmanship and charge a cheap price.

Now We're Not in Either of Those Classes

The point we wish to emphasize, is that our responsibility not only covers the period of the contract, but we guarantee the work from the first touch of the brush until it has outlasted other paint jobs done at the same time. Then there's the Art part of it. Our Decorators are men of talent and such training as the best Art schools afford. Thus we solicit your trade solely upon bed-rock honesty, first-class materials and superior workmanship, at smallest possible prices. It outlasts other work—and therein is the saving.

H. A. HALL & CO.

"DECORATORS."

18 East First Street.

BOARD NOT TO BLAME

Public Works Answers Public Affairs Committee Charges.

Council and Property Owners Responsible for Bad Streets.

Defending itself against the attack made upon it by the sub-committee of the public affairs committee, in the report on street paving in Duluth, the board of public works has sent a communication to Mayor Haven, answering charges made in the report, and showing where the board is in no way responsible for the poor condition of streets in question. Following is the communication in full:

"Hon. R. D. Haven, Mayor—Dear Sir: We have been favored with copy of a report on the subject of street paving, which was some time ago presented by the committee on taxation and assessments to the public affairs committee of the Commercial club. This report contains such strictures upon the conduct of our department as we believe entitles you to a statement of the facts.

"The report covers about four pages of standard typewriter paper. Three-and-one-half of these pages are devoted to a criticism of the specifications, material and inspection employed in three of the pavements recently laid, the fourth deals largely with the delinquencies of the water and light department, and the conclusion of the whole matter is that the board of public works should be abolished.

"Upon the question of abolishing the board we desire to say nothing at this time. Neither do we wish to discuss in any way the portions of the report which concerns the water and light department and the engineering department. These are entirely competent to defend themselves if they think it necessary to do so.

"It were needless to state, but for the bearing it has upon what follows, that no improvement can be made by the city at the expense of the property specially benefited, unless it is petitioned for by a sufficient number of the owners to be assessed. May we be permitted here to present a few quotations from the city charter which we have taken our oath and given our bond to respect:

"'If such petition shall require the improvement therein mentioned to be made in any specific manner or with any specific kind of material, such requirement as to manner or material shall be advisory only, and the common council (not the board of public works) may itself determine the manner of such improvement and the material to be used.'

"'The city engineer shall have supervision and control of all the work of improving and constructing streets, etc.'

"'The city engineer shall prepare the plans and specifications for local improvements.'

"'The city engineer may appoint such assistants and subordinate employes in his department as he deems necessary.'

"May we repeat—material, specifications, inspection—these were the things found to be so utterly bad that rather than risk further improvements to the same management, the board of public works must be abolished.

"Strange, is it not, in view of the fact that the board has absolutely no authority with respect to any one of the factors mentioned?

"Under the former city charter the board of public works appointed the city engineer, and his department was subordinate to the board. It is the daily experience of the board to find that many citizens believe this to be the situation at present. But such ignorance of the municipal organization is hardly to be looked for in a committee seeking to be representative. The engineering department as now constituted is as independent of the board of public works as it is of any other city department. Upon the adoption of the present city charter, it was necessary in order to avoid friction, that the duties of the two departments be clearly defined, and from the city attorney's reply to certain questions of the board, the following extracts are taken:

"'***If the question is as to whether or not any part of the work has been done according to any particular specification or plan, the board should be controlled by the opinion of the city engineer.***'

"'***The city engineer is the superintendent, and for the purpose of superintendence, in determining whether or not particular provisions of the contract have been carried out, his opinion would undoubtedly control.'

"The council has deferred to the property owners in the matter of selecting pavements and where the award of a contract by the board has not appeared to the council to be in accordance with the wishes of a majority of the owners, confirmation of the award has been denied.

"And there has been ample justification for the course followed. Outside dealers in paving material are wont to manifest intense zeal in the welfare of the city and of the property owners whenever a contract is about to be let, and the methods they employ to enlighten a few owners at the expense of many are well enough known to warrant the council in letting every man's vote count. It is not always the best pavement which has to be considered but the best the owners can afford to pay for.

"The water and light department is authorized under the charter to excavate in the streets. We are continually on the verge of war with this department, and all the resources of diplomacy are taxed at times to avoid open hostilities.

"We are restrained, however, by the consideration that the policy of the water and light board is controlled by men who occupy their positions because of their business ability and their proven interest in the city's welfare.

"Reviewing the report in this way we fail to see any connection between the arguments and the conclusion, and we are not sure that there was intended to be any connection."

PIANO STOOL ROUTS BURGLARS

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—An attempt was made to rob the apartments of Mrs. Adalaide Messenger in the Collande Annex, but Mrs. Messenger frustrated the plans of the burglars by hurling a piano stool against the door through, which one of the intruders was vainly endeavoring to gain entrance. The crash of the stool scared the marauders, who hastily scooped up their tools and fled.

Caught at Bemidji.

Bemidji, Minn., Oct. 3.—(Special to The Herald.)—Phelix Arrington of Kelliher was arrested as he stepped off the southbound passenger train at the Minnesota & International Railway company's depot in this city yesterday by William Lave, acting chief of police.

Arrington is wanted in Kelliher for robbery, according to a telegram from Kelliher.

CORNERSTONE OF NEW Y. W. C. A. BUILDING LAID

Rev. Campbell Coyle is the Speaker at the Ceremony.

New Building Will Cost About $175,000 When Complete.

MRS. WESLEY FEETHAM, Secretary of the Association.

A large audience of interested women gathered at the new building of the Young Women's Christian association this afternoon for the ceremonies attendant on the laying of the cornerstone of the building being erected at Second avenue west and Second street for the association. It is a ceremony which has long been looked forward to and there was in the air a deep feeling of gratitude and thankfulness among the women who have worked so faithfully, that the desires for a suitable home and building for the association have been fulfilled.

The address for the occasion was made by Dr. Campbell Coyle of the First Presbyterian church. He said in part:

"A little over one year ago a ceremony kindred to this was held when the cornerstone of the Young Men's Christian association was laid. And it is eminently fitting that we should come together at this time in a similar capacity and under a similar service in behalf of the Young Women's Christian association. Duluth seems to be on the verge of her promised land, on the verge of great progress and prosperity in material things, and it behooves her to be on the alert in matters of a moral and spiritual character, lest she be driven back again to wander in the wilderness many, many years. No greater evil could come to our city than material prosperity by itself. No greater good could come to our city than to have material prosperity and true religion walk side by side and hand in hand.

"This thiong that you are about to do here today will have a wider significance than you now imagine.

Planting a Vine.

"You are planting a vine here that will creep over these granite hills, and far beyond them in lives that are influenced here, and not until the Books are opened will you be able to read the full results of this day's work. This is not your work alone, be it well remembered. It is God's work, and yours.

"This building you are now erecting will be a still place in life's fast flowing and tumultuous stream, and in it young women will see reflected, as they come and go, the holy splendors of the upper world.

"And this will also be a place of outlook, a place of vision, for young women. It will be an altitude into which they can come when they choose and look far and wide upon celestial horizons; a place where they can rise above the dust and smoke and life's level commonplaces, and not only look abroad upon spiritual landscapes, but also get their bearings as to their future pilgrimages.

"And this building is not intended to be a home, but a radiant summit, close up to the gates celestial, where young women can look afar, and at the same time be encouraged for their work by the celectial music that falls upon them from the gates.

"One little word more and I will be done. This building growing here is the crystalization in wood and brick and stone of the work and gifts and prayers of many men and women of this city. But they who have worked have done only what they should have done. They who have given have bestowed no charity, for their gifts have only enchanced the value of their own property, prospered their own business, and made a better atmosphere for themselves to live in. And they who have prayed have brought somewhat of heaven down to earth, and brought it within reach for themselves to enjoy. This is a public enterprise, and its benefits accrue to everybody. It is a public well from which all can drink who will, and the whole city should support it heartily, as it should support every common good."

The president of the association, Mrs. W. C. Agnew presided at the ceremonies, which included prayer by Rev. J. N. Powell and reading from the scriptures by Rev. Alexander Milne and had a vocal number by a quartet under the direction of Mrs. J. L. Murphy.

The New Building.

The building for which the stone was laid will cost when completed between $175,000 and $200,000 and it is hoped that it will be ready for occupancy by May of next year. The association has completely outgrown in every department the accommodations and equipment now provided for it and every board member is looking forward with eagerness to the larger work which will be possible in the new building.

In the box, which was placed in the center of the stone is enclosed a history of the association in Duluth, a copy of the local constitution, a copy of the Bible, and the names of the members of the board of directors and the finance and building committees.

The members of the board of directors are: Mrs. A. C. Taylor, Mrs. W. S. Moore, Mrs. R. S. Manley, Mrs. L. W. Kline, Miss Ella L. Roe, Mrs. W. A. McGonagle, Mrs. W. H. Cole, Mrs. C. H. Merritt, Mrs. J. A. Watterworth, Mrs. J. W. McCabe, Mrs. Robert Smith, Mrs W. C. Sherwood, Mrs. Brewer Mattocks, Mrs. G. H. Claypool, Mrs. Z. D. Scott and Mrs. J. D. Titcomb.

Mrs. Wesley Feetham is secretary of the association, which position she occupied during the campaign made for the building fund.

Married Man in Trouble.

A married man who permits any member of the family to take anything except Foley's Honey and Tar, for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Sold by all druggists.

LABOR VICE PRESIDENT IS FIRM FOR BRYAN.

New York, Oct. 3.—James Duncan, first vice president of the American Federation of Labor has sent a dispatch to H. J. Skeffington, chairman of the labor bureau of the Democratic national committee in Chicago denying a report that he has deserted Samuel Gompers in the latter's support of the Democratic national ticket.

REV. CAMPBELL COYLE.

We Will Guarantee to Cure You For $10

Does it Strike you as a good business proposition to actually lose ten times ten dollars rather than spend $10 in being restored to health?

Your earning capacity depends on your health, and you know it—yet you continue to disregard the swift inroads of disease.

This is our offer—If you are suffering from Gonorrhea, Varicocele, Rheumatism, Piles, Stomach Trouble or Catarrh

We Will Cure You Absolutely For $10

For the first time in the history of Duluth, it is possible to be cured—**entirely cured**—at the very minimum of expense. Realizing the prevalency of men's diseases, the Progressive Medical Association has decided to make this offer for a few weeks only. Come to them today and they will **guarantee to cure you for $10**. Their platform is their record—thousands of scientific and the most successful in the entire Northwest, and their regular charge for the **same** course of treatment is from **$25 to $50**. Their platform is their record—thousand of suffering men made well. Why not be one of them? Your disease will never cure itself, sooner or later you will have to go to a doctor—go now when you will only have to pay $10.

THIS OFFER HOLDS GOOD ONLY UNTIL OCTOBER 15th.

Progressive Medical Ass'n, 1 W. Superior Street.

BRANCH OFFICES:
J. J. Mornn, 405 Central Avenue. Fred Dellbern, 5205 Ramsey Street.

RECEPTION A SUCCESS.

Hundreds of People Call During Day at Holy Apostles' Rectory.

The reception given last evening by the women of the Holy Apostles' Episcopal church, in celebration of Rev. and and Mrs. Roderick J. Mooney's twenty-fifth wedding anniversary, was a pronounced success. Hundreds of people called at the rectory yesterday afternoon and evening to offer their congratulations. Guests from all parts of the city, including many of the clergy, called during the day.

As a mark of the esteem in which Rev and Mrs. Mooney are held by their many friends, many beautiful gifts were presented to them. Among them was a silver coffee service, a gift from the women of the Holy Apostles' church, and a silver tray, given by the women of the St. Luke's church, of which Rev. Mooney is also rector.

The Holy Apostles' rectory, was prettily decorated throughout, the idea of twenty-five predominating. In the dining room, where the refreshments were served, a large bunch of red roses graced the center of the table, which was artistically trimmed with flowers of the same sort.

An informal musical program was given by a number of young people during the evening.

Mrs. J. A. Scott, Mrs. Charles Matthews Mrs. W. J. Holmes and Mrs. J. A. Bowen had charge of the serving of refreshments. Charles Matthews and J. A. Bowen, vestrymen, and J. A. Scott, senior warden, assisted at receiving.

WILL HOLD SMOKER.

First Commercial Club Meeting of the Season is Held.

The first West Duluth Commercial club meeting, held last night in the rooms the Western State bank, was well attended. At the meeting it was decided to hold a social and smoker next Friday evening. The affair will be in charge of the entertainment committee, and it is hoped that there will be a good sized crowd in attendance.

No formal action was taken last evening on this matter of paving Onetota and Superior streets, and the widening of Jenswold street, though the question was considered, and will be pushed by the members, as the improvement is a very much desired one.

West Duluth Churches.

At the Plymouth Congregational church, Fifty-fourth avenue west and Bristol street, there will be service Sunday morning at 10:30 o'clock, with preaching by the pastor, J. A. Lumley, on the subject, "The Imperial Petition." The evening service will be held at 7:30 o'clock instead of 8 o'clock, as during the summer months. The subject of the evening address will be "The Judgment." Sunday school will meet at 12 o'clock sharp. The Young People's Society of Christian Endeavor will hold its meeting in the church chapel at 6:45 o'clock, instead of 7:15, as formerly. Pastor J. A. Lumley will preach at New Duluth in the Baptist church, at 3 p. m.

• • •

At the West Duluth Baptist church, Fifty-ninth avenue west and Grand avenue, the pastor, Arthur J. Hoag, will preach at both services tomorrow, upon the following subjects: At 10:30 a. m., "The Remedy For Spiritual Decline," and at 8 p. m., "The Call of the Highest." Sunday school will meet at noon and B. Y. P. U. at 7 p. m., with Mrs. Ross as leader. The topic will be, "Our Vows and Their Fulfillment."

• • •

At the Ashbury M. E. church, corner of Sixtieth avenue west and Raleigh street, the last Sunday of the church year will be observed with special music at both the morning and evening services. At 10:30 o'clock in the morning Rev. Thomas Grice, the pastor, will preach on the subject: "A Great Salvation." There will be an anthem by the choir and a solo, "Nearer My God, to Thee," by Miss Gertrude Smith. At 8 o'clock in the evening, the pastor will preach on the subject: "The First Things In Life." The music will consist of an anthem by the choir and Ray W. Abbott, will sing "In Peaceful Slumbering." Sunday school will meet at 1:45 o'clock in the morning and Epworth league at 7 o'clock in the evening.

• • •

At the Holy Apostle's Episcopa church, Fifty-seventh avenue west and Ellnor street, there will be Holy communion at 8 o'clock in the morning. Sunday school will meet at noon. At the evening seron service, Rev. Roderick J. Mooney, the rector, will preach on "Reality in Life."

• • •

At the Westminster Presbyterian church there will be preaching by the pastor, W. J. Lowrie, morning and evening. At 10:30 o'clock his subject will be "Christ and the Old Testament Laws." Mrs. Bailey will sing. At 7:30 o'clock there will be evening and service and sermon on "The Disciple's Invitation to Christ."

• • •

At the Merritt Memorial M. E. church at 11 o'clock Dr. E. C. Clemens, district superintendent, will preach and administer the sacrament of the Lord's supper. Following the service the fourth quarterly conference will be held. Sunday school will meet at 10 o'clock and Epworth league at 7 o'clock.

• • •

At the Immanuel church there will be services at 7:45 o'clock in the evening and Sunday school at 9:30 o'clock in the morning.

Rummage Sale

Given by W. C. T. U., commencing Monday, Oct. 5, corner Grand and Fifty-sixth avenues.

West Duluth Briefs.

A. J. Meldahl of 305 South Sixty-third avenue west left this morning for St. Louis, Mo., to attend the national convention of the Lathers' union. He went as delegate from his local, and will not return home until a week from Monday.

The Ladies' Aid society of the Immanuel Lutheran church will meet Thursday afternoon at the home of Mrs. Overbye, 5819 Redruth street, and the Young People's society will meet Thursday evening at the home of Miss Alf Onsgard, 517 South Seventy-first avenue west.

George Brown, who was taken ill with typhoid fever in North Dakota, has been brought to West Duluth. He is reported to be much better today.

Julia and Nellie Doyle of 29 North Fifty-second avenue west returned yesterday from Ironwood, Mich., where they attended the wedding of their cousin, Miss Molly Murphy, to John Levi.

A son has been born at Mrs. Olson's hospital, to Mr. and Mrs. Otto Swanson of Zim, Minn.

Frank Comstock of 420 Central avenue returned yesterday from a visit at Fargo.

Mrs. W. E. Harrison and daughter of 1415 North Central avenue have returned from visiting relatives at Hudson, Wis.

The West Duluth Gophers have organized their football team for the season, and would like to hear from any team in the city averaging about 110 pounds. Fred Rethem is manager, and his address is 5405 Ramsey street.

Watch repairing. Hurst, West Duluth.

IRELAND DENIES DEL VAL STORY

Says Report That Papal Secretary Will Resign is Untrue.

St. Paul, Oct. 3.—(Special to The Herald.)—Asked today what credence should be given to the story that Cardinal Merry del Val is to resign from the papl secretaryship of state, forced to that step by representations coming to the pope from English and American prelates, among whom he himself is numbered by name, Archbishop Ireland said:

"The story is a falsehood made out of whole cloth."

SPRINGS UP LIKE WEED

Much Accomplished at New Town of Marble in Three Months.

Plans for $60,000 School in Mesaba's Youngest Town.

Towns on the Mesaba range have had mushroom growths in recent years, but the transition of the town of Marble from an idea in the brain of man to a reality on a townsite, with streets, houses and a population of energetic people is about the most rapid in the history of the range, according to J. J. Wangenstein, the Duluth architect.

But three short months ago the townsite of Marble was laid out. Today the streets are being graded, dozens of houses have sprung up, others are in course of construction, and plans have been prepared for a brick town hall for the town of Greenway, in which Marble is situated, and for a brick bank building. Plans are under way for a $60,000 schoolhouse in the new town also.

Marble is not a town of makeshift shacks and tents, but is being built for permanency. The houses are substantial and the plans for brick buildings indicate that the people interested in the place have confidence in its future. The indications are that a substantial ore body exists in the vicinity of Marble, and the prospects are that the operations there will be as extensive and profitable as at the Canisteo mine at Coleraine.

The Oliver Iron Mining company, which has the mining rights in that vicinity, is boosting the new town. H. C. Dudley, who is to be in charge of the mining operations, is supervising the building of the town, and he is rushing the work with a speed that is marvelous. People are gathered in the little town and before many months are past it will be a thriving village, vieing with the other towns for the supremacy in population and prosperity of that branch of the Duluth, Missabe & Northern railroad.

The plans for the new town hall and bank building have already been completed and the contracts will be let soon. The plans for the $60,000 school are well under way, and it is expected the foundation will be laid this fall, work on the superstructure beginning early in the spring. Mr. Wangenstein has drawn the plans for all three buildings.

Marble is on the D., M. & N. railroad, seven miles this side of Coleraine.

FLOOD DEATH TOTAL 7,000

That Many Corpses Extricated From Ruins in Hyderabad.

Bombay, Oct. 3.—Upwards of 7,000 bodies already have been extricated by the health department of Hyderabad, and the belief prevails that the total death roll resulting from the floods that devastated the Hyderabad and Decan districts a week ago will exceed all previous estimates.

Jeweler Is Flimflammed.

Grand Forks, N. D., Oct. 3.—Frank V. Kent, a jeweler, has asked the police to assist him in locating a $75 diamond ring which has disappeared. According to a clerk in the store, a customer came, looked at the rings and declined to buy the $75 one, saying it was too expensive. He bought a $25 ring instead, and a little later it was discovered that the $75 gem was gone.

ELECTRICITY

For store lighting is worth its cost as advertising. It gives the most brilliant illumination. Does not change color effects. Has the greatest variety of application and is an entirely satisfactory artificial illumination.

FOR

the home it is safe, clean and healthful. The saving of your decorations will go a long way toward paying your lighting bills. It may be used for the many conveniences, such as irons, chafing dishes, warming pads and flat-irons. It is flexible, decorative, convenient and altogether the best.

LIGHT AND

Electric power is the simplest, most economical, convenient, reliable and efficient method of energizing machinery. The first cost, cost of maintenance and running expense is low. Its many advantages make it the Ideal

CAUGHT IN TWO TRAPS

Wolf Walked Away With One, But Second Held Him.

Con Buckley Says Deer and Moose Tracks Are Numerous.

Con Buckley, a frequent visitor to the county auditor's office to collect wolf bounties, blew in this morning with the pelt of a big wolf that he caught in his traps in the town of Normanna. Buckley, who is one of the most successful hunters and trappers in Northern Minnesota, has had more exciting experiences in the pursuit of his trade than any man in the business in these northern woods, perhaps. He knows the game conditions in almost every foot of Northern Minnesota and is enthusiastic over the prospects for the coming winter.

The wolf Buckley brought in this morning gave him something of a fight. Incidentally, the brute was caught in two traps. Buckley had his traps set for that particular wolf for some time. He set three traps in a circle on a path and took chances on the wolf getting into one of them. Instead, the wolf walked into two. He evidently was caught in one, started to drag it along, and was caught in the other also. That held him securely.

He was so vicious that when Buckley came along, he tugged at the double snare in an effort to get at his captor. A thick limb of a tree that Buckley poked at the captured beast was bitten in two by his snapping jaws.

Buckley had a narrow escape from a wolf, the pelt of which he recently brought in. The beast was captured in a trap and the captor thought there was nothing to fear in approaching him. As Buckley drew near, the wolf leaped at him, carrying trap and all. The man jumped back and shot the brute, concluding not to approach too closely again.

Buckley says tracks of deer are numerous in Normanna township and other points in the vicinity. Moose tracks are also more numerous than usual at this time of the year, as the moose were evidently driven southward by the forest fires and are nearer to the towns than usual. Wolves are traveling in packs and hunters and trappers are having good success in bringing them down.

Only Two More Weeks

More Duluth People Helped—See What They Say on Another Page.

Only two more weeks left to try the new medicine, CAS-KA, free at Boyce's drug store. Read on another page and see what CAS-KA has done for Duluth people for catarrh.

SUPERIOR NEWS

Robbed of His Savings.

Omni Kalston, a coal dock laborer, yesterday reported to the police that he had been robbed of $266. He had hoarded up his money and hidden it in a place he supposed to be safe, not trusting to the banks. Yesterday he discovered it was missing. After this Kalston will have more confidence in banks.

Woman is Arraigned.

Mamie Adams, alleged proprietress of an evil resort at Mountain Iron, was yesterday brought to Superior to be tried on the charge of having induced Mamie Reed, a 14-year-old girl, to become an inmate of her resort. She waived examination in the municipal court and on giving $750 bail, was released until the trial comes before the higher court. Attorney McMahon of Duluth is her attorney.

Asks Heavy Damages.

Matt Charron yesterday began suit against the Northwestern Fuel company for $35,000 for alleged injuries received while working for the company. He claims to have been struck by a clain bucket and knocked from a platform to the deck of a vessel, sustaining injuries to the base of his brain and his eyes. During his illness, he states, he was in a delerious condition for over two weeks.

Dredges at Work.

The Soo line has two dredges at work dredging out the company's site for warehouses and docks on Howard's pocket. It is possible that the company will start work on the crib for their elevator on block 500, this winter.

LODGE NOTES

The ladies of Lee of Argesia Rebecca Lodge, No. 60, will be entertained Thursday afternoon of next week at 2 o'clock, at the home of Mrs. H. W. Toewe.

• • •

The entertainment committee of Greysolon Camp, No. 627, R. N. of A., entertained Monday evening at a card party at Columbia hall, Twentieth avenue west and Superior street; cinch was played at twenty-one tables and favors were won by Mrs. Grenner, Mrs. H. Glazier, John Sederholm and E. Kiley.

ADD TO SCHOOL WORK.

Grand Marais District Votes for a Change.

Grand Marais, Minn., Sept. 30.—(Special Correspondence.)—At the school board meeting Friday night, Sept. 25, it was decided to add two years high school work to the present curriculum. W. J. McGladrey, principal, will have charge of the high school classes and supervise the work of the other teachers. Under the new order of things Miss Mitchell will teach the seventh and eighth grades, Miss Bessie Skimland, a teacher from Belgrade, who will arrive Sunday night, has been engaged to teach the fifth and sixth grades, Miss Small will have the third and fourth and Miss Pepple the first and second grades.

A heating and ventilating apparatus was ordered for the village hall school room. This will be used at Good Harbor Hill after the new school house is completed.

Great Northern Very Busy.

Grand Forks, N. D., Oct. 3.—(Special to The Herald.)—Business has increased to such an extent on the Great Northern, that an extra switching crew was put on yesterday to take care of the work in the Grand Forks yards. C. C. Loughlin was appointed yardmaster. Business is about up to the standard reached before the "flurry" of 1907 when there was such an amazing falling off.

DRAKE'S INJURIES FATAL.

Man Hurt, in Brickyard Explosion, Succumbs.

Kenmare, N. D., Oct. 3.—(Special to The Herald.)—P. H. Drake, superintendent of the brickyards here is dead from the effects of the injuries received in the explosion at the yards last week, when Clarence Daly was killed instantly.

Drake was terribly injured by the caving in of the klin as a result of an explosion and it was thought from the first that he could not recover. Everything that human aid could offer him was done, but he died in spite of the efforts of the physicians.

Drake was 50 years old and his family lives in Milwaukee, where the remains will be taken, accompanied by his son.

ORDER FOR HEARING GUARDIAN'S ACCOUNT.

State of Minnesota, County of St. Louis, —ss.

In Probate Court.

Special term, Oct. 3rd., 1908.

In the matter of the guardianship of Clara Holmes and Miltin Holmes, minors.

UPON FILING THE FINAL ACCOUNT Of guardianship with a petition for final settlement and allowance of Sanford W. Hill, guardian of the above named minors.

IT IS ORDERED, That said petition be heard, and the settlement and allowance of said account be made at a special term of the Probate Court to be held in and for said County of St. Louis on Monday the 26th day of October, A. D., 1908, at ten o'clock in the forenoon, at the Probate Office in the Court House, in the City of Duluth, in said County.

IT IS FURTHER ORDERED, That a copy of this order be published for three successive weeks in the Duluth Evening Herald according to law.

Dated at Duluth, Minn., the 3rd day of October A. D. 1908.

By the Court,
J. B. MIDDLECOFF.
(Seal, Probate Court, St. Louis county, Minn.
Duluth Evening Herald, Oct. 3-10-17.

ORDER OF HEARING ON PETITION FOR LICENSE TO SELL MORTGAGE OR LEASE LAND.

State of Minnesota, County of St. Louis. In the Matter of the Estate of August Wagner.

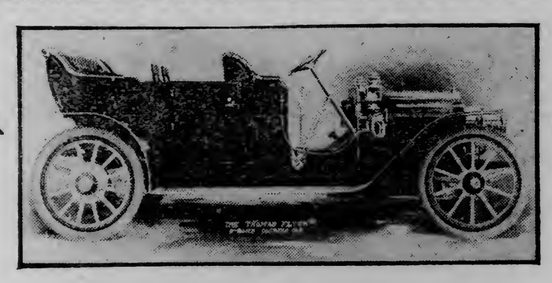

The petition of P. J. Crowley, as representative of the above named lunatic, having been filed in this court, representing, among other things, that for reasons stated in said petition, it is necessary and for the best interests of the estate of said lunatic, and of all persons interested therein, to sell certain lands of said lunatic, in said petition described, and praying that license be to him granted to sell the said land:

It is Ordered, That said petition be heard before this court, at the Probate Court Rooms in the Court House, in Duluth, in said County, on Monday, the 26th day of October, 1908, at ten o'clock a. m., and all persons interested in said hearing and in said matter, are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted.

Ordered Further, That this order be served by publication in The Duluth Evening Herald, according to law.

Dated at Duluth, Minn., October 3rd, 1908.

By the Court,
J. B. MIDDLECOFF,
Judge of Probate.

OPEN Day AND Evening

to ambitious young men and women, who wish that practical preparation for business which insures success, is the Duluth Business University, located at 105-7 West Superior Street. Both 'Phones.

W. C. McCARTER, Principal.

ON THE IRON RANGES

BIGGER AND BETTER CHISHOLM IS RISING

Scenes of Fire's Devastation Are Being Rapidly Wiped Out.

Modern and Up-to-Date Buildings Are Being Built Rapidly.

Chisholm, Minn., Oct. 3.—(Special to The Herald.)—Permanent building operations are now under way with a rush here. Shacks and frame buildings have sprung up all over the town, but this week the building of brick and cement buildings in the new fire ordinance district was begun in earnest and by the first of the year more than a score of fine brick blocks will be ready for occupancy.

P. E. Dowling has under construction a two-story cement block building, which will be occupied by James Dowling as a furniture and hardware store.

Charles Neally of the Chisholm hotel is putting up a two-story brick, fifty foot front, adjoining this the Fitger Brewing company is erecting a brick of the same size. Both buildings will be 150 feet in depth. It is understood that Mr. Neally will use the upper story of the Fitger building for hotel purposes.

Charles Johnson has his basement already made and has the brick walls almost completed.

Others who are building are aron Bros., brick, fifty feet by ninety feet, two story; Mike Anda, twenty-five feet by 75 feet, cement, two story, to be used as a saloon; Julius Grosso, twenty-five by seventy-five feet, two story, cement, to be used as confectionery store; B. Magnusson is rebuilding a brick building, twenty-five feet by 120 feet, two story, to be used as a grocery store; Matt Matzele is working upon the foundation of a brick building, twenty-five feet by 100 feet, two stories; Mike Anda, 25 feet ket; A. L. Bergeron has ordered ten carloads of brown cement blocks and will put up a building fifty feet by seventy-five feet, to be used as a saloon and confectionery store; W. Wye will build a brick livery, fifty feet front, with a basement; Mike Balch and Charles Olson have the foundation in for two two-story brick blocks; S. Shapero is building a two-story brick twenty-five feet by seventy-five feet; L. C. Sullivan will erect a cement building, twenty-five feet by eighty feet; John McDonald of Buhl will put up a fifty foot front brick building, opposite the O'Neil site; Steve S. Gonc is erecting a twenty-five feet by seventy-five feet stone building, two-story; Matt Borlin is erecting a fine livery building on First avenue, which will be of concrete blocks and concrete floor. All of these buildings and others are under way, while still others will be begun within a few days.

Buildings Spring Up.

Numerous other buildings of wood are springing up all over the town and the relief committee began the construction of sixty dwellings for those most needing them. Every sufferer has been told what he will receive.

The village has ordered a new filter and wil rebuild its engine house. It is understood that a finer city hall than the former one will be built, but no action has been taken as yet.

Every citizen and inhabitant of this town is working for a biger and better Chisholm.

Prof. Ddarghtning is coaching and putting the local high school football team in trim. The team is a light one, but very fast. They will play other school teams on the range.

The postoffice has been removed from the high school building to the rear of the First National bank.

Several special police are on duty since the departure of the militia.

IS ARRESTED FOR IGNORING ORDER

Hibbing Woman Must Answer for Repairing Condemned Building.

Hibbing, Minn., Oct. 3.—(Special to The Herald.)—The building on Center street owned by Lizzie K oski and formerly occupied by the grocery firm, known as the Western Federation of Miners Co-operative store has been condemned by the fire commissioners.

Mrs. Koski, who had started repairs contrary to the board's edict that the building be torn down, has been arrested for disobeying the law.

Mathew Trewhello, who has been associated with the Lectonia mine as bookkeeper, for a number of years died yesterday of acute gastritis. Mr. Trewhella, who was a brother of Capt. Trewheller of the Agnew mine has been ill for some time.

The library has just received in connection with its foreign papers a number of Finnish volumes.

Rev. Theodore Livingston who for the past few months has had charge of the Swedish M. E. church here has accepted a call to Wassau, Wis. Rev. K. A. Ackerman of Princeton, Mich., will succeed Rev. Livingston here.

N. C. Hanson who was formerly with J. H. Nelson has opened up a new tailoring establishment in the Ryder building.

J. A. Stewart left yesterday for a weeks' hunting trip.

PAYING HIBBING MILITIA.

State Will Remunerate Men for Work at Chisholm.

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—Adjt. Gen. Fred B. Wood's department is completing arrangements whereby the officers and members of company M, Third regiment, stationed at Hibbing, shall receive compensation for their service at Chisholm, where they did patrol duty following the big fire. Privates will receive $1.50 a day and board. Their terms of service range from two to twenty-three days.

HIBBING ELECTION TAME.

Little Interest Shown in Selecting School Board.

Hibbing, Minn., Oct. 3.—(Special to The Herald.)—The election of the six members of the board of education for the independent school district, which was recently organized, took place yesterday from 2 p. m. until 8 p. m. But one ticket was in the field and this undoubtedly accounts in a large measure for the light vote cast (ninety-one in all). The board, which now consists of Messrs. Richard Geary, John Refern (one year), Thomas Godfrey and Martin Hughes (two years), E. H. Hunter and Scott Holzlander (three years), will assume control of the affairs of the district at once.

NO GUSHER

But Tells Facts About Postum.

"We have used Postum for the past eight years," writes a Wisconsin lady, "and drink it three times a day. We never tire of it.

"For several years I could scarcely eat anything on account of dyspepsia, bloating after meals, palpitation, sick headache—in fact was in such misery and distress I tried living on hot water and toast for nearly a year.

"I had quit coffee, the cause of my trouble, and was using hot water, but this was not nourishing.

"Hearing of Postum I began drinking it and my ailments disappeared, and now I can eat anything I want without trouble.

"My parents and husband had about the same experience. Mother would often suffer after eating, while yet drinking coffee. My husband was a great coffee drinker and suffered from indigestion and headache.

"After he stopped coffee and began Postum both ailments left him. He will not drink anything else now and we have it three times a day. I could write more but am no gusher—only state plain facts."

Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in packages. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

WEYERHAEUSER PARTY RETURNS

Back From Enjoyable Trip Through Northern Part of State.

Virginia, Minn., Oct. 3.—(Special to The Herald.)—Piloted by Frank H. Gilmor, superintendent of logging for the Weyerhaeuser interest in this section, R. M. and Charles Weyerhaeuser, H. C. Hornby, J. P. Wilson, J. C. Campbell, George F. Lindsay and John Chisholm, all prominently identified with the Weyerhaeuser lumber interests, have returned from a very enjoyable cruise in canoes in the northern part of the state. The party started considerably over a week ago and returned to their respective homes this week.

Dropping their canoes into Pelican lake, the party paddled down the Pelican river into the Elbow and from there into the Vermilion river. In the vicinity of Pelican they spent a couple of days looking over their vast timber holdings. After traversing Vermilion river they entered Crane lake, where they were met with a launch and the enjoyable canoeing trip ended. From Crane lake they traveled north to Sand Point lake into Nameukan lake, down that body of water to Kettle river and from there to Rainy lake; through Rainy lake to Rainy river, arriving at Fort Francis Tuesday evening. The distance traveled was about 150 miles; of which half the distance was made in canoes. Much rough weather was experienced the last day of the trip and the party were pitched about in a boisterous manner while sailing through Crane, Nameukan and Rainy lake.

The only incident which marred the pleasure of the trip occurred while the party were camped in the big bend of the Pelican river. A violent thunder storm broke on the 24th and a large pine tree was struck by lightning within twenty-five feet of where the Messrs. Weyerhaeuser, Gillmor, Hornby, Wilson and Lindsay were standing. The entire party was stunned and Mr. Chisholm, who was within fifteen feet of the tree, was rendered unconscious for a few minutes. It was a very narrow escape, one of the hairbreadth kind, and all the party agreed that they do not care to again experience the sensation of being electrocuted.

VIRGINIA FOOTBALL GAMES.

Roosevelt High School Teams Plan Much Sport.

Virginia, Minn., Oct. 3.—(Special to The Herald.)—The Roosevelt high school has organized two strong football teams for the season's sport.

Supt. Bliss has secured the services of Roxie Walters as coach of the football teams. The outlook for thisseason is fair for Virginia, as both teams are strong and enthusiastic. The games have been scheduled as follows: Ely high school at Virginia, Saturday, Oct. 3; Two Harbors at Virginia, Saturday, Oct. 10; Hibbing high school at Virginia, Saturday, Oct. 17; Virginia high school at Ely, Saturday, Oct. 24; Hibbing high school at Hibbing, Saturday, Nov. 14; and the last game of the season will be played with the Duluth Central high school. Games are expected from Grand Rapids and Duluth Business College, but no dates have yet been set. Herman Eaton has been elected captain of the first team and Vernon Johnson captain of the second team. The line-up of the first team is as follows:

Left end, Hooper; right end, Butler; left tackle, Lindsay; right tackle, Bonner; left guard, Booth or Munroe, right guard, Morell; center, Gill; left half, Meehan; right half, Olson or Hovland; fullback, Gronberg; quarterback, captain, Eaton; substitute, Quayle, manager.

CURRENT VIRGINIA EVENTS.

Happenings in Range City Gathered for Herald Readers.

Virginia, Minn., Oct. 3.—(Special to The Herald.)—George Leanna arrived in the city the first of the week and will resume his position with the E. I. Dupont Powder company. For several months last Mr. Leanna has been located at Ironwood, Mich.

Rev. C. A. Berg of Stenchfield, Minn., has accepted the call to fill the pulpit of the Swedish Baptist curch of this city for the coming year. His duties will begin on October 1, when he is expected to arrive in the city accompanied by his family.

Postoffice Inspector W. J. Monroe was in the city this week inspecting our postoffice. He says he found everything in first class order.

F. J. Rinnert, Henry Rinnert and William Donnelly returned yesterday from their duck hunt on Pelican lake. They had poor hunting.

Mrs. Hugh Phillips of Ishpeming, Mich., is a guest at the home of her niece, Mrs. W. J. Crocker at the Lincoln.

Mrs. M. E. Fanning and Mrs. J. H. Crowe went to Duluth Wednesday to see Robert Mantell in Hamlet.

The ladies of St. Paul's guild went in a body to the home of Mrs. W. H. Eaton yesterday afternoon to take part in the celebration of her birthday anniversary. The ladies prepared nice refreshments and the afternoon was pleasantly spent. Mrs. Eaton was presented with a handsome silver jekel case.

Rev. F. G. Clarke will leave Monday for Duluth to attend the district conference. From there he will go to Litchfield to attend the quarterly conference.

Miss Edna Harris, who has been visiting at r. C. Whiting's returned to her home in Duluth Thursday.

NO PLAYING "HOOKEY."

Virginia Truant Officer Will Round Up Derelicts.

Virginia, Minn., Oct. 3.—(Special to The Herald.)—Woe betide the Virginia youth caught playing "hookey." Truant Officer William Fitzgerald is daily on deck to round up the erring ones and ascertain why they are not attending school.

According to the laws of 1905 not only the child, but the parents or guardian, shall be declared guilty of misdemeanor in cases where delinquency is practiced. It is therefore important for parents to see that the members of their flocks attend school unless some plausible excuse can be furnished.

August Hagberg, state factory inspector, was here yesterday and spent the day with Mr. Fitzgerald. His duties require the enforcement of the state laws governing the conduct of juveniles and he is especially inlsrested in having the rising generation grow up into good and true womanhood and manhood. Unless restrictions are placed upon some they drift with the tide of immorality and he purposes to lend his best efforts to stay the tide.

TAFT CAME BACK.

Grand Rapids Man Who Dropped Out of Sight Returns Home.

Grand Rapids, Minn., Oct. 3.—(Special to The Herald.)—Justin W. Taft, the logging man who left home here about two months ago saying he was going to Crookston and points in North Dakota on a horse deal, and about whose strange disappearance there was considerable speculation, is home again. He returned from the West yesterday. So far as known he has not made any explanation of his action in not letting his wife or friends know where he was. It is said that several years ago Mr. Taft disappeared just as strangely, was absent some time, and then returned.

LIVELY WINTER SPORTS.

Plenty to be Doing in Eveleth During Cold Spell.

Eveleth, Minn., Oct. 3.—(Special to The Herald.)—The people of Eveleth interested in indoor athletic sports will not have a dull winter. Already the Eveleth Athletic club is arranging to have a program of wrestling matches at which the champion of Duluth, Emil Peterson, will be the main attraction. He appeared here last winter and was successful in throwing Carl Letho, the strong Finn. The entertainment will take place during the latter part of the month. The militia company has plans of having a basketball team this season as the company has some good material. An independent team will also be organized and games will be played with the militia and outside teams. A roller rink will also be opened up during the winter season so that the athletic ones of the city will not be without some diversion during the winter.

CONSIDERING EVELETH SCHOOL BIDS FRIDAY.

Eveleth, Minn., Oct. 3.—(Special to The Herald.)—Through some misunderstanding in the date of opening up the bids for the erection of the new high school, the bids were not opened yesterday at the meeting of the school board. The date, as published in a local paper, was Oct. 2, but it seems that Oct. 3 was designated as the correct day for opening the bids, so that the school board is today deciding on the bids.

BISHOP M'GOLRICK TO BE AT EVELETH SUNDAY.

Eveleth, Minn., Oct. 3.—(Special to The Herald.)—Bishop McGolrick of Duluth will be here tomorrow to administer the sacrament of confirmation to a large class at the St. Patrick's church. Bishop McGolrick will deliver a sermon in the morning after the children are confirmed.

On account of the leaving of Rev. R. J. Taylor yesterday to study at the University of Southern California, the pulpit of the Methodist Episcopal church will have no regular minister for a short time. For this Sunday George W. Dungan has been secured to preach.

Pastor J. I. Fadum will conduct divine services next Sunday at the Norwegian Lutheran Mission church.

Mr. and Mrs. Fred Krinning are receiving congratulations on the birth of a daughter last Sunday.

Killed by Molten Metal.

Chicago, Oct. 3.—By the accidental overturning of a ladle of molten metal, at the works of the Grand Crossing Tack company, today, one man was killed, two were seriously injured and several others less seriously hurt. The accident was caused by the breaking of a chain.

IRON RANGE MEN ARE COMING HERE

Railway Employes to Help Organize Political Club in Duluth.

Two Harbors, Minn., Oct. 3.—(Special to The Herald.)—A special train will be run from Ely and Eveleth to Duluth tomorrow, leaving Ely at 9 a. m., and leaving Duluth on return at 8 p. m., for the purpose of taking the Duluth & Iron Range employes to help organize the Railway Employes Political club. This club proposes to oppose legislation etc., hostile to the railway interests, the same as the many associations being formed at various points in the West.

Rev. Father D. V. Patt returned Friday from an extended visit with relatives and friends in Michigan and at Lake Erie points.

Morris Thomas is shipping his logging outfit from near Britton, where he logged last winter to Duluth, also some potatoes he raised there during the summer.

NASHWAUK IN BRIEF.

Nashwauk, Minn., Oct. 3.—(Special to The Herald.)—Dr. J. N. Butchart of Hibbing made a professional visit here, Thursday.

Solomon Sax, of Eveleth, made a visit here, Monday.

Erick Johnson, of Bovey, was a business visitor here, Thursday.

Pastor M. Lehtonen, of Duluth, held services at the Finnish church, Sunday.

Mrs. George Lindsey returned Tuesday from Duluth and Superior, where she spent the past week, visiting friends.

Mrs. H. Hughes spent Wednesday at Hibbing.

Chris Nelson returned Saturday from a business visit at Chisholm.

Thomas Arsnault arrived Thursday afternoon from points in North Dakota.

Mr. and Mrs. Louis Sherman were Duluth visitors this week.

Arthur Guith was a Duluth visitor, Friday.

Miss. McGloughlin of Marquette, Mich., is the guest of Mrs. P. McGuire, at this place.

William Benner arrived Thursday from different points in North Dakota.

ADAMS GAINS THREE IN HIBBING RECOUNT.

Hibbing, Minn., Oct. 3.—(Special to The Herald.)—In the recount held here Friday, Charles E. Adams gained a total of three votes. The entire precincts of the township of Stuntz were gone over. The recounting board are at Chisholm today to finish their work on the range.

EVELETH ALSO SEEKING HOME RULE CHARTER.

Eveleth, Minn., Oct. 3.—(Special to The Herald.)—Steps are being taken toward securing a home rule charter. A resolution is being drawn up that will be p resented to the council, at its meeting Tuesday night. The lawyers in town have been talking of securing a home rule charter, and no doubt something will now be done about it. The matter was referred to at the last meeting of the city council.

EVELETH MILITIAMEN MADE GOOD RECORDS.

Eveleth, Minn., Oct. 3.—(Special to The Herald.)—The members of the militia company have ended their target practise for the season on the 200, 300, 500 and 600-yard ranges. Though most of the men have never before handled a gun, they made some good percentages for the sason.

Range Priests Visiting.

Hancock, Mich., Oct. 3.—(Special to The Herald.)—Rev. A. Haapala of Hibbing and Rev. Ivor Salo of irginia, Minn., are visiting in Hancock.

Grand Rapids vs. Bemidji.

Grand Rapids, Minn., Oct. 3.—(Special to The Herald.)—The Grand Rapids high school eleven will play football with the team from the Bemidji high school this afternoon. Both teams have been working hard for the game and it is expected to be very exciting.

Gilbert to Make Fight.

Eveleth, Minn., Oct. 3.—(Special to The Herald.)—That the village of Gilbert will make a strong fight when the supreme court comes up in St. Paul this month, in which the officials of Gilbert will have to show cause why they should not have to give up their charter, is evidenced by the fact that the village council has appropriated $500 in favor of the village attorney to defray the expenses of fighting the suit now pending in the supreme court against the village.

Co-operative Store Elects.

Two Harbors, Minn., Oct. 3.—(Special to The Herald.)—A meeting of stockholders of the Co-operative Meat market was held last evening and the following officers were elected: George W. Watts, president; Barney Andrews, vice president; F. E. Coons, secretary; J. C. Temple, treasurer; H. C. Doerr, F. P. Carroll, Andrew Noggeler, A. A. Coursolle and Hans Otterlee, directors.

Good cooks and those who enjoy good coking appreciate Hunt's Perfect Baking Powder and Extracts. Their purity and uniformity insures perfect results.

BOY BURGLARS ON FIFTH STREET

Boys are believed to have been responsible for the looting of the home of John Helin at 19 West Fifth street yesterday afternoon.

There was nobody in the house for a few hours yesterday afternoon, and when Mr. Helin returned in the evening, he found that thieves had broken open the rear door and had helped themselves to what valuables they could find. They secured a watch, two stickpins, one of which contained a valuable diamond, several neckties, and a few small pieces of bric-a-brac.

NICHOLS GUILTY OF SWINDLING

A jury in district court, yesterday afternoon, brought in a verdict of guilty in the case of Ray Nichols, charged with swindling Wallace Lapp out of $20 in a pool game. Nichols was tried on a joint indictment, in which he and Bert Moore were charged with the crime. They demanded separate trials, and Moore's case was started late yesterday afternoon. It will be resumed Monday morning. Nichols is also under another indictment against him alone, charging the same crime.

NEWS OF THE WEEK AT THE CENTRAL HIGH SCHOOL

Musical Society Will Give a Cantata During the Winter.

High School Boys as "The Rabble" in Shakespearean Repertoire.

The Musical society started out in earnest at the first regular meeting on Tuesday afternoon. There was a full attendance.

For the first soloist to appear before the society, Mr. Custance said he had been fortunate in procuring the services of Miss Dona Riblette of the Flaaten Conservatory of Music. Miss Riblette has but recently come to the city, so the society was very glad to hear her and that the members were well pleased with her singing was well shown by the generous applause given her. Miss Riblette, accompanied on the piano by Mrs. Flaaten, sang, "Ah, Love But a Day" and responded to an encore. After Mr. Custance had expressed the thanks of the society to Miss Riblette and the Flaaten Conservatory of Music, he announced that the cantata had arrived and that the members would immediately set to work on it. The cantata, which is to be given in the winter with stage effects and costumes by the society, is "Iolanthe," by Arthur Sullivan. The chorus that was taken up and will be studied first is the Chorus of Peers, which is one of the prettiest choruses in the cantata.

* * *

The Public Speaking club is in communication with Mr. Bliss of the Roosevelt high school of Virginia, Minn., in regard to the Minnesota State Debating league, of which he is the district director, and has found that the question to be used by the league this year is "Resolved, That the United States Should Annex Cuba." It is extremely doubtful whether or not Duluth will enter the league this year. Mr. Smith and the executive committee seems to be of the opinion that it would be better for the club if it stayed out of the league this year, but this matter has not been brought up before the club as yet. The Duluth team would then be able to meet such teams as Superior, Virginia and Pine City and not be cut off with only debates as last year. At the next meeting the following program will be given:

Recitation .....Stanley Lamb
"State Political Situation" .....
.....Leonard McHugh
Remarks .....Mr. Sprague
"Art of Debate" .....Mr. Baker
"Pine City Girls" ....Robert Donaldson
"Our Football Prospects"...Chas. Evans

* * *

The high school students were offered a great treat this week in the engagement of Mr. Mantell at the Lyceum and many took advantage of it. Mr. Mantell made a great hit with the students and especially in "Macbeth," which performance was attended by nearly the whole senior class, because that play is studied by the seniors, and they wished to hear Mr. Mantell's interpretation of it. Any student might with the assistance of a strong glass recognize a great many of his classmates carefully disguised on the stage as soldiers, lords, etc.

* * *

What is the matter with the yell master? He was elected to that position with the impression that he would organize a band of "rooters" who would give the team a little encouragement and get up interest in football among the students, but something has gone wrong, for there hasn't been anything like a "C-H-S-Duluth" heard around the building since school started. This is very discouraging to the team, the members of which feel that they are working alone without any support from the students at all. It is hoped that the yell master will stir up some enthusiasm in the near future.

* * *

On Thursday afternoon Miss Wells held a meeting of girls in her room for the purpose of creating interest in the "gym" work at the Y. W. C. A. There were a number of girls present and girls were appointed to go among the different classes and solicit members for the "gym" classes of high school students at the Y. W. C. A. These are Miss Cleo Fenton, Miss Lucy Nightingale and Miss Edna Robinson.

* * *

Mr. Hestand, assisted by the choir, sang in chapel Friday morning. This is the first time Mr. Hestand has sung before the whole school and they were delighted with his voice. Mr. Hestand sang the solo part in the chorus, "Lord God Almighty," from Verdi's Attila.

Mr. Smith announced that Mr. Denfeld had a few words to say to the school and Mr. Denfeld then gave one of his forceful talks on the purpose of a high school education and its usefulness in life. He urged that the students take hold of their advantages and make the most of them. This he said would make the Duluth high school the greatest in the country.

* * *

Owing to a slight illness, Mr. Phillips was not able to meet his classes for the last two days, but it is expected he will be back Monday.

How to Cure a Cold.

Be as careful as you can, you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world-wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. For sale by all druggists.

GOOD WEATHER FURTHERS TRADE

Dun's Report Notes Hesitation in Leading Industries However.

New York, Oct. 3.—R. G. Dun & Co's weekly statement and Review of Trade says:

Seasonable weather stimulated retail trade materially and the better distribution to consumers brought a larger movement in wholesale and jobbing departments, but in most leading industries there is still hesitation. Low stocks of merchandise necessitate urgency in replenishment when dealers find retail buying on a normal scale, as is the case in many section of the country, but preparations for distant requirements proceed cautiously, although expressions of confidence are heard on all sides. On the whole, there is improvement in mercantile collections, yet in many lines, especially at the East, irregularity is noted. Many factories have further increased the number of hands at work.

While new business comes most conservatively to the steel mills, orders on hand are sufficient to maintain the current rate of production during October, and activity is confidently expected next month. Railway buying continues limited. Recent contracts and two new ore vessels call for a large tonnage of plates and other steel shapes. Only a fair demand for pig iron is noted, while quotations barely maintained on forward business, but orders are chiefly for shipment before the end of the year.

Textile production has increased, and in some divisions of the primary cotton goods market there is improvement, but little definite change is expected until 1909. Spot good alone attract buyers, practically no contracts covering distant deliveries, which is an element of strength for the futures, although an adverse influence at the present time. A strong feature of the position is the knowledge that considerable business could be secured by making slight concessions. In woolens, there is some pressure for quicker deliveries of sample pieces, and a little new business, but duplicate orders have not begun to appear.

A little increase is recorded in both sales and shipments of shoes, but reports from traveling men to New England manufacturers indicate a tendency to defer purchases as long as possible.

This applies to both supplementary fall orders and spring samples. Leather continues quiet, the lower grades moving most freely, and tanners insist on full prices. Heavy soles are still the best feature, with light and middle weights accumulating. Tanners exhibit little interest, taking only stock immediately needed in the expectation that fall receipts will be heavy.

CLOQUET APPEALS FOR THE DEPOT

Asks State Railroad Commission to Force Road to Build.

Cloquet, Minn., Oct. 3.—(Special to The Herald.)—At last the Great Northern railroad will be made to answer the plea of the Cloquet citizens for a better depot. For a number of years the company has been petitioned time and again for adequate depot facilities; the company promised, but the promise was never fulfilled.

The business men were determined to have a depot that would at least present a more favorable impression to people who passed through the city, so the law was appealed to. A complaint, duly signed by a certain number of business men, was forwarded to the Minnesota railroad and warehouse commission, the receipt of which was quickly acknowledged and a copy served on the Great Northern. If an answer by the company is not filed within twenty days, the commission will set a date of hearing and settle the case.

HANSBROUGH CANDIDATE

(Continued from page 1.)

for election to the United States senate in 1910 for the position no wheld by Porter J. McCumber of Wahpeton.

Since the primary election, in which Senator Hansbrough was worsted, he has been spending his time at Bemidji and Lake Minnetonka, Minn. On last Monday he returned to the state as a member of the W. H. Taft party. Since his return here he has been in consultation with prominent politicians of the state and the announcement of his candidacy to the United States senate is the culmination.

United States Senator Hansbrough has been a member of the upper house for eighteen years, serving his third term at present. The campaign for his re-election for the fourth term luwas one ofthe hotest ever waged in North Dakota, but with three other candidates in the field, he was defeated, with Thomas Marshall and M. N. Johnson as high men at the primary election, and they will go on the ballot again in the general election.

The friends of Mr. Hansbrough will naturally go to Marshall, he being in the southern part of the state, while M. N. Johnson resides in Nelson county, which adjoins Hansbrough's home county, Ramsey. With Hansbrough in the open, and L. B. Hanna of Fargo and Congressman A. J. Gronna of Dakota aspirants for the same position, there is little doubt but what the fight of two years hence will be one of the hardest ever waged in North Dakota. Hansbrough will make his fight against McCumber on the ground that the latter is connected with Alexander M. McKenzie, and that the latter, if McCumber is re-elected, would again be North Dakota's political boss.

One Dose

Ask your doctor to tell you, honestly and frankly, just what he thinks of Ayer's Cherry Pectoral. Then do as he says.

Often a single dose of Ayer's Cherry Pectoral at bedtime will completely control the night coughs of children. It is a strong medicine, a doctor's medicine, entirely free from alcohol. Made only for diseases of the throat, bronchial tubes, and lungs. Full formula on each label.

J. C. Ayer Co., Lowell, Mass.

WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says:

"I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

NEXT YEAR AT OSHKOSH.

Wisconsin Funeral Directors End Eau Claire Meeting.

Eau Claire, Wis., Oct. 3.—The Wisconsin Funeral Directors and Embalmers' association chose Oshkosh as the next place of meeting. Seventysix votes were cast for Oshkosh against twenty-seven for Milwaukee. The following officers were elected: President, J. B. McLain, Marinette; first vice president, B. M. Hoppenyan; second vice president, Charles Truesdell; treasurer, W. F. Smerker, Appleton; secretary, Thomas B. Fleming, Eau Claire. J. H. Ragen Grand Rapids, was elected a member of the executive committee.

HOLLAND ADMITS ITS MINISTER DID WRONG.

Caracas, Oct. 3.—In Holland's answer to President Castro's note, in which he gave his reasons for sending Minister de Reus his passports, the Netherlands government not only admits the offensive character of the letter written by its minister, but goes further. The minister for foreign affairs for Holland says this government on the very moment of taking cognizance of the publication of said offensive letter, would have immediately recalled the minister without the necessity of being asked to do so by Venezuela.

Holland maintains, however, that enezuela was wrong in summarily sending passports to Minister De Reus, such action being considered as not in conformity with international usage. The Netherlands government, however, merely mentions this fact, without demanding satisfaction for the alleged diplomatic act.

President Castro will not answer the Netherlands government for the time being, contenting himself gith merely acknowledging the receipt of the missive.

LAKE LINDEN BANK TAKES HUBBELL BONDS.

Calumet, Mich., Oct. 3.—(Special to The Herald.)—The Hubbell village authorities have disposed of the $15,000 bond issue, authorized to secure funds to build the proposed new water system to the Lake Linden National bank, the rate of interest being 6 per cent. The council desired a rate of 5 per cent, but received no bids on that basis. There was one outside bid at the rate of 6 per sent, but the officials decided to place the bonds with a local institution.

The Battle for Health

How to keep well.

This is the problem Dr. A. W. Chase's Nerve Pills have helped many thousands of people to solve by reason of their extraordinary blood forming and system building qualities.

The only sure foundation for health is rich, red blood and a vigorous nervous system.

Both of these result from the use of Dr. A. W. Chase's Nerve Pills. Even though you know of this great restorative as a cure for nervous exhaustion, prostration and paralysis, you may have overlooked it as a tonic to build up the system when it gets run down and you feel weak and miserable.

Mr. G. B. Exline, 29 Stewart street, Dayton, Ohio, states: "I felt debilitated, rundown, nervous, tired, lacked energy and strength. Dr. A. W. Chase's Nerve Pills built me right up, gave me restful sleep and good general health and energy. I gained seven pounds and consider them an excellent tonic."

The portrait and signature of A. W. Chase's M.D., the famous Receipt Book author, on every box. 50 cents, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

POLITICAL SITUATION IS GROWING WARMER

County Committees Organize and Get Down to Work.

Prominent Speakers for Both Parties Will Visit Duluth.

With the Democratic county committee thoroughly organized for effective work and the Republican county committee taking steps to complete its organization, the game of politics will open merrily the coming week.

Both committees have opened headquarters. From these headquarters the county campaign will be directed. The Democratic committee has not been idle since its meeting Tuesday evening. Letters have already been written to the Democratic state central committee asking that speakers be sent here and to the range. If the request of the chairman of the committee is granted, Governor Johnson will speak in Duluth within the next ten days. A communication asking that the services of the governor be given to Duluth within that time limit has been sent to the state central committee.

Steps have already been taken for some meetings upon the range within the coming week. The range will be covered by local and range speakers, after which some of the speakers from the two cities, or speakers of national reputation, will be heard.

The condition of the Democratic party in St. Louis county was brought out at the meeting Tuesday evening. At that meeting the most optimistic sentiment was conveyed to the committee members by the reports from the range and outlying precincts. It is believed that the Democratic candidates have the best chance they have had for years to break into the imposing ranks of the Republican officeholders.

The name of John A. Johnson will be used as a pacemaker in the campaign. The governor has a tremendous following upon the range, which, in the opinion of the members of the committee, cannot but assist the county ticket. While there is no doubt in local Democratic circles that Johnson will be elected by a handsome plurality, the members of the county committee believe that the voters will go further and not allow Governor Johnson to be the lone Democrat in the state house this winter. They are banking upon the hope that the state ticket will slide in upon the Johnson wave, not alone because of the large vote they believe Johnson will poll, but because of the class of men on the ticket.

* * *

Odin Halden has the active charge of the Republican campaign in St. Louis county. He is also the Jacobson representative here. Mr. Halden is not embarrassed by having any light of his own to distract his attention from the work in behalf of the Republican county ticket. This is a fact that the members of the Democratic ticket are regretting.

Mr. Halden is of the opinion that every Republican county officeholder will be returned to office. He has a very effective political organization of his own in the county, which will be used as far as possible in behalf of the entire county ticket.

* * *

The past week has developed one new candidate, in the person of Attorney George F. Davis. Mr. Davis will, it is practically decided, make the race for the office of judge of probate upon the Independent ticket. He has consulted with A. E. Pfremmer and other friends upon the matter and made up his mind to enter the race. He has been promised Mr. Pfremmer's support. It is to be presumed that he would receive at least a major portion of the vote of the Democrats. Running as an independent, has both its advantages and its disadvantages. If Mr. Pfremmble a strong candidate with a strong following upon the range, could not turn the trick, it is difficult to see where Mr. Davis, entering the race at this late hour, could muster sufficient strength to defeat Judge Middlecoff.

* * *

There has been some talk of endeavoring to get out an independent candidate for congress from this district. The name of Leonidas Merritt has been mentioned. But the refusal of Andrew Nelson, chairman of the Democratic county committee, to make the race, precludes the belief that any candidate will enter the race at this rather late hour. Reports brought in from outside sources state that there is a strong demand for an independent candidate. However, conservative Democrats admit that there is but a very slight chance to defeat Mr. Miller. The Republicans state that there is not a chance in the world for an independent candidate to make a respctabl showing. Thy point to the heavy plurality polled by Mr. Miller, as proof of the statement.

* * *

The Democrats are pinning great faith upon the ability of Charles Jessmore to defeat William J. Bates for the office of sheriff. They say that the labor vote upon the range will be almost solid against Mr. Bates. Reports have come to the members of the committee to support this statement. They say that Mr. Jessmore is a good politician, a splendid mixer, and a man who has the confidence of the people.

Mr. Jessmore has already done some campaigning. He has been out among the range voters and will speak in this city in the near future. He has the utmost confidence in his ability to defeat Sheriff Bates, asking only that the committee back up his aggressive campaign.

Mr. Bates has not been an idle man since the primaries. He states that he will not be oppposed by the labor vote; that on the contrary the fair-minded laborer will vote for him. The Democrats are inclined to the belief the Republican candidates for sheriff, defeated in the primary campaign—Melming, Owens and Stevens—will have an influence upon the vote for this office. It is pointed out that the friends of the defeated candidates may cast at least some votes for Jessmore. As it is believed that Mr. Jessmore will receive the solid vote of the Democrats, the members of the county committee figure that Mr. Jessmore stands an excellent chance to be the next sheriff of St. Louis county.

* * *

Both Emil A. Tessman and John Lowe, Democratic candidates for county commissioner in the First and Fifth districts, respectively, are confident of winning out. Mr. Tessman is pitted against Alex Fraser and Mr. Lowe has Albert Overton as an opponent. The Republicans are equally certain that candidates Fraser and Overton will be the victors. The race in each district promises to be close.

* * *

Joseph W. Reynolds and Dr. O. A. Oredson, the Democratic candidates for the state legislature in the Forty-ninth district, report bright prospects in their campaign thus far. Both gentlemen were at the county committee meeting Tuesday evening, and both had a few words to say regarding the prospects of their own candidacy, as well as the prospects of the county ticket. The committee will throw all possible support to these two candidates in the hope of landing them victors. Mr. Reynolds, who is an excellent speaker, will be depended upon by the committee as a general party speaker, aside from his efforts in behalf of his own campaign. Dr. Oredson has a strong following in West Duluth and the West end, and makes a very favorable impression wherever he appears, and reports meeting with the most favorable progress in his campaign.

* * *

The members of the committee will get busy next week in the organization of at least two Democratic clubs. There will be a club in Duluth and also a club in West Duluth. There will probably be other clubs in the country, but the members of the Democratic committee will first turn their attention to the formation of the clubs here and in West Duluth. In West Duluth the committee has several valiant workers in almost every precinct.

* * *

The members of the Republican committee are not a bit behind the members of the other party committee in the matter of securing speakers. Mr. Jacobson, it is said, will favor Duluth with his presence. Efforts are now being made to secure him. Senator Culkin is in communication with the Republican leaders at St. Paul and will endeavor to land some of the best speakers for Duluth. Another meeting of the Republican committee will be called in the near future, at which time the final steps in the organization of the committee will be taken.

Beginning next week and continuing through the remaining month of the campaign, there will be meetings of some club almost every night. The plans of both committees call for a strenuous campaign. There will be no neglect, because the members of the Democratic committee believe they have scented victory and the members of the Republican committee are not going to take chances, though they profess to believe that there is no danger of the Democrats breaking into the solid county line.

The work for Mr. Jacobson will be carried on in connection with the work in the interests of the county candidates. Mr. Haldilen believes Jacobson will carry St. Louis county and has instructed every party worker to make special effort to secure votes for the head of the ticket. He has workers out for the Jacobson cause, who, from reports, have encountered a rather frosty reception in the matter of gaining votes for the head of the Republican state ticket.

It was reported here today that several Republican officeholders had wagered varying sums on the election of Johnson. This was stated upon the best of authority, though the person giving the information refused to divulge any names. It is said that the handwriting is seen, and that some officeholders believe that a little easy money might as well be picked up.

R. F. LAMB,
Democratic Candidate for Secretary of State of Minnesota.

R. F. Lamb was born in Highland township, Grundy county, state of Illinois, Aug. 10, 1864. Came to Mankato, Minn., April, 1889, and was in the employ of the McCormick Harvesting Machine company for twelve years. In 1900 he put in part of the year at Lincoln, Neb., for the same company. He went into business in Mankato in 1901 in company with the Donahue Brothers, and sold out to Donahue Brothers in November, the same year, and organized the Western Implement company at Slayton, which is now in operation, and of which he is president. He is also president of the Implement Dealers' association, filling his second term. The greater portion of his business life has been spent in Minnesota. He was educated at St. Plateur's college, Kankakee county, Ill.

COL. WILLIAM LIEP DEAD.

Well-Known Winona White Bear Character Goes to Reward.

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—Col. William Liep, well known in St. Paul and the Northwest for many years, died yesterday at his Lake Shore home, White Bear lake, aged 73. His death came as the culmination of an illness extending over three years, but it was only for the past two weeks that he was confined to his bed.

Col. Liep, during his lifetime numbered among his friends and acquaintances practically all of the old-timers in St. Paul, and for many years was one of the active business men of the city. He was a remarkable man in many ways, physically almost a giant, of strong intellectuality and a musician of no small caliber.

He was born in Worms, on the Rhine, and when 16 years of age emigrated to America, settling in St. Louis. From there he came to St. Paul in 1856, and in 1864 moved to White Bear lake.

Dr. Mitchell's

Treatment Will Restore You to Health and Make You as Good as New.

His parlors at the corner of Fourth avenue and First street are crowded every day, and he is a busy man. His patients include the very best people of Duluth and Superior, and all express themselves delighted with his work. The doctor has proven himself to be a skilful healer by the numerous cases that he has treated successfully, many of which have been mentioned by the daily papers, and his work recommended and endorsed by business men of the community. If he can do you no good he will promptly say so and thus save you time and money. No matter what your disease, or how despondent you may feel, there is hope for you. Hundreds of women who suffer the many irregularities common to their sex, have been cured through Dr. Mitchell's method after they had been told their cases were incurable. The same can be said of men who have indigestion, stomach troubles, catarrh, weakness of all kinds and in fact all diseases succumb to this wonderful man's method of healing. Remember it makes no difference how many have pronounced your case incurable, Dr. Mitchell can help you. He has practiced in this city for ten years daily healing the sick. He has six miles of printed testimonals, proving beyond a doubt that his method is revolutionizing the art of healing the sick and despondent. Dr. Mitchell can be consulted free. 'Phone 579. 325 West First street.

BEAT HIS HORSE.

Henry Meyers Paid $28 for Privilledge of Using His Whip.

Henry Meyers was found guilty of cruelty to animals in the municipal court Friday afternoon, and after a scathing arraignment by Judge Windon, was fined $20 and costs, amounting to $28.36, which he paid.

Meyers, who is a wood peddler, took a horse and rig and went to Superior Wednesday night after some harness. The mud was very thick on Garfield avenue, and coming back the horse, which was in poor condition, was unable to pull the rig through. Meyers took to his whip and gave the horse such a severe beating, that it fell to the ground and had to be helped to its feet again. Several boys from the Alger-Smith mill were attracted to the scene, and they prevented Meyers from beating his horse any more. So much energy did Meyer's display that large welts were raised on the horse's skin.

To Renew War on Opium.

Washington, Oct. 3.—Renewed efforts are to be made at the coming sessio nof congress, which will receive the hearty indorsement of the administration, to secure legislation, to restrict the importation of opium into the United States. Steps in this direction were taken at the last session, bu without result. Dr. Hamilton Wright, one of the American commissioners to the Shanghai convention, left Washington for the West, preparatory to sailing for China, Oct. 20. Before sailing, he will conduct inquiries into the extent of the opium traffic in Chicago, San Francisco and Seattle.

DAMS ARE PROGRESSING.

Work on Cross and Sandy Lake Barriers Well Along.

Brainerd, Minn., Oct. 3.—(Special to The Herald.)—The work on the government dikes, near the Cross lake dam on Pine river, will soon be shut down for the season. While the work has progressed very favorably this year there is still much to be done. There are two more dikes to be built and four more to be repaired.

At the Sandy lake dam, in Aitkin county, about one-half of the concrete work has been completed, or will be by the time cold weather closes the work for the season. This is all that can be done in one season. It is expected that the dam will be completed next season.

Got Plumbing Contract.

Bemidji, Minn., Oct. 3.—(Special to The Herald.)—Jerrard & Covington, a plumbing firm of this city, has secured the contract for the installation of a large heating and ventilating plant in the hotel at Sebeka, which is owned by Fred Eberlein of the Bemidji Brewing company.

Funeral of Suicide Held.

Grand Forks, N. D., Oct. 3.—(Special to The Herald.)—The funeral of John Hempstead, the Emerado bank cashier, who committed suicide in Grand Forks, was held here this afternoon from the First Presbyterian church, Rev. Mr. Stevenson of Emerado officiating. The members of the Masonic lodge of Grand Forks attended the funeral in a body, interment taking place in the Memorial park cemetery.

St. Paul Man Hurt.

Grand Forks, N. D., Oct. 3.—(Special to The Herald.)—William Reed of St. Paul, superintendent of construction on the new Widlunm block, is in St. Michael's hospital as a result of an 18-foot fall Friday. Mr. Reed is connected with the W. J. Hoy Construction company, and he is a brother-in-law of Mr. Hoy.

Saved His Boy's Life.

"My 3-year-old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative, and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. Sold by all druggists.

COMING NEXT WEEK
FREE EXHIBITION
Products and Premiums of
Larkin Co. Buffalo, N. Y.
AT
25-27 SECOND AVENUE, WEST
October 5 to 17, inclusive

Undivided Profits, - - $234,000

Bad Breath and Sour Stomach

Stopped at Once With Pure Willow Charcoal, the Greatest Gas Absorber Known.

There is no necessity to suffer the humiliation, chagrin and discomfort of bad breath, biliousness, sour stomach, gastritis, sluggish liver, etc., when a little lozenge of charcoal will cleanse the stomach and make it pure and sweet.

Do not drug yourself when a simple little natural charcoal made from fragrant willow branches, sweetened with honey, will add tone to your stomach, liver and intestines, rapidly absorb gases and stop foul odors of all kinds.

Charcoal will absorb one hundred times its own volume in gas. A box full of charcoal placed in a bedroom will keep the air of such a room pure and sweet.

A little charcoal lozenge dissolved on the tongue after meals will also keep the stomach fresh and clean. Charcoal is justly called the scrubbing brush for the stomach. The old monks of medieval times cured bad cases of stomach trouble, cast out devils from the system of man by feeding such a man charcoal.

Scientific men of today believe in the great strength of charcoal for the cure of human ills. Too much of it cannot harm one. The system craves it just like an animal needs and craves salt every so often. Charcoal goes into the stomach gently and is welcome, it settles down through the action of the stomach, and filters through all the food, absorbing gas, aiding digestion and giving tone to the juices, so that when the food goes into the intestines, and there meets other digestive fluids, the charcoal holds the impurities and thus keeps them from the blood.

Stuart's Charcoal Lozenges are made from pure willow. They are prepared fragrant by the use of honey and sweetened so they please the taste and are easily dissolved.

They have an enormous sale thus stamping them with the approval of the public. Every druggist sells them, 25 cents per box. Go to your druggist today and buy a box; then after your next meal take two or three of them and judge for yourself of their merit.

Several taken at bed time will prove to you in the morning that they have been at work all night, for your bad breath will not be so bad after all.

Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 200 Stuart Building, Marshall, Mich.

INTOXICANTS ONLY AT MEALS, IS MRS. HOWARD GOULD'S DECLARATION; RODE WITH EGYPTIAN PRINCE

New York, Oct. 3.—That $2,000 had been offered an employe of the Hotel St. Regis to give false testimony against Mrs. Howard Gould was the substance of an affidavit purported to have been made by Rev. Dr. Joseph G. Murray, which was presented to Justice Geiger in the supreme court.

The case came up on a motion to strike out certain allegations in Mrs. Gould's complaint in her suit for a separation from her husband, as scandalous and irrelevant. Mrs. Gould's counsel opposed the motion and presented several affidavits, in which it was charged that certain witnesses had been hired to testify in favor of Mr. Gould. The affidavit of Dr. Murray was one of the papers presented. It declares that Michael H. Doody had told the priest that while he was employed at the Hotel St. Regis, where Mrs. Gould lived, a detective went to him with the proposition that he "give a proper report of Mrs. Gould's comings and goings at the hotel, the amount of wine she drank and the names of her visitors, notably those of them that were men."

Another affidavit, made by Maurice Molloy, alleges that Molloy was under contract, while custodian of Castle Gould, at Port Washington, to treat Mrs. Gould in a contemptuous fashion.

The lawyer for Mrs. Gould recited how it was alleged that Molloy had gone into the house, sat on divans and puffed cigarette smoke in Mrs. Gould's face, when she ordered him out of the house.

MRS. HOWARD GOULD.

An affidavit submitted by Mrs. Gould, in reply to those of her husband that she is addicted to the use of intoxicating liquors, says:

"When living in the country and spending most of my time in the open air, I have drunk a cocktail on sitting down to luncheon, and generally a glass of white wine with luncheon. At dinner, whenever I felt like it, I drank a cocktail and a glass of champagne. We were always acustomed to having wine served at these meals, but that was the extent of my drinking."

Then she accuses her husband of gross habits of intoxication. She says she was particularly annoyed by her husband during a trip to Egypt, where they were entertained by the khedive and Prince Mohammed Ali. She accuses Mr. Gould of being jealous when she went driving with the prince, while he went in a carriage with another woman who was a guest at the luncheon.

Senatorial Fights Expensive.

Madison, Wis., Oct. 3.—In sworn statements filed in the office of Secretary of State Frear, S. A. Cook of Neenah and William H. Hatton of New London, defeated candidates for the Republican nomination for United States senator, say that they spent $29,587.65 and $26,413.08, respectively. Mr. McGovern spent over $1,000 and Mr. Stephenson, the successful candidate, has not yet filed his statement, as he has until after his election to do so.

TAFT AGAIN SAYS "LIAR"

Republican Nominee Does Not Mince Words, About Gompers.

Makes Address in Denver Hall Where Bryan Was Nominated.

Denver, Colo., Oct. 4.—In the same building—the Denver Auditorium—in which W. J. Bryan was nominated for the presidency last July, W. H. Taft last night addressed a tremendous throng, setting forth reasons and arguments why the Nebraskan should not be elected.

Mr. Taft's entry into Denver was under inspiring political conditions. His stay in the city was but three hours, and every preliminary to the big street parade and its attending spectacular features, had been carefully arranged so that when the Taft special pulled into the union station, the town had turned on a brilliant, bright glare. The streets were profusely illuminated and had not been so densely populated since the Democratic convention departed.

The candidate was at once made a part of the festivities. In an automobile he was given the place of honor in the parade, and bowed his acknowledgements to shouts and plaudits along the line of march, which included the principal business streets and ended at the splendid auditorium.

Mr. Taft delivered the principal speech of last evening. His subjects ranged widely over the various issues of the campaign. He paid his respects to Mr. Bryan many times and received encouragement from the audience in so doing. One new feature of his address was in handling the subject of the beet sugar industry, in which he took up an illustration of Democratic proposals toward the trusts. Beet sugar, he said, was a trust-made article. The Democrats proposed to put all such articles on the free list, just to punish the trusts. This would, he maintained, not only punish the trusts, but would also punish many innocent farmers and producers, as well.

Mr. Taft has said things in the west. His language, particularly on the labor question, has been decidedly vigorous and positive.

"This thing of Mr. Gompers having the labor vote in his power and laboring men believing the lies he tells, is something that I complain of.

"I appeal to the clear-headed, intelligent and independent working men of this country to look into the facts and the law, and if they can find there that I am an enemy of labor, to vote against me."

"But what I complain of is this wind-jamming and misrepresentation of a man who claims to control labor in order to defeat a man who is in favor of labor."

The foregoing quotations are excerpts from the numerous speeches Mr. Taft delivered yesterday, on his trip from Omaha to Denver, by way of Cheyenne, Wyo. His general topics included talks to farmers about the tariff, and the necessity for maintaining the protective principles. He made his views on the labor question known at nearly every stop.

BRYAN CITES HARVESTER TRUST; TAFT GLAD MELON ISN'T LEMON

Lincoln, Neb., Oct. 3.—Said Bryan in his speech here last night: "To show how the trusts can escape from the evils that afflict others, I call attention to the fact that a recent issue of the Wall Street Journal showed that the International Harvester company made larger net profits last year than in any previous year. The directors are largely the same as the directors of the Steel trust."

Ogalalla, Neb., Oct. 3.—This city furnished Nominee W. H. Taft with a watermelon, the gift of Keith county Democrats yesterday.

"I'm glad its a melon and not a lemon," smilingly ejaculated the judge as he took the gift.

He was greeted with prolonged cheers.

ACTOR NAT GOODWIN GETS DIVORCE DECREE; ACTRESS MAXINE ELLIOTT WILL NOT TALK.

NAT GOODWIN.

Reno, Nev., Oct. 3.—Nat C. Goodwin, the actor, was granted an absolute divorce from his second wife, Jessie Dermott Goodwin, Known as Maxine Elliott, by Judge Pike, on the ground of desertion yesterday. There was no semblance of a contest on the part of the attorneys representing Mrs. Goodwin. The whole preceeding occupied only eleven minutes.

Philadelphia, Oct., 3.—Maxine Elliott, who is living in this city, refused to be interviewed with regard to the divorce granted her husband, Nat. C. Goodwin, but Manager Appleton said:

"Miss Elliott is more than glad that the divorce has been granted. For several years she has contemplated bringing the action herself, but the thought has been so distasteful that she delayed action. Now that Mr. Goodwin, however, has taken the initiative in suing her for desertion, she is very much relieved."

It is understood that Goodwin will now marry Edna Goodrich, the actress.

Last Charter Member.

Chilton, Wis., Oct. 3.—(Special to The Herald.)—William Paulsen, one of the pioneers of Calumet county, 80 years old, is dead. He came to America in the year 1848, and settled in the town of New Holstein. He held various county offices and was county judge for six succeeding terms. He was the last charter member of the Masonic lodge in Chilton.

MAXINE ELLIOTT.

PRIEST ACCUSES; WOMAN FAINTS

High Chief Ranger of Women's Catholic Federation Prostrated.

Detroit, Oct. 3.—At last night's session of the biennial convention of the Women's Catholic Order of Foresters, Father McCorry from the platform denounced High Chief Ranger Elizabeth Rodgers for having ordered priests excluded from the convention.

Supporters of Mrs. Rodgers declared that the temporary exclusion of Father McCorry and another priest was due to a mistake of the door tenders. Father McCorry, however, declared that the colored men who acted as door tenders had insulted him and had laid violent hands on him at the order of the high chief ranger.

The session adjourned in a tumult and Mrs. Rodgers was assisted from the room fainting.

SUES TRACTION COMPANY.

John Rocklin Wants Damages for Injuries Sustained in Runaway.

The case of John E. Rocklin against the Duluth Street Railway company was called before Judge Dibell, in district court, yesterday afternoon. Rocklin sues for $1,918 damages for injuries sustained on West Fourth street, when a horse he was driving jumped in front of a moving car and he was thrown out of the wagon and severely injured. He charges that the excessive speed of the car was the cause of the accident.

AMERICANS INVEST.

Mining Man Says They Are Responsible for Mexican Development.

Mr. Samuel Corcoran, a mining engineer of Guadoljara, Mexico, who is at the Lenox hotel, says that American and English capital are mainly responsible for the development of the Mexican mines and railroads. He says that Duluth capital has gone into the development of many mining and railroad ventures.

Mr. Corcoran says that Americans are entering the oil fields of Tampico, which are the greatest fields known. The oil is used as fuel by the Mexican locomotives. He states that the Harriman system has been completed to America, Mex., and that the work was done by American engineers.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

CONSUMPTION CONGRESS HEARS OF HOW MINNESOTA SAVES LIVES OF CHILDREN

ST. PAUL DOCTOR TELLS OF STRUGGLE

Washington, Oct. 3.—Addressing the consumption congress Arthur J. Gillette, M. D., of St. Paul, Minn., speaking on "The Importance of and How the State of Minnesota Cares for Its Indigent, Crippled and Deformed Children," said in part:

"Minnesota was the first state in the Union to make an appropriation to treat and educate crippled and deformed children. In 1897 the work was begun in St. Paul, Minn. First, the state paid the city and county hospital for a ward where these children were treated. Later several wards were required as the work increased. Each year the legislature increased the appropriations to meet the demands, and its last appropriation was $32,000, $16,000 a year.

"In 1907, the citizens of St. Paul and Ramsey county gave a building of about one hundred beds for the treatment of these children, and another building to be used as a school room. Also about four acres of land for the erection of a new building when necessary. The Business league of St. Paul purchased and presented to the state a tract of land of over twenty acres, situated on Phalen park and $7,000 for a country home to be used by the children whose deformity was complicated with tuberculosis "consumption." Nearly three-fourths of the deformities from which the children suffer is caused by tuberculosis. Hence the importance of the country air. Sometimes they also have tuberculosis of the lungs as well. Many have running sores caused by tuberculosis of the bones and joints and this discharge usually contains the bacilli of tuberculosis, the germ of consumption.

"This shows the importance of having these children where every precaution can be taken to prevent the spread of this disease. As it sometimes requires several years to cure these children, a school must be provided which is not only of educational value to them but it is remedial as it helps to while away many hours which would otherwise be tedious waiting.

"Since the founding of this hospital by Minnesota in 1897, hundreds of children have been relieved of suffering and many absolutely cured. Most of the children were brought to the hospital on cots or were using crutches. After many years of painless treatment, they are discharged able to attend school or running and playing like other children of their own age. Instead of being wards of the state, they will become useful, intelligent and happy citizens."

POOR LO AN EASY VICTIM OF PLAGUE

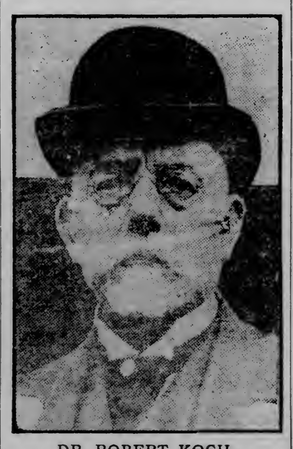

Washington, Oct. 3.—Francis E. Leupp, commissioner of Indian Affairs, speaking on "Fighting the Scourge Among the Indians," at the consumption congress, said in part:

"Like other primitive people, the American Indians are very susceptible to the diseases of civilization, especially tuberculosis. Unlike the Caucasians, they have not behind them an ancestry who have been resisting the disease to the point of comparative immunity, and the tubercle bacillus was unknown to the Indians, it is believed, until the coming of the whites to the hemisphere.

"In his aboriginal life, the Indian had no permanent home, and his pursuits were all such as kept him out of doors and hardened his body. When his tepee became surrounded with filth, he moved to a fresh spot. He wore little clothing—in some places almost none. Exposure to the open sunshine, a hardy meat diet, and a scattered and ever-moving population were pretty sure defences against germs.

"Times have changed. The Indian can no longer rove everywhere. He overburdens his body with modern clothing. He has been taught to live in a cabin, in which he nails down the few windows, caulks the cracks and sets up a stove which he heats red. In the one or two rooms of this dwelling he eats, sleeps, rears his family, entertains his large circle of friends, expectorates, sickens and dies. All the conditions are perfect for the spread of tuberculosis. In the course of time, his community becomes a nest of infection for the larger white community that is fast growing up about him.

"To educate him in the art of living and civilized conditions is the first necessity in dealing with his case."

DR. ROBERT KOCH, World's Leading Germ Expert, Who Is Attending the Anti-Consumption Congress in Washington.

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—Robert Mantell in "King Richard III."

ANOTHER SUCCESS.

Robert Mantell Scores Artistic Triumph in Production of "Richelieu."

The largest audience of the week greeted Robert Mantell at the Lyceum last evening. "Richelieu" was the bill, and it was received with even greater favor than any of the other plays produced by the eminent actor during the present engagement. The part of Richelieu is a very strong one, and Mr. Mantell did it full justice. The production was for him an artistic triumph.

The star's support last night was good all the way through, and the play as a whole had more of a finish than some of the others staged this week. The part of Miss Marie Booth Russell did not make much of a demand upon her abilities. Miss Edith Campbell took the part of Marion de Lorne, a spy for Richelieu, in place of Miss Lillian Kingsbury, who is cast for it.

"Hamlet" is the attraction this afternoon at the Lyceum, and the Mantell engagement will be concluded this evening with an elaborate production of "King Richard III."

PROHIBITIONIST OPPOSITION TO FREE BREAKFASTS

Chicago, Oct. 3.—A plan to give free breakfasts daily to 10,000 of Chicago's public school children, who are declared in a special report to the board of education, to be "habitually hungry," has developed opposition.

"It will be ridiculous to spend $35,000 a year for free breakfasts," said Charles R. Jones, chairman of the Prohibition national committee. "It would mean that drunken fathers and mothers would have so much more to give the saloons. If the law against all night and Sunday saloons were enforced here there would be little need of free breakfasts, and if all saloons were closed all the time, there would be no need at all."

BETTER TRUST BUSTER THAN ANY DEMOCRAT, IS DECLARATION OF MR. BONAPARTE.

Washington, Oct. 3.—Attorney General Bonaparte has made public his reply to a letter he had received from Joshua S. Daniels, chairman of the Democratic press committee at Chicago, asking for facts connected with trust prosecutions by the department of justice, including the present standing of litigation against the trusts. The attorney general's letter says in part:

"There have been instituted during the administration of President Roosevelt 228 proceedings, civil and criminal, under these statutes. Of these, 73 have been concluded successfully, 48 have been concluded unsuccessfully and 115 are now pending. The various fines imposed in criminal cases amount, in the aggregate to $1,360,335. Under previous Republican administrations, there were instituted under these laws 74 civil and criminal proceedings, of which 13 were concluded successfully, 60 were concluded unsuccessfully, and one is yet pending. The amount of fines imposed in these proceedings was $8,501.

"Under previous Democratic administrations there were instituted under these laws 50 proceedings, civil and criminal, of which 14 were concluded successfully, 35 were concluded unsuccessfully, and one is now pending. The fines imposed in these proceedings amounted, in the aggregate to $10,600. I could not inform you how many corporations, in the aggregate, have been defendants in these cases without an inquiry which would be attended with considerable delay. The number is undoubtedly quite large, since in most of the civil proceedings there have been numerous defendants of this character.

"It is, of course, needless for me to say that the mere fact that a corporation or association is called a "trust" by John Moody in his manual does not prove, or even tend to prove, that the organization in question or its members have been guilty of any violation of federal laws. Neither is such guilt suggested by the fact that such organizations may do a large and apparently profitable business. The criminal provisions of the statute generally known as the Sherman anti-trust law apply only to those who enter into contracts, combinations or conspiracies in restraint of trade, and the staute provides that such contract, combination or conspiracy shall be none the less criminal because it takes the form of a trust, this does not, of course, make trusts, of themselves, criminal.

"Since I have been attorney general, this department has prosecuted either civilly or criminally, all cases of alleged misconduct under the statutes above mentioned, which have been brought to its attention from a responsible source and in which the results of a careful inquiry by competent and impartial officers disclosed the existence of such facts and of such evidence to prove them as affording a reasonable hope of success in such prosecution. The policy of the department will be the same during the remainder of my term of office."

MAYORS' CONVENTION ELECTS SILAS COOK.

Omaha, Neb., Oct. 3.—The mayor's convention has adjourned, after electing: President, Silas Cook, mayor of East St. Louis, Ill.; secretary treasurer, John McVicar of Des Moines; vice president, Advid E. Heinemann of Detroit; William G. Taylor of Wilmington, Del.; L. A. La Porte, Montreal; P. J. Duvant of Savannah, Ga. Trustees—F. M. Funker, Omaha; W. J. Josey of Fort Wayne, Ind.; T. J. McCarthy of Charleston, S. C.; William O'Brien of Owensboro, Ky.; T. T. Crittenden of Kansas City, Mo.; John H. Cronin of Joliet, Ill., and W. H. Baker of Lockport, Ill.

BOTH GAMES TO PIRATES

Win Two Games of Double Header From St. Louis.

Pittsburg Now Leads in Great Race for the Pennant.

National League.

Standing.

	Won.	Lost.	Pct.
Pittsburg	97	55	.638
New York	95	54	.637
Chicago	96	55	.636
Philadelphia	79	69	.568
Cincinnati	72	80	.474
Boston	63	87	.420
Brooklyn	51	98	.342
St. Louis	49	103	.322

St. Louis, Oct. 3.—As the result of a double over St. Louis yesterday, Pittsburg is now leading in the National league pennant race. The first game was practically a walk-over for Pittsburg, which won 7 to 4.

In the second game it looked for a time as though Pittsburg might loose. St. Louis scored in the third inning, but in the seventh Gibson tied the score with a home run. In the ninth Wagner also made a home run, thus winning the game for the visitors, 2 to 1. The scores:

First game—	R.	H.	E.
St. Louis	4	7	6
Pittsburg	7	13	1

Batteries—Hostetter, Beebe and Ludwig; Leifield and Gibson. Umpire—O'Day.

Second game—	R.	H.	E.
St. Louis	1	7	2
Pittsburg	2	6	2

Batteries—Rhoades and Bliss; Campitz and Gibson. Umpire—O'Day.

Giants Win Again.

Philadelphia, Oct. 3.—New York easily won Friday's game by scoring seven runs in the first inning. They were unable to score after that, while the home team could only get two runs in the entire contest. Philadelphia used three pitchers in the first inning, during which New York made only three hits, two errors and six bases on balls being thrown in. Tenny opened with a pass and he scored when Herzog singled and raced to third on Osborne's fumble. McCormick's single scored Herzog. A double play followed on Doolin's grounder. Seymour walked and Knabe fumbled Devlin's grounder. Bresnahan and Bridwell each walked, forcing in Seymour. Mcquillin's place was taken by Foxen, who gave two passes, forcing in two more runs. Moren next went in to pitch and a single by Herzog sent in two more runs. The inning ended by Doonin throwing out McCormick. Barring the fifth inning, Ames was effective, especially with men on the bases. In the fifth Philadelphia got only one run on four singles and an error, a double play shutting off chances for several runs. Score:

NEW YORK.	AB.	R.	H.	P.A.	E.	PHILADELPHIA.	AB.	R.	H.	P.A.	E.

Cincinnati	0	0	0	0	0	0	0	0	0	—0
Chicago	3	0	0	0	0	0	0	2	0	—5

Summary: Two-base hit—Mowrey. Sacrifice hits—Schulte, Sheckard, Howard, Hofman. Stolen base—Chance. Bases on balls—Off Rowan, 2; off Savidge, 3; off Brown, 1. Struck out—By Savidge, 3; by Brown, 7. Wild pitch—Savidge. Balk—Savidge. Hits—Off Rowan, 1 in one inning; off Savidge, 6 in eight innings. Time—1:35. Umpires—Rigler and Owens.

Brooklyn Won't be Last.

Brooklyn, Oct. 3.—Donovan's men won a game from Boston Friday by an extra effort in the eighth inning, which places them securely ahead of St. Louis, the tail end club in the race for the pennant. Score:

	R.	H.	E.
Boston	2	7	0
Brooklyn	3	7	2

Batteries—Flaherty and Graham; Pastorius and Dunn. Umpire—Emslie.

TO TRY FOR CITY CHAMPIONSHIP

Alumni of Adams School Organize for This Very Purpose.

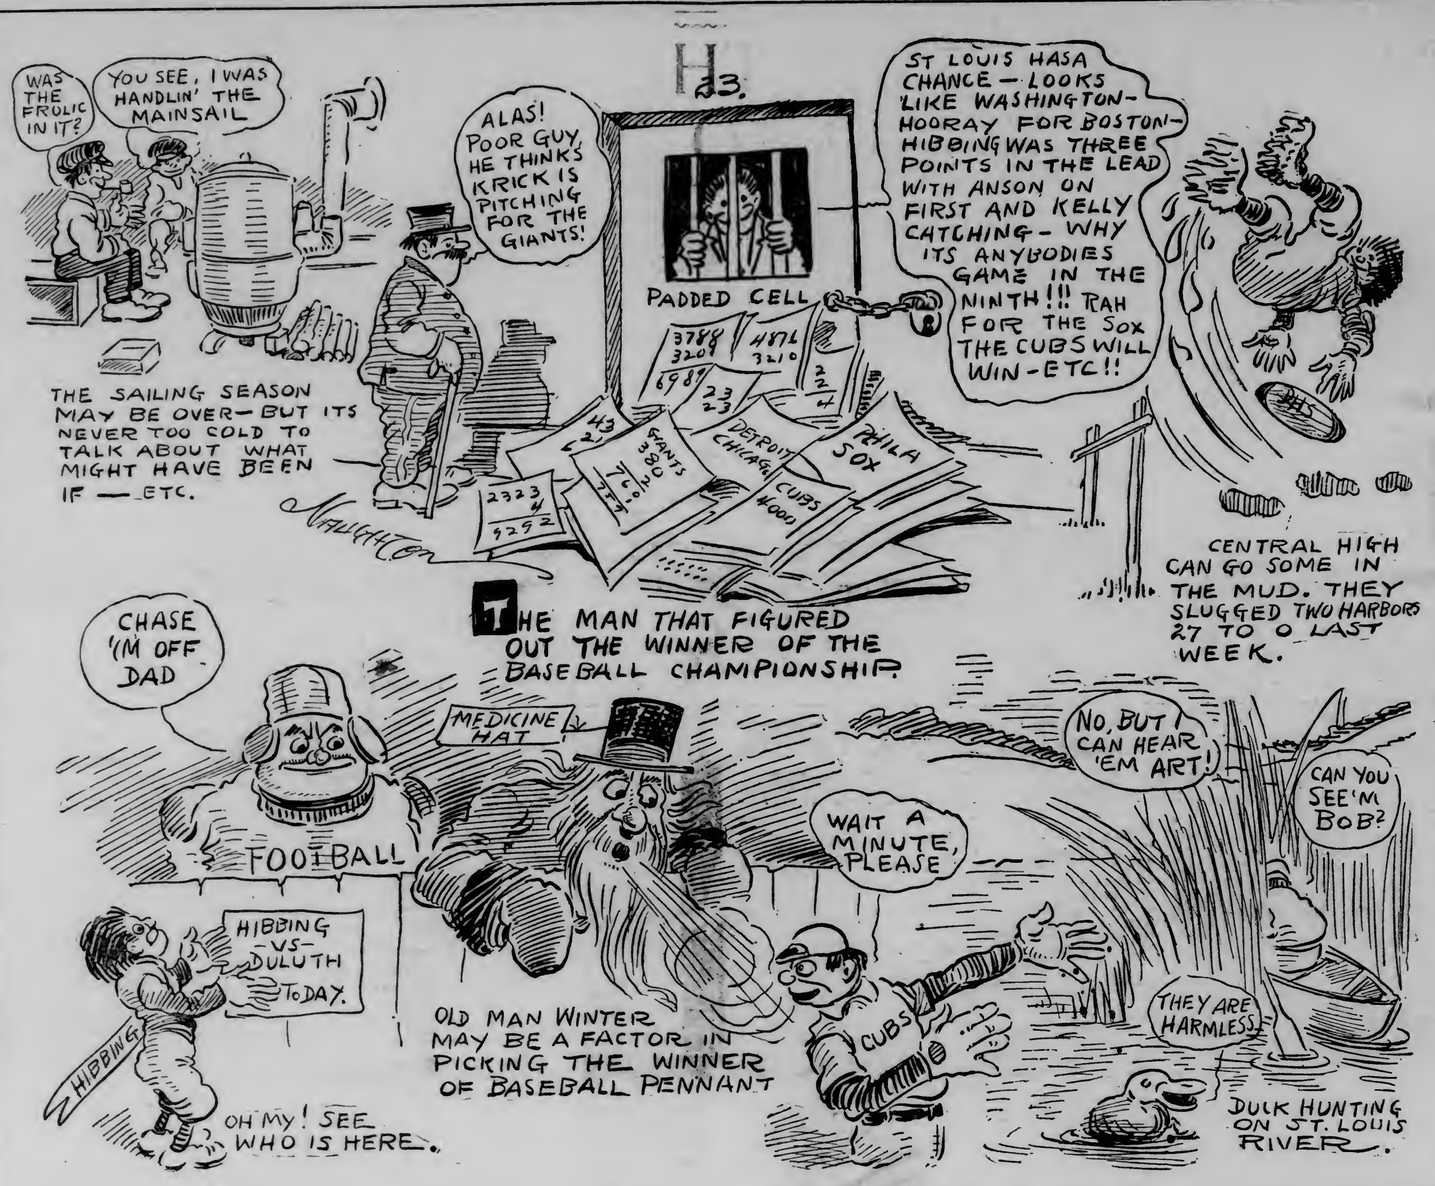

The alumni of the Adams grade school have organized a football team for the season, and after two weeks of hard practice are ready to meet any amateur team in the city.

The boys have played together a number of years, and have this year six veterans in their lineup. They are anxious to win the championship of the city and are anxious to begin playing at once. So far they have had a hard time securing games.

Frank Mork of 1930 West Superior street is manager of the eleven, and games can be arranged by writing to him at this address. Among those whom the Adams team are particularly anxious to try conclusions with, are the Irving Tigers, Fairmonts, Hummers, Longfellows and Spaldings.

A game for tomorrow has been arranged with the Billings Park team of Superior, which will be played on the Superior grounds.

The team lines up as follows: Hanson, fullback; Nelson, right half; Rankin, lefa half; Oson, quarter; Diebell, center; Mork, right guard; Wagner, left guard; Davis, right tackle; Olson, left tackle, tackle; Whittle, left end; and Crozier, right end.

NAPS WIN GREAT GAME

Take a 1 to 0 Contest From Chicago White Sox.

Joss Allows No Hits; Walsh Strikes Out Fifteen Men.

American League.

Standing.

	Won.	Lost.	Pct.
Detroit	88	61	.591
Cleveland	88	62	.587
Chicago	85	64	.571
St. Louis	82	66	.554
Boston	71	77	.480
Philadelphia	68	79	.462
Washington	62	83	.428
New York	49	98	.333

Cleveland, Oct. 3.—Cleveland defeated Chicago Friday in the most remarkable game of the year in the big leagues by the score of 1 to 0. Joss, pitching for Cleveland not only shut Chicago out without a hit, but he did not allow one of his opponents to reach first base, although the visitors used three pinch hitters in the ninth inning. Joss was aided by some remarkable support from Manager Lajoie, who made several phenomenal pickups.

On the other hand, Walsh, the Chicago man, pitched a sensational game, striking out fifteen men in eight innings. He struck out Good four times and Lajoie and Clarke twice each, and these three are Cleveland's best batters. Cleveland was able to bat but four balls past the infield and only five of the locals reached first base. Cleveland scored its only run in the third. Birmingham led off with a single. Walsh caught him napping off first, but Isbell's throw to second hit the runner in the head and he went to third, whence he scored when Walsh and Schreck became crossed in their signals and a ball went to the grand stand.

With Joss at bat in the eighth, Schreck had a finger broken, which will keep him out of the game for the rest of the season. Score:

Chicago	0	0	0	0	0	0	0	0	0	—0

Summary: Stolen bases—Birmingham, 2; Lajoie. Perring. Bases on balls—Off Walsh, 1. Left on bases—Cleveland, 4. Struck out—By Joss, 3; by Walsh, 15. Wild pitches—Walsh, 1. Time—1:40. Umpires—Connolly and O'Loughlin.

Rossman Wins for Tigers.

Detroit, Oct. 3.—Detroit disposed of Waddell in one inning, and then, apparently, threw away the game by erratic fielding and reckless base running. The hitting of Crawford and Rossman tied it in the seventh and won it in the ninth. There was a warm argument whether Rossman's hit that came in the ninth with the scored tied and Cobb at first, was only a double under ground rules, or not, but the umpire ruled in favor of Detroit and Cobb, who had scored easily, was allowed to count his run. Score:

DETROIT.	AB.	R.	H.	P.A.	E.	ST. LOUIS.	AB.	R.	H.	P.A.	E.

Score by innings:

Detroit	3	0	0	0	0	0	0	3	0	—6
St. Louis	0	0	0	0	0	0	3	1	1	0—5

Summary: Two-base hits—Crawford, 2; Cobb, Rossman. Hits—Off Summers, 12 in seven innings; Mullin, 3 in two innings; Waddell, 2 in 1 inning; Howell, 8 in eight innings. Sacrifice hits—Crawford. Downs, T. Jones, Smith. Stolen bases—McIntyre, 3; Cobb, 3; Rossman, Schaefer, T. Jones. Double plays—Bush, Downs and Rossman; Hoffman, Smith and Ferris. Left on bases—Detroit, 9; St. Louis 12. Bases on balls—Off Summers, 2; off Howell, 2. Bases on errors—Detroit, 2; St. Louis, 2. Hit by pitcher—By Howell, 3. Struck out—By Summers, 2; by Mullin, 1; by Howell, 2. Passed ball—Spencer. Time—2 hours. Umpires—Sheridan and Egan.

Gets Nineteen Hits.

New York, Oct. 3.—Hits and plenty of them were the features of Friday's game between the Washington and local American league teams. The visitors did the bulk of the hitting, however, and knocked Hogg out of the box in the third inning. Lake was equally unsuccessful and Washington won by the score of 12 to 2. Score:

	R.	H.	E.
Washington	12	19	1
New York	2	7	2

Batteries—Keeley and Street; Hogg, Lake and Blair. Umpire—Hurst.

Easy for Boston.

Philadelphia, Oct. 3.—Boston had no trouble defeating Philadelphia Friday, the ragged fielding of the locals assisting the visitors in scoring. Score:

	R.	H.	E.
Boston	9	1	4
Philadelphia	2	7	4

Batteries — Cicotte and Criger; Schlitzer and Powers. Umpire—Evans.

THREE LEAGUES FOR THE WINTER

Bowlers to Get Busy The First of Next Week.

With the coming of the cold weather, the fingers of those who love to bowl are getting kinks in them, and the first of the week several meetings will be held at which at least three bowling leagues will be organizd.

The old City Bowling league of last yar will be reorganized, a new league to be known as the Commercial league consisting of a number of the wholesale houses, and banks will form another, while at the Y. M. C. A. a league from among the members will be framed up.

With three full fledged bowling leagues in the city, there ought to be enough doing in the bowling line. The leagues will play a certain number of games during the winter, and at the end the winners in the three leagues will meet and roll for the championship of the city.

The alleys in the different parts of town are humming these days with the members of the different teams getting ready for the coming year, and it now looks as though Duluth has yet to see the best bowling season in her history.

The Central league will be composed of the Fitwells, Oak Halls, First National Bank, Centrals, Columbias and the Big Duluth.

The Commercial league will be composed of the Wolvins, Board of Trade, F. A. Patrick, Stone-Ordean-Wells, and two other business houses.

DISPUTED GAME DECLARED A TIE

President Pulliam Makes Decision on New York-Chicago Game.

New York, Oct. 3.—After a week of deliberation, President Henry C. Pulliam of the National League of Baseball clubs last night rendered a decision on the protested New York-Chicago game played on the Polo grounds here, Sept. 23. President Pulliam rules that the game was a tie and that the Chicago club had no claim in equity for a forfeited game on Sept. 24 when Chicago holds that the tie game of the day previous should have been played off.

Perhaps there has been no game in baseball history that has caused so much discussion as this famous contest, which almost ended in a riot on the field. New York claims the game

HARRY C. PULLIAM,

in the ninth inning when, with Bridwell at bat, McCormick of third base and Merkle on first base, Bridwell made a hit which brought McCormick home. Merkle, the Chicago players claimed did not touch second base, and so was forced out by Bridwell, thus nullifying the run scored by McCormick.

There was such a demonstration on the field at this stage that the police could not control the crowd. Manager Chance of the Chicago club was nearly mobbed for claiming that the run did not count and the umpires, Emslie and O'Day, did not render a decision for fear of being assaulted by the New York partisans. It would have been impossible to have continued the game had the umpires called it a draw, so that it was not until the night of Sept. 25, that the decision of the umpires calling the contest a tie was announced.

CLUB REORGANIZES.

The Swastika Athletes Have Secured Much Better Quarters.

For the purpose of boosting the wrestling game in the West and the Swastika Athletic club will get busy within a short time.

This club was formed last winter, and furnished some good amusement for its members by pulling off some of the best matches seen in the city during the winter.

Both Peterson and Danielson, who are known as crack wrestlers, are members of the club.

The club will this year move into larger, better apartments which have been found in the basement of the Clarendon hotel on Garfield avenue.

And now Joe Gans will wed. He was divorced a year ago from his first wife, who was an actress. This time Joe is taking a school teacher, whom he will try to love, cherish and honor.

• • •

They want Bat Nelson to go to Europe to meet some fresh fellow over there who has a lot of money to bet on himself. That knows that $1,800 a week in this country is pretty fair wages, and anyway he wants to practice acting, so that when he can't fight anymore, he can make a living.

• • •

Ketchel says he will "come back" on the occasion of his fight with Papke next November.

• • •

Tom McCune, the well known fighter of hereabouts was in Duluth Friday. Tom says that times are hard. He means that it is a hard time to hitch up for a fight. He says he is looking up for a fight with Whitehead. He will take on anybody that will fight, but prefers Whitehead. He says he will go to Oshkosh tonight to find a live one. There is "nothing doing in Minneapolis," and nothing on the ranges.

• • •

Al Kuehnow isn't going to have another thing to do with baseball, but he is spending some time trying to fix a new league up for the next fellow to experiment with.

• • •

"Get after 'em Chicago," says the Duluth man in his sleep, and then he wakes up and wonders who is going to win today.

THEY WILL TALK THE MATTER OVER

Kuehnow, Lennon and Cantillion to Discuss Twin City Invasion.

Al. Kuehnow, the well known Duluth baseball manager for the past few years, left today for Chicago on business. On his way he will stop off at St. Pal and talk with George Lennon, president of the St. Paul American association club, and Mike Cantillion, manager of the Minneapolis club, relative to the placing of Northern league teams in the two cities next year.

The project is not new to Duluth fans who have heard the entire matter threshed out in the local papers over and over again. The talk is still going the rounds in the Twin Cities, and a great number of the fans there look favorably on the plan. The Twin City papers are boosting for the new league, and as the new teams would only play open dates at home so that the Association park could be used, and as baseball pays well in these cities, the baseballists are anxious that the new league materialize.

The plan now is to form an altogether new league, consisting of Eau Claire, La Crosse, St. Paul, Minneapolis, Superfor and Duluth. This would give the league a six club circuit.

The subject will be thoroughly gone over and if the other towns wish to go in, a meeting will be held about the first of November and plans made to start the league. If things go through managers will at once get busy in the matter of signing up men for next year, and the league fairly launched.

It was proven this year that poor ball will not pay, and the league, if organized, will make it a point to play first class baseball.

At a meeting held at Brandon last week the managers from up north discussed the advisability of forming a new North Country league, consisting of Brandon, Winnipeg, Portage, La Prairie, Edmonton, Calgary, Medicine Hat and Lethbridge. Duluth was asked to come in, but the Duluth owners say that they had enough of the far north this year, and do not care to venture into another such year.

BLAINE HIGH VS. WASHBURN

Superior Boys Are Today Playing Their First Football Game.

In the first football game of the year, the Blaine high school football team of Superior is this afternoon playing with the Washburn, Wis., team on the Superior grounds.

The team from across the bay has been hard at work for the past three weeks, and while a number of the men are both new and light, they are now in first class shape, and expect to put the boys from Washburn away in an easy fashion.

The Blainelites this year are using the Yale method of coaching, and from the way the boys round into shape, it will be successful. Graduates are this year doing the coaching. A number of them were out every night last week in football togs. Each one took a man and coached him in his position. They also get into the scrimmage work with the high school boys.

They are not going to play football on such a large scale as has been attempted for the past few years. The men being light and new at the game, only the smaller schools will be played, and the team will be worked up to the perfection point for the Duluth game, which will be the big game of the year for them. "Do beat Duluth" is what the coaches and the men are working for, and nothing will be left undone that will turn the annual contest into victory for the Superior lads.

The team has had no games this year, and the game Saturday will be more of a practice affair than anything else. The coaches will get lines on their men, and find out where the team is weak.

The Duluth-Superior game comes off this year on Nov. 14, and as the rivalry between the two schools has grown to such proportions the last year or two, and as Duluth succeeded in getting away with last year's game, the Superior men are more than ever determined to win this season.

MICHIGAN TEAM WILL BE WEIGHTY

Ann Arbor, Mich., Oct. 3.—Friday for the first time this season, Michigan had a real football squad at work. Acquisitions to the bunch at work swelled the number to about fifty. As a result of the size of the squad work was begun on the second and third elevens.

Chief among the new men were Tackle Riley, touted as a world beater, and Sullivan, a 200-pound giant from the medical department, whom Yost expects to develop into a valuable lineman. Sam Davison, who played guard against Pennsylvania in the 1906 game, has regained his eligibility and will be used as tackle.

The sensation of the season so far is the great showing made at tackle by Benbrook, the Morgan Park lad, who while a freshman, played on the scrubs. He already has cinched his position on the varsity and, playing by the side of Schultz, Casey and Davison, ought to bolster up the line wonderfully.

NORTH SIDE MAY COME

Negotiations On With Minneapolis School for Oct. 24.

East Side is Another Possibility for the Same Date.

Now that Minneapolis Central has sidestepped, and the students of the Duluth Central high school have recovered from the effects of the big surprise the Minneapolis school had provided for them, they are turning their eyes elsewhere among the Minneapolis schools looking for a game that will bring their team fame and glory.

As is well known the Minneapolis Central bunch is weak this year and this is believed to be the reason a satisfactory date could not be agreed upon.

With the exception of the time two years ago this fall when Minneapolis sidestepped, they have always proved themselves good sportsmen, and the Duluth school as a whole regrets that the new body of students cannot keep up the standard of sportsmanship set by their alumni.

Among the other Minneapolis schools that negotiations are on with for football games are North Side, and the newly organized East Side teams. North Side always put out a strong team, and for the past few years has cleaned up all the Twin City teams in good shape, winning the city championship, and laying a more than ordinary clai mto state championship. The team is strong this year, while Central is weak, and it may be just as well that Central backed out giving Duluth a chance to settle championship honors with North Side. North Side also plays a higher class of games than does Central. The team will meet the strong Pillsbury and Shattuck elevens, and this year has gone a step farther and taken on the Carlton college bunch.

Manager Phillips has written to North Side, and as they were anxious some time ago to secure a game with the locals, it is thought that they will jump at the chance, and come to Duluth to play on Oct. 24, the date that had been reserved for Central.

SCOTS AWAIT THE CURLING SEASON

Members of Duluth Club Getting Anxious for Freezing Weather.

Already the members of the Duluth Curling club are thinking of the red mackinaws, pancake caps, swishing brooms and the roar of the stones.

The first meeting of the club will be held in a week. And at that time plans for the coming winter will be discussed, and it is altogether likely that a number of changes will be made in the rink before the season begins. For some time it has been known that the skating surface is too small, but with the improvements that have been going on every year, it has, up to this time, been impossible to enlarge it. This year a number of improvements will be made, and the skating surface will be enlarged for the pleasure of the young folks.

If the weather permits the members plan to have open house on Thanksgiving day, and the big rink will be open at that time for the skaters, and the first curling games of the season.

McGRAW IS A FINE FELLOW

The Only Time He Isn't is on the Ball Field.

Most folks who read the baseball dope in the sporting columns of the newspapers each day, have formed the opinion that John J. McGraw, manager of the New York team, is an out and out rowdy, a scrapper from away back, and an all around mean disposition.

The following from a Chicago paper tells something of his life off the baseball field:

Outside of New York so few of the fans know anything about J. Muggs, off the ball field, that he has come to be regarded as the incarnation of rowdyism, the personification of meanness and howling blatancy.

That's what J. Muggs is, all right, when it comes to the arena. And yet —this McGraw is, off the field, the kindliest, most generous and most sympathetic of men; the supporter of a herd of pensioners—the prop and stay of a long list of poor creatures, who, if McGraw should die, or be reduced to sudden poverty, would at once fall into utter destitution. The most loyal of friends, the most steadfast of good fellows.

John J. McGraw spends his big salary, it is said, in horse racing. He does—a few dollars of it. Forty per cent of John McGraw's money goes direct to the support of sick, crippled, helpless dependents, most of them people who have no real claim on McGraw, but were brought to his notice by sympathetic friends. The little manager has a charity list that would make most millionaires look like pikers. He has a charity towards all, malice towards none, and will go miles out of his way to help an invalid woman or a crippled child.

The great heart of John McGraw contracts to the dimensions of a bean when he gets upon a ball field. The gentle sympathy and eager kindliness narrows down to the shape of a spike, with rust on the same. The generous giver becomes the howling wolf. The prince of nature's noblemen becomes so fierce, so vicious, so unendurable, that his own men, ever and anon, take a good punch at his chops in the dressing room.

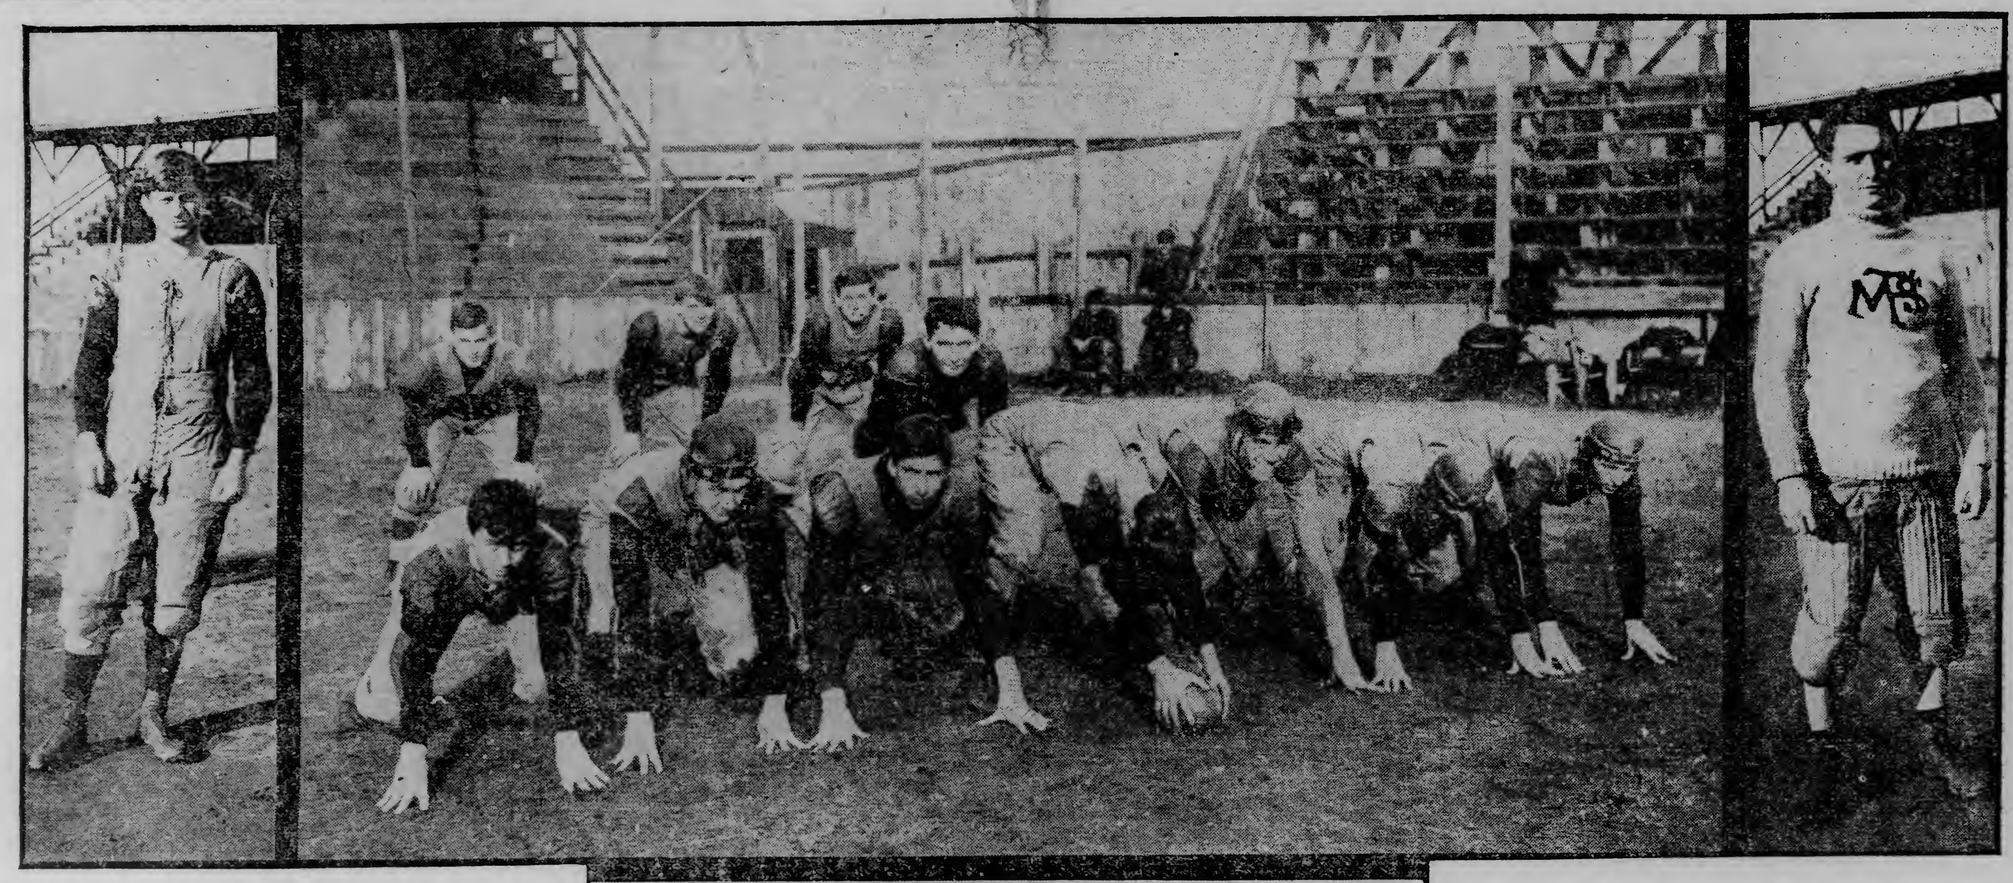

How do you figure it all out?

And which situation gives John J. the more fun—a battle with the umps and opposing team, or an hour in the sickroom of some one who knows that the little fellow will not see him want, and has come to help him through his troubles.

One thing sure: The more money Muggsy makes by fighting with the other fellows, the more he will have ready to spend on those who need it most.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. Sold by all druggists.

IT BEGINS TO LOOK AS IF THE TWIN CITY TEAMS WERE AFRAID TO PLAY THIS HUSKY ELEVEN

"RUSTY" HAROLD BOWEN,
Half Back.

This afternoon, at Athletic park, Duluth and Hibbing are playing at football. Little concerning the Hibbing bunch is known, although their line is supposed to be heavy. They have been practising for some weeks under a trained football man, and they are here to clean up the locals, or at least make them work hard for victory.

Cummings is out of the game today on account of a badly bruised shoulder, and his position is being filled by Stevens, a new man. He has shown wonderful form in some of the practice workouts, and the coaches have a lot of confidence in his being able to fill the shoes of the regular.

With this exception the team is playing with the same line up that faced Two Harbors last Saturday. The cooler weather of the past week has enabled the men to get down to harder work, and given the coaches a chance to drive them harder. Some of the scrimmages this week have had all the ginger of the real game.

Coach Furni is still working hard with the second team, and these young players, who are full of enthusiasm for the game, and are rapidly rounding into a great little fighting machine. A schedule is being arranged for them, and among the probable games are contests with Two Harbors and Eveleth.

• • •

Next Saturday the first big game of the year will be seen on the gridiron at Athletic park, when the big husky boys from Grand Rapids line up against the Centrals.

For the past two or three years Grand Rapids has put a football machine in the field that has succeeded in cleaning up everything in the North that would play them. They have always won all their games, and last year claimed the championship of the state, when a number of the stronger teams refused to play with them.

There was some talk of a game with Duluth, but it was so late in the season that it didn't materialize. This year they are coming down to make things lively for the locals, and from what they have done in the past, it is likely they will succeed.

NO HOCKEY THIS YEAR

Northern Hardware Team Will Not Re-Organize This Winter.

Several of the Men Planning to Go With Cleveland.

Is Duluth going to be without a hockey team this year?

That is the way it looks now, and while the Copper country is making preparations for the biggest hockey year in its history, Duluth in the very midst of the hockey country, is to be without this interesting branch of winter sport.

The Northern Hardware team will not be in the field this year, according to Ray Johns, the manager of last year's successful team.

"Playing hockey as we did last year under the most trying circumstances, was not a bit satisfactory," said the ex-manager this morning. "The crowds would not patronize the games played so far from the center of the city, and in an open rink. Besides all this we went to the expense of leasing ground, building our own rink, and at the end of the season found ourselves several hundred dollars in the hole. We don't care to have this experience again. We did the best we could to give Duluth people good hockey. It wasn't satisfactory and the Northern team will let some one else do the experimenting this year."

Cleveland is after a number of the best men, and as there is to be no hockey here, they will probably go to that city for the coming winter.

The curlers have refused to allow their rink to be used for hockey purposes, and as it has been proven that a covered rink is the only place in which the sport will pay, and as there is no one willing to take a chance on building a rink, Duluth will be without hockey altogether this season.

FIRST GAME SUNDAY.

Spalding Football Team Will Open Season With Billings Park.

The Spalding football team of this city will line up Sunday afternoon eleven. This will be the first regular contest the Duluth boys have played although they have had a number of scrimmages. They have been hard at work for the past two weeks, and they are going across the bay expecting to bring back the scalps of the Billings park warriors.

The team is playing under the auspices of the Spalding Athletic association of which all the boys are members. They have already arranged for a number of games and hope to play one game each week until the end of the season.

Among the games arranged for are Two Harbors, Hibbing, Grand Rapids, a number of Duluth teams, and the city team of Superior.

JOE GANS AFTER SCRAP.

New York, Oct. 3.—Joe Gans, acting as his own manager, today made known his desire to take on any and all the 133-pounders that the Eastern promoters could pit against him. It is well understood here that Poe is down and out and is looking forward to the revenue from these fights to pay off the mortgage on his Baltimore hotel.

Joe is anxious to get on with Packey McFarland, either in this city or in Philadelphia, and has wired the promoters there in the hope that they might close a match. Joe started light training soon after his arrival in Baltimore, and it is learned he will continue working right along. He has fitted up a gymnasium in his hotel, where he will work.

HOCKEY TALK FROM HOUGHTON

Cold Weather of Last Week Started Winter Sport Gossip.

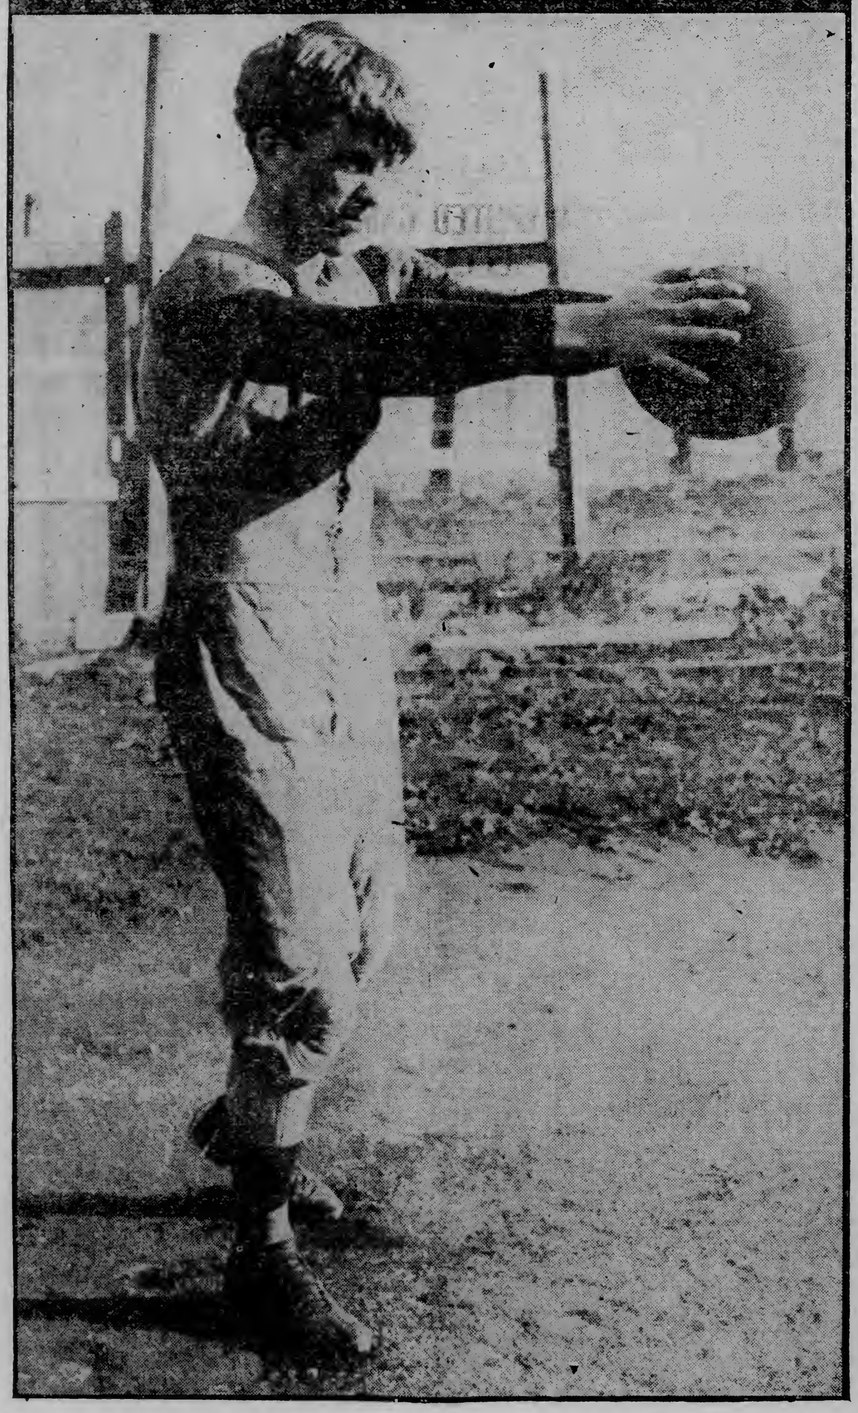

Houghton, Mich., Oct. 3.—(Special to The Herald.)—Hockey interest is picking up in the Copper country. With the appearance of the first snow, and the advent of cold weather, this week all sporting interest, practically, was turned to hockey.

This year a six-team amateur hockey league will be organized in the Copper country. Last year's four-team league was a success in every way, and some of the best sport ever seen in this district was the result of the games between these four teams, Houghton, Hancock, Red Jacket and Larium, the latter two being Calumet teams. This year, however, now that it has been decided not to return to the old professional game as played by the Canadian stars in the International league, when Pittsburg and the two Soos, with Calumet and Houghton made up the greatest hockey circuit in America, the sport will be of even higher class than heretofore.

At Mohawk, up in Keweenaw county, a big steel rink, to cost $45,000, will be erected this fall, and Mohawk will put a team into the Copper countr league. Lake Linden will also likely have a team, that club using the Palestine rink at Calumet. The two largest hockey and covered skating rinks in the world are already located in Calumet and Houghton, and the new rink at Mohawk will be the third. All hope of getting Duluth people to erect a rink has been given up, and no overtures to Duluth people, to come into an amateur or semi-professional league with the Copper country teams, will be made.

Games will be sought during the winter, however, with Duluth, Minneapolis, St. Paul, Milwaukee and Soo teams. The D. A. C. and University of Michigan teams may also be brought to the Copper country, and Copper country teams will likely go to Detroit and Cleveland for challenge games, to decide the amateur championship of the Northwestern and Central states.

A Duluth team, the Northerns, brought to the Copper country last year, won two or three games played, being beaten only by the Red Jacket team. There will be many changes in the local teams this year.

MACK COOK,
Full Back.

HENRY BOYLE,
Quarter.

MANY ENJOY FAST RACES

Opening Day of Tri-State Meet Was Largely Attended.

Coco and Gypsy Queen Win Honors on a Heavy Track.

The Tri-State Racing association furnished some classy races out at the Driving Park Friday afternoon, and the judges by ruling out those jockeys who didn't play fair, made a great hit with the large crowd in attendance. Hatcher the driver of Alice C., was ruled out because the judges believed he was not driving out his horse. Another driver was taken out because he used unfair tactics, cutting a comer-up off at one of the turns. The crowd which was unusually large, plainly showed its approval when the judges took this action.

The track was not fast owing to the heavy rains of late, but this did not detract from the interest in the races.

In the first race, 2:30 pace, Coco, a bay mare, driven by Bonett, won in split heats, with Alice C. second. Wilston, a bay gelding was third, and The Kid, another bay gelding, driven by Matthews was fourth.

Gypsy Queen, owned by E. J. Rochon of Winnipeg, Man., had an easy time winning the 2:17 pace, which she won in straight heats. Miss Hartford, owned by Elliott & Runquist did not show up as well as her owners had expected. Bessie Barolite, the Bemidji pacer, owned by Newby, made a good showing in this race, but the track was too heavy for her. Dan D., was also fast, but was outfooted nicely by the winner.

This afternoon the big $400 free-for-all pace will be the principal attraction, in which five of the fastest pacers in the Northwest will participate.

The Third Regiment military band will be inattendance this afternoon, and the promoters of the racing meet in Duluth hope to make it a day long to be remembered by the lovers of horse racing in Duluth.

The summaries of Friday's races weer as follows:

2:30 Pace—Purse, $300.

Horse.	Driver.			Finish.
Ccco, b. m., Bonet		1	4	1
Alice C, b. m., Hatcher		2	2	1
Wilston, b. g., Spencer		3	3	2
The Kid, b. g., L. Matthews		4	4	3

Time, 2:29½; 2:30½; 2:31; 2:26½.

2:17 Pace—Purse, $400.

Horse.	Drover.			Finish.
Gypsy Queen, b. m., Spencer		1	1	1
Dan D, ch. g., Watts		2	4	2
Bessie Barolite, b. m., Newby		4	2	3
Miss Hatford, F. Matthews		3	3	4

Time, 2:24½; 2:28¾; 2:23½.

FRESHMEN VS. SOPHOMORES

Both Classes Are Getting Ready for Annual Football Game.

On entering high school this year the freshmen were a little timid, but now since they have found that they have a right to live, they are whooping it up for their class, and before long they will hurl their football challenge at the Sophomores in a way that will be proof conclusive to the upper classmen that the first-year men mean business.

This annual Freshmen-Sophomore football contest is a regular thing, and is looked forward to by the student body as one of the principal events of the year. The Freshmen get the most encouragment as they always do in such contests at every school, on account of being the entering class.

The Sophs are waiting patiently for the challenge so that they may get busy with their football men. The Sophs, with a very dignified look, also intimate that the 'infants' had better think twice before they challenge, and go on to name the players in the second-year class available for a football team.

In the Sophomore class are Ford, Campbell, Bob Mars, Edwin Spencer, Chick Feetham and Asher Taylor, all experienced players, and others who have not so far turned out this year.

The Freshmen are waking up to the fact that they have a wealth of material, and point with pride to the fact that they have a number of men who are playing as substitutes on the high school eleven.

The Freshmen have Helmer, a husky lad, who plays with the second team; Nightingale, who subs on the first team; Kelly, who took Boyle's place at quarter last Saturday, and Donovan, who was ruled off the first team.

SCHEDULES ARE COMPLETED

The Twin City teams have their schedules completed.

Following is some gossip from the Minneapolis Journal regarding the high school team:

'Cool weather put new life into the high school candidates this week, and the scrimmages at all the camps had the spirit which has been lacking during the last few weeks. All of the schools had full squads out and the and the coaches kept all of their men going hard.

Kjelland put the two teams that were out at the South camp through a stiff scrimmage practice yesterday afternoon and the work of the men was especially encouraging. Jorgenson, who played an end on the second team last year, has succeeded in getting his parents' permission to play and was out for the team yesterday afternoon. Jorgens on is a good man and should be able to hold down one of the ends on the first team.

Chicken was out in uniform for the first time this year at the North camp and although his knee is still bothering him he ran through the signals. He did not participate in the scrimmage work however. Coach Schuknecht had his men going at top speed yesterday afternoon and some lively practicing was done. Manager Hall has arranged for a game with St. Paul Central for Nov. 20, which is to be played in Minneapolis. North has lost her enclosed field and this lack is one that is bothering the North high supporters.

Signal practice and scrimmage work was the card at the other camps and although the men are working hard and the teams are beginning to run somewhat smoother, they are far from perfect yet, and it will probably be some little time before any of the coaches are satisfied.

The managers of the different teams met at the office of E. N. Dickinson, secretar yof the Minneapolis ball park, last night and drew up a schedule for the season. The schedule is as follows:

Oct. 2—Central vs. Alumni; East vs. Alumni at Nicollet park.

Oct. 9—South vs. Mechanics' Arts at St. Paul; West and East at Nicollet. Central and North open.

Oct. 16—South vs. West at Nicollet; Central vs. Mechanics' Arts at Minnehaha.

Oct. 17—East vs. North at Nicollet in the morning.

Oct. 23—West vs. North at Nicollet; South vs. Central at Minnehaha.

Oct. 30—West vs. Central at Nicollet; South vs. East at Minnehaha; North vs. Oak Park at Chicago (probable.)

Nov. 6—East vs. Central at Nicollet; North vs. South at Minnehaha; West vs. St. Paul Central at St. Paul.

Nov. 13—North vs. Central at Nicollet; South vs. Pillsbury Academy at Owatonna; West open.

Nov. 14—East vs. Mechanics' Arts at Nicollet.

Nov. 30—North vs. St. Paul Central at Nicollet; West vs. Shattuck at Faribault; East, Central and South, open.

News of the Theater

AT THE LYCEUM

"IN WYOMING" MONDAY EVENING, FOLLOWED BY MAX FIGMAN IN "THE SUBSTITUTE" AND "UNDER SOUTHERN SKIES."

AN APRIL shower play is the most apt description of "The Substitute," the new comedy in which the splendid actor, Max Figman, will be seen at the Lyceum on next Tuesday and Wednesday, matinee and night. Tears and laughter follow one another in quick succession and all the emotions of pleasurable heart interest are aroused and sustained from beginning to end. "The Substitute" was written by Beulah M. Dix and Evelyn Greenleaf Sutherland, who wrote the strange play, "The Road to Yesterday," which fascinated New York audiences for months. "The Substitute" is described as a comedy with a story that is full of point and reason, but told in an odd way with lots of odd ideas. The title role fits Mr. Figman's personality happily and brings out all his qualities as an actor of character as well as comedy.

Mr. Figman comes under the management of the western theatrical magnate, John Cort, who also directs the American tours of Madame Calve, Florence Roberts, Maude Fealy, the comic opera success, "The Alaskan" and the latest Boston success "Commencement Days," a story of girl college life.

Seats are now ready for Max Figman's engagement in "The Substitute," which promises to be quite a society event.

"IN WYOMING."

Play Owned by Duluth Men, Coming for One Night Only.

On Monday evening, Oct. 5 "In Wyoming," Harry Pierce & Co.'s big scenic production, will make a bid for local favor. This well known comedy of American ranch life has been touring the Northern states for the past five weeks playing to enormous business, and will stop over at the Lyceum for one performance only en route to the coast. The company which Messrs. Pierce and Morrissey have furnished is entirely capable in every way, headed by Cecil Kirke and Miss Harriett Dunsmore ably assisted by such well known players as Herbert Rawlinson, last seen here with "Arizona" two seasons ago as Canby, the ranchman; Burt Crowell, Dean Selah, Frank Seymour and Nelson Leavitt.

Frank Patton, who is well known locally, enacts the role of Hank Jones. Of the women of the cast Harriet Dunsmore, Marie Bonsall and Anna Gardiner are seen in the principal feminine roles. This will be the only chance to see this play during the present season, as a tour has been booked covering all the large cities of the country.

"UNDER SOUTHERN SKIES."

Play is by Same Author as "Way Down East."

Lottie Blair Parker, author of "Way Down East," and "Under Southern Skies," has a happy faculty in character drawing that is possessed by few dramatic writers of the present day. Especially is this true of her beautiful play of the South, "Under Southern Skies," that will be presented here Thursday, Friday and Saturday at the Lyceum. The fineness of her characterizations in minuteness and fidelity to detail, will be easily recognizable to any one at all familiar with plantation life in the South. The hot headed fire eating colonel, whose dignity is always being ruffled, and who considers it necessary to arrange a duel each time he thinks his "honah" has been assailed; the quiet, chivalrous type of gentleman, who in his courtly grace reminds one of the word pictures of the southern Cavaliers, who were famous a hundred years ago; and the mischievous child, "Anner Lizer," full of pranks, practical jokes and animal spirits. Another character in the play that makes a strong impression upon the audience is "Aunt Doshy," one of the familiar faithful type of servants in southern homes a generation ago, who, when freedom came, elected to remain with the family to whom they had belonged rather than go among strangers. These and many other characters are drawn by Mrs. Parker in a life-like and natural manner.

LYCEUM NOTES.

News and Gossip of Attractions Coming to Duluth.

Among the musical attractions that Mr. Marshall has booked for the Lyceum this year are "The Follies of 1907," "Fifty Miles From Boston," "Roger Bros. in Panama," "The Land of Nod," "The Merry Widow," Lew Fields in "The Girl Behind the Counter" and many others.

• • •

The patrons of the Lyceum will welcome the announcement that Manager Marshall has secured "The Great Divide" for presentation here shortly. "The Great Divide" has gone on record as playing to the largest number of people in a given length of time of any of New York's greatest dramatic successes. Since Henry Miller produced the play last season it has played over 600 performances in New York alone, to capacity business at every performance during the run at the Princess and Daly's theaters, and later at the Academy of Music. "The Great Divide" is booked to play here for four nights in November under the direction of Henry Miller, America's foremost producing actor-manager.

• • •

The Mack-Leone players will return to Duluth for a week beginning Monday, Oct. 12, playing for the first half of the week the sensational success, "The Devil," and for the last half of the week "On Parole," the piece in which this company will tour the Pacific coast.

The version of "The Devil" which Mr. Mack will use is the only authorized version, and was secured by him by special arrangement and the payment of an enormous royalty from Selwyn & Co. It followed the Budapest, Vienna and other continental versions of this wonderful play, by making it an entertaining comedy instead of a problem play.

• • •

In "Sis Hopkins," which is now being presented for the sixth consecutive season to record-breaking audiences by Miss Rose Melville, who originated the famous country girl character and gave it to the stage, there is an entirely new "entertainment" scene from the young ladies' seminary commencement. The songs are new and the dancing is delightful. The "pieces" which the girl pupils speak for the benefit of their visiting relatives are characteristic of the country seminary. "Sis Hopkins" comes to the Lyceum for two nights in October.

• • •

Here are a few more "devilgrams:"

"No, she doesn't love her husband. He must be either a genius or a very common man. Common men live so low that women are afraid that somebody will steal him at night through the window—and genius, well, that lives on the top floor—so many stairs—no elevator."

"What's the time? always means the husband. A woman's intuition invariably anticipates her husband's coming by ten minutes."

"I dabble in everything and always at improper moments."

"It's funny that every time I come here you are helping some lady to take off her things."

• • •

The demand from all the larger cities of the country for "The Servant in the House," now playing at Powers' theater, Chicago, has become so insistent that Henry Miller has decided to organize a third company to supplement the original "Associated Players" and the second company is now in process of organization in New York. The selection of players for the second and third companies is necessarily slow, as both Mr. Miller and Charles Rann Kennedy, the author, refuse to intrust the play to actors who are not equal in ability and experience to those who created the roles in the initial production. The casts for the two new companies will include the pick of the profession in both England and the United States. The remarkable success which the play has scored in Chicago has surpassed even Mr. Miller's expectations.

One of the companies will be seen in Duluth soon.

LUKEN'S BEARS,
At the Bijou Next Week.

AT THE BIJOU

CELEBRATED SKETCH ARTISTS AND TRAINED ANIMAL ACTS ARE THE FEATURES FOR NEXT WEEK'S VAUDEVILLE BILL.

THE program of vaudeville that will be seen at the Bijou next week will be one of the best of the season, and will include the original "Dooley," the man around whom was written the once popular comic song, Mr. Dooley. His name is Eddie Girard, who with Miss Jessie Gardiner is presenting his big vaudeville success entitled "Dooley and The Diamond," which is claimed to be the funniest sketch in vaudeville. Mr. Girard will be remembered by many from the fame the once famous comedy, "Natural Gas," in which he played the principal role for several seasons.

The following is a recent press notice from the Denver Times, when Girard and Gardiner were at the Orpheum in that city: "A hit was the act of 'Dooley and the Diamond,' the headliner, in which Girard and Gardner are featured. Eddie Girard is one of the vey funniest comedians before the public and is the orginal 'Mr. Dooley,' about whom the popular song was written. Jessie Gardner, who is with Girard, is simply sparkling with fun and completely captivated the hearts of her auditors. Girard's cleverest work is where he goes under a hypnotic spell. Again he ludicrously impersonates a monkey and still again he takes the role of a policeman. In his eccentric dances and acrobatic work he is especially good."

A first-class juggling act will be presented by the Ader trio, who are novelty club jugglers. They introduce several new styles of juggling Indian clubs that make their act superior to most clug juggling acts.

A comedian of considerable note will make his first appearance in Duluth next week in the person of Johnny Fields, Jr., who not only a funny comedian but a good singer and expert dancer as well.

A pleasing number will be given by Brown and Hodges, who are Indian cartoonists. This act is different from the general run of acts of this kind as they introduce several singing numbers in the act.

As an extra added feature, the management presents Harry Luken's trained bears, which is considered to be the greatest of all trained animal acts. A feature of the act will be the dancing Teddy bears.

Isadore Silver will sing one of his favorite songs, entitled "Just Because It's You." The moving pictures for the week will be, "The Motor Boat Race," "War of Children," and the big comedy subject entitled "Never Again."

Matinees given daily at 2:45 and every night at 8 and 9:30. Seats may be reserved by either telephone. A special school children's matinee is given Saturday afternoon, and performances Sunday afternoon and night.

GOSSIP OF THE RIALTO

DELAYS IN EARLY OPENINGS UPSET THE THEATRICAL SCHEDULE—BLANCHE BATES HAS A MODERN ROLE IN "THE FIGHTING HOPE."

NEW YORK, Oct. 3.—The theatrical schedule was badly upset last week. At the Majestic a large audience was dismissed because of the illness of a member of the cast that was to present "Father and Son" at that house, and promptly on the heels of this came an announcement that "The Offenders," the new play in which Robert Edeson was to have appeared on Wednesday evening, would not be presented at the Hudson until the following Monday. In this case the postponement was due to the fact that too much haste had been shown in the matter of getting the piece ready for production, and it was decided to defer the premiere until everything is ready for a first class performance. Little more than ten days was devoted to getting the new play ready. It was tried out at Hartford Monday night. The piece apparently was well received, but the trial performance developed technical weaknesses, which it was thought better to overcome before facing a metropolitan audience.

The postponement of "Father and Son" was due to the sudden illness of Maggie Fielding, who plays Mrs. Clancy in the new play. Her case became serious in the afternoon and a physician reported that she was suffering with acute indigestion and could not possibly appear. William Norris, who plays the leading part in the performance, himself appeared before the curtain after the audience was seated and explained why no performance could be given.

• • •

Blanche Bates made her first appearance at the Stuyvesant on Thursday night. "The Fighting Hope," by William Hurlbut, a new author, was Mr. Belasco's choice for his recalcitrant star, who last season announced that she was through with her old manager and would never again appear under his patronage. It is stated on reliable authority that Frank McKee, the manager, has a signed contract with Miss Bates providing for her appearance under his management this season. So, possibly, there may arise judicial complications, although Belasco undoubtedly held an option on her services for a renewed period.

For some reason Miss Bates suddenly changed her attitude, and next came the announcement that she would remain a Belasco star for an indefinite time to come. The deciding factor, it is believed, was "The Fighting Hope." This play, it is said, lay in readiness for Mrs. Carter's use when the Titian-haired actress broke with her old manager two years ago last July.

Be that as it may, it probably served to cement the old relations between Miss Bates and her manager, and consoled her for having to disappoint Mr. McKee, who has her contract now in his safe as a souvenir, if nothing else. The play affords Miss Bates an opportunity to get away from a line of roles in which she feared to become artificial. Great plays as were "The Darling of the Gods" and "The Girl of the Golden West"—and even "Under Two Flags"—there were essentially romantic, and appealed to an audience rather for their picturesque qualities and sturdy heroics than through any denotement of modern realism in emotional acting. Such an opportunity Miss Bates secures in "The Fighting Hope," which deals with a woman of the present day, who is placed between loyalty to a husband convicted of forgery and serving his time in prison and love for a man whom at first she believes to be her husband's persecutor and himself the guilty man.

As the play develops, this man, the bank president, into whose services she has entered as a stenographer under an assumed name, for the sole purpose of unearthing evidence to prove her husband the victim of a conspiracy, appears to her so convincingly in the light of a benefactor as well as an innocent man that her love is awakened. With the added proof that her husband is, indeed, the criminal, this love is fanned into active being, and ere the end of the play, when the husband has been killed, we see how an honorable affinity may be established under any circumstances.

• • •

This conflict in the woman's heart is the real problem—the raison d'etre of the action, and Miss Bates, who has been identified with a style of acting noted for its robust vivacity rather than for its spiritual delicacy, covers herself with glory in her new role. She carried the big scenes with all the force for which she is noted, touched with dainty lightness the strings of the underlying pathos, and received an ovation from the large audience which attended the premiere that must have flattered her vanity.

The best act is the last. Here the convict husband appears. He says he has been pardoned. He comes to claim his wife and leave the country to begin anew. She has already discovered that he is guilty through a letter which she has destroyed; he lies to her, but she is willing to go, even yet, although already she has seen the contrast between this weak creature and the strong man of affairs who loves her. Then comes the revelation that the money he stole was not for her and the two boys, but for another woman whom he had been keeping. Then she turns. In a big scene between the two she accuses him of theft and perfidy. He retaliates. He charges her with being intimate with the other man. And then she strikes him. There is the sound of a police whistle outside. The convict shudders. He is not pardoned, but has escaped from Osining and is pursued. She tries still to help him to escape. He goes out one door and she watches from the window. Suddenly she turns out the lights with a sharp exclamation. A moment's pause. A shot is heard and she is free.

This is really a big act, and it comes after two acts of rather quiet development in the relations between the woman and the man she is bent on sending to prison in her husband's place. The play projects no deep esthetic problem and deals not in illusive symbolism. Its ethical purpose is not obvious, but it meets the pre-essential condition of an interesting drama and appeals strongly to the imagination and the sympathies. It will probably enjoy a long run at the Stuyvesant.

• • •

Vaudeville, which far more than the legitimate boards is depending on inspiring novel sensations, has added another dance to its general repertory. When it is considered that we are having classic dances, Salome dances, Apache dances, spring dances and what not in the line of salutory novelties, it is something to record the capacity of the human mind—or the New York brand of the human mind—to find still real delight in the Hula dance of the Sandwich Islands, which just now is attracting some interest at one of the downtown high-class variety houses. The Princess Paka, the principal danseuse of a trio of musical Hawaiians who are rendering their native songs and diversions at the playhouse, may or may not be a real princess ,though I hasten to add that I believe her truly to be the granddaughter of Kahumuaili, king of the island of Maui, as represented; but whether she be of royal lineage or not her dancing is interesting in spite of the fact that it is free from that degree of physical exposure that trenches upon the jurisdiction of the police.

It suggests distinctly the snake dance of our own Indians, and consists of sensuous, more or less graceful distortions of the body and movement of the arms and hands. The dance is accompanied by a savage chant, rendered by the princess' two male associates, and it is said to be the festival dance of the Sandwich Islands, which has become almost extinct since there has been such widespread intermarriage between the company.

• • •

The "Devil" controversy was stirred up again by a printed bulletin emanating from the Savage offices, in which it was stated that the attempt of Harrison Grey Fiske to anticipate the Savage "Devil" in Philadelphia was to have been accomplished through the artistic co-operation of Frederick Perry and Frances Starr. According to the Savage announcement, Mr. Perry was to appear as the Devil and Miss Starr in the leading female role. When this statement was printed in the Globe Mr. Perry promptly addressed a letter to the dramatic editor of that paper, as follows:

"Believe me, the 'Savage bulletin' is absolutely and purely imagination. I have not been approached by Mr. Fiske, Mr. Belasco or any one else regarding the part of the Devil in any company.

"A prior denial has been made at both the Belasco and Fiske headquarters. By the latter it was positively stated that no Fiske Devil other than Ariiss would be seen anywhere, the intention being to reserve his as the artistic treat of the Devil mania. As any one who likes may translate the printed play and produce it, the piece is going on at every stock house in the country, and several "Devil" companies are doing business right here in New York under the noses of Mr. Fiske and Col. Savage, both of whom claim to be paying royalties to the author. It is the card this week at the Metropolis, and it is played at two of the Yiddish theaters of the East side at the same time. Yet the play is apparently still the vogue at the Garden and the Belasco theaters.

• • •

A tabloid drama, or rather comedy, which is interesting the regular playgoers this week, although it is featured at a vaudeville house, is a bright little one-acter by Adgar Allan Woolf called "In the Subway." Whether it will exercise the charm for out of town audiences that it does for a New Yorker is yet to be decided. But the complications growing out of the embarrassment of a young girl about to take a subway train through underground New York at her lack of a nickel for her fare is sufficiently local in color to touch the risibility of those of us who are daily up against the surly ticket chopper and other characters of distinct local color. A young man offers to pay her fare, and out of this grows not only additional food for amusement, but also a romance that ends happily enough, as it should.

• • •

The experiment of James K. Hackett to revive his romance dramas of ten years ago at the theater bearing his name, judging by the extreme cordiality with which he was greeted in "The Prisoner of Zenda," bids fair to prove successful, at least for a time. The piece seems to have lost little of its former popularity, and the fact that a New York audience demanded a curtain speech of the actor at 11:15, with yet an act to come, goes far to justify the high hopes entertained in behalf of Mr. Hackett that it will enable him to occupy his own theater for the greater part of the season, while he is making ready two brand-new productions.

• • •

It was announced last week that Lee Shubert had disposed of the Shubert holdings in the Henry Miller company to Miller and had completely severed business relations with the latter. No explanation was given for the move, though the separation is believed to have been effected on a friendly basis. The partnership began about four years ago. Henry Miller and Margaret Anglin were without an engagement, and the outlook for them was not promising. They heard that the unhappy Princess theater was standing tenantless, and drove up to look it over with a vague idea of starting something.

They had completed their inspection, and Miss Anglin was already seated in the cab when Lee Shubert came along and spoke to Miller. The Shuberts had just started their fight on the theatrical trust and were anxious for attractions. Miller told him that he and Miss Anglin contemplated making a production of some sort, to keep them busy, and Shubert at once agreed to take a third interest with each of them in undertaking the management of the Princess. Miss Anglin jumped at the suggestion, and the partnership among the three was started then and there.

The Princess was taken over on a lease and became a Shubert house, and Miller went to work to get "Zira" ready for the stage, with Hartley Manners. With Miss Anglin in the principal role it proved a great success.

SCENE FROM "IN WYOMING,"
At the Lyceum Monday.

AMUSEMENTS.

* * *

The demand from all the larger cities of the country for "The Servant in the House," now playing at Powers' theater, Chicago, has become so insistent that Henry Miller has decided to organize a third company to supplement the original "Associated Players" and the second company is now in process of organization in New York. The selection of players for the second and third companies is necessarily slow, as both Mr. Miller and Charles Rann Kennedy, the author, refuse to intrust the play to actors who are not equal in ability and experience to those who created the roles in the initial production. The cast for the two new companies will include the pick of the profession in both England and the United States. The remarkable success which the play has scored in Chicago has surpassed even Mr. Miller's expectations.

One of the companies will be seen in Duluth soon.

LUKEN'S BEARS,
At the Bijou Next Week.

AT THE BIJOU

CELEBRATED SKETCH ARTISTS AND TRAINED ANIMAL ACTS ARE THE FEATURES FOR NEXT WEEK'S VAUDEVILLE BILL.

THE program of vaudeville that will be seen at the Bijou next week will be one of the best of the season, and will include the original "Dooley," the man around whom was written the once popular comic song, Mr. Dooley. His name is Eddie Girard, who with Miss Jessie Gardiner is presenting his big vaudeville success entitled "Dooley and The Diamond," which is claimed to be the funniest sketch in vaudeville. Mr. Girard will be remembered by many from the fame the once famous comedy, "Natural Gas," in which he played the principal role for several seasons.

The following is a recent press notice from the Denver Times, when Girard and Gardiner were at the Orpheum in that city: "A hit was the act of 'Dooley and the Diamond,' the headliner, in which Girard and Gardiner are featured. Eddie Girard is one of the very funniest comedians before the public and is the orginial 'Mr. Dooley,' about whom the popular song was written. Jessie Gardner, who is with Girard, is simply sparkling with fun and completely captivated the hearts of her auditors. Girard's cleverest work is where he goes under a hypnotic spell. Again he ludicrously impersonates a monkey and still again he takes the role of a policeman. In his eccentric dances and acrobatic work he is especially good."

A first-class juggling act will be presented by the Ader trio, who are novelty club jugglers. They introduce several new styles of juggling Indian clubs that make their act superior to most clug juggling acts.

A comedian of considerable note will make his first appearance in Duluth next week in the person of Johnny Fields, Jr., who is not only a funny comedian but a good singer and expert dancer as well.

A pleasing number will be given by Brown and Hodges, who are Indian cartoonists. This act is different from the general run of acts of this kind as they introduce several singing numbers in the act.

As an extra added feature, the management presents Harry Luken's trained bears, which is considered to be the greatest of all trained animal acts. A feature of the act will be the dancing Teddy bears.

Isadore Silver will sing one of his favorite songs, entitled "Just Because It's You." The moving pictures for the week will be, "The Motor Boat Race," "War of Children," and the big comedy subject entitled "Never Again."

Matinees given daily at 2:45 and every night at 8 and 9:30. Seats may be reserved by either telephone. A special school children's matinee is given Saturday afternoon, and performances Sunday afternoon and night.

GOSSIP OF THE RIALTO

DELAYS IN EARLY OPENINGS UPSET THE THEATRICAL SCHEDULE—BLANCHE BATES HAS A MODERN ROLE IN "THE FIGHTING HOPE."

NEW YORK, Oct. 3.—The theatrical schedule was badly upset last week. At the Majestic a large audience was dismissed because of the illness of a member of the cast that was to present "Father and Son" at that house, and promptly on the heels of this came an announcement that "The Offenders," the new play in which Robert Edeson was to have appeared on Wednesday evening, would not be presented at the Hudson until the following Monday. In this case the postponement was due to the fact that too much haste had been shown in the matter of getting the piece ready for production, and it was decided to defer the premiere until everything is ready for a first class performance. Little more than ten days was devoted to getting the new play ready. It was tried out at Hartford Monday night. The piece apparently was well received, but the trial performance developed technical weaknesses, which it was thought better to overcome before facing a metropolitan audience.

The postponement of "Father and Son" was due to the sudden illness of Maggie Fielding, who plays Mrs. Clancy in the new play. Her case became serious in the afternoon and a physician reported that she was suffering with acute indigestion and could not possibly appear. William Norris, who plays the leading part in the performance, himself appeared before the curtain after the audience was seated and explained why no performance could be given.

* * *

Blanche Bates made her first appearance at the Stuyvesant on Thursday night. "The Fighting Hope," by William Hurlbut, a new author, was Mr. Belasco's choice for his recalcitrant star, who last season announced that she was through with her old manager and would never again appear under his patronage. It is stated on reliable authority that Frank McKee, the manager, has a signed contract with Miss Bates providing for her appearance under his management this season. So, possibly, there may arise judicial complications, although Belasco undoubtedly held an option on her services for a renewed period.

For some reason Miss Bates suddenly changed her attitude, and next came the announcement that she would remain a Belasco star for an indefinite time to come. The deciding factor, it is believed, was "The Fighting Hope." This play, it is said, lay in readiness for Mrs. Carter's use when the Titian-haired actress broke with her old manager two years ago last July.

Be that as it may, it probably served to cement the old relations between Miss Bates and her manager, and consoled her for having to disappoint Mr. McKee, who has her contract now in his safe as a souvenir, if nothing else. The play affords Miss Bates an opportunity to get away from a line of roles in which she feared to become artificial. Great plays as were "The Darling of the Gods" and "The Girl of the Golden West"—and even "Under Two Flags"—they were essentially romantic, and appealed to an audience rather for their picturesque qualities and sturdy heroics than through any denotement of modern realism in emotional acting. Such an opportunity Miss Bates secures in "The Fighting Hope," which deals with a woman of the present day, who is placed between loyalty to a husband convicted of forgery and serving his time in prison and love for a man whom at first she believes to be her husband's persecutor and himself the guilty man.

As the play develops, this man, the bank president, into whose services she has entered as a stenographer under an assumed name, for the sole purpose of unearthing evidence to prove her husband the victim of a conspiracy, appears to her so convincingly in the light of a benefactor as well as an innocent man that her love is awakened. With the added proof that her husband is, indeed, the criminal, this love is fanned into active being, and ere the end of the play, when the husband has been killed, we see how an honorable affinity may be established under any circumstances.

* * *

This conflict in the woman's heart is the real problem—the raison d'etre of the action, and Miss Bates, who has been identified with a style of acting noted for its robust vivacity rather than for its spiritual delicacy, covers herself with glory in her new role. She carried the big scenes with all the force for which she is noted, touched with dainty lightness the strings of the underlying pathos, and received an ovation from the large audience which attended the premiere that must have flattered her vanity.

The best act is the last. Here the convict husband appears. He says he has been pardoned. He comes to claim his wife and leave the country to begin anew. She has already discovered that he is guilty through a letter which she has destroyed; he lies to her, but she is willing to go, even yet, although already she has seen the contrast between this weak creature and the strong man of affairs who loves her. Then comes the revelation that the money he stole was not for her and the two boys, but for another woman whom he had been keeping. Then she turns. In a big scene between the two she accuses him of theft and perfidy. He retaliates. He charges her with being intimate with the other man. At that she strikes him. There is the sound of a police whistle outside. The convict shudders. He is not pardoned, but has escaped from Osining and is pursued. She tries still to help him to escape. He goes out one door and she watches from the window. Suddenly she turns out the lights with a sharp exclamation. A moment's pause. A shot is heard and she is free.

This is really a big act, and it comes after two acts of rather quiet development in the relations between the woman and the man she is bent on sending to prison in her husband's place. The play projects no deep esthetic problem and deals not in illusive symbolism. Its ethical purpose is not obvious, but it meets the pressential condition of an interesting drama and appeals strongly to the imagination and the sympathies. It will probably enjoy a long run at the Stuyvesant.

* * *

Vaudeville, which far more than the legitimate boards is depending on inspiring novel sensations, has added another dance to its general repertory. When it is considered that we are having classic dances, Salome dances, Apache dances, spring dances and what not in the line of salutory novelties, it is something to record the capacity of the human mind—or the New York brand of the human mind—to find still real delight in the Hula dance of the Sandwich Islands, which just now is attracting some interest at one of the downtown high-class variety houses. The Princess Paka, the principal danseuse of a trio of musical Hawaiians who are rendering their native songs and diversions at the playhouse, may or may not be a real princess, though I hasten to add that I believe her truly to be the granddaughter of Kahumualli, king of the island of Mani, as represented; but whether she be of royal lineage or not her dancing is interesting in spite of the fact that it is free from that degree of physical exposure that trenches upon the jurisdiction of the police.

It suggests distinctly the snake dance of our own Indians, and consists of sensuous, more or less graceful distortions of the body and movement of the arms and hands. The dance is accompanied by a savage chant, rendered by the princess' two male associates, and it is said to be the festival dance of the Sandwich Islands, which has become almost extinct since there has been such widespread intermarriage between the company.

* * *

The "Devil" controversy was stirred up again by a printed bulletin emanating from the Savage offices, in which it was stated that the attempt of Harrison Grey Fiske to anticipate the Savage "Devil" in Philadelphia was to have been accomplished through the artistic co-operation of Frederick Perry and Frances Starr. According to the Savage announcement, Mr. Perry was to appear as the Devil and Miss Starr in the leading female role. When this statement was printed in the Globe Mr. Perry promotly addressed a letter to the dramatic editor of that paper, as follows:

"Believe me, the 'Savage bulletin' is absolutely and purely imagination. I have not been approached by Mr. Fiske, Mr. Belasco or any one else regarding the part of the Devil in any company.

A prior denial has been made at both the Belasco and Fiske headquarters. By the latter it was positively stated that no Fiske Devil other than Arliss would be seen anywhere, the intention being to reserve his as the artistic treat of the Devil mania. As any one who likes may translate the printed play and produce it, the piece is going on at every stock house in the country, and several "Devil" companies are doing business right here in New York under the noses of Mr. Fiske and Col. Savage, both of whom claim to be paying royalties to the author. It is the card this week at the Metropolis, and it is played at two of the Yiddish theaters of the East side at the same time. Yet the play is apparently still the vogue at the Garden and the Belasco theaters.

* * *

A tabloid drama, or rather comedy, which is interesting the regular playgoers this week, although it is featured at a vaudeville house, is a bright little one-acter by Adgar Allan Woolf called "In the Subway." Whether it will exercise the charm for out of town audiences that it does for a New Yorker is yet to be decided. But the complications growing out of the embarrassment of a young girl about to take a subway train through underground New York at her lack of a nickel for her fare is sufficiently local in color to touch the risibility of those of us who are daily up against the surly ticket chopper and other characters of distinct local color. A young man offers to pay her fare, and out of this grows not only additional food for amusement, but also a romance that ends happily enough, as it should.

* * *

The experiment of James K. Hackett to revive his romance dramas of ten years ago at the theater bearing his name, judging by the extreme cordiality with which he was greeted in "The Prisoner of Zenda," bids fair to prove successful, at least for a time. The piece seems to have lost little of its former popularity, and the fact that a New York audience demanded a curtain speech of the actor at 11:15, with yet an act to come, goes far to justify the high hopes entertained in behalf of Mr. Hackett that it will enable him to occupy his own theater for the greater part of the season, while he is making ready two brand-new productions.

* * *

It was announced last week that Lee Shubert had disposed of the Shubert holdings in the Henry Miller company to Miller and had completely severed business relations with the latter. No explanation was given for the move, though the separation is believed to have been effected on a friendly basis. The partnership began about four years ago. Henry Miller and Margaret Anglin were without an engagement, and the outlook for them was not promising. They heard that the unhappy Princess theater was standing tenantless, and drove up to look it over with a vague idea of starting something.

They had completed their inspection, and Miss Anglin was already seated in the cab when Lee Shubert came along and spoke to Miller. The Shuberts had just started their fight on the theatrical trust and were anxious for attractions. Miller told him that he and Miss Anglin contemplated making a production of some sort, to keep them busy, and Shubert at once agreed to take a third interest with each of them in undertaking the management of the Princess. Miss Anglin jumped at the suggestion, and the partnership among the three was started then and there.

The Princess was taken over on a lease and became a Shubert house and Miller went to work to get "Zira" ready for the stage, with Hartley Manners. With Miss Anglin in the principal role it proved a great success.

DEFECTIVE PAGE

INTENTIONAL DUPLICATE EXPOSURE

It ran the better part of the year at the playhouse and was succeeded by "Brown of Harvard," another success, and then, after one or two minor ventures less fortunate, became the home of "The Great Divide," which ran throughout the theatrical season until the Shubert lease on the Princess expired and the theater was finally abandoned as a playhouse.

When Miss Anglin retired from the partnership and went to Australia last spring the working arrangement between Miller and Shubert continued for a while longer. It was Margaret Anglin who discovered Nazimova and induced Miller to present her. Then, after the Russian was a success, Miller disposed of his interest in her management to the Shuberts, and so the original trio gradually drifted apart.

• • •

In his second installment of articles upon the early stage struggles of Richard Mansfield, in the October Scribner's, Paul Wilstach gives in graphic detail the American experiences immediately preceding and including the first great personal triumph of that actor, when he sprang into fame in a night by his vivid presentation of Baron Chevrial, in "A Parisian Romance." This story is a by-word with people who are familiar with the theater, but it has been told in so many forms and treated from so many varying viewpoints that it is valuable to have Mr. Wilstach's account of it. This, we are sure, is authentic, for he got his information from the papers and records of the event kept by Mr. Mansfield in his lifetime, and doubtless outlined to the writer for the very purpose to which he is now putting that information.

The interest lies in the careful manner in which the story is given us, Mr. Stoddard's own telling of how he came to relinquish the part and thus give Mansfield his great opportunity is quoted verbatim, and then follows a narrative of the conditions and how the time was ripe for the young actor to make his great impression.

Mansfield was a slave of his intuitions. He was almost feminine in this. After reading Mr. Wilstach's second article, one is more fully convinced that the entire details of the Baron Chevrial success were mapped out in the active and resourceful mind of Mansfield and carried forward with that same attention to details that marked his impersonations of the most trivial characters. It was more than a triumph of the artist. It was the combination of art and mentality.

• • •

The Goodwin divorce suit, though a surprise that the action was precipitated at this time, was not much of a surprise to those who have followed the matter with an eye to eventualities. It has been the common gossip of theatrical circles for the past five years that, though keeping an outward appearance of their old relations, Maxine Elliott and the auburn-haired comedian were as effectually separated in spirit as if they had passed through the legal proceedings of getting divorce.

There is one simple justice due Miss Elliott, who has been the subject of some rather ill-timed and coarse humor since she refused to discuss her private affairs and go into any talk of the suit. In this Miss Elliott is entirely consistent. Since she became a star she has maintained that her life away from the theater is hers to do as she sees fit, and that the publicity of this phase of stage celebrities was very distasteful to her. In all of her tours this rule has been strictly adhered to. Miss Elliott does not go in for interviews and all that sort of business, and has resolutely stood by her principles in the face of some rather interesting attacks. Even now she is consistent, and the suggestion that it is a new whim is foreign to the facts and her past behavior.

• • •

It seems very much like timing it for the psychological moment to bring forth the story of a discovery of Oscar Wilde's long lost manuscript of "The Florentine Tragedy," and that is what the weekly developments include. From Boston comes the word that the publishing house of John W. Luce & Co., after years of search and effort, has gathered all the Wilde writings together, and has secured the complete and authentic draft of this play. It has been hinted that at the time of Wilde's arrest the story which he had promised would be his masterpiece mysteriously disappeared. Whatever the facts pertaining to that incident, it is now announced that the Boston house is in control of the story. Cohan and Harris have secured the rights to the stage usage, and they are now planning a dual bill of Wilde's recent great successes. These will be "The Florentine Tragedy" and his version of "Salome," from which Richard Strauss took the libretto for his opera.

• • •

David Belasco, while in Pittsburg recently, gave out the statement that he intends to build a theater there within three years, in order to have a place in which to play his attractions. The former insurgents have still two years' time by their old agreement with the Shubert interests whereby they can play the houses booked through these managers. By that time Belasco intimates that he and his associates will have their plans in such shape that they will be able to play their attractions in new theaters in most of the cities they care to enter.

• • •

Valeska Suratt, who has been flitting from musical comedy to vaudeville and back the past season, has been engaged for a prominent role in "Miss Innocence Abroad," the musical piece which Anna Held is to bring out this season.

• • •

Blanche Ring will be the bright particular star of Joe Weber's company en tour this season. The Weber forces will be seen in the burlesque of "The Merry Widow" and a travesty of "The Devil." The new bill opens this season in Pittsburg October 12.

• • •

A new theatrical firm of promise has sprung into life this season in the combination of managerial interests of Joseph Brooks and A. W. Dingwall, whose first great success has been achieved with the Irish play with song called "Peggy Machree." In this Joseph O'Mara, the most famous tenor to come from Ireland in recent years, will be the star. Mr. O'Mara has purchased his release from Covent Garden contracts in London in order to make the American tour. He sails from Ireland next week in order to take up rehearsals for the opening. As an evidence of the esteem for their fellow countryman Mr. O'Mara has been going the rounds of the big art centers in the Emerald Isle and saying farewell. He has been conspicuous in his efforts to revive and glorify the old Irish folk songs and preserve the quaint and wonderful melodies of his people, and in his honor two great complimentary concerts are to be given the coming week in Limerick, his home town, and in Dublin. These are under the auspices of Cardinal Logue and Hon Mr. O'Reilly, Lord Mayor of Dublin, which is the fullest assurance of the hearty co-operation of all the people of Ireland.

Mr. O'Mara sails on October 12. Miss Elsie Ryan, a popular American actress, will play the title part in his support in the romantic Irish play when it is brought out.

In addition to this big offering Messrs. Brooks and Dingwall will start the new firm off with a whirl. They have first call for the American rights to all the big Drury Lane successes of the preceding London season. These include the great triumph of last spring, "The Sins of Society," which was produced by Mr. Arthur Collins. It will be made into perfect shape for the American tour and given in this country on a grander scale than the original, if that proves possible. Then also they will follow with "Marriages in Mayfair." This piece has just been brought out at old Drury Lane, and the English press is proclaiming it the greatest melodramatic offering ever seen upon the London stage. Mr. Brooks leaves this week for London, and will look over these two big plays, and will return with Mr. O'Mara in time to take up rehearsals of "Peggy Machree."

The firm is new only in the matter of combination, Mr. Brooks is a power in theatricals, and as the head of the once famous firm of Brooks and Dickson, is recalled as the directing genius of that time. Mr. Dingwall has long directed the affairs of all the theatrical interests of the late Jacob Litt and as the proprietor of the Broadway theater in New York and McVicker's in Chicago, as well as that

MAX FIGMAN,
At the Lyceum Tuesday and Wednesday.

wonderfully successful play, "In Old Kentucky," has demonstrated his mastery of the intricacies of the theatrical business.

• • •

Mrs. Carter will start out in November with a new play which is now being whispered about in Eastern circles. It is said the story is by John Luther Long and will outdo anything in the way of scenic splendor with which Mrs. Carter has ever been associated. When one remembers "Du Barry" this is quite a claim.

• • •

Jack Norworth, in addition to being a funny man himself, is married to Nora Bayes, the funny woman of "The Follies of 1908." Setting theatrical precedents aside, Manager Ziegfeld has signed Norworth to play a prominent part in the big show in order to throw the happy couple together in their professional work this season.

• • •

Maud Adams, who has been abroad for some time studying her new role in "What Every Woman Knows," as well as holding consultations with J. M. Barrie, returns this week to complete rehearsals for her tour in the latest Barrie success, which she studied in England. Mr. Barrie also went over "Joan D'Arc" with Miss Adams. She is preparing for a special performance of that play before the faculty and undegraduate body of Harvard university next spring, and the intention is to make it a memorable performance.

• • •

The Friars are brave enough and broad enough also to recognize a real rival, and having met one of late they are going to pay honor to the same. Therefore, a complimentary dinner is to be tendered the members of the New York National league baseball team in that city on Oct. 4 by the members of the famous theatrical men's organization. It will likely take place at the Hotel Astor.

• • •

Ben Teal will have charge of the stage for the big show that Manager Tom Noonan will bring out at his new Garden theater in Chicago. The first effort is to be called "The Winning Miss," and Manager Noonan is putting forth every effort to prove that the title is not a misnomer. Rehearsals will begin next week, and the pick of the Chicago theatrical colony will be raked for this new organization.

• • •

Adeline Genee, the famous little dancer who went back to England to play out some previously made contracts, will soon resume her American tour in "The Soul Kiss." She sailed last week, and is due shortly in New York, where her tour opens on Oct. 5 at the Grand opera house.

• • •

A letter from Toronto says that Edgar Selwyn is making a big hit there in his dramatic version of the Gilbert Parker novel, "Pierre of the Plains." The word is that this piece is likely to go into New York soon for an extended run.

• • •

David Belasco is said to have secured Eugene Walter's latest play, "The Easiest Way," and will soon produce it in New York, with Charlotte Walker in the stellar position. This means that Miss Walker will likely abandon her co-stellar place in "The Warrens of Virginia" when the time comes for trying out the newer play.

• • •

The announcement is made that Al Hayman has not signified any intention of retiring from the theatrical business because he is disposing of some of his holdings. The truth is Mr. Hayman has long been out of active participation and has devoted himself to traveling and collecting bric-a-brac in out-of-the-way corners of the old world. Mr. Hayman has recently transferred some of his theater holdings, but only to parties in the big theatrical combination, of which he has been a silent but potent force in the years since its formation.

• • •

Nazimova began her tour in Brooklyn last week, and will visit the big cities of the East and Middle West before she goes into New York again. She is using in her repertoire this season "A Doll's House," and "Hedda Gabler," and may in time enlarge the scope of it, but just now the two Ibsen plays will suffice.

• • •

Miss Constance Collier, a famous English actress, has just arrived in this country, and will have the leading female part in William Gillette's company in the Bernstein play, "Samson," which was adapted to the English-speaking stage by the star. Miss Collier will play in this country the character originated in Paris by the famous Mme. Le Bargy.

• • •

Margaret Illington is spending a brief vacation at French Lick Springs, Ind., taking a course of the waters and the outdoor life there before starting on her long and difficult season in "The Thief" as co-star with Kyrle Bellew.

• • •

Israel Zangwill arrived from England last week, and will remain here some time to direct rehearsals of his newest play, "The Melting Pot," which Walker Whiteside is to bring out at the Columbia theater in Washington the latter part of next week.

• • •

Blanche Walsh has signed with A. H. Woods, the melodramatic producer, but this does not mean that she will play in the ten-twenty-thirty houses. In fact, Miss Walsh has been so taken with the possibilities of Jules Eckert Goodman's realistic play, "The Test," that she approached Manager Woods and prevailed upon him to give it a meritorious production. The play will likely have its premiere in Chicago in a few weeks.

HENRIETTA GOODMAN,
With "Under Southern Skies."

• • •

Al Reeves has decided to cut out the big Broadway game and get back to burlesque, where he is a star in his own field. Reeves was picked by George M. Cohan to play a particular part in his new comical show. "The American Idea," at the Gaiety theater, but he finds that holding literally to the text and following explicit stage instructions are too exacting for him, so he will tackle again the free and easy style where he is best known. Robert L. Dailey takes Reeves' place and the former banjo-manager-joker returns to his first love.

• • •

Arnold Daly as an actor-producer was picturesque, but as a star witness in his own legal proceedings in bankruptcy he is positively unique. Daly was on the stand most of a week testifying to inside facts regarding his stormy financial affairs. He has shown the deals to be quite funny at times. A sample of the style of testimony is found in the actor's answer to a query regarding his relations with the Shuberts in the West he replied: "I have not sufficient command of the English language to assail the Shuberts."

• • •

Intimate friends of Ruby Dale, the Alabama songbird, profess to be shocked over the fact that this charming prima donna has been three times a widow in less than twelve months. Miss Dale's last offense occurred at the New Amsterdam theater when she stepped into the dainty slippers of Sonia and became a widow for the third time this year. Miss Dale obtained a hasty divorce from "The Prince of Pilsen" last winter and assumed the fascinating Marsovian dress of the "Merry Window" last March in Chicago. A month ago she returned from a summer vacation and became a Boston widow in the Tremont theater "Merry Widow" company. Two days later illness divorced her from this entanglement. Last week she recovered her health and plunged into the role of the widow with the New York company, where she is now displaying a bewildering assortment of ravishing "Merry Widow" gowns and waltzing Prince Danilo out of breath at each performance. In the meantime Georgia Caine is taking a week's rest while the doctor performs a delicate operation on her pretty nose.

• • •

The beauty of Doris Mitchell, Norman Hackett's leading lady, has already become the talk of the South wherever she has appeared. The Virginia Pilot says "she is unquestionably one of the handsomest women of the stage."

• • •

The eyes and hopes of all young American dramatists aspiring to the achievement of great things in the theater have lately been turned with redoubled interest in the direction of David Belasco, that wizard of the drama, who recently announced his intention of producing plays by untried and unknown American playwrights. Many letters have been received by the author-manager, not only from the aspirants themselves, but from authors of renown, commending his new policy and expressing hopo for its success.

In one such message comes a suggestion as valuable as it is original, and, after much careful thought, Mr. Belasco has decided to act upon it. The letter states that when a playwright receives his manuscript back from a manager to whom it was submitted, with a note to the effect that the work is unavailable, the disappointed dramatist is none the wiser as to why his work was rejected. He may think his is the greatest drama, or comedy, or tragedy ever put on paper, and he cannot conceive why the work was refused. To make clear this very point, herefore, is the purpose of the new plan. The writer suggests that David Belasco give a series of lectures at the Belasco Stuyvesant theater or elsewhere, on the subject of the construction and writing of successful plays.

Strange to say, it is an idea that long has ben in Mr. Belasco's mind, but the amount of work attendant upon succeeding new productions interfered with its practical development. Upon the receipt of this letter, however, Mr. Belasco immediately decided to carry it out and give to the world of young playwrights the essence of his best knowledge of the art of playwrighting. And who, of all the people in the theatrical profession today, is is so well qualified to intelligently enlighten and instruct ambitious dramatists as the man who virtually has lived in the playhouse from childhood, and who stands today so far above his contemporaries? Many lectures have been given on the drama and on the reasons for the success or failure of plays produced, but never has a dramatist of David Belasco's abilities and genius agreed to lay bare the secrets and thousand and one details of play building which a life's study has accumulated. The subject is apparently inexhaustible, and the preparation for a lucid expose of the hundreds of tricks of the trade of playwriting will claim a considerable portion of the great dramatist's time. Nevertheless, he has decided that he will give the subject thorough treatment, though it takes him months to arrange his notes. Mr. Belasco will probably dissect and explain scenes from his own plays, as well as those of works in collaboration; instruct in the delineation of character, their relation and value each to the other, and the countless details which go to make up a play that will stand the test of criticism. It is a stupendous undertaking, but Mr. Belasco is determined to lend every assistance to those he has started out to encourage, and as soon as his plays for the present season are launched he will begin to arrange his data. The first lecture will be given at the Belasco Stuyvesant theater some time next spring.

Are You Only Half Alive?

People with kidney trouble are so weak and exhausted that they are only half alive. Foley's Kidney Remedy makes healthy kidneys, restores lost vitality, and weak, delicate people are restored to health. Refuse any but Foley's. Sold by all druggists.

WHEAT THAT IS BIG PRODUCER

But Secretary Coburn Says the Product is Not Millable.

Topeka, Kan., Oct. 2.—A new "Miracle Wheat" has just been discovered, this time in West Virginia, and the promoters are trying to dispose of the wheat to Kansas farmers. The Kansas farmers know all about wheat, and when a new variety is offered to them they want to find out something about it. F. D. Coburn, secretary of the Kansas board of agriculture, received one of the circulars of the promoters and a few days ago the president of the company came to Topeka to show some samples of the wheat.

This wheat is called "Miracle Wheat" and it is a wonderful producer. A man by the name of Stoner found a stool of wheat growing from one seed in the yard of his home in West Virginia. He protected this stool of wheat, which had grown from one seed and obtained about 2,500 grains from this one seed. Then he sowed 2,338 grains the next fall and harvested a crop at the rate of 100 bushels per acre. The first grain was sown in 1904 and in th efour years since that time 40,000 bushels of this miracle in wheat were produced. Now the promoters desire to get this wheat into the hands of the Kansas farmers.

Some Claims of the New Wheat

F Olney McCormick of Philadelphia, Pa, seems to be the chief promoter of this company and is the man who is working the wheat for all that it is worth He has a lot of lovely stationery with embossed letter heads and with a crest at the top of the letter. Besides that he uses a typewriter that writes script and prints important words in red letters.

According to the prospectus this wheat produces fifty-three stalks of wheat, and each stalk with one head from one grain of seed. On good ground the promoters say it ought to produce a hundred stalks and a hundred heads of wheat from one seed. It produces at the rate of thirty bushels an ace on poor soil and the promoters think it ought to produce from fifty to seventy bushels an acre on Kansas wheat lands. The wheat is to be sown in rows twelve inches apart, two pecks to the acre, and if the farmer desires he can cultivate the wheat just as he does corn and it will produce enormously. Wheat in Kansas is ordinarily sown at the rate of five to six pecks to the acre and that produces from twenty to thirty bushels of the finest wheat grown for milling purposes.

F. Olney McCormick came to see F. D. Coburn a few days ago.

"He showed me the wheat stalks and stools," said Mr. Coburn. "They look fine, nice big stalks and many of them in a stool. But the grains of wheat looked awful. They were small, shrunken, fuzzy, mouse-colored grains that I think any miller or grain man would grade at about No. 4. It does not look like a milling wheat at all."

Stripping Northern Minnesota of her Timber

READY FOR LOADING

"ANY THING OVER SIX INCHES"

A GIANT OF THE FOREST

A CHOICE GROVE

Minnesota is being rapidly stripped of her timber. Expressions along this line are often heard, but usually are inadequately comprehended.

It may take twenty or possibly twenty-five years more to strip this section of the country of its marketable trees for it is a very big job. The average mortal hardly comprehends the vastness of Minnesota's pine forests. Although the lumberjack has steadily been hewing his way towards the heart of these forests for the past twenty-five or thirty years, there are still left standing millions upon millions of marketable timber.

Lumbering operations really have been under way more than thirty years in Minnesota, but they scarcely can be said to have started in the northern half of the state more than a quarter of a century ago. What logging was done here prior to that time was scarcely worthy of the name, upon so small a scale was it, when compared with later operations.

A good deal has been said and written about the disappearance of the lumberjack. To be sure, he is not so much in evidence around Duluth and other old lumbering centers as he was a few years ago, but there is still a lot of work for him to do, and he will not have disappeared from the Minnesota forests for twenty or twenty-five years more. There are men who have said that another fifteen years would see the northern half of the state entirely depleted of its wealth of timber, but other equally close observers of conditions maintain that it will take twenty to twenty-five years to get out all the marketable stuff, and in making this estimate they say they take into consideration the fact of the increasing demand for lumber, and the decreasing supply of pine timber elsewhere.

Minnesota is now considered the white pine center of the United States. It is claimed there is more white pine here than anywhere else. Michigan and Wisconsin used to be in the same class with Minnesota in this respect, and even now there are considerable quantities of white pine in these states, but logging operations there were carried on quite extensively before they were even begun in Northern Minnesota, and consequently th available supply is being more quickly exhausted.

There is also a considerable amount of Norway pine left in this state. It has been increasing in value from year to year, until now it commands a fancy price. There was a time when the lumbermen sniffed contemptously at Norway pine, and refused to purchase it at all, so plentiful and cheap was the white variety. They have passed this stage now, however, and Norway is eagerly purchased. White pine that used to be passed by as unmarketable and not worth bothering with, is now snapped up eagerly. So great has been the increase in value of all grades of lumber, that every tree larger than a sapling can be put to good use. Even the despised jack pine is coming in for attention, and there are numerous camps which are cutting nothing else. It makes rather a low grade of boards, but they are in good demand, nevertheless, and bring a good price.

The forest fires this year will have some effect on logging operations the coming winter. Lumbermen figure that a forest fire does not injure the timber as long as it is cut the winter following the fire, for the flames merely kill the green trees, and seldom burn more than the outer bark away. If a dead tree stands a year or more it is hardly fit for lumber, but if cut within a few months, it is considered just as good as if the fire did not touch it at all. Thus the lumbermen are figuring on cutting all the burned timber possible this winter, and probably the forest fires will result in more men being employed than would otherwise be the case, for the dead timber must be cut, no matter how many camps must be established, if it is to be marketed at all.

It is expected that logging operations will be conducted on a fairly extensive scale through Northern Minnesota this coming winter. Camps are already being built, and crews of men are being sent into the woods. It is believed about the same scale of wages will prevail this winter as last. Last winter they were not very high from the lumberjack's standpoint.

LAND IN NORTHERN MINNESOTA

Twenty Million Acres Offering the Best Inducements in Soil, Climate, Water and Markets to Settlers.

At the recent Farmers' National congress, held at Madison, Wis., George Welsh, commissioner of immigration for Minnesota, delivered the following interesting address:

It seems to me it is a befitting time and place that the farmers of the United States, in convention assembled, should meet with one with the attainments of Mr. Hill, and discuss their mutual interests, as they are of necessity mutual, and in a measure co-operative. There is no one man in our state, Minnesota, who has done so much to develop the farming districts as has Mr. J. J. Hill. He has penetrated the undeveloped sections with his railroads and made it possible for settlement thereon by furnishing the means of transportation for the products raised. In addition, he has loaned his energy, experience and money to the education of the farmer with a view to bringing about better conditions upon the farm and increasing their productive value. He has furnished our farmers with seeds and pure bred sires and in many instances has supplied them absolutely free of cost to the farmer who has shown a desire and ability to use them, and shown such an interest in their welfare that when I predict when he has lain down his life's work of usefulness there will be protographed upon the mind of every true, loyal Minnesotan a picture of J. J. Hill as his ideal of the truest type of American citizenship.

You have heard today a great deal of talk by most eminent men of the social condition of the American farmer. Reference has been made to his intellectual development, all of which has been said with the purest of motives, having but one end in view, and that is the uplifting and betterment of the condition of our American farmer; but I cannot agree personally with all that has been said. I do not believe the farmers of our great nation occupy any inferior position mentally, morally or intellectually to any other body of men in this nation. In fact, I believe that the great political and social questions confronting our nation today will be settled and settled aright because of the great body of farmers who give these matters a study such as are given by no other class of people, and who come to a conclusion unbiased by any other influence than the influence of right and justice to all mankind. I therefore believe that their part in the solution of these great questions will be more nearly right and just to all people than the part taken by any other class of producers, because of their unbiased reasoning between right and wrong. Personally I would feel absolutely satisfied and safe to allow these great questions to be settled by our farmers alone.

Only Crentor of Wealth.

The farmer is the only creator of wealth, and I heartily co-operate with what has been said that we must look to him for the production of the nation's wealth. Our mines and minerals, forests and timber, lakes and streams are gifts of Providence intended for the benefit and use of the whole people. Great combinations of wealth have in some instances monopolized our natural resources, but they are legally seized of these properties and should be protected by law, but it is a lesson to us that in the future these natural resources should be protected for the benefit of future generations; conserve them, develop them, but see that they do not fall into the hands of a few for the benefit of a few against the many. Upon our farmers we must depend for the creation of the necessities of life for the human family, and it is therefore the duty of every good American citizen to give his best energies and thought to the uplifting, developing and betterment, generally, of the condition of the American farmer.

In the past little attention has been paid to agricultural education. In fact, it has been taught that the success of the farmer depends upon main strength and upwardness; but conditions have changed as they have in many other branches of industry, so that today in order to attain the highest degree of perfection and the greatest producing power from our lands, it is necessary that the man engaged in the tilling of the same must do it scientifically. This has brought about a system of agricultural education, which as yet is largely confined to the universities of our different states. They have done and are doing at the present time a noble and beneficient work, and we are very thankful for what we have received in this direction, but I do not believe it is enough. You have heard discussed today, and I am only too sorry to be compelled to admit that it is true, that the great problem confronting the American people is how to keep our boys and girls upon the farms. You have heard discussed the troubles that come to the laboring people in the large and more conjested regions, and how much better it would be if they were located upon our broad acres, digging from them their daily bread. We are inclined to criticise our boys and girls because they have developed a sentiment for removing to the large cities.

Doing As They Were Taught.

"My farmer friends, they are doing just what you have taught them to do. Your system of education has been teaching them away from the farm instead of to it. You have employed in your public schools teachers who have no sympathy with a farm. They hate a cow and dislike to meet a pig; in fact, they feel that it is a hardship needlessly imposed upon them that they should be compelled to remain long enough in an agricultural community to receive the fifty dollars a month for their services as teachers. If these teachers are a success they must necessarily implant in the growing child their own opinions and ideas. If they do not, then they have been a failure and should not have been employed at all. If they do, they are luring the mind and energies of your children away from the farms, so that I believe the time has come—in fact, I believe it came years ago—when the subject of agriculture should be taught in every school in our land; and when that time comes we will find our children with an insane desire to put into practice what they have learned in their school days, and farm labor will then become a pleasure, instead of being considered drudgery, as it is so considered today.

It has been demonstrated today by Mr. Hill in a most masterly way that our public lands have been largely taken up, and that in the future our increased production, which must come to maintain the millions of people, who are destined to inhabit our country, must be supported by making the present lands produce double the quantities of farm products they are doing today. More of our people who are now living in the conjested centers of large cities must in the future derive their living from the products of the soil. It is therefore our duty as good citizens to find places on which these people can settle and work out their own destinies by tilling the land. We should therefore consider where it is best and where the best opportunities exist for these people and carry to them a message of the opportunities offered by any section or state if in our opinions it is just and right. I beg, therefore, with your permission to call your attention in a brief way to the opportunities for these people in the northern regions of the states of Minnesota and Wisconsin.

Figures of Interest.

In 1860 the entire farm products in the state of Minnesota amounted to less than $9,000,000. The manufactured products at that time were less than $3,000,000, while the population was 125,000 souls. Mark the development. In 1906 the products of our farms amounted to upwards of $265,000,000. The products of our factories, $350,000,000, and our population had increased to upwards of 2,000,000 people. A splendid showing indeed, but you will be surprised to learn that today not to exceed 40 per cent of our tillable lands in the state of Minnesota has ever been plowed. In the northern section of our state are 20,000,000 acres of good, fertile land, offering the best inducements in soil, climate, water and markets to the man who is willing to work and develop these resources. True, in a large measure, these lands are covered with timber, but the clearing of this land is a different problem than were similar lands tributary to the Great Lakes when brought under subjugation by our forefathers. Timber of every kind and quality sells readily at the nearby railroad station, so that this land in many cases will be entirely paid for from the value of the timber thereon, leaving a farm capable of developing grain crops not excelled anywhere, but particularly adapted to the production of root crops, grasses and dairy products. Timothy and clover grow in abundance wherever seeded and there the sunlight can reach the surface; in fact, clover grows so abundantly that it is sometimes impossible to cure the hay because of the excessive amount grown upon a given tract, there not being surface enough to dry the hay without mold. In addition to this land there is approximately 6,000,000 acres of what are designated as swamp lands which are easily drained and transformed into the most fertile farms. We have heard a great deal of the reclaiming of desert lands, but from my experience I find it is a great deal easier to run water off the land than on, and it seems to me that more attention should be paid to the reclaiming of lands that has sufficient rainfall and only needs draining ditches to make them the most fertile farms.

Indebted to Wisconsin.

I take this opportunity of expressing a debt of gratitude to our Wisconsin neighbors in the development of our dairy products. The first co-operative creamery ever built in the state of Minnesota was built in Freeborn county in 1892. This was largely brought about by the influence and through the instrumentality of ex-Governor Hoard of the state of Wisconsin, and to such men as Hoard and Dr. Babcock we feel especially indebted. During this short period of sixteen years the development has been so rapid that today the farmers of the state of Minnesota receive annually $25,000,000 through co-operative creameries alone.

In conclusion I wish to say to the farmers who are settled on good homes through the Mississippi valley, we can offer you probably no greater inducements than you now have, but to the men who wish to secure cheaper lands, we feel that the district mentioned offers you much brighter prospects and greater degrees of success agriculturally than some of the much advertised lands in the more northern regions where the flag of freedom does not float.

NORMAL NOTES

The Normal school students have been taking a great interest in the Shapesperian plays given this week at the Lyceum, especially the pupils in the literature classes. Miss Shosmith chaperoned a party Tuesday night to see Macbeth. Those in the party were: Annabelle Dunning, Ruby Krause, Ruth Raleigh, Hildegarde Snyder, Winifred Wright, Maude Grogan, Grace Aiken, Margaret Grogan, Margaret Raleigh, Hazel Helmbach, Jean Stapleton and Emmeline Higgins.

* * *

At the junior party given Friday afternoon, the election of officers for the coming year took place. Margaret Raleigh was elected president; Fannie Lum, vice president; Vera Rockwell, secretary and Hildegarde Snyder, treasurer.

* * *

Miss Quilliard held a "Mothers' Conference" at 3 o'clock, Friday, in the kindergarten rooms. Miss Quilliard meets the mothers monthly for the purpose of discussing the work for the following months.

* * *

The Third and Second year classes entertained the freshmenat a party Friday afternoon. The freshmen had little bells tied around their necks with green ribbon, to prevent them from being lost during the games that were played. Refreshments were served in Miss Carey's room.

* * *

Miss Pauline Rabinowitz and Miss Minne Cohen spent the week end at Eveleth.

* * *

Miss Viola Helm spent Thursday night with Grace Aiken at Washburn hall.

* * *

Mrs. Copp spent Friday and Saturday with Miss Eckhart at Washburn hall.

Miss Myrtle King spent the week end at Port Arthur.

A Jeweler's Experience.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trougle that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day. and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. Sold by all druggists.

A knight in full panoply of martial array was a fearsome sight once, but he would only be a curiosity now—like the dignified, old-fashioned merchant who considers advertising to be beneath him.

Temple Roller Rink

Second Avenue West and Superior Street. Open every afternoon and evening except Sundays. Matinees, Wednesday and Saturday. Children's Day, Saturday, 10 to 12 a. m. La Brosse's Band.

DO YOU SKATE?

FROM THE MINES AND THE SMELTERS

WORK BEGUN BY EAST BUTTE

Shaft, Now 900 Feet Deep Will be Made Deeper and Crosscutting and Drifting Will be Done at the 900.

Butte, Mont., Oct. 3.—Work has been resumed at the properties of the East Butte Copper Mining company, under the direction of Supt. Wall. Pumps were lowered a few days ago and installed, and the work of unwatering the mine was begun. The main shaft is more than 900 feet deep, and there are but about 250 feet of water in the shaft, so that the mine will in a few days be in readiness for a resumption of development work. The intention is to sink the shaft deeper and at the same time crosscut and drift on the 900, where a large station has been cut. A fine ore body in a new vein was cut while the station was being made at the 900, and it is the belief that it will develop into a very important find. Considerable copper glance is contained in it. The main shaft of the East Butte, designated as No. 1, is one of the largest and best built shafts in the district and was sunk under the direction of Pat Wall, the former manager of the East Butte, who directed all the development work that has been done in the property. According to the report of James Neill, the mining engineer, there are twenty-one distinct veins in the East Butte ground, striking east and west, and some of them are very large, the largest being about 60 feet wide.

For a number of years leasers and small operators who owned portions of the ground mined to a depth of 200 and 300 feet and took out a great lot of ore of varying value, considerable of it being of a very high grade. The present lowest level is at the 400, which latter was opened by the company, but the only ore taken out there was by the company in the course of development work. The leasers have been confined to the levels above the 400. Som time last year the company's engineer made a survey of the ore in sight, and estimated it at more than a million tons, but it is mostly of a concentrating character. The hope of the management, and the indications are that on the 900 the veins will be found to contain an abundance of first-class ore. The East Butte company is in a good financial condition and has exceptionally strong backing. W. A. Paine of Boston and his friends being in control of the company. In Mr. Vail the company has a very capable and experienced mining man and engineer as its superintendent. Twenty men have been put to work by the company.

MINING IN THE BLACK HILLS

Important Change in Management of Branch Mint Company—Stamp Mill of Safe Investment Company Goes Into Commission Soon.

Deadwood, S. D., Oct. 3.—An important change has just taken place in the management of the property of the Branch Mint Mining company. A new company, known as the Branch Mint Operating company, consisting of heavy New York stockholders of the old concern, has taken a five-year lease of the property at Galena, and will reopen operations at once. The outstanding indebtedness, amounting to $20,000, was paid up this week, and a new force of miners is being engaged. The 800-ton cyanide mill, the second largest in the Black Hills, will not be reopened until the ore bodies are better developed. Otto P. Heyn and Michael Hecht of New York city are the principals in the new company. James D. Hardin continues president of the Branch Mint Mining company.

A number of Eastern stockholders were in attendance at the annual meeting of the Queen Esther Mining & Development company held here. The officers elected are: A. L. Kingdom, Warren, Ohio, vice president; S. W. Fierce, Niles, Ohio, vice president; W. W. Conner, Columbus, Ohio, secretary and treasurer; Stewart Conner, Tinton, general manager, and A. M. Wheeler, Tinton, superintendent. Other directors chosen were Ernest Mueller, Deadwood; John McVean, Terry; David Fugh, Mineral Point, Ohio, and C. L. Hammond, Columbus, Ohio. The property consists of 400 acres of land located west of Iron creek. The main shaft is down 60 feet and two tunnels have been run 125 and 40 feet respectively. The ore, of which there is a large quantity, runs from $5.20 to $8.20 per ton gold. There is a large amount of timber on the ground.

The Safe Investment Gold Mining company has just received a patent to 1,500 acres of mineral ground on Box Elder creek, south of here, the largest amount of land ever conveyed in a single instrument to any one in the Black Hills. The company will have a 40-stamp mill in commission this month. O. N. Brown, one of the old-time mining men of the Black Hills, is to have charge, and I. A. Webb will continue as general manager. The property shows many veins of gold, silver and copper of low grade, but believed to be sufficient in quantity to prove profitable.

A deal is in progress for the sale of

(Continued on page 20, third column.)

ORE SHOWING IS PROMISING

Recent Ore Strike at Bullion Mine Makes Property One of the Best Prospects in the Black Rock District.

Prescott, Ariz., Oct. 3.—Taking into consideration the number of feet of development the ore showing in the Bullion mine is among the most promising in the Black Rock district, according to the statement of P. S. Wren, general manager of the Golden State Mining company, in which the title of the property is vested.

The Bullion properties include the greater portion of the ground covered by the former town of Gilbert, now known as Bullion station. It has been considered valueless and run over by prospectors for more than a quarter of a century until discovered by Judge Wren, into whose possession the town of Gilbert passed a year ago.

He found the croppings of what he considered a copper mine and commenced sinking a shaft. The shaft is now down 116 feet and a drift run on the vein shows a continuous ore shoot the entire depth of the shaft and length of the drift. The shoot averages five feet in thickness. Some of the ore carries 70 per cent in copper and from $4 to $6 in gold.

Wren says that there are four carloads of ore on the dump ready for shipment that will net a handsome profit. He is now in the city with a sample of the consignment. This he is having tested before hauling the ore to Wickenburg for transportation to the El Paso smelters.

Two shifts are employed sinking and drifting. The ore showings in the bottom of the shaft and face of the drift continue to improve.

The property is located twelve miles northeast of Wickenburg, the nearest railroad station, and four miles southwest of Constellation.

Judge Wren is enthusiastic over the future of this promising property. He is confident that it will prove among the best producers of the Black Rock district when opened in a miner-like way.

He says that mining is active all over the Black Rock district. Many promising strikes are reported from bella property is outputting thirty-five time to time.

THE BOSTON CONSOLIDATED

Annual Production of 20,000 Pounds of Copper Promised After End of Year—Dividends Declared by Several Utah Mines.

Salt Lake, Utah, Oct. 3.—During August approximately 25,000 dry tons of ore was put through the Boston Consolidated's milling plant at Garfield. A total of 1,575 tons of concentrates was made, containing about 600,000 pounds of copper. The extraction was approximately 72 per cent. Since March last there has been a change in the method of mining, and an immense sum has been expended in order that the better grade of the mountain porphyry ore might be made available in unlimited quantity. The managers assert that before the end of the year the mill can easily be supplied with ore to keep it running at capacity for an indefinite period. Only four units have so far been in operation. By Christmas it is expected the entire twelve will be in operation, when an annual production of 20,000,000 pounds of copper is promised.

The report of the Newhouse Mines & Smelters corporation for the year ended June 20 shows a balance above operating expenses of $71,923, with receipts from the sale of copper of $1,093,356. Expenses for the year were $800,132. On Oct. 1, 1907, because of inability to market copper, the production was reduced to 10 per cent of normal. On Dec. 1 the force was increased to 50 per cent of normal and since then gradually increased. About 70 per cent of the usual complement is employed now. A total of 176,766 tons of ore was mined, of which all but 10,014 tons was milling ore. The mill produced 19,867 tons of concentrates. A total of 1,244,179 pounds of copper, 1,721 ounces of gold and 48,595 ounces of silver wasnual assessment work for ten years.

produced. Copper production cost 7.05 cents a pound, and the total cost, including freight, smelting and refining, was 10.50 cents a pound.

Utah mines have recently declared dividends amounting to $344,500. Silver King Coalition paid $187,500 on Oct. 1, Colorado, $120,000, May Day $12,000 and Uncle Sam $25,000.

The annual report of the Bingham Mary at Bingham shows that $63,300 has been expended for development and the treasury contains $6,736. James Start, the company's superintendent, says that on the east drift of the 500-foot level there is three feet if iron and copper, which in places carries high values, with an excess of iron. This ore, he says, can be handled at a profit, with a slight improvement of the smelter and mental situation, but would require careful mining and extraction.

The North Utah company of Bingham has been organized in London with a capital of 650,000 shares at $5 each, to take over the Red Wing, Butler-Liberal, Vespasian-Hoogley and other properties in Markham Gulch, Bingham. Much work has been done on all of the properties. It is said that $250,000 will be devoted to opening the properties and equipping them.

The Utah United Copper company has been formed to take over the properties of the Skylark Copper company and the Wasatch Mining company in Beaver Lake district, Beaver county. The Skylark has been developed to a depth of 300 feet. On the 100-foot level a vein 21 feet wide has been cut. The Wasatch has good surface showings, but its development has been limited to the an-

AT THE LAKE COPPER MINES

Copper Rock of Great Richness Struck on Nineteenth Level of Hancock—Good Showing on Isle Royale's Property—Renewed Interest in Section 16 Operations of Atlantic.

Houghton, Mich., Oct. 3.—(Special to The Herald.)—A heavy rain of several days' duration, the fore part of the week, was a blessing to this fire-infested district. The forest fires of the past month have been stamped out, and though the mining companies suffered no serious propery losses, the danger threatened by the fire several times necessitated the partial shutting down of some of the mines in order that men could be had to keep the fire in check. The lumbering industries, however, suffered considerable losses in timber, already logged, in addition to time and the rather heavy expense of keeping men in the woods in an endeavor to keep the flames from spreading. During the last week of the fires, the smoke was so dense as to obscure the sun entirely, and at times lake navigation was almost at a standstill. Very little rain fall was experienced the past summer, and the drought has been so great that many of the mining companies were handling all their mine water on half time.

Rich Rock at Hancock.

Hancock, in crosscutting west at the thirteenth level in the No. 1 shaft, encountered copper rock of remarkable richness. The lode disclosed at this point, 375 feet from the shaft, is over fifteen feet wide, and the faces of both the north and south drifts, in over fifty feet, are literally charged with small mass and shot copper. Further disclosures at this level indicate that the lode is flattening. This, if continuous, will bring its disclosure at a depth hof 1,900 feet in the No. 2 shaft, sinking vertically for the same lode, instead of at a depth of 2,300 as calculated. The probability of the underlying Hancock main lode and the Quincy lode also flattening to an equal degree, will, if so proven, save nearly 400 feet of shaft sinking to disclose them. The big vertical shaft is now bottomed 1,275 feet from surface, and, sinking at the rate of ninety feet month'y, should encounter the West lode, already disclosed in the No. 1 shaft, between the tenth and thirteenth levels, within seven months. The West lode is the uppermost of the known lodes, and the prospects of the vertical shaft, sinking in practically virgin territory, encountering new copper bearing lodes, are good. This shaft is now working into a more settled formation than was found above the present depth. The No. 2 shaft will be the main working shaft of the future; its great size and style giving it the capacity to handle upwards of 3,500 tons of rock daily. The No. 1 shaft is bottomed at the fourteenth level, and, for the present, will not be driven to greater depth. With the completion of the crosscut now driving at the thirteenth level to connect with the No. 2 shaft, the No. 1 shaft will be used for an air and supply shaft. The crosscut will be 1,075 feet in length, and will be utilized in tramming copper rock from the workings of the No. 1 shaft to the big No. 2 shaft for hoisting to surface. A total o 2,000 feet of god stoping ground has been opened up by small drifts, but it will be six months or more before actual stoping begins.

Isle Royale's Good Showing.

Isle Royale continues to obtain a splendid showing of copper rock in the three shafts opened upon the southern extension of the Isle Royale lode, the showing at the No. 6 shaft, especially, creating a deal of favorable comment. The extension has been opened to an average depth of about 700 feet. Drifting is now in progress on three levels, and upwards of 8,000 feet of excellent stoping ground has been opened. The strike of Baltic lodo has been definitely determined for a distance of two miles through the company's property, and test pitting has disclosed an encouraging amount of copper. A site for a new shaft has been selected, and preparations are underway for the immediate sinking of same. A shaft opened several years ago on what was then believed to be the Baltic lode, has been abandoned and the shaft house and hoist are being dismantled preparatory to removing same to the new site.

Better Rock Needed.

Rumors to the effect that the Keweenaw Copper company was getting poor results in its mill test, has called forth a statement from the president of the company, in which he says that the rock is now averaging about sixteen pounds of copper mineral to the ton of rock stamped. This is equivalent to about twelve pounds refined copper, a very poor return for even this district of low copper percentages. The stamp mill equipped with a single steam stamp, with capacity to treat 250 tons of rock daily, is operating only one shift of twelve hours. A better selection of rock

(Continued on page 20, first column.)

RICH STRIKE AT THE GLOBE

Six Per Cent Copper Ore Found on the 1200-Foot Level of the Gem and Shipments to the Old Dominion Smelter to Begin at Once.

Globe, Ariz., Octo. 3.—The series of remarkable copper strikes made in the mines of the Globe district during the past few months have kept Globe in the limelight wherever interest is taken in mining. Very recenty the ore discoveries have been more frequent and almost sensational in their importance. It is especially gratifying to report continued improvement of the ore bodies in both the Gem and Globe-Boston workings of the Consolidated company. Last week sulphide ore was struck in the south crosscut of the Globe-Boston shaft on the 800-foot level. This strike is an important one, as it proves the Future copper vein for a distance of 1,600 feet. There is no question that the vein is an extension of the Future copper vein, which has been extensively explored on the 1,200 level of the Gem mine. The vein is so wet and soft that it has been found difficult to maintain the opening, and the management has decided to drive an extraction drift in the footwall and adopt the same methods, drifting on the same vein from the Gem workings, and crosscutting into the ore every fifty feet. The Gem vein shows steady improvement in size as well as in the quality of the ore. The sulphides on the 1,200-foot level have widened to five feet. A sample analysis shows: Copper, 6 per cent; iron, 27 per cent; sulphure, 34 per cent. The richer section of the vein is now solid chalcopyrite assaying 25 per cent copper. Manager McCarthy says that from present appearances the Gem promises to be one of the substantial veins of the camp, and the local stockholders in the Globe Consolidated are jubilant over the showing, which assures large bodies of ore, and predict that the Globe Consolidated will soon be among the largest producers in the district. The first carload of ore goes at once to the Old Dominion smelter.

• • •

Ground has been broken for a three compartment working shaft to facilitate the development of the Great Eastern ore body and also to explore the vein—believed by some to be the Old Dominion fault—on the Collins and Doyle ground, and the site selected by Engineer Frank H. Probert is said to be an ideal one, affording as almost level grade for the extension to it of the Arizona Commercial railroad, ample room for the machinery and building appurtenant to a plant of sufficient capacity, plenty of dump room, and what is of greatest importance, especially well located for the rapid and economical development of contiguous ore bodies. The Great Eastern crosscut on the 430-foot level is being driven toward the site of the new shaft at the rate of five feet a day, and within a very few months should reach the point directly beneath the new shaft from which an upraise will be started which will hasten the opening of the shaft down to that level. The equipment of the Great Eastern working shaft will be a matter for enrly consideration and Mr. Probert may go to Houghton, Mich., to consult with the officials of the Superior & Boston company as to the type and capacity of the machinery to be installed.

The east drift on the 480-foot level of the Great Eastern mine continues in high grade ore, which is now opened to a point directly under the main crosscut on the 430-foot level and about sixty feet farther east than the ore on that level. The winze being sunk to connect with the east drift on the 480-foot level should soon be in ore.

At the Gardner shaft, ground has been broken for the excavation of the 400-foot level station.

Ninety men are now on the payrool of the Superior & Boston, and the force is to be further increased.

• • •

The Orphan Copper company has opened a two and a half-foot vein of chalcopyrite ore in their shaft, at the depth of 175 feet. The copper is carried in a gangue of lime spar and in sufficient quantity to give the ore an average value of 12 per cent in copper. The ore was encountered several feet above the 175-foot mark, at which depth it leaves the shaft. Samples of the ore have been added to the valuable collection of specimens from recent strikes on exhibition at the Dominion hotel.

• • •

B. F. Crawford, on his recent trip East, succeeded in bonding to Kansas City and Boston parties the property of the Powers Gulch Development company, and a number of claims owned by individuals, all situated at the head of the Powers gulch, in the Pinto creek section. Included in the deal are twenty-four claims, the individual owners being Lee and John Mattson, John Hoffman, J. H. Messler, O. R. Feist and his partner, Mr. Johnson. William Buckland, who organized the Powers Gulch Development company, is one of the beneficiaries by the deal. The price to be paid for all the claims is $75,000, payments to be made Jan. 1 and July 1, 1909, and Jan. 1, 1910.

• • •

The striking of sulphide ore on the Keystone property means that in all probability not only the Keystone, but the Eureka and Live Oak properties also, carry the sulphide ore body opened in the Miami and Inspiration mines. The drill hole in which the ore was struck on the Keystone is about 3,000 feet south of west from the Red Rock shaft, where the Miami company has developed a vast tonnage of chalcocite ore, and there is every reason to believe that the sulphides extend without a break through the intervening Keystone and Eureka ground, and in all probability continues on into the Live Oak.

LAKE SUPERIOR IRON MINES

Increase of Activity Noted in Nearly All the Fields—Practically Every Marquette Range Mine Will be Operated All Winter —Encouraging Outlook on the Menominee Range.

Presumably presaging a material change for the better in the iron and steel trade, an increase of activity is noted in the Lake Superior mining region. Ore has been moving more freely of late and there is seen a tendency on the part of the producing interests to enlarge operations. Evidence of improving conditions is to be found in almost all the fields.

On the Marquette range a larger tonnage of ore is now being shipped from the mines at Ishpeming and Negaunee than at any previous time this season. It is from these mines that comes the bulk of the production of the district. The three railroads serving the properties are working from five to seven switch engines and crews each, and practically every steam shovel on the range is engaged in loading ore from stockpiles. Not all the ore in stock will be shipped this year, some of the piles being of very large proportions, but there will be a considerably less tonnage remaining than appeared likely some weeks ago.

With the exception of two open-cut producers, practically every mine on the Marquette range will continue in operation throughout the winter, and there may even be an increase in working forces, particularly at the Steel corporation's Regent group at Negaunee. These latter properties have been wrought on a single shift for almost a year past, having curtailed operations at a time when it was not possible to prosecute mining work to advantage because of the extensive surface improvements under way. The program of betterments has been carried out now, and the Regent mines and better prepared than ever for economical and expeditious production.

On the Menominee.

On the Menominee range the outlook for the mining industry is more encouraging than for months. There is increased activity at many of the mines and both the Chicago & Northwestern and Chicago, Milwaukee & St. Paul Railroad companies have put on extra trains in order to handle the increased ore traffic. The Steel corporation's big Chapin mine at Iron Mountain, which since last spring had been operated ony on a singe shift, the men being divided into two crews and working week about, is now being wrought night and day five days per week, no work being performed on Saturday. This arrangement materially increases the payroll of the men, and will, it is understood, continue in effect throughout the winter. Pickands, Mather & Co., with properties at Amasa, Stambaugh, Felch Mountain and elsewhere on the Menominee range, likewise have enlarged operations.

The Hemlock mine of Pickands, Mather & Co. is now employing 125 men. It has increased its shipments somewhat, but for the season will send out only about 60,000 tons, or about one-half the production made last year. The Baltic and Caspian mines of the company are employing 400 men and are being operated on double shifts. All the ore in stock has been shipped. The production for the year will approximate 250,000 tons, compared with 330,000 tons last season. Pickans, Mather & Co.'s Calumet mine is employing fifty men. The shaft has been put down to the 225-foot level and new ground is being opened up. A shipment of 10,000 tons of ore is being made. Exploration continues at the McColman and Gibbs properties. The Vivian mine at Quinnesec is idle, and has been for upwards of a year. Its ore is of a quality little demanded at this time, although shipments have recently been made from the stockpile.

Gogebic Range.

The Gogebic range mines are sending out rather more ore than previously this season. The stockpiles at the larger properties are being reduced at an encouraging rate. The Steel corporation's Norrie group and the Tilden, Ferdinand Schlesinger's Newport, the Cleveland Cliffs company's Ashland, Corrigan, McKinney & Co.'s Colby and Ironton, and the properties of Pickands, Mather & Co. and Oglebay, Norton & Co. are all on the active list and are employing good sized forces of men. Mining is not being pushed with the unprecedented activity witnessed last season, but much development is in progress and the range will be prepared to make a record-breaking production next year. It is not expected that all the ore in stock will be moved this season, but the stockpiles will be so reduced it is practically assured there will be no reduction in underground working forces the coming winter. In fact, it is altogether likely that in some few cases more men will be added to the payrolls.

The Alexander mine, which is in the so-called Keewatin group, southwest of Hibbing, has practically been abandoned by the Republic Lron & Steel company. The deposit was a small one, containing only about 225,000 tons, and

(Continued on page 20, third column.)

AT THE SPECULATOR SHAFT

New Boilers Being Installed by North Butte Company---Copper Production is at Rate of 50,000,000 Pounds a Year.

Butte, Mont., Oct. 3.—The North Butte company is installing new boilers aggregating 500 horse power at the Speculator shaft. The company is hoisting between 1,400 and 1,500 tons a day now and the statement is made that the copper production is at the rate of 50,000,000 pounds a year. Crosscutting to the veins is going on at the 2,000 and 2,200 lvels. The Jessie vein will be reached in about six months, and the Edith May will be opened on both levels in about a month.

The Butte Coalition company will sink the Rarus shaft from the 1,800 to the 2,000-foot level. The 1,800 level has just been opened. The company is also opening the 1,300, 1,400 and 1,500 levels of the Minnie Healey mine from the Tramway shaft. These three levels make practically a new mine out of the Minnie Healey. They will have no connection with the old Minnie Healey shaft or with the upper levels, where the poisonous gases from the mine fires have prevailed for some time. Some fine ore bodies are being opened by the new workings in the Rarus and Minnie Healey.

The miners' union of Butte has again demonstrated its good sense. Its members by a referendum vote have decided not to take part in the troubles of the Amalgamated employes in several of the lumber mills at Hamilton and St. Regis. When the wages of the miners and other employes of the Amalgamated company were raised a year or more ago the lumbermen were included. When the financial panic made general retrenchment necessary, the miners went back to the old scale. Some of the lumber workers did likewise, but those employed at the Hamilton and St. Regis mills refused. The company closed its mills, but later new unions were organized and men went to work, while the strikers appealed to the miners' union to refuse to handle any lumber from any source in the Butte mines until the demands of the striking lumbermen were adjusted. The miners' union decided to submit the question to referendum, and by a vote of about 4 to 1 decided to keep their hands off the affair.

MINING WEST OF ANACONDA

Renewed Activity in Some Promising Districts---Many Men Employed---Immense Body of Ore Discovered on Southern Cross Ground.

Anaconda, Mont., Oct. 3.—Throughout the district from the head of Flint creek to Georgetown, Cable and Silver lake there is now more general activity than there has been for some years. Heretofore when one property is being worked extensively, most of the others have been idle, or nearly so, but just now it is different and there is a strong probability that many of the mines, prospects and mills will be kept in motion during the fall and winter.

Levi Davis, well-known in Western Montana, has recently purchased the Theodosia, a claim that is situated on able mountain between the famCous Pyrnees and the Luxembourg.

There is a tunnel on the ground which is on the vein, but in order to gain greater depth Mr. Davis has started a winze about fifty feet from the tunnel opening. This winze is now down about fifty feet, and is all the way in ore, following the granite footwall. Water is now coming in so strong that a pump is necessary for further sinking, and this Mr. Davis is having installed, being encouraged to do so by the fact that he has an 18-inch vein of quartz carrying $28.60 in gold. It is the general belief of miners that the property is a valuable one.

The Milwaukee Gold Extraction company now has 40 men employed in the mine and mill, with every probability that the work will be continued during the winter, possibly with an increased force. The reports are to the effect that the company has plenty of high-grade ore, and that the mill is ding excellent work.

The Red Lion property, situated just below the Milwaukee properties, is under lease to George Gordon. He has eight miners employed and is getting out some good ore.

Charles Hardtla has secured a lease on the Pyrnees tallings and has made a deal with the Jackson Bros., whho have control of the Glenn mill, to work them. It is understood to be his intention to begin work movink the tailings at once.

The Jackson Bros., have secured a lease on all of the gold properties of James Glenn of Cincinnati, including the mill. Some men are employed just now in the mining operations, and it is expected the mill will be worked before the winter opens.

Between the boarding house and the mill, on the Southern Cross ground, a new vein has been discovered which is 60 feet in width, and for the first time in the history of the mine, a granite footwall has been found. A new shaft has been put down and crosscuts run showing, as stated, a vein 60 feet in width. The lowest sample taken from this immense ore body assayed $6, and the highest $80. There are 30 men employed in the development of this new find. The Southern Cross mill is not now being operated.

On the other side of the mountain the Bacorns have eight men employed on the Atlantic-Cable mine. They are

(Continued on page 20, first column.)

THE FIRST PAYMENT IS MADE

On Big Stock Option of the Butte-Montana Copper Company---Ten Thousand Dollars Go Into Treasury---Control Involved.

Butte, Mont., Oct. 3.—The first payment on the big stock option of the Butte-Montana Copper Mining company has been made, and it is now certain that all the payments will be met, the stock taken up and control of the company pass to Eastern capitalists. The latter are represented by R. A. Kerr, of Duluth, a mining engineer, who is in Butte and who make the first payment of $10,000 into the Butte-Montana treasury. More than 300,000 shares are included in the option, including treasury and individual stock.

The Alex Scott is an exceptionaly well situated property, being surrounded by producing mines of the Amalgamated company. It is developed by a shaft 1,200 feet deep, and a number of levels opened. Stations have been cut at the 200 level, the 400, 500, 600, 700, 800, 900, 1,000 and 1,200. From the 700 down, the levels are connected with the shaft of the West Colusa, an adjoining mine owned by the oston & Montana company. The latter company, under an arrangement with the Butte-Montana, did nearly all of the connection work and also deepened the shaft in order to produce ventilation for the West Colusa.

The shaft is two compartments down to the 900 station, and is three compartments below that. The mine has commercial ore on he 600, 900, 1,000 and 1,200 levels. It was stated yesterday that Mr. Kerr is in Butte to make arrangements for a resumption of work at the mine this month.

The Butte-Montana also owns a mining property in the Walkerville district which has produced considerable silver in its time.

CRIPPLE CREEK DISTRICT

Important Discoveries Expected in Crosscut From Moon Anchor to Corundrum—Shipments to Mills and Smelters Average 2,300 Tons Daily.

Cripple Creek, Colo., Oct. 3.—The cars of ore monthly. It averages $40 a ton.

The Mattie L. mine is shipping through lessees $40 to $100 ore. The shoot carries seams of rusty gold and sylvanite. The production is two cars weekly.

Important discoveries are expected in a crosscut started from the 1,000 foot level of the Moon Anchor shaft to connect with the workings of the Conundrum. The territory is virgin, but is supposed to contain rich ore. A monthly production of 500 to 800 tons is maintained fro mthe upper workings of Moon Anchor, Conundrum and Ethel Louise mines.

An electric hoist capable of 200 tons in twenty-four hours is being installed in the intermediate shaft of the Roosevelt deep drainage tunnel. A more powerful plant is being placed at the portal of the tunnel.

The Hosner lease on the Lucky Gus mine of the Stratton estate is sinking the shaft to catch the extension of the shoot which is yielding fortunes for Moore & Seeley, who are shipping four cars weekly of $80 ore broken from the 400-foot level. This lease has already paid the estate $15,000 in royalties.

The shipments to the Valley mills and smelters from Cripple Creek have averaged 2,300 tons daily since Sept. 1. Probably 100 dumps are being treated by plants located in the camp.

The Humphreys-Thompson Leasing company, while drifting on an old vertical vein which produced a fortune for former lessees, has encountered good ore on the Little Clara. The vein measures three feet between walls and average assays show $178 a ton. Several seams show sylvanite assaying picture values. The vein is distinct from the flat vein now yielding ten cars of $30 ore monthly.

The Gold Soverign mine is outputting 1,200 tons of $1 2to $75 ore monthly. The Bills lease on the 1,000-foot level is 1 na shoot fifteen to forty feet between walls, the ore averaging $20 to $30 per ton.

The Modoc company has opened a new and promising vein at 200 feet depth, while crosscutting north of the shaft is new ground. Four sets of lessees are shipping $25 ore through the main workings at 600 feet depth.

A decision by Judge W. S. Morris, in a suit against the county commissioners for overvaluation of unproductive mines, favors the plaintiff, the O. K. Gold Mining company. The decision means a reduction of $118 an acre from $600 assessable valuation. Fifty other companies secure a similar reduction. For eight years past this and other cases have been pending in the courts.

AS TO BANK DEPOSIT GUARANTY.

As The Herald has said repeatedly, it is very unfortunate that the question of guaranteeing bank deposits should have been made a political issue. Here we have the Democratic party favoring it and the Republican party opposing it, merely because Mr. Bryan "saw it first," when there is no more reason for a party division on the question than there is for a division over the expediency of fighting consumption. It is certain that many staunch Republicans favor the guaranty plan, and no doubt there are Democrats who oppose it; yet every partisan seems to feel obliged to line up with his party on the subject, regardless of his convictions.

The Saturday Evening Post, which needs to cater to no political party and therefore forms its judgments without calling in partisanship to its aid, has an article in a recent issue in which guaranteed bank deposits are luminously and fairly discussed. The arguments that have been made against the plan are given, and so are the arguments in its favor. On the whole, the tone of the article, evidently written by a capable authority, is distinctly favorable to the guaranty idea.

It is shown that the experiment with the plan in New York in 1829, when it was a failure, has no bearing upon modern conditions, because the whole system of banking has changed. Opponents of the scheme, however, parade this incident as conclusive proof that the plan will not work.

It is shown, too, that state guaranty of deposits has succeeded, and the case of the German municipalities which have guaranteed savings deposits for some years is cited. Under this system not a penny has been lost.

Alexander H. Revell, a Chicago business man, is quoted as follows: "The protection of depositors and the reduction of bank failures do not represent the principal benefits that would result from the application of the bank guaranty fund. The loss to depositors by bank failures is the basic and moving element in the situation, but this direct loss is not in any way to be compared to the incalculable loss to commerce, to manufacture, to business and to workingmen resulting from panic precipitated by deposit losses and the fear of still greater losses to come. Hence the greater value of the operation of a guaranty fund would be in the sense of security developed on the public and depositors. It would prevent runs on banks and prevent failures which, under normal conditions, would never occur."

This is the meat of the problem. Fear is the spirit of panic, and with depositors assured against loss there would be no fear; therefore no panic. Bank runs cause sound banks to close their doors. There need be no bank runs if depositors know their money is safe. The lack of security in times of alarm breeds panic and bank runs, and if you give the depositor such security for his money as the guaranty plan provides, disaster is checked at its outset. There would be fewer bank failures, and by averting the fear of bank runs the banks would be enabled to continue their loans, without which business becomes paralyzed and hundreds of unnecessary failures are precipitated.

WOOING SLEEP.

Says the Kansas City Journal: "Chloral, morphia and the poppy must look to their laurels as aids to 'nature's sweet restorer,' for a recent invention promises to banish insomnia. The invention is a musical bed. The sleepless and tired man goes to bed, and, with his foot, releases a spring which sets a musical box in motion. The apparatus begins to grind out lullabies and melodies, and in a short time the patient is snoring peacefully."

It sounds good, and no doubt if the musical bed is really patented and placed on the market many unfortunate insomniacs will buy it and give it a trial. The sleepless man—unlucky victim of misfortune that he is—will try anything that anybody suggests to him as a means of wooing sleep. The confirmed victim of insomnia has gone through a long course of remedies, some of them helpful and others so stimulating to mental activity as utterly to banish the drowsy god whose function it is to "knit up the ravelled sleeve of care."

In the first place, the sleepless man is apt to worry too much about his condition and to exaggerate the gravity of his ailment. Unquestionably it is far better when sound, refreshing sleep begins promptly after one's head touches the pillow and ceases only at the shrill clamor of the alarm clock in the morning. Yet few people, except children, enjoy such sleep as that. Even persons in ordinarily good health are subject to fits of wakefulness. Some lie long abed before sleep comes to close their eyes; others wake at frequent intervals in the night, and still others are broad awake hours before they need to get up. Yet the man in bed who lets his mind and his muscles and his nerves relax and who luxuriates in rest, is getting benefit from it, and he will rise in the morning the better for his night's rest, even if he has slept but little. Besides, every person who is subject to wakefulness, no matter how slightly, is certain to overestimate his waking time and to underestimate his hours of sleep. A man who has waked up twice and remained awake five minutes each time is apt to declare next morning that he "hardly slept a wink all night."

The first aid to the sleepless is contained in the advice not to worry about it, but to rest as well as possible, to throw aside all cares, to think only of pleasant things, to think as nearly as possible of nothing at all, and to acquire an attitude of mind which will permit him to make the most of his opportunity for rest, whether sleep comes or not. Sleep is a coy god, and comes oftener without invitation than in response to nervous and anxious wooing.

The musical bed may turn out to be a sure cure for sleeplessness, but much will depend upon the repertoire of the music box. A man could scarcely gallop to sleep to the inspiring and stimulating strains of "There'll Be a Hot Time in the Old Town Tonight," for instance. But if you have treated your body fairly, and have not loaded your stomach with a burden that keeps your system on the anxious seat all night, you will need no musical bed, no counting of sheep going over a fence, no lethal drug but wholesome weariness, to induce sleep.

THE OTHER SIDE.

The fact that so much matrimonial discords gets to public notice, through the activity of the divorce courts and the busy tongue of lying gossip, tends to obscure the real conditions. There are those who imagine—or pretend to imagine—that the majority of marriages are unhappy, and that the reason so few of them get into the divorce courts is that pride keeps these family skeletons more or less safely buried in the closet at home.

It isn't so. It would be a splendid thing, as a measure to counteract the effect of divorce statistics, if Cupid, or Hymen, or somebody, could get up reliable statistics of the proportion of really happy and congenial marriages extant in this land. It would surprise some people. Those who expect the tumultuous and fevered passion of courtship to prevail throughout a long married life are as mistaken as those who expect marriage inevitably to turn out badly. Very few couples are so constituted as to accomplish perfect harmony at once, if ever; yet after a little readjustment on both sides, a little give and take, a little leniency toward faults that exist in everybody, the romance of courtship is replaced by an enduring companionship that is placid, happy and mutually helpful.

Just an instance on the other side, to offset at least one of the unpleasant tales of matrimonial infelicity that have been paraded in the public prints.

The other day John Howe, 71 years old, was found dead in his room in Brooklyn. When he was found, wet tears were still upon his wrinkled face, and it was said by his friends that grief over the death of his wife was the cause of his death. Until Mrs. Howe died eight months ago, Howe was captain of an ocean freighter, and had visited every important port on the globe. The day after his wife's death he disposed of his ship and went to live in a hotel. Apparently hale and hearty, the night before his death he was the center of a group of old tars who had gathered in the hotel to exchange stories. Howe eulogized his life companion, said that since her death he had not known a day of happiness, and added that his seventy-first birthday, which would occur the next day, would mean very little to him. Next morning, at the dawn of his seventy-first and last birthday, there was no response when he was called. His door was forced, and his lifeless body, with its pathetic tear-stained face, was found. On a chair near by was the picture of his dead wife, placed where he could see it from his deathbed.

This simple little story of a faithful and companionable wedded life is not an isolated instance. Such tales do not often get into the newspapers. In life, they are too tender, too precious, too sacred, to be paraded before the world. In death, they are too solemn, too sweet and too highly cherished memories to be shared with an unfeeling public. Yet they exist, many of them; and not all the blatant, brawling misfits that parade the divorce courts can wipe out the cheerful fact.

HEALTH AND HOUSEKEEPING.

The good housewife is not only a source of pleasure and comfort to those about her, but she is a decided benefit to society because good housekeeping means clean homes, and clean homes mean health.

Conversely, the poor housekeeper not only makes life miserable for those about her, but she is a menace to the community; for bad housekeeping means untidiness, untidiness means uncleanliness, and uncleanliness means encouragement to disease.

Dr. Gotthold Pannwitz of Berlin, who is in this country attending the international tuberculosis congress, brings this out vividly when he shows the intimate connection between housekeeping and consumption.

Dr. Pannwitz points out the necessity of cooperation by all forces—state, city, social and political institutions, employers and all others—in the warfare on consumption, but the remedy which he deems of first and greatest importance is the regulation of dwelling houses, including the training of young women for the duties of wife and mother. He says: "How is the dwelling to be kept clean, how is the family to be intelligently fed, how are the children to be taught, if the women, owing to mistaken social ideas, enter the state of matrimony lacking the most elementary knowledge of housekeeping, cooking and the care of children? And how is this knowledge to be acquired if girls are permitted to enter the factory as soon as they reach the legal age, instead of familiarizing themselves with the principles of sanitary housekeeping, either in the parental or some other household?"

Score one for the doctor! His remarks call attention not only to the intimate relation between good housekeeping and disease, but they show that consumption is largely a social disease, and therefore to be attacked by society through all its active forms of organization. It has seemed necessary, in order that a few favored people might have more wealth than is good for them or for society, that a large percentage of the population should be condemned to suffer the afflictions of poverty, of child labor, of woman labor and of wretchedness generally. This result is weakened bodies, from which the power to resist disease has been robbed through society's neglect. One form of the fight against consumption must come through better society housekeeping as well as better family housekeeping. Society must not permit so many weaklings to be produced, because they supply the fertile soil for the spread of consumption.

In the home there must be cleanliness, good air, good food, good water and good sewerage, or there will certainly be disease. Every one of those items has its share in promoting good health, and neglect of any one of them has its share in promoting disease. When the housewife knows nothing of this, the danger is great. When she is informed of the importance of these things, and knows the results of neglect, she is in a position to do much for her household and for society in combatting the spread of consumption and other ills.

AS TO "SOCIETY" WOMEN.

Ethel Barrymore, good woman and good actor, recently said that American society women are brainless, selfish, purposeless It was a scathing arraignment, and of course altogether too sweeping, even for "society" women of the class she meant to cover, for some of them are good.

Now comes Marguerite Shonts, sister of the widowed Duchess de Chaulnes and daughter of Theodore Shonts, to the rescue; but she is working at cross-purposes. She is defending the American woman in the abstract, and the attack was only upon the American "society" woman, which is a bird of quite another feather. "Miss Barrymore is entirely wrong," declares Miss Shonts valiantly, "and she has no right to repudiate the women of the United States. There is no woman in the world who makes a better wife, who is better fitted mentally to be a companion to her husband, or who has the brains and cultivation of the American woman." Granted, all of it, gladly. But it is not a reply to Miss Barrymore.

She meant no reflection upon the American woman—God bless her! She cast no aspersion upon the magnificent wives and mothers that are making America sweeter and better and more wholesome every day. She referred to the childless, aimless, purposeless, useless female flower of the plutocratic tree who keeps her husband's nose to the merciless grindstone that he may pluck more spoil from the market places to be used in making her society career more splendid and less useful. She meant the kind of "society" woman that Robert Herrick has described so mercilessly in his strong novel "Together," in which he paints her thus: "The flower of successful womanhood—those who have bargained shrewdly—are to be found overfed, overdressed, sensualized, in great hotels, on mammoth steamers and luxurious trains, rushing hither and thither on idle errands. They have lost their prime function—they will not or they cannot get children. . . . Woman in America, splendidly free and queen! What have you done for the souls of the men given into your keeping? The answer soars up from the city streets—the most material age and the most material men and the least lovely civilization on God's earth."

For such women, for whose luxurious keeping men sin and oppress the thousands who toil bitterly and hopelessly, Miss Barrymore will be able to find no words too caustic, no satire too keen, no condemnation too strong.

TECHNICALITIES AND JUSTICE.

One of the most promising signs of the times is the growing sentiment against the abuse of technicalities in the trial of lawsuits, and that sentiment finds encouragement not only among laymen but among lawyers and judges.

C. P. Connolly, for years prosecuting attorney of Silver Bow county, Montana, publishes in the current Collier's an article relating some of the most flagrant cases in which purblind judges have let trifling technicalities interfere in the operations of justice. He says: "Lawyers of prominence have for years criticised the present growing tendency toward a too technical construction of the laws in the criminal departments of our state courts. The evil has grown to such magnitude that the decisions of courts of appeal in cases in which a public interest has been aroused are made the subject of ribald jests among the learned as well as the ignorant. It has brought into disrepute the temple that should stand in public esteem highest of all in the orderly dispensation of our modern civilization."

Here is a case: One day last year, at Baker City, Or., two men beat a woman on the street with a heavy strap. One compelled the woman to stand by threatening her with a revolver while the other brutally beat her with the strap. The men were convicted under the statute that prohibited assault with "a cowhide, whip, stick, or like thing," and that provided a penalty of one to ten years in prison. The defendants appealed on the ground that the district attorney in his information charged that they used a "leather strap," and the case was reversed by the supreme court on the ground that the information contained nothing to bring the strap within the class of instruments mentioned under "cowhide, whip, stick or like thing."

In an Alabama case a man was convicted of murdering a man named Luke Hodnett. The copy of the indictment served on the accused had the name spelled "Hadnett," though it was spelled correctly in the indictment itself. The supreme court reversed the case and freed the murderer on the ground that he had not been technically served with a copy of the indictment.

In a Montana case a deputy clerk of the district court stole $20,000, for which he was convicted and sentenced. His attorneys freed him, with the help of the supreme court, by showing that the forged warrants upon which he had secured the money did not have attached to them the seal of the clerk of the court. A cold-blooded murder went unpunished because the prosecuting attorney neglected to set forth in the body of the indictment the name of the county in which the crime was committed, though the name appeared correctly in the caption, and though the defendant himself named the county in telling his story.

It must be admitted that such absurd decisions are not the rule; but it must also be admitted that they are altogether too common, and that they make justice a trifling jade and the courts a laughing stock. Abe Ruef, the infamous San Francisco blackmailer and corrupter, pleaded guilty and yet found a court that freed him on a ridiculous technicality.

"One must take the administration of the criminal law in our country humorously," says Mr. Connolly, "if he takes it at all; and yet—how Mr. Dooley sat back and laughed about the way the French tried the Dreyfus case!"

HOTEL GOSSIP.

The animal combine!

This is not a nature fake story. It is simply a condition of affairs that an arbitrary cat, out at Lakeside, has brought about. The man who owns the cat was telling the story at the Hotel Lenox last night. He lives in Duluth, but his name shall be withheld from the story. The story not only concerns the cat, but some dogs and the peace of the neighbors who may have been disturbed by the effects of the combination.

The cat in question is large and white. It was spoiled in its early bringing up. It was taught to expect its own way, even in the smallest details, and would carry this selfish habit to the most exasperating lengths.

Once upon a time a lady came to call upon the lady who owned the cat. She brought a sweet-dispositioned fox terrier with her. The fox terrier was never known to do any one any harm, never having even attempted to kill mice in any near relative's barn.

Of course cats and dogs are often known not to be upon the best of terms. But circumstances alter cases. The fox terrier acted in a gentlemanly manner in the whole affair. But stealthily watching his opportunity, the tom cat gave a sudden spring and landed fair upon the back of the trusting fox terrier. With a yelp of dismay and alarm the dog ran for his kennel, crying with mortification and shivering with fear.

Not satisfied, however, with the fright and humiliation that he had heaped upon the head of the gentle fox terrier, the large and brutal tom cat took especial delight in lying in wait for the unsuspecting and trusting canine, pouncing suddenly upon the gentle creature from ambush. This nefarious mode of guerilla warfare continued unabated for at least two weeks. Then the worm turned.

Suddenly as the handsome white tom was strutting in the front yard, three canines of determined mien sprang around the corner of the house and seized the wicked cat. By fighting desperately the cat managed to free itself from the furious foes, escaping to the top of the nearest tree. From this height the tom spit out vituperation, even as the president flays his foes from ahigh.

Among the three dogs was the timid fox terrier. The plan was plain to the tom cat. The fox terrier had perfected a combine. With all its meek and lowly manners, the terrier possessed a cunning and astute brain.

And so the combine continued to act as one. Each day the three dogs appeared at the house where the cat hung out. They would spring from every vantage point, and had not tom watched with eagle eye for the approach of his foes, he would have been taken unawares several times. Stealthily tom prowled the neighborhood, hoping to catch the combine when it was not a combine. But if combines are wicked, they are wary, so campaign arguments say, and the watchful tom was never able to find any member of the trio without the other two members.

People out at Lakeside say that they have seen the three dogs having low converse together. It is ever the policy of trusts and combines to talk on the quiet. People out there say that there is a perfect working agreement between the three dogs. Animal intelligence has been given a boost by the exhibitions of the cunning canine combination, while tom has been sorely tried, properly humbled and taught some of the ethics that he should have been taught when he was a fuzzy, sweet-tempered kitten.

W. H. Williams, state commissioner of labor, believes that William J. Bryan will be the next president of the United States.

In stating his reasons for this belief, Mr. Williams says that 75 per cent of the laboring men of this country, in his opinion, will vote for Bryan. Basing his opinion upon what he knows of labor conditions, Mr. Williams believes that Bryan will carry New York and Indiana, both considered by the Republican party as states safe in the Taft column.

Last evening at the Lenox, Mr. Williams stated why he believed that Bryan would be elected.

"Take New York," he said. "Various estimates place the number of laboring men at between 305,000 and 400,000. I will take the more conservative estimate. I believe that six elevenths of these men are Democrats. I believe that two thirds of the remainder will vote the Democratic ticket. If that is so, which I am firmly convinced will be the case, Bryan will carry the state. I am just as certain that Bryan will carry Indiana.

"In the cities, the laboring men will vote for Mr. Bryan. There is a mistaken idea that President Gompers has taken it upon himself to instruct labor how to vote. This is an erraneous impression. Mr. Gompers has told the laboring men that it is for their best interests to vote the Democratic ticket. In giving his opinion in this matter Mr. Gompers has not mentioned the name of Mr. Bryan. He has simply judged the matter from the platforms of the two parties.

"I am satisfied that the plank favoring the guaranteeing of bank deposits by the government, has won thousands of votes for the Democratic party. This is a measure that is of vital interest to the laboring man. If the Democratic party had had this plank in its platform in 1896, instead of the free silver plank, Mr. Bryan would have been elected president. But aside from this, there is no getting away from the fact that Mr. Bryan will poll a heavy labor vote, which in my opinion will be large enough to elect him."

THE WEATHER.

The sun rose this morning at 6:10 and sets tonight at 5:44, making 11 hours and 34 minutes of sunlight.

Says Mr. Richardson of conditions: "The barometer continues low in the Southwest and off Lower Florida. These disturbances caused rains over Southern Florida and the Rocky Mountain districts during the past twenty-four hours. Southerly winds in the lake region and Upper Mississippi valley are attended by milder temperatures, while in the Rocky Mountain districts it is somewhat colder, due to rising pressures there. The barometer is high over Saskatchewan and the eastern lake region. The southwestern storm is moving very slowly, but its position favors rain and easterly winds in this locality tonight and Sunday."

Following were last night's lowest temperatures:

Abilene	58	Medicine Hat	40
Asheville	34	Memphis	48
Atlanta	48	Miles City	42
Bismarck	44	Milwaukee	44
Boston	40	Modena	32
Buffalo	38	Montgomery	54
Cairo	42	Moorhead	32
Calgary	34	New Orleans	60
Charleston	52	New York	44
Chicago	44	Norfolk	50
Cincinnati	40	Northfield	30
Concordia	52	North Platte	56
Davenport	46	Oklahoma	50
Denver	40	Omaha	54
Detroit	40	Phoenix	58
Devils Lake	44	Pierre	52
Dodge	54	Pittsburg	34
Duluth	48	Port Arthur	40
Edmonton	30	Portland, Or.	46
El Paso	70	Prince Albert	38
Escanaba	48	Qu'Appelle	34
Galveston	66	Rapid City	48
Grand Haven	34	St. Louis	46
Green Bay	42	St. Paul	50
Havre	38	San Antonio	56
Helena	32	San Francisco	54
Houghton	38	Santa Fe	52
Huron	58	Sault Ste. Marie	36
Jacksonville	62	Shreveport	48
Kamloops	38	Spokane	52
Kansas City	48	Swift Current	36
Knoxville	40	Washington	38

Little Rock	48	Winnemucca	40
Los Angeles	54	Winnipeg	42
Marquette	44	Yellowstone	32

Department of Agriculture, Weather Bureau, Duluth, Oct. 3.—Local forecast for twenty-four hours ending at 7 p. m., Sunday: Duluth, Superior and vicinity, including the Mesaba and Vermilion Iron ranges—Generally cloudy, with probably rain; not much change in temperature; brisk easterly winds.

H. W. RICHARDSON,
Local Forecaster.

Chicago, Oct. 3.—Forecasts until 7 p. m., Sunday: Wisconsin—Fair tonight and probably Sunday; rising temperature.

Upper Michigan—Increasing cloudiness with showers tonight or Sunday; warmer in east and central portions tonight.

Minnesota—Cloudiness tonight and Sunday with probably showers; colder in west portion.

Upper Lakes—Fresh to brisk southerly winds on Michigan and Huron and easterly on Superior; fair tonight and Sunday, except probably showers on Superior.

MEANT TO BE FUNNY.

Myer—There goes the widow Naggs. They say she drove her husband to an untimely grave.

Gyer—Well, that isn't so bad. She might have made him walk there.

"So you wouldn't take me to be 26?" giggled the fair widow.

"No, indeed," rejoined the inconsiderate old bachelor. 'But if you had a daughter I might take her to be that old."

Tramp—Madam, I am suffering from indigestion.

Lady—Why, I'm sorry. What can I do to help you?

Tramp—Madam, you can cure me instantly by giving me something to digest.

"What's the matter, Mr. Crabbe?" asked Mrs. Starvem, "The way you sip your soup and stare up at the ceiling in that far-away manner, it would seem it reminds you of something."

"Yes," replied the sarcastic lodger, "it reminds me of soup, faintly."

"Why have you taken your son out of school without permission?"

Father (a grocer)—But they were ruining him. I wish to bring him up to carry on my business, and they were teaching him that there are sixteen ounces in a pound.

Sir Wilfrid Laurier is one of the thinnest men in the Canadian house of commons. A wealthy member of the house, who was one of somewhat massive build, once accused Sir Wilfrid of "fattening on the sweat of the people."

"I leave it to the house," replied the premier, "to decide which of us is most exposed to that charge."

ROYAL

Absolutely pure

Baking Powder

Made from Royal Grape Cream of Tartar.

Royal gives to food that peculiar lightness, sweetness, and delicious flavor noticed in the finest bread, cake, biscuit, rolls, crusts, etc., which expert pastry cooks declare is unobtainable when any other leavening agent is used

SATURDAY NIGHT TALK

The Man in a Hurry.

We all know him—the man in a hurry. He may be the nicest kind of a fellow. If he meets you it's: "How are you" and a friendly hand clasp, but he can't stop longer than to discharge the civilities of the occasion. Even while he is greeting you, he is thinking of his next appointment and when he hurries off you feel as if he had given only a part of himself to you.

We all know also the man who does his work in a hurry. He is so eager to get through that he slights it here and there, trusting that it will answer or if it does not, that he will never be the loser. But some day the flimsy structure goes down to the detriment of property and human life.

If one could really accomplish more by hurrying, there would be some excuse, but those who do the most work—whether manual or mental—always allow for some margin of time. They may not impress you as "hustlers" but their output week by week exceeds that of the average man. One of my college professors was distinguished for his composure and serenity. He always had time to chat with his pupils, to invite them to walk with him or even to dinner. And yet, in addition to his work in the classroom his pen was constantly busy and every little while a substantial volume would appear, bearing the tokens of his careful scholarship.

Moreover the hurried and the hurrying man lose much in the course of the years. His children grow to manhood and womanhood without his gaining an intimate knowledge of their individual temperaments and their personal tastes and tendencies. His wife hungers for something more than the hasty good-by kiss in the morning. She yearns for the long, leisurely talks they used to have before he became so busy and preoccupied. And as for God, why, the man is altogether too intent on the next engagement to listen to God or even to listen for God, the Psalmist once wrote: "My soul waiteth for God and in His Word do I hope," but that sounds strange and almost incomprehensible to our hurrying friend. What, wait for anybody when the train goes at 8:10 sharp and one has appointments in close succession all day long!

Yet, if one is really losing the best things, isn't it a wise plan to reconstruct one's program and eliminate the trivial and ephemeral interests. What's the use of undertaking so many things. Let's cut out a few and concentrate on the remainder. "God weigheth not," said the old saint, Thomas A Kempis, "how much a man worketh, but rather the spirit in which he worketh. He doeth much who loveth much. He doeth much who doeth a thing well."

There is a plenty of time for all the things we need to do. The terrific race at which some of us drive along not only adds to the tension of our own lives, but reacts upon others. Over against the fever of modern life I would write in large letters the calm words which Jesus once spoke to men purturbed and restless: "Are there not twelve hours in the day?" Have we not time enough to do the tasks committed to us, to enjoy the sweetness of human companionships, to appreciate the beautiful world in which we live and to prepare for the world to which we go?

THE PARSON.

Pointed Paragraphs.

Chicago News: Men who borrow trouble seldom get out of debt.

Tact is one of a business man's most important assets.

How an ignorant man does enjoy handing out information!

Only a man of nerve ever attempts to call a woman's bluff.

Some family skeletons are too large for closet ornaments.

The cook's kettle and temper are apt to boil over simultaneously.

A pretty man may be ornamental—but there is where he usually gets off.

Some married men are diplomatic enough to hide the fact that they are henpecked.

Don't dispense good advice too freely; keep some of it for your own use later in the game.

After a man gets through with a lawsuit, no matter whether he wins or loses, he is apt to wish he had compromised the case.

Reflections of a Bachelor.

New York Press: A small boy would be as bad under any other name.

The influence behind self-control is usually somebody else's club.

The reason a girl wants to marry a man is she wouldn't if she knew what was best for her.

Once in a while there is a good man to be a sort of measuring yardstick on all the bad ones.

A woman never regrets the change from the bathing to the evening reception season if she is equally built for either.

A Lumberjack's Philosophy.

I never knowed a man that had
The blues, and really had 'em bad,
That talkin' to, as people should,
Would do 'em any bit o' good!

They're mighty like a hick'ry spike—
It has t' season for awhile.
An' meller up its knots an' such
Afore it ever 'mounts t' much.

Jes' let 'em be, t' go their way,
Till after while there'll come a day
When they'll agree that life is bleat,
An' God is doing of his best.

—Buffalo News.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

•••Snow is reported to have fallen yesterday at Hermantown.

•••The fight at the People's theater last night between Jim Fell and J. P. Donner resembled a wrestling match more than a prize fight. Fell undertook to knock out Donner in six rounds but failed to do so.

•••The total of coal receipts at the Head of the Lakes for the season of 1888 is now set at 1,250,000 tons, an increase of about 500,000 over last year.

•••The schooner Jennie, which was out in the terrible storm on Lake Superior after having been abandoned about a hundred miles from Duluth, was picked up about 4 o'clock yesterday afternoon two miles off Two Harbors by the tug Walker, which went in search of her. No trace was found of the schooner Brandon and she undoubtedly went to the bottom. She carried 1,056 gross tons of rails and her loss was clearly due to overloading.

•••Albert Westly, who was injured at the Twelfth avenue west rock cut a few days ago by a heavy piece of rock rolling down on his back, died this morning at St. Luke's hospital.

•••"Ted" Forsythe, bookkeeper for Spencer & Forbes, is another victim of typhoid fever, and is reported to be very ill.

•••A. C. Keyes, local agent of the Lake Shore road, has moved his family to New London, Wis., where he will spend the winter.

•••R. S. Munger and Miss Grace Collins sailed today from Liverpool and will reach Duluth about the middle of the month. Mrs. Munger and her youngest daughter will remain in France another year.

•••At the residence of T. A. Olmsted this evening, W. W. McMillan and Miss Lulu Olmsted will be married, Rev. E. M. Noyes officiating. The wedding will be private, only the relatives of the bride and groom being invited.

•••M. F. Armand and Herman Thelssen, engaged in the hardware business at 411 East Fourth street, have dissolved partnership.

•••A report was yesterday sent broadcast through the country by a correspondent of a large number of papers in different parts of the United States that a typhoid fever epidemic is raging in Duluth and that there are at present between 400 and 500 cases. Physicians say that there are not to exceed forty cases of anything approaching actual typhoid fever, and the reports of the board of health show a death rate in Duluth far below the average of the entire country.

•••The St. Louis county delegation, which visited Gen. Harrison at Indianapolis yesterday was warmly received. The general talked with them about the iron mines and other industries of this section.

THOUGHTS ON BOYS

By J. S. KIRTLEY, D. D.
Author of "The Young Man and Himself," etc.

The Boy as a Patron of Industry.

(Copyright, 1908, by Joseph B. Bowles.)

Very few industries fail to receive some encouragement from him. One of his earliest acquaintances is the family physician, an acquaintance started without very much formality. And who can tell how many aspiring, yet struggling, young Esculapians have been kept in heart and hope with the prospect of operating on him for appendicitis and peritonitis and peritiflitis and dogbitis, and all the other sociable ills that seem so anxious to entertain him. The shoemaker is one of his beneficiaries. A certain lad, very—yes, very—well known to the writer of these "Thoughts," seems to have an arrangement with the leading shoe factories to consume the whole output of their juvenile department. And the man who makes pants for little boys, in the language of Mr. Dinkelspiel, has a "schinch" on that lad's father, and still he pants for more.

Saws are buzzing, wheels are whirring, fingers are busy with the needle, brains are thinking, hearts are throbbing, pens are writing books and articles, pencils are illustrating them, presses are printing and dealers are selling them for him. From Africa they are sending him rubber and some other things; from Asia spices and sometimes a sip of tea; from Europe, lead pencils, knives, and now and then toys; South America sends him pepper, and on high days other things. The sugar and cotton planters of the South, the wool growers of Canada, the cattlemen of the West, the leather workers of Russia and Boston, all have him in their cheerful eye. Designers of nobby suits, workers in marble, makers of balls, bats, buttons, bikes, think of him with feelings akin to gratitude. He has them all going. He is a money-maker for them all.

His father has no time to toast his feet in the fi-yer, nor smoke his pipe of clay, and his mother is always busy keeping up with the lightning changes in his wardrobe. He sets tasks for his pa and ma which give them pause even when they cannot stop. To read on ahead of him, to get wise on the matter of juvenile amusements before the juvenile does, to have the whole circle of boys sized up before the lad breaks into the circle—all this takes time. It brings sweat.

But his patronage of labor is not an office practice. He, too, is a worker. He is known to be a worker. His services are in demand, day and night, winter and summer. The things he is told and expected to do leave very little to be desired; in fact, nothing else has up to the present time been thought of by any one of the many able thinkers engaged in trying to find some new task for him. Some of the following things he can get to do only by living in the country; some by living in the town or city; some are his inalienable heritage, wherever he lives: Bringing in coal, kindling wood, carrying out ashes, mowing the lawn, cutting weeds, hoeing the garden, feeding the horses, catching and harnessing the horse, driving up the cows from the back pasture, acting as milkmaid, sometimes spasmodically and often steadily, going to the neighbor's on an errand, carrying water to the harvest hands, turning the grindstone, peeling apples, shoveling snow in winter, salting the cows, and, in fact, waiting on anybody about the premises who wants the humble help of a boy, whether the person is father or mother, older brother or big sister, servant girl or hired man. All of this cuts in on a boy's time terribly. Perhaps I should be personal and say that salting cows on Saturday afternoon is a task that I had a great aversion for, because it usually interfered with important engagements with neighbor boys, and it is now associated in memory with a very acute, and I may say, cutaceous experience, for one Saturday afternoon when Willie and Bob were waiting for me at Bob's house, and I let the cows go without salt, and yet claimed to have salted them. The next morning mother found out my "mistake" and used the cutacura method of rectifying it. There were three switches in her hand, all going at once. I counted them before she and I got too busy.

These chores do not constitute the industrial life he would choose for himself. He would gladly impose on himself the arduous tasks of climbing trees for birds' nests, poking groundhogs out of their dens, getting into bad odor by killing the animal known in the boy's dog Latin as polus cattus, trapping rabbits in winter, matching up his dog with his neighbor's in a growling contest, going swimming and fishing for suckers. The chief value of these activities is that they are useless—to others; and others may think they are useless to him—but not so.

Yet he is steadily evoking large quantities of various kinds of energy from those whose duty it is to see that he does his medley of chores. They say he is coming of self-expression in all these ways, as the baby's invisible tooth is seeking self-expression on the friendly gutta percha ring. They also further say that by these energies which he puts forth and calls forth he is doing great good for which he will some day congratulate himself sincerely. They say he is starting the vitalizing habit of reacting on his environment and is also creating an environment on which to react. They say he is getting under obligations enough at the start to keep himself under them all his life and that he will therefore be a better boy. What "they say' is well said.

DIET AND HEALTH

By DR. T. J. ALLEN,
Food Specialist.
Author of "Eating for a Purpose," "The New Gospel of Health," etc.

WHAT DO YOU EAT AND WHY?

If it is true, as many eminent authorities say, that health, happiness, beauty and efficiency depend upon eating more than on anything else, it is worth while to know what to eat.

Henry Ward Beecher said that a man with a poor liver can't be a good Christian. Certainly it is easier to exercise the Christian graces when one is free from biliousness.

When Bishop Fallows says that "You can make a man good or bad according to the way you feed him," he is not denying the importance of the conditon of the heart, but emphasizing the importance of the state of the stomach. Daniel prepared himself and his companions for the wonderful ordeals through which they passed by dieting as well as by prayer, and the Master himself by fasting forty days.

Dr. Alexander Haig, an eminent English authority, says in the preface to his well-known work, "Food and Diet:" "Diet, as at present used, is the product of a vast amount of ignorance. It is the cause of a hideous waste of time and money. It produces mental and moral obliquities • • • destroys health and shortens life. The building of brain cells, and, therefore, of mind-stuff • • • • lies at the root of all the problems of life."

Mrs. Langtry, recently asked for her prescription for beauty, said: "The fact that I believe in the power of mind over matter, doesn't blind me to the fact that the foundation of the whole secret of beauty is good health. A sick woman can't be beautiful. Work, sunshine, exercise, nourishing food, fresh air and cheerfulness is my receipt for beauty."

An animal is a stomach with certain other organs attached. This we know by tracing the development of life, from the primary cell, in which all animal constitution begins, upward to man, the paragon, and finding that his body is built up of a multitude of these cells, varying gradually, as they become specially adapted for liver cells, muscle cells, brain cells—but still nutritive cells, retaining in varying degree their original powers of nutrition, whether they be blood cells with the power of independent movement or formed skin cells soon to die and be thrown off.

As we watch the amoeba, the typical unicellular organism, which closely resembles a blood cell, under the microscope, we find it changing its form, gradually, continually. It is all stomach, enwrapping its food and digesting it as a single organ; and as a single organ it adapts means to ends in securing a meal, "as perfectly," says Cope, the eminent, biologist, "as a statesman adapts means to ends in organizing a government."

The body, therefore, is made up of a myriad of cells, each seeking its own nutrition, its primary, fundamental function, yet possessing the power of socialistic, harmonious action, organized as lungs, liver, heart, etc., subject to the influence of the sympathetic nervous system, which binds all the bodily organs together, so that if one suffers all must suffer in sympathy; carrying on the vital processes into which the nutritional function is organized, unceasingly, while life lasts, yet ever amenable to suggestion through the sovereign, conscious will.

From these considerations of the constitution of the body it appears that we think in a sense with the entire body, although there is a special organ of thought, and that we digest with the entire body, although there are special organs of digestion—that, indeed, life is, in the last analysis, a mental-physical nutritional process—at least in its manifestation on this plane of existence.

Digestion is not a purely physical process, performed independently by a set of digestive organs. The entire organism is engaged in the process, controlled by the sub-conscious mind, subject to the influence of the conscious mind, the sovereign will. And, conversely, the influence of feeding is not confined to the special digestive organs, nor to certain effects which we denominate "physical." The influence of feeding is all-pervading. It is the mainspring of the mental-physical life. In its essence spiritual, it manifests the life through the use of material substance, food. And upon the quality of the food and the degree of expenditure of vitality in the process of nutrition, depends largely the quality of the life, mental, moral and physical. The question: "What Shall We Eat?" becomes in this light doubly important.

The essential substance of which all animal tissue is made, from the amoeba to the brain of man, is albumen. This albumen is found in the food of all animals. The white of egg is almost pure albumen; and in milk, the food of the young of all the mammalia, albumen is a large constituent. Experiments have been made to determine what foods will alone support life, determining that wheat gluten, which is almost pure albumen, supports life indefinitely longer than any other single element. Flesh, of which the lean is principally albumen, will support life indefinitely, as will milk, eggs, nuts, beans, wheat, corn, oats, dates, which contain a large percentage of albumen with other food elements. Milk has been called the perfect food because it contains, in addition to albumen, all the other elements necessary to build brain, muscle and bone; and the same is true of wheat and of some nuts and fruits. The milk of all the mammalia contains the same food elements, differing chiefly in the amount and kind of the albumen. Cow's milk is not a perfect infant's food because it contains a larger percentage of albumen than its natural food and of a somewhat different character. This important subject will be treated in a subsequent article.

Albumen is found in large percentage in all nuts, in beans, peas and entire wheat bread. Peanuts contain about 30 per cent of albumen, with 50 per cent fat not inferior to olive oil, and 4 per cent mineral.

Recent experiments have shown that the percentage of albumen required for perfect nutrition is much less than was formerly supposed. The growing child requires probably three times as much as the mature man because it must build new tissue besides repairing waste. An insufficient supply of albumen for the child, if long continued, leads to serious results. A case was recently brought to our attention in which an infant had been fed for several weeks on fresh cream, because it was found that the stomach retained that while the entire milk was persistently rejected. At first there was an apparently satisfactory gain in flesh, but this gave place to extreme weakness and wasting. The cream was mixed with a part of the balance of the milk, gradually increasing the amount of albumen and other necessary elements of nutrition, and normal conditions soon returned. And here it may be remarked that excess of fatty tissue is an indication of disease, not of health.

The necessary albumen can be obtained from flesh because it is a necessary constituent of the flesh of all animals, including fish. But flesh contains a small percentage of waste matter of the animal's system. It has been repeatedly shown that flesh foods may communicate disease, despite the inspection; and the human alimentary canal is not as well adapted to the digestion of flesh as is the organism of the carnivora, in which the stomach and liver are relatively much larger and the intestines much shorter than in man. The well-known tests of endurance recently made at Yale university proved that non-flesh eaters had much greater sustaining power. In all the great walking contests in Germany and America the winners have been abstainers from flesh meat.

The best sources of the albumen is important. Albumen coagulates at a temperature of 160 F., and is then assimilated with difficulty. It is for this reason, partly, that the egg is found to be more nutritious uncooked than cooked. And it is for this reason, chiefly, that such apparently wonderful results have been obtained from the use of raw cereal foods, despite the indigestibility of raw cereal starch. It is largely for this reason that highly roasted peanuts are declared by many extremely indigestible. In the well-known experiments with peanuts, it was demonstrated that much better digestive results were obtained with unroasted peanuts.

Understanding, then, that the essential element of food is albumen, in its natural state, the question arises: What is its best and most economical source? Considering economic conditions, which exclude the pecan, walnut, and other expensive nuts, the answer is: The peanut, which furnishes an abundant supply of easily assimilable albumen together with fat, which vies in nutritive value with olive oil. This, with a small amount of graham bread, gives the ideal protein and fat ration. The state of Texas alone can furnish the staple food of our people. The rapidly increasing consumption of the peanut with the corresponding rise in price should induce the planting of a still larger crop the coming season. The incoming crop is the largest ever produced in this country.

Certain minerals or earth salts are necessary to all animal life. Milk and the yolk of egg contain lime, phosphorous, sulphur, sodium, etc., and these are also found in the outer shell of wheat and other grains and in the peanut, peas, beans, nuts, potatoes, etc. The bean is especially rich in these mineral elements of food, as is the peanut, which combines in a remarkable degree the food qualities of the nut and of the legumes. The finer grades of white flour unfortunately exclude most of this important element of food, but this will be fully considered in a later article.

Not less than 80 per cent of the solid part of our food should be that which supports combustion, maintaining heat and muscular energy. This is taken as fat or oil, starch or sugar. A certain percentage of fat is necessary for the best nutrition. If it be true, as many careful students of diet believe, that nuts and fruits are the most natural food of man, this percentage of fat should be large. Animal fats, even milk fat when separated, are assimilated with difficulty and they, particularly lard, are open to other objections. The consumption of olive oil has increased rapidly during the past few years. It is not generally known that peanut fat, as in the uncooked nut or in peanut butter in which fatty acid has not been developed by excessive dry roasting, is equal, if not superior, in nutritive qualities to olive oil, being assimilated with wonderful facility, as the extreme degree of its solubility in water would indicate.

There are serious objections to cereal starch as the major element of food, which is now is in the dietary of the American people. The potato, especially if baked, is much to be preferred to fine white bread. Rice is far superior to the ordinary cereals as a source of carbon, as the examplo of the Japanese would indicate.

Sugars are the most easily assimilated of foods (including honey), and fruit sugar should be substituted for a large part of our cereal food, cane sugar being inferior. And the best sources of fruit sugar are the ripe banana (almost unknown in this country) figs, dates and prunes.

Fruits are better eaten separately from other fods. Nuts and meat digest in the stomach, chiefly, requiring about three hours there; fruits digest in about one hour, in the intestine chiefly. There is as much objection to mixing them as there is to eating and drinking at the same moment.

Now without here considering further the requirements of an ideal diet, does it not seem evident that we have already a knowledge of facts that would enable us to make a wonderful gain in good feeling and efficiency by improving the nutritive supply and saving a large part of the vital energy daily wasted in digesting and eliminating improper and unnecessary food, if not for the average person who is slow to realize the benefit to be obtained, at least for the athlete who can quickly demonstrate a gain in efficiency by right diet, for the invalid who needs to conserve his vitality and for the aged whose stock is low (but who has, alas, lost to a great degree the power of adaptaton)? Hundreds of invalids who have gradually changed their diet have found new life. Many who have had only the desire for greater efficiency and immunity from disease have made the change. A well-known merchant of Aurora, Ill., for example, who has for nearly a year followed an exclusive diet of juicy fruits in the morning, peanuts with a slice of Graham bread at noon, and prunes only in the evening, drinking only water between meals, declares that nothing could tempt him to go back to the old way. He says, and his clerks corroborate the statement, that he is worth three times as much in his business; he can write a better advertisement, a better letter; his mind is clear, his conception brilliant, his judgment prompt, his execution sharp, decisive. He rises two hours earlier than formerly and enjoys his work as never before.

Here, surely, is food for thought.

My next article will be entitled, "The Simple Diet."

LATEST BOOKS AND MAGAZINES

"A Little Brother of the Rich," by Joseph Medill Patterson—"Long Odds," by Harold Bindloss—"The One and I," by Elizabeth Freemantle—"Race or Mongrel?" by Alfred P. Schultz

A LITTLE BROTHER OF THE RICH. By Joseph Medill Patterson. Chicago: Reilly & Britton Company. $1.50.

When you remember that the author of this book, by virtue of his own relationship with the lives of the "idle rich"—he being the wealthy son of a wealthy Chicago newspaper publisher—is in a position to know whereof he speaks, and that by virtue of being a Socialist of the "parlor" variety, he has the disposition to speak of things as he finds them, it will not be difficult to imagine that in this story he does a little scorching. He does it, quite a bit of it. It tells boldly about certain phases of society life in the plutocratic class; about the modern lust for wealth and its baneful consequences; about the lives and dissipations of the idle rich; when their moral fiber has become weakened by indulgence and luxury. We find in this book that "society people" eat and sleep and love, as others do; only they eat better things and more of them,—so long as their stomachs hold out,—they sleep at different hours and perhaps on the average less than the rest of us, and that they love with a little less respect, apparently, for law and convention than do those who can afford only virtue. Judging from this picture, there is little real happiness and no contentment in their lives. The aim is always to exceed, and as there is eternally somebody ahead who can set a faster pace, the result is bitterness and disappointment for the vast majority. A stranger from another world, reading this book, might be justified in assuming that the characters in it had been condemned to their weary round of pleasures for some sin; yet we know that they have sought this condition deliberately, and most of us envy them. The "little brother" is a young man who forces his way into "exclusive circles" and is spoiled by the temptations he finds there; though he appears to have been a good deal of a sycophant and a cad to start with. The aim of the book, apparently, is to show that the creation of a plutocratic class, which has cost the common people so much, has brought no compensating benefits; and that as such benefits would be the only justification of such a class, there is no reason why it shouldn't be abolished. As to that, there will be few to speak for its continuance. Plutocracy, with its roots deep in human suffering and human degradation, bears unlovely fruit; and while Mr. Patterson fails to show genius in the making of this book, he shows earnestness, and he comes pretty nearly proving his case.

LONG ODDS. By Harold Bindloss. Boston: Small, Maynard & Co. $1.50.

Mr. Bindloss, who has written some very spirited stories of life on the prairies of the Canadian Northwest, changes his scene in this latest romance to the west coast of Africa, and by doing so he seems to increase the vigor of his powers of narrative; for this is rather a better book, in many respects, than he has previously produced. An Englishman, who for the fault of another has been cast out from his proper sphere, sinks to the depths among the dregs of European humanity that frequent the fever-stricken coast of the black continent. He sinks, but retains his manhood and his staunchness of character; otherwise he would never have undertaken the quixotic venture that makes the story. To keep a promise to a dead trader, he goes into the jungles to rescue a young negro girl and a bevy of negro boys that have been captured and condemned to practical slavery. In doing this he fights not only the jungle and the ignorant opposition of the natives, but the machinations of evil Portuguese and Belgian officials. Altogether, he has a pretty serious time of it, but he gets out beautifully in the end, and incidentally works out a little romance, just as the reader wishes it to come out.

• • •

THE ONE AND I. By Elizabeth Freemantle. Philadelphia: George W. Jacobs & Co. $1.50.

The relator of this simple tale, using the conventional and intimate form of committing her thoughts to a confidential diary, tells of life in the Canadian Northwest in the Qu'Appelle country, which most of us know only as a weather bureau station. There is a touch of romance in it, dealing with the tender relationship between "The One" and herself; but it is subordinate to a detailed description of the surroundings and thoughts of the author. It is not very exciting, and at times it descends to the commonplace so irrecoverably that it is rather irritating; but it is human, for all that. Does not even Homer nod? Its intimate revelation of the hopes and aspirations, the fears and doubts, the speculations and perturbations of a fine young character, give it a charm all its own, and many will find delight in it.

• • •

THE BLUE PETER. By Morley Roberts. Boston: L. C. Page & Co. $1.50.

Here are five rattling tales of the sea, in the best style of this breezy and vigorous narrator of sea adventure. There is plenty of incident, there is not a little humor, and there is much real human interest: all treated with the skill of an accomplished literary workman.

• • •

THE SPEAKER No. 12. By Paul M. Pearson. Philadelphia: Pearson Brothers. Cloth, 60 cents; paper, 40 cents.

This is a "special centennial number" of a popular speaker. In 1909 the hundredth anniversaries of the births of Poe, Tennyson, Holmes, Lincoln, Darwin and Gladstone will be celebrated, and the selections in this speaker were chosen especially to provide material for commemorating these events, though they may be used at any time. There are six poems by Dr. Holmes, eleven by Tennyson and five by Poe; there are a dozen good Lincoln stories, with orations on him by Beecher, Thurston and Curtis and poems by Whitman, Howell, McKay, Gilder and Markham; there are tributes to Darwin by Huxley, Fiske, Bryce and A. R. Wallace; there are extracts from Gladstone's best orations. This indicates only a small part of the contents of the volume.

• • •

FAMOUS CAVALRY LEADERS. By Charles H. L. Johnston. Boston: L. C. Page & Co. $1.50.

Related simply and entertainingly, this volume tells the stories of cavalry captains from Attila, "the Scourge of God," to Custer, Indian fighter, including these: Saladin, Genghis Khan, Bayard, Pappenheim, Gustavus Adolphus, Marion, Ney, Murat, Stuart and Sheridan. These make dashing heroes, for no branch of the war furniture of nations provides such romance as the cavalry. There is much instruction as well as entertainment in the book, making it a good one to give the boys.

• • •

RACE OR MONGREL? By Alfred P. Schultz. Boston: L. C. Page & Co. $2.50.

If it is true, as this man says, that the mixture of races spells deterioration, it was most assuredly worth while writing a large book about it. And if the theory tempts you, it is certainly worth while reading it, for it is written earnestly and entertainingly. But that is what it is all about, and the author does not mean what is usually taken from the term "race," either; he means nationalities. If he meant merely that it is bad for Caucasians and Mongolians to mix, or Ethiopians and Caucasians, there would be few to dispute him, and therefore no need of writing so large a book. But he means more than that: he thinks it is bad for Germans and Irish, for Norwegians and Scotch or for Welsh and Swedes to intermarry. He says that only where the family strain is kept pure and uncontaminated does the best humanity arise. Yet, the Anglo-Saxon race, if it comes to that, is a mongrel from his viewpoint, and few have gone further or done more. In this country the purest English strains are to be found in the New England hills, where poverty and vice are said to be consuming the modern descendants of the Puritan stock, and among the "Crackers" of the Southern states, who are in a condition of moral decay. The strength of this nation today lies in the new strains of vigorous blood that have been added to it; though this writer is probably correct when he says that there is peril in some of the strains that are now seeking to enter the amalgam. At any rate, it is an interesting discussion. A curious inconsistency is where he criticises the Monroe doctrine because it prevents decent people from colonizing the Latin-American republics; yet the pure Spanish strain there isn't coming ahead very rapidly. Where it mixes, the result is no improvement, but that is a real mixture of races, of Caucasians and Indians, which is always bad. His theory is that nature is against cross-breeding, as is shown in the case of animals, where mongrels are always a deteriorated stock, and in the case of plants, where naturo has set her face so sternly against cross-breeding that hybrids are generally sterile. This all applies to race-amalgamation in the technical sense of the word, but it is doubtful if it goes so far as to make cross-breeding between branches of the Caucasian race either dangerous or undesirable.

• • •

CATHEDRALS AND CHURCHES OF NORTHERN ITALY. By T. Francis Bumpus. Boston: L. C. Page & Co. $2.50.

This is a careful and intelligent account of the church architecture of the Po valley. Mr. Bumpus' book is different in character from the other volumes of the series and while it does not appeal so much to the general reader, it will be found valuable by those who take an intelligent interest in the subject. He begins with a sketch of Italian church architecture and follows this up with descriptions of the important churches in Verona, Vicenza, Padua, Venice, Ferraro, Bologna, Milan and Ravenna with some of the intervening cities. He often tells of the art treasures in these churches and only occasionally relates personal experiences. At the end of the book is a list of paintings contained in the churches. There are many full-page plates, with minor decorations by Blanche McManus and it is a handsome volume. The book will be found useful by both travelers and students.

• • •

THE LEAVEN OF LOVE. By Clara Louis C. Burnham. Boston: Houghton-Mifflin company. $1.50.

In her recent successful novels, "The Opened Shutters," "The Right Princess," and "Jewel," Mrs. Burnham has familiarized her readers with her favorite haunts on the Atlantic coast and especially with Casco bay, her summer home, and the scene of so much romance in the past days. This new novel carries the reader to the far shores of the Pacific, and is equally delightful and accurate in picturing life at the winter resorts of Southern California, for Mrs. Burnham writes with full knowledge and vivid impression of her new background. Of the leading characters in the story, Sibyl will probably stand forth as the most compelling, complex, and altogether charming. Mrs. Burnham's heroines always have the burden of responsibility; they nearly always hold the center of the stage from the rise to the fall of the curtain; and they invariably stand for what is best, strongest, and sweetest in American womanhood. It is a great relief to turn from the problem novel and the society stories which crowd the bookstores at the present time, and take up one of Mrs. Burnham's books. She never fails to tell a story which interests, pleases, and helps the reader. "The Leaven of Love" is a book for every one, and especially for young women. It is a story not soon to be forgotten.

The October Magazines.

The timely note of the October Century is struck by the Hon. Seth Low's article on "The Writ of Injunction as a Party Issue," an interesting comparison of the Republican and Democratic platforms in their treatment of the labor question. The discussion has the value of coming from a man familiar with the point of view of organized labor and in sympathy with its best purposes, while remaining sufficiently independent to form his own opinion.

A biographical feature of more than usual interest and importance is an appreciation of "Lombroso, Prophet and Criminologist," by Guglielmo Ferrero, who is soon coming to America to lecture and be a guest at the White House. Prof. Ferrero defines Lombroso as "a Jewish prophet in the garb of a modern philosopher," and considers his life and work with this definition as a starting point. Other notable personal features of the number are a concluding paper of reminiscences of "Andrew Johnson in the White House," with a surprising statement about the president and Gen. Butler, and "Robert Fulton in France," from the pen of his great-granddaughter, Mrs. Sutcliffe, including Fulton's own unpublished account of his invention and demonstration of the first submarine torpedo boat.

• • •

The public is expressing more interest in aeroplane flight than in anything else just at present. The October Metropolitan Magazine opens with an important article on "The Aeroplane and Its Future," by Henri Farman, the celebrated French aviator who has held so many records. Anything that Mr. Farman says on this subject is naturally of vital importance. The same number has the beginning of a two-part story, "Saint Luke's Summer," by Mary Cholmondeley. The second and last paper on Osteopathy, by Dr. E. M. Downing, is another strong feature, while Jackson Cross contributes a fascinating paper on "The Romance of Piracy."

• • •

Ainslee's for October has the first part of a two-part story by Edith Macvane, called "The Thoroughbred." It is laid in New York, and combines the social and business elements of metropolitan life in such a way as to make it startlingly original. It is a very remarkable story, chiefly because it takes the reader from one climax to another without the slightest falling off in interest. The short stories are by Will Levington Comfort, Wilmot Price, Charles Neville Buck, Morgan Robertson, Mary H. Vorse, Daniel Steele, Quentin M. Drake, J. Frank Davis, J. W. Marshall and Herman Whitaker.

• • •

An important article in the October Woman's Home Companion is entitled "Seeking Shelter in New York." "Five dollars in my purse, a few plain clothes in my bag, as ordinary school education behind me, and New York, with its boundless opportunities, ahead of me," that is the beginning of the adventures in New York of Lucy Green. They are real adventures of a real girl, who tells her story to readers of the Companion. The October issue is particularly rich in fiction, having stories by Elizabeth Stuart Phelps, Harrison Rhodes, Octave Thanet, Nellie McClung, Margaret Sutton Briscoe, and especially good stories by Irving Bacheller and Juliet Wilbor Thompkins.

• • •

"Success Magazine" for October contains a significant political article by Henry Beach Needham, entitled "Why The President Is For Taft," in which Mr. Roosevelt gives his own reasons for wishing Taft to be his successor. In the same number Alexander Irving tells of a social experiment in a New York Fifth Avenue church. Walter Weyl describes "The Extraordinary Street Cars of New York," and Charlotte Perkins Gilman discourses upon "The Woman of Fifty."

• • •

In the Engineering Magazine for October, the leading place is given to profusely illustrated article by Herbert T. Wade on the United States national bureau of standards. Mr. Wade describes in a very clear and interesting manner the important functions this branch of the treasury department is called upon to perform, the equipment it now possesses, the work already accomplished or under way, and the possibilities of further extension of its usefulness and influence.

• • •

The October American Magazine is full of "meaty" reading. Prof. Thomas, of the Chicago university, begins his series of articles on women. In his first article, which is entitled "The Adventitious Character of Woman," he discusses woman as an ornament, woman as man's equal, man the master, how women infatuates man, the use of finery to attract the other sex, how woman makes a fool of man, the adventuress, the morals of the unattached woman, the girl who must earn her own living, and other lively topics. The next article in this series, it is announced, will be on "The Psychology of Woman's Dress." Dr. Frederick van Eden, a physician of international reputation, contributes a really notable article on "How Mind Can Heal The Body."

• • •

While there is no question of the stand taken by Leslie's Weekly in the present political campaign, this publication is certainly giving Mr. Bryan a "square deal' in picturing the news events connected with his campaign. The cover of the current issue shows Mr. Bryan as he comes up smiling as usual, though twice defeated. A pictorial feature is a page of photographs illustrating Mr. Bryan's trip to the Democratic state convention at Rochester, taken by the official photographer of Leslie's Weekly, the only photographer who was with Mr. Bryan on this trip. Miles M. Dawson, in a very interesting article, reviews the present insurance situation and shows how American companies challenge in comparison those of the whole world.

• • •

Governor J. A. Johnson writes for the October World's Work, in conjunction with W. B. Chamberlain, an account of the marvelous developments a half-century has brought about in Minnesota. Significant portraits illuminative of this article appear in the editorial section of the magazine and show three generations of Scandinavians in Minnesota. The immigrants that sought out Minnesota in the early days in greatest numbers and now practically possess that land were Swedes and Norwegians. "Some Random Reminiscensces of Men and Events" is the full title of John D. Rockefeller's autobiography which begins in the October number. Intimate pictures that appear in this first installment show him at eleven, thirteen, eighteen, twenty, in middle age and today. A street car conductor tells how fifteen or eighteen hours work a day and suspicion from the start degrades many fare-collectors in New York. This article is a study of corporation management and morals.

• • •

A feature of peculiar interest in McClure's Magazine for October, following as it does Prof. Hugo Munsterberg's article on "Prohibition and Social Psychology," is a paper by Dr. Henry Smith Williams on "Alcohol and the Individual." Dr. Williams declares that experiments have shown that the effect of alcohol is everywhere depressive, that it is a narcotic, not a stimulant, and that its use even in moderated quantities reduces man's working efficiency ten per cent. Gen. Kuropatkin continues his secret history of the Russo-Japanese war, declaring that the superior and moral force of the Japanese was responsible for the defeat of the Russians; Burton J. Hendrick writes of the battle against the famous Sherman anti-trust law, and Ellen Terry tells of the death of Henry Irving, the great actor.

• • •

A striking criticism of present day kindergarten methods, by Marion Hamilton Carter, is the leading article in the October number in The Housekeeper's series on "The Truth About the Public Schools." To press her points, Miss Carter occasionally uses extremely vivid sentences, such as characterizing the kindergarten as "an infant vaudeville and 10r saloon." There are careful reports of visits to schools by associate editors and a number of shorter contributions concerning schools.

• • •

Lippincott's has an especially good number for October. The complete novel is of an unusual type, with Hawaii as a background. The writer, Jessie Kaufman, lived for some time in this "Paradise of the Pacific," and she gives us a most realistic picture of life there. There is the usual array of clever short stories, the most noteworthy being "The School-mother," by Owen Oliver; "The Pinhead," by Caroline Lockhart; "The Angel of Happy Hollow," by Luellen Cass Teters; "Cupid—and a Call," by Edith Morgan Willett, and "The Lone Huntsman," by Joseph A. Altsheler.

• • •

A chair factory was visited by fire and its renovation brought about a complete installation of motor-driven machinery that is explained in detail in Wood Craft for October. There are other articles also dealing with the horsepower involved in electric drives of woodworking machinery.

• • •

The Popular Science Monthly for October contains two articles on Niagara Falls, one, by Dr. J. W. Spencer, reviewing the dangers arising from the use of the water for industrial purposes, and the other, by Raymond H. Arnot, describing the great value of the industries that depend on its use. The quandary seems to be a serious one. It would be most fortunate to mar the beauty of the scenery, but at the same time it seems a pity not to use the vast stores of energy.

• • •

The coming of the fall months of the year is aptly symbolized in the fine picture (in colors) of Halloween fun which decorates the front cover of the October American Boy, and the contents will be found most enjoyable by grown-ups as well as the boys. The serials by Houston, Tomlinson, and Optic are continued, and Weir's story of "Circus Life" is concluded. There are quite a number of short stories delightfully interesting.

• • •

Current Literature for October achieves what the newspaper men would call a "scoop" in presenting to its readers the first account that has appeared in any magazine of Charles Dicken's letters to his first love. They are of prime importance, whether regarded as literary or biographical material, and will be read with deep interest throughout the English-speaking world. This article on Dickens is only one of many engrossing features of the new issue of Current Literature.

• • •

The principal features of the October number of the Review of Reviews are three illustrated articles on the presidential contest—"Mr. Bryan's Third Campaign," by Chairman Daniels of the Democratic national committee's publicity bureau; "The Management of the Taft Campaign," by Walter Wellman, and "Chairman Frank Harris Hitchcock," by Snell Smith. There is also a remarkable group of photographs, just received from Russia, which picture "Tolstoy at Eighty" in his home life. "Welfare Work on American Railroads," by William Menkel, fully illustrated, presents a phase of railroad activities not commonly understood by the public.

• • •

The live wire of practical interest runs through the October Atlantic, vitalizing all its articles and illuminating its varied pictures of life. John Bates Clark continues the Atlantic's study of Socialism by an article on "Education and the Socialistic Movement." With pungent criticism and pertinent suggestion, an able New York editor discusses optimistically the question which is the daily despair of the thoughtful—"Is an Honest Newspaper Possible?" William H. Allen explains convincingly the work of the bureau of municipal research in "A National Fund for Efficient Democracy." "The Farmers' Union and the Tobacco Pool," by John L. Mathews, explains the tobacco crisis in Kentucky.

• • •

In the Strand Magazine for October appears the first of a very pleasing series of articles, profusely illustrated, entitled "English Homes and Gardens," describing and illustrating the most famous of the beautiful estates in that land of beautiful homes and gardens. These articles will be of particular interest to all who take pleasure in the beautifying of their homes.

Society News

MISS MARY AGATIN,
A Duluth Girl, Who Charmed Superior Audiences With Her Dancing in "The Talk of the Town."

MISS CLARA COLLIER,
Whose Pony Ballet of Seven Duluth Young Men Was One of the Hits of "The Talk of the Town," Presented by Superior Society Women.

The club work for the season has been formally opened and for at least a month little else, but club metings and lectures will occupy the attention of Duluth women. State meetings are to be held during this glorious month of the autumn and the series of lectures by Dr. N. I. Rubinkam promises to be largely attended. Another interest of the month which will leave Duluth women little time for social diversion is the annual round of the Needlework Guild, which takes place the last Tuesday of the month. Preparation for this event was begun last Saturday afternoon at the meeting of the executive board which was held at the home of Mrs. Morton Miller, the president. The other members of the board are Miss Julia Ensign, Mrs. A. W. Hartman, Mrs. H. E. Williams, Mrs. W. B. Silvey, Mrs. E. W. Matter, Mrs. J. F. Killorin, Mrs. E. N. Marble, and Mrs. E. T. Buxton. Mrs. Williamson was elected secretary, in place of Mrs. William Dalrymple, who has gone to Minneapolis to live.

Many Duluth women were today greatly interested in the laying of the corner stone of the new building of the Y. W. C. A. and all in all nothing but rather serious matters is receiving society's attention.

One of the events of interest of the autumn will be the presentation of "Town Talk" at the Lyceum, presented by the young society people of the city. The production will be much the same as that given at Superior during the week. The affair here will have as patronesses, the members of the Twentieth Century club and the proceeds will go toward the work in the sewing school and reading rooms at the West end which are maintained by the club.

• • •

The reception Thursday afternoon at the home of Mrs. Z. D. Scott was a largely attended and delightful event of the week. The officers of the club received in honor of Dr. N. I. Rubinkam of Chicago, who will be in the city during October. From 3 to 6 o'clock, the receiving hours, several hundred guests called.

• • •

The Rev. and Mrs. Theodore J. Austad have returned from a three-months' trip abroad. They visited in England, but most of their time was spent in Norway visiting Mr. Austad's parents. They visited Christiania and other of the cities. On their return trip they were the guests of friends at Baltimore, Md.

• • •

Mr. and Mrs. Julius H. Barnes were hosts at dinner last evening at their home on Twenty-sixth avenue east. Covers were laid for twelve.

• • •

Dr. Florence Sylvester of San Francisco was the guest yesterday of Miss Josephine Carey. Dr. Sylvester left last evening for Minneapolis.

• • •

Throwing aside local modesty, it can be truthfully stated that Duluth contributed in no small measure to the success of "The Talk of the Town," the amateur theatrical entertainment given in the Grand opera house in Superior this week for the benefit of the Children's Home in that city.

Thee members of Duluth's fair sex and several local masculine social lights participated and Duluth society was well represented in the audiences which listened to "The Talk of the Town," is being merely a succession of glittering stage pictures and happily accomplished musical numbers.

Mrs. Lucia Judd McAuliffe, Miss Marie Agatin and Miss Clara Collier of this city led some of the most fetching numbers in the piece.

The personnel of one number was exclusively Duluthian. Miss Clara Collier, an attractive young woman of the innocent-eyed Billie Burke type, sang "I'm a Fickle Maid," to seven young society men of Duluth and the stagemanship—if there is such a word—of the prima donna and her swagger chorus from Duluth's East end, was so good that it brought forth most generous applause.

The Duluthians, who assisted Miss Collier in this number were Gilbert Cutler, Grover Fitzgerald, Charles Fitzgerald, Allan House, James McLennan, Walter Kennedy and William White, Jr. They had the steps of regular Broadway chorus men and the closing maneuver of their number, dancing off the stage with dainty Miss Collier tripping along behind, holding ribbons, which were attached to each man's coat, concluded a pretty number.

Miss Marie Agatin, pretty and vivacious, danced and sang duets with Donald MacDonald, director of the show and a professional dancer, in a way that did not make her work suffer in the slightest by comparison with that if her seasoned partner. The "Quarrel song" and dance, which she and Mr. MacDonald gave, proved one of the most successful events of the performance. Miss Agatin also appeared to advantage in a number from "Babes in Toyland," and the "Hypnotic Waltz."

Mrs. McAuliffe's splendid soprano was heard at the Grand in "The Song of the Wood Witch," from "The Merry Widow," and in a duet, with Frank King, from "The Red Mill," entitled "Because You're You."

It is understood that Duluth society is to stand sponsor for a "Talk of The Town" entertainment on this side of the bay, the proceeds to be devoted to charity. The play is not to be given until after the holidays, it is understood.

• • •

Mr. and Mrs. A. C. Weiss left yesterday afternoon for a trip to New York.

• • •

Mr. and Mrs. James T. Hale and Mrs. C. F. Macdonald left this morning for Deerwood. They will make the trip in the Hale touring car. They will visit there for a week and Mr. and Mrs. Hale will then close their cottage for the season.

• • •

HORACE W. REYNER,

The Art of Singing.
Tone Production.

Coach—Songs, Oratorio and Opera for Concert Performance.

Residence Studio: 427 E. 2nd St.

At a pretty home wedding service Wednesday morning Miss Winnifred George, daughter of Mr. and Mrs. George, of 1007 East Fifth street, became the bride of Laverne Olney of Mendon, Mich. In the parlor, where the ceremony took place, pretty decorations of white sweet peas and ferns were used, while the dining room rose colored asters and ferns were the decorations.

The bride was attended by Miss Ruth Mann and the groomsman was M. W. George. The service was read at 10 o'clock by Rev. Alexander Milne of the Pilgrim Congregational church. The bride wore a pretty gown of white crepe de chine and carried a shower bouquet of roses and lilies of the valley. Miss Mann was gowned in blue and carried white roses.

Mr. and Mrs. Olney left for a wedding trip and after Dec. 1 they will be at home at Mendon.

• • •

Mrs. H. S. Haney of 1610 East Third street left Monday afternoon for a two months' visit with friends at Toronto, Providence and New York.

• • •

Mrs. J. H. Crow of Virginia was the guest of friends in this city during the week.

• • •

• • •

Mr. and Mrs. James Pascoe, who were the guests of Mr. and Mrs. John Sundeen of West Duluth, returned during the week to their home at Cloquet.

• • •

Miss Anna Brown of West Duluth left during the week for a visit at Virginia.

• • •

One of the delightful affairs of the week was the reception Wednesday evening at which the congregation of the First Baptist church entertained in honor of the Rev. J. S. Kirtley and Mrs. Kirtley, who have recently come to the city from Elgin, Ill. The affair was a largely attended one by the clergy of the city and their wives, and by the members of the congregation. The rooms were attractively decorated in the autumn foliage and mountain ash berries. On the refreshment tables huge bunches of scarlet sage was used to charming advantage. An interesting program of musical numbers and readings and welcoming speeches was given.

• • •

Miss Clarie Church and Miss Florence Bradley visited at Nashwauk the first of the week.

• • •

The first of the series of national evenings which are to be given during the winter by the members of the St. John's English Lutheran church took place Tuesday evening at the home of Mr. and Mrs. George M. Jensen of 212 Eleventh avenue west. The rooms were prettily decorated in the Danish colors, flags of the country were hung about the rooms and the hostess and the young girls who assisted were gowned in the national costume of Denmark. Folk songs were sung and music of the country played. Nelis Nissen read a paper on Denmark, its customs and industries.

The affair was delightful and it is expected that the series will be greatly enjoyed.

CLUBS AND MUSICAL

The first meeting of the year of the Matinee Musicale will be held Monday afternoon at the Steinway hall. President's day will be observed and the program has been arranged by Miss Mary Syer Bradshaw. The membership tickets will be on sale from 2 o'clock on and the following program will be presented at 3 o'clock.

Sonata Op. 22 ..... Schumann
Presto Possibile,
Andantius,
Scherzo,
Rondo.
Mrs. Clarence B. Miller.

"Love's Symphony," .....Luckstone
"Staudchen" ..... Strauss
Alice Sjoselius.

"Variations on a Theme of Franz Schubert," ..... Alexis Holloender
Theme—Andante con mote.
Variations.
Mrs. Miller, Carlotta L. Simonds.
Accompanist, Mrs. Bradbury.

During the year the club will have for its study modern musical centers and the outline with the leader for the programs is as follows:

Oct. 5.—President's Day.
Oct. 19.—Vienna, Miss Markell and Miss Paine.
Nov. 2.—Berlin, Mrs. Munger and Mrs. Stone.
Nov. 16.—Scandinavia, Mrs. Ostergren and Mrs. Flaaten.
Nov. 30.—Paris, Mrs. Ostergren and Mrs. Stocker.
Dec. 14.—Christmas Music, Mrs. Richards and Mr. Reyner.
Jan. 11.—Rome, Mrs. Gough and Miss Morton.
Jan. 25.—Milan, Miss Hyland and Miss Pearson.
Feb. 8.—Buda Pesth, Miss Markell and Mrs. Jones.
March 8.—London, Mrs. Richards and Miss Wylie.
Feb. 22.—MacDowell, Mrs. Munger and Miss Schmied.
March 22.—St. Petersburg, Miss Hyland and Miss Pearson.
April 5.—Life's Story in Music, Mrs. Gough and Miss Morton.

State Convention.

Duluth club women will be well represented at the annual state conventions which are to be held during this month in the southern part of the state. The annual meeting of the Minnesota State Federation of Women's club will be held Tuesday, Wednesday and Thursday of next week at St. Cloud. The Ladies' Litterature class of this city will be represented by Mrs. W. S. Woodbridge, one of the charter members of the club and president of the Women's Council.

The Saturday club will have as its delegates the president, Mrs. Robert Smith with Mrs. H. S. Ely as alternate and the other delegate will be Mrs. Julia M. Barnes with Mrs. Oredson as alternate.

Mrs. J. L. Washburn, federation secretary, will report on the biennial meeting at Boston.

Oct. 30 is the date chosen for the annual state meeting of the Daughters of the American Revolution. Both of the local chapters will be represented at the meeting which is to be held at St. Paul. Greysolon du Lhut chapter has as its delegates the regent, Mrs. W. M. Burris and Mrs. Julia M. Barnes.

The delegates from the Daughters of Liberty chapter will be named at the first meeting of the year, which will be held the third Wednesday of October.

Cecilian Society.

The first meeting of the Cecilian society for the year will be held Thursday afternoon of next week at the home of Mrs. Harry Strig of 2331 East Fifth street. A study of Haydn's symphony "De La Reine" will be the program for the afternoon with songs of Haydn, Bach and Handel. The members who will appear on the program will be Mrs. K. A. Ostergren, Miss Elsie Smith, Mrs. Leo Ball and Mrs. John H. Ball.

A most interesting study for the year has been planned by the club. The officers for the season are: President, Mrs. Alex M. Gow; vice president, Mrs. K. A. Ostergren; secretary, Mrs. G. Herbert Jones; treasurer, Mrs. Harry Strond, and librarian, Miss Lynn.

The Art School.

During the week the classes for the autumn term of the Duluth Art School were enrolled and the outlook is most promising for an encouraging year's work. Classes in antique and life drawing and in oil will be organized and a special feature will be the children's class to meet Saturday mornings with Miss Jessie Case as instructor. The director of the school is C. C. Rosenkranz. An out of door sketching class will also probably be organized for the weeks of autumn.

The Rubinkam Lectures.

Dr. N. I. Rubinkam appeared yesterday afternoon at the lecture room of the First Baptist church in the first of a series of afternoon lectures. His subject was Ibsen's "Brand" and a clear and forceful exposition of the play was presented. Dr. Rubinkam spoke of the interest which has within the last few years and months, been evidenced in the religious drama, many of the notable examples of the playwright's art being along the lines of this interest. A large audience was present, more than 200 men and women being in attendance.

During the last summer Dr. Rubinkam has lectured before the students of the Chicago university and has been received with great interest.

The next lecture in the series will be given Monday evening at the church when the character of John the Baptist in the bible in Sudermann's "Johannes" and the Wilde-Strauss "Salome" will be compared.

Trinity Guild.

The first meeting of the year of Trinity Guild will be held Monday afternoon at 2:30 o'clock at Trinity hall.

To Rehearse "Messiah."

The rehearsals for he "Messiah" will commence Tuesday night, Oct. 6, at 8 o'clock in the lecture hall of the First Methodist church. Dr. Ryan will be in attendance at 7:30 to meet any who wish to join the chorus for the evening season's work as members of the Duluth Oratorio society.

Bishop's Club.

The first meeting of the year of the Bishop's club will be held Tuesday evening of next week, at the club rooms on West Fourth street. The enrollment of members will take place and the outline to be studied during the year will be presented the members. The club will study interesting features of the life and development of the United States. An informal social hour will follow.

A Skin of Beauty is a Joy Forever.

DR. T. FELIX GOURAUD'S Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every blemish on beauty, and defies detection. It has stood the test of 60 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the haut-ton (a patient): "As you adies will use them, I recommend 'GOURAUD'S CREAM' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Ferd. T. Hopkins, Prop., 37 Great Jones St., New York

the EVENING STORY

"Biddy" McRee

By Maurice Smiley.

(Copyrighted. All rights reserved.)

About the only reason for calling him "Biddy" was that he was such a "mother boy," as most of the folks in the neighborhood called him.

Not that they looked down on him for being so devoted to his mother. That is, those whose opinion really amounted to anything. Of course, some of the light-heads made fun of a man of 26 still "tied to his mother's apron strings," as they rang the changes on the old cheap witticism. Tom didn't care for that; at least, he didn't care how many people made fun of him so long as his mother's eyes lit up with affection as he came home tired from his work and so long as she met him at the door with a smile on her wrinkled old face and bustled around so lovingly getting his supper.

Perhaps, however, he really did care after Millie Lee took the district school. He didn't want her to make fun of him.

After Tom's father had worn himself out on the old place and had been gathered to his fathers, Tom's two brothers and sister had "married off" one by one. But he stayed on, wringing by unremitting industry a scanty living from the rocky soil. The old place was dear to him for many reasons, and he knew it would break his mother's heart to leave it.

If Tom had ever given any thought to setting up a home of his own, he had resolutely banished it. He knew that there was little prospect of the old place growing any more productive and even the most economical wife would be a burden which he knew it would be long before he could assume—not while his mother lived, surely.

Many a furtive pang pierced the old woman's heart when Tom would take a sweetheart for a time from among the neighborhood girls. It was only natural, she thought, that he would get married some time and the conviction that she was standing in the way of the young man's happiness caused her many a secret tear. But the lad only laughed when his mother made reference to his sweethearts. He called them his "sprees" and not until Millie Lee came had he really ever thought seriously of the things which usually engage more or less of every young man's attention.

"It's a shame, Tom," said his mother, wistfully, "that you should be tied down here on this old place to an old woman, when you ought to be setting up a home of your own."

"All right, then," he replied with a smile, "I'll bundle you off to the poorhouse and strike out for the city."

Then he caught his mother up in his arms and said, tenderly:

"Never you mind, mother. I'm not worrying about it and why need you?"

But all the same Tom did a good deal of worrying. For one thing, Millie Lee, while she seemed to like him more than any of the other young men in the neighborhood was yet a little too fond, apparently, of Bud Brighton, to preserve Tom's entire peace of mind.

Then there was the matter of that black streak down in the pasture. Tom hardly dared to hope that there was coal down there, but he was half convinced that there was and many a spare hour did he spend in "prospecting," when he ought to have been resting. Secretly he was sinking a rude shaft, though he told his mother he was digging a well to increase the supply of water for the stock.

Then came the day when he "struck it." He could hardly realize all that it meant when his drill hit the hard, black substance which proved to be an excellent quality of coal.

Coal! That is a common enough thing. There isn't much in the way of dreams and happiness associated with plain, black, everyday coal. But to "Biddy" McRee it meant all the world. It meant ease and comfort for his mother. It meant taking on a hand or two in the management of the farm. It meant above all the right to ask Millie Lee to become his wife.

When he went home that night two surprises awaited him. His mother was seriously ill and Millie Lee was waiting on her. As she bustled about the place she seemed to bring light and gladness with her and Tom watched her wistfully.

But it was not long before he found the opportunity. His mother was convalescent, though still in great danger of a relapse. For reasons of his own, he did not say anything about the finding coal in paying quantities. He would stake his chance with Millie on the merits of the case and if she cared for him at all, she would accept a hard-working, poor man. If she could be influenced by any mercenary considerations—well, he would put it all away from him and go on as before. It would be all the sweeter to surprise both her and his mother.

He watched her as she prepared the evening meal and a sudden resolve took possession of him.

"It looks awful homelike to see you around the old place, ——llie," he said. "I've got something on my mind that I have had there for some time."

She paused in the act of taking the biscuits from the oven and possibly the heat from the stove made her face suddenly flush. Perhaps it was something else.

"I know I ain't good enough for you," he went on, bluntly. "I haven't had any education. I've just been taking care of mother ever since I was a boy and I hain't had the chance that lots of young men have had. You know what the old place is. There ain't much to be made out of it. It wouldn't support three people very well, specially when one of 'em has been used to better things."

Millie was nervously setting the table by this time. She nodded as he paused, but neither of them noticed the dishevelled figure peering in the doorway, the eyes wild with fever that had come back. In the fevered brain the old pain was rankling, the old thought that at last Tom had found the woman he loved; that she, his mother, was all that stood between them and happiness. She would do so no longer. There was a way. So it was with the cunning of the distraught that she slipped from the house just as Millie Lee was saying:

"I don't mind telling you, Tom, that I would marry you if it was not for your mother. There isn't enough for us all. You will have to do something about her."

Perhaps she put the test badly, for Tom thought she really meant that he must give up his mother and let her shift for herself. The thought cut him like a knife and he started out into the night too pained to say anything for a time.

"I can't do that, Millie," he said slowly. "I can't leave my old mother—not even for you. I didn't think you was that kind. I thought you was different."

Before she could explain or throw her arms around his neck, as she wanted to do and tell him that she honored him more for his patient devotion to his mother, Tom had passed into the bedroom, to give a cry of alarm a moment later and rush out into the darkness.

He found her wandering aimlessly along the road to the town, babbling incoherently in her delirium about "getting out of the way."

Strong and tender arms bore her back to her home and beside the bed where Tom was kneeling Millie Lee put her hands on his shoulder and said:

"I didn't meant it the way you thought, dear. I was only trying you. I only meant—that—I—"

"That you love me too much to be a burden to me?" asked Tom in a whisper of joy as his mother dropped off into a calm sleep.

Millie nodded as she put her head where her hands had been.

"Well, don't you worry about the burden part of it," he said. "There's coal enough down in that old pasture to keep us in comfort for 214 years, as near as I can figure it out, at the rate of $100 a month. Can't you scrape along on that much, dear?"

The Sparkling Beauty

of our jewelry appeals irresistibly to all women and most men. And with reason.

For the beauty is that of good quality as well as appearance. We invite you to come and see our display. If you have the making of a gift in mind, you will find suitable jewelry here at a price as low as honest quality will permit.

"QUALITY" OUR MOTTO

T. E. REINHART

129 WEST SUPERIOR ST.

LONG TERM IS FAVORED

Water and Light Department May Sign New Gas Contract.

Will Bind City to Furnace Company to January 1, 1922.

The city water and light department will very likely sign a new contract soon with the Zenith Furnace company for the furnishing of gas from its plant at West Duluth. The board heard the proposition of the Zenith Furnace company officials at a special meeting a week ago. The members are now considering it individually, and they will probably take some action at a meeting in the near future.

The present ten-year contract between the water and light department and the furnace company entered upon its fifth year Aug. 1. The request for a new contract comes from the furnace company at this time on account of contemplated improvements at the plant. The company intends to spend half a million dollars in improvements, but before doing so, wishes to have the city bound to use its gas for a longer term than the present contract, which will expire Aug. 1, 1914, covers.

In the opinion of the city attorney, the board has no right to make a contract for a longer period than ten years, but it has the right to make a contract now to become effective some time in the future, covering ten years. The furnace company asks that the city make a contract now for ten years, to become effective Jan. 1 1912, the present contract continuing in force until that time. In that way, the city will be under contract for a period of about thirteen years from the present time.

It is believed the board will sign the contract under those conditions. The three years before it becomes effective are asked for the completion of the improvements, which may be made in less time, but may not, on account of the necessity of issuing bonds and the time which will be consumed in other preliminaries. Under the proposed new contract, the department will pay 40 cents per 1,000 for commercial gas and 87½ cents per 1,000 for gas for department uses, the rates being the same as those at present in force.

The members of the board do not see where the city will lose anything by the new contract. By binding the department for the longer period of years, they are certain to have the prevailing price of gas maintained, whereas the prices of labor and coal are certain to be on the increase. They think the terms are reasonable and the contract will very likely be signed, insuring the present relations between the board and the furnace company until Jan. 1, 1922.

WILL OPEN A DULUTH STORE

Harry Mitchell, the Well Known Twin City Tailor, Leases Building.

Harry Mitchell, the well-known tailor, who has stores in St. Paul and Minneapolis, and whose business extends all over the Northwest, has taken a long time lease on the former Y. M. C. A. building, on Superior street, between Lake and First avenue east, and will open a Duluth store within a few days.

Mr. Mitchell was the first man in the tailoring business to advertise that clothes made to order could be sold as cheaply as ready-made clothing, and he has built up an immense business in proof of his ability to give the public clothing made to order at ready-made prices.

Buying as he does, woolens from the largest and best mills of America and Europe, Mr. Mitchell carries more cloths in stock than many wholesale establishments.

It is his intention to make the Duluth store a very important branch of his business and, toward that end, a large stock of choice woolen fabrics will be carried and a large force of skilled tailors will be employed.

WRITES HASKELL IS CHARGED WITH FRAUD.

Washington, Oct. 3.—President Roosevelt today gave out a letter received by him from W. L. Sturtevant of St. Louis, Mo., in which the writer declares that Governor Haskell's statement in his letter of Sept. 30, regarding the latter's connection with the Creek Indian lands is so imperfect that it is entirely misleading. The letter says that Haskell is charged with direct participation in the frauds through which the Indians were deprived of their property.

Gets $1,500 Damages.

Wadena, Minn., Oct. 3.—(Special to The Herald.)—I. D. Estabrooks, the liveryman, who was injured at the Northern Pacific station last spring, and who sued the company for damages, has received a check for $1,500, the amount the company agreed to pay him in settlement of the suit. Mr. Estabrooks' injuries are of a permanent nature, and he has ben gaining very slowly.

IS LEGALLY ONE STREET

Judge Cant Upholds Assessment for Oneota Street Pavement.

Supreme Court Will Now Recide Case on Its Merits.

The right of the board of public works of the city of Duluth under the charter to levy an assessment on the property owners on two streets forming a continuous thoroughfare for an improvement petitioned for by 25 per cent of the property owners of the paving district taken as a whole, was upheld by Judge Cant in district court this morning. The decision was given after arguments on the appeal of the Nikannis company and Elizabeth Arnold from the assessment for the paving of Oneota and Ramsey streets from Forty-sixth to Fifty-fifth avenues west. A. E. McManus appeared for the appealing property owners and E. M. Morgan for the city.

The decision opens the way for the supreme court to settle a point, which has been in dispute since the pavement was laid last year, as Mr. McManus says he will appeal. The matter was before the supreme court once before in the injunction proceedings of Bert Wheeler and others as general taxpayers to prevent the payment of the contractor's estimate.

The case did not go before the supreme court on its merits. The taxpayers asked for an injunction on the ground that the assessment was illegal and that they would have to pay the cost of paving the street out of the general fund. The supreme court, however, held that the case was not before it until the assessment had been declared illegal.

The pavement of Oneota and Ramsey streets was petitioned for against the wishes of heavy property holders on Oneota street. The necessary 25 per cent. of the property holders in the paving district petitioned for the improvement, but most of the signers held property on Ramsey street, and Oneota street owners held that since 25 per cent. of the property owners on that street had not petitioned for the improvement, the levying of an assessment against them was illegal. The city legal department held that since Oneota and Ramsey streets formed one continuous thoroughfare, the petition of 25 per cent. of the property owners on the whole was sufficient, the difference in the names of the streets forming no obstruction. The decision of Judge Cant this morning upholds that contention and it will be for the supreme court to decide it finally.

FLOURISHES HIS REVOLVER

Joseph Mattson Fined $10 and Costs in Police Court.

For shooting off a revolver on Lower Lake avenue last evening, and otherwise acting in a disorderly manner, Joseph Mattson was fined $10 and costs or ten days in jail, by Judge Windom in police court this morning. Mattson got into a quarrel with the bartender in the Christopher saloon, 228 Lake avenue south, and was kicked out of the place. When he reached the street he pulled the revolver from his pocket and gave vent to his feelings by shooting it off in the air. A policeman saw him and he was arrested.

• • •

Whenever Henry Gjelsvold gets drunk, which is pretty often, he visits the Northern Pacific docks and makes himself generally troublesome. Yesterday he went down to the docks and became such a nuisance that he was arrested. This morning he was fined $10 in police court for trespass.

• • •

Dugal McCarthy, an old offender, was sentenced to sixty days in the county jail, without the alternative of a fine. Mrs. Michael McDonald, charged with stealing grain doors from the Northern Pacific cars, was allowed to go under probation. Her case will be taken up Nov. 2, and unless the report of her actions is a good one, it is liable to go hard with her.

• • •

Frank Poplans and Joseph Roman got drunk together, and then began fighting. They were fined $5 each and costs in police court this morning. Charles Marshall, while in an intoxicated condition, refused to pay for a meal in a lowery restaurant, and was fined $5 and costs, or five days in jail.

Eye specialist, at Spalding hotel, Friday and Saturday, Oct. 9 and 10.

AN ENDOWMENT FUND STARTED

Children's Home is Making Preparations for the Future.

An endowment fund for the Duluth Children's home has been started.

Thanks to the interest of generous friends, $2,000 came to the home during the past year, most of it as a legacy from Mrs. Clara E. Beck. To this has been added $500 of J. G. Williams' donation, which has been in the savings bank for several years past.

A further addition to the fund has been made from the sale of a lot donated to the home twenty years ago, by the Lakeside Land company. This makes a total of $3,000 as a starter for the fund. The proceeds of the sale of a lot at Fond du Lac, amounting to $40, and $5 donated by Mrs. O. H. Simonds, are included in the fund.

During the year a sustaining fund of $2,500 has been raised to make up the deficit in running expenses, and also a substantial fund to make permanent repairs.

IS INSANE FROM FEAR

Henry Johnson, Lost in the Woods, Loses Mind.

Is Raving Maniac When Found by His Comrade.

Insane with terror as a result of being lost alone in the woods at night Henry Johnson was brought to Duluth today, strapped hand and foot to a carriage seat—a raving maniac.

Johnson and Henry Erickson were working together building a house at Island lake. Yesterday Johnson is said to have become intoxicated and he started to walk to Duluth. He lost his way in the woods, and this morning Erickson started out to find him. He came across Johnson playing in the middle of the road, and showing every sign of insanity. Erickson attempted to get him into the carriage, but he refused to get in. Three settlers happened along and they assisted Erickson in getting the maniac into the carriage. He was then strapped fast to the seat, his hands and feet being tied. In this way he was brought to Duluth, and taken before Judge Middlecoff this afternoon.

Johnson is said to have some nephews living in Duluth, but they have not yet been located. He is about 50 years of age.

MANY BIRDS BEING SHOT

Police Are Keeping Close Watch for the Offenders.

The police are still receiving many reports of shooting within the city limits. Men and boys with guns are playing havoc with the hundreds of robins around the outskirts of the city.

The birds seem to be in their annual flight southward, and flock after flock is seen inside the city limits. The man with a gun has little trouble in bagging them, and in some parts of the city the execution among the innocent feathered visitors is causing people much distress.

Any one caught shooting at them will be given a stiff fine in police court, for in spite of all the warnings that have been issued, men and boys continue to violate the orders of the police, and break the provisions of the city ordinance.

CLAIMS HUSBAND LED DOUBLE LIFE

Had a Wife and Two Children in Old Country.

According to Mrs. Minnie Swanson, proprietress of the Midland hotel, between Second and Third avenue west, on Second street, her husband, Albert Swanson has been leading a double life, and on that ground she will take steps to have their marriage annulled.

She claims that she has learned from friends that her husband has a wife and two children in the old country. When she confronted Swanson with this he admitted having the two children, she claims, but said he was not married to their mother.

When Mrs. Swanson married Albert Swanson, on July 4, 1908, she claims that she lent him $300 to start a saloon business on Lake avenue. He was later arrested and fined for selling liquor after hours. Mrs. Swanson claims that she and his friends have seen nothing of him since then, and are of the belief that he has returned to the old country and his family there. She also says that he broke into and took all the money from a mechanical piano in the saloon before he disappeared, so that she had no way of getting back any of her money.

CREDITORS GET SMALL RETURNS

People With Claims Against Defunct White City Fare Poorly.

Creditors of the "White City," Duluth's amusement park enterprise, which went into the hands of a receiver last spring some time, fared rather poorly in the untangling of the financial snarl the company had become involved in, in district court today. E. P. Towne was assignee, but he was unable to carral enough negotiable assets to permit the payment to the creditors of amounts anywhere near their claims.

The Carpenter-Glass Lumber company had a claim of $2,704.47 and was awarded $117.33.

Jens H. Flaaten, whose band furnished the frolicsome airs at the park, sought to get $1,813.36 as a just amount for the services of his organization, but $114.23 was the best he drew today.

The Superior Telegram had a bill in for $240.54 and was allotted $15.15.

NEGRO KILLS WOMAN AND IS CAPTURED.

Grand Forks, N. D., Oct. 3.—(Special to The Herald.)—Prompted by jealousy and goaded on by liquor, John Henry shot and instantly killed Mrs. Ellen Falton here last night. Both are colored. Henry was put in jail this morning, and said when caught that he was on the way to kill Jack Reynolds and Ollie Henneso, whom he said were responsible for his trouble.

Put into the test. Let your teapot prove to you that for purity, flavor, quality and reliability "Salada" is supreme.

MAY SELL ITS WIRES

Western Union Will Take Over Missabe Telegraph Company.

Offices Will be Opened in Principal Range Towns.

It is reported upon the best of authority that negotiations are under way for the taking over of the telegraph system of the Duluth, Missabe & Northern railroad by the Western Union Telegraph company.

The general superintendent of the Western Union has been here making an inspection of the Missabe range telegraph service and it is stated that the negotiations for the sale of the service to the Western Union will soon be closed.

The purchase of the Missabe service would add to the northwestern territory of the Western Union. That company would operate all of the wires now controlled by the railway telegraph service of the Missabe road and would supply the range with its service.

The negotiations have reached such a stage that the taking over of the wires of the Missabe system is practically certain. It is expected that the deal will be consummated within a few days, and the Western Union company will then establish offices in the range towns.

CITY BRIEFS

Have Your Magazines Bound.
Thwing-Stewart Co. 'Phone 114.

Special Monthly Rates

For the winter season, at the Spalding and Hotel Superior, become effective Oct. 1st. Cafes of the highest standard.

Meeting For Men.

At the first regular Sunday afternoon meeting for men, to begin Sunday afternoon, in the assembly room of the new Y. M. C. A., Rev. M. S. Rice will speak on "The Faith of Our Fathers." All men are invited to attend.

Meeting For Boys.

The older boys meeting at the boys' department will be resumed Sunday afternoon at 4 o'clock. Every boy in the city 15 years and over is invited. J. B. Batchelor, the new physical director at the boys' department will be the speaker and Paul Gilbert, the soloist. The Bible study diplomas won in the recent Bible study examinations will be presented. The Sunday club committee will meet Sunday afternoon at 5 o'clock.

Aerial Bridge Repairs.

The aerial bridge will be open every evening from 5:30 until 7 o'clock until the repairs are completed. This will enable people living on the other side to get fuel and such supplies as they need. It is expected repairs on the structure will be completed next week.

Elect Officers.

At the last regular meeting of the Blacksmith's local union, No. 498 of T. B. B. of N., the following officers were elected: P. G. Phillips, president; S. Haley, vice president; S. Chapman, recording secretary; B. Smith, treasurer; R. W. Cummings, financial secretary.

Money From Hibbing.

More than $9,000 has been received by H. M. Peyton, treasurer of the fire relief committee, from Hibbing, being the balance of the fund collected in that range town to help out the people of Chisholm and other localities which suffered losses in the recent forest fires. The exact amount just forwarded by Hibbing by John A. Redfern was $9,833.34.

Mine Will Talk.

At the meeting of the Duluth Ministerial association at the Y. M. C. A. Monday morning Rev. Alexander Milne, pastor of Pilgrim Congregational church, will deliver a lecture on "Gustavus Adolphus, Hero of the Protestant Cause." This will be the first meeting of the association since the summer recess.

J. G. Falconer Is Home.

J. Gordon Falconer of 108 West Fifth street has returned to the city after an absence of six weeks, during which time he, in the company of Aaron M. Burnside, a mining engineer of national reputation, inspected the Princess mine at Elsbee, Ariz. Mr. Falconer says the presidential election is holding up operations in the West to a very great extent.

Friends In Council.

Friends in Council of the Pilgrim Congregational church will meet Tuesday evening at the home of Miss Alice Webster, 22 West Third street.

Republicans Will Meet.

At the regular meeting of the West Duluth Republican club, which will be held this evening in the West Duluth Commercial rooms over the Western State bank at West Duluth, Mayor R. D. Haven, W. E. Culkin and several candidates for county officers will make addresses.

PERSONAL

W. F. Fitch, president and general manager of the Duluth, South Shore & Atlantic railway, is in Duluth today.

A. W. Trenholm, general manager of the Omaha railway, is in the city today.

Mart Adson, general passenger agent of the Duluth, South Shore & Atlantic railway, leaves tonight on a western business trip.

J. H. Carlson, of Hibbing, is at the McKay.

Halvor Halvorson and D. B. Johnson, of Two Harbors, are at the McKay.

J. W. Osborn and wife, of Ely, are at the McKay.

E. Duncan and wife, of Two Harbors, are at the McKay.

Mr. and Mrs. M. W. Russell are back from their wedding trip and are at home at 514 Tenth avenue east.

The Rev and Mrs. Reader of San Francisco are the week-end guests of Mr. and Mrs. T. J. Davis of 1602 London road.

Whitney Wall left today for Chisholm to adjust the fire loss on the Range Power company's plant, which was burned during the forest fires a few weeks ago.

Mrs. John K. Richter has gone to Chicago for a month's visit.

STRUCK BY AUTO.

Boy Knocked Down by Machine and Sustains Broken Arm.

John F. Killorin's automobile, while being driven along Second street, going west, this afternoon ran down Morris Lats, 11 years old, at Second avenue east and broke his arm.

The boy attempted to run across the street, and was in front of the car before the chauffeur could stop it. The Lats boy resides at 118 East Second street.

Spectators say the machine was traveling at a high rate of speed.

DULUTH IS AN ORDERLY CITY

Very Few Serious Offenses Against Law During September.

According to the monthly police report, there were 36 arrests in Dnluth during the month of September. Most of these were for very ordinary offenses.

Sixty-five per cent of the money reported lost or stolen was recovered. The amount reported in this manner was $1,600, including cash and articles of value and $1,040 of this was recovered.

One hundred and ninety-four men were arrested on a charge of drunkenness, twenty-one for disorderly conduct, three for forgery, thirteen for gambling, two for grand larceny, seven for petty larceny, eight for trespass, eighteen for vagrancy, three for violating the milk ordinance and seven for threatened assault.

Two hundred and fifty-eight alarms were responded to, thirteen lost children were found, 110 lodgers were accommodated at headquarters, the patrol wagon traveled 291 miles, 149 meals were furnished to prisoners and lodgers, and one suicide was reported.

Only ten burglaries were reported during the month and five grand larceny cases.

Considering the fact that Duluth is full of returning harvesters and lumberjacks preparing to go to their winter's work in the woods, remarkably good order is being maintained in the city. During the time of the year when usually there is a large number of rather a rough class of transcients in town, and more or less trouble might be expected of them.

TO SEEK WOMAN WHEN RUINS COOL

Two Summer Hotels Near Boston Destroyed by Fire.

Boston, Oct. 3.—Two of the largest hotels, Cresthall and the Ocean View house, and three valuable summer cottages were destroyed by fire here early today with a loss estimated at more than $150,000. Mrs. A. C. Dumont of Cincinnati, who was a guest of the Cresthall, was reported by the police as missing and the men are waiting for the ruins to cool so they can be searched. There were nearly 100 guests in the two hotels and many had narrow escapes. Few persons were able to save any of their property as the hotel buildings were practically burned to the ground.

"WAVE FOR BRYAN GROWS"--TAGGART

Ex-National Chairman Declares It is Sweeping the East.

Chicago, Oct. 3.—Thomas Taggart, national committeeman from Indiana, arrived at Democratic headquarters today and conferred with Vice Chairman John E. Lamb and Roger C. Sullivan.

Mr. Taggart chairman of the Commercial Traveling Men's Bryan league, and declared reports from commercial travelers indicate a wave of Bryan sentiment is sweeping the East from New York, and has engulfed Ohio and covered Indiana.

He is accompanied by William Hoeg of New York, vice chairman of the commercial travelers, who gave Lamb glowing accounts of the New York situation.

Nathan Strauss, chairman of the Business Men's Bryan and Kern organization, will be in Chicago Monday when Chairman Mack of the national committee and Herman Ridder, treasurer, are scheduled to arrive. It is expected that a meeting of the executive committee of the Business Men's league will be called by Straus to decide on details of the campaign. Mr. Taggart will meet Mack Monday.

STORY BRANDED FALSE.

Pres. Howard Elliott and Northern Pacific Officials Deny Sale of Road.

Through a local source today came the denial of the purchase of the Northern Pacific's Duluth short line by the Northwestern line. The rumor has been prevalent for the past two weeks that the Northwestern has succeeded in securing the Duluth-Twin City line of the Northern Pacific. Both the Northern Pacific and Northwestern officials deny the story, and to further convince the public that the story was entirely groundless, President Howard Elliott of the Northern Pacific road has made an emphatic denial of the story.

The Wall Street Journal, a publication generally very well informed upon matters of financial and railway news, published the rumor that the Duluth short line had been purchased by the Northwestern line. The story of the purchase was also rumored in Twin City railroad circles. Local offices of the two roads in Duluth have denied the story. To this denial has been added the statement of President Elliott that there is absolutely no truth in the statement.

While the story was given little credence here, there was some talk of the possibilities of the truth of the statement.

MANAGERS MEET.

Questions Relating to Superior and Duluth Terminals Considered.

The annual meeting of the Lake Superior Terminal Transfer company was held at Superior today. W. F. Fitch, president and general manager of the Duluth, South Shore & Atlantic; A. W. Trenholm, general manager of the Omaha, and D. A. Philbin, assistant general manager of the Great Northern railway, were present at the meeting. Terminal questions and the rights of the four roads composing the terminal company, the Northern Pacific, the Great Northern, the Duluth, South Shore & Atlantic, and the Omaha, were considered at the meeting.

PILES CURED AT HOME BY NEW ABSORPTION METHOD.

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P, South Bend, Ind.

A Well-Known Duluth Contractor

An Ex-Mayor and Proprietor of Two Large Dye Houses, Three Cases of Catarrh Relieved by Cas-Ka

M. Fitzgerald is a well-known Duluth contractor. He lives at 123 E. Fifth street and says: "I have taken a great many medicines for catarrh, but this CAS-KA is the only thing I ever took internally that helped me. I have taken three bottles and I don't have that clogging up in the throat any more, and for the bowels it's one of the finest things I ever took. I am recommending CAS-KA to all my friends."

Ex-Mayor Capt. E. C. Davis of Crookston, Minn., says: I can certainly recommend Cas-Ka, as I have a daughter that I have spent hundreds of dollars on for medicine. She had the catarrh so bad that it impaired her hearing. She started to take this medicine, Cas-Ka, but never for a moment expected it to help her deafness. Anyhow, she had taken only two bottles when her hearing returned. Cas-Ka has also helped me for kidney trouble.

These three cases of catarrh go to show, that what Cas-Ka will do for one it will also do for another. Capt. E. C. Davis, ex-mayor of Crookston, is one of the best known men in Minnesota. His daughter took this medicine in December, a year ago. Write him or anyone in Crookston about this case, or C. B. Kelly can be seen any time at his place of business, the Fargo Dye Houso and Northwestern Dye House, of Fargo, N. D. Mr. Kelly says: "Yes, I know Cas-Ka has been a great help to me for catarrh, although when I bought the first bottle I was taking it for a lame back which I have had for six years. The first bottle relieved my backache. I have now taken five bottles and my backache is gone. On account of my catarrh I have been hard of hearing for the past twenty-one years, and I was surprised to discover my hearing was coming back. I have three rooms here in my place of business and formerly when the telephone would ring I could not hear it even when I was in the same room with it. After I had taken two or three bottles of Cas-Ka, Mrs. Kelly asked me one day why it was that I would come from the back room to answer the telephone when two months ago I would have to be called though I was in the same room with the 'phone. Then I began to think about whether Cas-Ka was doing it or not. I have watched my improvement by going into the back room and have some one ring the 'phone, which I can now distinctly hear. I know Cas-Ka has helped me greatly for catarrh and deafness and you can tell everybody about it. I am telling everyone I know who has catarrh or backache what Cas-Ka has done for me."

If you are so situated that you cannot come twice a day to try CAS-KA free, you can get one of the $1 bottles for 35 cents, and if you don't notice any benefit for catarrh or rheumatism, take the bottle back and get your money. And in ten days if we don't relieve your stomach, kidney or liver trouble, we refund your money.

Sick headache, female weakness, or getting up nights, caused by weak kidneys, relieved in four or five days. You can use part or the entire bottle as a test. Now you don't have to spend even 35 cents to find this is true, as you can come twice a day and try it free until Oct. 17th.

CAS-KA does these things by making the blood pure.

Mail orders will receive prompt attention from those living at a distance from Duluth.

Boyce Drug Store, Agents.

F. J. McMillan, Mgr. CAS-KA Co.

Only two more weeks of Free Treatments and sale of $1.00 bottle 35c, or three for $1.00.

COPPER STOCKS HAVE ADVANCE

Shares Show an Improvement During the Short Session.

Copper stocks improved today and the market was generally higher than yesterday, at the close. North Butte opened at $82.62½, went off to $82.50, rallied to $83.25 and closed at $83 bid and $83.12½ asked. Amalgamated opened at $75.50, advanced to $76.37½ and closed at $75.87½ bid and $76 asked.

Greene-Cananea opened at $10.50, advanced to $10.75 and closed at $10.62½ bid and $10.75 asked. Butte Coalition opened at $5.25, declined to $25, rallied to $25.37½ and closed at $25 bid and $25.25 asked. Calumet & Arizona opened at $116.75, declined to $116.50, rallied to $118 and closed at $117.50 bid and $118 asked.

Superior & Pittsburg sold at $13.87½ and $14 and closed at $13.75 bid and $14 asked; Denn-Arizona at $3.50 and $3.62½, and closed at $3.62½ bid and $3.75 asked; Butte & Superior at 93 and 94 cents and closed at 90 cents bid and 95 cents asked; Red Warrior at $5 and $4.87½ and closed at $4.87½ bid and $5.12½ asked; Calumet & Sonora at $9.37½ and closed at $9.25 bid and $9.50 asked, and Carman at $4.12½ and $4 and closed at $4 bid and $4.25 asked, and Globe at $6, declined to $5.75 and closed at $5.62½ bid and $5.87½ asked. Nipowitza was inactive and closed at $2.62½ bid and $2.87½ asked; Butte-Ballaklava at $7.62½ bid and $7.87½ asked.

Black Mountain sold at $3.25 and $3.37½ and closed at $3.37½ bid and $3.12½ asked.

The copper output of Calumet & Arizona and Superior & Pittsburg during the month of September was 2,081 tons.

CROOKSTON PAPER CHANGES.

Daily Journal Passes Under a New Management.

Crookston, Minn., Oct. 3.—(Special to The Herald.)—The Crookston Daily Journal is under a new manageent, M. E. Kirsch having disposed of his interest. A stock copany is being organized and articles of incporation will be published in a few days, of the corporation which is to become the publisher of the paper. Under the new management the paper will be independent, politically.

MRS. WAKELIN DIES.

Had Lived in Duluth Forty-three Years—Leaves Many Friends.

The funeral services to be held over the body of Mrs. Mary Wakelin, wife of Scargill Wakelin of 213 Fourth avenue west, who died of old age today, at her home, will be held from St. Paul's Episcopal church Tuesday, at 2:30 p. m.

Mrs. Wakelin came to the Head of the Lakes in 1856, and has resided here constantly since. She leaves a son, W. S. Wakelin, her husband, and a host of life-long friends to mourn her death.

She was 79 years old, and was until a few years ago, an active worker in the Episcopal church.

L. T. HARRISON TALKS.

Spoke on "Commission Government" Before Royal Arcanum Friday.

S. T. Harrison, a prominent local attorney, spoke Friday evening before the members of the Duluth lodge, Royal Arcanum, on "Municipal Government by Commission." The talk was a very interesting one, and was listened to with the closest attention by those in attendance.

This is one of the important questions of the day in municipal affairs and Mr. Harrison showed that he thoroughly understood his subject.

This was the first of a series of talks the Royal Arcanum is planning on holding this winter. Some prominent man will be asked to speak at each monthly meeting, and the great issues of the day will be thoroughly threshed out before the members.

BIRTHS.

NOSSEUM—A daughter was born to Mr. and Mrs. G. P. Nosseum of 725 East Fifth street, Sept. 19.

MELAND—A daughter was born to Mr. and Mrs. O. S. Meland of 826 East Sixth street, Sept. 29.

PETERSON—A son was born to Mr. and Mrs. August Peterson of 105 South Sixty-fourth avenue west, Sept. 30.

BROWN—A son was born to Mr. and Mrs. James Brown of 411 North Fifty-ninth avenue west, Oct. 1.

OSTELE—A son was born to Mr. and Mrs. Ole Ostele, Aug. 30.

ERICSON—A daughter was born to Mr. and Mrs. Richard Ericson of 3011 Minnesota avenue, Sept. 18.

WIGGENS—A daughter was born to Mr. and Mrs. Oscar Wiggens of 5301 Wadena street, Sept. 30.

ISAKSON—A son was sborn to Mr. and Mrs. Christ Isakson of 303 Chestnut street, Sept. 23.

ISAKSON—A son was born to Mr. and Mrs. Christ Larson of 427 North Sixtieth avenue west, Sept. 25.

STOCKER—A son was born to Mr. and Mrs. G. W. Stocker at Lsaon hospital, Sept. 28.

MUCCILLI—A son was born to Mr. and Mrs. Carlo Muelli of 223 Fifty-seventh avenue west, Sept. 26.

FISHMAN—A daughter was born to Mr. and Mrs. Herman Fishman, 219 East Seventh street, Sept. 24.

PEIFETTO—A daughter was born to Mr. and Mrs. Tony Peifetto, 1125 West Superior street, Sept. 25.

GREEN—A son was born to Mr. and Mrs. L. F. Green, 801 Lake avenue south, Sept. 26.

LEVINE—A son was born to Mr. and Mrs. B. Levine, 20½ East Second street, Sept. 18.

SALETTENE—A daughter was born to Mr. and Mrs. Andrew Salettene, 246 St. Croix avenue, Sept. 27.

NESS—A daughter was born to Mr. and Mrs. O. Ness, 2316 Helm street, Sept. 16.

NUSBAUM—A daughter was born to Mr. and Mrs. T. Nusbaum, 27 Seventh avenue west, Sept. 14.

WAHLUND—A son was born to Mr. and Mrs. Axel Wahlund, 522 South Twenty-second avenue east, Sept. 25.

JOHNSON—A son was born to Mr. and Mrs. Jacob Johnson, 2322 West Sixth street, Sept. 27.

BUILDING PERMITS.

To Peter Johnson, frame dwelling on Grand avenue, between Seventieth and Seventy-first avenues west, to cost	$500
To John Jenswold, Jr., brick and frame dwelling on McCulloch street, between Forty-fifth and Forty-sixth avenues east, to cost	2,500
To Benjamin Loyer, repairs to frame dwelling on Thirty-second avenue east, between Water street and lake shore, to cost	175
To Thomas Jensen, frame barn on West Fourth street, between Twenty-seventh and Twenty-eight avenues, to cost	85
To Thomas Nauffts, alterations on building, West Superior street, between Third and Fourth avenues, to cost	1,000
To Mrs. C. A. Cox, frame dwelling on Wadena street, between Fifty-second and Fifty-third avenue west, to cost	$200
To W. H. Cole, frame dwelling at Endion, to cost	2,500
To J. E. Lundmark, frame barn in Princeton division, to cost	125
To E. C. Perry, frame cottage on East Sixth street, between Twelfth and Thirteenth avenues east, to cost	1,900
To J. D. Elliott, frame dwelling on East Second street, between Twenty-fourth and Twenty-fifth avenues, to cost	6,000
To J. W. Sheridan, frame addition to barn on Northern Pacific right-of-way, between Fourth and Fifth avenues west, to cost	250
To O. E. Goodin, frame dwelling on Vernon street, between Winnipeg and Michigan avenues	$2,500
To Dr. H. Collins, brick dwelling on East First street, between Twenty-fifth and Twenty-sixth avenues east	17,000
To R. J. Kelley, frame dwelling on Huron street, between Twenty-seventh and Twenty-eighth avenues west	2,500
To H. E. Schwerdt, stone basement on Orange street, between Ebony and Teak streets	300
To A. Anderson, basement on West Eighth street, between Lake avenue and First street	450

A Fatal Superstition Among Caribbees.

The inhabitants of the Caribbee Islands are a most superstitious people, and to a great extent their life is guided by signs and omens. They believe strongly in the evil influence of ghosts and devils, a belief which in the past led them into the most frightful practices.

One of their most potent superstitions

An Obeah woman of the Carribees.

is the "Obeah." In all probability the term Obeah is derived from the word "Obi," which is used by the natives of the East Coast of Africa to signify witchcraft and fetichism. The Obi has been traced back into Egyptian mythology.

The belief in Obeah is not infrequently fatal to life, the believer pining away till death claims him. On every estate and in every village there is at least one Obeah man or woman—more often the latter. This person is believed to possess the evil eye or the powers of the devil. A negro who wishes to be rid of an enemy goes to the Obeah woman and secures her aid by paying her a sum of money or giving her presents. The woman has her reputation to maintain, and if her influence over the victim fails she resorts to slow poisoning, but this is rarely needed, as the Obeahed man or woman immediately falls into the clutches of the sorceress or Obeah. The Obeah woman's method is this. As soon as engaged to use her supernatural powers she seeks out the victim and tells him he is to be Obeahed. He becomes a prey to fear and pines away. His family and friends notice the change in his condition and declare he is "Obeahed," and fall away from him in terror. Thus the deadly work, once begun, finds an end in his miserable death, though it was the workings of his mind that killed him, the Obeah woman is held responsible and feared by all in the community accordingly.

The Dominion of Canada contains nearly 8,746,000 square miles.

GUS ROGERS AND HIS PRIZE. BY MAUD WALKER

"Gus, don't you think that great big watermelon is ripe?" asked Gus Rogers' Aunt Mary, with whom he made his home. "It thumped pretty deep yesterday when I tried it with my thumb."

"I don't think—I—why, Aunt Mary, there are some other melons in the patch that are ripe, I know." And Gus, who had begun to speak in an evasive way, brightened up with the information about the "other melons" in the patch. "Shall I run down and fetch a basket of ripe ones up and put them in the cellar to cool?"

"Why, we're to have company tomorrow for dinner," explained Aunt Mary, "and I thought that a good time to pull that giant melon. I don't think I ever saw so large a melon, and it's perfect in shape and color. I dare say it will be as sweet as sugar. It's of the black seed variety, isn't it, Gus?"

"Yes'm, and so are all the melons in the patch. I'll run down and thump the big melon; but I guess there're others that ought to be pulled first." And Gus started off on the run towards the melon patch that was still flourishing with its "last crop," and would continue to do so till the frost.

"No, I want the big one—if it's ripe, Gus," cried out Aunt Mary after her nephew, who answered back: "I'll thump it, Aunt, and see how it sounds."

Then, as he entered the patch of melons he went directly to a huge green one, as much as a boy could carry. "Gee, but you're a bute, old feller," he said, stroking the bright green rind of the melon. "And it seems a shame that Aunt wants to feed you to those Smiths—for that's about who the company will be." And Gus sat down on the ground to talk the matter over to himself, using the melon as a listener. "Now, when you began to grow so fine and big I pulled up vines too near to your vine, cut off the other melons on your vine and hoed you and cultivated you till you just had to grow to be the grandest melon of the patch. And all the time I said to myself that you'd be ripe just in time for the Fair. And so you are. You're getting blood-red in the very heart. I can tell by the way you thump. And on next Friday the Fair opens. And school closes for that day to give the kids a chance to attend the Fair two days—Friday and Saturday. And I have meant all along to take you to the Fair and to carry off the blue ribbon tied about your little tail. Ah, and now Aunt Mary wants to cast pearls before swi—before the Smiths, which is the same, I reckon, as what I meant to say. And I want to sneak you off to the Fair. I don't want to tell Aunt and Uncle that I'm taking you to the Fair, for they'd say it was a lot of nonsense, for Uncle never bothers about taking his fine stock and produce to the Fair like the other farmers do. But I've raised you for the purpose of showing you, and I don't mean to allow you to be eaten till hundreds of admiring eyes have viewed you. So, I want you to thump GREEN, do you hear? And I want to leave you here till tonight; then I'll pick you and hide you in the hayloft till day after tomorrow, when I'll take you in the back of the buggy—all covered up—to the Fair. And I'll enter you for the first prize melon. And now I must thump you."

Gus bent over and softly thumped the big melon, doing it softly so as to make a faint noise. "Well, to be honest, I guess you are ripe. But—— it won't hurt to leave you on the vine till tonight. And you should have helped me out in this matter by thumping green. Still, there is nothing deceptive about you, old melon. And now what excuse am I to give Aunt for not picking you off? Ah, there's old Mrs. Adams coming down the lane! She's in for the day, she is, for when she comes to visit it means till dark drives her home. And she's as full of gossip as old Rover is of fleas, too, and she'll be gabbing so hard that Aunt's mind will be full of her and she'll forget all about the melon. I'll just get a couple or ripe ones and take them to the cellar."

So saying Gus selected two fine melons, put them in a big basket which he carried on his shoulder, whistling as he returned to the house.

As Gus had said, an old neighbor lady, Mrs. Adams, had come to spend the day, true country fashion, and had brought along a basket of sewing and a full store of gossip. So Gus' aunt did not think of melons again that day, except to tell Gus to put one in cold water to get cool for dinner. But the big melon was entirely forgotten by her during her neighbor's visit, which lasted till the shadows of night fell.

The next day was a busy one for the Rogers family. The Smiths—warm friends of Gus' uncle and aunt—came to spend the day. Mrs. Rogers, being so busy with the preparations for dinner, did not think to inquire about the melons, and not till it was time to bring them from the cellar to be cut for dessert did she notice that the large one was not there.

"Why, Gus, where's your choice big melon—the one we planned to have for today?" asked Mrs. Rogers.

Gus blushed and stammered: "I think the smaller melons are—are—riper, maybe, Aunt. Anyway, the big one—is—gone!"

"Gone?" asked his uncle, somewhat surprised. "Why, it was there yesterday, for I walked through the patch helping Dave to get a load for market. I told him not to pull that one."

Gus did not say anything more, but excused himself on some plea and slipped from the table while the company was engaged in praising the fine melons cut for their enjoyment. "I'm sure you'd not want a finer melon than this one," said Mrs. Smith. "It's like sugar." "Um, it's offul good," said little Roy Smith, filling his mouth and accidentally swallowing a seed in his hurry to devour all that was in sight.

Then the big melon was entirely forgotten for the day, and Gus felt relief when at last he went to his room for the night. In the morning he would be up and off before anyone was awake. His uncle and aunt had given their consent for him to take the one-horse buggy and go to town to the Fair. And Gus had the melon safely hidden away in the back of the buggy box, covered with some hay which was to serve as food for the horse.

Gus entered his great watermelon for the blue ribbon prize as soon as he reached the Fair grounds. And he felt proud, too, when he heard the farmers saying: "Hully-gracious! Did you ever see the like of that? Ain't he a whopper, though? Biggest melon I ever see in my born days!" And many other such remarks.

And to Gus' genuine pleasure, his melon took the blue ribbon, too, and it was tied on the little curly green stem—the part that Gus called the melon's tail—in a pretty fantastic how.

Saturday evening, at the close of the Fair, Gus loaded his fine melon, with the blue decoration still on it, into the buggy and started for home. How proud he would be to show the melon with the blue ribbon, and to show five dollars besides, for there had been a cash premium as well as the knot of blue for the prize melon, and Gus had been lucky enough to capture it. A broad smile of happiness and pride covered his honest, freckled face as he drove homewards. When about a mile from home he overtook a man on foot. As he drew rein in passing he asked the pedestrian if he would like a seat beside him in the buggy, saying he was going a mile further on.

"I should be glad of the rest, for I've walked this distance from town since 4 o'clock. I tried to get a livery rig from one of the stables, but owing to the Fair every conveyance was already in use. The Fair seems to be doing a big business this year." So spoke the traveler as he climbed into the buggy beside Gus. Then, as they started on he asked if he—Gus—could tell him just how far it was to the farm of Mr. George Rogers.

"Sure, sir, I'm going there now. I'm Mr. Rogers' nephew—his dead brother's child. And I live with Mr. Rogers."

"Ah-h-h!" And the man looked his surprise. "And your mother—where is she?" he asked.

"My mother was in very poor health, sir, after my father's death last year, and she went for a long visit to her brother, away out in the Rocky Mountains, where we hope she will get well and strong again. In her last letter to me she said she would soon be strong enough to come back to me, and that we'd get a little farm and live together."

Gus' voice was tense and full of emotion. He loved his mother devotedly, and the days that kept them apart seemed never ending, although his uncle and aunt gave him a good home and were very fond of him. The man put his hand on the reins, looking into Gus' face as he drew the horse to a slow walk. "Well, look at me, Gussie, for I'm your dear mother's brother, and I've come at her request to take you out West to her. She is so well and strong there that we've decided it is best for her to remain there. And we've bought her a nice little farm—all irrigated—for you to attend to. It's a melon farm, and I don't suppose you'll have hard work learning how to raise melons. And there's lot of money in Colorado melons, my lad. So——"

"Say, and so you're my good Uncle Tom I've heard mamma talk so much about," said Gus, pulling the horse to a dead stop. "And speaking of melons—well, just get out of the buggy, please, Uncle, and take a peep in behind." And Gus pointed out the melon and told the story of the prize. "And now, Uncle, I've drawn my second prize today. I've drawn you. And it's the best prize in the world to know that I've drawn the happy chance to go to my dear mother and to have a little place where we may work and be together. As for raising melons—well, I reckon I can learn."

Gus and his Uncle Tom both laughed as they climbed into the buggy and proceeded on their way. And when at last they reached the house and the newly arrived uncle was introduced and warmly welcomed, the story of the "prize" melon was told. And Aunt Mary threw her arms about Gus, saying: "You're a fine boy, Gussie, and I'm not afraid but what you'll succeed in anything you undertake. And although we'll be lonely without you—and have no more prize melons grown in our garden—we rejoice to know that you are to join your dear mother."

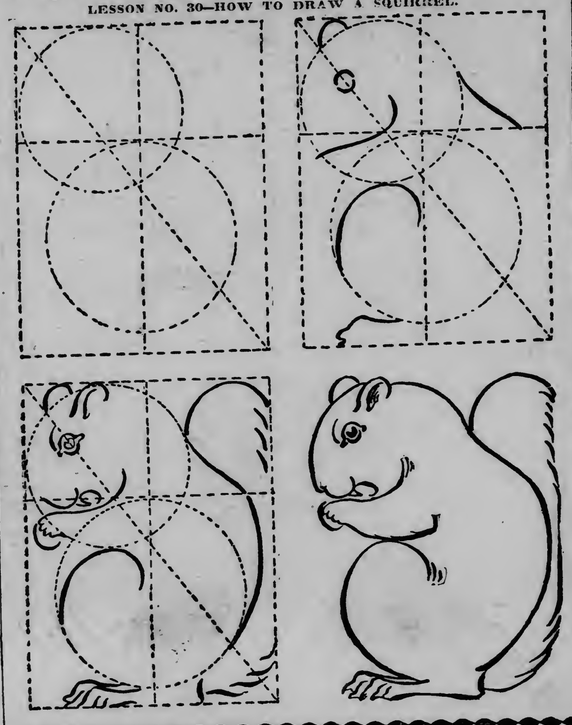

And as the family gathered about the table to eat the prize melon Gus was the center of conversation, and he was the happiest boy in the world just then.

So saying, Gus selected two fine melons.

Helpful Hints For Our Young Artists.

LESSON NO. 30—HOW TO DRAW A SQUIRREL.

The Goblin.

Willie got so frightened
That he was stiff and stark,
In the middle of the night,
When it was still and dark.

He thought he saw a goblin
A-standing white and tall
Over in the closet—
Up against the wall!

Yes, there it stood a-leaning,
As though it meant to stay
Till the night should wearily
Go and give place to day.

And Willie, crouched 'neath covers,
Let out his voice and cried,
A-calling to his mother,
Who came to his bedside.

"What is it? Son?" asked mamma,
Seeing Willie all afright;
And then she got the matches
And quickly made a light.

Ah, the closet door was open,
And there against the wall
Was one of Willie's night-gowns
A-hanging!—That was all.

MAUD WALKER.

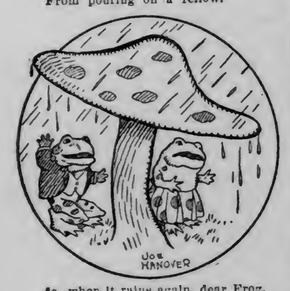

The Decision of the Frogs.

"I don't see why folks call it
A toad-stool," said Sir Frog,
As he viewed a tender growth
That had sprung beside a log

In the damp, deep forest,
And close to water, clear!
"I don't see why they call it
A toad-stool. Do you, dear?
It's not a stool, I'm certain,
For I'd be hardly able
To sit upon the thing at all;
It's more like a high table."

"A table, Sir!" said Mrs. Frog;
And out she came and sat
Upon the log to view the thing,
"Well, surely, it's not that.
It's one of those strange things you know
That's called an umbrella,
And it's intended to keep rain
From pouring on a fellow.

So, when it rains again, dear Frog,
Let you and me just try
To see if sitting under it
Will keep our clothes quite dry."

MAUD WALKER.

WHAT GIRLS AND BOYS SHOULD BE.

Be neat. Be orderly. Be proud. Be studious. Be loving. Be truthful. Be faithful. Be industrious. Be helpful. Be sympathetic. Be charitable. Be forgiving. Be grateful. Be ambitious. Be unselfish. Be unenvious. Be cheerful.

A LITTLE HEROINE OF THE PLAINS. BY HELENA DAVIS.

Every day during the fall months little Molly Donivan walked to the country school two miles distant from her home. And she took charge of and protected two little neighbor children, who were somewhat younger than herself, seeing that they were not "run over" by the older pupils, for, you know, there are boys—and girls, too, I'm sorry to say—that delight in teasing and annoying their juniors in age and inferiors in size. So Molly threw her protecting little arm about Peggy and Sammy Stone, twin sister and brother, and neighbors of Molly's.

During the severe winter weather Molly, and, of course, Peggy and Sammy (seeing that the twins never went to school without Molly) were obliged to miss many, many days of schooling, for they could not breast the severe weather such a long distance. But during the pleasant months they never missed a day.

Going to and from school was very pleasant, indeed, for their road was over a beautiful prairie, with great fields stretching on every side. It was in the Middle West, where very little timber obstructed the prairies, which rolled gently sloping for miles and miles. Also, it was the country where the cyclone often did great damage to property and life, for no mountains or forests were there to break its fury.

One very hot day in the latter part of September—for September is one of the hottest months in that part of the country—the heat was most oppressive; no wind—which is so usual during the autumn—blew to give relief, and the sky was full of small, heavy thundercaps. This was ominous, threatening a storm of some sort.

Late in the afternoon the schoolteacher decided it was best to dismiss school for the day, as every atmospheric symptom pointed toward a cyclonic disturbance, if not a genuine cyclone. She told the pupils to make all possible haste to their respective homes, saying that the sky was very threatening, indeed, for a great black-browed cloud was rising over the northwestern horizon.

Molly, with little book satchel in one hand and dinner pail in the other, and with Peggy and Sammy running close to her heels, went flying over the dusty country road toward her home, which was not to be seen from the schoolhouse, a long hill intervening.

"Hope it won't be a cyclone," gasped out Sammy. And even while he was speaking a gust of hot wind blew fiercely from the northwest. "Oh, that blew the dust in my eyes!" the little chap cried, stopping to wipe his face on his sleeve. "Say, Sister an' Molly, wait for me!" he called out to the running girls, who were leaving him behind.

"Well, Brother, don't be foolin' along," called out Peggy, pausing in her speed and waiting for Sammy to come up.

"Oh, got dust in your eyes?" asked Molly, pausing also and looking around toward Sammy, who was still trying to clear his eyes. Then she returned to the little boy's assistance, taking her handkerchief from her book satchel and wiping the lids of Sammy's eyes. "Now, I guess the dust is all out," said Molly, preparing to replace her kerchief in its resting place.

"No 'tain't," declared Sammy, batting his eyelids. "There's dust—chunks and chunks of it—in my left eye. Uh, it hurts, it does." And the suffering Sammy grabbed at Molly's kerchief to aid in removing the "chunks and chunks" of dust from his eye. Again Molly came to his assistance, this time turning the lid back as far as she could so that she might wipe the dust from under it. She had seen her mother remove dust from the herdboys' eyes many and many a time, and she knew just how to go about it. But the process took time, and before Sammy proclaimed his peepers all right the minutes had flown, and so had the great black-browed cloud, which now covered half the western sky. Then the day grew suddenly darker, and a furious wind came of a sudden, bringing dust, sand and occasional drops of rain. The storm was coming at the rate of 50 miles an hour, and the outer rim of it was upon the three little ones on the wild prairie.

Molly, versed in all the things of the plains, looked at the cloud, saw the under clouds whirling round and round; also noted that there seemed to be two strong upper currents of air battling with each other. Although the atmosphere was insufferably hot just before the wind struck it, it had now turned very cold, and Sammy and Peggy shivered. "Uh, let's hurry home," gasped Peggy, hardly able to speak in the fierceness of the gale.

But Molly's observant eye had seen something that neither Sammy nor Peggy had noticed. In fact, not one child in a hundred under 15 would have noticed it.

It was a funnel-shaped cloud as black as ink that kept dipping down toward the earth and swinging backward and forward as it swept across the prairie at least 20 miles away from the spot where the children were. Molly's face turned deadly pale, and her little hands trembled as she tried to fix her book satchel and dinner pail together in order that she might have one hand free to hold to Peggy with, for the wind was almost taking that little girl from her feet. "Come, hold to me, Peggy," said Molly. "And you, Sammy, take hold of my other arm. There! Now we must reach that little draw down yonder—the place where the bank is all washed out on the north side."

"But that ain't going home!" cried Peggy, her breath almost gone in the gale and her little sunbonnet flying away. "Never mind your bonnet—never mind anything but what I tell you!" Molly screamed in the children's ears, for now the storm was nearing them so rapidly that its roaring drowned their voices. And the rain was coming faster and faster. "It's a very dangerous storm," shrieked Molly, dragging the two little ones by main force, and against their will, towards the "draw" where one of the banks had been cut out by heavy rains into a deep cave-like ledge. "Come, we can't get home now. We've got to crawl under the bank in the draw! The distance was short to the draw, being only a few paces from the roadside and within a few minutes Molly had the twins safely tucked far under the overhanging bank, a little cave-like nook secure from wind and weather, and had herself crawled in after them. And there the three little ones remained for a long, long hour, for the wind swept above them in a perfect hurricane, tearing out by the roots the few stray trees that grew along the banks of the "draw."

Peggy and Sammy huddled down like two little mice, keeping their eyes shut tightly while with their hands they clung to the very soil beneath them, digging their fingers into it. But so secure were they that the winds swept above them, never touching them with its fierceness. And the ground being so dry the rain was swallowed up as soon as it fell, thus preventing the little run, or "draw" as the ditch was commonly called, from filling up at once. But as the rain fell in torrents quite a little river was formed in the bed of the ravine, and the children had some difficulty in keeping their feet out of it. "If the water rises much more we'll get a good soaking," said Molly, speaking to herself. "But we're not afraid of water. If the storm goes over without tearing our cave away we're in luck." And so it did. Soon the wind had blown over, the rain had followed it, still rushing on across the prairies like wildfire. And the great battlefield of the storm lay soaked and wind-swept, every tree, every haystack that had dotted the prairie was gone.

Slowly Molly crept from the little cave under the bank and looked about her. Some rain was falling yet, but not enough for apprehension, and toward the northwest the sky was clear and serene. But all about them the plains lay as bare as though it had been swept by a huge broom. Even the wild grass had been torn out by the roots. Molly looked toward the schoolhouse—or the place where it had once been. But the ground was smooth and not one board of the white frame building was to be seen. A great fear came over her. Suppose her own home—her dear parents!

But at that moment she saw a sturdy figure ascending the long hill, and into view came her own father. He was coming very rapidly, looking all about him. When he saw Molly he raised his hands as if in thankfulness.

Molly and the twins ran to meet him.

"Why, Papa, where did you come from?" asked Molly in cheerful tones. "Are mamma and the house safe?"

"Yes, dear, child. But how came you here? We supposed the teacher would keep you in the schoolhouse in the face of such a storm. But——" and for the first time he saw, to his surprise and dismay, that there was no schoolhouse. Then Molly told him how they—she and the twins—had crouched in the cut-out bank of the "draw" during the storm. And when she had finished, her father took her in his arms and kissed her.

"You are the bravest little girl I ever saw or heard of," he said. "You saved the lives of your little charges and of yourself by being cool-headed and brave. And now let's hurry home. Mamma and the father and mother of Peggy and Sammy are so anxious to know if you are safe. God bless you all. What joy they will feel when they see us all coming home together, safe and sound."

Molly returned to the little boy's assistance.

Our Puzzle Corner

LETTER ENIGMA.

My first is in sin, but not in good:
My second is in hearth, but not in wood:
My third is in eel, but not in fish:
My fourth is in tureen, but not in dish:
My fifth is in lake, but not in river:
My sixth is in arrow, but not in quiver:
My seventh is in nail, but not in tack:
My eighth is in doctor, but not in quack:
My ninth is in pearl, but not in gem:
My tenth is in flower, but not in stem:
My eleventh is the same as my seventh, you know:
My twelfth is in yacht, but not in row.
My whole spells an animal's name, you see,
And if you can guess it, please tell me.

HIDDEN BIRD PUZZLE.

If you will take the first letter of a one-syllable word from each of the following sentences and write them in the order in which they come, you will have the name of a great bird:

Be most respectful towards old age.
The sum of some men's happiness consists of money.
If there be sin in your heart, tear it out by the roots,
Never read for mere pastime.
Iron is a most necessary metal.
Never cry over spilt milk.
Hear with open ears all words of wisdom.

BEHEADINGS.

(1) Behead a narrow string and leave an animal of the monkey family. (2) Doubly behead a dangerous fish and leave the name of the first great ship. (3) Behead another name for sorceress and leave the effect of a mosquito bite.

CURTAILINGS.

(1) Doubly curtail a coin and leave the favorite toy of a little girl. (2) Curtail a small animal and leave a decoration worn by lodges and societies. (3) Curtail the name of one of Shakespeare's characters and leave an old and historical city.

CONUNDRUMS.

Why is life the greatest of all conundrums?
Because we must all give it up.
Which is the swifter, heat or cold?
Heat, for you can easily catch cold.
What flowers can be found between the nose and chin?
Tulips (two lips).
Why is a kiss like gossip?
Because it goes from mouth to mouth.
What is that which is put on the table and cut, yet never eaten?
A pack of cards.

ANSWERS TO LAST WEEK'S PUZZLES.

LETTER ENIGMA—Baseball.
HIDDEN NAME PUZZLE—Etna.
BEHEADINGS— (1) *Snail-nail.* (2) *Tarts-arts.* (3) *Yeast-east.*
CURTAILINGS—Ticket-tick. (2) *Wrapper-wrap.* (3) *Tippet-tip*

RUNAWAYS WHO HAVE BECOME FAMOUS

By JOHN S. HARWOOD

(Copyright, 1908, by the Associated Literary Press.)

COUNTING from the prodigal son, the list of runaway boys is a long one, but, fortunately for the boys themselves, not so long as the list of youngsters who, at some time or other in their career, have seriously contemplated the subject of running away. Obversely, the list of runaways who have failed lamentably to realize the ambitious dreams that led them to up stakes and pull away from the parental roof-tree is very much longer than the list of runaways who have become famous. Still, not to go into the careers of the prodigal son, Dick Whittington and other famous runaways of olden time who could not now defend themselves against any statements that might be made about them here, there remains quite an imposing list of modern runaways who have become famous in one way or another.

There is the Marquis Ito, one of the elder statesmen of Japan and governor-general of the despairing dependency of Korea. Mark Twain, the world's most famous living humorist, ran away. Joaquin Miller, "the poet of the Sierras," did the same. The New York Yacht club has successfully defended the America's cup three times against the assaults of a titled Englishman who first sailed past Sandy Hook as a runaway. John Weaver is a Philadelphia Dick Whittington; the late W. R. Grace was a metropolitan Dick. The late Tony Pastor ran away with a circus; John Wallace Crawford, "the poet scout," ran away to war.

National Law-Makers Who Ran Away.

Considering the relatively small number of boys who run away from home, the United States senate at the present time has more than its share of former runaways in Anselm Joseph McLaurin, junior toga wearer from Mississippi, and George Clement Perkins, California's senior representative in "the most august legislative body of the World." The house of representatives is far weaker in runaways; it can boast of but one, George Washington Cook, who represents the state of Colorado at large.

Anselm Joseph McLaurin of Mississippi ran away from home when he was 16 years old, not to go to sea, as did Senator Perkins, but to go to war. The latter part of the year 1848, when their son and heir was a few months old, the parents of the future senator removed from Brandon, Miss., where he was born, to a farm in Smith county, Miss. On this farm the boy grew up, attending occasionally the neighborhood schools until he was 16. When he had reached this age the great struggle at arms between the North and the South came on. Young Anselm, like the rest of the youth of the country, was filled at once with a martial fire. His parents wanted him to continue on with his studies—he was too young to go to war, anyway. But the boy took matters into his own hands, slipped out the first good chance he got, and enlisted as a private soldier. All through the war he carried a musket.

At the close of the struggle he made up his mind that he had had enough experience for the present and wanted an education more than anything else. His career as a soldier had made him hardy, it had shown him the seamy side of life, it had strengthened his character and caused him to look from a new point of view upon the actualities of life. He went at once to a then well-known Mississippi academy and studied for two years. Also, he studied law and was licensed to practice in 1868. Three years later, when he was elected district attorney, he was auspiciously launched on a political career that put him in the senate when the present century opened.

When McLaurin, the runaway soldier boy found out exactly what he wanted to do in life, he did not let the grass grow under his feet; he made good because he carefully considered each step of his career after he had made his first impulsive step of joining the Confederate army. Also, he worked hard. To educate oneself in general branches in two years, and at the same time to acquire a knowledge of law sufficiently extensive to be admitted to the bar is no small thing. And ever since he did this mental task McLaurin has been a worker. The father of ten children, seven of whom are still living, a presidential elector, a delegate to the constitutional convention of his state, and now with a seat in the senate of the United States, prosperous and respected, Anselm Joseph McLaurin, once a runaway boy, accounts his success in life to the fact that he not only worked, but worked with a definite end and purpose in view all the time.

Of a Fighting Family.

While McLaurin was running away from home to enlist in the cause of the confederacy, George Washington Cook, representative at large from Colorado, was bidding his paternal mansion a surreptitious farewell in order to link his fate with the cause of the Union. Cook was born in Indiana, and his family has such a fighting history that it was natural that he should insist upon going to the war with or without the consent of his parents. His father, who was an officer on the Union side, died from the effects of disease contracted in the Civil war, and his mother was a daughter of an officer who served with distinction in the war of 1812. His brother, a bugler in his father's regiment, at the age of thirteen, died for his country at Montgomery, Ala. Of course George Washington Cook could not be kept a thome under the circumstances. And then, too, there is his name, that of the country's first great patriot and father.

Representative Cook was twelve years old when he took matters in his own hand and enlisted under the flag as a drummer boy and went to the front with an Indiana regiment. At the age of fourteen he was company clerk, the youngest, according to the records of the War Department, who ever held that position in the history of the great army that Lincoln called into being.

When the war was over young Cook realized, as did so many other boys who had run away from home to enlist, that what he most needed was an education. Therefore, the first move he made after he had returned to the family roof and doffed his uniform, was to take up his school books again. The tasks therein finished, he went into business, first railroading in Chicago and Colorado respectively, and then mining. It was while he was stationed at Leadville, Colo., holding down two responsible railroad positions at the same time, that he was elected mayor of that famous mining camp. Re-elected, the town nominated him for a third term by acclamation, but he declined the honor because of his business interests, they demanding his full time. Until he was made Colorado's representative at large in the sixtieth congress this was the only political office he had been called upon to fill.

Naturally, this former 12-year-old runaway takes a great interest in Civil war organizations. He has been department commander of the G. A. R. for Colorado and Wyoming; in 1905 he was unanimously elected senior vice commander-in-chief of the G. A. R.; he is a member of the Loyal Legion, and at one time was president of Colorado's Soldiers and Sailors' Home. Wherever veterans of the Civil war congregate to talk over old times, and the talk drifts around to "babies" who went to the war willy-nilly, as far os their parents were concerned, some one is pretty apt to spin the story of George Washington Cook, who today, is 56, but was only 9 years old when Fort Sumpter was fired upon. His career as a runaway and in many other respects has been much like the career of Senator McLaurin, and to the fact that after the war he, like Senator McLaurin, worked hard and for a definite purpose, not stopping to loiter on the way to success is attributable.

When George Clement Perkins, United States senator from California,

Heard the Sea Calling.

at the mature age of 12½ years took fortune by the forelock and ran away to sea, his family were naturally distressed. Born on a farm near Kennebunkport, Me., the boy heard the sea calling him. Go to sea he must. The "deestrict' school did not appeal to George Clement. He dreamed of the sea at night and talked of it by day. Then one day he shipped himself on board a sailing vessel bound for New Orleans. The lot of a youth who leaves home for the first time to ship as a sailor upon the bounding deep is not all beer and skittles. It is highly probable that the future senator from the great state of California felt now and then during the career, which he chose for himself, the correcting and soothing influence of a rope's end or a belaying pin.

It seemed for a time as if Perkins was not going to turn out one of the runaways who made good. For four years and over, until he had become a big boy of 17, the lad knocked about in the forecastles of the Western ocean packets. In the year 1855 young Perkins shipped before the mast in the sailing ship Galatea, bound for San Francisco. It was the autumn of that year when he arrived within the Golden Gate, which was destined to be golden, indeed, for him. "The days of old, the days of gold, the days of 'Forty-nine" had not entirely vanished from California when Perkins arrived there. The state swarmed with opportunities if only a young man had the sand and level-headedness to take advantage of them.

Young Perkins saw these opportunities looming before him. He severed his connection with the good ship Galatea and took his trunk ashore for a full due. The runaway sailor boy had not taken life very seriously before, but now, like Grace in New York and Peru, he though the matter out with himself and decided that if he was ever going to amount to anything it was about time to set about it. He got a job in a store, he saved money, he went into the shopkeeping business himself; he started a bank; he went in for farming and for mining. In fact, wherever he saw an opportunity Perkins seized upon it. Today he is a millionaire. Then he took a prominent part in the affairs of his adopted state and city, finally landing in the United States senate. As he grew in years and wealth and importance Perkins began to educate himself. He felt the want which had not been supplied by his few years at the Maine district school or by the education afforded by the forecastle. He is an example of what can be done by a boy who really means to do it. Director of the San Francisco Art association and the California Academy of Sciences, Perkins is distinctly a runaway boy who has made good.

Two Modern Dick Whittingtons.

The Dick Whittington of New York city was the late William R. Grace, twice elected mayor of the old city; and in John Weaver, its executive head for four years, Philadelphia has its counterpart of London's most famous lord mayor. Grace was born in Dublin, and was attending one of the city's schools when he up stakes from the auld sod; Weaver comes from Whittington's own native land.

Young Grace's family was in fairly prosperous circumstances, and he undoubtedly would have been well started in life by it had he cared to remain at home, but the city of Dublin and the neighborhood thereof did not appeal to the adventurous spirit of young William. He used to wander along the water front and watch the ships go out, longing to go with them. This he did for several years. Then, one day, when he had arrived at the age of 14, the boy boldly went on board a vessel bound for America and asked for a position as cabin boy. He was a stocky, sturdy lad, well spoken and polite. His only stipulaton was that he should be allowed to leave the ship when she arrived in New York.

To him, as to many of his countrymen, America was the land of gold, the promised country, and it was here that he expected to find his fortune. But the streets of New York were not paved with gold, even in the days of the "idle and splendid forties." Young William regretted exceedingly the comforts of his father's house when he found himself alone and penniless in New York. But he had a great amount of stick-to-it-iveness; he would not go home until he had made good—had shown that he could support himself and make his way in the world.

For a while he boarded with a shoemaker, helping the cobbler out in his work to pay partially for his board. He worked for a printing house. He turned his hand to anything that came his way. Finally, he got a job in a shipping house. Then his career was shaped. Four years after he had landed a penniless boy in New York, he had so mastered the shipping business and had been so saving that he was able, at the age of 18, to return back across the water and establish himself in Liverpool under the firm name of W. R. Grace & Co. It was a shipping firm, and though it promised well, the business did not come up to the ambitious expectations of young Grace. The runaway boy, of course, could now visit his relatives in Dublin. He had made no great fortune, but to be the head of a business house at 18 was no small thing.

While he had been away from home Grace's father had lost a considerable part of his fortnue in South American ventures. Young Grace had a longing to try to retrieve some of those losses. He broached the matter to his sister, who was a woman of considerable means. The runaway had already made good and had proved that he could do things, and his sister agreed to back him in his South American venture. He went to Peru and opened in the city of Callao the mercantile house which became so widely known as Grace Brothers. The runaway boy, who had dreamed of greatness in New York, saw now the rapid fruition of his hopes.

Returns to New York.

It was not long thereafter that William R. Grace came again to the island of Manhattan. The shores which a few years before he had trod as a runaway sailor boy he now stepped

CITY RESPONSIBLE FOR EYESORE IN EAST END

THE CITY IS RESPONSIBLE FOR THIS EYESORE.

The city is responsible for one of the dirtiest looking spots in Duluth, and it is so located that thousands of people see it every day.

At the corner of Sixth avenue east and Superior street, on city property, is a ramshackle frame building used for the storing of city tools. The building itself is an eyesore, but to make matters worse, it has been used as a sign board, and signs of all descriptions, some of them new, some of them old and torn, have been pasted over the rough boards.

There are piles of lumber about the place, and the surroundings are otherwise very untidy. The structure is located just across the sidewalk from the street car line, where it may be seen by everyone passing to and from the eastern end of the city.

SOCIALISM AND OLD AGE

The more we, the members of the working class, read, the more we train our thoughts on our condition in life as we know it, the more are we compelled to study the cause and to try and find a solution of the problem.

Those of us who are compelled to work every day of the year that we can, and who receive what is known as a wage, and after receiving that wage try to make it go as far as we can toward the support of our families and ourselves, find at the time we reach the middle age of life that we are passing down the steep incline of old age with nothing saved from our wages; thinking as we feel ourselves growing old, as we can plainly feel our vitality weakening, we find it hard to muster to the aid of our bodies enough energy to continue the strain of fulfilling our tasks as well as we have in the past.

We are compelled to give this question more thought. We cannot consider ourselves upon the same plane as the slave. We begin to feel as though there was some great wrong being committed and at our expense, and that we are the ones who must suffer for that wrong, and still at the same time we are unconscious of the cause of the wrong, and until old age overtakes us, we do not realize just what it has cost us.

But it is not so much for ourselves that we should think and learn what the cause of it all means. We are compelled to think for the sake of our wives and our children. It seems plain that some one is to blame for a a conditon of affairs that is the cause of our women and children suffering. Inasmuch as they are innocent of any part of the play, they canont be held responsible for the condition in which they find themselves.

We read in books and papers that there are thousands of helpless little children crying for bread and clothes; we hear of the poor and defenceless mother ready and willing to sell her virtue for money with which to feed her young; we learn of our young women being offered a price, a sum of money, for their honor; we begin to see that our own end in life is little better than that of a slave, being unable to save enough out of our scanty wages to protect us in old age; and as we begin to see that our old age must be spent in misery and want, and in many instances, the gates of the poor farm will close in some of us from the sights of the world, that we, the members of the working class, have built and made, and yet we should be denied the right to see and use them.

Were there a reasonable excuse for the conning, were there a plausible explanation of such conditions, we would be the last to grumble. We would pass them by, as being unavoidable, and conclude that there was no possibility of changing such conditions.

In a country as productive as our country is, where nature has given unto us so much for our use, and all our wants in life can be gratified by us, if we would only expend our labor towards the remolding of the materials given us, we are compelled to ask the question: "Why should some people have more than they need, while others are starving?"

We cannot understand that the earth was "created" for the benefit of a few people. We must still adhere to the fact that no one man or a set of men have any greater moral right or claim than any other man or set of men.

We hold that individual claims of the rights of the earth are the causes of the wrongs of today. We hold that any man who has a right to $1,000,000 has just as much right to get and hold all the earth, and compel us to do his bidding.

We claim that all wrongs, as we know them today, can be removed and must of necessity be removed to insure to the individual his right, through the collective ownership of the means of production and distribution. We believe that through the ownership by all of the people, the large waste brought about by individual competition will be done away with.

We also believe that the genius of man can be used to the extent of using it where it will do the most good; can and will invent tools and machinery that will greatly aid in production and that will in a large degree remove the great physical strain upon the workers as is the case today.

We also believe that, at old age, we should be pensioned at say one-half of our former rate of pay. This would entail no hardships upon any one, as the system under which we are living could, I believe pension at full pay one person for every other person that works today. If this be true, how much more could be accomplished if the waste were done away with.

We also believe that man can, through productive work, work that is useful, produce enough to support in comfort his family, keep his wife at home to look after the comforts of the home, and send the children to the schools, that they may gain the proper knowledge to equip them or their proper place in life.

We believe man's place to be the provider for the home. We believe the woman's place to look after the home, and the child's place to enjoy itself until it reaches the age of manhood or womanhood.

P. G. PHILLIPS.

MINING WEST OF ANACONDA

(Continued from page 13.)

drifting into new territory, and it will not be at all surprising should another big bunch of bonanza ore, for which this great mine has always been famous, be encountered.

The mill at the Gold Coin is running to its full capacity, and there is plenty of good ore in sight to keep it going. Recently there was a cavein in the mine with the result that a large body of high-grade ore was uncovered. Usually these caveins in mines are dangerous and expensive, but this one brought to the mill a lot of ore that might not have been uncovered for some months.

AT THE LAKE COPPER MINES

(Continued from page 13.)

is desirable, as much of the rock is unproductive, and to this end the company has decided to call an assessment of $2 per share to carry on further opening work and to increase its stoping operations to a point where such selection is possible. About 9,000 feet of drifting has been done to date. The single shaft, 1,160 feet deep, opened upon the Medora amygdaloid bed will be driven to greater depth at once. Aside from the Medora lode, the company has opened up another amygdaloid lode, by a 20-foot crosscut north of the shaft. This lode, averaging from twelve to sixteen feet in width, shows a fair amount of copper, where exposed at the seventh level. None of the rock from this lode has as yet ben sent to the mill.

Atlantic's Section 16.

The excellent showing of copper ground obtained by the Atlantic in its Section 16 operations has caused renewed interest in that property. The twelfth level drift has been driving in good, poor and indifferent ground since the first of the year, and now within twenty-five feet of the Baltic's boundary is passing through a good grade of stamp rock. Altogether about 200 feet of good stoping ground has been opened up by this drift which, itself, is nearly 600 feet in length. Drifting at the thirteenth level disclosed fine copper rock within 100 feet of the shaft; the lode is strong and fairly wide, and the showing of copper in the face of the drift now 150 feet from the shaft, has decided the company to commence drifting at the fifteenth level at once. Atlantic will be in shape to begin milling a limited amount of rock this month. The increase in revenue from this source will necessarily be small, owing to a limited supply of rock, but should aid materially in meeting present development expenses now almost entirely paid out of the earnings of the company's store and the custom milling of Michigan rock. Further revenue will be had from the treatment of Superior's rock, the first shipment of which is yet to be made.

Superior's shaft house and hoisting plant is nearing completion. The railroad has been laid, and ballasting will be completed in a few days. A rock crusher will then be installed, and shipments to the Atlantic mill will probably be under way by Oct. 15. The company will have the use of two stamps, with capacity to handle upwards of 1,000 tons of rock daily. Operations in the No. 1 shaft continue highly satisfactory, while openings in the No. 2 shaft have thus far failed to disclose copper in payable quantities. The latter shaft has, however, gained very litle depth, and it would be unjust to condemn this end of the property, considering the small amount of opening work actually done.

Diamond Drilling at Wyandot.

Wyandot is reported as making rapid progress in the diamond drill operations. The actual depth gained can not be learned, but reliable information is to the effect that the lode will be encountered before the middle of the present month. Whether the lode will prove to be the Lake lode or a new lode carrying copper in commercial quantities is a mooted question.

Ahmeek has broken ground for its stamp mill on property recently acquired on Torch lake, adjoining the Tamarack mill on the north. Plans have been drawn and the mill will be rushed to completion. The company is now outputting about 1,000 tons of rock daily, which is being treated in the Tamarack and the Osceola mills. Its own mill will have four stamps to begin with, and Ahmeek will find no difficulty in keeping at least three supplied with rock when completed. Each stamp will have a capacity to handle upwards of 600 tons daily.

MINING IN THE BLACK HILLS

(Continued from page 13.)

the property of the Gold Ridge Mining company on Bear creek, near here. Some Eastern men have had the ground examined. It consists of the Louise group of 150 acres, owned principally by H. B. Trathen and other Black Hills men. The work so far done is in the flat formation. A tunnel has been run 75 feet and a body of lime ore 14 feet thick has been stripped for 50 feet, the total width being 100 feet. The rock averages $3.60 in gold and contains some higher values.

Frank L. Hess of the United States geological survey is in the Black Hills making an investigation of some of the rare metals to be found here. His particular object is an examination of the tungsten deposits, of which there are several in the Hills. While the price of tungsten has been reduced by lack of demand to $300 a ton, an advance is looked for this fall, and the government is desirous of learning the quantity and quality of the mineral in each state.

Warner T. H. Gray of New York, superintendent of the Keystone-Holy Terror properties, is in the Hills after an Eastern trip. He is preparing to reopen the properties. All the back debts have been paid by the United Mines Company of New York, the owners. Some details of the merger of the two properties have not yet been effected.

Frank Reynolds and M. J. Scanlon report the striking of a rich body of ore on their ground on the east side of Rocky gulch, one and a half miles east of Keystone. The rock is well sprinkled with free gold for a width of three feet.

LAKE SUPERIOR IRON MINES

(Continued from page 13.)

it required but two full seasons to mine it. The Bray property that is now to be opened by the company is in the same district. Its development will be novel in the respect that it will be opened both as an underground and a steam shovel proposition. This is for the reason that whereas part of the overburden is only twenty-five feet in depth and can easily be stripped, the remainder of the deposit lies beneath a thick capping of taconite and will have to be mined from a shaft. It is estimated that in the aggregate the ore bodies of the Monica, Schley and Bray contain 12,000,000 tons. The Republic Iron & Steel company has the Cambria and Lilie mines at Negaunee, Marquette range, in addition to its Mesaba properties, and all told it has ore sufficient for its needs for a great many years to come.

The Foundation company of New York, which, it is understood, is to sink the shaft at the Monica property, is engaged in similar work for Ted, Stambaugh & Co. at Carson lake, in the Hibbing district, where is located the only tract this Cleveland concern controls on the Mesaba range. This shaft also is of reinforced concrete. One or two just like it are to be put down at the Cleveland Cliffs Iron company's new Northwestern mine on the Marquette range, but for the time being the work at this latter point is held up on account of litigation involving the ownership of the fee. The New York company makes a specialty of all classes of subaqueous contsruction, particularly of work where it is necessary to overcome the difficulties imposed by the presence of water, and since extending the scope of its operations to the Lake Superior mining region it has been very successful.

By the Air-lock Method.

The first shafts put down by the Foundation company were at Pickands, Mather & Co.'s Bangor and Syracuse properties, in the Embarrass lake district of the Mesaba. Only by the air-lock method was it possible to sink through the quicksand overburden to the ledge, and the water problem is yet to be solved. Many millions of gallons of water have been forced out during the months since the shafts have been turned over to the mining company, yet the volume of the inflow shows no diminution. Just when the properties will become producers is still problematical, though it is hoped to begin mining ore at the Bangor yet this season. The water handling eqipment at this time is being increased by the installation of two triple expansion pumps of a combined capacity of 6,000 gallons of water per minute, and once they are in place in the underground station cut for their reception the work of opening up the ore deposit will be pushed with vigor. The Syracuse is making even more water than its neighbor. The deposit or ore is still to be reached and it will be a number of months yet before the property enters the producing list. With the possible exception of the Cleveland Cliffs company's Maas mine at Negaunee, Marquette range, where it was necessary to sink through 167 feet of sand, the Bangor and Syracuse are believed o have cost more money than any other properties yet developed in the Lake Superior region.

The sinking of the shaft, from which will be mined the new deposit discovered some time ago, has been completed at the Meriden Iron company's Pearce property at Chisholm, and the work of drifting to the ore is in progress. The new opening is 220 feet distant from the old one. The deposit now to be developed will materially prolong the life of the Pearce, which it had been supposed was all but exhausted. The discovery at the Pearce is of much encouragement to Corrigan, McKinney & Co. in their operations at the Jordan mine, where it is hoped to duplicate the success of the Meriden people. The Jordan is located on the opposite side of Chisholm and is apparently practically mined out. Stimulated, however, by the developments at the Pearce, the operators of the Jordan will not abandon the property until the tract has been given thorough and systematic exploration. The mine began shipping in 1902 and has since forwarded some 850,000 tons of ore.

At the La Rue Mine.

The Pittsburg Iron Ore company's La Rue mine, which is being transformed from an underground proposition to an open-pit producer, has been sufficiently stripped to permit of steam shovel mining, and the latter is now in progress. The milling system has heretofore been in vogue. The International Harvester company's Hawkins mine, a neighbor of the La Rue, in the Nashwauk district, will, it is expected, ship close to 400,000 tons of ore this season. At times as much as 5,000 tons have been sent out daily. The pit at the Hawkins has been materially enlarged this season and now has a length of some 1,300 feet, the property being stripped to a point close to the south line of the Cleveland Cliffs company's Crosby mine.

Capt. C. M. Boss, former mine inspector of Gogebic county, Mich., has recently been appointed to the position of general inspector of the mines of the Steel corporation on all the ranges. He will have his headquarters at Duluth. It is the policy of the company to adopt every precautfon conducive to the safety of its men, and in this connection the duties of Capt. Boss will be of special importance.

RUNAWAYS WHO HAVE BECOME FAMOUS

(Continued from page 19.)

upon as a man of business prepared to make the city the center of a great South American trade. He was still young and still ambitious, and what he accomplished is a matter of the romance of trade. His fleets penetrated into the forests of the Amazon and brought out the ruzzer; they sailed from Valparaiso and Callao laden with the many-scented products of the west coast. They carried back to South America the products of the New England factories and the canneries of New York and the West. Grace became a veritable monarch of the trade of South America in time, and in time also he twice became the mayor of the city which he, a poor and helpless boy of 14, had first seen from the decks of an immigrant ship.

Somebody once asked Mayor Grace how he did it. He replied that at first, when he had just landed upon these shores upon the occasion of his runaway, the burdens and problems of life weighed very little with him. Everything was new, everything was interesting. He had confidence in himself and in his own future. But one night, while lying in his humble bed in the shop of the shoemaker, he suddenly realized that in order to make his dreams realities he must begin at once to pay more attention to detail. He must not let his dreams outrun his work. The game was to do whatever his hand found to do, and to do it with his whole heart and soul. It was not long after that that he got his first job in a shipping house. He got it by applying for it. The man he saw liked his manner and gave him a trial. Then he made good by buckling down hard on whatever he could do.

It was the same way with young Grace in Peru. A few days after he had arrived in Callao some English and American sailors got into an argument in a drinking place, and the argument ended in a fight. Young Grace pitched in and fought on the side of the Americans—and the Americans won. But that night, as he lay in his bed, he thought, "Never again will I mix up in brawls. I came to Peru to do business and not to waste my time, as so many Europeans and Americans are doing here." Opportunities were numerous in Peru in those days, the mayor used to say, and if any person from the North or from Europe had made the same resolution which he made and had stuck to it he, too, could not help but have succeeded.

Fled From England.

John Weaver, who, several months ago, became the latest ex-mayor of Philadelphia, took French leave of his parental roof because his father did not agree with his boy's belief that this country held better opportunities for an ambitious young fellow than does old England. Young Weaver was extremely short of cash when he finally set foot in America, and on his chest he bore a tattooed design, put there by some of the sailors with whom he was thrown in contact on his way to the New World.

Weaver's first experiences in this country were heart-breaking, and a less stout-hearted youngster would have thrown up the sponge, so to speak, placed himself in the hands of the nearest policeman and, with tears in his eyes, begged the authorities to notify his parents to prepare the fatted calf, and, incidentally, to forward sufficient money to pay the cost of passage hime. Weaver, however, took all sorts of humiliating kicks and cuffs for some weks; then he landed a job as errand boy, and things began to look up with him. Later on, his industry secured for him a clerkship. All the while he clerked he studied stenography by himself; then, one day, blossomed forth as a law stenographer. This work naturally interested him in law, which he studied while his cronies slept or played, and, in due course, he found himself a member of the Philadelphia bar.

He was a lawyer in good standing and comfortable circumstances when the Quaker City "machine" made him its candidate for district attorney, and, of course, elected him. He was still filling this important post when the "machine" made him its candidate for mayor; and it was as mayor that this former English runaway broke with the "machine" and fought with it so strenuously and picturesquely that the newspapers, some months back, were mentioning Weaver almost daily. Today he is following his profession, which has honored him with numerous important positions in various legal associations.

Two World-Famed Runaways.

A third famous son of ritannia who started out for himself by running away to America is that jolly yachtsman who is hoping that the next time he sends it a challenge for another race off Sandy Hook the New York Yacht club will not turn that challenge down.

As you may or may not have read before, Sir Thomas was 15 when he landed in this country by way of the steerage. He got the toughest sort of experience in the Carolina rice fields, where he was a common laborer, and as a stowaway-stoker on the trip up the coast from Charleston to New York. In the latter city he got still further "experience," and as a result, when he had managed to scrape together a few dollars he dug out straight for home, where he got a royal welcome and an offer to be set up in business, which he embraced and developed into his present proportions.

Sir Thomas was a runaway for three years. Speaking of this period of his career he once said: "My experience in America sharpened me, and I have always felt that it was during my years spent there that I got my business training."

Samuel L. Clemens has been a great traveler in his life, and he began his peregrinations early. It was rather a dull and uninteresting life which the boy who was to become famous as Mark Twain, lived in the little town of Hannibal, Mo. His father was dead, his schooling had ceased, and he toiled along as boy of all work in the village printing office which was run by his big brother Orion S. Maybe it was living in a place named Hannibal and working for a brother named Orion, that made Sam restless. At any rate, he often looked at the horizon with a wild longing to pass out of the prosaic western town into the great field of the world, and like every other boy Sam thought many a time that he would "run away."

It was not until he was 18 years old, however, when he had been working in his brother's shop for six years, that he took the decisive step. Then one night he packed his humble carpet bag and struck the trail for the land of the rising sun, which seemed to him to lie just beyond the rolling waters of the Mississippi. Due east he walked as nearly as he could judge, and at the first considerable town he struck applied for and was given a job as printer in the office of the local newspaper, thus becoming fairly launched upon his career of adventure.

The little town where he stopped first soon palled upon him. Forth went young Samuel into the East again. From town to town he wandered as a tramp printer, working a little here and a little there, until the wander lust in him began to die out and Orion and Hannibal began to look good to him. Then the prodigal wended his weary way homeward and ate the fatted calf with a great relish.

It was now supposed by the family that Sam would settle down again as an employe in the office of Brother Orion. But not so. Having failed to find his fortune as a wanderer upon the face of the earth, he decided that he would try the waters of the earth. To become a river pilot seemed to him to be the most desirable thing which life afforded, and again leaving home, the boy began his apprenticeship on the river and stayed on the job until the war put a temporary end to steamboating on the Mississippi.

Clemens was rather old and big now to be classed as a runaway boy, but he made just one more attempt at the business. He enlisted as a Confederate soldier. After a few weeks Orion, who was a Unionist and had been appointed secretary of the territory of Nevada, got hold of the territory with him. Thus ended Samuel L. Clemens' experience as a runaway. At first glance it would seem that he had "not made good" in his runnings. But he had. It was the experience of all sorts and phases of life which Samuel L. Clemens, the runaway boy, obtained in his travels as a tramp printer and during his apprenticeship as a river pilot which made out of him "Mark Twain," the great humorist.

Two Poets Who Were Runaways.

John Walace Crawford, known in literary and army circles as "the poet scout," ran away, so that his name might appear on the list of his country's defenders. He was but 14 years old when the Civil war broke out; nevertheless, he ran away from home straight to the nearest enlisting station. There he was refused enlistment because of his youth. Several times thereafter he ran away from home, always turning up before the desk of some enrollment officer. Finally, he found one who accepted his services and was happy.

Founded in battle and stowed away for repairs in a Philadelphia hospital, this runaway soldier lad was taught to read and write by a Sister of Charity. The war was over he went West, became a government scout, was Crook's chief of scouts in his campaign of '76 against Sitting Bull, took a prominent part as scout in various campingns against the Apaches, and staid with the army until '86. His fighting experiences, which came of his running away, gave him the material, and his education, which also resulted from his taking French leave of his home, gave him the implements with which he has gained the sobriquet of "the poet scout" since retiring from the army.

Joaquin Miller, the "poet of the Sierras," and, in his day, also a scout, was 13 when he ran away from his home in Northern Oregon to the southern portion of the state, where, he had been told gold was to be picked up almost anywhere. When he reached the gold country he fell in with a Heidelberg educated scamp known as "Montana Joe," became the latter's companion and servant, and in his company dug gold and fought the Indians.

Very few boys ever ran away in order to better their country. This, however, was the object that led the now famous Marquis Ito, one of Japan's elder statesmen, and the famous Count Inouye. He was 25, but as far as knowing anything about civilization proper he was more of a baby that the average runaway of the tender age of 8 or 10 years. For, let it be recalled, Japan, when Ito and Inouye skipped out, was living unto itself in contentment; in fact, it was because they feared being detained at home by the government that Ito and Inouye secretly rowed out to a ship bound for England, asking to be taken aboard as passengers, were misunderstood, and had to work ther way half across the globe as common sailors. They had other experiences in London of the nature that frequently befall the average runaway; but despite hunger and other privations they kept their eyes and ears open and when they returned to Japan were able to point out clearly that their country would not be a great power until it had put away childish things and taken up with Western ways. The regeneration of Japan dates in large part from this runaway expedition of the Marquis Ito and the Count Inouye.

There recently died an old time theatrical czar who began his career of entertaining the masses by running away with a traveling circus when he was 8. This was Tony Pastor, and more than one actor of today could tell you that in his earlier days it was the dream of his life to appear before Tony Pastor, and, if possible, to secure an engagement from him—so great, at one time, was this old clown's power in the theatrical world of the country.

ORDER FOR HEARING ON CLAIMS—State of Minnesota, County of St. Louis. In Probate Court.
In the Matter of the Estate of Eliza B. Withrow, Decedent.

Letters testamentary this day having been granted to Maggie J. Forgy.

It Is Ordered, That the time within which all creditors of the above named decedent may present claims against her estate in this Court, be, and the same hereby is, limited to three months from and after the date hereof; and that Monday, the 28th day of December, 1908, at 10 o'clock A. M., in the Probate Court Rooms, at the Court House at Duluth in said county, be and the same hereby is, fixed and appointed as the time and place for hearing upon the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid; and let notice hereof be given by the publication of this order in The Duluth Evening Herald as provided by law.

Dated at Duluth, Minn., Sept. 23rd, 1908. FRANCIS A. WATKINS, Judge of Probate of Carlton County, Acting Judge of Probate of St. Louis County, Minn.
(Seal, Probate Court, St. Louis County, Minn.)
Duluth Evening Herald, Sept. 26; Oct. 3, 10, 1908.

putting out new stoves and setting up others, in addition to the great amount of business that has come from the extension of the city water and sewer systems. A great many people in the eastern part of the city are putting in water and sewers, and other modern improvements, and the hardware man and plumber are happy. Business would have been much more slack here this summer and fall in these lines had it not been for the city's pushing the public work at this time. It has been easy to get labor also, on account of the dullness in the mining industries.

A. John Foley was brought in from one of the near-by lumber camps this week, in a dying condition, suffering from uremia. He expired during the first night in the hospital. His relatives could not be located.

Tower

Tower, Minn., Oct. 3.—(Special to The Herald.)—Mr. and Mrs. William Meade of Butte, Mont., were guests of Mr. and Mrs. J. D. Murphy the fore part of the week. Mr. Meade was a resident of Soudan several years ago.

Assistant Cashier Leonard Larson, of the Bank of Baudette, has been on the sick list for a few days.

AYLWARD DENOUNCES BRIBE

Alleges Money Was Used in Recent Wisconsin Primary.

Wausau, Wis., Oct. 3.—John A Aylward, candidate for governor of Wisconsin on the Democratic ticket, formally opened the state campaign of his party in this city last night.

Mr. Aylward declared his faith in the primary election principle, but denounced what he termed the debauching of a great state by the lavish use of money in the recent contest for the Republican nomination for senator.

He said that if elected he would recommend an amendment to the primary law which would give the voters the opportunity to express a second choice in the selection of candidates.

He recommended the perfection of the railway commission law so as to prevent railroads raising their rates unless they were first given permission by the commission.

Mr. Aylward discussed at length the effort of Wisconsin "progressive Republicans" to embody the "Wisconsin idea" in the Chicago platform, and endorsed and championed each one of the planks which the Chicago convention had rejected.

ELEVATOR BURNS.

Disastrous Fire of Mysterious Origin in Eau Claire.

Eau Claire, Wis., Oct. 3.—(Special to The Herald.)—Fire of mysterious origin Thursday night destroyed the old Northwestern elevator near the Omaha tracks and occupied by the United States Sugar company. There was some insurance on the building and the machinery and apparatus which had been installed, the loss amounting to about $15,000 to $20,000.

When the firemen arrived the building was a mass of fire and smoke from basement to attic, and the sky was lit up for miles around by the flames. Several streams of water were soon playing on the fire, but it had received such a good start and seemed to have gained a hold in every part of the building that it was a long time before it was gotten under control. The building burned like tinder and firebrands were blown for some distance to the west and several residences in that section were threatened and water had to be directed on them to guard against the possibility of a conflagration in that section.

GILL LEAVES CENTRAL.

General Counsel Retires After Long Service.

Milwaukee, Wis., Oct. 3.—(Special to The Herald.)—After more than twenty years of continuous service, Thomas R. Gill, general counsel for the Wisconsin Central railroad, has resigned his position and will open a private law office in Milwaukee on Nov. 1.

In the Milwaukee office Mr. Gill will be associated with Attorney Arthur Barry of Phillips, Wis., former trial lawyer of the Wisconsin Central, who has also severed his connection with the road.

When Mr. Gill retires as the head of the legal department of the Wisconsin Central, the last of the Wisconsin citizens actively engaged in the control of this corporation will have left it.

It is understood that for the present no successor will be appointed to Mr. Gill's position. The management of the legal affairs of the road will be given over to Walter D. Carrigan, who has been a member of Mr. Gill's staff for several years.

Broken Back Fatal.

Grand Forks, N. D., Oct. 3.—J. Jorgenson, who had his back broken when a granary near Niagara was blown over, died yesterday at a local hospital. The accident occurred Aug. 30.

NEWS OF THE NORTHWEST

MINNESOTA

HAVE MORE IN CLOQUET

High School in Nearby City One of Best Attended.

One Hundred and Thirty Pupils Are Enrolled in That School.

Cloquet, Minn., Oct. 3.—(Special to The Herald.)—A dispatch from Bemidji in a Duluth newspaper under date of Sept. 30, said that "the Bemidji high school now has the largest attendance of any high school between Brainerd and the international boundary and between Crookston on the west and Duluth on the east and has a larger enrollment than the high schools at Akeley, Walker, Bagley, Fosston, Cass Lake, Grand Rapids or Cloquet." It also said that they have ninety-six pupils pursuing the regular high school work with six taking a mixed high school and eighth grade.

The article aroused the interest of the school authorities of this city, who wish to refute the statement. The Cloquet high school has at present 130 pupils on roll, and this number may yet be enlarged. The Eighth grade alone has an enrollment of 40, which he had students, and the manual training department, which was established last year has about 100 boys enrolled.

The total enrollment of the city schools is estimated at about 1,400 or 1,500 pupils. All four schools are filled to their utmost capacity, and if the increase continues, a new building will have to be built.

MOOSE LAKE WILL HAVE HIGH SCHOOL

If Plans Go Through Pupils Can Remain Home.

Moose Lake, Minn., Oct. 4.—(Special to The Herald.)—The local school board are perfecting plans to organize districts Nos. 3 and 12 into an independent district, and build a new school house in Moose Lake, making it a state high school. They have been working along this line for some time past, and present indications point to a successful consumation of their efforts.

The village of Moose Lake, including the Pickerel Lake school, has 250 pupils and district No. 12 has about 100. This, with new pupils that are coming in, will run the grand total up to about 400.

The movement ought to have the support of every parent in both districts. On account of the superior advantages of a state high school, it would give the children a better education, thereby better equippping them to enter the business world, to combat with the battle of life.

At the present there are a number of children who are being sent to Duluth, St. Cloud and other state high schools to get their education, while with a state high school at our very door, parents could leave their children at home and give them just as good educational facilities.

MINNESOTA SENATORS BOTH GOING ON STUMP.

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—United States Senators Moses E. Clapp and Knute Nelson will spend all of next week on the stump in Minnesota under the direction of the state general committee.

Senator Clapp will speak at Hinckley, Tuesday; Norwood, Wednesday; Wells, Thursday; Blue Earth City, Friday, and St. Peter, Saturday.

Senator Nelson's itinerary is: Spring Grove, Monday; Preston, Tuesday; Chatfield, Wednesday; Plainview, Thursday; Kasson, Friday; Waseca, Saturday.

TO VOTE ON DIVISION.

Voters of Polk to Decide on Creating Nelson County.

Fosston, Minn., Oct. 3.—(Special to The Herald.)—The voters of Polk county will have an opportunity to express themseives on whether or not they desire to set off the east end into a separate county and Governor Johnson has issued the formal proclamation.

The document names Fosston as the county seat and mentions Fred S. Syverson of Hill River, T. Hanson of Queen, Dreng Grundeson of Sletten, Jens O. Rindahl of Garden and Oscar Melsnes of Badger, as the first board of county commissioners. The name of the new county is to be Nelson and the proclamations avers that it will contain more than the requisite number of square miles and the population will be in excess of 2,000 people.

NIGHT TELEPHONE SERVICE.

Moose Lake, Minn., Oct. 3.—(Special to The Herald.)—Arrangements have been made for all night telephone service at Moose Lake. Mr. Johnson, manager for the Tri-State writes he will be in Moose Lake shortly to make final arrangements and get an operator.

At a meeting of the Commercial club Wednesday night financial aid was given the Farmer's Co-operative Telephone company for completing their line, also to assist in making connections with the Kerrick-Duquette farmer's line, which includes Nickerson. Having no central in any of the three towns named, all toll business will come through Moose Lake.

There is also a movement on foot among the farmers along the west and north roads to organize companies and make connections here.

Chafin In St. Paul.

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—E. W. Chafin, Prohibition candidate for president, who will be in St. Paul Sunday, will speak at 10:30 in the morning at the Swedish Methodist church, Cook street and Greenbrier avenue, and at 3 o'clock in the afternoon at the Hambline Methodist church.

MINNESOTA

TWO BIG FIRES IN THIS STATE

Foley and LaFayette Both Sustain Very Heavy Loss.

Foley, Minn., Oct. 3.—(Special to The Herald.)—This town sustained a heavy loss by fire Thursday afternoon and night. The fire started at 2 p. m. in Hoffman's feed store, and resulted in the destruction of five buildings, the loss being about $40,000, with partial insurance. The buildings destroyed were Padka's saloon and Hoffman's store. The origin of the blaze is not known.

The entire town turned out to fight the flames and a bucket brigade was formed. The heat was so intense that the plate glass windows in the bank and nearby buildings were broken. The fire burned itself out about 7 a. m. yesterday.

No one was injured, but Mr. Hoffman, who lives over the feed store, had a narrow escape from being trapped in the burning building.

New Ulm, Minn., Oct. 3.—(Special to The Herald.)—Fire which started in a woodshed destroyed half the business district of La Fayettell a village of 300 inhabitants, yesterday. The timely arrival of the fire department from Winthrop was the only thing that kept the entire town from being wiped out. The loss is about $50,000, half of which is covered by insurance.

Maxbass, N. D., Oct. 3.—E. E. Hazen, living four miles south, was burned out last night. His barn, two granaries and all his farm machinery were destroyed. His loss is about $1,500. His hired man lost $200, which he had stored away in a sack in the granary, and was almost frantic when he realized his loss.

MINNESOTA BRIEFS

Moorhead—The funeral of Helmer Saunders was held Thursday afternoon from the Swedish Baptist church of the city at 2:30 o'clock this afternoon, Rev. Mr. Carlson officiating. The deceased was 16 years of age, and dies at his home in Moorhead, and leaves besides his father and mother, Mr. and Mrs. Peter Saunders, five brothers and sisters.

Mankato—Mankato in common with many other Southern Minnesota and South Dakota towns, is undegoing an ice famine and only the advent of colder weather has prevented much damage and the shutting down of the creameries. It has been found almost impossible to secure ice elsewhere for the city shortage is general and ice-making plants are overworked.

Barnesville—Nine residents of Clay county were on Tuesday made citizens of the United States, by the action of the district court. Among them were Peter Czizek of Moorhead.

Hastings—James Fitzgerald, son of Mrs. Bridget Fitzgerald, living at 396 East Seventh street, St. Paul, was killed by a Rock Island freight train near Rosemount, his remains being found scattered for some distance along the track. Coroner A. G. Mertz deemed an inquest unnecessary and brought the body to this city Thursday afternoon.

Chatfield—Senator Knute Nelson will deliver a political address here on Oct. 7, and local Republicans are stirring up much enthusiasm over his visit.

Minneapolis—Alexander Barnes, a resident of Minneapolis since 1881, died of heart failure at his home, 820 Logan avenue north, Thursday. Mr. Barnes was born in Glenhelm, N. Y., in 1828 and expected to celebrate his 80th birthday Nov. 25.

East Grand Forks—M. J. Enright, who has been engaged in the fuel and feed business in this city for some time has disposed of his interests and hereafter W. E. Goulette of Wilton, Minn., will continue the business at the same stand on DeMers avenue and Fourth street, having leased the premises.

Big Fork—A change in management and ownership of the Big Fork Compass took place Oct. 1. Ernest Holler is the new editor and proprietor, he having purchased the same of A. M. Greeley, who established the paper six years ago.

International Falls—C. A. Weyerhaeuses of Little Falls spent Monday in town looking over the local situation. He was not communicative as to his business here, simply saying that he was looking over their timber holdings in this vicinity.

Rush City—The Rush City Mercantile company were doing business the next morning after the late fire. They were shaken up a bit, but were on 'change buying potatoes and produce just the same.

Royalton—State Veterinarian McDonald inspected some horses that were reported glandered among the farmers several miles east of town. We understood that several cases were found and action will be taken to dispose of them to prevent a spread of the disease.

Melrose—The Melrose authorities are looking for a short, cross-eyed man, who stole a pair of trousers and a gray vest from a hotel here Wednesday. The man, who was a guest at the place, left on the train early Thursday morning. Before leaving he gathered in the landlord's wearing apparel.

St. Cloud—Frank Warczeka, the Holding terror, who has been keeping his neighbors in hot water for several years past, is again in trouble. This time he stands charged with assault in the second degree and with a dangerous weapon. The warrant has been placed in the hands of the sheriff.

Crookston—I. D. Hed, brother of Edwin Hed, secretary of the Minnesota State Butter & Cheese Makers' association, has accepted a position with the creamery at Gary and will take charge of the institution at once.

Grand Marais—S. C. Murphy, formerly editor of the Cook County Herald, is a candidate for sheriff against C. H. Carhart. His petition is being circulated.

Wadena—Col. Joseph Askew will not take over the management of the Commercial hotel. He admits that he had some negotiations with the owner of the property, Mr. Lynch of Casselton, but the gentlemen failed to come to terms and the matter has been dropped.

AIDS FIRE SUFFERERS.

Judge Purdy Sends Check to People of Grand Marais.

Grand Marais, Minn., Sept. 30.—(Special Correspondence.)—Hon. M. D. Purdy, judge of the United States district court, of Minneapolis, under date of Sept. 16, wrote a letter to Charles J. Johnson, in which he inclosed $25 for the fire sufferers. Judge Purdy came to Cook county for the purpose of camping on Scott's point with the Al J. Smith family, about the time the forest fires swept across it, it being necessary for him to return without the pleasure of an outing.

WISCONSIN

LAW DRIVES FIRM FROM WISCONSIN

Importers of British Horses Forced to Seek Another Field.

Janesville, Wis., Oct. 3.—Alexander Galbraith & Son, importers of British horses, who have had their headquarters here for nearly a quarter of a century, have moved their stock to the Elwood stables at DeKalb, Ill.

They will be driven out of Wisconsin, it is claimed, by a law passed at a recent session of the legislature which makes commercial paper taken for stallions non-negotiable. The legislation was intended to drive out irresponsible dealers in ill-bred and worthless horses, but apparently makes business conditions impossible for responsible horsemen as well. Galbraith & Son have, year after year, taken the first premiums with their Clydesdale and coach horses in all the state fairs in the Northwest.

FARM LANDS IN STEADY DEMAND

Dealers in Northern Wisconsin Property Find Plenty of Buyers.

Iron River, Wis., Oct. 3.—(Special to The Herald.)—The real estate men of this city have not been making much noise, but they have been selling farm land this season as they have never done before. Nearly every day one or more outsiders are here looking over the country and many of them buy land and intend to come up here this fall or in the spring and go to work on their places. Several thousand acres have changed hands already this season and still they come.

Real estate men say that it is easier now to interest homeseekers in North Wisconsin lands than it ever was before, and as the country gets opened up more and more, and the homeseekers actually see what others are doing, and what crops they are raising, the lands will sell itself.

The present successful season with the farm land people is but the beginning of a movement that few people now fully realize.

TO DO MUCH LOGGING.

Northern Wisconsin Woods Will be Busy This Winter.

Ashland, Wis., Oct. 3.—(Special to The Herald.)—The Stearns Lumber company started three camps on Monday promptly following the rain storm of Sunday. These camps were shut down last spring and would have been in operation before, had it not been for the dry weather.

There will be more logging during the coming winter than there would have been, had it not been for the fires. Wherever green timber has been caught by the fires, it should be cut this winter and as soon as possible. The state of the lumber market is not encouraging, but timber that has been scorced must either be cut, or there will be heavy losses.

Several camps are running near Bayfield, and there is considerable activity, and in the vicinity of Ashland, at least, there is more work than there are men.

Gospeter Got Big Sum.

Eau Claire, Wis., Oct. 3.—(Special to The Herald.)—Attorneys W. H. and T. F. Frawley have returned from Duluth, where they went to prosecute the damage suit of Frank Gospeter of this city, the fireman who was scalded when his engine collided with another months ago, but which was compromised out of court. The attorneys are at the Missabe docks in Duluth several not stating the exact amount Gospeter received, but it is understood to have been about $10,000. He sued for $50,000. His parents live here.

WISCONSIN BRIEFS

Ashland—Victor Rivers was found guilty of setting a fire on his place, southeast of Sanborn, and was ned $1 and costs by Judge McCloudh. The costs in the case were heavy, and the judge did not feel like imposing a heavy fine under the circumstances.

Milwaukee—Between Oct. 1, 1907, and Oct. 1, 1908, the divorce mills of Milwaukee county grounded out 283 absolute decrees of divorce. This information is secured from the report of Clerk of the Circuit Court Fred W. Cords, to the registrar of vital statistics, at Madison.

Portage—Edward Fuller, the 6-year-old son of William Fuller, found a torpedo and exploded it on the sidewalk by striking it with an ax. His face and his chest were badly cut. Several children at play surrounded him, but escaped injury.

Fond du Lac—At a meeting of the board of education it was decided to replace the school books of the children burned in the fire that damaged the Grant school building. The loss on books is estimated at $275.

Milwaukee—A reward of $1,000 for the arrest and conviction of murderers of Jeremiah Lynch, Milwaukee, who was shot to death in Chicago, on Sept. 28, has been offered by H. A. Wagner, Milwaukee, secretary and treasurer of the Wisconsin Bridge & Iron company.

Madison—The opening of the college of agriculture of the University of Wisconsin has been marked by a decided increase in the number of students. The freshman class has shown a remarkable increase over last year, and the new "middle" or two years' course is proving a favorite, as about twenty-five men have registered for this practical work.

Milwaukee—Adolph Hauser, aged 65 years, jeweler, at 237 Third street, for many years, died on Wednesday afternoon at his home, 552 Stowell avenue. Mr. Hauser was born in Vienna, Austria. He came to Milwaukee thirty-five years ago.

Fort Atkinson—Seventy-six delegates are attending the twelfth annual state conference of the Daughters of the American Revolution, which opened in St. James' Methodist church Wednesday afternoon.

UPPER MICHIGAN

STORM FIERCEST OF THIS SEASON

Steamer, Unable to Make Portage Entry, Returns to Marquette.

Marquette, Mich., Oct. 3.—(Special to The Herald.)—Fighting the wind and waves for hours in a vain attempt to make the Portage canal, the steamer Langham, Capt. William Carney, reversed her course Thursday, and after a strenuous battle with the fury of the storm, succeeded in reaching safety, making the Marquette harbor.

"We were bound up light, from the Soo," said Capt. Carney, "and had hardly cleared Whitefish bay, when we saw that we were in for it. The wind freshened perceptably before we rounded the point, and soon developed into a small sized hurricane. With the wind came rain, which soon changed to snow. We thought of running under the lea of Grand Island and during the intermissions of the snow storm, saw that many boats, bound down, were seeking shelter there. The direction of the wind and sea, however, compelled us to face the storm, so we tried for the Portage Entry.

"For hours we faced the rollers which rose in great swells indicated by the fore and aft pitching of the vessel, which despite her tonnage was juggled by the waves like a hand ball, and the snow and sleet was blinding. Making little headway, we decided to round to, and seek the harbor here. The storm was furious. The fiercest that has struck us this season, and one of the worst I have ever experienced."

Other shipping came into the harbor for shelter Thursday, and reports vessels in shelter in the lea of Presque Isle.

CHARITY IN CALUMET.

Central Organization Being Formed in That City.

Calumet, Mich., Oct. 3.—(Special to The Herald.)—A central charitable organization or charity bureau is about to be formed in Calumet, the initial steps in the movement being taken at a meeting held Wednesday afternoon at the home of Mrs. H. C. Guck on Pine street. The meeting was presided over by Henry Brett of the Calumet & Hecla, and Rev. E. Sedweek of the Calumet M. E. church acted as secretary. It was decided to organize a central charity bureau, and Mrs. Guck was authorized to correspond with several organizers in the larger cities with a view to securing one of them to come to Calumet to perfect the proposed organization and take charge of the work.

The bureau will be conducted along a line proposed by Rev. Caroline Bartlett Crane of Kalamazoo, who outlined the work during her visit to Calumet last spring.

PENINSULA BRIEFS

Calumet—Rev. Father Klopcic of the St. Joseph's Austrian church has gone to Chicago and Pittsburg on a visit.

Houghton—Carl, Moore, formerly superintendent of construction for the Wisconsin Bridge & Iron company, and also at one time assistant superintendent of the Arcadian Mining company, who is now chief engineer for the United States Mining company at Salt Lake City, is in Houghton for a few days' visit.

Hancock—The students of the Finnish college are making arrangements for an entertainment to be given at the school on October 8, at which a program of addresses, music and recitations will be given.

Calumet—Architect Paul H. Macneil received word Thursday from his brother, Robert, to the effect that he has arrived at Paris, France. Mr. Macneil will study in the school of architecture and fine arts there.

Laurium—Attorney P. H. O'Brien of Laurium, Democratic nominee for congress, is being mentioned with others to start in the near future on a tour of the northern part of the state in the interests of the Democratic party.

Lake Linden—Hugh Courchaine, manager of the Lake Linden creamery, established a short time ago, desires to buy the business. It has stated that the stockholders are willing to sell providing Mr. Courchaine continues the business in the village.

Calumet—The death occurred Wednesday of Gussie J. Kuhn, aged 21, son of Mr. and Mrs. August Kuhn of Ceder street, Tamarack. The decedent had been in in failnig health for the past five months. Heart trouble was the cause of death. Previous to his illness he was in the employ of the Tamarack mining company.

Hancock—Albert La Fournlers, aged 14 years, and son of Euclid and Mrs. La Fournier, prominent residents of the farming locality of Paradise, near Chassell, passed away at the family home Wednesday at 11:30. Death was the result of an attack of appendicitis.

Hancock—Active preparations are being made by the printers for the annual ball of the typographical union to be held at Germania hall on the evening of Tuesday next, October 6, and which is expected to be a social event of great interest to the general dancing public of Hancock and Houghton.

Marquette—Mike Frazer and George Meyers, two suspicious characters, who had been taken in by Officer Hogan, as possible box car robbers, were convicted of vagrancy, in the police court Thursday, and given thirty days, or thirty minutes. They did not stay for the count, but took the tie path southward.

Negaunee — The Negaunee water works plant established a new high record for receipts for a single quarter during the three months ending Wednesday, the total sum received in rates being $3,598.89. In addition $265 was received on account of thirty-five new permits issued during the quarter.

Marquette—J. P. Morgan, of Duluth, is in the city, visiting friends. Ed Lee, of Duluth, is in the city, registered at the Marquette.

Houghton—It is expected that the Houghton County Hockey league will be organized next week. With the approach of cold weather, interest in the game in various parts of the Copper country is picking up, and a number of teams are being formed.

Lawrence—During September sixteen births were recorded in Laurium. This figure is far below the average and is just about one-third of the number recorded in August. Within the month there were seven deaths.

Houghton—Marriage licenses have been issued to David Derosier and Katie Holland of Hancock; Clement P. Hammes and Hulga R. Sundberg of Calumet, and Jack Jackson and Tillie Miltanan of Hancock.

Marquette—Announcement has been received here of the marriage of Miss Annie M. Johnson to T. A. Dolly, of Schenectady, N. Y. The wedding took place at Albany, N. Y., on Monday, Sept. 21, Rev. James Nelson Knipe officiating. Miss Johnson is the daughter of Mr. and Mrs. Martin C. Johnson, 404 Division street.

DAKOTAS

START WORK ON STREET RAILWAY

P. R. McDonnell of Duluth Begins Work on Grand Forks Job.

Frand Forks, N. D., Oct. 3.—(Special to The Herald.)—The newly organized street railway company of Grand Forks let the contract last evening for the laying of steel on Third street and De Mers avenue to P. R. McDonnell of Duluth. The deal was closed after an all afternoon session between Mr. McDonnell and the railway committee. The contract closed calls for the laying of about eighteen blocks of rails.

The first work was done this morning. The first spike was driven by R. B. Griffith, chairman of the Commercial club committee that had the street railway matter in charge. The capital for the enterprise was secured by the Commercial club from the local business men after a hard campaign of about a month, and insures Grand Forks a first class street car service, something that has been needed for many years.

As the contractor in charge of the paving work, Mr. McDonnell had the advantage over prospective bidders and succeeded in landing the big contract. The paving job had progressed to the point where definite action on the street railway was absolutely necessary, in order that the laying of the pavement might not be delayed. Mr. McDonnell arrived here Friday morning and at noon it was announced that the railway was a certainty, the contract being let in the evening.

Next Monday evening Mr. McDonnell will receive his first cash from Grand Forks for the work on the paving, the estimate by City Engineer Sith on the amount of the work so far done being $60,000, which will give Mr. McDonnell $35,000 in city warrants at this time.

FARGO TEACHER ARRESTED.

Alleged to Have Brutally Beaten One of Her Boy Pupils.

Fargo, N. D., Oct. 3.—(Special to The Herald.)—Anna Nelson, a teacher of the seventh grade in the central school city of Fargo, has been arrested on a charge of assault and battery on complaint of Deputy Sheriff James K. Bingham, who claims that his 12-year old son was brutally beaten by the teacher in the school.

The woman was arraigned before Judge Martin Ryan and released, an agreement being reached to await the action of the board of education Oct. 7. The alleged maltreatment occurred Wednesday when the lad whispered numbes to himself. Blood was drawn in several places and the book used as a shield was cut a quarter of an inch deep, it is alleged.

BEVERIDGE AT BISMARCK.

Bismarck, N. D., Oct. 3.—Senator Beveridge of Indiana made a stirring speech here yesterday from the rear of the train to over a thousand people. He touched briefly on most of the campaign subjects and while complimenting Bryan as a man, said that in view of his taking up and casting off new issues in every election, he is unsafe. He said that Bryan is a good preacher, but we do not ask preachers to build Panama canals or run governments; that he talks so much and so fast that he has no time to think. The senator made an address on labor issues to railroad men at Mandan later and was given a rousing reception.

JOHN LOUKIS HELD ON ABDUCTION CHARGE.

Fargo, Oct. 3.—(Special to The Herald.)—The case of the State vs. John Lukis was heard in Judge Ryan's court and resulted in Loukis being held to the district court on the charge of threatened assault with a dangerous weapon.

Loukis is the man who tried to abduct Sophia Severson from the John E. Anson farm about four miles southwest of Fargo some time ago and who was prevented by Mr. Anson, who was compelled to shoot his rifle several times before Loukis was frightened away.

DAKOTA BRIEFS

Bismarck, N. D.—The farmers' institute annual is now in process of compiling and will be ready for distribution by Dec. 1. This will be the eighth annual issued and will be very interesting as it contains many interesting articles prepared by the most able men of this and adjoining states.

Fargo, N. D.—The Y. M. C. A. men's meetings, which have been so popular in other years, will begin again next Sunday afternoon at 4 o'clock. In order to avoid any possible conflict with the older boys' meeting which is held at 3 p. m. Sundays, the men's meeting will be held one-half hour later than they were last year.

Grand Forks, N. D.—Theo E. Ostlund, chairman of the Prohibition party, has secured 309 signatures for the petition that will be used in getting the ticket on the ballot. Three hundred are required.

Fargo, N. D.—A telegram to Dean Burleson states that Bishop and Mrs. Mann have arrived in New York from their European trip, coming in from Naples via the steamer Romanic. The bishop expects to reach Fargo by next Wednesday. Mrs. Mann will remain in the metropolis of the Empire state for a visit.

Cotters, N. D.—Mr. Gleason departed last week for River Falls, Wis., being called there by the sudden death of th son Charles. Mrs. Hill, his daughter, accompanied him and will remain there for some time.

Fargo, N. D.—Absolom Bennett of Jamestown died late Wednesday afternoon at a local hospital of spinal meningitis after a short illness. Mr. Bennett is the father of Mrs. J. C. Durkee of this city and came here about two weeks ago to visit his daughter.

Grand Forks, N. D.—At an enthusiastic temperance rally held here Thursday night Elizabeth Dye Ellis of Washington and State's Attorney D. Winema nof Grand Forks, were the speakers. Following the meeting a club was organized to wage the campaign for votes in Grand Forks county.

Edgeley, N. D.—After working for the past two weeks on a number of mysterious box car robberies on the the southwestern branch of the Northern Pacific, a detective in the employ of that company has arrested four Italians, charged with the robberies.

Grafton, N. D.—Roadmaster Milo Shock had a force of men at work the first of the week raising the grade of the railroad bridge across the Park river in the northern part of the city. The bridge was raised about four inches. During the past two weeks the work of raising the stage of water in the Park river has been completed by the Great Northern.

OFFERINGS VERY LARGE

Heavy Selling Causes Weakness in Wheat Market.

Flax Rallies and Closes Firm in Duluth Market.

Duluth Board of Trade, Oct. 3.—Everybody seemed to have wheat to sell during the short session today and in face of such liberal offerings, prices went off more than a point in the American markets.

Values shrank steadily from the opening and the closing prices were at the lowest level of the day. Foreign markets were soft and there was nothing to stimulate the situation at any stage.

Liverpool closed 7/8d to 1d lower, Paris 1/4c to 1/2c lower.

The December option closed 1 1/4c lower in Duluth, 1 1/2c lower in Chicago and St. Louis, 1 1/8@1 1/4 lower in Minneapolis, 3/4c lower in New York, 1c lower in Duluth and Minneapolis, 1 1/8c lower in Chicago, 3/4c lower in New York, 1c lower in St. Louis and Kansas City and 1 3/4c lower in Winnipeg.

December corn closed 1 1/8 lower in Chicago and 1/2d to 5/8d lower in Liverpool. December oats closed 1/2c lower in Chicago.

Broomhall cabled from Liverpool:

"Wheat was dull and heavy at the opening, with values 5/8d lower, and during the morning lost an additional 1/4d to 1/2d. Offerings were large and support lacking, owing to the weakness in American cables yesterday and continued favorable reports from Argentina. The weakness in spot markets, bearish Bradstreet's statement of exports and predictions of large world's shipments for the week, together with the fact of continued free offerings of new Australian wheat at a 6d decline, all contributed to the selling pressure. There was rather free selling in the way of profit-taking. At the close, the market was weak and from 7/8d to 1d lower than Friday.

"Corn was quiet at the start and unchanged to 1/8d lower. Later, values lost 1/2d, due to the lower American cables, poor demand for spot and lack of support."

Car receipts at Duluth were 582 against 377 last year, and at Minneapolis 813 against 146 last year, making a total for the Northwest of 1,395 against 523 last year. Chicago received 16 against 45 last year. Winnipeg received 348 against 215 last year.

Primary receipts of wheat were 2,047,000 bus., last year, 898,000 bus. Shipments, 623,000 bus., last year, 1,168,000 bus. Clearances of wheat and flour were 684,000 bus.

Primary receipts of corn were 318,000 bus., last year, 742,999 bus. Shipments, 216,000 bus., last year, 755,000 bus. Clearances of corn were 470 bus.

Wheat was quite active during the session in Duluth. December wheat opened 1/2c lower at $1.00¾ and declined by the close to $1.00⅛, a loss of 1⅛c from yesterday. May wheat opened ½c lower at $1.04¾ and declined by the close to $1.04⅛, a loss of 1⅛c from yesterday.

Durum wheat closed 1c lower and a cash spring wheat was selling on a basis of 1½c over December for No. 1 northern.

Flax was active and a firm demand sprang up during the latter part of the session. October flax opened unchanged at $1.22¼, declined to $1.21¾, rallied to $1.22⅝ and closed at $1.22¼, unchanged from yesterday. November flax opened unchanged at $1.22¾, declined to $1.22¼, rallied to $1.22⅞ and closed at that price, a gain of ⅝c over yesterday. November flax opened ⅝c lower at $1.20¾, went off to $1.20½, rallied to $1.21¼ and closed there, a gain of ⅛c over yesterday. May flax opened ½c lower at $1.26, went off to $1.25½, rallied to $1.25¾ and closed at $1.25½, a loss of 1c from yesterday.

Oats closed ¼c lower and rye and barley were unchanged.

Following were the closing prices:

THE CHICAGO MARKET.

Weakness Due to Selling by Commission Houses.

Chicago, Oct. 3.—The wheat market was weak today owing to general selling by commission houses based on a decline at Liverpool, and on continued liberal receipts in the Northwest. Prices at the start were ¼@⅜c to ⅝c below the previous close and made additional declines of ¼ to ½c during the early part of the day. December opened at 98⅜ to 98c and sold off to 98½c. Minneapolis, Duluth and Chicago reported receipts of 1,441 cars against 1,394 cars last week and 579 cars a year ago.

The market lacked any substantial support throughout the day, and prices steadily declined. The low point for December was reached at 97⅞@98c. The close was weak with December 1⅛c lower at 98¼c.

Weakness of wheat and favorable weather for the maturing of the new crop caused general weakness in corn early in the session. Prices at the opening were ⅛ to ⅜c lower, with December at 65 to 65⅜c. Later December touched 64⅞c. Local receipts were 117 cars with 37 of contract grade.

Prices made further declines as trading progressed, December selling off to 64⅜c. The market closed weak with prices ⅝c to 1⅛c below the previous close, with December at 64½c.

Oats were weak because of selling by elevator interests and in sympathy with wheat and corn. Trade was not large. December opened ¼c lower, at 49¼c and sold off to 49⅛@¼c. Local receipts were 198 cars.

Trade in provisions was quiet and the market was steady, prices at the opening being unchanged to a shade lower.

Close: Wheat—October, 97¼c; December, 98¼c; May, $1.01⅝; July, 95½c. Corn—October, 74⅛c; December, 64⅛c; May, 64c; July, 64⅛c. Oats—December, 48c; May, 51c; July, 47¼c. Pork—October, $14.660; December, $14.85; January, $16.75@$16.77½; May, $16.67½. Lard—October, $10.40; November, $10.46; January, $9.82½@$9.85; May, $9.75. Ribs—October, $9.90; January, $8.75; May, $8.85. Rye—Cash, 76c; December, 77c; May, 81c. Barley—Cash, 56 to 61c. Timothy—October, $3.40. Clover—October, $9.25. Cash wheat—No. 2 red, 98¼@99½c; No. 3 red, 97@99c; No. 2 hard, 98¼@99½c; No. 3 hard, 97@99c; No. 1 Northern, $1.05@$1.06; No. 2 Northern, $1.04@$1.05; No. 3 spring, 97@$1.04. Corn—No. 2 yellow, 73¾c; No. 3, 77½c; No. 3 white, 78c; No. 3 yellow, 78@¾c. Oats, No. 3 white, 48@50½c; No. 4 white, 46½@48½c; standard, 50c.

THE MINNEAPOLIS MARKET.

Lower Cables Have an Immediate Effect on the Curb.

Minneapolis, Oct. 3.—Cables were ⅞@1d lower when Liverpool opened, which weakness had immediate effect here. Receipts were big, 813 cars here against 146, in Duluth 582 against 377, in Winnipeg 348 and 215. Minneapolis stocks not only increased 2,271,298 bus, bringing the total to 5,437,608 bus for one day to go into next week, there is a further gain of 325,000. During the week's trading standing comparison of smaller stocks than last year was wiped out and the total is 1,060,000 larger than a year ago. The market sold down and was hard to rally. Expectations of big Monday receipts and of further selling pressure to begin next week closed it weak and near the low points. December opened at $1.01¼@1.01⅜; high, $1.01⅜; low, $1.00⅝; close, $1.00⅝@1.01¼. October closed at $1.00⅜. May wheat opened at $1.05½; high, $1.05½; low, $1.04⅜; close, $1.04⅝. At ¼c over December there was a good cash demand for No. 1 northern. For No. 2 northern December price to ¼c under was quoted. Millers were buyers. Close: No. 1 northern, $1.02¼@1.02⅜; to arrive, $1.02½; No. 2 northern spot, $1.00⅝@1.00⅞; to arrive, $1.00½; No. 3 wheat, 96@99c.

No. 3 yellow corn, 74¾c.
No. 3 white oats, 46⅛c.
No. 2 rye, 71¼@72¼c.

Barley receipts, 115 cars against 157 last year; shipments, 70 cars. Quoted steady. Quality on the average, not quite so good today. Close, 51½@58c.

Flax sold at 1c under Duluth October, and was in fair demand. Close, $1.11⅜.

Millstuff stady at $18@18.75 for bran in bulk.

Patent flour is quoted 10c lower, in line with the weakness in wheat. Clears are unchanged. Millers did not find demand quite so good, and said that buyers seemed inclined to hold off for further reductions. Shipments, 63,098 barrels. First patents, $5.65@5.80; second patents, $5.50@5.65; first clears, $4.40@4.4; second clears, $3.0@3.60.

Duluth Car Inspection.

CALUMET-HECLA WINS LONG SUIT

Complaint of Albert S. Bigelow Dismissed in Federal Court.

Grand Rapids, Mich., Oct. 3.—Judge L. E. Knappen, in the United States circuit court here, today handed down an opinion in the long drawn out case of Albert S. Bigelow, president of the Osceola Consolidated Mining company against the Calumet & Hecla Mining company, and against the Calumet & Hecla company and the Osceola company, joint defendants, stating it as his opinion that the bills of complaint should be dismissed. The Osceola, which was cited for contempt of court, is found not guilty. This is a victory for the Calumet & Hecla. The defendants are awarded costs.

The case was begun by Bigelow to prevent the Calumet & Hecla from voting stock which it holds in the Osceola company. Bigelow claiming that for the Calumet & Hecla to hold this stock and vote it is violation of the Sherman anti-trust law.

NORTH DAKOTA WOMAN DIES IN ST. PAUL DEPOT.

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—Mrs. Emma L. Arnett of Medina, N. D., died in a railway coach at the union depot late Thursday afternoon.

Mrs. Arnett, who was 50 years of age, was en route to Vinland, Kan., her old home. In order to spend her last days at the home of her parents. Her health began to fail some months ago, and, realizing that she had not long to live, she wanted to see her old home before she died.

NOMINEE'S SON TO RUN IN HIS PLACE.

Salt Lake City, Oct. 3.—The Democratic state central committee selected J. William Knight of Provo to head the state ticket. He is a son of Jesse Knight, capitalist and millionaire mine operator, who was tendered the gubernatorial nomination by the state convention, but who declined to make the race.

NEGROES COMPLAIN TO PRESIDENT ROOSEVELT.

Washington, Oct. 3.—The president has received complaints from Kansas that negroes travelling from Kansas to Oklahoma, Texas and other Southern states are made the victims of embarrassing circumstances, being arrested by state officers who claim that they have no right in chair cars in the states above named, and who arrest, eject and otherwise interfere with colored persons who are interstate passengers. These communications were referred to the department of justice.

ADVANCES IN STOCKS

Prices Opened Strongly Higher and Went to Better Levels.

Closing of the Market Was Irregular on Profit-Taking.

New York, Oct. 3.—Price rose strongly in the opening dealings in stocks today, gains running in Union Pacific and Reading to 1⅜, Southern Pacific, Rock Island preferred, Missouri Pacific, Great Northern preferred, Brooklyn Transit and Consolidated Gas and St. Paul, Iowa Central, Erie first preferred, American Smelting and American Car large fractions.

Excited buying of Reading and Union Pacific raised the market to a higher level and offset the influence of a sudden break in Rock Island preferred from 46½ to 44c. Subsequent realizing sales forced some stocks back sharply, but another rise followed. Lackawanna soared ten points, Iowa Central and Union Pacific 2¼, Reading and International Paper preferred 2, Southern Pacific preferred 1⅝, St. Paul 1⅜ and Northern Pacific, Northwestern, St. Louis, Southwestern and American Smelting 1, Minneapolis, St. Paul & Sault Ste. Marie fell 2⅝.

The market closed irregular on profit taking. The advance paused for a time and then was renewed to higher levels with the metal industrials coming into greater prominence. American Smelting rose 3½, National Lead, St. Paul and St. Louis and San Francisco first preferred 2 and there were numerous additions to the one point gains. Late in the session there was a break of 3 in Third Avenue and some reaction in the general list.

New York stock quotations furnished by Fred H. Merritt, 328 West Superior street.
Closing prices are bid.

Complaint of Albert S. Bigelow Dismissed in Federal Court.

Grand Rapids, Mich., Oct. 3.—Judge L. E. Knappen, in the United States circuit court here, today handed down an opinion in the long drawn out case of Albert S. Bigelow, president of the Osceola Consolidated Mining company against the Calumet & Hecla Mining company, and against the Calumet & Hecla company and the Osceola company, joint defendants, stating it as his opinion that the bills of complaint should be dismissed. The Osceola, which was cited for contempt of court, is found not guilty. This is a victory for the Calumet & Hecla. The defendants are awarded costs.

The case was begun by Bigelow to prevent the Calumet & Hecla from voting stock which it holds in the Osceola company. Bigelow claiming that for the Calumet & Hecla to hold this stock and vote it is violation of the Sherman anti-trust law.

NORTH DAKOTA WOMAN DIES IN ST. PAUL DEPOT.

St. Paul, Minn., Oct. 3.—(Special to The Herald.)—Mrs. Emma L. Arnett of Medina, N. D., died in a railway coach at the union depot late Thursday afternoon.

Mrs. Arnett, who was 50 years of age, was en route to Vinland, Kan., her old home. In order to spend her last days at the home of her parents. Her health began to fail some months ago, and, realizing that she had not long to live, she wanted to see her old home before she died.

NOMINEE'S SON TO RUN IN HIS PLACE.

Salt Lake City, Oct. 3.—The Democratic state central committee selected J. William Knight of Provo to head the state ticket. He is a son of Jesse Knight, capitalist and millionaire mine operator, who was tendered the gubernatorial nomination by the state convention, but who declined to make the race.

NEGROES COMPLAIN TO PRESIDENT ROOSEVELT.

Washington, Oct. 3.—The president has received complaints from Kansas that negroes travelling from Kansas to Oklahoma, Texas and other Southern states are made the victims of embarrassing circumstances, being arrested by state officers who claim that they have no right in chair cars in the states above named, and who arrest, eject and otherwise interfere with colored persons who are interstate passengers. These communications were referred to the department of justice.

Buy Ballaklava, for when this one hits the rich ore in those five veins on the 1,000-foot level you will read about it from coast to coast. Ore in the Butte camp runs high, some of it up to 60 per cent, besides carrying gold and silver values, and the mines in Butte pay big dividends. Butte & Montana is probably worth $5,000,000 when opened up on the different levels. You can not compare mines on Butte Hill with many others, for they are in a class by themselves.

Globe Consolidated struck some 6 per cent ore. National has a lot of it. Both these mines are good, but they have no place to get their ore smelted. Many things must be taken into consideration and the question is, can they ever pay dividends, for no money can be made on 6 and 7 per cent ore in that camp. Globe Consolidated owes about $500,000.00, which is about what you could now sell the entire issue of stock at.

We carry stocks on a margin—one-third on low priced issues and 5 and 10 points on the higher priced issues.

Carman was very strong and Chicago was a heavy bidder today. This stock closed $4.00 bid for big blocks.

Butte & Superior was very active and closed 93 cents bid and 97 cents asked. Ballaklava closed $8 bid. Butte & Montana 52 cents bid for big blocks. We want big blocks of this one; bring it to my office

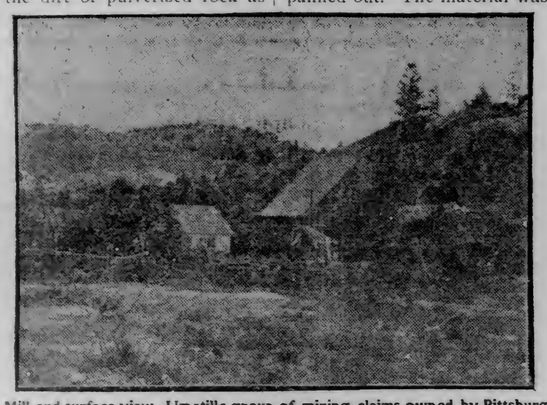

PITTSBURG-NEW YORK COPPER COMPANY OF BUTTE, MONTANA

This is what the Butte Copper Age says of the Pittsburg-New York gold property:

Umatilla Group is Attracting Wide Attention.

W. H. Lindsay returned this week from a trip of several days' duration to the the Umatilla group of mining properties near Birdseye, eight miles west of Helena. Mr. Lindsay brought back with him some of the dirt or pulverized rock as it came from the mine where operations are now being carried on near the surface by the Pittsburg & New York company, the new owner of the claims.

With a granite covered pie-pan the sample of dirt was washed and a lengthy string of colors was obtained from the double handful of material he took from the workings and brought home in a paper sack. It was estimated that at least 25 cents' worth of gold was obtained from the pound of dirt panned out. The material was panned just as it came from the mine and much better results would have been obtained if the rock and dirt had been crushed and a regular gold pan used. The sample Mr. Lindsay had contained values which would yield about $500 to the ton. The samples was taken at random from a streak about two feet wide in the vein, which is from 4 to 6 feet in width along which a drift has been run for a distance of 160 feet.

Mill and surface view, Umatilla group of mining claims owned by Pittsburg and New York Company.

It is said that excitement still is high among Helena mining men as to the future of the district in which the rich strike was made about two months ago. The five-stamp mill for treating the free milling gold is in steady operation and arrangements are being made to place five more stamps in commission as soon as possible. The cyanide plant is now about ready to handle cyaniding ore and very soon the revenues from operations will be piling up for Pittsburg & New York company stockholders.

One of the attractive features of the Umatilla group of ten claims is that an abundance of water and water-power is at hand to operate the mill and treat the ore. At present the richest ore is being sacked for shipment. The district has been staked for several miles around, and the locations are awaiting the installation of sufficient stamps in the Pittsburg & New York mill to handle custom ore.

Mining experts who have examined the vein on the Umatilla group say that it is probably a continuation of the famous Drumlummon vein, from which Thomas Cruse of Helena took out millions of dollars some years ago. Those who have located on the vein for a distance of several miles are getting good results. In early days the Umatilla mines produced more than $100,000, and the new strike is looked upon as one of the most important gold discoveries near Helena in recent years.

Harry Bush, a well known mining man of Montana, with a number of years' experien in gold and placer mining, made a thorough examination of the district in which the Umatilla group is located, and this is what he says in the Treasure State of August 15:

"A great porphry dyke runs from Umatilla mining camp through to Unionville, thence to Spring Hill, and is determined and well defined. Underneath this great outcrop lies the continuation of the Drumlummon vein, now being opened up by the Pittsburg & New York company of Butte, who have acquired the property and will push work fast and furiously. Already contracts for shaft sinking and tunnelling have been let and the results showing in bottom of shafts and face of tunnel cannot be conceived with new stamping equipment, additional cyaniding tanks and the camp generally on the run, with new locations every day making fresh discoveries. I advise Helena people to look to the new greatest gold camp discovered in thirty years, where there is ore going into the hundreds of dollars per ton, free gold to be seen and taken out at will, and bequests to anyone who wishes to investigate for the benefit and the future of the Capital city. One hundred and sixty feet of drifting has been accomplished in a short time and much ore exposed, with a streak of 8 inches to 2 feet in a vein five feet wide, the lowest assay given being $36 and up to $480. In the shaft, the same thing occurs, and the ore is being sacked that would surprise mining communities at large. The camp is resuming a new feature under the new ownership, and Butte is becoming lively in anticipation of its new baby, which bids fair to become the favorite offspring of a vigorous community."

See the water power and the stamp mill. The Pittsburg-New York company own seven claims in South Butte and ten gold claims near Helena, capitalized at $1,500,000, with $800,000 in the treasury, will bear all investigation and has the earmarks of becoming a favorite investment. Work is progressing, but further equipment is necessary and I can strongly advocate the purchase of these shares at the very reasonable price asked, viz: 15 cents for a limited number. The secretary, Mr. Lindsay of the Butte-Montana and the Pittsburg-New York companies will be in Duluth Tuesday, and will be able to furnish and substantiate the situation, and for information upon these properties, and it will be forthcoming. I have forther information upon Butte-Montana that it is in evidence a new organization is on the cards, with a change from $1 shares to $10 and that a large cash deposit is available for the extensive opening up of the Alex Scott. Butte-Montana is a very great buy anything under the dollar, and Pittsburg-New York needs immediate attention and very little recommendation.

View shows magnificent water power on Umatilla claims.

WEST END

ANDERSON WILL SAY FAREWELL

Pastor to Preach Last Sermon in Swedish Methodist Church.

Rev. John A. Anderson will conclude a pastorate, which has extended over nine years, tomorrow, when he will preach his farewell sermons as the minister of the First Swedish-Methodist Episcopal church, Twentieth avenue west and Third street.

Next week, Rev. Mr. Anderson and his family will remove to Marinette, Wis., which town will be his headquarters as superintendent of the Lake Superior district of the Swedish M. E. conference. Mr. Anderson returned today from Marinette, where he has been spending a few days in making arrangements for the removal of his family and household goods there.

At both the morning and evening services in the First Swedish Methodist church tomorrow, Mr. Anderson will be in the pulpit.

Mr. Anderson has been a resident of the West end ever since he came to Duluth, and has always taken an active part in its promotion and a deep interest in its welfare. At the First church, he will be succeeded by the clergyman, who during the past year, has had charge of the Swedish Methodist congregation at Norway, Mich.

ACTIVITY RESUMED.

The Bema Club Will Have a Meeting Next Week.

After a recess of several months, the Bema club, the West end's debating society, will resume activity next week.

The first meeting of the season will be held Monday evening in Dr. Oredson's office, with President George M. Jensen in the chair. Plans for the coming winter's work will be laid.

The chances are that the membership limit of the club will be increased. The organization was a great success last year, and this year finds a number of applicants for membership.

In addition to the regular business meetings and debates, the club plans to give some social functions. Last year, the banquet, to which the ladies were bidden, was one of the hits of the season.

West End Shortrails.

William Sussman has returned from a business trip to the Twin Cities.

The Swedish Christian Sick Benefit society held its regular monthly meeting last evening in Sloan's hall.

Miss Josephine Carciofini, of Calumet, Mich., left for her home yesterday, after a visit with friends in the West end.

James Abbott of Clear Lake, Minn., is visiting relatives in the West end.

Rev. H. C. Munson is in St. Paul, attending the funeral of Rev. Mr. Jacobson, who died just after the conference there. From St. Paul, Mr. Munson will go to Racine, Wis., where he is to be pastor of the First Norwegian-Danish M. E. church.

S. Morterud and Watt Mendenhall have returned from Adolph, Minn., where they went after ducks.

The Busy Bee society of Bethany Swedish church is meeting this afternoon with Mrs. A. Magnusen, of West Fifth street.

Mrs. Ed Harper, of the Green block, is visiting friends in St. Paul.

Mrs. J. W. Preston and daughter, Jessie, have returned from Southern Wisconsin, where they spent the summer.

Rev. James Sanaker and family have arrived from Minneapolis, and will make their home in the West end. Mr. Sanaker is the new superintendent of this district of the Norwegian-Danish M. E. conference, succeeding Rev. H. C. Munsen. He will preach tomorrow in the First Norwegian-Danish church.

The Adams alumni football team has been giving some energetic rehearsals in private and is now crying for the scalps of the other teams in the West end and out of it.

THEY MAKE NEW BALLOTS.

Supply Runs Out and Illegal Method is Followed.

St. Cloud, Minn., Oct. 3.—(Special to The Herald.)—Additional charges in the Holding illegal voting case came to light today. Some of the friends of Rassler, the defeated candidate for county commissioner in the Second district, claim that many of the ballots used were not according to the form prescribed by law.

According to their statements the non-resident Soo employes brought the number of voters so high that the supply of ballots ran out. Additional ballots were then made and it is claimed that not all of the names of the candidates were written on these ballots, but just those who were favorable to the men in charge.

The time limit for asking for a recount of the votes has already passed and the only method left to contest the election is to secure an injunction restraining the county auditor from placing the name of Herman on the ballot.

Mr. Rassler, however, has not decided whether he will push the case. He believes that such an action would cost more than the office is worth.

COMPANY HAS GOOD BACKING

Butte-Montana Mining Company Controlled by Strong Syndicate.

In view of the fact that the Butte-Montana Mining company has been ably financed and has passed under the control of strong Duluth and Pittsburg interests who intend placing the property on a producing basis within a short time, the following article published in The Copper Age, giving details of the transaction and a description of the property, will be read with interest by the large number of local investors:

At last the Butte-Montana Mining company has been firmly financed and control given into the hands of strong Duluth and Pittsburg interests, thus insuring the placing of the property in the list of producers within a short time. Option on the treasury stock and enough private stock to give control has been taken up by Robert A. Kerr, who represents the syndicate that will have charge of the affairs of the company, and the first payment of $20,000 is said to have been made. Other payments will be made according to the terms of the option agreement and in the meantime operations will be commenced and carried on, both upon a commercial and development basis, that is, development will continue while commercial operations are carried on. Mr. Kerr is expected to arrive in Butte at once and assume charge of the company's affairs.

The Butte-Montana company is the owner of two claims in the Butte district, the Alex Scott, a copper mine comprising five acres of surface ground, and the Little Annie, a silver and gold mine, with 20 acres of surface land. Both the properties are admirably located and are already developed to the producing stage. The Alex Scott mine was located about thirty years ago by Alex Scott, and at that time attracted a good deal of attention on account of the excellent surface showings and the ore that was found at shallow depths. The mine has been worked with more or less success by private individuals as leasers since the location was made, and at the present time leasers are working the upper levels with profit.

The Alex Scott adjoins the West Colusa, one of the good producers of the Amalgamated mines, and owned by the Boston & Montana company. More than a year ago a contract was made with the Boston & Montana company to sink the Alex Scott shaft from the 700-foot level to the 1,200-foot level, the present depth of the shaft. The B. & M. company put down the shaft and made three crosscuts, at the 900, the 1,000 and the 1,200-foot levels to the West Colusa workings, so as to have better ventilation. The work was done without expense to the Butte-Montana company and it is estimated that it cost the Boston & Montana company upwards of $65,000 to sink the Alex Scott shaft to its present depth and make connections with the West Colusa. All this work was done for ventilating purposes, and in the crosscuts two good leads of copper ore were cut on each level where the crosscuts were made.

By its arrangements with the Boston & Montana company the Butte-Montana company has secured the development of the Alex Scott mine without any cost to speak of. The mine is so well developed that Harry Charles, a smelter manager of Utah, has expressed the opinion, after an examination of the mine, that it can be placed upon a good shipping basis within thirty days. The new management of the company does not expect to make the mine a big shipper within thirty days, because operations will be directed towards placing the property in shape for extensive operations and other work must be done in addition to that which will result in immediate shipments, but it is not thought the time will be long before regular shipments are made.

Ore has been encountered in the Alex Scott from low grade to copper glance and during the past year a good quantity has been shipped by leasers to the Pittsmont smelter. The crosscuts all run south from the Alex Scott shaft to the West Colusa workings, a distance of about 250 feet. Two well defined veins were cut through by all of the crosscuts, and they showed good ore on all of the levels where the crosscuts were made. The Leonard mine, said at one time to contain the largest and richest body of copper ore in the world, lies just east of the Alex Scott, the Modoc is north and the Sunny Side is on the west.

The Alex Scott has a larger area of surface ground than the famous Minnie Healy, which was valued in the courts at from $5,000,000 to $10,000,000. The Butte-Montana company is capitalized at $1,000,000, in shares of the par value of $1 each. This capitalization includes the Little Annie mine, a very valuable silver property northwest of Walkerville. With proper development the Butte-Montana holdings should be worth considerably more than the capitalization of the company and some mining men have estimated that the stock could easily go to $5 per share and pay a reasonable interest on the investment with copper at a fair price. This, however, is mere speculation and can only be proven by development. The company has passed through all kinds of vicissitudes and knocking periods, but has managed to come out all right, with the property developed past the producing stage, and there still remains in the treasury 205,000 shares of unsold stock for the benefit of the stockholders. The company has paid for its ground and has no indebtedness except the current monthly expenses.

The Alex Scott mine is equipped with a good surface plant capable of sinking to the 1,300 or 1,400-foot level. This equipment will probably be strengthened for deeper sinking and the capacity increased for more extensive operations. The claim is 500 feet long and has four well defined leads, apexing in the property and running from end to end, thus giving a great amount of commercial working ground.

The Little Annie claim is situated between the famous Goldsmith and the Little Georgia. Some fine ore has been taken out of the Little Annie, one carload netting $1,360. Leasers operated the mine with good results until smelter charges got too high, and since that time work has not been resumed.

Being only about two years old, the Butte-Montana company has made excellent progress in its development and the results reflect great credit upon the management. This company and the Tuolumne will probably make a record in the Butte camp for quick development to the producing stage.

The officers of the company are: T. N. Barnsdall of Pittsburg, president; J. P. Brown of Butte, vice president; John B. Chapman, secretary, and W. H. Lindsay of Butte, assistant secretary and treasurer.

Stockholders of the company who desire quick results should be grateful to the management for closing a deal with the strong Duluth and Pittsburg syndicate, for it means that the property will be fully developed at once and placed upon a producing basis within a short time.

Woman Interrupts Political Speaker.

A well-dressed woman interrupted a political speaker recently by continually coughing. If she had taken Foley's Honey and Tar it would have cured her cough quickly and expelled her cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes. Sold by all druggists.

LABOR

LICENSED BY BUREAU

Williams Would Have Employment Agents Under State Supervision.

Working for Such a Law—Child Labor Conditions.

An effort will be made when the state legislature meets this term to get that body to pass a law which will adequately protect laboring men from dishonest employment agents. This statement is according to State Labor Commissioner W. H. Williams of St. Paul, who is in the city on official business.

Mr. Williams is back of the movement to eliminate the dishonest employment agent and he will work hard for the passing of a law, which will make possible that end. He suggests that instead of the cities being vested with the power of granting licenses to employment agencies, that the state free employment bureau have the authority, and also the right to withdraw them when they see fit.

"The city is in no position to investigate cases where agencies have misused their licences," said Mr. Williams. "In our work we are in constant touch with labor and the labor bureaus of every state, and so can better learn the truth when charges are brought against the pay agencies.

"Some action should be taken in this matter directly, for laborers are regularly being victimized by pay agencies in the cities of Minnesota. I recently received a letter from a labor commissioner of Montana that that state is overcrowded with idle men, and still more men are being sent in, many of them from Minnesota, with the idea that jobs are open to them here. He asked that I do all in my power to put an end to it in this state. I received that same from North and South Dakotas when the harvest season started, and I went and investigated there myself. I found the conditions as represented. There were more men than jobs and more were being shipped in regularly by agencies. The agencies were not so bad in that case as were the railroads, which advertised in the Eastern papers that there were jobs for thousands of men in the Northwestern harvest fields. At that time I got a letter from the mayor of Philadelphia stating that if there was plenty of work in this part of the country he could easily furnish us with 5,000 men. I wrote back, 'keep them, we have more here than we know what to do with.'

"Things are getting a trifle better now, though, in Minnesota. At the state free bureau in Duluth, James Walsh, manager, is doing an increasing business daily. In Minneapolis this month we have given more men work than during any time since the panic started last fall. We have this month employed about 1,000 men, which is about up to our old standard. The factories, wholesale houses, and mills are beginning to refill their crews again. But things are not yet what they should be.

"Last year the labor commission of this state started an organized campaign against child labor, continued Mr. Williams. "We then placed approximately 1,000 children in school. This year we will be even more vigorous in our crusade against boys and girls being put out to work. I am in Duluth now to talk with Supt. R. E. Denfeld about the conditions here and to see if he thinks that the truancy officer needs some one to help him now while the school season is just starting. If he has more than he can do I will see that he has some one to assist him, at least until things are straightened out. I have just lately placed a man at Hibbing to see that every child old enough is attending school there and not working for a living."

Bad Fire in Arizona.

Albuquerque, N. M., Oct. 3.—Fire at Williams, Ariz., destroyed an entire block of buildings in the business section of the town, including Nabbit brothers' wholesale house. Loss, $150,000.

Dr. Chas. A. Hoag

THE SUCCESSFUL CHICAGO SPECIALIST

Will be in Superior, Wis., at the Hotel Superior, Tuesday, Oct. 6th, 1908. Office hours 9 a. m. to 9 p. m., and in Ashland at the Commercial House, Wednesday, Oct. 7th, 1908.

Treats Rheumatism, Enlarged Veins, Fistula, Piles and other Rectal Diseases and Lingering Ailments.

CATARRH, which poisons the breath, stomach and lungs and paves the way for Consumption, also Throat, Liver, Heart and all constitutional and internal troubles: also Rupture, Piles, Fistula, Dyspepsia, Diarrhoea and all diseases of the stomach and bowels treated far in advance of any institution in the country.

BLOOD AND SKIN diseases, Pimples, Scrofula, Tumors, Tetter and Eczema thoroughly eradicated, leaving the system in a strong, pure and healthful state.

A VISIT WILL TELL

Perhaps you are suffering in silence; perhaps you have been unsuccessfully treated; if so,

Do not be satisfied until you have been examined by Dr. Hoag. You may be sent away happy, without treatment, but with advice that will save you time and money, as well as mental suffering. If you require treatment, you will be treated honestly and skillfully and restored to health within the briefest time and at the least possible expense. **All patients examined and treated by me personally.**

EAST END PROPERTY IS BEING CLOSELY HELD

Demand for East Superior Street Business Property and Choice East End Residence Sites Causes a Tightening in the Market—"Own Your Own Home" Cry Grows Louder.

A few deals in Superior street business property and a few more transfers in choice East end residence property, composed the bulk of the trading in real estate circles in Duluth during the past week. Incidentally, dealers find that the East end situation is tightening up. The demand continues just as heavy and good prices are aways to be obtained for desirable pieces of property, but few of the holders of property in the district, where lots are most sought, are losing their hold, with the result that many good offers are going begging.

The "Own Your Own Home" cry, the slogan of real estate dealers, architects and builders, hasn't had entirely satisfactory results this fall, and it is being emitted more loudly than ever by everybody concerned. The man, who timidly suggests that he will probably put off the building of that little nest until spring, is taken into a corner, given a talk that would arouse emotion in a cigar store Indian and, if he isn't altogether impervious to the eloquence he is swung around into an avowed exponent of the "Do It Now" doctrine.

It is pointed out that conditions will never again be so good for the building of homes. Labor is cheaper than it will be next year, material is cheaper and the prices of desirable lots are always on the ascent. The man, who acts now, is saved, in the opinion of the dealers and builders, but he who procrastinates will find himself digging for several extra hundreds next spring, when he begins to build that nest of his own. There will be a rush of business and the law of supply and demand will send prices shooting skyward.

• • •

What is considered by many a modest price, was paid this week for a choice piece of East Superior street property. The Invest company, identity unknown, purchased from Godfrey J. Hodges the property on the northeast corner of First avenue east and Superior stret, consisting of lot 17 and the westerly one-half of lot 19, East Superior street, Duluth proper, first division, with a seventy-five foot frontage on Superior streeet. The consideration was $23,333.34. There is a two-story brick building on the property.

• • •

H. C. Fulton has purchased from the Higgins estate the property on the north side of East Superior street near Sixth avenue east adjoining the old city tool house. The deal has not been fully closed and the papers filed, so that the consideration is not public. Mr. Fulton says he bought the property for investment and has not yet decided whether he will build, or will lease it to some other party.

• • •

A row of three houses, known as 1526-1528 East Third street on lot 7, block 85, Endion division, was sold this week by the Savins Union Real Estate company to Mrs. Josephine Butchart Fairfax for $8,600. Mrs. Fairfax also purchased the property at the corner of Sixteenth avenue east and Third street from the Duluth Home company for $7,150. There is a house under construction on the property.

• • •

The longest lease ever drawn on Duluth property was made this week, giving the Furniss Realty company control of the southeast corner of Second avenue west and Third street. The lease runs for 198 years, twice the length of life of ordinary leases on business property, and is on a basis of 4½ per cent, on a valuation of $130,000, with a revaluation at the end of each thirty years. The property is owned by the Winston Pillsbury company of Minneapolis and has a 200-foot frontage on the street and 140 feet on the avenue. Thomas Furniss and Thomas A. Merritt are directors of the Furniss Realty company and it is said that they contemplate the erection of an Orpheum theater on the site secured.

• • •

The Hanford Investment company has sold to Margaret A. Harris the southerly fifty feet of lot 16, block 20, Highland Park addition, being the northeast corner of Eighteenth avenue east and Sixth street. The consideration was $3,000.

• • •

Bert Fesler has sold to William B. Silvey lots 13 and 14, block 7, Harrison's division on the north side of First street between Twenty-Fifth and Twenty-Sixth avenue east, for $3,500.

• • •

L. W. Bordman has sold to Charles Olson the westerly one-half of lot 437, Block 84, Duluth Proper, Second division, on Second street, between Twenty-Seventh and Twenty-Eighth avenues west.

• • •

Frank J. McEnter has sold to Stella A. Thomas lot 14, block 6, Highland Park addition, on Third street between Twenty-First and Twenty-Second avenues east, for $1,100.

• • •

John Lloyd has sold to George Anderson the easterly one-half of lot 333, block 144, Duluth proper, second division, on the north side of Fifth street between Piedmont avenue and Twenty-first avenue west, for $2,000.

• • •

The board of education of the city of Duluth has purchased from four different owners lots 1, 2, 3, and 4, block 20, Endion division, on the southeast corner of Sixteenth avenue east and London road, as a site for the new Salter school. Lot 1, owned by Frank H. Frerker, was sold for $2,500, lots 2 and 3, owned by Anna E. McIntyre and the $1,600 each, and the board paid Horace H. Jenks $1,500 for lot 4.

• • •

Charles S. Green has sold to Eby G. Gridley lot 4, block 86, Endion division, on the south side of Third street, between Fourteenth and Fifteenth avenues east, for $1,250.

• • •

The Felix Investment company has sold to Alfred W. Tausig lot 6, block 5, Wooster division, on the south side of Third street between Twenty-fourth and Twenty-fifth avenues east, for $1,500.

• • •

A. M. Nichols has sold to Victor Hurwitz lot 56, East Fifth street, Duluth proper, first division, on the south side of Fifth street between Third and Fourth avenues east, for $3,650.

• • •

Anna M. Willcud has sold to M. H. Alworth lots 1, 2, 3, 4, 5, 6, 13, 14, 15, 16 and the easterly one-half of lot 12, block 7, Willard's addition, being a portion of the block between Fifth and Sixth streets at Twenty-sixth avenue east for $6,934.50.

• • •

The West Duluth Land company has sold to the Union Match company lots 7, 13, 14, 15, and 16, block 209, West Duluth, rearranged division, near the factory of the company at Nicollet street and Fifty-first avenue west, for $1,500.

• • •

Joseph Schmitz has sold to the Hillard Construction company lot 9, block 146, Portland division on the north side of Seventh street, between Eleventh and Twelfth avenue east for $1,500.

• • •

Through N. J. Upham & Co., Mrs. M. E. Colman has bought for improvement lots 1 and 2, block 12, Helm's addition, for $850. The same company has sold to Linus Swenson a lot on Fifth street, near Twentieth avenue east, lot 7, block 9, Highland Park division, for $750.

• • •

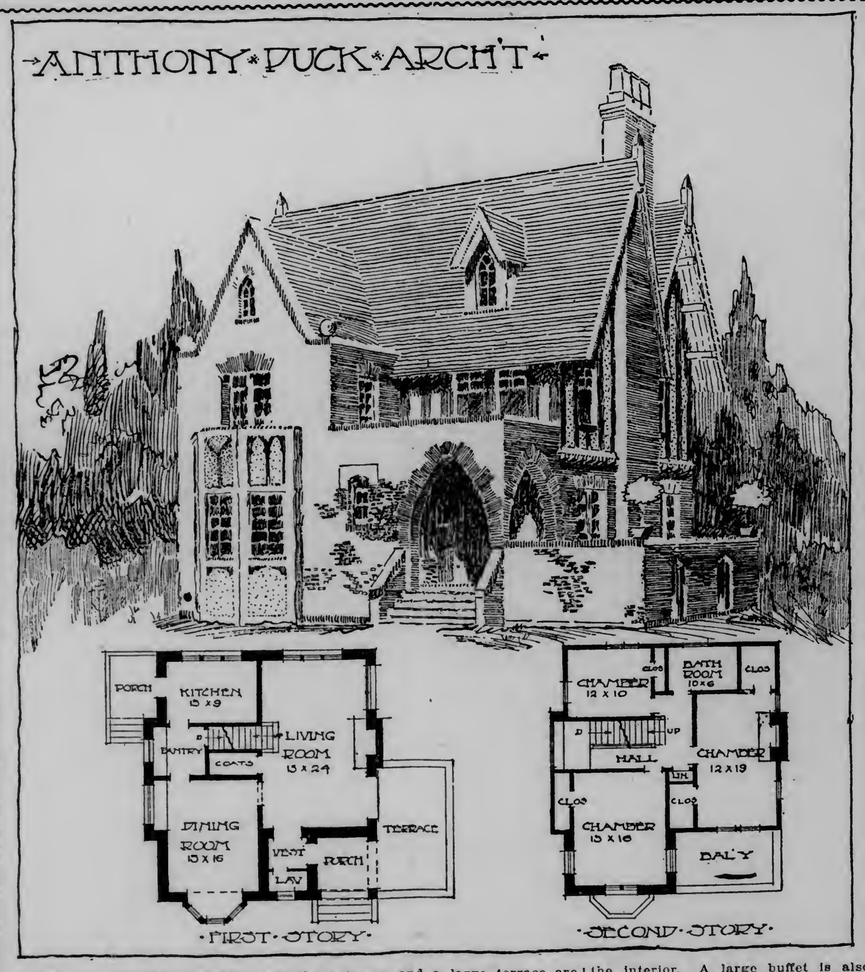

Jacobson Bros. have begun excavating at Fourth avenue east and Superior street for a one-story brick building, 60 by 60 feet, for Z. T. Mullin. The building will contain two stores, one of which is under lease to the Wiggert's Store works.

• • •

Through C. L. Rakowsky & Co., Christine Olson

(Continued on page 27, fifth column.)

AN OLD ENGLISH HOME WHICH WOULD COST $7,000 IN DULUTH

In the accompanying illustration are the floor plans and perspective view of a house designed in the English style.

The exterior, treated with brick stucco, half timbered, is interesting in its lines and very attractive. Its surfaces are pleasingly broken by the unique uses of the materials mentioned, true to the English spirit of designing.

Paving brick is used, laid in white mortar, which gives a very attractive appearance, instead of a cold and uninteresting brick wall, so commonly seen.

The stucco is perfectly smooth and white, contrasting sharply with the darkly stained timber work. Shingles are used for the roof and are stained to be harmonious with the rest of the house.

The interior has been arranged in a compact manner. A covered porch at the entrance and a large terrace are a notable feature. The porch is reached from the living room, through a French window.

A lavatory has been planned opening from the vestibule, a very convenient arrangement. The living room, ample in dimensions, has a large fireplace built up of tile, and a hammered copper hood is its feature. Since no hall has been arranged, the stairs start from the living room, making a pretty effect with the post and beam feature.

A small plastered arch, between the living and dining rooms, has been planned, a feature quite out of the ordinary and true to the Gothic design. The dining room, as a whole, is designed in Gothic. While the windows are shown modern English on the exterior, they are treated in Gothic in the interior. A large buffet is also treated in a similar manner, and is the main feature of the room. A large bay window has been provided for this room.

A spacious pantry, provided with cupboards and pastry tables, is conveniently arranged, and a cellar entrance is also planned to open from this room.

The kitchen is conveniently arranged for the necessary equipment.

The second story has three large chambers, with closets off each, and also a linen closet in the hall. A large bathroom, properly equipped with the usual fixtures, is provided.

Including the heating and plumbing, a good grade of finish, and hardwood floors throughout, a house as above described, can be built in Duluth for $7,000. Anthony Puck, architect.

EAST END

We specialize in fine East end building sites. Among them we call attention to a quarter block on Second street and Twenty-sixth avenue east, affording one of the finest views in the city.

On Third and Fourth streets, some very desirable corners from 100 to 200 feet each.

On Fifth and Sixth streets (the latter of which is now being graded and sewered) we can offer as large tracts as may be required up to a full block. This is restricted property. No stores, flats or cheap buildings allowed. This property will easily double in value in the next two or three years.

RICHARDSON, DAY & CO.,
EXCHANGE BUILDING.

THREE GOOD HOMES

$13000 Beautiful modern home, absolutely complete, near Sixteenth avenue east.

$2500 Good 6-room house, complete basement and floors; must be sold at once. Owners leaving city.

$2200 Two five-room flats; good investment; east central.

Fire Insurance and Loans—Lowest Rates.

WOLVIN BLDG.

Double house on East Sixth street, 6 rooms and bath, each side; hardwood floors, first floor; gas, sewer and electric light; lot 50x140 feet. Price, $4,500.

London road lot, 50x140 feet, near Twenty-second avenue east, $550.

Corporate Investment Company,
Torrey Building, First Floor.
FIRST MORTGAGE LOANS AND REAL ESTATE.

Whiteny Wall Co's. List

$9000 for a splendidly located home in the East end, near Sixteenth avenue, on Third street; 10-room, modern and in best possible condition in every respect. Space does not permit an adequate description of this beautiful home, but all details will be cheerfully furnished at our office. Look this up.

$9000 Ten thousand square feet, ten-room house, and a barn on upper side of East Second street; one-half block from high school; annual rent $660.

$3575 buys No. 2720 West Second street. Well, yes, very well, and warmly constructed house. Owner built it for HIS HOME. This is an up-to-date place—only two years old., seven large, light rooms, every one with big closet; electric lights, sewer, water, gas, hardwood floors, bathroom—everything to make a complete, comfortable home.

$3250 takes No. 418 West Fourth street eight-room house, lot 25x140; rents $40 per month. In other words, you get an investment paying over 14½ per cent and an increasingly valuable lot. Better look this over.

$2100 Eight-room house, upper side of West Fourth street, near Twentieth avenue; lot 25x140; couldn't duplicate the house for $2,100.

$1275 Here's your chance to own your home. Six-room house, practically new, remarkably well and snugly built; electric lights; lot 25x140, terms easy; location, West Sixth street, between Fortieth and Forty-first avenues. Let us show you this place and tell you more about it.

$1200 each for three very desirable East end lots. These are together, making a piece 150x140. Will sell separately. This price won't be good much longer.

Whitney Wall Company,
Real Estate, Loans and Insurance Brokers, Main Floor, Palladio Building.

Land Is the Basis of All Wealth

Have you some? If not, let me show you a 40 or 80-acre tract, handy to Duluth, with timber enough, such as tamarack, cedar and spruce to pay for it, and secure yourself work for the winter. I have also considerable cut and burnt-over lands near Nickerson and Holyoke, and along the Soo line now building into Duluth, which can be cleared very easily. Good soil. Prices and terms on sale of land within reach of everybody.

AL. W. KUEHNOW,
303-4 Torrey Building.
Old 'Phone, 1001.

WE, THE UNDERSIGNED, B. M. Peyton and C. J. McBride, hereby certify that we are respectively the President and Secretary of The Zenith Paper Company, a corporation organized under Title 2, Chapter 34, of the Laws of the State of Minnesota, and laws amendatory thereof and supplemental thereto; that at a special meeting of the stockholders of said corporation, held at Room 205, Exchange Building, Duluth, St. Louis County, Minnesota, at five o'clock in the afternoon of Tuesday, the 29th day of September, 1908, which meeting was duly called for the purpose of acting upon the resolution hereinafter set forth, by the President and Secretary of such corporation, by mailing a letter, directed to the place of residence of each stockholder, more than seven (7) days previous to said meeting, which notice specified the time, place and object of such meeting, the following resolution amending the articles of incorporation of such corporation was unanimously adopted by the stockholders of such corporation, namely:

"RESOLVED, That that paragraph of the articles of incorporation of The Zenith Paper Company which specifies the name of such corporation be and the same is hereby amended to read as follows:

"The name of this corporation shall be 'Ryan Paper Company,' its business, the buying and selling, for itself and others, of merchandise, and owning property incidental thereto, and the principal place of transacting such business shall be at Duluth, Minnesota."

That there were present and voted in favor of such amendment all of the shareholders of shares of said corporation.

IN TESTIMONY WHEREOF, The said corporation, The Zenith Paper Company, has caused this certificate to be signed by its President and Secretary, and its corporate seal to be hereto affixed, this 29th day of September, 1908.

THE ZENITH PAPER COMPANY.
By B. M. PEYTON,
President.
Attest: C. J. McBRIDE,
Secretary.
Signed, Sealed and Delivered
In Presence of:
H. H. PEYTON.
ARTHUR H. CRASSWELLER.
(The Zenith Paper Co. Corporate Seal, Duluth, Minn.)

State of Minnesota, County of St. Louis —ss.

B. M. Peyton and C. J. McBride, being first duly sworn, depose and say that they are respectively the President and Secretary of The Zenith Paper Company, the corporation named in the foregoing certificate; that they have read such certificate and know the contents thereof, and that the same is true.

B. M. PEYTON.
C. J. McBRIDE.

Subscribed and sworn to before me this 29th day of September, 1908.
ARTHUR H. CRASSWELLER,
Notary Public,
St. Louis Co., Minn.
(Notarial Seal, St. Louis County, Minn.)
My commission expires March 22nd, 1910.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 1st day of Oct., A. D. 1908, at 11 o'clock A. M., and was duly recorded in Book Q-3 of Incorporations, on page 470.

JULIUS A. SCHMAHL,
Secretary of State.

OFFICE OF REGISTER OF DEEDS.

I hereby certify that the within instrument was filed in this office for record Oct. 3, 1908, at 10:15 A. M., and was duly recorded in Book 9 of Misc., page 190.

M. C. PALMER,
Register of Deeds.
By THOS. CLARK,
Deputy.

Duluth Evening Herald—Oct 2-3, 1908.

EAST END PROPERTY IS BEING CLOSELY HELD

(Continued from page 26.)

and Elinor Olson have sold to John Murphy a residence property at 420 North Twenty-second avenue west for $3,200. Through the same company, Nellie Prosser sold to P. J. Toole a property at 3902 West Seventh street for $450. There is a residence under construction on the property.

• • •

George H. Ebert sold to J. A. Kubrich of Charles City, Iowa, this week section 8 ,township, 48, north of range 19 west, near Mooso Lake, Minn. Mr. Kubrich, who is an experienced Iowa farmer, sees great agricultural possibilities in that country, which is directly in the line of the new Soo road, which is opening a large territory.

• • •

Austin Terryberry this week sent plans to Bartelle, Minn., for a new Presbyterian church. It is to be a frame structure, with stone and concrete basement and will cost about $4,000.

• • •

Bray & Nelson will open bids at Eveleth today for a new $75,000 school building, for which they prepared the plans.

• • •

MINNESOTA HISTORICAL SOCIETY.

BULGARIA PROCLAIMS INDEPENDENCE; HER ARMY AND TURKEY'S PREPARE FOR WAR; AUSTRIA THREATENING TO GRAB

European Powers Involved in Crisis That Suddenly Arises.

Prince Ferdinand Assumes Tittle "Czar of the Balkans."

CAUSE OF WAR THAT IMPENDS:

Bulgaria, long yearning for freedom, takes advantage of recent weakening by Sultan Abdul Hamid in granting new constitution, and flatly refuses to surrender Oriental railway. This refusal, however, is regarded as only a pretext for the declaration which followed early today, in which Bulgaria announces her independence and Prince Ferdinand assumes the title of "Czar of the Balkans." Austria, always hungry for Turkish territory, at once threatens to seize the Servian provinces of Bosnia and Herzegovina, which involves Germany and hence the other great European powers. The British press is already denouncing what it terms an "Austrian-Bulgarian plot against Turkey," and John Bull will probably take an early hand in the proceedings.

Paris, Oct. 5.—The Temps today publishes a dispatch from Vienna saying that the Bulgarian army is marching towards the frontier and that the Turks also are moving forward to the encounter.

Austria-Hungary is mobilizing two army corps.

Sofia, Oct. 5.—The proclamation of Bulgaria as an independent kingdom, was formally made at Tirnovo today.

Prince Ferdinand and his ministers were at Tirnovo when independence was proclaimed, having reached there last evening.

Turkey Blames Germany.

Constantinople, Oct. 5.—Turkey is convinced that Austria, backed by

PRINCE FERDINAND.

SULTAN ABDUL HAMID.

TAFT CAMPAIGN TO END AT YOUNGSTOWN.

Kansas City, Oct. 5.—Taft will close his campaign the night of Nov. 2, at Youngstown, Ohio. The national campaign of the party was opened at that place with Governor Hughes as the principal speaker.

JEROME PROBES CHARGE THAT TAFT'S BROTHER WAS IN PANAMA CANAL DEAL

Charles P. Taft Said to Have Attempted to Get Bonds.

New York, Oct. 5.—That Charles P. Taft, brother of the Republican nominee for president was in on a deal to buy the Panama canal bonds and then sell them to the United States government at a profit of $36,000,000 is the latest sensational charge in the campaign.

District Attorney Jerome is investigating a case placed before him by W J. Curtis of the firm of Sullivan & Cromwell, of which William Nelson Cromwell is one of the partners.

Mr. Curtis has visited the office of the district attorney and represented that men he named were endeavoring to obtain money from Cromwell because of his interest in the transactions leading up to the purchase by this country of the Panama canal.

Curtis told Jerome it had been represented to Cromwell that the Democratic national committee was considering the advisability of making public a statement that William Nelson Cromwell, in connection with M. Bunau-Varilla, a French speculator, had formed a syndicate at the time it was evident the United States would take over the rights of the French bondholders in the De Lesseps canal.

This syndicate, it was said, included Charles P. Taft, brother of William H. Taft, and Douglas Robinson, brother-in-law of President Roosevelt. Men prominent in the New York world of finance also were mentioned.

It was charged in the alleged statement that the syndicate made about $26,000,000 on the transaction.

TOM LAWSON IS BADLY INJURED

Egypt, Mass., Oct. 5.—Thomas W. Lawson, financier, was thrown from his carriage while driving near North Scituate late yesterday and severely injured by the fall and by being kicked by the horse. Mr. Lawson was unconscious when taken into a nearby drug store and attended by a physician. Later he was removed to his home, Dreadwold, in Egypt, in an automobile. He did not recover consciousness until late at night.

GOMPERS HITS BACK AT TAFT

Declares Nominee Has Lost His Temper and Dignity.

Washington, Oct. 5.—A galling fire of caustic denunciation of W. H. Taft poured from Samuel Gompers, president of the American Federation of Labor. His firing to right and left caught James S. Sherman and Joseph G. Cannon.

Gompers' ire has been raised by reports that Taft has charged him with lying. He charges the candidate with "going from bad to worse" and with "losing his temper as well as his manners and dignity" and declares that "he cannot meet the truth and justice of labor's contention," but has "resorted to the well-known policy of the pettifogger," and says that "Taft evidently believes that by accusing me he can excuse himself from a bad situation."

Gompers attacked the Republican platform and Taft's anti-injunction decision and said that Justice Gould, of the district court, recently cited the Taft opinion in the injunction case against Gompers brought by the Bucks Stove & Range company.

SAY ROOSEVELT WILL TAKE STUMP

Lincoln, Neb., Oct. 5.—That President Roosevelt intends to take the stump for Taft is the information received at Fairview from the East. The advices come from persons upon whom reliance can be placed, and are to the effect that Roosevelt is planning to make at least six speeches in the course of a trip from the Atlantic to the Pacific, the concluding speech to be delivered at San Francisco.

Strike Officially Off.

Winnipeg, Oct. 5.—The Canadian mechanics' strike has been officially declared off.

INCENDIARY KILLS TEN

Soaks Rubbish in Oil and Fires Tenement House.

Frenzied Parents Throw Children From Windows to Street.

New York, Oct. 5.—Ten persons were killed, more than a dozen injured and thirty escaped death by the narrowest margin, in an incendiary fire which wrecked a tenement house at 71½ Mulberry street, early today.

That a deliberate attempt was made to destroy the house and its occupants as well, the police and firemen do not doubt. Three barrels stuffed with rubbish soaked with oil, were blazing fercely in the lower hall, cutting off the es-

(Continued on page 8, third column.)

WARSHIPS IN TYPHOON

Fleet Outrides Fierce Storm on the Philippine Coast.

Manila, Oct. 5.—The battleship fleet has safely out-ridden a hurricane which swept Manila bay for 12 hours and did much damage ashore.

It was impossible to hoist the cutters and launches belonging to the fleet because of the danger of smashing them against the steel sides of the battleships, and the little craft were

(Continued on page 8, 4th column.)

RUSSIAN WRITES HISTORY OF DEFEAT

St. Petersburg, Oct. 5.—Following the example of Gen. Kuropatkin, who wrote a history of the land campaigns of the war between Russia and Japan, Admiral Nebogatoff, who commanded a squadron of Admiral Rojestvensky's fleet at the time it was defeated by the Japanese under Admiral Togo has written a naval history of the war. The first volume, dealing with events prior to the decisive battle of Tsuhima straits, has been completed.

WOMAN SHOOTS MAN; LINE FENCE QUARREL.

St. Paul, Minn., Oct. 5.—(Spcial to The Herald.)—Wilhelm Koch, 67, was shot and possibly fatally wounded by Mrs. Rosalia Kenberger, a neighbor, during a quarrel over a line fence between their adjoining properties. The woman was taken into custody shortly after the shooting. Despite Dr. John Vieregg's suggestions that the injured man be taken to a hospital, his family will not permit his removal.

HUGHES IS HOARSE, TOO

Governor, Now Touring Wisconsin, is Suffering From Infection.

Chary With Voice—Fifteen Speeches Scheduled for Today.

La Crosse, Wis., Oct. 5.—Opening a speaking tour which in the present week is to take him through Wisconsin, Minnesota, South Dakota, Nebraska, Kansas, Missouri and Illinois, Governor Charles F. Hughes of New York, in a speech here today told why he had taken the stump in support of William H. Taft for president. Despite the earliness of his arrival here, a large crowd greeted him and the auditorium where he spoke at 8:30 a. m. was filled to overflowing. Governor Hughes' presence west of Chicago caused widespread interest, and everywhere provoked the exclamation. "He looks better than his pictures."

Still suffering from an infection in his throat, the governor explained that inasmuch as he was scheduled to deliver fifteen addresses today, he would not be able to talk as loudly as he desired.

AUTO PLUNGE KILLS MOTHER AND GIRL.

Mahanoy City, Pa., Oct. 5.—In an automobile plunge over a twenty-five-foot embankment at Gordon, Mrs. Gordon Young, 34, and her daughter Helen, aged 8 years, were killed and her husband, Peter Young, and Peter Young, Jr., 6 years of age, and Charles Clark, a nephew of the dead woman all of Ashland, sustained fractured skulls and internal injuries.

SEAMEN MEET TO BETTER WELFARE

New York, Oct. 5.—From almost every country in the world representatives have arrived to attend a conference in the new institute for seamen. Delegates are here from the forty-five foreign stations of the American Seaman's Friend society, as well as from similar organizations of Great Britain and other nations. The conference will endeavor to solve some of the problems against which sailors have to contend the world over. Among the questions will be the supply of good reading matter to the sailors, how to promote important and useful legislation in the interest of the seafaring classes, and the improvement of shipping methods in the ports of the world.

Wednesday afternoon a $325,000 institute building will be dedicated. It has all the features of a modern hotel.

GETS LETTER FROM MAN DEAD 13 YEARS

New York, Oct. 5.—Thomas F. Davis, a roofing contractor, upon receiving a letter at his home in Brooklyn, made a hurried trip to Manhattan, turning over in his mind the prospects of fat profits from a very promising bid for work made in the letter. When he arrived at an office in a downtown building, he asked if he could see the bidder whose name was signed to the letter.

"He has been dead thirteen years," a clerk replied.

Inspection of the envelope showed that the letter had been mailed Aug. 6, 1894.

MOB KILLS WHOLE NEGRO FAMILY; CAUSE: WHITE WOMAM WAS CURSED

Ilinchman, Ky., Oct. 5.—Dave Walker, his 5-year-old daughter and his baby, were killed outright, the mother, who was holding the baby in her arms, was fatally shot, and three other children will die, as a result of a mob's visit to the Walker home.

In addition, the oldest son is missing, and is supposed to have been burned with the negro cabin, which was fired by the mob.

Walker had cursed a white woman and threatened a white man with a pistol. When the mob of fifty men ordered him to come from his house, he replied with a shot. The torch was then applied and as the occupants came out, they were shot down.

WOMAN MASQUERADES AS MAN FOR THIRTY YEARS; SECRET REVEALED

New York, Oct. 5.—Mary Johnson, of California, is a prisoner at Ellis Island, for violation of the laws of New York, in wearing men's clothes. For fifteen years she has masqueraded in male attire, under the name of "Frank Woodhull," because she felt that as a man she could better earn her living.

The woman, who is well educated and about 50 years old, was a steerage passenger on the liner New York, which arrived here Saturday. When the immigration people were inspected a sharp-eyed clerk became suspicious of "Frank Woodhull," and called the attention of inspectors to her. The woman said:

"Gentleen, I will tell you the truth, I am a woman. At the age of 20, I went to California. I had to support myself. I found life one hard struggle. My appearance and instincts were against my earning a living as a woman. I became so tired of the struggle, handicapped as I was by nature, that I decided to masquerade as a man. I put on a man's clothes, learned to walk, talk and work like a man, and ever since then lived much easier and pleasantly.

FIRST GAME.

	1	2	3	4	5	6	7	8	9	R	H	E
CLEVELAND	0	0	0	1	0	0	0	0	0	1	4	1
ST. LOUIS	1	0	0	0	0	2	0	0	x	3	9	3

SECOND GAME.

	1	2	3	4	5	6	7	8	9	R	H	E
CLEVELAND	1	0	1	1	0	2	0	0	0	5	9	0
ST. LOUIS	0	1	0	1	0	1	0	0	0	3	6	3

In a perfect score for the remainder of the season lays New York's only hope of winning the National league pennant, when play began today. With three games remaining to be played, New York had to win all, even to tie with Chicago in the pennant race, unless the league directors should vote to give the New Yorkers the disputed game with Chicago, which at present is recorded as a tie. In that event three successive victories for New York would give New York the flag. There appears to be little likelihood, however, that the decision of the umpires in the game now in dispute will be overturned and the followers of the game look toward the series between New York and Boston, which began in New York this afternoon, as the real test in the year's sensational play. A tie at the end of the season would necessitate a "play off" between the leaders, and it is likely an additional series of three games would be arranged for that purpose. Neither Pittsburg nor Chicago has any more games to play this year under the regular schedule.

The remarkably close race for the American league honors continues to grow closer as the season nears its end. By losing to Chicago yesterday, Detroit's hold on the leading position was slightly weakened and any of the three leaders—Detroit, Cleveland or Chicago—may finish the season in the coveted positon.

New York, Oct. 5.—(Special to The Herald.)—With the knowledge that it must be a win-every-game program they must follow out, the New York Giants started today's game with Boston brimfull of determination. McGraw had had the best care taken of every Giant over Sunday, and they trotted onto the diamond as fresh as so many young colts. Muggsy fulfilled his promise of earlier in the day and put Ames in to do the twirling, with Roger Bresnahan behind the bat. The Bean Eaters had Luckey and Bowerman at the points and Klem and Johnstone did the umpiring. The crowd was the biggest yet and continually admonished the locals to "forget Chicago."

The first part of the contest was a pitchers' battle, pure and simple, with neither side having any the best of the argument. The first inning ended 0 to 0.

In the second the Boston batsmen fell helpless before Ames and Luckey did not belie his name when he took the slab. Neither side scored and the board still registered 0 to 0.

A scratch hit and a bit of clever base running netted New York two in the third and then the rooters broke loose. They made so much of a demonstration that even the players could not hear the umpires' decisions, some of the time, while Boston, which had failed to register in the third took another try in the fourth.

The try was futile and the visitors took the field and got near-revenge by again administering a whitewash, so that at the end of the fourth the score was 2 to 0 in New York's favor.

With so narrow a margin those who had been confidently announcing that "Boston will be pie" for the Gotham pennant aspirants were mute.

Boston saved herself from a shutout in the eighth by getting a run. Score, 8 to 1.

New York did not have to bat in the last inning. Score 8 to 1.

OTHER GAMES TODAY

Brooklyn Wins.

Philadelphia, Pa., Oct. 5.—National league (first game):

	R.	H.	E.
Brooklyn	6	13	5
Philadelphia	1	4	1

Boston Americans Lose.

Boston, Mass., Oct. 5.—American league:

	R.	H.	E.
Boston	4	6	0
New York	9	9	0

Washington Wins.

Washington, Oct. 5. — American league:

	R.	H.	E.
Philadelphia	0	3	2
Washington	3	5	2

Win Errorless Game.

Philadelphia, Pa., Oct. 5.—National league, second game, score:

	R.	H.	E.
Brooklyn	2	7	1
Philadelphia	4	11	0

BRUSH MAY TAKE THE GAME TO COURTS

New York, Oct. 5.—The statement was made here today that in case the National league directors uphold President Pulliam's decision of a tie in the game of Sept. 23, and New York loses the championship thereby, John T. Brush, president of the New York club, will take the case to the civil courts.

If this happens the world's championship series may not be played.

The mode of procedure would be to obtain an injunction preventing any other team than the Giants from engaging in a series with the American league champions, and before the case could be fought out in the courts the season would probably be too far advanced and the weather too cold for baseball.

HOW THEY STAND NOW:

NATIONAL LEAGUE.

	Won.	Lost.	Pct.
Chicago	98	55	.641
Pittsburg	98	56	.636
New York	96	55	.635

AMERICAN LEAGUE.

	Won.	Lost.	Pct.
Detroit	89	63	.585
Chicago	88	63	.582
Cleveland	89	64	.581

HEAVY HITTER OF THE CLEVELANDS

SECOND BASEMAN LAJOIE, Hard Hitter Who Was Vainly Depended on to Pull His American League Team Into the Pennant Place.

Chicago, Ill., Oct. 5.—(Special to The Herald.)—That it was going to be the real thing in the way of a baseball scrap was evidenced at the outset at American League park today, when Detroit and Chicago, respectively first and third place in the race for the pennant, crossed bats. Chicagoans who yesterday saw the Cubs beat Pittsburg in the National league game, and who went to the match upwards of 30,000 strong, today turned their undivided attention to the contest in the American—undivided except as anxious eyes were ever and anon turned to the board where what the New York wire was saying about the National league game with Boston, was being recorded.

Chicago had Walsh and Sullivan at the points, and Walsh got an ovation when he stepped onto the slab and spit on his hands. Detroit's battery was Summers and Schmidt. Neither side scored in the opening inning and, with a zero-to-zero start, the game was on.

The first break came in the second inning, when Chicago made one run. Score, 1 to 0.

Chicago swatted out three in the fourth and one in the fifth, and in the sixth Mullin went in to pitch for Detroit. Score, 5 to 0.

The change had a bracing effect on the Tigers, who, in their half made a run. Score, 5 to 1.

The White Sox gained another score in their half of the seventh. Total, 6 to 1.

No more runs were made and the game ended 6 to 1 for Chicago.

CLEVELAND TUSSLES WITH THE BROWNS

St. Louis, Mo., Oct. 5.—(Special to The Herald.)—With six points keeping them from top place in the American league standing, the Cleveland team, Lajole and all, went into the fray with the St. Louis Browns, fourth placers, this afternoon before a big crowd. Batteries: For Cleveland, Liebhardt and Bemis; for St. Louis, Dineen and Stephens. The locals made one in the first, but after that for several innings both sides failed to score. Cleveland tied the score in the Fifth and the deciding runs were made by St. Louis in the Sixth. Score, 3 to 1 for St. Louis.

In the second game the batteries were: Cleveland, Foster and Land; St. Louis, Howell and Spencer. Final score: Cleveland, 5; St. Louis, 3.

SHORTSTOP TINKER, OF CUBS, ARRESTED

Chicago, Oct. 5.—Joseph B. Tinker, shortstop of the National league local team, was arrested today, charged with having assaulted John Ginnocchio, and was arraigned before Municipal Judge Heap. Attorney Thomas Johnson, who represented Tinker, requested that the hearing be continued until Oct. 22, explaining that his client was very busy at present with baseball matters. Judge Heap replied that he would "not stand in the way of the Chicago team winning the pennant," and continued the case.

WEATHER—Probably rain tonight and Tuesday; slightly warmer tonight.

$20 Suits for 'Youngish' Fellows

We've just unpacked seventy-five distinct styles—clothes set off with more "fixings" than the older, conservative dresser would care for — but nevertheless QUITE the caper for the "youngish" sort of man.

Shades as follows: Moose grays, elephant grays, bruin browns and olives. In sizes from 33 to 38.

Coats have fancy pockets and all manners of novel fancy cuffs.

Vests are in the "English seam," long pointed, patch pocket style.

Trousers with 3-inch cuff bottoms.

Now, what more could one ask in the way of "faddish" clothes for the "youngish" gentleman?

COQUELIN IS RECOVERING,

But His Melancholia Has Not Yet Disappeared.

Paris, Oct. 5.—M. Coquelin, Jr., the famous actor, who has been very sick since February last, is now said to be recovering, though the melancholia, with which he has been afflicted has not yet disappeared.

It was on the fifth night of the play, "Love Watches," that the actor was found to be missing. He was discovered weeping and talking to himself on a church porch and was taken to a "home of rest."

He left this shelter secretly and went to his own house on Boulevard Malesherbes. His senses failed him at the door and he sat down on a bench and behaved like a lost child. He was then taken to a sanitarium at Suresues, where he still is. His face is emaciated, his alert expression has given way to one of fear and he has allowed his moustache to grow. Haunted by the belief that he is blind and suspicious of his friends and even of his relatives, he refuses to talk and has utterly lost the geniality and bonhomie which made him so excellent a comedian. When a visitor approaches him he shows signs of the utmost fear and tries to run away.

The doctors, however, say that he is better than he was and hold out the hope that he may ultimately return to the stage.

Calumet Baking Powder

The only high-class Baking Powder sold at a moderate price.

HERALD'S WEST DULUTH DEPARTMENT

BRANCH OFFICES:
J. J. Moran, 405 Central Avenue. Fred Dellbern, 5405 Ramsey Street.

REPUBLICANS MEET.

They Pass Resolution Repudiating the "Feast of Belshazzer."

The West Duluth Republican club held a well attended meeting in the West Duluth Commercial club rooms Saturday evening. A resolution was adopted criticising Governor Johnson for characterizing the annual banquet of the organization as a Belshazzar feast. The resolution sets forth that the club strongly resents such characterization, and "repudiates the insinuation contained therein with all the strength it has."

The resolution was introduced by A. T. Park, and several speakers referred to it.

The principal speaker of the evening was W. E. Culkin, chairman of the Republican county committee. His subject was Governor Johnson's keynote speech, and he pointed out what he thought were the weak spots. Of the Republican candidate for governor Mr. Culkin said:

"Jacobson is an honest man, and no man in the state can say that he is not. The Democrats two years ago attributed his defeat for the nomination to the trusts, and now they are endeavoring to connect his name with the same corporations. Jacobson has always been for economy and for the people, and he has always been opposed to the tonnage tax on ore. It is Governor Johnson's purpose to array one part of the state against the other. In his speech he favored a tonnage tax on iron ore. Up here he will claim something else."

The speaker said Taft was the best-equipped man ever named by the Republicans for office, and went over the presidential nominee's public record to prove his statement. He predicted that Taft would get a plurality of 75,000 in Minnesota.

Others who spoke were Mayor Haven, S. W. Gilpin, W. J. Bates, J. P. Johnson, W. A. Holgate, A. J. Cumming, Roy Hood, A. H. Merriman and Thomas Gilbert.

To Initiate Class.

The officers of Alpha Council, Modern Samaritans, and the degree staff, will initiate a class of candidates at the Commercial club rooms this evening. The caravan will start over the sands at 8:15 and the candidates will be initiated in the Samaritan degree.

WILL CHOOSE SKIPS.

Western Curling Club to Hold Annual Fall Meeting.

The semi-annual meeting of the Western Curling club will be held tomorrow evening at the club rooms, Fifty-sixth avenue west and Bristol street, and the prospects for the coming year will be discussed.

Skips will also be chosen tomorrow night. In former years, the custom was to choose the skips and rinks also, but this year the skips will be allowed to organize their own rinks. In former years, it was necessary to equalize somewhat, putting green players with experienced men, in order that the contests in the several competitions might be close, but this year, there are few green men to break in, so that the skips may choose as they please. All members of the club will find place on some rink, however.

West Duluth Briefs.

The members of the primary department of the Asbury M. E. Sunday school were entertained Saturday afternoon by Miss Louise Remfrey, of 227 North Fifty-eighth avenue west.

Miss Ali Onsgaard, of 517 South Seventy-first avenue west, will entertain the Young People's society of the Immanuel Lutheran church at her home, tomorrow evening.

The Ladies' Aid society of Immanuel Lutheran church will meet with Mrs. Overby of 5819 Redruth street, next Thursday afternoon.

Mr. and Mrs. George McCormick, of Two Harbors, were visitors with West Duluth friends, Sunday.

Mr. and Mrs. Frank Coney, of Two Harbors, spent Sunday in West Duluth.

Frank Gosh, of Cloquet, was registered at the Phillips hotel, Sunday.

Watch repairing. Hurst, West Duluth.

DULUTH IS A TOPLINER

The Government is Better Than That of Most American Cities.

City Clerk Cheadle and Alderman Shartel Home From Meeting.

City Clerk H. W. Cheadle and Alderman Shartel have returned from Omaha, Neb., where they attended the annual convention of the League of American Municipalities. They say the meeting was a very successful one, both from the standpoint of attendance and from that of work accomplished.

Duluth made a bid for the next convention of the organization, as did several other cities. Montreal won out, chiefly upon the argument that Canada had never yet been given one of the meetings, despite the fact that she always had a large number of delegates in attendance. On the first ballot Duluth was only four votes behind Milwaukee, which stood highest when the first vote was taken. Gradually the other cities were weeded out, until only Montreal and Milwaukee were left. It needed a majority vote to win, and Montreal came out one to the good.

"As the result of our attendance at the convention, Alderman Shartel and myself have concluded that Duluth is as good a town as any to be found in America," said Mr. Cheadle this morning. "This city does not excell in all points of government, but taken as a whole, we are up to the best of them, and a little ahead of most of them. We are still in a position to learn something from other cities, however. Our charter is much better than that of the average city.

"We didn't get any special pointers on politics. We had the pleasure of hearing Taft talk last Wednesday night. He isn't what one would call a spellbinder, but puts up a good argument. Business is looking pretty good in the Omaha territory, and the general feeling over the outlook for the coming winter seems to be of an optimistic nature."

Duluth's Own Show.

Wyoming, Lyceum tonight.

MISS MARJORIE GOULD,
Daughter of Mr. and Mrs. George Gould, Will Make Her First Social Appearance This Season at an Old Fashion Ball in the Gould Home on Fifth Avenue, New York.

SUPERIOR NEWS

BLAINE VICTORIOUS.

After a Misunderstanding, Superior Gets the Decision.

Because a Washburn official told the members of the Washburn high school football team that the time for the second half was up, and they left the field, Referee Arthur Abraham awarded the game with Blaine high, at Hammond park Saturday afternoon, to the Superior school. The Superiorites already had the victory in their clutches. The final score was 6 to 2.

All the scoring was done in the last half, the first being slow and with slight interest. Washburn scored on a safety and Blaine got a touchdown and manipulated a successful kick for goal.

When, with one minute more to play and Blaine's ball on Washburn's 1-yard line, the Washburn official said time was up, the Washburn players left the field and refused to return, despite the declarations of official timekeepers and other gentry that the time was not up. So Blaine got the decision.

Both teams seemed to be in need of more coaching and more seasoning. They lined up as follows:

Blaine.	Position.	Washburn.
Heehle, Carlson	rg	H. Palm

Death Claims Rev. Nason.

Superior mourns the death of Rev. J. H. Mason, a prominent church and mission worker there since 1892. He passed away Saturday afternoon at his residence, West Seventh street and H avenue. He was 68 years of age.

Since coming to the Head of the Lakes, Mr. Nason took an active interest in mission work and was untiring in his efforts to better the spiritual and physical welfare of the woodsmen and the poor among all classes. He was the founder of the Mission, Fourth street and Tower avenue.

The funeral was held this afternoon. The body laid in state at the Mission this morning, and short services were held there at 1:30 this afternoon. Then the remains were taken to Pilgrim Congregational church, where Rev. James E. Blaidsell of Beloit college, an old friend of Mr. Nason's, conducted services. Interment will take pl. 3 at Greenwood cemetery.

A VICTORY IN MEDICINE!

By Patient Research and Many Experiments a New Pill Was Invented That Is Far Superior to Castor Oil as a Physic, and It Gives the Effect Without Any Taste.

For over four hundred years medical men have searched in vain to find a physic superior to castor oil.

Mr. I. Robert Blackburn of Dayton, Ohio, conceived the idea a few years ago that if certain well-known medicines were correctly combined, to act on the stomach, large and small intestines, liver and colon, a remedy would be had for constipation which would act as perfectly and mildly as castor oil, yet without any nauseous taste to overcome. He succeeded in preparing a simple mixture that is really a pleasurable physic, differing from all other pills. The name of these sweet little pills is Blackburn's CascaRoyal-Pills, and they can be obtained in 10c and 25c packages of any druggist.

Philbin is President.

D. M. Philbin of the Great Northern railway was re-elected president of the Terminal company, at the annual meeting of the concern, at the offices in the union depot, Saturday. Other officers elected were: Vice president, W. P. Fitch of the South Shore; secretary, C. P. Brown, superintendent of Terminal company; treasurer, H. H. Parkhouse of the Great Northern; attorney, J. A. Murphy.

J. D. Armstrong of the legal department of the Great Northern was elected to the board of directors, succeeding L. W. Hill, also of the Great Northern, and E. C. Blanchard, superintendent of the Northern Pacific, was named a director, vice C. M. Levy, of that road.

Pitches "No Hit" Game.

Marquette, Mich., Oct. 5.—(Special to The Herald.)—For the second time this season Goulette of Ishpeming pitched a "no hit" game yesterday. He fanned twenty men.

Correct Dress for Women.

Furs It must be remembered that the average woman is more ignorant on the subject of fur-value than any other branch of dress knowledge. Therefore a strict reliance upon her dealer is an absolute necessity. We have well mastered the fur subject and you cannot go amiss by placing your confidence in our selections. This year we bought early and liberally, thus skimming the cream from the manufacturers' reserve stocks. The variety and price range is all-inclusive. Prices $12.50 per set to the hundreds of dollars.

Suits To speak of our suits is to broach a subject so broad that it deserves many sub-divisions. There are the Carriage Suits at well nigh a hundred dollars. The strictly custom tailored suits at from $45 to $75. The fancy suits of different types; some only $35.00 and some nearly $135. Then there is the great majority of snappy models for general service that cost from $35.00 to $60.00, and the inexpensives at from $19.50 to $30.00. These various groups include all that is permissible in well-chosen styles, materials and colors.

Waists Most prominent among the cold weather waists are dressy nets, tailored taffetas, wool taffetas, wool batistes and linens. The net waists, dyed to match the suits, are considered one of the newest "kinks" in smart dressing. The long mousquetaire sleeves are a feature. Net Waist prices, $6.75, $8.75, $10, $12.50 to $25.00. Taffeta Waists, $6.75 and up. Woolens Waists, $3.50 to $10. Tailored Madrases and Linens, $2.75 to $10.50.

Coats Our showing of Cloth street coats includes very swagger styles in double-faced Elysian cloth, spruce models in domestic and imported broadcloths, and great variety of other weaves, such as chevrons, cheviots, coverts and mixture weaves; in semi-directoire, half-fitting, loose, Princesse Prim and form-fitting styles. Prices $13.50, $15, $19.50, $22.50, $25, $29.50, $35 to $90.

Dresses Practical one-piece woolen dresses for afternoon wear, business, street, college and other general service; have never taken a better hold on sensible and well dressed women. The popular materials are serges, worsteds and broadcloths. The prices range from $21.50 to $50.

(IN THE ANNEX.)

Ladies' Fall Underwear

In shapes that are absolutely "knit-to-fit" the different types of form. Special out sizes for large women.

BIG CHANGE IS SHOWN

About a Year Ago Duluth Banks Were Paying in Checks.

Today the Deposits Are Showing a Steady Increase.

On Oct. 29, 1908, the banks of Duluth suspended cash payments. This action was taken following the action of the big banks of New York city, and was for the reason that money was scarce, people losing confidence in the banks and in many instances were withdrawing their deposits.

Another reason for the action on the part of the western banks was that they had to protect themselves. The money centers of New York and the East were endeavoring to get as much cash as possible. They refused to make cash payments and the western banks also took the action of refusing to make cash payments, in order to keep their money at home.

At that time the banks of this city were not depleted of cash. They had not as much money as they have at the present time, it is true, but the banks of this city and over the West were in uniformly better condition than were the banks of the East. It was to prevent the money going to the East that the precaution of refusing to issue cash was taken.

In comparison with the condition that was prevalent a year ago, it is interesting to take the conditions of the banks of this city today. There is at the present time $18,710,657, or approximately that sum on deposit in the banks of Duluth at the present time. These deposits represent the six banks in this city. At the present time the Duluth bankers state that money is not only plentiful, but that deposits are being made in a manner that indicates that the average man is saving money. A year ago at this time there was an uneasiness among the depositors over the country and money was being withdrawn from the banks. That condition was true in this city, though in not nearly so marked degree as it was in other cities.

A year ago money was being put into "the old sock." Small savings were being withdrawn and many large deposits were being recalled. In Duluth the large depositors stood by the banks, many business men offering to place money on deposit, should it be needed. But though the Duluth banks were free from anything approaching financial embarrassment, there was a steady drain on the part of the depositors. Today this condition is entirely reversed. There is a steady increase in the amount of deposits, and the bankers of the country are predicting a steady improvement in business conditions and a return of the prosperity, in a more sane and conservative form, that marked the condition of the country before the panic of last October.

BRAINERD MAN FACES A CHARGE OF LARCENY.

Grand Forks, N. D., Oct. 5.—(Special to The Herald.)—Clarence Balcom, of Brainerd, Minn., arrested here Saturday afternoon, on a charge of larceny, sworn to by the officials of Towner county, was taken to Cando this morning by Deputy Sheriff George Snively, who arrived here Sunday to secure the prisoner. Accompanying Balcom was his wife, who arrived here Sunday evening from Brainerd, in response to a telegram sent by the imprisoned husband. Balcom is charged with stealing a gun and a watch and disposing of them at Deering, this state, where they have been recovered.

Upper Michigan Men Die.

Marquette, Mich., Oct. 5.—(Special to The Herald.)—Dr. J. D. Cameron, one of the oldest and best known physicians on the Menominee iron range, is dead at Ironwood. Suffering an attack of heart disease, Dr. Cameron dropped dead at his residence.

Another Upper Michigan man of prominence called was Cornelius Klagstad, 54, of Manistique, who had only recently received the Republican nomination for judge of probate of Schoolcraft county, and whose election to that office was practically assured.

PRINCE PHILLIP ZU EULENBERG,
Whose Trial on the Charge of Perjury Has Been Indefinitely Postponed on Account of His Illness.

TAFT NOW IN MISSOURI.

Nominee Ends Western Trip at Chicago This Week.

Kansas City, Mo., Oct. 5.—After a few parting words to Kansas in meetings in Kansas City, Kan., Leavenworth and Atchison William H. Taft will cross into Missouri for two days of campaigning and then to Chicago to end his Western trip Wednesday.

His day of rest here was decidedly more strenuous than was expected. Nevertheless, the nominee this morning pronounced himself fit for the work in hand.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

LAKE LINDEN MAN IS ACCIDENTALLY KILLED.

Houghton, Mich., Oct. 5.—(Special to The Herald.)—Herbert Collins, aged 18, died last night as a result of a hunting accident, the first fatality here of the present season. While sitting with a companion, who was loading a gun, the weapon was accidentally discharged, filling Collins' right hip an dleg with birdshot. He died from the loss of blood. Collins was a resident of Lake Linden and worked in Houghton.

CHICAGO MAN KILLED.

Marquette, Mich., Oct. 5.—(Special to The Herald.)—Standing on the Chicago & Northwestern tracks at Sands last night, Patrick Irwin, supposed to be from Chicago, was killed by a train.

Wisconsin W. C. T. U. Meets.

Waupaca, Wis., Oct. 5.—The state convention of the W. C. T. U. opened Friday at the Methodist church. There are about 175 delegates in attendance, the meetings being presided over by Mrs. W. A. Lawson of Milwaukee, president of the state association.

Sunday afternoon the convention sermon was preached by Mrs. Edith Smith Davis of Milwaukee, national and world's superintendent of scientific temperance instruction.

The convention will continue until Tuesday noon.

Druggist Is Bankrupt.

Grand Forks, N. D., Oct. 5.—Papers in bankruptcy have been filed in federal court by Frank Peter Peltier, a druggist of Thorne, Roulette county. Peltier places his liabilities at $5,641.30 and his assets at $7,512. Of the latter $722 is claimed to be exempt.

OFFICER FOUND SIDE DOOR OPEN

J. R. Joyce, Saloonkeeper, Will be Given Jury Trial.

J. R. Joyce was arrested yesterday on the charge of keeping his saloon open and selling liquor on Sunday. His place of business is 14 Second avenue west.

Officer Bonham played the role of a plain clothes man, and about noon rapped on the side door of the saloon and was admitted. The officer says there were several men in the place, and Mr. Joyce asserts that only himself, the bartender and porter were on the premises. He refused to sell Bonham any liquor.

The officer opened the door and admitted Sergeant Toewe, and Policeman Bradley was also admitted. They arrested Mr. Joyce and took him to headquarters. He claims he was cleaning out the place, and was not selling any liquor.

In municipal court this morning Mr. Joyce pleaded not guilty. He will be given a jury trial in the regular calendar this month. The exact date has not yet been set.

FINANCES IN GOOD SHAPE

W. I. Prince Returns From National Convention of Bankers.

Country Has Plenty of Money to Finance Crop Movement.

William I. Prince, cashier of the City National bank, returned this morning from the American National Bankers' association meeting at Denver, with the statement that the financial condition of the country is not only very prosperous, but that it is steadily improving.

At the Denver convention there were more than 2,000 bankers from every section of the country in attendance. Every state was represented. The reports of the various bankers afforded an excellent opportunity to judge of the prosperity of the country, as viewed by the banking industry at least.

"The reports of the various bankers were to the effect that the finances of the country were in a most prosperous condition," said Mr. Prince. "There is plenty of money in the banks, enough to finance the great crop movement, and sufficient to insure safety against any emergency that might possibly confront the country.

"The guaranteeing of bank deposits, as recommended by the Democratic party, was disapproved of by the Denver convention. The bankers individually are in favor of some form of insurance against losses by the depositor. Several schemes of this kind are being worked out at the present time. The bankers believe that the depositor should be guaranteed against loss of his deposit, but they are not in favor of the plan as proposed by Mr. Bryan and incorporated in the Democratic platform.

W. I. PRINCE.

"Many banks carry insurance against bank failure, etc. There are other plans being considered that will work out the same result. The bankers did not approve of the plan as presented by the Democratic platform, believing that there were many things about it which would not be practical. The idea in itself is a good one.

"The plan of the postal savings bank was also condemned. The bankers were of the opinion that the government should not enter into competition with the banks of the country. Though the scheme has been carried out in the older countries of Europe, this country has a more democratic tendency. The people do more things for themselves. Another objection against the postal savings bank, is that it would take the small savings from out of the banking districts and take them to the large money centers. This scheme was condemned more than the government guaranty of bank deposits.

"The opinion of the bankers was that the country was steadily getting back to a normal business condition. Not only is there plenty of money in the banks, but the industrial condition of the country isshowing a steady improvement. People are depositing more money in the banks, the volume of business is increasing, and there is more confidence. The condition of the country at the present time, as compared with the conditions of a year ago, the country has recuperated from the temporary panic that beset the business interests a year ago. Everywhere there is the best of feeling and a steady one."

Mr. Prince stated that the convention just closed was the largest one in the history of the bankers' association. It was the Thirty-fourth annual meeting and practically every bank of any size in the country was represented by a delegate.

President Woodrow Wilson of Princeton university addressed the bankers, while other speakers of national reputation in the world of finance were on the program. Taft spoke in Denver during the convention.

HUGHES ALMOST A MINNESOTAN

Governor Visits This State and Compliments W. J. Bryan.

Winona, Minn., Oct. 5.—"I came near notbeings a acitizen of New York state," declared Governor Hughes, speaking before a large crowd here at noon today. "My trip out here in the Middle West reminds me of it.

"When I was a young man I seriously considered a proposition to locate in Minnesota, but one of those unforseen incidents in life made it necessary for me to remain in New York. So I come as a visitor rather than a fellow citizen. But I did not come here to talk about myself. There are questions in this campaign of common interest to us all. I do not believe in trying to stampede American citizens. I believe the American citizen to be a hard headed, solid hearted people.

"Mr. Bryan is a man of wonderful oratorical force, and presents the extraordinary spectacle of being a candidate after having been twice defeated. He is a man of indisputable force, but we need something more than oratory. I don't attack Mr. Bryan. I have no time to indulge in personalities and don't believe in abuse of that character, yet I believe his schemes are unrealizable panaceas."

WEST END

FAREWELL TO CONGREGATION

Rev. Anderson Preaches Last Sermon as West End Pastor.

Before a congregation which completely filled the First Swedish M. E. church, Twentieth avenue west and Third street, last evening, Rev. John A. Anderson, who has been pastor of the institution for the past nine years, preached his farewell sermon.

Rev. Mr. Anderson was appointed by the recent conference superintendent of the Lake Superior district, and will make his headquarters at Marinette, Wis., to which place he will remove with his family on Thursday.

In his sermon last evening Mr. Anderson reviewed the growth of the church during the time he has been its pastor. When he first came, the congregation was a small one and in debt. Now the membership is more than 100 and the congregation has a handsome house of worship.

Mr. Anderson thanked the members and auxiliary societies for the work and interest they had taken in the church during his pastorate.

Mr. Anderson and his family will be tendered a farewell reception at the church Wednesday evening.

The new pastor, Rev. Edwin Stromberg of Norway, Mich., is expected to arrive this week, and will preach his first sermon next Sunday morning.

Miller Will Speak.

The Adams school alumni will hold their first meeting of the season tomorrow evening at the schoolhouse, when the principal speaker will be Clarence B. Miller, Republican candidate for congress. It is the plan of the association to have a number of prominent Duluthians deliver addresses before them during the winter.

West End Shortrails.

Alvin Moran and Charles Duke went to Chicago Saturday to take in some of the big league games.

The Bena club will hold a meeting this evening in Dr. Oredson's office. This is the first session of the organization since last spring and plans will be made for the coming winter.

Rev. James Sanacker of Minneapolis, the new superintendent of this district of the Norwegian-Danish M. E. church. He conducted services both morning and evening. Mr. Sanacker's headquarters will be in Duluth.

Charles Benson left yesterday for Ely, where he will be joined by friends in a week's hunting trip.

A reception will be given at the First Norwegian-Danish M. E. church tomorrow evening for Rev. James Sanacker and family, and Rev. H. K. Madsen and family. Mr. Madsen was reappointed to the pastorate of this congregation at the recent conference, which also named Mr. Sanacker as superintendent of the district.

Miss Hilda Wilson of Minneapolis is visiting Mrs. H. C. Hanson of Twentieth avenue west and Third street.

The Boys' sodality of St. Clement's Catholic church will give an amateur theatrical performance in a few weeks. They have already selected their play, "The Triumph of Justice."

Miss Eleanor Cochrane of Spokane, Wash., is visiting relatives in the West end. She will visit in the Copper country before returning to her home.

The Ladies' Aid society of the First Norwegian-Danish M. E. church will meet Thursday afternoon with Mrs. Nels Selseth of West Seventh street.

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulets operate easily, tone the stomach, cure constipation, 25c. Ask your druggist for them.

BILLY ALVORD'S NEW STUNT.

Man Who Discovered Rube Waddell Giving Burlesque Track Feats.

St. Cloud, Minn., Oct. 5.—(Special to The Herald.)—Billy Alvord, the old-time baseball player, will put on a burlesque race track performance at the Elks' hall Tuesday evening.

Alvord years ago was famous as a third baseman in the National league, having played seventeen years, and is a walking information bureau on the "boys of the old brigade."

It is not generally known, however, that Alvord discovered Rube Waddell, the great left-handed pitcher. It was back in '95. Alvord drove into the country town of Eau Claire, Pa., and there first laid eyes on the big awkward country boy who was playing on the town team. Rube had a catcher up against the wall of the postoffice and was slamming them at him. Alvord quietly watched him for awhile, and then asked Rube to bend a few his way. Thinking him an easy mark the southpaw started his artillery, firing curves without warning.

TWIN CITY MOTOR COMPANY

Incorporated to Run Line Between Copper Country Towns.

Hancock, Mich., Oct. 5.—(Special to Te Herald.)—Articles of incorporation of the Twin City Motor company have been sent to Lansing to be filed with the secretary of state. The company is to be capitalized at $30,000, of which $21,000 has already ben subscribed. The incorporators are Dan Fisher, John Ruhl, R. S. Dunstan and Charles B. Ulrich. The company will purchase and operate six passenger automobiles commencing next spring. The cars will run between Hancock and Houghton, Houghton and the golf links and clubhouse, and between Hancock, Dollar Bay, Hubbell and Lake Linden. Cars also will meet boats and take parties on sight seeing tours around the Copper country.

PRINTING AND POSTAGE CHIEF CAMPAIGN EXPENSE.

Madison, Wis., Octo. 5.—John A. Aylward of Madison, Democratic nominee for governor, has filed a statement in the office of the secretary of state, declaring that he had spent $2,200.84 for campaign expenses during the recent primary election. Most of the money went for printing and postage.

Given State Pension.

Little Falls, Minn., Oct. 5.—(Special to The Heralud.)—E. J. Kidder has been granted a state pension, on account of injuries received during the Indian troubles of 1862. The back pension received amounts to $504. The monthly payment will be $12.

ROOSEVELT GIVES OUT COPY OF NOTE HE SENT GOV. HASKELL

Washington, Oct. 5.—President Roosevelt has made public a letter he wrote to Governor Haskell relative to shipments of whisky into prohibition territory. Haskell in a recent statement mentioned that he had such a letter from the president, and intimated that the writer might not like to have it given publicity. This aroused interest in Prohibition quarters and there were many inquires as to the contents of the letter, whch reads:

"I have received your letter and shall give it careful consideration. The matters, of course, concern congress primarily, and legislation is now under consideration to decrease the amount of assistance which violators of the local Prohibition statutes can obtain from the rules necessarily protecting interstate commerce and the use of its mails."

Guthrie, Ok., Oct. 5.—Governor Haskell has thus far received $3,000 in response to his appeals to the people of Oklahoma for funds with which to fight President Roosevelt, W. R. Hearst and others.

An agent of the interior department was in Guthrie last week looking up the records of the Prairie Oil & Gas company, and also the records in the libel suit recently brought by Governor Haskell against Omer K. Benedict, editor of the Oklahoma City Times.

QUAKER CITY CELEBRATES

Philadelphia Starts Week of Jollification With Prayers.

Two Hundred Twenty-Fifth Anniversary of Founding Observed.

Philadelphia, Oct. 5.—From out the historical old belfry of Independence hall, where once the liberty of a newborn nation was proclaimed, there came yesterday the peals of a bell to signal the opening of the unique and significant civic celebration.

Bells and chimes in all of the city churches joined in the bronze-tongued chorus and Philadelphia was aroused at dawn to a realization of the advent of founders' week, the two hundred and twenty-fifth anniversary of the founding of the city by William Penn. Profound services of praise and thansgiving were held in the churches and were followed today by the beginning of a succession of pageants, which promise to eclipse anything of the kind hertofore attempted.

Not since the famous centennial celebration of 1876 have the citizens of Philadelphia been aroused to such enthusiasm.

WOMAN AIDS IN TRAPPING HICKS

Minneapolis School Board Secretary Denies Charge of Corruption.

Minneapolis, Minn., Oct. 5.—(Special to The Herald..—W. K. Hicks, secretary of the Minneapolis board of education was indicted Saturday on a charge of accepting bribes, and this is but the beginning of a thorough probe into the conduct of affairs by that department of the city government, and that the investigation is likely to extend to still other departments is furnished by developments since Saturday.

That Mrs. Martha Bryson, the teacher from whom Hicks is alleged to have accepted a bribe of $100 for using his influence to secure her a position, worked under the direction, and Detectives W. J. and George E. Burns, and assisted them in trapping Mr. Hicks, has been admitted by County Attorney Smith.

Mr. Hicks maintains he will be vindicated when placed on trial. Efforts to induce him to make statements incriminating other members of the board of education have failed.

CLAIM CREDITORS WERE DEFRAUDED

Charges Against Milling Co.'s Officers in Bankruptcy Proceedings.

Charging misconduct on the part of the officers of the Northwest Milling company of Little Falls, Minn., the First National bank of Clutier, Iowa, Dysart Savings bank of Dysart, Iowa, and Eli E. Salt of Minneapolis, Saturday filed a petition with W. H. Pressnell, clerk of the federal court asking that the above mentioned milling company be declared bankrupt.

They claim that in all the milling company owes debts to the amount of $25,000 and over, and that the officers of the concern have been guilty of misconduct in the matter of the payment of large sums of money during the last six months, fully aware of the stated condition of the affairs of the company.

For nearly a year, say the petitioners, the finances of the concern have been badly muddled, and lately officers paid to Isaac J. Dahl, $25,000 with the intent and purose of defrauding other creditors. George H. Lum, who has been and still is the president of the company has been paid large amounts, the exact sum of which is unknown.

The First National bank of Clutier loaned the company $25,000, the Dysart Savings bank, $6,000, and Eli J. Salt, $2,500.

The mill and property is valued at $65,000, and has a capacity of 350 barrels of flour a day.

TO MARRY BRAINERD GIRL.

East Grand Forks Alderman to Take Crow Wing County Bride.

East Grand Forks, Minn., Oct. 5.—(Special to The Herald.)—Alderman F. J. Craig has left for Brainerd, where tomorrow he will be married to Miss Allen Brady, daughter of Mr. and Mrs. Timothy H. Brady of that city. The ceremony will take place at St. Francis Catholic church. Following a short Eastern trip the happy couple will take up their residence in East Grand Forks. The bride has visited friends in East Grand Forks on several occasions and is well and favorably known.

KOCH THEORY IS DECLARED FALSE

Consumption Congress Holds Bovine Bacilli Perilous to Humanity.

Washington, Oct. 5.—The sounding of the death knell of the Koch theory that bovine tuberculosis is rarely, if ever, communicated to man came as a striking ending to the international tuberculosis congress.

Not a word of opposition was heard as the vote was put and a resolution unanimously adopted recognizing the inter-transmissibility of bovine and human bacilli and urging the adoption of preventive measures.

JOHN FREEMAN DEAD.

Ashland Iron and Steel Company Man Called.

Ashland, Wis., Oct. 5.—(Special to The Herald.)—John Freeman, well known and long trusted employe of the Ashland Iron & Steel company, passed away at his home at 606 Eighteenth avenue west. Tubercular trouble kept Mr. Freeman from his work some time before the furnace closed for repairs several months ago, and when the end came it was not wholly unexpected. Mr. Freeman was 53 years of age, and a member of the Swedish Lutheran church. Up to his last illness was in good health. The deceased leaves a wife and a daughter, Elsie, and son, Vernon, who is a chemist at Joliet, Ill.

CEASES TOLLING AT FUNERAL.

Strange Action of Bell on South New Prairie Church.

South New Prairie, Minn., Oct. 5.—(Special to The Herald.)—A strange incident transpired here a few days ago at the funeral of Mrs. Lingen, when the bell in St. John's church suddenly turned mute while tolling. The bell had suffered a crack at some previous time, but not sufficient to greatly empeal its sound until now, when the crack had continued to the edge.

COURT RULES BOTH WAYS.

Knocks Out Part of North Dakota Primary Law.

Bismarck, N. D., Oct. 5.—The supreme court has rendered a decision in the 30 per cent clasue of the primary election law. The case reached the supreme court from two actions in the district court at Grand Forks. One action was where the Democratic candidate for clerk of court of that county failed to secure 30 per cent of the vote and the county auditor refused to place him on the ticket. The candidate mandamused the county auditor and District Court Judge Templeton held the 30 per cen law was valid and in the appeal taken to the supreme court the lower court is sustained.

The supreme court holds that the 30 per cent requirement in the primary law is valid where one office of the same name is to be filed at an election, and candidates for the nomination for such office at the preceding primary election failed to receive 30 per cent no party nomination is made for such office.

So inr Templeton is sustained in his opinion rendered in the matter, but he is reversed in the second section, also coming from the district court of Grand Forks county, where Purcell, a candidate for county justice of the peace, mandamused the county auditor to have his name placed on the ballot though he had not received 30 per cent of the vote. Templeton's opinion applied to all candidates whether one or more offices were covered, but the supreme court holds that the 30 per cent clause does not apply to members of congress, commissioners of railroads, members of the house, county constables and county justices.

EIGHT HUNDRED LOSE JOBS; EXPLOSION.

Pittsburg, Oct. 5.—An explosion of gas at the plant of the Pittsburg Plate Glass company works No. 2, at Tarentum, a suburb, early today resulted in a loss by fire of $500,000 and threw 800 men out of employment.

WELLS FLOURING MILL COMPANY'S BIG LOSS.

Wells, Minn., Oct. 5.—Fire early Sunday destroyed the brick mill and one elevator of the Wells Flour Milling company, causing a loss estimated at $80,000. The fire company had a hard fight to save the other mill and elevators for the company.

Admits Diamond Theft.

Grand Forks, N. D., Oct. 5.—(Special to The Herald.)—Aubray Cole, after admitting his guilt, was bound over to the Grand Forks county district court, on a charge of stealing a diamond ring value at $75 from the Kent jewelry store. His ball was fixed at $300, which he has been unable to secure.

PROHIBITIONISTS SANGUINE.

Expect to Poll 5,000 Votes in North Dakota.

Bismarck, N. D., Oct. 5.—Secretary of State Blaisdell has accepted the petition of the Prohibition party and will place the electors of that party on the ballot at the coming election. M. H. Kiff of Tower City, predicts his party will poll 5,000 votes. The electors of the Independence league and Socialist ticket will also go on the ballot. The Socialists filed their nominations for the full state ticket, but it not having received the 30 per cent vote as required by law was rejected by the secretary.

Marshall Visits Hancock.

Hancock, Mich., Oct. 5.—(Special to The Herald.)—C. A. Marshall of Duluth, manager of the Lyceum theater and also of the Mack-Leone stock company, which is playing a series of engagements at the Hancock and Calumet theaters, was in the city Friday on business connected with his theatrical enterprises.

New Cathedral Dedicated.

Winnipeg, Oct. 5.—St. Boniface cathedral, erected at a cost of $600,000, was decidated yesterday in the presence of a great array of prelates and clergymen. It is erected on the site and designed after the burned cathedral made famous by Whittier in his poem, "Bells of St. Boniface." One of the large contributors to the fund was J. J. Hill of St. Paul.

Mankatoan's Hard Luck.

Mankato, Minn., Oct. 5.—Ernest Fallenstein has been in a hospital the last two months on account of a severe attack of typhoid fever. Saturday his 20-months-old boy drank gasoline and died. Sunday the next older boy fell from a fence and broke his arm.

QUALITY PIONEERS.

The Directoire Styles In Tailored Suits

At $39.50, $45, $52.50, $65, $97.50

The latest and loveliest expressions of the world of fashion. In a word, it is a showing that meets every need of a woman's wardrobe, and meets the requirements of each individual taste with that originality and charm possessed only by the exclusive creation. For instance, the variety of suits at $39.50 and $45.00 and $52.50 offers a wide range of unusual charm whether in the strictly tailored suit of imported broadcloth, the choice novelty weaves or the suit trimmed with the utmost elegance.

At $65.00 we mention but one of the many rare gems in artistic effects. This is a new "Keho" model of chamois imported broadcloth, a Directoire coat 48 inches in length, trimmed with bias bands, large oval buttons and fancy pockets; modified sheath skirt gored to fit closely, demi train.

At $75.00 we mention a suit in satiny black broadcloth, Directoire coat is richly trimmed with soutache and military braids and lined with cream satin. Skirt is in the "Pannier" model with circular fold down front and around sides.

At $95.00 a beautiful creation by "Solovici" in taupe broadcloth, three-piece effect, princesse gown with lace yoke and sleeves, girdle and sash of messaline silk to match collar and yoke, finished with coral trimming—42-inch semi-fitted coat with loops and buttons, hand embroidered standing collar.

At $97.50 a beautiful imported demi-costume by "Perdoux," of finest French broadcloth, Empire skirt with girdle, 48-inch train coat, hand embroidered on bottom of skirt, revers and cuffs.

Beautiful Empire Gowns $27.50 to $65

We have just received a number of handsome Empire gowns in messaline satin and chiffon, finished taffetas, long sleeve effects with sash tied in front, bug ends.

LONG SLEEVES

Are the authoritative decision of fasion. To most of our patrons this is a known fact, but it behooves the ill-informed women to "know" better still, to be absolutely safe, lean on the store whose integrity in matters of style is a household word. It is, to say the least, distressing to see the woman of average purse inveigled into accepting a short sleeve garment with the assurance that short sleeves and long gloves are "correct dress."

Broadcloth Coats $25 to $45

News for the woman who demands specially designed garments. By that we mean more than the mere term implies; they are ready for the service of those requiring tailoring of the highest character. The coats are made for us from the most immaculate French broadcloths and tailored in a way that insures permanent shapeliness and long wear. We cannot say more than that the most expert tailors in America fashion these coats. We lay particular stress upon the quality of satin used for linings, the wear of which is absolutely guaranteed.

S. T. WELCH VERY LOW.

Condition of Well Known Grain Man Not So Favorable.

The condition of Stephen T. Welch, the well-known grain man, who is ill at his home in East Third street, was not so favorable today. In fact, Mr. Welch was reported very low this afternoon and a consultation of physicians is being held.

Mr. Welch passed a fairly good night but became worse this morning. His pulse is very weak and his recovery now is a matter of grave doubt.

DRANNEN ON TRIAL.

Policeman is Charged With Robbing a Drunken Prisoner.

The trial of George Drannen, the police department driver, who is charged with having taken a roll of bills from a drunken prisoner at police headquarters, is being taken up in the district court this afternoon. Grand larceny in the second degree is charged in the complaint. Drannen is being defended by M. H. McMahon and W. E. Greene has charge of the prosecution.

TIE GAME IS ARGUED

National League Directors Meet to Pass on Contest.

Murphy of Chicago Barred From Voting Because of Prejudice.

Cincinnati, Oct. 5.—A meeting of the board of directors of the National league was held in this city today to consider the protests of the New York and Chicago clubs with reference to the disputed game of Sept. 23, played at the Polo grounds in New York city.

The board consists of Messrs. Hermann of Cincinnati, Dreyfus of Pittsburg, Murphy of Chicago, Ebbets of Brooklyn and Dover of Boston. Murphy was barred from taking part in the meeting because his club is interested in the controversy.

MAY START NEW TEAM

Canadian Players Hope to Put Hockey On Its Feet Here.

Capital From Across the Boundary May Build New Rink.

Duluth may have a hockey team this fall after all.

S. C. Sanders and R. W. Wright, proprietors of the Sellwood billiard parlors, have the matter under consideration, since the Northern team has decided to let the game alone this year, and they may put as fast a hockey team on the ice as has ever represented the city.

Both these men have played the game in Canada, the home of all hockey, and while they have looked around but little here, they have an idea they can furnish Duluth with a pretty fair article of the Canadian game if the right sort of interest on the part of the Duluth fans is shown.

Three years ago they played with the Victorias of St. Paul, and last year they put in the winter at Brandon playing with the team from that place. They have a line on a great many fast players from Canada who would jump at the chance to play in Duluth, and they both think that hockey should pay here.

"The matter of a rink is the question that troubles the men, but they look wise and say that should Duluth people show enough interest the rink will be forthcoming.

They say that the game pays great returns for the money invested in Canada, and that there is no reason why it should not do the same here.

"For some time," said Mr. Sanders this morning "Candaian men have had their eye on Duluth as a prospective hockey town, and a great many of them believe that the matter has never been given a thorough tryout here. I am of the same opinion, and as I am in communication with a number of them, I know that they look favorably on this city.

If we can arouse enough interest I am sure that they would come to the front and build a rink. Should this happen we would furnish Duluth with good sport, and might enter the new Copper Country hockey league."

A rink if built would also bring back the disbanded Northern bunch, and good hockey could be furnished.

GOPHERS REORGANIZE.

Last Year's Successful Eleven Will Again Bid for Football Honors.

The Gopher football team, which made such a reputation for itself on the gridiron last season, has reorganized for the season and will start practice this afternoon.

Last year this team had games with a number of the towns close by and this year they hope to expand and play some of the Twin City elevens.

Their line-up includes some of the best known football players at the Head of the Lakes, and with the assistance of a good coach to be brought here from Superior, the boys hope to repeat last year's list of victories.

Among those who are candidates for the team are Jim McLee, Prismount, Quimby, Donovan, Burke, Falconer, Gordon, McAuley, Dunn, Sturm and Shaefer.

LADY MARJORIE MANNERS, Who Is Reported Engaged to Prince Arthur of Connaught.

NEW STUNT FOR BOYS

Relay Race Against Time From Fond du Lac to Lakeside.

Novel Road Race is Planned for Thanksgiving Day.

A race against time is the latest stunt to be suggested at the boys' department Y. M. C. A. J. R. Bachelder, the new physical director has the arrangements in charge and the race will probably be run on Thanksgiving day from Fond du Lac to Lakeside, a distance of about twenty miles.

Each boy will run one half mile and hand the ribbon he carries to another at the end of his distance. He will run ahead, and so on. There will be automobiles to pick the boys up, as they finish their distance and from the amount of interest now being shown in the undertaking, the affair will be a big success.

It will be the first time that such a stunt has been pulled off in Duluth, and as this is just the time of year for this kind of an exhibition, the promoters of boy's sports are hoping to make it an annual Thanksgiving day event.

The fall classes are just beginning at the boys' department and a number of unusual stunts are being planned for them by the new physical director.

TOWER MAN STRICKEN.

Rochester, Minn., Oct. 5.—(Special to The Herald.)—Seized with a cerebral hemorrhage while alone in the Great Western railway tower here, Probart B. Ketchum was stricken and died just as he was about to eat his breakfast that had been sent to him.

THE PRETZEL.

The pretzel is one of the most remarkable creations of the human mind and hand. It stands almost alone as an artificial product displaying the countless varieties of form produced by nature in the leaves of trees and blades of grass. Of the millions upon millions turned out by the pretzel foundries since the inception of the industry it is not probable that any two were exactly alike, says the New York Sun.

The general figure scheme of the pretzel must have been an inspiration. It would have been impossible for the human mind to conceive a scheme so simple and yet permitting such approach to infinite variation. Because of the peculiar shape of the pretzel its construction is most easily described employing sailormen's terms. A bight is taken in a roll of dough and the ends are given a half twist and brought back upon opposite sides of the bight. This makes the article somewhat heart-shaped. There can have been no sentimental reason for this shape, for there is no product of art or nature further removed from the realm of sentiment than is the pretzel. The finished article looks as if it had been varnished and exposed to a sandstorm before the varnish dried.

The pretzel is unique as an article of internal use. It cannot be classed as food or drink. It is not dessert, nor is it medicine. Perhaps it should be classed as an appetizer—an appetizer not for food, but for drink, and therein lies its uniqueness. It is the great thirst producer. It is the thirst of a Sahara done up in a twist of dough. If any one could invent something that would quench thirst as effectively as the pretzel can produce it, his fortune would be made.

The home of the pretzel is Germany, according to whether it is north Germany or south Germany, but in America it is pretzel all the time, whether in North America or South America. The name is commonly regarded as being derived from words in the Latin language meaning bracelet. But Germans are not fond of taking words from the Latin tongues. Perhaps the pretzel owes its name to the fact that it is baked on a flat, boardlike surface. The German word for board is brett.

OLD TIME REFRIGERATORS.

St. Louis Globe-Democrat: "You do not go far out of St. Louis to find the old time spring house," said a gentleman connected with one of the Western railroads.

"The prime requisite of a farm in the early days was water, and nobody would buy a section of land anywhere in the Ozark region unless it was provided with a spring. The house was usually located as near the spring as convenience suggested, and then after the home was secured the next step was to build a spring house. The walls were made from two to four feet thick of any rough stone that happened to be handy. The door was of heavy oak boards and fastened with a stout padlock. Inside the house three sides were usually fitted out with shelves, to hold the great crocks of milk, jars of cream and butter, and usually the spring bowl was excavated so as to form a pool having a uniform depth of three to six inches. In this the choicest dairy products were placed in order that they might be coolest, while overhead stout nails or hooks were fastened to the rafters to support huge roasts, legs of mutton and veal, which, at the temperature of 45 degs. or thereabout, would keep fresh many days.

"Rats and mice were almost unknown about the spring house, but small snakes and half grown frogs were numerous, and when the country maid noticed an unusual commotion in the jar of milk she was handling, she was not at all surprised or frightened either when a water snake slipped out of the jar and disappeared. Nor was the family alarmed when the head of a frog appeared in the milk pitcher at breakfast. The pitcher was promptly emptied into the pigs' trough, and the frog, if not devoured by the pigs, made a bee line for the spring branch. Nobody was blamed, for every one knew that the covers of the jars did not fit and that frogs and snakes were to be expected in a spring house.

"These old fashioned refrigerators are everywhere to be seen in the valleys of the Ozarks and fulfill the same purpose that they did when Missouri was a territory."

HAS NEW CHURCH.

Dr. T. H. Cleland Accepts Call to New Albany, Ind.

Dr. T. H. Cleland, for twelve years pastor of the First Presbyterian church of this city, has recently received a call from the First Presbyterian church of New Albany, Ind. Mr. Cleland has accepted the call and is at the present time at his new church. The church is the largest one at New Albany. Dr. Cleland's mother, a very old lady, lives across the river from New Albany, in the city of Louisville, and his son, the Rev. Francis B. Cleland, has a church in the suburbs of Louisville.

BIG GREY EAGLE FIRE.

Little Falls, Minn., Oct. 5.—(Special to The Herald.)—A disastrous fire visited Grey Eagle early Saturday, the general store of G. A. Southard, and contents, the store of P. B. Scott, the telephone exchange and the meat market of John Roberts being reduced to ashes. Company G, Fourth United States cavalry, which was in camp at Birch Lake, a short distance from the town, joined the citizens in fighting the fire. Southard's loss was about $3,500, the Scott confectionery company about $800 and the other losses $500.

LAKESIDE SEES THINGS

Residents of Pretty Suburb Have the "Bear Habit."

Citizens Are "Afraid to Go Home in the Dark."

The good citizens of Lakeside are shying at imaginary shadows of lurking bears these days. They have got the habit and they are "a seein' things o' night."

The other evening a woman, who lives in the vicinity of Forty-third avenue east, went out to bring in some clothes that decorated the line in the back yard. Everything was lovely; the moon gleamed on the lake in a truly beautiful manner and the lady in question tarried a moment to admire the sketch that Dame Nature had spread on the canvas of Heaven. Then suddenly she gave a little shriek and ran for the back door.

The lady had the Lakeside habit; she thought she spied a bear.

Some one shot a bear in his back yard, out at Lakeside. Have you heard the true history of the demise of bruin? The bear was one of the bold kind—the kind of a bear that climbed up the back stairs of the rear stoop and ate of the particles of food that the hird girl had scraped from the skillet.

The young man of the family whose home the bear took liberties with, spied the beast and started out to do battle with a butcher knife. The mother of the boy protested though, because the butcher knife was a valuable one and was the only one that was working at that particular time. Then the lad, who may become president some day, if precedent counts for anything, went over to a neighbor's house and borrowed a rifle. He shot the bear and then went to close quarters with the night prowler, clubbing him over the head with the butt of the rifle.

To be precise and mathematically correct, the bear was not a very large one. But if one small bear approaches the haunts of civilization, why may not more powerful and more experienced bears seek provender in the haunts of man? Thus reason the residents of Lakeside.

So, if you are not a resident of Lakeside, but are merely calling of an evening, you are warned against the bears that you are told infest the neighborhood. The residents have the fearsome tread and the eagle eye out for any bears that may be lurking in the shadows.

If they walk from the car line to their homes, after the poetic shades of evening have wrapped the gentle earth in a blanket, they have the bear incident upon their minds. The women do not move around after dark; that is, out of doors. They bring in the clothes before dark, when they think of the bear episode. The children are told to come home from school early; wives worry about husbands who don't come home at the usual time, and, altogether, there is a suppressed spirit of excitement; a smackling of the time when poor Lo, dressed in beads and bear oil, was wont to wander to the haunts of the pale-faced brother and add to his collection of scalp locks.

Another bear visit and the neighborhood will be upset.

Are you hoping that your business will break all records this fall? Herald publicity is the most important factor in bringing this about.

MAY VISIT DULUTH.

Congressional Committee on Pulp Wood Will Investigate Here.

It is probable that the committee of the house of representatives, which was selected to make a thorough investigation of the pulpwood supply, will visit Duluth some time this week.

The members of the committee are coming here for the purpose of going into the pulpwood district and ascertaining at first hand just what the conditions are in this section of the country. There has been a strong demand for the removal of the tariff on pulpwood, and it was in response to this demand that the congressional investigating committee was selected. The report of the committee will be made at the coming session of congress.

GROUCHY MR. GNAGG.

Mr. Gnagg, awakening very early after a night of fitful sleep, squirmed and wriggled and coughed until Mrs. Gnagg was aroused from slumber, too, says the New York Sun. Then he regaled her with seasonable observations, in part as follows:

Huh! You're awake, are you? How you can sleep as you do I don't know. I'll bet you could sleep on an unpainted tin roof at high noon of one of these sizzling days without once turning over. You're wonders, that's what you women are.

I've just been thinking, tossing around here, about what crafty mugs these fellows are that don't get married. Whee, but they're the wise old owls!

I know dozens of 'em that right now are fizzigigging around on the Adirondack lakes, hitting up the Broadwalk at Atlantic City, joshing the old frumps that consider 'em eligibles for their daughters up in the Catskills, having a bully, unencumbered, cool time of it at the summer resorts all over the country, with no one to bother or hinder 'em, nobody to report to, nobody to have to get home to on the minute or stand for a row or the weeps, and all that great stuff, while I—

Oh, I'm just rolling around here, waiting for the minute to pop for me to hop up and swallow a cup of bum coffee and then bolt off to work! That's me. That's what I get out of life. I'm just the good old hawss Dobbin that brings in the stuff and has to walk the chalk line and do things on the minute or else have the dickens raised with me all the time.

I'm one of the dished ones, one of the shelved propositions, that's what I am, and I guess I might just as well make up my mind to it now as any other time. When a fellow is pinhead enough to get his neck in the matrimonial noose, why, then it's up to him to stand the gaff, and I guess maybe I'm not standing for it!

Living in a dinky flat, hotter'n Tophet, and never getting anywhere without having to drag the whole works along—oh, I knew a heap when I rigged things this way for myself, didn't I?

And if I took you along with me in an attempt to get away from this devilish heat, why, what recreation would there be in that for me? I know everything you're going to say before you so much as open your mouth.

Oh, stop that, will you! I haven't said that you were stupid or thick-headed. I only said that we're together—strapped together—so blamed much that I know all of your ideas by heart, and what a man needs is a little bunch of somebody else's ideas once in a while, doesn't he? I tell you what, the people that say that married folks ought to get away from each other for a certain portion of each year—they know what they're talking about.

How's that? Don't I think that a woman feels occasionally as if she'd like to get away from the flat too? There you go again! Didn't I suggest two long months ago that you'd have the bulliest time of your life if you'd only go out to Ohio and see your folks, and didn't you almost bite my head off for suggesting that? By jinks, you talk as if you positively despised your folks, anyhow! Every time I slip in so much as a word of suggestion that you rattle out there to the farm and see your people, why, you flare up as if somebody was trying to put up a job on you to send you to jail.

But to get back to the foxiness of these chaps that just give the merry ha-ha to the scheming girls that try to ensnare them into matrimony—the more I think of those smart guys the more I admire 'em, and that's the truth. They appreciate and they keep that inestimable proposition, namely and to wit, freedom.

They can't see this thing of being at somebody else's back and call. Dogone 'em, they're just as free as little birdies on a brier bush, and maybe they don't know it! When one of 'em comes to me, laughing in his sleeve all the time, and tries to spin that tommyrot about how lucky the fellows are that've got domestic hearths of their own and all like that I feel like telling 'em that they belong inn vaudeville—they're too good at the comedy business to waste it in private life.

I'd like to know what I get out of life, anyhow, come to look it over. Something to eat and a place to sleep—tht's all. And I could have that if I was only earning $10 a week and alone.

And what do you care? Not a cent's worth! You're only half listening to me right now.

How's that? It's only a quarter to 6, and you feel sleepy. You always do when I am trying to have any kind of conversation with you. That's the way it goes.

A married woman doesn't care any more about responding to her husband's ideas than she does for last year's hat. She's got him, and he's shelved and stuffed away, and that's the end of it. You might at least show a half decent regard for what I'm saying, instead of lying there blinking at me like a cat before a grate fire.

How's that? Oh, you've heard it all before, have you, and it doesn't lead anywhere, anyhow, and you just can't keep your eyes open?

That's more of the old stuff—as much as to say that I'm harping on the same old thing all the time. You are the most peevish person before breakfast in the morning that ever I saw in my life.

Say, can't we have breakfast a little earlier around here during the hot weather? What time does that infernal maid get here of mornings, anyhow?

Huh? Oh, you're wide awake now, are you, and you'll prepare some breakfast yourself this morning, seeing that the maid isn't within miles of the flat yet? Oh, never mind. Say, if you got breakfast for me just once, I'd never hear the last of it. You'd pitch it up to me the last day of my life that I made you work like a galley slave, and probably you'd ramp around and tell everybody we know that I wanted you to take in washing for a living.

What? You'd rather get a hundred breakfasts than hear me complain so much? Now, that's a stab that I shall not tolerate. Who's complaining? Who's uttered a word of complaint?

Oh, that's it; go on and blubber. Just because, being unable to sleep, I endeavored to engage you in a little before breakfast conversation—why, you fall to sniffling and all that. I tell you what, most women would appreciate having their husbands staking them to a little persiflage upon awakening in the morning. But that's all the appreciation I get—having the handkerchief pulled on me.

Look here, what's it all about, anyhow? Who said anything about being tired of anybody? Well, of all the bedinged inventions ever!

All I said was that these fellows that keep out of the matrimonial harness know what they're about, and here you begin imagining about nine million things that I said and that you must have dreamed about while I was talking, for you were more than half asleep all the time.

Oh, well, I s'pose I've got to crawl now and let you walk all over me, simply because you accuse me of picking on you, when as a matter of fact I've only been trying to cut up a little with you. I am the fathead for expecting a woman to have any sense of humor, anyhow. That's the whole thing.

I shouldn't expect a woman to be able to see the point of a little badinage. Oh, well, cut out the weeps, won't you, and I'll do anything you want.

There, there, now, forget all that junk. Who's said a word to you? You'll see my point of view some of these days, and then you'll understand. There, there, now, flag that wadded handkerchief business, and let's have some breakfast. Come on, hun, everything's all right!

HOW FLOWERS HIDE HONEY.

Chicago Tribune: Before "the bee sucks," as Ariel put it, he must find the wonderful places where the flowers hide away their honey, to be found like the priest's hiding holes in ancient mansions, by the right sort of visitor, and to keep away all intruders.

In the recesses of the crown imperial lily at the center can be seen six large honey pits, one on every floral leaf, and each is brimming over with a big drop of honey and glistening like a tear drop. Shake the flower and it "weeps" as the big drops fall from it, soon to be replaced by other tears in the rapidly secreting flowre. The simple folk call the flower "Job's tears."

The snowdrop is literally flowing with honey, for in swollen veins traversing its fragile whiteness are rivers of nectar. The petals of the columbine are ingeniously and elaborately designed with a view to providing good places of hiding for honey. Each is circular, hollow, shaped like a horn. In each the honey is secreted in a round knob, at what would be the mouthpiece end of the horn, and the five are arranged in a ring side by side with the honey knobs aloft. Though the honey store is obvious from without, yet the insects who would sip it must creep into the flower and penetrate with a long nose up the curving horn to the knob.

Sometimes the petals are all joined together into a tube and the sweet nectar simply exudes from the inner side of the wall and collects at the bottom. This is the case in the dead nettle, the tube of which forms so toothsome a morsel that some children call it "suckies." The honeysuckle is similarly planned, and its sweetness is so striking as to have furnished its name.

The monkshood has quaint nectaries. If the hood be drawn back there suddenly spring into sight two objects on long stalks, which are sometimes like a French horn, sometimes like a cowl, or, looked at sideways, not unlike a pair of doves. Their presence within the hood has provided the nicknames, "Adam and Eve" and "Noah's Ark." Thus the honey bags are carefully tucked away and protected.

COPPER STOCKS GO OFF AT CLOSE

Share Market Advances and Then Suffers a Reaction.

Copper stocks gave promise of closing at a higher level until the last hour of the session today, when values began to shrink. The close was slightly under Saturday's.

North Butte opened at $82 and during the first half of the session reached $83.75, declining afterward to $82.50 and closing at $82.50 bid and $82.75 asked. Amalgamated opened at $75.25, advanced to $76.25, declined to $75.62½ and closed at $75.25 bid and $75.37½ asked.

Greene-Cananea opened at $10.75, declined to $10.50 and closed at $10.50 bid and $10.62½ asked. Butte Coalition opened at $25, declined to $24.62½, rallied to $25.25 and closed at $25 bid and $25.50 asked. Calumet & Arizona opened at $116.50, went to $118.50 and closed firm at $117.50 bid and $118 asked. Anaconda opened at $43.75, declined to $43.50, rallied to $44.50 and closed at $43.87½ bid.

Superior & Pittsburg advanced from $13.62 to $14 and closed at $13.87½ bid and $14.12½ asked. Mowitza was traded in at $2.87½ and closed at $2.75 bid and $3 asked. Red Warrior at $4.87½ and closed at $4.87½ bid and $5.12½ asked. Carman at $4 and closed at $4 bid and $4.25 asked. Butte & Superior at 93c and 90c and closed at 90c bid and 93c asked. Globe at $5.75 and closed at $5.62½ bid and $5.87½ asked and Butte-Ballaklava at $8.12½ and closed at $7.87½ bid and $8.12½ asked.

Denn-Arizona was inactive and closed at $3.50 bid and $3.75 asked. Calumet & Sonora at $9 bid and $9.25 asked. Savanna at $3.50 bid and $3.75 asked.

Black Mountain sold at $3.50 and closed at $3.37½ bid and $3.50 asked.

CITY BRIEFS

Have Your Magazines Bound.
Thwing-Stewart Co. 'Phone 114.

Sentenced at Eveleth.
Gust Anderson was brought down from Eveleth this morning to serve a sentence of forty-five days in the county jail. He was convicted in the municipal court of Eveleth of indecent exposure.

Moore Is On Trial.
Bert Moore is on trial in Judge Cant's court on a charge of swindling. The boy was indicted on a joint indictment with Ray Nichols on a charge of swindling Wallace Lapp out of $20 in a pool game. Nichols was convicted by a jury in district court last week. Moore's case will go to the jury this afternoon.

Rocklin Case On Trial.
The suit of John E. Rocklin against the Duluth Street Railway company is being heard before Judge Dibell in district court today. The plaintiff put in its case this morning and testimony for the defense began. Rocklin sues for $1,918 for injuries received by his wagon being struck by a street car on West Fourth street last spring.

Papkovitch Gets Verdict.
A sealed verdict returned by a jury in district court Friday evening in the case of Nick Papkovich against the Oliver Iron Mining company was opened this morning. The jury gave Papkovich a verdict of $750. He sued for $15,000 for injuries received at the Canisteo mine at Coleraine. He was dumping cars with a long crowbar, and in some way his hand was caught, the middle finger being pinched off and other fingers crushed.

Married in Court.
B. S. Grogen and Miss Myrtle Cramer were married this morning by Judge Middlecoff at the probate court.

George W. Deacon Here.
George W. Deacon of Minneapolis, secretary of the state central political committee of the Minnesota Federation of Labor, declares that Duluth labor union men have the best political organization in the state. Mr. Deacon was in the city yesterday and was surprised to learn what the local men had done in the way of organization.

Close Stores on Sunday.
Chief of Police Troyer yesterday notified all the storekeepers along Park Point that they must remain closed Sunday after 10 o'clock in the morning. Residents of that part of the city have been complaining to the police because of the stores conducting a general business on Sunday.

Will Lay Rails.
P. McDonnell, the contractor, has returned from Grand Forks, where last Saturday he drove the first spike in the Dakota city's new street railway system. Mr. McDonnell has the contract for laying the rails, as well as for a large amount of street improvement work in Grand Forks.

New Flat Buildings.
P. McDonnell, the contractor, is preparing to erect five modern flat buildings at the corner of Eleventh avenue east and Third street, at a cost of $25,000. R. Grunslaw will erect two flats on adjoining property at a cost of about $12,000.

Business Good.
A. B. Kenney of Kenney & Anker returned today from a buying trip East. "A good many people are complaining about business, but not so with us," said Mr. Kenney this morning, "as our sales are going ahead of last year.

Returns to Duluth.
John Heitman, attorney and counselor, who for six years was connected with the law offices of John Jensgwold, Jr., has returned to the city, after a several months' absence, and has opened an office at rooms 508-9 Sellwood building. Mr. Heitman has been traveling about the country since last June.

Deserted His Family.
Charged with deserting his wife and three small children in Minneapolis, Nels H. Nelson was arrested this afternoon by the Duluth police. Nelson has been working in a store in the West end. It is claimed that his family in Minneapolis is starving.

Milkman Arrested.
Charged with selling cream that contained less butter fat than is required by law, Charles Gustafson, a driver for the Russell Creamery company, was arrested this afternoon. He entered a plea of not guilty to the charge, and his hearing will be held during the latter part of the week.

Has No Authority.
The board of public works has been having trouble lately because of the impression among property owners that the city should stand for the expense of repairing unimproved streets and alleys. The board has no authority to make repairs where the streets and alleys are unimproved. Such work has to be done directly under permission from the council. The board has supervision only on alleys and streets that have undergone improvements in the way of paving.

No Cause for Complaint.
Certain property owners have been objecting to the board of public works that they have been compelled to pay for sidewalk repair work where the city in other cases has done the work without expense to the property owners interested. As a matter of fact, none of these improvements are free to the property owner. The cost is either assessed against property benefited or a charge is made outright. In no case is the cost free.

New Mining Company.
Articles of incorporation of the International Mines Development company were filed with the register of deeds this afternoon. The company is capitalized at $100,000, with the head office in Duluth, and the place of doing business in British Columbia. The incorporators are William Wallinder, Alexander Wallinder, Louis Ramstad, Edwin Ramstad and Charles Danielson.

Will Build Bridge.
City Engineer McGilvray has received a communication from the division engineer of the Northern Pacific to the effect that the railroad company proposes to go ahead with the work of constructing a bridge across Jenswold street, despite the fact that the city attorney has given it as his opinion that the contract with Duluth for the building of the structure is not valid.

Will Fix Tax Levy.
The council tonight will fix the tax levy for the coming year. It has not the power to increase the levy as fixed by the conference committee, and there is understood to be no chance that a decrease will be provided for. There may be some slight changes made in the allowances for the different funds.

Released from Quarantine.
The health department this morning released six families from diphtheria quarantine. It is hoped that the disease will be practically wiped out within the next week or two.

Aerial Bridge Ready.
Beginning at 6 o'clock this evening, the aerial bridge will be put in commission again, and from that time on will run according to the old schedule.

PERSONAL

A. D. Brown of Madison, Minn., chairman of the Republican state central committee, was in the city yesterday in the interest of Republican progress in this county. Mr. Brown discussed local conditions with W. E. Culkin, chairman of the St. Louis county Republican committee.

Mrs. James Kenneth McAlpine of Chicago is visiting her parents, Mr. and Mrs. J. R. Richards.

W. S. McCormick, the city comptroller, returned today from the national convention of city comptrollers, held at Louisville, Ky.

TAFT TALKS TO STOCKYARD MEN

Cheers for Bryan Come From Crowd Hearing Ohioan.

St. Joseph, Mo., Oct. 5.—The real Taft invasion of Missouri began here today. The candidate will speak constantly in the state until tomorrow night, concluding then with a demonstration at St. Louis. The first Missouri audience was composed almost entirely of voters, men who work in the stockyards at St. Joseph, where Mr. Taft spoke in the rain from the steps of the stock exchange. He was presented by President John Donovan of the exchange, who said he did not appear under false pretenses. He was, he added, a Democrat, but he knew Taft to be a thorough American in every particular and to have a clean record of great achievements. Mr. Taft said:

"The word Democrat is a historical description. It does not mean that a man who is a Democrat will always vote the ticket of that party."

As is his usual custom to labor audience, Taft analyzed the labor situation with reference to the two parties. He referred briefly to his own labor record, and again declared himself to be the friend and not the enemy of labor. What he said was cheered, but there were noticeable on the edges of the crowd where his voice did not reach, straggling cheers for Bryan.

NORTON NOMINATED.

Adams Makes But Slight Gains in Outside Precincts.

There is little doubt but that John M. Norton has been nominated county attorney.

The recount of the outside precincts is about complete, with only four or five of the smaller outlying precincts to be heard from. Mr. Norton's net gain up to the present time is forty-one votes, over the official count, giving him a plurality of forty-six votes. Twenty-nine ballots will be referred to the court. Of these fourteen will probably be void; five are doubtful; eight are likely to go to Norton; and two to Adams.

BRYAN LIBERAL AS TO PENSIONS

Commoner Denies He Ever Spoke Against Soldier Aid.

Lincoln, Neb., Oct. 5.—In an interview given out late today by William J. Bryan, he denies he ever made a speech or wrote an editorial against the granting of pensions to soldiers.

On the contrary, he declares, all of his platforms have indorsed pensions and that he favors a liberal pension policy.

See Dr. E. S. Bughee,
Eye specialist, at Spalding hotel, Friday and Saturday, Oct. 9 and 10.

HEAR JOHNSON AND JACOBSON

Minneapolis Citizens Will Have Both Nominees Next Saturday.

St. Paul, Oct. 5.—(Special to The Herald.)—J. F. Jacobson and John Johnson, Republican and Democratic candidates for governor, will descend on Minneapolis Saturday night, where both of them are billed to talk. Johnson's appearance is assured, his committee having secured the auditorium some weeks ago.

WILLIAM G. TAYLOR DIES

Former Duluth Railroad Man Passes Away in Detroit.

News of the death of Willam G. Taylor at Detroit, Mich., reached Duluth today. Mr. Taylor was employed by the Duluth, Missabe & Northern railroad from July, 1893 to Nov. 1905, being finally compelled to give up his position by the illness that resulted in his death.

In speaking about Mr. Taylor, W. A. McGonagle, under whom Mr. Taylor was employed during the greater part of his time here, said that he was the most faithful and efficient railway employe he ever knew.

"In 1902, in addition to his other duties, he was made secretary to me. He was always faithful and conscientious, was competent and skilful and was one of the best employes I have ever known. He continued in this position until his health failed so that he was compelled to seek an outdoor life. He entered the exploration service of the Oliver Iron Mining company. His health improved somewhat and he was able to return to his work. Later he was compelled to seek treatment under Dr. Riggs of St. Paul. He was able to return for a short while, but was finally attacked with the illness that resulted in his death.

"He was a genial, whole-souled man, who made friends with everyone. He was faithful and efficient, and he has left a record that all railway employes might well emulate to their own advantage."

Mr. Taylor, during his employment in this city, made hundreds of friends. He was well liked by everyone, and the news of his death will prove a shock to many former friends.

MRS. SIDNEY JONES COLFORD, JR.
Of Philadelphia, Who With Her Husband in Their Auto, Raced Against Her Father and Mother in Another Auto From Philadelphia to Newport.

VAIN OF HER FEET.

The American Woman Shows Good Sense in Her Shoes.

An ungallant German professor, one Gleier of Munich, announces that after much research and study of the subject he finds that the modern woman's foot is steadily gaining in size and that in time there will be little difference in proportion between the feet of women and men. English women, he adds, have the largest feet owing to their love for walking and regular outdoor exercise, says the New York Sun.

A woman chiropodist, who attends exclusively to the feet of those of her own sex and has made a great success of the practice of massage in perfecting the contour and condition of the feet, says that so far as the feet of New York women are concerned, the professor is wrong.

"I have done this sort of work for more than fifteen years," she said, "in Paris and London, at Palm Beach and Newport as well as in New York, and I have been able to study the subject thoroughly.

"It is true that tight shoes are not in fashion now and women are not pinching their feet as they used to into the smaller sizes. For that reason it is possible that manufacturers may not be making so many number ones and twos in women's boots as they used.

"It is well known that shoemakers marked their goods in length and width below the actual size, in order to cater to the old time demand for small shoes. Women a dozen years ago absolutely refused to wear boots that were numbered high, and a five was considered a dreadfully large foot.

"But the pinched in foot, like douge and tight corsets, went completely out of fashion. The woman with an absurdedly tight shoe looks today as badly gotten up as the one with a tiny waist and large hips. Women's dress has become not only more sanitary and sensible but more artistic, and nothing has improved more than footwear—ready made shoes, I mean.

"Ten or fifteen years ago the feet of women were generally bad to look upon when bare. They were deformed through small shoes, the toes crowded on top of one another, and sometimes bent under. There were corns and enlarged joints, and even bones were displaced through walking in tight shoes.

"The athletic fad which made women let out their daughters' waists as they never had their own, drove away a host of evils, and among those evils went the tight shoe. Every American woman today, from the heiress to the factory girl, wears shoes sufficiently large.

"This can be told at once in the improved gait of women pedestrians along Fifth avenue and in the shopping districts. They no longer mince along, and although American women never seem able to conquer their tendency to walk too quickly and energetically for beauty, they walk far better than they did even six years ago, when the masculine football walk was a fad with athletic girls.

"Physical science has taught women how to walk and how to care for their feet just as thoroughly as for their hands. They know that short shoes are ruinous to the shape of a foot.

"One of the first lessons in foot reform was that a small, tight shoe does not hide but rather accents the faults of a badly shaped foot. Pointed toed shoes are also inartistic and produce all kinds of trouble with the feet.

"The shoes must fit properly, and if the foot is short and thick through it is probably in accord with the dimensions of the body. A short, sturdy woman should have a short, wide foot if she is built on the proper plan. It is far more beautiful to have feet in harmony with the rest of the body than to have small feet which do not match.

"Some years ago I worked in an establishment where a separate charge was made for every foot blemish that was treated. Women and young girls would come there whose bills would mount up to five or six dollars for a treatment, so many were the defects.

"Now the feet of women are in better condition. American women have not the slender exquisite feet of the Italians or the Spanish women. An American woman finds it hard to wear a Paris shoe, which is so narrow across the instep that one might think a foot built on that plan would be completely out of proportion. But it is in proportion to the French woman's build.

"The Arabian women and those of Spain have beautifully arched feet, and this in spite of the high heel which the Spanish slipper always has. The foot seems to be very much a matter of type. Some of the Irish peasant girls whom you see barefoot in their native fields have beautiful feet, large and strong and white.

"Many women wear sandals without stockings for a few hours a day in their dressing rooms. It gives air to the feet and allows the muscles to become pliable, for it must be remembered that the foot is used a great deal and is laced and buttoned in snugly most of the time.

"Use does not make the foot more beautiful any more than it does the hand. When a woman has an illness which keeps the weight of her body from her feet for a few weeks she will find that her ankles have grown slender, her feet blue veined and white and nearly every imperfection will have disappeared.

"On the other hand, women who use their feet much grow flat footed and sometimes develop varicose veins. Well kept shoes, rested every day or two—that is, changed for others and kept on trees in the interim—will do much to keep the feet in good condition and will last much onger than if worn day after day.

"To keep the feet in good condition they must be washed with good soap, warm water and a brush each day. The cold dip in the morning is not sufficient for the feet. Pumice should be used on any callosity. Salt in the foot bath is excellent.

"Massage is a boon for the feet, although its virtues have been of comparatively recent discovery. The foot must be softly rubbed between the two hands of the operator, a lubricating salve being used. Olive oil and alcohol are good.

"A rough towel should be used to dry briskly and a good talcum powder sifted on carefully. Stockings should always be changed with the boots, and this change should be made at least twice in the day. Even the tired business girl can put on fresh stockings and slippers when she comes in after the day. It will rest her feet and keep them in good condition.

"The feet have a tremendous effect on the mental condition and the general health. A painful foot will change the most cheerful persons into a bear.

"Neither corns nor ingrowing nails are to be found on the younger generation of women to any extent. The twentieth century foot is a decided improvement on theold fashioned one, whatever merits otherwise the old time girl may have had over her latterday sister.

"Women look after their feet now to prevent trouble rather than to cure it. A well cared for foot will always keep well barring accident. A neglected foot, on the contrary, is almost impossible to cure, although it can be relieved of course.

"Low shoes are supposed to spread the ankles, but the high, laced and buttoned boots often impede circulation and make an ugly indentation in the leg. Laced shoes are a great evil when they are laced too tightly. They stiffen the ankle instead of supporting it.

"The low shoe is better because it admits good circulation and action. It also permits the air to get at the foot. The pumps fashionable now are difficult to keep on and they injure the heels, but otherwise they are hygienic. Air is as necessary for the feet as for the rest of the body.

"And Paris, the home of the French heel, does not boast pretty feet among the women, except that they are slender in the extreme and shapely when shod. The Paris woman drives more than she walks and the delightfully clean pavements permit her to wear colored boots, white and pink and blue when she strolls, but there is not much natural grace or beauty in the bare French foot.

"One has only to observe the feet of the French dancers that come here and make great successes—with their dancing but never with the beauty of their feet. Dancing, indeed, produces dreadful feet as a rule.

'Du Maurier's book 'Trilby,' woke people up on the subject of the foot and its beauty. He rhapsodized over it as a marvelous framework, covered with exquisitely tinted flesh and large in proportion to the height of the woman. His heroine had large feet but they became very famous. She was an English girl.

"The English girls all have rather long, narrow feet, not at all pretty; but they walk better than women of other nationalities. They never hurry or take short steps. They wear rather fancy shoes in the street, but then they use hansoms a great deal on their way to and from the shopping districts.

"We hear a great deal about the English women being great walkers, and no doubt they are in the country. But they do not walk at all in London, that is, smart women do not, except through fashionable shopping streets, with their carriages following them. Hyde Park, on Sunday morning is the extent of the London woman's walk.

"For this reason they do not go in for the short trotter dresses that distinguish the American girl abroad, showing her trim feet with the freshest of ties. The American woman is vain of her feet and very justly so, but she no no longer attaches any importance to making them seem small so long as they are well shod and trim and shapely."

JOHNNY'S FIX.

Chicago News: "If you aren't a pretty-looking sight I don't want a cent," said the nice old gentleman to the little boy. "Not a cent. What do you suppose your dear mother will say when she seees you? Aren't you ashamed of yourself?"

"I couldn't help it," whined the little boy.

"Johnny," said the nice old gentleman, "I trust you are telling me the truth. If you couldn't help it, of course, you are not to blame in the least. On the contrary, you are entitled to my sympathy and you shall have it. If the seat of your knickers and the back of your shirt were torn, through no fault of yours, it will be a weight off my mind.

"I was afraid you had been crawling through the barbed wire fence after berries again. It was the stain around your mouth that led me to suppose that. I saw that your hands were scrached and the lower part of your face colored purple and I thought to myself. 'That boy has been after berries again, in spite of the express prohibition of his parents and in defiance of the moral law.' I ask your forgiveness for my injurious suspicions."

The little boy dug the toe of his sandal in the dust of the road, but made no reply.

"I suppose some mad bull chased you and hooked you in the back of your attire?" hazarded the old gentleman. "Tossed you into a crate of berries as you were passing the market, didn't he? We've got to do something to keep mad bulls off the street, and that's all there is to it. They're getting to be a nuisance. Was it a mad bull, Johnny?"

The little boy shook his head.

"No?" said the old gentleman. "Why, no, I suppose not. That wouldn't explain the scratches on your hands. I suppose that ferocious kitten of Bateman's got after you? Still, a kitten couldn't tear your clothes in that way. There must have been something else. Perhaps you were sliding down a friend's cellar door and didn't know there was a nail in it. In that case you were simply unfortunate, and I'm not at all disposed to reprove you. Was it a cellar door, Johnny?"

"No, sir," replied the little boy, shamefacedly.

"Come to think of it, it wouldn't be," said the nice old gentleman. "Cellar doors don't make a fellow's mouth purple unless they've been painted purple and a fellow puts his face on it. That was a bad guess of mine. I expect it was Willie Saunders. He must have come up behind you with his jackknife and attempted to stab you. Failing in that, he must have thrown you down and tried to poison you with a package of aniline dye. The young scoundrel! If something isn't done with that boy he'll come to the gallows, and that's almost as bad as going to the penitentiary, where they put boys who steal blackberries. You're quite sure you didn't swallow any of the dye, are you, Johnny?"

"It wasn't Willie done it," said the little boy. "I kind o' tore 'em getting through a—a fence."

The nice old gentleman raised his eyebrows. "A rail fence, Johnny?" he inquired. "I hope and trust that it was not a barbed-wire fence. Don't tell me that!"

The little boy began to whimper.

"Well, well," said the old gentleman. "Tut, tut! Dear me! Johnny, was I right, after all, and have you been in the Simmons' berry patch?"

"I won't do it again," said the little boy.

"Johnny," sighed the nice old gentleman, "I don't know what's going to become of you, I'm sure. You don't seem to have any faculty of invention whatever."

CHROME MINING IN ASIA.

London Globe: For many years pr chrome mining has been pursued an industry in Asia Minor. The chrome is usually found on mountains from 4,000 to 5,000 feet high, and is removed from the pits to the railway station or market on the backs of donkeys and camels.

But while chrome in the neighborhood of Smyrna brought £20 a ton, it now commands a very small price, being in this respect like antimony, so that it scarcely pays to mine it, and certainly not in districts remote from railways. As the chrome of other countries comes on the world's markets that of Turkey, whose mines have never been worked on a scientific basis with up to date machinery, must necessarily decline in value.

TOO LATE TO CLASSIFY

One Cent a Word Each Insertion—No Advertisement Less Than 15 Cents.

Smoke those good cigars, La Della (domestic) and Alvaro (Key West).

LOST — ON THIRD AVENUE WEST, envelope containing kodak pictnre and film. Return to French & Bassett.

WANTED TO BUY — WILL TAKE first-class runabout automobile in trade towards desirable unimproved real estate. O 102, Herald.

JACOBSON—NORTHERN MINNESOTA'S ENEMY.

At a meeting of the West Duluth Republican club Saturday evening W. E. Culkin, chairman of the St. Louis county Republican committee, said that Jacobson has always been opposed to the tonnage tax on iron ore.

We do not believe that Senator Culkin would attempt knowingly to obtain votes for Jacobson on false pretenses. Therefore we hasten to set the county chairman aright, in the belief that he will countenance no further attempts to secure Northern Minnesota support for this man on the ground of his friendship for this part of the state and its industries.

Mr. Jacobson has always been a determined advocate of the tonnage tax, and that in its most impractical and most vicious forms. He has on several occasions during his legislative career proposed a flat tax of 5 cents per ton in lieu of all other taxes on the iron properties, and during the last session of the legislature, when the tonnage tax again raised its unsightly and venomous head, he was on the ground to give it support, though he was not then a member of the legislature. And Mr. Jacobson says he "stands upon his record."

In the session of 1897 Jacobson introduced a bill providing a tonnage tax of 5 cents upon the iron ore output. One Reeves introduced a bill providing for an 8-cent tax, and in the committee, with Jacobson's consent, the Reeves bill was substituted for the Jacobson bill, and thereafter received the Lac Qui Parle man's earnest support. He succeeded in getting it through the house, but fortunately it was killed in the senate.

In the special session of 1902, after the tax code had been killed, Jacobson introduced a bill known as House File No. 56, which included a provision for a 5-cent tonnage tax upon iron ore in lieu of all other taxation. By threats and bulldozing he succeeded in driving this bill through the house by a vote of 84 to 25, though it had not received an hour's consideration from the members of that body. Jacobson wildly informed the members that if they did not vote for his bill he would brand them as traitors and corrupted public servants, and the shameful spectacle was presented of a legislative body, awed by these threats, swallowing whole a measure it had never duly considered, and which more than half its members knew to be viciously wrong.

Suppose that bill had become law. It didn't, for the senate killed it upon the advice of State Auditor Dunn, whom Jacobson refused a hearing in the house. But suppose it had passed. The tonnage tax was in lieu of all other taxes. When there was no production, there was no tax. Take the town of Hibbing. Its assessed valuation in 1906 was $11,996,953, of which the mines counted for $11,480,744 and other property for $516,209. If the Jacobson bill had become law, and hard times had shut down those mines in any year, no taxes would be paid by them, and the burden would have fallen on the other property—humble homes, small business enterprises, etc. Without the mines the tax rate for Hibbing would have been jumped from $17.80 per $1,000 valuation to $274.30 per $1,000—a confiscatory rate. This the success of Jacobson's endeavor would have inflicted upon the people of Hibbing; and the same fate might have befallen any other range community.

Jacobson did support the tonnage tax idea at all times, as he supported every other measure threatening St. Louis county and as he opposed every measure promising hope and help to St. Louis county.

MISLEADING DIRECTORY ESTIMATES.

The new directory of Duluth contains an estimate of the population of this city based upon a multiplication of the number of names in the book by the arbitrary multiple of 2¼. This gives a population estimate of 91,744, which is considerably above the actual population.

It is needful that those who may be misled by the directory estimate should be warned against accepting it. Nothing is to be gained by deceit, for at frequent intervals a census is taken, when the actual conditions are shown. If, prior to the taking of the census, the directory estimate has been used, the publication of the census figures shows a marked falling off in population, and the word goes forth that Duluth is losing her population.

This city is having a steady, healthy growth. Each census shows a flattering gain. Presently, as everybody hopes, the increase will be faster. But it cannot be assisted by false estimates based on worthless calculations.

In 1899 the directory estimate of Duluth's population was 61,549. The 1900 federal census showed a population of 52,969, representing a reduction to those that accepted the directory estimate. In 1904 the directory said we had 70,552 people; the 1905 state census showed that we had 65,000 people. Today Duluth probably has 80,000 inhabitants, and the directory estimate is 91,744. Unless there is a sudden growth, the 1910 federal census will show another apparent reduction. The directory estimates are misleading, and should not be given undue publicity.

LETTERS OF OTHER YEARS.

Apparently men in public life never will learn to "n this letter;" even though recent disclosures from ...tters given unexpected publicity have no doubt brought a fevered destruction of old correspondence. One newspaper has suggested that the pall of smoke that recently covered the country came not from forest fires, but from heaps of burning letters to which trust magnates and trust statesmen had touched matches.

This is not the first campaign year in which letters have risen to plague those that wrote and those that received them. For instance, when Blaine was speaker of the house he wrote to associates in the Arkansas railway project that he would be "no deadhead" in the enterprise. One Mulligan produced these letters, and of course an evil construction was played upon them. They haunted Blaine in 1876, 1880 and 1884, and had much to do with balking his ambition to be president.

Twelve days before the election of 1880, when Garfield beat Hancock, the famous "Morey letter" was published in a New York newspaper. Hearst not then being on earth politically, some predecessor of his accepted it. It purported to have been written by Garfield in January of that year to H. L. Morey of Lynn, Mass., and declared in favor of the admission of Chinese labor. Garfield promptly denounced it as a forgery, and it was soon discovered that Lynn sheltered no such man as Morey.

In 1888, again, Lionel Sackville-West, British minister at Washington, was induced to write a letter to a man giving the name of Murchison and representing himself to be a former British subject living in California. "Murchison" wanted to know how to vote, and in reply poor Sackville-West accused Cleveland of playing politics and of assuming an attitude of hostility to England which he did not really feel. The letter offended the Irish, caused a tremendous uproar, and the administration sent Sackville-West packing home, after he had been belabored and abused and burned in effigy.

In the same campaign appeared the famous Dudley "blocks-of-five" letter. W. W. Dudley, an Indiana politician who was treasurer of the Republican committee, sent this letter to the Indiana county chairmen, directing them to assign the "floaters" in blocks of five each in charge of a trusted man. A great scandal followed, but Indiana went Republican just the same.

Says the Lincoln State Journal, discussing the Archbold-Foraker-Sibley-McLaurin correspondence: "In view of these difficulties resulting from reckless letter-writing, it is respectfully submitted that some day the long distance telephone is going to come to its own."

The suggestion is not out of order, by any means; yet the fact that after such lessons as those of the Mulligan, Dudley and Sackville-West letters there are men still writing and keeping dangerous letters, it seems probable that so long as unclean methods are recognized in politics there will be careless men who will commit their follies to writing.

A SQUARE DEAL, THAT'S ALL.

Following the example set in many other parts of the country, the railroad men of the Duluth district yesterday organized to protect the railroads against unfair legislation. They begin with a membership of 700, and it is stated that this will be increased to 2,500 before the November election.

If these new organizations stick to the literal meaning of the term "unfair legislation" in choosing the measures they oppose, they will be able to do good service not only to the railroads but to themselves and to the public. It is not to the best interests of anybody that there should be "unfair" legislation against the railroads. If the people cut railroad rates too deeply, they will injure the service and cut the wages paid railroad employes. No fairminded citizen, therefore, wishes to see unfair reductions.

On the other hand, the time has passed when the railroads can be left to their own instincts in the matter of fixing rates. The railroad business is a public utility, and in the regulation of it the public interest is superor to all other interests. Neither the railroads nor the railroad employes can afford to oppose an honest and just system of regulation. It is not to be supposed that the object of these organizations of railroad employes is to oppose and defeat all attempts to regulate railroads; that object could not be attained and should not be attained. Yet in demanding that railroad legislation shall be just to the railroads the employes are quite within their rights, and their demand is one that no fairminded man can resist. The railroad men should join with the railroads and the public in bringing about an exact square deal between railroads, railroad men and the public.

JEAN VALJEAN BACKSLIDES.

It is too bad to spoil a pretty story, but if the Emporia, Kan., Gazette may be relied upon—and as William Allen White runs that newspaper we are prepared to vouch for its accuracy—William January has spoiled one of the prettiest the news columns have displayed in a long time.

Remember January? The modern Jean Valjean? He has been sentenced to the penitentiary, and escaped. For years he lived a clean and moral and useful life, under an assumed name. He made a home, and put into it a wife, who gave him a baby. They were living contentedly and happily when a former jail associate spotted January, reported him to the authorities, and he was returned to prison. The whole country rose to his aid and poured out its sympathy for him and its condemnation for the wretch who informed upon him for the sake of a paltry reward. He was pardoned and sent back to work with a handsome purse.

Here is the sequel as related by the Emporia Gazette: "You all remember what a fuss Kansas City made over William January a year or two ago. Long ago he escaped from the penitentiary, and under an assumed name led a moral life and had a wife and baby in his happy home. Then he was betrayed by a fiend in human form and sent back to the pen. Kansas City was touched to the heart by his misfortunes, and secured his pardon and gave him a purse, and for weary weeks there was nothing doing but William January in that town. Never did a martyr have a better show to redeem himself and make good.

"But it seems that William was small potatoes and few in a hill. He didn't realize that he was the one man in the United States who owed it to society to be good. He ran a gambling booth, and when last heard of was hiding from the police. Which goes to show that a silk purse can't be made of a sow's ear."

This is a sad sequel indeed, and those who read the original romance will probably not be grateful for being told it. It was so much pleasanter to think of January returning to that wife and baby, keeping the little home going in peace and contentment and working faithfully at his honest tasks. It is a denoument so altogether illogical that an author who put it in his book would be mobbed. The Emporia newspaper is inclined to make fun of Kansas City because its heart was touched by the original story, but that is not the way to look at it. The hearts of people everywhere were touchel by it, and there wasn't an individual who read the tale that didn't hope January would be pardoned and live happily ever after. So he might, if he had so willed.

There must have been a big streak of good in January, or he wouldn't have "led a moral life and had a wife and baby in his happy home" for years. Yet there must have been a streak of bad in him, too, or he wouldn't have spoiled this pretty story by becoming a gambler and a fugitive from justice. Having both good and bad in him, therefore, January must have been a good deal like the rest of us, only more so in some respects.

HOTEL GOSSIP.

Lieut. Arthur P. Watts was telling at the McKay yesterday of the proverbial easy picking foreigners found the American in other lands than his own.

"The American is cursed all through the Orient," said the lieutenant, "because wherever he has come he has raised the price upon things. For instance, if you were to take a ship out of New York, going ahead of one of the ships that carried American soldiers, you would see how the coming of the Americans affected the price of all articles of necessity and luxury.

"As soon as it is learned that an American ship is coming into an Oriental port, the price of everything takes an upward tendency. If you traveled ahead of the ship upon its trip to Oriental ports, the truth of this statement would be brought forcibly home to you. In a day you would see the price of almost every article that was offered for sale take a jump that would amaze you.

"The coming of the Americans raised the wages of servants in the Philippines. Before we came, the price had remained the same for time beyond memory. The English had paid the same price for years. They also refused to raise the price for the Chinese servant. But with the coming of the American, whom the English say look upon a dollar as a dime, the wages of the Chinese servants were increased.

"It is the same in any Oriental port you may go to. You will find that the coming of Americans invariably produces the same effect. We spend our money freely, are not disposed to haggle over the difference in price, and are good tippers. The Englishman is stubborn at the best, but if he thinks he is being done he would rather go without the thing he desires than to pay the price which he thinks is exorbitant. The German is more or less the same way.

"Nagasaki, Japan, is admitted to be supported by the money the sailors and officers of our fleet spend there. That is the port that we coal at. Should we discontinue coaling there and coal at the Philippines, it is believed that that port will go out of business. While not wholly supporting other Oriental ports, the money spent by the Americans is a very profitable source of income.

"The fact that Americans are good spenders is well known throughout the Orient. The most ignorant wharf worker knows that the Americans are considered easy. The Japs are pretty at driving a trade and they exercise all of their native shrewdness in dealing with the visiting Americans. The Chinese are close and saving in business. They consider the Americans easy picking. It is not because the Americans is so easy; rather it is because he is not disposed to argue over the difference in price. The American hasn't the British fear of being done, and if he wants an object the payment of more than he thinks it is worth, does not stand in his way."

• • •

"Odds upon Bryan have taken a sudden change, "said W. M. Madison at the St. Louis last evening. "You know that at the beginning of the campaign the odds on the result of the election were quoted at 4 to 1, with Mr. Taft the favorite in the betting. Well, right at the present time you can get even money in New York. That isn't the general rule you understand, for in most instances Taft still remains a slight favorite, but it goes to show the sentiment of the people who have money to wager on the result of the election.

"At the beginning of the campaign it was freely predicted that Taft would have a walkaway. With this belief generally accepted, the betting upon the outcome of the election was very light. True there were a number of wagers made in New York at the odds of 4 to1. Most of these were big bets. Now the betting has become general. The small bettor is risking his five dollares. But the odds in every case where I have heard of a wager, have not been greater than two to one. Then I have heard of even money being wagered on the result of New York city, the place where Bryan was not conceded a chance at the beginning of the campaign.

"The inroads made by the commoner in New York, the attitude of labor, and the general belief that Mr. Bryan has the chance of his life to become president, have all combined to influence the opinion of people who habitually take chances upon elections. Bryan is given an even chance."

THE WEATHER.

The northeaster came, all right, but it was a dry one. It was cloudy, with some fog, and the wind came freshly from the lake. There was every indication of rain, but no rain. This morning it was clear, crisp and brilliant. The weather man, undaunted, still predicts rain. He says it will be a little warmer tonight, and that there will probably be rain tonight and tomorrow, with fresh easterly winds. Last night's lowest temperature was 44 degs., and yesterday's highest was 48 degs.

A year ago today it was clear, fine and beautiful.

The sun rose this morning at 6:12 and sets tonight at 5:40, making 11 hours and 28 minutes of sunlight.

Says Mr. Richardson of conditions: "Barometric depressions overlie Saskatchewan, Kansas and Southern Florida. These disturbances caused light to copious rains over Southern Florida, Oklahoma, Nebraska, the Dakotas, Montana and Western Canada during the past twenty-four hours. Temperatures have risen somewhat in Montana and are moderate in most districts east of the 100th meridian. The barometer is high over the North Atlantic states and the plateau region. The easterly movement of the Saskatchewan storm center will probably be attended by rain at the Head of the Lakes tonight and Tuesday."

Following were last night's lowest temperatures:

Abilene	68	Memphis	54
Asheville	54	Miles City	36
Atlanta	52	Milwaukee	50
Bismarck	38	Minnedosa	34
Boston	42	Modena	30
Buffalo	44	Montgomery	48
Cairo	50	Moorhead	54
Calgary	36	New Orleans	60
Charleston	52	New York	54
Chicago	56	Norfolk	60
Cincinnati	46	Northfield	28

Department of Agriculture, Weather Bureau, Duluth, Oct. 5.—Local forecast for twenty-four hours ending at 7 p .m., Tuesday: Duluth, Superior and vicinity, including the Mesaba and Vermilion Iron ranges—Probably rain tonight and Tuesday; slightly warmer tonight; fresh easterly winds.

H. W. RICHARDSON, Local Forecaster.

Chicago, Oct. 5.—Forecasts until 7 p. m., Tuesday: Wisconsin—Increasing cloudiness, with showers Tuesday and probable late tonight; warmer tonight.

Minnesota—Threatening tonight and Tuesday, with showers; warmer in east portion tonight; cooler in west portion Tuesday.

Upper Lakes—Fresh southeast to south winds tonight and Tuesday; increasing cloudiness, with showers Tuesday and possibly on Superior tonight.

Just Loke Minnesota.

Fitchburg, Mass., Sentinel: If the party managers realize that they must give the public the very best possible administration in order to retain the confidence of the people and get their party vote, then an era of better days is coming. This is the standard which ought to prevail in the country. With more intelligence and more independence of party ties on the part of the people, the government will be better than where the party candidate will get the party vote, no matter how unfit he is. Massachusetts has long had the reputation of being the state where there is more independent voting than in any other state of the union. Yet our government is as clean as that of any state, on the whole, in spite of the criticisms upon our legislature, and the parties are, as a rule, forced to put up their best men for candidates, at least this is true of the Republican party, and it would be more nearly true of the Democrats if they had more of a chance of winning. It is true that there are lamentable exceptions to the rule, but it none the less remains a fact that the certainty that a conspiciously unfit candidate would be slaughtered at the polls compels the party to nominate only those who are supposed to be ablee to pass the scrutiny of the average voter.

This independent voting is something which the voters ought to promote. It is for their intesest. It will give them better government. It is true that the party machines are not given to exhoration to independent voting. It is not to be expected. But every machine which puts up such good candidates as to tempt the independent voter will find that the greatest party strength lies in being so good as to command the independent vote. On the other hand, the voter who let it be known that he will not support poor nominations does the very best that any voter can do to make his party nominate only its best men. On whichever ground the cause is put, therefore, the voter of independent endency is better for the welfare of the public than the man who will support the party nominee, right or wrong.

The Counterfeit of Day.

Ney York World: The nation has waited with anxious expectancy for a reply by Chancellor Day to the aspersions cast on Standard Oil. It has not waited in vain. The silence is now broken with a vehemence which gained in vigor from delay.

President Roosevelt is flayed in a manner to make Governor Haskell realize the inadequacy of Oklahoma dialect for purposes of castigation. The "glaring inconsistency of that chief boaster" (a college phrase for "four-flusher") is exposed and his "venomous hatred" for a great and much maligned corporation denounced. Never before has the presidency "descended to such a shameful degeneracy of demagogy." Mr. Roosevelt, in Chancellor Day's picturesque phrase, "bestrides his bronco and rushes into the dust of the melee, waving his lariat aloft in the form of a private letter," all the while discharging "unfair and unjust fulminations," until "the glass houses crack with ominous sound."

The chancellor pays his respects to the legislative "brigands and garrotters" who for fifteen years (he has Mr. Archbold's word for it) have sought to throttle Standard Oil. His restraint at this point is admirable. With "vampire" "cormorant" and "vulture" at his command he restricts himself to academic speech. He makes no references even to "sinister" attacks and abstains from the shorter and uglier word.

The Syracuse standard of ethics for men of public life should not pass unnoted. "The charge against Foraker for practicing as an attorney when in office is absurd," says Dr. Day. "The very salary paid a senator proves that the country expects him to employ his spare time in some legitimate business"—and what business more legitimate than to influence legislation to the advantage of a generous employer?

And how can an underpaid college president be better occupied than in defending a benevolent corporation from the aspersions of its enemies?

Where the Children Sleep.

What are the night winds whispering
Over the graves where the children sleep?
What is the message the angels bring
Down from the heavens to those who weep—
To those who weep for the sinless ones
Who lie asleep on the leaf-strewn slopes?
Ever since God gave light to the suns
This word has come to the mourner—"Hope!"

Over the meadows the word is blown;
At night it is written across the sky;
The stately pine when the fall has flown
Still whispers, "Hope," as the brief days die;
Out on the hills where the children sleep
Hope is the song that the long night brings
To the folk that hide where the dew is deep
Or lightly flutter their gauzy wings.

Let him who scoffs and the ones who doubt
Have done with their foolish jests and cease
From their futile efforts to reason out
The dream which bring to the stricken peace;
For Faith, the armor of those in woe,
And Hope, the chariot of those who weep,
Shall last as long as the night winds blow
Over the graves where the children sleep.

—Chicago Record-Herald.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

•••The crop of logs cut the coming winter for mills at Duluth, Cloquet, Northern Pacific Junction, Thomson, Tower, Ely and Hinsdale bids fair to be very large. A careful canvass shows the cut will be 265,000,000, which with 40,000,000 that will be left in Duluth bay and on the St. Louis river dalles bound to come here, will make a total supply of 305,000,000 feet.

•••Mr. Ware of Waterville, Me., has purchased Larzellier's addition. He paid $20,000 cash, and will have it replatted.

•••At the Fond du Lac gas well, the bore is down 1,450 feet and the tools are stuck in the bottom of the well. As soon as they are taken out, the work of drilling will be pushed. The company is still full of faith in the ultimate discovery of gas.

•••G. T. Neill of Montpelier, Vt., reached Duluth yesterday at 12:30, and at 6 o'clock last evening had decided to become a resident of Duluth, and wrote at once for his family to come. He is an optician and will engage in the business here.

•••Duluth will have a baseball nine next year, and it is probable that the old Northwestern league will be revived.

•••P. V. Dwyer of St. Paul is in the city. Mr. Dwyer is at the head of the plumbing establishments of Dwyer & Bros., and reports business in Duluth better than at St. Paul.

•••John Macleod and wife returned last evening from their bridal trip and have commenced housekeeping.

•••Messrs. Dodge, Metcalf and H. H. Myers returned yesterday from Morris, Minn., where they were on a duck hunting expedition. They bagged fully 400 choice ducks.

•••W. O. Gannon of Omaha, Neb., spoke to a large audience last night at Ingalls' hall. He upheld the Democratic administration and was liberally applauded.

•••President Henry D. Minot of the Eastern Minnesota road, has announced the appointment of W. C. Farrington as assistant treasurer, with headquarters at Duluth; also the appointment of Albert A. Cross as superintendent of elevators. The company has assumed control of the Great Northern elevator A, at West Superior.

•••Contractor McCue found yesterday, while excavating for the Chamber of Comerce building, and at a depth of about fifteen feet below the surface, a well preserved log, which had evidently been there for hundreds of years. A year ago Mr. McCue found the partly preserved bones of a mammoth at the East end.

MINNESOTA OPINIONS.

Albert Lea Standard: James J. Hill is not running for office, but he recently announced a platform that would be a vote-getter in many quarters. "If I had my way," he said, "I would build one warship less and I would take the $5,000,000 that it would cost and with it construct 1,000 schools of agriculture within the United States."

New Ulm Review: Bank deposits, it would be well for the opponents of the guarantee plan to remember, are not investments. Neither does a bank occupy the same position towards the public that other lines of private business do.

Elk River Star-News: It is a matter of regret that A. L. Hamilton, editor of the Aitkin Itepublican, was defeated for the legislative nomination. Mr. Hamilton is a square man and would have been a loyal member to the northern part of the state. It is unfortunate that such good men as Hamilton should be defeated in a primary election where the people are the whole thing.

Anoka Free Press: The Minnesota Federal officeholders and their Twin City owners, together with their several subordinates, succeeded in making quite a splurge in St. Paul and Minneapolis on the occasion of Taft's recent visit. But it was a tame affair in comparison with the demonstration witnessed at the time of the Democratic state convention when Johnson was renominated for governor. That was a demonstration of some size, and with heart in it.

Hibbing Tribune: The farmers are the only thing, declares James J. Hill. The politicians have known this a long time.

Aitkin Age: Roosevelt, Bryan and Hearst have been passing the lie back and forth of late, and it looks as though the presidential campaign is beginning where our congressional campaign ended.

Austin Transcript: Mr. Harriman thinks that the people of the West are tired of Roosevelt's policies. They are far more tired of those who have made some of those policies necessary.

Anoka Union: County option does not seem to be as popular in Minnesota as was thought.

Madison Independent Press: The Republican party wants postal savings banks. The Democratic party wants bank deposits insured. The postal savings bank would have a tendency to concentrate the savings of the people in the great money centers and thus place the money within the clutches of the money sharks. The Democratic system would make a deposit in your home bank entirely safe, and at the same time keep the savings of the people at home where it is needed. That's all there is to it.

Le Sueur News: The burning question of the hour is how many Minnesota congressmen are in the boat with Foraker, employed by the trusts against the people?

Elk River Star-News (Rep.): There is a gloomy feeling gaining headway that the Republican state campaign is languishing, but now that Jacobson has got into action, it is hoped that more ginger will be put into it. The voters have got to be aroused and the management needs to do something besides chase rainbows.

None Good Enough?

New York Evening Post: Governor Haskell, bowing perforce to the present demand for immaculate virtue in everybody who has to do with politics, has resigned as treasurer of the Democratic committee. It is not for such a man to handle campaign subscriptions from the pure in heart. To match this act of compelled abnegation, the Republican committee sacrifices the chairman of its speakers' bureau. Gen. Du Pont has discovered, with the aid of broad hints from Washington, that one connected with a trust which the government is at the moment suing, is not fit to supply the demand for orators in the rural districts. In the midst of such an explosion of morality in politics it is grand to live, but where is this process of purification to stop? Already it is intimated that Mr. Bryan will call for the resignation of the Republican treasurer also, since Mr. Sheldon is supposed to have looked upon more than one trust when it was red. President Roosevelt would doubtless sacrifice him without the flicker of an eye-lid. But if this thing goes on, who will be left to manage the campaign? Certainly not Mr. Roosevelt, for a man shown to have been in the secret cahoots with Harriman four years ago should have nothing to do with a political canvass in which only saints are allowed to engage. For our part, we know of nobody really good enough to conduct this campaign, since we do not live in the days of St. Francis or St. Elizabeth.

She Knew the Place.

Youth's Companion: The elderly matron with the bundles who was journeying to a point in Wisconsin and occupied a car, had fallen asleep. On the seat in front of her sat a little boy. The brakeman opened the door of the car and called out the name of the station the train was approaching. The elderly woman roused herself with a jerk.

"Where are we Bobby?" she asked.

"I don't know, grandma," answered the little boy.

"Didn't the brakeman say something just now?"

"No. He just stuck his head inside the door and sneezed."

"Help me with these things, Bobby," she exclaimed, hurriedly. "This is Oshkosh. It's where we get off."

After.

Harper's Weekly: Mother (from remote apartment)—What is little Willie crying so about, Jane?

Jane—About the peaches, ma'am.

Mother—Well, go out in the yard and get him some.

Jane—He don't want um.

Mother—Well, what is he crying about?

Jane—'Bout the ones he's done had.

MEANT TO BE FUNNY.

Philadelphia Telegram: Bills—You don't mean to tell me that it costs money to be a talesman?

Wills—The newspaper says that the judge charged the jury.

St. Louis Post-Dispatch: "Did you hear those two shots?"

"Yes."

"What were they?"

"The first was a gashouse, and I think the second was a bank."

Brooklyn Citizen: "I see Follensby is on his legs again."

"No, he isn't. He hasn't a halfpenny. Had to sell his horse and carriage."

"That's what I mean. Now he walks."

London Globe: "Send me up two bags of oats and a bale of hay."

Voice—All right, sir. What's it for?

"The horse, of course, you idiot."

Meggendorfer Blatter: "See, hubby, what a beautiful memorial wreath at a bargain! Too bad none of your friends is to be buried."

New York Sun: Knicker—Do you think hoopskirts will ever return?

Bocker—The women are wearing them on their heads this year.

Youth's Companion: "How was your speech received at the club?" asked one of Chumley's friends.

"Why, they congratulated me very heartily. In fact, three of the members came to me and told me that when I sat down he had said to himself it was the best thing I had ever done."

Philadelphia Inquirer: Miss Smith—I see that the American legislature has passed a law prohibiting the women from wearing stuffed birds on their hats.

Aunt Maria—It ain't fair. I've heard of how the men in the cities wear swallow-tail coats, and they never say a word against it.

Exchange: A very bald-headed man went into the barber shop in the American house in our town, and, plumping himself down in the chair, said: "Haircut" Ed. the barber, looked at him a moment, and replied: "Why, man, you don't need no haircut—what you want is a shine."

Woman Suffrage.

did not understand you correctly," said Ellis O. Jones in Success: "I fear I the Man from Mars. "Did you say that women have no voice in the affairs of the nation?"

"Exactly," replied the Politician.

"That would be a cause for revolution where I come from," observed the Martian. "How do the women like to be in that servile position?"

"They like it all right," answered the Politician. "Just a few suffragettes object, and they are easily jalled; while so far as a revolution is concerned even the Daughters of the American Revolution refuse to support the suffragettes."

"Of course the reason for this undoubtedly is that the women are of inferior mental and moral caliber to the men."

"Oh, no," explained the Politician. "It is because they are so much superior."

"That seems rather illogical. It is hard to believe that superior beings should submit to being ruled by inferior beings."

"Yes, but don't you see," objected the Politician, "if women got into politics they would become inferior?"

"Would they?" said the Man from Mars. "Then by the same sign, if the men go out of politics they would become superior, I suppose. If I were a man I wouldn't object to that."

"Yes, but we love our women."

"I don't follow your logic at all," said the Man from Mars.

"What's logic?" asked the Politician, with awanekning interest. "Is there any money in it?"

Pointed Paragraphs.

Chicago News: The cheapest things are often the dearest.

It isn't necessary for a married man to know his mind.

Debtors usually have better memories than creditors.

A man isn't necessarily a fisherman just because he is a liar.

Few kisses are stolen from the girl with an onion-flavored breath.

Theoretically girls do not believe in flirting—but practically they do.

A soft answer may turn away wrath, but it won't even stop a bill collector.

A married woman fixes the date of things by the years her children were born in.

Many a man's wife goes to church on Sunday without him because he can't persuade her to stay at home.

A man who has been married six times says it is no trouble to get a wife—the trouble begins after getting her.

Reflections of a Bachelor.

New York Press: A good way to respect people is not to get too intimate with them.

A man who can keep his mouth shut can pass himself off as a genius.

Every woman could study geography if she had to hemstitch the boundary lines.

You can prove to some man that it is worse to drink too little than too much.

A woman can feel pious when she beats a street car and puts the nickel in the church collection plate.

LYCEUM | TONIGHT

TONIGHT ONLY.

H. E. Pierce & Co. Present the Typical Western Play,

"IN WYOMING"

With a Metropolitan Cast of Players. PRICES—25c to $1.00.

Tuesday and Wednesday—Max Figman in "THE SUBSTITUTE." Seats selling.

CONCERNING WOMAN.

Several of the women's clubs of the city will hold the first meeting of the year during the week. This afternoon the Matinee Musical members met for the opening reception of the year and a program which was prepared by the president, Miss Mary Bradshaw. Those who appeared on the program were Mrs. C. B. Miller, pianist, Misss Alice Sjosellus, soprano, Miss Carlotta Simonds, pianist and Mrs. F. G. Bradbury accompanist.

Tomorrow afternoon the first meeting of the year of the Lester Park Literary club will be held at the home of Mrs. J. A. Pinkerton of 17 Fifty-seventh avenue east. During the year Russia and Japan will be studied by the club members as outlined in the Bayview course. The books are ready for distribution and at tomorrow's meeting the books will be distributed and other business will be transacted.

Tomorrow evening the first meeting of the year of the Bishop's club will be held at the club rooms on West Fourth street. The outline of study will be presented for the year and a social evening will be enjoyed. There will be a musical program by Mrs. Edward Kriemer and Clarence Paul and readings by Miss Lillian Preston.

The first study meeting of the year of the Ladies' Literature class will be held tomorrow afternoon with Mrs. C. E. Spruag. The club will continue the study of English history and the leader at tomorrow afternoon's meeting will be Miss L. Ella Roe.

Bridge Party.

Mrs. A. M. Miller was hostess at a beautiful bridge reception Saturday afternoon at her home, 427 West Second street. The game was played at ten tables and the favors were won by Mrs. W. E. Richardson, Mrs. E. P. Towne, Mrs. Victor Stearns and Mrs. A. B. Wolvin.

Postponed Meeting.

The first meeting of the year of the Evening Shakespeare class, which was to have been held this evening at the library, has been postponed until further notice, because of the lecture by Dr. N. I. Rubinkam, which will be given this evening, under the auspices of the club.

Simple Wedding.

The wedding of Mrs. Clara R. Overmire and Alfred Milligan, took place Saturday afternoon at their home, 2830 Helm street. The service was read by Rev. Swanson. The bride was attended by Miss Dorothy Barncard, and the groomsman was Daniel Buchanan. The bride wore a gown of London smoke gray and carried American beauty roses. Mr. and Mrs. Milligan left for a wedding trip, and after their return will be at home at 2830 Helm street.

First Meeting.

The members and friends of the Friends in Council of the Pilgrim Congregational church will be entertained by Miss Murdoch and Miss Alice Webster, tomorrow evening, at the home of the latter, 22 West Third street. This is to be the opening of the year's work by this organization.

Missionary Society.

The Women's Home and Foreign Missionary societies of Grace Methodist church will be entertained tomorrow afternoon by Mrs. A. N. Hopkins, at her home, 28 Twenty-first avenue west.

Home Wedding.

Mayme Tresise Boerner, daughter of Mr. and Mrs. Frank G. Tresise, and Joseph W. Allen were married at noon today. The ceremony was performed by Rev. J. R. Davies, pastor of Grace M. E. church of the West end, at the home of the bride's parents, 326 Third avenue west. Miss Minnie E. Allen was bridesmaid and Frank Tresise attended Mr. Allen. Mrs. R. D. Haven played the wedding march.

Mr. and Mrs. Allen left this afternoon on a wedding trip to Chicago and the Twin Cities. They will be at home the latter part of the month at the West end.

Personal Mention.

Mr. and Mrs. S. G. Knox of 1511 East First street left last evening for a visit with their daughter, Mrs. Kruetzer of Wausau, Wis.

* * *

Mrs. A. M. Miller has as her guests for the week end, Mrs. John Tangler-Smith of Beaver Dam, Wis., and Mrs. C. A. Christianson of Minneapolis.

* * *

Miss Lou Tyler left today for Boston where she will continue her musical studies.

* * *

Mrs. Charles Nonnemacher of 204 East Fourth street has as her guests, Mr. and Mrs. J. M. Burns, Mr. and Mrs. J. F. Lebo, Miss May Peterson, and Mr. and Mrs. J. M. Behm, Miss Metter and Earl Martin all of St. Paul.

* * *

Mrs. Barrett of Eveleth, and Mrs. Carl F. Stillman and little son left last evening for a short visit at Boston.

* * *

Miss Margaret Denfeld was in the city from Eveletch the week end guest of her parents, Mr. and Mrs. R. E. Denfeld of Hunter's Park.

* * *

Miss Mae McLean, who was the guest of Mr. and Mrs. F. J. Ober of the Portland flats, has returned to her home at Chicago.

* * *

Miss Elva Cameron, who was the guest of Miss Ethel McLean of 302 Sixteenth avenue east, has returned to her home at Mountain Iron.

* * *

Mrs. J. B. Mishler of London road left this morning for a week's visit at Eveleth.

* * *

Mr. and Mrs. William Warren were the guests of Mr. and Mrs. J. A. Pinkerton of 17 Fifty-seventh avenue east returned yesterday to their home at Detroit.

To Honor Guest.

Mrs. A. E. Gilbert will entertain informally at bridge Wednesday afternoon at her home in St. Elmo flats in honor of her cousin, Miss Margaret Johnson of Minneapolis. Mrs. Gilbert had as her guest for the week end her sister, Miss Elizabeth Johnson of St. Paul. The latter returned to her home today.

Afternoon Tea.

Mrs. L. W. Leithhead will be hostess at an afternoon tea Wednesday, at her home on South Eighteenth avenue east.

Regular Meeting.

The members of Garfield Circle, No. 4, Ladies of the G. A. R., will hold their regular meeting tomorrow afternoon, in the Kalamazoo block.

DAUGHTER-IN-LAW.

The Kind One Mother Will Never Get.

The other day I heard a mother of sons inveighing against the girls of the period.

"They are all of them horrid!" she said. "Hard, inconsiderate, conceited, self-sufficient, atrocious manners! Don't you think so?" appealing to me.

"I must own to have met a few like that," I admitted. "But I find them the exception. The girls I know best are nearly all very lovely—considerate, gentle, deferential—quite the sort of girls I would like my daughters to be if I had daughters."

Yet when I came to think it over I wondered if any of them would do to be the One. Which would I choose for my future daughter-in-law? asks Christine Herrick in Woman's Home Companion.

One is sweet and gentle, but not especially intellectual. Another has brain enough, but is not good to look at, and is, besides, hampered by a brusque, unpleasant manner. A third is everything desirable in herself—but her family! I am afraid I could never "fellowship" with them to use the expressive New England phrase. This one is not fit to be a poor man's wife, that one has had a Bohemian bringing up. No, I am afraid he will have to seek further to find a girl to suit my views.

But do I demand so much? Clean blood, good health, the right sort of birth and breeding, enough religion to help her to live and to help my boy to live, a good education, familiarity with books and people, a modicum of tolerance and adaptability, a little pin money of her own—"and her hair shall be of what color it please God."

I am afraid I would go further, and choose a whole orphan. It would be very nice to have her turn to me as her only mother—selfish wretch that I am!

With all the qualifications I have named, of one thing am I very sure—that my son will choose to suit himself, and not to please me. Happy though I believe it would make him for me to be satisfied with his choice, he will never marry a girl for the sake of securing a daughter for his mother—and I would have no respect for him if he would.

I am positive—or hope I am—of another thing, that I shall love my future daughter-in-law, whether I like her or not. She will not be marrying me, but my son. If she makes him happy, if she keeps him up to the standard in which I have tried to train him for her, what more could I want? Only to fit myself to be the sort of grandmother who will not insist that her grandbabies shall be brought up by the methods she found successful in rearing her own children.

Nurses—Remember.

That orange juice with cracked ice can often be taken by a patient who can retain nothing else, says the New York Times.

That orange juice, being laxative, is excellent in most sick rooms; is sometimes even prescribed for typhoid fever patients.

That chocolate, though nourishing, often causes dyspepsia when the digestion is weak.

That the nervous patient should have eight or nine hours sleep.

That sleep will be slow in coming if the sick person is allowed to have company just before bedtime or listens to exciting reading.

That one should never ask a sick person, "What can I do for you?"

That dainty service often counts more than quality or variety in the invalid's meals.

That the nurse should never save steps when the patient's appetite is capricious. A small portion often tempts where a larger one nauseates. An extra trip to the kitchen is better than heaped up trays.

That a sick room should never be made a thoroughfare or the gathering place for the family.

That sponging with alcohol and water will reduce fever several degrees.

That, if possible, a patient should be induced to give up tea and cofee during convalescence. In a weakened condition they are apt to induce nervousness and sleeplessness.

That having a patient hold her breath will often prevent a spasm of coughing.

That toast water is a soothing and healing drink during attacks of bronchitis.

That persons subject to rheumatism or weak heart should not take baths that are ice cold.

Bridge Gowns.

The universal popularity of bridge whist among women here and in Europe has taxed the ingenuity of the dressmakers with the development of some suitable style of costume for bridge parties. To women who go in for artistic dressing, the bridge gown has become of quite as much importance as any to be worn within the range of masculine eyes. To invent such a costume was not an easy task. As this costume is to be used chiefly in the afternoon, but in an artificially lighted room, it must combine the practical with the ornamental by being quite sufficiently elaborate to do honor to the hostess and yet not too light of color or too garishly decorated to be worn while walking in the residential section of a large city. Some of the bridge princess frocks that are being developed in mole gray, slate green and tobacco brown satin have trailing, tight-fitting skirts of nunlike simplicity, and with no trimming save the cluster of tiny tucks running at a bias upward from front to back. But their bodices, which are formed of satin bands, are worn over guimpes of gold or silver cloth, so that the portion of the costume that is most prominently in evidence at the card table is particularly effective.

POINTERS ORGANIZE.

New Club Will Hear a Series of Lectures.

Residents of the Point have organized the Park Point Improvement club, and it is the present plan to hold meetings every Wednesday evening, when a lecture or a talk of some kind will be heard.

Mrs. J. D. Morrison will be the speaker next Wednesday evening, when she will describe English cathedrals which she recently visited. The speakers on the Wednesday evenings following will be Rev. J. W. Powell, Rev. Campbell Coyle, Rev. J. S. Kirtley, A. E. McManus, Rev. J. A. McGaughey, Rev. R. J. Mooney and Watson S. Moore.

Rev. Arthur H. Wurtele is chairman of the club and Miss Ethel McKay is secretary.

What Retail Markets Offer.

Chestnuts, 25 cents a pound.
Fresh pressed figs, 20 cents a pound.
Pure maple sugar, 20 cents a cake.
Lima beans, 20 cents a pint box.
Egg plant, 5 to 20 cents each.
Head cheese, 18 cents a pound.
Smoked whitefish, 15 cents a pound.
Lamb chops, 35 cents a pound.

Chestnuts and maple sugar suggest to those whose early youth was not bound round by a narrow city yard, the time that in the autumn on the way to the country school sudden onslaughts were made on the chestnut trees. After more mature deliberation it is seen that chestnuts and maple sugar should not suggest the same train of thought. And even a city residence for the whole of one's life cannot quite carry away the impression that maple sugar is a product of the spring. The one suggests the frost and brilliant scarlet of the maple leaves, and leaping log fire and roasting nuts and the other, the first cold promise of a winter broken and about to pass away. However, chronological sequence be what it may, chestnuts that are not suffering from the fatal defect of chestnuts and maple sugar that is one-half pure and plenty of both, make a delightful lunch between meals and a fine late supper just before retiring.

DIRECTORY OF AMUSEMENTS

MISS MARIE BONSALL,
As Mrs. Dalley with H. E. Pierce & Co.'s New Production of "In Wyoming" at the Lyceum Tonight.

WHERE TO GO TONIGHT.

LYCEUM—"In Wyoming."

Tonight at the Lyceum theater Harry Pierce & company's new production of the well-known Western play, "In Wyoming," will make a bid for popular favor. The cast is headed by Cecil Kirke and Miss Harriet Dunsmore, ably assisted by such well-known players as Herbert Rawlinson, who will be remembered as Canby, the ranchman, in "Arizona," which appeared here two seasons ago; Frank Patton, who is well known here; Nelson Leavitt, who played the heavy in "Texas" for three successive seasons; Burt Crowell, Dean Selah, Frank Seymour, Miss Marie Bonsall, Anna Gardiner, Flossie Moisant and others. The entire company, with a 60-foot baggage car, will leave after the engagement here for a nine months' tour of the United States.

You say one oyster tastes much like another?

NATIONAL BISCUIT COMPANY

the EVENING STORY

AN UNFILIAL PAIR

By Granville Osborne.

(Copyrighted. All rights reserved.)

"So that is the latest!"

Evelyn Baynes paused in her walk up the narrow garden path and laughed heartily. "Kuroki Cottage," she read. "I wonder he didn't spell 'cottage' with a "K?" Then she glanced at the neighboring door, which also boasted of new gold lettering.

"Kuropatkin House," she murmered, sadly. "I see it all now. There is another feud on. They have quarreled over the war, and have taken sides, as usual. There is a cheerful time before you, Evelyn!" She knocked at the door of "Kuroki Cottage." It was opened and a fine-looking old naval man, of upright bearing and genial countenance, kissed her affectionately.

"Welcome back, Evie! I couldn't do without you a moment longer. The world is a desert."

"You tiresome old dear, you might have let me have another week," she said, gaily. "You have changed the name of the cottage, daddy—what's that for?"

"A metter of principle," replied the old man, firmly. "That very objectionable military person next door has chosen to espouse an unjust cause, and inscribe a certain name over his door. To show my opinion of such conduct, I also have changed the name of my house."

"Do you mean," said Evelyn, calmly, "that you have quarreled with dear old Col. Revel over an absurd thing like the war?"

The captain's wrath was boundless. "Absurd! If a tyrannical, grasping foe were to land here and desolate your home, you—"

"As if they ever could!" interrupted Evelyn, with a fine contempt for remote possibilities. "I shall go in and see Col. Revel after tea."

"I will have no intercourse with the person next door," said the old man, obstinately, "until he apologizes for his ungenerous attacks upon an altogether admirable nation."

"I shall," said Evelyn, with decision.

But the best intentions sometimes fail. Evelyn now found that she was ushered with great ceremony into the little drawing room of "Kuropatkin House." It was her custom to run in and out of the place when it was called "Rose Cottage." Evidently the times had altered. Col. Revel received her with his usual elaborate courtesy.

"I am always charmed to receive you in my poor house," he said, as he bent over Evelyn's hand, "but I must infrom you that there is at present no friendly relations between your father and myself. Until he thinks fit to give up his most ridiculous and biased opinions upon an important subject—I dare say he has mentioned to you the cause of our difference—I cannot give myself the pleasure of entering—eh—eh—Jessamine Cottage."

"I think you are both very ridiculous!" said Evelyn.

Col. Revel drew himself up stiffly, "I am not in the habit of making myself ridiculous, Miss Baynes."

"Evil habits grow unconsciously." Evelyn determined for once to be rude. Then she repented. "Can't I do anything, colonel, to put matters right? It is such a pity, when we were all so friendly and happy together. Think how lonely your evenings will be without us."

The colonel was unmoved.

"Thank you, but I shall not want for society. My son comes tonight."

"Then I shall say 'good-by' till you are in a better frame of mind."

The colonel bowed with military precision, and Evelyn took her departure, feeling that her mission had utterly failed.

* * * * *

"Who is that lovely girl, dad?" asked Charles Revel the next morning, as Evelyn came out on the rose-covered porch, intent upon making up for lost time.

"Evelyn Baynes, of course!" The colonel was not at all pleased at the evident admiration displayed by his son for their pretty neighbor. "Have you forgotten your little playmate? Very charming, but obstinate, like her father!"

"Whatever made you quarrel with them?" said his son, discontentedly. "There are not too many nice people in this dull hole!"

"I do not put comfort before principle," responded the colonel, sternly, "and I am a little surprised, Charles, that you should take such a view of the question."

Charles laughed. He was a handsome youth of goodly stature, and his merry blue eyes twinkled with unfilial mirth.

"Very well, dad, keep your principles and be as uncomfortable as you like. But when I'm gone you'll find your principles rather dull company."

"You must allow me to be the best judge of that," said the colonel, sharply.

"Certainly! I'm going for a stroll now to think over this troubled situation. Perhaps I can find a way out."

"There is no way out!"

As he passed the garden of "Kuroki cottage" Evelyn looked up and smiled.

"Lieut. Revel, isn't it?" She blushed. "Have you quite forgotten me?"

"If I could ever forget you," said the shameless Charles, "I should deserve anything Fate might choose to send me."

Evelyn laughed.

"I don't believe you remembered me in the least, but I am very glad you have come. Of course your father has told you all about the quarrel?"

"Yes, I suppose yours is just as obstinate?"

"It isn't obstinacy, it's principle!" Evelyn's eyes danced with merriment. "It's all very well to laugh, but think how miserable they will make themselves, all for nothing. You must help in the matter."

"I can only stay a week. I must get back to my regiment," said Charles, regretfully.

"Then we must be quick and do something!" Evelyn spoke with decision.

"If you could come out with me now we could discuss the question in all its bearings, said the artful lieutenant.

Evelyn shook her head.

"I am too busy; but this afternoon I have to go to Brandon. You might join me—if you have brought a plan by that time," she said, seriously.

"I will become a very Kuroki for strategy." Charles replied, with a laugh, as he glanced at the new name on the door.

* * *

Time moved slowly. Charles Revel, waiting and watching for Evelyn on the Brandon road, thought he had never beheld a duller or less interesting spot. Besides, he was eager to communicate his plan.

"I thought you were never coming!" he exclaimed, as Evelyn turned the corner of a sfall lane leading into the high road.

"What have you thought of?" she asked eagerly,

"We must elope," said the lieutenant, with a smile.

Evelyn stopped, an angry flush on her face. She made him a stiff bow, and began to retrace her steps.

"Why, what is the matter? What have I done?" cried the agitated Charles, striding after her.

"I did not come here to be insulted, Lieut. Revel." Evelyn spoke very haughtily. "I see my father is in the right, after all. Please consider our acquaintance at an end."

"I meant that we should pretend, of course," said the discomfited young man. "Do let me explain," he urged. "I thought we could leave a note saying that we had decided on this step, and that then they would become friends again, in a common misfortune. In the meantime we could go for a long walk, and return to them in the evening, and explain the joke, and things would be as they were before. Don't you see?"

Evelyn's eyes sparkled.

"They would never forgive us for making them ridiculous. Besides, it would be rather heartless—" but in the end she consented.

That same evening Capt. Baynes dashed with little ceremony into "Kuropatkin House," and waved an open note furiously before the eyes of its bewildered and downcast tenant.

"Where is Evelyn? Where is my daughter?" he shouted.

Col. Revel rose feebly.

"Read this," he said, and he passed a similar note to his enraged visitor. "If you have lost a daughter, I also have lost a son. Sit down."

The captain sat down, trembling. "My little girl!" he said, brokenly.

"My only boy!" murmured the colonel, looking despairingly at his old friend. "What shall we do, Jack?"

"Do? Why, follow them, of course!" The colonel shook his head sorrowfully.

"They have had too long a start. You see what they say: 'Do not attempt to follow us; we shall be gone a week, and will then return if you are prepared to make our lives tolerable to us again. There is nothing for us to do but leave you.' Jack, we have been old fools. We have driven our children away from home."

The captain groaned. The sound reached the garden where the twin conspirators crouched uncomfortably in the bushes.

"I can't bear it another moment," Evelyn exclaimed, rushing into the house and flinging her arms round her father's neck. "Father! Father! It's only a joke," she sobbed. "We wanted to make you friends again."

"You go out and talk to that idiotic boy of mine, while I discuss matters with your father, my dear," said the colonel, patting Evelyn softly on the shoulder.

The dusk had deepened into dark, and as she stumbled on the uneven path two strong arms caught her and held her fast.

"Darling," said the young lieutenant, "I knew you'd manage them better without me. Now, are you going to forgive me?"

"I suppose I must," answered Evelyn.

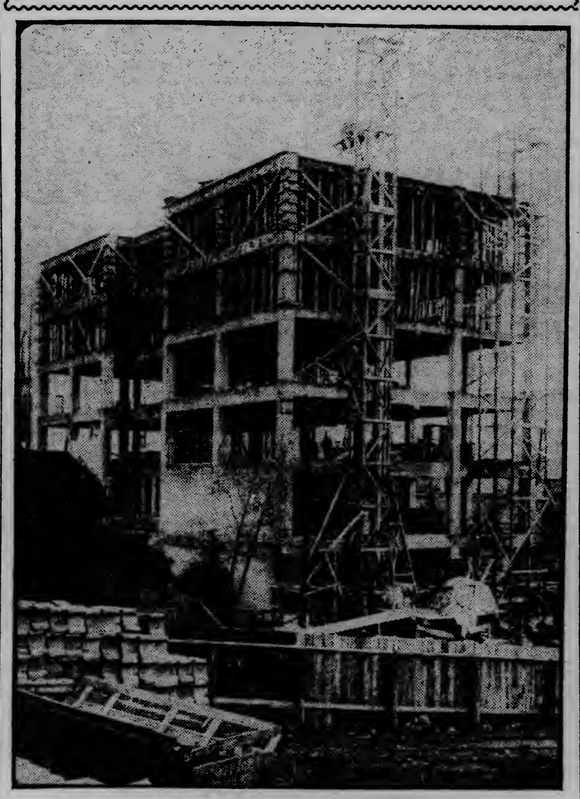

"Charles," called the colonel from the window, "go down to the village to that painter man and tell him to come up here the first thing in the morning. We want to change the names of the cottages!"

"Very good, sir," said the obedient Charles.

DR. PRICE'S WHEAT FLAKE CELERY FOOD

Is plain, pure and wholesome, easily digested, prevents constipation.

DULUTH'S NEW BUILDINGS

THE NEW CHRISTY BUILDING.

The new home of the Christie Lithographing & Printing company is steadily raising its concrete bulk on Courthouse square. This handsome new structure occupies an imposing position on Fourth avenue west, just above the alley.

The structural work, which is entirely of reinforced concrete, has been practically completed, and the brick work is well under way. Mr. Christie aims to have a business block that is as near fire-proof as modern construction experts are able to make it.

Besides housing the plant and general offices of the Christie company, the building will be occupied by a commercial college and other local business concerns.

The building will be completed in December.

JAPAN TO WRITE A NEW PAGE IN PEACE HISTORY WHEN WARSHIPS ARRIVE

Tokio, Oct. 5.—Japan is planning to give the American battleship fleet a welcome that shall eclipse in splendor and enthusiasm any of the previous receptions tendered the Amrican vessels on their voyage around the world. The arrival of the fleet at Manila has given a stimulus to the interest in their forthcoming visit to Japan and the preparations for the constant entertainment of the American officers and men are now completed. The vessels are due here Oct. 17, and will remain a week.

When the sixteen warships, under command of Rear Admiral Sperry shall steam into Yokohama harbor, the salutes of their guns will be answered in kind from sixteen battleships of the Japanese navy. These vessels already are at anchor off Yokohama.

The Japanese government will out-do all its previous efforts at foreign entertainment and the occasion is regarded in Tokio as inaugurating a new page in the history of the relations between the two countries. The international and political significance of the visit has not been lost sight of here by any means, and the fact that it was at one time reported that the American vessels could not visit Japanese waters with safety, has only stirred the government to greater effort to disprove these malicious rumors.

Every ingredient used in making Hunt's Perfect Baking Powder and Extracts must pass the test of chemical purity, and every finished batch is inspected and tested.

Wyoming, the Play.

Lyceum, tonight; don't miss it.

Second Strawberry Crop.

Sheboygan, Wis., Oct. 5.—A second crop of strawberries this year, grown by Michael Wagner, last week, found a ready market at 60 cents a box. The berries are unusually large.

PASTOR SCORES CLUB LECTURER

Says He Makes Insinuations Against the Old Religion.

Without mentioning either the name of the lecturer or the name of the club, but with references pointed enough to leave no doubt as to the identity of those against whom his shafts were directed, Rev. Arthur H. Wurtele, dean of Trinity Pro-Cathedral, in his sermon last night, scored Dr. Nathaniel R. Rubinkam of Chicago and the Twentieth Century club, which has engaged Dr. Rubinkam to deliver a series of twelve lectures on literary subjects.

Rev. Wurtele's outburst was caused by the tendency of the lecturer to "cast insinuations against the old religion and the old church," he said. Incident to his estimate of the lecturer, Rev. Wurtele disposed of Ibsen as a literary hypochondriac, whose tragedies pander to all that is morbid in human nature and do nothing to bring sunshine and sweetness into the hearts of men.

The philosophy of Ibsen, said Mr. Wurtele, is a destructive force, tearing down and not building up. In his morbid way, the Norwegian dramatist attacks the old religion and its ideals, which, according to Dr. Rubinkam, have forever been laid aside. Mr. Wurtele said he attended the first lecture on Ibsen's "Brand" and he found nothing but morbidness in it. His estimate of the lecturer was summed up in the statement that "any man, who makes insinuations against its church and its ideals is trying to undermine the foundation of our civilizaton."

Had a Close Call.

Mrs. Adda L. Croom, the widely known proprietor of the Croom Hotel, Vaughn, Miss., says: "For several months I suffered with a severe cough, and consumption seemed to have its grip on me, when a friend recommended Dr. King's New Discovery. I began taking it, and three bottles effected a complete cure." The fame of this life saving cough and cold remedy, and lung and throat healer is world wide. Sold at all drug stores. 50c and $1.00. Trial bottle free.

LIES GOES TO NORTH SHORE

Will Investigate Needs of the Fire Sufferers There.

The fire relief committee appointed by Governor Johnson to look after the wants of sufferers in Minnesota's stricken district is making a systematic investigation of the needs of the settlers in the burned-over district adjacent to Grand Marais. Eugene T. Lies, manager of the Associated Charities of Minneapolis, who has been active in relief work on the range, left yesterday on the setamer America for Grand Marais.

He will look over the situation there and report upon his return as to the relief measures necessary. Mayor Haven has received information to the effect that many people require temporary aid, and in some cases it will be necessary to build and furnish houses for a few of the settlers are destitute as a result of the fires.

A liberal consignment of clothes from the local relief headquarters will be sent to Grand Marais for distribution, this week. In order that people of Minneapolis may know at first hand just what is being done with the relief money they raised, it was thought best that Mr. Lies should be given every opportunity to look into the needs of the fire sufferers himself, and thus be in a position to make a comprehensive report.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Eclectric Oil for such emergencies. It subdues the pain and heals the hurts.

Stearns County Pioneer.

St. Cloud, Minn., Oct. 5.—(Special to The Herald.)—The funeral was held from the Albany Catholic church yesterday of Mrs. Bernard Bachel, one of the pioneers of Stearns county, who died at Albany, Friday night, after several months' illness.

Mrs. Bachel was born in Germany, in the year 1837, and was 71 years of age. She came to this country in the early sixties and located in the East. Thirty years ago she came to Stearns county, where she resided up to the time of her death.

ON THE IRON RANGES

CHISHOLM IS HAPPY

Prospect of Having Missabe Railroad Is Very Bright.

Officials of Road Look Over Field Selecting Depot Site.

Chisholm, Minn., Oct. 5.—(Special to The Herald.)—Four officials of the Missabe railroad, General Manager McGonagle, Supt. Kritter, and Chief Engineer White, accompanied by Judge Hills of the state railroad commission, arrived at Chisholm Saturday and were met by J. J. Hayes of the committee appointed by the Commercial club. They told him that they were here in the matter of extending the Missabe road into the village, through the Chisholm mine. They went over the ground together, from the Chisholm mine to the proposed site for depot grounds, and they were well satisfied with the situation, and spoke very hopefully of the arrival of the road here this fall. They even went so far as to pick out the depot grounds in the block south of the Catholic church, between First and Second avenues, and they got prices on this piece of property.

The distance from the Chisholm mine, the terminus of the line to the proposed site is but a few blocks and over territory that has been mined, so there will be no trouble from crossing any ore body. There is but one hitch in the program, the assurance of the mining company that the road will be allowed to cross over the Chisholm mine property a reasonable length of time. Mr. McGonagle said that this matter would be taken up at once with the mining company, and if it was favorable, work would be started as soon as possible. The people of Chisholm have patiently waited for the Missabe road to come in town, and now they have high hopes of its coming in.

HUNTING TRIP ENDS FATALLY

Sparta Saloonkeeper Accidentally Shoots Himself, Dying at Eveleth.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—Andrew Garvela, a Sparta saloonkeeper, died at the More hospital here from the wound received while out duck hunting at Moose Lake about seventeen miles south of here, some time Friday afternoon.

Karvela was out hunting with William Olson, also of Sparta, and while trying to take his gun out of the boat, the trigger caught on the boat and the charge went off taking effete in Karvela's right arm shattering it. The two men started for Eveleth, but on the way Karvela lost considerable blood and was not able to rally from the operation that was made at the More hospital on the injured arm.

Karvela was 41 years old and is survived by a large family.

MISSING GIRL FOUND.

Bourghill Carlson of Two Harbors Claims She Was Ill Treated.

Two Harbors, Minn., Oct. 5.—(Special to The Herald.)—Claiming she was not propertly treated at home, Bourghill Carlson, the 16-year-old girl, who left her home here suddenly a few days ago, creating considerable apprehension as to her whereabouts, has been found at a farmhouse several miles north of town. She claims she was ill-treated at home, an accusation her relatives deny. The authorities are looking into her case and may decide to send her to the girls' industrial school.

MAY NOT APPOINT ATTORNEY.

City Council of Eveleth May Hire Lawyer When Needed.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—At the meeting of the city council, tomorrow night, the main thing to be brought up will be the report of the conference commission, composed of the mayor, president of the council and heads of city departments who have been busy the past few weeks deciding on the tax levy for the coming year. The contract for the laying of the intake at the pumping station will also be awarded, as there were not enough aldermen present at the last meeting to award contracts. Pastoret & Lunz of Two Harbors have the only bid yet in. The intake must be layed before work will be planned for the water tank, which all are in favor of.

The council will also probably decide on a city attorney, as that office is vacant at present. From a reliable source it is said that the council will not appoint a city attorney, but will hire attorneys for city work as the council sees fit.

A resolution will also be presented to the council which will refer to the securing of a home rule charter for the city.

HIBBING BEATS EVELETH IN MILITIA SHOOTING.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—Having received 12,000 rounds of ammunition the local militia company had a team shoot with the company from Hibbing for Sunday morning. The match has been hanging fire for some time, but was put off until the local rifle team would secure its ammunition.

The score follows:

Hibbing—Jackson, 109; Archambeault, 87; Larson, 109; Einberton, T., 105; Emberton, H., 84; Hinden, 103; Beorking, 83. Total, 680.

Eveleth—May, 111; Tariff, 106; Carlson, 100; Weiss, 96; Weiner, 91; Knutson, 83; Cerveny, 80. Total, 671.

Time Proves all things.

Grape-Nuts

food holds its place at the head of the list.

"There's a Reason"

WILL ORGANIZE FIRE DEPARTMENT

Chisholm Takes First Steps Towards Preparing for More Fires.

Chisholm, Minn., Oct. 5.—(Special to The Herald.)—A meeting was held last Wednesday evening at the Monroe location for the purpose of establishing a fire department. About twenty-five persons were present and it was decided to organize. A committee on constitution and by-laws was appointed, who will report at a later meeting, when the organization will be perfected.

Nine of the new buildings being constructed by McKenzie & Arvis at the Monroe location are up and enclosed and will be ready for occupancy in a short time.

Large sewer pipes are being installed to carry off the water from the creek in the western part of the town.

BRAKEMAN HAS FOOT CRUSHED

H. M. Spalding is Hurt While Making Coupling Near Allen Junction.

Two Harbors, Minn., Oct. 5.—(Special to The Herald.)—Brakeman H. M. Spalding of the Duluth & Iron Range had the misfortune to have three toes on his right foot crushed near Allen Junction Saturday evening and will be laid up for some time. He was breaking for Conductor Lewis, Engineer Martin, with a southbound ore train which stalled and in uncoupling the cars so they could double to Allen Junction stood with one foot on the rail and in slacking the train so he could release the coupling one wheel of a loaded car passed over his foot with the result mentioned. He was taken to the Bray hospital at Biwabik for treatment.

AURORA WOULD OWN ITS PLANT

Council Asked to Defer Granting Electric Light Franchise.

Aurora, Minn., Oct. 5.—(Special to The Herald.)—A mass meeting was held here Sunday to discuss the advisability of the village council granting Clarcence B. Moore, of Virginia, an electric lighting and gas franchise.

The meting was poorly attended, but fourteen being present, only two of whom were taxpayers. After a discussion, a resolution was passed asking the council to postpone the granting of the franchise until such time as an estimate is secured as to what it would cost the village to install a municipal plant.

The resolution will be circulated among the taxpayers tomorrow, for signatures.

The ordinance which will grant the franchise received its first reading last Tuesday night and will be read for the second time at a regular meeting of the council next Wednesday night.

BIG EVELETH JOB.

Hendrickson of Duluth Gets Contract for New School.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—The school board has awarded the contract for building the new high school that is to take the place of the handsome structure destroyed by fire to Contractor Hendrickson of Duluth. The contract price, while not announced, is understood to have been $58,000.

Work will be commenced as soon as the contract is signed and various preliminaries arranged. It is hoped to have the foundation in and the work well advanced before cold weather halts work.

Eveleth Nine Won.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—On account of the warm weather yesterday, a local baseball team took advantage, a game was played at the ball park with a team composed of Biwabik and McKinley players. Quite a crowd went out to see the post-season game. Eveleth won by a score of 14 to 9. Batteries—Eveleth, Guy Richards and Stevens; Biwabik-McKinley — Brownlee, Hancock and Carey.

Preaches Farewell Sermon.

Virginia, Minn., Oct. 5.—(Special to The Herald.)—Rev. Theodore Livingston of the Swedish M. E. churches of Virginia and Hibbing, who has resigned to accept a call at Wausau, Wis., preached his farewell sermon here last evening. He will be succeeded by Rev. K. Akerman of Princeton, Minn., who will minister to the spiritual wants of the Virginia and Hibbing congregations.

Going Back to Denmark.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—After twenty-four years spent in this country, Jens Sorenson of Zim, who has been known in this country as John Johnson, will leave soon for his old country, Denmark, having sold his farm to William Bryne for $560.

Train Victim Buried.

Grand Rapids, Minn., Oct. 5.—(Special to The Herald.)—William Church, about whom little is known, who was killed by a train at Cohasset a few days ago, was buried here in the Itasca cemetery.

EVELTH IN BRIEF.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—John Scwab well known in this city through his work on the police force, has returned from Austria, where he has spent the summer.

Mrs. C. U. Jenkins and children have returned from a months' trip to Wisconsin where they have been visiting relatives. C. U. Jenkins went to Duluth Saturday to meet them.

Max Greenberg is spending a week in Chicago buying goods.

Louis Belanger, has purchased the home of Mrs. Walla on Jackson street and is moving into his new home today.

The Ladies' Sewing bee of the Swedish Baptist church met at the home of Mrs. G. Erickson on Thursday where they enjoyed a nice time.

At the home of Mr. and Mrs. Joseph Polski Friday afternoon a linen shower was given in honor of Mrs. Walter Shoop. A number of women were in attendance. Lunch was served.

POTATOES NEAR ORE YARD.

Fair Crop Yielded for Two Harbors Man.

Two Harbors, Minn., Oct. 5.—(Special to The Herald.)—Brig. Young has harvested his crop of potatoes near the ore yards and reports a good yield, though the tubers are smaller this year than usual.

Hougstein & Johnson have received the necessary moulds and have a force of men at work, making the thirty-six inch reinforced concrete pipe for the Cedar street storm sewer for which they have the contract.

James Irwin has resigned his position as block operator at Holmes station to accept a position with the city.

The Outlook club will meet at the high school this evening to organize for the winter's work.

The ball game yesterday between the locals and Pittsburgs of Superior was won by the latter team by a score of 12 to 2.

About 140 Duluth & Iron Range employes attended the organization of the Duluth Division Railway Employes Protective association at Duluth yesterday.

Coleraine Couple Married.

Coleraine, Minn., Oct. 5.—(Special to The Herald.)—Miss Anna Holmberg and William John Carl Schmiego, both employes of the Nyberg grocery, were married in Minneapolis. After a short trip through the southern part of the state they will return to Coleraine, where they will make their home.

Postmaster At Marble.

Coleraine, Oct. 5.—(Special to The Herald.)—The United States government has established a postoffice at Marble. Albert Lieberman just received his appointment as first postmaster in the new office.

Calumet Has Bank.

Calumet, Oct. 5.—(Special to The Herald.)—A bank was opened here today by A. L. Sheldon, of Grand Rapids, and other bank owners in Bovey, Grand Rapids and various points in Itasca county.

Observing Yom Kippur.

Eveleth, Minn., Oct. 5.—(Special to The Herald.)—The local Jews are today fasting observing the Day of Atonement, or in the Jewish "Yom Kippur." The Jews are all day in the synagogue. All the stores are closed, as this is the most important holiday in the year. A number of outside Jews came in town last night to stay over the day and pray in the local synagogue, as their towns have no places of worship.

INCENDIARY KILLS TEN

(Continued from page 1.)

cape of the fifty or more persons who were sleeping on the upper floors.

Some of these died in their beds, overcome by smoke and then caught by the flames. Others who had been aroused too late, fell unconscious before they could reach a window, and were burned to death, scarcely an arm's length from safety. Many were injured by jumping from upper windows to the street, or by bing crushed as they fought for positions of safety on the choked fire escapes. The dead:

MINECHILLO FURICILLO, his wife Antionella and their three children, aged 5, 3 and 2 years.

FRANCISCO ZOLESTRINO, 18, a musician.

MRS. ROSA SCHETTINO, and her 7-year-old daughter Christina.

VITA BARONE.

FIETRO MAGLIACCI.

Several of the injured who were taken to hospitals, are in a critical condition.

That so many persons were killed and seriously injured, was in part due to the carelessiessness of the tenants of the house themselves and their disregard of the rule that fire escapes must be kept clear of obstructions. When the frightened men and women rushed from their rooms ahead of the flames, they found the wells of the fire escape platform covered with boards, which could not be quickly removed.

Excited mothers and fathers, with children in their arms, and the smoke pouring out of the windows behind them, and the crackling of the flames in their ears, became panic-stricken and tossed their children to friends in the stret. A dozen children were tossed from the second and third floors, and were caught by men standing in the street. The men and women were later carried down by firemen on ladders.

RIDDER AND LABOR AGREE TO ARBITRATE.

New York, Oct. 5.—Herman Ridder, treasurer of the Democratic national committee, appeared before the central federated union at its meeting yesterday and asked that his disagreement with the union be left to arbitration. He suggested James M. Lynch, president of the International Typographical union, as the arbitrator, and after ten minutes' debate, the union accepted his suggestion.

Jewish Editor Passes.

St. Louis, Oct. 5.—Rabbi Solomon H. Sonnenschein died at his home of a burst blood vessel in the brain. He was editor of Die Wahrheit, a monthly magazine.

Removes Poison Germs of Catarrh and Rheumatism From the Blood

For catarrh of the head use a teaspoonful of salt and a quarter teaspoonful of borax dissolved in a pint of warm water. Snuff this mixture through the nostrils twice daily and immediate relief is experienced. To cure, a constitutional blood remedy must be used. Catarrh and rheumatism are both due to accumulated poisons in the system. These poisons ought to be eliminated through the skin, the bowels and the urinary tract.

The following simple home mixture warrants the utmost faith as it effectually acts on the kidneys, the bowels and the skin, causing them to resume their functions quickly and properly.

You can mix it at home or have any honest druggist do so. One-half ounce of fluid extract Buchu, one ounce compound fluid Balmwort, and two ounces syrup Sarsaparilla compound. Mix, and take a teaspoonful after each meal and one at retiring. Many cases of catarrh, rheumatism, and kidney trouble have already benefited by this treatment and this is the season when nearly every one needs it.

CRAZY ON SOCIALISM

Herra Kauppuri Tries the Great Divide in Street Car.

Preaches Doctrine of Socialism From Cell of County Jail.

"One typewriter is enough for any man," yelled Herra John Kauppuri, on a Fourth street car, late Saturday afternoon, as he snatched one of two machines a passenger was carrying, and smashed it to pieces.

Herra John Kauppuri is a Socialist of the first water, and the inequality of the situation on the street car was too much for him. It was manifestly unfair, he argued, that another passenger should have two typewriters and that he should have none at all.

All the way from Superior street, Kauppuri fretted and moped over the proposition, and when the car turned at the old court house, his feelings overcame him. Wrenching one of the typwriters from the custody of its astonished guardian, he started to demolish it and before any one could interfere, the machine was a wreck.

The county jail was right handy and at the instigation of the typewriter man, Kauppuri was escorted thither before he took a notion to tear off half of a woman's sealskin sacque, because he was innocent of any part of such a garment.

The thrusting into jail of Herra John Kauppuri did not break his spirit, nor make him forget his cause. All Saturday night, yesterday and today, he preached the doctrines of Socialism in fiery, Finnish words. His cell rang with his foreign explamations, and his advent to the county bastile proved quite an event.

Kauppuri is about thirty years of age, and came to the United States about three yars ago, from Finland. His home is in Cloquet. It is charged that he is unbalanced on the subject of Socialism and the probate court will inquire into his sanity very soon.

WARSHIPS IN TYPHOON.

(Continued from page 1.)

sent scurrying inside the breakwater into the Pasig river, where they remained all night. The storm quickly increased in intensity and the torrential rains shut in the ships.

At 8 o'clock Sunday night the storm had reached its heighth and it then gradually tapered down, until at midnight it was comparatively calm, although heavy seas swung across the harbor.

During the storm all the battleships had steam up, ready for any emergency. Rear Admiral Sperry finally ordered the flagship Connecticut and the Kansas, Minnesota, Vermont, Virginia and Ohio under way. They were close to the breakwater and Sperry feared they might drag anchors. The six vessels steamed down close to Cavite, where they anchored. At times the wind blew 100 miles an hour, and all communication with shore was cut off. It was impossible during the height of the storm to see the warships through the haze of rain and spray.

On shore, it was dangerous to go about. Several carriages were overturned by the wind, trees wre blown down, electric wires were prostrated and several buildings were unroofed. Among the buildings unroofed was the depot of the commissary.

BULGARIA PROCLAIMS INDEPENDENCE.

(Continued from page 1.)

Germany, encouraged Bulgaria to declare her independence in order to strike a blow at the Kaimil ministry and compromise the new constitution.

It is not known what steps Turkey will take; but the impression prevails that a European conference will be held to consider the whole question.

Advices obtained in an authoritative quarter of Sofia are to the effect that only some of the powers supported the British proposal for the settlement of the railroad question. This want of unanimity among the powers encouraged Bulgaria to persist in her present attitude.

Varna and other Bulgarian towns are placarded today with declarations that the moment has now arrived to proclaim independence, as otherwise Turkey, on the strength of the treaty of Berlin, will demand the restitution of Eastern Roumania.

France as Peacemaker.

Paris, Oct. 5.—France has decided to enact the role of mediator with the object of preventing war between Turkey and Bulgaria.

Foreign Minister Pichon already had begun a series of conferences with the diplomatic representatives of the powers, with the idea of reaching an understanding, the purpose of which should be the maintainence of peace, when the official news of Prince Ferdinand's proclamation at Tirnovo arrived.

The foreign minister conferred this morning with M. Iswolsky, the Russian minister of foreign affairs, and Naoum Pacha, the Turkish ambassador. This afternoon he will meet the Austro-Hungarian, British and American ambassadors, as well as the Bulgarian diplomatic agent, M. Stancioff.

Turkey Not Prepared.

Berlin, Oct. 5.—News was received at the foreign office last night that Turkey had been informed that Bulgaria was determined to proclaim her independence at Tirnovo today.

The Associated Press is authorized to state herself with the mediatory proposals submitted by Great Britain to the Turkish and Bulgarian governments.

It is recognized officially that the Bulgarian proclamation gravely complicates the situation, but until the attitude of the sultan is known, the German government is unable to foresee its course of action, except that in no event will Germany bring pressure to hear at Constantinople to influence the decisions of the porte.

Should the Turkish government seek the advice of the powers regarding the advisability of asserting her supremacy over Bulgaria by military force, Germany would not be able to advise the porte to go to war. The Turkish army is not prepared; the Bulgarian is ready.

The Austro-Hungarian ambassador at Germany has arrived here with an autograph letter from Emperor Francis Joseph to Emperor William. This communication probably relates to the occupied provinces of Bosnia and Herzogovina.

Emperor William is now shooting at Rominten, whither the ambassador proceeds.

Events which threaten to change the political face of Europe are crystallizing with lightning rapidity. Overnight the horizon of the near East, which seemed gradually to be assuming a peaceful appearance, has become crowded with war clouds.

Bulgaria's action announced today seems equivalent to the tearing up of the treaty of Berlin, while Prince Ferdinand's course seems almost certain to precipitate a war between Bulgaria and Turkey. Before these possibilities, the quarrel over the East Rumelian section of the Oriental railway sinks into insignificance.

Both Armies Preparing.

Both armies are reported to be quetly but swiftly mobilizing near the borders. Bulgaria is said to be buying up munitions and horses on an extensive scale.

The Bulgarians have faith in their army, which has reached a high state of efficiency, although it is, perhaps, lacking in officers, and the war, for which Bulgaria has long been suspected of preparing, could be fought with more advantage for her now than when the Turkish government had time to reorganize its forces, which have become ennervated by the corruption and neglect of the old regime.

The emperor of Austria, it is understood, has despatched a letter to the president of France, setting forth his intentions regarding Bosnia and Herzegovina, although the contents of the letter are kept secret, and he is sending similar notes to the other powers.

It seems incredible that Emperor Francis Joseph, who always has been a scrupulous observer of forms, should reveal his plans to the rulers of other nations before he has communicated them to his own parliament. One explanation is that the letter was not intended for delivery until Tuesday, when identical notes would be presented to the other powers.

While Austria's action with regard to the two provinces may not technically be called annexation, it is believed it will amount to that, whatever it may be called. Apparently the emperor is determined that he destiny of these provinces shall be Austrian, not Turkish. For thirty years they have been administered by Austria-Hungary, but they have always remained theoretically Turkish.

Russia Proposes Congress.

St. Petersburg, Oct. 5.—It is announced with authority today that Russia will propose a congress of the powers for a general revision of the Berlin treaty. This is an outcome of the proclamation of Bulgarian independence. Russia has reason to believe that the annexation of Rosnia and Herzegovina by Austria-Hungary is imminent.

War Talk Depresses Bourse.

Berlin, Oct. 5.—The political situation in the Balkans continued today to depress the bourse and prices all around were lower. Banks with interests in the Orient were especially affected. Shares of Duetsch bank were four points lower.

OBSERVING DAY OF ATONEMENT

Jewish People Will Fast From Sundown to Sundown.

Last evening at sundown, the Jewish people of Duluth began the observance of the Day of Atonement, the most rigidly observed penitential day in the Jewish calendar. From sundown last night until sundown tonight, no Jew eats food of any kind and the day is spent in prayer and fasting.

Services began this morning at 10 o'clock in the Temple Emanuel, Seventh avenue east and Second street, and they continue with short intermissions up to 4 o'clock, when the fast, which began at sundown last night, will be broken.

More than 1,500 Jews are observing the day in Duluth. Business is practically suspended among the Jewish people and all have gathered in the synagogue to do penance for their sins.

PINE RIVER FAIR WAS SUCCESSFUL THIS YEAR.

Pine River, Minn., Oct. 5.—(Special to The Herald.)—The officers and directors of the fair association met recently with Secretary Peregrine and closed up the business of the association for the year. Every cent of indebtedness was audited at 100 cents on the dollar and checks written for their payment, and a snug balance remains in the treasury to commence operations with next year. The fair this season was a success from every standpoint and with what hints the officers have received and with the changes contemplated in the premium list the coming year, the fair ought to be much better next season.

POPULATION IS GIVEN AS 91,744

City Directory Estimates Increase for Year at 5,335.

If directory figures are to be given credence, Duluth has had a substantial increase in population during the past year. Those, who choose to use a multiple selected at random, may figure population on the basis of the number of names in the city directory. The local directory company has selected 2¼ as the multiple most likely to bring the correct result and, applying it to the number of names in the directory to be issued during the coming week, Duluth's population is estimated at 91,744.

The directory estimate of last year was 86,409, so that this year's figures give an increase in population of 5,335 during the past year. The directory does not contain the names of married women or of children under the age of 16 years, so that the multiple is supposed to make up for those omitted from the list.

That there has been some increase in the population of the city during the past year is evident from the fact that 2,371 more names appear in this year's book than in last. In view of the fact that the panic of last fall had a tendency to discourage the seeking of new fields of labor, the showing is considered remarkable and is indicative of the healthy growth, which Duluth is enjoying.

The United States census of 1890 gave Duluth a population of 33,115 and that of 1900 gave the city 52,995. The state census in 1905 gave the city 64,942. The directory figures only are available since the last state census and they have shown a continuous increase, averaging about 5,000 a year. Those, who have faith in the accuracy of the figures, as found by the multiple, the lowest used in any city of Duluth's size, firmly believe that the next United States census will give the Znith City 100,000 population.

BEARS HOLD UP TRAIN.

Bruin and Cub Would Not Get Off Northwestern Tracks.

Ashland, Wis., Oct. 5.—Because the engineer did not have the heart to run them down, a passenger train on the Ashland division of the Northwestern road, running between Momico and Rhinelander, a few days ago, was held up and delayed for a quarter of an hour by a big bear and her cub. An Appleton man, who was among the passengers on the train, declares the bear and cub remained on the track and refused to move except when the enginemen climbed from the cab and threatened to drive away the animals. The only move they made then was to walk toward the men in a threatening manner. It was not until the express messenger was summoned and several bullets sent whizzing past the ears of the bruins that the right-of-way was cleared and the train resumed its trip.

Taft and Bryan to Speak.

Chicago, Oct. 5.—The national deep waterways convention, organized to promote the building of an inland ship waterway from Lake Michigan through the Mississippi river to the Gulf of Mexico, will open in Chicago Wednesday for a three days' session. Delegates, including governors, members of congress, engineers and prominent men from all parts of the country, are expected to be present. W. H. Taft and W. J. Bryan are among the speakers.

Keep tab on our store windows; they'll interest you.

ALBENBERG'S

DULUTH, Superior Street and 1st Ave W.

SUPERIOR, Corner Tower Ave. and Broadway.

This is a good store to trade at.

"Servisilk"

A messaline silk for service. All the wanted colors—19 to 24 inches wide—

85c, $1 $1.19

PRACTICAL SUITS

$17.50 to $25.00

Nearly every woman makes it a point to include in her wardrobe a suit which she can use for shopping, utility or business wear. We have made a strong effort in this line in our selections this season and we show them made of beautiful worsteds, handsome mixtures and fine broadcloths. The coats in these suits are mostly in the 36 to 40-inch length, many of them are handsomely trimmed; others are severely plain tailored. You won't match them at $10.00 more than we ask for them.

Little Tots' Sweaters 98c to $1.50.

The sizes are from 1 to 10 yrs. Pretty little knit affairs in solid colors, or in white with colored trimmings.

New Line Outing Flannels, fleece-lined goods, ginghams and percales.

A large variety at the lowest prices and in the best designs and quality.

Smart Fall Millinery

A Grand Showing of the Season's Most Stylish Hats.

The distinctive air of our millinery, its graceful and artistic modeling has never before been equalled even at this store at such modest prices.

Hundreds of fashionable models featured at—

$5, $6.50, $7.50 and $10.50

Children's Cloakings.

Bearskins in the plain and curled, also astrakhan cloths. A new line just received, $2.25 a yard. They're 54 inches wide.

All the new Fall Gloves are now here.

KNITTOP PETTICOATS

We are the only store in Duluth that sells them. They fit like a glove without wrinkling or bunching. They're light, healthful and comfortable and the only petticoat for the new close-fitting skirt.

$1.75, $2.00, $2.50, $3.50 and up to $8.50.

THE NEW PHOENIX MUFFLERS, ALL COLORS 50c EACH.

THE SAFEST SOAP

For Baby's Bath is *RESINOL SOAP.* It is absolutely pure and free from adulterants, and its effect is mild, soothing, healing and refreshing. It is so delicate that it cannot injure the most tender Skin, while its medical properties are so marked that its use will prevent—oftentimes cure—many skin-troubles incident to childhood, and bring back the pink and white bloom of health to Baby's skin.

RESINOL SOAP

Produces a rich, creamy lather, absolutely free from alkalies and thoroughly antiseptic. It not only prevents germ-contagion, but it is so healing that it ensures skin health and comfort and rest to the Baby.

Buy a cake of Resinol Soap today, and ask your druggist for a copy of our booklet on how to care for the skin and complexion, and also ask for a Resinol souvenir pin tray, which he will give you free.

RESINOL CHEMICAL CO., Baltimore, Md.

RAILROAD MEN MEET

Head of the Lakes Employes Form Branch of National Association.

Members Will Use Ballot to Prevent Anti-Railway Legislation.

The Head of the Lakes branch of the National Railway Employes' Protective association was organized at a meeting of railway men at Elks' hall yesterday afternoon. More than 700 railway men from Duluth and nearby towns were in attendance when the meeting was called to order. It is expected that the Head of the Lakes branch will be increased to 2,500 members before the November election. The object of the organization is to help elect members of the state legislature and other state officers who are not opposed to the interests of the railroads.

The association was originally formed in Nebraska. It has 21,000 members in the W. J. Bryan state. Twenty-one other states have been invaded by the association, the progress of which has been very rapid. The local branch formed yesterday is the eighth branch of the association to be formed in this state. The men behind the movement hope to form other branches in the state within a few days.

D. J. Hayes of Two Harbors was chosen chairman of the permanent organization; J. M. Grimes of Duluth, vice chairman; A. J. Johnson of Proctor, secretary; James Noonan of Ely, treasurer; Charles Hazen of Duluth, assistant treasurer; John Edwards of Proctor, Thomas Bardsley of Duluth and G. J. Miller, Two Harbors, members of the auditing committee.

Mayor Haven delivered the principal speech of the afternoon. D. J. Hayes, J. M. Grimes and Frank Fulton also delivered short addresses.

The primary object of the organization is to organize the railway men into an association that will secure what the members of the association term "fair deals" for the railways. The men state that they are not working for the good of the employer of labor, but that they are working for the good of the employe. They state that anti-railroad legislation affects the prosperity of the railroads, and indirectly the prosperity of the railroad laborer. The officers of the association will endeavor to ascertain from candidates for offices their views upon railway legislation, and should those opinions be contrary to the opinions held by the officers of the association, the members of the association will be instructed to vote against these candidates for office.

Scott's Emulsion

does all it does by virtue of one thing—***Power***—its power to create power.

As fire turns water to steam so ***Scott's Emulsion*** transforms thin, impure blood into pure, rich blood, giving nourishment and vital energy to every organ, every tissue and every muscle.

BREAKFAST CLUB.

New Idea is Being Carried Out at the Y. M. C. A.

A Sunday breakfast club will be organized by the local Y. M. C. A., under the direction of Rev. J. A. McGaughey, who has charge of the religious work at the Y. M. C. A., for the purpose of promoting a closer fellowship among the members.

The club will meet every Sunday morning at 9 o'clock in the lunch room, on the third floor of the building. After a social good time at breakfast, half an hour will be spent in discussing the life problems of young men. The first breakfast was served yesterday morning under the auspices of Rev. McGaughey and Miss Pyke. It was quite successful. The following men have been named as officers of the breakfast club: A. Kienly, chairman, A. Johnstad, secretary, and C. F. How, treasurer; membership committee, George Wilson, William Johnson, H. Rockwell; social committee, Mr. Van Tyne, P. F. Goodwin, W. R. Perry; provender committee, Henry Voight, E. R. Angst, C. F. How, Jr.

The Stomach Does Not Cause Dyspepsia

Neither Will It Cure It Because The Lack of Gastric Juices Prohibit Relief.

The stomach is a strong, powerful organ, which is composed of muscles of great strength. It is filled during digestion with gastric juices which, when the stomach, extending and compressing the food, dissolve it and separate the nourishment from the waste matter. If, however, these gastric juices are lacking, the stomach is not capable of digesting its food because it has not the tools with which to work successfully.

The gastric juices when in a perfect state do away with all foul odors, fermentation and decay, reduce the food to a disintegrated mass and the stomach then presses it into the intestines where another form of digestion takes place. Then the intestines take from this mass of food all that is nourishing and give it to the blood. The waste matter is thrown from the system.

If instead of nourishment the intestines receive impure deposits combined with a poisonous and imperfect gastric juice, it can be readily seen that they must turn such imperfect nourishment into the blood. The blood then being unable to give each part of the body that which it requires, becomes impoverished and disease is spread broadcast.

Stuart's Dyspepsia Tablets corrects such a condition at once. If the gastric juices are lacking and imperfect, these tablets do their work just the same. They build up the elements in the juice which are lacking and remove those elements which cause disturbance.

Meat, grains, fluids, vegetables and delicacies, in fact each portion of a large meal have been placed in a glass vial and Stuart's Dyspepsia Tablets have digested them to a perfect fluid just as a healthy stomach would do.

A large complex, hearty meal holds no terrors for a dyspeptic if Stuart's Dyspepsia Tablets are used. Abnormal eating, late dinners, rich foods cause ill effects to the stomach, but when Stuart's Dyspepsia Tablets are used one may eat when and what one will without danger of dyspepsia or discomfort.

Forty thousand physicians endorse and prescribe Stuart's Dyspepsia Tablets and every druggist carries them in stock, price 50c. Send us your name and address and we will send you at once by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Would Mortgage the Farm.

A farmer on Rural Route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw; one on my hand and one on my leg. It is worth more than its weigh in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at all drug stores.

PASTOR TALKS ON THE SUPERMAN

The True Superman is Above the Petty Things.

"This word superman is comparatively new in our language," said Rev. George R. Gebauer at the First Unitarian church yesterday. "It has come into sudden vogue through Bernard Shaw's play 'Man and Superman.' It is a most brilliant work, but revolutionistic in its ethical teachings. Certainly it is rather shocking to the average mind to hear the hero of the play exclaim 'morality can go to its father, the devil.' His drama, in fact, is essentially a chapter of Schopenhauer dramatized, simply calling life force' what the great pessimist named the 'blind will.' And the name 'superman' is borrowed from Nietsche, the strange genius, who delighted to call himself the 'Anti-Christ' and whose teaching intended the downthrow of Christian morality. It would be a misrepresentation to say that these men were immoral in their teaching or anti-social and anti-religious. We can only say that their gospel is incompatible with our views of life, society and religion. All three men are filled in their own way with moral passion and consider themselves light bearers. The Nietsche-Shaw superman' is to me the child of reaction against the conventional conception of Christian morality. It is a brutal but withal wholesome protest against a morbid sentimentality, which constantly prates about Christian virtue, while it is without virility. It comes as a timely call to a world which endeavors to cure the ills of society by despotic legislation against the individual, which endeavors to put the individual in a straight jacket, that thus he may become, not good, but harmless and unable to reach forth his hand after the evil thing.

"But I cannot think that the superman in his lordly brutality would save the world, as Nietsche would make us believe. The superman of Shaw, too, would soon find that beneath 'all man's present trumpery ideals' and hypocrisy there is something that is useful to humanity, that honor, duty and justice and law and even custom are not without redeeming virtue. These customs and laws and inventions are not arbitrary inventions, but have grown out of the natural demands of mankind, and only will change and disappear by evolution. And though the world be filled with hypocrits and thoughtless imitators, there are men and women who have found the true superman, the first born among many brethren. He is the Christ, far removed from the superman of Shaw. He is the superman who walked with a light step and a long stride through the world. His mind is not set on tearing down the old, but in giving to the world higher, nobler conceptions of life. He is the man, who did not bow before the old, because it was ancient and who did not prostrate himself before the new, because it was modern. He is the man who called no one brother but him who did the will of the Father. He is the man who lived in soul's independence above the slavish crowd which groveled in the dust.

"The true superman is above the little things of earth; his power comes to him by not caring for the passing things of life, by ignoring the idols of human society, applause, honor, popularity. The disciple of the superman does not concern himself about Mrs. Grundy's opinion, but he lives his own life inspired by true principles, close to God.

"And such a superhuman, lifted above the earth by his devotion to his ideal, will draw all men unto himself. He will become their helper by not catering to their silly wishes. No one can be a true man and at the same time set his heart upon popularity. Try to please the masses and you will finally become the football of the crowd and be kicked over the field of life. The strife after popularity will not make supermen but only miserable 'sub-men' of us. Who were the great men in the nation's history? Not the flatterers, not the political toadies, but the men, who would defy public opinion if not in accord with their conscience. Was it not so with Washington after those trying days at Valley Forge? Was it not so with Lincoln after Bull Run, when he was hooted and reviled because the course he adopted seemed to fail? Ah, these men were above the crowd, overmen, superb men, supermen. They stood on high and power was given them from on high."

SHIPPERS ARE HOPEFUL.

Expect Something to Result From St. Paul Conference.

Fargo, N. D., Oct. 5.—Lieutenant Governor R. S. Lewis, who with George Hall of the Hall-Robertson Hardware company of this city, represented the shippers of North Dakota, at the conference with the railroad officials and the railroad commission of this state, held in St. Paul, returned to Fargo and reported that the grievance of the shippers of the state with regard to the existing distance tariff, in which a reduction has been asked, was duly presented to the officials.

Two conferences were held, one with James J. Hill and Louis Hill of the Great Northern railroad, and another with Howard Elliott of the Northern Pacific railroad. Another was held Friday with the officials of the Soo railroad, and Mr. Hall remained over in

BRYAN IS TICKLED

Over Omaha Bee's Rich Error Regarding Tariff Paragraph.

Says Rosewater Took Terrific Wallop at Republican Platform.

Fairview, Lincoln, Neb., Oct. 5.—There was much amusement at Fairview on the receipt of the Omaha papers Saturday. In Friday's Omaha Bee, published by Victor Rosewater, a member of the Republican executive committee and head of the Republican publicity bureau, there was an editorial criticising in vigorous language an extract from the supposed speech of Mr. Bryan's on the tariff question. The words complained of in the editorial were: "In all tariff legislation the true principle is best maintained by the imposition of such duties as will equal the difference between the cost of production at home and abroad, together with reasonable profit to American industries."

In regard to this the Bee stated editorially:

"Nothing prettier in the catch-all line has been offered in this campaign. The most hide-bound stand-patter in the country can accept that as satisfactory, and the rankest free-trader can find delight in it. The declaration means simply nothing. An attempt to legislate along that line would simply open the way to interminable wrangling as to what constitutes 'a reasonable profit,' for hairsplitting on wages on one industry, price of raw materials in another, rebates and drawbacks in a third, and so on through the list of thousands of articles that are now on the tariff lists. Bryan's revision would serve only to halt industrial and commercial progress and keep business unsettled during his term of office."

The World-Herald shows that the words complained of are not a part of any speech of Mr. Bryan's, but a part of the Republican platform, and that the head of the Republican publicity bureau and also a member of the executive committee of the national committee had, through the editorial columns of the paper published by him, severely criticized one of the planks of the platform on which Mr. Taft is running.

Bryan Tickled Over It.

When Mr. Bryan's attention was called to the Omaha World-Herald's editorial reproducing the Omaha Bee's attack on the Republican platform he said:

"I am very much surprised that Mr. Rosewater, who is the editor of the Bee and also a member of the executive committee of the Republican national committee and the head of the Republican bureau of publicity should have attempted to misrepresent my position. A good many unfair things have been said, but nothing more unfair than that said by Mr. Rosewater. To accuse me of using the language of the Republican platform is an outrage. He ought to apologize for this injustice and explain to his readers that the language which he criticises was taken from the Republican platform and not from any speech of mine.

"Mr. Rosewater is right, however, in making fun of the language. He is right in saying that 'nothing prettier in the catch-all line has been offered in this campaign.' He is also right in saying that 'the most hide-bound stand-patter in the country can accept this as satisfactory and the rankest free trader can find delight in it.' He is right again, in saying that 'the declaration means simply nothing,' and again is right it saying 'an attempt to legislate along that line would simply open the way to interminable wrangling as to what constitutes 'a reasonable profit' for hair-splitting on wages in one industry, price of raw materials in another, rebates and drawbacks in a third, and so on through the list of thousands of articles that are now on the tariff lists.'

"Rich Find."

"But I hardly expected from him so frank a confession as is contained in the last sentence of his editorial.

"This is a rich find. It shows how absurd the Republican platform looks to a Republican when the Republican has a chance to look at it in a disinterested way. When Mr. Rosewater thought that the language quoted was in a speech of mine to be protected; he did not see how ridiculous the language was. I hope that his opinion of the language will not change when he finds that he was shooting at his own platform instead of at mine. The amusing blunder of the Omaha Bee suggested a new diversion for the campaign. Let the Democrats accuse me of using various sections from the Republican platform and from Mr. Taft's speeches, and see how the Republican editors will ridicule the language."

Rosewater Sidesteps.

Chicago, Oct. 5.—Victor Rosewater, national committeeman from Nebraska, in reply to Mr. Bryan's statement that his newspaper attributed to Bryan a quotation from the Republican platform and then ridiculed the quoted statement, said:

"It is possible that one of my editorial writers may have made the break as charged. The matter was not brought to my personal attention until I reached Chicago today. Bryan has no right to charge me with personal responsibility for everything that appears in my paper."

The Eighth District.

To the Editor of The Herald:

The Herald's local political summary on Saturday reports that from outside sources "there is a strong demand for an independent candidate" for congress, but that "conservative Democrats admit there is very slight chance to defeat Mr. Miller," and that the Republicans state "there is no chance in the world to make a respectable showing" against him. One can scarcely avoid agreeing with these gentlemen and applauding Democratic prudence in the light of the following figures: The 1906 vote for Johnson, Cole and scattering in this congressional district was 27,212. For Bede and Peterson it was 24,665. In the primary this year the Republican candidates, Bede and Miller, had 29,000, to 1,600 for scattering, a total of nearly 5,000 more votes than were cast at the last general election. Now, if there is anyone else left to vote for a Democrat or independent, where does he hang out? If there really were any Democrats in this district, and they wanted to win a congressman their one mark to set up was Bede. Against a Cannon candidate they might have had help, but standpat Republicans will stick to the nominee, even if he is better than they like. The Democracy of the Eighth may hang its congressional harp on a willow tree for two years more. D'Autremont, Nelson, "conservative Democrats" and Republicans, have the right dope on that.

C. S. ROHRER.

Duluth, Oct. 5.

Age of Strenuous Endeavor.

This has been called the age of strenuous endeavor and people at the beginning of the twentieth century are said to be going the pace that kills in their efforts to keep up with the demands of industrial activity. Equip yourself for the test by the daily use of golden grain belt beer, the ideal table beverage. Being brewed from pure barley, malt and hops, it furnishes nourishment in predigested form and acts as a tonic. Order of your nearest dealer or be supplied by Duluth Branch Minneapolis Brewing Co.

THE DUTY OF CHEERFULNESS

Is Upheld by the Optimists' Club, Formed in London.

London, Oct. 5.—In the midst of hard times a new club, the Optimists' club, has been formed in London. It consists of those who acknowledge the duty of cheerfulness and who make a point of looking at the bright side of everything. One of the founders of the club, the bearer of one of England's proudest names, said yesterday: "Something must be done to counteract the prevailing tendency towards taking gloomy views. Most clubs here are in reality, if not in name, pessimists' clubs. The conversation in them almost invariably works round to the conclusion that everything including the whole country is going to the dogs."

In the Optimists' club, no one will be allowed to be low spirited. Everything will be done to cultivate cheerfulness. The hall porter will be carefully selected. We shall engage the rosiest, most contented looking person we can find. The club servants in the same way will have to be "sleek-headed men and such as sleep o' nights." None with lean and hungry looks need apply. The decorations of the clubhouse will be gay and bright, the furniture most comfortable and attractive. The walls will be hung with such mottoes as "Don't Worry" or "It will all be the same in a hundred years" and with portraits of the great optimists of fiction and history. Sir John Flagstaff, Rebalais and Dr. Pangiess. Any one who is convicted upon the evidence of two members of being in the club for half an hour without smiling will be suitably fined and the penalty for expressing any doubt as to all being for the best in the best of all worlds will be champagne all round on the spot. From time to time lectures will be given on current topics to show that there is no reason for discomfort, let alone despair. These will be reported in the papers and will spread the influence of the club through the whole nation.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

The Insurance Trust.

To the Editor of The Herald:

The writer is forced to admit that this is a trust age, and that in many enterprises it is almost necessary, in order to regulate the outputs and secure continual employment to labor at fair and living prices; likewise in the marketing of farm products, where the various commodities, especially perishable, are by the means of combinations properly distributed through the country. Even a lumber trust may be excused on the ground that the devastation of forests will by that means be prevented, and, after all, the natural laws of demand and supply regulate to great extent the market value of these various commodities. But in the case of insurance it is different. In this case there is no labor interest to be protected; there are no particular resources to be protected, or no great public interests at stake—nothing save the greed of a few men in the Eastern states or Europe, who own and control the various insurance companies, and through their merged interests have the public at their mercy, through their one-man system of regulating rates, from whose caprice there is no appeal.

The United States government, and even the state authorities, to a great extent, regulate the railroad or transportation rates. They also forbid the merging of railroads running parallel to each other, in order to better regulate the rates. But there are no laws preventing a stockholder in one insurance company also owning stock in another, or, for that matter, to control as many insurance companies as he may be able to, through his own means or that of others. The state of Minnesota, in its efforts to protect its people against wild-cat companies, has surrounded the licensing with a certain amount of onerous conditions which keep many companies, some perfectly solvent, from doing business in the state, thus enabling the existing companies to better control rates, through the caprice of one man in each town or city, without providing any tribunal to whom one may appeal in case of exorbitant rates. In the case of exorbitant rates, one may appeal to the railroad and warehouse commission and secure redress. The presidents or general managers of these railroads, being on the ground, may also be made cognizant of serious injustice or wrongs, and in many instances the public can secure redress without much expense or trouble, but in the case of insurance the president or general manager is away, and the agent is shorn of power. In fact, before writing a risk in any one company which he may represent, he must first consult the chief of the insurance trust as to rate, and if, through any cause, the head of the trust sees fit to raise the rate to unreasonable percentage, there is absolutely no redress, and one is compelled to carry his own risk, providing his property is free from incumbrance; but if mortgaged, he must simply submit to a system of robbery which is little short of confiscation in some cases.

The writer of this letter has a just cause of complaint, when his insurance rate, through this insurance trust, has been raised from 2½ to 7 per cent. Now let us hear from others and see what the actual conditions are in our city compared with others, and also the annual losses compared to revenues derived by the insurance companies.

A VICTIM.

Expensive Leg Pinch.

Sheboygan, Wis., Oct. 5.—Because William Zelm of Plymouth "pinched her leg," and become familiar in other ways, a jury soothed the injured feelings of Minnie Plautz of Plymouth with the sum of $125, after being out for six hours. Miss Plautz was suing for $1,000. Attorney H. J. Rooney for the defendant immediately made a motion to have the verdict set aside.

Care of Lamps.

The bowl of the lamp should be kept full of oil, but when not in use the wick should be turned low to keep the oil from oozing out on the burner. The burners should be cleansed occasionally by boiling them for half an hour in a strong solution of Gold Dust washing powder. Wipe on a cloth and they will be as good as new. To clean the chimneys, wash them in warm water to which has been added a teaspoonful of Gold Dust washing powder and wipe dry on a soft towel; polish with an old newspaper. Lamp chimneys are made more durable if they are put into a pan of cold water and allowed to heat gradually till the water is boiling and left in the water until cold again.

Proposed Amendments —TO THE— Constitution —OF— Minnesota —BY— The Legislature

General Session, 1907.

St. Paul, Minn., May 1st, 1908.

Hon. Julius A. Schmahl, Secretary of State—

Sir: As required by Section 25 of the Revised Laws, as amended, I have the honor to furnish you herewith a statement of the purposes and effects of the respective amendments proposed to the Constitution of the State of Minnesota by the Legislature of 1907, and which are to be submitted to the electors of said State at the General Election of 1908.

FIRST PROPOSED AMENDMENT.

The first proposed amendment is contained in Chapter 477 of the Laws of 1907. By this amendment it is sought to repeal Sections one (1), two (2), three (3), four (4) and seventeen (17) of Article nine (9) of the Constitution (the latter section being the amendment to said Article nine (9), adopted in 1896), which sections now read as follows:

"Section 1. All taxes to be raised in this state shall be as nearly equal as may be, and all property on which taxes are to be levied shall have a cash valuation and be equalized and uniform throughout the state: Provided, that the legislature may, by general law or special act, authorize municipal corporations to levy assessments for local improvements upon the property fronting upon such improvements, or upon the property to be benefited by such improvements, or both, without regard to cash valuation, and in such manner as the legislature may prescribe; and provided further, that for the purpose of defraying the expenses of laying water pipes and supplying any city or municipality with water the legislature may, by general or special law, authorize any such city or municipality, having a population of five thousand or more, to levy an annual tax or assessment upon the lineal foot of all lands fronting on any water main or water pipe laid by such city or municipality within corporate limits of said city for supplying water to the citizens thereof without regard to the cash value of such property, and to empower such city to collect any such tax, assessments or fines, or penalties for failure to pay the same, or any fine or penalty for any violation of the rules of such city or municipality in regard to the use of water, or for any water rate due for the same; and provided further, that there may be by law levied and collected a tax upon all inheritances, devises, bequests, legacies and gifts of every kind and description above a fixed and specified sum, of any and all natural persons and corporations. Such tax above such exempted sum may be uniform or it may be graded or progressive, but shall not exceed a maximum tax of five per cent.

"Section 2. The legislature shall provide for an annual tax sufficient to defray the estimated ordinary expenses of the state for each year, and whenever it shall happen that such ordinary expenses of the state for any year shall exceed the income of the state for such year the legislature shall provide for levying a tax for the ensuing year sufficient, with other sources of income, to pay the deficiency of the preceding year, together with the estimated expenses of such ensuing year. But no law levying a tax or making other provisions for the payment of interest or principal of bonds denominated 'Minnesota State Railroad Bonds,' shall take effect or be in force until such law shall have been submitted to a vote of the people of the state, and adopted by a majority of the electors of the state voting upon the same.

"Section 3. Laws shall be passed taxing all moneys, credits, investments in bonds, stocks, joint stock companies, or otherwise, also all real and personal property, according to its true value in money; but public burying grounds, public school houses, public hospitals, academies, colleges, universities, and all seminaries of learning, all churches, church property used for religious purposes, and houses of worship, institutions of purely public charity, and public property used exclusively for any public purpose, shall be exempt from taxation, and there may be exempted from taxation personal property not exceeding in value $200 for each household, individual, or head of a family, as the legislature may determine. But the legislature may authorize municipal corporations to levy and collect assessments for local improvements upon property benefited thereby without regard to a cash valuation, and nothing herein contained shall be construed to affect, modify or repeal any existing law providing for the taxation of the gross earnings of railroads."

This proposed constitutional amendment was submitted and voted upon at the last election and was declared carried. But a contest was instituted by interested parties, claiming that the amendment was not carried. That contest is now pending in the courts, and it was on that account that the legislature decided to re-submit the amendment to the people, so that however the contest may be decided, the next legislature may have the power granted by the amendment. For the purpose of discussing the effect of the amendment I will assume that the same amendment submitted at the last election did not carry.

The purpose and effect of this amendment would be to greatly enlarge the power of the legislature with reference to the subject of taxation. Section one (1) as it now stands provides that all taxes imposed shall be equal—as near as may be—on all forms of property, and all property upon which a tax is imposed is required to have a CASH VALUATION equalized throughout the state.

Section two (2) as it now stands requires the legislature to levy the necessary taxes annually to defray the expenses of the state. That is the duty of the legislature without any constitutional direction.

Section three (3) as it now stands provides that all real and personal property, including MONEYS, CREDITS and INVESTMENTS IN BONDS AND STOCKS, shall be assessed according to their true value in money.

Section four (4) as it now stands provides that property employed in banking shall be subject to a tax equal to that imposed on other property. This is only a repetition of the requirements of Sections one (1) and three (3), as no rational person would claim that banking capital should be exempt from taxation.

Section seventeen (17) as it now stands is not easy to understand, but it was intended by that section to relieve from the operation of sections one (1) and three (3), above quoted, property of the classes therein enumerated, so that a gross earnings tax could be applied thereto instead of direct taxation.

Owing to the provisions of sections one (1) and three (3) of the present Constitution many amendments were from time to time added so as to permit taxes to be imposed on specific kinds of property otherwise than upon a cash valuation equalized throughout the state. We have among these exceptions railroad gross earnings taxes; municipal frontage taxes; inheritance taxes; and the gross earnings taxes authorized by said section seventeen (17).

Several exemptions from taxation are also provided for, but as these exemptions are not changed by the proposed amendment, I will make no further reference to them.

The amendment which, if adopted, would take the place of all of the sections and amendments above referred to, is simple and plain. No provision of the Constitution is necessary to authorize the imposition of the taxes necessary for the support of the state and its various political subdivisions. The power of taxation is inherent in government. This proposed amendment declares that this inherent power of taxation shall never be surrendered, suspended or contracted away; that taxes shall be imposed for public purposes and shall be uniform on the same class of subjects. Should this amendment be adopted all property of every kind in the state would be subject to taxation, according to the method the legislature saw fit to adopt, provided only that the tax was levied for a public purpose and was uniform on the same class of subjects. Under this amendment every tax law we now have on the statute books would continue to be valid, because under this amendment all limitations on the power of the legislature would be taken away.

The adoption of this amendment would, as indicated, repeal the so-called inheritance tax amendment, and the gross earnings tax amendment adopted in 1896, as contained in said Section seventeen (17), but in their place this amendment would give the legislature greater authority. Under this amendment the power to impose inheritance taxes would be unlimited, and any form of gross earnings tax would be valid. The gross earnings tax on railroads would not be affected by this amendment, as the Constitution provides that they cannot be changed without submitting the law making the change to a vote of the people. But with this amendment various new forms of taxation could be imposed, notably an income tax, a tonnage tax on iron ore and a registry tax on mortgages. Under the present Constitution we can impose no tax on mortgages owned by non-residents. A registry tax, which would be valid under this amendment, would reach all mortgages alike. While the Constitution requires all subjects of taxation to have a cash valuation with the tax equalized throughout the state, no proper income tax could be imposed by the legislature, for the reason that the income of owners or operators of any and all mines or of mineral ores situated in this state; also upon the property within this state of all boom companies or owners, and of all ship builders or owners doing business in this state or having a port therein (provided, that this act shall not apply to property owned by railroad companies, their lands and other property); and upon the property of either or any of such companies or owners—a tax as uniform as reasonably may be with the taxes imposed upon similar property in said state, or upon the earnings thereof within this state, but may be graded or progressive, or both, and in providing for such tax, or in providing for ascertaining the just and true value of such property, it shall be competent for the legislature in either or all such cases, to impose such tax upon any or all property thereof within this state, and in either case by taking as the basis of such imposition the proportionate business, earnings, mileage or quantity of production or property now or hereafter existing of any such companies, persons or owners, transacted or existing in this state, in relation to the entire business, mileage or quantity of production or property of such companies, persons or owners as aforesaid; or in such other manner, or by such other method as the legislature may determine; but the proceeds of such taxes upon mining property shall be distributed between the state and the various political subdivisions thereof wherein the same is situated, in the same proportion as the proceeds of taxes upon real property are distributed: Provided further, that nothing in this act contained shall operate to authorize the assessment or taxation of any farm land or ordinary business blocks or property owned by any such corporation, person, firm or company except in the manner provided by the ordinary methods of taxation."

and to substitute therefor the following:

"Sec. 1. The power of taxation shall never be surrendered, suspended or contracted away. Taxes shall be uniform upon the same class of subjects, and shall be levied and collected for public purposes, but public burying grounds, public school houses, public hospitals, academies, colleges, universities, and all seminaries of learning, all churches, church property used for religious purposes, and houses of worship, institutions of purely public charity, and public property used exclusively for any public purpose, shall be exempt from taxation, and there may be exempted from taxation personal property not exceeding in value $200 for each household, individual, or head of a family, as the legislature may determine. But the legislature may authorize municipal corporations to levy and collect assessments for local improvements upon property benefited thereby without regard to a cash valuation, and nothing herein contained shall be construed to affect, modify or repeal any existing law providing for the taxation of the gross earnings of railroads."

SECOND PROPOSED AMENDMENT.

The second proposed amendment is contained in Chapter 478 of the Laws of Minnesota for the year 1907. By this amendment it is sought to repeal Section sixteen (16) of Article nine (9) of the Constitution, which section now reads as follows:

"For the purpose of lending aid in the construction and improvement of public highways and bridges, there is hereby created a fund to be known as the 'State Road and Bridge fund.' Said fund shall include all moneys accruing from the income derived from investments in the internal improvement land fund, or that may hereafter accrue to said fund, and shall also include all funds accruing to any state road and bridge fund, however provided.

"The legislature is authorized to add to such fund for the purpose of constructing or improving roads and bridges of this state, by providing, in its discretion, for an annual tax levy upon the property of this state of not to exceed in any year one-twentieth (1-20) of one (1) mill on all the taxable property within the state.

"The legislature is also authorized to provide for the appointment, by the governor of the state, of a board to be known as the 'State Highway Commission,' consisting of three (3) members, who shall perform such duties as shall be prescribed by law without salary or compensation other than personal expenses.

"Such commission shall have general superintendence of the construction of state roads and bridges and shall use such fund in the construction thereof and distribute the same in the several counties in the state upon an equitable basis. Provided, further, that no county shall receive in any year more than three (3) per cent or less than one-half (½) of one (1) per cent of the total fund thus provided and expended during such year; and provided further, that no more than one-third (1-3) of such fund accruing in any year shall be expended for bridges, and in no case shall more than one-third (1-3) of the cost of construction or improving any road or bridge be paid by the state from such fund."

and to substitute therefor the following:

"Section 16. For the purpose of lending aid in the construction and improvement of public highways and bridges, there is hereby created a fund to be known as the 'State Road and Bridge Fund.' Said fund shall include all moneys accruing from the income derived from investments in the internal improvement land fund, or that may hereafter accrue to said fund, and shall also include all funds accruing to any state road and bridge fund, however provided.

"The legislature is authorized to add to such fund, for the purpose of constructing or improving roads and bridges of this state, by providing, in its discretion, for an annual tax levy upon the property of this state."

The purpose and effect of this amendment is to authorize the legislature to levy upon all the property of the state any amount necessary, in its judgment, for the benefit of the roads and bridges therein, and in so far removes the limitation which now exists in the Constitution, whereby the legislature is prevented from levying for such purpose a tax exceeding one-twentieth (1-20) of one (1) mill on the taxable property within the state.

This amendment further authorizes the legislature to provide salary and compensation, including personal expenses incurred in the performance of duty by the highway commission, or any other like officer entrusted by law with similar duties.

Finally, this amendment removes the limitation which now exists in the Constitution upon the powers of the highway commission in the distribution of the road and bridge fund of the state thereby authorized, and the amount which the state may pay from such fund toward the cost of constructing or improving any road or bridge, and leaves the whole management of such fund to be provided for by law, as the legislature shall deem wise.

The adoption of this amendment will not interfere with the power of the legislature to create a highway commission and define its powers, nor will it interfere with the appointment and tenure of office of the present commission.

THIRD PROPOSED AMENDMENT.

The third proposed amendment is contained in Chapter 379 of the Laws of Minnesota for the year 1907. By this amendment it is sought to add the following section to Article nine (9) of the Constitution as a new section:

"Section 17. The legislature may provide for the payment by the State of Minnesota of damages to growing crops by hail and wind, or either, and to provide a fund for that purpose, may impose a specific tax upon lands, the owners of which, at their option, have listed the same with county auditors for that purpose, and no payment shall be made of any such damages except from the fund so provided."

The purpose and effect of this amendment is to authorize the legislature to permit the state to become the trustee in the collection and disbursement of a fund for the payment of damages to growing crops by hail or wind, or both. This fund is to be created and maintained by a specific tax upon the lands of such persons ONLY as shall VOLUNTARILY list the same with their respective county auditors for such purpose. There can be no tax for such purpose imposed on the lands of any owner who does not consent thereto. Its adoption will authorize the legislature to direct that the taxing machinery of the state be used to levy and collect the tax necessary to raise such fund, and to provide for the disbursement of the same by the officers of the state, but any payments to be made by the state by reason of damage by hail or wind will have to be made from said fund and from no other. The state would assume no responsibility beyond the amount of such fund, and could not further be rendered liable.

FOURTH PROPOSED AMENDMENT.

The fourth proposed amendment is contained in Chapter 480 of the Laws of Minnesota for the year 1907. By this amendment it is sought to repeal the provisions of Section seven (7) of Article seven (7) of the Constitution, which section now reads as follows:

"Every person who by the provisions of this article shall be entitled to vote at any election shall be eligible to any office which now is, or hereafter shall be, elective by the people in the district wherein he shall have resided thirty days previous to such election, except as otherwise provided in this Constitution, or the Constitution and laws of the United States."

and to substitute therefor the following:

"Every person who by the provisions of this article shall be entitled to vote at any election shall be eligible to any office which now is, or hereafter shall be, elective by the people in the district wherein he shall have resided thirty days previous to such election, except county superintendents of schools, who shall be required to have educational qualifications to be determined by the legislature, and except as otherwise provided in this Constitution, or the Constitution and laws of the United States."

The purpose and effect of this amendment is to authorize the legislature to require educational qualifications, in addition to all the other qualifications now required by law, for any person seeking the office of county superintendent of schools. As the Constitution now stands, any legal voter is eligible to the office of county superintendent of schools.

The foregoing four proposed amendments constitute all the amendments proposed for adoption at the ensuing General Election.

Yours respectfully,
EDWARD T. YOUNG,
Attorney General.

SPORTING NEWS OF THE DAY

FLAG IS IN THEIR GRASP

Cubs Defeat Pittsburg Before Largest Crowd in Baseball History.

Chicago Practically Has Pennant After a Great Run.

National League.

Standing.

	Won	Lost	Pct.
Chicago	98	55	.641
Pittsburg	98	56	.636
New York	95	55	.633
Philadelphia	80	60	.571
Cincinnati	73	81	.473
Boston	63	88	.416
Brooklyn	52	98	.345
St. Louis	49	105	.317

Chicago, Oct. 5.—Pittsburg was eliminated from the National pennant race Sunday when Chicago scored a 5 to 2 victory before a crowd which was declared to be the largest which ever paid to see a game of baseball in the world.

The game was the final one of the season for Chicago and Pittsburg, while New York has three more to play, all with Boston. If one of these games is not played by reason of the weather or for other cause, or if Boston wins one, the pennant will go to Chicago for the third successive year. By winning all three New York will exactly equal Chicago's percentage of .641.

Today Chicago leads the league with .641 Pittsburg is second with .636 and New York, which did not play Sunday, is third with .633. The story of the victory is a simple one. Chicago garnered twelve hits off Willis and Camnitz, while Brown allowed Pittsburg but seven. The contest was cleanly waged throughout.

The umpire's decisions were questioned only once, and this in orderly fashion, despite the intense suppressed excitement under which the players worked. President Murphy of the Chicago club announced the paid attendance at 30,241. This, Mr. Murphy said, was the largest attendance ever present at a game of baseball in the United States, and presumably in the world. It was nearly 4,000 larger than any crowd that had ever passed through the gates of the West Side ball park before.

Dreyfus Good Loser.

At the conclusion of the game, Mr. Murphy and Mr. Dreyfus, the latter president of the Pittsburg club, gathered with others in Mr. Murphy's office. Mr. Dreyfus, whose team had just lost the pennant, was smiling cheerfully, and proposing that in the event of a tie between New York and Chicago, the series of three games be played off at Pittsburg.

"You are a better loser than I am," said the Chicago president. "You are the best loser in the league."

"We'll play the string out," he continued, with reference to a possible tie by New York. "However, I am by no means certain that Boston won't get one of those games."

The constitution of the National league provides that a series of three engagements shall be played to decide a tie race for the pennant, but leaves the matter of where it shall be played for the board of directors to decide. The board will meet at Cincinnati today to take action on the game in dispute between New York and Chicago, and which President Pulliam had declared to be a tie. It is said the board may take time by the forelock at this meeting and settle on a place for the deciding series to be played in in the event of New York's winning the remaining games with Boston.

Cincinnati Season Over.

Cincinnati, Oct. 5.—The local baseball season was brought to a close Sunday by Cincinnati defeating St. Louis. Shaw made three of the visitors' five hits. In the field events which preceded the game, the Cincinnati winners were Lobert in the 100-yard dash and base circling, and Mitchell in the fungo hitting. Lobert establishing a new record of fourteen seconds flat in going around the bases. The St. Louis winners were Moran in accurate throwing, Hostetter in long-distance throwing, and Shaw in bunt and run. Score:

Pirates Win Again.

St. Louis, Oct. 5.—Pittsburg defeated St. Louis in the final game of the league season here Saturday. The score was 3 to 2. Wagner's batting and fielding and a brilliant catch by Abbattiechio of a line drive off Byrne's bat were prominent factors in the result.

For two innings the game was even. Single by Abbattiechio, Wilson and Maddox, with a sacrifice by Storke, scored only one run for Pittsburg in the second and St. Louis promptly tied the score in the same inning on Konetchy's single and Ludwig's lucky triple. The visitors jumped into the lead in earnest in the next inning when two runs were scored on hits by Clarke, Leach and Wagner. Thereafter both pitchers settled to their tasks and only one more tally was counted, Shaw's double and Murray's single scoring the former. Sensational fielding by Wagner kept St. Louis from counting in the sixth and seventh innings and a quick play by Konetchy off Clarke's grounder retired Pittsburg runless in the ninth. Score:

ST. LOUIS.	AB.	H.	P.	A.	E.

The Giants Lose.

Philadelphia, Oct., 5.—New York lost to Philadelphia Saturday afternoon 3 to 2. Mathewson was hit hard by the home players, especially in the fifth inning, when they made two runs and took the lead. New York started a rally in the ninth when Herzog reached second on his single and Doolin's muff of the throw-in.

McCormick scored Herzog and reached third himself when Titus fumbled his single. Donlin gave Osborne a short fly. On Seymour's grounder to Knabe McCormick was run out, six of the home players taking part in the chase. Devlin struck out ending the game. Mathewson was taken out of the game in the eighth inning to permit Barry to bat for him. Covaleski, barring the first and ninth innings, had New York at his mercy. The young "south paw" made the remarkable record of beating New York three times this week. Score:

	R.	H.	E.
New York	1	0	0	0	0	0	0	0	1	2	6	0
Philadelphia	0	0	0	0	2	1	0	0	0	3	8	3

SPALDINGS WIN FROM SUPERIOR

Take Billings Park Eleven Into Camp by Score of 10 to 0.

The Spaldings of Duluth defeated the fast Billings Park team of Superior Sunday on the Superior grounds by a score of 10 to 0.

The Superior boys were outclassed from the beginning, their lineup being used up at will. The Spalding crowd was never in danger.

The features of the game were the repeated ground gains made by Feely and Donavon and the punting of Searles, the Spalding fullback.

The lineup:

Spaldings.	Position.	Billings Park.
Gilbert Johnson	c	Cullhane
Quimby	rg	Thompson
Dyer, Danielson	rt	Fenner
Brown, Miller	re	Kentfield
Nelson	qb	Cullhane
George Johnson	lg	Bergeson
Elnor	lt	Peterson
Clausen	le	Capt. Cook
Feely	rhb	Berg
Donoavn	lhb	Snyder
Searles	fb	Olson

Officials—Duffuld, referee; Pease, umpire. Twenty-minute halves.

Muggsy is Pleased.

New York, Oct. 5.—"The result of the Chicago-Pittsburg game is most pleasing to us," said J. J. McGraw, manager of the New York team, "and we should tie with Chicago now. I shall probably send Wiltse in today, Ames on Tuesday and Mathewson on Wednesday. I think we have a good chance now."

If New York wins the three games to be played with Boston this week there will be a tie with Chicago for the pennant, to be played off in three games.

Clear out the garret. Sell the not needed things by a want ad in The Herald.

STRIKES OUT 15 IN EIGHT INNINGS

PITCHER ED WALSH.

Chicago American league twirler, who last Friday retired fifteen batsmen in eight innings by strikeouts, in the game at Cleveland. Lajoie, the Great, was among his victims; fanning out twice.

WHITE SOX WIN FIRST

Take Opening Game of Series From Detroit Tigers.

Can Take Pennant If They Win Two and Cleveland Loses.

American League.

Standing.

	Won.	Lost.	Pct.
Detroit	89	62	.589
Cleveland	88	63	.583
Chicago	87	63	.580
St. Louis	82	67	.550
Boston	72	77	.483
Philadelphia	62	84	.425
Washington	62	84	.425
New York	50	98	.338

Chicago, Oct. 5.—Chicago defeated Detroit 3 to 1 in the opening game of the final series here Snday, making it just possible for the local team to win the American league pennant.

To do this, however, Chicago must win the two remaining games with Detroit, while Cleveland loses one game with St. Louis. By reason of the Cleveland-St. Louis tie these teams still have three games to play. By winning all of them, Cleveland would get the pennant provided Detroit loses another game to Chicago. By winning one of the remaining two games from Chicago, Detroit will win in the event that Cleveland drops two to St. Louis. The outcome of Sunday's game therefore makes the finish of the American league race narrower and more exciting than ever.

President Comiskey said that the attendance of Sunday's game was the largest which had ever been within the South Side grounds.

Sox Got One Hit.

Yesterday's victory for Chicago was remarkable in that Chicago scored all of her three runs in the first inning without even the semblance of a hit. In fact, Chicago made but one hit during the game. Ground rules were established making a hit into the crowd good for two bases, but the scant hitting did not require its application.

The game was a pitcher's battle between White of Chicago and Killian of Detroit, who let the visitors down with one hit, but lost the game as a result of bases on balls and errors behind him.

"The Hitless Wonders."

Chicago scored three runs in the opening inning without the semblance of hits. Hahn drew four balls. F. Jones attempted to sacrifice, laying the ball a foul in front of the home plate. Schmidt got the ball and threw to Bush, but the storststop was too far from second base to catch him and both runners were safe. Bush advanced both runners on his sacrifice, getting out to Rossman unassisted. Dougherty hit a hot one down to Downs, but Rossman dropped the throw and Dougherty safe, while Hahn scored. Dougherty then stole second base. Davis sent a high fly to McIntyre, and Jones doubled, while Dougherty went to third. Parent walked, and on a double steal, Dougherty scored. Williams then tightened up and was given fine support when men were on bases. Chicago's lone hit came in the fourth inning, when Parent led off with a single to left, but was forced out at second.

Detroit Runs.

White was hit for five safe drives, but only one hit figured in the scoring. Crawford started the ninth Detroit by accepting a base on balls. Cobb went out, White to Isbell, and Crawford went to second. Rossman hit a line drive, which was a couple of feet over Isbell's head, but the first baseman jumped and caught it, holding Crawford at second. Schaefer came to bat and after making a horseshoe in the dust around the plate, hit a swift drive into right field and Crawford scored. Mullin batted for Schmidt, and was hit. D. Jones running for him. A double steal advanced the runners a base, but Downs flied to Parent, who ran into the crowd, and the game was over.

The weather was ideal for both players and spectators and the crowd was the largest in the history of the American league here. Before 10 o'clock the people began to crowd about the park, and when the gates were opened at noon the line extended a block around the park. By 1 o'clock every seat in the grand stand had been taken and only box tickets were left. A half hour later a large detail of police appeared and took up positions about the field, to take charge of the overflow. In a short time the crowd began to get so thick in the bleacher seats in center field that the boards were broken down in front of the stands, and the people swarmed like bees out upon the field. The gates were closed at 2:30, and none but ticket holders were admitted, the sale of tickets having stopped at 2 o'clock.

During the game the spectators cheered the Chicago National club whenever they scored against Pittsburg in their game on the West side.

A large silver loving cup was presented to Manager Jones on his first appearance at the plate. The score:

CHICAGO.	AB.	H.	P.	A.	E.

Summary: Hits—Off Killian, 1 in seven innings. Sacrifice hits—Isbell, Davis. Stolen bases—Dougherty. 3; Parent, D. Jones, Schafer. Left on bases—Chicago, 4; Detroit, 5. Bases on balls—White, 2; Killian 3. Hit by pitcher—Mullin. Struck out—Killian, 4; White, 5; Suggs, 1. Wild pitch—Killian. Time—1:45. Umpire—Sheridan.

Tie in Eleven Innings.

St. Louis, Oct. 5.—The first game of the series between St. Louis and Cleveland Sunday resulted in a tie, 3 to 3, and lasted eleven innings before darkness ended the contest. St. Louis made two runs in the third and one in the fourth inning. In the fifth, sixth and Seventh Cleveland scored by timely batting. Two games will be played today. Score:

	R.	H.	E.
St. Louis	0	0	2	1	0	0	0	0	0	0	3	7	1
Cleveland	0	0	0	0	1	1	1	0	0	0	3	13	3

Batteries — Pelty and Stephens; Rhodes, Berger, Joss and N. Clarke. Umpires—O'Loughlin and Egan.

Sox Beat Cleveland.

Cleveland, Oct. 5.—Chicago defeated Cleveland in the last game of the season here Saturday 3 to 2. Cleveland outbatted Chicago but many of the hits were infield taps which failed to score the men on bases. With the bases filled in the seventh, Walsh relieved Smith and retired the side without a run. Both teams scored in the second. Chicago got two runs on Davis' sin-counted one for Cleveland. Chi-basses and Tannehill's single to right. Lajoie's double and Remis' single gle counted one for Cleveland. Chicago scored another in the sixth on Isbell's single, a wild pitch and Parent's double to right. Cleveland's scored in the eighth on Stovall's double, an out and Tannehill's low throw to the plate. Browns Shut Out.

Detroit, Oct. 5.—Detroit mixed hits with errors in the first and seventh innings, and scored three runs in each Saturday. Donovan was in fine form and pitched himself out of three bad spots, shutting out St. Louis where runs seemed inevitable. The game was the fastest played contest of the year on the local grounds.

GRAND RAPIDS DOWNS BEMIDJI

Duluth's Opponents of Next Saturday Win First Game.

Grand Rapids, Minn., Oct. 5.—(Special to The Herald.)—The first game of football for this season in this city was played here Saturday when the Bemidji high school was forced to bow to the superior weight and skill of the Grand Rapids high school football team for the fourth time in four years, by a score of 21 to 0.

The Bemidji eleven put up a stubborn fight from start to finish, but were unable to cope with their stronger adversaries. Although the Bemidji team played fairly well as individuals their plays lacked team work, a feature in which the local team is exceptionally good.

Within two minutes of the time play began, Grand Rapids had scored two points by Bemidji's making a safety. Grand Rapids kicked off to Bemidji. The ball was caught behind the goal line. The player attempted to bring the ball out and was downed behind the line, thus forcing a safety. At the end of the half the score stood 17 to 0, Grand Rapids having failed three times to kick a goal.

From the way the Bemidji eleven played at the beginning of the second half, it seemed as though they would turn the tables on the "Rapids," Halfback Lycan of Bemidji making a run of thirty yards around right end after receiving the ball on a long pass from the quarterback. Gradually, however, Grand Rapids shortened the gains of the visitors and Bemidji lost the ball on an attempted forward pass. With three minutes left to play Meyers of Grand Rapids drop-kicked a goal from field, making the score 21 to 0 as it stood when time was called.

The two teams lined up as follows:

Bemidji—Brenneman, center; Fay Brenneman, right guard; Kreatz, right halfback; Kruse (captain), right end; Boyer, left guard; Hundrom, left tackle; Stanton, left end; Huffmans quarterback; Gill, right halfback; Charles Goul Lycan, fullback.

Grand Rapids — Reusswig, center; Sissler, right guard; A. Tuel, right tackle; Blood, right end; McClenan, left guard; Tuel, left tackle; McAlpine, left end; King, quarterback; Lefberg, right halfback; Fraser, left halfback; Meyers, fullback; Grove, Romans and Reusswig, subs.

LAST RACES WERE WELL ATTENDED

Tri-State Association Pulled Off Some Fast Heats Saturday.

There were more than 1,000 spectators at the last race of the series held under the auspices of the Tri-State Racing association at the Driving park Saturday.

The races were all fast, and decidedly close. Five heats were required to determine the 2:25 pace, and it took four heats to settle the free-for-all battle.

The summaries follow:

2:25 Pace—Purse, $300.

Horse and Driver—	Finish.
Hans M., b. g.—Minote	1 2 1 3 3
Brownie Mac, br. g.—Newby	3 3 2 1 1
Coco, b. m., Bonett	2 1 4 2 2
Alice C., b. m.—Hatcher	4 4 3 4 4

Time—2:21¼; 2:24¼; 2:39; 2:29; 2:31.

Free-for-All Pace.

Horse and Driver—	Finish.

Time—2:21; 2:18¾; 2:23; 2:23.

It pays to advertise in The Herald. Ask the Oak Hall.

A part of the model brewing plant of the Fitger Brewing Co., one of the largest and most progressive of Duluth Manufacturing concerns.

THE HOME BEER

should be chosen with care. It should be pure, healthful, delicious and mild in flavor.

The percentage of alcohol contained should be small. These qualities are all obtained to a remarkable degree in

Fitger's Beer

Regardless of expense we have installed every device and adopted every method that would in any manner improve the flavor and increase the food value. The alcohol contained has been reduced to about 3½ per cent--much less than is contained in most patent medicines.

Try a case in your home and you will soon be convinced of its real benefit to you.

Fitger Brewing Co.

DR. ASHBELL PARMELEE,--First Vice-President of the N. Y. Medical Legal Society and late Dean of the Medical Dept., "U" of Vermont, says:--

"I am convinced that the legitimate and conservative use of lager beer is not only beneficial to the physical well-being of most people, but is, from a temperance point of view, worthy of recognition and adoption."

D. C. H. S. WINS EASY GAME

Hibbing Goes Down to Defeat by Score of 55 to 0.

Quarterback Henry Boyle Plays Star Game for Duluth.

Showing the best form they have yet displayed this season, Central won over the Hibbing football team Saturday. The score was 55 to 0, and while the contest was a very one-sided affair, the boys from the range put up a much better game of ball than the score indicates.

HENRY BOYLE, QUARTER, Who Starred in Saturday's Game.

They were on the job every minute, went into the game hard, made Duluth fight for all the ground she gained, and it was only the superior training and weight of the Central team that defeated them. Time and again, when the Duluth halves would start around the end with perfect interference, and it would seem to the spectators that they would go at least fifty yards, Hibbing would break through and get the man. On coming on the field they appeared to be a trifle stage-struck, but after the first ten minutes of the game they got over it and dug in in good shape.

Duluth showed wonderful form as compared with the showing made last week. While now and then a Hibbing man would break through the line, the improvement was so great on the whole that by next Saturday, when Duluth lines up against Grand Rapids for the first big game of the year, the team should be a great football machine.

For the Centrals, "Boyle," quarterback, played the star game of the day. His passing was swift and accurate. He was fast on his feet, ran like a deer, kept the team on the move, gave his signals before the team could be lined up, was good for thirty yards himself at almost any time of the game, formed perfect interference, was always in the right place at the right time, could always be depended upon to gain possession of a fumbled ball, and the way he ran down a broken field was wonderful. He is a new "Eckersall," and if he shows up in the big games as he has in the smaller ones, the success of the Duluth team is this year assured.

Duluth started right in when the whistle blew for the first half, and within two minutes the ball was over the Hibbing goal line. Crawford missed a number of goals, but made up for them by dropkicking a beautiful goal from the 35-yard line.

Stevens, the new man, who played in place of Cummings, made good, and played a very good game. Ostergren was in the game every minute, and when they got around "Doddie"—well, they just didn't get around him. Cook at full back was on the job all the time, and the way he backed up the line made a hit.

The forward pass was used to good advantage several times, but for the most part it was broken up, and resulted in Hibbing gaining the ball.

The game was the most interesting seen on the local gridiron this fall, and the largest crowd of the season attended.

GOPHERS WIN THE FIRST GAME

Defeat Lawrence by the Small Margin of Six Points.

Minneapolis, Oct. 5. — Minnesota opened the football season of 1908 Saturday by defeating Lawrence university of Appleton, Wis., 6 to 0. This score is a woeful disappointment to Minnesota.

As Minnesota has beaten Lawrence in previous games with decisive scores, the Gophers were expected to walk all over the Methodist team. Lawrence men showed great deftness in handling the forward pass, which they used with great effect in the first half, while Minnesota worked that play in a clumsy manner.

The Gophers' only successful forward pass resulted in a touchdown for them. McGovern threw the ball from Lawrence's 45-yard line to Coughlin on her 35-yard line. Coughlin dodged four Lawrence men and made the touchdown. After repeated attempts to give the ball a long forward throw without fumbling, Minnesota resorted to the old style of mass plays. Here she excelled Lawrence, and it was only the clever punting of Quarterback Lundy that twice brought them out of critical places and saved them from being scored on.

The teams came out on the field at 3:20 p. m. In a few minutes' practice Lawrence showed such agility and good team work as to elicit general comment. Minnesota won the toss and kicked to Lawrence's 20-yard line. Lawrence br

NEWS OF THE NORTHWEST

ALLEGE HE WAS SHORT

Hempstead Said to Have Owed the Farmers Elevator Company.

Banker Alleged to Have Killed Himself on That Account.

Grand Forks, N. D., Oct. 5.—(Special to The Herald.)—With the revelation that John Hempstead, the suicide cashier of the Farmers' State bank at Emerado, is said to have been at least $13,000 short in his accounts with the Farmers' Elevator company, of which he was cashier, comes to light another proposition which would tend to show that the self destruction had been planned for a long time.

Seven months ago Hempstead secured $6,000 in life insurance, the policy containing the six months' suicide clause, thus putting the clause into effect just about three weeks before the suicide was committed. Though Hempstead had long planned the suicide, he had never once spoken of it to members of his family or business associates, keeping his secret till the day of his death.

The announcement of Hempstead's shortage was made after an investigation of the elevator affairs had been made. While the exact amount of the shortage has not been ascertained, it is asserted it will be between $10,000 and $13,000. There are also several other propositions in which Mr. Hepstead was interested which have not been thoroughly investigated as yet, and further shortages may exist.

Just how Hempstead used the money is not known, but it is supposed that he made some bad deals in the automobile business, in which he was interested. The bank cashier had been taking certain notes on automobiles sold by Prof. Scott, and it is thought that he failed to realize on a number of them. He had been engaged in the practice of taking up Scott's notes the past two years or so.

It develops that the suicide, shortly before death, had transferred his property interests to Mrs. Hempstead. Just two days before killing himself he had made the last payment of $1,700 on his residence, but it is understood that payment on the check had been stopped.

MINNESOTANS IN FAMOUS COMPANY

Grand Reunion of Eagle Company Held at Eau Claire.

Eau Claire, Wis., Oct. 5.—(Special to The Herald.)—The survivors of Company C, (Eagle company), Eighth Wisconsin volnteers, who served in the War of the Rebellion, assembled in this city Saturday, for a grand reunion, after more than forty years since the stirring times that tried men's souls and patriotism, when they went so bravely to the front and faced death in that awful cataclysmical struggle that threatened to rent the country.

The old officers were re-elected as follows: President, Capt. Victor Wolf of Eau Claire; vice president, Capt. Thomas G. Butler of Pequot, Minn.; secretary Ephraim Wilcox, Clear Creek; treasurer, Sergeant Bernard Demorest of Rice Lake; committee of one on arrangements, T. J. Hill of Eau Claire.

The full list of survivors is as follows: Capt. Victor Wolf and John Burkart, Eau Claire; Capt. Thomas Butler, Pequot, Minn.; Lieut. John Woodworth, Elgin, Ill.; Lieut. B. J. Demorest, Rice Lake; Lieut. Frank McGuire, Chippewa Falls; T. J. Hill, Eau Claire; Martin Dickershied, Chippewa Falls; M. F. Whitney, Whitehall; Walter Quick, Anawa; David McLean, Menomonie; Charles Strassburg, Fall Creek; William Chatwood, Eleva; Philip Burke, Cartwright; R. B. Dodge, Webb City, Mo.; H. B. Dickey, Pipestone, Minn.; H. B. Loomis, Marshall, Minn.; S. A. Fuller, Stillwater, Minn.; Mart. Palmiter, Minneapolis, Minn.; Ed Humiston, Graceville, Minn.; Myron Briggs, Florida; F. R. Buck, Skowhegan, Me.; A. R. Barnes, Albia, Ia.; Gabriel Gebhart, Minneapolis; David Noble, Cook, Mont.; Leighton Smith, Los Angeles, Cal.; George Kirk, Minneapolis; Thomas B. Coon, Kilbourn City; Thomas West, Downing; S. E. Wilcox, Osseo; John Kimball, Pine City, Minn.; John F. Hill, Ashland.

NORTH DAKOTA BURKE DRUM CORPS

POPULAR FARGO AGGREGATION.

Members of Burke Drum Corps standing left to right—Homer Dixon, marching director; Hal Pollock, Merritt Kimball, Arthur Rogers, Harry South, Louis Engerud, Melvin Hildreth, manager. Sitting, left to right—Jonathan Eaton, Mason Spaulding, Jack Ritter, director general; Harold Wilson, Voyle Brennan.

For the purpose of creating enthusiasm for Governor John Burke, the present popular chief executive of this state, who is seeking re-election, the Burke Drum Corps has been formed by the John Burke club of Fargo, to go about the state wherever Democratic rallies are held and entertain the audiences with their splendid music.

The popularity of Governor Burke, whose strict enforcement of the state laws has won the admiration of all parties, who welcomed relief from "gang" ruled governors, bespeaks warm receptions for the drum corps named in his honor.

RIFLE GOES OFF, BOY IS KILLED

Shocking Fatality Occurs Near Hawley, Clay County.

Hawely, Minn., Oct. 5.—Joseph Doran, aged 14 years, son of Mr. and Mrs. John Doran, Sr., living in Eglonston township, was accidentally shot and killed last Thursday. The Doran boy and Joseph Hall, aged 10, left the Doran home to mail some letters, taking along a 22-caliber rifle, with which they proposed to shoot a hawk, or anything that happened along. The gun was placed against a post while they talked with some passersbye, until they spied a hawk. Joseph asked his little friend to hand him the gun while he watched the bird. This the boy did and in some unknown manner the trigger was tripped and the charge entered the Doran's boy's back, going in at the right shoulder blade and lodging near the breast-bone, thus causing death almost instantly. It is supposed that the dead boy in his hurry, reached out his right hand and drew the fire-arm to him while James still held it, and in this action the gun was discharged.

After the accident, the wounded boy walked several feet, but finally sank to the ground. His companion spoke to him, but on receiving no answer, rushed to the house to notify the parents.

No blame is placed upon the poor boy who was witness to the accident, as the two were boon companions. Although the Hall boy was not accustomed to fire-arms, the other boy had handled them for many years, and his father had just bought him the cartridges while in town that morning.

The deceased leaves besides his parents, three sisters—Mrs. Adolph Anderson, Miss Ellen Doran, with the Eld Mercantile company, and Agnes, and three brothers—John, James and Charles.

The funeral services were held Saturday morning at 11 o'clock at St. Joseph's Catholic church of Moorhead. Interment was made in the Catholic cemetery of that place.

CARELESS HUNTER'S ACT.

Accidentally Shoots Willard Peterson of Calumet.

Calumet, Mich., Oct. 5.—(Special to The Herald.)—Willard Peterson, employed as a pumpman at the Cliff mine was accidentally shot by a careless hunter Friday, while himself was hunting near Phoenix.

Peterson was coming down over the bluff near Phoenix when he spied a small brown spaniel dog. He spoke to th dog and just as he was holding out his hand to the dog a report rang out and he received the charge from a shot gun. Much of the shot entered his right leg above the knee but some of the charge struck him in the stomach. He yelled loudly and repeatedly for help knowing that the person responsible for the accident could not be very far off. For some time there was no reply and finally a young man emerged from the brush, but did not come to the injured man's assistance. He merely yelled back, "I did not shoot you," and then disappeared again.

BLACKDUCK TO ENTERTAIN

District Meeting of the Knights of Pythias, Oct. 22

Blackduck, Minn., Oct. 5.—(Special to The Herald.)—The Knights of Pythias of this village are making elaborate preparations for a district meeting of that order to be held here on the 22nd of October. Large delegations of Knights are expected from Bemidji, Park Rapids, and other points. One or more grand lodge officers will also be present. Following the work in the third rank will be an interesting social gathering including a banquet in which the ladies will participate.

HENRY ADMITS KILLING WOMAN

He Confesses to Coroner's Jury He Fired Fatal Shot.

Grand Forks, N. D., Oct. 5.—(Special to The Herald.)—John Henry, who shot and killed his housekeeper, Mrs. Ellen Fulton, Friday evening at the Henry residence, was arraigned in Judge J. D. Church's court for a preliminary hearing. He waived examination and was held without bail to the district court.

The coroner's jury brought in a verdict finding Henry to be the slayer. Coroner Rounsevell and the jury thoroughly investigated the case. George Hankey, James Elton and Ed Richmond were the jurors.

Before finding a verdict, the jury visited the murderer in his cell in the county jail. State's Attorney Wineman gave him to understand that he did not need to answer questions in regard to the crime if he did not care to do so. Henry freely confessed his guilt and declared that he had intended to kill Ollie Henderson, a negro porter employed on the Great Northern, and John Brighteyes Reynolds, a negro who is unemployed most of the time. He stated that his housekeeper had allowed Reynolds to stay around the boarding house despite his protests and two weeks ago he ordered Reynolds to get out and stay away. Reynolds returned on Friday about noon, according to Henry, and left when he saw the landlord. Friday afternoon Henry purchased a revolver at Max Rabinovich's store. He drank some whisky in an East Grand Forks saloon and went to his home in the evening. Maddened with rage and jealousy he killed Mrs. Fulton, after she had admitted loaning money to Henderson.

M'MILLAN M. E. CHURCH.

New Structure in Upper Michigan Town is Dedicated.

Newberry, Mich., Oct. 5.—(Special to The Herald.)—The Methodist Episcopal church was dedicated Sunday at McMillan, a village of 200 people, nine miles from Newberry. Dr. W. B. Collins, district superintendent of missions, presided. Visiting pastors were Dr. L. Bird, Newberry, Rev. Frank Copeland, Trout Lake; Rev. W. Nicholson, Rexton; Rev. Baxter Waters, Newberry, and Rev. D. C. Nye, former pastor, largely through whose efforts the church has been built.

The present pastor is the Rev. J. H. Mapplebeck, who has just came from Gransby, England.

The building is a neat frame building and will seat 300 people. It will cost $2,000, and is the only church in McMillan.

FARMER CAPTURES ROBBER.

Unarmed, Man of Soil Unhands One of Two Villians.

Bismarck, N. D., Oct. 5.—One of the two men who robbed Park's store at Sterling Friday night at the point of a revolver was arrested thirty-five miles south of here Saturday by a farmer who had just been telephoned to look out for them. The men were mounted and had tried to cross the Missouri river on a ferry, but the wind prevented and they were riding north to another crossing when they stopped at George Suverly's place to get something to eat.

Suverly was unarmed but at once grabbed one of them and had him down and relieved if his revolver before the other man realized what was up, and the then spurred his horse and got away after an exchange of shots with Suverly. The captured man was brought to town and placed in jail and the other is being pursued.

BELTRAMI COMMISSIONERS

Transact Considerable Routine Business and Adjourn.

Bemidji, Minn., Oct. 5.—(Special to The Herald.)—The board of county commissioners has adjourned after a two-days' session.

The petition of Mr. Tillotson and others in the town of Northern, asking that the boundaries of school districts in that township be merged into one district, was accepted and the hearing set for Nov. 17. It is the intention of the citizens of Northern to place the schools under the township system. Two new school houses will be built on the east side of the township.

The petition of George Watson for the formation of a new school district out of territory in township 148-31 was accepted and the hearing on same set for Nov. 17.

COL. MARCY LOSES LIFE.

Well Known North Dakota Attorney is Burned to Death.

Minot, N. D., Oct. 5.—(Special to The Herald.)—Col. J. C. Marcy, aged 77 years, once one of the most prominent attorneys in the Northwest, was burned to death at his home in this city early Sunday. The fire was caused by the upsetting of a lamp, which set fire to the bedclothing, on which Col. Marcy was lying.

J. M. O'Connel, claim agent of the Great Northern railway, was seriously burned in attempting to rescue the aged man. Marcy was once assistant attorney general in the prosecution of the liquor laws, and played a prominent part in the early history of North Dakota. He retired from active practice several years ago.

OLD MAN TAKES LIFE.

W. H. Long, Father of Barnum Man, Swallows Carbolic Acid.

Pine City, Minn., Oct. 5.—(Special to The Herald.)—W. H. Long, aged about 65, who has a son living in Barnum, took his life at Bernoun Thursday, in a local drug store. He wanted the poison for treating a horse, he said, when he bought it. The body was found in a woodshed at Barnum, and after the coroner had looked into the case, it was sent to Barnum for interment.

ROAD BUILDING BEING CARRIED ON SUCCESSFULLY.

Bemidji, Minn., Oct. 5.—(Special to The Herald.)—Road building in Northern Beltrami county is being pushed as fast as possible. During the past year the town of Cormant has stumped and graded three and one-half miles of good road, and this, at an expenditure of only $1,300. The settlers have worked in harmony for good roads for the town of Cormant, with good success. This fall they will clear and stump an additional three miles, which will be graded next year.

"I'll take the same," used to mean one thing. Now it means he wants another Gordon Hat $3

COREY GOES SHOOTING.

Head of Steel Trust and Party at Sylvan Lodge.

Iron Mountain, Mich., Oct. 5.—(Special to The Herald.)—William E. Corey, president of the United States Steel corporation, his wife, formerly Mabelle Gilman, Mr. Corey's parents, Mr. and Mrs. A. A. Corey, his sister and brother-in-law, Mr. and Mrs. Arthur Riggs, his sister and brother-in-law, Mr. and Mrs. A. A. Corey, Jr., and Miss Ida Wynne, daughter of the consul general to London, are stopping at Sylvan lodge, the hunting and fishing preserve in this locality, belonging to the Steel trust.

The party arrived Sunday in a special car, accompanied by a trained nurse, an orchestra of twelve pieces and other accessories for a successful outing.

It is not known whether Mr. Corey will visit Duluth and the Mesaba range before returning to New York in about ten days.

JEALOUSY PROMPTS MURDER.

Mineral Point, Wis., Oct. 5.—Otto Haldeman was arrested Saturday, charged with the murder of Henry Rankin, who was found near here with his head blown off, Sept, 20, for which crime a $700 reward has been offered. Jealousy is alleged to have been the cause.

WISCONSIN BRIEFS

Rhinelander—When A. O. Hilgerman of the Rhinelander Brewing company checked up his bank account Friday he discovered that six checks, each of $10 denominations, were forgeries. Investigation showed that the checks had been passed at six different business places and had been cashed at the First National bank.

Hudson—Lewis Tatro, aged 50, a barber living at New Richmond, and married, defendendant in a breech of promise suit brought by Miss Laura Chandler, aged 26, of Minneapolis, was found guilty and the jury fixed the damages at $1. Miss Chandler asked $6,000 damages.

Ashland—A fine concert will be given at the Nidaros Lutheran church, Friday evening, Oct. 23, at which the very best musical talent of our city will appear. The proceeds will go to the church, the board of trustees having charge of the arrangements at large, while Aksel H. Holter was appointed to arrange the program.

Marinette—The Wisconsin synod of the Presbyterian church will hold its annual meeting in the Pioneer Presbyterian church of this city on Oct. 13, 14 and 15.

Manitowoc—A white cuff, utilized as a post card by Joseph Francois of Green Bay, addressed to Isaac Craite of this city, at Hongkong, China, and bearing instructions to forward to Mr. Craite in this city in event of nondelivery at Hongkong, reached here. The card was mailed about a month ago.

Madison—The normal schools of this state are making substantial growth, as shown by reports of enrollment received by the normal regents. The enrollment this year is an increase over last year of eighty-three stuents in the normal departments.

Racine—The board of education has decided to eliminate fraternities and sororities from the high school.

Milwaukee—Allen C. Place, former manager of the Union Fiber company, is being sued for a divorce by his wife, Nellie M. Place, who charges non-support. She claims that since last January he has given her practically nothing for her support and that of her daughter Marion, aged 19, in spite of the fact that he has an income of from $500 to $1,000 a month.

Racine—A cablegram was received here from the Philippines announcing the death of Frank Peters of cholera. At the outbreak of the Spanish-American war Peters entered the volunteer service and was stationed in the Philippines.

Ashland—Dr. Earl Robert Cochran and wife left on the Northwestern Saturday for Chicago, where the doctor will assume his practice after a three weeks' vacation. He was married to Miss Maybelle French Sept. 21, and they spent their honeymoon in Ashland and vicinity.

MINNESOTA BRIEFS

Staples—Conductor J. H. Wise has been put back on the Fergus passenger, which throws Conductor Chase onto the Winnipeg train and Conductor Haubenestle is back on numbers 59 and 60.

Blackduck—Bishop John D. Morrison of Duluth, assisted by Rev. Parshall of Cass Lake, and Rev. Davies of Bemidji, held confirmation services in the city hall on Monday evening, Sept. 28.

Pine River—W. B. Jones of Sylvan, who has been buying stock and cattle in this vicinity the past week, Tuesday shipped a carload to the Twin Cities. The car included twenty-eight head of cattle and fifty head of sheep.

Walker—The first political address of the year will be made at the opera house next Wednesday evening, when Candidate Jake Jacobson will address those present on the state issue of the present campaign.

Brainerd—John Boyle, formerly of this city, but now of Jamestown, N. D., who has been confined to the Northern Pacific hospital for some time suffering from injuries received while working in the shop at Jamestown, is getting along as well as could be expected.

Mankato—Herbert, the little son of Mr. and Mrs. Earnest Fallenstein, aged 2 years, Friday forenoon got hold of some gasoline, and took a drink of it. A physician was summoned as soon as possible, but the child died.

Little Falls—George Gerritz, Jr., and Miss Ellen Johnson of Darling were united in marriage at the home of the bride's parents, Mr. and Mrs. J. F. Johnson, at Darling, Wednesday afternoon at 4 o'clock. Rev. Nordstrom of Scandia Valley performed the ceremony in the presence of a large number of friends and relatives of the two young people.

Red Lake Falls—James H. Cross, until recently local editor of the Gazette, and Knut L. Rauk, a printer who has been employed at Grand Rapids, have formed a co-partnership and will start a job office at Grand Forks. They will do business under the firm name of the Rauk-Cross Printing company.

Warren—Gustaf A. Johnson, son of Charley Johnson of this city, formerly of Farley township, returned home recently after an absence of nearly six years. Shortly after leaving home he enlisted in the United States army in which he served three years, part of the time in the Philippines.

Pine City—Fire caused by a hot box in the dynamo room of the powerhouse put Pine City out in the dark for a few hours Wednesday night. The fire was very serious for a while, and would have been disastrous had it not been for the dexterity of Manager Allen and Engineer Johnson in handling a fire extinguisher.

Brookpark—Under the auspices of the Improvement club, Brookpark will give a big gala and fair day next Thursday. The club is making every effort to make this the greatest day in Brookpark's history, and the amount of enthusiasm and public spiritness shown by the citizens insures success.

Crookston—Chief of Police Eck was Friday notified that there had been a robbery at Climax Thursday evening, thieves having entered the Climax butcher shop, blown the safe and taken what few cents in cash there was in the safe.

Ranier—Mrs. Theodore Barker has arrived from Duluth and will make her home with her husband at the Ranier hotel.

St. Cloud—A horrible accident occurred Friday when Joseph Steichen, who is employed at the new elevator, which is being built at the Tileston mill, fell a distance of sixty-five feet. Mr. Steichen was, it is feared, fatally injured.

Winnipeg Junction—Two burglaries were committed last week in the village. Monday night the elevator office was entered by breaking a padlock on the door. The agent reports being short some old clothes and a hammer. Wednesday night Johnson's store was entered by a rear window and J. H. is minus some pocket knives, pipes, spectacles and some jewelry.

DAKOTA BRIEFS

Adams, N. D.—Henry Sletten of Norton is suffering from a badly broken elbow, which accident was caused by his falling down cellar when only three steps from the bottom. Drs. Gronvold of Adams and Ware of Lankin were in attendance and relieved as much as possible the suffering of the invalid.

Grand Forks, N. D.—A party of ten orphan children passed through Grand Forks Thursday en route to points in the western part of the state, where they will be provided with homes. The members of this unusual party were very bright and happily looking.

Fargo, N. D.—When placed on the witness stand to testify against John Lukis, charged with assault with a dangerous weapon, Sophia Severson weakened. She was unable to remember very important facts in the case, which was brought to a sudden termination in Judge Martin Ryan's court. This, probably, ends the case.

Grand Forks, N. D.—Deputy Superintendent of Schools Miss Burr has completed the division of the state and county apportionment from tuition funds, which shows a total of interest and income for Grand Forks county from the state at $5,275.38, fines $189.86, making a total of $5,435.24. When the two mill and poll tax of the county of $479.50 is added, the grand total of $5,914.82 is reached.

Fargo, N. D.—Emil Alfred Peterson, 17 years of ago, the son of Mr. and Mrs. Peter Peterson, died at the home of his parents, 701 Thirteenth street north, Thursday afternoon at 2:25 of typhoid fever. The funeral was held Sunday afternoon at 3 o'clock from the Swedish Lutheran church, Rev. N. O. Grunden officiating.

Dunseith, N. D.—Joseph La France, a prominent farmer, living three and one-half miles from this place, was the victim of a terrible cutting affray, in which he received a slash with a heavy bladed jack knife, the cut reaching from the top of his ear to the point of the chin.

Jamestown, N. D.—Comrade Jesse Maurer died Thursday at his residence here. His health had been very poor the past year, and on more than one occasion it was feared that he would not rise from his bed, but he possessed wonderful recuperative powers. Deceased was born in Ohio 76 years ago. He served in the Civil war, being a private in Company B, Seventy-second Ohio Volunteer Infantry, serving nine months.

Grand Forks, N. D.—Clarence Malcolm of Cando was arrested Saturday in Grand Forks on a telegram from the sheriff at Cando which charged Malcolm with stealing a gold watch and ring. Malcolm insisted that it was a mistake, but he was locked up to await the arrival of the Cando sheriff.

Fargo, N. D.—Forty high school boys were at a meeting of the Y. M. C. A. Friday night and were formed into four classes for the purpose of making a thorough study of the Bible this winter.

Valley City, N. D.—Rev. Willard Crosby Lyon of Casselton has accepted the call of the First Congregational church of this city to their pastorate, subject to the will of the Presbytery.

Grand Forks, N. D.—Nat Towes, colored, narrowly escaped death and had one heel badly crushed under the wheels of train No. 10, of the Great Northern, Saturday evening as the train was pulling out of the yards. He fell from the rods and was hurt.

PENINSULA BRIEFS

Crystal Falls—The October term of the circuit court for this county convened at the courthouse Monday morning and the docket contains the longest list of cases of any presented in a long time.

Calumet—Rev. Hjalmer Sodergren, who came to this country from Sweden four weeks ago, having accepted a pastorate at Ashland, Wis., preached Sunday morning and evening in the Swedish M. E. church.

Houghton—S. Vigeant, father of E. R. Vigeant, proprietor of the Yellow Front curio store on Sheldon street, died Friday at his home in Sault Ste. Marie.

Hancock—W. Richardson, formerly Western Express company agent at Houghton and later messenger on the Calumet-Mackinaw run, has resigned as messenger and will embark in business for himself at the Soo.

Lake Linden—The funeral of John Currie of Laurium took place Friday afternoon at Mount Calvary cemetery, Lake Linden, Rev. Mr. Povey of the Lake Linden Congregational church officiating. The funeral was held under the auspices of Joan Duncan lodge of Masons.

Ontonagon—Mrs. John Wester, a Finnish woman, was found dead in bed one morning recently by her children. She had been ill for some time with tuberculosis of the lungs.

Calumet—Capt. Thomas Wills has returned from Chicago, where he attended the conferences of the Salvation Army, beginning Sunday and extending to Tuesday. He was present at the installation of Commissioner and Mrs. Estill. Commissioner Estill will have charge of the entire western district of the Salvation Army in the future.

Houghton—A personal injury suit has been brought by Paul Venere against the Trimountain Mining company. He asks damages for injuries alleged to have been received underground.

Hancock—Frank Wade, manager of the Drittler alleys is organzing a six team two-man bowling league and expects that the opening games of the schedule will be played in a few days.

Houghton—Miss Katherine Gagnon of East Houghton is spending a few days in Duluth. She is accompanied by Misses Mary Barger and Blanche LaPier of Chassell.

Calumet—At a meeting of the trustees of the Young's Men's Christian association, James nMacNaughto was elected chairman, E. S. Grierson, secretary and Charles Briggs, treasurer. No other business of importance was transacted. The opening of the Y. M. C. A. building has been delayed by the non-arrival of the casings.

Houghton—Sheriff Aronson and two deputies from Delta county were in Houghton Thursday, coming to get Louis Ongie and John Ryan of Hancock who are wanted in Esscanaba for larceny. The men were arrested Wednesday at Nestoria by Under Sheriff Vivian and Chief of Police Andrew of Hancock.

Calumet—The locations at the Delaware mine, the Phoenix, and the Ojibway, through the courtesy of the post-office officials are now receiving mail twice daily, instead of once as formerly the case.

S.S.S. CONTAINS NO MERCURY

Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

WHEAT HAS FIRM TONE

The Bulgarian Situation Causes Strength on Both Sides.

Better Demand for Flax Results in Better Prices.

Duluth Board of Trade, Oct. 5.—The Bulgaria-Turkey situation caused nervousness in the grain trade on both sides of the Atlantic today and was the chief cause for the bulge in wheat prices. Closing prices were a point over Saturday's in Duluth and other American markets showed gains.

World's shipments were large and the Northwestern movement continues heavy, but when cables became firm and the foreign markets showed other signs of nervousness, the domestic markets were immediately affected.

The visible supply of wheat increased 4,357,000 bus, and is now 34,281,000 bus, against 43,587,000 bus a year ago.

Liverpool closed ½d to ⅝d higher, Berlin ⅝c lower, due to heavy arrivals and Antwerp unchanged to ⅝c lower. It was a holiday in Budapest.

The December option closed 1c higher in Duluth, ⅝@¾c higher in Chicago and Minneapolis, ¾c higher in New York, ½@⅝c higher in St. Louis, ⅝c higher in Kansas City and ⅞c higher in Winnipeg. The May option closed 1c higher in Duluth, ½@⅝c higher in Chicago, ⅞c up in Minneapolis and Winnipeg, ⅝c higher in New York and ⅝c higher in St. Louis and Kansas City.

December corn closed ¼@⅜c higher in Chicago and ⅛d to ¼d higher in Liverpool. December oats closed unchanged in Chicago.

World's shipments of wheat last week, the week previous and the corresponding week a year ago, are shown as follows:

WHEAT.	Last Week.	Previous Week.	Last Year.
America	7,256,000	6,000,000	5,496,000
Russia	1,816,000	2,264,000	4,848,000
Danube	2,552,000	1,520,000	864,000
Argentina	1,320,000	1,024,000	1,128,000
India	392,000	152,000	1,455,000
Australia	192,000	48,000	112,000
Austria-Hungary	.....	56,000	40,000
Various	88,000	56,000	496,000
Totals	13,616,000	11,120,000	14,440,000
CORN.			
America	.....	410,000	384,000
Russia	496,000	154,000	512,000
Danube	256,000	280,000	504,000
Argentina	2,243,000	2,470,000	2,373,000
Total	2,885,000	2,325,000	3,773,000

Bromhall cabled Liverpool:

"Wheat at the immediate opening, the market was affected by the weaker American cables on Saturday, heavy world's shipments and the continued liberal American Northwest receipts with an increase in stocks there. At this time, values were ¼d lower. Following the opening and during the remainder of the morning session shorts became nervous and covered freely which resulted in a sharp advance, prices gaining ⅝ to ¾d. Buying was attributed to the political trouble between Bulgaria and Turkey and although the world's shipments were heavy, the bulk of the shipments particularly from America went to the continent, the continent taking 7,695,000, or over a million bushels more than last week. Cargo arrivals continue nil, both off coast and awaiting orders, and there was an improved demand for spot. At mid-day, the market was very firm and from ⅜ to ½d higher than Saturday.

"Corn was quiet at the opening and unchanged. October, declined owing to poor demand for spot, while December, advanced ¼ in sympathy with strength in wheat."

Car receipts at Duluth were 843, (2 days) against 258 last year, and at Minneapolis, 1,139 against 270 last year, making a total for the Northwest of 1,982 against 528 last year. Chicago received 38 against 96 last year. Winnipeg received 951 against 454 last year.

Primary receipts of wheat were 2,519,000 bus, last year, 1,198,000 bus. Shipments, 572,000 bus, last year, 715,000 bus. Clearances of wheat and flour were 325,000 bus.

Primary receipts of corn were 247,000 bus, last year, 1,313,000 bus. Shipments, 705,000 bus, last year, 792,999 bus. Clearances of corn were 526 bus.

Wheat was fairly active in Duluth. December wheat opened ⅛c higher at $1.04¼, advanced to $1.01⅞, declined to $1.00⅜, reacted to $1.01⅛ and closed there, a gain of 1c over Saturday. May wheat opened ⅛c higher at $1.04⅛, advanced to $1.05⅞ and closed there, a gain of 1c over Saturday.

Durum wheat closed 1c higher. Some durum was worked for export during the session.

Cash spring wheat was selling on a basis of 1½c over December for No. 1 northern.

More flax is coming into market now and new business is springing up. This last caused better prices at the close here today. October flax opened ¼c higher at $1.22½, declined to $1.21¾, reacted to $1.22⅝ and closed at $1.22⅝, a gain of ⅜c over Saturday. November flax opened unchanged at $1.22⅞, declined to $1.22¼, reacted to $1.23⅛ and closed there, a gain of ¼c over Saturday. December flax opened late at $1.20⅜, advanced to $1.21⅜ and closed there, a gain of ⅜c over Saturday. May flax opened ¼c higher at $1.25½, went to $1.25¾, off to $1.25¼, rallied to $1.26⅜ and closed there, a gain of 1¼c over Saturday.

Oats closed ¼c lower, rye 1c lower and barley unchanged.

Following were the closing prices:

Wheat—No. 1 hard on track, $1.03¼. To arrive: No. 1 northern, $1.02⅝; No. 2 northern, $1.00⅝. On track: No. 1 northern, $1.02⅝; No. 2 northern, $1.00⅝; December, $1.01¼; May, $1.05⅛; October, $1.01; November, $1.02. Durum on track, No. 1, 91½c; No. 2, 89½c; October durum, 90¾c; November durum, 91c; December durum, 90¼c; May durum, 90¾c. Flax to arrive, $1.23⅝; flax on track, $1.23⅝; October, $1.22⅝; November, $1.23¼; December, $1.21⅞; May $1.26⅜. Oats to arrive, 47¼c; oats on track 47¼c. Rye, 71-73c. Barley, 52-56c.

Cars inspected: Wheat 843; last year, 528; corn, 1; oats, 51; barley, 81; rye, 20; flax, 268; last year, 67.

THE CHICAGO MARKET.

Possibility of Bulgarian-Turkish War Causes Wheat Advance.

Chicago, Oct. 5.—Possibility of war between Bulgaria and Turkey which was largely the reason for an advance of nearly 1d in the price of wheat at Liverpool, was also a strengthening influence in the local market, prices at the opening here being up ⅛c to ⅝c compared with Saturday's close. The market was also bullishly affected by the Missouri crop report which was issued after the close of the exchange on Saturday and which reported only 47 per cent of area usually seeded to wheat in that state had been seeded, owing to dry weather. December opened at 98⅝c to 98⅜c and for a time held within that range. Minneapolis, Duluth and Chicago reported receipts of 2,019 cars against 2,044 cars last week and 894 cars one year ago.

Rumors of a brisk export business caused additional strength, late in the session prices advancing about 1 cent from the low point of the day. December advanced from 98⅛@¼c to 99⅛@¼c. The market closed strong, with prices up ½@⅝c to ⅝@¾c, with December at 98⅞@99c.

Profit-taking by local longs caused weakness in the corn market, following a firm opening, due to the strength of wheat. December opened ⅛c lower to ⅛c higher at 64⅜c to 64⅝c, and sold off to 64c. Local receipts were 95 cars with 19 of contract grade.

The market rallied again, owing to the strength of wheat, December advancing from 63⅞ to 65c. The close was strong, with December ¼@⅜c higher at 64¾@ ¾c.

Oats opened firm in sympathy with wheat, but eased off on moderate sales by cash interests. December opened ⅛c higher at 49⅜c and sold o fto 49c. Local receipts were 165 cars.

Provisions were weak, owing to 10c decline in the price of live hogs. At the opening prices were 2½c to 10@12½c lower, and for a time held fairly steady at the decline.

Close: Wheat—October, 98¼c; December, 98⅞@99c; May, $1.02⅛@¼. July, 96¼c. Corn—October, 74c; December, 64⅜@⅝c; May, 64⅝c; July, 63½@⅝c. Oats—December, 49c; May, 51@½c; July, 46⅞c. Pork—October, $14.10; December, $14.35; January, $16.25; May, $16.00. Lard—October, $10.05; November, $10.12½; January, $9.57½; May, $9.50. Ribs—October, $9.62½; January, $8.50; May, $8.55@$8.57½. Rye—Cash, 76½c; December, 76c; May, 80½c. Barley—Cash, 55⅝ to 61c. Timothy—October, $3.40. Clover—October, $9.25. Cash wheat—No. 2 red, 99¼@$1.00; No. 3 hard, 97½@99c; No. 1 Northern, $1.05@$1.06; No. 2 Northern, $1.04@$1.05; No. 3 spring, 97½@$1.04. Corn—No. 2, 77½@¾c; No. 2 yellow, 78½c. No. 3, 77@78c; No. 3 yellow, 78¼c. Oats—No. 2 white, 51c; No. 3 white, 47½@48¾c; standard not quoted.

Duluth Car Inspection.

Wheat—No. 1 hard, 27; No. 1 northern, 231; No. 2 northern, 97; No. 3 spring, 56; No. 4 spring, 15; no grade, 17; western rej. 6; No. 1 durum, 274; No. 2 durum, 81; No. 3 durum, 42; No. 4 durum, 11. Total of durum, 408; mixed, 2. Total of wheat, 843; last year, 528.

Flax—No. 1 northwestern, 3; No. 1, 264; No. 2, 1. Total of flax, 268; last year, 67.

Corn, 1; oats, 51; rye, 20; barley, 81.

Total of all cars, 1,266. Cars on track today, 700.

THE MINNEAPOLIS MARKET.

War Cloud in the Balkans Causes Strength in Grains.

Minneapolis, Minn., Oct. 5.—First Liverpool cables were ¼d lower and it looked like a lower start for the week in the English markets. But the later cables were ⅝@¾d higher, which made it look different. The war cloud in the Balkans caused the strength. Conditions locally were bearish for the railroads brought in 1,139 compared with only 270 last year and the elevator stocks increased 800,000 bushels for two days. Duluth got 842 cars against 528 and Winnipeg 951 against 454. The war news turned it up and world's shipments showing that over 7,000,000 bushels went from America, helped the strength. The visible increase was 4,357,000 bus, but this had no effect, as export sales were put at 100 loads and the tone remained bullish. December opened at $1.00¾@1.00⅞; high, $1.01⅝@1.01¾; low, $1.00⅜; close, $1.01⅝. Old December closed at $1.01⅜. May opened at $1.04⅞; high, $1.05⅝; low, $1.04⅝; close, $1.05⅝.

Cash wheat demand was good despite the big receipts and millers bought No. 1 northern 1¾c over December and 2c over for the selections. No. 2 northern sold at December prices to ¼c under. Elevators bought freely. Late in the session 200,000 bushels No. 1 northern sold to arrive at 2c over December.

Close: No. 1 northern, spot or to arrive, $1.02⅞; No. 2 northern, spot or to arrive, $1.00⅞; No. 3 wheat, 96@99½c.

No. 3 yellow corn, 74½c.
No. 3 white oats, 46c.
No. 2 rye, 71¼@72¾c.

Barley receipts 155 cars against 257 last year; shipments 118. The market was dull and quotable at Saturday's prices to a fraction lower. Quality averaged much lower. Considerable was sold late. Close, 56½@57c.

Flax—Receipts, 115 cars; shipments, 88. Quoted steady at 1c under Duluth October. Close, $1.21⅝.

Millstuffs weaker and lower; bran in bulk, $17.75@18.25.

The week opened with good flour demand, firm prices, the largest shipments of any day so far this year. The mills grinding at a rate somewhat in excess of last week and the outlook favorable for the largest weekly production for a number of years. Shipments, 82,288 barrels. First patents, $5.65@5.80; second patents, $5.50@5.65; first clears, $4.45@4.55; second clears, $3.50@3.60.

Heard on the Floor.

"The flax movement is improving and more of the seed is coming to Duluth than at any time this season," said Charles H. Thornton, today.

"Inquiries are coming in from new quarters, as well and there is a better demand for flax now from buyers who have been out of the market for some time. The effect of this improvement in business can be noted in today's closing quotations."

* * *

The visible supply of corn increased 50,000 bushels, and is now 3,580,000 bus., against 3,847,000 bus. a year ago. The visible supply of oats increased 1,164,000 bus. and is now 7,793,000 bus. against 6,155,000 bus. a year ago.

* * *

Dennis wired from Chicago:

"Chicago had the smallest wheat receipts last week of any corresponding week in four years, and at that 220,000 bushels of it was spring wheat, take from Duluth to Chicago millers and distributors. Outside of that there were but 365,000 bushels.

New York Grain.

New York, Oct. 5.—Close: Wheat, December $1.08⅝; May, $1.09⅛; Corn, December, 76⅞c; May, 72¾c.

IN BOHEMIA.

Thomas A. Daly, the Philadelphia poet, responded, at a recent shad breakfast, to the toast, "Bohemia."

"Bohemia is a pleasant place," said Mr. Daly, "but a steady job is better, on the whole. A heavy shower drove me the other day into a favorite Bohemian resort on Peanut street. Bohemians surrounded me, young and old ones. They were drinking beer.

"As a waiter hurried to and fro, I noticed that every little while he would pause before a slate and scrawl something on it. I walked over to the slate and saw a great multitude of phrases such as:

"'Old Shoes, 5c; Black Underwear, 15c; Fringed Pants, 25c; One Black and One Red Sock, 10c.'

"I couldn't resist asking the waiter what all that meant.

"'Well, sir,' said he, 'I don't know the names of most of these gents; so when I give 'em tick, I have to take note of some peculiarity of their get-up.'"

The United States has the greatest variety of postage stamps.

WEAKNESS IN STOCKS

Due Mainly to Fear of War Over Bulgaria's Action.

All, Except Hill Stocks, Closed Below Saturday's Last Figures.

New York, Oct. 5.—A violent break in the opening prices of stocks was the response to the news from abroad of the declaration of independence from Bulgaria. While the internationally listed stocks were most affected, practically all of the active speculative issues were down 1 to over 2 points. St. Paul and National Lead declined 2⅜, Canadian Pacific 2, Union Pacific, Great Northern preferred and Baltimore & Ohio 1⅜. Supporting orders caused a rally from the opening.

The support extended to the market resisted all attempts to break prices again, and prices rose steadily to the neighborhood of Saturday's closing or above. The Hill stocks were conspicuously strong, Great Northern preferred selling 1¾ and Northern Pacific 2½ beyond last week's closing. American Locomotive preferred and General Electric also gained 2½.

The further advance in the Hill railroad stocks imparted animation to the whole market, but prices in the general list did not rise much over the Saturday closing level. Northern Pacific's gain reached 3⅝, Iowa Central preferred 1½ and Erie's 1⅜. Bonds were irregular.

The rise in the market was largely extended, some stocks which had not figured in the recovery earlier becoming prominent. General Electric got up 5 points, Cleveland, C., S. & St. Louis and Minneapolis & St. Paul 3, the Norfolk & Western stocks 2, Union Pacific 1½, Reading 1⅝ and St. Paul, Chicago & Alton, American Smeltin, and Railway Steel Spring 1.

Realization began in the general market after Northern Pacific had extended its advance to 5 points. St. Paul, Union Pacific and Reading receded a point but the Hill stocks hovered close to the best. United Railway and Investment preferred jumped 5 points and International Pump preferred 4, Allis-Chalmers declined 2.

The market closed weak and active. The reaction of 1 to 2 points placed the level of prices below the Saturday closing again, except for the Hill stocks, Union Pacific and Southern Pacific dropped 2⅛ and 2¼ below Saturday, which was lower than the early break. Lackawanna sold at a decline of 8 points. United Railway & Investment rose 3. Fears of further bad effects on the powers is in favor of the maintenance of the European Turkey under a regime of liberty.

New York stock quotations furnished by Fred H. Merritt, 328 West Superior street. Closing prices are bid.

Drafters, choice	120@155
Drafters, common to good	60@115
Farm mares and chunks, extra	140@170
Farm mares and chunks, choice	110@140
Farm mares, common to good	60@110
Delivery, choice	130@175
Drivers and saddlers	125@200
Mules, according to size	140@205

Chicago Livestock.

Chicago, Oct. 5.—Cattle—Receipts, about 32,000; market 10@15c lower; beeves, $3.60@7.55; Texans, $3.40@4.90; westerners, $3.25@5.90; stockers and feeders, $2.60@4.75; cows and heifers, $1.70@5.50; calves, $6.00@8.50. Hogs—Receipts, about 29,000; market 10c lower; light, $6.15@6.90; mixed, $6.25@7.05; heavy, $6.25@7.10; rough, $6.25@6.40; good to choice, heavy, $7.05@7.10; pigs, $3.60@5.75; bulk of sales, $6.45@6.75. Sheep—Receipts, about 24,000; market 10c higher; native, $2.50@4.40; western, $2.60@4.40; yearlings, $4.40@5.00; lambs, $4.00@6.10; western, $4.00@6.15.

The Cotton Market.

New York, Oct. 5.—The cotton market opened steady at a decline of 3@4 points, in response to lower cables, and after a little irregularity sold off to a net decline of 8@10 points. Private cables reported no improvement in the Manchester situation, and while there was sufficient covering to check the decline during the middle of the morning, prices showed little rallying power and remained within a point or so of the lowest. Futures opened steady; October, $.75; December, 8.57; January, 8.35; March, 8.34; May, 8.36; July, 8.39; August, 8.35 asked.

Futures closed barely steady. Closing bids: October, 8.64; November, 8.49; December, 8.50; January, 8.27; February, 8.26; March, 8.26; May, 8.29; July, 8.30. Spot closed quiet, 10 points decline; middling uplands, 9.05; middling gulf, 9.30; sales, 450 bales.

St. Paul Livestock.

St. Paul, Oct. 5.—Cattle—Receipts, 8,800; market 10@15c lower; steers, $4.00@6.75; cows and heifers, $2.40@5.00; calves, $4.50@6.00; feeders, $2.40@4.25; stockers, $2.00@3.00. Hogs—Receipts, 3,400; market 10c lower; range, $6.00@6.50; bulk of sales, $6.10@6.20. Sheep—Receipts, 6,000; market steady; sheep, $2.25@4.25; lambs steady at $4.75@5.75.

Treasury Balances.

Washington, Oct. 5.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve, shows: Available cash balance, $180,203,072; gold coin and bullion, $36,754,533; gold certificates, $38,626,550.

New York Money.

New York, Oct. 5.—Close: Prime mercantile paper, 4¼@4½ per cent. Sterling exchange, firm, with actual business in bankers' bills at $4.84.85@4.84.95 for sixty-day bills, and at $4.86.20 for demand. Commercial bills $4.84¼@$4.84½. Bar silver, 51⅝c. Mexican dollars, 45 cents. Government bonds, steady; railroad bonds, irregular. Money on call, easy, 1@1¼ per cent; ruling rate, 1¼ per cent; closing bid, 1¼ per cent; offered at 1¼ per cent. Time loans, very dull and firm; sixty days, 2½@2¾ per cent, and ninety days, 2¾@3 per cent; six months, 3¼@3½ per cent.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of Thirteen Hundred Sixty-five ($1,365) Dollars which is claimed to be due, and is due at the date of this notice upon a certain mortgage given, executed and delivered by George W. Gardner and Sarah R. Gardner, his wife, mortgagors to Elizabeth Baker, mortgagee, bearing date the 8th day of June, 1903, and with a Power of Sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of St. Louis and State of Minnesota on the 23rd day of June, A. D., 1905, at two o'clock p. m., in Book 162 of mortgages, on page 552, and no action or proceeding having been instituted at law or otherwise to recover the debt secured by said mortgage, or any part thereof,

NOW THEREFORE, notice is hereby given that by virtue of the Power of Sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, namely:

The west half of the southeast quarter of Section Twenty-four (24) in Township Fifty (50) North of Range Twenty-one (21) West of the Fourth Principal Meridian in St. Louis County and State of Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said St. Louis County at the front door of the Court House in the City of Duluth in said County and State, on the 19th day of November, A. D. 1908, at 10 o'clock in the forenoon of that day, at public vendue to the highest bidder for cash to pay said debt of Thirteen Hundred Sixty-five ($1,365) Dollars, and Interest, and Twenty-five ($25) Dollars Attorney's fees as stipulated in and by said mortgage, in case of foreclosure and the disbursements allowed by law, subject to redemptions at any time within one year from the date of sale as provided by law.

Dated Oct. 5, A. D. 1908.

Howe Lumber Company, a Corporation, Plaintiff,
vs.
Christopher Heinzman, Mary Heinzman, his wife, (the name Mary being fictitious, her real name being unknown), and also all other persons or parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, Defendants.

The State of Minnesota to the above named defendants:

You, and each of you, are hereby summoned and required to answer the complaint of the plaintiff in the above entitled action, which complaint has been filed in the office of the clerk of said District Court, at the city of Duluth, County of St. Louis, and state of Minnesota, and to serve a copy of your answer to said complaint on the subscribers, at their offices, 510-516 First National Bank Building, in the city of Duluth, in the said County of St. Louis, within twenty days after the service of this summons upon you, exclusive of the day of such service; and if you fail to answer the said complaint within the time aforesaid, the plaintiff in this action will apply to the court for the relief demanded in said complaint, together with plaintiff's costs and disbursements herein.

Dated, September 19th, 1908.

SULLIVAN & GRANT,
Attorneys for Plaintiff,
510-516 First National Bank Building, Residence 1028 E. First street, Duluth, Minn.

No personal claim is made in this action against any of said defendants above named.

Duluth Evening Herald—Sept. 28, Oct. 5-12-19-26, Nov. 2, 1908.

STATE OF MINNESOTA, COUNTY OF St. Louis.—ss.
District Court, Eleventh Judicial District.
Tower Lumber Company, a corporation, Plaintiff,
vs.
The unknown heirs of John Mitchell, deceased, and also all other persons or parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, Defendants.

The State of Minnesota to the above named defendants:

You, and each of you, are hereby summoned and required to answer, the complaint of the plaintiff in the above entitled action, which complaint has been filed in the office of the clerk of said District Court, at the city of Duluth, county of St. Louis, and state of Minnesota, and to serve a copy of your answer to said complaint on the subscribers, at their offices, 510-516 First National Bank Building, in the city of Duluth, in said county of St. Louis, within twenty days after the service of this summons upon you, exclusive of the day of such service; and if you fail to answer the said complaint within the time aforesaid, the plaintiff in this action will apply to the court for the relief demanded in said complaint, together with plaintiff's costs and disbursements herein.

Dated, September 19th, 1908.

SULLIVAN & GRANT,
Attorneys for Plaintiff,

TURKEY APPEALS

To Powers to Crush Bulgaria's Move for Independence.

Sultan Tells Ferdinand Berlin Treaty Must be Respected.

Constantinople, Oct. 6.—The council of ministers, had a long session this morning to consider the action of Bulgaria, in declaring her independence of Turkey, at Tirnova yesterday. It was decided that it is impossible to accept any proceedings that violate existing treaties, and that Turkey shall address a circular note to the powers, pointing out the necessity of taking measures to enforce respect for the treaty of Berlin.

Replying to the telegram sent the Turkish government by Prince Ferdinand, in which he said that in declaring the independence of Bulgaria, he had been compelled to respect the voice of the nation, and expressed the hope that the friendly relations between the two countries would continue, Turkey says she has invited the powers to confer on the situation, and as her rights are guaranteed by the powers, she will look to them for their defense. The Yenai Gazette, organ of the Grand Vizier, says today:

"We are ready to defend our rights with all our strength. As the action of Bulgaria is not only directed against us, but against all the powers, we should ask the powers to defend their interests and protect the provisions of the treaty of Berlin."

According to this same journal, Austria-Hungary has informed the powers of her intention of withdrawing her troops from the Sanjak of Novipazar.

Powers Discuss Congress.

St. Petersburg, Oct. 6.—The intention of Russia to convoke a congress of the powers to discuss revision of the teraty of Berlin was the subject of long conferences between Acting Minister of Foreign Affairs Tcharykoff and the diplomatic representatives of the powers interested. These included the Turkish, British and Austro-Hungarian ambassadors. No statement of the attitude of the Russian government is obtainable today, and the diplomats are unwilling to commit themsleves regarding the possibility of a Turco-Bulgarian war as a result of Bulgaria's declaration of independence, but the general impression is that Turkey will not regard Bulgaria's action, which was taken in the face of emphatic Rus-

DULUTH GIRL LOSES DIAMOND

Chicago, Oct. 6.—(Special to The Herald.)—Miss Coy Nelson of Duluth left a diamond ring in a drug store where she was making some purchases. Hulbert Brown took it, but was arrested, and the ring was recovered.

Miss Nelson was formerly employed as telephone operator by Gay & Sturgis, stock brokers.

TRAIN KILLS DEAF MUTES.

They Were "Talking" and Did Not Hear Its Approach.

Darlington, Wis., Oct. 6.—Two well known deaf mutes of this city, Robert Williams and Fred Buss, were instantly killed Sunday by a Milwaukee passenger train, about a mile out of the city. They had been taking a stroll and were in animated conversation and in consequence did not become aware of its approach until the oncoming train was upon them, too late for them to get out of its way. The engineer of the train had been in a train wreck the day before, but no blame, it is said, is attached to him. Williams leaves a wife and two children, but divorce proceedings are pending. Buss is survived by his parents and several brothers and sisters.

800,000 WOMEN TO FIGHT CONSUMPTION

Washington, Oct. 6.—Great impetus was given the anti-tuberculosis movement when the American federation of women's clubs enlisted in the cause yesterday. With a membership of 800,000 women, this organization's active support in the campaign of educa-

MRS. PHILLIP N. MOORE.

tion was pledged by Mrs. Phillip N. Moore of St. Louis, Mo., the president at a public meeting of womens' clubs at the New National Museum, where the tuberculosis exposition is being held.

WEST AIDS HIS VOICE

Hughes Tells South Dakotans This is Great Country.

Governor Opposes Bryan's Remedies Because They Are Untried.

Watertown, S. D., Oct. 6.—Sweeping across Dakota in his tour of the states of the Northwest, Governor Charles F. Hughes of New York, in a speech here this morning declared he had become thoroughly westernized.

"An Eastern man is lucky when he gets into the West," said Governor Hughes, "you Westerners may have some prejudice against the East, personally I like the Western air, it agrees with me. It has restored my voice.

"There are many of us on the Atlantic coast who look longingly toward the great Northwest. It is here to which we look for moral courage, vigor and intensity of purpose. I myself feel like a western born in the East. I have left my own state to come out here because of my interest in the present campaign.

"This business of electing a president is not a mere matter of fanciful choice. I perceive that many of you are agriculturists, your interests and the interests of the merchant and manufacturer are bound up in this campaign. You cannot divide the people off into sections and say you will do this for agriculture, this for labor and that for the banker. We have all got to get up together, or we shall all go down together; what we want is a wider opportunity for honest enter-

(Continued on page 5, sixth column.)

MRS. FLYNN GOES ON FREIGHT CARS

Chicago, Oct. 6.—On a freight train, all the way from New York, came "Miner" J. A. Jones and his wife, to attend the annual convention of the Industrial Workers of the World.

Mrs. Jones was better known as Elizabeth Gurley Flynn, before she married Jones. The couple met at the Haywood trial and were wedded last January.

Jones and his wife came from Philadelphia to Chicago in 55 hours via freight, a record any cinder-studded "bo" might be proud of.

Among the convention delegates not one is more prominent than Mrs. Jones, who in New York is hailed as the "East-side Joan of Arc." Attired in jaunty felt hat and a long, romantic cape such as Rosalind might have worn in the forest of Arden, she captivates earnest thinkers with her forceful eloquence.

Mrs. Jones will be remembered by Duluth people. She was prominent here during the strike of the miners of the ranges, and addressed a mass meeting in Duluth, in the interests of the Industrial Workers of the World. Her husband was arrested at Aurora during the strike, when the authorities were on the lookout for anything approaching a "red" demonstration, but there was no charge against him, and he was released, later bringing suit for false arrest and imprisonment. He failed to recover damages.

MILKMAN DELAYS THE FIRST TRAIN

Butte, Mont., Oct. 6.—The first regular passenger train from Butte to Chicago over the Pacific coast extension of the Chicago, Milwaukee & St. Paul railway left this city yesterday several minutes late, because of a tardy milkman, who failed to supply the combination cafe and observation car on time. The train waited for the milk vendor. It carried a goodly number of passengers.

WOMAN LEAVES HUSBAND.

Alleged to Have Eloped With the Star Boarder.

Coleman, Alberta, Oct. 6.—Mrs. Thomas Merriman, with her 12-year-old daughter, eloped yesterday with a boarder in her house named Ben Reece. The couple bought tickets for St. Paul, selling all the furniture in the house to a Chinaman for $30, and leaving a note for Merriman, who was working in the mines, to this effect.

UNCLE SAM IS COUNTING TREES

Washington, Oct. 6.—The national conservation commission has caused the first comprehensive attempt at a census of the trees in the United States ever undertaken. The commission needs the information to help complete its inventory of the country's natural resources, which it will include in its report to the president, and since that report is to be submitted on the first of next year, it needs the information at once. In consequence the work on the census has been started with a rush and is now well under way. Estimates as to the amount of standing timber in the United States range all the way from $22,862,000,000 to two trillion board feet.

METHODIST CONFERENCE

Bishop Wilson Presides at Northern Minnesota Conference.

Annual Sermon Delivered by Rev. W. H. Easton of Monticello.

Litchfield, Minn., Oct. 6.—(Special to The Herald.)—The Northern Minnesota conference of the Methodist Episcopal church will convene here tomorrow morning with Bishop Luther B. Wilson, D. D., in the chair. After the devo-

BISHOP LUTHER B. WILSON.

tional exercises, the annual conference sermon will be delivered by Rev. W. H. Easton of Monticello. In the afternoon, the sacrament of the Lord's supper will be observed. Following this the anniversary of the Freedmen's Aid society will be discussed by Rev. M. C. B. Mason of Cincinnati, the corresponding secretary. The afternoon's exercises will close with a study of the book of Hosea, led by Rev. Dr. In-

(Continued on page 5, 4th column.)

TAFT TALKS AT ST. LOUIS

St. Louis, Oct. 6.—St. Louis was the Mecca of the Republican presidential candidate today. After short speeches at Moberly, Mexico, Montgomery, Warren and St. Charles, St. Louis was reached shortly after noon. An elaborate program of entertainment was prepared.

Mr. Taft made an extended address in the Coliseum in the afternoon. He will witness the parade and attend the ball of the Veiled Prophet in the evening, besides holding a public reception at the Planters' hotel. He will leave for Chicago at 1 o'clock Wednesday morning. Mr. Taft was awakened by the strains of a brass band at Moberly this morning. The train had not pulled in long ahead of time, and the populace was ready for him before the appointed hour. He was escorted uptown to the Halloran opera house, where, despite the fact that it was but 6 o'clock, he addressed an audience which completely filled the theater, and left nearly as many more on the outside. A steady rain did not dampen the ardor or enthusiasm.

ROBBERS FOILED; ONLY $35 TAKEN

Minneapolis, Oct. 6.—(Special to The Herald.)—A genuine Wesetrn hold-up, pulled off in Minneapolis, in the good old-fashioned way, was perpetrated late last night by two well-dressed young men, heavily masked with handkerchiefs and armed with heavy army revolvers, in the saloon of Peter Belline, 1629 Washington avenue north.

The bandits secured a little over $35, and were prevented from securing $300 more by a desperate dash for the rear door by Belline, at whom the robbers fired as he vanished.

Peter Twombey, a brother-in-law of Belline, was the only other person in the saloon at the time of the hold-up. He received an ugly gash across his forehead, as the result of not raising his hands above his head in exactly the manner ordered.

The police scoured the city in search of the men, of whom they have a good description, but were unable to find the slightest clue.

$100,000 FROM OIL TRUST TO ROOSEVLT CAMPAIGN--PARKER

Baltimore, Oct. 6.—"When President Roosevelt so sweepingly condemned Haskell for his alleged connection with Standard Oil, he perhaps forgot that in 1904 his (Roosevelt's) committee received $100,000 from Standard Oil for the campaign fund, and spent it."

This statement by Alton B. Parker of New York brought to their feet, in a burst of wild applause, 6,000 Democrats who assembled last night in Richmond Market hall to hear him.

GOVERNOR JOHNSON

Will Visit Iron Ranges and Speak at the Armory.

Exact Date of Duluth Speech Has Not Been Decided.

Arrangements have been about completed by the St. Louis county Democratic committee for the appearance here of Governor John A. Johnson. The date for the Duluth speech of the governor has not been definitely set, but according to the present plans the governor will appear either the latter part of next week or the first part of the week following.

The appearance of the governor was originally set for next Monday, but the presence here of Governor Cummins of Iowa on that date made the postponement of the Johnson speech advisable as the armory had already been secured by Governor Cummins and there was no other large hall available.

Governor Johnson will spend two or three days in Duluth and on the ranges.

Elaborate preparations are under way for the appearance of the governor. A torch light procession will be held; the Third Regiment band has been engaged, and there will be a political rally that promises to be the biggest event of the local campaign.

The committee that has the meeting in charge is neglecting nothing that will make the event one of the biggest political meetings ever held in this city.

SPRAY USED ON SHERMAN

Kendallville, Ind., Oct. 6.—With his voice almost used up owing to the excessive speechmaking of the last ten days, James S. Sherman, Republican candidate for the vice presidency, today reduced the number of towns in his daily itinerary to two.

Yesetrday he made five speeches, every one to out-of-door audiences, and the strain of talking in the open air seriously affected his throat. Although sprayed after every speech, the speaker's throat gradually grew hoarser, until at the night meeting the address were short, and Mr. Sherman returned to his private car thoroughly exhausted physically.

But two addresses will be made today, one at Bryan in the afternoon, and another at Toledo, at night, where the candidate has promised to take up new issues.

THREE THOUSAND RESUME LABOR

Red Lodge, Mont., Oct. 6.—All of the coal mines in this district, except the Bear Creek mines, resumed operations yesterday with increased forces, about 3,000 men returning to work.

Local dissensions have arisen at Bear Creek. The Bear Creek mines furnish most of the coal for commercial use throughout Montana, and the shutdown is working a hardship.

ENGINEER TORN TO PIECES.

Horrible Fate in California of Lake Linden Man.

Lake Linden, Mich., Oct. 6.—(Special to The Herald.)—Details have been received from Redonda Beach, Cal., of the horrible death that came recently to John Heimert, once a resident of Lake Linden, who was torn to pieces in the California town where he was employed as engineer at the Huntington power house.

He was oiling engine No. 2 preparatory to making its night run, and either did not hear the chief engineer's signal of two whistles, which repeat three times before the big 800-horsepower engine can start, or delayed too long after the warning was given. He was caught in the machinery and literally torn to atoms before the engine could be shut down.

One agonizing cry was all he gave, and when his fellow-workmen hurried to his rescue they beheld his lifeless body being torn to pieces by the flying engine which threw fragments of flesh and bone in all directions.

For two hours and thirty-five minutes the men gathered together the small bits of the disinembered body, some of which had been hurled through the windows and were picked up thirty feet distant from the building.

Registration Decreases.

New York, Oct. 6.—A general falling off in the number of voters registered on the first day of registration, as compared with the last presidential year, 1904, was noted when the totals were received from the various assembly districts in Greater New York, last night. The apparent apathy is explained in a great measure, however, by the new formalities required to be gone through this year by intending voters.

Dies to Aid Family.

East St. Louis, Ill., Oct. 6.—To prevent his wife and eight children from becoming impoverished by his own illness, August Figi cut the arteries in his wrists and died. The last thing he said to his wife was:

"It is no use wasting what little money we have in doctors bills and medicine for me. The children need it for winter clothes."

Figi was 49.

BASEBALL EXTRA!

PENNANT GOES TO DETROIT

Tigers Wipe the Earth With the Chicago Americans.

New York Plucks Easy Victory From Boston Nationals.

AMERICAN LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
DETROIT	4	1	0	0	0	0	0	0	2	7	13	0
CHICAGO	0	0	0	0	0	0	0	0	0	0	2	5

NATIONAL LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
BOSTON	0	0	0	0	0	0	0	1	0	1	6	2
NEW YORK	0	0	0	0	0	1	3	0	x	4	7	2

Although the lead of the Chicago National league team was slightly weakened by New York's victory over Boston yesterday, the situation remained practically unchanged when New York began play today. As on yesterday it is purely a question of New York playing practically faultless baseball in her remaining games even to tie Chicago for the leading position in the National league race. In that event a play-off on neutral grounds would be necessary to settle the championship. Of course there is a possibility that the decision of the National league directors in the case of the New York-Chicago game, now under dispute, may upset some of the present calculations, as all percentages thus far have been figured on the basis that the game was a tie. Neither Chicago nor Pittsburg has any more games to play this season in the regular schedule. New York, however, met Boston today and will again tomorrow on the Polo grounds here.

Chicago, Oct. 6.—Detroit today won the American league pennant for the second successive time, defeating Chicago handily by a score of 7 to 0.

Chicago Oct. 6.—Frenzied fans, keyed to the wildest enthusiasm by the critical stage of the American league series, in which today's game between the Chicago club and the Detroit team decided the championship, discounted the weather bureau's prediction of rain and long before the hour when the game was called, hurried to the South Side ball park.

For the second time in three days Chicago faced a championship game, and American league enthusiasts predicted that the wild scenes of Sunday's contest, between the National league teams of Chicago and Pittsburg would be repeated in the contest between the Chicagos and Detroits.

The figures showed that in the event of a victory for the Chicago team their percentage would be .586, while defeat for Chicago would mean that Detroit captures the pennant with a percentage of .588.

Play began at 2:30. White pitched for Chicago.

First inning: Detroit—McIntyre singled to center, Bush struck out, Crawford doubled into the right field crowd, McIntyre going to third. One man scored when Isbell fumbled Rossman's easy grounder. Rossman took second on Walsh's wild throw to first. Schaefer singled over second and Rossman scored, Schaefer going to second on the throw home. Tannehill fumbled Thomas' grounder and the latter safe. Downs flew out to Walsh. Donovan fouled out to Sullivan. Four runs.

Donovan and Thomas were the Detroit battery. Chicago—Hahn grounded out to Rossman, unassisted. Jones was an easy out, Donovan to Rossman. Isbell flew out to Crawford. No runs.

Second inning: Detroit—Parent threw McIntyre out at first. Bush was safe on an infield hit. Crawford singled to left but Bush was caught at third, Crawford reaching third on the throw. Cobb hit too hot for Parent and took third. Parent and Crawford took third scoring a second later when Walsh threw wild to first. Cobb was forced at second by Rossman. One run.

Chicago—Dougherty flew out to Schaefer. Davis fouled out to Thomas. Parent walked. Sullivan fanned. No runs.

Third inning: Detroit—Schaefer grounded out, short to first. Thomas fared likewise. Davis captured Downs' fly. No runs.

Chicago—Tannehill struck out. Walsh flew out to left. Hahn went out the same way. No runs.

Fourth inning: Detroit—Donovan struck out. McIntyre singled to center. Sullivan was forced at second by Bush, Parent to Davis. Crawford singled to right, and Cobb grounded out to Isbell. No runs.

Chicago—Jones struck out and Isbell was also unable to connect, as was Dougherty. No runs.

The Sox' First Hit.

In the fifth inning Smith went into the box for Chicago. Rossman fouled out to Tannehill. Schaefer singled to right. Thomas flew out to center and Downs fouled out to Sullivan. No runs for Chicago; Davis struck out and Parent flew out to Schaefer. Sullivan singled to center making Chicago's first hit. Schaefer took Tannehill's easy fly. No runs.

In the sixth inning for Detroit, Donovan struck out and McIntyre suffered the same fate. Bush fouled out to Sullivan. No runs. For Chicago, Smith singled to left. Hahn walked. Atz, who in the enthusiasm of his coaching entered the diamond several times was sent to the bench by Umpire Sheridan and later was sent out of the grounds for disputing the order. Jones struck out, as did Isbell, and Dougherty flew out to center. No runs.

In the seventh for Detroit, Crawford went out, Davis to Isbell. Cobb bunted safely to third. Rossman went out at first, Parent to Isbell, Cobb making third on the play. Schaefer went out, Tannehill to Isbell. No runs. For Chicago, Davis flew out to right, Parent flew to Bush, and Sullivan flied out to center. No runs.

Two More Tigers Fan.

In the eighth inning, for the Tigers, Thomas struck out. Downs went out, Tannehill to Isbell. Donovan struck out. No runs. For Chicago, Tannehill flew out to left. Smith struck out. Hahn grounded out, Downs to Rossman. No runs.

In the ninth inning for Detroit, McIntyre was safe on Davis' fumble and went to second on Bush's single to left. He scored on Crawford's single to left, Bush taking second. Cobb sacrificed both runners advancing. Rossman went out, Smith to Isbell, Bush scoring on the play. Schaefer fanned. Two runs. For Chicago, Jones walked. Isbell flew out to Schaefer. Dougherty fouled out to Thomas. Davis flew out to right field. Score, 7 to 0, for Detroit.

MUST PLAY OFF TIE, THURSDAY

National League Directors Rule on Giant-Cubs Contest.

Cincinnati, Oct. 6.—The New York and Chicago National league clubs must play off their tie game of Sept. 23 on Thursday, Oct. 8.

This decision is announced by three National league directors, who earlier today decided that the game was a tie.

Gyroscope in Torpedo.

London, Oct. 6.—The Telegraph announces the perfection of a new torpedo, which, it says, "places the equipment of the British fleet far ahead of rival powers, and which will revolutionize naval tactics." It is understood the torpedo has an improved type of gyroscope for keeping it on its course.

HOW THEY STAND NOW:

Detroit	90	63	.588
Cleveland	90	64	.584
Chicago	88	64	.579

New York, Oct. 6.—New York's chances of playing off a final decisive game with Chicago for the National league pennant brightened today when the home club again won from Boston. This makes the standing of the leaders as follows:

Chicago, .641.
New York, .638.
Pittsburg, .636.

New York plays its final game with Boston tomorrow and if the home club wins New York will be tied with Chicago for first place.

News that the National League directors had decided the game played with Chicago Sept. 23 a tie was received just before the game. Batteries: For New York, Wiltse and Bresnahan; for Boston, Ferguson and Bowerman. Umpires—Johnstone and Klem.

The first part of the game was a superb pitchers' struggle between Wiltse and Ferguson in which the bean-eating twirler was fully a match for his Gotham equal. In breathless suspense the crowd saw the first, second, third, fourth and fifth innings go by without a score being made on either side.

The fun began in the sixth when New York came to with one tally and then followed it up in the seventh with three more. Score, 4 to 0.

New York did not score in the eighth, but Boston killed the possibility of a shut out by getting one run. Score, 4 to 1.

No runs were made in the final inning. Score, 4 to 1 for New York.

OTHER GAMES TODAY

Cleveland Wins.

St. Louis, Mo., Oct. 6.—American league:

TURKEY APPEALS

To Powers to Crush Bulgaria's Move for Independence.

Sultan Tells Ferdinand Berlin Treaty Must be Respected.

Constantinople Oct. 6.—The council of ministers had a long session this morning to consider the action of Bulgaria in declaring her independence of Turkey at Tirnova yesterday. It was decided that it is impossible to accept any proceedings that violate existing treaties and that Turkey shall address a circular note to the powers, pointing out the necessity of taking measures to enforce respect for the treaty of Berlin.

Replying to the telegram sent the Turkish government by Prince Ferdinand in which he said that in declaring the independence of Bulgaria, he had been compelled to respect the voice of the nation and expressed the hope that the friendly relations between the two countries would continue, Turkey says she has invited the powers to confer on the situation and as her rights are guaranteed by the powers, she will look to them for their defense. The Yeni Gazette organ of the Grand Vizier says today.

"We are ready to defend our rights with all our strength. As the action of Bulgaria is not only directed against us but against all the powers, we should ask the powers to defend their interests and protect the provisions of the treaty of Berlin."

According to this same journal, Austria-Hungary has informed the powers of her intention of withdrawing her troops from the Sanjak of Novipazar.

Powers Discuss Congress.

St. Petersburg, Oct. 6.—The intention of Russia to convoke a congress of the powers to discuss revision of the teraty of Berlin was the subject of long conferences between Acting Minister of Foreign Affairs Tcharykoff and the diplomatic representatives of the powers interested. These included the Turkish, British and Austro-Hungarian ambassadors. No statement of the attitude of the Russian government is obtainable today, and the diplomats are unwilling to commit themselves regarding the possibility of a Turco-Bulgarian war as a result of Bulgaria's declaration of independence, but the general impression is that Turkey will not regard Bulgaria's action, which was taken in the face of emphatic Rus-

DULUTH GIRL LOSES DIAMOND

Chicago Oct. 6.—(Special to The Herald.)—Miss Coy Nelson of Duluth left a diamond ring in a drug store where she was making some purchases. Hulbert Brown took it, but was arrested, and the ring was recovered.

Miss Nelson was formerly employed as telephone operator by Gay & Sturgis, stock brokers.

TRAIN KILLS DEAF MUTES.

They Were "Talking" and Did Not Hear Its Approach.

Darlington Wis. Oct. 6.—Two well known deaf mutes of this city, Robert Williams and Fred Buss, were instantly killed Sunday by a Milwaukee passenger train about a mile out of the city. They had been taking a stroll and were in animated conversation and in consequence did not become aware of its approach until the oncoming train was upon them, too late for them to get out of its way. The engineer of the train had been in a train wreck the day before but no blame, it is said, is attached to him. Williams leaves a wife and two children but divorce proceedings are pending. Buss is survived by his parents and several brothers and sisters

800,000 WOMEN TO FIGHT CONSUMPTION

Washington, Oct. 6.—Great impetus was given the anti-tuberculosis movement when the American federation of women's clubs enlisted in the cause yesterday. With a membership of 800,000 women, this organization's active support in the campaign of educa-

MRS. PHILLIP N. MOORE.

tion was pledged by Mrs. Phillip N Moore of St. Louis, Mo., the president at a public meeting of womens' clubs at the New National Museum, where the tuberculosis exposition is being held.

WEST AIDS HIS VOICE

Hughes Tells South Dakotans This is Great Country.

Governor Opposes Bryan's Remedies Because They Are Untried.

Watertown, S. D., Oct. 6.—Sweeping across Dakota in his tour of the states of the Northwest, Governor Charles F. Hughes of New York, in a speech here this morning declared he had become thoroughly westernized.

"An Eastern man is lucky when he gets into the West," said Governor Hughes, "you Westerners may have some prejudice against the East, personally I like the Western air, it agrees with me. It has restored my voice.

"There are many of us on the Atlantic coast who look longingly toward the great Northwest. It is here to which we look for moral courage, vigor and intensity of purpose. I myself feel like a western born in the East. I have left my own state to come out here because of my interest in the present campaign.

"This business of electing a president is not a mere matter of fanciful choice. I perceive that many of you are agriculturists, your interests and the interests of the merchant and manufacturer are bound up in this campaign. You cannot divide the people off into sections and say you will do this for agriculture, this for labor and that for the banker. We have all got to get up together, or we shall all go down together what we want is a wider opportunity for honest enter-

(Continued on page 5, sixth column.)

MRS. FLYNN GOES ON FREIGHT CARS

Chicago, Oct 6.—On a freight train, all the way from New York, came "Miner" J. A. Jones and his wife, to attend the annual convention of the Industrial Workers of the World.

Mrs. Jones was better known as Elizabeth Gurley Flynn, before she married Jones. The couple met at the Haywood trial and were wedded last January.

Jones and his wife came from Philadelphia to Chicago in 55 hours via freight, a record any cinder-studded "bo" might be proud of.

Among the convention delegates not one is more prominent than Mrs. Jones, who in New York is hailed as the "East-side Joan of Arc." Attired in jaunty felt hat and a long, romantic cape such as Rosalind might have worn in the forest of Arden, she captivates earnest thinkers with her forceful eloquence

Mrs. Jones will be remembered by Duluth people. She was prominent here during the strike of the miners of the ranges, and addressed a mass meeting in Duluth in the interests of the Industrial Workers of the World. Her husband was arrested at Aurora during the strike, when the authorities were on the lookout for anything approaching a "red" demonstration, but there was no charge against him, and he was released, later bringing suit for false arrest and imprisonment. He failed to recover damages.

MILKMAN DELAYS THE FIRST TRAIN

Butte, Mont., Oct. 6.—The first regular passenger train from Butte to Chicago over the Pacific coast extension of the Chicago, Milwaukee & St. Paul railway left this city yesterday several minutes late, because of a tardy milkman, who failed to supply the combination cafe and observation car on time. The train waited for the milk vendor. It carried a goodly number of passengers.

WOMAN LEAVES HUSBAND.

Alleged to Have Eloped With the Star Boarder.

Coleman, Alberta, Oct. 6.—Mrs. Thomas Merriman, with her 12-year-old daughter, eloped yesterday with a boarder in her house named Ben Reece. The couple bought tickets for St. Paul, selling all the furniture in the house to a Chinaman for $30, and leaving a note for Merriman, who was working in the mines, to this effect.

UNCLE SAM IS COUNTING TREES

Washington, Oct. 6.—The national conservation commission has caused the first comprehensive attempt at a census of the trees in the United States ever undertaken. The commission needs the information to help complete its inventory of the country's natural resources, which it will include in its report to the president, and since that report is to be submitted on the first of next year, it needs the information at once. In consequence the work on the census has been started with a rush and is now well under way. Estimates as to the amount of standing timber in the United States range all the way from $22,862,000,000 to two trillion board feet.

METHODIST CONFERENCE

Bishop Wilson Presides at Northern Minnesota Conference.

Annual Sermon Delivered by Rev. W. H. Easton of Monticello.

Litchfield, Minn., Oct. 6.—(Special to The Herald.)—The Northern Minnesota conference of the Methodist Episcopal church will convene here tomorrow morning with Bishop Luther B. Wilson, D. D., in the chair. After the devo-

BISHOP LUTHER B. WILSON.

tional exercises, the annual conference sermon will be delivered by Rev. W. H. Easton of Monticello. In the afternoon, the sacrament of the Lord's supper will be observed. Following this the anniversary of the Freedmen's Aid society will be discussed by Rev. M. C. B. Mason of Cincinnati, the corresponding secretary. The afternoon's exercises will close with a study of the book of Hosea, led by Rev. Dr. In-

(Continued on page 5, 4th column.)

TAFT TALKS AT ST. LOUIS

St. Louis, Oct. 6.—St. Louis was the Mecca of the Republican presidential candidate today. After short speeches at Moberly, Mexico, Montgomery, Warren and St. Charles, St. Louis was reached shortly after noon. An elaborate program of entertainment was prepared.

Mr. Taft made an extended address in the Coliseum in the afternoon. He will witness the parade and attend the ball of the Veiled Prophet in the evening, besides holding a public reception at the Planters' hotel. He will leave for Chicago at 1 o'clock Wednesday morning. Mr. Taft was awakened by the strains of a brass band at Moberly this morning. The train had not pulled in long ahead of time, and the populace was ready for him before the appointed hour. He was escorted uptown to the Halloran opera house, where, despite the fact that it was but 6 o'clock, he addressed an audience which completely filled the theater, and left nearly as many more on the outside. A steady rain did not dampen the ardor or enthusiasm.

ROBBERS FOILED; ONLY $35 TAKEN

Minneapolis, Oct. 6.—(Special to The Herald.)—A genuine Western hold-up, pulled off in Minneapolis, in the good old-fashioned way, was perpetrated late last night by two well-dressed young men, heavily masked with handkerchiefs and armed with heavy army revolvers, in the saloon of Peter Belline, 1629 Washington avenue north.

The bandits secured a little over $35, and were prevented from securing $200 more by a desperate dash for the rear door by Belline, at whom the robbers fired as he vanished.

Peter Twombey, a brother-in-law of Belline, was the only other person in the saloon at the time of the hold-up. He received an ugly gash across his forehead, as the result of not raising his hands above his head in exactly the manner ordered.

The police scoured the city in search of the men, of whom they have a good description, but were unable to find the slightest clue.

$100,000 FROM OIL TRUST TO ROOSEVLT CAMPAIGN---PARKER

Baltimore, Oct. 6.—"When President Roosevelt so sweepingly condemned Haskell for his alleged connection with Standard Oil, he perhaps forgot that in 1904 his (Roosevelt's) committee received $100,000 from Standard Oil for the campaign fund, and spent it."

This statement by Alton B. Parker of New York brought to their feet, in a burst of wild applause, 6,000 Democrats who assembled last night in Richmond Market hall to hear him.

GOVERNOR JOHNSON

Will Visit Iron Ranges and Speak at the Armory.

Exact Date of Duluth Speech Has Not Been Decided.

Arrangements have been about completed by the St. Louis county Democratic committee for the appearance here of Governor John A. Johnson. The date for the Duluth speech of the governor has not been definitely set, but according to the present plans the governor will appear either the latter part of next week or the first part of the week following.

The appearance of the governor was originally set for next Monday, but the presence here of Governor Cummins of Iowa on that date made the postponement of the Johnson speech advisable as the armory had already been secured by Governor Cummins and there was no other large hall available.

Governor Johnson will spend two or three days in Duluth and on the ranges.

Elaborate preparations are under way for the appearance of the governor. A torch light procession will be held; the Third Regiment band has been engaged, and there will be a political rally that promises to be the biggest event of the local campaign.

The committee that has the meeting in charge is neglecting nothing that will make the event one of the biggest political meetings ever held in this city.

SPRAY USED ON SHERMAN

Kendallville, Ind., Oct. 6.—With his voice almost used up owing to the excessive speechmaking of the last ten days, James S. Sherman, Republican candidate for the vice presidency, today reduced the number of towns in his daily itinerary to two.

Yesterday he made five speeches, every one to out-of-door audiences, and the strain of talking in the open air seriously affected his throat. Although sprayed after every speech, the speaker's throat gradually grew hoarser, until at the night meeting the address were short, and Mr. Sherman returned to his private car thoroughly exhausted physically.

But two addresses will be made today, one at Bryan in the afternoon, and another at Toledo, at night, where the candidate has promised to take up new issues.

THREE THOUSAND RESUME LABOR

Red Lodge, Mont., Oct. 6.—All of the coal mines in this district, except the Bear Creek mines, resumed operations yesterday with increased forces, about 3,000 men returning to work.

Local dissensions have arisen at Bear Creek. The Bear Creek mines furnish most of the coal for commercial use throughout Montana, and the shutdown is working a hardship.

ENGINEER TORN TO PIECES.

Horrible Fate in California of Lake Linden Man.

Lake Linden, Mich., Oct. 6.—(Special to The Herald.)—Details have been received from Redonda Beach, Cal., of the horrible death that came recently to John Helmert, once a resident of Lake Linden, who was torn to pieces in the California town where he was employed as engineer at the Huntington power house.

He was oiling engine No. 2 preparatory to making its night run, and either did not hear the chief engineer's signal of two whistles, which repeat three times before the big 800-horsepower engine can start, or delayed too long after the warning was given. He was caught in the machinery and literally torn to atoms before the engine could be shut down.

One agonizing cry was all he gave, and when his fellow-workmen hurried to his rescue they beheld his lifeless body being torn to pieces by the flying engine which threw fragments of flesh and bone in all directions.

For two hours and thirty-five minutes the men gathered together the small bits of the dismembered body, some of which had been hurled through the windows and were picked up thirty feet distant from the building.

Registration Decreases.

New York, Oct. 6.—A general falling off in the number of voters registered on the first day of registration, as compared with the last presidential year, 1904, was noted when the totals were received from the various assembly districts in Greater New York, last night. The apparent apathy is explained in a great measure, however, by the new formalities required to be gone through this year by intending voters.

Dies to Aid Family.

East St. Louis, Ill., Oct. 6.—To prevent his wife and eight children from becoming impoverished by his own illness, August Figi cut the arteries in his wrists and died. The last thing he said to his wife was:

"It is no use wasting what little money we have in doctors bills and medicine for me. The children need it for winter clothes."

Figi was 49.

BASEBALL EXTRA!

PENNANT GOES TO DETROIT

Tigers Wipe the Earth With the Chicago Americans.

New York Plucks Easy Victory From Boston Nationals.

AMERICAN LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
DETROIT	4	1	0	0	0	0	0	0	2	7	13	0
CHICAGO	0	0	0	0	0	0	0	0	0	0	2	5

NATIONAL LEAGUE.

	1	2	3	4	5	6	7	8	9	R	H	E
BOSTON	0	0	0	0	0	0	0	1	0	1	6	2
NEW YORK	0	0	0	0	0	1	3	0	x	4	7	2

Although the lead of the Chicago National league team was slightly weakened by New York's victory over Boston yesterday, the situation remained practically unchanged when New York began play today. As on yesterday it is purely a question of New York playing practically faultless baseball in her remaining games even to tie Chicago for the leading position in the National league race. In that event a play-off on neutral grounds would be necessary to settle the championship. Of course there is a possibility that the decision of the National league directors in the case of the New York-Chicago game, now under dispute, may upset some of the present calculations, as all percentages thus far have been figured on the basis that the game was a tie. Neither Chicago nor Pittsburg has any more games to play this season in the regular schedule. New York, however, met Boston today and will again tomorrow on the Polo grounds here.

Chicago, Oct. 6.—Detroit today won the American league pennant for the second successive time, defeating Chicago handily by a score of 7 to 0.

Chicago Oct. 6.—Frenzied fans, keyed to the wildest enthusiasm by the critical stage of the American league series, in which today's game between the Chicago club and the Detroit team decided the championship, discounted the weather bureau's prediction of rain and long before the hour when the game was called, hurried to the South Side ball park.

For the second time in three days Chicago faced a championship game, and American league enthusiasts predicted that the wild scenes of Sunday's contest, between the National league teams of Chicago and Pittsburg would be repeated in the contest between the Chicagos and Detroits.

The figures showed that in the event of a victory for the Chicago team their percentage would be .586, while defeat for Chicago would mean that Detroit captures the pennant with a percentage of .588.

Play began at 2:30. White pitched for Chicago.

First inning: Detroit—McIntyre singled to center. Bush struck out. Crawford doubled into the right field crowd. McIntyre going to third. One man scored when Isbell fumbled Rossman's easy grounder. Rossman took second on Walsh's wild throw to first. Schaefer singled over second and Rossman scored. Schaefer going to second on the throw home. Tannehill fumbled Thomas' grounder and the latter safe. Downs flew out to Walsh. Donovan fouled out to Sullivan. Four runs.

Donovan and Thomas were the Detroit battery. Chicago—Hahn grounded out to Rossman, unassisted. Jones was an easy out, Donovan to Rossman. Isbell flew out to Crawford. No runs.

Second inning: Detroit—Parent threw McIntyre out at first. Bush was safe on an infield hit. Crawford singled to left but Bush was caught at third. Crawford reaching third on the throw. Cobb hit to left for Parent took third. Parent and Crawford took third scoring a second later when Walsh threw wild to first. Cobb was forced at second by Rossman. One run.

Chicago—Dougherty flew out to Schaefer. Davis fouled out to Thomas. Parent walked. Sullivan fanned. No runs.

Third inning: Detroit—Schaefer grounded out, short to first. Thomas fared likewise. Davis captured Downs' fly. No runs.

Chicago—Tannehill struck out. Walsh flew out to left. Hahn went out the same way. No runs.

Fourth inning: Detroit—Donovan struck out. McIntyre singled to center. Sullivan was forced at second by Bush, Parent to Davis. Crawford singled to right and Cobb grounded out to Isbell. No runs.

Chicago—Jones struck out and Isbell was also unable to connect, as was Dougherty. No runs.

The Sox' First Hit.

In the fifth inning Smith went into the box for Chicago. Rossman fouled out to Tannehill. Schaefer singled to right. Thomas flew out to center and Downs fouled out to Sullivan. No runs for Chicago. Davis struck out and Parent flew out to Schaefer. Sullivan singled to center making Chicago's first hit. Schaefer took Tannehill's easy fly. No runs.

In the sixth inning for Detroit, Donovan struck out and McIntyre suffered the same fate. Bush fouled out to Sullivan. No runs. For Chicago, Smith singled to left. Hahn walked. Atz, who in the enthusiasm of his coaching entered the diamond several times was sent to the bench by Umpire Sheridan and later was sent out of the grounds for disputing the order. Jones struck out, as did Isbell, and Dougherty flew out to center. No runs.

In the seventh for Detroit, Crawford went out, Davis to Isbell. Cobb hunted safely to third. Rossman went out at first, Parent to Isbell, Cobb making third on the play. Schaefer went out, Tannehill to Isbell. No runs. For Chicago, Davis flew out to right, Parent flew to Bush, and Sullivan flied out to center. No runs.

Two More Tigers Fan.

In the eighth inning, for the Tigers, Thomas struck out. Downs went out, Tannehill to Isbell. Donovan struck out. No runs. For Chicago, Tannehill flew out to left. Smith struck out. Hahn grounded out, Downs to Rossman. No runs.

In the ninth inning for Detroit, McIntyre was safe on Davis' fumble and went to second on Bush's single to left. He scored on Crawford's single to left. Bush taking second. Cobb sacrificed both runners advancing. Rossman went out, Smith to Isbell, Bush scoring on the play. Schaefer fanned. Two runs. For Chicago, Jones walked. Isbell flew out to Schaefer. Dougherty fouled out to Thomas. Davis flew out to right field. Score, 7 to 0, for Detroit.

MUST PLAY OFF TIE, THURSDAY

National League Directors Rule on Giant-Cubs Contest.

Cincinnati, Oct. 6.—The New York and Chicago National league clubs must play off their tie game of Sept. 23 on Thursday, Oct. 8.

This decision is announced by three National league directors, who earlier today decided that the game was a tie.

Gyroscope in Torpedo.

London, Oct. 6.—The Telegraph announces the perfection of a new torpedo, which, it says, "places the equipment of the British fleet far ahead of rival powers, and which will revolutionize naval tactics." It is understood the torpedo has an improved type of gyroscope for keeping it on its course.

HOW THEY STAND NOW:

NATIONAL LEAGUE.

	Won.	Lost.	Pct.
Chicago	98	55	.641
New York	97	55	.638
Pittsburg	98	56	.636

AMERICAN LEAGUE.

	Won.	Lost.	Pct.
Detroit	90	63	.588
Cleveland	90	64	.584
Chicago	88	64	.579

New York, Oct. 6.—New York's chances of playing off a final decisive game with Chicago for the National league pennant brightened today when the home club again won from Boston. This makes the standing of the leaders as follows:

Chicago, .641.
New York, .638.
Pittsburg, .636.

New York plays its final game with Boston tomorrow and if the home club wins New York will be tied with Chicago for first place.

News that the National League directors had decided the game played with Chicago Sept. 23 a tie was received just before the game. Batteries: For New York, Wiltse and Bresnahan; for Boston, Ferguson and Bowerman. Umpires—Johnstone and Klem.

The first part of the game was a superb pitchers' struggle between Wiltse and Ferguson in which the bean-eating twirler was fully a match for his Gotham equal. In breathless suspense the crowd saw the first, second, third, fourth and fifth innings go by without a score being made on either side.

The ten began in the sixth when New York came to with one tally and then followed it up in the seventh with three more. Score, 4 to 0.

New York did not score in the eighth, but Boston killed the possibility of a shut out by getting one run. Score, 4 to 1.

No runs were made in the final inning. Score, 4 to 1 for New York.

WOLVIN IS ON STAND

Says He Was the Prime Mover in Organizing B. & S. Company.

Syndicate Never Received Cash for the Options Transferred.

I've been the leading character in the whole proceedings since they started," said A. B. Wolvin, on the stand in district court this morning, when asked by Attorney J. B. Richards what part he played in the organization of the Butte & Superior Copper company, which is suing John McAlpine for $2,000 on a promissory note.

Mr. Wolvin was called by the defense for cross-examination and told of the first steps in the organization of the company. He told of negotiations with A. P. Peake for options on the properties, the trip of J. F. Killorlin, George H. Crosby and A. M. Chisholm to Butte and the payment of money by them on the options. He said they drew on him for $35,000 at that time, to complete a payment of between $60,000 and $65,000.

Mr. Richards sought to secure admissions from Mr. Wolvin of having made representations as to the value of the property prior to Feb. 11, 1907, the date on which McAlpine gave the note, but he failed to do so.

J. F. Killorlin was on the stand previous to Mr. Wolvin, this morning. He claimed to know very little about the first steps in the organization of the company, saying that he put in his money without knowing what interest he was to have or what he was going to get out of it. He said he received but 6,000 shares of the 200,000 shares received by Wolvin, Killorlin and Davis for their interests. Mr. Wolvin afterwards brought out that the three men acted in the transfer only for the sake of convenience, the options, which they held, being the property of a group of men.

The proceedings dragged considerably again this morning and brought from Judge Ensign several pointed complaints against the slow progress. Mr. Hollister protested often against Mr. Richards' line of questioning, claiming that he was wasting time, but the attorney for the defense refused to be hurried. It is expected that all of this week and a portion of next will be consumed by the trial.

That A. B. Wolvin, John F. Killorin and T. J. Davis never received, or had the benefit of the $67,500, appearing on the books of the company as having been paid to them by the Butte & Superior Copper company, as part consideration for the options they held on the property acquired by the company, was the statement of Assistant Treasurer Jesse B. Becher, on the stand in the suit of the company against John McAlpine, in district court, yesterday afternoon.

Mr. Becher, called for cross-examination under the statute by Mr. Richards for the defense, was under examination by Mr. Hollister for the plaintiff. He said the sum of $67,500 was entered as having been paid for the options, in addition to 307,180 shares of stock, but the money consideration was included merely as a convenience in bookkeeping. In reality, he said, it was used to make payments on options, which had come due, but had not been paid. The sum of $18,500 was afterward credited back to the company, $12,000 on development work and $6,500 credited back by A. P. Peake.

The amount of money paid to fee owners by the original promoters and organizers of the Butte & Superior company was again gone into by the attorneys. Mr. Becher said the original syndicate had really paid but $105,540.45 to the fee owners, the difference between that sum and the sum of $166,000, given by him in the morning as having been paid fee owners prior to the meeting of the company on Nov. 9, 1906, having been put up by the company.

D. T. Jenkins, secretary of the company, was again called by Mr. Hollister, and was questioned regarding statements by him on cross-examination by Mr. Richards. He repeated his statement that 173,568 shares of stock had been subscribed for prior to Feb. 11, 1907, but at the close of business, Feb. 11, 1907, he said, 244,805 shares had been subscribed for. That figure did not include nine shares of stock issued to the new directors, just prior to their election, nor the stock issued to fee owners and holders of options as payments on the options. He said the books of the company showed that the nine shares issued to the directors had been paid for at $5 a share.

Mr. Jenkins said that Mr. McAlpine had been treated the same as any other subscriber. He had never paid in full for any stock for which he subscribed, and no certificates had ever been issued to him.

It was also brought out that H. S. Clark, one of the fee owners of the Black Rock, had subscribed for 5,000 shares of stock at $4 a share, in lieu of a payment of $20,000 in cash, in 1907. He had previously received 80,000 shares of stock as part payment of his interest in the property.

PARKER STANDS PAT ON ATTACK

Dares Roosevelt to Reply to Standard Oil Charge.

Baltimore, Oct. 6.—"Well, it was coming to Roosevelt," said ex-Judge Alton B. Parker today, "and I gave it to him. Now let him reply."

Judge Parker referred to his attack on the president, made in his speech here last night, when he accused the president of having been tied up with F. H. Harriman and Standard Oil interests in the campaign of 1904, when he (Parker) was the Democratic candidate for president.

"What I had to say about the president I said in my speech last night," he declared, "and I don't know that I care to add to it just now. I stand by it all. Let him come back if he wants to. I give the facts and they speak for themselves."

GERMAN PIONEERS' ACTS COMMEMORATED.

Philadelphia, Oct. 6.—Two hundred and twenty-five years ago thirteen German families, numbering in all thirty-three persons landed in from the lower Rhine and established in what is now Germantown the first permanent German settlement in the United States. The commemoration of the event forms the principal feature of today's celebration of Founders' deck. Second to this is the celebration of municipal day with a parade this afternoon of police, firemen and letter carriers.

Scrofula

Few are entirely free from it.

It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce dyspepsia, catarrh, and marked tendency to consumption, before causing eruptions, sores or swellings.

To get entirely rid of it take the great blood-purifier,

Hood's Sarsaparilla

In usual liquid form or in chocolated tablets known as **Sarsatabs.** 100 doses $1.

THE FEDERAL COURT

Opens in Minneapolis for October Term, Judge Purdy Presiding.

Minneapolis, Minn., Oct. 6.—(Special to The Herald.)—Judge Milton D. Purdy opened the October term of the Federal court here today. The calendar is comparatively light, made up of thirty personal injury suits and three criminal cases, consisting of alleged schemes to defraud by use of the mails. Judge Page Morris is holding court this week at Minot, N. D., for Judge C. F. Amidon, so there is but one judge on the bench here for the opening of the term.

The federal grand jury convened today. The charges against W. R. Pepper will be considered by the grand jury. Pepper has ben given a preliminary hearing on a charge of using the mails with alleged intent to defraud by representations that he would engage the services of agents for medical preparations. What other matters may come before the grand jury are not known. The case against James T. Mulhall and his associates in the alleged scheme to defraud in operating a produce business, is the chief case of the term.

ROAD STRIKERS BALK AT RETURNING.

Winnipeg, Man., Oct. 6.—Great indignation was expressed at a mass meeting of the Canadian Pacific railroad strikers today. The men claim they have been asked to go back under worse conditions than existed when they went on strike. Telegrams were read fro mall parts of the system from Montreal to Vancouver showing that the men at these points are more dissatisfied than those in Winnipeg. The general sentiment of the meeting favored no settlement.

Dainty people with delicate tastes will find that the most delicious food can be produced always with Hunt's Perfect Baking Powder and Extracts.

Railway Commissioners Meet.

Washington, Oct. 6.—Great interest was shown in the twentieth annual meeting of the National Association of Railway Commissioners, which assembled today. During the three days the association will be in session many questions of importance as to the transportation interests of the country will be discussed. The meeting today was attended by members of the interstate commerce commission, railway commissioners from various states and territories. Members of railway accounting organizations and others interested in the problems of transportation.

SUMMER AMUSEMENT CONCERN ASSIGNS.

Milwaukee, Wis., Oct. 6.—The directors of the Wonderland Amusement company of this city today made a voluntary assignment for the benefit of creditors. Herman Nauman was appointed assignee. A schedule of liabilities and assets will be filed in about two weeks. The company conducted one of the largest summer amusement resorts in the city.

CURE FOLLOWED YEAR OF AGONY

Intense Itching Eczema Drove Him Nearly to Despair—Chief Surgeon of a London Hospital Called It Worst Case He Had Ever Seen—Got Little or No Relief Until

CUTICURA STOPPED HIS UNBEARABLE TORTURE

"About four years ago, in London, I was troubled by a severe itching and dry, scurfy skin on my ankles and feet. The same, in a few days, was the case with my arms and scalp. I could hardly keep from scratching, which, I need hardly say, made it worse. Then large red patches appeared, with inflammation and soreness. After ten days, thousands of small red pimples formed. On becoming dry, these caused intense itching. I was advised to go to the hospital for diseases of the skin. I did so and was an out-patient for a month or more, the chief surgeon saying: 'I never saw such a bad case of eczema.' But I got little or no relief. Then I tried many so-called remedies, but I became so bad that I almost gave up in despair. On coming to this country I heard so many accounts of cures by Cuticura Remedies that I resolved, as a last resource, to give them a trial. This was after suffering agonies for twelve months, and right glad am I that I did so, for I was relieved of the almost unbearable itching after two or three applications of Cuticura Ointment. I continued its use, combined with a liberal use of Cuticura Soap and Cuticura Resolvent Pills and am more than thankful to say that after using three sets of the Remedies, I was completely cured. I can only add that, should any one be suffering as I did, I hope that they will do as I did, and I am sure of the results. Henry Searle, 2022 Cross St., Little Rock, Ark., Oct. 8 and 10, '07."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases.

AFTER OHIO AND INDIANA

Democrats Will Try Hard for the Next Two Weeks.

Bryan to Deliver Speeches in Both These States.

Chicago, Oct. 6.—All the forces that the Democratic national committee can muster will be brought into action within the next two weeks, to make a successful fight in Indiana and Ohio.

National Chairman Mack and W. J. Bryan will confer tomorrow on the situation in those states and dates for Mr. Bryan to speak there will be arranged. It is further planned to send speakers of national prominence, including Governor Johnson of Minnesota, into the Middle West to aid in the final fight for Mr. Bryan. Mr. Mack said:

"While we are planning this vigorous fight in the Middle West there will be no let up to the efforts we are making East. We are trying to bring New York into the Democratic column, though I have been assured that we can win without the Empire state."

The national committee will have Mr. Bryan speak twice in Indiana and Ohio and Bourke Cockran, Governor Swanson of Virginia, Hoke Smith of Georgia and Congressman John Sharp Williams will lend their efforts in the Middle West.

BULGARIA TELLS OTHER POWERS

Diplomats Make Formal Announcement of Stand for Independence.

London, Oct. 6—The Bulgarian charge d'affaires, M. de Breff, today officially informed Great Britain of Bulgaria's declaration of independence.

The Bulgarian government instructed its representatives to say also that in proclaiming her independence, Bulgaria had no desire for war and that her aims were eminently peaceful.

All the Bulgarian diplomatic representatives abroad are taking similar action.

SUPERIOR NEWS

THROWN FROM BOX CAR; MAY DIE

Felix McCabe Sustains a Broken Back as Result of Railroad Accident.

The first accident to occur in Superior on the new Wisconsin Central road took place this morning, when Felix McCabe, a brakeman, was thrown from the top of a freight car and sustained a broken back as a result. He was taken to St. Mary's hospital, where he is in a critical condition. Doctors fear he cannot live.

The accident happened in the yards of the Wisconsin Central road. McCabe was on top of a box car that was being switched to a side track, when the car became derailed, and McCabe was thrown to the ground.

PERSONAL INJURY SUITS.

Three Actions Aggregating $40,000 Filed in Superior Court.

Personal injury suits aggregating $40,000 were filed with the clerk of the superior court yesterday. Peter Laucvik demands $25,000 from the Marsden company and W. Gibbs for injuries received while working on the construction of a feed mill on the site of the Grand Republic mill. While wheeling brick, he fell from a plank and dropped fourteen feet to the basement.

Andrew Rue sues the Rogers-Ruger Lumber company for $5,000 for injuries received by being struck on the legs by a falling timber. Mrs. Lina Lium sues the Great Northern Railroad company for $10,000 for the death of her husband, who was crushed between two cars while at his regular work of inspecting cars Aug. 4, last.

Will Remove Poles.

After a joint meeting of the council, street committe and citizens last night, Acting Manager Winslow of the water and light company announced that, with the exception of street corners Tower avenue between Third and Sixth streets would be stripped of its poles. Mr. Wilson said that the company would need two poles on each corner on which to hang arc lights. Some of those present at the meeting thought that one pole would be sufficient for the purpose and the council will decide the question.

Two Escape in Raid.

Two men and two women were arrested in a raid on an alleged disorderly house at 512 Hughitt avenue last night, another man and woman escaping by jumping through a window. Those arrested are well known in police circles. Mrs. Alice Woods is charged with being the keeper of a disorderly house and Mrs. Hannah Madson, Joe Brooks and Jim Smith are charged with frequenting the place.

Funeral of Rev. Nason.

Clergy and laity yesterday did honor to the memory of Rev. J. H. Nason at the Lake Superior Mission and Pilgrim service was held at the Mission at 1:30 o'clock, after which the remains of the dead preacher were removed to the church, where a second service was held. Interment was at Greenwood.

Carrier for Allouez.

An inspector of the postoffice department is expected to arrive in Superior in a few days and as a result of his visit, it is expected that free delivery will be instituted at Allouez. Postmaster Anderson and Superintendent of Carriers McGill went to Allouez yesterday to look over the ground and they will have a report ready for the inspector when he arrives. One carrier will probably be put on at first.

Everything in Women's Ready-for-Service Wearables

In no garment showing of this vicinity does exclusiveness and quality so noticeably prevail, and no other showing is so extremely broad in its scope. Personal choice may strike anywhere upon the price scale from inexpensive to extravagant, and be the price what it may, there is bounteous selection of style, material, shade and texture, but ne'er a deviation from best value for the money, and superiority of fit and finish.

GEORGE DRANNEN IS ON TRIAL

Patrol Wagon Driver Charged With Stealing From Prisoner.

The trial of George Drannen, the patrol wagon driver charged with stealing $30 from a prisoner at the police station last August, is on trial before Judge Cant in district court. The case may go to the jury this afternoon.

Herman Benson, the man, from whom Drannen is claimed to have taken the money, told his story to the jury yesterday afternoon. He said that he was arrested for drunkenness and while being led up the stairs by Drannen at the police station, the officer hit him on the head and took the money from him.

When searched the first time by Chief Troyer, no money was found on Drannen, but a subsequent search a few minutes later, revealed $30 in the watch pocket of the driver's trousers. He was immediately arrested and the grand jury returned an indictment charging grand larceny in the second degree. McMahon & Rock are defending Drannen, and Assistant County Attorney Warren E. Greene is prosecuting.

TELLES OLSON IS NOT GUILTY

Jury Says He Did Not Sell Adulterated Milk.

Telles Olson, charged with selling adulterated milk, was given a jury trial before Judge Windom in municipal court this morning. The jury, after a few minutes deliberation, returned a verdict of not guilty. The milk inspector took a sample from one of Olson's cans, and claims to have found that it fell below the butter fat test. Olson claimed the milk tested was not for sale.

O. M. Anderson, charged with selling adulterated cream, pleaded guilty to the charge before Judge Windom this morning, and was fined $15 and costs, a total of $17.50, which he paid. He was arrested for two alleged offenses. He was dismissed on one charge, but pleaded guilty to the other. The milk inspectors, both city and state, are keeping close watch on the dairymen in Duluth, and say they will prosecute all violations of the laws in this respect.

WAR CONFERENCE MAY TAKE PLACE IN PARIS.

Paris, Oct. 6.—Influential members of the bourse which are in touch with the government received news this morning that a conference of the powers to consider the action of Bulgaria would be held in Paris, and that Turkey has given France complete latitude to look out for her interests.

Directors Re-elected.

New York, Oct. 6.—At the annual meeting of the Northern Pacific Railroad company held today, all the retiring directors were elected.

RECEPTION FOR WORKING BOYS

Y. M. C. A. Invites Them to Take Free Swim Wednesday.

In an effort to better acquaint the boys of the city with the new Y. M. C. A. building and its workings, the officers of the institution have decided to hold a reception for the working boys Thursday evening from 7:30 until 9.

There will be a free swim in the new tank, and they will be given a chance to try the gymnasium. A short meeting will be held in the assembly hall at which A. C. Pearson of French & Bassett's and C. M. Rice of the Marshall-Wells Hardware company will speak.

Every department in the building will be turned over for their use and inspection on this evening, and the promoters of the scheme expect many boys who have not yet had a look at the inside of the structure to attend.

* * *

Beginning next Wednesday evening the winter Bible classes will be formed and they will be continued throughout the winter. At 6 o'clock the members will sit down to supper, and after this the classes will be formed. So many have save signified their intention of going in for this work this winter, that little difficulty is expected in organizing five or six classes tomorrow night.

* * *

Efforts will be made to promote more sociability among the members of the association.

It is said that the new building is like a large hotel; very few knowing who their neighbors are. The officers of the association are casting around for ways to mend this, and it has been decided to hold little informal social events during the winter months so that the men may become better acquainted.

THRIFTY CHILDREN.

Pupils of West Des Moines Have $20,000 in Bank.

Over 3,000 school children of West Des Moines, Iowa, have been induced to save money and to start bank accounts. More than 1,500 of them have deposits of about $10 each.

The credit of the achievement belongs first to the Moters' congress of Iowa, which organized the Penny Provident association in October, 1901. The plan used in West Des Moines is simpler than that of other cities.

The principal of each building is supplied with stamps and folders, in which 51-cent stamps can be pasted. Every Friday at a certain hour the principal is in her office to sell stamps to the children.

When the child has filled the folder with the fifty stamps, says the Congress of Mothers' Magazine, he may go to the bank on Saturday mornign, and either get 50 cents in cash for the book or open an account, receive a pass book and have on account entered in it.

The bank pays him 4 per cent interest on the deposit, after it has remained six months. The principal receives the stamps and all other necessary printed matter from the bank without any expense to the district, and she makes an accounting to the bank every week for the number of stamps she has sold.

The financial affairs are controlled by a board of directors representing the bank, the school and the Mothers' congress. This board meets the first Tuesday in each month, from October to June, to receive the report of the banker and discuss the affairs of the association. It has worked admirably, without and difficulties or complaints, and has educaed not only the children but in many cases the parents as well.

The principals, as a rule, do not find the work much trouble, for they have only to get a cent for every stamp and have no accounts to keep with the children. They are even allowed carfare for taking the money to the bank on Saturdays.

The deposits now amount to nearly $20,000. Since its organization the Penny Provident association has induced the saving of about $25,000, of which less than half has been withdrawn. The youthful depositor to draw out his money must have the written order of his parents or guardian.

The amount of the deposits, however, is of secondary consideration. The object of the system to establish the habit of saving among the children and teach them a little about business methods. The results have been very satisfactory. The decrease in gum chewing and candy eating has been noticeable.

The young depositors are discouraged from saving merely for the sake of hoarding. Many of the most persistent say their money is to be used to go to college after they get through the public school. During the disastrous floods two years ago, the Penny Provident deposits made by the poor children in the flooded districts were drawn out in large amounts, being in some cases almost the sole reliance of families. It is noticed that during the spring and fall, when the weather is good and work is plenty, the deposits are much larger and that they decrease and are drawn upon during the winter months.

HIS FIRST.

W. C. Phillips of the Association for Improving the Condition of the Poor, said recently in New York that among infants artificially fed fifteen times more died than among those fed naturally.

"We will learn in the end to live correctly," said Mr. Phillips. "As things stand now, we are not much wiser in our way of living than an immigrant of whom I heard the other day.

"This immigrant, a Magyar, was arrested for stealing a bottle of whisky. At the station-house the sergeant said to him, pointing toward a tub:

"'Strip and take a bath.'

"'Yat, go in de vater?' shrieked the Magyar.

"'Yes,' said the sergeant; 'take a bath. You need it. How long is it since you have had a bath?'

"The Magyar lifted up his hands and rolled his eyes.

"'Oh,' he said, 'I never vas arrested before.'"

DULUTH FUR COMPANY
327 West First Street. Zenith Phone 624.

To get a perfect fit in a Fur Garment, it must be made to measure. We make up furs of all kinds to your individual order for less than you will be charged for ready-made garments.

New Gentlemen's Fur Lined Coats, $40 and up.

CONCERNING WOMAN.

"Come in," said the fashionable girl to her dearest friend, "and sit you down while I fashion me a stylish coiffure."

The dearest friend was chosen with acumen. She wore her hair slicked back behind her ears, and glasses through which she gazed earnestly on life, capitalized.

"How are you going to fix your hair?" she asked.

"In a Psyche knot," mumbled the golden-haired one through a mouthful of hairpins. "I think they're stunning, don't you?" she asked when she had deposited the pins on the dressing table and she was admiring the shower of hair that fell over her shoulders. Then she removed a pillow from underneath the wads of hair, and tucked the row of Bologna sausage puffs into a convenient drawer. "I'll not need them," she said.

Then she parted her hair in front, and slicked it down for about an inch on each side. Then she took the pillow and pinned it securely on each side of her head and let it rear its soft, thick width back of her neck. If by any chance these rather harrowing details of the toilet are being read by the uncurious sex, let it be said at once that the pillow which was put underneath the golden shower of hair was not the kind of feather pillow upon which one sleeps. It is a much different arrangement.

The follower of fashion then puffed her hair far on the sides and gathered it up in the back, and pinned it there securely. The effect was as if she had been slapped hard right on the top of her head. Then she drew from a convenient hiding place another shower of hair of the same beautiful golden shade as her own. She fastened it to her knee and wound it deftly into a beautiful soft knot which in classic language is known as Psyche's, and which vulgar small boys call a jug handle. She put it at the back of her head on top of the pillow in line with her nose.

"How does it look?" she asked.

"Do you want me to say what you want me to say, or just what I think?" asked the person who wore glasses.

"What you honestly think," said the golden-haired one, whose exertions had brought a pink flush to her cheek.

"What I really, honestly think?" again inquired the cautious one who wore her hair slicked back.

"Yes, of course," said the stylish person.

"Well," said the true friend, with the air of facing a stern duty, "I think it looks lovely."

"Do you really think so?" asked the pleased one, taking a squint with a hand mirror.

"Yes, indeed I do" said the sincere admirer. "You don't think that maybe your nose turns up a little too much at the end to support such a length of hair behind, do you?"

"Why, I don't know," said she of the golden hair, smoothing down the criticised member.

"I guess it's about two feet and a half from the tip of your nose to the end of the Psyche knot," said the person who wore glasses.

"But that's the way they wear it," said the defender of the faith.

"Yes, I know," said the dun colored person with out much expression in her voice. "Wouldn't it be funny," she added, "if any one's head really and truly looked like that?"

"If you don't like it," asked the golden haired one, whose glory was piled over pillows and augmented with other coils of glory, "why don't you say so?"

"Oh, I like it," said the one who wore hers slicked back straight, "only of course it would be funny if anyone's head was that shape."

"How do you like a ribbon in it," asked the golden haired one tumbling over a pile of vari-colored velvets.

"I think they look awfully nice," said the person who might with success have been advised to put soda in the shampooing water. It doesn't act like peroxide you know, only it does fluff one's hair up and sort of give a brighter light.

"Well," said she of the fashionable coiffure, "if you think this looks well let's go down town and get a soul kiss Sundae."

"Sure," said the one who lacked vanity, "but for goodness sake let me see your powder puff a minute before we go."

MRS. GEGGIE TO SPEAK

Former Duluth Woman to Appear at Meeting.

The regular meeting of the Missionary societies of the First Methodist church will be held tomorrow afternoon at 2:30 o'clock at the church parlors. Mrs. L. C. Geggie, formerly a resident of this city and a prominent member of the First Methodist church, but now a national organizer of the society, will address the meeting. Any one interested is invited to attend.

Leave for Meeting.

The Duluth women who will represent the clubs of the city at the annual meeting to be held at St. Cloud during the week left today for that place. Mrs. Robert Smith and Mrs. Julia M. Barnes will represent the Saturday club, and Mrs. William S. Woolbridge the Ladies' Literature class. Mrs. J. L. Washburn, federation secretary, left yesterday.

W. R. C. Thimble Bee.

Mrs. S. W. Clark of 1407 East Third street will entertain the members of the Women's Relief corps and their friends at a thimble bee Thursday afternoon at her home.

Church Meetings.

The Ladies' Aid society of the First Christian church will hold the regular meeting tomorrow afternoon at 2:30 o'clock at the church parlors.

The Women's Alliance of the Unitarian church will be entertained tomorrow afternoon by Mrs. George R. Gebauer of 1209 East Third street.

Park Point Picnic.

The Philathea club of the First Presbyterian church will entertain at a picnic supper on Park Point this evening. The guests of honor will be Dr. and Mrs. Campbell Coyle, Dr. and Mrs. Wilson and Dr. and Mrs. R. W. Bowden.

Oratorio Society.

The first rehearsal of the season of the Duluth Oratorio society will be held this evening at 8 o'clock at the lecture room of the First Methodist church. The study of "The Messiah" will be begun.

Personal Mention.

Dr. and Mrs. W. H. Magie of 1401 East Superior street left last evening for a week's visit at St. Paul.

* * *

Mrs. Pascal Ware and little son who have been the guests of Mr. and Mrs. E. C. Blanchard of the Belvidere apartments, left this morning for their home at Omaha.

* * *

Mrs. John Williams of 517 West Second street will leave tomorrow for Aitkin to conduct some inspection work for the Women's Relief Corps.

* * *

Mr. and Mrs. O. L. Mather of South Twenty-First avenue east have as their guests, Mr. and Mrs. Volder of Grand Rapids.

* * *

Mrs. W. D. Fenton has returned from Grand Rapids, Minn., where she was the guest of her daughter, Mrs. Phillip Smith.

* * *

Mrs. Baldwin, who was the guest of her brother, C. T. Fitzsimmons of 1431 East First street, has returned to her home at Sparta.

* * *

Mr. and Mrs. Harriet E. Stewart of 1431 East Third street are entertaining Mr. and Mrs. H. H. Miller of Oakland, Cal.

* * *

Mrs. R. T. Serruvier of Hibbing has been the guest of Mrs George J. Klein of 518 East First street for a few days. Mrs. Klein and her guest left today for Hibbing.

* * *

Miss Edith Hendersen of Toronto, who has been the guest of Miss Ethleen Fee for the past month, will leave tomorrow for Minneapolis.

* * *

Mrs. F. Mondschine and daughter, Miss Rosalie Mondschine, left this afternoon for the South, where they will travel and spend the winter.

* * *

Dr. and Mrs. A. H. Schwartz left this afternoon for a short visit at St. Paul.

To Make Plans.

This morning a committee of the Twentieth Century club met at the home of the president, Mrs. F. L. Barrows to make preliminary arrangements for the entertainment "The Talk of the Town," which will be presented at the Lyceum early in November. The committee who met this morning was composed of the following club members, Mrs. A. L. Agatin, Mrs. S. R. Holden, Mrs. G. A. Elder, Mrs. T. K. Hawkes, Mrs. S. E. Matter, Miss Strattam and Miss Alice Scott. This committee will have charge of the preliminary arrangements. The rehearsals will begin the last week of October.

Peer Gynt Music.

At tomorrow's lecture on "Peer Gynt" by Dr. N. I. Rubinkam which will be delivered at the lecture room of the First Baptist church, the address will be preceded by a short musical program. Mrs. Harry Strong will play the Solveig music of the "Peer Gynt Suite" and Mrs. Homer Collins will sing "Solveig's Song."

HELEN V. BOSWELL

To Tell of Woman's Life and Work at Panama.

The appearance of Miss Helen Varick Boswell on the program at St. Cloud, meeting of the Minnesota Federation of Women's clubs, has revived interest in this wonderful woman's work at Panama.

The following sketch of her activities, compiled from various sources by Mrs. C. N. Akers of the program committee will be of interest at this time:

Life among the Americans on the canal zone has many peculiar features, for while the men are busy and often burdened with many responsibilities, the wives of these same men have little or nothing to do. Some of them board, others do housekeeping in a light way, in houses or apartments furnished by the government, provisions being supplied by the federal commissaries. The result was that soon after the camps were established social bickerings arose among the women. Many became unhappy and dissatisfied with life on the zone, and at once set about to persuade their husbands to give up their work and go back to the states. Many men with families did return, and the government had always to be sending down new engineers, clerks, artisans and laborers, to take the place of the discontented ones who had moved away, thus entailing considerable extra expense.

At last the situation became intolerable, and Secretary Taft saw that something must be done to change and modify social conditions, and as he is a man of resources and familiar with the lines of social and public effort of the modern American woman, he bethought himself of the clubs. He consulted Helen Varick Boswell, who has a charming personality and a genius for organization, to go down and form clubs among the women.

She was successful in interesting all classes, so that there are now one or more clubs in every American settlement. All of them are members of the local federation, which holds regular meetings at the Tivoli, one of the largest hotels on the zone. Literature and the live questions of canal life form the topics discussed. Through them all social distinctions dependent on money are being eliminated, and women are learning to appreciate more and more sterling mental and moral worth.

The Czarina and Her Son, Prince Alexander Oldenburg, a Cousin of the Czar, and the Imperial Winter Palace in St. Petersburg, Which Has Been Invaded by Cholera.

KEEP AT IT

To Rob Dishwashing of Its Terrors.

One of the most discouraging features of housework is that of having many cooking dishes staring one in the face after getting a meal.

If one will make it a rule to wash up as many dishes as possible as she uses them this will be avoided. The egg beater is used; do not put it aside to wash after dinner has been prepared and eaten, but wash it at once. This rule followed carefully, dishwashing, especially at night, will lose many of its terrors.

HATS AND GOWNS

Of Season More Elaborate Than Ever.

While the gowns this season seem to be more elaborate in design and color than ever before, they are eclipsed by the hats.

There is such a diversity in models and modes of trimming that there is apparently no reason why every woman should not have a becoming hat, if pains are taken in the selection of materials and the purse responds cheerfully to any demands. As a matter of fact, economies may be practiced in this matter of millinery as in other things. The exercise of taste is the all important factor.

So far as one can tell there is no hard and fast rule as to just what is the fashion in headgear.

The hats are either masses of bloom or trimmed entirely with feathers. They are exceedingly large or ridiculously small, the larger the hat the less trimming, and vice versa.

Really, in the matter of hats, individuality is now as fashionable as it is always desirable. By a careful selection of colors, designs and styles one can secure individual effects—effects, too, harmonizing with the personality.

To those who would dress quietly, the low crowned, broad hat of dark color generally appeals. However, even here, the effect may well be lightened, say, by a single flower.

The Alpine hat, trimmed with a long curling, brightly colored quill, conveys a pleasing suggestion of travel and general readiness. It is an especially fetching hat.

Women of the Gibson type affect the large, plume-bedecked, picture hat.

AT THE WHITE HOUSE.

Mrs. Taft Entertained There in Girlhood.

Mrs. William H. Taft will move amid familiar scenes, if she becomes the first lady of the land and is at the head of the White House menage. Mrs. Taft is a daughter of John W. Herron, who was the law partner of Former President Rutherford B. Hayes. The Hayes and the Herron families were closely connected by ties of friendship and to Miss Herron, Mr. and Mrs. Hayes were always "Uncle" and "Aunt." Miss Herron spent many of her holidays from school with the Hayeses in the White House. In a recent conversation, Mrs. Taft said: "Nothing in my life exceeds the climax of human bliss which I felt as a girl of 16, when I was first entertained at the White House. The thing that seemed remarkable to me was that although the Hayeses occupied the most exalted position in the land, they were just as they had been at home in Ohio. They weren't changed a bit; I couldn't understand it then, for I supposed, of course, that their manners must change with their advent to the White House, to be in keeping with my conceptions of the alteration in their position in life."

the EVENING STORY

The Major

By Charles Edmund Barker.

(Copyrighted. All rights reserved.)

He was one of the kind of people who come naturally by a nickname. The major was one of the most methodical of men. Promptly at 9 o'clock he came down fresh and pink from breakfast, read his mail in the comfortable seclusion of the writing room, dictated the answers to his letters to the hotel stenographer, lit a fresh cigar at the cigar stand, and then dull business cares were brushed aside and he repaired with sprightly steps to the bar, where he seated himself in a favorite corner and began the serious occupation of the day by ordering a "gentleman's drink of whisky." Other drinks followed at intervals during the morning, varied in strength and frequency by the character and numbers of the other visitors.

By the hour of noon he had reached a stage of mellowness that developed a rare play of rich and spicy wit.

It was beneath the manhood of the major to approach the dining room while in his cups. When 6 o'clock came, his dinner was served to him at his particular table in the corner of the bar, and the sitting, more often than not, was continued until midnight.

With all his roystering habits, it should not be hastily concluded that the major led an entirely useless or purposeless existence. Many were the tales of his generosity. When "Dab," the old head porter, was laid up with rheumatism, it was the major who visited him in his little hovel of a home on "The West Side," provided for his family and paid his doctor's bill. Then every one knew of his kindly and sympathetic interest when Miss McFee, the old maid stenographer, took pneumonia and died.

And then the new stenographer came.

She was a lump of a girl, as round as a pigeon, with frank, brown eyes that seemed to challenge respect and chivalry by their very innocence. Her voice was soft and respectful, and it was an inspiration to see her personal and complete interest in her patrons. Miss Mitchell was her name, and it was hard to keep from becoming confidential with her at the very first interview.

Almost from the first, the sharp observers among the frequenters of the Windsor, noticed that it took the major somewhat longer to dictate his mail to Miss Mitchell than it had to Miss McFee, and, moreover, he did not hurry away to the bar quite so precipitately.

One day in the midst of the letters, Miss Mitchell looked up for an instant at a lady who was passing through the lobby.

"What an exquisite bunch of violets," she said.

"Very pretty," replied the major, following her glance, and then they went on with their work.

The next morning a neighboring florists' boy placed a fine bunch of English beauties in the little bud vase that had been Miss McFee's, on Miss Mitchell's desk, and morning after morning this was repeated.

After the morning dictation during one of the little chats which the major had come to allow himself, Miss Mitchell, one day expressed a very adverse opinion about the men who drank and were "fast."

This speech had a marked effect upon the major.

The very next day, after his business routine, the major left a forwarding address with the clerk on duty and registered out. His absence was noticed immediately in the bar, and inquiries were made of the clerk.

A month—two months passed, and still the major had not returned to his old corner in the Windsor bar. The only mark of his long residence at the hotel was the little bunch of fresh violets which daily adorned Miss Mitchell's desk.

One day, as unheralded as had been his departure, the major returned to the Windsor. His complexion was whiter and his eyes were clearer, otherwise he was the same old major, careless, lively and jovial.

He dictated his letters to Miss Mitchell as usual the next morning, but it was observed and marked with much special notice that he did not follow his old habit of turning toward the bar immediately thereafter. Instead of this, he stepped into a big automobile that stood at the door, and was away in a trice. He became a devotee of this big machine. A large portion of the day he gave himself to runs and tours. Sometimes he carried a friend or two with him on these excursions; but they were rarely any of his old friends of the bar.

At least once he asked Miss Mitchell to ride with him, but she met the proposal with a cheerful "no, thank you," that left no room for doubt about her decision.

A morning came on which he attended to his correspondence with more than usual care. In addition to the regular grind of business he wrote some long delayed missives to old college friends—dashing, brilliant, unconventional letters they were, full of the boyish spirit which the major still held, notwithstanding his acknowledged 38 years. When he had quite finished, he drew from his pocket an important looking paper.

"Miss Mitchell, I have a very particular matter I wish to speak about—No, you needn't take my words down on paper—I'm not dictating. The fact is—I am—thinking of—well, giving you the chance of dictating some to me, if you think proper."

"Why—what do you mean, Mr. Ebsbourne," she asked, her large, heavy lashed eyes looking the utmost wonder.

"It's a very simple matter, Miss Mitchell—at least I used to think it was when I observed the symptoms in other folks. But—don't look at me like that—you might pretend you are taking notes; some one will see and wonder what we are talking about—"

"Oh, if it's anything—improper, you mustn't say it, Mr. Ebsbourne." She was plainly agitated.

"Not the very least improper, little one, but the most natural thing that ever occurred to me in all my wild, harum-scarum life. No, listen calmly; if what I say is not pleasing you, I will stop, and we will not talk about it any more. I love you. Don't start so, Miss Mitchell. I have loved you ever since the first time you looked at me with those clear, liquid, honest pure eyes of yours. I have read in their depths more than I ever discovered in my wanderings over two continents. I will not bewilder you by trying to tell you all I feel; for in so doing I would only bewilder myself. I want to give you just the idea and leave you to think it over and get used to it. I can't help loving you, any more than I could help breathing or living if I didn't breathe."

"Why—Mr. Ebsbourne," she replied, "I don't think I care for you in any way like that."

"I didn't expect you to, little one. But you can give me a little hope, can't you? You don't dislike me, do you?"

"I think you are very kind."

"That's enough—that's enough—Don't need to say another word. I'll go now and let you get used to the idea of having a lover."

"Thank you," was all Miss Mitchell could think of to say.

True to his word, the major did not urge his attentions upon the little stenographer.

The sequel was none of the major's planning. He only knew that he was speeding down the river road one afternoon, when a young horse driven by a market gardener took fright and plunged about, backing the heavy wagon directly across his way at the moment when he supposed the driver was going to be able to manage his team without further difficulty.

There was a crash and the major felt a sharp twinge of pain. When he again opened his eyes, they were carrying him in at the ladies' entrance of the Windsor.

A girlish form and white face pushed through the tangled crowd of people about him, and a pair of soft pink arms slipped about his neck. The reactionary pains were setting in, but the presence of those arms seemed to lift the tension from his quivering nerves, and he felt as comfortable as a baby on its mother's breast. And there came flowers every day, and many little home comforts that the major had not seen or thought much about since he was a chunk of a boy.

At last there came a day when the doctor told the major he might see his friends. The major said something in the strictest confidence to his nurse, and after a very long time Miss Mitchell came up accompanied by a sweet-faced, motherly little woman in black, whom the major knew by instinct must be Miss Mitchell's mother.

"Mr. Ebsbourne," said Miss Mitchell, timidly, "I didn't know I cared in that way, but I do."

DULUTH LAUDED.

Detroit Magazine Praises Zenith City and Surrounding Country.

That the beauty and picturesque scenery of Duluth and its surrounding country, are not lost to many people residing far from here, is illustrated by an article in "Our Work," a monthly church magazine of Detroit, Mich. In the current issue of the magazine is an article devoted to the scenic beauties of the Zenith city. Following is a brief part of the compliment to the beauties of this city:

"Of Duluth no pen picture could be adequate. Its houses built upon a hill, where one is always either going up or coming down; its aerial bridge; its elevators of 20,000,000 bushels capacity; its unsurpassed boulevard reaching 650 feet above the harbor, to say nothing of its wonderful shipping facilities, all give it a place among the peculiar cities of America. And then a touch of the supremely aesthetic is experienced in a sunset on Lake Superior, where seventy times seven colors and tones are mixed on nature's pallet to produce such a picture as a Turner would in vain attempt to imitate, and that no man would believe could ever exist if he only saw it reproduced on canvas.

"All of these things are but one breath full of good health and pleasure to be experienced on such a trip, and returning home to the prosaic duties of a workaday life the pilgrim realizes that mental content and plenty of fish are both indispensable to good health."

Hancock Girls' Glee Club.

Hancock, Mich., Oct. 6.—(Special to The Herald.)—A glee club was organized Friday evening by about twenty young women of the Hancock high school. The list includes Florence Scott, Genevieve Finch, Florence and Olive Hall, Gene and Laura Macdonald, Elaine Shields, Anita and Elsie Coughlin, Winnifred Burkman, Elsa Cameron, Lena Balmer, Lillian Scott, Emma Copeland, Emma Brock, Ruth Funkey, Olive McAskill, Ida Johnson and Marjorie McLean.

Duluthian Locates in Houghton.

Houghton, Mich., Oct. 6.—(Special to The Herald.)—William R. Webb, formerly secretary of the C. H. Graves & Co., insurance agency of Duluth, has sold his interest in that firm and purchased an interest in the James T. Healy agency of Houghton. Mr. and Mrs. Webb arrived from the Zenith City Saturday evening, and Mr. Webb assumed his new duties immediately.

Silberstein & Bondy Company.
QUALITY PIONEERS.

BUY THE BEST

When you select needs for your Fall and Winter wardrobe, buy the best as interpreted by The S. & B. Co., Duluth's fashion leaders for nigh a half century.

"The Best" in Tailored Suits for Fall and Winter.
"The Best" in Fashionable Coats and Wraps.
"The Best" in Luxurious and Dependable Furs.
"The Best" in Costumes, Demi-Costumes and Evening Toilettes.

"The Best" and Most Artistic in Fine Millinery.

"The Best," (for there can be but one best) merchandize without a flaw, a standard limited only by the product of two continents, insuring to our patrons not only the best in quality, but the most recent style inspirations upon their acceptance.

A very important feature is the fact that, here one may select the best at the price askt for the less refined product exploited just as good as "Silberstein's," the most convincing proof of this assertion being that women are becoming more critical and the substantial increase of our business year after year.

Would you confirm this? Take a stroll over our great second floor, devoted to women's apparel. Every fitting room is occupied with women selecting Winter apparel. Many are patrons for a generation. Others (and they are numerous) have lookt elsewhere and made their own decision. They want the best.

When you are ready, we anticipate your pleasure in the wholly representative series of fashionable clothes to be found in America's foremost shops, beginning with garments at modest prices and ending with the finest imported creations.
A final suggestion. Visit the store at your earliest convenience.

become but that few kitchens are found where they are not used.

FREE EXHIBITION
Products and Premiums of
Larkin Co. Buffalo, N. Y.
AT
25-27 SECOND AVENUE, WEST
October 5 to 17, inclusive

Open daily from 9 a. m. to 6 p. m., also Wednesday and Saturday evenings. The general public, especially all Larkin customers, are cordially invited to visit this handsome display of 1000 Larkin Premiums, and all the Larkin Products. The exhibition will interest you. Hundreds of people in this city are profiting by Factory-to-Family dealing; $10.00 worth of Larkin Products and a $10.00 Premium—both for $10.00. You save money and furnish your home without cost.

SOUVENIR SAMPLES TO LADIES

IMPORTANT CHANGE

I wish to announce to the public that I have bought the Massage and Hair Dressing Parlors over 315 West Superior street, formerly owned by Mrs. A. L. Smith. The parlors have been thoroughly remodeled and all new and up-to-date fixtures installed.

We make a specialty of the Vibratory Massage and Vibrating Chair.

Vibratory treatments given at your home if desired.

Agents for the Lindstrom-Smith Vibrator.

Now Open for Business.

Mrs. Louise Van Dalen,
315 West Superior Street.
Over Day's Jewelry Store.

A Skin of Beauty is a Joy Forever.

DR. T. FELIX GOURAUD'S Oriental Cream or Magical Beautifier.

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every blemish on beauty, and defies detection. It has stood the test of 60 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the haut ton (a patient): "As you ladies will use them, I recommend 'GOURAUD'S CREAM' as the least harmful of all the skin preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Ferd. T. Hopkins, Prop., 37 Great Jones St., New York.

One Diamond is Worth More Than Another

of equal weight, first of all because it has BETTER COLOR and is MORE BRILLIANT. The possession of these two qualities adds from 10 to 25 per cent and often more to the value of the gem, and are therefore the first to be considered in the making of a purchase.

In buying a Klein diamond, there is absolutely no risk, for we have considered these valuable qualities in making our selection—and gems of questionable color find no place in our stock.

G. A. Klein,
JEWELER.

ECZEMA Itching or Psoriasis
Use Blanchard's Eczema Lotion
Prof. J. Blanchard's Skin Specialist, 3311 Cottage Grove Ave., Chicago, will diagnose your skin disease free, also give advice, and state how the disease will act, and disappear, under use of his lotion. How many cent stamps shall I write for symptom blank.
TRADE SUPPLIED BY LEITHHEAD DRUG CO., Duluth, Minn.

BETTER MAIL SERVICE.

Canadian Government Will Give Quicker Delivery at Border Towns.

Secretary Eva of the Commercial club has been notified that the United States government has taken up the matter of securing improved mail delivery between this city and Roosevelt, Baudette and Warroad with the Canadian government, and that action upon the matter is expected in the near future.

It takes a letter two days longer to reach any of the three above mentioned American towns than it does the freight that is sent from Duluth. This imposes a handicap upon the jobbers that is hard to overcome.

At the present time a letter mailed in this city for any of the three towns, is sent first to Winnipeg and then forwarded to the American towns. The Canadian government has the handling of the mail beyond the boundary, and though the towns are in American territory, they are subject to the peculiar rules of mail delivery, as the railroad recrosses the boundary before reaching the towns in question.

It is believed that the action of the Canadian government will remedy this delay in the delivery of mail and will make it possible to have mail delivered by a direct route. The jobbers of Duluth are behind the action taken by the Commercial club.

Additional Sporting News

EAST SIDE WILL COME

Central at Last Persuades Minneapolis Team to Play Football.

Eleven Will Come to Duluth Oct. 24—Students Are Happy.

East side high school of Minneapolis will play the Centrals of Duluth here on Oct. 24. This was decided this morning when a letter was received from the Minneapolis team manager saying that this date was open and that if Duluth cared to play on that date they would come to Duluth.

It didn't take Manager "Billy" Chadwick long to decide whether Duluth wanted the game or not, and record time was made in getting the letter down to the postoffice that said "yes."

It is three weeks yet before the 24th of October and the boys are wondering whether or not this game will really come off. At last Central has a real game to look forward to, and the students are happy.

East side in the past has turned out some fast elevens, and although they are so far an unknown quantity this year, Duluth will be able to get a pretty fair line on them before the game is played.

AMATEUR TELLS OF BAT'S GRIT

The Famous Rodenbach Says He Cannot be Knocked Out.

New York, Oct. 6.—Billy Rodenbach, the former amateur champion, tells some interesting things about Battling Nelson. Rodenbach thinks the Dane is absolutely invincible among the lightweights. Rodenbach was known as a terrific hitter when in the ring.

"I trained with Nelson on the coast," said Billy the other day. "That was before he became famous. He was a tough, wiry younster, weighing about 130 pounds. Nelson had a peculiar way of holding his head down, no matter how hard he was hit, and boring in all the time. I've landed uppercuts on him that fairly lifted him from his feet, but they didn't throw his head back an inch.

"He always wanted me to slug him, and I was willing to oblige. I used him instead of a punching mat, and got a lot of practice out of it. But I never really cut loose with the slam until his manager came to me one day and said: 'Billy, I want to find out how much this fellow can really take. He's got me guessing. There seems to be something peculiar about that kid. I'm beginning to think he can't be knocked out.'

"I can hit as hard as anybody with my left. That day I took a good opening and hooked Nelson on the jaw as hard as I could hit. I expected to see him drop. He wobbled a little, and came right back at me. He just said, 'Gee! That was a good one.' I hooked him again on the jaw and put every ounce I had into the punch. Nelson didn't go down. He wobbled a little again, and spread his feet. 'That was another good one,' he said, and came tearing into me again. I said to myself then that no lightweight living could make any impression on him. Nelson is hardly human. He hasn't any weak spots. He never gets arm weary. He can't hit hard, but he hits fast, and hits all the time, and never gets tired. You can't stop his punches or get away from them and you can't hurt him. I punched him just as hard on the stomach and the kidneys and he didn't feel it."

BREACH OF PROMISE.

Young Woman Wants $1,500 for Slighted Affections.

Pernilla Malmberg is seeking to recover $1,500 from Ole Swenson for breach of promise.

The case is on trial before Judge Dibell in district court this afternoon. Miss Malmberg claims that she came from Sweden for the purpose of marrying Swenson, and that when she arrived in this county Swenson refused to fulfil the marriage contract. She claims she is without funds and without friends, and asks the sum of $1,500 to reimburse her for her expenses and her injured feelings.

DR. MAGIE PRESIDES AT MEDICAL MEETING.

St. Paul, Minn., Oct. 6.—(Special to The Herald.)—The first session of the fortieth annual meeting of the Minnesota Medical association was held this afternoon in the old capitol. The meeting was presided over by Dr. W. H. Magie, of Duluth, and was attended by sixty or more delegates. There are thirty-three demonstrations scheduled for tomorrow. Officers will be elected Thursday.

SAYS GAME WAS TIE

National League Directors Decide Contest of Sept. 23.

Official Score Therefore Stands: New York, 1; Chicago, 1.

Cincinnati, Ohio, Oct. 6.—The New York-Chicago National league game of Sept. 23, played in New York, was today decided to be a tie, by three directors of the league, to whom had fallen the task of rendering a decision. Because of possible prejudice, the other directors eliminated from the meeting which was resumed early today, behind closed doors.

In the disputed game the trouble arose in the ninth, when the score a tie, 1 to 1, New York was at bat. Chicago had made a run in the fifth. Tinker hitting out a home run. McGraw's men had followed suit in the sixth, with a run by Herzog on Steinfeldt's error, Bresnahan's sacrifice and Donlin's single.

In the latter half of the ninth, with Merckle on first base, Bridwell smashed a single to center, scoring McCormick, the batter being declared safe at first. Just then the crowd, wild with excitement, ran on the field, and Capt. Chance of the Chicago team, claimed that Merckle did not go to second. He and Evers tried to get the ball there to claim a force, but McGinnity caught the sphere among the crowd and threw it into left field. Merckle insisted that he had touched second base and the Chicago players were equally positive that he had not done so. Chance claimed the run did not count, as there was so much interference that his men could not get control of the ball.

Umpire Emslie was judging the base running, and is credited with saying that he did not see whether Merkle went to second or not, O'Day, later on, declared that the run did not count.

According to today's decision, the score by innings is:

Chicago .....000010000—1
New York .....000001000—1

DONOVAN TALKS ABOUT TEDDY

Says He's a Good Scrapper and Likes to Mix Close.

New York, Oct. 6.—Prof. Mike Donovan, on being asked for some details about President Roosevelt's ability as a fighter, said: "Yes, I'm writing a book. It tells all about the president from the time he left college up to date. I call it 'The Apostle of Peace.' That's a good title for a book about a first-class fighting man. I don't want anything written about it that isn't respectful to the president.

"I call it 'The Apostle of Peace' because Mr. Roosevelt is the best fighting man I ever saw. He's a fighter from the ground up. You may have noticed that the greatest fighters in the ring never make trouble or get into rows on the outside. That's the way it is with Roosevelt. He preserves peace because everybody knows what a fighter he is, and they don't like to start anything while he's around. That's the whole science of peace the world over. The Russians and Japanese respected him for his fighting qualities, and that's why they let him settle up the war and make the peace at Portsmouth. He's for peace all the time, even if he has to fight for it.

"The first time I ever saw the president was just after he had graduated. He was making a speech in Madison avenue. I stopped and looked him over. He was standing there talking away and biting off his words with a snap of his teeth. I says to myself, 'There's a guy that feller with a good jaw for a fighter. I'll bet he can go some.' After that I was always interested in Mr. Roosevelt.

"Why," continued the professor, "he was always a fighter. In college he went into the boxing championships. The first year he lost, but the referee came around to him and said, 'Young man, you've got plenty of grit. Next year you'll win.' He did, too—lost one year and won the next.

"The president is a great all-around athlete. He isn't quite 50 yet, and he's as strong as an ox. He isn't what you might call a fancy boxer. He's a fighter. He doesn't see very well at a distance without his glasses, so he likes to get in close and hammer away at short range like Bat Nelson. A mighty good scrapper was lost to the ring when he went in for politics. He's a good wrestler, too. He's always training. Around home he boxes and wrestles and rides horses and plays tennis all the time when he isn't busy with the government. Everything he does he goes into with a snap. He sets his teeth and grins, and then he puts the punch over. I've got many sore spots from him.

"The president hasn't lost his punch yet, by a long shot. When he gets through that hunting trip to Africa you'll hear from him again."

BIG CROWD ATTENDS RACES AT LEXINGTON.

Lexington, Ky., Oct. 6.—With the largest crowd ever seen at a trotting meeting here, the Kentucky Trotting Horse Breeders' association ten days meeting began this afternoon. The features were the $21,000 Kentucky futurity and the $3,000 Tennessee stakes.

A ONE MAN TEAM FOR CHICAGO

Coach Stagg is Building His Eleven Around Walter Steffen.

Chicago, Oct. 6.—That Coach Stagg expects a few points to win the opening game of the season with Purdue at out in a measure last week by the attention he paid to building up a defense around Capt. Steffen. He spent much of the practice in developing a front so that the captain would not be handicapped in his drop-kicking.

Steffen made a marvelous showing with his foot, sending the ball over the crossbars at the rate of three out of four from various distances and angles from the twenty-five-yard line to the spedy and accurate and only a few of his attempts were blocked by the freshmen.

The maroon captain has not engaged in any scrimmage work this week, and it is probable that Stagg will not let him get into the fray in the remaining days of practice before the opening contest. The coach does not wish to take a chance on injury t ohis greatest star and indications point strongly to the fact that he relies on Steffen to win the first game for him.

Louis Falk, Chicago's much-discussed right tackle, who sent out reports from time to time recently that he was too ill to play football, unexpectedly appeared on Marshall field Wednesday, and was shoved into the maroon lineup, although it is probable that he will not be used in the game with Purdue today.

Falk was overcome by heat late in the summer, and while pitching hay on a farm near his home a few days latter strained himself. His illness is due to a complication of the two, it is believed. At present he is considerably down in weight and is off edge generally.

FREDDIE WELSH AFTER "BAT"

Tells How and Why He Could Put the Dane Away.

"I am ambitious to fight my way to the top of the heap. In other words, I want a chance to meet Battling Nelson for the lightweight championship of the world. My record is known the world over, and it speaks for itself. I am willing to leave it to the great mass of the sporting public, if I am not just as much entitled to a match with Nelson as is Packey McFarland or any other lightweight champion of England.

"I believe that it is pretty well understood that McFarland and myself are the only two lightweights in the game today who stand a chance of defeating the Dane for his hard-earned title.

"McFarland and I battled for twenty-five rounds to a draw, the greatest of living fighters, James J. Jeffries, rendering this decision. The almost universal opinion of the sporting writers upon this occasion was that the honors of the long struggle were with me for nineteen rounds out of the twenty-five.

"The public demanded that McFarland and myself meet again to settle the question of supremacy. McFarland made many excuses for his failure to make a better showing in the Vernon ring, but instead of signing up for a return match he and his manager left the city. I am still in Los Angeles and am ready now or any time to fight Packey all over again. This fact being established, I will now show where I figure to win over Nelson, if given the opportunity.

Youth Must Be Served.

"In the first place I must cite the old adage of 'Youth must be served.' We all thought that Joe Gans, the 'Old Master,' was invincible until Nelson toppled him over. Now history may be repeated when Nelson fights again, whether he meets me, McFarland or some other man younger than he is.

"Nelson has taken more terrific beatings than any other man that ever held the title. These terrible spells of punishment have had their effect upon the lishmen's constitution, rugged though he is. Nelson is only human; he must be beaten some day and I firmly believe that I am the man that can turn the trick.

"I don't want to be considered boastful when I make this assertion. It is a business proposition with me, this winning of the world's championship, and I have fought the battle over in my mind a hundred times.

"I believe it is conceded by the fight experts that I am a clever boxer. Nelson is not; he never claimed to be. I believe that I could hit Nelson five times for every punch that he landed on me. Nelson is anything but a hard puncher. He won his fights with Joe Gans, and in fact all of his battles, by his constant hammering away in the clinches until he had worn his man down. The moving pictures of the last Colma fight will show that every time Gans stood away and boxed at long range he had all the best of the fighting. Nelson's execution was all done in the clinches, when he stood head to head with Gans and worked his short arm jolts to the body.

Clinch Traps Dangerous.

"Now, my first action in fighting Nelson would be to keep away from his clinch traps. I would use my cleverness to keep just far away enough from Nelson to stab him continually about the head and face. I would also swing in hard right punches to the body whenever Bat tried to coax me into one of his shoulder to shoulder engagements.

"Nelson is easy to hit, everybody knows this. The worst dub in the business can land on him, so what would I do with my knowledge of the finer points of the boxing game? I would smash Nelson round after round, until I had him beaten down to a point where I could finish him with one blow.

"All this talk about my not having a knockout punch was dissipated a few nights ago, when I put Frank Carsey to sleep with one jolt to jaw. I did this more to show the public that I had a knockout wallop than anything else. There is no comparing Carsey with Nelson, but in knocking out the former, in less than four rounds, I put a stop to the 'snowflake punch' talk.

"As to my record, as I said before, it speaks for itself. What first class man did McFarland ever whip when the former was in his prime?

"Britt, Herman, Yanger and Neary were all in the 'has been' class when they lost to McFarland.

"I won the lightweight and welterweight championship of England by beating Joe White in sixteen rounds at Pontypridd. I have met and defeated many men who outweighed me by many pounds. My challenge to Battling Nelson is not a 'wildcat' affair, but is backed up by a record of the hardest kind of work in the ring. If it is a side bet Nelson requires, I can accommodate him to the extent of $5,000, perhaps more, if he will meet in a twenty or twenty-five-round bout. If Nelson considers a forty-five round bout necessary, then so be it."

Always Send Your Mail Orders to

Gray-Tallant Co

117-119 West Superior Street, Duluth, Minn., FOR QUICK, SATISFACTORY SERVICE.

WASH TAFFETAS
Very popular now for tailored waists, especially the new shirt effects—plain colors only—almost indestructable, makes up effectively, staple shades.
You can wash it with soap and water and it comes out fresh and fine—27 in. wide—a great big value at $1.00 the yard.

BUY A $30 SUIT FOR $18.50

The lot is a New York maker's surplus—the prolonged warm weather has retarded trade throughout the country. To keep his tailors busy this maker made up all his small lots of cloths into good, practical suits—styles which the trade will call "safe"—not extreme in any way—yet bright with those little style touches which mark them as distinctly new and in good taste! Many styles particularly adapted to business women. See them in the window—then you'll realize that we really are selling $25.00 to $30.00 suits at the price of $18.50.

$18.50 **$18.50**

WOMAN IS BEING TRIED FOR KILLING HUSBAND.

Little Falls, Minn., Oct. 6.—(Special to The Herald.)—The trial of Mrs. William Colnik of Swan River for the murder of her husband began in the district court here yesterday before Judge Taylor, County Attorney Dan Cameron and A. P. Blanchard appearing for the state and F. W. Lyons and Donat Trettle for the defense.

Miss Golnik, a daughter of the murdered man by a former wife, will be the state's chief witness and it is said she will furnish some damaging testimony. It is also expected a hired man's testimony will be harmful to the defendant. The nature of the defense has not been disclosed. The trial attracts widespread interest, because of the sensational nature of the case, the story first given out when Golnik was killed, being that he had been fatally assaulted by burglars for refusing to disclose where he had his money concealed in his home.

LITTLE FALLS SCORCHED.

Little Falls, Minn., Oct. 6.—(Special to The Herald.)—The large barn of the Brown dray line, the photographic studio of F. A. Nelson and J. W. Berg's hardware store Sunday did damage estimated at about $50,000. Excellent work on the part of the department was all that prevented a wholesale conflagration.

The fire originated in the barn of the Brown dray line and a woman claims to have seen three men enter at leave the building just before the fire was discovered, under suspicious circumstances, which gives rise to the incendiary theory. The horses and conveyances were all removed from the barn. J. W. Berg estimates his loss at $20,000; $15,000 insurance. F. A. Nelson carried $1,500 insurance. Brown's loss was about $5,000, insured. Burning oil in the Berg's store added an element of extreme danger to the fire and many people kept close watch on their houses to prevent their catching.

SLEEPS ON PLATFORM, OPERATOR IS KILLED.

Brainerd, Minn., Oct. 6.—(Special to The Herald.)—Fred J. Ness, Northern Pacific operator at Tamarack, was killed Saturday night in an unusual manner. While waiting to begin his night work at midnight he sat on the platform of the depot with his feet dangling toward the track and fell asleep. A passing freight engine struck him and crushed his skull, causing instant death. His body was sent to his home in St. Paul. Ness was about 20 and had been in the employ of the road about three years. He had worked the night previously and instead of going to bed during the day time remained up, which accounted for his falling asleep on the platform.

MOORHEAD BOY SHOT.

Moorhead, Minn., Oct. 6.—(Special to The Herald.)—Henry Reinhart, 15, is receiving treatment at his home for a self-inflicted wound he sustained Sunday from a .22 calibre rifle. He was swinging the weapon carelessly, when in some manner it was discharged the bullet passing completely through the thigh, inflicting a painful, but not serious wound.

ONLY SALT WATER.

Capt. Charles Berolomich, the millionaire skipper of the Martha Washington, said one in the steamer's saloon, as he ate some very rich and fragrant turtle soup:

"This soup reminds me of something that hapened to my old friend Capt. Jeremiah Gotschalk, of the brig Scud.

"Capt. Gotschalk and his first mate were doing London. On a fine summer morning they walked in the Row and saw the fashionables horsebacking; they strolled in Piccadilly, where all the the great clubs are; they looked over the guns and men's things in Bond street, and lastly they got hungry.

"For lunch they entered a smart-looking restaurant. A maid in a white cap took their order. The things in the little restaurant were rather cheaper than they had expected. Still, that was all the better, provided the quality was good.

"In a few minutes the maid put two plates of thin transparent fluid with a somewhat salty taste before Capt. Gotschalk and his mate.

"The mate tasted it and coughed.

"'Put a name to this, cap'n, will ye?' said he.

"Capt. Gotschalk tried a spoonful, and then beckoned the waitress to him.

"'What might ye call this here, my lass?' says he, lifting up a spoonful and letting it fall back into the plate.

"'Soup, sir,' says the waitress.

"'Soop!' cried Capt. Gotschalk.

"'Yes, Ignorance,' the waitress answered, flushing up.

"The captain turned to the mate.

"'Soop!' he said. 'Soop! By tar! Bill just think o' that! Here's you and me been sailin' on soop all our lives, and never knowed it till now.'"

WHAT KILLED THE ADJUTANT?

Allahabad Pioneer: A good story from the regimental journal of the "Fighting Fifth" concerns colonel, then Capt. FitzRoy and dates back to 1860. FitzRoy was possessed of an air gun, and one afternoon he took a shot at an adjutant, a bird which, being an excellent scavenger, is protected from injury by a fine of 100 rupees. Several people saw the bird fall, but heard no report. There was, of course, a hubbub and a court of inquiry was ordered to investigate the bird's death.

As luck would have it, FitzRoy was appointed president of the court, the finding of which was duly recorded as follows: "The court, having carefully investigated all the evidence brought before it, have come to the conclusion that the bird died of sunstroke.—(Signed) Phil FitzRoy, captain and president."

"A delightful story." The teapot tells it when you use "Salada" Tea; delicious, healthful and refreshing; in fact, "Salada" is tea perfection.

ON THE IRON RANGES

LID IS WANTED; TO FIT LIGHTLY

Hibbing Business Men, However, Against Slot Machines.

Hibbing, Minn., Oct. 6.—(Special to The Herald.)—While the meeting of taxpayers with the Commercial club last night developed that there is opposition to slot machines and gambling and there was a general desire the lid regulation be enforced, there was also a sentiment against crowding down the legal headgear too much. The wide open policy was not advocated entirely, but a sort of a middle of the road understanding, the idea apparently being to allow some sort of diversion mildly with certain restrictions.

The question of better protection from forest fires was also discussed, the recent trying experience having awakened the people to the need of taking action against a repetition next year of this year's scare. It was agreed that by removing the underbrush in this locality there will be little liability of forest fires assuming dangerous proportions in the future. A committee of three will report the best method of having the work done.

F. A. Wildes, Dr. D. C. Rood and J. A. Redfern were appointed a committee to report upon the question of the tonnage tax that is being discussed in the campaign.

EVELETH AMONG HEALTHY PLACES

Very Little Sickness Reported Existing There at Present.

Eveleth, Minn., Oct. 6.—(Special to The Herald.)—Eveleth can certainly be placed among the most healthy cities in the state. There are only one or two cases of diphtheria, which is the only contagious disease known in the city at the p resent time.

The resolution that the council passed some time ago, compelling all property owners on streets having sewer to connect up, has done much toward improving public health. The proposed sewer on Monroe street will also help to better the city's health. The contract for the sewers was awarded to Anderson & Johnson of Superior, some time ago, by the council, but the resolution was vetoed by Mayor Smith, so that the resolution will be reconsidered at the council meeting tonight. The mayor vetoed the resolution on the ground that a Mr. Butler of Virginia had a lower bid for the work.

The newly-appointed health commissioner for the city, and also for the school district, Dr. P. F. Brown, is making a thorough investigation of the health of the school children, and will also see that the dairies from which the city secured its milk supply are kept clean.

HIBBING FANS EXCITED.

Watching the Outcome in the Big Leagues With Interest.

Hibbing, Minn., Oct. 6.—(Special to The Herald.)—The Hibbing Colts, that is, what is left of them, beat a team picked from the stars of the Oliver league here, Sunday, by a score of 5 to 4.

Great interest is being shown about town in the probable outcome of the races in the two big leagues. Almost every man in town has his pad and pencil figuring out the percentages, to show you where his favorite has the best of it.

John Ginnff, an old woodsman about town, who has been employed by a firm here, dropped dead yesterday, from the excessive use of alcohol.

The first of a series of roller skating parties was given last night in the roller rink and was thoroughly enjoyed by a large crowd.

George Holly is in Minneapolis on business. He is expected home today.

The Power theater has been entirely redecorated and refurnished.

Mr. Keyes, of Duluth, has been retained by Mrs. Lizzie Koski, to defend her in her case which the city has brought against her for attempting to rebuild, after her building was condemned by the fire commissioner.

Biwabik-Eveleth Game Off.

Eveleth, Minn., Oct. 6.—(Special to The Herald.)—The Biwabik high school team, which was to have played the local high school team here tomorrow afternoon, has backed out of its game, claiming that if they played they would be in no condition to play Tower Saturday. The local team will journey to Ely on Saturday to play the high school team there.

VIRGINIA CLUB FLOURISHES.

Has Over 100 Members, Gaining Many This Year.

Virginia, Minn., Oct. 6.—(Special to The Herald.)—The Virginia club will hold its annual meeting for the election of officers this evening at which time other business will be transacted. The club is in a very flourishing condition, having increased its membership over forty the past year. The club now has a membership of over 100.

The printers and scribes of the range will hold their annual ball at the Fay opera house this evening. Hibbing, Eveleth and other range towns printers and editors will attend. Kraft's full orchestra will furnish the music and a committee of twelve will greet the guests.

A number of Virginians went out in search of partridges Sunday, but returned with very few birds, the recent forest fires having driven them from this section.

Bishop McGolrick of Duluth held services here at the Lady of Our Lord's Catholic church, Sunday evening. His sermon was highly spoken of and was listened to by a very large audience.

W. A. Hall, one of the pioneer business men of this city will close out his business here and remove to Texas, to engage in the fruit raising business.

HUNTER IS WOUNDED.

Agent Miser at Alborn Accidentally Shoots Himself.

Hibbing, Minn., Oct. 6.—(Special to The Herald.)—M. E. Miser, station agent and baggagemaster for the Missabe road at Alborn Junction was brought to a local hospital Sunday suffering from a gun shot wound he sustained while hunting. He slipped, the weapon being discharged and he was badly wounded in the groin. His left hand was also wounded. He will be taken to Duluth for treatment.

NEED LARGER SYNAGOGUE.

Jews of Eveleth Considering Building Larger Place.

Eveleth, Minn., Oct. 6.—(Special to The Herald.)—Next Sunday evening the congregation Agudas Achrem, which has the Jewish synagogue, will hold its annual election of officers. A president, vice president, secretary and treasurer and one trustee will be elected. One of the most important questions that the members will decide will be that of securing a new synagogue. The present one is now too small for all purposes, especially on the holidays, when out-of-town people from the surrounding small towns come into town to worship. At present the congregation has about twenty-two members in good standing. The present synagogue was secured about three years ago, being remodeled from a house.

The present officers of the synagogue are: President, Solomon Sax; vice president, S. Levant; treasurer, Frank Rabinowitz.

This year was a very prosperous one for the church, and no doubt the members will decide to build a larger and more up-to-date synagogue, which will be able to take care of all demands that might come upon it for a number of years.

SAWMILL IS BURNED.

Powers & Simpson's Property Near Hibbing Burns.

Hibbing, Minn., Oct. 6.—(Special to The Herald.)—Fire broke out in the Powers & Simpson sawmill, four miles northwest of here, last evening, at 8:30, entirely destroying the mill and about $10,000 worth of wood. The loss would have been far greater had the wind been from any other direction. All the lumber was saved. The chemical made one of the fastest trips ever recorded in the village of Hibbing, and was largely instrumental in the quickness with which the fire was extinguished. The estimated loss is about $25,000. The origin of the fire is unknown.

MRS. J. SCHULTZ' FUNERAL.

Virginia Woman Who Died in Duluth to be Buried Wednesday.

Virginia, Minn., Oct. 6.—(Special to The Herald.)—Mrs. John Schultz, a pioneer resident of this city, died at St. Luke's hospital in Duluth, Sunday morning, as the result of an operation for throat trouble. She was 59 years of age, and leaves a family of seven children, all of whom reside in this city.

The body arrived from Duluth last evening. The funeral will be held from the Presbyterian church, Wednesday afternoon, Rev. Henry E. Neff officiating.

AURORA CATHOLICS TO BUILD PRIEST'S HOME.

Aurora, Minn., Oct. 6.—(Special to The Herald.)—The trustees of the Catholic church here have purchased two lots next to the church and will erect a parish for the priest. Work will commence as soon as the plans arrive. It was intended to postpone the building of the parish until next spring, but the new priest, Father Belban, is here, and the work will be started at once.

VIRGINIA THEATER MUST COMPLY WITH ORDINANCE.

Virginia, Minn., Oct. 6.—(Special to The Herald.)—Chief of the Fire Department A. F. Thayer has notified Frank Klink, owner of the Fay opera house, that unless he complies with the city ordinance regulating public buildings, he will be obliged to condemn the playhouse and have it closed. The conditions are that Mr. Klink must supply the theater with ample fire escapes, also to put in fireproof curtains, drop and side scenery, and make other improvements to comply with the fire ordinance.

WORKING FOR MEMBERS.

Aurora Knights of Pythias Start Contest.

Aurora, Minn., Oct. 6.—(Special to The Herald.)—Organized under the leadership of Chancellor Commander C. E. Vanderpoel and Vice Chancellor N. A. Young, the Knights of Pythias of this place are planning to start a lively contest for more members. The respective leaders will be made this week and hustling for new members will then begin.

A determined effort will be made to add materially to the present membership.

The members of the order are responding liberally to the subscriptions being made for the Chisholm fire sufferers.

One Eveleth Theater Open.

Eveleth, Minn., Oct. 6.—(Special to The Herald.)—The Bijou theater has not been open for the past two weeks, and it is not known whether it will open again. It is reported that Manager Guy Miller is sick in Superior. The Lyceum theater, under the management of F. C. Carpenter, formerly of Hope, N. D., at present is the only theater. It is now playing the attractions formerly played at the Bijou.

HOMESTEADER TAKES LIFE.

Found Dead on Doorstep of His Home in Town of Byuck.

Tower, Minn., Oct. 6.—(Special to The Herald.)—Word reached here yesterday afternoon from the town of Byuck on the Crane lake portage, that a homesteader had committed suicide. He is supposed to be Adolph Poski, a young Norwegian, who resided here for several months previous to his taking the homestead near Buyck. He had been working with several others on a nearby farm and had gone home about 4 o'clock, Monday. Shortly after a shot was heard and upon investigation the young man was found dead on his doorstep. No motive can be attributed unless it be that he became melancholy through living alone. He was strictly temperate and was well liked by all who knew him. Coroner Gleason of Ely was notified and came down from Ely immediately and made the trip to the scene of the young man's death. The body will probably be brought here for burial.

AURORA MARSHAL RESIGNS.

Village is Regretting Loss of Efficient Officer.

Aurora, Minn., Oct. 6.—(Special to The Herald.)—The village council has received the resignation of Village Marshal August Knutl, who has served the community efficiently for several years. There is general regret over his decision to leave the employ of the village. So far as known, the councilmen have not decided upon his successor.

Telegraph School for Fargo.

Fargo, N. D., Oct. 6.—(Special to The Herald.)—A new telegraph school in Fargo is an established fact. A number of prominent railroad men who have talked with Prof. Nusbaum about the ne winstitution are giving it their hearty support.

Mr. Nusbaum has had sixteen years' experience as operator, agent and teacher, and is recognized as one of the most accurate telegraphers, as well as one of the best teachers of the art, in the entire country. Ample capital is back of the institution, and with such competent men in charge of the work and the moral support of the railroads and all Fargo citizens, there seems no reason why Fargo should not have one of the best railroad schools in the country.

Hempstead Poet Laureate.

Chicago, Oct. 6.—Fay Hempstead of Arkansas, now a member of Ravenswood Lodge, Chicago, last night was crowned poet laureate of the Masonic fraternity, with all the ceremonials proper to the occasion. Mr. Hempstead is the third poet to be thus honored, the first being Robert Burns, the Scotch poet of immortal fame; and the second, the late Robert Morris of New York. In accepting the honor, Mr. Hempstead delivered an original poem, written for the occasion. The honor was conferred by consent of all grand lodges.

PILES CURED QUICK

Read What a Sufferer of Forty-Five Years' Says of Pyramid Pile Cure.

Trial Package Sent By Mail, Free.

"I have had the piles since 1863, have tried different ointments and went so far as to have an operation and yet they came back again. After using your remedy I feel better than I have for twenty years." Richard Worthington, Galesburg, Ill.

Think of the joy he must feel after a lifetime of suffering. This same style of letter comes to us every day. Al druggists sell Pyramid Pile Cure, fifty cents per box, or send us fifty cents and we will send you a package in plain wrapper by mail, or if you want to prove its value and will send us your name and address, we wil send you a trial package by mail free in plain, unmarked wrapper. KILLED IN CITY JAIL

Ingebert Moe Rolls From Balcony to Cement Floor.

Man Was an Old Offender in Local Police Circles.

Ingebert Moe, a prisoner at the city jail, was killed last night by falling from the upper balcony to the floor.

Moe, who was an old-timer in Duluth, was no stranger at the city jail, as he had been held there many times.

No one knows just what time the accident happened. When the prisoners awoke this morning they found him on the floor, but supposed that he was sleeping. A few minutes afterward the jailor came in and tried to arouse him and found that he was dead.

In the jail there are two tiers of cells, with a balcony around the second tier. It was from this balcony that Moe fell, striking his head on the floor below.

He was about 43 years old.

Altogether, Moe had been arrested about a dozen times in the last six years. Most of the time his offense was being drunk. He had a good deal of trouble with his family, and was arrested for non-support twice.

Moe was first arrested on Aug. 24, 1902, charged with grand larceny, but was dismissed, there being no proof of his guilt. Next he appeared at the police station June 29, 1904, for being drunk. He was sentenced to thirty days in jail. Oct. 12 of the same year he was in court again on the same charge, and this time drew a sentence of ten days.

Not long after this he was in for non-support, but was dismissed.

Before he finished the ten day sentence, he escaped from the county jail, but was captured and returned to serve out his time. Dec. 14, 1904, he got suspended sentence on a drunk and disorderly charge and two days later was in for non-support again. He was held to the district court.

Feb. 19, 1905 he got a sentence of forty days for being drunk, and April 2, of the same year got a sixty day sentence on the same charge. May 2, he escaped from the chain gang, was caught by the police and turned over to Sheriff Bates. Dec. 6, 1905, he was given twenty days for disorderly conduct. Yesterday he was arrested for being drunk.

METHODIST CONFERENCE

(Continued from page 1.)

nis of Hamline. A temperance and good citizenship meeting will be held in the evening, the principal speaker being Rev. Dr. Baker, superintendent of the Anti-Saloon league. The program arranged for the following sessions of the conference is as follows:

Thursday, Oct. 8.

Afternoon — Anniversary, Women's Home Missionary society, with address by Rev. S. Dick, D. D., Minneapolis; Bible study, book of Hosea, by Rev. C. H. Blake, Ely.

Evening—Anniversary, board of education, address by Rev. Thomas Nicholson, D. D., New York, N. Y.

Friday, Oct. 9.

Afternoon — Anniversary, Woman's Foreign Missionary society, with address by Rev. Andrew Gillies, D. D.; Bible study, book of Amos, by Rev. Donald McKenzie, Excelsior.

Evening—Anniversary, Foreign Missionary society, with address by Rev. Homer C. Stuntz, D. D., corresponding secretary, New York.

Saturday, Oct. 10.

Afternoon—Missionary sermon by Rev. J. H. Denniston, Bemidji; open parliament, conducted by Rev. Dr. G. S. Innis; Bible study, book of Hosea, by Rev. E. A. Cooke, Renville.

Evening—Anniversary, Board of Home Missions and Church Extension. Address by Rev. J. H. Fitzwater, D. D., Philadelphia, Pa.

Sundny, Oct. 11.

Morning—Conference love feast, led by Rev. Donald McKenzie; morning worship, with sermon by the Rev. Bishop Luther B. Wilson, D. D., LL.D., Philadelphia, Pa.

Afternoon—Ordination service; memorial service, led by Rev. S. S. Farley, Ortonville.

Evening—Anniversary, Board of Conference Claimants. Address by Rev. J. G. Hingeley, D. D., corresponding secretary, Chicago, Ill.

TURKEY APPEALS TO POWERS TO CRUSH BULGARIA'S MOVE

(Continued from page 1.)

sian protests, as a cause for war when the Russian foreign office was sounded in the matter of the Bulgarian proclamation it addressed strongly-worded representations to Prince Ferdinand against the step, declaring it to be the duty of civilized powers to refrain from embarrassing the "Younk Turks" in their efforts for reform.

The original Bulgarian plan was to allow Austria-Hungary to take the initiative in annexing Bosnia and Herzogivina and to proclaim her independence while the attention of the powers was occupied with this matter. It was realized, however, that a spontaneous declaration and appeal would have a much greater effect on the popular imagination, and for this same reason Tirnova, the ancient capital of the kingdom of Bulgaria, was chosen as the scene of the historic act.

Peace Hope Grows.

Paris, Oct. 6.—The hope that hostilities may be avoided in the Balkans is growing in Paris. The latest advices received here from Constantinople seem to indicate that the porte, for the moment, is not disposed to go further than a formal protest against Bulgaria's proclamation of independence.

Foreign Minister Pichon is continuing his conferences here. This morning he talked with M. Iswolsky, the Russian minister of foreign affairs, and M. Stancioff, the diplomatic agent of Bulgaria, and this afternoon he will confer with the British, Turkish, Italian and Spanish ambassadors.

France believes in the necessity of a new conference of the signatories of the Berlin treaty for the purpose of clearing up the situation and safeguarding the interests of all the powers concerned. If the principle of a new congress is approved, France, in accord with Great Britain and Russia, will abstain from recognizing the independence of Bulgaria and the seizure of Bosnia and Herzegovnia by Austria-Hungary. This virtually will amount to backing up Turkey's protest, and by saving the self-respect of the porte will act as a calming and restraining influence.

Pursuant to this policy, President Failieres' reply to Emperor Francis Joseph will be courteous but non-committal.

In official circles it is pointed out that one of the strongest precedents against a single power disregarding the stipulations of a general treaty came from Austria-Hungary herself. When the treaty of Paris of 1856 was revised in London in 1871, Austria-Hungary was loud in her protestation against Russia's refusal longer to abide by the provisions relative to the Black Sea.

No official confirmation has been received here of the reports that orders have been issued in both Bulgaria and Turkey for the mobilization of troops.

Original Rebels Demur.

Saloniki, European Turkey, Oct. 6.—The committee of Union and Progress, which organized and carried out the recent successful revolution in Turkey on the part of the Young Turks, has issued a proclamation in which it is set forth that the committee regards the declaration of Bulgarian independence and the intention of Austrian-Hungary to annex the occupied provinces of Bosnia and Herzegovina as a violation of the rights of Turkey.

It therefore solemnly protests in the name of humanity against the unfavorable attitude of Austria-Hungary and Bulgaria toward a people, who are progressing in the direction of liberty. In conclusion the committee appeals to Europe against "these attempts on the most sacred rights of the nation."

DON'T BE TOO FAT BE COMFORTABLE

If you're too fat just say to the druggist the magic word "Marmola." Take some and watch yourself grow slighter and slighter until you are comfortably thin. Then tell other fat folks about it. It's a good thing to remember the prescription: ½ ounce Marmola, ½ ounce Fluid Extract Cascara Aromatic, and 3½ ounces Peppermint Water. Take a teaspoonful after meals and before bedtime. While you're taking Marmola you can eat and drink as much as you like, do as little as you wish in the line of work or exercise, but you'll keep on getting thin until you stop taking the medicine.

WEST AIDS HIS VOICE

(Continued from page 1.)

prise and relentless prosecution of dishonest enterprises.

"Twelve years ago we had a little controversy. The question was whether we should enact laws that would dishonor us. Mr. Bryan told us then that he was essential to the safety of the country. We found out latter that the safety of the country demanded his repudiation.

Hughes Tells a Story.

"When I think of it I am reminded of a bishop who was descending in a bucket down a mine with a workman. When they had gone a long way down the workman asked jokingly:

"'Bishop how far is it to Hell?'

"Said the bishop: 'If that rope breaks, you will be there in less than a minute.'"

"It does not take much to destroy business confidence and close up factories. We cannot afford to commit ourselves To vagaries and visionary schemes. That is not the line of progress. It is the line of disaster.

"There is no use saying Mr. Bryan will not be allowed to carry out his projects if elected. So far the country has said 'No,' to most of the things he has proposed.

"Now he desires to exterminate trusts. How does he go about it? Does he first give a definition of the evils and then an outline of proposed legislation that will hit at wrongs? No, That is not his way. That is not the way to propose a cure-all that will catch the popular fancy for a moment. The Democratic candidate seems to have a remedy for everything. If you don't like the one he shows you, well he has another which might appeal to you. But all of his remedies are untried."

The Carat.

This tiny standard of weight, although not one person in a million ever makes practical use of it, possesses great prestige because of its connection with diamonds and other precious stones. Because of its purity and wholesome qualities, golden grain belt beer goes into the homes almost exclusively. A glass of golden grain belt beer at mealtime and before retiring builds up overworked nerve tissues and insures renewed health to body and brain. Order of your nearest dealer, or be supplied by Duluth Branch Minneapolis Brewing Co.

MONEY IS PLENTY FOR NEW PLANTS

Steel Corporation Will Not Touch Surplus to Build Duluth Plant.

The Steel corporation may be able to carry on its construction in Duluth without disturbing the total surplus of the company.

At the beginning of the year trade slacked up to such an extent that it was thought impossible to erect the Duluth plant without resorting to the surplus. Now that things generally are waking up to a great extent, the company expects to build both here and at Gary, Ind., without touching the huge surplus, according to a dispatch from New York.

It is estimated that the Steel corporation has expended something between $30,000,000 and $35,000,000 so far this year for new construction, which would bring total expenditures for this purpose since organization close to $240,000,000, a figure equivalent to nearly $50 a share on the common stock.

LEFT DESTITUTE FAMILY.

Man Murdered in Box Car Father of Five Children.

Fergus Falls, Minn., Oct. 6.—Frank Grace, who was murdered in a box car near New York Mills last week, leaves a wife and five little children at Kretsville, Mo. The family is in poor circumstances, and the father had been working in Montana and sending his earnings home to lift a mortgage on their little farm. When he started home, a brakeman agreed to let him ride in a box car for a dollar, letting five other men in at the same time. Two others were let in at Lake Park, Becker county, and these held up the five, Grace resisting and being shot through the abdomen and shoulder and dying shortly afterwards from his injuries.

STRIKE GAS SAND.

Great Northern Well Diggers Make Find.

Maxbass, N. D., Oct. 6.—A bed of natural gas sand has been struck in the deepest well that the Great Northern Oil, Gas & Pipe Line company is drilling between Maxbass and Westhope, and some interesting developments are expected in the near future.

The drillers are down 1,324 feet and the trace of sand at this depth seems to indicate that the drillers are near either gas or oil.

The well is about 1,000 feet away from one of the other strong gaswells. The drillers are inclined to think that they will strike oil instead of gas, as gas in the other wells was struck at a depth of from 170 to 200 feet.

ST. CLOUD STATE NORMAL SCHOOL BADLY CROWDED.

St. Cloud, Minn., Oct. 6.—The normal school board, at its meeting on Sept. 18, passed a resolution limiting the size of the St. Cloud school. It was found that the number in attendance was too great for present accommodations. No more new students will, therefore, be admitted before Dec. 1, the beginning of a new term. At that time a limited number may be taken, but will be admitted in the order of application, former students of the school being given the preference.

Burglary at Marquette.

Marquette, Minn., Oct. 6.—(Special to The Herald.)—Burglars entered the hardware store of B. Niedhart & Co., on Front street Saturday evening, obtaining entrance through a rear window, which they broke and reached by piling boxes one upon another, rifled the cash drawer, which contained about $1.50 in pennies, and secured guns, knives and ammunition to the value of about $20.

Robbed While at Street Fair.

Chippewa Falls, Wis., Oct. 6.—Mrs. William Smith attended the street fair in Eau Claire Saturday night and upon her return on the last car found that her home had been visited by burglars. Every drawer in the house had been opened and ransacked, the contents strewn over the floor and $125 taken.

Admitted Stealing Wood.

Stillwater, Minn., Oct. 6.—(Special to The Herald.)—Carl Ponath, a feeble old man of 78 years, who has made his home in this city for forty-six years and lives alone in the northern part of the city, admitted in the municipal court Monday that he had stolen four bundles of edgings belonging to J. C. Welsh. The judge imposed a fine of $5 or ten days in jail, but suspended sentence with an injunction to ask for wood and not steal it in the future.

To Awaken the Liver

Coated tongue, aching head, biliousness, indigestion, constipation alternating with looseness of the bowels, feelings of depression and ill-temper.

These arise from sluggish torpid action of the liver.

Relief comes after the use of one of Dr. A. W. Chase's Kidney and Liver Pills and cure with a few weeks' use of this great regulator of the liver.

With the liver right there is usually no disturbance of the digestive system or bowels. Therefore get at the cause of trouble by awakening the liver to action by use of Dr. A. W. Chase's Kidney and Liver Pills.

Mr. Z. M. Taylor, Port Chester, Md., writes: "Having used Dr. A. W. Chase's Kidney and Liver Pills for a number of years I consider them the best liver regulator I ever used. I cheerfully recommend them to anyone afflicted with headache and other symptoms of a disordered liver."

One pill a dose, 25 cents a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

AS TO RIDING ON PASSES.

The Albert Lea Standard recently issued this challenge to the Jacobson press of the state: "While ranting on the stump against the railroads in the campaign two years ago, Jacobson was riding on free railroad passes. Somebody please deny it. Still silent? Then we dare you to deny it."

Nobody has denied it, least of all Jacobson. Neither will he deny it. Two years ago, when Mr. Jacobson was stumping the state for Cole, it was shown that he was riding on free passes. One of them was Omaha pass No. 5,804. Shortly after this disclosure, Mr. Jacobson came to Duluth, and The Herald, thinking he might wish to deny the charge, gave him a chance. He refused to take it; he refused to deny it; neither did he seek to justify his action.

But instead of denying the charge, here come newspapers like the Preston Times and the Ortonville Herald-Star, and demand: "What of it?" The weakening influence upon moral fiber of the bad example of a man high in the councils of a party is clearly shown by this, because if you would go back in the files of these very newspapers you would find them filled with righteous indignation against the use of passes by public officials and in political campaigns. They said then that passes were bribes; that railroads did not give them for nothing, and that those that accepted them placed themselves under improper obligations to the corporations bestowing them. This was all true, too. But now these newspapers, forced by an unhappy fate and by the arrogance of party bosses to the support of a stultified champion of the people, want to know "what about it?"

The Preston Times explains that when Jacobson rode on passes the anti-pass law had not yet been enacted, and it was no crime to ride on a pass. Technically, perhaps, it was no crime; actually, it was. It was no technical crime, perhaps, to kill a man before society enacted a statute against homicide. It was no technical crime to crush competitors and rob them of their means of livelihood by forcing stealthy rebates before the anti-rebate law was passed. On the same hypothesis, it was no crime to ride on a pass before the law made it a public offense.

In all the years of Jacobson's work in the legislature, he was the loudest, most excited opponent of free passes. He accepted none himself; so he said, at least. He declared that when some rode on passes the plain people had to pay the bill, and that this was discrimination. He said that to accept passes was to become obligated to the railroads. And in these things he reflected the conscience of the people, which later matured into statute law.

Yet not long after he got out of the legislature, and before the echoes of his condemnation had died away, he was found riding on passes. He says that he stands where he stood fifteen years ago. Yet he has since not only accepted railroad passes from the railroads, but he has accepted a nomination for governor at their hands, with the help of other predatory corporations and selfish interests. He has condemned all these things, and afterwards embraced them.

THE MONOTONY OF HUNTING ACCIDENTS.

The fall hunting season is now on, and readers of the news are no doubt steeled against a succession of shocks resulting from the customary series of hunting accidents. A curious thing about this regular annual list of accidents and deaths is the monotonous character of the causes. Hunters—some hunters at least—never seem to learn the lesson of caution. They seem singularly unsusceptible to the influence of the experiences of others. Every year many lives are snuffed out to pay the cost of criminal carelessness which seems quite as common in one season as in another.

For instance, the other day two Mesaba range men were hunting ducks. One of them, hurrying to prepare for an approaching flock, pulled his gun out of the boat by its muzzle. The trigger caught in some projection and the gun was discharged, the contents taking deadly effect in the hunter's arm. He might have been saved had the party been near surgical assistance, but on the way to town much blood was lost, and the injured man died in the hospital. Though hundreds of men have been killed by such reckless handling of firearms, there are still other hundreds who will lose track of consequences and hurriedly grasp a loaded gun by the muzzle, just as there are hundreds who will fire at the first rustle of leaves in the brush, who will get drunk on a hunting trip and drown their judgment in alcohol, and who will carry loaded guns with their muzzles pointed at their companions.

NELSON ON DEPOSIT GUARANTY.

Mr. Bryan having taken up the bank deposit guaranty idea as a part of his program of campaign issues, it straightway became necessary, under the strict rules of the game, for the Republicans to oppose it.

This has been rendered rather difficult by the fact that before it became a campaign issue a great many Republicans had declared in favor of it. The Fowler currency bill, which had the support of many prominent men throughout the country, including thousands of bankers, involved a plan for the guaranty of bank deposits. The Aldrich bill, which passed, did not contain such a provision, but Senator Nelson of Minnesota offered an amendment providing for it, and urged strong reasons in behalf of his amendment. The only trouble with his plan was that it did not provide money enough to make the guaranty fund a sufficient assurance to depositors, since the amount it provided might have been swallowed up by the failure of one or two banks. But the principle was there just the same, and to it Senator Nelson committed himself in vigorous sentences.

In offering the amendment Senator Nelson said that a money panic is distinguishable from a money stringency. A money stringency arises because of a temporary scarcity of currency, while a panic, such as that of the fall of 1907, always originates in a run by depositors alarmed as to the safety of their finds. In 1907, to protect themselves, the banks practically closed their doors. In fact they suspended cash payments to all practical purposes. This condition was brought about not because of a stringency of currency, but because the public became panic-stricken in its disbelief in the soundness of the banks. When a panic sets in and a run starts on the banks, money becomes scarce because depositors withdraw their money and also because people who heretofore were content to get their pay in drafts and checks now demand cash. Thus the supply of cash is depleted while the demand for currency increases. The banks are therefore compelled to call in loans from customers and must refuse further accommodation. All this is caused by a panic-stricken public. Continuing, Senator Nelson said:

"Now if you can by legislation provide a fund for the protection of depositors, so that they will feel easy and confident and will not become panic-stricken, you to a large extent cure such evils as we had last fall. To my mind these evils arose from two sources. First, from the want of confidence on the part of depositors, in consequence of which there was a run on the banks. And in the next place because the banks themselves were even more cowardly than the depositors; because the big banks throughout the country practically suspended payment." In short, Mr. Nelson argued that the establishment of a guaranty fund would create confidence in the minds of depositors, and would thereby eliminate panics and runs upon banks.

At the time, The Herald praised Senator Nelson for his views, and its attitude toward the plan was based largely upon an appreciation of the cogency of his arguments. The fact that Mr. Bryan and the Democratic party subsequently took up this plan and urged it upon the country has not caused this newspaper to change its mind. Apparently it has caused some Republicans either to change their minds or to still their tongues on the subject.

AN IMPROVED MILK SUPPLY.

Definite and tangible gain to the community appears to have come from the recent flurry about the milk supply of Duluth, during which it was shown that conditions were not by any means what they ought to be in some of the dairies from which Duluth gets its milk.

At last evening's council meeting Health Commissioner Patton reported that the eighty-five dairies within the city limits and the seventy-five outside from which this city buys its milk are in a sanitary condition. Since the first of the week in August the department has examined 160 dairies and inspected 2,553 cows, finding that the milk tests were all satisfactory save in the cases of twenty-one dairies outside the city limits, and that the dairies inside the city have improved greatly since the previous examnation. The health commissioner finds the dairymen willing to co-operate with the authorities, and a number of them who had been straining milk in the stables have erected houses for the storage of the milk.

So far, this is very good. It is no longer necessary to say that much depends upon the integrity of a city's milk supply, for the authorities and the public are awake to the dangers that lurk in impure milk. Too often, however, flurries of interest such as we have had in the milk supply are succeeded by periods of indifference and negligence. Matters are put in proper shape and then, being left to themselves, degenerate into their old evil ways again. Eternal vigilance is the price of a clean milk supply and therefore of public health, no less than it is of liberty.

AN ILLUMINATING JOKE.

This is a funny campaign anyway, in some respects, but nothing funnier has happened than an incident that occurred down in Omaha the other day.

The Omaha Bee, published by Victor Rosewater, member of the Republican national executive committee and of the Republican publicity bureau, picked a sentence out of one of Mr. Bryan's speeches, referring to the tariff, and proceeded to rip it to pieces. The Bee did it very well, too. It hopped on that innocent-looking paragraph and smashed it to atoms. It scattered the atoms to the four winds of heaven with its vigorous onslaught.

But the joke comes in when you know that the sentence criticised was the declaration on the tariff in the Republican national platform, which Mr. Bryan had quoted for the purpose of commenting upon it. It follows: "In all tariff legislation the true principle is best maintained by the imposition of such duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit to American industries." Regarding this, the Bee said: "Nothing prettier in the catch-all line has been offered in this campaign. The most hidebound standpatter in the country can accept that as satisfactory and the rankest free trader can find delight in it. The declaration means simply nothing. An attempt to legislate along that line would simply open the way to interminable wrangling as to what constitutes a 'reasonable profit,' for hair-splitting on wages in one industry, price of raw material in another, rebates and drawbacks in a third and so on through the list of thousands of articles that are now on the tariff lists. Bryan's revision would serve only to halt industrial and commercial progress and keep business unsettled during his term of office."

Bear in mind that this scathing criticism is directed at the tariff declaration of the Republican party by a Republican newspaper which is laboring under the delusion that it is attacking a statement by Mr. Bryan. It is very illuminating as to the effect of viewpoint upon judgment.

The only flaw to be picked in the Bee's able attack upon the Republican tariff plank is its statement that "the declaration means simply nothing." When it first appeared last spring in the Ohio state platform, to be copied in the Iowa state platform a few days later, The Herald, first of all the newspapers in the country, called attention to the fact that it was a marked innovation in Republican tariff declarations, and that it had a sinister sound. All these years the Republican party has been talking about a tariff to cover the difference in cost of production at home and abroad, in the interests of American labor, and actually giving a tariff that provided "a reasonable profit to manufacturers"—allowing, of course, the manufacturers to use their own judgment about what constitutes a reasonable profit. This year's Republican declaration on the tariff seeks to crystalize into Republican doctrine the iniquitous, "socialistic" and oppressive proposition of guaranteeing the profits of manufacturers—whch sounds well coming from a party that refuses to guarantee the security of bank deposits, in which there is no profit at all to the depositors.

HOTEL GOSSIP.

Samuel T. Owens of St. Paul, who is at the St. Louis hotel, says Johnson sentiment down there is stronger this year than it was the two previous occasions Governor Johnson ran for office.

In fact, Mr. Owens is of the opinion that Jacobson will have but little chance in the cities, the only strength that he will show, being in the country districts.

They have organized Johnson clubs all over Ramsey county, according to Mr. Owens, and he believes that Ramsey will give the governor a bigger vote than that upon the other two occasions Governor Johnson was before the people as a candidate.

While not declaring that Bryan will carry the state, as some people believe, Mr. Owens is of the opinion that the commoner will let people know he is in the fight before the election is over. Mr. Owens says that Taft will carry the state, but that his plurality will not anywhere near approach the plurality rolled up by Theodore Roosevelt.

Mr. Owens says that among sane and conservative voters, who look upon the outcome of the approaching state election from every possible angle, there is no doubt of the election of Johnson. His large personal following in this state, his splendid record, and the honor and renown that he has brought to Minnesota, combine to entrench him in the good will of the voters. He says that even Republicans are conceding the election of Johnson in some quarters.

* * *

John T. Prairie of Chicago, who is at the Spalding, is of the opinion, like every true Chicagoan, that the two Chicago teams will capture the pennants in the American and National leagues. Mr. Prairie believes that it will be another fight for the world's championship between Murphy's Cubs and Comiskey's White Sox. And he is of the opinion that the Cubs will cop the calico this year.

Mr. Prairie states that Chicago is baseball crazy. The town is simply daft, according to him. Mr. Murphy, owner of the Chicago National league team, Mr. Prairie states, has all along held that his team would win the pennant. There were many in Chicago who thought that the Cubs didn't have a chance in a hundred to win out. Now, however, many of the faint hearts have come out of their shell and admit that Chicago has the best fighting chance to pull down the bunting in the Pullman league.

The Chicago fans say that their team could nearly always trim New York, and that, should it be necessary for the two teams to meet in a post-season series to decide the ownership of the flag, the Cubs will fit perfectly in the role of Giant killers and will prove that they are the best team in the league.

* * *

Floyd Bliven, the former clerk of the McKay, has returned to duty at that hotel. Mr. Bliven has many friends among hotel people who will be glad to learn of his return to Duluth.

* * *

J. T. Sutherland, at the Lenox, is of the opinion that the Democrats stand a very good chance of carrying Indiana. Indiana is counted safely in the list of Taft states, but with the popularity of Vice Presidential Candidate Kern, Mr. Sutherland is of the opinion that Indiana will upset another political precedent.

He says that Bryan made an excellent impression upon the voters of Indiana. Then, again, Mr. Sutherland is of the opinion that this is a Democratic year. He believes that the Democratic ticket will cut deeply into many of the states that heretofore have been considered in the ranks of the Republicans.

He points to Ohio as a state that, while it will not go Democratic, in his opinion will give the Democratic candidate a larger vote than it has in many years. He bases his opinion both on the warring elements in the ranks of the Republican party and to the general spread of Democracy.

The Catechism of Sport.

Cleveland Plain Dealer: "Glad to know you, Mr. Brown. Do you golf?"

"No."

"Do you auto?"

"No."

"Do you moto?"

"No."

"Do you aviate?"

"No."

"How queer!"

THE WEATHER.

The long-expected rain came yesterday afternoon; not much of it, but enough of it to make good the predictions and to dampen the dust. This morning it was clear, calm and cool. Now the weather man looks for fine weather for tonight and tomorrow, with colder temperature tonight and brisk northwesterly winds. Yesterday's highest was 62 degs., and last night's lowest was 48 degs. A year ago today a northeaster was in progress, the sixth in a month against none in the last month this year.

The sun rose this morning at 6:14 and sets tonight at 5:38, making 11 hours and 24 minutes of sunlight.

Says Mr. Richardson of conditions: "The Saskatchewan storm has moved its center to the region north of Lake Superior. During the past twenty-four hours this disturbance caused rain over Western Canada, Montana, North Dakota, Minnesota, Western Wisconsin, Iowa, Eastern Nebraska, Eastern Kansas, Western Missouri and Oklahoma, and also warmer weather, which includes most of the Northwest. The barometer is high over Oregon and the North Atlantic states. Fair weather is indicted for the Head of the Lakes tonight and Wednesday."

Following were last night's lowest temperatures:

Abilene	66	Memphis	56
Asheville	40	Miles City	56
Atlanta	54	Milwaukee	56
Battleford	36	Minneloza	38
Bismarck	40	Modena	30
Boston	42	Montgomery	56
Buffalo	48	Moorhead	40
Cairo	52	New Orleans	64

Department of Agriculture, Weather Bureau, Duluth, Oct. 6.—Local forecast for twenty-four hours ending at 7 p. m., Wednesday: Duluth, Superior and vicinity, including the Mesaba and Vermilion Iron ranges—Fair weather tonight and Wednesday; colder tonight; brisk northwesterly winds.

H. W. RICHARDSON,
Local Forecaster.

Chicago, Oct. 6.—Forecasts until 7 p. m., Wednesday: Upper Michigan—Partly cloudy and cooler tonight with showers in east portion; Wednesday fair and cooler.

Wisconsin—Partly cloudy and cooler tonight with frost; Wednesday fair and cooler.

Minnesota—Fair tonight and Wednesday; colder tonight.

Upper Lakes—Fresh to brisk west to northwest winds; partly cloudy tonight, with probably showers on Michigan, Huron and Eastern Superior; Wednesday fair.

AS TO MR. JACOBSON.

Red Lake Falls Gazette: Mr. Jacobson does not want to be the only loser, so advises that when the voter scratches his ticket at the top he should keep on down the line to the bottom. The other Republican nominees are not exhibiting any great amount of enthusiasm in seconding this proposition. This lack of harmony is anything but encouraging to the gentleman from Lac Qui Parle.

Warroad Plaindealer: Did Jacobson sell out to the corporations in 1906, when he rode all over Minnesota on free railroad passes? Jacobson has not since opened his mouth against predatory wealth.

Wilmar Journal (Rep.): J. F. Jacobson says in his "opening gun" speech at Clarkfield that he will, if elected governor, sign a county option bill if the legislature passes one. So will any candidate for governor of Minnesota. Jake would be saying something that the Republican party would like to hear if he had said: If elected governor next November I will urge the legislature to pass a county option bill. But he is tied up to the fellows who will not permit him to make such a promise.

Red Lake Falls Gazette: Jacobson doesn't want the newspapers to print his speeches, and perhaps he is wise at that.

Warroad Plaindealer: Jake Jacobson is the lonesomest Republican candidate for governor this state has had in the forty-odd years that we have been a resident of it. Every day notes the desertion of him by some Republican paper, while those that remain for apearances' sake apologize in tone for remaining.

Hallock Enterprise: For fourteen years J. F. Jacobson fought the only thing that Roseau county was in the legislature for—drainage, yet the Roseau county Republican delegation trotted obediently down to the state convention and voted to nominate him for governor. It is such politics and such citizenship as this that has bred, and which fosters, the present economic conditions. J. F. Jacobson cannot see a statesmanlike policy until it has run over him—just as the drainage policy had to do. But he is acceptable to the interests, and with the Republicans who run conventions, that is sufficient.

Montevideo Leader: It was perfectly safe for J. F. Jacobson to pledge himself that if elected governor and a county option bill passed by the legislature should come before him, he would sign it. But there is no likelihood that he will ever get the chance to do it, at least not next winter, for the Republican state convention was carefully fixed to provide against such a posible contingency.

International Falls Press: When Mr. Jacobson arraigns alike Governor Johnson and the last Republican legislature for "extravagance," why does he not tell the public how the money was spent—rural and high schools, roads and bridges, drainage, ditches, forestry, agricultural college and experimental stations, state university and state institutions and development generally?

A Haunting Resemblance.

New York World: It begins to look as if in their cruel attacks on each other Mr. Bryan and Mr. Roosevelt were seeking to emphasize the similarity between them far more than they ever did in the days of their loving kindness.

Mr. Bryan begins the good work by pointing out, as an act of friendship, Mr. Roosevelt's proud possession of T. Coleman Dupont.

Mr. Roosevelt, generously refusing to monopolize the issue, refers with a colleague's pride to Mr. Bryan's ownership of C. N. Haskell.

Mr. Roosevelt then tenderly insinuates the influence back of Mr. Bryan of Standard Oil.

Mr. Bryan, altruistically waiving all patent rights, credits Mr. Roosevelt with steel trust favors bestowed and reciprocated.

Mr. Bryan then pays Mr. Roosevelt the tribute of recalling how the president fried the fat off Mr. Harriman in 1904.

Mr. Roosevelt charitably shares the soft impeachment by calling to mind how Mr. Bryan was succored by silver-mine owners in 1896.

The current of events seems to be demonstrating such a family resemblance between Mr. Roosevelt and Mr. Bryan in all these significant little subconscious traits that it may go far toward establishing the justice of Mr. Bryan's claim as Mr. Roosevelt's heir.

As to Talking.

Topeka State Journal: It takes a child a couple of years to learn to talk and then it takes the rest of a lifetime to learn to keep from talking too much.

Prosperity and Pork.

Indianapolis News: Notwithstanding the return of confidence, 40 cents' worth of pork chops isn't any bigger than it was while confidence was enjoying its vacation.

Dr. PRICE'S CREAM Baking Powder

A grape cream of tartar powder. Makes pure, healthful, delicious food. No alum, no lime phosphate.

There is an infallible test by which every housewife may detect the unhealthful alum baking powders—

The label will tell

Study the label. If it does not say cream of tartar the baking powder is made from alum and must be avoided.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

•••William E. Davis has severed his connection with the banking house of Bell & Eyster, and contemplates moving to Washington territory. He has been succeeded as assistant manager by Charles E. De Witt, an old and trusted attache of the bank.

•••A certain business man of Duluth, who is known for his methodical and honorable methods of dealing with people, never goes from the city for a single day without leaving at one of the banks a statement of his financial affairs. In case of death, the paper will show his exact standing at the time of his departure.

•••Mrs. N. Butler died yesterday at 1803 West Superior street.

•••Charles G. Miller has just completed and moved into his new house on West Third street.

•••Mrs. Salter of Joliet, Ill., mother of Mrs. C. Snelling Robinson, left for home today, after a visit of a few weeks in Duluth.

•••Fred H. Russell, who has been with the Wells-Stone company since it started business here, has been selected to take charge of the branch to be started at Itasca, Minn., on the upper waters of the Mississippi, under the name of the Wright Mercantile company, and leaves tomorrow with his family.

•••The Syndicate Land Company of Duluth has filed articles of incorporation with the secretary of state. The capital stock is $100,000, and the incorporators are Fred F. Huntress, S. C. Brown, Robert Osborn and F. C. Harrington of Duluth, and W. N. Brown and M. K. Brown of Mount Pleasant, Mich.

•••Articles of incorporation of the White Lake Iron & Water company have been filed here. The capital stock is $1,000,000, and the company's officers are: F. W. Eaton, president; Edgar Brown, vice president; H. H. Bell, secretary and treasurer.

•••Inspectors Chalk and Monaghan left yesterday for Bismarck. Their district now includes St. Paul and the Mississippi as far south as Wabasha, adding about forty steamboats to their list.

•••At West Duluth the brick walls of the great casthouse of the blast furnace are already up about ten feet, and the other buildings are progressing rapidly. Eight or ten houses are being built in different parts of the West Duluth Land company's addition.

•••Jack Frost has done its deadly work in Ramsey county, Dakota, and killed what little wheat was left. The whole population of the county is on the verge of starvation, and immediate aid is asked.

•••T. F. Sullivan has purchased Charles Manners' interest in the Third street west barber shop.

Pointed Paragraphs.

Chicago News: Time flies, and no airship has been able to beat it.

The poorer a man is the more he favors an income tax.

If there is any knocking to be done let opportunity do it.

Some men sit on others while trying to stand up for themselves.

Keep an eye on your friends; you know what to expect of your enemies.

Much of man's interest in a woman is due to his inability to understand her.

With the advent of her first baby a mother thinks she has discovered a new language.

It is easier for the tailor to measure a man than it is for him to measure his bank balance.

Mischief in your own children would be downright wickedness in the children of your neighbor.

If a young man shows a decided bent to get rid of his money, it won't take him very long to go broke.

A woman should never marry a man to reform him until she can make a satisfactory omelet out of bad eggs.

When a woman has occasion to visit her poor relations she always likes to talk about the trouble she has with her hired girl.

Reflections of a Bachelor.

New York Press: The only good husband is when he has a widow.

When a man likes to eat hash he can lie about other things, too.

The most successful love letter is the one that means the same thing over and over again.

A woman can never understand how wearing some of the baby's hair in his watch chain locket doesn't keep her husband from catching cold.

A man who smokes doesn't realize that when he kisses a girl about all she gets out of it is a taste like the stump of a cigar.

An Old-Fashioned Woman.

Atchison Globe: This is the tale of an old-fashioned woman. Her husband, who had accumulated wealth as the years went by and had begun to take life easy, worried because his wife worked as hard as ever. He hired a cook, and within two weeks found his wife waiting on the cook. Then he hired a maid to wait on the cook, and a short time afterward found his wife waiting on the maid. At one time he had hired four persons, a man, a cook, the maid and a scrub woman, and found that his wife worked as hard as ever. (This is an explanation of why a certain man sits on the front porch and reads and smokes while his wife, who has earned equal right to rest, is scrubbing in the kitchen: She is enjoying herself in her way just as much as he is in his).

Government by Oil.

Charleston News and Courier: Shall government by Standard Oil and for Standard Oil perish from the earth!

MEANT TO BE FUNNY.

Detroit Free Press: Jane—Frank turned up an hour late.

Many—What did you do?

Jane—Just turned him down.

Brooklyn Life: Ella—I'm to be married tomorrow, and I'm terribly nervous.

Stella—I suppose there always is a chance of a man getting away up to the last minute.

Washington Star: "To whom do you attribute your success as a monarch?" After a moment's thought the European ruler replied: "Largely to bad marksmanship."

Chicago Record-Herald: "Did I understand you to say that he was one of the city's most alert young men?"

"Yes. He's always about the first to find out the name of every new cocktail that is invented.

Catholic Standard and Times: Ascum—I understand some doctors contend that onions are good for weak nerves. Did you ever hear of that?

Dr. Bright—No; but I can readily imagine that they'd be rather good for a weak breath.

Leslie's Weekly: "Why is Jones raising a beard?"

"Oh, I bedieve his wife made him a present of some ties."

Houston Post: "Why don't you do as you did when you came home last night, John?"

"How was that?"

"Why when I met you in the dark hallway you caught me in your arms and kissed me."

"Gee! was that you? I thought—er—here you are!"

New York Sun: First Violet—Coming out yet?

Second Violet—No, I'll wait till the rubber plant moves away from the radiator.

Philadelphia Press: "Do you think you could identify the burglar?" asked the detective from City Hall.

"Well, I never saw him," replied the victim, "but he was a very small man."

"How do you know?"

"Haven't I told you he got into our flat without any trouble?"

St. Louis Times: "There's one good thing about this simplified spelling," mused Mr. Newrich.

"People can't say I ain't educated any more."

Houston Post: "Does money talk?"

"I dunno. A married man never has enough of it to prevent him from getting lonesome."

Blue Monday.

Baltimore Sun: Mr. Roosevelt always writes his letters so they come around on wash day.

AMUSEMENTS. AMUSEMENTS.

It is important when desiring the address of your paper changed, to give both the old and new addresses.

AS TO RIDING ON PASSES.

The Albert Lea Standard recently issued this challenge to the Jacobson press of the state: "While ranting on the stump against the railroads in the campaign two years ago, Jacobson was riding on free railroad passes. Somebody please deny it. Still silent? Then we dare you to deny it."

Nobody has denied it, least of all Jacobson. Neither will he deny it. Two years ago, when Mr. Jacobson was stumping the state for Cole, it was shown that he was riding on free passes. One of them was Omaha pass No 5,804. Shortly after this disclosure, Mr. Jacobson came to Duluth, and The Herald, thinking he might wish to deny the charge, gave him a chance. He refused to take it; he refused to deny it; neither did he seek to justify his action.

But instead of denying the charge, here come newspapers like the Preston Times and the Ortonville Herald-Star, and demand: "What of it?" The weakening influence upon moral fiber of the bad example of a man high in the councils of a party is clearly shown by this, because if you would go back in the files of these very newspapers you would find them filled with righteous indignation against the use of passes by public officials and in political campaigns. They said then that passes were bribes; that railroads did not give them for nothing, and that those that accepted them placed themselves under improper obligations to the corporations bestowing them. This was all true, too. But now these newspapers, forced by an unhappy fate and by the arrogance of party bosses to the support of a stultified champion of the people, want to know "what about it?"

The Preston Times explains that when Jacobson rode on passes the anti-pass law had not yet been enacted, and it was no crime to ride on a pass. Technically, perhaps, it was no crime; actually, it was. It was no technical crime, perhaps, to kill a man before society enacted a statute against homicide. It was no technical crime to crush competitors and rob them of their means of livelihood by forcing stealthy rebates before the anti-rebate law was passed. On the same hypothesis, it was no crime to ride on a pass before the law made it a public offense.

In all the years of Jacobson's work in the legislature, he was the loudest, most excited opponent of free passes. He accepted none himself; so he said, at least. He declared that when some rode on passes the plain people had to pay the bill, and that this was discrimination. He said that to accept passes was to become obligated to the railroads. And in these things he reflected the conscience of the people, which later matured into statute law.

Yet not long after he got out of the legislature, and before the echoes of his condemnation had died away, he was found riding on passes. He says that he stands where he stood fifteen years ago. Yet he has since not only accepted railroad passes from the railroads, but he has accepted a nomination for governor at their hands, with the help of other predatory corporations and selfish interests. He has condemned all these things, and afterwards embraced them.

THE MONOTONY OF HUNTING ACCIDENTS.

The fall hunting season is now on, and readers of the news are no doubt steeled against a succession of shocks resulting from the customary series of hunting accidents. A curious thing about this regular annual list of accidents and deaths is the monotonous character of the causes. Hunters—some hunters at least—never seem to learn the lesson of caution. They seem singularly unsusceptible to the influence of the experiences of others. Every year many lives are snuffed out to pay the cost of criminal carelessness which seems quite as common in one season as in another.

For instance, the other day two Mesaba range men were hunting ducks. One of them, hurrying to prepare for an approaching flock, pulled his gun out of the boat by its muzzle. The trigger caught in some projection and the gun was discharged, the contents taking deadly effect in the hunter's arm. He might have been saved had the party been near surgical assistance, but on the way to town much blood was lost, and the injured man died in the hospital. Though hundreds of men have been killed by such reckless handling of firearms, there are still other hundreds who will lose track of consequences and hurriedly grasp a loaded gun by the muzzle, just as there are hundreds who will fire at the first rustle of leaves in the brush, who will get drunk on a hunting trip and drown their judgment in alcohol, and who will carry loaded guns with their muzzles pointed at their companions.

NELSON ON DEPOSIT GUARANTY.

Mr. Bryan having taken up the bank deposit guaranty idea as a part of his program of campaign issues, it straightway became necessary, under the strict rules of the game, for the Republicans to oppose it.

This has been rendered rather difficult by the fact that before it became a campaign issue a great many Republicans had declared in favor of it. The Fowler currency bill, which had the support of many prominent men throughout the country, including thousands of bankers, involved a plan for the guaranty of bank deposits. The Aldrich bill, which passed, did not contain such a provision, but Senator Nelson of Minnesota offered an amendment providing for it, and urged strong reasons in behalf of his amendment. The only trouble with his plan was that it did not provide money enough to make the guaranty fund a sufficient assurance to depositors, since the amount it provided might have been swallowed up by the failure of one or two banks. But the principle was there just the same, and to it Senator Nelson committed himself in vigorous sentences.

In offering the amendment Senator Nelson said that a money panic is distinguishable from a money stringency. A money stringency arises because of a temporary scarcity of currency, while a panic, such as that of the fall of 1907, always originates in a run by depositors alarmed as to the safety of their finds. In 1907, to protect themselves, the banks practically closed their doors. In fact they suspended cash payments to all practical purposes. This condition was brought about not because of a stringency of currency, but because the public became panic-stricken in its disbelief in the soundness of the banks. When a panic sets in and a run starts on the banks, money becomes scarce because depositors withdraw their money and also because people who heretofore were content to get their pay in drafts and checks now demand cash. Thus the supply of cash is depleted while the demand for currency increases. The banks are therefore compelled to call in loans from customers and must refuse further accommodation. All this is caused by a panic-stricken public. Continuing, Senator Nelson said:

"Now if you can by legislation provide a fund for the protection of depositors, so that they will feel easy and confident and will not become panic-stricken, you to a large extent cure such evils as we had last fall. To my mind these evils arose from two sources. First, from the want of confidence on the part of depositors, in consequence of which there was a run on the banks. And in the next place because the banks themselves were even more cowardly than the depositors; because the big banks throughout the country practically suspended payment." In short, Mr. Nelson argued that the establishment of a guaranty fund would create confidence in the minds of depositors, and would thereby eliminate panics and runs upon banks.

At the time, The Herald praised Senator Nelson for his views, and its attitude toward the plan was based largely upon an appreciation of the cogency of his arguments. The fact that Mr. Bryan and the Democratic party subsequently took up this plan and urged it upon the country has not caused this newspaper to change its mind. Apparently it has caused some Republicans either to change their minds or to still their tongues on the subject.

AN IMPROVED MILK SUPPLY.

Definite and tangible gain to the community appears to have come from the recent flurry about the milk supply of Duluth, during which it was shown that conditions were not by any means what they ought to be in some of the dairies from which Duluth gets its milk.

At last evening's council meeting Health Commissioner Patton reported that the eighty-five dairies within the city limits and the seventy-five outside from which this city buys its milk are in a sanitary condition. Since the first of the week in August the department has examined 160 dairies and inspected 2,553 cows, finding that the milk tests were all satisfactory save in the cases of twenty-one dairies outside the city limits, and that the dairies inside the city have improved greatly since the previous examination. The health commissioner finds the dairymen willing to co-operate with the authorities, and a number of them who had been straining milk in the stables have erected houses for the storage of the milk.

So far, this is very good. It is no longer necessary to say that much depends upon the integrity of a city's milk supply, for the authorities and the public are awake to the dangers that lurk in impure milk. Too often, however, flurries of interest such as we have had in the milk supply are succeeded by periods of indifference and negligence. Matters are put in proper shape and then, being left to themselves, degenerate into their old evil ways again. Eternal vigilance is the price of a clean milk supply and therefore of public health, no less than it is of liberty.

AN ILLUMINATING JOKE.

This is a funny campaign anyway, in some respects, but nothing funnier has happened than an incident that occurred down in Omaha the other day.

The Omaha Bee, published by Victor Rosewater, member of the Republican national executive committee and of the Republican publicity bureau, picked a sentence out of one of Mr. Bryan's speeches, referring to the tariff, and proceeded to rip it to pieces. The Bee did it very well, too. It hopped on that innocent-looking paragraph and smashed it to atoms. It scattered the atoms to the four winds of heaven with its vigorous onslaught.

But the joke comes in when you know that the sentence criticised was the declaration on the tariff in the Republican national platform, which Mr. Bryan had quoted for the purpose of commenting upon it. It follows: "In all tariff legislation the true principle is best maintained by the imposition of such duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit to American industries." Regarding this, the Bee said: "Nothing prettier in the catch-all line has been offered in this campaign. The most hidebound standpatter in the country can accept that as satisfactory and the rankest free trader can find delight in it. The declaration means simply nothing. An attempt to legislate along that line would simply open the way to interminable wrangling as to what constitutes a 'reasonable profit,' for hair-splitting on wages in one industry, price of raw material in another, rebates and drawbacks in a third and so on through the list of thousands of articles that are now on the tariff lists. Bryan's revision would serve only to halt industrial and commercial progress and keep business unsettled during his term of office."

Bear in mind that this scathing criticism is directed at the tariff declaration of the Republican party by a Republican newspaper which is laboring under the delusion that it is attacking a statement by Mr. Bryan. It is very illuminating as to the effect of viewpoint upon judgment.

The only flaw to be picked in the Bee's able attack upon the Republican tariff plank is its statement that "the declaration means simply nothing." When it first appeared last spring in the Ohio state platform, to be copied in the Iowa state platform a few days later, The Herald, first of all the newspapers in the country, called attention to the fact that it was a marked innovation in Republican tariff declarations, and that it had a sinister sound. All these years the Republican party has been talking about a tariff to cover the difference in cost of production at home and abroad, in the interests of American labor, and actually giving a tariff that provided "a reasonable profit to manufacturers"—allowing, of course, the manufacturers to use their own judgment about what constitutes a reasonable profit. This year's Republican declaration on the tariff seeks to crystalize into Republican doctrine the iniquitous, "socialistic" and oppressive proposition of guaranteeing the profits of manufacturers—which sounds well coming from a party that refuses to guarantee the security of bank deposits, in which there is no profit at all to the depositors.

HOTEL GOSSIP.

Samuel T. Owens of St. Paul, who is at the St. Louis hotel, says Johnson sentiment down there is stronger this year than it was the two previous occasions Governor Johnson ran for office.

In fact, Mr. Owens is of the opinion that Jacobson will have but little chance in the cities, the only strength that he will show, being in the country districts.

They have organized Johnson clubs all over Ramsey county, according to Mr. Owens, and he believes that Ramsey will give the governor a bigger vote than it had upon the other two occasions Governor Johnson was before the people as a candidate.

While not declaring that Bryan will carry the state, as some people believe, Mr. Owens is of the opinion that the commoner will let people know he is in the fight before the election is over. Mr. Owens says that Taft will carry the state, but that his plurality will not anywhere near approach the plurality rolled up by Theodore Roosevelt.

Mr. Owens says that among sane and conservative voters, who look upon the outcome of the approaching state election from every possible angle; there is no doubt of the election of Johnson. His large personal following in this state, his splendid record, and the honor and renown that he has brought to Minnesota, combine to entrench him in the good will of the voters. He says that even Republicans are conceding the election of Johnson in some quarters.

* * *

John T. Prairie of Chicago, who is at the Spalding, is of the opinion, like every true Chicagoan, that the two Chicago teams will capture the pennants in the American and National leagues. Mr. Prairie believes that it will be another fight for the world's championship between Murphy's Cubs and Comiskey's White Sox. And he is of the opinion that the Cubs will cop the calico this year.

Mr. Prairie states that Chicago is baseball crazy. The town is simply daft, according to him. Mr. Murphy, owner of the Chicago National league team, Mr. Prairie states, has all along held that his team would win the pennant. There were many in Chicago who thought that the Cubs didn't have a chance in a hundred to win out. Now, however, many of the faint hearts have come out of their shell and admit that Chicago has the best fighting chance to pull down the bunting in the Pulliam league.

The Chicago fans say that their team could nearly always trim New York, and that, should it be necessary for the two teams to meet in a post-season series to decide the ownership of the flag, the Cubs will fit perfectly in the role of Giant killers and will prove that they are the best team in the league.

* * *

Floyd Bliven, the former clerk of the McKay, has returned to duty at that hotel. Mr. Bliven has many friends among hotel people who will be glad to learn of his return to Duluth.

* * *

J. T. Sutherland, at the Lenox, is of the opinion that the Democrats stand a very good chance of carrying Indiana. Indiana is counted safely in the list of Taft states, but with the popularity of Vice Presidential Candidate Kern, Mr. Sutherland is of the opinion that Indiana will upset another political precedent.

He says that Bryan made an excellent impression upon the voters of Indiana. Then, again, Mr. Sutherland is of the opinion that this is a Democratic year. He believes that the Democratic ticket will cut deeply into many of the states that heretofore have been considered in the ranks of the Republicans.

He points to Ohio as a state that, while it will not go Democratic, in his opinion will give the Democratic candidate a larger vote than it has in many years. He bases his opinion both on the warring elements in the ranks of the Republican party and to the general spread of Democracy.

The Catechism of Sport.

Cleveland Plain Dealer: "Glad to know you, Mr. Brown. Do you golf?"

"No."

"Do you auto?"

"No."

"Do you motor?"

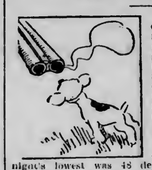

"No."

"Do you aviate?"

"No."

"How queer!"

THE WEATHER.

The long-expected rain came yesterday afternoon; not much of it, but enough of it to make good the predictions and to dampen the dust. This morning it was clear, calm and cool. Now the weather man looks for fine weather for tonight and tomorrow, with colder temperature tonight and brisk northwesterly winds. Yesterday's highest was 62 degs., and last night's lowest was 48 degs. A year ago today a northeaster was in progress, the sixth in a month against none in the last month this year.

The sun rose this morning at 6:14 and sets tonight at 5:33, making 11 hours and 24 minutes of sunlight.

Says Mr. Richardson of conditions: "The Saskatchewan storm has moved its center to the region north of Lake Superior. During the past twenty-four hours this disturbance caused rain over Western Canada, Montana, North Dakota, Minnesota, Western Wisconsin, Iowa, Eastern Nebraska, Eastern Kansas, Western Missouri and Oklahoma, and also warmer weather, which includes most of the Northwest. The barometer is high over Oregon and the North Atlantic states. Fair weather is indicated for the Head of the Lakes tonight and Wednesday."

Following were last night's lowest temperatures:

Abilene	66	Memphis	56
Asheville	40	Miles City	56
Atlanta	54	Milwaukee	56
Battleford	30	Minnedosa	38
Bismarck	40	Modena	30
Boston	42	Montgomery	56
Buffalo	48	Moorhead	40
Cairo	52	New Orleans	64
Calgary	28	New York	52
Chicago	58	Norfolk	58
Cincinnati	48	Northfield	28
Concordia	52	North Platte	34
Davenport	56	Oklahoma	60
Denver	38	Omaha	54
Detroit	56	Phoenix	50
Devils Lake	36	Pierre	50
Dodge	50	Pittsburg	50
Duluth	48	Port Arthur	46
Edmonton	26	Portland, Or.	42
El Paso	48	Prince Albert	32
Escanaba	52	Qu'Appelle	32
Galveston	72	St. Louis	58
Grand Haven	48	St. Paul	50
Green Bay	54	San Antonio	66
Havre	40	San Francisco	48
Helena	34	Santa Fe	30
Houghton	52	Sault Ste. Marie	52
Huron	42	Shreveport	54
Jacksonville	68	Spokane	42
Kansas City	60	Swift Current	28
Knoxville	48	Washington	42
La Crosse	54	Wichita	56

Little Rock	52	Winnemucca	32
Los Angeles	60	Winnipeg	40
Marquette	52	Yellowstone	30
Medicine Hat	40		

Department of Agriculture, Weather Bureau, Duluth, Oct. 6.—Local forecast for twenty-four hours ending at 7 p. m., Wednesday: Duluth, Superior and vicinity, including the Mesaba and Vermilion Iron ranges—Fair weather tonight and Wednesday; colder tonight; brisk northwesterly winds.

H. W. RICHARDSON,
Local Forecaster.

Chicago, Oct. 6.—Forecasts until 7 p. m., Wednesday: Upper Michigan—Partly cloudy and cooler tonight with showers in east portion; Wednesday fair and cooler.

Wisconsin—Partly cloudy and cooler tonight with frost; Wednesday fair and cooler.

Minnesota—Fair tonight and Wednesday; colder tonight.

Upper Lakes—Fresh to brisk west to northwest winds; partly cloudy tonight, with probably showers on Michigan, Huron and Eastern Superior; Wednesday fair.

AS TO MR. JACOBSON.

Red Lake Falls Gazette: Mr. Jacobson does not want to be the only loser, so advises that when the voter scratches his ticket at the top he should keep on down the line to the bottom. The other Republican nominees are not exhibiting any great amount of enthusiasm in seconding this proposition. This lack of harmony is anything but encouraging to the gentleman from Lac Qui Parle.

Warroad Plaindealer: Did Jacobson sell out to the corporations in 1906, when he rode all over Minnesota on free railroad passes? Jacobson has not since opened his mouth against predatory wealth.

Wilmar Journal (Rep.): J. F. Jacobson says in his "opening gun" speech at Clarkfield that he will, if elected governor, sign a county option bill if the legislature passes one. So will any candidate for governor of Minnesota. Jake would be saying something that the Republican party would like to hear of he had said: If elected governor next November I will urge a legislature to pass a county option bill. But he is tied up to the fellows who will not permit him to make such a promise.

Red Lake Falls Gazette: Jacobson doesn't want the newspapers to print his speeches, and perhaps he is wise at that.

Warroad Plaindealer: Jake Jacobson is the lonesomest Republican candidate for governor this state has had in the forty-odd years that we have been a resident of it. Every day notes the desertion of him by some Republican paper, while those that remain for apearances' sake apologize in tone for remaining.

Hallock Enterprise: For fourteen years J. F. Jacobson fought the only thing that Roseau county was in the legislature for—drainage, yet the Roseau county Republican delegation trotted obediently down to the state convention and voted to nominate him for governor. It is such politics and such citizenship as this that has bred, and which fosters, the present economic conditions. J. F. Jacobson cannot see a statesmanlike policy until it has run him—just as the drainage policy had to do. But he is acceptable to the interests, and with the Republicans who run conventions, that is sufficient.

Montevideo Leader: It was perfectly safe for J. F. Jacobson to pledge himself that if elected governor and a county option bill passed by the legislature should come before him, he would sign it. But there is no likelihood that he will ever get the chance to do it, at least not next winter, for the Republican state convention was carefully fixed to provide against such a posible contingency.

International Falls Press: When Mr. Jacobson arraigns alike Governor Johnson and the last Republican legislature for "extravagance," why does he not tell the public how the money was spent—rural and high schools, roads and bridges, drainage, ditches, forestry, agricultural college and experimental stations, state university and state institutions and development generally?

A Haunting Resemblance.

New York World: It begins to look as if in their cruel attacks on each other Mr. Bryan and Mr. Roosevelt were seeking to emphasize the similarity between them far more than they ever did in the days of their loving kindness.

Mr. Bryan begins the good work by pointing out, as an act of friendship, Mr. Roosevelt's proud possession of T. Coleman Dupont.

Mr. Roosevelt, generously refusing to monopolize the issue, refers with a colleague's pride to Mr. Bryan's ownership of C. N. Haskell.

Mr. Roosevelt then tenderly insinuates the influence back of Mr. Bryan of Standard Oil.

Mr. Bryan, altruistically waiving all patent rights, credits Mr. Roosevelt with steel trust favors bestowed and reciprocated.

Mr. Bryan then pays Mr. Roosevelt the tribute of recalling how the president fried the fat off Mr. Harriman in 1904.

Mr. Roosevelt charitably shares the soft impeachment by calling to mind how Mr. Bryan was succored by silver-mine owners in 1896.

The current of events seems to be demonstrating such a family resemblance between Mr. Roosevelt and Mr. Bryan in all these significant little subconscious traits that it may go far toward establishing the justice of Mr. Bryan's claim as Mr. Roosevelt's heir.

As to Talking.

Topeka State Journal: It takes a child a couple of years to learn to talk and then it takes the rest of a lifetime to learn to keep from talking too much.

Prosperity and Pork.

Indianapolis News: Notwithstanding the return of confidence, 40 cents' worth of pork chops isn't any bigger than it was while confidence was enjoying its vacation.

Dr. PRICE'S CREAM Baking Powder

A grape cream of tartar powder. Makes pure, healthful, delicious food. No alum, no lime phosphate.

There is an infallible test by which every housewife may detect the unhealthful alum baking powders—

The label will tell

Study the label. If it does not say cream of tartar the baking powder is made from alum and must be avoided.

TWENTY YEARS AGO.

Taken From the Columns of The Herald of This Date, 1888.

***William E. Davis has severed his connection with the banking house of Bell & Eyster, and contemplates moving to Washington territory. He has been succeeded as assistant manager by Charles E. De Witt, an old and trusted attache of the bank.

***A certain business man of Duluth, who is known for his methodical and honorable methods of dealing with people, never goes from the city for a single day without leaving at one of the banks a statement of his financial affairs. In case of death, the paper will show his exact standing at the time of his departure.

***Mrs. N. Butler died yesterday at 1803 West Superior street.

***Charles G. Miller has just completed and moved into his new house on West Third street.

***Mrs. Salter of Joliet, Ill., mother of Mrs. C. Snelling Robinson, left for home today, after a visit of a few weeks in Duluth.

***Fred H. Russell, who has been with the Wells-Stone company since it started business here, has been selected to take charge of the branch to be started at Itasca, Minn., on the upper waters of the Mississippi, under the name of the Wright Mercantile company, and leaves tomorrow with his family.

***The Syndicate Land Company of Duluth has filed articles of incorporation with the secretary of state. The capital stock is $100,000, and the incorporators are Fred F. Huntress, S. C. Brown, Robert Osborn and F. C. Harrington of Duluth, and W. K. Brown and M. K. Brown of Mount Pleasant, Mich.

***Articles of incorporation of the White Lake Iron & Water company have been filed here. The capital stock is $1,000,000, and the company's officers are: F. W. Eaton, president; Edgar Brown, vice president; H. H. Bell, secretary and treasurer.

***Inspectors Chalk and Monaghan left yesterday for Bismarck. Their district now includes St. Paul and the Mississippi as far south as Wabasha, adding about forty steamboats to their list.

***At West Duluth the brick walls of the great casthouse of the blast furnace are already up about ten feet, and the other buildings are progressing rapidly. Eight or ten houses are being built in different parts of the West Duluth Land company's addition.

***Jack Frost has done its deadly work in Ramsey county, Dakota, and killed what little wheat was left. The whole population of the county is on the verge of starvation, and immediate aid is asked.

***T. F. Sullivan has purchased Charles Manners' interest in the Third street west barber shop.

Pointed Paragraphs.

Chicago News: Time flies, and no airship has been able to beat it.

The poorer a man is the more he favors an income tax.

If there is any knocking to be done let opportunity do it.

Some men sit on others while trying to stand up for themselves.

Keep an eye on your friends; you know what to expect of your enemies.

Much of man's interest in a woman is due to his inability to understand her.

With the advent of her first baby a mother thinks she has discovered a new language.

It is easier for the tailor to measure a man than it is for him to measure his bank balance.

Mischief in your own children would be downright wickedness in the children of your neighbor.

If a young man shows a decided bent to get rid of his money, it won't take him very long to go broke.

A woman should never marry a man to reform him until she can make a satisfactory omelet out of bad eggs.

When a woman has occasion to visit her poor relations she always likes to talk about the trouble she has with her hired girl.

Reflections of a Bachelor.

New York Press: The only good husband is when he has a widow.

When a man likes to eat hash he can lie about other things, too.

The most successful love letter is the one that means the same thing over and over again.

A woman can never understand how wearing some of the baby's hair in his watch chain locket doesn't keep her husband from catching cold.

A man who smokes doesn't realize that when he kisses a girl about all she gets out of it is a taste like the stump of a cigar.

An Old-Fashioned Woman.

Atchison Globe: This is the tale of an old-fashioned woman. Her husband, who had accumulated wealth as the years went by and had begun to take life easy, worried because his wife worked as hard as ever. He hired a cook, and within two weeks found his wife waiting on the cook. Then he hired a maid to wait on the cook, and a short time afterward found his wife waiting on the maid. At one time he had hired four persons, a man, a cook, the maid and a scrub woman, and found that his wife worked as hard as ever. (This is an explanation of why a certain man sits on the front porch and reads and smokes while his wife, who has earned equal right to rest, is scrubbing in the kitchen: She is enjoying herself in her way just as much as he is in his).

Government by Oil.

Charleston News and Courier: Shall government by Standard Oil and for Standard Oil perish from the earth!

MEANT TO BE FUNNY.

Detroit Free Press: Jane—Frank turned up an hour late.

Many—What did you do?

Jane—Just turned him down.

Brooklyn Life: Ella—I'm to be married tomorrow, and I'm terribly nervous.

Stella—I suppose there always is a chance of a man getting away up to the last minute.

Washington Star: "To whom do you attribute your success as a monarch?" After a moment's thought the European ruler replied: "Largely to bad marksmanship."

Chicago Record-Herald: "Did I understand you to say that he was one of the city's most alert young men?"

"Yes. He's always about the first to find out the name of every new cocktail that is invented.

Catholic Standard and Times: Ascum—I understand some doctors contend that onions are good for weak nerves. Did you ever hear of that? Dr. Bright—No; but I can readily imagine that they'd be rather good for a weak breath.

Leslie's Weekly: "Why is Jones raising a beard?"

"Oh, I believe his wife made him a present of some ties."

Houston Post: "Why don't you do as you did when you came home last night, John?"

"How was that?"

"Why when I met you in the dark hallway you caught me in your arms and kissed me."

"Gee! was that you? I thought—er—here you are!"

New York Sun: First Violet—Coming out yet?

Second Violet—No, I'll wait till the rubber plant moves away from the radiator.

Philadelphia Press: "Do you think you could identify the burglar?" asked the detective from City Hall.

"Well, I never saw him," replied the victim, "but he was a very small man."

"How do you know?"

"Haven't I told you he got into our flat without any trouble?"

St. Louis Times: "There's one good thing about this simplified spelling," mused Mr. Newrich.

"People can't say I ain't educated any more."

Houston Post: "Does money talk?"

"I dunno. A married man never has enough of it to prevent him from getting lonesome."

Blue Monday.

Baltimore Sun: Mr. Roosevelt always writes his letters so they come around on wash day.

INTENTIONAL DUPLICATE EXPOSURE

NEWS OF THE NORTHWEST

HIS HAND SHOT OFF

Misfortune Comes to Carl Allen of Cass Lake, Hunting.

Standing on Log, Leaning on Gun He Loses His Balance.

Cass Lake, Minn., Oct. 6.—(Special to The Herald.)—Carl Allen of this place, while hunting Monday accidentally shot himself in the hand. The entire hand was completely severed from the arm.

Allen, with a companion, was standing on a log resting his hand on the gun when he lost his balance and stepped backward. On stepping backward the barrel of the gun opened and when Allen regained himself it closed, thus the gun became cocked. Almost as soon as it closed the gun discharged and the bullet went through the palm of his hand, blowing the hand into fragments. Allen became unconscious immediately and his partner, Joseph Marlow, carried him on his back seven miles to town.

CLOQUET METHODISTS WANT REV. SWINNERTON.

Cloquet, Minn., Oct. 6.—(Special to The Herald.)—At the fourth quarterly conference held at the Methodist church at Cloquet Sunday evening, the pastor, Rev. Rupert Swinnerton, was unanimously invited to return for another year. Splendid progress has been made along all lines during the past year. Dr. Clemans, the district superintendent, preached a very able sermon to a full house, and his discourse was enjoyed by all.

An accordion was lost Saturday evening somewhere between Avenue F and Little Canada along Chestnut street. Finder may notify P. O. Box 23, and receive reward.

DR. CLEMANS AT CLOQUET.

District Superintendent of M. E. Church Addresses Y. M. C. A.

Cloquet, Minn., Oct. 6.—(Special to The Herald.)—Rev. E. C. Clemans, D.D., district superintendent of the Methodist church, addressed a good sized audience at the Y. M. C. A. Sunday afternoon and in the evening he faced a larger host at the Methodist church. Mr. and Mrs. Arthur Revard and family left Saturday for Park Rapids, where they will make their home.

Mrs. A. A. McDonell returned Monday from a short visit with relatives and friends at St. Paul.

David Finkbinder, who has spent the summer in this city, left yesterday for Minneapolis, where he will enter the state forestry school.

Arrangements have been completed for a football game here next Saturday between the Gophers of Duluth and the local Junior team. Last season the Juniors were defeated twice by this team, but they are determined to turn the tables this year.

FARMERS' EQUITY SOCIETY MEETS.

Milwaukee, Wis., Oct. 6.—The American Society of Equity having a membership of 100,000 and represented by a large number of delegates, met in annual convention in Milwaukee today. The society is made up of farmers and its object is to regulate the price of farm products. It is a part of the program to establish elevators and warehouses in different parts of the country, and by keeping grain and other produce in store and placing it upon the market as there is a demand for it, it is hoped to regulate prices.

FIVE JOINT DEBATES.

Hammond and McCleary Decide on Their Talkfest.

Mankato, Minn., Oct. 6.—(Special to The Herald.)—Hon. James T. McCleary and Congressman Hammond held a conference in the former's room at the Saulpaugh hotel yesterday for the purpose of arranging dates for their joint debates in the Second congressional district. Mr. McCleary was attended by Capt. Gilmore of Pipestone and W. R. Geddes and J. E. Reynolds of this city, and Mr. Hammond was assisted by C. E. Wise and C. O. Dailey.

It was finally decided to hold joint debates in five of the second district cities, and Fairmont, Pipestone, Luverne, Windom and Mankato were chosen.

WERE CERTAINLY LUCKY.

Automobile Wrecked by Train, Occupants Escape.

Moorhead, Minn., Oct. 6.—(Special to The Herald.)—Talk about luck. Messrs. Bergren and Moen, two Lake Park contractors, are shaking hands with themselves that they are alive, after being in an automobile that was reduced to splinters by a fast Northern Pacific train.

They were crossing the tracks in a cut just west of Lake Park, three nights ago, and ran their machine onto the crossing just as No. 7 rushed along at the rate of forty miles an hour. The crossing being in a cut, they could obtain no view of the approaching train until right upon the tracks. The automobile was struck and was absolutely splintered and twisted, so that nothing was left of it except the tires. The remarkable point in the accident was that an auto could be so completely demolished, and the occupants escape death, yet such, fortunately, was the case in this instance, the two men being uninjured beyond a few bruises. The force of the collision broke three of the heavy hardwood ribs in the pilot of the engine.

ENTERTAINMENT AT CARLTON.

Will be Given Tuesday Evening for Methodist Church.

Carlton, Minn., Oct. 6.—(Special to The Herald.)—A very interesting musical and literary program will be rendered this evening in the village hall, for the benefit of the Methodist church. Mrs. F. A. Watkins, Miss Aitkin and others will take part. Refreshments will be served.

Rev. A. L. Richardson left yesterday for Litchfield to attend the Northern Minnesota annual conference. Rev. Richardson, who has been the pastor here for two years, will be sent to some other field. This will be very generally regretted here, where Mr. Richardson has many friends.

Mr. and Mrs. Crandall of Duluth were guests of Mr. and Mrs. T. H. Martin at Chuk lake Sunday.

Miss Gertrude Edholm returned to her home at Stillwater last Wednesday, after having spent a month at the home of Rev. Mr. Magney.

Otto Johannesson was down from his Pine Grove farm Thursday and reports a number of new settlers in that locality.

E. W. Matter of Duluth was a business caller Wednesday.

TWO COUNTIES NAME HIM.

Iron Mountain Democrat Enjoys Unusual Distinction.

Iron Mountain, Mich., Oct. 6.—(Special to The Herald.)—The unique distinction of being a nominee for the office of prosecuting attorney in two counties, is held by William H. Burley, of Iron Mountain. There not being a lawyer of that political faith in any of the towns of the district, the Democrats of Iron county chose Mr. Hurley as their candidate for prosecutor some weeks ago, and now the Democrats of Dickinson county have made him their nominee for the office.

There is slight chance of Mr. Hurley's election in either instance, both counties being strongly Republican, but the interesting question arises as to whether, in the event he is successful at the polls, he could hold both of the offices.

ANATOMY HALL GONE.

Former College Medical Building is Burned.

Minneapolis, Minn., Oct. 6.—Anatomy Hall, formerly the medical building at the Minnesota State university, was totally destroyed by fire last night. Only the thick walls remain of the building, which was visited b destructive fires three, four and five years ago.

The fire also leaped over the Millard hall, about three feet south of Anatomy hall, and caused a damage of about $1,000. The damage to Anatomy hall and its contents is estimated at about $15,000.

When the blaze was first seen, it was thought that it was from a gas plant in that vicinity, and there was some delay in sending in the alarm. The firemen also had difficulty in finding a hydrant, owing to their unfamiliarity with the campus, so that the fire had gained great headway before any streams of water weer thrown upon the building.

The building has for several years been used by the medical classes for disceting, and thirty bodies were destroyed in the fire.

It is thought that the fire was caused by crossed electric wires.

AGREE UPON CANAL.

Cut-Off Ditch in Aitkin County Decided Upon.

Aitkin, Minn., Oct. 6.—(Special to The Herald.)—The legal machinery has been placed in motion that will mean the digging of the much-talked of cut-off canal, from the point below Waldeck's to Pine Knoll.

Acting upon the advice of the state drainage board, the proceedings entered upon will be under the judicial ditch law, and the state board, in addition to paying its full share on the state lands affected, has appropriated $15,000 and the services of the state drainage engineer to carry on the work.

Judge F. W. Hall, acting for the people most vitally interested, last week drew up the petition, which is signed by Wallace Barker, C. W. Tibbetts, G. D. Davis, Harry Stobie and E. P. Jaques, with C. H. Barr and H. J. Petraborg as sureties on the bond of the foregoing.

The petition is directed to Judge McClenahan, and recites that the land affected includes all of townships 48-26, 48-27, and sections 1 to 30 in 47-27. This represents 84,480 acres, which at an assessment of $2 per acre would more than realize the amount estimated as its cost. But as the entire village of Aitkin is included in the affected territory, it will readily be seen that the cost per acre to the farmer will be comparatively slight in comparison to the benefits he will derive from the improvement.

CHAFIN AT STILLWATER.

Prohibition Presidential Candidate Speaks in Churrh.

Stillwater, Minn., Oct. 6.—(Special to The Herald.)—Eugene M. Chafin, the Prohibition candidate for president, spoke here Sunday evening in the Swedish Lutheran church to a fair-sized audience, being introduced by Rev. Carl Benson, pastor of the church.

Mr. Chafin and August H. Hoehne of this city were schoolmates before the war in the Eighth ward high school in Milwaukee. The candidate for president was the guest Sunday evening of Mr. Hoehne for lunch at the Pitman house. He left after speaking here for Appleton, Wis. The address was not a political one, but was devoted to advocating temperance and wiping out the saloon evil. He is an enthusiastic speaker.

Mr. Chafin made a strong appeal for united effort in stamping out the liquor traffic through legislation. He favors electing to the legislature men who will put down the saloon evil. He paid a tribute to the coming American type of manhood.

In his appeal for a better citizenship he exhorted his audience to "get up out of the dust and mire, and, standing up six feet tall, demand that the traffic in human souls be forever stamped out. "When this is done," said Mr. Chafin, "it will be a simple matter to take the world for Christ in thirty years—so short a time, in fact, that most of us could live to see it."

WILL BUILD ELECTRIC LINE.

Thief River Falls-Roosevelt Road is Going Ahead.

Thief River Falls, Minn., Oct. 6.—(Special to The Herald.)—An important railway meeting of the promoters of the Thief River Falls-Roosevelt Electric railway was held in this city Saturday evening in conjunction with the business men of Thief River and several farmers through whose lands the survey of the proposed line runs. The fact that the Great Northern is at present hurrying the completion of their Thief River branch through Roseau county to the Lake of the Woods, will have no effect on the construction of the former railway as, after leaving this city they suddenly diverge and at no point thereafter in their courses are they within less than forty miles of each other.

The territory through which they run is also well settled and under a good state of cultivation, so that there will be business for both and without competition between them. The promoters of the electric road have the financial backing to construct their line as soon as the survey and the securing the remainder of the right of way are accomplished. These are now about settled and it is stated on good authority that construction work will begin as soon as some of the swamps freeze up.

ST. PAUL MAN LOSES LIFE WHILE HUNTING.

St. Paul, Minn., Oct. 6.—(Special to The Herald.)—The accidental discharge of a shot gun resulted in the death of Carl G. Johnson of South St. Paul, at Spring Lake, two miles west of Hastings, Minn. He was in a skiff with two companions, hunting ducks, at the time of the accident. In some manner the gun was discharged and almost severed the right leg just below the knee. H was taken to Hastings, where he died as the result of the hemorrhage. Johnson was 29 years old and unmarried.

MINNESOTA BRIEFS

Crookston—Mrs. P. V. Collins of Minneapolis, who, in company with her husband has been looking after some land interests in North Dakota, later going to Bemidji and Duluth, arrived in the city yesterday.

Spooner—Ivar Nesje departed recently for Duluth in company with his nephew, Mat Nesje, who had the misfortune to sustain a fracture to his leg while engaged at the square timber slide of the Red River Lumber company's mill at Rainy River.

Baudette—The Baudette Fire company intends giving its first annual ball on Thanksgiving eve, Nov. 25. Arrangements are under way to make this affair the most eclat the border towns has yet had opportunity t owitness.

Cass Lake—Rev. Father Buechler will remove at once to Grand Rapids, where he will be located. The change was made at the petition of the Grand Rapids people, and is something of a promotion. He will be succeeded here by Rev. Father Koerner of Pine City.

Warroad—T. H. Morris has completed a deal whereby he trades his residence property on the south side to Mrs. N. Lewis for the Lewis farm. Mr. Morris values his town property at $2,200 and takes the farm at $4,000.

Moorhead—The funeral of Joseph Doran, who was accidentally shot to death in the town of Eglon, were held Saturday morning at St. Joseph's church in this city. Interment was at the Catholic cemetery north of town. The bereaved parents and relatives and friends accompanied the body from Hawley.

Brainerd—After the meeting of Iola Council, No. 15, Degree of Pocahontas, Friday night, a pleasant surprise was sprung on Mrs. C. E. Balcom, who is a member of the degree team and who left Saturday with her children to join her husband at Grand Forks, N. D., to make their future home. She was presented with a handsome silver inkstand and a box of souvenir writing paper.

St. Cloud—A rather daring act was committed at the Northern Pacific depot some time Friday night when a trunk belonging to a Minneapolis woman, who had been visiting in the city, was taken from the platform by some party or parties and opened and the contents ransacked.

Hendrum—John Ross, high chief ranger, and A. D. McLain, an organizer for the Independent Order of Foresters, are expected here next Wednesday evening, Oct. 7.

Wahkon—Mr. Thompson, a young man from Duluth, arrived Friday afternoon, and purchased lots 20 and 21, block 15, on which he will erect a meat market this fall. Robert Hanson has taken the contract to grade and level the lots.

Aitkin—John B. Lemire has resigned his position in the Aitkin County State bank and is now canvassing the county as a non-partisan candidate for county auditor.

Hinckley—Hazel, the 6-year-old daughter of Mr. and Mrs. Erick Sederstrom died of diphtheria on the 25th. They are former residents of Sebeka.

Sebeka—William Bimberg has closed a deal whereby he became owner of about a thirty acre tract of land along the southern shore of Twin lakes in Shell River township. The place would make an ideal summer resort.

Blackduck—J. E. Dade has lately purchased a half interest in the stock of Estabrooks & Sullivan and the business will hereafter be conducted under the firm name of Sullivan & Dade. G. F. Estabrooks retiring from the firm.

WISCONSIN BRIEFS

Milwaukee—All day Sunday the remains of the Rev. Victor von Putten, S. J., treasurer of Marquete university, lay in state in the Church of the Gesu. Hundreds of members of the parish visited the bier to pay their respects to the dead priest. The The priests of the church performed the office of the dead.

Merrill—The outlook for logging operations this winter is considerably brighter than was at first supposed, especially is this true regarding that of the contractors. The jobbers, however, may find the demand for their stock weak, particularly those who have hemlock logs to dispose of.

Oshkosh—By clever detective work the Oshkosh police have landed a woman who is believed to be a crook with a Milwaukee or Chicago record. She gave the name of Irene Dawson and her home sometimes as Milwaukee and again as Chicago. She will be charged with grand larceny.

Antigo—The Wolf River Paper and Fiber company has filed a trust deed for $300,000 running to the Wisconsin Trust company of Milwaukee securing a mortgage bond issue. The loan was made to raise funds to rebuild its plant destroyed by fire some time ago.

Barron—Robbers entered the Cash Supply store and stole considerable merchandise which they carted away on a wagon they had in waiting in the rear of the store. It is said that some of the goods were disposed of at Cameron.

Janesville—The Rock County Sugar company's factory will begin on this fall's run of sugar beets on Wednesday. Over 7,000 acres of beets were contracted for and it is expected that the run this fall will be longer than usual.

Burlington—Joseph Hock, a leading ing contractor and builder of this city, celebrated his eighty-fourth birthday anniversary Saturday. Left an orphan at eight years of age, he emigrated from Saxony in 1850 after having learned the trade of a mason. After residing some time in New York and later in Milwaukee, he came to this city, where he has resided since.

Elkhart Lake—Louis Laun, a lumber dealer and real estate man, has purchased the summer home of the late Mathias Gottfried, the brewer of Chicago, for $90,000. The deal includes about 300 acres of land and about twenty-five acres of lake frontage.

DAKOTA BRIEFS

Sioux Falls, S. D.—There is no doubt now that the two boys who were killed in the terrific explosion of powder and dynamite in this city Saturday were Otto Wehling, aged 14, son of Alderman and Mrs. Robert Wehling, and Charles Weeks, about the same age, son of Mr. and Mrs. Charles Weeks.

Bismarck, N. D.—The Presbyterian state synod meets here this week, when a number of noted men of the church, from Philadelphia, Chicago and Minneapolis, will be here and deliver addresses. A large attendance from the state is anticipated.

Bismarck, N. D.—Secretary of State Blaisdell has decided to grant the petitions of the Socialists, Prohibitionists and Independence league and place the names of their presidential electors on the ballot for the general election this fall.

Grand Forks, N. D.—George A. Bangs received notice yesterday that he had been appointed a member of the committee of insurance of the Knights of Pythias of the United States and will be the chairman of the committee. The appointment is for two years. It is quite an honor and is apreciated by Mr. Bangs.

Fargo, N. D.—E. C. Watkins, principal of the Dakota Business college, underwent a surgical operation recently and is confined to his home. The operation was on the ducts connecting the ears, eyes and nose and while very ill Mr. Watkins is recovering nicely.

Minot, N. D.—Jourgen Olson, proprietor of the new Lexington hotel, will give up possession on Oct. 10, when his lease expires. Mr. Olson has decided to sell the furniture, which belongs to him, at auction, and it will be placed on sale a few days before the expiration of the lease.

Grand Forks, N. D.—Headquarters for the conduct of the campaign in favor of M. N. Johnson for the United States senate were opened in this city Saturday. The headquarters are in the law office of S. G. Skulason in the Empire block.

Fargo, N. D.—Helen Schumpke, 10 year old, was run over Saturday at Fargo by a Great Northern freight train. The left limb of the little girl was cut off just below the knee.

PENINSULA BRIEFS

Houghton—The freshmen of the Michigan College of Mines won the annual class rush Saturday night with a score of 35 to 24. The rush was held on the campus in front of Hubbell hall, and it was witnessed by an immense crowd of people.

Calumet—H. J. Wessinger of Duluth, engineer of the Oliver Mining company, W. E. Wessenger, A. G. Wood and S. W. Farr are members of a party who arrived Friday night on a visit to the mines.

Hancock—The members of the executive committee of the Hancock Hockey association entertained the officers and members of the team at the Elks' club rooms Saturday evening. The officers elected were: President, John Condon; secretary-treasurer, Michael Carrigan; manager, Jay Lanctot. These officers, together with C. F. Rogers and George Ross, will form the executive committee of the association for the ensuing year.

Houghton—Postmaster Lang has posted the names of August J. Hartman of Houghton and Bernard L. Beare of Hubbell as eligibles for positions as clerks in the Houghton postoffice, as a result of a recent civil service examination.

Hancock—Prof. K. W. Kikka, musical instructor at the Finnish college, and Miss Hilja Kivari were united in marriage at the home of the bride at the Kivari farm Friday evening by Rev. J. K. Nikander, in the presence of relatives and intimate friends.

Calumet—The Ladies of Kaleva lodge, an auxiliary of the Knights of Kaleva, celebrated the anniversary of theild lodge in South Range Saturday evening. A number of Calumet members of a similar lodge were present.

Red Jacket—During the month of September there were but six births and four deaths in the village of Red Jacket. The average number of births is about ten, while the average number of deaths is five, September showing a decrease in both rates, with a slight gain on the birth rate by the death rate.

Negaunee—Charles Stevens, who was severely injured at the Maas mine one night last week, is said to have a good chance of recovery. He was unconscious the greater part of the time the first few days he was in the hospital, but on Saturday he was feeling better than at any previous time since the accident.

Ishpeming—Roy, aged 2 years, son of Archie Williams, 617 Empire street, died Saturday. The funeral was held Monday afternoon at 2 o'clock from the house. Services were conducted by Ensign Wolverton of the Salvation Army.

Marquette—Ex-Congressman H. B. Packard of Pennsylvania, who is associated with Rush Culver in the Northern Lumber company, has been looking over the lumber interests of the company at that place for the past few days, and is now in the city, the guest of Mr. Culver.

Calumet—A change in the mail service in Keweenaw county now gives residents of the various locations along the Keweenaw Central two mail deliveries daily instead of one. The trains carrying the mail are those which leave Calumet at 1:40 in the afternoon and 8:40 in the morning.

Chassell—The sawmill of the Worcester Lumber company here shut down Saturday for want of logs. The company has 1,500,000 feet of logs at Otter lake, which were not driven down the river last spring. An effort will be made to get some of these into Portage lake.

CAMPAIGN OF BENEFIT

Health Commission Reports Dairies as Greatly Improved.

General Improvement of About 26 Per Cent is Reported.

There has been a big improvement in dairies supplying Duluth with milk, both inside and outside the city, since the first of August, according to a report of Health Commissioner Patton, covering the last two months, which was made to the council last night.

Dr. Patton recommended that an extra inspector be employed to keep tab on outside dairies, and his recommendation was carried out. During August and September, two extra men were thus employed, but they were released from service the first of October, because the department had been authorized to employ them no longer than that.

The health commissioners said all the dairies in the Duluth district had been reinspected during the two months, and that a rearkable change for the better had been noted. The dairies within the city limits have improved 26 per cent. The biggest individual improvement was 51 per cent. In methods employed at the different dairies there has been an average improvement of 20 per cent, and in equipment an improvement of 16 per cent.

There are eighty-five dairies in the city limits, owning a total of 1,628 cows. Twenty-one rooms for storing and handling milk have been built by as many dairies since the agitation for cleaner milk was started. Formerly, the milk was strained and stored in the barn.

Bridgman & Russell are supplied by seventy-five dairies located outside the city limits. These own 925 cows, with a daily milk product of 1,501 gallons a day. Duluth consumes a total of 4,291 gallons of milk a day, of which 49 per cent is furnished by Bridgman & Russell.

The health commissioner claims three dairies were forced out of business by clean-up orders of the department. Most of the milk from outside dairies sold in Duluth is marketed here twenty hours after being taken from the cow. Dr. Patton says all the dairymen have manifested a willingness to better their premises, and are showing a commendable spirit in this regard. The standings of all the dairies selling milk in Duluth are on file in the health office, and are open to the public.

SUSPECT BIG PLOT TO SMUGGLE GLOVES.

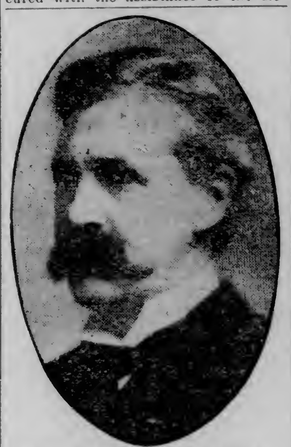

New York, Oct. 5.—Disaster has overtaken what the local customs officers believe to be a big glove smuggling syndicate.

Two passengers arriving on a German steamer from Mediterranean ports were seized with about $2,000 worth of mousquetaire gloves. Presently a New York dealer was caught with $1,200 worth of the same articles of the same make, which he was alleged to possess unlawfully. A woman in Brooklyn was found to have more than $500 worth of them secured in a manner declared to be improper and, finally, a butcher's wagon, while leaving the Italian line steamer Nord America, was held up and its load of hay was found to cover a basket wherein lay $400 worth of the gloves. A distinct connection has been found, the officers say, among all these cases so that already the evidence points to a widespread conspiracy.

GOV. CUMMINS COMING HERE

Iowa Executive Will Deliver Address Here Monday Evening.

Governor A. B. Cummins of Iowa will speak at the Duluth armory next Monday evening. Arrangements for the bringing of Governor Cummins to Duluth were completed by the Republican county committee yesterday afternoon. Governor Cummins was secured with the assistance of the Republican state central committee and the members of the local committee are congratulating themselves upon securing a speaker of national reputation.

GOV. CUMMINS OF IOWA.
Who Will Speak in Duluth.

Governor Cummins is one of the big men of Iowa. He is a very good orator and his coming to Duluth will be one of the big events of the campaign.

The Republican county committee is planning to make the appearance of Governor Cummins the signal for letting loose a lot of enthusiasm. The committee is arranging for a torchlight parade on Superior street, and is arranging for a big Republican rally. It is probable that delegations fro mthe Twin Cities will be present next Monday evening.

IS PLATTING ISLE LANDS.

California Man to Sell Property in Picturesque Spot.

Omania, Minn., Oct. 6.—(Special to The Herald.)—Judge J. L. Brady of Los Angeles, Cal., who owns a fine tract of lake shore land adjoining the town of Isle, located on the southeast corner of Mille Lacs lake, arrived recently and is having his land platted into lots and blocks for townsite purposes. This will prove a great boon to Isle as Mr. Brady's land connects very nicely with that portion of the townsite originally platted from lands belonging to John Carlson, E. H. Lewis and Otto Haggberg, so that the different plats will harmonize.

Isle and Isle Harbor are closely related in point of location and otherwise that they are practically one town. Isle is the most natural beauty spot as well as one of the best business points on Mille Lacs lake. It is generally conceded to be the most picturesque spot for a town to be found on the lake. It has one of the best harbors and is surrounded by the best settled section of country and has some of the most prosperous farmers to be found at the lake.

At present the town has three good general stores, two good hotels and a restaurant, two real estate offices, one livery, one saloon, harness shop, boat building factory, saw and planing mill, a neat church, and the largest and most advanced school in the entire Mille Lacs country.

WEST END

WILL SET DATE FOR BIG RALLY

West End Republicans Will Hear Report of Special Committee.

At the meeting of the West End Republican club in Sloan's hall this evening, the committee appointed at the last meeting to make arrangements for a big rally is expected to report.

It is the plan of the club to hold a lively political meeting and to have some leading Republicans of the state deliver talks. The committee is making an effort to get Jacob F. Jacobson, the candidate for governor, as the star attraction for the session.

How successful the committee has been in corraling prominent candidates to talk will be known when the body makes its report this evening. The date for the rally will also be set.

County, state and national issues will be thoroughly discussed at tonight's gathering. A number of local candidates will be on hand and give their views of the situation.

BEMA CLUB MEETING.

West End Debaters Hold First Session of Season.

The Bema club held the first meeting of the season last evening in Dr. Oredson's office when plans for the second season of the club's existence were made. Last season the first of the club's existence, was most successful and it is planned to make club life this winter even more interesting.

It was decided to increase the membership from fifteen to twenty and to raise the initiation fee at $5. Two applications for membership were received last night, but they were not acted upon. A rule of the club makes it necessary for the applicant to appear before the members and deliver a five-minute address before he can be admitted to the circle.

While the club will remain primarily a debating society, more attention will be turned to social affairs this year. The annual banquet last spring proved a great hit and the Bemaites determined last night to have several sprees and other functions during the season.

The club always meets in the office of one of the members and is under no expense for hall rent, so that all the dues and the initiation fees collected will be spent for sociability.

No debates were held last evening, the business session taking up all of the time. President George M. Jensen was in the chair.

DOUBLE RECEPTION.

Pastor and District Superintendent to be Honor Guests.

Rev. H. K. Madsen and Rev. James Sanaker and their families will be tendered a reception this evening in the parlors of the new First Norwegian-Danish M. E. church, Twenty-fourth avenue west and Third street.

The affair will be in the nature of a welcome home for Mr. Madsen, who has just been appointed to the pastorate of the church for another year by the conference, and a welcome to Mr. Sanacer, who has come from Minneapolis to take up his new duties as superintendent of this district of the Norwegian-Danish M. E. church.

West End Shortrails.

The Luther league of Bethany Swedish Lutheran church will meet Thursday evening in the church parlors.

Mr. and Mrs. Bornkampf and their niece, Miss Lulu Gleuck, have returned to their home at Sheboygan, Wis., spending a couple of days with friends in the West end. They have been spending several waaks at a camp near Grand Rapids owned by Mr. Bornkampf's brother.

Lloyd Tvedt and August Width have returned from a hunting trip.

The Ladies' Thimble Bee of the Second Presbyterian church will be entertained tomorrow afternoon by Mrs. Butchart of Twenty-Sixth avenue west.

Rev. Carl G. Olson has returned from Alborn, where he has been conducting services.

The Ladies' Aid society of St. John's English Lutheran church, up town, is holding a bazaar in the West end. Many members of the congregation reside in the West end.

The Sunday school teachers of Bethany Swedish Lutheran church will hold a meeting this evening in the church parlors, to discuss their work.

Dr. Braden has gone to Minneapolis on business.

Clarence B. Miller, Republican candidate for congress, will speak this evening at a meeting of the Adams school alumni association at the schoolhouse.

The Ladies' Aid society of the Central Baptist church will meet Wednesday afternoon with Mrs. A. Mentzer of 2123 West Second street.

Ladies of Bethany Swedish Lutheran church are planning to give a festival some time later in the month.

IN TEN HOURS

Contractor Built a Four-Room House on a Wager.

East St. Louis, Ill., Oct. 6.—Contractor W. C. Carl, in this city, demonstrated that a four-room dwelling, with all modern improvements, including gas and electric conveniences, can be built in ten hours. With a force of twenty-one men, he began the work on a vacant lot at Maple and First streets, East Lansdowne, a suburb, at 7 in the morning.

At 6 in the evening James Poort and his bride moved into the house, in which nothing was lacking, painters, plasterers, plumbers, etc., having kept on the heels of the carpenters. Ropes had to be stretched to keep a host of spectators from the lot.

Considerable money was wagered on the result. Contractor Carl's wife served dinner on the ground, and there was no delay whatever.

At night a dance was given in the new structure.

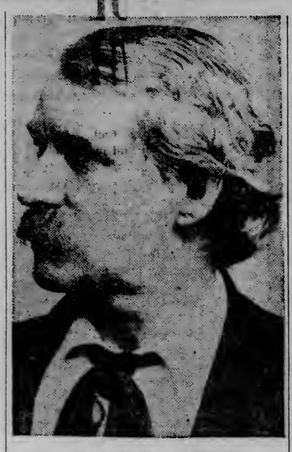

HASKELL NOW SAYS ROOSEVELT HAD STAR CHAMBER SESSIONS WITH COL. GUFFEY

Guthrie, Ok., Oct. 6.—In an open letter to President Roosevelt, Governor Haskell asks the president to explain transactions in connection with the granting of a lease of 680,000 acres of Osage Indian lands to the Prairie Oil & Gas company in July, 1906. Haskell says in part:

"In a recent communication I requested information of you concerning the granting of a lease in July, 1906, to the Indian Territory Illuminating Oil company, a Standard Oil company subordinate, on 680,000 acres of land belonging to the Osage Indian tribe in this state. In otherwise answering that communication you entirely omit this important question. From careful investigation, however, the facts as they appear to me are as follows:

"In 1896, a lease was made by the Washington authorities to one Edwin B. Foster, covering practically the entire Osage nation. At that time there was no oil production or development probably nearer than the state of Indiana, so that the lease was made for so long a period as ten years in order to give time for development. Foster transferred his rights to the above named company."

Continuing, Governor Haskell traces the development of the oil land leasing industry as affected by regulations promulgated by congress with the intention of showing how the granting of a lease on such an immense area of land as 680,000 acres was virtually the creation of a monopoly.

COL. JAMES M. GUFFEY.

In regard to the passage in 1905 of a rider on the general appropriation bill authorizing the president to make a new or extended lease, the letter relates that a number of conferences were held between President Roosevelt and Messrs. Guffey and Barnesdale of Pennsylvania, Standard Oil agents. Governor Haskell charges the president with refusing to grant Osage Indian representatives a consultation while negotiating at length with Standard Oil agents. The letter continues:

"It is a low estimate, Mr. President, to say that you should have obtained for them (The Indians) one-sixth royalty of the production and in addition a very modest estimate, at least $1,000,000 cash bonus or a greater equivalent royalty and then their sub-leasing to actual operators in small tracts would have left the Standard Oil company a handsome profit, indeed, a fabulous sum beyond the comprehension of ordinary minds. Did you get them any such sum ? no; you got them only a bare one-eighth royalty.

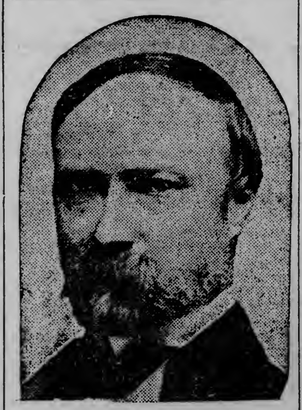

"Mr. President, this question has passed beyond the stage of political discussion, as far as I am concerned. While you are chief guardian of this particular property of these Osages, I, sir, am governor of Oklahoma, of which state these Indians are citizens and entitled to the best protection I can give their interests. It is my duty to see to it to the fullest extent possible that no citizen or aggregation of citizens of my state shall suffer from indiscretion or bad judgment of any guardian of their property. I therefore insist that, without unreasonable delay, I may be advised as to the correctness of the above facts, and in behalf of our people, the Osages, I demand revocation of such unwarranted and such unjust lease, and I beg to advise you now that since this has become my official duty, I shall carry it before the next congress of the United States unless there is a clear showing that my people have not been unfairly treated. You will pardon me for looking with suspicion on any acquisition of franchises or property rights of such immense value, when it seems to have been encouraged or brought about through the management of the five men whose names I give."

FAIRBANKS SAYS ---TARIFF--- IS CHIEF ISSUE

Indianapolis, Ind., Oct. 6.—Vice President Fairbanks in his first speech in the campaign last night referred to his return to private life soon. He reviewed the achievements of the Republican party during the past eleven years, called attention to the prosperity existing among the farmers of the country and on the tariff question, said:

"The issue of commanding or chief importance aside from the issue which the two great parties themselves present, is the question of revising the tariff. The Republican party has declared in favor of revising the tariff.

The Republican party has been somewhat tardy in making this specific, definite pledge. The fact is that until now conditions were not ripe for entering upon the work. As revision is accompanied with more or less embarrassment to business, it was not deemed wise to enter upon the undertaking when it was obvious to every student of the subject that more harm than good would ensue.

CHARLES W. FAIRBANKS.

It must be obvious even to the most casual observer that if revision had been attempted during the severe strain which we felt a year or so ago in the financial world, the disasters which were visited upon us would have been greatly intensified.

"It is obvious there is a right and a wrong time for dealing with the subject of general revision. It has seemed to me for some time, and I so expressed myself some months ago, that the work of revision should be entered upon immediately after the election in November to the end that the period of uncertainty might be abridged as much as possible and that the resumption of our normal industrial activity might be hastened. The national convention, however, fixed the date for congressional action immediately following the inauguration of the new administration so that we are brought face to face with the questions, who shall revise the tariff? and how shall it be revised?

DESPONDENT WAITER TAKES FATAL POISON.

Minneapolis, Minn., Oct. 6.—(Special to The Herald.)—Ray Buckner, 35 years old, formerly employed as a waiter, committed suicide early Monday at his boarding house, 1402 Twenty-first street south, by taking strychnine.

Buckner is said to have been disappointed in a love affair and this is said to have led him to take his life. He was discharged from his place of employment Friday because he had been drinking heavily. After the loss of his position he became more despondent, and early today he was found dead in his room, a victim of strychnine poisoning.

FOURTEEN WOMEN BALKED AT BOOTHS

New York, Oct. 6.—The first attempt by the New York suffragettes to have their name placed on the voting list of this city suffered defeat yesterday, when fourteen women visited the registration booths and tried vainly to induce the registry clerks to record their names. No disorder accompanied the attempt, but the women were followed on their way from their headquarters to the registration booths by many photographers and an increasing number of curious persons.

ANNIE GOULD WILL RECOVER

Attempt to Take Her Own Life Proved Unsuccessful.

St. Mary's hospital authorities are of the opinion that Annie Gould, the young woman who attempted suicide in a St. Croix avenue resort, Sunday morning, will recover. She is 21 years of age and came to Duluth from Terre Haute, Ind., about six months ago. She is said to be of good family.

Annie Gould and Geraldine Miller came to Duluth together. Saturday they visited the horse races, and then returned to the resort where they were stopping, at 233 St. Croix avenue. They drank a good deal Saturday night, and early in the morning Miss Gould ran to her room, calling her friend to come and watch her drink poison.

After she had swallowed the contents of a glass of bichloride of mercury, she became frightened and pleaded with the other girls to send for a doctor and not to let her die. She was hurried to St. Mary's hospital, where Dr. W. H. Salter attended her. If she recovers she will be placed in some home, for she has expressed a desire to reform.

Well-Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins of Glasgow, Ky. This remedy is for sale by all druggists.

CREWS DROWNED IN PHILIPPINE TYPHOON.

Manila, Oct. 6.—Restored communication with the northern part of the island of Luzon discloses the fact that the typhoon extended over a wide area and did considerable damage. The artillery barracks at Statsenburg were destroyed by the storm and the troops are now camping in tents. The cavalry barracks were also badly damaged and the total loss at the post is estimated at $36,000.

The schooners Lucia and Soledad were wrecked on the coast of Mindora during the storm Sept. 27 and all the passengers and crew of the Soledad but one were drowned. Capt. J. C. Heinschlen and nine members of the crew of the Lucia were also drowned.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial, and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by all druggists.

Some People Compromise

When they think it is "too hard" to quit coffee at once and shift to straight Postum, they compromise the case by using Postum with a little coffee in it. Of course, that isn't "strictly business" and a person will not as quickly recover from coffee ails as if pure

POSTUM

were used, but the compromise is better than to stick to the old coffee habit and continue to suffer. Gradually less coffee can be put into the brew and soon only Pure Postum is used. Then can be expected that the old aches and ails will disappear.

"There's a Reason" for

POSTUM

Postum Cereal Co., Ltd., Battle Creek, Mich., U. S. A.

THIRTY YEARS
A Slave to Coffee.

Many persons do not realize that coffee drinking may become a powerful, enslaving habit.

They are not aware that coffee contains a drug—caffeine—which ought never to be taken into the system except for certain diseases and then only when prescribed by the doctor.

The coffee habit grows on most users and is more harmful to some than others. But a drug that acts upon the heart and nerves in the way caffeine does, is not without greater or less harm to all who drink coffee.

"For thirty years," writes a Wash. housewife, "I have been a steady coffee drinker. I wanted it at every meal.

"But I would have sick headache most of the day, and throw up my food. I really suffered awfully from coffee, yet thought I never could stop it.

"Then I heard how good Postum was for such cases, and began to use it. At first I did not care for Postum. I felt sleepy and had headaches. I soon found that this was because of the hold coffee had on me, for in about three days after I quit coffee and began to use Postum the headache left me, had no more nervousness and palpitation. In about a week I felt like a new woman.

"I have used Postum three years and when it is made according to directions (boiled 15 minutes)—it is as pleasant as coffee and don't hurt anyone. I ought to know for I was as bad off as any one is likely to get from coffee drinking. Now I am well."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read the little booklet "The Road to Wellville," in pkgs.

LIES, LIES, LIES, LIES!

So Says Monnett of the Standard Oil's Attorney's Statement.

Latter Denies Any Attempt Was Made to Bribe Monnett.

Kansas City, Mo., Oct. 6.—Frank S. Monnett, ex-attorney general of Ohio, was in Kansas City last night to address a Democratic meeting. The statement of the Standard Oil company's attorney at Cleveland was read to him, and he said:

"What a pack of malicious lies!"

He then dictated a statement in which he took up in detail and denied S. H. Tolle's statements as to the supreme court proceedings. He concluded:

"This same S. H. Tolle who gives out this interview in company with Larry Neal, both attorneys of record for Standard Oil, were the attorneys I referred to in my interview as asking the court to have me stop taking the depositions before E. B. Dillon of Columbus.

"No one ever said Standard Oil called a meeting of the board of directors and passed resolutions ordering $500,000 or any other sum to be invested in the attorney general of Ohio.

"If all C. B. Squires says was true, I did not expect to establish my testimony that the board of directors officially acted and ordered anybody to be bribed, but I did intend to show whether Squires had received a telegram from Mr. McKinley or whether Charles N. Haskell or Rockefeller had been at any time at Squires' house, or whether Squires had been in town with them or whether Haskell or McKinley had offices in New York at 42 Broad street at that time.

"I did intend to find out, if possible, how Squires knew Senator Foraker had had a conference with me at Washington on the Standard Oil case, and how he knew a settlement was contemplated by the Standard Oil company through Foraker. If he was dreaming all of this, it was a happy coincidence and one worthy careful investigation from a psychological standpoint.

"Mr. Tolles forgets to quote all of Squires' interview in the New York World, where he says he knew all of these parties for many years prior to the statement when Squires corroborated my original charge that he was to have immunity if he gave up the real parties.

"And he forgets that Squires claimed he was being packed in his Manhattan Fire Insurance company case by Standard Oil people, and forgets that Squires remained out of Ohio, as far as I have been able to ascertain, and has remained in New York ever since the attempt at bribery."

The Tolles Statement.

Cleveland, Ohio, Oct. 6.—S. H. Tolles of Klein, Tolles & Goff, attorneys for Standard Oil, has issued the following statement giving the Standard Oil company's side of the charges of attempt to bribe F. S. Monnett, ex-attorney general of Ohio:

"The charge that Mr. Monnett had been offered and declined a large sum of money to drop his prosecutions against the Standard Oil company was first made public by one George Rice, in an interview at Marietta, and given to the newspapers on March 3, 1899. The charge at that time received no credence. Mr. Monnett himself was at first reported to have denied the charges, but afterward made some general intimations that there might be some truth in them. The particulars of the attempt were carefully concealed by him.

"The public press at once began to demand that he name the guilty person or persons, and he filed in the supreme court of Ohio a document styled 'a bill of information.' This was merely a rambling statement that somebody had approached him with a suggestion that there would be at least the sum of $400,000 for him if he would agree to discontinue proceedings against the Standard Oil company. He named nobody.

"The attorneys for the Standard Oil company immediately filed with the court a motion requiring the attorney general to name the man who he claimed had approached him, and to appoint a disinterested person to investigate and report promptly to the supreme court upon the truth or falsity of the charge.

"After twenty-two days, he filed a second document in which he named as his friend who had attempted to bribe him, C. B. Squires, (who had never in any manner been connected with Standard Oil) formerly of Cleveland, but then of New York. The friend named, promptly and of his own motive, publicly denied the charge and since its recent revival, in a signed interview appearing in the New York World of Sept. 26, 1908, again promptly and emphatically stated that the charges of Mr. Monnett were absolutely false. In the signed statement, he further said that after the supreme court sustained the demand of the attorney for the Standard Oil company, that the name of the alleged bribery be made public, Mr. Monnett came to him, stated that he was in a corner and asked the privilege of naming him, as the briber.

Stricken From the Files.

"Neither of the documents filed with the supreme court directly charged the Standard Oil company, or any of its officers or agents with any complicity in the alleged bribery. The amendment simply stated that the said Squires had claimed to represent certain of these officials.

"No charges having been made upon which it could act, the supreme court therefore, on the 19th day of December 1899, entered an order upon its journal as follows.

"'Ordered, that the information herein filed by the attorney general on the 13th day of April, A. D., 1899, be stricken from the files, it not appearing that there is any competent evidence to connect the defendant with the alleged offer to the attorney general.'

"This was the action not of a single judge, but of the entire court."

"The statement has appeared as emanating from Monnett that twenty-three boxes of day-books and ledgers had been burned. This statement is absolutely false. There was no evidence at any time that a single ledger, day book or account book of any kind whatever, had been burned at all and the depositions which Mr. Monnett took in his effort to establish that fact, utterly failed in their purpose."

KERN'S RAILROAD PASS MADE ISSUE BY HEARST WHO ALSO HITS DEPEW

Los Angeles, Oct. 6.—Thomas L. Hisgen, Independence party nominee for president, and William R. Hearst, addressed a large audience here last night.

The speech of Hearst was devoted almost entirely to an attack on John W. Kern, Democratic candidate for vice president. He returned to the recent finding of a pass on the Big Four railroad, made out in the name of Mr. Kern, and pointed out that the Big Four was a branch of the Vanderbilt system, which, he said, had been successfully prosecuted by the Federal government for granting rebates to the American Refining company and fined $116,000. He also devoted much attention to Mr. Kern's employment by Thomas Taggart as his attorney, and discussed in detail the alleged gambling at French Lick Springs, Ind.

He read affidavits from two newspaper men, who were in attendance at the Democratic national convention at Denver, who stated that Mr. Kern said to them that he was indebted for his nomination to Mr. Taggart.

Mr. Hearst read only one Standard Oil letter. This was addressed to United States Senator Chauncey M. Depew, by John D. Archbold, and was as follows:

"26 Broadway, New York, Feb. 10, 1902.

"My Dear Senator—Permit me to thank you most cordially for your very kind note of the fifth, with the accompanying complimentary pass. Believe me that I appreciate your kind expression in connection with this courtesy very highly indeed, and only hope that opportunity may offer for such reciprocation as will give evidence to you and your great corporation, of the friendly sentiments I entertain.

"Very truly yours,

"JOHN D. ARCHBOLD."

The railroad pass, the receipt of which the letter purported to acknowledge, Mr. Hearst stated, was over the New York Central lines, of which system he said Mr. Depew was the representative in the United States senate.

Hearst referred to the resignation, retirements and withdrawals of public men, seeming to be much in vogue at present, and continuing, said:

"Mr. Kern, who has achieved fame as the railroad pass candidate and who aspires to represent the Big Four railroad in the government of the United States, seems eligible for the retired list, on the face of these returns and without the presentation of any further facts."

THE ESMOND WINS FIGHT

West End Hotel is Finally Granted Saloon License.

Strong Opposition, But Majority of Aldermen Favor Application.

WHAT THE COUNCIL DID.

Granted saloon license to the Esmond hotel, by a vote of ten to five.

Received report from Health Commissioner Patton, showing great improvement in dairies supplying Duluth with milk and cream.

Authorized employment of additional dairy inspector to be steadily employed in inspecting outside dairies.

Fixed tax levy, with practically no changes from the recommendations of the conference committee.

Directed city engineer to make a survey for a sanitary main trunk sewer from the north end of Crosley park, Fifty-fourth avnue east, to Lake Superior.

Received petition with fifty-four signatures attached, asking that contagious hospital be built some place besides the proposed location at Thirteenth avenue west.

Mrs. Lizzie Tierney filed notice of a claim of $5,000 damages for the death of her husband at the city incinerator.

After a warm debate which was a strong reminder of hot aldermanic sessions of last spring in the matter of saloon licenses, the common council last night granted Frank J. Bannock, a license to operate a saloon in the Esmond hotel, 28 South Twentieth avenue west, by a vote of ten to five. Two other men have been refused licenses at the same place.

Those who last night voted in favor of granting the application were: Alderman Bloedel, Filiatrault, Foubister, Hogan, Jordan, Mueller, Ribenack, Shartel, Tessman and Trevillion. Against: Getchell, Kennedy, McKnight, Moe, Moore.

The Esmond hotel has borne a very unsavory reputation during the last few months, and several weeks ago, when the proprietor attempted to get a renewal of his license, his application was turned down, because of violations of the law charged against his place. Later on another man tried to get a license for the Esmond, but the aldermen thought he was merely acting for the proprietor, and his request also was refused.

Last night Mr. Bannock, through the city clerk, offered a bill of sale as evidence that he had purchased the Esmond bar for $1,200. His application has been hanging fire for the last two weeks, and when it was proposed that the matter be put over for another week, the motion was objected to on this ground.

Alderman Trevillion, a member of the police and license committee, recommended that the license be granted. Alderman McKnight, a second member of the committee, did not sign the report, but expressed himself as opposed to the granting of the license last night. Alderman Olson, the third member of the committee, was out of the city, but had asked that the application be held up until his return.

Alderman Moe said he would not object to having a bar in the Esmond if some reliable and responible person could be found to run it, without merely acting as a figurehead for the owner of the hotel. He did not think Mr. Bannock was such a man. He said the bar in the past had been a danger to the community, and a place that an honest man could not pass at night without the fear of being robbed.

Alderman Shartel and Trevillion both said Bannock had waited long enough, and that decisive action should be taken, either for or aginst his application, so he might know where he was at.

Alderman McKnight said Bannock was undoubtedly acting for the owner of the Esmond, and that it was only a dodge to get the license. He was sure that Bannock did not have as much money as claimed as paid for the bar. He was opposed to granting any more "dummy" licenses.

Alderman Moore thought it poor judgment to grant a license not recommended by a majority of the committee. He thought at least the matter should be laid over for a week, to allow Mr. Olson to be heard, for Alderman Olson, besides being a member of the committee, is one of the aldermen from the West end, coming from the ward where the hotel in question is located. Aldermen McKnight and Moe expressed the same views, but a motion to put over for a week was lost by a vote of eight to seven.

* * *

City Clerk Cheadle and Alderman Shartel, who were delegates to the annual convention of the National League of American Municipalities at Omaha last week, made a report on the deliberations of the meeting, stating that Duluth's home rule charter was one of the best in the country. The report also said that Duluth was nearly alone in the requirement that property owners pay the cost of improving street intersections, and recommended that hereafter such expense be borne by the city. In all the talks among delegates where Duluth was concerned, this city was considered one of the most progressive cities of the country, according to the report.

* * *

The council adopted a resolution offered by Alderman McKnight, directing the city engineer to make a survey for a sanitary main trunk sewer on Fifty-fourth avenue east, from the north end of Crosley Park to the lake. The improvement would cost about $10,000, it is understood.

* * *

A petition was received from residents in the neighborhood of the Krueger school, near the Pike Lake road, asking for the removal of the Dupont powderhouse, now located on the southeast quarter of the northeast quarter of section 12, township 50, range 15. The petition set forth the fact that the powderhouse was less than 400 feet from the city limits, and that it was a constant danger to everybody living in the vicinity. No action was taken regarding the communication.

* * *

The city attorney was instructed to draw up an ordinance prohibiting the storing of powder in more than 500-pound lots in the city limits.

* * *

The Salvation Army asked for an exemption of taxes on its building and lot at the corner of Seventeenth avenue west and Superior street, except for $2,000 on two stores in the building, on the ground that the property is used for religious purposes. The matter was referred to the city attorney for investigation.

* * *

Mrs. Lizzie Tierney, widow of Patrick Tierney, who was burned to death recently in the city incinerator, filed a claim for $5,000 damages for her husband's death. The communication was referred to the city attorney.

* * *

The tax levy as fixed by the conference committee was adopted without question. There were a few minor changes in one or two of the funds, a little money being taken from one to swell the total of another, so that certain improvements might be made. The council approved the raise in the fire fund for the purchase of a new engine for West Duluth.

* * *

On motion of Alderman Mueller the board of public works was directed to circulate a petition for the grading of the proposed Sundby road, from Duluth to the district back of the hill.

* * *

Andrew Wilson applied for a license to run a saloon at 132 Commonwealth avenue, and was backed up by a petition signed by thirty-five residents of New Duluth. The matter was laid over for one week, so the aldermen may find the sentiment in the suburb regarding another saloon there.

* * *

The rental of the old town hall at Lakeside to the ladies of the Lakeside Presbyterian church for $25 a year was authorized.

* * *

The board of public works asked for authority to spend $850 in the building of a spiral staircase to the top of the aerial bridge, so the upper works of the structure can be more safely reached. The request was referred to the committee on bridges and viaducts.

OIL TRUST SAYS NO PREFERENCE

Union Tank Line President, Testifying, Gives Rate Comparison.

Chicago, Oct. 6.—Counsel for the defense in the suit of the government to dissolve the Standard Oil trust, introduced testimony yesterday before Judge Franklin Ferriss, in the railroad rate phase of the case, tending to disprove the government contention that the oil company was the recipient of preferential rates in the shipment of oil and oil products from its various refineries.

The only witness examined was Henry E. Felton, president of the Union Tank Line, and the general traffic manager of the Standard Oil company, who contrasted the rates between Whiting, Ind., and Cairo, Ill.; Evansville, Ind.; Jeffersonville, Ind., and Cincinnati, on the direct lines, and the rates by way of Detroit and Toledo.

In substance, the testimony was that the Ohio river points, being known as the southern gateways, and being practically equi-distant from Whiting or Chicago, received the same rates, and that the same rate was made by the railroads running through Detroit and Toledo, in order to get business. The Evansville rate of 11 cents from Chicago, the witness said, governed the rate from Chicago to Toledo, which was 10 cents. The distances from Cleveland, Toledo and Pittsburg to the Southern Gateways, being varied, gave a different rate to those points, the witness said, and consequently the rate west from Toledo to Chicago exceeded the rate going east, although both were under the rulings of the interstate commerce commission.

Land Official Asked to Resign.

Bozeman, Mont., Oct. 6.—M. R. Wilson, register of the Bozeman land office, has just been requested by the secretary of the interior to resign because of his candidacy for district judge on the Republican ticket. This is the first case of the kind reported in Montana. Some one will be sent out from Washington to hold the position until after election, when it is understood Mr. Wilson will be permitted to retain it if he fails to be elected judge.

FAIR EXCHANGE.

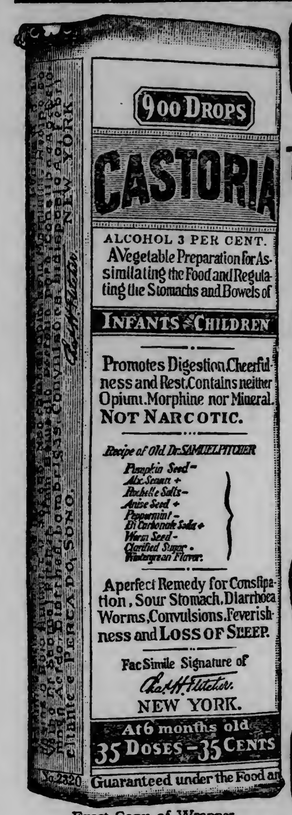

A New Back for an Old One—How It Is Done in Duluth.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame, to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Duluth citizen.

Ernest Grotke of 226 Fourth avenue east, Duluth, Minn., mason, says: "I speak from experience when I say Doan's Kidney Pills are a reliable and valuable remedy. I first heard of their merits from a friend, who had received gratifying results in his own case, and I was then suffering from severe, dull pains in the small of my back and loins, and had become so lame that I was almost compelled to give up my work. I procured a supply of Doan's Kidney Pills and began using them. Although other remedies had failed to help me, I soon noticed the benefit and kept on using Doan's Kidney Pills until the pain and other symptoms gradusually but surely disappeared, and I was entirely free from the trouble."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

RALPH EDDY IN ARMY?

Report Says Man Who Disappeared on Wedding Day Enlisted.

Wooster, Ohio, Oct. 6.—A report has been circulated here to the effect that Ralph Eddy, who has been missing since a few days previous to the time set for his marriage in August to a Miss Warren, a sweetheart since both attended college, has enlisted in the United States army at Milwaukee.

BAD $500 NOTE FOUND.

Cashed for Man Who Found It Among Father's Effects.

Washington, Oct. 6.—A counterfeit of the John Quincy Adams $500 note, the second largest issue by the government, was identified in the redemption division of the treasury department recently and traced to a Buffalo bank, where it had been unsuspectingly cashed for a depositor who had discovered it among the effects of his deceased father.

The genuine John Quincy Adams $500 note is believed to be extinct. It was printed by the American Bank Note company, at New York in 1869. After the government had ordered the printing discontinued the first counterfeits were discovered. They were almost perfect, but were detected by an error in work on the feet of the Goddess of Liberty.

The reappearance of the counterfeit alarmed the secret service, who supposed the die had been destroyed.

PRETTY SCHOOLGIRL

Attempted to Take Her Life by Swallowing Chloroform.

Evansville, Ind., Oct. 6.—Miss Jessie Robinson, a pretty 15-year-old school girl, attempted to end her life by swallowing a quantity of chloroform as she was walking along the street. She is in a precarious condition. The cause of her act is shrouded in mystery. Dr. J. M. Heberer, who gave Miss Robinson attention, says she was brought to his office by two young men and another girl, but he did not know them, and that they left his office at once. It is believed the four were lovers out for an afternoon stroll, and that after a quarrel with her sweetheart, Miss Robinson attempted to end her life. The police, however, are making an investigation of the affair.

SPORTING NEWS OF THE DAY

CLEVELAND OUT OF IT

White Sox Trim Detroit Club by a Score of 6 to 1.

Last Game of Season Will Decide Pennant Winner.

American League.

Standing.

	Won.	Lost.	Pct.
Detroit	89	63	.586
Chicago	88	63	.583
Cleveland	89	64	.582
St. Louis	83	68	.550
Boston	72	78	.480
Philadelphia	62	84	.425
Washington	62	84	.425
New York	51	98	.343

Chicago, Oct. 6. — The American league race narrowed Monday to a contest between Chicago and Detroit. Cleveland being eliminated by the victory of St. Louis. The best percentage now obtainable by Cleveland is .584. A victory for Detroit today will leave a final percentage of .588, while Chicago, by defeating Detroit, will gain the flag with a percentage of .586.

Rain is predicted for Chicago today, and in the event of "no contest," or tie game, Detroit would again be the pennant winner, with its present percentage.

In the National league New York emphasized the possibility of tieing Chicago for the pennant by winning the first of the series of three games with Boston.

Sox May Get Pennant.

Chicago advanced within striking distance of the American league pennant by defeating Detroit 6 to 1 in the second game of the crucial series.

Walsh and Summers appeared on the pitching line for the opposing teams, with Sullivan and Schmidt behind the bat. The former pitched a remarkable game and held the Detroit team at his mercy throughout the contest, while Summers, who worked hard, was hit opportunely, and retired from the game in the sixth inning, giving way to Mullin, who batted for him, and then finished the one-sided contest.

Chicago began scoring in the second inning. Davis opened with a single over short and Parent doubled to left, Isbell sent a single to left and scored Davis, but McIntyre's perfect throw to Schmidt caught Parent at the plate. Sullivan followed with a single to right and Tannehill likewise, but was caught at second when he tried to stretch in into a double. Walsh finished the inning by going out.

Sox Keep up Scoring.

The Chicago team continued scoring in the fourth. Davis was hit by a pitched ball and went to second when Parent singled to left. Sullivan sent a hot grounder into center, which went between Crawford's legs, and Parent and Davis scored while Sullivan went to third. Tannehill flied to Schmidt, and Sullivan scored when Walsh sent a long fly to McIntyre. Hahn flied to Crawford and the side was retired.

The local team added another run in the next inning. Jones hit a bounder over Schaefer's head, went to second on Isbell's sacrifice and scored on Davis' single to center.

Detroit made one in the sixth. Downs singled to left center. Mullin batted for Summers and fanned. McIntyre singled to right and was forced at second by Bush, while Downs came home with the lone run. Crawford made the third out.

Mullin went in to pitch for Detroit in the sixth and retired Chicago without a hit, but, in the next inning, Hahn opened with a single to left and Jones fanned. Isbell fanned and Hahn reached second. Dougherty singled to center and Hahn scored. Davis finished the inning by going out.

Ideal Weather.

A genuine Indian summer day greeted the players and spectators yesterday, and the fans turned out by thousands. The crowd, however, was somewhat smaller than that of the preceding day, but every available seat in the stands and bleachers was occupied one hour before the contest began. The gates were opened at 12:30 p. m., and the crowd which had been patiently waiting for several hours on the outside, began to rush through the gates. An hour before play began the crowd was so large in the stands that the police took positions about the field and the people were seated along the first and third base lines, and at the outskirts of the field.

Ground rules were established making a hit into the crowd good for two bases, but there was no occasion for this.

It is probable that White will oppose Donovan in the game today. The score:

CHICAGO.	AB.	H.	P.	A.	E.	DETROIT.	AB.	H.	P.	A.	E.
Hahn, rf	4	2	0	0	0	McIntyre, lf	4	2	2	1	0

Browns Defeat Cleveland.

St. Louis, Oct. 6.—Cleveland was eliminated from the American league pennant race yesterday by losing the first game of a double header with St. Louis.

An error by Bradley in the sixth, paved the way for the two runs that eventually won the first for St. Louis. Before these errors were made, the score was tied, 1 to 1.

In the sixth, Hoffman, the first man up, batted to Lajoie and the second baseman threw to the grandstand, Hoffman going to second. Criss doubled to left, but Hinchman was slow in fielding. A perfect relay, Hinchman to Perring to Bradley, held Criss at third, but Bradley failed to put the ball on the runner. Williams followed with a single to left which scored Criss.

In the first inning St. Louis scored once and Hartzell's single, a stolen base and a single by Hoffman, Cleveland tied in the fifth on Stovall's double, Criss' error, which let him go to third and Liebhardt's single over second.

Dineen, the St. Louis pitcher, was in excellent form and allowed but four hits.

Cleveland took the second game, 5 to 3, Cleveland bunching hits off Howell at will. The scores:

Left on bases—St. Louis, 7; Cleveland, 4. First base on balls—Off Howell, 2; off Foster, 3. Hit by pitcher—By Foster, 1. Struck out—By Howell, 2; by Foster, 2. Passed balls—Spencer, 2. Time—1:40. Umpires—O'Loughlin and Egan.

Philadelphia Shut Out.

Washington, Oct. 6.—Washington shut out Philadelphia yesterday 3 to 0 by bunching hits in the eighth inning off Coombs. Smith held the visitors to three hits. The fielding of McBride was the feature. Score:

	R.	H.	E.
Washington	0 0 0 0 0 1 0 2 x	3	5	2
Philadelphia	0 0 0 0 0 0 0 0 0	0	3	2

Batteries—Smith and Street; Coombs and Lapp. Umpire—Evans.

Boston 4; New York 0.

Boston, Oct. 6.—Boston won from New York yesterday in a cleanly played game, 4 to 0. O'Rourke's batting was a feature. Score:

	R.	H.	E.
Boston	2 0 0 0 0 0 0 2 x	4	6	0
New York	0 0 0 0 0 0 0 0 0	0	9	0

Batteries—Brady and Donahue; Manning and Sweeney. Umpire—Hurst.

DECISION EXPECTED.

National League Directors Trying to Settle Disputed Game.

Cincinnati, Oct. 6.—The decision of the board of directors of the National league with reference to the disputed game of Sept. 23, between the New York and Chicago was scheduled to be announced this forenoon. The three directors who were to act on the case were Messrs. Herrman of Cincinnati, Ebbets of Brooklyn, and Dovey of Boston, the other members of the board being disqualified because of their interest in the contest which might affect the standing of their respective clubs. Mr. John T. Brush, when again asked to make a statement in reply to the story that he would bring a civil suit in case the National league directors decided against his team, said: "I will not give any answer until after the decision and even then probably will not be able to give an immediate answer until after I have consulted with my lawyer."

MAY HAVE A CREW NEXT SEASON

Students at University Plan on Being Factor in Rowing Events.

St. Paul, Minn., Oct. 6.—If plans which are being made are carried out, the University of Minesota will enter the field of aquatic sports. Lack of good material has been the principal drawback to former attempts. In the freshman class this year, however, are four oarsmen who have done good work in the crews of the Minnesota Boat club and they are energetically pushing this plan. Robert A. Nelson, who will probably stroke the senior eight of the Minnesota Boat club next year, and Jack Paine, who has rowed in the junior and intermediate eights of the same organization, are behind the affair. They say that no doubt the facilities of the Minnesota Boat club can be secured as a starter. First will be formed a freshman eight, which will row against the Badgers in a meet between Minnesota and Wisconsin. This, it is hoped, will be the starter of a western intercollegiate regatta to take in Chicago, Wisconisn and Minnesota.

The stretch of the Mississippi which flows near the university is between two dams not much more than a mile and a half apart. Below the Marshall avenue bridge, about two miles down from the university is a suitable place for practice and here it is suggested to locate the university boat house.

Red River Football.

Thief River Falls, Minn., Oct. 6.—(Special to The Herald.)—Saturday witnessed the opening of the football season among the associated high schools of the Red River valley. Red Lake Falls high school team defeated the Thief River eleven in this city by a score of 16 to 5. As the losing team had but three weeks of practice and as not a man on the team had ever taken part in a match game before, the showing they made against their veteran opponents was very satisfactory.

New York, Oct. 6.—The local fans crowded every inch of space inside of the Polo grounds Monday and cheered the New York team all the way to a very decisive victory over Boston by 8 to 1. Ames pitched the game of his baseball career, holding the visitors to one hit in seven innings. McGinnity pitched the other two innings, and Hannifan, batting for Tuckey in the eighth inning, sent a smashing hit to deep left center for a home run, the single tally for Boston. The score:

Batteries—McIntyre and Dunn; Moore and Doolin. Umpire—Lanigan.

Is the high school football team destined to go through the season whaling the life out of the little, lightweight teams from surrounding towns, with never an opportunity to show what is can do against a real football team?

The high school boys seem to be football lepers. Every school is shunning them like the plague. First Minneapolis Central sidestepped a game with the locals. Then Ironwood followed suit, and now Mechanic Arts has pressing engagements elsewhere.

The high school boys are holding out appealing hands for some real team to come and get licked, but no real team seems inclined to take the Duluth medicine.

Manager Chadwick and Coach Colton ought to begin handing out some of the regulation Yale dope. "The team is a bunch of cripples. Ten of the eleven men are on the hospital list. The line is being torn to pieces every night by the substitutes. The backs couldn't gain on a team from theOld Soldiers' home. The punters would lose grounds in an exchange of kicks with a fat lady." Then perhaps the team could get games with somebody besides the second team of the International Falls high school, and the Grand Rapids "Plungers."

• • •

Once again it has been shown that Comiskey has a bunch of crazy Indians who don't know when they are dead and buried. The White Sox, by all the rules of baseball, were licked—whipped to a whisper, but they didn't know it. About two weeks ago even the most enthusiastic fans of the South side gave a despairing sigh, and were ready to give it up. But the Hitless Wonders refused to stay buried. They come back in a way that wouldn't be denied, and in this last series with Detroit, went after the Tigers and fairly swept them off their feet.

The Tigers went to Chicago with what looked like a safe load for the pennant, but the Sox went after them in that old do or die spirit, and have succeeded in taking the first two games of the series. The third game is being played today, and a victory will give Chicago the pennant. There isn't a fan in Duluth who wouldn't like to see the Sox win it, unless it is some partisan admirer of Detroit, who claims the Michigan city as his home, or who has money bet on the Tigers. The Sox have been winning games on sheer nerve, inside knowledge of the game, and the kind of spirit that made "Hurry Up" Yost a national figure in football and gave Michigan a reputation throughout the West. It is the spirit of "keep everlastingly at them." The Sox simply shut their eyes to the standings, and play every game as if it were the last one they ever expected to play.

Incidentally the Chicago Cubs proved they were not lacking in nerve. They played through the season against handicaps that would have made any other team in the league give up and quit. But there were no quitters among the Cubs. Every man on the team was on the hospital list at some time during the season. With a full team and a fair break in the luck the Cubs would have made a runaway race of it, but sickness and accidents kept them back in the van. They fought it through without a "holler" and they have the certainty of a tie for the pennant, with the posibility of a victory.

• • •

In an interview given out in St. Paul yesterday by John L. Sullivan, who is on his way to Montana, he said that the present generation of glove pushers are talking about "ham-faced mutts not to be trusted around the corner of a cornerib with a broken bottle of sour milk."

Among other things John said that he was opposed to the Salome dance, holding that it was inimical to his long cherished desire of elevating the stage.

• • •

Coach Punk Webster of the Minneapolis Central football team says that it's not so that Minneapolis is afraid to meet Duluth. The chunky little man doesn't like it a bit the way the Duluth papers are talking about him, and his team, and says that it was only because the dates couldn't be arranged that the game with the Duluth boys fell through.

Since negotiations were opened with the Mill City school before the practice season began, and since at that time the Minneapolis manager said that ont one date had been taken, and since he was satisfied with the date the Duluth man named, and even after that had been settled and he had asked for another date and it had been given, it seems as though in this particular case at least the Minneapolis team did side-step.

The Duluth team is even now ready to change its schedule all around in order to get a whack at the Central team, and Manager Phillips made this known to the Minneapolis manager more than a week ago.

THE SAINTS BACK DOWN

Mechanic Arts Also Refuses to Play Duluth Team.

Negotiations on With East and North Side, Minneapolis.

Mechanics Arts has backed out.

They were to play on Nov. 7 with Duluth in St. Paul, but they have found thrat their schedule is full too, and they can't possibly arrange for a game with the boys from the Zenith City.

"What has Duluth done to get all this bad treatment at the hands of the Twin City schools?" the students ask one another. "Haven't we always been fair with the Minneapolis and St. Paul teams?"

Both the management and the students are bound to get to the bottom of it, and Manager "Billy" Chadwick said as he mailed an armful of letters last night, "If we don't hear from these, it won't be because they are not strong enough."

Negotiations are still on with North and East Side, and if favorable replies are received from both these schools they will both be given dates.

There is always more or less trouble arranging high school games but it seems as though the Centrals are having a little more than their share this year. Minneapolis Central backed out, then Ironwood, and now Mechanic Arts—next.

STUDENTS MUST YELL SATURDAY

Rooters Decide to Turn Out in Force for Saturday's Game.

A rousing meeting of the high school Athletic association was held in the assembly hall of the high school at the close of school Monday afternoon. The object was to create more interest and enthusiasm over football, and judging by the way the students yelled before they left the room the meeting was successful in every way.

It seems that the whole school has this year been lacking that keyed up enthusiasm that they have had in such unlimited quantities other years. "Capt. Bill" Crawford gave a little talk in which he said that he wished the school would get busy and root for the team. He said, among other things, that the support, and the pulling by the members was just as important as it was for the members of the team to play good ball. He told about the few chilly little supporters of the Hibbing team and how they yelled themselves hoarse every time one of their men did anything and asked that the old Duluth Central high school spirit be aroused that has been so prominent other years.

The captain was loudly applauded, and Clifford Thorborn, yell master, gave a little talk along the same line.

New yells will be composed this week, and the rooters will turn out in force next Saturday afternoon to witness the first big game of the season. Grand Rapids will be the opposing team, and as they are said to be both heavy and fast, Duluth will have to pull hard for the Central team, and stick together and yell.

DULUTH BOY IS HONORED

Former Manager of White Sox Has Baseball Fever.

Safford is Chosen Captain of the University Football Team.

Played on Zenith City Eleven; Has Many Friends Here.

Orrin Safford, formerly of Duluth, and winner of football honors in this city has been elected captain of the the university of football team. He is big, knows the game and will without doubt make good in his new capacity.

Safford first played football with Aitkin about six years ago. Then he came to Duluth and played on the high school team two years holding the center position on the two great teams turned out by Dr. J. D. Park in 1904-05.

He made a great hit here, and was very popular. He has played three years on the Minnesota team, and his many friends here hope that this years' football machine at Minnesota will be the best in years.

"Saff," as he is known on the campus, was the universal selection for All-Western center two years ago, but did not get into the game last year on account of a condition. He plays an aggressive, steady game and has had few equals in Western football in passing the ball and giving his opponent troubles to attend to from whistle to whistle.

He is one of the most popular men in the university and his selection as field leader meets with the general approval of the student body. His election has been regarded as a certainty since the death of Ney Dunne.

BADGERS FEAR GOPHER TEAM

Minnesota to be Wisconsin's Hardest Opponent This Year.

Madison, Wis., Oct. 3.—Keckie Moll, Wisconsin's Capron, is being shown as much attention as might be bestowed upon a royal youngster. Upon this light-haired boy depends the success of the badger eleven this fall. This will be his first year in varsity football, but already he shows signs of being as great a drop-kicker as the Gopher star of last season. He is a fine football general, and his open field work will prove second only to that of Eckersall, at least, that is the opinion of the cardinal coaches. Moll is not a fast runner, but what he lacks in speed, he makes up in the cross-step, which he has down to a fine point. His open field work and his skill in bringing back punts, is the best that has been seen on a Wisconsin gridiron in several years.

But will Moll be able to play this year?

No one can tell. All summer he was the victim of rheumatism, and he is still a long way from being himself. He is doing very little kicking and the coaches are giving him the lightest kind of work. In fact, the impression prevails here that Moll will be developed for but two games this year, the one against Minnesota and the one against Chicago.

"I'm feeling good even if I do not look it," said Moll. "I haven't got a sore spot on my body, but I naturally favor my right leg a little because it is still weak. I have been told not to do much kicking until my leg grows stronger, but I feel strong and I'm anxious to get into the work as soon as possible."

Strange as it may seem at Minnesota, Wisconsin fears the Gophers

When Your Stomach Hurts

Take a Little Kodol

The pain will then cease—your stomach will feel good. Kodol stops the pains of indigestion and dyspepsia quickly, because it digests all the food you eat.

Kodol is a pleasant, palatable, liquid preparation, that helps the stomach to do its work in a natural way. Being a liquid, it starts digestion at once.

Kodol supplies the same digestive juices that are found in a healthy stomach. This is why it will stop the pains of indigestion quickly.

Your stomach, being weakened, probably, by over feeding or overwork, is unable to do its work properly, and the natural result is indigestion, sour stomach, gas, or belching, which will soon result in chronic dyspepsia unless the stomach is given help.

Nervous indigestion or dyspepsia. It is not only annoying, but dangerous. If let alone, the result generally is gastritis, or oftentimes that fatal affliction—appendicitis.

Don't neglect your stomach. Don't take any chances. There is no need for you to suffer, because a little Kodol now and then, will keep the stomach well, healthy and strong. Do not diet or starve yourself. That is not the way to get help.

Eat what you want of the food you like, and let Kodol help the stomach do its work. You can't be well unless you eat and unless you enjoy your food. You can't get nourishment from your food, unless you digest it. Take a little Kodol now and then. That is the only safe and sure way.

You do not have to depend on Kodol all the time. You only take it when you need it.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

SNAG FOR ALESHIRE

All Bond-Aided Pacific Roads Have Paid Their Debts.

As Result, Transportation Fund is Getting Dangerously Low.

Washington, Oct. 6.—Quartermaster General Aleshire, who is at present busily engaged in getting his estimates for the quartermaster general's department for the fiscal year ending June 30, 1910, into shape for submission to the secretary of war, has run up against a snag that will add thousands to the demand of the service. In the transportation of officers from the East to the West and vice versa the bond-aided railroads have been been favored because of the pecuniary interest the government has in them. It was not so very long ago that the West was gridironed pretty nearly with railroads whose construction had been made possible by the aid of friendly federal legislation. Gradually, however, in the presence of prosperous times, these government aided railroads have been paying back to the government the aid which they received from the government.

One Bond-Aided Road Left.

But there remained one bond-aided road, the connecting link between the East and the West, the Central Pacific, and it was an easy thing for the quartermaster general to transport the army, if need be, from the Missouri river to San Francisco via the Central Pacific and charge up the transportation on the treasury books against the subsidy bonds issued by the government in aid of the road's construction.

Every quartermaster general for years has figured on this transportation in his estimate to congress, asking only appropriations for the movement of troops, animals, etc., as covered by the railroad companies which are independent of the government's aid. It was comparatively easy to look after this branch of the department in consequence, and there was usually enough money in the transportation fund to meet exigencies, but a rude awakening has come to Gen. Aleshire. He has to readjust his transportation estimate, for the Central Pacific has ceased to be a government bond-aided road nearly a year ahead of time, and all the figures on this subject, to be sent to congress, have had to be revised and the transportation fund is getting dangerously low. The unexpected has occurred.

Paid All the Debt.

Under an agreement made with the officials of the treasury department in February, 1899, settlement of the debt of the Central and Western Pacific railroad companies on account of government aid given was accomplished, the entire debt, principal and interest on Feb. 1, 1899, being $58,812,715. This amount was secured to the United States by twenty semi-annual notes of $2,949,635, each bearing interest at the rate of 3 per cent per annum.

The railroad has been meeting these semi-annual notes with great regularity, and in order to stop the interest paid the last note in July, seven months before it fell due. The other day Acting Secretary Coolidge of the treasury department notified all departments of the government of this payment, and that hereafter any moneys owing the railroad companies for transportation services or otherwise should be paid to the companies, and that auditors' certificates of settlement directing the witholding of settlement for transportation services rendered should be returned to the auditors for restatement and charge under proper appropiations.

Married Man in Trouble.

A married man who permits any member of the family to take anything except Foley's Honey and Tar for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Sold by all druggists.

REV. ALEX MILNE AMONG SPEAKERS

Duluth Ministers to Address General Congregational Association.

Faribault, Minn., Oct. 6.—(Special to The Herald.)—The city is entertaining a large number of Congregational ministers and other members of that faith, the occasion being the fifty-third annual meeting of the General Congregational association of Minnesota, which begins this afternoon in the First Congregational church, and will continue Wednesday and Thursday. Noted Minnesota clergymen will discuss every phase of the church work in the state. The meeting will open this afternoon with an address by Rev. Victor L. Greenwood, also Rev. P. B. Womer will speak this afternoon, and he will talk on "The Church's Great Moment." Rev. G. A. Traut and Rev. Alexander Milne of Duluth, will be heard this evening; Rev. F. H. Oeler, Rev. Matt Evans, Rev. E. L. Heermance and Secretary Theodore Clifton are on the program for Wednesday morning, while Revs. R. P. Herrick, H. K. Painter, George R. Morrill, C. C. Campbell, Secretary Walter A. N. Hitchcock and Walter N. Carroll are speakers of the afternoon and evening sessions.

The Women's Home Missionary society meets Wednesday afternoon and Thursday afternoon will be women's day, the names of Mmes. Warren H. Nugent, B. W. Pirman and Dean Mary Alice Emerson appearing on the program.

About to Preside; Dies.

Cincinnati, Oct. 6.—Thomas Morrison, prominent in railroad and business circles, dropped dead in the office of the Spring Grove Cemetery association, yesterday afternoon, just as a meeting of the cemetery trustees, of which he was president, was about to be called to order.

FOUR THOUSAND DROPS OF RHEUMALINE

A POPULAR REMEDY DISSECTED BY COUNT.

When a sufferer of rheumatism has purchased a bottle of Rheumaline, they have procured for $1.00 a full week's treatment for their rheumatism, which in many instances has proved more than enough to furnish a permanent cure. There are forty teaspoonfuls in a bottle. Each teaspoonful is a dose. That is forty doses. To each teaspoonful there are 100 drops. Each drop is a perfect Uric Acid solvent. That is 100 perfect Uric Acid solvents to a teaspoonful, or 4,000 to a bottle. Use your common sense and make your own deduction. You can readily see that rheumatism can't stand long against such a scientific and positive array as that. And then the price. Only $1.00 for 4,000 drops. You can't afford in justice to yourself to let the opportunity pass by. Rheumaline was placed in the Lyceum Pharmacy a short time ago by The Rheumaline Co. of Cincinnati, and its unparalleled success shows that Duluth residents are alive to the proposition and have seen the good to be derived from such an opportunity for obtaining a positive relief for Rheumatism, Lumbago, Sciatica, Neuralgia, Gout, and any disorders arising from Uric Acid, for such a reasonable price.

Rheumaline Capsules cost 50c per box, and should be taken with Rheumaline to obtain the best and quickest results. They are to relieve intense pain, while Rheumaline is to rout the disease.

While taking Rheumaline, the least signs of constipation should be met by Rheumaline tablets, for it is essential that the bowels be kept free, while taking the treatment.

Drop into the Lyceum Pharmacy today and be an ex-Rheumatic by procuring Rheumaline. It removes the cause.

DULUTH'S NEW BUILDINGS

THE NEW D. R. BLACK BUILDING ON WEST FIRST STREET.

NO CHANGES IN BANKING

—Hughes.

Governor at St. Paul Argues Against Guaranty Plan.

Says Bryan Did Country Service by Being Defeated.

St. Paul, Minn., Oct. 6.—"Mr. Bryan did the country a great service by being twice defeated. Had he been elected twelve years ago, he would not be a candidate now, but would have gone down in the disaster of his own fallacies.

In a speech here last night, Governor Charles E. Hughes of New York thus summed up why he is working for the defeat of the Democratic candidate for president. Mr. Bryan's proposed remedies for the correction of national evils, said Governor Hughes, were "impossible panaceas and cureails." He continued:

"The reason I oppose Mr. Bryan's compulsory guarantee of bank deposits scheme is because I regard it as unsound in principle. I believe that the banks should continue under the sanction and control of statutes now existing, and we should not inflict upon the innocent the consequences of the recklessness of others. It is inevitable that under Mr. Bryan's plan the reckless, careless and dishonest would take advantage of it. The plan would encourage loose banking.

"What has made this proposed scheme necessary? Is there any reason for it? The question, it seems to me, is not so much how to guarantee deposits as how to get the money to deposit. We have found in New York, despite the enormity of the total deposits there, that the actual loss to depositors is notwithstanding the numerous failures, comparatively small.

"As to Mr. Bryan's attention to the working man, what the workingman wants is work more than a solution of the problem as to the procedure in a contempt of court action, and if there is any one who is especially protected in an incorruptible enforcement of the law by the court, it is the workingman."

LUMBERJACK VOTE HURT SCRIBNER

Court Rules It Out and in Favor of R. M. Funck.

Walker, Minn., Oct. 6.—(Special to The Herald.)—The election contest for county attorney of Cass county was heard before Judge McClenahan here, yesterday. The contest was brought by R. M. Funck, of Cass Lake, who was defeated at the primaries by J. S. Scribner, the present incumbent, by a majority of two votes. Funck contested the precinct of Cuba in the northern part of the county, on the grounds that this precinct was in the national forest reserve and that the voters there were of the "lumberjack class."

The judge's decision, although not final, was in favor of Mr. Funck, and there is little question but what that part of the statute which makes provisions for the lumberjack vote will knock County Attorney Scribner out of his office. Attorney Fryberger of Duluth appeared for Funck, and DeLury of Walker, for Scribner. The decision has a wide sweep over Northern Minnesota, as the illegal votes cast by lumberjacks have been a matter of argument for several elections past.

PICTURE PHOTOGRAPHED

On Glass of Door by Lightning That Killed Alabamian.

Decatur, Ala., Oct. 6.—A strange case of photographing by lightning, which took place some weeks ago, has just been discovered at a residence in West New Decatur.

On the afternoon of Aug. 7 lightning struck a house in West New Decatur, killing S. W. Goree and badly shocking his wife. Mr. Goree was standing in the door of his house at the time the flash came. There was a large glass in the front door, where Goree was standing. It has just been discovered that there is a perfect photograph on this glass. The picture shows Mr. and Mrs. Goree. Goree's head is slightly elevated, as if he was watching the storm.

Mrs. Goree's lips are parted, as if in the act of speaking when the flash came that killed her husband. The picture on the glass also shows a portion of the front yard fence, a large figure bush in the front yard, two telephone poles, about 100 yards away, a house and a skirt of woods a quarter of a mile distant.

WILL ATTACK LAW.

Grand Forks Man Questions Right to Charge Filing Fee.

Grand Forks, N. D., Oct. 6.—(Special to The Herald.)—H. J. Johnson expects to start a suit to test the validity of the law requiring that candidates for offices shall pay a fee of 1 per cent of the salary to be received before they shall be entitled to a place on the primary ballot, just as soon as he has secured a sufficient number of accounts to justify him in going ahead.

He has some county officers on his list now, but will have to get a good many more before he will go ahead. He will start the action as a citizen. Two years ago he was a candidate for the Republican nomination for county treasurer in Grand Forks county. He carried the fee case to the supreme court, and won. The legislature of 1907 amended the law so as to require 1 per cent instead of 2.

L. A. Rosing Ill.

St. Paul, Minn., Oct. 6.—(Special to The Herald.)—L. A. Rosing, a former candidate for governor on the Democratic ticket and now a member of the board of control, is seriously ill at St. Joseph's hospital.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it.

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

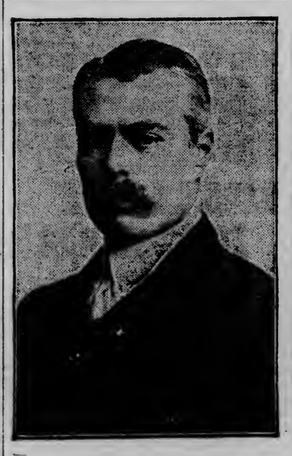

CONTEST IS DISMISSED

C. E. Adams Satisfied John H. Norton Was Fairly Nominated.

Board Will Not Recount the Remaining 300 Votes.

The mistake of the election board in the Third precinct of the Seventh ward of the city of Duluth, which was discovered by the recounting board, and which gave John H. Norton sixty more votes than he had been credited with on the first returns from that precinct, practically put an end to the contest brought by Charles E. Adams, to determine the nominee for the office of county attorney at the primaries, Sept. 15. Mr. Adams last night conceded Mr. Norton's nomination and called off the contest, which was this morning dismissed by the district court, on stipulations by the attorneys for the contesting parties.

The discovery in the Seventh ward practically decided the contest. Mr. Norton had led by five votes on the report of the county canvassing board

JOHN H NORTON.

and, with so small a margin to overcome, Mr. Adams' friends were hopeful of his success in a recount. As the count of the city of Duluth progressed, Adams gained steadily and at the time of the disclosure in the Seventh ward, led by eleven votes. The count of the remainder of the city and most of the range precincts included in the contest did not change Norton's majority materially, and yesterday morning the board did not resume work. There were still about 300 votes to be counted.

The counting board, consisting of James A. Hanks, William A. Hicken and Thomas J. MsKeon, began work Sept. 20. Mistakes were discovered in thirty precincts of those counted, but Mr. Adams doesn't believe the remaining precincts would show mistakes serious enough to overcome the lead of his opponent. The expense of the recount falls on Mr. Adams, but he says he is satisfied now that it is certain Mr. Norton was fairly nominated.

BERT MOORE IS ALSO CONVICTED

Jury Finds Him Guilty of Swindling Wallace Lapp.

Bert Moore, who was indicted with Ray Nichols on a joint indictment, charging swindling, was convicted of the charge by a jury in district court yesterday afternoon. Moore's defense was the same as that offered by Nichols. He claimed that it was a gambling proposition, pure and simple, and that Wallace Lapp, whom he was alleged to have defrauded, lost his money betting on the games. The jury couldn't see it that way. Nichols was convicted last week on the swindling charge.

RECOVERS $300 FOR HIS INJURIES

J. E. Rocklin is Given Small Verdict Against Traction Company.

J. E. Rocklin will receive $300 from the Duluth Street Railway company for injuries sustained in an accident last spring.

Rocklin was driving along West Fourth street. He claims that the excessive speed of an approaching car frightened his horse, and that it ran away, crossing in front of the car. The car hit the wagon in which he was seated, throwing him out. He sustained severe injuries.

Rocklin brought suit for $1,918, and the jury last evening returned a verdict of $300.

AUTOMOBILE SCARED TEAM.

Horses Ran Away and Farmer Was Killed.

Elk River, Minn., Oct. 6.—Charles Leider, a prominent farmer, living north on the Princeton road, was killed Saturday evening while driving home.

Mr. Leider had been to town with a load of produce and was on his way home, when his team became frightened by a passing automobile. He was thrown out and dragged a long distance. His back was broken, and when removed to a doctor's office at Princeton, he died.

FOOT NOTE: Hanan Shoes for men and women.

DANIELS INSISTS ON TRUST FACTS

Democratic Publicity Bureau Chairman Again Queries Bonaparte.

Chicago, Oct. 6.—Addressing an open letter to Attorney General Bonaparte, Josephus Daniels, chairman of the publicity bureau of the Democratic national committee, asserts that the attorney general, in his reply to an inquiry for a statement showing how many trusts have been prosecuted by the department of justice, did not furnish the information desired, but instead confused the prosecutions under the Sherman anti-trust law with the prosecutions of railroads and individuals, under other acts.

Mr. Daniels submits to the attorney general four questions, as follows:

How many of the 287 trusts, giving names and doing business in the United States, have been prosecuted by the present administration?

How many of these trusts, naming them separately, have been fined, and the separate amounts?

After a trust has been fined, what other steps have been taken to prevent its continuing its illegal practices for which it was forced to pay the penalty?

How many of the officials of these 287 trusts have been criminally prosecuted, and how many have been convicted and the term of imprisonment, giving the names of each person who has been imprisoned for violating the law?

Against Col. Stewart.

Washington, Oct. 6.—The medical board of army officers in the case of Col. William F. Stewart, U. S. A., placed in command of the ungarrisoned post at Fort Grant, Ariz., by President Roosevelt, has reported that officer incapacitated from active service.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass is such that she looks forward with dread to the hour when she shall feel the thrill of motherhood. Every woman should know that the danger and pain of child-birth can be avoided by the use of **Mother's Friend**, which renders pliable all the parts, assisting nature in its work. By its aid thousands of women have passed this crisis in safety. $1.00 per bottle of druggists. Valuable book of information to women sent free.

State Board Has Its Eye on Car Companies.

Corporation Officials Say Business Does Not Warrant Increase.

St. Paul, Minn., Oct. 6.—(Special to The Herald.)—Hearings of the representatives of public service corporations occupied the attention of the state board of equalization today.

Judging from the nature of the questions put to the representatives, there is an element in the state board that favors an increase in assessments and, while many of the corporations put up a strong plea for no increase and gave figures to show that in the present state of affairs their companies are not doing business which would warrant the board in making any large increase, it seems within the range of possibility that certain of the corporations, notably street car companies and the steel companies may come in for substantial raises.

Representatives of the following companies were heard today before the noon adournment: Minneapolis Gas company, represented by J. O. P. Wheelwright; Duluth Edison Electric company, represented by its president, A. W. Hartman; Duluth Street Railway company, represented by its treasurer and manager, Luther Mendenhall and Herbert Warren.

The Duluth street railway assessment was gone into rather fully. The present assessment is $766,940, an increase over the previous year of $9,698. Luther Mendenhall gave a history of the company from its incorporation in 1882 during all of which time he has been connected with the company. He claimed that since its incorporation not one dollar had been paid to officers for salary and that the stockholders had received not a dollar in dividends. The present company is living on hopes of the future growth of Duluth, and is holding the franchise down in the hope that some day it may be valuable.

Representatives of the newspapers of the Twin Cities and Duluth produced facts and figures to show that assessments on their journals ought not in justice to be put any higher.

CITY BRIEFS

Have Your Magazines Bound.
Thwing-Stewart Co. 'Phone 114.

Special Monthly Rates

For the winter season, at the Spalding and Hotel Superior, become effective Oct. 1st. Cafes of the highest standard.

Case Transferred.

The case of John Cariquist vs. the Cleveland Cliffs Mining company was this morning transferred from the federal to the district court, by Judge Page Morris.

Hold Annual Meeting.

The annual meeting of the Kitchi Gammi club will be held this evening in the rooms of the club. The annual election of officers will be held and other routine business will be transacted.

Real Estate Men Meet.

The Duluth Real Estate exchange held its regular monthly meeting at noon today. No matters of public interest were discussed.

Sues on Logging Contract.

The suit of Abel Nelson against the Alger-Smith Lumber company was called before Judge Dibell in district court yesterday afternoon. Nelson sues the company for $1,354, claimed to be the balance due on a logging contract.

Committed to Asylum.

Herra John Pauppuri, the young Finn, who became insane on the question of Socialism and made the echoes ring with speeches to imaginary audiences for three days, was this morning taken to the state insane asylum at Fergus Falls, having been committed by Judge Middlecoff of the probate court. Pauppuri was one of the most violent prisoners received at the county jail in some time and his case is considered a hopeless one.

Fire Alarm Boxes.

The council has instructed the board of fire commissioners to put in a number of new fire alarm boxes in the middle hillside district, where the water mains have been recently extended.

S. T. Welch Better.

Stephen T. Welch well known in board of trade circles from his long connection with the offices of B. E. Baker, Watson & Co., and whose life was despaired of last week, continues to improve and his complete recovery is now looked forward to.

Says He Is Bankrupt.

George J. Walz of the Duluth Boat Manufacturing company, this morning filed with W. H. Pressnell of the federal court a voluntary petition in bankruptcy. He says he owes $1,835.77, and has only $850 mostly in household goods with which to pay.

Republicans Will Meet.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Superfluous hair removed. Knauf Sisters.

CANCELS HIS ENGAGEMENT

Governor Cummins Will Not Speak in Duluth Monday.

St. Paul, Minn., Oct. 6.—(Special to The Herald.)—Governor A. B. Cummins of Iowa, who was billed by the national Republican committee to speak at Duluth next Monday evening, has cancelled the appointment. Word to this effect was received by the state managers today and they are now busy trying to fill the date.

Governor Cummins wired the local committee that conditions are such in Iowa that he deems it best to stay at home. No other explanation was given.

This is the second time that the committee has had to disappoint Duluth, and those in charge were in anything but a pleasant frame of mind when the cancellation was received.

When Senator Beveridge was in the Twin Cities an effort was made to have him go to Duluth, but he refused. It was argued that a Duluth date would interfere with his schedule.

The above information was given to those in charge at Republican headquarters this afternoon. The party leaders have not yet had time to readjust their plans, and it is not known whether the meeting will be postponed, nor whether some other speaker will be secured.

MINING MAN VISITS DULUTH

W. H. Lindsay Here in Interests of Butte-Montana Company.

W. H. Lindsay, a prominent mining man of Butte, Mont., and secretary of the Butte-Montana Mining company, arrived in the city today on business connected with his company. To a Herald representative Mr. Lindsay confirmed the reports relative to the control of the company passing into strong hands comprising Duluth and Pittsburg interests, and says that it is now firmly financed, the management of the company having been placed in the hands of Robert A. Kerr, a well-known mining engineer of this city.

Mr. Lindsay says that operations will be commenced and carried on, both on a mining and development basis.

"The Butte-Montana company," says Mr. Lindsay, "owns two claims in the heart of the Butte mining district, the Alex Scott copper mine, comprising five acres of surface ground, and the Little Annie, a gold and silver mine, with twenty acres of surface ground. Both properties are already developed to the producing stage. The Alex Scott mine adjoins the West Colusa, which is one of the best producers of the Amalgamated mines, owned by the Boston & Montana company. The Alex Scott mine has a shaft down 1,200 feet with crosscuts at the 900, 1,000 and 1,200-foot levels to the West Colusa workings, the work being done by the Boston & Montana people without cost to the Butte-Montana company. Two good leads of copper ore were cut in the cross-cutting. One has been encountered in the Alex Scott mine running from a low grade to copper glance and good ore has been shown on every level.

"On the east of the Alex Scott lies the Leonard mine, which is claimed at one time to have had the largest and richest body of copper ore in the world. On the north is the Modoc and on the west the Sunny Side mine.

"We believe that with proper development the Butte-Montana holdings will be worth a great deal more than the capitalization of the company, which is $1,000,000, at $1 per share. The company has no debts, except current monthly expenses, and has paid for its property. Under the new management the property will be developed at once and will be on a producing basis within a short time."

BARBERS HAVE THEIR TROUBLES

Union is Being Ignored; Members Won't Pay Fines.

It begins to look as if there would be no recognition of the barbers' union in this city. At a meeting of the union last night it was resolved to annul the fine against the shops for removing their union cards, but at the same time to enforce the fine against the men for working in shops where the union card was removed, and to also enforce a fine against the barbers who did not take part in the labor day parade.

Barbers who have become foremen will be subjected to a fine of $5 for working in shops where the union card was removed. All workmen will be fined a similar amount for the same offense, with the additional fine of $1 for not marching in the labor day parade.

It is said that the barbers will not pay the fine. It will then be up to the union to enforce matters. It is said that the way the matter stands at the present time, it looks as if the union would be entirely disregarded and that its ruling will not be obeyed.

At the present time, it is said that the shops at the Spalding and the St. Louis are keeping open until 9 p. m. If this condition continues, it is probable that every shop in the city will meet this condition, or at least extend the hours of work an hour, making the closing time 8 p. m., instead of the present hour, 7 p. m.

It is further said that an annulment of the fines against the boss barbers for not keeping their union cards up, was a conciliatory measure to persuade the barbers to fine the men for working in a shop where there was no card, and for not taking part in the labor day parade. It is stated that the men have no intention of paying the fines. Under the circumstances some of the barbers are of the opinion that the union will not be further recognized.

JOHNSON HERE TO GET AID

Wants $3,000 for the Grand Marais Fire Sufferers.

Charles Johnson, a banker of Grand Marais, who has been working in behalf of the fire sufferers of Grand Marais and the north shore, is in the city today to secure money for families that were rendered destitute by the fire.

Mr. Johnson states that there is one Indian family and four or five white families who have been made penniless by the fire. He believes that $3,000 would supply the wants, and will ask Mayor Haven, a member of the state relief committee, to do what he can to secure the much-needed funds.

Eugene T. Lies, general secretary of the Associated Charities of Minneapolis, has been at Grand Marais investigating conditions there. Mr. Lies went at the instance of the state relief committee, and will make his report to the members of the committee.

It is probable that action of the committee looking to the relief of the destitute families will be taken.

NO LOOPHOLES THERE.

Eugene Walter, the extrordinarily successful young playwright, said at a recent dinner in his honor in New York:

"The playwright, to succeed, must make his point inevitably. Every point, by fair means or foul, must be captured. Not a loophole, for failure to creep in, may be left."

Mr. Walter smiled.

"In fact," said he, "the playwright must be as sure of his point as was the young lady who took advantage of the present Leap Year to propose.

"She didn't give me a chance,' her husband explained afterward to a friend. 'She said: "Will you marry me? Have you any objection?" Thus, whether I said yes or no, she had me cornered.'

"'Well, you might have kept silent,' said his friend.

"'That is what I did,' the other replied, 'and she flung herself on my breast, murmuring that silence gave consent.'"

It pays to advertise in The Herald. Ask Panton & White.

DULUTH MUSIC CO. *Largest Piano Store at Head of Lakes* **DULUTH MUSIC CO.**

100 Pianos, Players and Organs at Special Reduced Prices!

Our new fall stock is already coming in; the newest and latest things in Pianos and Pianola Pianos, personally selected at the best factories of America. These are arriving every day and, big as our store is, yet we must make room for the new goods by displacing the slightly used and shop-worn pianos.

Special Price Inducements to Immediate Buyers. Used, rented, shop-worn pianos, discontinued styles, factory samples, etc.—many good as new. Come and look over the stock yourself. You will be surprised at the Great Values at these prices. We list only a few of them.

A $350 Smith & Barnes.....$175	A $600 Conover $350	A $275 Kensington $165

HECLA TRIES TO RESTRAIN

Calumet Mining Company Asks Injunction Against Hyams-Bigelow.

Insists on Right to Vote the Osecola Stock.

Boston, Mass., Oct. 6.—A bill in equity was filed in the United States circuit court here today by the Calumet & Hecla Mining company, asking that A. S. Bigelow and H. M. Hyams, respectively, president and manager of the Osceola Mining company, be restrained from interfering with the rights of the Calumet company in voting stock of the Osceola company which it holds, at an adjourned Osceola meeting next month.

By a recent United States court decision in Michigan, the Calumet company is permitted to hold this stock, amounting to 62,601 shares, and the Calumet company desires to vote it on Oct. 10. The circuit court today issued an order of notice for a hearing on Oct. 26. The Osceola stock was acquired by the Calumet this last February and the matter has been in litigation sine that date.

COPPER STOCKS ARE NERVOUS

Sell Over Wide Range and Close About Unchenged.

Copper stocks were rather nervous during the session today. They sold over quite a wide range and then closed about unchanged.

North Butte opened at $82.75, advanced to $83, declined to $81.75, reacted to $82.75 and closed at $82.50 bid and $82.75 asked. Amalgamated opened at $75.75, went as low at $75, reacted to $76 and closed at $75.75 bid and $75.87½ asked.

Greene-Cananea opened at $10.50, went to $10.25, rallied to $10.50 and closed at $10.25 bid and $10.50 asked. Butte Coalition opened at $25, advanced to $25.12½ and closed at $25 asked. Calumet & Arizona opened at $118, declined to $116.50, rallied to $117.50 and closed at $116.50 bid and $117.50 asked. Anaconda opened at $43.75, declined to $43.50, rallied to $43.87½ and closed at $43.87½ bid.

Superior & Pittsburg sold at $14, advanced to $14.25 and closed at $14.12½ bid and $14.37½ asked. Globe was traded in at $5.62½ and $5.75 and closed at $5.62½ bid and $5.87½ asked. A telegram from the superintendent received last night stated the Gem vein was six feet wide and was clean sulphide ore for the whole width. One 25-ton car was shipped from the vein Saturday and another will be shipped tomorrow.

Denn-Arizona was traded in at $3.75 and $3.62½ and closed at $3.50 bid and $3.75 asked, and Butte & Superior at 90c, 89c, and 88c, closing at 85c bid and 89c asked.

Calumet & Sonora was inactive and closed at $9 bid and $9.25 asked. Mowitza at $2.75 bid and $3 asked. Red Warrior at $4.62½ bid and $4.87½ asked, Savanna at $3.50 bid and $3.75 asked, Carman at $4 bid and $4.25 asked and Butte-Ballaklava at $7.75 bid and $8 asked and Copper Queen of Idaho at $1 bid and $1.12½ asked.

Black Mountain sold at $3.50 and closed at $3.50 bid and $3.75 asked.

BANKRUPT ELECTRIC CO.

Firms Ask That Head of Lakes Co. be Adjudged Bankrupt.

A petition of the Marshall-Wells, F. A. Patrick, and Panton & White companies, was filed with W. H. Pressnell of the United States district court this morning, asking that the Head of the Lakes Electrical company be adjudged bankrupt.

They claim that the company owes debts to the amount of $1,000 and over, and that much money has been paid out in many suspicious ways, with, as they believe, an intent to defraud the real creditors.

In their petition they say that the company has made over most of its stock and fixtures to H. A. Segewick.

ESSENCE OF BASEBALL.

It is Discovered by a German Named Gestochen.

New York Sun: "Pursuing rainbows is no more futile than trying to fix the blame in baseball," said the veteran manager to a crescent of fans. "I have been on the firing line in so many hard campaigns that I began to think that I was qualified to play the hero part in almost any sort of sketch that could be put on on a diamond.

"But I met a paraphrase of the game last season that had me laughing at its prowess and apologizing to pride for having got so familiar. Canned baseball was what had me guessing.

"Never heard of it? It was a novelty for me too.

"I was managing a team in a six-club Western state league. My bunch, the Slagtown Beauts, were flirting with first place. All the teams were playing very decent ball except the one at the bottom of the list.

"That aggregation trailed so far behind the rest we almost forgot they were in the league. The season was nearly over and their percentage was .003. They were called the Salmon Sliders.

They hadn't won a game so long that when they did get one on a forfeit everybody forgot and it was officially chalked down against them. When I led the Beauts upon the Sliders' stamping ground I had already figured out how much that game would boost our percentage column.

"The Sliders had a new manager, a German named Gestochen, but that didn't kink my calculations, for I knew that bunch had the losing habit plastered on so it couldn't be pried off. The Sliders performed so badly in practice that we wondered how they acquired that .003.

"Just as the game was about to start Gestochen began to do things that had us thinking question marks. He gathered his misfits around a table filled with tin cans. I hurried over to see what he was going to pull off. Nine cans were in a row, and each was labelled with the name of a famous player.

"'I haf discofered,' he was saying, 'the essence of baseball. Each of dese great blayers I haf re-studied and re-talked to, und I have made gases which embody the greatness of each.'

"It was plain that he had broken furniture in his top floor front, but I stuck around to see how far he would go.

"Gestochen picked up a can marked Hans Wagner. It had a little nozzle and to this the shortstop applied his nose and inhaled big whiffs. The catcher took several wheezes from a can labelled Bresnahan.

"The pitcher had a hearty snuffle from a Christy Mathewson can. Every man of them sniffed up a lungful from the can fitting his position. I told the Beauts about the weird doings, and we got ready to give the Sliders the multiple laugh.

"The Sliders were the first to man the field. The pitcher slammed in the first ball so hard it was an indefinite white streak. Our batter was still dazed when the next thing knocked his hat two yards away and never deflected its course into the catcher's hands. A third strike was in the receiving mit almost before the batter knew it had started.

"We were a little uneasy, but the next man was a big fellow with armor plate nerve. The pitcher didn't turn on quite so much speed, and he pasted the ball. It shot ahead like a Krupp projectile, but the pitcher lifted it out of the air as if he were plucking a huckleberry.

"Our next man smashed out one of the longest hits I ever saw. It was a great biff, and started to sail twenty feet over the center field fence.

"That center fielder ran like six cylinders. When he saw the ball was going outside of the lot he shinned up the pennant pole and caught the whizzing pellet with one hand forty-five feet above the ground.

"These occurrances had me thinking all over the lot and my players were prodding one another to see if they weren't dreaming. I told them to brace up and said we could beat the Sliders on their weak hitting.

"But before the Beauts had got to their posts Gestochen got out a huge can marked 'Batting.' Each Slider before he went up to the plate snorted his chest full. I groaned and my apprehensions were unhappily realized.

"The terrific way they pasted the ball was heartbreaking. If I told you about it you would accuse me of imbibing on opium. I had my outfielders back until they were bumping the fense and we finally retired the side on fly balls. But their earned run total was bigger than either you or I get a week and six balls had been knocked soft and lopsided.

"In the next inning their pitcher had tremendous speed, but he was wild. He started in with three bases on balls. Gestochen was wriggling.

"'Come in und haf some more Christy,' he yelled.

"The pitcher ran to the bench and took a huge nasal swig from the Mathewson can. No sooner was he on the slab than he threw suddenly to first. Our men were leading off with caution, but that ball went from pitcher to first, to second and to third like lightning, and all three were stung.

"For seven innings the Sliders played like the greatest team in existence multiplied by eleven. Some of the plays they pulled off were ultrabaseball.

"All at once we noticed that Gestochen was getting nervous. When the Sliders went for their gaseous tipple before the eighth there wasn't any left. He had certainly used it prodigally.

"But we couldn't see what should so muse his composure, for he had the game clinched. Nevertheless he was going into spasms of agitation.

"The Sliders took the field with a little less alacrity. The pitcher threw down four slow balls and then another quartet of still slower ones.

"Our next batter hit a fly to right. The fielder started after it, but fell down in his tracks. He didn't get up. Then the rest of the Sliders began to stagger and in three minutes the entire bunch began to stagger and in three minutes the entire bunch were snoring and dead to the world.

"We all made a rush for those cans. A young medico on my team grabbed one and sniffed.

"'Ether!' he shouted.

"That was the answer. Those cans were filled with ether and the Sliders had ether jags. As long as the buns lasted the Sliders were world beaters. But Gestochen used the dope too fast and when the supply was shut off the quick reaction set in and it was all over."

THE MAGAZINE SHORT STORY.

Ambrose Bierce, the author of "In the Midst of Life," has a right to discuss short stories, for his grim book sets him, in the opinion of the leading foreign critics, beside Edgar Allan Poe.

Mr. Bierce discussed the magazine short story at a recent luncheon.

"There are exceptions to everything," said he, "but the reason for the conventionality and worthlessness of the typical magazine short story is not hard to find.

"Let me repeat a dialogue to you.

"A writer of magazine short stories took a young lady in to dinner.

"'I know you are awfully famous, Mr. Biggin,' said the young lady, 'but though I have read a great many of your tales, I don't like them a bit.'

"Biggin smiled.

"'Of course you don't like them,' said he. 'Why should you? They aren't written to please the public.'

"'Not written to please the public?' said the girl.

"'No, indeed,' said Biggin, laughing heartily at her ignorance. 'They were written, of course, to please the magazine editors.'"

IN SOCIETY.

The Rev. C. W. Gordon of Winnipeg—he is better known as Ralph Connor, the brilliant novelist—startled his brother clergymen at a recent convention at the Hotel Astor in New York by advocating the saving of souls "right off the bat." He said that souls worked upon slowly were apt "to go bad on one's hands."

Afterward Mr. Gordon compared the honest and sincere ways of the frontier with the false and venomous ways of certain circles of society. He illuminated the comparison with a dialogue.

"I overheard this dialogue," he said, "at a reception that I once attended in Washington. The speakers were two powerful social leaders, one from Philadelphia, the other from New York.

"'Well,' said the first grande dame, 'I must be off. I've got to go and see my mother.'

"The second put up her lorgnette and drawled:

"'Really—at—you don't mean to say you've got a mother living?'

"The first grande dame laughed—a high, thin laugh, with something biting, like acid, in it.

"'Oh, yes,' she said; 'my mother is still alive—and she doesn't look a day older than you do, I assure you.'"

A MERE FAD.

John D. Rockefeller, Jr., was talking to a member of the famous Bible class about economy.

"But economy, like everything else, may be carried to extremes, may be made a mere fad of," said Mr. Rockefeller.

"There is a farmerout near Cleveland who makes a fad of economy. Every time he drives in to town he carries a hen with him, tied to the seat of his buggy.

"A friend rode with him one day and found out the use of the hen. When, at noon, the farmer lunched under a tree, he gave his mare a feed from a nosebag. The hen, set on the ground, ate all that the horse spilled from the bag, and thus there was no waste."

HE GRABBED.

Prof. Elmer, Newport's fashionable palmist, said the other day, to a reporter:

"Palmistry is an art that would be held in universal honor but for its abusers.

"Too many palmists abuse palmistry as the little boy in church—

"But I'll begin my story at the beginning.

"A little boy accompanied his mother to church for the first time. He went in gloomily. He would rather have spent the morning in play. But he came out at the end of the service as gay as a lark.

"'What did you get out of 'at basket, muvver?' he asked.

"'What basket, child?' the mother asked.

"'Why, 'at basket the man passed about.'

"'I got nothing out of it,' said the mother, shocked. 'What do you mean by such a question?'

"'I got a quarter,' the little fellow chuckled, holding up the coin."

HONOR EVERYWHERE.

"Oh, yes," Senator La Follette reluctantly admitted of a corrupt politician. "I suppose the man has some sense of honor. Where won't you find some sense of honor, though? You know the story of Judson of Madison.

"Judson of Madison was showing his country cousin the sights of the city.

"'But there are crooks and blacklegs here, Joe,' he said. 'You must look out for them.'

"'And half by way of joke, half by way of impressing the city's perils and pitfalls on Joe, Madison slyly nipped his cousin's handkerchief from his pocket.

"'Excuse me, pard,' the stranger whispered. 'I didn't know you was in the profesh.'

"And he handed Judson back his own watch."

TAILORING

TO YOUR MAKE-UP

IS OUR SPECIALTY.

Every man should be well dressed—have that nobby, clean-cut appearance that you see in about one man in ten.

If you don't have it, it's your tailor's fault.

We modify or enlarge the style to fit your individuality.

UNION CLOTHING AND SHOE HOUSE

405-407 WEST SUPERIOR STREET

RAILROADS

MOVEMENT VERY HEAVY

Coal is Going West and Wheat Coming Eastward.

From Present Indications October Will be a Record-Breaker.

Over 600 coal cars a day are moving westward daily since the first cold spell, until at the present time the movement has assumed heavy proportions.

The coal is almost all commercial, the railroads having taken the company coal West before the cold weather set in. At the present rate of shipment the officials here are confident that there will be no coal shortage in the West this winter.

The congested condition of the local docks has been relieved by the heavy movement. The coal is moving regularly and local dealers believe that the bulk of the supply will have moved westward before the real winter weather sets in.

The grain movement is very heavy at the present time, and from present indications will increase during the present month. The grain movement is averaging 1,400 cars a day, which is one of the heaviest grain records ever established at the Head of the Lakes.

The car situation is beginning to tighten up with the heavy increase in both the coal and grain movement, and according to present indications there will be something approaching a car shortage in the West this fall.

It is believed that the report of the Lake Superior Shipping association will show a larger number of cars loaded at the Superior and Duluth terminals during the present month than for any one month for a number of years.

Both the Great Northern and the Northern Pacific roads are using every car that can be spared for the grain shipments, and reports from St. Paul this morning are to the effect that if freight traffic in the West increases the railroads will be compelled to secure foreigners cars to handle the business.

FALL

Is the time to re-paint, re-paper, re-varnish, and re-decorate your home—and Fall is already well started, allowing you just time enough to have all of these things done.

If best materials combined with best service and artistic design, is an object to you, then you are interested in us—for we are ready to serve you with A1 materials and men of superior training and talent.

H. A. HALL & CO.

DECORATORS,

18 East First Street.

Homeseekers' Rates.

Homeseekers' tickets to Montana, Idaho and other Western points were placed on sale this morning by the Omaha. The round trip fare to these points is placed at a fare and a half, plus $2. The opening up of land in the West for homesteads will, it is expected, be the means of taking many homeseekers to the West.

SUICIDE NO. 12 SINCE JULY 1

Woman Leaps to Her Death Over Niagara Falls.

Niagara Falls, N. Y., Oct. 6.—At 7 this morning a woman six feet tall, appeared in the reservation here acting strangely, and tried to cross over the bridge to Goat Island, but was stopped by a policeman who informed her that the island was not open to visitors until 8.

At 8 she walked towards Prospect Point. Officers started after her, but before they reached her she had passed under the railing and leaped from the bank into the American falls.

This is the twelfth suicide here since July 1.

MEN'S LEAGUE AT DINNER.

First M. E. Church Organization Holds an Interesting Meeting.

The Men's League of the First Methodist Episcopal church held the first meeting of the season in the church parlors last evening. No sessions were held during the summer.

About 100 members of the league gathered at the dinner table and afterwards listened to a number of interesting talks and songs by a quartet.

W. L. Smithies, president of the League, told of his experiences abroad and Rev. M. S. Rice spoke on "A Greenhorn in the Woods." W. H. Richardson's topic was "How it Feels to Stay Home."

R. E. Webster was toastmaster.

BRYAN IS DEMOCRATIC.

Colored Lecturer Cites an Instance of His Principles.

W. P. Johnson, a colored lecturer, who is giving lectures throughout the West and is in Duluth today knew W. J. Bryan in his early day at Lincoln, Neb. Mr. Johnson was formerly of Lincoln and says that he knew the Commoner as the other people of Lincoln knew and loved him.

The lecturer says that one time a United States senator came to Lincoln to see Bryan. Johnson was talking with Bryan at the time. The lecturer says that Bryan displayed his true Democratic spirit by keeping him in his office and finishing his talk with him before he saw the senator.

Funeral Men In Session.

Indianapolis, Ind., Oct. 6.—The twenty-seventh annual convention of the National Funeral Directors' association opened here today. Six hundred visitors are here.

Meets Taft in Chicago.

New York, Oct. 6.—Chairman Hitchcock of the Republican national committee, will meet Taft in Chicago tomorrow night at the deep water convention, at which Taft and Bryan will be present. Mr. Hitchcock was in conference in his hotel today with Mr. Garfield, who has been speaking in Indiana and Ohio.

Woman Interrupts Political Speaker.

A well-dressed woman interrupted a political speaker recently by continually coughing. If she had taken Foley's Honey and Tar it would have cured her cough quickly and expelled her cold from her system. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. Refuse substitutes. Sold by all druggists.

SCHOOL ROW IS SETTLED

Compromise Effected on New Boundaries of Districts No. 13 and 24.

Engineers Report Unfavorably on Work on Miller Trunk Road.

The county board of St. Louis county held a short session this morning, transacting little more than routine business. A report of the Duluth Engineering company, showing up some defects of the work of Brindos & Hoseid, contractors on the Miller trunk road, and the report of the committee settling the school district row between Aurora and Biwabik were the only features of the meeting.

The committee of the county board succeeded in bringing the warring parties in school districts numbers 13 and 24 together and effecting a compromise, which is satisfactory to both parties. The committee reported a rearrangement of the boundaries so that the entire village of Aurora is in district No. 13, giving that district six sections from district No. 24. In return district No. 24 is given forty-two sections, which were formerly incorporated in district No. 13.

The row originally arose on account of the line between the two districts running through the village of Aurora, placing a small part of the village in section 24. The people of Aurora wanted the entire village in one district and asked the county board to change the boundaries so that result might be attained. The people of district No. 24, which contains the village of Biwabik, immediately protested. They claimed that the sole object of the people of district No. 13 was to take away from district No. 24 two mining locations in the coveted territory and the valuation that goes with them. District No. 13 was much larger and had a larger valuation than district No. 24 and the people of the latter district claimed the proposed change would be unfair.

The hearing on the proposition was held at the last meeting of the county board and a committee was appointed to meet with the school boards of the two districts and attempt a compromise, which would give No. 24 a portion of No. 13 in return for the six sections desired, which contained a portion of the village of Aurora and the two mines, which carry considerable valuation.

As a result of the conference, the committee recommended that Sections 4, 9, 16, 21, 28 and 32, township 58 north, range 15 west, be taken from district No. 24 and added to district No. 13 and in return forty-two sections in township 59 north, range 16 west and township 59 north, range 15 west be taken from district No. 13 and added to district No. 24. The county board this morning accepted the recommendations and the boundaries were changed accordingly.

* * *

The report of the Duluth Engineering company on the work done on the Miller trunk road by Brindos & Hoseid was a roast on the contractors for the greater part of their work and a subtle thrust at the end set forth that as the work was done under the supervision of an agent of the board, the company could not do otherwise than approve the estimate.

The report states that the gravel in most places is of the required width, but not of the required thickness and 4,500 feet of the roadway, which is strewn with what is termed gravel by the contractors but would not be termed so by the engineers, has not been approved. The contractors also continued to follow the old line of ditches, leaving but twenty-one feet between the ditches, whereas the specifications called for twenty-four feet. The detailed report shows that a good part of the road is in very bad condition, some in fair condition and only one piece, a short stretch, is in good condition.

The engineers approved the estimate on 45,000 feet of roadway graveled, a total of $35,000, of which $1,360 remained to be paid. The estimate for the latter sum was allowed. It developed that the payroll exceeded that sum by a considerable amount, so that orders will probably be drawn until the amount allowed is exhausted, after which some disposal will have to be made of the remainder.

* * *

A petition for the setting aside of a new school district to comprise all of township 64, north of range 20 west was received and a date set for the hearing on the petition.

* * *

The county board approved the list of unpaid personal property taxes for the years 1907 and cancelled them from the tax roll of the county.

* * *

The board appropriated $50 for the county superintendent to defray necessary expenses of the county teachers' institute.

* * *

F. H. Lounsberry was awarded the contract for printing the ballots and return sheets for the general election No. 3. His bid was $307.16. But one bid was received for printing treasurer's tax receipt blanks and the matter was laid over for a month, during which time new bids will be requested.

* * *

The liquor license of Lemoin Bros. in the town of Field was renewed.

* * *

The sum of $30 a month for six months was set aside for the treatment of Bertha Reinke at the Walker home for consumption.

Are You Only Half Alive?

People with kidney trouble are so weak and exhausted that they are only half alive. Foley's Kidney Remedy makes healthy kidneys, restores lost vitality, and weak, delicate people are restored to health. Refuse any but Foley's. Sold by all druggists.

Cor. 29th Ave. W. & Helm St

DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

AT THE LYCEUM—Max Figman in "The Substitute."

"IN WYOMING."

Large Audience Greets H. E. Pierce and Company's Western Drama.

Patrons of the Lyceum theater last evening witnessed a Duluth production, owned by Duluth men, and played in part by folks who might be considered Duluth people.

Most of the regular patrons saw "In Wyoming" when Willard Mack put it on, so that the play is well known to Duluth people. Bigger, brighter and more interesting than ever is the play as presented before a crowded house last night.

The gallery was full of young boys, and older ones who were not afraid to show their appreciation, and those downstairs seemed to enjoy it just as much.

Cecil Kirks, as Bob Ricketts, the cowboy hero of the piece, is clean cut, has a pleasant voice, a happy laugh, and fits well into Willard Mack's shoes in the leading role.

Herbert D. Rawlinson as Dave Darby does good work.

Frank Patton got a good hand when he came on in the second act as Hank Jones. Mr. Patton always was a local favorite, and in his rather difficult role of the old weather beaten ranger he did some clever work.

Marie Bonsall, as Mrs. Darby, and her expression of "Well of all things," sounded at regular intervals, caused many laughs. Elsie Dunsmore, as the schoolma'am looked and acted her part. Anna Gardiner, as Bossy, did well in a leading juvenile role.

As a whole the play compares favorably with the average Duluth production, and Messrs. Pierce and Morrisey are to be congratulated on the excellent company they have brought together.

AT THE BIJOU.

The Original of "Mr. Dooley" Heads the Program.

Eddie Gerard, the original Mr. Dooley, the man about whom the once popular comic song was written, is the big feature of the Bijou program this week.

Gerard and Miss Jessie Gardner have a sketch, which they call "Dooley and The Diamond." The act consists largely of horse play, but it is the kind of horse play that any audience is willing to excuse, because it really amuses. Gerard is a genuine comedian, and Miss Gardner is pretty enough and clever enough to captivate the audience.

Another big feature this week is the act given by Harry Lucken's trained bears. It is a very interesting exhibition, and the bears performed many amusing feats including a Teddy Bear dance, which is a source of much delight to the children in the audience.

The Ader Trio have a juggling act that is in a class by itself. They are very clever performers, and perform some new feats in juggling that make their act thoroughly enjoyable.

Brown and Modges are billed as Indian cartoonists. In addition to their crayon work they introduce some good singing and dancing numbers, which make the act a meritorious one.

Johnny Fields had a conventional song and dance act, interspersed with some jokes. Some of the jokes are new, and the dancing is good.

"Just Because It's You" is the title of Isadore Silver's illustrated song for the week, and the moving pictures show a number of new films.

The bill on the whole is well balanced, and well calculated to please all the patrons of the popular vaudeville house.

"The Substitute."

The theatergoing public will get something really new tonight at the Lyceum, when Max Figman presents his new comedy, "The Substitute," Beulah H. Dix and Evelyn Greenleaf Sutherland, who wrote that unique dramatic story, "The Road to Yesterday," which had such a long and successful run in New York city, are the authors of "The Substitute," and they

OSCAR FIGMAN,
In "The Substitute" at the Lyceum Tonight.

have sustained their reputations for originality. The story concerns the experience of an up to date New York lawyer who, to fulfill a promise to his sister and prospective brother-in-law, is compelled to go as "The Substitute" to a country church and preach a sermon. His adventure as told in the play provokes a lot of laughable situations and gives rise to a pretty romance and dramatic incident that goes right to the heart. Manager John Cort has selected a strong company to support Mr. Figman, and has provided a very handsome scenic production. This engagement should be one of the society dramatic events of the year.

A Jeweler's Experience.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. Sold by all druggists.

RURAL MAILMEN TO DISCUSS GOOD ROADS.

Omaha, Neb., Oct. 6.—The annual convention of the National Rural Letters' association met today, 750 delegates being present. Wednesday will be devoted to a discussion of the good roads movements.

SISTERS OF HERRMANN

Annual Convention of Order Being Held in Duluth.

Society Incorporates—About 100 Delegates Are in Attendance.

The Sisters of Herrmann of Minnesota are holding the fifteenth annual convention of the order in Duluth today, the first time that the society has met in this city for the annual gathering. The sessions are being held at Eagles' hall and 100 out of town delegates are in attendance. The lodge has twenty-eight divisions throughout the state and twenty-four are represented at the Duluth meeting. Fritz Ziegler of Stillwater, president of the state society is presiding at the meetings and the other state officers in attendance are Mrs. Bertha Ench of Minneapolis, secretary, and Mrs. Augusta Haedrich of St. Paul, treasurer.

At this morning's session papers of incorporation were adopted and the afternoon hours were occupied in working out a new constitution. The officers will be elected at tomorrow morning's session and at that time the next place of annual meeting will be chosen. The convention will close at noon tomorrow.

The local lodge will entertain this evening at an entertainment and dance in honor of the visitors, the affair to be given at Eagles' hall.

THE RETORT COURTEOUS

Dr. N. J. Rubinkam Replies to Attack of Rev. A. H. Wurtele.

"We have, of course, outgrown the religion of our forefathers," said Dr. N. I. Rubinkam, last evening in a short talk before his regular lecture, in summing up points of his previous lecture on Ibsen's "Brand." We have outgrown the religion which will burn people at the stake and make the sacrifice of human life a feature of it. We have passed from that to the religion of love, the Christ ideal, and it surprises me that any intelligent person in my audience could have misunderstood me."

A large audience gathered in the lecture room of the First Baptist church to hear Dr. Rubinkam in a discussion of the story of John the Baptist, as it is expounded in the Gospel, in Sundermann's great tragedy, "Johannes," and in the Wild-Strauss music drama, "Salome." The development of the theme and the inspiration it has been to art in all its branches was dwelt upon at length.

"The music drama of 'Salome,' full of a wonderful and beautiful symbolism, was supressed in New York," said the lecturer in closing, "and in consequence Salome dance, an allegorical feature of the play, was lifted from its artistic environment and in its mere sensuality is presented in a dozen or twenty places in New York alone. America has not yet learned to look at these art works through the eyes of an artist, and as we grow in culture the symbolism of these works will be understood as it is intended."

Dr. Rubinkam's next lecture will be given tomorrow morning.

STATE OF MINNESOTA, COUNTY OF Louis.—ss.
District Court, Eleventh Judicial District.
Tower Lumber Company, a corporation, Plaintiff,

"FUSSING" IS FROWNED UPON

High School Seniors Allowed But Two Dances a Year.

"Fussing" is frowned upon by the high school authorities.

Principal Smith of the high school had a little heart to heart talk with the seniors this morning, and informed them that they would have to retrench on their social activities during the year.

Only two dances may be given by the class during the year, and the seniors will not be allowed to attend the dances given by the other classes.

Mr. Smith was evidently of the opinion that social affairs had been allowed to engross too much of the attention of the seniors, and had been detrimental to their studies.

He also touched the finances of the class, and urged care in making expenditures.

WHEAT HAS SOFT TONE

Markets Go Off Steadily During the Session Here.

Flax Has Better Tone and the Close is Firm.

Duluth Board of Trade, Oct. 6.—Wheat was easier in the American markets today. Just as yesterday, the Bulgarian crisis put the market up, it seemed to have a weakening effect on prices today. The foreign markets were soft.

Bradstreet's reported an increase of 11,472,000 bus. in the world's visible supply of wheat. In the United States and Canada, there was an increase of 6,672,000 bus., and in Europe and afloat an increase of 4,800,000 bus.

Liverpool closed ¼d to ⅜d lower, Antwerp unchanged, Berlin ⅝c higher and Budapest ⅝c higher than Saturday.

The December option closed ⅞c lower in Duluth and Winnipeg, ⅝c lower in Chicago, ⅝-¾c lower in Minneapolis and Kansas City, ¾c lower in New York and ⅛c lower in St. Louis. The May option closed ¾c lower in Duluth and St. Louis, 1-¾c lower in Chicago, ⅞c lower in Minneapolis and New York, ⅝-⅞c lower in Kansas City and 1¼c lower in Winnipeg.

December corn closed ½c lower in Chicago and unchanged to ⅛d higher in Liverpool. December oats closed ⅛-¼c lower in Chicago.

Broomhall cabled from Liverpool: "Wheat—The firmness of Liverpool cables yesterday, prompted by light offerings here and at the opening, values were ¼d higher. During the early trading the market was fairly well supported and the nearby months gained an additional ¼d, while the distant option was under pressure. Strength in Winnipeg and the further decline in consols further encouraged speculative support. During the morning selling pressure developed with support quiet, the early advance was lost and more too. Selling was attributed to the favorable crop advices from both Australia and Argentine and the steadiness in the stock market which discounts the political situation. The market at midday was easy and unchanged to ¼d lower with the principal May option.

"Corn was quet and unchanged. The market was entirely neglected."

Car receipts at Duluth were 512 against 624 last year, and at Minneapolis 484 against 239 last year, making a total for the Northwest of 996 against 863 last year. Chicago received 67 against 111 last year, Winnipeg received 578 against 115 last year.

Primary receipts of wheat were 2,036,000 bushels, last year, 1,356,000 bushels. Shipments 1,286,000 bushels last year 915,000 bushels. Clearances of wheat and flour were 52,500 bushels.

Primary receipts of corn were 244,000 bushels last year 843,000 bushels. Shipments 209,000 bushels last year 854,000 bushels. Clearances of corn were 10 bushels.

Trading was fairly active in the Duluth market during the session. December wheat opened ⅛c lower at $1.01, declined to $1.00½, rallied to $1.01, declined to $1.00¾ and closed there, a loss of ⅞c from yesterday. May wheat opened ⅜c lower at $1.04⅞, declined to $1.04⅛, rallied to $1.04⅞, declined to $1.04⅜ and closed there, a loss of ⅝c from yesterday.

Durum wheat closed ¼c lower and cash spring wheat was selling on a basis of 1½c over December for No. 1 northern.

Flax was firm at the close here, the demand improving during the latter part of the session. October flax opened ⅜c lower at $1.22¾, advanced to $1.23¼, declined to $1.23½ and closed at $1.23¼, a gain of ⅜c over yesterday. November flax opened ⅛c higher at $1.23⅛, went off to $1.22⅜, rallied to $1.23½ and closed at that price, a gain of ⅜c over yesterday. December flax opened unchanged at $1.21⅜, declined to $1.21¼, rallied to $1.22 and closed there, a gain of ⅜c over yesterday. May flax opened ⅛c lower at $1.26¼, declined to $1.25⅞, rallied to $1.27 and closed there, a gain of ⅝c over yesterday.

Oats closed ¼c lower and other coarse grains unchanged.

Following were the closing prices:

Wheat—No. 1 hard on track, $1.02¼. To arrive: No. 1 northern, $1.01⅜; No. 2 northern, 99¾c. On track: No. 1 northern, $1.01¾; No. 2 northern, 99⅜c; December, $1.00¾; May, $1.04⅜; October, $1.00½; November, $1.01¼. Durum on track, No. 1, 91¼c; No. 2, 89½c; October durum, 96c; November durum, 90¼c; December durum, 86c; May durum, 90c. Flax to arrive, $1.24; flax on track, $1.24; October, $1.23¼; November, $1.23½; December, $1.22; May, $1.27. Oats to arrive, 47c; oats on track, 47c. Rye, 71-73c. Barley, 52-56c.

Cars inspected: Wheat, 512, last year, 624; oats, 42; rye, 7; barley, 43; flax, 86, last year, 98.

Receipts: Wheat, 1,043,085; oats, 76,682; barley, 77,396; rye, 18,484; flax, 289,876.

THE CHICAGO MARKET.

Unexpected Wheat Declines in Liverpool Result in Weakness.

Chicago, Oct. 6.—Unexpected declines in the price of wheat at Liverpool due, it is said, to favorable crop advices from Australia and Argentina, caused weakness today in the local market, opening quotations being ⅛@⅜c to ½@⅝c, compared with the previous close. Selling was general early in the day and prices declined still further, dropping to a point about 1c below the highest mark recorded at the start. Weakness of northwestern markets inspired some selling here. December opened at 95⅛@⅜c to 98⅝c, sold up to 98¾@⅞c and then declined to 98@⅛c. Minneapolis, Duluth and Chicago reported receipts of 1,063 cars against 1,371 cars last week and 974 cars a year ago.

The market was nervous throughout the remainder of the day, prices fluctuating over a range of about 1c. Sentiment became bearish late in the session as a result of reports of a slackening in export business at Northwestern grain centers, and the close was weak with December off ⅝c, at 98¼@98⅜c.

Corn was bearishly affected by the weakness of wheat, and selling was general during the early trading. Prices declined fully ½c before the end of the first half hour. December opened a shade to ⅛@¼c lower at 64⅝@64¾c, sold at 64⅞c and then declined to 64½c. Local receipts were 167 cars with 39 of contract grade.

The market was inclined to be weak all day an delosed at about the lowest point with December down ½c at 64¼@64⅜c.

Commission houses were free sellers of oats owing to the weakness of wheat and corn. Prices, however, showed only moderate declines, December selling off to 43⅝@⅞c after opening at 43c. Local receipts were 413 cars.

Renewed profit-taking caused further declines in provisions, opening lower compared with yesterday's closing. The market was bearishly affected by liberal receipts of live hogs at western packing centers, the arrivals today helng nearly 25,000 head in excess of those of the corresponding day a year ago.

Close: Wheat—October, 97¼c; December, 98¼@⅜c; May, $1.01⅜; July, 89¼@⅜c. Corn—October, 73⅜c; December, 64¼@⅜c; May, 64¼c; July, 63⅛@¼c. Oats—December, 43⅜@⅞c; May, 50⅜c; July, 46⅝c. Pork—October, $13.70; December, $13.90; January, $15.77@15.77½; May, $15.62½. Lard—October, $9.97½; November, $10.00; January, $9.50; May, $9.42½. Ribs—October, $9.45; January, $8.37½; May, $8.45. Rye—Cash, 75c; December, 77c; May, 80¼c. Barley—Cash, 55@61c. Timothy—October, $3.45@3.50. Clover—October, $9.00. No. 2 red wheat, 99¼c. No. 3 red, 97@99½c. No. 3 hard, 98½@$1.00. Duluth Car Inspection.

Wheat—No. 1 hard, 10; No. 1 northern, 128; No. 2 northern, 47; No. 3 spring, 37; No. 4 spring, 8; western red, 1; No. 1 durum, 174; No. 2 durum, 73; No. 3 durum, 27; No. 4 durum, 7. Total of durum, 281. Total of wheat, 512; last year, 624.

Flax—No. 1, 85; No. 2, 1. Total of flax, 86; last year, 98.

Oats, 42; rye, 7; barley, 43.

Total of all cars, 600. Cars on track today, 600.

Liverpool Grain.

Liverpool, Oct. 6.—Closing: Wheat—Spot strong; No. 2 red western winter, 7s 9d; futures quiet; December, 7s 7½d; March 7s 6¼d; May, 7s 5¾d. Corn—Spot quiet; American mixed, 7s 3d; futures quiet; October, 5s 10d; December, 5s 8¼d. Hops at London (Pacific coast) new crop steady.

THE MINNEAPOLIS MARKET.

News From the Balkans is the Main Influence.

Minneapolis, Minn., Oct. 6.—Turkey's alleged decision to await mediation before declaring war upon Bulgaria was the main influence in wheat. Many who had bought yesterday expecting a big advance, sold out after the opening and prices were lower. Minneapolis stocks increased 1,150,000 bus for the three days, and at the rate of increase there will be 8,000,000 in store by Saturday next. Duluth got 512 for one day against 624 for two days last year. Winnipeg got 578 against 144. During the session the market turned firm and made an advance, but it could not hold it. Trade for the day was light and the close of the market weak and dull. December opened $1.01⅛; close, $1.00⅝@⅞. Old December closed $1.00⅝; May wheat opened $1.05¼; highest, $1.05½; low, $1.04¾; close, 1.04¾.

Good cash demand continued and the premiums remain unchanged, No. 1 selling 1¾c over December for the run of it and No. 2 at December price to ¼c under. Millers and elevators bought. Close: No. 1 northern, spot or to arrive, $1.02⅛; No. 2 northern, spot, $1.00¼@1.00¾; to arrive, $1.00⅛. No. 3 wheat, 96@99c.

No. 3 yellow corn, 74¼c.
No. 3 white oats, 45⅝c.
No. 2 rye, 71¾@72¾c.

Barley—Receipts, 54 cars, against 169 last year; shipments, 95. Very choice barley was firm to ½c higher, but otherwise it was dull. Some feed barley that sold at 51c was ½c lower. Close: 51@67½c.

Flax—Receipts, 27 cars; shipments, 22. One cent under Duluth October was the basis and crushers bought it readily. Close, $1.22½.

Millstuffs steady at yesterday's decline. Bran in bulk quotable at $17.75@18.25.

Flour ruled firm with satisfactory demand. Foreign sales were not so heavy, but millers reported an increasingly good home demand. The mills are grinding closer to capacity than at any time for several years. Shipments, 52,036 barrels. First patents, $5.65@5.80; second patents, $5.50@5.65; first clears, $4.45@4.55; second clears, $2.50@3.60.

Grain Gossip.

Weather forecast for the grain belt:

Illinois—Partly cloudy tonight with cooler in north and central; Wednesday generally fair and cooler.

Indiana—Partly cloudy tonight and Wednesday; fair and cooler.

Missouri—Partly cloudy and cooler with probably frost tonight; Wednesday fair with cooler in east.

Lower Michigan—Partly cloudy with possibly showers tonight; Wednesday fair and cooler.

Upper Michigan—Partly cloudy and cooler tonight with showers in east; Wednesday fair and cooler.

Wisconsin—Partly cloudy and cooler tonight with frost; Wednesday fair and cooler.

Minnesota, Iowa, North and South Dakota, Nebraska, Montana—Fair tonight and Wednesday; colder tonight.

Kansas—Generally fair tonight and Wednesday; cooler tonight with frost.

THE PRODUCE MARKETS.

Butter prices continue to go up. Another bulge was recorded in the local markets today. Eggs, fruits and vegetables are unchanged. In the meat market, pork loins are easier on account of increased receipts at the stockyards.

WELL PUT.

"The late Walter A. Wyckoff, the tramp professor of Princeton," said a magazine editor, "had, in his tramping days, many a quaint experience.

"He was talking to me one night about political economy. He wanted to prove that I was wrong in my claim that labor-saving inventions robbed poor men of work. He said, at the argument's end, that he was reminded of a conversation he overheard in 1900 on the tramp in Pennsylvania.

"They were digging," he began, "filter beds on the outskirts of Philadelphia with a steam shovel. The wonderful shovel, whistling and grunting, would dart into the earth, jerk out again, and swing up merrily toward the waiting car, loaded with a ton of dirt.

"Two laborers stood beside Wyckoff. They watched the quick and tireless shovel scooping up and dumping into the car a ton of earth at a lick. Finally the younger laborer said with an oath:

"'Ain't it a shame, George, to shovel dirt that way?'

"'How so?' said George, the older laborer.

"'Why, that there machine is takin' the bread out of the mouths of 500 men that would be required to do the same work with hand shovels.'

"George laughed.

"'Go on,' he said; 'you don't reason right. Look-a-here, if this steam steam diggin' would give work to 500 men with shovels, why not get 5,000 men with teaspoons for the job?'"

THE FAT HOG.

Wu ting Fang, the Chinese ambassador, said modestly at a dinner in Newport:

"I am aware that the honors heaped upon me are due to my exalted office, not to my humble self."

Several young ladies cried excitedly: "No, no!"

"But, yes," said the ambassador, smiling. "It is my office, it is not I, that gains and merits your consideration. Yet this is a mortifying truth of a kind that all of us—ambassador or no—are apt to forget. May such a truth never be recalled to our memory with the harsh shock that—

"But listen.

"The other day a Rhode Island farmer won a blue ribbon at a Woonsocket stock show with a fat hog—a 1,250-pound hog.

"'Get my name right,' he said excitedly to the reporters, with their pencils and yellow paper, who crowded round him at awarding time. "Get my name right, boys. It's Hiram Y. Doolittle, son of the late Gen. Augustus Anderson Doolittle of St. Joseph, who settled in Rhode Island in the year—

"'Oh, never mind all that,' the oldest reporter interrupted. 'Give us the pedigree of the hog.'"

Some tenants are as bad as fire. Herald want advertise for the sort who have consciences.

ADVANCES IN STOCKS

The Market Opened With Strong Rebound From Monday's Close.

Heavy Realizing in Northern Pacific Was Leading Feature.

New York, Oct. 6.—Stocks opened today at a strong rebound from the closing depression of yesterday. The Harriman Pacifics were features, but there was an active and well distributed market elsewhere. Ten thousand shares of Union Pacific were taken at 164½ and 165 compared with yesterday's last price of 163. Southern Pacific rose 1⅝, St. Paul and Atchinson 1¼, Northern Pacific, Reading, Erie and American Smelting a point and Amalgamated Copper, National Lead and Rock Island preferred large fractions.

Prices were not long maintained around the opening level, heavy realizing in Northern Pacific depressing it ½ below yesterday's closing, which induced selling of other stocks. The Harriman stocks showed good resistance and their strength subsequently pulled up the market again. Union Pacific touched 165½ and Chicago & Alton advanced 2.

The trading fell into neglect and prices moved sluggishly and uncertainly. Allis-Chalmers preferred extended its rise to 3. Canadian Pacific lost 1⅝, General Electric 1½ and Great Northern preferred and Illinois Central 1. The tone was easy at noon, with prices at the lowest. Bonds were irregular.

Bear operators had matters pretty much their own way for a time, and succeeded in lowering prices very materially. Reading and the Western stocks were the main point of attack, especially Northern Pacific, which was influenced by the prevailing uncertainty as to the dividend action today. Northern Pacific broke to 140, which placed it 2 points under yesterday's closing. Reading 1¼, St. Paul and Missouri Pacific 1⅛ and Wabash preferred, Iowa Central preferred, Amalgamated Copper and Western Union 1. Covering of shorts brought about a good fractional rally at 1 o'clock.

Prices went lower again, Northern Pacific getting 2⅝ under last night, Reading 1⅞, Minneapolis, St. Paul & Sault Ste. Marie, 1⅝ and General Electric 2. The strength of Rock Island preferred at 2¼ point advance helped to rally the market latter.

The market closed active and strong. Rock Island preferred was the sustaining force in the market with a 5 point rise. Union Pacific recovered to near the best and the general list was restored to above last night's closing level. St. Louis and San Francisco first preferred rose 3 and the second 2, and Minneapolis & St. Louis, 3½.

New York stock quotations furnished by Fred H. Merritt, 328 West Superior street.
Closing prices are bid.

Total sales, 830,500 shares.

St. Paul Livestock.

St. Paul, Oct. 6.—Cattle receipts, 2,200, weak to 10 cents lower, quotations unchanged; hogs, 4,200, 15 cents lower, range $5.75@6.35, bulk, $5.90@6.00. Sheep, 2,000, strong, quotations unchanged; lambs weak, quotations unchanged.

New York Money.

New York, Oct. 6.—Close: Prime mercantile paper, 4¼@4½ per cent. Sterling exchange strong, with actual business in bankers bills at $4.85@4.85.10 for sixty day bills, and at $4.86.45 for demand. Commercial bills, $4.84½@4.84¾. Bar silver, 51¾c. Mexican dollars, 45c. Government bonds steady: railroad bonds irregular. Money on call easy, 1@1¼ per cent; ruling rate, 1¼; closing bid, 1; offered at 1. Time loans steady; sixty days, 2½ per cent, and ninety days, 3 per cent; six months, 3½ per cent.

The Cotton Market.

New York, Oct. 6.—The cotton market opened steady at an advance of 1 point to a decline of 3 points, October being a shade higher on scattered covering while other months were easier in response to lower cables, good weather and continued talk of spot weakness. While Southern selling continued during the morning there was a little better demand from local shorts late in the forenoon and prices at midday were steady at a net advance of 1@4 points. Spot quiet; middling uplands 9.05; middling gulf 9:30.

Spot closed quiet; middling uplands, 9.05; middling gulf, 9.30; sales, none. Futures closed steady. Closing bids: October, 8.70; November, 8.56; December, 8.58; January, 8.35; February, 8.33; March, 8.33; May, 8.37; July, 8.38.

Treasury Balances.

Washington, Oct. 6.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve, shows: Available cash balance, $128,709,183; gold coin and bullion, $87,092,997; gold certificates, $38,562,800.

Chicago Livestock.

Chicago, Oct. 6.—Cattle—Receipts, about 11,000; market 5@10c lower; beeves, $3.50@7.40; Texans, $3.35@4.80; westerners, $3.20@5.80; stockers and feeders, $1.60@5.45; cows and heifers, $2.60@4.65; calves, $5.75@8.00. Hogs—Receipts, about 17,000; market 10c lower; light, $5.90@6.70; mixed, $6.00@6.85; heavy, $6.15@6.90; rough, $6.10@6.30; good to choice, heavy, $6.55@6.65; pigs, $3.25@5.60; bulk of sales, $6.25@6.60. Sheep—Receipts, about 24,000; market strong to 10c higher; native, $2.50@4.50; western, $2.65@4.50; yearlings, $4.50@5.10; lambs, $4.25@6.50; western, $4.25@6.50.

Midway Horse Market.

Minnesota Transfer, St. Paul, Minn., Oct. 6.—Barrett & Zimmerman report: Market dragsy without any new features. The dullness that has prevaded the market since state fair week still continues. A few wminor sales were reported. Consignments arrived from Keokuk, Iowa; Forbes, N. D., and Wahpeton, N. D. Dealers report a moderate inquiry for farm stuff and general purpose horses from the Dakota trade.

MORTGAGE FORECLOSURE SALE—Default having been made in the payment of the sum of two hundred seven and 50-100 dollars, which is claimed to be due and is due at the date of this notice upon a certain Mortgage, given to secure a part of the purchase price of the land hereinafter described, duly executed and delivered by Ferdinand Swanson, Mortgagor, to Esther Collum, Mortagee, bearing date the 13th day of July, 1908, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of St. Louis and State of Minnesota, on the seventeenth day of July, 1906, at three o'clock P. M., in Book 191 of Mortgages, on page 317.
Which said Mortgage, together with the debt secured thereby, was duly assigned by said Esther Collum, Mortagee, to Rose A. Grannis, by written assignment dated the first day of August, 1906, and recorded in the office of said Register of Deeds, on the second day of August, 1906, at 8 o'clock a. m., in Book 189 of Mortgages, on page 193, and no action or proceeding having been instituted, at law or otherwise to recover the debt secured by said Mortgage or any part thereof.
Now, Therefore, Notice is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz.:
The Northeast quarter (N.E.¼) of the southwest quarter (S.W.¼) of Section four (4), in Township fifty-one (51) North, Range twelve (12), West of the 4th P. M., in St. Louis County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said St. Louis County at the front door of the Court House, in the City of Duluth, in said County and State, on the 14th day of October, 1908, at ten o'clock A. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of two hundred seven and 50-100 Dollars, and interest, and the taxes, if any, on said premises, and twenty-five Dollars, Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursement allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.
Dated August 28, A. D. 1908.
ROSE A. GRANNIS,
Assignee of Mortgage.
H. J. GRANNIS,
Attorney.

ORDER TO EXAMINE FINAL ACCOUNT—
State of Minnesota, County of St. Louis. —ss.
In Probate Court.
In the Matter of the Estate of Jennie H. Williams, Decedent.
The Petition of Walter D. Williams as representative of the above named decedent, together with his final account of the administration of said estate, having been filed in this Court, representing, among other things, that he has fully administered said estate, and praying that said final account of said administration be examined, adjusted and allowed by the Court, and that the Court make and enter its final decree of distribution of the residue of the estate of said decedent to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond.
It is Ordered, That said petition be heard, and said final account examined, adjusted and allowed by the Court, at the Probate Court Rooms in the Court House, in the City of Duluth in said County, on Monday, the 2nd day of November, 1908, at ten o'clock A. M., and all persons interested in said hearing and in said matter are hereby cited and required at said time and place to show cause, if any there be, why said petition should not be granted.
Ordered Further, That this order be served by publication in The Duluth Evening Herald according to law.
Dated at Duluth, Minn., Oct. 6th, 1908.
By the Court,
J. B. MIDDLECOFF,
Judge of Probate.

ARTICLES OF INCORPORATION.

We, the undersigned, for the purpose of forming a corporation under and pursuant to the general statutes of the State of Minnesota, more especially Sections 3070 and 3071, Revised Laws of Minnesota for 1905, have signed and agreed upon and do hereby adopt the following:
I.
The name of this corporation shall be International Mines Development Company. Its principal place of business shall be at Duluth, Minnesota, but it may also establish offices elsewhere without this state. The general nature of its business shall be the mining, smelting, reducing and refining and working of ores and minerals and marketing the products thereof. The principal place of transacting said business shall be in British Columbia.
II.
The time of the commencement of this corporation shall be October 10, 1908, and the period of its duration shall be thirty years.
III.
The names and places of residence of the incorporators are: William Wallinder, Erick G. Wallinder, Louis Ramstad, Edwin Ramstad and Charles Danielson, all of Duluth, Minnesota.
IV.
Its management shall be vested in a board of five directors who shall be elected by the stockholders at each annual meeting thereof to be held in the city of Duluth, Minnesota; their term of office shall continue until the next annual meeting thereafter or until their successors shall be elected. The foregoing incorporators shall compose the first board of directors and hold their office until the first election thereafter.
V.
The annual meeting of said corporation shall be held at the office of said Company in the city of Duluth, Minnesota, on the second Monday in the month of October, each year, at 4 o'clock P. M., and no notice thereof shall be required.
VI.
The amount of its capital stock shall be $100,000 to be divided into 1,000 shares of the par value of $100 each; it shall be paid either in property or cash or both as may be determined by the board of directors.
VII.
The highest amount of indebtedness or liability to which the corporation shall at any time be subject, shall be $300,000.
VIII.
The sale or disposal of the entire stock held by a director or an officer shall ipso facto terminate his office. In case of a vacancy in the office of a director the president or secretary shall call an election upon three days' notice to the stockholders given through the mails, at which election his successor shall be elected to fill the vacancy for the unexpired term.
IN WITNESS WHEREOF, We have hereunto set our hands and subscribed our seals this 28th day of September, 1908.
ERICK G. WALLINDER, (Seal.)
LOUIS RAMSTAD, (Seal.)
EDWIN RAMSTAD, (Seal.)
WILLIAM WALLINDER, (Seal.)
CHAS. DANIELSON, (Seal.)
Signed, sealed and delivered in presence of:
J. A. SCOTT.
W. J. SULLIVAN.

State of Minnesota, County of St. Louis. —ss.
On this 28th day of September, 1908, before me, a Notary Public within and for said County, personally came William Wallinder, Erick G. Wallinder, Louis Ramstad, Edwin Ramstad and Charles Danielson, to me known to be the identical persons above described who executed the foregoing articles, and each of them acknowledged the same to be his free act and deed.

Loeb Denies Republican National Treasurer Will Resign.

Roosevelt's Secretary Says President is Satisfied With Work.

Washington, Oct. 6.—George R. Sheldon, treasurer of the Republican national committee, was an early caller at the White House today.
He spent half an hour with Secretary Loeb, who afterward stated that Mr. Sheldon had come over from New York at the request of the president. Upon leaving the White House Mr. Sheldon called on Secretary of State Root and Assistant Secretary Bacon. Mr. Loeb was asked whether Treasurer Sheldon had been summoned to Washington because the president, as has been reported, was dissatisfied with the work of collecting funds for the campaign. Mr. Loeb replied that the president was entirely satisfied with the work Mr. Sheldon has been doing.
He said the purpose of Mr. Sheldon's visit was to talk over with the president the general political situation and formulate some plans for the campaign. Loeb said that a statement would be issued after Mr. Sheldon's canference with the president. He of the statement would be. Regarding the report that Mr. Sheldon might resign as treasurer of the national committee, Mr. Loeb said there was no truth in it.
Mr. Sheldon stated that campaign contributions had not been as liberal as in previous campaigns, but this he attributed to various state laws on the subject. They would have enough money to carry them through the campaign.

MARINE NEWS

Barge Bell Released.

Sault Ste. Marie, Mich., Oct. 6.—The barge Bell was released yesterday afternoon after lightering about 2,000 tons. The lighter Reliance immediately began putting ore back into the barge and after this is accomplished will proceed to the steamer Ohl.
The steamer Peshtigo, owned by Cheseborough Bros., loaded with lumber, is aground abreast of Round Island light. She is out about two feet and will have to be lightered. A tug and lighter will leave as soon as possible.
The barge Mowatt is aground four miles east of Detour, on Crass Island They have gone to her assistance.
The barge Jenness, towed by steamer Zillah, struck the north pier in making entrance to the Soo lock, bound up. She stove a hole in her bow, breaking the stem above the water line. Temporary repairs will be necessary before she can proceed.

The Sault Passages.

Sault St. Marie, Oct. 6.—(Special to The Herald.)—Up: Plankington, 6; Superior, Rochester, Crescent City, Poe, 9; Parent, Heffelfinger, Dalton, Frank Peavey, 10; Carter, Capt. WANTS TO FIGHT AUSTRO-HUNGARY

Inflamed Servia Fears Annexation Will Hem Her In.

Belgrade, Servia, Oct. 6.—A ukase calling out all the army reservists of the first class, is published here today. These reservists total 120,000 men.
It is explained officially that this step is taken because many time-expired soldiers are to leave the ranks Oct. 14, and in view of the situation in neighboring Balkan states, and especially the inflamed state of Servia itself, it has been deemed advisable to fill up in advance, the vacancies thus to be created.
Telegrams received here from the provinces show great enthusiasm, in favor of a war against Austria-Hungary, for the reason that Emperior Francis Joseph's proposal to annex the provinces of Bosnia and Herzegovina threatens to hem in Servia on the west; and, furthermore, the majority of the population of Bosnia are Servians and they are bitterly opposed to annexation.

FEAR TO REVEAL ORIGIN OF CASH

Bryan Says That is What Republicans Dodge Publicity.

Perry, Iowa, Oct. 6.—William J. Bryan got a rousing reception on his arrival today when he delivered three speeches to immense crowds. During the day he also spoke at Tama and Cedar Rapids. He attacked the Republican party for failing to make public its campaign contribution and reiterated his charge that this is because the Republicans fear the light.
At Valley Junction Bryan spoke of the duties of citizenship and the obligations and blessings it confers.

Perham Man Bankrupt.

Fergus Falls, Minn., Oct. 6.—Julius Shornack, a laborer of Perham, this county, filed a petition in bankruptcy in the federal court in this city yesterday, placing his assets at $78.50, all exempt, and his liabilities at $172.84.

ASK YOUR WIFE HER FAVORITE NEWSPAPER

IT IS a fair assumption that nearly every woman in Duluth reads The Herald every night. Being an evening newspaper, The Herald arrives at a time when the women have leisure for reading. The
